DEFENSE USES PHYSICIAN IN ARBUCKLE CASE

Medical Man Says He Observed No Special Injury or Indication of Pain when Attending Miss Rappe

SAN FRANCISCO, Cal., (AP) — Dr. Olav Kaarboe was the first witness called today by the defense in the trial of Roscoe C. (Fatty) Arbuckle, charged with manslaughter in the death of Virginia Rappe, as a result of a party held in Arbuckle's rooms in the Hotel St. Francis, Labor day.

Rules Out Conversation.

He testified he attended Miss Rappe after the party. Attempts by the defense to have Dr. Kaarboe detail a conversation with Miss Rappe and Mrs. Bambina Maude Delmonte, who was with her, was ruled out upon objection of the prosecution on the ground that such conversation would constitute hearsay regarding the injury.

Dr. Kaarboe testified he asked Miss Rappe if she was injured and she turned her head toward the pillow in a manner that he took to be a negative answer to his question. He observed no expressions of pain on her face and an examination of her body revealed no special injury.

The court announced he had selected Dr. D. M. Ervin as one of three experts to examine the bladder of Miss Rappe whose death resulted from a ruptured bladder. The defense and prosecution named experts.

Flashback on Stand.

Fred Fischback, a friend of Arbuckle who occupied with Arbuckle the Hotel St. Francis room in which the comedian is alleged to have fatally injured Miss Virginia Rappe, told of inviting Miss Rappe and Mrs. Delmont and Alfred Semnacher to the party in the Arbuckle suite in the hotel September 5.

After extending his invitations he went on an automobile ride and returned later to find Miss Rappe in a hysterical condition on a bed in Arbuckle's room, he said, and relieved her by lifting her up in a manner that would lessen the blood pressure on her abdomen which she said was paining her. He then assisted in putting Miss Rappe into a bath. She appeared to be in a stupor. She did not wish to be put into the bath, he said.

Vague as to Bath

He told of summoning the hotel's assistant manager and of continuing to administer to the girl. He did not know whether the bath into which Miss Rappe was put was hot, lukewarm or cold.

Fischback said he never took a drink or smoke in his life.

"Both myself and my wife have been Mr. Arbuckle's guests and which I considered an honor," he said.

"Suffering From Liquor"

Miss Rappe did not appear to be in pain but "seemed suffering from liquor," he said. An unsigned statement he is alleged to have made to the district attorney in which he said "she was still in agony" was read by the prosecution. He admitted having made the statement but qualified his testimony by saying that the statement as produced "was not exactly as he made it originally." He said today that he "did not believe he used the word agony."

"You either made or did not make the statement, which is it?" the court asked.

"The statement read today is not my exact statement," he answered.

Miss Rappe Made Noises.

Miss Rappe "made noises but I do not know whether you would call it groaning or shrieking or what it was" he answered in response to a prosecution question.

He was still on the stand at the noon recess.

Shop Craft Unions Prepare to Demand Increase in Wages

Meet Railway Operators' Proposal for Reduction with the Claim for More Pay

CHICAGO, (AP) — While railroads in every part of the United States were calling conferences with their employes to propose a reduction of wages, international officials of the six shop crafts affiliated with the railway employes department of the American Federation of Labor today were preparing their demands for wage increases of 5 cents an hour over the rates established by the railroad labor board's $600,000,000 wage award of July 20, 1920.

These demands will be presented at a series of conferences requested of the individual roads to be held on December 20.

SENATE ADOPTS NEW TAX BILL

Revenue Measure Passes by a Vote of 39 to 29 and Goes to White House

WASHINGTON, D. C., (AP)—The tax revision bill became law late today, President Harding signing it at the capital during the closing hour of the special session of congress.

WASHINGTON, D. C., (AP) — Final enactment of the tax revision bill was accomplished today with the acceptance by the senate of the conference report on the measure. The bill now goes to the president, whose signature will make it law.

Six Republicans Oppose.

The vote on agreeing to the conference report was 39 to 29 with six republicans opposing the report and one democrat supporting it. The republican votes were Borah, Ladd, LaFollette, Moses, Norbeck and Norris. The democrat was Broussard.

Makes Sweeping changes.

This is the bill which repeals the excess profits and transportation taxes, does away with most of the so-called nuisance and luxury taxes, reduces individual taxes all along the line and increases the corporation income tax from 10 per cent to 12 1-2 per cent.

Earthquake Tremors are Felt in Wyoming

SHERIDAN, Wyo., (AP)—Earthquake tremors were felt in the Big Horn mountains in Sheridan county at nine o'clock today, according to telephone reports received from inhabitants of mountain resorts. The tremors lasted several seconds, windows of houses were rattled violently while dishes in others were reported to have crashed from shelves.

JAIL SENTENCE IS IMPOSED ON TRADE COMBINE

New York Court Imposes Severe Penalty on Men who Pleaded Guilty to Violating Anti-Trust Measure

NEW YORK, (AP) — Four active members of the Tile, Grate and Mantel Manufacturers and Dealers' association, who were among those who pleaded guilty last week to violating the Sherman anti-trust law today were given jail sentences by Federal Judge Van Fleet. F. H. Nobbe, Arthur Shillstone and Albert Schalle were sentenced to four months in the Essex county (New Jersey) jail and fined $4000 each. Herman Petri was sentenced to two months in the same jail and fined $3000.

Other Defendants Fined.

Twenty-nine other defendants were fined sums ranging from $500 to $5000. Eleven corporations, composing the combine were fined $4000 each and six others were fined from $500 to $2500.

Indications were that as a result of the sentences, violators of the anti-trust measure would actually serve time behind prison bars for the first time since passage of the Sherman act.

United States Attorney Hayward declared that the quartet soon would be on their way to the Essex county jail, because it would be impossible for them to appeal from the sentence after having pleaded guilty.

Forms Landmark.

Declaring that today's jail sentences formed a landmark in anti-trust enforcement in the United States, Mr. Hayward said:

"Although the Sherman anti-trust law has been on the statute books since July 2, 1890, no prison term has ever been served. Hitherto, while criminal prosecutions have been brought from time to time, judges have been unwilling to enforce the law by prison sentence.

Only Two Similar Cases.

"Imprisonment has been imposed in only three cases; The turpentine trust in Georgia, the officers of the National Cash Register company in Ohio, and the night riders in the tobacco regions of Kentucky.

"In both the turpentine case and the cash register case, the judgments of the lower courts were reversed, and in the night riders' case, the precedent of the United States pardoned the convicted defendants after their sentences had been upheld by the circuit court of appeals."

Judge Van Fleet, in pronouncing sentence today, said he took into consideration the fact that the men had pleaded guilty.

IDAHO WEATHER.

Tonight and Thursday unsettled, probably occasional rain or snow, colder south portion tonight.

BRIAND IS CONTENT WITH VERBAL EXPRESSIONS OF SYMPATHY WITH POLICIES

Premier, on Eve of Return to France, Reiterates Military Problems of His Government in Brief Statement Before Armament Conference; No Definite Statement of Policy Results; Sub-Committees to Take Up Details

EFFORT TO ADD TO SCOPE OF FAR EASTERN DECLARATION IS LIKELY

WASHINGTON, D. C., (AP) — The delegations of the five powers discussed land armament today but no definite declaration of policy resulted from their deliberations.

