SIXTEEN LIVES TAKEN BY DETROIT FIRE

BODY OF MISSING WOMAN IS FOUND BY YOUTH OF 18

Bernold Glashoff Discovers Remains of Irene Wolfskill, Eccentric Heiress

MANNER OF HER DEATH IS YET UNDETERMINED

Boy Will Collect Reward of $5,000 Offered By Woman's Brothers

HUSSON, Calif., Sept. 20 (UP)—The sun-baked hills and rutted range lands of Solano county have surrendered the body of Irene Wolfskill, eccentric self-styled empress of the world, and an investigation with murder a possibility was underway today.

The body of the 57-year-old spinster heiress of a famous California family, was found last night by Bernold Glashoff, 18, a rancher's son and the mystery of her strange disappearance July 14 was solved in part. The manner of her death, however, remained a puzzle authorities.

Well-Known Character

For years the spinster was a character of northern California, partly because of her number of—and—all-purpose—dresses—nearly $1,000,000, and partly because of her—[illegible] and all—I see—is—a—part—of—my kingdom".

Wandering through the hills she loved, ever worried because of her possessions, which her distorted mind visioned as including all the earth, Miss Wolfskill was last seen July 14.

She was dressed that day in ankle-length skirts and her long auburn tresses literally adding up the distance as she hiked toward the crest over the foothills.

Child's Brown Overalls

Upon her failure to return home causes anxiety and for days men rode through the valleys and over the hills, hunting the "empress", dead or alive.

Wooden Valley, a few miles from there, is where young Glasshoff stumbled on the body by accident. As a result he will collect the $5,000 reward offered by her brothers, Matt and Noy, wealthy southern Californians.

A mysterious element is that the region where the body was found was the scene of extensive search in the days after the disappearance of the "empress." Five hundred men, with dogs to lead them, trailed the eccentric valley girl on their way to the hills day after day but did not see the body if it was there then.

An inquest will be held here this today, at which time an effort will be made to determine the cause of death. This was not possible earlier, because the body was finally "decomposed," making examination difficult.

BUHL HALTED IN WORK FOR POWER

Supreme Court Orders Mayor and City Officials to Drop Street Plant Meeting Soon

BOISE, Sept. 20 (special—Plans for a municipal power project at Buhl were halted by a court ruling Thursday when upon motion of Attorney-General Frank Lee the supreme court ordered the mayor and city council of Buhl to show cause why they should not be restrained from proceeding with the project. The order was issued October 4 in Boise by Justice Lee Giveans in chambers, upon the application of Lee Sullivan, Buhl attorney, representing taxpayers who contended the city officials had no authority to issue warrants for the payment of the money, which they had presented authorizing them to spend $92,824 on a Diesel engine plant.

The resolution sets forth a form of contract whereby the city would buy the plant on the installment plan, paying for it out of receipts. The city would pay $2,000 down and $2,000 on the installment plan, paying for it out of receipts. The city would pay $2,000 on the installment plan, paying for it out of receipts. The city would pay $2,000 on the installment plan, paying for it out of receipts. The city would pay

EXPERTS FIGURE MALONE AS STAR OF WORLD SERIES

Jack Combs, Former Athletic Hero, Believes Earnshaw Will Capture Three Games

By GEORGE KIRKSEY
United Press Sports Writer

A popular pastime these days is discussing the rival pitchers for the world series next month and their possibilities of victory.

A lot of smart baseball men are saying that Bob Grove, Connie Mack's great southpaw, won't finish enough against the Cubs.

They think that Mack will make a mistake to start either Grove or Walberg in more than one game because the Cubs have eight right-handed hitters in their lineup—thus if Stuffy Stolen plays first base instead of Charley Grimm, who has been the only left-handed hitter on the shelf with an injured wrist.

Some believe that George Earnshaw, husky right hander, and Ol' Sta' Jack Quinn, who will never see 45 again, will be the Athletics' best pitching bets against the Cubs. Jack Coombs, former Athletics' star, thinks Earnshaw will win three games.

It's going to be a big surprise if Connie Mack starts Grove in the first game at Chicago, October 8, and a bigger surprise if he wins.

Most of the National league players do not believe that Guy Bush, Cubs' star right hander, will be the hardest man for the Athletics to beat. They think Pat Malone will be the biggest obstacle in the Athletics' path to victory.

Ray Schalk, former manager of the Chicago White Sox and first lieutenant of John J. McGraw, rates Malone as the best pitcher on the Cubs' staff. Ed Rough, Bob O'Farrell, Bill Terry and Travis Jackson are other members of the Giants who think that Malone will prove a big winner in the world series.

TWO MEN RETURN FOR BOISE TEAM

Coach Bealer to Throw Eleven Against Alumni in Game Saturday; Plays Schedule

BOISE, Sept. 20.—(UP)—A week from Saturday the Boise high school Bravos will do their first battle for conference honors. On that day, Sept. 28, the Huskies will clash with Fort Walker Institute eleven on the children green here.

Coach Lo[illegible] has announced [illegible] for Oct. 12 with Pocatello at Pocatello; Oct. 19, with Baker at Baker; Nov. 2, with Twin Falls here; Armistice Day, with Nampa here and Nov. 28 with Caldwell at Caldwell. Oct. 5 is yet to be filled and Oct. 26 is open that the Braves might rest a bit.

Coach Bealer is building his team this year out of new men, only two of last year's players appearing on the field this season. The two old-timers are Giffin, regular end last year, who will play backfield this season, and Duffy, substitute tackle last year, who is bidding for a permanent berth in that position this season.

The most dangerous opponent for 1929 is expected to come from Nampa. Last year the Bulldogs gave their opposition just a lot of trouble, despite the fact they were from green material. This year there will be a few more experienced men on the squad and a harder hitting line and a faster moving backfield is to be expected.

Even though Coach Bealer is working with green material he is expected, as usual, to turn out a bunch of hard fighting battlers. He is giving his strings steady workouts and even now they are showing signs of viciousness and a real football eleven.

TWIN FALLS BOYS DOPED TO STAR IN PLASTINO LINEUP

Southern Branch Grid Outlook Strongest in Years; Eleven Plays in Magic City Oct. 12

POCATELLO, Sept. 19—With twenty-five husky footballers reporting for practice daily, Felix Plastino, head coach at the University of Idaho Southern Branch is confidently awaiting the 1929 grid season which opens here Saturday, September 28, when the Tigers meet the Ricks College team.

The material which is reporting to Coach Plastino looks to be the strongest assembled here in years. With the squad starting on their second week of practice, the coaching staff is rapidly rounding the team into an efficient grid machine. Light workouts and signal practices, with plenty of work on passing and punting, feature the daily workouts at Overland park.

Plastino has Tim Robertson, without the most valuable player in 1928, running the team at quarter, with Wardle in reserve. Wardle, who was quarter on the all-state team in 1928, is an able alternate. Perrino, flashy open field runner and steady booter last year) is listed among the talent, having lost his foot ball lot with Zappke and the Illinois Wesleyan game. Robertson to do the barrage work. Bennett, husky Hoosier guard, who is also a creditable kicker, comes direct from an all-state berth on the Boyes Indiana team which he captained in his senior year.

Backfield prospects, particularly bright a week ago, have been dimmed by the loss of Dave Jensen, veteran half, who reported to the Vandal coaches at Moscow Sunday. Jensen's loss will materially affect the backfield's punch in the early games, but other Stone of Rupert, or Ringo of American Falls, should ably fill his shoes when the Tigers meet the College of Idaho October 12 at Twin Falls.

Elvin Kelly with Bill Sanford will alternate at the other half.

Bib Wilson, 195 pound fullback who played with the Albion Normal last year, and Ray Rosenbaum, Gooding back, will probably alternate at the fullback position.

With many heavy weights returning, a strong line looms for the Branch team.

Andy Andersun, veteran Tiger pivot man, is having his hands full to maintain his prestige at the keystone position against Fritz Craven, Rupert, and Ben Harding, Malad. Craven, ineligible last year, saw action with the 1927 Tiger squad, until the injury jinx put him on the bench for the season.

Guards are Fossiet, who made a berth on the Tiger team last year, Cotterill of American Falls, Lincoln, Twin Falls, and Hennet of Boyes, Indiana.

The squad has a pair of tough tackles in Stevens, Nampa, 1928 letterman, and Vance, Twin Falls all-state last year. These two are being hard pushed by Sullivan, Twin Falls, 1928 letterman.

Johnson, Pocatello, and Beckstead, Preston, veteran ends, will have a tough time keeping first team berths against Martin and Lucas, both former all-state members of the Twin Falls team. Miller, numeral man last year, is also making a strong bid for a wing position. Plastino may shift Lucas to the backfield later in the season.

The scene of the workouts has been shifted to Overland park, giving the turf on Hutchinson field a chance to mature for the playing season.

Watching The Scoreback

By United Press

Yesterday's Hero: Hal McKain, 20-year-old Chicago White Sox Rookie pitcher, who let the New York Yankees down with four hits, winning his game, 7 to 0.

