ministration Planners plit on Foreign Spending

WASHINGTON, Dec. 4 (AP)—A report on the behind-the-scenes dispute among President Eisenhower's administration officials who are strengthening the nation's anti-communism program in preparation for a fight in the capitol hill.

Mansfield, D. Mont., said the dispute among some administration officials over a new Asian aid program is a price for "running scared of dollars." He said any program of such spending it "would be beyond comprehension and, if it is, beyond the comprehension of the people."

President Eisenhower's top economic advisers were reported split on how much the country can best share with other countries, especially in the battle against communism.

Reports said Harold Stassen, foreign operations administrator, favored large-scale grants in-aid programs, while Secretary of the Treasury Humphrey is strongly opposed to more Marshall plan gifts of any considerable size.

Humphrey was represented as favoring foreign economic assistance, but believes it should be forthcoming chiefly through the resources of the government-owned Export-Import bank, the 57-nation World bank, and the proposed 100-million dollar International Finance corporation. The latter would get its funds from World bank members, with the United States putting up 35 million dollars.

No decision has yet been made by President Eisenhower. But Mansfield said the administration appears to be laying the groundwork to continue Stassen's foreign operations administration "for still another year," despite congressional declarations last summer and in 1953 that the agency should be abolished.

Mansfield, a member of the senate foreign relations committee, also said European nations like Britain and France should share much of the aid program. In this respect he and Stassen are agreed.

Although Mansfield said he understood some officials favored a huge new aid program, it is understood that at the present time at least, the Humphrey line of thinking has ascendancy.

Brush With Death Comes When Hunting Boat Sinks

BURLEY, Dec. 4—"The next boat I get for duck hunting will be about three times as big as the last one and absolutely unsinkable!"

This comment came from Goss Gordon as he sat propped up in a warm, clean bed at the Cottage hospital here Friday evening and, reflected on the freezing, wet predawn ordeal he survived earlier in the day.

Gordon, 33, and his wife, Josephine, were pulled from the soft ooze along the north shore of Milner lake in a nick of time Friday morning after their boat had capsized. The two were hauled to safety by Edwin Bench, 23, who first dropped his latrine over Mrs. Gordon and then, with the aid of a pole, crawled out onto the mud to fasten his rope around Gordon.

Mr. and Mrs. Gordon and a friend, Walt Goodine, 35, of Eden, had set out on a duck hunting expedition on the reservoir above Milner dam around 8 a. m. The Gordons had left their two children, Charles, 8, and David, 4, at home in bed.

The trio launched the boat, which Gordon had purchased from an acquaintance the day before, around 5:30 a. m. Into it they loaded their shotguns and other gear and started the outboard motor. The boat has an aluminum shell with square ends sloping under. It is about four and one-half feet wide and 11 feet long.

"She sure looked good and safe to me when I bought her," Gordon said.

Gordon sat in the rear, his wife beside him, and guided the craft towards the middle of the reservoir.

U.S. Moves To Release 11 Airmen

UNITED NATIONS, Dec. 4 (AP)—The United States demanded prompt and decisive action by the United Nations today to obtain the release of 11 American fliers and other U. N. prisoners still held by red China.

An official memorandum charged the Chinese communist action in holding the American fliers was "a clear-cut violation of the Korean armistice agreement."

U. N. executives scheduled a steering committee meeting for Monday to consider the demands.

Henry Cabot Lodge, Jr., chief U. S. delegate, presented the request for quick action to Secretary-General Dag Hammarskjold and Assembly President Dr. Eelco N. Van Kleffens of The Netherlands.

The steering committee will take up Lodge's plea for a debate to be held quickly by the 60-nation assembly itself instead of routing it first through the main political committee.

The United States and its 15 allies in Korea carefully discussed the step before Lodge came in with his letter, approved by the other countries, asking the assembly to make a special agenda item of the "complaint of detention and imprisonment of U. N. military personnel in violation of the Korean armistice agreement."

Actually the Peiping regime had announced it was holding 13 American, but not the U. S. complaint dealt only with the 11 fliers. Two civilians held along with them were excluded because the U. N. had no jurisdiction over them.

Russia's delegate, Arkady Sobolev, told reporters he would not comment until he had a chance to read the U. S. letter and memorandum.

The 16 allies planned to meet Monday to frame the resolution they will ask the assembly to adopt.

Lodge's memorandum did not say exactly what steps will be asked. It did not indicate what other U. N. personnel were involved, but the U. S. had charged previously that hundreds were being held.

U.N. Approves Ike's Nuclear Sharing Plan

UNITED NATIONS, N. Y., Dec. 4 (AP)—By a rare unanimous vote, the U. N. general assembly today endorsed President Eisenhower's atoms-for-peace program and expressed hope it would be put into operation without delay.

For the second time in the ninth general assembly, the United States and the Soviet Union voted together—but only after Russia had lost a fight to link the program with the security council and the big power veto.

Only the five Soviet bloc countries favored this link; the West firmly opposed it.

Vote Hailed

Eelco N. Van Kleffens, assembly president, hailed the unanimous vote and said the entire world will rejoice that the assembly has paved the way for achievements on a question that claims the interest in all countries of the citizens who hold the general welfare at heart.

One month ago the United States and Russia joined the 58 other U. N. members in a vote giving the U. N. disarmament commission a fresh start on work on a project for regulation and limitation of conventional armaments and prohibition of atomic weapons with adequate controls.

One year ago the United States and Russia shelved the disarmament commission and its subcommittee, its activities and its problems [illegible] the 10-nation disarmament group.

The resolution gave final U. N. approval, noted that negotiations are in progress for the establishment of an international atomic energy agency "to facilitate the use by the entire world of atomic energy for peaceful purposes" and expressed the hope the agency "will be established without delay."

Welker Notes Censure Vote 'No Surprise'

WASHINGTON, Dec. 4 (Special)—Sen. Herman Welker says that the senate's 67 to 22 vote to censure Joseph McCarthy was a "purely political verdict which came as no surprise to anyone."

In an interview Friday after the special session had adjourned, the junior Idaho senator said, "When you have the entire Democratic party going down the line against you disregarding all law and precedent, you can't expect anything else."

Welker said the censure affair "did not involve McCarthy personally."

"It was a matter which might involve any senator in the years to come. It (the vote) established a precedent according to which any senator might be censured for words he spoke prior to his election by the people of a sovereign state."

Welker said the senate had also "established a precedent under which a senator can be censured for words' spoken on the floor of the senate, or radio or television, or even in a political campaign.

"In my experience on the floor," Welker said, "I have heard other

Idaho Parley Of League to Be Held Here

State board members of the League of Women Voters made preliminary plans for the state convention Saturday morning at the city hall.

The third annual state convention will be held May 12-14 in Twin Falls. The state board is slated to meet the morning of May 12 with convention sessions beginning at 2 p.m. Two outstanding speakers on league topics will be scheduled.

Mrs. John Homer, Idaho Falls, state president, announces two new members to the state board, Mrs. Stephen Wyssmann, Twin Falls, [illegible] Eldon Jackson, [illegible] organizational [illegible] Jackson replaces Mrs. R. L. Sweet, Twin Falls, who resigned to maintain the non-partisan policy of the league, which provides no leader of a member of the family be active in political parties.

It was announced three committees, nominating, budget and legislative, will meet Jan. 14 in Boise with the state board meeting slated for the next day.

Mrs. Clyde Rosendaul, Twin Falls, is reported head of the nominating committee and Mrs. James Gunderson, Nampa, legislative. The budget committee is composed of presidents of the seven leagues of Idaho.

The meeting followed the state board institute Friday conducted by Irene Sweeney, Washington, D. C., national organizational secretary.

Demos Avow Not to Usurp Ike's Powers

NEW ORLEANS, Dec. 4 (AP)—Adlai Stevenson pledged today Democrats will not encroach on President Eisenhower's executive powers, but he said Republicans can expect "honest criticism" if they inject politics into foreign policy.

Speaking to about 1,000 of the party faithful at a $100-a-plate dinner, the 1952 presidential nominee cast the Democrats in the role of "loyal opposition" to the Eisenhower administration.

"I am sure that the great majority of Democrats and of independent voters agree in wanting this (GOP) administration to succeed as it never has before in its task of defending the security and prosperity of our own people and of expanding the hopeful freedom and justice for all peoples," Stevenson said.

Stevenson said that Democrats who won control of congress in last month's elections, "do not propose to usurp the powers and responsibilities of the Republican executive."

Urging bipartisanship in foreign policy decisions, Stevenson said "appeasing Republican leaders at home in nonessentials had priority over recognizing realities abroad."

He said that such bipartisanship "must mean, first of all . . . the elimination of domestic politics from conduct of foreign affairs."

Stevenson spoke after the Democratic national committee had elected Paul M. Butler, Indiana member, as its new chairman in a four-man race to succeed retiring Stephen A. Mitchell.

Stevenson said Butler, whose candidacy reportedly was opposed by former President Harry Truman, "has the confidence of the entire party."

No Indictment Seen Possible After Hearing

WASHINGTON, Dec. 4 (AP)—Justice department lawyers were reported today to have decided that no perjury prosecutions will be undertaken as a result of the clashing testimony in the army-McCarthy hearings of last spring.

The case, which played at center stage in public and televised settings from late April until mid-June, is being laid aside on a finding that it would be impractical if not impossible, to get an indictment from a grand jury on the maze of conflicting statements.

Officials, the justice department says the whole matter is still under study. But officials say a lengthy study of the hearing transcript has led to the conclusion that if false statements were made, the evidence to support a prosecution in court just isn't available.

The outcome of the department's scrutiny of the testimony was kept pretty closely under wraps while the senate prepared for and finally held its vote on censuring McCarthy, which resulted two days ago in senate condemnation of certain conduct of Sen. Joseph R. McCarthy.

The spring hearings, before a committee headed by Senator Mundt, R., S. D., were concerned with these two principal questions:

1—Whether McCarthy and the staff of senate investigating committee had attempted improperly to obtain from the army preferential treatment for Pvt. G. David Schine, a committee aide.

2. Whether Army Secretary Robert T. Stevens and his aides sought to use Schine as a means to stop McCarthy investigations into army installations.

The hearings also went into innumerable side issues.

Store Owner Shoots Youth For Breakin

MERIDIAN, Dec. 4 (AP)—A Meridian store proprietor shot a 15-year-old Boise boy in the abdomen early today and the Ada county sheriff's office said the rangy youth admitted breaking of two stores in Meridian and one in Boise.

William Stoneroz, jr., who stands six feet tall and wears size 13 shoes, was in "fair condition" at a Boise hospital after undergoing surgery.

Earl McKie, proprietor of Earl's Auto Parts, told Deputy Sheriff Floyd Rosecrans that he fired his .38 caliber pistol after the youth aimed a .30-30 rifle at him.

Heard Alarm

McKie, who slept near his store, said he was awakened by his burglar alarm. He jumped into his clothes and ran out the back door of his house.

Then, he said, he heard glass breaking in a nearby dairy supply store and saw a figure bolt towards a parked car. He said the boy raised the rifle after he ordered him to stop. The two were about 50 feet apart.

Car Stolen

Rosecrans later identified the car as one stolen Friday night from F. C. Hogue of Boise. The late model Cadillac had been in a wreck after it was stolen. The boy's bicycle was in the back seat.

Rosecrans said the boy admitted before he was taken to the hospital, the burglary of the Vista Fruit and Beverage store in Boise and McKie's place and the Davis grocery in Meridian.

First Speeder Is Caught by Radar Device

The first arrest in this area by state police using their new radar checking device occurred at 2:20 p.m. Saturday on highway 30 three miles west of Twin Falls, reports State Police Lieut. Clark Hand.

Arrested was Lauren Craig, Twin Falls, driving an American Linen Supply company truck. Hand said Craig drove his truck at 60 miles per hour in a 50-mile zone. The actual arrest was made by Patrolman M. J. Hays, jr., after Lieutenant Hand, operating the radar device, had clocked the truck and radioed Hays who was stationed farther down the road.

Hand said the device, which is being used by state police in an attempt to cut down the number of excessive speeders thereby decreasing the Idaho fatality rate, was in operation for one and one-half hours. Craig was the only person arrested during that time. The lieutenant warned motorists, however, that one of the radar units is in constant operation now on Magic Valley roads.

6 Sentenced To Death for Plot in Egypt

CAIRO, Egypt, Dec. 4 (AP)—Six leaders of the Moslem Brotherhood's underground secret order were sentenced today to be hanged for plotting assassination of Premier Gamal Abdel Nasser and overthrow of the military government of Egypt.

The brotherhood itself was ordered destroyed.

The life of a high brotherhood official who supposedly was aloof from the underground was spared by Nasser's regime by a commutation late tonight.

The drastic actions to wipe out the leadership and suppress the fanatic organization altogether were ordered by a special military court after trials growing out of the attempt to kill Nasser.

Seven other brotherhood leaders, nabbed in a roundup after 40 assassins tried to gun down Nasser in Alexandria Oct. 26, were given sentences ranging from 15 years to life. The shooting brought the dismissal last month of Egypt's president, Maj.-Gen. Mohamed Naguib, accused of abetting the revolt plot.

ROBBERS GET GEMS

WASHINGTON, Dec. 4 (AP)—Two gunmen held up a downtown jewelry store today and escaped with an estimated $100,000 in gems after binding five store employes with picture-frame wire.

Chinese Foes Trade Blows Over Islands

TAIPEH, Formosa, Dec. 4 (AP)—Communist and Nationalist China traded their first blows today over the offshore islands since the U. S.-Nationalist mutual defense pact was signed in Washington Thursday, the official central news agency said.

Reds on Toumen island in the disputed Tachen group 220 miles north of Taipeh and roughly 20 miles off the red coast, resumed shelling of Nationalist-held Yikiangshan island five miles to its south, the agency said.

In three separate barrages today, the reds fired more than 50 shells at Yikiangshan but caused no damage or casualties, the Nationalist agency said. It added that the Nationalists replied vigorously. The Nationalists made no claims of damage or casualties inflicted.

France's Leader Works for Peace

PARIS, Dec. 4 (AP)—Premier Pierre Mendes-France said tonight he is working hard on ways to reduce East-West tensions. His efforts are based on his suggestion for a Big Four meeting in Paris, perhaps in May, after western parliaments have ratified treaties to rearm West Germany.

In his weekly radio broadcast, the premier said the Soviet-sponsored communist security conference in Moscow this week did not bar the hope that something could be accomplished along the lines he has suggested.

Pope Is Reported To Be Improving

VATICAN CITY, Dec. 4 (AP)—A new course of treatment brought fresh improvement to ailing Pope Pius XII today and tonight he was resting more easily than since his collapse Thursday.

Doctors said the rally, begun after 48 hours of desperate illness, would continue if food can be given the 78-year-old pontiff.

Money to Promote Project Is Given

SALT LAKE CITY, Dec. 4 (AP)—Utah's Colorado River Development association, an organization of 21 counties, contributed $2,000 of its funds today to aid in promotion of the Upper Colorado river project.

The money will go to the Utah committee for Colorado river development which will use it to promote the program on an interstate basis.

Survey Shows Irregular Pattern of Business

An irregular volume of sales in Twin Falls, representing increases in some lines but decreases in others, was the retail picture here this week.

A Times-News survey of Twin Falls stores indicates a generally increased volume in clothing, automobiles and some appliances, but a downward trend in furniture and some other retail items on local counters. The representative "sampling" discloses an "up and down" situation based upon a number of factors.

Four of six women's apparel stores contacted agreed that "business is good." One establishment reported a decrease, and another indicated it was "about the same" as last year.

Individually, the increases ranged from 12 to 40 per cent over the corresponding period last year. All stores but one agreed that sportswear is leading in sales. Coats and suits sales were slow, according to the proprietors, but dresses were on the upgrade.

It was the concensus of opinion that "new color and style interests" were to be credited largely for the overall increase in sales.

Of three men's clothing stores contacted, one reported business 16 per cent over that of last year, with increases noted each month. Another said business is "ahead" of the last year's corresponding period. A third ventured no estimate, but the proprietor said he was "well pleased" with business and the outlook for the future.

The survey indicated that men are running par with women as far as sportswear is concerned. Strong increases also were reported in sales of men's dress shirts which previously had been "very slow" according to the managers of the three stores. They attribute this to new styles and colors and one manager hailed a "renewal of the era of dress shirts."

In the appliance line, sales of television sets, radios and washing machines generally are up while all other appliance sales have decreased.

One store reported a 100 per cent increase in the sale of TV sets while another disclosed an increase of 20 per cent. Two stores said washing machine sales had jumped 10 per cent. Both however, were 15 to 20 per cent down on refrigerators.

Furniture offers the principal dark spot on the sales picture here the survey revealed. Of five dealers three said their business was down from 4 to 18 per cent. Two said the overall volume was comparable with that of last year, but one added that the current season is "definitely slower."

One dealer, questioned on his furniture sales, had this to say: "The gift buying which usually increases sales at this time of year comes from surplus money. It seems people are more careful with their extra dollars . . . We do not feel that there is less money among people—just that they are more careful."

The automobile picture was generally encouraging. Three of the 10 dealers contacted who reported a drop in business blamed it on being

Texas Crash Is Fatal to 6

ROBSTOWN, Tex., Dec. 4 (AP)—Six persons, one an Idahoan, were killed in the head-on collision of two cars two miles south of this south Texas city early today. Two others were injured.

State Highway Patrolman H. M. Cough said the collision occurred when one of the cars, a 1949 sedan, tried to pass another car.

Two of the dead were airmen attached to the nearby Kingsville naval auxiliary air station. The four others were from Robstown and Kingsville, all Negroes riding in the 1949 sedan.

The dead included:

Airman James R. Brooks, 19, driver of a 1955 sedan. He was the son of Mr. and Mrs. Curl H. Brooks, route 3, Caldwell, Ida.

Warning Is Given On New Licenses

State Police Lieut. Clark Hand warned Magic Valley motorists Saturday that the 1955 license plates must be displayed on all cars after Jan. 1.

Hand said arrests will be made of drivers of all cars not having the new plates properly displayed, one in front and one in the rear. He said display of only one plate is a violation of the vehicle code.

In Twin Falls, the new plates are sold at the county assessor's office from 8 a.m. to 5 p.m. Monday through Friday and from 9 a.m. to noon Saturday. County Assessor Clifford Thompson has urged auto owners to buy their new plates early to avoid the rush in the latter part of the month.