No Proposals Offered.

None of the powers, it was understood, presented any proposal looking toward a concrete pronouncement supporting the French attitude toward army reduction as outlined to the full conference in plenary session Monday by Premier Briand.

The debate led the delegates into a consideration of specific problems of land armaments and it was decided to appoint sub-committees to deal with such subjects as airplanes, poisonous gases and other auxiliary means of warfare.

Briand Reiterates Position.

Premier Briand attending his last meeting of the armament group before his departure for France made a brief presentation of the exact position of his government, and it was said that a general discussion followed along the lines of that in which the powers expressed general appreciation of the French position at Monday's session.

After the two hours and a half session was over the French premier, despite the failure to make a joint declaration of policy, expressed general satisfaction with the direction the discussions had taken.

It was also indicated by the French delegates that M. Briand would return to France confident that his nation's attitude had the sympathetic understanding of the other national groups and that France had nothing to fear from subsequent negotiations on land armaments.

Heads of delegations of the five powers agreed to meet later in the day to form the sub-committees and to consider duties of the sub-committees.

Members of all nine delegations had prepared additional data for use when the committee of the whole on the Far Eastern problem assembled again late in the day. It was indicated that the Far Eastern meeting probably would develop an effort to include additional declarations of policy in the Root resolution already adopted.

HARDING SIGNS ANTI-BEER BILL

Gives Approval to Measure Closing Gap in Nation's Prohibition Laws

WASHINGTON, D. C., (AP) — The anti-medical beer bill was signed today by President Harding.

Signature of the bill on which congressional action was completed last Friday automatically closed the gap in the nation's prohibition laws revealed last March by Attorney General Palmer in an opinion that there was nothing in the Volstead act to preclude the prescription of beer as medicine.

Treasury regulations making prescription of beer possible were issued last month but only about half a dozen brewers have obtained permits to manufacture beer for medicinal purposes.

Limits Prescriptions.

The bill signed today in addition to outlawing medical beer, provides that not more than one-fourth gallon of vinous liquor, or vinous or spirituous liquors, separately or in the aggregate containing more than one-half pint of alcohol, may be prescribed in ten days; that physicians shall be limited to 100 prescriptions for such liquor in 90 days unless extraordinary reason is presented; that importation of spirituous or vinous liquor is prohibited until the amount on hand shall not be sufficient to supply the current need for non-beverage uses; that private residences may not be searched without a search warrant, and that the courts of Hawaii and the Virgin Islands are given jurisdiction to enforce the national prohibition act.

In observance of the Thanksgiving holiday, activities at The News office will be suspended Thursday and no issue of The News will be published on that day.

MARINE OPENS FIRE ON MEN AT MAIL CAR DOOR

One Man Drops Off Train Under Rain of Bullets and Another Taken Prisoner

PITTSBURGH, Pa., (AP) — Private Wasserman, United States marine corps, guarding Baltimore and Ohio mail train No. 9, from Washington to Pittsburgh, early today near Washington Junction, Md., discovered two men at the door of a mail car. He fired on them with his shotgun. One man dropped off the train and the other swung out on the hand rail of the car. He later was captured and brought to jail here.

According to Captain Herbert Hardy commanding the postal guard in the Pittsburgh district, Private Wasserman reported to him that soon after the train left Washington he thought he saw someone on top of one of the mail cars. He gained an advantageous position and swept the top of the car with fire, but did not know whether he had hit anyone as the train was in motion.

A little later, Captain Hardy said, Wasserman saw two men on the platform of a mail car and fired on them. One dropped off the train and the other was taken prisoner.

ADMITS KILLING YOUNG MOTHER FOR SMALL SUM

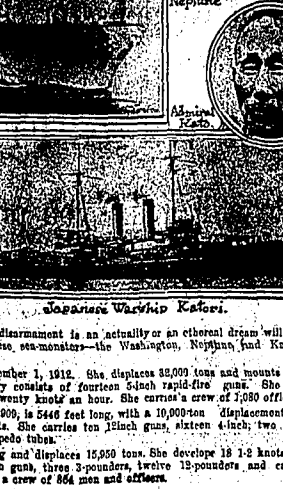
Christmas Savings Amounting to $65 Lead Brother in Law to Commit Murder

CHICAGO, (AP) — Thomas Catherwood, arrested yesterday charged with the murder of his sister-in-law, Mrs. Betty Sharples, 22, confessed early today, according to the police. Robbery was the motive ascribed by the police when her bank book, which had contained $65, was found partly burned in the kitchen stove. Her husband said she had been saving this sum for Christmas shopping.

She was found strangled when her husband returned from work. By her side was her baby in its crib. In her lap was some fancy work she was making for Christmas presents.

A short while later the police arrested Thomas Catherwood on suspicion and held him after a five-foot cord was found in his pocket. In the knots of the cord, according to the police, were long black hairs similar to Mrs. Sharples' hair.

Three Warships U. S. Would Scrap



The "Naval Holiday" suggested by Secretary of State Charles E. Hughes would mean the scrapping of such first-line vessels as the American battleship Washington, sister of the Maryland and the West Virginia and one of the largest and most powerful superdreadnoughts ever built for the United States navy. The Hughes plan would also call for scrapping of the British gunboat H. M. S. Neptune and the Japanese warship Katori.

Secretary Hughes, Baron Kato and Arthur Balfour constitute the "Big Three" at the Washington parley and whether disarmament is an actuality or an ethereal dream will depend upon whether they reach an agreement to consign these sea-monsters—the Washington, Neptune and Katori—to the junk heap.

The U. S. S. Washington was launched September 1, 1912. She displaces 32,600 tons and mounts eight 16-inch guns in her main battery. Her secondary battery consists of fourteen 5-inch rapid-fire guns. She has 28,000 horsepower, is electrically driven and develops twenty knots an hour. She carries a crew of 1,080 officers and men.

H. M. S. Neptune, launched September 30, 1909, is 5446 feet long, with a 10,000-ton displacement. She has 28,000 horsepower and averages twenty-one knots. She carries ten 12inch guns, sixteen 4-inch; two 3-pound anti-aircraft guns, five machine guns and several torpedo tubes.

The Katori, built July 4, 1905, is 455 feet long and displaces 15,950 tons. She develops 18 1-2 knots. She mounts four 12-inch guns, four 10-inch and twelve 6-inch guns, three 3-pounders, twelve 12-pounders and carries numerous torpedo tubes, five submerged. She carries a crew of 864 men and officers.

DISORDERS IN BELFAST SWELL TOLL OF DEATH

Foreman is Picked Off by Sniper; Workmen's Cars Make Way Through the Streets Without Lights

BELFAST, (AP) — Belfast's long list of fatalities as the result of factional rioting began to grow early today, one victim being added almost at the outset to the 13 killed in outbreaks attending the assumption of governmental powers by the new Ulster parliament yesterday.

Fears of further trouble were realized by the time activities were on in Dock street, a foreman who was engaging laborers there for the shipyards being picked off by a sniper.

Meanwhile precautionary measures for safety were being taken by the working population, workmen's cars in the early hours proceeding without lights.

LONDON PRESS GUIDED BY SYMPATHIES IN FIXING BLAME

LONDON, (AP) — Dispatches to the London press from Belfast place the blame for the rioting there, according to the sympathy of the respective newspapers. Accounts of the disorders suggest that the aggression was reciprocal and due to the over-existing rancor between the nationalists and orangemen.