George Blaeholder and Firpo Marberry pitched scoreless baseball for eight innings, but both teams scored in the ninth, Washington winning from the St. Louis Browns 2 to 1. The Browns made a triple play in the eighth.

Milton Gaston permitted only four hits, but the Philadelphia Athletics barely beat Detroit, 5 to 4. Three errors aided the Tigers.

Pat Malone blanked the New York Giants, allowing six hits as the Chicago Cubs won, 5-to-0.

Cincinnati went into a tie with the Phillies for sixth place in the National league by beating that club, 5 to 0. Ray Kolp pitcher a 4-hit game.

Kaiserling, Burleigh Grimes out of the box, the Boston Braves beat the Pittsburgh Pirates, 6 to 3.

Nebraskan Comes West For A Visit

GLOVER, Sept. 20 (Special)—Gerhardt Kluender arrived on Thursday overland from Ruskin, Nebr., for several weeks' visit at the home of his parents, Mr. and Mrs. Theo. Kluender. He was accompanied by his cousin, Paul Wagener, who will visit with his numerous relatives in this vicinity.

Albert Lerman recently purchased a new Ford coach.

Rev. Dannenfeldt and family visited Sunday afternoon at the Henry Schaefer home near Buhl.

Threshing beans will be in full swing on the Clover tract the middle of this week. Everyone is wishing for good dry weather.

Rudolph Marina and family, and Grandpa Becker were Sunday dinner guests at the A. Lust home.

PARTICULAR

Clark: Yes, sir, those socks will give perfect satisfaction. I've worn them myself for the last two months.

Customer: Have you a pair like them that you haven't worn so long?—Tit-Bits.

OUR BOARDING HOUSE

By Ahern

YOU'D BE SURPRISED

To Know That—

George Burns has played with six American League clubs. . . . John McGraw once released Pat Malone and Babe Walberg. . . . Bing Miller is playing his second engagement with the Athletics. . . . Barney Dreyfus discovered Sheriff Blake, only to release him. . . . Norman McMillan, Cub third sacker, couldn't make good in the American League. . . . Zach Taylor, Cub catcher, was secured by waivers, Chicago alone claiming him. . . . Four Cubs, Carlson, Cuyler, Blake and Grimm, once belonged to Pittsburgh. . . . Art Nehf has pitched in four world series for the New York Giants. . . . Three Mackmen, Burns, Ehmke and Hale, made their major debut with Detroit. . . . Hack Wilson cost the Cubs only $5000, coming from Toledo in the draft. . . . "Lefty" Grove, purchase price $105,000, is the costliest performer in the series. . . . Jack Quinn, age 44, is the oldest athlete in the series. . . . James Cronin, age 18, Philadelphia infielder, is the junior performer. . . . Chicago will probably use right-handed pitchers exclusively against Athletics. . . . George Earnshaw is as fast as "Dazzy" Vance, but hasn't as good a curve. . . . Eddie Collins has been the only active player in the American League for 22 years. . . . Three American League castoffs, Root, Stephenson and McMillan, are Cub regulars. . . . Two National League castoffs, Haas and Walberg are stars with the Athletics. . . . Joe McCarthy, manager of the Cubs, comes from Connie Mack's home town, Germantown, Pa. . . . Connie Mack's last world series was 1914. . . . Since then he spent millions to get together another pennant winner. . . . Bevo LeBourveau, the perennially beaten leaguer, was recalled from the Milwaukee American Association club, just in case something might happen to the Athletics' star outfield. . . . Mrs. McCarthy is an ardent baseball fan.

Local News in Brief

COMING EVENTS

September 19, 20, and 21—Lincoln county fair at Shoshone.
September 26, 27 and 28—Jerome county fair at Jerome.
September 30 to October 2—Y. W. C. A. Magic Valley District Finance Campaign.
October 9, 10, 11—State W. C. T. U. convention.
November 14 and 15—Idaho state seed show at Jerome.
November 21, 22, 23—Days of '49 at Rupert.

Custodian Needed Here.

The United States Civil Service commission today announces an open competitive examination for filling the position of Assistant Custodian of the Bureau of Entomology at Twin Falls, Idaho. The position pays a salary of from $1680 to $1980 a year. Receipt of applications will close September 27, 1929 and the examinations will be held at Boise, Idaho Falls, Pocatello and Twin Falls, Idaho. Information may be received at the post offices in any of these places. Competitive examinations have also been called for a customs guard, assistant park naturalist, assistant airways keeper, airway radio operator, home demonstration agent, junior biologist, junior cartographic engineer, police woman.

Dentist Meeting Here.

Fourteen dentists of this section were in attendance at a dinner meeting here of the south Central District Dental Society last evening. The meeting was presided over by its president, Dr. Sheldon of Buhl, with Dr. Burgess of Twin Falls as secretary. This was the first meeting of the season and a discussion of plans for the coming year's work was held. The next meeting will be held here shortly after the first of October. The dentists in attendance were Doctors Coleman of Buhl, Spaulding of Burley, Cartenay of Filer, Lovett of Twin Falls, Dwight of Jerome, Sheldon of Buhl, Robinson of Gooding, Sutcliff of Twin Falls, Rogers of Buhl, Lowe of Burley, Burgess of Twin Falls, Goode of Filer, McAtee of Twin Falls and Johnston of Twin Falls.

Floor Being Converted.

The floor of the city warehouse in the rear part of the city hall is being converted this week. The work, under the direction of Harlay Reyburn, was started Thursday morning and four sections were laid yesterday. Mr. Reyburn expects that the work will require about four or five days but as he has waited eight years for the work to be done he is satisfied. When completed the building will be used as a shop and for machinery storage.

Bean Shipments Heavier.

Bean shipments were heavier today than for several days, 10 carloads being billed out before noon. This is taken to indicate a strengthening of the bean market. Buyers at noon today were offering $7 or slightly over in comparison to a range of from $6.75 to $7 Thursday afternoon. Of the cars billed out today five were from the Berger country, two from Curry, one from Godgin, between Twin Falls and Buhl, and two from Twin Falls. Two carloads of flour, three carloads of dressed poultry and one carload of eggs were lined up for shipment today.

Property Transfers Recorded.

Transfers of property in this county recorded this week included: W.D., Helen Allen to Ashley H. Wilson, $1—pt. 26-9-14; Special Master, Fred Arthur Heavey, Special Master, to Peoples Savings & Trust Co., $14,256.62—SW¼ 21 12 16 except pt. Patent, State of Idaho, to F. W. Smokbrass, SW SE 36 11 17. W.D., H. W. Kent to Minnie Vaiten, $800, Lot 21, Blk 2, Highland View.

Have Ten Acres Left.

Having threshed 60 of the 70 acres of beans grown on the W. S. Harrison place, the balance of 10 acres will be threshed as soon as weather permits, Mrs. Harrison stated today. The last 10 acres are expected to average 30 bushels or more to the acre, which will raise the average for the full 70 acres.

Will Build Garage.

A. Estling is planning to construct a frame and stucco garage on the 11 block S. of the Jones addition, according to an application for a building permit filed by him today with the city clerk. The garage is to be 32 by 18 feet in size, one story in height, and will cost approximately $1200.

Former Residents Visit.

Mr. and Mrs. Chester Clift are here from Long Beach, California on a combined business and pleasure trip. They formerly lived here. Mr. Clift has been actively engaged in building residences in Long Beach since leaving Twin Falls.

Gets Large Yield.

Arch T. Colner, a farmer living between Hansen and Kimberly, has just completed threshing 25 acres of Great Northern beans and reports an average yield of 42 and two-thirds bushels.

Students Elect Officers.

Student executive committee of the year was elected at the high school this morning. The committee is to be comprised of Bill Scott, Auburn Kyle, Marian Ballantyne, seniors; Henry Colner, junior, Gladys Colner and Virginia Doss, sophomores. Harry Jennings was elected yell king and Kenneth Burson and Huston Trollinger named yell dukes. Tuesday has been set aside for the sale of season tickets. The student in each class of the junior and senior high school selling the most tickets will receive free tickets for each member of his family, it was announced.

Salin Directs School.

Walton Swim, for three years a player on the football team of the College of Idaho, was selected today to direct the officials school to be held here this evening. All those expecting to officiate at football games this season must be in attendance at the meeting, when interpretations of the rules and other matters are to be discussed. Principals, superintendents and coaches were to meet at the high school at four o'clock to plan schedules, hold a business session and iron out any other troubles for the year. Later this group meets with the county superintendents for a session.

Football Practice Early.

Football boys at the high school practiced this morning between the hours of nine and noon. This practice was held so that every day could be made to count. It was planned to take throat cultures this afternoon which would prohibit a practice at the regular time. Throat cultures were taken in the junior high school Thursday.

Speeder Is Fined.