Man Misses His Jail Term Date, Begins Another

SHOSHONE, Dec. 4—Boyd Johnston, Shoshone, who was to have started a 10-day jail sentence in Lincoln county Wednesday, wound up finished in the Gooding county jail.

Friday he pleaded guilty of writing a worthless check and was fined $300 and costs by Probate Judge James F. Gossett, Gooding. The judge said he was released to the custody of his father.

Johnston was arrested last September on a misdemeanor charge pertaining to a worthless check and was sentenced to 10 days in jail. Justice of the Peace Frank Dice, however, delayed execution on the sentence until Dec. 1 to give Johnston a chance to harvest his crops.

On the day he was to have given himself up to serve the 10-day sentence he was arrested by Deputy Sheriff Charles Peugh for Gooding county officials.

Mrs. Kennedy Is Taken by Death

Mrs. Harriet Kennedy, 1336 Poplar avenue, widow of the late Frederick A. Kennedy, a director of the Twin Falls Bank and Trust company, died at 12:20 p.m. Saturday shortly after being admitted to Magic Valley Memorial hospital.

Mrs. Kennedy is survived by a daughter, Mrs. Margaret Drake, Minneapolis, Minn.; five sisters, Mrs. Lynn Smith, Redlands, Calif.; Mrs. Mabel Roh, Wilmington, Calif.; Mrs. Florence Jones, Twin Falls; Mrs. Eva Rawlings, Iowa, and Mrs. Martha Darby, Tulsa, Okla., and three grandchildren.

A son preceded her in death in 1906. Her husband died July 26, 1945. Mrs. Kennedy attended the Presbyterian church here. The body rests at *White-mortuary with funeral* services pending the arrival of her daughter from Minneapolis Sunday.

Pair of Prowlers Flee From Police

Two car prowlers disregarded shots fired over their heads Saturday night and disappeared down the alley at 179 Monroe street, police reported.

Lloyd G. Hann of the Monroe street address telephoned police to report two prowlers were looting the 1950 Studebaker of Hoyt Dean of the same address.

Police arrived at the scene while *the men were ransacking the auto* after forcing open the locked doors. The two men ran down the alley with police in pursuit.

According to Hann, the men, while running, dropped a new tire they had stolen from the auto. One of the men was described as wearing a black and white checkered jacket.

tenced to 30 days in the county jail and fined $110 and $6 costs in Filer justice court Saturday after pleading guilty of driving his car while his operator's license was revoked and for having an improper muffler on his car.

According to Justice of the Peace V. A. Allison, DeWett was arrested by State patrolman M. J. Bays, Jr., last Aug. 8 on the driver's license *charge.* His license was suspended while he was involved in an accident. He did not have public liability insurance for his car.

The muffler citation was given DeWett by Buhl police last Aug. 16. He drew the jail sentence and a $100 *fine and $5 costs on the license* charge and a $10 fine and $3 costs on the muffler charge. The judge said DeWett left Buhl in August but had decided to return now to face the charges against him.

Walter Miller, Shoshone, paid a $5 fine and costs and his driver's license was restricted when he appeared before Shoshone Justice of the Peace Frank Dice and pleaded guilty of speeding.

Leaders Elected By Girl Bowlers

Officers for the High School Girls Bowling league have been chosen for the year with Marilyn Amos as president.

Other officers are Connie Thorson, vice president and Joann Reese, secretary. Captains for the teams are Marilyn Amos, Joann Reese, Wilma Wright, Beverly Bothne, Leona Ainsworth, Sandra Watson, Thayne Baily and Mary Kay Sherman. About 40 girls participate.

At the end of the year a certificate will be awarded to girls who have made a marked improvement in their bowling average.

The girls meet every Saturday from noon to 2:30 p.m. at the Bowladrome.

Revival Meeting Set at Shoshone

SHOSHONE, Dec. 4 — Revival meetings conducted by Dr. Cardell Briggs, Baptist director of evangelism for Idaho, Montana and Utah, are scheduled at the Baptist church here.

Meetings will be held on Sunday, Wednesday, Thursday and Friday of next week. Dr. Briggs will speak at morning worship services next Sunday and make visits on Monday and Tuesday.

Formerly the pastor of the First Baptist church, Manhattan, Kans., Dr. Briggs is a graduate of Oklahoma university in Kansas and the Central Baptist Theological seminary in Kansas City. He was married last month and his bride will be with him.

Plans Are Made For Grange Meet

HANSEN, Dec. 4—Plans for attending the state Grange meeting Monday at Twin Falls were made by Hansen Grange members Thursday evening at the Grange hall.

Hansen and Pleasant Valley Granges comprise the courtesy car committee. Union Motors will furnish transportation during the day and the Granges will furnish cars during the evening session.

Kenneth Naylor showed a film of his recent trip to Florida. A Christmas program will be presented at the next meeting. Members are to bring fruit, candy and nuts. Children will participate in the program.

Mr. and Mrs. John Schab and Mr. and Mrs. Earl Barnes were hosts.

Damaged by Fire

Extensive fire damage to wiring, sparkplugs and other engine parts on a 1952 Dodge pickup truck was reported by the Twin Falls fire department at 10:15 a.m. Saturday.

The fire under the truck's hood began when the fuel settling bulb cracked, allowing gasoline to fall on the hot engine. The truck is owned by Mel Brown Pump company, Idaho Falls. It was parked at 1700 Kimberly road at the time of the mishap.

Dr. and Mrs. F. T. Kolouch were to return today from Colorado Springs, Colo., where Dr. Kolouch attended the Western Surgical association meeting.

Man Hit by Car

Albert Wullschlager, 52, 1239 Ninth avenue east, incurred a dislocated shoulder Friday evening when he was hit by a car driven by Carl W. Porter, 902 Commercial avenue, near the city hall. Police said Porter was not to blame.

Record High Reported for U.S. Tax Take

WASHINGTON, Dec. 4 (UP)—The internal revenue service published the final figures Friday on the record total of federal taxes—$69,910,991,000—collected in the year ended June 30.

This government income, for the *12 months which ended last June* 30, included $37,000,000,000 in individual income tax and old-age insurance payments, and $21,500,000,000 in corporation income taxes.

The grand total was $233,000,000 higher than fiscal 1953. This overall *figure includes individual, corporate, estate, gift, alcohol, tobacco* and excise taxes, plus old-age insurance, railroad retirement and unemployment insurance payments.

It also includes such miscellaneous revenues as interest on overdue payments, *court fines on tax cases and* money made from the sale of seized property.

New York state led, as usual, in collections of both corporate and individual income taxes. Total corporation taxes paid in New York *were more than $5,200,000,000* and individual taxes topped $6,200,000,000.

The next nine states in size of individual income tax and old-age insurance collection were California, Illinois, Pennsylvania, Ohio, Michigan, *Texas, Maryland (including* Washington, D. C.), New Jersey and Massachusetts.

Senator Fails To Keep Date

WASHINGTON, Dec. 4 (AP)—Sen. JOSEPH R. McCarthy failed to keep a Cincinnati speaking date tonight and his aides passed the word that his injured elbow was giving him some trouble.

There was no information here to indicate he was "gravely ill", as reported at Cincinnati by John Heid, chairman of a committee handling the dinner at which McCarthy was slated to speak.

It was noted that Mrs. Mary Driscoll, secretary to the senator, said in a telegram to Heid that McCarthy *elbow injury had not had* time to respond to treatment and that his doctor "will not gamble with possible permanent injury to the arm."

Mrs. Whitesides Gets Talk Award

Mrs. Kenneth Whitesides received a blue pencil for her speech in the debate, "Resolved: Is it desirable for Twin Falls to have a junior college?" at the meeting of the Toastmistress *club Friday morning* at the Rogerson hotel.

Mrs. Whitesides and Mrs. J. Woodson Creed participated on the affirmative side of the panel and Mrs. Gordon Tobin and Mrs. Hugh Boone, the negative.

Mrs. W. H. Kibler gave the ice breaker. Table topics were presented by Mrs. Kenneth Whitesides and Mrs. La-Vern Strong presided. Mrs. Edwin Rathke was toastmistress.

Visitor Succumbs

Mrs. C. A. Radcliffe, 68, Lancaster, O., died at noon Saturday in the Twin Falls Clinic where she had been a patient for the past seven weeks.

Born in New York, Mrs. Radcliffe came to Twin Falls to visit Mrs. Sturgeon McCoy when she was taken ill. The remains will be sent to Lancaster by the White mortuary, Sunday.

There were about 12,000 students in U.S. colleges in 1850 and about two million in 1950.

Survey Shows T. F. Business Is "Irregular"

(From Page One)

unable to get enough new models to meet demands.

Other dealers, who noted a business increase, said they were able *to get from their distributors* all the cars they needed: Others attributed the sales boost to "completely redesigned" products. Concensus of dealers' opinion was that the automotive sales picture looms brightly, despite spotty decreases.

Farm equipment dealers reported an average decrease of 15 per cent on new equipment this year under last, but were "running about the same on used equipment." General *feeling among the five* dealers covered in the survey was that "farmers have less money now than they did at the same time last year." It was noted that farm buying power is dependent upon crop prices.

Sale of sporting goods which depends largely upon seasonal weather, were down somewhat in Twin Falls. Lack of snow has not encouraged sale of skiing equipment, but a pickup is expected when snow arrives.

Drugstore sales *remain generally* about the same as the corresponding period in 1953. Gift buying has not yet started. Liquor sales in Twin Falls are "somewhat less this year than last."

The employment situation is about the same as last year, according to the Employment Security Agency Manager R. S. Cutler. Virtually construction workers are filing for unemployment compensation with construction work ahead of last year largely because of better weather and more work, Cutler noted.

Two possible barometers *of the* general economic situation, however, present a somewhat more gloomy picture locally. The Red Cross reports more people asking for assistance on the local level than last year. The Salvation Army notes "more calls for relief assistance and used clothing."

Mrs. Harrison, 56, Claimed by Death

BURLEY, Dec. 4—Mrs. Alice Ada *Collins Harrison, 56,* died Wednesday in Los Angeles following a short illness. She had lived in Los Angeles for the past several years.

She was born Sept. 29, 1898, in Oakley, Burley's suburb. Her husband, Jack Harrison, Los Angeles; *four brothers, Harrison Collins and Horton Collins,* both Oakley; Bill Collins, Boise; George Collins, Bonneville, Utah; five sisters, Mrs. Erba McMurry, Oakley; Mrs. Mary Higgins, Medford, Ore.; Mrs. Mabel Hendricks, Los Angeles; Mrs. Ferol Dunning, American Fork, Utah, and Mrs. William P. Collette, Butte, Mont.

Friends may call Sunday evening and Monday at McCullough's Burley funeral home. The funeral will be held at 2 p. m. Tuesday at Oakley LDS tabernacle with Bishop Merrell Warr presiding. Concluding rites will be held at the Oakley cemetery.

Brain Surgery Is Fatal for Child, 5

CAREY, Dec. 4 — Alice Aileen Allen, 5-year-old daughter of Mrs. Kenneth Peterson, Carey, and George Allen, Dayton, O., died Friday morning at a Salt Lake City hospital following brain surgery.

She was born July 4, 1949, at Carey. Surviving besides her parents are two half sisters, Rosalie Peterson and Katherine Peterson, *both Carey; her maternal grand*parents, Mr. and Mrs. Glen Rice, Bellevue, and her paternal grandmother, Mrs. George Allen, Jackson, Ky.

Funeral services will be held at 10 a.m. Tuesday at the St. Charles Catholic church with the Rev. Father Jerome O'Conner officiating. Concluding rites will be held at the Hailey cemetery under the direction of the McGoldrick funeral home, Hailey.

4 Autos Damaged In Two Accidents

Four cars were damaged slightly but no one was injured in two minor accidents in Twin Falls Friday evening, *police reported.*

Wet road surface was cited as the cause for a collision between a 1949 Chevrolet driven by Howard Paxton, Filer, and a 1952 Studebaker driven by Robert Stanger, Hansen, at the corner of Main avenue east and *Third street.*

In the second mishap, a 1948 Oldsmobile driven by George Gibson, 420 Adams street, collided with a 1951 Buick owned by Mrs. Walter Eis, Buhl, parked in the 100 block of Second street south.

Police said Gahan, a parking lot attendant, was parking the Oldsmobile when it struck the Buick. The car also hit a parking meter damaging it slightly.

Effort Is Made to Get Work to Help Physically Handicapped

One hundred questionnaires have been mailed to area employers and businessmen to seek possible job openings for physically handicapped persons.

The report was made by Henry Wills, education and information committee chairman at a meeting of the Twin Falls employ the physically handicapped group Friday at the Oriental cafe.

In addition to completing the questionnaires, employers and businessmen are being asked to be alert for job openings for the physically handicapped, Wills reported.

It was announced the employment security office received 678 job applications in November — 55 from handicapped persons seeking employment.

Physically handicapped persons seeking employment are urged to contact the employment security office where every effort will be made to find suitable employment, according to T. W. Stivers, organization chairman.

A guest of the committee was Earl Marlow, Boise, Idaho American Legion department service officer.

Cassia's Only Passenger Lift Now in Operation in Burley

BURLEY, Dec. 4—Cassia county's only public passenger elevator went into operation Friday at the courthouse here.

Cassia county commissioners gave their stamp of approval to the elevator after several "trial runs" and declared it available for public use. The elevator is a passenger-operated pushbutton type, running from the basement to the county jail on the third floor. Installation was made by the Otis Elevator company, San Francisco.

The elevator shaft has existed since the courthouse was constructed in 1938. The county board appropriated $20,000 for installation of the elevator last January. Workers began the actual installation job in September.

Auditing the cost of the entire job has not been completed as yet but estimates place the final cost between $15,000 and $16,000.

JUNIOR COLLEGE PROPOSAL

The people of Twin Falls county are being asked to go to the polls Dec. 14 to authorize a Junior College in Twin Falls, without much of an understanding as to how it would be set up and what it would cost the taxpayers.

Instead of any *well developed plan* to substantiate the need for such an institution, such as surveys, cost estimates, type of curriculum and the like, the idea seems to have been developed more as a proposition to be submitted for the voters' approval, with all the details to be worked out later.

In other words, the idea of establishing a Junior College in Twin Falls seems to have come about spontaneously, rather than as the result of any well recognized need for any such institution.

To our way of thinking, even though Junior Colleges may have merit, now is no time for the people of Twin Falls county to be undertaking this particular type of educational institution.

The Times-News has contended for years—even before the state finally decided to close its two normal schools—that higher education in Idaho has been maintained on a "quantity" rather than a "quality" basis.

We have argued that in a *sparsely populated* state such as ours we will do well to maintain an educational system of high standards; that we cannot afford the luxury of like institutions scattered all over the state for the immediate convenience of every locality.

For a state with no more population than the city of Minneapolis, we should realize that we are already going overboard in trying to maintain two full-fledged universities, to say nothing about normal schools, junior colleges and the like.

• • •

There is a more specific point, however, on which to base opposition to a Junior College in Twin Falls county, particularly at this time.

Our public school system, like those throughout the land, is confronted with a real problem—adequate facilities to accommodate a rapidly growing population.

Our district board of education, for instance, has been planning—not hastily—but over a long period of time on steps necessary to keep pace with this unprecedented demand.

We are seriously in need of elementary school buildings which, with other necessary *improvements, are likely to cost the taxpayers* a half million dollars within the next several years.

First things should come first, to our way of reasoning, and the urgent needs in our public school system should be taken into consideration before we launch out on anything like a Junior College program.

• • •

If a Junior College were established in Twin Falls, isn't it reasonable to assume that the board set up to administer its affairs would commence to levy taxes for its equipment and operation and would soon be asking the county to bond itself for additional buildings and improvements?

Once a Junior College is established, it's *reasonable to assume we'll have another tax* expense on our hands, in addition to the load we can anticipate to bring our present public school system up to requirements.

Surely any need for a Junior College is not so urgent that it warrants serious consideration under these present circumstances.

THE SOUTH HILLS ROAD

To many a resident of this vicinity it will be welcome news that the Twin Falls highway district plans to oil four miles of the Magic mountain road from Rock creek south to a point about half way to the forest boundary.

Oiling of the road will require from three to four weeks and the work is scheduled for early next summer.

The "South Hills," as this area is generally known, has become a popular year-around playground. Thousands of picnickers flock to the recreational facilities in the mountains along Rock creek throughout the summer. In the fall additional thousands swarm to the South Hills for the annual deer hunt. Then comes skiing during the winter months when almost as many avail themselves of ideal conditions and excellent facilities for this ever more popular sport.

The road to the South Hills has been the chief drawback to the people making full use of this beauty recreational area. During the summer traffic follows a particular stretch of highway become enshrouded in a pall of dust and in the winter the Magic mountain ski area is *often inaccessible* because of the road being blocked by snow.

That's why it will be welcome news that further improvement of the road to the South Hills is scheduled for next summer.

PROPER RESPECT

It takes something extra to shock a Washington press photographer, but the cameramen were really offended by the rudeness of some of the bystanders when Queen Elizabeth visited the capital.

"Someone actually yelled at her, 'Hey! Highness!' " commented one properly horrified flash-bulb artist.

"Well, what should they have yelled?" asked his listener.

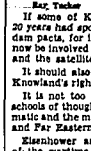
Back came the answer, "Hey! Your Majesty."

TUCKER'S NATIONAL WHIRLIGIG

Every Sunday this veteran Washington newspaper correspondent devotes his column to answering readers' letters on questions of national and international political interest and personalities. Questions may be sent direct to Ray Tucker at 6306 Hillcrest Place, Chevy Chase, Md.

WASHINGTON—"Is Senator Knowland trying to wreck the Eisenhower administration," says F. M. of Tulsa, Okla., "with his violent criticism of the President's policy in Europe and the Far East?"

Answer: Definitely not! The senator from California believes that, although he is the Republican leader of the senate, he has a right to disagree with the White House. He has deep convictions on these problems, and thinks that he should express them so as to generate general discussion and debate.



Ray Tucker

RIGHT TO DISAGREE—Before going into the differences of viewpoints it should be noted that being a senate leader does not—and should not—mean that he should be a rubber stamp.

If some of Knowland's predecessors over the last *20 years had spoken out—against the* Yalta and Potsdam pacts, for instance—the United States might not now be involved in a world conflict with Russia, China and the satellite empire.

It should also be noted that Eisenhower recognizes Knowland's right to disagree, and to voice his attitude.