The total casualties up to midnight stood at 13 persons dead with more than 50 seriously wounded in the hospitals.

BURNING PRISON SCENE OF DESPERATE FIGHT FOR LIBERTY

GALWAY, Ireland, (AP) — Forty political prisoners confined in the prison here rushed the wardens today while a fire of uncertain origin was blazing in two sections of the structure. The men seized the keys and barricaded themselves with six warders in another part of the prison.

ALTERNATIVE PROPOSALS ARE SUBMITTED TO SINN FEIN

LONDON, (AP) — Representatives of the government and of the Sinn Fein met in Downing street today. Prime Minister Lloyd George, Viscount Birkenhead, the Lord chancellor, Sir Arthur Griffith and Michael Collins, the Dail Eireann delegates, who were accompanied to the prime minister's official residence by Eamon J. Dugan.

The government at today's conference put before the Sinn Fein various alternative proposals for meeting Ulster's objection to the proposed all-Ireland parliament, as well as a suggestion that Ulster be left temporarily as she is while the rest of Ireland receives fiscal autonomy, which would make its taxation less than that of Ulster.

The Sinn Fein publicity department, however, declares the Dail Eireann can consent to none of these plans. The Sinn Fein objects strongly to any proposal which would leave Ulster, or any part of it outside the Irish system.

Ulster would only discuss an all-Ireland parliament, it is declared, on the condition that the six counties had is such a parliament, the same representation as the remaining 26 counties.

SKIPPER PRAISES WIFE FOR CONDUCT IN MUTINY

Woman Gives Husband His Gun and Holds Wheel While the Men Grapple

BOSTON, Mass., (AP)—Captain Geo. F. Poppe, skipper of the schooner Lillian E. Korr, came to the federal court today with charges of mutiny on the high seas against Frank Howell, a negro sailor; and with high praise for the conduct of his wife, Mrs. Edna Poppe, during what he said was his fight for life with Howell.

Mrs. Poppe held the wheel of the vessel while the men fought, Howell with a knife, her husband with a pistol, Captain Poppe said. Mrs. Poppe has sailed with her husband four years.

Howell was shot in the back. He was at the city hospital today under police guard.

Captain Poppe said that after he found Howell asleep across the wheel on November 13, Howell attacked him with a knife.

Mrs. Poppe gave her husband his gun and the skipper said he shot Howell when he was attacked a second time.

The seaman said Captain Poppe fired first.

SCHEDULE SENATE CONTEST

Ford-Newberry Election Contest to be Disposed of in January

WASHINGTON, D. C., (AP) — The senate today agreed to dispose of the Ford-Newberry senatorial election contest early in January. The agreement, which was by unanimous consent, provides that the election case shall be considered to the exclusion of all else on the fourth calendar day on which the senate is in session after January 1, and to limit debate after two days of general discussion.

ALLIES STUDY RESOURCES OF LATE ENEMIES

Reparations Commission Sub-Committee Prosecutes Investigation of Nation's Ability to Meet Payment

BERLIN, (AP)—A vast mass of material on German raw materials, productivity, labor, wages and the country's financial status is being gathered by the members of the guaranties commission, the sub-committee of the reparations commission now in Berlin.

Almost daily consultations are being held with various government officials as well as financial and industrial leaders as to the prospects of Germany meeting her $100,000,000 gold installment to the allied powers on January 15 and in some of these conferences, Roland W. Boyden and Colonel James A. Logan, the unofficial American representatives, are having a part. The second of four installments, another $100,000,000, is due next April.

Inflation Creates Problem.

The commissioners are expected to remain here until December 1 when they will go back to Paris to report to the full reparations commission. One of the most important phases of their investigation has been currency inflation and the decline of the mark. It is interesting to note that since the reparations payments began last May the outstanding paper money circulation in Germany jumped from 69,724,403,000 marks to 91,347,101,000 marks for the week ending October 31.

A comparison with pre-war issues shows even more pronouncedly the extent of inflation. For instance, in the week ending July 25, 1912, the paper money issue aggregated only 1,064,200,000 marks. The same week of 1913 it was 1,826,920,000 marks and in 1914 it was 1,990,895,000. The week of November 6, 1916, it had jumped to 7,246,200,000. The same week a year later it was 10,493,740,000 marks and two years later it had gone to 16,059,260,000. The week of May 24, 1919, it was 27,286,480,000 and the same week in 1920 it reached 19,127,540,000 marks.

Inquire Into Caches.

A recent statement by Dr. Friedrich Rosen, former foreign minister, that the amount of German property sequestered in various countries is sufficient to meet her reparations obligations has been the subject of discussions. The United States at one time possessed $150,000,000 worth of property belonging to the German government. Representation by Dr. Bernhard Dernburg that only "an indeterminate moratorium" can save Germany from ruin are also being looked into as well as the recent negotiations here between Baron Anthony Rothschild of London and German bankers regarding a proposed loan of $500,000,000, in 3 per cent 35-year bonds with amortization provisions.

Has Wide Influence.

The decline in the value of the German mark, normally worth 23.8 cents before the war, to a fraction of a cent and, perhaps, "the vanishing point," greatly complicates the financial outlook of every nation in the world.

The "tobogganing" of the mark has been attributed by German financiers to the forced payments on the allied reparations of $31,750,000,000, while others see in their almost negligible value the result of unsound finance, cut-throat export sales and the rush of the German masses to the stores to exchange their almost worthless currency for any and every kind of commodity. German printing presses have been so busy putting out paper marks (10,915,500,000 were issued in one recent month) that some of the currency has appeared engraved on only one side.

It has been said that Germany does not possess one-half of one per cent of the gold required to meet her tons and tons of paper obligations. Representatives of the government of France, as an indication of this, recently arranged terms with Germany at a conference in Weisbaden by which Germany has agreed to deliver seven billion gold marks worth of building material. German bankers have repeatedly urged the necessity for an international conference and the declaration of a three-year moratorium to enable Germany to recover her equilibrium.

Trickery Suspected.

Many allied economists, however, maintain that the depreciation of the mark has been artificially brought about by the machination and trickery of German financiers. They point out that Germany is much more prosperous in comparison with other European countries and that, while there is a great contrast between the extremes of wealth and poverty in Germany, speculators are making millions and nearly everyone is at work even if at low wages.

The sub-committee, known as the guarantee commission of the reparations commission, has gone to Berlin to investigate whether German marks really have any value. In event of finding them worthless, all foreign trading with Germany conducted on a paper currency basis, will cease and the Ebert government may face such a crisis as will necessitate new action by the allied powers. Prior to the war German marks in New York were third in importance in foreign exchange transactions, the British pound sterling and the French franc being first and second, respectively.

Germany's Promises.

Since Germany agreed to the allied reparations terms last May the following dates and amounts were fixed for payments:

June 1—One billion gold marks to the reparations commission.

July 1—Delivery to the commission of bonds for twelve billion gold marks.

July 15—First quarterly payment of annual sum of two billion gold marks.

August 15—First quarterly payment of the 26 per cent of the value of German exports.

October 15—Second quarterly payment of annual sum of two billion gold marks.