J. E. Brown was fined $5 in police court for speeding at 30 miles an hour within the city limits. D. W. Hunter and Ruth Beloviche were fined $2 each for parking over an hour in the restricted parking area.

Establishes Business.

J. A. Johnson, who for the past six years has been in charge of repair work for Chevrolet cars at the Chevrolet garage, is now in business for himself at 116 Third avenue south.

Licensed Wed.

A marriage license has been issued by the county recorder to Howard L. Hills and Sophia A. Voelker, both of Buhl, Idaho.

Fined for Over Parking.

Kenneth Beach paid a fine of $2 this afternoon for parking more than two hours in the restricted parking area of Twin Falls.

PERSONALS

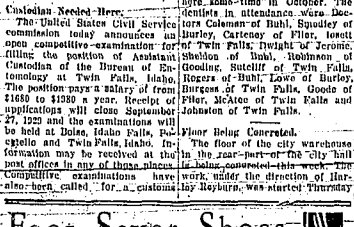
E. A. Spence of Buhl was a business caller in Twin Falls Thursday.

H. R. Blee of Goulect, Nevada, Thursday transacted business in Twin Falls.

IS THAT NICE!

Curate: I'm very glad to see you coming to church regularly, Mrs. Black.

Mrs. Black: Oh, yes, sir, I'll be coming often now. I dress it to spite my husband. He hates me going to church.—Tit-Bits.



Foot Saver Shoes

For You Who Must Have Style and Comfort

Fatigue at the day's end is almost always *foot* fatigue. Pound—pound—pound it's no wonder one gets tired. Yet there *is* a cure—and a mighty smart one. For Foot Saver shoes will save your feet—and are stunningly fashionable.

Their *patented, in-built construction* checks the growth of weariness by supporting foot and ankle firmly but pliably. Utter comfort is its gift—a comfort that shows not at all in the trim, smart lines of the shoe.

With Captain Hicks, Alabama is expected to live one of the best backfields since the days of Brown, Hubert and Gillis. Hicks is a great little runner and field general, and is one of the 15 letter men in whom Coach Wallace Wade is placing almost his entire dependence for a successful team this season. Captain Hicks is the signal-caller for the team.

WITNESSES TELL ABOUT SHOOTING

O. D. Sanford Goes on Trial For Alleged Assault with a Deadly Weapon upon Youth

O. D. Sanford, farmer of Melon valley north of Buhl, went on trial in district court here today for alleged assault with a deadly weapon upon the person of Wayne Hancock. Early this afternoon the state was still submitting evidence and it appeared likely that the case would not reach the jury until sometime Saturday morning.

Wayne Hancock was the first witness called by the state. He testified to the trip of himself, Leonard Probasco and William Cook into the Melon valley territory and to the farm of Sanford. He admitted that they had gone there to get watermelons but told that they had seen Sanford and therefore had done nothing warranting the shooting. Hancock had been struck by pellets from a shotgun fired by Sanford.

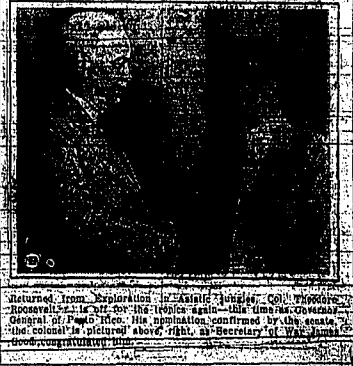
A motion to dismiss and a demurrer against the information against Sanford was denied and over-ruled by Judge Baker before the cross-examination of Hancock. Leonard Probasco took the stand for the state this afternoon and told of the trip and the intention of the boys to steal watermelons. He stated that Sanford had been standing beside him when he shot at Hancock and that the injured boy had not been running. Sanford closed the exploded shell and inserted a new one into his gun after firing at Hancock, then walked away cursing, stated the witness.

The jury on the case is Wm. Hirgenbotham, T. D. Connor, George Earhart, W. C. Iliff, H. G. Munyon, Carl F. Thieme, J. A. Sipinger, Lester Parker, H. F. Harder, B. N. Rendahl, P. D. Crooter, and H. S. Beales.

BUILDINGS CONDEMNED

BUTTE, Mont., Sept. 20 (UP)—Thirty-five buildings, some of which are located in the business district, were condemned last night by city officials in the interest of reducing acute fire hazard conditions in some sections. Proceedings against the various properties will be started immediately.

T. R. Jr., to Diplomatic Post



Returned from exploration in Asiatic jungles, Col. Theodore Roosevelt is off for the tropics again—this time as governor-general of Puerto Rico. His nomination confirmed by the senate, the colonel is pictured above, right, as Secretary of War James Good, congratulating him.

THOUSANDS SEE FASHION EXHIBITS

Interested Crowd Throngs Twin Falls Streets to View Latest in Season's Styles

Long before the siren blew and the street lights became illuminated, signals designated to usher in the fall opening of Twin Falls merchants throngs of people lined the main streets of Twin Falls, eager to survey the show windows which had been curtained from the eyes of the curious since afternoon, and likewise anxious to obtain vantage points from which to watch the style shows of several Twin Falls establishments.

Mannequins, attired in the season's latest innovations, promenaded in the windows of several stores devoted to women's wear, at the hour of 8, some establishments continuing to model for an hour. Millinery was likewise featured, and in some instances full wear was demonstrated. Tiny tots mimicking their elders, illustrated the fact that it's never too young to be fashionable.

One establishment conducted its style show at a local theater, featuring women's apparel in every mood and mode, and interspersing the fashion presentations with dance skits. There was no prearranged program, the merchants displaying their wares according to their own disposition.

Hunting equipment was prominently displayed in several windows where sporting goods emporiums. Foodstuffs of all kinds were artistically arranged in grocers windows, in fact, merchandising of every sort, particularly of the seasonal variety, was arrayed before the eyes of the spectators.

American flags fluttered from the standards and musical numbers played by the Twin Falls band, contributed further to the festive air Twin Falls assumed in heralding its wares. Nor were the home products forgotten, one jewelry concern adapting the idea to sugar beet and other local products in a novel display. A spirit of co-operation and goodwill characterized the entire event, commanding the attention of most of the town and numerous visitors from surrounding towns and counties.

GOODING COUNTY

Corn Show Attains Attendance Record

WENDELL, Sept. 20 (Special)—The Wendell Corn Show ended Wednesday night after two very successful days and nights. Exhibits this year were of a uniform high order, the entertainment was pleasing and attendance the largest in its six years of history.

Competition was close in most classes. Clara Chapman won first on her exhibit of 10 ears of corn and also first on her 5 ear exhibit. There were splendid exhibits of vegetables, seed, corn, flowers, fruits and kitchen products. Ray Ward won first on Netted Gem potatoes. There were more than 30 entries of potatoes and quality was of the higher.

Mountain View won first in community exhibit with a splendid collection of farm products. Orchard Valley was second. Interest is especially keen in this class.

The flower show held jointly by the fair and the Wendell Civic Club proved to be much superior to any of the past. One large tent was entirely devoted to flowers. Color ran riot as dahlias, asters, gladiolus, roses, zinnias, and many others struggled for attention. Entries came all the way from Twin Falls to Glenns Ferry.

The Twin Falls high school band pleased the crowds Tuesday. Troop A, 116 Cavalry of Gooding performed Tuesday afternoon with a series of stunts and races. The Idaho Jubilee Singers, a troupe of colored singers and dancers and the Kinks Dixies company were principal entertainers for the fair.

STEWART EVADES QUESTIONS

LONDON, Sept. 20 (UP)—Colonel Robert W. Stewart, American oil man evaded all questions of newspapermen today concerning the report that his visit to London was prompted by a desire to align himself with the Royal Dutch Shell Oil company against the Russian-Interwoven Nobel company. Stewart is chairmanship of the Standard Oil company of Indiana.

DARK PICTURE OF SOVIET PAINTED BY FORMER RED

Economic and Moral Misery Grip Masses in Russia According to M. Paul Marion

PARIS, Sept. 20—Moscow Communism means "economic and moral misery."

This is not the old "capitalistic" viewpoint of affairs in Russia under the present regime, but the studied conclusion of M. Paul Marion, former French chief of Communist propaganda here, who has returned to France after a visit of 15 months in Soviet Russia, only to present his unequivocal resignation from the Communist party. As an hitherto ardent advocate of Russian Communism one of the most severe blows it has ever received.

A Blow to Radicals

M. Marion's indictment came at a time when the leaders of "capitalistic" states were scratching their heads and burning the midnight oil at The Hague and Geneva in order to bring some semblance of peace and economic prosperity out of the late war. Extremists here and abroad were contributing only ridicule and I-told-you-sos. M. Marion has rather spoiled some of those Soviet smiles. He said:

"After months in Russia, when I spoke directly with the workers and the common people there, it is apparent to me—and the more clearly so because I conducted my inquest in the very cradle of Soviet society—that, behind the well-composed facade, dictation of the proletariat and construction of Socialism, there lies the most cruel and most desolate reality. This is the domination of a caste of some millions of all kinds and sizes from Stalin to the lowest village representative, on a country that it holds in economic and moral misery by its mad policy and absolute dictation. The restlessness and inquietude only augment with the years."