It is not too clearly recognized, but there are two schools of thought and strategy among both the diplomatic and military experts, known as the European and Far Eastern factions.

Eisenhower and Secretary Dulles, largely because of the wartime association with the continental allies, believe that the principal Russian threat will come *from the European direction.*

Harry Truman and Dean Acheson, even more than their successors, cherished that theory. It was this fear of a Russian attack in Europe which kept them and their military experts from mobilizing or using our maximum power in Korea.

NATURAL CONCERN—It is only *natural for a California* senator to be deeply concerned with problems of security in the Far East, as it is for such easterners as FDR, Acheson and Dulles to show greater interest in the Old World. *Thirty years ago,* the late Hiram Johnson, California, forced almost single-handedly the enactment of Sino-Japanese exclusion laws.

Knowland, however, represents a large and influential group in contending that greater attention should be paid to our defenses in the Far East, and that we should break relations with Moscow.

LENIN-STALIN STRATEGY—The writings of Lenin and Stalin, in fact, support the senator as against the President. Both declared that the road to Paris lies through Peiping. As recent events suggest, including their gains in Korea, China and Southeast Asia, they are well on the road.

Thus, Knowland is not alone in arguing that basic questions of our foreign policy and military *defense should be debated before it is too late to modify* them in accord with changing circumstances.

• • •

"What is this thing called diplomatic immunity I read about?" inquires Mrs. H. L. of Cheyenne, Wyo. "Immunity from what?"

• • •

Answer: It is a pain in the neck to the people of Washington, inasmuch as the diplomatic colony here—diplomats' families, attaches, clerks, maids, chauffeurs, etc.—consists of between 2,000 and 3,000 people. Under the system, as the representative of a sovereign state, the diplomat and his brood are immune to prosecution for offenses against the law.

• • •

DIPLOMATIC NUISANCE—If the offense is serious, they are generally recalled by their own governments after representations by our state department. If minor, they go scot free. And they take advantage of this privilege chiefly with regard to driving their automobiles. They park anywhere they please, *disregard the speed laws and generally make a nuisance of* themselves.

It may seem incredible, but an average of 90 traffic tickets are issued "and filed" each week because of diplomatic immunity. And, of course, this same immunity applies to them in any part of the U. S.

VIEWS OF OTHERS

IN CAUSE OF TRUTH

The time may yet come when every Idaho potato selected for the market will be branded indelibly like the trademark fruits of California and Arizona and Florida, to insure that the customer gets what he thinks he's getting and what he pays for.

Trickery and fraud in the marketplace have beset the Idaho potato all through the years in its rise, notwithstanding, to preeminence in the field. The problem is one that Idaho growers and shippers have tackled from many angles; and the fight is continuing. It has come in for serious attention at the current meeting of the Idaho Farm Bureau Federation in Idaho Falls, which has renewed demand for action by the state legislature.

Attempts to solve the problem by legislation have been made many times on both state and national levels. The late Senator Borah led one such drive in congress. There is every reason to believe that the forthcoming session of the legislature will indicate no less concern now for the Idaho potato than its predecessor two years ago did for the product of Idaho fish hatcheries, and, it is to be hoped, with more success. A bill adopted by congress in response to a resolution of the Idaho legislature to require branding of imported fish, it will be recalled, failed only because it encountered a presidential veto.

Some very successful Idaho potato growers, it is to be noted, have circumvented the wiles of the traders by delivering their product direct to consumer customers *in distant markets.*

The cause of truth in merchandising is involved. The fight will go on until the just claims of both producers and consumer are met and fully satisfied.—Boise Statesman.

PRACTICAL MEN

In his address marking the two hundredth anniversary of Columbia university, President Grayson Kirk defined anew the role of the theorist in this world of practical men. It is a definition as old as Plato. It is based on the conviction that the theorists are the most practical and useful of men, without whom any society would stagnate and die. "Under the circumstances and needs of our contemporary life," Dr. Kirk said, "the modern university has an area of broad responsibility for public enlightenment. Somehow it must communicate its ideals beyond the classroom and the laboratory to the general public."

In this way, Dr. Kirk elaborated the theme of the bicentennial—man's right to knowledge and the free use thereof. Without the aid of the scholar the simplest business, the most uncomplicated industry, the smallest farm today would not be able to earn its way. Yet the theorist, the searcher after truth, still works under a handicap, sometimes, as Hiram Johnson said, "neither known nor valued but by men like himself." Often the scholar, the practical man of learning, *can* offer the surest guidance in today's world. The problem of making the greatest use of our men and institutions of learning is one of the major challenges of our times.—Washington Post.

HARDLY ACCURATE

Raymond Moley winds up a laudatory column on Sen. Guy Gordon with this paragraph:

"And one of the most conservative states of the union is now represented in the senate by two of the most reckless radicals in public life."

Hardly accurate. While Oregon has voted Republican quite consistently the state is by no means hardshelled conservative. *Nor do Morse and Neuberger rate the* classification as among the "most reckless radicals" in public life. Both favor federal power development (as did Sen. McNary and as Sen. Gordon supported.)

But neither is a Socialist in the usual meaning of the term; and neither has sponsored legislation "radical" in the way of upsetting either our political or economic system. *Moley himself, of course,* is a former brain-truster for FDR who soured on the new deal.—Salem Statesman.

DUCKS, ANYWAY

Dear Sir:

We live out in the country and have a pond which is used primarily for the use of stock. However, we do have a few ducks and ducks being ducks, they spend a little time out on the water.

The other day a car flashed past the house. Down the road a bit, the car stopped, turned around and started back.

Two men got out, climbed through the fence and started sneaking up a nour pond. They did a right good job of it, too. Naturally, we were watching them closely. They got right up on the bank of the pond and raised up, with their guns held ready.

I wasn't close enough, but I would have liked to have seen the expressions on their faces. They departed rather hastily!

"WASHINGTON CALLING" BY MARQUIS CHILDS

WASHINGTON—During his American visit Premier Pierre Mendès-France has accomplished at least two things. First and foremost, he has put an end to the reports that he was prepared at the bidding of Soviet Russia for a conference which would mean the postponement for an indefinite time of German rearmament. That remains true, in the view of this observer, even though there has been a negative reaction in Washington to the premier's proposal for a big four meeting in May.

Marquis Childs

At least a half-dozen times beginning with his stop in Canada he has reaffirmed his intention of pushing the London agreements for rearmament at the earliest possible date—expressing the hope that the French national assembly would complete ratification next month, before the Christmas recess.

By this emphatic stand Mendès-France made an important contribution to U. S.-French unity there were persistent rumors before his arrival in this country that he was prepared to go to a conference with Soviet Foreign Minister Molotov which would undermine at the outset the western European union agreed to at London in September. While these rumors may have been merely unfounded suspicion spread by the political enemies in France, they had caused no little disquiet here.

The second thing the premier has achieved is to establish himself with the American public as a figure to *be reckoned with.* Because he had deliberately stayed out of the 19 governments that preceded his government since World war II, he has been a comparatively unknown figure. Moreover, his enemies in France had succeeded in infecting important Americans with their doubts of the new premier's intentions and motives.

But when this has been said about the positive achievements of his Washington visit, it must be added that in an area nearly as vital as western Europe—and in many ways far more urgent—certain basic differences were not only not resolved but they seem not even to have been faced up to. The confusion over the policy of France and the United States in Indo-China remains as great as it was before the premier's visit. At any rate, neither from the French nor the American side has it been possible to discover that any progress was made in this direction.

This is a repetition of the tragic past when both Paris and Washington failed to face the reality that the war in Indochina was being lost to the communists. That was true all through the spring as the date of the Geneva conference drew near. The same head-in-the-sand attitude persisted down to the time that the previous government fell and Mendès-France took over.

As communist military strength increases in Indochina, so likewise does the stern grip of Ho Chi-minh, who is reported to be enforcing typically ruthless communist discipline throughout the north. By contrast, in the south the corruption and chaos are the rule. Those long familiar with the Orient compare Saigon, the capital of South Viet Nam, with Changhai shortly before the communist triumph of the Chinese mainland. There is the same attitude of grab while the grabbing is good, with black marketeering and speculating in the piastre, the local currency, running rampant.

During his Washington visit Mendès-France talked about the reforms which must be introduced—*conspicuously land reform.* If the allegiance of the Viet Namese people is to be won and kept. But the feeble and divided government in Saigon seems to have no authority to carry through such urgent changes.

Elections are scheduled for both North and South Viet Nam in May of 1956. Effective observers believe that if these elections were held next week the communists would win an overwhelming victory. So if the south does not fall to them before the election date, they will take it then.

The outcome of the premier's talks could not have been more satisfactory so far as Europe is concerned. There is working understanding on all points, including the difficult issue of Franco-German claims on the Saar. But, as so often in the past, Asia was simply brushed aside, with the larger questions hanging in the air. With the fate of all of southeast Asia in the balance this can be only a postponement and it may prove to have been a tragic postponement.

J. F. Stephens Is Claimed by Death

James Franklin Stephens, 79, retired farmer and a resident of Twin *Falls since 1945, died* at 9:25 a.m. Saturday in Magic Valley Memorial hospital following a month-long illness.

Born Sept. 4, 1875, at Sterling, Ill., Mr. Stephens spent most of his life in Colorado, coming to Twin Falls from Del Norte. He was a member of the Methodist church.

Surviving are two daughters, Mrs. Theodore R. Knight, Twin Falls, with whom he made his home, and Mrs. Dwight Dillehay, Waunete, Nebr.; five brothers, Charles W. Stephens, Eli N. Stephens, Ray N. Stephens and William W. Stephens, all Monte Vista, Colo., and Arthur Stephens, Oakdale, Calif.; three sisters, Mrs. Viola Wyland, Seattle; Mrs. Myrtle Wyland, Monte Vista, and Mrs. Flora Agee, Denver; five grandchildren and eight great-grandchildren. He was preceded in death by his wife, Mrs. Anna Edstrom Stephens, Jan. 2, 1949, and one brother.

Funeral services are pending at the Twin Falls mortuary.

Is That So!

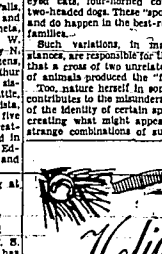
Class Marries Class In Animal Kingdom

A great orderliness exists in all animal inheritance. Like begets like. Dogs produce dogs; horses produce horses; rabbits produce rabbits. The zoological fence of family divisions cannot be crossed.

Despite this, my mail brings in an astonishing number of questions regarding the inter-mixing of species—of cats associating with rabbits and producing long-legged "rabkits;" of house-cats mixing with skunks and producing "skunk-cats;" or with tame woodchuck, and producing "cat-chucks;" or "squirrel-cats."

Some of this is due to publicized mistakes; for example a "coon-cat," or raccoon-cat, was displayed at the 1940 East States exposition at West Springfield, Mass.

Nonsense. As stated at the onset, zoological family fences cannot be hurdled. But freaks do occur. Occasionally a rabbit may grow horns a



couple of inches long, due to a skin parasite; or a cottontail rabbit may grow a skin bell—one such has a 2½-inch bell on its throat much like that of a moose. And there are one-eyed cats, four-horned cows, and two-headed dogs. These "sports" can and do happen in the best-regulated families...

Such variations, in many instances, are responsible for the belief that a cross of two unrelated kinds of animals produced the "freak."

Too, nature herself in some ways contributes to the misunderstanding of the identity of certain species by creating what might appear to be strange combinations of such animals. For example, the [illegible] might give the appearance between a cat and a [illegible] it does not belong in the [illegible] despite its name, and is [illegible] our familiar raccoon.

Or the zebra—wild as it appears to be a cross between a horse and a zebra. Or the wildebeest of South Africa, which has an antelope, horse and ox in one.

Or, the weird duck-billed platypus, which rivals anything [illegible] ever imagined; [illegible] covered body, [illegible] horny poison spur on the [illegible] the female lays and hatches one or two eggs, and then suckles young without benefit of [illegible] the milk following the hatching of young like the baby. For example, a donkey [illegible] with a mare and produces [illegible] which the offspring is not [illegible] may be able to reproduce [illegible].

At the fringe, as when [illegible] and blacktail deer overlap [illegible] do occur and these may [illegible] Where wolf meets dog, the [illegible] happen.

EDEN, Dec. 4—"Hillbilly Wedding" is the title of the play to be presented by the junior class of Valley high school at 8 p.m. Saturday at Eden grade school gymnasium.

Sandra Petterson and Floyd Ayers have the leading roles. Others in the play are Velta Hammond, Frances Pederson, Wanda Thornton, Robert Severance, Rebecca Pyne, Carol Crumrine, Mary Boskin, Arlita Lange, Zoland Tanner, Lyle Pool and Archie Peterson.

Leah Wood, commercial and speech teacher, is the director.

Icy Roads Cause Pair of Mishaps

RUPERT, Dec. 4 — Ice-glazed roads were responsible for two minor accidents here early Friday.

Mrs. Grace M. Baker, 47, Nampa, told sheriff's deputies that her 1949 Plymouth went out of control on the ice, causing her to sideswipe the 1955 Dodge pickup truck of C. L. Huddleston, 48, Rupert.

The mishap occurred at 8:30 a.m. about one mile east of Rupert. Damage to the truck was estimated at $200 and to the Plymouth as $75.

Ice caused the 1950 Plymouth of Mrs. Eileen Hollinger, 40, Paul, to go off the road and roll over at 8:30 a.m. on a county road two miles northwest of here. Damage was set at $600.

Idaho University To Aid Countries

WASHINGTON, Dec. 4 (AP)—The foreign operations administration today announced signing of a three-year contract under which the national universities of Quito and Guayaquil in Ecuador will receive technical aid from the University of Idaho to improve teaching and research in agriculture.

The universities will cooperate in the fields of veterinary medicine, irrigation, poultry, soils, horticulture and vocational agriculture.

Captive Workers Convene at Boise

BOISE, Dec. 4 (AP)—Mrs. Mary Ward, Eagle Point, Ore., president of the Workers of Wake, Guam and Cavite, told the civilian veterans organization today that "the time has come to start taking care of our members only."

The group is an organization of construction workers who were captured by the Japanese in the Pacific in 1941 and imprisoned during the war.

She pointed out at the workers' *10th annual convention here that* the organization had helped secure benefits for all the ex-prisoners, including payment of their full contract salaries and federal payments of $2 a day for time spent in prison.

The organization claims a membership of about 350 of the more than 1,000 prisoners who returned.

Rupert Resident Succumbs Friday

RUPERT, Dec. 4—Mrs. Nora Carrol McKevitt, 86, died Friday at her home in Rupert.

She was born Aug. 28, 1868, in Leavenworth, Kans. She was married to Thomas McKevitt in 1893 in Kansas City, Kans.

They moved to Idaho in 1906 and most of that time have ranched near Rupert. He preceded her in death in 1932. She was a member of the Altar society and Sacred Heart society of St. Nicholas church in Rupert.

Survivors include three sons, J. O. McKevitt, Rupert; R. H. McKevitt, Boise, and E. H. McKevitt, Quincy, Calif.; one daughter, Mrs. Gil Peffer, Caracas, Venezuela, 12 grandchildren and two great-grandchildren.

Rosary will be recited at 8 p.m. Sunday at the Goodman chapel. Requiem mass will be celebrated at 7 a.m. Monday at St. Nicholas' church in Rupert.

SHOSHONE, Dec. 4—Mr. and Mrs. Burton Thorne and Mrs. John Thorne spent Wednesday at Rockland where they attended funeral services for the infant son of Mr. and Mrs. Richard May.

Two Valley High Schools Get Accreditations for First Time

High schools at Declo and Fairfield were among the schools recently accredited by the Northwest Association of Secondary and Higher Schools, meeting in Salt Lake City. The association accredited 24 schools in Utah, Idaho, Washington, Oregon, Montana, California and Hawaii.

This is the first time the Declo and Fairfield schools have been accredited.

Supt. Lovell Turner, Declo, said he has been working for accreditation for his school for two years and that much of the credit for the eventual accomplishment goes to the teachers and the administrative officers in Cassia county schools. He said it was through their efforts that standards were raised sufficiently to meet the requirements of NWA.

Supt. David Ross, Fairfield, expressed his pleasure at the accreditation and said that everyone concerned had worked hard for the accomplishment.

"We are happy as elated and we are even happier that we had built the school up to a point where it qualified," he said.

Grange Gives $5 To Library Fund

KING HILL, Dec. 4—Grange No. 142 met Wednesday evening at the hall with 22 members. Mrs. Kenneth Hukul reported on the Glenns Ferry library question and the group voted to pledge $5 to the Glenns Ferry library for 1954 and 1955.

Reports were given by Allen Gilbert, Frank Jones and Terrell Foster on using the Grange hall for target practice for the Junior Rifle club. It was voted that the group could use the hall for target practice under the supervision of Rodney Ruberry, John Parks and Roy Marnock.

It was voted to discontinue the Christmas gift exchange at the regular Christmas party. Instead of gifts, the amount of $1 per member will be *donated to the Grange for a* kitchen-purchase fund.

Mrs. Allen Gilbert, lecturer, was in charge of the program.

Welker Notes Censure Vote

'No Surprise'

(From Page One)

senators use words 30 times worse than those used by Senator McCarthy.

"Perhaps that is why they condemned rather than censured him as the resolution required."

On Wednesday Welker had engaged in a heated debate with Sen. William Fulbright, Democrat from Arkansas, over the relative force of the words "censure" and "condemn."

After the senate vote, Styles Bridges, Republican senator from New Hampshire, had observed that the word "censure" did not appear in the final resolution against McCarthy.

"In my opinion," said Welker, returning to the vote question, "this matter was not tried to 96 senators but was rather tried to 163 million Americans.

"I wonder if we did not injure the reputation of the senate more than we could have in any other way."

Welker was obviously using the editorial "we." He has been an unflagging supporter of McCarthy ever since he was elected in 1950, and has voted against censure throughout the entire McCarthy controversy.

"I wonder what happened to Zwicker," said Welker, referring to the fact that the senate rejected one charge by the Watkins committee to censure McCarthy for his alleged abuse of Gen. Ralph Zwicker before the McCarthy committee last spring.

"I wonder why the opposition folded up their tents and ran for cover on the number one charge," Welker continued.

Actually the Zwicker charge was number two in the docket of recommendations by the Watkins committee.

Referring to the now-famous question "Who promoted Peress?" a standard question raised by McCarthy's supporters, Welker maintained that "the army and the executive have stalled far too long," in determining and announcing who was responsible for the promotion and hurry-up discharge of the army dentist.