November 1—Delivery to the reparations commission of bonds for thirty-eight billion gold marks; also bonds without coupons attached for eighty-two billion gold marks.

November 15—Second quarterly payment of the 26 per cent of the value of German exports.

The guaranties commission now in Berlin is composed of M. Mauclere of France, its chairman, and M. Bemelmans, vice-chairman. Other members are Sir Hugh G. Levick, Great Britain; Signor Dameglio, Italy; M. Sokiba, Japan; M. Tiourtch, Jugo-slavia, and Roland W. Boyden and James A. Logan, unofficial representation, United States.

Commissions Duties.

The duties of the commission are described under eight heads as follows:

"First — To insure enforcement of articles 241 and 248 of the treaty of Versailles.

"Second — To supervise the collection of German customs, export taxes and other revenues for the payment of reparations.

"This — To see that Germany supplies funds for the interest on reparation bonds.

"Fourth — To watch German legislation so that the revenue is not diminished, to require Germany to submit to such measures for approval and also to require new income if the old source of income are abandoned.

"Fifth — To determine if German resources devoted to the interest on bonds are adequate.

"Sixth — To examine the German fiscal system in the name of the reparations commission.

"Seventh — To check and correct, if necessary, the German figures on exports on which a 26 per cent tax is collectible.

"Eighth — To take any other measures deemed necessary to assure fulfillment of its mission, without, however, interfering with the German administration."

RAILWAY BILL DECISION RELIEVES MONEY MARKET

Removal of Demand for Passage of Refunding Measure Has Cheering Influence in Financial Circles

WASHINGTON, (AP)—Easier conditions in the money market has resulted in a decision by the administration not to press the bill authorizing refundings of railroad indebtedness to the treasury.

President Harding was said in official quarters today to have found his authority under existing law sufficient to meet the requirements of railroad financing while great investment demands have furnished a ready market for securities which the treasury received from the railroads as the result of credit interchanges.

HELIGOLAND AT VERGE OF RUIN

Demolition of Great German Fortress Likely to be Completed by Spring

LONDON, (AP)—The great German fortress of Heligoland probably will be completely demolished by next April. Its demolition has been in progress for two years under the supervision of an inter-allied commission headed by Admiral Sir Edward Charlton, who is said to be satisfied that the island fortress can never again be a menace to the allies.

Allied Inspection Scheduled.

When the work of destruction is complete, it will be inspected by the commission and then the island is to be handed back to Germany, under the provisions of the peace treaty.

The commission has taken nothing for granted but naval officers have watched the great guns cut into pieces and have demanded that the scrap metal be produced when the Germans reported that they had destroyed cartridges, cases, fuses, etc. Besides, they have personally watched the burning of vast stores of explosives. It is understood that Admiral Charlton is satisfied that very little in the way of warlike stores can have been concealed by the Germans.

Gun Emplacements Destroyed.

The gun emplacements and harbor works have been destroyed and batteries of howitzers and aircraft guns demolished.

To make certain that Heligoland cannot again be utilized as a site upon which to build a harbor for warships, the commission has placed blocks of stone and concrete about the bed of the harbor so that dredging will not be possible. Eventually it is believed the harbor will be destroyed by the sea.

MINNEAPOLIS, Minn. (AP)—A manual textbook, dealing with the operation of the entire postoffice department and methods of utilizing the gigantic postal system, is being prepared by a committee here, for introduction in the grade schools of this state with the hope of ultimately establishing this book in every public educational institution in the United States. It is hoped to instruct children while they are young how to use the postoffice, in an effort to lessen the mistakes which are costing the government millions of dollars.

Phillip E. Carlson of this city, president of the Minnesota Educational association, is head of the committee which is drawing up the textbook. Approval of the undertaking has been given by Postmaster General Will Hays, who, after the manual is completed, will give his and the department's authorization to use the book in the public schools, according to Postmaster E. A. Purdy of Minneapolis, president of the National Association of Postmasters.

The National Association of Postmasters is pledged to the move, the head of the organization announced.

Mr. Carlson declared, that not enough attention was given to the postal subject at educational meetings, and he announced that at the next annual convention of the organization, this subject would hold an important place.

"Lack of knowledge of how to use the postoffice properly is causing the government millions of dollars," said Mr. Purdy. "The instruction which this book proposes to give, will obviate, to a great degree, many of the improperly made out money orders, registered mail losses, improperly addressed letters and packages, destruction of merchandise by faulty packing, and the like."

Completion of the textbook probably will be after the first of the year.

(By FIRST NIGHTER.)

The Idaho offers for the holidays one of the best bills of the season with William Farnum in "His Greatest Sacrifice," as a feature, sharing honors with Harold Lloyd in "Among Those Present," a three-reeler, said to be one of his best.

Charles Ray will entertain the movie fans at the New Orpheum today and tomorrow in James Whitcomb Riley's, "The Old Swimming Hole." Advance notices proclaim this film the best that this popular star has made in a long time. A comedy, and a Pathe Review complete this holiday bill.

The Rialto with Neal Hart in "Danger Valley" has one of the latest of western thrillers. A clever vaudeville act, and Harry Sweet in a knockout two-part comedy complete a bill that is bound to please all.

IDAHO STATE EXECUTIVE TO MEET WITH GOVERNORS

D. W. Davis is One of Twenty-One Chief Executive Officers to Accept Invitation

CHARLESTON, S. C., (AP)—Twenty-one governors have declared their purpose of attending the sessions of the house of governors here December 6, 6 and 7.

They include Davis, Idaho; Mabey, Utah; Dixon, Montana, and Carey, Wyoming.

A reception on board the cruiser Rochester and a review of men from the Atlantic destroyer squadron, cadets of the citadel and national guard companies are on the tentative program.

Union Pacific Asks Permission to Acquire Saratoga Line

WASHINGTON, D. C., (AP) — The Union Pacific railroad tought permission from the interstate commerce commission today to acquire the Saratoga and Encampment railroad, a short line entirely within the state of Wyoming.

In another petition filed with the commission the Nevada-California-Oregon railroad sought authority to abandon its narrow gauge railroad line running between Hackstaff and Lakeview on the Oregon-California border. Operating expenses for several years, the railroad said, exceeded the income.

BIG DOLL FREE

Can You Solve the Dolly PUZZLE?

In the picture of Dolly on the left is a number of hidden faces. See how many you can find. Some are looking at you—some show sides or faces—you'll find them upside down; in the folds of Dolly's dress, and every way. Mark each face you find with an X. If you find 8 hidden faces you have solved the Dolly Puzzle.

I Have a Big Doll Like This for You

This is not a cloth doll to stuff, but a regular baby doll. She stands nearly half a yard high and is all dressed up in a dear little "go-to-school" dress. You'll be the proudest girl in the neighborhood with a nice sleeping dolly like this. The big blue eyes which open and shut, the peaches and cream complexion and the little rosebud mouth make this handsomest and sweetest doll you could possibly imagine. You'll just love her to death, she is so cute and pretty.

Every Little Girl Can Have One of These Big Sleeping Dolls for Her Very Own.

Mark all the faces you can find. Don't give up too easily, if at first you find it a little hard to solve the puzzle. When you have found 8 faces, write your name and address on the coupon, clip out Dolly's picture and mail without delay with the Puzzle Coupon below for my Big Free Doll Offer.