M. Marion freely admits that at first he let himself freely to be taken in by those doctrines that he now denounces so strenuously. He added:

"I have seen workers, former members of the party, combatants and revolutionaries in October, 1917, who eleven years later considered as the greatest stupidity of their life the fact that they fought for 'power.' I have seen technicians who were charged to formulate the famous 'Five-Years Economic Plan,' ashamed of the statistics and prognostications that they were ordered to make. They said that 'with the continued distance here between industry and agriculture, the city and the town, it is not to speculate that we are headed, but to pre-capitalism and barbarism.'

"That is to say that in Russia there is neither rule of the proletariat nor socialistic construction, but dictation of a caste and the tormment of Socialism."

MAINE FERRY STILL RUNS AFTER 100 YEARS OF USE

BUCKSPORT, Me (UP)—Original charters granted in the time of Maine was part of Massachusetts commonwealth of Massachusetts. Bucksport ferry still runs after 100 years of use.

There are none of your modern streamline effects on this old barge which was built long before speed than service. Service is obtained by blowing a bugle which tells the drowsy skipper that some one is in the mood for a ride.

U. S. TOURISTS IN MOVIES

MOSCOW (UP)—Moscow movie goers in the Soviet capital will see American tourists in the Soviet film "Ten Days Around the Universe." According to M. Khodorkin, vice president of the Russian-American Society, the film is being made in Moscow.

Twin Falls High School Notes

Exercises appropriate to Constitution week took place at the Thursday morning assembly, Supt. W. H. Smith giving an informative talk on "The Constitution of Our Country" following the steps in construction of that important document from the time it was first drawn up until the present date. Patriotic songs were sung by the student body, and the Rev. C. C. Curtis led in prayer and read a portion of the Scriptures.

"Pep" also shared in the assembly hour, a large number of students trying out for yell leader. R. V. Jones spoke, giving the complete program for the entire football season. He reported that the winners of the Boise district and the winners of the Twin Falls district play each other in Twin Falls late in November. Harry Jennings boosted the sale of season tickets, assisted by Donald Bacon, Dick Divall, Jim Weaver, Kenneth Burson, George Sanders and Maurice Russell.

The Beta Sigma Society met during the morning advisory Tuesday. The following officers were elected: president, Gerald Wallace; vice-president, Margaret Ware; secretary, Catherine Walker; treasurer, Luther Evans.

The Brain club has started the initiation of those men who won their letters last spring. If any one in school sees some of our very finest athletes walking around carrying milk bottles or ty swatters you will know that the Brain club has her cruel clutches firmly in their backs.

The first game with Albion will be played the Friday of next week.

Wednesday a student council meeting was held in 309. The council was called to order by the student body president, Clyde Bacon. Mr. Terry read a long list of duties of the council and council seem to have an exceedingly busy year ahead of them. Clyde Bacon, president, reports that the council intends to perform their duties a little differently than last year. The financial report will be read in assemblies in order that the students some idea of the financial status of the school. The secretary will also read the minutes of the meetings in the keeping of the student body. An executive committee was appointed and a committee to look after cookies, in order that "kid" may be fed. Finally all books must be in order condition.

Daily Poem

WINDS OF THE DESERT

Winds of the desert, speak to me,
Tell me the things you know—
Was this a land of roses and palms
Once in the Long Ago?

Did caravans come with jewels and silks
For ladies of high degree?
Did barges with sails of purple and gold
Drift by on a sapphire sea?

Did cities with towers and minarets
Rise while in their stately pride,
Where the lonely Joshua tree now stands
And the skulking coyotes hide?

Winds of the desert, speak to me,
Tell me the things you know—
You and the palms and the Joshua trees,
Out of the Long Ago.

—Clara Greenlee Creaser.

KEEPING UP

ONE of the characteristics of human nature is that in times of plenty we provide for ourselves necessities and luxuries which we have not felt able to buy in times of need. The combination of excellent crop yields and a high average of prices for crops has resulted in a spirit of optimism in this part of Idaho.

The spirit of optimism is in the air and influences conversation, thoughts and actions. This spirit is reflected in concrete form in buying, and expressed intentions to buy.

One of the chief difficulties faced by the automobile dealers is to secure delivery of machines to fill orders. Merchants have stocked their shelves in anticipation of a big volume of business. People in the Twin Falls country are in the mood at this time to provide for themselves, their homes and their families some of the wants that have existed for a number of years but which have seemed impossible to get during less propitious years.

This new spirit of our district, coupled with the fact that our schools have recently reopened for another year's work and activities, is probably responsible for a renewal of interest in securing an adequate auditorium and gymnasium for our school system.

Private capital has been bolder in its launching of new building projects in the city during 1929 than for many years with the result that many new structures have been built, or are in course of construction. Such work is not only a credit to the citizens whose initiative and confidence are thereby given practical expresion but also to the community.

The strongest argument in favor of the auditorium is that it is so badly needed. It can be secured without any increase in our present school tax levy. Its construction would be another signal of confidence and faith in our own future, and it should give school activities such an impetus as nothing else could give. It would mean a sharing in very slight measure of the good things we enjoy with the youth of the community. Very few people can be found to deny the need of the additional facilities for our schools. We have withheld providing these facilities up until now because of caution in making expenditures.

Has not the time come when Twin Falls should have school auditorium and gymnasium facilities in keeping with our requirements and our position and responsibilities?

The subject is being discussed by an ever enlarging circle of persons in Twin Falls. We take pride in keeping up the facilities of our private business concerns. Can we really afford as a mere business proposition to delay longer bringing our school facilities up to the standard already established by our own neighboring communities?

DANGERS IN LAUGHTER

THE news story the other day that told of the sorry plight in which a man found himself because of too hearty laughter should not prove a deterrent to the expression of mirth.

The man in question laughed so heartily that he swallowed his false teeth and fell down stairs, we are informed. The fall apparently injured him only slightly, and the set of teeth was recovered shortly afterwards by a doctor.

If this one individual suffered unusual penalties for indulging in hearty laughter, let us not be misled into any unjust criticism of him. Rather let us be thankful that such as him are to be found. Our excesses in the practice of gloom are much more to be deplored than our excesses in laughter.

The world we live in is interpreted to us by our own impressions of it. It may be a place of gloom, sadness and travail, or it may be a place of good cheer and the home of happiness and laughter. The grouch walks the same streets, sees the same faces and beholds the same wonders of nature as his cheerful brother. The difference between them is not in their world but in themselves.

The man who laughed so heartily that he swallowed his false teeth may have given his throat a real scratching, but it's dollars to doughnuts that his digestive apparatus is good, his friends legion, and that he enjoys life and is a blessing to his fellows.

We need more laughers and fewer grouches, even though one disciple of laughter did swallow his teeth.

TOO FAST

PLANS are being made for the Graf Zeppelin to make a non-stop flight around the world in 14 days, the ship being refuelled in the air. Doubtless that can be done and such flights will probably become common place before many years.

Of more dramatic interest is the report that the Germans are making an airplane that will travel 800 miles an hour. If such speed as that becomes possible it will mean a round-the-world trip in little more than 24 hours. One could then start from Twin Falls after an early breakfast and be home in time for lunch the next day. Yet one would not see much of the world on a trip like that.

In this day and age when all the stories of success are supposed to be written about the dwellers in cities it is heartening to write and read records of successful achievement by farmers. This section of Idaho is particularly fortunate in that it has a rich contribution of such records of accomplishment on the part of farmers.

Reports of the threats of loss and actual damages that have been inflicted on town by forest fires enlist our sympathies and cause us to remind ourselves that the forest fire menace is something to which we in the Twin Falls country are not subject.

There is something new under the sun—guests leaving a rooming house in Twin Falls were CAUGHT taking house towels with them!

Best Editorial of the Day

BRINGING INDUSTRIES HERE

(Idaho Falls Post)

Inquiries of the city for electrical energy totaling 27,000 horse-power indicate that Idaho Falls is getting considerable attention, both east and west, as a possible location for new industries. Seven concerns, one of them requiring 25,000 horse-power, have asked if we can supply their power needs. We can—but not without expanding the present equipment.

While our facilities will permit us to care for the needs of the average factory or group of factories the request of one for 25,000 horse-power is a large order, and not so easily filled. That, however, should not keep us from uniting to bring that enterprise, whatever it is, here. Any business that requires that amount of power is large enough to be a splendid plum for any city in the country. The plants—there are two—are capable of producing something like 20,000 horse-power if pushed to capacity. We are using around 7,000 horse-power. The balance necessary to supply the demand of the large unnamed enterprise, that wants to come here, we can supply the power, could be furnished by development of the upper and lower Mesa falls sites upon which the city already has filed.