"I cannot understand their hesitancy," said Welker.

Welker cited the 13 American prisoners held by the Chinese communists, on whose plight President Eisenhower spent a great part of his press conference the day before.

"I believe the people are entitled to know," said Welker, "who was responsible for Peress' promotion while precious American boys are in jail praying they might be home for Christmas, if only in their dreams."

Welker is due to leave soon for California where he will conduct hearings of the senate internal security subcommittee in San Francisco and Los Angeles.

It is likely that the Idaho senator will not return to Washington until shortly before congress reconvenes on Jan. 5.

Lloyd Miller, 67, Taken by Death

Lloyd Miller, 67, 465 Bracken street, a resident of Idaho since 1910, died at 4:30 p.m. Friday on a farm in Jerome county.

Born March 20, 1887, in Old Walnut, Ia., Mr. Miller was a farmer in the Hansen area prior to his retirement and start of residence in Twin Falls four years ago. He was a member of the Twin Falls lodge No. 45, AF and AM.

Mr. Miller is survived by his widow, to whom he was married Dec. 30, 1920, in Twin Falls. Also surviving are two daughters, Mrs. Esther Pullin, Ogden, and Mrs. Dorothy Schrecengost, Baltimore, Md.; two stepchildren, Floyd A. Ward, Pocatello, and Mrs. Nadine Dean, Boise; two brothers, Glen H. Miller, Twin Falls, and Earl Miller, Creston, Ia. His first wife, Mrs. Edna Craig, preceded him in death.

Funeral services will be held at 2 p.m. Monday at White mortuary chapel with the Rev. W. A. Mearthur officiating. Final rites will be held at Sunset Memorial park under the direction of the Masonic lodge.

Federal Opening Tests Are Slated

Federal civil service examinations for openings in the veterans administration, navy and accounting offices are announced by Agnes Stronk, civil service secretary.

Openings include pharmacist, scientific illustrator (medical), medical photographer, biologist, biochemist, physicist and resident in hospital administration of the veterans administration.

Other openings are for investigator positions with the general accounting office and production analyst, expediter and administration positions in federal agencies in Washington, D. C., and vicinity.

Positions pay from $2,200 to $10,800 a year.

Further information, including application forms, may be obtained from Miss Stronk at the Twin Falls postoffice.

Pedantic Pup Proves Prowess, Easily Earns Excellent Marks

DENVER, Dec. 4 (AP)—His classroom rivals say he's just putting on the dog, but Nicodemus, a handsome German shepherd who goes to school, has his own report card to show he's a straight A student.

About the only thing Nicodemus *hasn't mastered is penmanship.*

"But if he'd set his mind to it," says his teacher, Mrs. Elizabeth Johnson, "he probably could put his paw down on the matter and come up with a passing grade even in that subject."

Mrs. Johnson presides over the fifth grade class at Alameda grade school in nearby Lakewood, where Nicodemus, owned by Mrs. P. H. Youngblood, takes his post in the classroom every schoolday morning.

He first showed up last September when he tagged along with the kids. He's been a regular student ever since.

And he didn't get those good *grades just by being teacher's pet,* either. Like any other student, Nick must go by the rules.

To leave the classroom between recess periods, he scratches at the door. When the class recites the pledge of allegiance to the flag, he stands at attention.

How did he come by all those "A" on his report card?

Well, the one in English was de*served because he "expresses ideas* well orally," just like the report card says.

The A in mathematics was because "he can tell time—and for that you have to know your math," says Mrs. Johnson.

To qualify for an A in history, a student must be able to "acquire knowledge of people and places"—and Nicodemus does that well. He's *pretty good in health and safety,* too, so mark up another A for those subjects.

But spelling is where Nicodemus really shines.

"We have a game," says Mrs. Johnson. "The children tell Nicodemus the letters g-o, and he goes. Say o-u-t, and he goes out. Say d-r-i-n-k and over he goes for a drink. Best speller in the room."

And that's saying quite a lot for a pup who never cracked a book.

Trumped!

ROCHESTER, N. Y., Dec. 4 (AP)—Edward J. Sullivan, playing cards at Locust Hill Country club, Friday night held the rarest hand in bridge—all *13* cards of the same suit.

He made seven clubs, vulnerable, doubled and redoubled.

Carols Scheduling Need Emphasized

Importance of scheduling carolling visits to Magic Valley Memorial hospital during the holiday season was stressed Saturday by Vernon Harris, assistant hospital administrator.

He asked carolling groups who annually "give a great boost to morale" to hospital patients to have a representative contact him at the hospital to be assigned a specific day and hour.

Groups should plan to visit between 3 and 4 p.m. and 7 to 9 p.m., Harris said.

Mrs. Brown Paid Last Honor Here

Funeral services for Mrs. Fay Bell Brown were held at 2:30 p.m. Saturday at Reynolds chapel with the Rev. K. W. Burns, church of God, officiating.

Pallbearers were Fred Brown, Robert Brown, C. E. Calhoun, E. Glen Piercy, Fred Davis and Charles Humphreys. Music was furnished by Mrs. John Nussbaum and Mrs. K. W. Burns.

Concluding rites were held at Sunset Memorial park.

Board Approves Lilly Grade Work

Widening of several narrow places on the Lilly grade between Castleford and Roseworth was authorized at a meeting of the Twin Falls highway district Saturday.

Winn and company, Buhl contractors, were instructed to begin the project Monday. Its cost is estimated at $1,200 to $1,500 by J. D. Sinema, district director.

Only other business taken up during the brief meeting was approval of monthly payroll and bills.

Expansion Slated By Lumber Firm

BOISE, Dec. 4 (AP)—John L. Aram, executive vice president of the Boise Payette Lumber company, said today the board of directors has voted to spend $894,000 next year on expansion of the company's facilities in southern Idaho.

He said the company will also spend $90,000 on plant engineering, research and development of lumber products.

Hansen Residents Travel, Entertain

HANSEN, Dec. 4—Mr. and Mrs. E. R. Arment are visiting J. L. Wisdom and family at Klamath Falls, Ore.

Mr. and Mrs. Harold Einspahr have returned from Bremerton, Wash., where they visited her sister. They also visited Mr. and Mrs. W. E. Jones and family at Quincy, Wash.

Mr. and Mrs. Joe Froehlich, jr., are visiting relatives in Texas. Mrs. Joe Froehlich, sr., who has been visiting in Texas, will return home with them.

Joe Froehlich, sr., returned home Saturday from Salt Lake City where he has been visiting his daughter, Mrs. Dick Covey and family.

KING HILL, Dec. 4—John Parke, Shig Tomita, Orin Dexter and Lloyd Mollenhauer took the King Hill Scout troop, comprising 21 boys, to Boise Wednesday evening where they attended a Scout court of honor at the Boise high school gymnasium.

Each boy shook hands with Governor Jordan.

Farm Group Hits Retirement Plan

SALT LAKE CITY, Dec. 4 (AP)—The Utah state Farm Bureau federation expressed opposition today to compulsory social security for self employed farm operators.

The federal program was expanded this year to include such persons but the Utah farm group urged that it be made voluntary. The farm bureau said that young farm operators might better invest their cash in their farm operations than in a program for their retirement.

The organization noted, too, that other insurance programs are available *if farmers wish them.*

The federation's annual convention reelected J. Blaine Swenson, Spanish Fork, as its president, and Olaf George, Kanosh, vice president.

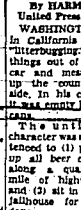
Litterbugs Feel Wrath Now Of Laws and Organizations

By HARMAN W. NICHOLS
United Press Staff Correspondent

WASHINGTON, Dec. 4 (AP)—A man in California was found guilty of "litterbugging" that is, throwing things out of his car and messing up the countryside. In his case, it was empty beer cans.



Harman Nichols

The untidy character was sentenced to (1) pick up all beer cans along a quarter mile of highway and (2) sit in the jailhouse for 28 days.

That is the sort of thing that prompts a lot of folks, including the American Automobile association, state legislatures, and officials to form Keep America Beautiful, Inc.

Boy Scouts have gotten into the act. They have adopted a creed: "I will treat the great outdoors as a heritage to be improved for our greater enjoyment."

The Girl Scouts have gone along with this, too, and pledge themselves to keep trash and garbage out of America's waters, fields, woods and roadways.

The "litterbug" thus came into being distributed around the country. It is a waterproof little sack, distributed by the AAA and others. The first one I saw came from the Inland Automobile association.

There is a big sign on the outside of the waxed bag. It says:

"This is your trash bag. Please use it as a container for your waste paper, tin cans, bottles and other debris."

There is some other literature. It suggests that if you are traveling you can deposit the bag in garbage cans when you stop for lunch along the highway. Or find a can where it can be dumped at motels—or gas stations.

Never on the highway.

A lot of communities already have joined the drive.

My first tangle with the anti-litterbuggers came a little while back when I took a motor trip across the country with Mike Frome and Jerry Fisher, a couple of much-traveled gents who work for the AAA. Mike is from the Washington office, and Jerry from Detroit.

Neither of them had any license to tell me what to do, but they were so over me from coast to coast.

Going through the redwood groves of California, both jumped on me for flicking cigarette ashes out of the window of the car.

"Might set a forest on fire," came the chorus.

Once I pitched the butt end of a hot dog out of the window and had to fight it out with my friends. They admitted that a hot dog wasn't hot enough to set anything on fire, it was cold when we bought it, but wasn't cluttering up the beautiful scenery?

I had to admit that maybe it was.

Delegates Named

Delegates from the Twin Falls high school student council have been chosen to attend a student council meeting in Burley Tuesday.

Senior delegates are Bob Livingston, president, Karen Pederson, Gerald Grow, and Neal Barth. Gay Severson and Jack Soulwick are junior delegates and representing the sophomore class will be Evelyn Shotwell and Bryant Larsen.

TRIAL DATE SET

SHOSHONE, Dec. 4—The trial of Russell Yanakey, Shoshone, owner of the McFall hotel, who pleaded innocent to charges of violating liquor licenses, has been set for next Monday before Judge Frank Dice.

Chairmen Prepare for Grange Convention

Final plans for the state Grange convention are discussed by these committee chairmen, from left, Noah Oliver, Pomona Grange master and general chairman; Thomas Speedy, housing chairman, and Robert Rayl, jr., registration chairman. (Staff photo-engraving)

Idaho's Grangers Will Start Four-Day Conclave Monday

(From Page One)

No. 230 is planned Tuesday afternoon.

State officers will confer the sixth degree upon candidates at 7:30 p.m. at the gymnasium. The rose drill will be presented by Twin Falls Pomona Grange. A mixer will be held at 9 p.m.

Election of officers is scheduled for 12:30 p.m. Wednesday. Conferences on unwritten work will be held from 8 to 9 a.m. and committee reports at 10 a.m.

Sessions will reconvene at 2 p.m. and conclude at 4 p.m. The home economics banquet will be held at 6 p.m. at St. Edward's church. The annual state lecturer's open meeting will be held at 8:30 p.m. at the high school gymnasium. Officials in charge of arrangements stress the public is invited.

The final day of the conclave will begin at 9 a.m. and recess at 12:30 p.m., reconvene at 2 p.m. and conclude at 5 p.m. The final session will begin at 8 p.m. and conclude with installation of new officers.

The 44th annual meeting of policy holders of the Grange Mutual Cooperative Fire Insurance company of Idaho will be held Tuesday at the Idaho Power company auditorium in conjunction with the convention. Four directors will be elected.

The Twin Falls Pomona Grange is hosting the four-day conclave. Noah Oliver, Pomona master, is general chairman.

Committee chairmen include Harvey Fornwalt, Hansen Grange, courtesy; A. E. Harper, Knull Grange, parking; William Lanting, Hollister Grange, and C. E. Grieve, Knull Grange, general arrangements, and Earl Young, Murtaugh Grange, tours.

Thomas Speedy, Twin Falls Grange, is in charge of housing arrangements and Robert Rayl, jr., Mountain Rock Grange, registration.

Committees from the various Granges are handling arrangements for lunches and dinners. Terry Sullivan, Twin Falls Grange, is in charge of arrangements for the home economics banquet. Decorations will be provided by the Buhl Grange.

Feed Dealers Are Reminded of Fees

BOISE, Dec. 4 (AP)—Commissioner of Agriculture D. A. Stubblefield says manufacturers still must comply with most sections of Idaho's 1953 commercial feed law, including the filing of a $5 registration fee.

He declared in a circular Friday that recent Ada county district court order invalidates only one section of the law—a section which imposed inspection fees of 20 cents a ton on poultry feed and 10 cents a ton on other types of feed.

Judge M. Oliver Koelsch declared that section unconstitutional last month after four commercial feed companies filed a complaint.

Idaho Demo Hits Vote on Censure

BOISE, Dec. 4 (AP)—Idaho's Republican Senators Welker and Dworshak have drawn the fire of state Democratic Chairman George Greenfield for voting against the senate resolution to condemn the conduct of Senator McCarthy, R., Wis.

"Idaho has no reason to be proud of them, Greenfield said in a statement Friday, charging that Welker and Dworshak had cast votes for "the kind of demagoguery and character assassination which has divided the American people at home and lost us respect abroad."

Watkins Censure Action Is Labeled "Splendid" by Ike

WASHINGTON, Dec. 4 (AP)—President Eisenhower congratulated Senator Watkins, R., Utah, today for *the "very splendid job"* he did as chairman of the special committee which recommended censure of Senator McCarthy, R., Wis.

James C. Hagerty, White House press secretary, made this statement to reporters in the presence of the senator after Watkins conferred with the President.

Hagerty said the President told the senator "he thought he (Watkins) handled a difficult and tough assignment with a great deal of dignity which reflected the respect the people have for the senate of the United States."

In response to a question, Hagerty said the President still was following a hands-off policy with regard to the McCarthy controversy itself.

4-H Club Meets

Members of the Stitch and Sew 4-H club and their mothers met at the home of Ellen Hargraves Friday to discuss patterns and materials for a dress project.

Cookies and punch were served by Miss Hargraves as part of her food project. The next meeting will be at the home of Mrs. Walter Eager, club leader.

Advertising Rate Increases Sought

IDAHO FALLS, Dec. 4 (AP)—The Idaho advertising commission had decided to ask the Gem state's growers next year whether they favor an increase in the advertising tax.

Commission members agreed at a meeting Friday that growers benefit greatly from the advertising, but they decided on the poll as a means of determining their feelings about the program.

The commission set June 13-22 as the dates for Idaho Potato and Onion week, an annual promotion.

Area Canning Kitchen Picks Its Directors

JEROME, Dec. 4—Mrs. Herman Hall, representing the northwest district, was elected a director for a term of two years at the annual meeting of the Jerome Canning Kitchen Thursday night at the county courthouse.

Also elected was Mrs. William Snyder, representing the southeast district, for a term of two years. Holdover directors are Mrs. Eric Jensen, Leighton Imes and G. W. Ostler.

Members discussed the cost of canning and took under consideration the possibility of increasing the cost per can for the next year. However, it was decided that with a large fruit crop and a heavy run of canning for the next season, the cost of cans could remain at eight cents and eight and one-half cents.

Further improvements for parking were discussed and the grounds will be graded and graveled to facilitate a larger parking area.

Frank Humbach, secretary-manager, reported that the canning kitchen broke about even this year although it was the smallest run during the past four years. He pointed out that 121,000 cans had been processed. Of these, 49,000 were fruits, 65,000 vegetables and 7,000 fish and meats. The kitchen operated a total of 72 days and 552 paid members participated as well as nine school, churches and the hospital. Humbach reported major improvements made this year were installation of a large can sealer and some grading and graveling for a parking area. He stated that the Jerome kitchen had the largest production capacity in this area.

Immediately following the meeting directors elected Leighton Imes chairman. Personnel for the new year were rehired, including Mrs. Pearl Hogue, supervisor; Mrs. Julia Jacobs, assistant; Eric Jensen, boiler supervisor, and Humbach, secretary-manager.

Americans use about 17 billion gallons of water a day for domestic purposes.

Shells, Fish Scales Become Jewelry

Mrs. John R. Toomey, Gooding, uses tiny sea shells and fish scales to make jewelry at home in her spare time. Although she has been engaged in the hobby only since last March, she has made more than 500 earrings, necklaces and pins. (Photo by Letha Tester—staff engraving)

Life in MAGIC VALLEY

Most people have hobbies but not many have one that is as profitable and enjoyable as that of Mrs. John R. Toomey, GOODING.

She makes shell jewelry in her spare time, fashioning it from the delicate lilac shell, the smallest cup shell in the world, to the large lucine shell. Some of the shells Mrs. Toomey uses are colored lucines with brown cone, king crown and cerinum shells with bone fish scales combined in designs for special effects.

Ear fish scales are used for the leaves in many designs and seed pearls are used to accent other designs. Many shells used in the cup shape can be cut lengthwise to form one design and cut crosswise to form another.

She calls the jewelry "Jewelry by Jan." The designs are mostly floral but she also makes some novelty sets. She makes earrings, necklaces, pins and combination sets.

Mrs. Toomey has been interested in this hobby only since March. Seeing a pin a friend was wearing, she liked the idea immediately.

"It isn't hard but it takes a steady hand and lots of patience," Mrs. Toomey said.

The equipment she uses is found in most homes. She uses a dinner plate on which to form her designs, tweezers to place the tiny shells in a pattern and cement to glue them together.

To make a pin or earring set, first a drop of cement is placed on the plate, allowed to set just a little and then a design is formed. After the cement is dry a razor blade is used to cut the designs from the plate. It then is cemented on a plastic disk for the pin or earring back.

Mrs. Toomey buys the chain for her necklaces in 25-foot lengths and cuts it herself to the desired length.

Dainty though the shell jewelry appears, it is very durable. It looks so fragile, but actually it is durable.

Mr. and Mrs. Toomey have two small children, a daughter 2 years old and a son of 6 months. Mrs. Toomey says she works on her hobby "in snatched minutes and after the children are in bed in the evening."

Mrs. Toomey says most of the ideas used in the "Jewelry by Jan" are her own. In the few months she has been working at this hobby, she has made over 500 earrings, necklaces and pins.

November, December and January really are holiday months. There are the new Veterans day and Thanksgiving in November, Christmas in December and New Year's day in January. Christmas and New Year's day are so close they almost seem like one.