Quality Coal

We notice there is quite a bit of talk about QUALITY COAL. We go them one better, we will give you both QUALITY and QUANTITY.

Some dealers are trying to convey the idea that they have SPRING CANYON COAL.

Some families have SOME GOOD BOYS and SOME BAD BOYS. This is true of coal mined in SPRING CANYON, UTAH.

There is some coal mined in Spring Canyon that we would not attempt to sell, on account of the quality. There is only one

Jessie Knights Spring Canyon Coal, And We Have It For Sale.

When we hear them say "There is better coal than Jessie Knights Spring Canyon coal mined in Utah, it reminds us of the nigger on trial. The Judge admonished to tell the truth and NOTHING BUT THE TRUTH. The nigger said: "Jedge, you better take another look at me and then imagine otherwise."

STORES CLOSE AS CHURCHES OBSERVE DAY

Business Houses to Suspend Labor Thanksgiving—Special Services Planned

With celebration of high mass at 9 o'clock, Thanksgiving will be observed at St. Edward's Catholic church. The Rev. Remi S. Keyser will give an address appropriate to the occasion and the music, too, will be of a pertinent character. There will be no other formal service during the day in observance of the holiday.

In the Lutheran church the Rev. John Ghring will deliver a Thanksgiving address on the topic, "Godliness with Contentment Is Great Gain." No special program of music has been prepared for the service, but congregational selections will be of an appropriate order. This service is scheduled for 10:30 a. m.

Arrangements have been made for a regular Thanksgiving meeting in the Christian Science church at 11 a. m. tomorrow, with an address by an authorized reader on the Thanksgiving subject. These services are separate from the regular annual Union Thanksgiving services, to be held in the Christian church.

As a general rule stores and other mercantile establishments will remain closed throughout the holiday. For the benefit of shoppers, however, arrangements have been made for observance of a longer day today. Private and public offices will be closed all day, with the postoffices observing holiday hours as to deliveries of mail. Judge A. Bailey Lee will hold no session of the district court until Friday morning, the holiday becoming effective with adjournment at 5 this afternoon. Judge Lee will spend the holiday at home in Burley.

The municipal and county buildings will be closed all day, it is stated.

PISCOPALIANS WILL CELEBRATE EUCHARIST

Communion Service to be Outstanding Feature of Church Thanksgiving Morning

Special services of the Eucharist will be observed at the Church of the Ascension, beginning at 10 o'clock tomorrow morning, with the Rev. Charles Glenn Baird, rector, in charge of the celebration.

DAKOTA SEATS NEW OFFICIALS

Successful Candidates in Recall Election Sworn In; Court Denies Petition

BISMARCK, N. D., (AP)—R. A. Nestos of Minot was inaugurated as North Dakota's thirteenth governor here at 3 o'clock this afternoon. Sworn into office with him at the same time were Sveinbjorn Johnson as attorney general and Joseph A. Kitchin as commissioner of agriculture and labor, all of whom were named to office at the recent recall election.

The three, elected with indorsement of the Independent Voters' association, will succeed Governor Lynn J. Frazier, Attorney General William Lemke and Commissioner J. N. Hagan, Non-partisans.

A petition charging the election was illegal was denied late yesterday by the state supreme court.

Today's Markets

ADVERSE CROP REPORTS SEND WHEAT PRICES UP

CHICAGO, (AP)—Unfavorable crop reports from Argentina together with higher prices at Buenos Aires had a bullish influence during the early trading today in the wheat market here. Besides, there were London reports of activity in buying on the part of Japanese. Offerings here were meager. Opening quotations which ranged from 3-8 to 7-8c higher with December $1.00 3-4 to 1.10 and May $1.11 5-8 to 1.11 7-8 were followed by moderate additional upturns.

Subsequently higher quotations at Liverpool, continued drouth southwest, and export sales at the gulf of Mexico kept the market pointed upward most of the time. The close was unsettled, 1 to 2 1-2c net higher, with December $1.10 3-8 to 1.10 1-2 and May $1.13 1-4 to 1.13 1-2.

Corn and oats reflected the action of wheat. Corn opened unchanged to 3-8c higher, May 54 5-8 to 54 3-4c, and then scored gains all around.

For the first time in several weeks December corn sold at 50c and above. The close was firm, 3-8 to 1-2 to 7-8c net higher, with May 55 to 55 1-8c to 55 1-8c.

Oats after starting a shade to 1-4 to 3-8c up, May 38 to 38 1-8c; continued to harden.

Higher quotations on hogs helped give a lift to provisions.

Poultry — Alive higher; fowls 12 to 20c; springs 17 1-2c; turkeys 38c; roosters 13c.

Omaha Livestock

OMAHA, Neb., (AP) — Hogs — Receipts 6,500; active, steady to 10c higher; bulk, medium and light butchers $6.40 to 6.60; top $6.70; bulk, stronger weights and mixed grades $6 to 6.35.

Cattle — Receipts 4,000; best steers steady to weak; no choice fed steers here; she-stock 15 to 25c lower; bulls and veals steady; stockers and feeders dull.

Sheep — Receipts 2,500; lambs fully 25c higher; fed clipped lambs $8.60; fed wooled $9; sheep and feeders strong; best feeding lambs here $8.10.

New York Stock Market

NEW YORK, (AP)—Renewed buying of Liberty bonds in several instances at the year's highest prices, was the feature of the day on the stock exchange. Representative stocks were dull and again lacked a definite trend. Sales approximated 650,000 shares.

The usual irregular price changes occurred at the opening of today's stock market, although gains predominated. Shorts covered in oils, especially the foreign division which strengthened index load of Mexican Petroleum common and preferred. Pan-American Petroleum and Royal Dutch, Mercantile Marine preferred, American Ice preferred and New York Airbrake also were strong. Gulf States Steel eased on realizing sales and Retail Stores was most reactionary of the specialties. Rails and representatives industrials were neglected in the early dealings.

Utilities and speculative rails were bid up in the final hour but the 4 1-2 per cent money rate elicited no response to the usual leaders. The closing was irregular. Government bonds were strong and railroad bonds continued to improve.

Potatoes

CHICAGO, (AP)—Potatoes weak; receipts 84 cars; total U. S. shipments 879; Minnesota and Michigan, sacked and bulk, Round White $1.25 to 1.50 cwt.; Idaho sacked Russets $2.40 cwt.; Minnesota and North Dakota, sacked and bulk Red River $1.35 to 1.40 cwt.; Wisconsin, sacked and bulk Round White $1.65 to 1.75 cwt.

FIERY, ITCHY SKIN QUICKLY SOOTHED WITH SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Mentho-Sulphur may be had at any good drug store.—adv.

A SEVEN-PART PRODUCTION

Every happy recollection, every laughing memory of boyhood days, every fight, every prank, every trick that you used to play, is brought back by Charles Ray in his picturization of James Whitcomb Riley's old-home poem, "The Old Swimmin' Hole." It has caught the spirit of the Riley classic; it reflects it throughout six wonderful reels of humor and happiness, without the necessity for one single sub-title. That is a real achievement.