We have unchanged possibilities in an electrical production line, which, if properly developed, will make this the industrial center of the intermountain states. Industry wants to come where there is an abundance of cheap power. We have the power running by our door. If we will but harness it. Then if we will sell our electricity at a rate low enough to induce factories to come here we can expect great industrial growth in the next few years. Idaho Falls should follow up the inquires regarding our possibilities very closely. The capitalists who want a location for a plant large enough to use 25,000 horse-power of electricity should be contacted personally, and their proposition scrutinized carefully. If there is a certainty of getting their enterprise here we should go ahead with development of our electrical plants to a point where the demand can be met. Here is an opportunity that must not be overlooked. Every agency that is interested in the development of Idaho Falls should unite in an effort to bring this and other enterprises here.

Idaho Falls should make its appeal to industry on the basis of low cost electrical energy.

ERRORGRAMS

Tom's Scrambles

OTVIANAC
It's all over now

There are at least four mistakes in the above picture. They may pertain to grammar, history, etiquette, drawing or whatnot. See if you can find them. Then look at the scrambled word below—and unscramble it, by switching the letters around. Grade yourself 20 or each of the mistakes you find, and 20 for the word if you unscramble it. Tomorrow we'll explain the mistakes and tell you the word. Then you can see how near a hundred you hit.

Answers to Yesterday's Errorgram

(1) Charlie Chaplin has never made an all-talking picture. (2) The "How Much?" on the window should be How Many? (3) Admission on the window is spelled incorrectly. (4) When "Love and Kisses" is now playing as indicated on one sign, it cannot be played next week for the first time, as indicated on another sign. (5) The scrambled word is SIRIUS, a well-known star of the heavens.

TWIN FALLS COUNTY

First Meeting Held By Club at Hansen

HANSEN, Sept. 20 (Special)—The first meeting of the season of the Latawah club was held at the home of Mrs. Fred Ramsay Thursday afternoon, 18 members being present. Plans for the year's activities were discussed and a program committee consisting of Mrs. W. A. Colner, Mrs. Stuart Severns and Mrs. Joseph Froehlich was appointed by the president, Mrs. C. W. Colner. Refreshments served by the hostess at the conclusion of the afternoon were enjoyed by all.

Mrs. Harold Koenig, Mrs. Thorsen Kline and daughter, Miss Dorothy, went to Caldwell Wednesday. Miss Dorothy will attend the College of Idaho, and Mrs. Cline and Mrs. Koenig after a visit with relatives returned on Thursday.

W. A. Colner and C. W. Colner visited the Fairfield region last week, purchasing a band of 1000 sheep in their absence. Tuesday of this week they made a trip to Oakley looking up lambs for purchase.

Two candidates for the position of postmaster at Hansen took the examination at Twin Falls Saturday, Julius Swensen and Fay Sheesley. Mrs. Stuart Severns, who has been filling the office temporarily is not a candidate for the place.

Hansen school board at its last meeting decided against a change in the hours of high school. The officers of the board remain the same, E. N. Pettygrove, chairman; Frank Brower, secretary. The other members are Joseph Froehlich, Carrol Clark, M. A. Robison and Warren Anderson.

Miss Margaret McCallum, who has been visiting her brother, Robert McCallum, and family, for about ten days, left Wednesday for Cheyenne, Wyoming, where she is stationed at Fort D. A. Russell. Miss McCallum is an army nurse and served with the A. E. F. in France and England.

The residents on the road three miles east of Hansen and thereabouts have made application for electric current and hope to be in possession of same in about a month's time. Among those who will be served are J. A. Stanger, C. Ainsworth, Mrs. Kennedy and the Ostrander place.

One threshing machine operator reports an average yield of 5 to 6 bushels per acre of clover seed on the acreage he has threshed with here and there as high as seven bushels. The quality is reported better than for several years.

Considerable progress has been made on the work of graveling north and South roads. The mile between the E. H. Foster and M. A. Robison places has been completed as well as the mile between the Sam Hull and Charles Wiseman farms. It makes heavy going for the present but will be an immense improvement when bad weather comes. The mile between the highway and Clyde Johnson ranch is ready for the gravel also.

Mrs. Willis Buckstand of Los Angeles, arrived Monday and is visiting her brother and family, the Everett Webbs. Mrs. Buckstand was formerly Miss Thelma Webb.

Mrs. A. T. Colner was called to Des Moines Sunday by the serious illness of her father, who was in a hospital there.

Mrs. Jay L. Downing was a guest at the home of her father, A. E. Pettygrove, a few days last week, returning to her home in Pocatello Saturday.

A. R. Scott was called to Boise last week on the grand jury but was released from duty and returned home.

Mr. and Mrs. J. Fryatt and children arrived recently from Oregon and are living at the John Spargo place.

Stuart Scott left Sunday for Caldwell to again take up his studies at the College of Idaho.

Virgil Wilson started for Moscow the last of the week to enter the university as a sophomore. He made the trip by motor in company with Russell Potter of Twin Falls.

A. C. Wheeler had an accident Monday which might easily have been more serious. While driving a truck load of coal on the north and south road a mile west of Hansen, it upset, damaging the truck, but not seriously injuring Mr. Wheeler or his small child who was with him.

Mrs. Custer of Twin Falls is visiting her daughter, Mrs. Harry Bean.

Mrs. Jennie Glenn, formerly a teacher at Hickel district school, has moved to Boise and is teaching school in that vicinity.

Mrs. Cora Madden of Meridian with her family of two sons and three daughters visited at the home of Mrs. Sheila Laycock the week end. Miss Frances Madden was on her way to Albion to enter the state normal and Miss Maude Laycock accompanied the family on the trip.

John Frahm was the guest of honor at a family dinner last Sunday, the occasion being his birthday. Author Frahm, who is working in Pocatello, was visited by his friend, Miss Dorothy Nixon, were present.

CITY IGNORANCE

"We are now," announced the cities passing through a rural hamlet.

"Oh," exclaimed the sweet young thing, "I always thought it was a little pig."—Pit-Hits.

40%...50%...60% GASOLINE in your oil!

Not when you buy the oil—there's no gasoline in it then. But if you use "wet" gasoline it soon dilutes your lubricant.

"Wet" gasoline doesn't vaporize completely—it can't burn cleanly—and much of it runs down the cylinder walls into the crankcase. Naturally your oil is soon ruined—its "body" is gone—it is too *thin* to lubricate your motor properly. Besides, you've wasted fuel—cheated yourself of the extra miles your gasoline should have given you.

Would you avoid this condition? It is easily done. Simply be careful to buy "dry" gas. There is a "dry" gas now—Shell 400.

Careful refining eliminates heavy "wet" fractions, and all of your Shell 400 goes into power, into mileage—the things you buy gasoline for.

Yellow and red Shell pumps are everywhere convenient. Make them your stop signals whenever your tank needs filling.

A thousand miles of ordinary driving with "wet" gasoline and your oil is likely diluted more than half—thinned beyond safe lubricant. Note this example of old crankcase oil—54% gasoline!

A thousand miles with "dry" gas and there is very little crankcase dilution—here are the results of a typical test: Gasoline 9.2%, lubricant 90.8%—a decided fuel and oil saving over "wet" gas

SHELL 400 The "DRY" GAS

And about oil: There's an oil now that forms no hard, flinty carbon. If you would avoid the endless troubles caused by carbon, and "add thousands of miles to the life of your car," insist on SHELL MOTOR OIL whenever you buy

GERMAN RIVALS WAGING BATTLE FOR AIR CROWN

Graf Zeppelin and Do-X Leaders in Competing Aerial Craft; Watched with Interest

By Maurice A. Hallgren
United Press Staff Correspondent

FRIEDRICHSHAFEN, Germany, (UP) — On the shores of Lake Constance is being waged, in all seriousness despite its outward appearance of friendliness, a battle that will to a considerable extent influence the future of aviation. Although it is essentially a competition of the generation-old struggle between lighter-than-air and heavier-than-air craft, the battle of Lake Constance bids fair because of the energy being expended and the ever increasing use of the weapons employed on either side, to bring the issue to a more or less definite conclusion.

Here in Friedrichshafen are entrenched the proponts of the lighter-than-air theory, represented by the Zeppelin company. Their most active leader is Hugo Eckener, commander of the Graf Zeppelin. Perhaps no aeronautic enthusiast in the world is so firmly convinced that the future of aviation lies with the dirigible as is Dr. Eckener. Notwithstanding his inherent cautiousness and conservatism, a short conversation with this 64-year-old Zeppelin pilot immediately reveals that he sincerely believes he will live to see the day when the dirigible has been securely established as the backbone of travel by air.

Across the lake, at Altenhein in Switzerland, are located the famous Dornier works. There has been built the giant airplane, "Do X,"—which the Dornier brothers, Claudius and Maurice, will soon send forth as their reply to Eckener's challenge in bringing the Graf Zeppelin safely around the world. While the Graf Zeppelin normally carries 20 passengers and a crew of 40,—the Do-X, carries a crew of 20 and 40 passengers, thus roughly—speaking, cutting costs in half and doubling the potential income of the ship. For shorter flights the Do X is expected to be able to carry 80 passengers in addition to the regular crew.