In some respects, though, holidays don't seem to be the same as they were years ago. Today they seem to be observed by people who either are going some place to celebrate or who are staying home so they won't get caught in the crowd of people going some place.

Twenty-five years ago national holidays were more than just a day off from work. They were occasions when people got together to celebrate the event as a group. One such celebration was held at ALBION on July 4, 1929. The program started at 10 a.m. with a patriotic oration by the late T. Bailey Lee, judge of the district court. The Declaration of Independence was recited and a flag demonstration was held for the children.

With the patriotic phase of the program out of the way, the program of entertainment was started at 11 a.m. First there were foot races and then lunch. At 2 p.m. the horse races were started with prizes for win, place and show.

The nine races consumed the better part of the afternoon and after chores had been completed, the evening program got under way at 8 p.m. Under the stars there were three boxing matches and one wrestling match. Horseshoe pitching contests were conducted in the village park throughout the day and barbecued steer was served. Motion pictures, the silent, flickery type, of course, were shown and music was furnished by the Albion brass band.

After the wrestling matches were over dancing began and continued until the sun rose on July 5.

All this was provided through the efforts of two men, William Barrett and Samuel Perrins. Perrins now resides at TWIN FALLS. He was director of the brass band at the time of the celebration and still has in his possession one of the advertising dodgers Albion used to interest people in its celebration.

A manual crafts instructor in the BURLEY high school attended what he thought was a PTA meeting Monday night, even took part in the discussion and accepted the responsibility of helping to carry out a project and then discovered on Tuesday he had not been at a PTA meeting at all.

Mrs. George Reed, the teacher's wife, was informed by the young son of a neighbor that his mother had gone to a meeting of the PTA. Mrs. Reed told her husband about the PTA meeting and in due time he arrived at Lincoln school, the usual meeting place, only to find no one there.

After conversing again with the neighbor's son, Reed made his way to the city hall and arrived a few minutes after the meeting had begun.

During the discussion which centered around the Christmas nativity pageant being planned for later this month, Reed offered suggestions on how to make a star suitable to serve as the star of Bethlehem.

He wound up being given the job of constructing such a star. It was not until late the next afternoon that he learned the meeting he had attended was for a group of delegates from civic organizations and churches to make plans for the community Christmas project. The neighbor, Mrs. Ray Anderson, president of the PTA, was attending the meeting as a representative of that organization.

In any event Reed said he will complete his assignment of the star project.

Religion in Home Is Meeting Topic Of Heyburn PTA

HEYBURN, Dec. 4—"Religion in the Home" was the theme of the PTA meeting at the high school Thursday evening, conducted by Mrs. Harold Voght, president. Clayde Wilcox gave the PTA prayer, Mrs. Q. D. Brown led community singing accompanied by Lund Christensen.

Mrs. June Drage presented the program. A male quartet, Clayde Wilcox, Lakkar Olsen, Reed Jensen and Donald Handy, sang; Patty Woods gave two piano selections; Rev. Dale Harter, Burley First Christian church, spoke on "Growing in Favor With God and Man."

The organization decided to raise funds for the annual Christmas treats by canvassing the community. Each family will be asked to give $1.

Mrs. Leo Handy, hot lunch chairman, presented the federal surplus program and the PTA voted to take advantage of the program. Milk will be served at afternoon recesses, with the children paying one cent and the government 4 cents a week.

Mrs. Ann Blocking's fifth grade students, Ridale Blincoe, Janice Orton and Lina Ferguson, presented their live rat nutrition experiments to the PTA.

Hostesses for the evening were the freshman and sophomore home room mothers, Mrs. Emmett Moyle, Mrs. Jess Hymas, Mrs. Hylack Beaver and Mrs. Leland Thaxton. Seventy persons were in attendance.

We Move Into Our New Home

We have moved into our brand new $90,000 terminal and warehouse building just outside the city on Floral Avenue. Here we have plenty of room in an uncongested traffic area for our trucks to load and unload.

The building was designed for one purpose only—to give you even better motor freight service. The dock area has loading bays on both sides to accommodate 16 trucks or tractors at one time. There is a 3,600 sq. ft. warehouse section for commercial and household goods storage. The whole terminal, which also houses business offices, is a good example of modern, functional architecture.

We at Consolidated Freightways have served the Twin Falls community nearly 25 years. All of our "Freighters," the 32 men and women who staff CF's terminal here—maintain their homes in this community. We are proud of Twin Falls, of our company and of our new terminal. We invite you to come and see our new home.

OPEN HOUSE
for our friends
Coffee, doughnuts and a look at our new terminal would be an hour well spent.
Come and see us on Tuesday, Dec. 7— 10 a.m. to 9 p.m.
We'll be expecting you.

Surgeon and Congressman to Speak at Gathering in Burley

DR. WALTER H. JUDD

BURLEY, Dec. 4—Dr. Walter H. Judd, surgeon and representative from the fifth congressional district of Minnesota, will be the speaker at the Dec. 13 meeting of the Burley-Rupert Knife and Fork club.

Robert A. Miller, arrangements committee chairman, said dinner will be served in the Elks dining room here.

Dr. Judd was a practicing surgeon and medical missionary in south China from 1925 to 1931 and held a surgery fellowship at the Mayo clinic from 1932 to 1934. From 1934 to 1938, he was superintendent of north China hospitals for the American board of commissioners for foreign missions.

The Minnesota congressman and surgeon saw the long ravishment of China by Japan; worked on battle victims and watched the migration of the Chinese multitudes away from the battle zones. He said he marveled at the Chinese guerrilla resistance against unbelievable odds.

His access to military, economic and political information as a congressman adds to his stature as a speaker. Although his subject matter is definitely controversial, Dr Judd attempts to steer clear of party politics.

Shoshone Park's Conditon Is Good

SHOSHONE, Dec. 4—Park maintenance has been completed for the season and Major Joe Pagonga reports that the grounds are in perfect shape.

Leo Nyborg is park attendant. One of his jobs has been nursing the new lawn in the park addition; it is growing fine now.

A park improvement this year was the construction of a cinderblock shed to house the pump and watering and other equipment. It was built by Broyles and Garner for $958.

A footbridge across the river west of the shed may be built this winter, the mayor said, depending on weather and volunteer help.

2 GROUPS TO MEET

SHOSHONE, Dec. 4—City council members will meet at 8 p.m. Tuesday at the city hall. A meeting of the library board will be held immediately preceding at the library rooms.

Fluoridation OK'd

OLYMPIA, Dec. 4 (AP)—In a widely-awaited decision, the state supreme court upheld by a 5-4 vote this week the right of the city of Chehalis to fluoridate its water supply to help prevent dental decay, mainly among children.

Two and a half years ago, Seattle voters turned it down 2-1 and since then Colfax and Longview have also rejected it. Many cities of the nation have it and the state board of health has approved the measure.

RETURNS HOME

EMERSON, Dec. 4—Mr. and Mrs. Fred Schodde have returned from Salt Lake City.

Mr. and Mrs. George Crofts and daughters have returned from San Diego, Calif., where they visited their daughter, Lynne Crofts.

Story Told of Escape From Death in Mud

(From Page One)

about 300 yards out, with the tiller of the outboard motor.

"We were going slow," Gordon said, "with the motor on idle all the way. As I turned upstream all of a sudden we started taking in water. Lots of it. I took about five seconds flat for that boat to sink right out from under us."

He couldn't explain the sinking, but thinks a seam of the boat may have split.

The trio clung to each other in the darkness, with only Mrs. Gordon equipped with a life jacket. Gordon and Gooding kicked off their wading gear.

"We had just started swimming when all of a sudden the boat popped up nearly upside down. The motor was gone. I don't think the boat would have come up with the motor on and I thank God the motor came loose. We wouldn't have made it without the boat."

Gordon and his wife clasped hands across the bottom of the upended craft, which was kept afloat by sealed float compartments under the seats. Gooding straddled the rear of the craft, grasping the Gordon's hands to form a three-way hold. The three kept reminding each other that the important thing was to stick together. They started kicking the craft toward shore, the Gordons paddling with their free hands.

"My arm got to feeling like lead, and I couldn't paddle anymore," Gordon continued. "I still had my flashlight, which was shorted out most of the time, but I got it to working once in a while and I sure prayed someone would see it."

Gordon figures they were in the water an hour to an hour and a half. It was getting light when they finally reached the edge of the oozy, neck-deep muck and it seemed that their shouts had failed to bring help.

"We just laid there in the mud awhile. I felt numb all over, but I could still feel that awful cold at the same time. I could think clearly though. That's what surprises me most about the whole thing—how calm we were and how easy it was to think things out. Just clear as a bell.

"We were worried about freezing to death, so we started swimming and crawling through the mud. It was awful. We would go under, just like in water. I was trying to drag my wife. She just couldn't help herself anymore. Walt said he would go ahead for help and the last thing I remember is seeing him slopping through the mud ahead of us."

The dramatic last minute rescue by Bench apparently took place after Mr. and Mrs. Gordon had lost consciousness although Mrs. Gordon did respond to Bench's call to "raise her arms."

In mud up to her neck, she managed to free one arm and hold it aloft. Bench, who had raced across the dam on horseback, dropped the noose on his lariat over her head and arm. His horse was unable to get a footing in the mud and he had to haul her free by hand.

Gordon, also in the mud up to his neck, did not respond to Bench's call. The young man threw an eight-foot pole out onto the mud and waded out on it. Then he crawled along it until he reached Gordon. Once he had fastened the rope around the unconscious man, other persons on shore hauled Gordon to safety.

Mr. and Mrs. Gordon both recovered consciousness at the hospital around 10:30 a. m. Friday, nearly three hours after they had been dragged from the reservoir's muck. Both were suffering from shock, exposure and minor cuts and scratches.

Mrs. Gordon appeared the more tired and worn from the ordeal, some 11 hours after the sinking.

"I'm afraid I just don't remember very much about it but I'm sure that picture of me is going to look awful."

Gordon was in much better spirits than his wife although he admitted his limbs still were without much feeling.

"I've got to replace a lot of equipment, he said. "There are four shotguns, a motor and plenty of other gear at the bottom of that lake. But I'll be back. There are plenty of ducks out there and there's nothing I like better than banging away at them."

Gordon isn't letting his duck hunting enthusiasm run away with him though. He had another date to go hunting Saturday but he didn't keep it.

Fuel Bid Awarded By Local Hospital

Intermountain Fuel company has been awarded a contract to supply coal to Magic Valley Memorial hospital for the 1954-55 heating season at $11 per ton, C. D. Hiatt, chairman of the hospital board, announced Saturday.

Hiatt said the contract was awarded not only on the basis of price but in consideration of all factors which "contribute to obtaining the most value for the heating dollars." This year, he said, a method used by large coal purchasers, including the U. S. government, was applied to determine fuel factors.

Six local dealers submitted bids ranging from the $11 of Intermountain to a high of $13.25. The hospital uses 1,000 tons of coal annually.

Highway District Wins Safety Award

At extreme left is Robert Schuppenzise, Shoshone, district maintenance superintendent, and the extreme right is Dwight Crofford, department safety director. Annual Safety Award of State Highway Department Is Won by District Crews

Employes of district No. 2 of the state highway department were awarded the department's annual safety award Friday night at a banquet at the Legion hall here. The event was attended by approximately 150 persons.

Presentation of the award was made by Traffic Engineer Ellis Mathes to District Engineer James Cairns, Shoshone. In making the award, Mathes congratulated the district on its safety record. He said the district, with approximately 190 employes who worked 443,000 man hours, lost only five hours by reason of an accident.

Mathes said the district had only one accident in 227,000 vehicular miles. He added that every hour and dollar saved through safe operation means that much more time and money the department can devote to highway construction.

In accepting the trophy for the district, Cairns thanked the employes for maintaining safe operations throughout the district.

To Mathes he said, "You should plan on having this banquet here every year because all of us in district 2 are determined to win it from now on."

Toastmaster at the banquet was Dwight Crofford, the department's safety director. The high school quartet, accompanied by Diane Kail, sang.

Dean Corbridge, branch manager for the Inland Empire Insurance company, said, "District 2 has done something very commendable. Two years ago the district was in last place and was the first district to win the eight-ball award."

Corbridge's firm is the department's insurance carrier and was host at the dinner.

The department purchases insurance to protect the individual employe and not the state, Corbridge said. He added that because of the careful consideration by highway employes, insurance premiums have been greatly reduced in the last couple of years.

New 1955 Line of Autos May Outstrip Major Competition

NEW YORK, Dec. 4 (AP)—A manufacturer from the west coast has just unveiled his 1955 line of automobiles and expects to outsell General Motors, Chrysler and Ford put together.

The new models are just that—models. Revell, Inc., Venice, Calif., is turning out twenty million of them this year for the "do it yourself" trade.

To be more exact, for those in the "do it yourself" crowd who would rather let someone else do most of it.

Revell is the biggest producer of kits for assembling scale models of cars, ships and planes. Its sales have jumped from one million dollars four years ago to six million dollars this year. Its customers are mostly men who like models but are too busy to spend much time at it.

Milt Grey, vice president and sales manager of Revell, came to New York to plug the firm's newest models and was not about to apologize for undermining the old craft of model-making.

"Men used to sit around for hours and whittle. But who has time or patience to whittle these days?" said Grey. "With one of our kits a man can come up with a detailed scale model in 30 minutes to an hour."

The only skill he needs is a light touch on a tube of glue. The parts are already molded of plastic. A diagram shows where the fenders or the wings or the smokestacks go.

Revell even puts out a kit to make a sailing ship in a bottle. The bottle is part of the kit. It is split down the middle so the ship can be slipped inside and the two pieces fitted together around it.

This isn't cheating, Grey insisted. It is only a shortcut. The modelmaker is still doing something with his hands, and gluing a prefabricated model together is about all he has time for.

Revell was doing a so-so business in plastic pull-toys until 1950, when it came out with a kit which assembled into a scale model of the 1913 Maxwell car made famous by comedian Jack Benny. More than 800,000 were sold within a year. More antique car models followed, then replicas of U. S. warships, jet fighters and bombers, old sailing ships and some horse-drawn vehicles.

Recently Revell offered model-makers two contemporary cars—a Jaguar and an MG—and in January will hit the hobby shops with its first model of a modern American car, a 1955 Cadillac Eldorado.

Revell has sold more than 1,000,000 models of the battleship Missouri, and had a replica of the atomic submarine Nautilus on sale before the Nautilus was commissioned.

The Nautilus model was made from drawings and sketches of the submarine which were not classified as secret. A staff of engineers at Revell does the actual "whittling" of the original models, creating an intricate series of moulds to form the plastic parts.

Grey believes his company is just getting started, although it is already the biggest consumer of styrene plastic on the west coast.

"We're coming out with old fire engines and famous old guns. After that, we'll get started on locomotives."

Nuclear Projects Manager Named

IDAHO FALLS, Dec. 4 (AP)—R. L. Stocker, Whittier, Calif., former nuclear projects engineer for North American Aviation company, has been appointed manager of a Rocky Mountain group studying the possible use of nuclear sources for electric power.

O. M. Gadsby of Utah Power and Light company, chairman of the group's management committee, said Friday that Stocker is assembling a nine-man team to work with the atomic energy commission.

The men will represent nine Intermountain firms that are taking part in the project.

BACK HOME

HAILEY, Dec. 4—Mr. and Mrs. George Kibbie have returned from a vacation trip to Oregon. They visited their daughter, Mrs. J. C. Leverich, and family at Lakeview, Ore.

Wheat Grass Labeled Cure Of Halogeton

BOISE, Dec. 4 (AP)—Idaho members of the American Society of Range Management were given advice today on how to make war on halogeton—a deadly weed plaguing Idaho's ranchers.

Joe T. Fellini, Boise, range and forestry officer for the bureau of land management, said the best method is to reseed the range lands to crest wheat grass.

Fellini's paper was read at an annual meeting of the Idaho section of the society.

Fellini said it takes about three years for the wheat grass to crowd out the halogeton, and "our reseeding experiences have made us confident of our ability to grow grass on a considerable acreage of the federal range in Idaho."

Idaho cattlemen and state and federal agencies have been fighting the weed since 1940.

Lyman L. Richwine, district U. S. forest ranger at Spencer, outlined the use of airplanes in spraying range with chemicals to destroy sage brush and improve grass cover.

Richwine said livestock not only are unaffected by the spraying, but even show a preference for sprayed range areas.

The section nominated officers who will be elected by mail ballot. They are chairman, Dr. E. W. Tisdale, Moscow, and Ralph Jorgenson, Grangeville; vice chairman, J. O. Mayfield, and Justin Smith, Boise; secretary-treasurer, William Lehrer, Moscow, and Russell Smith, Lewiston; council, Min Hironaka and Paul Dalke, both of Moscow.

Man Sentenced

GOODING, Dec. 4—Robert Shuler, Shoshone, was fined $100 and costs and given 60 days in jail Friday by Probate Judge James F. Gossett.

Shuler was charged with writing a worthless check.

Writer From Jerome Supports McCarthy in Censure Hearing

Editor, Times-News:

I wish I could write this morning something that would interest the people enough that they would read what Senator Knowland and other real Americans are trying to show us.

How many have read "The Road Ahead" by John T. Flynn? Why don't we read or listed now to our Senator Knowland when he says in Washington, "stop spending our time trying to fight Senator McCarthy and do something about Russia fighting us, shooting down our men and planes and passing a notebook back and forth and then shooting down another American plane."

We send our billions of dollars to foreign countries, talk about unemployment and the headlines in the paper say, "Public Ritual Makes 50,000 New Citizens" of every race. Where are jobs for them?

Why don't we write to our congressmen and ask them before it is done again to bring back the Constitution, make it a law, that no President can make treaties with other countries without our congress.

Senator Bridges, Republican, and Senator Byrd, Democrat, have introduced this amendment to the Constitution that will compel the United States government to live within its income. No more debt (save in wartime). Where are we headed?

I hope they will clear Senator McCarthy. They have pushed the Peress case out of the "censure McCarthy." It wasn't Cohen or Schine or his income before his election in 1952. Senator McCarthy said Peress was a communist who refused to answer because it would incriminate him and the officer who raised his rank from captain to major and retired him.

Senator McCarthy didn't make an attack on the army, he merely charged or criticized the high ranking civilian political officials who for the time were running the army. Senator McCarthy was getting too close to some people close to this setup and they were so frightened at what Senator McCarthy would reveal they got three Democrats and Republicans to support McCarthy and investigate him instead of communists. Pretty much as if a judge and jury in a murder trial quit trying the defendant for murder and turned the case into a trial of the district attorney.