SOCIETY

An excellent program featured the "Praise Meeting" of the Presbyterian Missionary society held in the parlors of the church yesterday afternoon. In the absence of the president, Mrs. J. D. Barnhart, Mrs. G. M. Hall presided. The devotional services were impressively conducted by Mrs. M. J. Sweeley. The musical features included solos by Mrs. James Hall, Miss Gladys Orr accompanist, and Mrs. Gladys Chrisco, Mrs. Jerry Siggins accompanist. Miss Orr and Mrs. Siggins rendered piano solos that were received with appreciation. The roll call, response was given in quotations that expressed the spirit of thanksgiving and helpfulness which was further stressed by Miss Hilda Holderman in the charming manner in which she rendered "The Vision of Sir Launfal." Mrs. David Brown discussed customs and people of Siam, and Mrs. L. F. Bracken reminded her hearers of the numerous blessings for which the American woman should be thankful, which the speaker said could be summed up in the two words, "our country." Hostesses in charge of the social hour were Residents A. R. Scott, William Scott, Charles Jones, V. E. Morgan and W. H. Pattou, who served refreshments, Mrs. William Scott and Mrs. Morgan pouring.

Miss Ruby Butler of Rock Creek and Fred Hoops of Hollister were united in marriage Monday evening at 7:30 at the Methodist parsonage, the Rev. E. L. White performing the ceremony. They were attended by Miss Jennie Hoops and Mrs. C. L. Hafer. The young people will make their home in Hollister.

Mr. and Mrs. E. L. Turner, Mr. and Mrs. P. H. Stowell and Mr. and Mrs. W. R. McFarland were hosts at a dancing party in the amusement room of the Reed apartments last evening. Punch was served through the evening and refreshments at the close.

Luncheon and social diversions provided the amusement for the regular Pan-Hellenic club which met Monday evening with Miss Ruth Way, Miss Helen Bate and Miss Newman as hostesses. Plans are being laid for observance of the Christmas holidays with a program of special merit.

Mrs. P. H. Stowell, nee Miss Lessie McFarland, was the recipient of many gifts of linen at a shower given her by members of the Amoma class of the Baptist Sunday school Monday evening at her home in the Reed apartments. The affair was a surprise to Mrs. Stowell, and the guests who were all fellow members of her Sunday school class remained to spend the evening.

The M. C. B. club met with Mrs. M. L. House in the Reed apartments yesterday.

TRANSCRIPT IS PREPARED IN OWENS' APPEALED CASE

C. L. Bowen, deputy clerk of the district court, has completed transcript of the testimony adduced in a hearing of the Thomas Owens action against the Idaho Farm Development company and the Idaho Construction company. This transcript goes to the supreme court on appeal taken from the local court's decision in the case.

Decision of the lower court favored the plaintiff on default in the original finding but defendants came into court with a motion to have the verdict set aside, this being granted by Judge W. A. Babcock. Plaintiff appeals on the ground that all court proceedings, in the original case were regular and legal.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.—adv.

LET US GIVE THANKS

America this year has real cause for thanksgiving. The past year has been one of trials and tribulations and what at times seemed staggering problems for all the peoples of the earth, but our own difficulties have been the least of all. As another year draws near hope is raised to a new height in all the nations that the greatest burden of all is about to be lifted and this, above everything, should be cause for thanksgiving in every American home.

Of all the peoples of the earth the Americans again on this Thanksgiving Day appear to be the favored. While famine stalked through other lands, plenty has ruled in America. Never was there a time in our history when collections had to be taken up in other lands to relieve distress in the United States. Through immigrants helping the folks they left behind and through general benevolence, it has always been a case of aid going out from here.

On this Thanksgiving Day, while there are calls for relief from millions in other countries, the Americans, as usual are in the midst of plenty. While America is recovering from abnormal conditions of the war, internal and racial strife, disease and famine still beset many a European land. And there is no better way for Americans to show thankfulness for what they have received than to share with those who are in distress.

Observance of the last Thursday in November as "a day of thanksgiving and prayer" is dependent in no degree upon the customary proclamation by the President, but we should be sensible of a loss were an executive to omit its issuance. This exclusively American day is, indeed, as firmly fixed as is Christmas. But it is good to have the chief administrative officer of the Nation review, if ever so briefly, the blessings that have been so abundantly bestowed upon us. Let us all hearken to the President's call and give thanks for the blessings we have enjoyed.

GOOD WORK

Representation of scenes and episodes of American history, such as is contemplated in plans for the Pilgrim Pageant to be staged here soon by women of the Twentieth Century club cannot but make for development of the best features of what is roughly known as Americanism.

A whole lot of time and effort and expense has been put into the undertaking by the club women. It is to be hoped that they will reap a material reward in addition to the sense of good work well done that is certain to be their portion.

FOREST ROADS

Just how much of the appropriation of fifteen million dollars lately authorized by the federal government for the construction of roads in and adjacent to government forest reserves is to be allotted to Twin Falls county has not yet been determined; but it is certain that Twin Falls county will not be overlooked when it comes to the parcelling out of the fund.

No district probably among those to share in the appropriation is in better shape to make use of the money. Here plans and surveys for the guidance of the road builders are already completed and on file in the offices of the highway district.

Probability of carrying at least some of these plans into execution by use of federal funds should be a matter of gratification and encouragement to the people of this district.

More Truth Than Poetry

FAREWELL TO AMERICAN "HUMOR"

— By E. S. KISER

REFORM is marching onward, folks,
And daily it is growing stronger;
Cut out the Prohibition jokes,
We can't allow them any longer.
They'll presently impound you where
The culprits serve laboriously
If when a hootch gag's pulled you dare
To laugh thereat uproariously.

YOU mustn't speak about home brew,
Except in accents that are sober;
You'll go to jail if lightly you
Refer to ale (hic) brown October!
Let not your risibles be stirred,
But look as if you listened wearily
When stage "comedians" are heard
In efforts to be mirthful heerily.

IF Smith takes home a pair of shoes
Packed in a box that looks suspicious
Don't jerk a joke concerning booze;
Such merriment's considered vicious.
When Jones falls down the cellar stairs
Choke back the ready witticism,
Or you will find yourself in snares—
You'll not get off with criticism.

YOU'LL rue it if you ever scream
With laughter at bootlegging brother;
When that crime's mentioned try to seem
As sad as if you'd lost your mother.
If moonshine, applejack and rum
Cause others to haw-haw deliriously
Remain sedate; the time has come
For taking Prohibition seriously.

NOTICE OF SHERIFF'S SALE ON FORECLOSURE

In the District Court of the Eleventh Judicial District, State of Idaho, in and for the County of Twin Falls.

Equitable Savings and Loan Association, a corporation, Plaintiff,
vs.
Owen Kinter and Dell Kinter, his wife; Bank of Rogerson, a corporation; First National Bank of Buhl, a corporation; and Twin Falls Canal Company, a corporation, Defendants

Under and by virtue of an order of sale and decree of foreclosure, issued out of the District Court of the Eleventh Judicial District, in and for the County of Twin Falls, State of Idaho, in the case of Equitable Savings and Loan Association, a corporation, plaintiff, vs. Owen Kinter and Dell Kinter, his wife, Bank of Rogerson, a corporation, First National Bank of Buhl, a corporation, and Twin Falls Canal Company, a corporation, defendants, on the 13th day of November, 1921, in the above entitled action, wherein defendant, Bank of Rogerson, a corporation, defendant and cross-complainant, obtained a decree of foreclosure against defendants, Owen Kinter and Dell Kinter, his wife, First National Bank of Buhl, a corporation, which said decree of foreclosure was recorded in Judgment Book 7 of the said Court at Page 107, I am commanded to sell all that certain lot, piece or parcel of land, situated in the County of Twin Falls and State of Idaho, and bounded and described as follows, to-wit:

Southwest quarter (SW 1/4) of Section Sixteen (16), Township Nine (9) South, Range Fifteen (15) East of the Boise Meridian, together with the tenements, hereditaments and appurtenances thereto belonging, or in any wise appertaining.