S. L. T. A. Bill has won the national singles championships seven times. Left to right—Tilden, Hunter and Collins.

COMPANIES HELP FARMERS EXPAND

Dairy Business Being Aided in County by Loans Made by the Creamery Companies

The Jerome Cooperative Creamery during the past two years has kept from 10 to 15 carloads of dairy cattle from being shipped out of this section by furnishing the local farmers means to finance the purchases, stated Harry Nelson of Jerome company today. The company has loaned out to farmers at present about $21,000 and expects to have about $26,000 more available by the first of the year he said.

As a result of this financing by Swift and company and the scheme which is also being used Sego Milk company the dairy business in Twin Falls county is rapidly being advanced.

The system used by the Jerome Cooperative company is to loan the farmer $50 on each cow he has and buys. The farmer does his own purchasing and contracts with the creamery to deliver the dairy produce to them. They agree to hold out from his cream or milk check the amount necessary to pay off the chattel mortgage on their stock in 20 equal monthly payments. "We are holding out monthly the sum of $1000 to be paid to loan companies to retire these mortgages," stated Mr. Nelson. The money is released at just as it is collected, so that more farmers can make use of it. Interest is low and the farmer pays interest only on the balance due after each payment.

Social and Club News

Social items should be mailed to Social Editor, Idaho Evening Times, or telephone to 38 before 11 a. m. if possible.

Thursday Evening Dancing Party Is Brilliant Event

Distinctive in all details was the Thursday evening party at which Dr. and Mrs. G. W. Burgess presided at their home, 321 Seventh avenue north, sixteen couples participating in the evening's festivities. Exquisite fall flowers in pastel shades, asters predominating, were artistically arranged throughout the rooms.

Eight tables were arranged for cards, the diversion for the earlier hours. Women's high score prize went to Mrs. H. P. Parry, and men's high was awarded to Kenneth Beck. Dancing later followed, two favor dances being featured. Punch was served throughout the evening.

At 11 o'clock a buffet supper was served, Miss Nancy Haddock and Miss Jennie Heap presiding at the beautifully serviced table. A French color scheme was effected in the table decorations, a turquoise blue bowl of pink and orchid asters forming the centerpiece, on either side of which were arranged silver candlesticks holding lighted orchid tapers.

GEM STATE STUDY CLUB HAS SESSION

The Gem State Study club met at the home of Mrs. Glen Noble on Washington street north Wednesday afternoon. The fore part of the afternoon was spent discussing business items pertaining to the club and its work, led by Mrs. H. H. Jenson, assisted by Mrs. W. S. Salmon. Mrs. Glen Noble was selected as secretary to the club to fill the vacancy left by Mrs. Calvin Pickett, who is going to Pocatello to make her home. Refreshments were served at 5 o'clock by the hostess. Mrs. Clo Parks was a guest. The club will meet at the home of Mrs. Ross Johnson on Eighth avenue north October 2.

* * *

BUHL PEOPLE ATTEND STYLE SHOW

Mr. and Mrs. B. N. Hill were hosts at a beautifully detailed dinner Thursday evening for Mr. and Mrs. C. M Merrick and daughters, Jane and Virginia, of Buhl, who remained in Twin Falls for the merchants' fall opening. An interesting color note was obtained by the use of rose and emerald crystal glassware, and the menu and central decorations were also in the chosen shades. Covers were placed for the hosts, their daughter, Mary Frances, and the Merrick family.

* * *

NEW YORKERS VISIT

Mr. and Mrs. Henry Rohwer of New York City, on a trip through the United States, are visiting Mr. Mrs. Albert Putzier for a few days. Mr. Rohwer states that on all their travelling, they have not been through such a wonderful section of country as found on the Twin Falls tract. They are on the way to Seattle and from there will go down the coast to points in California.

* * *

SALT LAKERS VISIT

Mrs. Joseph Spott, and her daughter, Mrs. Mary Andrews, who have been visiting at the homes of Mr. and Mrs. Elmer E. Willis and Mr. and Mrs. Will Hofer, left Friday morning for their homes in Salt Lake City, Utah. Mrs. Willis, Mrs. Hofer, Mrs. Spott and Mrs. Andrews, and Mrs. George Ewerts figure drove to Buhl Thursday and spent the afternoon at the country home of Mr. and Mrs. George Wade.

* * *

EPISCOPAL GUILD MEETS THURSDAY

Mrs. B. H. Atkinson entertained Reception Episcopal Guild Thursday afternoon at her home on Seventh avenue east. A discussion of church welfare and guild matters, occupied the business session, under the direction of the hostess, vice president of the Guild, Mrs. Atkinson, assisted by Mrs. P. J. McGrath, served refreshments during the social hour.

* * *

ATTEND FALL OPENING

Mrs. M. E. Taylor, Mrs. J. H. Brooks and Mrs. Irel Gudmundsen, all of Burley, motored to Twin Falls Thursday to attend the autumn opening and to visit briefly with Mrs. Taylor's daughter, Mrs. J. H. Musger, at the Justmere inn.

* * *

BURLEY VISITORS

EXCELSIOR CLUB

The September 27 meeting of the Excelsior Social club has been postponed indefinitely.

TORONTO ACTS AS HOST TO PRISON GROUP CONFERENCE

TORONTO (UP)—Divergence of opinion on the subject of prison administration and court methods is anticipated at the 55th annual congress of the American Prison association opening here and continuing until September 26.

Many phases of prison, criminal court and delinquent problems will be discussed at the congress. It is the first time in many years that this gathering of prison officials and judges has been held in Canada.

CAPABLE SUBSTITUTE

He: I'll be glad to come over this evening. Are you sure you want me?

She: Really, no. I've been so lonely since my dear little pup died.—Tit-Bits.

League and Parish Reception is Given

The customary reception at which the Catholic Women's League resumes the organization's autumn activities, was held at the home of Mrs. H. F. Lamb on Sixth avenue east Thursday afternoon, women of the League and parish being the guests.

While the guests were assembling, and throughout the afternoon, Mrs. D. K. Heap presided at the piano, playing a number of beautiful selections. Mrs. Anna Richmond, incoming president, graciously welcomed the guests. The Rev. Father Henri S. Kuyer addressed the women, stressing the necessity of a high idealism in their intellectual, social and religious life.

Quantities of asters in blending colors, decked the rooms, and the attractively appointed service table, presided over by Mrs. Lamb, and her daughter, Miss Harriet Lamb, was centered with a bowl of asters.

JEROME COUNTY

Screen of Smoke Obscures River

EDEN, September 20 (Special)—Fires have been raging to such an extent in the Idaho and Oregon forests that the community has been covered with smoke for the last few days. Snake river canyon was so full of smoke that it is almost impossible to see the river.

J. C. Knott of Eden was in Twin Falls, Wednesday afternoon on business.

George Stinemets and family were in Twin Falls, Wednesday.

Mrs. Marion Herbert was in Twin Falls shopping Wednesday afternoon. Byron Averit of Eden purchased a new Pontiac the other day.

Eden Grange will hold their regular meeting Friday, September 27.

The eighth annual Harvest Festival will be held in Hazelton, September 21. The produce will be exhibited in the high school building where it has been held for a number of years. Everyone living on the north side tract will be allowed to enter exhibits before 9:30 a. m. September 23. Rules and regulations governing the exhibits and judging will be the same as provided for the Jerome county fair. There is a possible prize of $30 for grange or community exhibits. These exhibits will be judged the same as by the Jerome county fair. There is a possible score of one thousand points, prizes to be paid at a rate of three cents for each point scored. There is a long list of prizes in the following departments: farming, sports, horse races, children's work, fancy work, canning, and a department for 4-H club girls.

The Eden P. T. A. will hold their first meeting this fall at the high school building Friday evening. They plan to give a reception to the teachers.

GEORGETOWN TO DISPLAY UNIQUE FOOTBALL SHIFT

"Scrambled Egg" Formation Designed to Trick Grid Foes; Proves to Be Very Clever

By WILLIAM W. CHANCE, Jr.
United Press Staff Correspondent.

WASHINGTON (UP) — Georgia Tech has its Dickman shift, Penn its hidden ball trick and N. Y. U. its famous Prussian march—but Lou Little, Georgetown's brainy little football mentor, believes his "scrambled egg" formation will eclipse them all.

Coach Little returned the other day from the Blue and Gray's Ocean City, N. J., training camp with his squad, babbling over with enthusiasm and energy, loudly proclaiming Lou's latest piece of strategy.

The play, or the novel novelty on the offense, somewhat resembles a dynamited rock being reconstructed by a moving picture camera in reverse.