Why don't we listen to what Senator Knowland is saying about Russia? What do we want of the United Nations with enough traitors in it to block us at every turn? Watch now and see red China come in.

Can we think of Korea and our boys and have red China and Russia in the United Nations? We have too many communists in our government. Why don't they get them out, and why don't we write our Republicans and ask for a cleanup of what they know is wrong. Millions of dollars were spent in putting the McCarthy mess on television instead of spending it getting rid of communists.

Wonder what they will do with Hiss. That will be started again soon.

Operation of Junior Colleges For Wyoming Aired in Letter

Editor, Times-News:

The following letters I believe make clear two types of junior colleges. I quote:

"Casper, Wyo.—Your card requesting information as to the financial support, control and other factors pertaining to Casper Junior college has been received.

"Our college was organized under the 1945 law which makes it possible for any first-class high school district to organize a junior college and levy a 2 to 2½-mill tax on the district to support it. The voters of Natrona county high school district approved the organization of Casper Junior college in 1945. We have been under control of the high school board of trustees since that time.

"The college has had very adequate financial support from the 2-mill levy and the income from student fees and tuition. We have an assessed valuation in the district of $66,000,000 which provides $132,000 per year income.

"Our fees and tuition average $100 per year for resident students and $150 per year for students who live outside our district.

"We are now completing our first building on our own campus which will cost approximately $800,000 and which has been built by the sale of bonds on the high school district. Our first 10 years of operation have been in the high school building.

"It is also possible, as a result of a 1951 statute, to organize an independent junior college district in Wyoming. This can include one or more school districts and a maximum of 2½ mills can be levied for support of the college. A separate, elected board of control is provided and two of Wyoming's junior colleges are organized under this law. They are at Sheridan and Powell.

"There is certainly room for the organization of several more junior colleges in our western states. A careful study should be made in any area that plans to organize such a college.

"Factors such as financial support ability, number of students in the high schools of the supporting area, proximity of other colleges and general interest of the people in the supporting area should be determined before a college is organized.

"Our college has been quite successful and is meeting a definite educational need of the central Wyoming area.

"Our present enrollment is more than 300 day students and approximately 1,100 adults in evening classes.

"We expect to grow to 500 day students soon after we move into our own building on our own campus.

"M. F. Griffin
Dean"

"From the office of superintendent of public instruction, Olympia, Wash.:

"We have received your letter requesting information about the 13th and 14th year high schools of this state.

"Such programs may be offered in any of the nine public junior colleges.

"It is also possible for any high school to offer extended secondary programs as long as it fulfills the state board requirements (1) that the course be a continuation of work offered in high school, and (2) that the majority of students enrolled must be high school graduates.

"The state assists junior college districts in building facilities.

"The formula is the same as for elementary or high schools, except that the junior colleges have a larger percentage of out-of-district students than the high schools.

"The state pays 100 per cent of out-of-district share of the cost of construction.

"An Grant Morrison
Supervisor of junior college education."

Captivity of Americans Draws Fire From Twin Falls Woman

Editor, Times-News:

This latest news from Peiping, the anniversary of POW's with perhaps a few civilians, I wonder if that's the meaning of "peaceful coexistence"—we have heard about the past year or so.

How do we deal with people who have no consideration for civil rights, the 1929 Geneva pact on the treatment of prisoners of war and their release on the signing of a truce?

I'm sure the President is working as hard for peace now as he was when he tried all peaceful means to end the war in Korea, and to gain the release of some POW's. But peaceful means have not released all of them, and the war isn't over for those held as captives, nor for their families. I believe there are worse things than death and I think one of those prisoners were mine I would rather know he was killed by one of our bombers than to know he was in the inhuman hands of his captors.

Now, do you want me to hand out one other gripe? Here it is.

Time was when young men were . . . proud and happy to don the uniform of their country in one branch of military service. Now I think I can understand why some of them have no desire for any part of war. Since the last two years, some of our returned POW's have been treated as criminals. Maybe they have committed crimes, I do not know.

I do know fear can destroy mind, body and soul, and know that some of our prisoners were subjected to fear almost beyond human endurance, for months, even years. . . only to find when they finally got home some high ranking officer (who may have gone up in rank from an easy chair) has them court martialed or dishonorably discharged.

I think it's disgraceful and I'm ashamed of it.

Kamloops Writer Says Times-News Issue "Colossal"

Editor, Times-News:

Your anniversary issue was a colossal accomplishment and you must have had almost a surfeit of congratulations, but nevertheless I want to add mine. It is a wonderful issue from every standpoint and I can fully appreciate the work that went into it. Although I have read only a small part of it I happened to have a free evening the day the paper arrived and I spent the entire evening learning something of the history of Twin Falls and of its present-day economy. I thoroughly enjoyed it.

'Milk' Lunch Given by Ike

WASHINGTON, Dec. 4 (AP)—President Eisenhower tossed a stag luncheon at the White House Friday to promote the sale of milk and dairy products.

He invited 19 guests, including Secretary of Agriculture Benson and the heads of several dairy and milk organizations.

Here is the menu:

Oyster soup in a milk base, crackers, rock fish based in milk, scalloped potatoes in milk, Chinese cabbage baked in milk, tossed salad, apple pie and cheese.

To top it all off, the President ordered out the White House 12 ounce glasses for a generous serving of milk to wash it down.

"And they can have as much more as they want," said White House Press Secretary James C. Hagerty.

Property Account Is Asked in Court

GOODING, Dec. 4—E. F. Wilson was named defendant in a suit filed in district court Friday by Therma Wilson asking to have a property settlement of April 20 declared void.

Mrs. Wilson asks the court to order the defendant to submit a written statement accounting for all property acquired before the divorce granted in district court April 22.

She asks the court to assign to each what the court deems just, and that the court restrain the defendant from selling, conveying, mortgaging or disposing of any of the property. Branch Bird and Cecil Hobdey are her attorneys.

Meeting Slated

SHOSHONE, Dec. 4 — A stockholders' meeting of the Wood River Sales corporation will be held at 2 p.m. Friday at the Rex theater, Shoshone.

Directors for the coming year will be elected and consideration will be given possible sale of the sale ring at a $5,000 option price.

Everett Coon, manager of the Shoshone Livestock Auction company, holds the option under his present lease.

Moose Secretary To Be Speaker at Sessions in Buhl

BUHL, Dec. 4—John C. Meikle, Moosehart board of governors secretary, will be the principal speaker at a meeting of Magic Valley lodges at 8:30 p.m. Wednesday at the Buhl Moose hall.

Meikle is a graduate of Moosehart and one of its first students. He served two years in World war I and later for eight years as private secretary to James J. Davis, then U. S. secretary of labor.

He is a member of the Moose Fellowship and Pilgrim Degrees, Masons and American Legion.

A class of about 50 candidates will be initiated into the order at the Wednesday meeting.

The Buhl lodge won a recent valley-wide membership drive and was chosen for the site of Meikle's talk and to host the valley meeting.

Wendell's C. of C. Members Discuss Top Group Items

WENDELL, Dec. 4—The Chamber of Commerce met Wednesday evening at the civic club rooms with L. R. Berry, chamber president, in charge.

L. W. Parr, nominating chairman, gave the report of the committee. Election and installation of officers will be held at the Jan. 5 meeting.

Dr. H. F. Holsinger reported arrangements for the guest day dinner meeting Jan. 25 at the grade school auditorium. Dr. Tom Shearer, president of College of Idaho, Caldwell, will speak.

A letter from Orchard Valley Grange, naming Norvall Coffman as Grange representative to the chamber, was read by the secretary.

Bud Zollinger cited the need of a resident implement dealer. He was appointed to investigate and report to the merchants-farmers. Other industries are to be contacted.

A program was outlined by David Thacker, Gooding county agent assistant, for local merchants to sponsor the purchase of calves for 4-H members' projects. The chamber went on record as favoring the program as outlined with Thacker to contact sponsoring merchants. They also endorsed the plan of a sales arrangement for 4-H and FFA fat stock sales for the Northside.

The highway sign owned and maintained by the chamber will be repaired.

The report of the street lighting and Christmas treat committee was given. Work on street lights and decorations will begin Sunday at 8 a.m.

Jerome Election Will Pick Three

JEROME, Dec. 4—Three directors of the north side soil conservation district will be elected Tuesday.

Land owners of the district will vote at the Pierce real estate office from 1 p.m. to 5 p.m., William Lutz, chairman of the supervisors board, stated.

Candidates include Guy Hunter, Jerome; Clyde Montgomery, Eden, incumbent, and Robert Brutke, Hunt. Holdover supervisors are Lutz and Wilford Barga.

Supervisors are elected for a term of three years. Hunter is seeking the post now held by Kenneth Lavene and Brutke is seeking post held by William Briesenden.

Lutz explained that only land owners whose lands lie within the boundaries of the district are eligible to vote.

To Serve You BETTER

We wish to announce that we, Elvis Cain and Mel Jensen, have formed a corporation of the Two Stores . . . RISER-CAIN and CAIN'S . . . with the aim of giving the best possible in sales and service to our customers.

MEL JENSEN
Vice President
In Charge of Customer Service

The Twin STORES To Serve You!

ELVIS CAIN
President

It is indeed gratifying to become a part of one of the most aggressive, dominant businesses in the state of Idaho.

In forming this corporation, it is felt that we can greatly increase our ability to serve the fine people of this area.

Having for many years been meeting the people of Magic Valley in both sales and service, I am sure of the need for prompt attention to all service problems as they arise, and I pledge my personal attention to all your service needs.

I take this opportunity to invite all my many friends throughout Magic Valley to see the Fine Line of Electrical Appliances and Television we have here for your approval . . . and to give us an opportunity to serve you to the best of our ability.

MEL JENSEN

I am happy to announce the association of Mel Jensen with our organization.

Mel, with over nine years experience in appliance sales and service in Twin Falls, joins our organization as Vice President in charge of Customer Service, handling our Service Organization of 10 Men, 4 Trucks and 4 Service Cars.

"IF WE CAN'T SERVICE IT . . WE WON'T SELL IT" has, and WILL NOW more than ever, be our slogan and our endeavor. Better, quicker, more satisfactory service is the main objective in bringing Mel Jensen into our organization.

Mel and his reputation for fair dealings is well known by most every one in this area and we feel his personal efforts in handling the service crew and their problems will make our organization truly outstanding in SERVICE.

Our sales-organization can and will profit, too, by the vast experience in the appliance field that Mel brings to us.

Mel is anxious to meet all his many friends and customers here at his new business home and extends a special invitation for every one to come in and look over our wonderful new lines of Electrical Appliances and Television.

"How I learned I don't need a hearing aid"

* Free booklet tells all—sells nothing!

"I was afraid I needed a hearing aid because every once in a while I didn't hear very clearly. But thank goodness I sent for that booklet. Now, I know I don't need a hearing aid after all. Maybe it will help you as it helped me."

Yes, friends, this revealing 43-page booklet, Your Hearing and Your Health, puts the real facts on the line. It doesn't sell anything, not even a single word about Sonotone's amazing new transistor hearing aid. It *does* tell such facts as how to care for your ears; the effects of vitamins and drugs on hearing; whether deafness is inherited; the family problems of the deaf; and many other revealing facts.

And this booklet is *free*. Free of *charge* and free of *salesmanship*. It is published by Sonotone as a public service.

Scores Given In Cage Play Of Knotholers

Collecting 76-16 win over the Panthers, the Varsity Five continued to lead the eighth grade loop in Knothole basketball play Saturday.

Varsity's game was sparked by David Fix, who accounted for 38 points, and Bill Baker with 32. High scorer for the losers was Eddie Ritchie with 4.

In other eighth grade games played on the junior high school gymnasium, the Big Hearts dumped the Junior Police 18-8 with Bob Reese scoring 8 for the winners and Danny Beverly 4 for the losing quint.

The Tigers lost a close 30-29 tilt to the Tadoma, with Jerry Hunt credited with 12 points for the winners and Jacky Lekey a dozen for the losers. Bill Warren paced the Phillies to a 43-14 win over the Sinkers with 18 points. John Reach collected 20 for the Sinkers.

The Sweet Shots overwhelmed the Thunderbirds 72-8 to continue their seventh grade lead. Charles Ward scored 26 of the Sweet Shots' markers while Dick Lingnaw collected 4 of his team's total.

Other seventh grade games saw Fighting Five take the Junior Globetrotters 35-20 and the Blackhawks down the Panthers 26-11. Darryl Amick scored 12 points for the Fighting Five, Ronald Rene 8 for the Globetrotters, Dale Bartlett 9 for the Blackhawks and Raymond Dey 4 for the Panthers.

The Midgets wound up on the long end of an 11-10 game with the Tigers. John Lucich led the winners' scoring with 6 and Billy Cloggins with 4 was the lowest high man. The Bobcats tumbled to the Jaguars 29-19. Frank Nelson had 10 points to lead the Jaguar scoring and Royce Lake 6 for the Bobcats. Don Griffith with 10 points led the Speedballs to a 26-24 win over the Globetrotters, whose Bill Carter scored 8.

The Junior Bruins and the Hotshots were in a two-way tie to lead the sixth grade loop as a result of Saturday's games. The Bruins trounced the Atomic Ten 45-28 behind the 26-point scoring of Dale Willis. Danny Keller scored 12 for the losers. The Hotshots outshot the Cardinals 41-2. Gary Maupin's 13 points were high for the Hotshots and Jimmy Herrick scored all the Cardinals markers. In the third sixth grade game, the Wildcats scratched the Bulldogs 14-4. Bobby Lesser scored 8 points and Phil Butterfield netted his team's four points.

The fifth grade-leading All Stars won a forfeit from the Yanks. In games played Saturday, the Junior Greyhounds defeated Idaho Power 19-14 with Howard Kelly of the Greyhounds scoring 8 points and Idaho Power's Brad Trumphrey collecting 10. The Badgers beaned the Beaners 8-4. Danny Hartley racked up 4 for the Badgers and Grant Smith 2 for the Beaners.

In fourth grade games, the Indians fell 11-0 to the Mighty Five whose mightiest scorer was Jimmy Collins with 7. The Cougars defeated the Squirts 17-7. Brent Miller's 10 points were high for the winners and Skipper Daniels' 2 led Squirt scoring.

Idaho Champions to Compete

Off to represent their state in the national finals of the "Make It Yourself With Wool" contest, receive encouragement from John Breckenridge, Twin Falls, a vice president of the National Wool Growers association. The finals, to be held Dec. 8 in Salt Lake City, in conjunction with the 90th annual convention of the association, will bring together champions from 14 western states. The girls are Joanne Langdon, 17, Buhl, wearing the black wool challis dress which won her the state's junior championship, and Mrs. Patricia Jepson, 21, Pocatello, in the coral fleece coat which won her the senior title. Winners for 14 Western States Slate National Finals in Wool Dress Event

SALT LAKE CITY, Dec. 4—From 14 western states, the woolgrowing empire's 28 top home sewing experts began arriving Sunday in Salt Lake City to compete Wednesday night for the top national awards in the eighth annual "Make It Yourself With Wool" home sewing contest.

The young women, whose ages range from 14 to 22 years, have won the right to represent their states in the national finals by being named junior and senior home sewing champions in their own states.

With their state titles they won four-day, all-expense-paid trips to Salt Lake City, to be guests of honor at many important functions in conjunction with the 90th annual convention of the National Wool Growers association.

The big event, however, will be the "Make It Yourself With Wool" fashion show Wednesday evening in the Roof garden of the Hotel Utah, where the young women will model their home-created fashions, and compete for national awards in the clinics of the $15,000 prize contest.

Two trips abroad to London and Paris—one for a "junior" and the other for a "senior"—are the principal prizes in the competition.

Ten junior and senior national champions will be named at the show. In addition to the trips to Europe, the girls will receive college scholarships, U. S. savings bonds and valuable merchandise in addition to their titles.

The girls will arrive equipped with steam irons, special boxes to hold their fashions, and a multiplicity of good grooming aids. They will be judged on the attractiveness, fit and workmanship of their fashions and on the fashion judgment that led them to select the color and fabric for their type of figure and personal appearance.

Junior and senior winners from the following states are appearing in the show: Arizona, California, Colorado, Idaho, Missouri, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, Wyoming. Girls from 14 through 17 compete as juniors; those from 18 to 22, as seniors.

The "Make It Yourself With Wool" contest is an annual event now in its seventh year, and is conducted in the western states by the Wool Bureau and the women's auxiliary of the National Wool Growers association. Last year more than 7,000 girls entered the contest at the regional and state levels. Western governors each year proclaim a "Make It Yourself With Wool week" in honor of the contest.

Western experts on Soviet Russia have lost a "peep hole" into the way things are going inside the Kremlin.

For years, they had watched closely the order of precedence in which top-ranking Russian leaders were listed when they attended official functions—celebrations, congresses, parades, funerals and even opera premieres.

The frequent shifting in the ranking of the top men gave the experts—or the experts thought it did—an indication of developments in the never-ceasing, dog-eat-dog struggle for power which is a normal part of life in a communist hierarchy.

But for the last six months, the names of the big men in the Kremlin have been listed according to the Russian cyrillic alphabet.

This had happened once before, shortly after the death of Josef Stalin. Then the alphabetical listing was soon dropped. This time, advices from London say, the experts believe the alphabetical listing may continue for a long time.

There are two suggestions as to the reason for the change.

One is that the Kremlin is trying to build up the idea of "collective leadership" in contrast to the iron-one-man rule of Stalin.

The other is that important changes in relative power may be in progress.

In the alphabetical listing, Premier Georgi M. Malenkov ranks fourth. Foreign minister Vyacheslav M. Molotov, who is nominally the No. 2 man in the government, comes sixth. Nikita S. Khrushchev, first secretary of the Russian Communist party, ranks ninth.

Malenkov, of course is the No. 1 man. It has long been apparent that Khrushchev, nominally listed behind Molotov, is No. 2.

Khrushchev is a ruthless, ambitious man. He has risen rapidly on the Kremlin totem pole.

There are indications that some day, with his control of the Communist party machine, Khrushchev may make a bid for power. Stalin, as head of the Communist party, was Russia's dictator for years before he made himself prime minister.

That could happen in Khrushchev's case. He is thrusting himself forward more and more. It was Khrushchev, not Molotov, who went to Peiping for the recent Russian-Chinese conference. It was noted that the Nov. 7 reception, in celebration of the anniversary of the Bolshevik revolution, Khrushchev buttered himself in long talks with French ambassador Louis Joxe and Yugoslav ambassador Dobrivoje Vidic. He was much more prominent than Molotov among the foreign diplomats.