Notice is hereby given, that on the 20th day of December, 1921, at 2:00 o'clock p. m. of that day, in front of the east door of the court house, in the City of Twin Falls, County of Twin Falls and State of Idaho, I will in obedience to said order of sale and decree of foreclosure, in favor of the Bank of Rogerson, a corporation, defendant and cross-complainant, and against Owen Kinter and Dell Kinter, his wife, and First National Bank of Buhl, sell the above described property, or so much thereof as may be necessary to satisfy the plaintiff's decree, with interest thereon and costs, to the highest bidder for cash, lawful money of the United States.

OPERATORS CLOSE DOWN TWO MORE COAL MINES

Suspend Operations in Properties where Employes are on Sympathetic Strike

WALSENBURG, Colo., (AP)—The Colorado Fuel and Iron company Tuesday formally declared closed the Cameron and Picton mines in Huerfano county where employes were on sympathetic strike.

This action followed the formal shutdown of company mines in Fremont and Gunnison counties Monday, where the men also were on a strike in sympathy with the workers in thirteen mines in Huerfano and Las Animas counties. The strike of miners in Huerfano and Las Animas counties against a 30 per cent wage cut resulted in a declaration of martial law by Governor Oliver H. Shoup in Huerfano county.

A company announcement explaining the shutdown of mines affected by the sympathetic strike said the action was taken because the miners had failed to report for work for three days.

Increased numbers of miners were at work Tuesday in Huerfano and Las Animas counties, according to company officials.

Production figures for Morley, Sopris, Frederick, Tabasco and Toller mines in Las Animas county showed 3,010 tons of coal taken out yesterday, according to company figures. In the Huerfano county district, the Lester, Ideal, Walsen, Robinson No. 1 and Robinson No. 2 and Kebler No. 2 miner, according to the company, produced 1,207 tons of coal.

Proclamations were issued by military authorities Tuesday calling upon citizens of this county, where martial law is in effect, to surrender arms and ammunition within two days. Failure to do so would result in confiscation, the military announced.

Military authorities granted permission to local unions of the miners to hold their weekly meetings. Organizers were told, however, that they could not conduct such meetings. Union officials will be permitted to preside at these meetings and organizers may attend, the union men were told.

What People Like Best

For a good many years we have studied to learn just what people like best in a bank. And we think you'll find here a number of services of the kind you expect from your ideal of a bank.

The atmosphere is friendly—you are made to feel at home here. When you need competent help or advice, our officers are on call. At the same time, you can come and go as you please. One is made to feel that this is his or her bank—where the interests are mutual, where every effort shows that patronage is appreciated.

You will like in our bank service the same things that others like best.

A Service Station for Business

We like to think of this Institution as a business service station—where anyone can come for advice and assistance in order that his business may run just as smoothly as possible.

We give good service—not only to our "regular customers", but to those who stop in for emergency assistance.

In fact, that's the way we gain "regulars"—by always giving the kind of service that brings them back for more.

Reserves

Many corporations and business men have been able to weather the late year of strain because of reserves which they had built from previous years. Such a reserve is useless unless it can be turned to account when needed.

The Twin Falls Tract is now harvesting what will probably be the largest crop it has produced. There will be many farmers again in possession of surplus funds. Now is the time to start such a reserve.

SON OF WIZARD JAKE SCHAEFER BEATS CHAMPION

"Young Jake" Wallops Willie Hoppe 400 Points to 26 in Single Cue Match

CHICAGO, (AP) — The world's 18.2 balkline billiard championship will be decided today when "Young Jake" Schaefer, son of "Old Jake," who was virtually invincible years ago, will try to repeat his victory of last night over Willie Hoppe, present title holder and for a decade looked on as unbeatable.

Schaefer gave Hoppe his first beating since 1912 and the worst in his career when he overwhelmed the champion last night, 400 to 26, and went into a tie with him for first place in the international tournament held here.

Tonight's match is an extra contest to break the tie and will be at five hundred points instead of four hundred, the number played in the regular matches.

RIVAL TEAMS CONFIDENT.

Confidence of victory in their clash tomorrow afternoon at Filer, is expressed by both Filer and Wendell high school football teams. The game is to determine second honors for the district. The game is to start at 2:30 o'clock. There will be no advance in the admission fee. A large crowd is expected.

PUNTS AND PASSES

(By FULLBACK.)

The team got away this morning at 6:30 o'clock in autos for Bliss, from which town they will take the train for Boise. Nineteen players, the manager and Coach Evans are making the trip.

The boys were out last evening for a final workout, and although the field was muddy, they showed plenty of speed. Coach Evans was very much pleased with results obtained, but as usual, had very little to say concerning his team's chances of beating Boise.

Craven Scott who has been nursing a sore toe for a week, was out last evening, so the team is fixed for a center.

Cliff Fix has shown great improvement with his injured knee and will be among those present at the Capital city.

Len Scott is back again, his side being o. k. once more. Len has had a good rest, and should play a real game tomorrow.

A big crowd of fans is leaving on this evening's train for Boise, to cheer the boys to victory.

Those that Coach Evans has picked to make the trip are: Puckett, Thomotz Jamison, ends; Putzier, Nicholson, Frazelle, Fletcher, tackles; Flynn, Leiser, guards; C. Scott, Denton, centers; Fix (captain), Selfley, quarterbacks; Houghtelin, Lyons, Selck, King, halfbacks; L. Scott, Robinson, fullbacks; Eddie Hodges, business manager; Clinton Evans, coach.

BOXERS HARD AT WORK.

Both Van Slycke and Welty, main event men in the boxing bill scheduled to be staged here Friday evening, are hard at work this afternoon in preparation for the tilt. The bouts will start at 8 o'clock in the Lavering theater with Jim Orwig officiating as referee.

Here are the records of the principals in the main event:

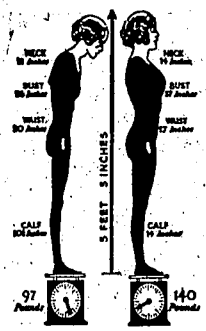
How Yeast Vitamon Tablets Put On Firm Flesh



Strengthen The Nerves and Invigorate The Body—Easy And Economical To Take—Results Surprisingly Quick.

If you want to put some firm, healthy flesh on your bones, increase your nerve force and power, clear your skin and complexion and look and feel 100 per cent better, simply try taking two of Mastin's tiny VITAMON Tablets with each meal and watch results. Mastin's VITA-MON Tablets contain highly concentrated yeast-vitamines as well as the two other still more important vitamines (Fat Soluble A and Water Soluble C) and are now being used by thousands. Mastin's VITAMON Tablets never cause gas or upset the stomach but, on the contrary, improve digestion. Be sure to remember the name—Mastin's VI-TA-MON—the original and genuine yeast-vitamine tablet. There is nothing else like it, so do not accept imitations or substitutes. You can get Mastin's VITA-MON Tablets at all good druggists.