Two groups are formed, the players crowding, facing each other in straight lines. Upon calling of the proper signal each man starts wandering about the field, which is both opponents and spectators appears aimless, but every one of them knows what he is doing and why. The object is to become so mixed up that it is impossible for the opposing team to figure out who is who and where.

Suddenly out of the confusion each man jumps to the position he occupied before the ball was snapped. Then the play, as originally called by the quarterback in the huddle is executed.

Because it can be maneuvered in so many different ways, Little is confident Georgetown's opponents never will decipher the play. No matter how often the opposing team may shift its defense, it never will be certain whether the move was right.

INVENTOR FINDS HE'S TOO ABLE

FALL RIVER, Mass. (UP)—Orville Collard is in jail because an inventor he did better than he knew.

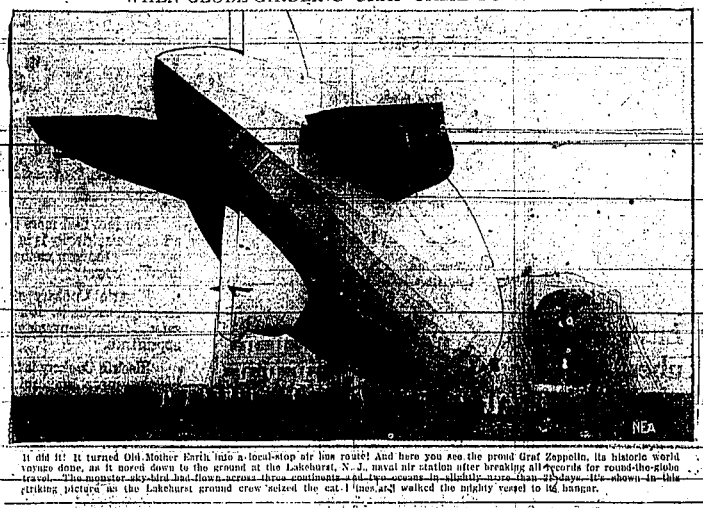
Silverware had been stolen from Charles Auclair's home, so Collard, the caretaker, rigged up a burglar alarm to prevent further raids.

Unknown to Collard, Mr. and Mrs. Auclair returned from a vacation, were awakened by the burglar alarm and discovered the caretaker climbing through a window. In court he admitted his guilt.

NEW STADIUM AT IOWA

IOWA CITY, Ia. (UP)—The new Iowa stadium, seating almost 50,000 persons, is all but completed and will be in readiness for the first Hawkeye game of the year, with Carroll college here September 28. It is still possible however that the new field will not be used until the home-coming game with Illinois October 19.

WHEN GLOBE-GIRDLING GRAF CAME TO EARTH



It did it! It turned Old Mother Earth into a local stop air bus route! And here you see the proud Graf Zeppelin, its historic world voyage done, as it nosed down to the ground at the Lakehurst, N. J., naval air station after breaking all records for round-the-globe travel. The motor-clad hull has across three continents and two oceans its silhouette more than 20 days. Its shown in this striking picture as the Lakehurst ground crew seized the cat lines and walked the mighty vessel to its hangar.

SEARCHLIGHTS AID CREW IN MANEUVERING HUGE CRAFT

In the brilliant glare of a battery of flood lights, the Graf Zeppelin neared dock to a perfect landing at the Lakehurst, N. J., Naval Air station. Landing lines were dropped to the waiting ground crew and the giant ship soon was safely at rest, having been in the air four days and nights on its 5000-mile voyage from Germany. This striking light photo shows the Graf in the hands of its human masters before it was walked to the mooring mast, there to await the flying wind which would allow it to be certain in the hangar beside the Los Angeles.

MISSOURI TIGER LIKELY TO HAVE GIANT BACKFIELD

"Pony" Carriers of Recent Years Give Way to 200 Pounders at Columbia School

By NOLAN HULOGH
United Press Staff Correspondent

COLUMBIA, Mo., Sept. 20 (UP)—A backfield with more power, hurdlihting and plunging, rather than a light, fast offense is what Coach Gwinn Henry of the University of Missouri expects this season.

The backfields of the past few years of the Tigers have been swift all light, "pony" backs.

By mid-October, the veteran Tiger mentor hopes to have this new type of backfield working to perfection for the important Big Six conference games.

This power-house backfield will be built around three veterans, Capt. John Wolfert, Roy Reece and Sonny Kennedy, all giants. But the three in the past have been noted for their crack defensive work rather than being an offensive combination.

Wolfert, an exceptionally good passer, will play this season around 200 pounds; Reece, a hard driving back, will push the scales to 220 and Kennedy to nearly 200 pounds.

PEACOX ATTACK ON WIFE TOLD IN COURT ROOM

Officer Reveals Confession Story of Radio Salesman Now on Trial for His Life

COURT HOUSE, WHITE PLAINS, N. Y., Sept. 20 (UP) — Captain Michael Silverstein, Mount Vernon policeman, today resumed the witness stand in the trial of Earl P. Peacox to conclude his account of the youth's oral confession to him of how he slew his young wife, Dorothy.

The supreme court room again was crowded.

Silverstein Wednesday gave Peacox' account of the the scuffle in the apartment of how he hit her over the head with the butt of a revolver and then choked her to stifle her screams. These acts, the defense says, were done during moments of insane hatred, but the state, seeking to send the lean, pallid youth to the electric chair, insists they were premeditated.

"Peacox told me that he drove down the parkway to the home of his mother-in-law, (Mrs. Alphonse Heinzelmann of Bronxville) after leaving the body in the woods," Captain Silverstein testified today. "He said the thought of leaving the body there preyed upon his mind for several days. He was afraid it would be found and identified. So several days later, on Saturday, I think he said, he got a milk bottle and bought a quart of kerosene.

"Then he went back to the body and sprinkled the kerosene on it. He said he struck a match and dropped it on the body and it burst into flames. He heard a couple of automobiles going past, and so he went out and got into his car and drove to his mother-in-law's home in Bronxville. Where Mrs. Heinzelmann and his Aunt Ida fixed up breakfast for him."

Here is Majestic's challenge to the whole world of radio: Go to your radio dealer today and have him put a Majestic set side-by-side with any other radio no matter how costly, have him connect both to the same aerial with switch to operate them alternately. Now make this side-by-side test under precisely the same conditions, considering each of these seven essential points:
1. Tone—at every degree of volume.
2. Sensitivity—ability to bring in distant stations clearly at good volume.
3. Selectivity—test each for sharp separation of stations.
4. Ease of control—listen and compare for simplicity.
5. Beauty—of design, of woods, of finish. Watch details. Run your hand over each.
6. Reliability—look inside and compare for extra power, size and strength.
7. Quiet—Operation—free from A C hum, sputter and all background noise.

What could be fairer than this side-by-side test? Time after time we have said, "You cannot buy a better radio than Majestic at any price." This side-by-side test will prove it. Let your own ears and eyes decide. Any dealer will help you make this test. See him today.

Today's Markets and Financial News

WHEAT FUTURES DROP AT CLOSE

CHICAGO, Sept. 20 (UP) — Wheat futures closed at the bottom of their range today and at the lowest in considerable time. Late trading consisted largely of changing operations among Chicago operators, the December delivery losing most as that month was sold and May bought. Lack of cables reporting the rains in both Argentina and Australia of little benefit brought no support to the market. Corn and oats finished fractionally lower due to the action of wheat.

At the close wheat was 1¼ to 1⅝c lower, corn was off ⅞c to 1c and oats were ½ to ¾c lower. Provisions also finished weak.

Cash wheat prices were ½ to 1c lower. Receipts were 40 cars.

Cash corn was unchanged. Receipts were 203 cars.

Cash oats were unchanged. Receipts were 46 cars.

GRAIN RANGE

HEAVY LOSS ON STOCK MARKET

NEW YORK, Sept. 20 (UP)—An aggressive bear attack in the final hour of trading caused a sweeping decline in prices on the stock exchange today and destroyed most of the gains accumulated in the earlier part of the week.

After the market had fluctuated in a nervous manner through the first four hours of trading, an avalanche of selling orders in Steel common, General Motors and other physicals forced wide open breaks in these issues. Losses running down to 7 points were quickly attained.

WOOL

NEW YORK, Sept. 20 (UP)—Domestic wool prices are still below the parity of foreign prices on comparable qualities, according to the consensus of opinion of prominent observers and operators, states in this market, but indications point to pick up slightly as a result of clearing away of the uncertainty which has saw material prices abroad and in the domestic goods market.

WEATHER UNSETTLED

WASHINGTON, Sept. 20 (UP)—The weather can be located conditions remain unsettled between Porto Rico and Bermuda, the U. S. weather bureau here reported today.

MONTANA WEATHER

Unsettled tonight and Saturday, little change in temperature.

POTATOES

IDAHO POTATOES

IDAHO FALLS, Sept. 20 (Special) Thursday clear and warm, haulings limited, demand very light, market slightly weaker. Carlands f. o. b. cash track, very few sales U. S. No. 1 Russets $1.60 to $1.80. Russets warehouse regraded mostly 2c, with an occasional car higher.