There is no way to tell how things are going in the Kremlin. But the experts seem to feel that Moscow has played them a mean trick by abolishing the totem-pole method of listing its leaders.

Teachers Meet

PAUL, Dec. 4—The Minidoka County Teachers Education association met Wednesday afternoon in Paul, with Nolan Burnett, president, in charge. A program was held.

The high school mixed chorus, directed by Lloyd Earl, sang two numbers; the fifth grade trumpet trio played a selection and an educational film was shown.

After the program and meeting, refreshments were served by the Paul school faculty under the direction of Deon Johnson, Mrs. Vera Williams and Mrs. L. Schaffer.

Report Shows Status of Pilot District Program for Lincoln

SHOSHONE, Dec. 4 — Lincoln county farmers were given first hand information this week on the pilot district program sponsored by the soil conservation service.

The information was given at a series of meetings in Shoshone, Dietrich and Richfield by officials of the soil conservation service, the bureau of land management and the state fish and game department.

Highlighting the reports was one given by Ira Clark, Pocatello, range conservationist for the soil conservation service, who detailed what already has been accomplished and what is hoped to be accomplished by the program. Clark said the program will increase production by one-half.

The district, Clark said, comprises 1,271 square miles, including all of Lincoln county and 30 square miles in Gooding county. Approximately 100,000 acres, or 13 per cent, are classified as suitable for farming with only 54,000 acres actually under cultivation.

Range land comprises 774,000 acres or 89 per cent of the district. Of this total only 29,000 acres, or four per cent, are in good condition, 213,500 acres are in fair condition and 482,500 acres in poor condition, the report said. Livestock, however, is the leading agricultural enterprise in the district contributing approximately 53 per cent of the total agricultural income.

Each year approximately 45,500 sheep use the district's rangeland while moving into summer ranges in the Big Wood river basin.

Also each year approximately 330,000 acre feet of water are delivered through the Big Wood river canal system to the farms in the district, the report continued. There is, however, a loss of more than 20 per cent in the distributing system, Clark reported. He said that of the amount delivered to the farms, the farmers receive on an average of somewhat less than 30 per cent irrigation efficiency.

In other words, Clark said, for every 10 inches of water delivered to the farmer, less than three inches is used to meet the actual needs of the crops.

Clark continued in his report that there are 9,285 acres of cultivated land infested with weeds, 325 miles of weed infestation along the canal banks and the equivalent of 28 miles of solid infestation along district highways and roads.

The report also mentioned low crop yields, low yields from dairy herds and occasional bulldups of insects and rodents to epidemic proportions. He said that through the district the income to the individual farmers could be boosted by better farming and better management.

He said the average production per dairy cow in the district is only 265 pounds of butterfat, the average yield for hay is only three tons per acre and that cattle get only four cow-months of grazing per acre annually.

Clark estimated that improvements to the land and irrigation systems probably would cost $7,000,000 but added that incomes would increase by $2,575,500, giving farmers a chance to get their additional investments back in one year.

Among the conservation measures needed on range land, Clark mentioned reseeding, bush control, spring development and stock ponds. He estimated the cost at $1,100,000. He said conservation measures needed on watershed lands would cost approximately $3.90 an acre for land now being irrigated by the water from the watershed.

He concluded his report by pointing out that a saving of 15 per cent in the irrigation water now delivered in the district would provide enough water to irrigate an additional 12,375 acres of land.

Arnold Coleman represented the state fish and game department at the meetings and Roy Bean, Shoshone, represented the bureau of land management. Bean reported that 12,000 acres of rangeland had been reseeded in the pilot district.

Leonard Bond, Shoshone, soil conservationist, said reports on practices carried out by cooperators must be made not later than Dec. 15. Don Frederickson, Gooding, reported on the work of the public lands committee in financing the pilot district program.

Former Resident Of Paul Succumbs

PAUL, Dec. 4—Edward W. Smith, 78, Pocatello, a former Paul businessman, died Tuesday in a Salt Lake City hospital.

He was born Feb. 18, 1878, in Dallas county, Mo. He married Dillia Wattenmayer Oct. 17, 1899, at Cheyley, Okla., and the family moved to Paul in 1917, where he engaged in business. The family moved to Pocatello in 1926 where Mr. Smith was employed by the Union Pacific railroad.

He is survived by his widow, Dillia Smith, Pocatello; one daughter, Mrs. Raymond Kuhn, Pocatello; three sons, A. C. Smith, Calgary, Canada; Delbert Smith, Salt Lake City, and J. W. Smith, Pocatello; eight grandchildren, four great-grandchildren and a sister.

Funeral services were held Friday afternoon in McHan chapel, with Rev. Harry Starbuck, First Methodist church, presiding. Concluding rites were held in the Paul cemetery.

Plan Project

SHOSHONE, Dec. 4—As a project for December, Cub Scout dens 4 and 5 will decorate one of the evergreen trees by the railroad depot, leaders announced Friday.

Den 5 meets after school on Thursday afternoons at the home of the den mother, Mrs. Philip Powell, and den 4 meets Mondays after school at the home of Mrs. Ray Tarlaka, den mother.

Attempts to organize another den are under way, Fred Schwartz, Cub master, announced. Boys interested in joining can contact him.

Fellowship Has Holiday Theme For Devotionals

JEROME, Dec. 4—Christmas in the Christian Church was the subject of devotionals and program presented at the three group meetings of the Christian Women's fellowship Thursday.

The Betty Myers group met at the home of Mrs. Harold Otto with Mrs. E. A. Adams as leader. Mrs. Leon Burroughs arranged the program with Mrs. Adams presenting the devotions. The dialogue was given by Mrs. Otto and Mrs. Viola Thomas.

A letter from Betty Myers was read telling of her studies in teacher training for the mission field that she is taking at Nashville, Tenn. The service committee reported that a layette was completed and will be sent to the Yakima Indian Christian mission and a box was packed to be sent to the old people's home at Beaverton, Ore.

The group held a handkerchief shower for Mrs. Russell Myers, pastor's wife, who will leave Dec. 20 for The Dalles, Ore.

The Edna Gish circle met at the home of Mrs. Ed Pettit.

Mrs. Bert Hartwell reported on the card project and arrangements were made for refreshments for the general meeting to be held Dec. 16 at the home of Mrs. Harold Otto.

Mrs. Myers led the devotions and Mrs. Calvin Harper and Mrs. Otto gave the dialogue.

Secret pals were disclosed and Mrs. Myers was presented a gift.

The Adele Bower circle met in the evening at the home of Mrs. Gerald Hile.

Mrs. Myers led devotions and Mrs. L. H. Bartholomew was in charge of the program. Mrs. Myers was presented a gift from this group and a Christmas gift exchange was held.

The three groups discussed the mother-daughter banquet sponsored by the Christian Men's fellowship, Dec. 10. Plans were made for Dec. 12 when the fellowship will take charge of church services. Mrs. Margaret Dunlap, state president of women's work who has just returned from an international convention in Florida, will be the speaker.

All groups reported canning for the conference project has been completed.

OMEGA
Seamaster

Preferred by all active men who seek a dependable self-winding watch

The weakest point in ordinary waterproof watches is the fit of the crystal. Under extremes of *temperature it expands or contracts.* Each little opening permits dust or dampness to penetrate. The steel-rim, pressure-fitted Seamaster crystal maintains a perfect seal under *all* conditions. The unique *Hydro-Seal* back and Hermetic Crown give additional immunity.

Of all water-resistant watches we consider the Seamaster best.

Omega is the official watch of the Olympic Games.

Sportsmen Urge Higher Resident, Non-Resident Fees

JEROME, Dec. 4—Some 100 members of the fourth district Associated Sportsmen's clubs approved a 10-point list of recommendations for the Idaho Wildlife federation and elected officers during their annual meeting here Saturday.

Elected president of the group, which is comprised of 26 sportsmen's clubs, was Frank Thielten, Twin Falls. George Roeder, Shoshone, was elected vice president. Directors chosen were Adrian Hurstedt, Challis; Marshall Everhardt, Jerome; E. A. Finkelnberg, Hazelton; Merritt Barnes, Rupert, and Charles Reed, Hailey.

During the afternoon session the group recommended:

1. Non-resident big game licenses be increased from $50 to $75 and that the licenses include the same privileges as resident permits.

2. Non-resident fishing licenses, now $3 for five days, be increased to $5 for seven days.

3. The general deer season begin Oct. 5 for 30 days instead of Oct. 1.

4. Children under 14 of possessors of non-resident fishing license be allowed to fish and be allowed one limit.

5. A non-resident bear hunt for a 60-day period in the spring with a $20 license fee.

6. The National Rifle association hunting safety course be included in school curricula to teach children correct use of firearms.

7. The Cassia-county archery deer hunt be extended to two week-ends from one.

8. Extension of the mountain hunting season 10 days.

9. The three-rooster limit for pheasants be retained.

10. The resident fishing license be increased from $2 to $3. A like increase for the hunting license and from $3 to $5 for a combination.

Ross Leonard, Boise, Idaho state fish and game commissioner, was principal speaker during the afternoon session in the Jerome high school. He gave a report on the department's year-long activities and listed the program for the next two years.

At a banquet Saturday night, James E. Bruce, Boise, assistant secretary of Idaho Power company, was main speaker.

An award for outstanding activities in the Jerome Rod and Gun club was presented to Willard McMillen, Jerome. Ralph Peters, Jerome, was toastmaster. The welcome was given by Guy Hunter, president of the Jerome Rod and Gun club.

Paul Basketball Team Has 5 Lettermen Back

PAUL, Dec. 4—Coach Deward Bell has a five-letterman nucleus around which to build a basketball team which he hopes will surpass the 12-5 won-and-lost record of last year's Paul high school team. The Panthers made a step in the right direction Friday night when they polished off the Rockland team in game No. 1.

Returning lettermen at Paul are Roy Robinson, six-foot, one-inch junior; Ken Magee, six-foot, one-inch sophomore; Frank Hatch, five-foot, nine-inch junior; Keith Broeder, six-foot senior, and Vernon Rezsa, six-foot sophomore.

Other top candidates on the squad are Dean Unrich, five-foot, 10-inch junior; Glen Stalker, five-foot, nine-inch junior; Larry Hamilton, five-foot, 10-inch junior, and Gale McGregor, five-foot, nine-inch senior.

Starters for the first game were Robinson and Unrich at the forwards, Magee at center and Broeder and F. Hatch at the guards.

A year ago Paul tied with Declo for the Magic Valley class B basketball title. "If we have good luck, we should have a pretty fair season," coach Bell said. "But the conference race should be tight this year and it will be mighty tough to retain our position of last year."

Trade Rumors Fly at Major Loop Meeting

NEW YORK, Dec. 4 (AP)—Early arrivals for next week's major league baseball meetings brought with them rumors that the Cincinnati Reds were on the verge of closing a pair of deals for two established National league infielders.

One set of rumors had the Reds and Brooklyn ready to announce a trade in which the Dodgers would send Junior Gilliam, rookie of the year in 1953, and a young pitcher to the Reds for outfielder Wally Post and either Ed Bailey or Hobie Landrith, both catchers. The pitcher going to the Reds reportedly is Glenn Mickens, 24-year-old right-hander with Montreal and the Dodgers the past two years.

The other deal had the Reds getting shortstop Solly Hemus and a young pitcher from the St. Louis Cardinals for relief pitcher Frank Smith.

The sale of Billy Cox, former third baseman with the Brooklyn Dodgers, to an American league club, probably the Baltimore Orioles, was being discussed with a certainty seldom accorded a rumor. Officials of both clubs maintained silence but it was reported that Brooklyn finally had obtained the waivers needed to sell Cox outside the National league.

Stayner Team Wins Local Rifle Match

Stayner Red and Gun shop outpointed Gerrish Sporting goods to take first place in the Twin Falls Interclub rifle matches last week. The Stayner team collected 3,038 points to 2,988 for the Gerrish marksmen.

Ansel Gates was high scorer with 388. High men for the Stayner team were Joe Seaver and Richard Murphy with 385 each.

Stayner individual scores were Morris Moore 382, Grant Sanborn 369, Al Becker 378, Dorothy Sanborn 373, Gale Whitmore 380, Harry Holmquist 366, Leonard Titmus 383 and Ted Dingman 372.

Redskin Cage Meet Plans Announced

SHOSHONE, Dec. 4—The 17th annual Redskin-Outlaw basketball league tournament will be held here Jan. 12-15, Rob Haddock, Redskin coach and tournament director, announced today.

The tournament will be jointly sponsored by the Yaden American Legion post of Shoshone and the Redskin association. The tourney will be a double elimination affair open to open to independent basketball teams.

Teams interested in entering the tourney should contact Haddock. He may be reached by telephone at 10 during business hours and at 83-J in the evening.

Haddock said invitations to enter the 14-team tournament will be sent to the Idaho State college junior varsity team and to two teams from the Mountain Home air base.

Eden-Hazelton won the tournament last year. Deadline for entry in the 1955 edition is Jan. 3.

At the Redskin basketball organization meeting held Thursday night at the Baston cafe here, 10 prospective players turned out.

Utah Aggie Pivot Hits 31 Poin To Topple Idaho State Five 66-

LOGAN, Utah, Dec. 4 (AP)—Rugged Bert Johnson, Aggie pivot man, poured in [illegible] Saturday night to lead the Utah State basketball team to a 66-58 triumph over Id[illegible] college before a crowd of 2,500.

After falling behind early in the game, the Aggies caught fire and shot ahead [illegible] 12 minutes gone in the first half. Pat Dunn played a fine game, holding Idaho State's leading scorer, Les Roh, to a single field goal. He accounted for 13 Aggie points.

Halftime found the Farmers with a 33-28 lead. Midway through the second half the Aggies held a nine-point lead.

Johnson scored almost at will to lead the Aggies into a 13-47 advantage with five minutes remaining in the game. Coach Cecil Baker then swept the bench of reserves.

The victory Saturday night broke a string of four straight triumphs for the Bengals over Utah State. Friday night they defeated the Aggies 71-67 in Pocatello, Ida.

With Roh, the team's main threat bottled up, the big star for ISC was freshman forward Lloyd Harris. He was an all-America high school player and played in the North-South game in Murray, Ky., Saturday night he lived up to press clippings, throwing in 17 points, before fouling out early in the second half.

Next week the Aggies play Washington State twice, at Pullman and Spokane. The University of Idaho furnishes another game at Moscow.

Utah Quintet Score Second Win Over Id

SALT LAKE CITY, Dec. 4 (AP)—Utah's taller and [illegible]er-operating basketball five beat Idaho the second [illegible] in row Saturday, 74-54, with veteran transfer [illegible] Bergen and Art Burke leading the way. It was [illegible] test most of the way, featured by Utah's sharper shooting and stronger defense. Idaho stayed in the game through the first half and part of the second, mostly on long shots with Don Monson as the chief long-range artist. He's a senior from Coeur d'Alene.

Besides Burke and Bergen, sophomore Jerry McCleary from Midvale and junior Morris Buckwalter from LaGrande, Ore., sparked for Utah.

Harlan Melton, six-foot, two-inch senior from Middleton, Ida., and Bob Falsah, senior guard from Twin Falls, were wheelhorses for the Vandals.

The new bonus foul shot rule apparently kept the game clean from the fouling standpoint. Only one man, Jim Sather of Idaho, went out on personals.

It was a non-conference game. Utah won Friday night 83-53.

Melton was high point man for Idaho with 15. Monson tanked 10. The Idaho club hit 32 per cent of its field goal tries. Utah sank 37 per cent.

High for Utah were Burke and Bergen with 16 each.

Play slowed in the second half when Idaho succeeded in slowing down Utah's racing attack. The Vandals jammed the center and forced Utah to play ball around the outside for minutes at a time without getting a shot.

Field Goal in Late Stages Topples Rams

LOS ANGELES, Dec. 4 (AP)—The Baltimore Colts kicked their fifth field goal with 12 seconds left in the game to literally boot the Los Angeles Rams into submission Saturday 22-21 in a weird and exciting battle.

As 30,744 fans looked on in astonishment at the rapid change of complexion in the game, quarterback Gary Kerkorian, injured in the first half, came off the bench and kicked a 13-yard field goal for the precious winning points.

The major share of the victory, aside from the dramatic final seconds pickoff, belonged to halfback Bert Rechichar, who kicked three field goals.

Philadelphia still in contention for the eastern division crown in the National Football league, plays the Lions at Detroit Sunday in what promises to be a key game for both teams. Detroit is currently leading the western division race by a game and a half.

In other league games Sunday, the Chicago Bears meet the Chicago Cardinals, the Cleveland Browns play at Washington, Green Bay is at San Francisco and the Pittsburgh Steelers take on the New York Giants in the Polo grounds in New York.

Florida Ags Win Grid Bowl Tilt

MIAMI, Fla., Dec. 4 (AP)—Willie Gallimore, junior left-half back with the power of a fullback, spearheaded Florida A and M to a 67-19 victory over Arizona State college and won his team the mythical Negro football championship in the 22nd annual "Orange Blossom classic" before 41,170 spectators Saturday night.

Gallimore broke an Orange bowl individual record by gaining 295 yards rushing and he turned the match into a rout. The St. Augustine, Fla., speedster scored three touchdowns and had two called back.

John L. Sullivan earned more than a million dollars during his lifetime, but only a small part of it came through his ring efforts. His largest portion came from theatrical and lecture tours.

Twin Falls Five Beaten 66-43 by Bear River Team

TREMONTON, Utah, Dec. 4 — Running into too much pressure after the opening starter, the inexperienced Twin Falls high school Bruins faded badly here Friday night and absorbed a 66-43 beating at the hands of the Bear River, Utah, quintet.

Through the first eight minutes of play the Bruins of coach Dan Folkins hung tough in the contest. But the Utahns poured on the pressure with a tight-pressing defense and a lightning-fast break that swept away all Twin Falls hopes. By halftime Bear River had built a 35-21 lead and was rolling smoothly.

Offensively, the Twin Falls dribblers showed some signs of promise but when they fell back on defense they were vulnerable from nearly all points.

Prior to Wednesday's game at Gooding the Bruin defense is due to get an overhauling.

Considering that Gary Callen was playing in his first high school game, varsity or junior varsity, and some of the other squad members had little more experience, coach Folkins was fairly well satisfied with his team's performance.