CREAM CLEARS A STUFFED-UP HEAD

Instantly Opens Every Air Passage—Clears Throat

If your nostrils are clogged and your head is stuffed because of nasty catarrh or a cold, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen, inflamed membranes and you get instant relief.

Try this. Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more hawking and snuffing. Count fifty. All the stuffiness, dryness, struggling for breath is gone. You feel fine.—adv.

MEXICAN'S ASSAILANTS GET FAST COURT ACTION

Highwaymen Plead Guilty to Robbery and Are Sentenced to Prison Terms

Facing Judge T. Bailey Lee in the district court late yesterday afternoon George Miller, James Crawfield and Henry Thompson, accused of robbing and shooting a Mexican laborer at Eden on Sunday night, each entered pleas of guilty. Following the pleading the men waived statutory time for sentences and asked that the court pronounce penalty immediately. Judge Lee sentenced each man to serve an indeterminate term of from five years to life in the state penitentiary. Their victim will recover, it is said.

The three culprits were brought to Twin Falls by Sheriff White of Jerome, and were returned to that place in his custody after the court had passed sentence. They will be taken to the state penitentiary at Boise immediately.

SALVATION ARMY MADE RELIEF CLEARING HOUSE

All Charity to be Disposed Through Booth Organization; Purdy Chairman

At an annual meeting of the General Relief society, held last night, the following officers were elected, to have charge of the executive affairs of the association the coming year:

Captain J. F. Purdy, of the Salvation Army, chairman; H. R. Grant, treasurer; W. F. Edwards, secretary. The meeting also formulated plans for carrying on relief in this city and district. Through operation of these plans it is expected to reduce duplication of charity effort to the minimum. The Salvation Army is to be made the relief clearing house of the area over which the association watches.

CLEANUP SQUAD COMING BACK FOR TWO DAYS HERE

Veterans' Bureau Representatives to Meet Again with Service Men

Returning from Filer and Buhl where it has spent the past week, the veterans' bureau "clean-up squad" will arrive here tomorrow to spend Friday and Saturday assisting former service men in the presentation of their claims upon the federal government and make examinations in cases of disability resulting from service. Offices of the Red Cross in the Power building will be placed at the disposal of the squad.

TWIN FALLS TEACHERS TO ATTEND CONVENTION

Noted Figures in Educational World Are Scheduled to Appear at Sessions of State Association

Annual meeting of the State Teachers association will convene in Boise Thursday evening. The Friday session will feature David Starr Jordan, former president of Leland Stanford university, E. A. Bryan, commissioner of education, and Miss Ethel Redfield, state superintendent of education also appear on the program, and Miss Deborah Davis of the faculty of the Boise high school will discuss the Idaho statute which provides for a teachers' retirement fund. A banquet to the visitors Friday evening is the courtesy offered by the Boise Chamber of Commerce. The meetings are largely attended by the principals and superintendents of schools, and the programs deal with the problems especially pertinent to administrative positions and general school problems. Among those attending from Twin Falls are Superintendent M. C. Mitchell, principal A. E. Karnes, Brittomart Wolfe, county superintendent of schools, Misses Mary Ruth Fisher, Elizabeth Shotwell, Nelda Pokel and Thais Plaisted.

MEXICAN MOONSHINERS ADMIT TRUTH OF CHARGE

Darel and Moreno Held to District Court for Trial—Larceny Denied

To answer a charge of illegal possession of intoxicating liquor, Jose Darel and Pedro Moreno, Mexicans, arrested on Sunday night by the chief of police, John M. Beck, have been held to the district court by order of Judge O. F. Duvall, of the probate court. The men appeared yesterday afternoon for arraignment and pleaded guilty to a charge lodged against them by the prosecuting attorney, Frank L. Stephan.

Darel and Moreno were given in charge of the police authorities by George W. Rice, night watchman in the wholesale district. Rice detected the men as they emerged from an alley carrying a laden sack between them. Investigation of the sack revealed a five-gallon keg of "moonshine" whiskey within. The Mexicans have refused to reveal their source of "moonshine" supply.

Immediately following arraignment of Darel and Moreno, Carlos Perez and Pedro Irajo were arraigned before Judge O. F. Duvall to answer charge of grand larceny. They denied the charge and are held for hearing on Monday at 2 p. m. These men are charged with stealing a suitcase and other property from a room in the Keith house last Saturday night. They are said to have attempted to make sale of the property to Harry Lucas, a secondhand man, who delivered the Mexicans into custody of the sheriff.

TOLLIVER TO PREACH THANKSGIVING SERMON

Baptist Minister Will Occupy Pulpit at Annual Union Service Tomorrow

The regular annual Union Thanksgiving services will be held this year in the Christian church. The Rev. W. W. Burks, of that church, will preside. The festival is scheduled to open at 10:30 o'clock with various ministers, representing evangelical denominations participating in pulpit and platform ritual.

The Rev. W. H. Tolliver of the First Baptist church has been invited to preach the occasional sermon. The Rev. E. L. White of the First Methodist church, will offer the prayer, and the Rev. Charles W. Ronk, pastor of the Brethren church, will read the lessons of the day.

Supporting the platform exercises the choir of the Christian church, directed by Mrs. Jerry Siggins, will provide special music, including an anthem, "O Be Joyful in the Lord," composition by Lewis. Mrs. Siggins was recently appointed pianist and choir director to succeed James B. Hall. The latter will have charge of the music at the Presbyterian church.

PRESBYTERIAN MEN MEET

Regular Monthly Sessions are Resumed by Brotherhood Members

Resuming the regular monthly meetings for the winter, members of the Presbyterian Brotherhood met at dinner in the church dining-room at 6:30 o'clock last evening. About 50 were in attendance to enjoy a steak dinner provided by the women of the congregation. Several songs by James Hall, accompanied by Mrs. Hall, were heartily applauded. The first business of the evening was the election of Charles E. Rowcliffe as representative of the Brotherhood on the board of the welfare committee. Mr. Rowcliffe departed early to attend the session of that body which was called for last evening. Discussion of church business and finance occupied the attention of the members during the rest of the meeting. Adjournment was taken until the third Tuesday evening in December.

MRS. RICHARDSON GUILTY SO JURY IN CASE AVERS

Woman's Use of Gun Against Ditch Rider Brings Shadow of Penitentiary

At a few minutes before last midnight the jury, to which was instructed the duty of procuring a verdict in the state's case against Clara Richardson, brought in a finding against the defendant. The woman is to be taken into court on Friday morning for sentence by Judge T. Bailey Lee.

The Richardson case was one in which Frank L. Stephan, prosecuting attorney, acting for the state, charged assault with a deadly weapon. A. H. Bothwell, a ditch rider, was the complaining witness. The litigants are residents of Milner.

A hen and four chickens are said to have been primarily responsible for the trouble from which court action arose. Testimony went to show that early in the summer Mrs. Richardson impounded the hen and her brood after they had strayed from the Bothwell place. When Bothwell demanded return of the property, according to testimony Mrs. Richardson produced a revolver and shot Bothwell in the leg. The injured man was a hospital patient for some weeks.

Presentation of evidence consumed two days, the case going to the jury at 9:30 last night.