CASH WHEAT

PORTLAND, Ore., Sept. 20 (UP)—Wheat, Bluff, hard white $1.32½; soft white $1.27; western white $1.27; hard winter $1.29; northern spring $1.29; western red $1.29.

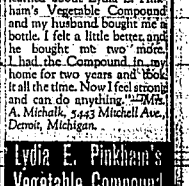
SUIT IN EQUITY FILED

SALT LAKE CITY, Utah, Sept. 20 (UP)—A suit in equity was the first action in a local battle in western states, particularly Utah and Idaho, to enforce an act of congress withdrawing land adjacent to springs and waterholes, has been filed in federal court.

BULLETIN

LONDON, Sept. 20 (UP)—Dispatches received by the Daily Express from its Vienna correspondent reported today that the inhabitants of the Austrian capital had passed a night of panic because of an ultimatum delivered by the Heimwehr organization threatening to precipitate a civil war if the government refused to reform the constitution.

The Heimwehr represents a movement akin to Fascism. Its aims to oust the Socialists from power and procure a revision of the constitution in conformance more or less with extreme nationalist principles.



AFTER OPERATIONS

"It was three times under an operation and I was very weak and nervous and could not sleep. I suffered for two years. I learned about Lydia E. Pinkham's Vegetable Compound and my husband bought me a bottle. I felt a little better, and he bought me two more. I had the Compound in my home for two years and took it all the time. Now I feel strong and can do anything."—Mrs. A. Michalk, 5443 Mitchell Ave., Detroit, Michigan.

EAST ENTRANCE TO YELLOWSTONE CLOSING TODAY

Other Roads Will Remain Open As Long as Weather Permits Hotels to Close There Today

Yellowstone Park, Wyoming, September 2. (Special)—In view of the fact that construction work is in operation on the East Entrance road in Yellowstone National Park, this road will be closed to the traveling public at the close of September 20. The terms of the contract on the job provide that the road will be closed to traffic on this date. Northbound travel from Cody to the Lake or the Yellowstone will cease operations on September 20, but informal accommodations will be available in the park as long as the roads are open. The housekeeping cabins at the main point of interest will be kept open until October 1. The general stores at Old Faithful and Lake will have lodging and feeding accomodations available for late visitors. The general stores and gasoline filling stations will be kept open as long as travel continues. Weather conditions are very uncertain in the park after the 20th of September.

TWIN FALLS COUNTY CONSTITUTION WEEK OBSERVED

FILER, September 20 (Special)—A delightful meeting of the Filer Kiwanis Club and sumptous dinner were enjoyed in the basement of the Methodist Church on Tuesday evening at which the wives of Filer Kiwanis were guests. Club singing was led by John Olmsted, Mrs. E. A. Beem, pianist. During the dinner hour piano music was furnished by Miss Dorothy Goode.

Guests present from out of town were John Graham and Martin J. Sweeley, of Twin Falls, and Judge Hugh A. Baker of Burley. Mr. Graham placed before the meeting the name of M. J. Sweeley for Kiwanis Governor of the Utah-Idaho district and Mr. Sweeley was unanimously endorsed by the Filer Club.

President Guy H. Shearer at the close of the luncheon hour asked W. M. Bunce, chairman of public affairs committee, to announce the following programs: "The Meaning of Constitution Week," Guy H. Shearer, club president; recitation by all, "Preamble to the Constitution," short addresses, "Citizenship Policy of Kiwanis Club International," Rev. Hamilton, who conducts the ship," Judge Hugh A. Baker, Rotarian; recitation by all "The American Creed; song "America the Beautiful," double quarte:.

Mr. and Mrs. Ray Shearer, Mrs. Mary Shearer, of Callom, Illinois, Mr. and Mrs. Guy Shearer and daughter, Mr. and Mrs. John Shearer, of Callom, Illinois, held a picnic dinner at the fair grounds Sunday.

Mr. and Mrs. H. E. Hammerquist and family and Mr. and Mrs. Grover Beem and family returned Sunday from a trip to Lake Tahoe, California.

Dr. and Mrs. T. L. Carmoy and family spent Sunday afternoon at the home of Mr. and Mrs. Fred Drake of Twin Falls.

Mr. C. W. Case left for Dillon, Montana, Monday morning to transact business.

Mr. and Mrs. W. M. Bunce and family motored to the Pines Sunday.

Friends of Mrs. W. A. Shear, of Burley, will be glad to learn that she is recuperating after her recent illness.

Mr. and Mrs. E. H. Lindamood, of Decatur, Illinois, who have been guests at the E. S. LaTine home, left for Illinois Thursday.

Mr. and Mrs. J. M. Boner, of Gooding, spent Sunday with Mr. and Mrs. Marvin Canlon.

Miss Erma Allen, who is teaching in Melon Valley, spent the week end with her parents, Mr. and Mrs. L. D. Allen.

The Girl Reserves held a meeting at the High School Saturday afternoon at which the Twin Falls District Cabinets were present. Punch was served by the Filer Cabinet at the close of a pleasant and profitable afternoon.

Messrs Potter, Raymond Graves, Roland Graves, and Dr. M. J. Goode, were fishing at Silver Creek Sunday.

Small Lima beans—D. E. Stacy, Hazerman.

Single ear last year Yellow Dent P. C. Boss, Buhl.

RURAL NEW YORKER BLAMES ZEPPELIN FOR BIG DROUGHT

ALBANY, N. Y., (UP) — The Graf Zeppelin and a belief that the Gulf stream is changing its course, stand out in a list of carries for the recent drought, the worst in New York state in 75 years, in the popular mind, according to Gustave G. Lindgren, government Weather Forecaster here.

"That big Zeppelin is the cause for this; it soaked up all the moisture," complained one rural voice over the telephone when the forecaster was unable to promise rain.

Even if the Gulf stream disappeared altogether it would affect climate in this section of the country but little, Lindgren said, as prevailing winds are from the west and weather more influenced by the Pacific ocean than the Atlantic.

EVERYBODY'S TROUBLE

Willie: Pa, what is a grasshopper?

Pa: Thee damnest dull lawn mower of ours!—Judge.

WHY, YOU IDIOT!!

Herbert: Would you marry an idiot for the sake of his money?

Rita: Oh, this is so sudden.—Answers.

Peddling scandal is a waste of energy. Put it in book form and become famous and rich.

Visitor, to little Dorothy: Why, Dorothy, aren't you selfish to sit there with your feet in that nice warm begraklin rug; why don't you put the rug under grandma's feet?

Little Dorothy: Huh! Cause there ain't any hole in the carpet under grandma's feet—that's why.

Drunk—"Shay, where does Tom Maloney live?"

Friend: "Why, you're Tom, old boy."

Drunk: "Shure, but where does he live?"

Even before telephones were invented the young man who went with a young lady very long was expected to line her up.

A woman who speaks twelve languages has married a man who speaks seventeen. That should be about the right handicap.

The manufacturers of safety matches should equip the package with a drip pan to catch the fiery shower that fills the clothing with small round holes which we hope to blame upon moths.

A pretty girl wearing the very latest in bathing suits, was sitting on the beach when a young man approached her, took off his hat, remarking that it was a fine day.

"How dare you speak to me!" said the girl indignantly. "I don't know you from Adam."

"Well," returned the young man, unconcernedly, "I would hardly know you from Eve."

Our society reporter says ankle bouquets are the latest. She didn't state whether the flowers were to be Johnny-jump-ups, or Toue' mehnots.

Dorothy is broad-minded enough to venture that five or six wishes might be in order after that.

Marie: "If you could have two wishes, what would they be?"

Viola: "Well, I'd wish for a husband."

Marie: "That's one."

Viola: "And then, I'd save the other till I saw how he turned out."

Correct this sentence: I really believes our gas meter runs too slowly.

TWIN FALLS COUNTY Farmers Report: Good Bean Yield

MOUNTAIN VIEW, Sept. 20 (Special)—Bean threshing has been going on for the past week with very good yields. Peaches are being picked in the Big Orchard, Twin Falls Heights. Apple picking will probably start next week on the Jonathans. A large crop is predicted in this part of the country with a light crop in the east, so prices are somewhat higher than usual.

Mr. and Mrs. Frank Tolbert of Center, Iowa, and Mr. and Mrs. Perry Tolbert from Brokenridge, Minn., are here visiting their sister, Mrs. J. F. Cordes and family this week.

L. M. Hoehn has sold his ranch four miles south and one mile east of Twin Falls and is planning to leave as soon as the crops are off for Oregon to spend the winter together with his family and plans to return in the spring to find a smaller place.

Mrs. Norman Alsberry and Mrs. Leonard Smith from Los Angeles are visiting their father, Conrad Smith, and their sisters, Mrs. Robert Booth and Mrs. Elord Handy, and their brothers, Vern and Clarence Smith.