The Bruins held their own in the rebound department with center Bob Walton, forwards Callen and Jim McClellan and guard Bob Latham showing up well.

B. Green and D. Green and Conger were the Bear River lads who hounded the Bruins from the foul positions on their team's pressing defense and they did an effective job.

Twin Falls never was ahead but it was still in the thick of the fight at the close of the first quarter, trailing by only 15-13.

Both teams substituted freely after the Utah quintet had opened up its big lead. The Bruins used 11 players with coach Folkins withholding Wes Jones from play. Jones injured an ankle in the Caldwell football game.

Pivotman Bob Walton pitched in 15 points on four field goals and seven free throws to lead the Bruins' offense, McClellan with two fielders and four gift shots and Latham with three 2-pointers and a pair of gift tosses each had eight points to share runner-up honors.

Sharing high point honors for Bear River were B. Green and Conger with 14 points each. Nine of the 12 players who saw action for the victors forged into the scoring column.

Stringer Named Boise Manager

BOISE, Dec. 4 (AP)—Lou Stringer, 35-year-old former major league and Pacific Coast league infielder, will manage the class C Boise Pilots in 1955, it was announced today.

Stringer was obtained for the Pioneer league team by the Milwaukee Braves organization, which will have a working agreement with Boise this year. He managed Yakima of the Western International league last season.

The new Boise manager started his career in the class C Western league, then jumped to Los Angeles of the Pacific Coast league. After a year with the Angels he joined the Chicago Cubs.

Following a hitch in the air force, Stringer returned to the Cubs, and in 1947 he rejoined Los Angeles.

In 1948 Stringer played with the Hollywood Stars, another Pacific Coast league team.

He was with the Boston Red Sox through the 1950 season, and played for the San Diego Padres and the San Francisco Seals in 1953.

A close look at the box scores of the Glenns Ferry-Fairfield and Bliss-Hansen high school basketball games played Friday night shows quite a difference in point-making methods.

Glenns Ferry, which won 46-25, scored 44 of its points on field goals and only two from free throws, missing on six attempts from the 15-foot mark. Only 21 personal fouls were called in that one, 14 of them on Glenns Ferry. The new "bonus" free throw rule must have made the boys extra careful to avoid fouling.

On the other hand, Bliss toppled Hansen 47-27 on only 11 field goals. The victors used the new "bonus" rule to advantage, dunking 25 gift shots.

After examining those results it's hard to tell just what effect the new ruling will have on scores and styles of play in high school circles this year.

At any rate, results should be interesting on the new rule which awards an extra shot to the fouled player on all common personal fouls if he sinks his first attempt.

Wendell Five Waltzes Past Hagerman

WENDELL, Dec. 4—Hard-working Jerry Gisler, six-foot, one-inch Wendell high school center, turned in a sparkling rebounding and defensive game to spark the Trojans to a 52-30 decision over Hagerman here Friday night.

Guard Dick Looney furnished the offensive punch for coach Murray Satterfield's club, pouring in 22 points on 11 field goals. Gisler was given a big hand in the rebound department by guard Doug Brandshaw.

The Trojans opened up a big lead early in the game and held it close at the first period the hopes of the Tigers were dead 16-6, their lead grew to 26-10 at halftime and stood at 40-23 at the start of the final period.

Sophomore Danny Moore was the Hagerman standout defensively. He also led the Pirates in scoring, bagging 12 points. His running mate at forward, Pete Woody, got 11 points.

Paul Improved In Roaring by Rockland Team

RUPERT, Dec. 4—Coach Deward Bell's Paul high Panthers, looking somewhat better than in their showing in the jamboree here last Wednesday, crushed invading Rockland 50-22 here Friday night.

Sophomore Ken Magee popped in 17 markers and teammate Keith Broeder found the range for a dozen to guide the Panthers in the point column. The Bulldogs of Rockland were led by J. P. Lasley's 10 points.

Quarter leads of 17-3, 26-14 and 32-21 were held by the superior Panthers.

Bliss Blasts Hansen Five By 47 to 27

BLISS, Dec. 4—Piling up a 12-point margin in the second quarter and pulling steadily away after that, the Bliss high school cagers jolted Hansen Huskies 47-27 here Friday night.

Facing the Bears' attack were center Johnny Miller with 13 points and guard Ron Stroud with 12 points. On the backboard, Mick Hodges and Miller were in control for coach Al Glanders' victors.

Quarter margins of 9-6, 24-12, and 36-21 all favored Bliss. Top point maker for Hansen was Clark Redow with seven tallies.

Glenns Ferry Tips Fairfield By 46 to 25

FAIRFIELD, Dec. 4—Led by the 12-point firing of guard Dick Bloom, Coach Gordon Bennett's Glenns Ferry high school basketball team beat Fairfield 46-25 here Friday night.

The Pilots, leading 14-5 at the quarter, held the cold-shooting Mushers to two points in the second period and carried a 22-7 lead at halftime.

Reserves were in and out of the Glenns Ferry lineup in the second half and the Mushers had a little better luck hitting the hoop, trailing 34-16 at the three-quarter mark.

Top scorer for coach John Beitia's quintet was center Jerry Moon with 18 markers on seven field goals and four free throws.

Unbeaten at Boxer

NEW YORK, Dec. 4 (AP)—Although he was cut over both eyes as early as the fourth round, undefeated Frankie Ryff, New York, outpunched and outgeneralled Cuban Orlando Zulueta to win a 10-round decision in Madison Square garden Friday night.

Ryff weighed 136, Zulueta 133½.

DUKE PLANS TOLD

DURHAM, N. C., Dec. 4 (AP)—Coach Bill Murray announced Friday that Duke's football team will leave Christmas day for its Orange bowl date with Nebraska at Miami, Fla. Murray said the team will stay in Miami Beach and work out daily beginning on Dec. 26.

Michigan State freshman halfback Glenn Burgett is a real Spartan. He hails from Sparta, Mich.

Ward Says He Is Happy at Colorado

BOULDER, Colo., Dec. 4 (AP)—Coach Dal Ward of the University of Colorado football team, said Friday he was "very happy at Colorado and I'm not considering any change."

There were reports Thursday he was being considered for the vacant coaching job at Oregon State, where he was graduated in 1927. Kip Taylor resigned the Oregon State position after his team won only one game in nine this season.

Roy Campanella of the Brooklyn Dodgers hit 10 home runs during 1954. This was the first time since 1948 that he failed to hit at least 20.

Guglielmi Passes Notre Dame Over SMU Eleven 26-14

DALLAS, Tex., Dec. 4 (AP)—Notre Dame's powerful line smothered Southern Methodist's ground game Saturday as slick Ralph Guglielmi and Joe Heap led the Fighting Irish to a 26-14 victory before a roaring crowd of 75,504 at the Cotton bowl. Guglielmi's alert quarterbacking and the power bursts of Heap and Don Schaefer behind a bruising line helped Terry Brennan, sophomore coach, end his season with a 9-1 record.

Heap scored from the four in the first period after Guglielmi's passes set it up and sped 89 yards on a brilliant toe-dancing run down the sidelines in the third period.

Guglielmi, closing his Notre Dame career, sneaked over from the three in the second period and sophomore end Bob Scannell dashed 19 yards for a touchdown after blocking John Rosch's punt just before the half ended.

SMU gave the Irish a rugged battle in the first period, leading 7-6 on Roach's quarterback sneak from the 10 and Ed Bernet's conversion. Schaefer had missed the placement after Notre Dame's early score. Schaefer later added two extra points.

John Marshall's 76-yard touchdown run in the last period was the best ground move by SMU that had averaged over 200 yards a game all season. Bernet converted for the second time.

Notre Dame's second and third teams played much of the last period.

McEwen Scores 17, Kimberly Beats Filer

KIMBERLY, Dec. 4—Wilt center Russ McEwen, piling in 17 points, Kimberly high school's Bulldogs launched the season here Friday night by polishing off Filer 55-39.

McEwen, who played well at the post position, had rebound help from teammates Perrie Freestone off the offensive board and Bill Clements off the defensive board. McEwen stands only five feet, 11 inches, as does Freestone. Clements who grabbed six rebounds to lead Kimberly's defensive ball hawking, is five feet, eight inches.

Coach Herb Mead's Kimberly team held a 39-28 third quarter margin and padded it out to 16 points at the finish. The Bulldogs led 17-10 at the quarter and 27-16 at the half.

Gary Erickson poured in 15 points for second high point honors for Kimberly while Bill Elliott got 13 and Gene Tudor 10 for Filer.

Rupert Clips Sugar City's Cagers 44-32

SUGAR CITY, Dec. 4—Holding a 10-point lead much of the way, coach Kenneth Bezold's Rupert high school basketball team glided to a 44-32 triumph at the expense of Sugar City here Friday night.

Quarter margins of 11-5, 21-11 and 31-21 were held by the Pirates.

Heading the Rupert attack were center LeMoyne Mix with 16 points and forward Bob Dalry with 12. H. Cox had 10 points to lead the Sugar City offense.

Rupert swished 10 of 22 free throw attempts while Sugar City players made 7 of 24 shots.

Gooding State Dealt Setback By Dietrich

GOODING, Dec. 4—Hitting on 50 per cent of its shots from the field and at a 55 per cent clip from the free throw line here Friday night, Dietrich high school's basketball team made coach Lowell Taylor's debut as Blue Devil cage mentor a successful one. Dietrich toppled Gooding State by 44-31.

Ahead by only 9-8 at the quarter, Dietrich poured 18 points through the mesh in the second stanza to bolt to a 27-14 halftime advantage. The Blue Devils were in front 35-19 at the end of the third quarter.

Denny Dymaster hit 14 and Ernie McClure 15 to spark Dietrich offensively. Bill Orr teamed with this twosome to shine on defense. Gooding State scoring was balanced, with Jerry Wilding and Leroy Germain each scoring eight points and Bob Montee and Bob Peterson each tabbing seven. Wilding and Germann also were rugged rebounders.

LDS Cage Tourney Dates Announced

SALT LAKE CITY, Dec. 4 (AP)—Tournament dates for the all-church basketball championships were announced Thursday by officials of the LDS church.

The tournament is sponsored by the Mutual Improvement association, church youth organization.

MIA secretary Jay McDraff said the all-church junior tournament will be held March 1-5 next year, with the senior event scheduled for Feb. 15-19.

Last season, 1,172 teams competed in 16 divisions during regular season play.

A sturgeon weighing 277½ pounds and 8 feet, 5 inches was caught by Catalino Diangson after an hour and 20 minutes fight off the California coast.

Safety Award On Flying Is Won by Base

MOUNTAIN HOME AIR FORCE BASE, Dec. 4 (Special)—Mountain Home air force base, home of Gen. Curtis E. LeMay's famed ninth bombardment wing, surged to the top of strategic air command's totem pole for safety in flying for October.

Mountain Home base, in the short span of 18 months, advanced from 23rd place to second place in base competition. During this time the base had been in competition with all strategic air command bases of which many are two winged bases.

The base-of-the-year competition is based on being completely accident free while "totem pole" competition is based on the number of hours of accident free flying performed during the month.

Last month was Mountain Home air force base's first time to place among the first four on the strategic air command's totem pole.

Maj.-Gen. A. J. Old, director of operations at headquarters strategic air command, made the award to Col. William C. Kingsbury, wing commander, and Col. William W. Wisman, base commander, on Thursday.

More than three million Americans are taking special courses for adults provided by public schools.

Flying Safety Trophy Presented at Mountain Home

Maj.-Gen. A. J. Old, right, director of operations for the strategic air command, presents SAC's flying safety trophy for October to Col. William C. Kingsbury, commander of Mountain Home air force base's ninth bombardment wing. On hand to witness the presentation are Capt. Robert E. Gordon, left, base flying safety officer, and Capt. Philip Van Schuyler, wing flying safety officer. (Staff engraving)

Election of Three Executives Slated

SHOSHONE, Dec. 4—Three supervisors for the Wood river soil conservation district will be elected from 1 to 5 p.m. Monday at the Shoshone office.

Paul Bancroft and Harry Holt are running for reelection and Orville Davis, Dietrich, is candidate for that area. Floyd Gage decided not to run for reelection.

Polling officers are Mont Johnson, Richfield, superintendent; Mrs. D. G. Mitchell and Mrs. Jessie Danner, both Shoshone, and Mrs. Harry Babbitt, Dietrich.

CONTEST STARTS

SHOSHONE, Dec. 4—A poster contest was launched recently in Lincoln county schools in the fifth, sixth, seventh and eighth grades by the Wood River conservation district. The contest closes on April 1.

AS YOUR MINISTER SEES IT

"The Christian Revelation"

By CLAY H. STEPHENS
(Pastor, Assembly of God Church)

The Christian revelation in I Corinthians 2:9-16 cannot possibly be the invention of men, for in verse 9 the scripture says "Eye hath not seen or ear heard," but verse 10 says God reveals it to us by His Spirit.

Rev. Stephens

Alright, then the eye of man's carnal mind hath never seen it, the ear filled with man's worldly wisdom hath never heard it, neither hath it ever entered into the heart of man (apart from the Holy Spirit) the things which God hath prepared for them that love Him, and have loved Him from the beginning of the world. It hath been so according to Isaiah 64:4 for the word says "The world by wisdom knew no God."

Then we can come to only one conclusion—the only way we can know God is by a Spiritual revelation or a personal acquaintance through the Spirit with Him, for in I Cor. 1:21 God says the world through its wisdom could never know God, but furthermore it says that through the foolishness of preaching God saves them that believe or reveal Himself to that one.

It speaks further of God's revelation in Rom. 11:33. This is the Glory of the Gospel message, that is as true and gracious as the God who gave it (Gal. 1:12).

Then what this revelation is, Paul tells us in I Cor. 2:2. The revelation of the fact that He died for our sins, and rose again for our justification, and that He will come again for our final deliverance (Heb. 9:28).

It is a revelation of His abounding grace to sinful men, and of His power to save to the uttermost all that come unto Him.

Then our next thought is how this revelation is made known. We must again go by the word, and this is what it says, "God hath revealed them unto us by His Spirit." Then the Holy Spirit is the minister of the things of Christ. I Cor. 12:8-1. He shall receive of Mine and shall shew it unto you John 16:13.

How these things need to be emphasized today for Paul said, "My preaching was not with enticing words of man's wisdom, but in demonstration of the Spirit and power. I Thess. 1:5 reads, "Our Gospel came not unto you in word only, but also in power, and in the Holy Ghost." Without this power, preaching is without authority, "sounding brass."

There may be a demonstration of eloquent words and fleshly energy but without the demonstration of the Spirit it is spiritually powerless.

In closing our remarks we can come to only one conclusion according to I Cor. 2:12. "Now we have received, not the spirit of the world but the spirit which is of God." In Corinth there were many contentions, as there are in the world everywhere today. But Paul knew that the one thing needed by all was the power of the Gospel of Christ.

The worldly, in their wisdom, would call this narrow-minded; but it is the wisdom of God to offer and accept the Divine remedy for all the world's woes.

Officers Selected For Lodge Units

RICHFIELD, Dec. 4—IOOF and Rebekah lodges elected officers at a meeting Wednesday evening in the IOOF hall. Jerry Davis was elected noble grand for the IOOF, Manuel King, vice grand; F. R. Briggs, secretary, and Lester Johansen, treasurer.

Mrs. Thomas Vaughn was named noble grand for the Alta Rebekah lodge, Mrs. Manuel King, vice grand; Mrs. Lester Johansen, secretary and staff captain, and Mrs. Lester McClintick, treasurer. New trustees are Mrs. Kirk, Mrs. Mack Proctor and Mrs. Ralph Riley, sr.

Certificate of appointment for Mrs. Ralph Riley, sr., as deputy president was read. The appointment was made at Rebekah assembly.

Mrs. D. E. Wilcox and Mrs. Elizabeth Peterson were guests. A dinner preceded the meeting with Mrs. C. O. Chatfield and Mrs. Mack Proctor as hostesses.

Aid Received for Polio Treatment

[illegible] a check for $1,500 from March of Dimes headquarters in New York has been received by the Gooding County chapter of the National Foundation for Infantile Paralysis, Mrs. Arthur Byce, Gooding county chairman, reports. Mrs. Byce said the check would help pay the costs of care already provided for polio patients at home or in area hospitals. As a result of the emergency drive last summer some communities now are able to finance their own patient aid programs and national headquarters resources have been repleniished sufficiently to provide short-term assistance to hard pressed communities, she said.

Mrs. Byce said the Gooding county chapter currently is providing March of Dimes funds, in whole or in part, for the care of patients stricken this year in addition to those stricken in previous years. The assistance received from national headquarters at this time will relieve the pressure on the chapter for the present time, she added.

Postmaster Asks Cooperation For Mailing Yule Cards, Gifts

Christmas cards and gift packages are arriving far too slowly at the local postoffice, reports W. W. Frantz, postmaster, who is soliciting immediate cooperation of the public.

"The big danger is that commercial shipments and incoming Christmas mail may slow up the outgoing operation. Poorly wrapped packages also have complicated our work a great deal," says Frantz.

Cancellation machines now register about 16,000 pieces of mail per day. At the peak of the Christmas season, machines will record about 60,000 daily.

To avoid unnecessary delays and speed-up delivery by Christmas eve, Postmaster Frantz advises presents for distant states be mailed immediately and all others by Friday.

Christmas cards for out-of-town delivery should be posted before Dec. 15 and those with local addresses at least a week before Christmas, he notes.

"But first be sure that each gift is carefully wrapped and tied. Print the complete address and return address if your handwriting is at all shaky. We already have been forced to return many Christmas gifts as 'undeliverable' for these two reasons."

At present, parcel post is considerably behind schedule, according to Frantz. Only Christmas cards are being mailed with some consistency. Gratifying at this is, the postmaster anticipates still another rush when unexpected greetings breeze in from forgotten friends.

"Better pick up a few air mail and special delivery stamps. It always happens," he cautions.

Pencil Won

JEROME, Dec. 4—John Emerson won the blue pencil as toastmaster at the Wednesday night meeting of the Jerome Toastmasters club. Charles L. Herrison was table topic master and William A. Peters was chief critic. Speakers were Thomas P. Mahan, Marshall Fisher and Dr. E. Donovan Mattson.

Members decided to postpone the ladies night meeting until January. Officers were Kent Gist, New Plymouth, former club member, John Beer and Sterling Crothers.

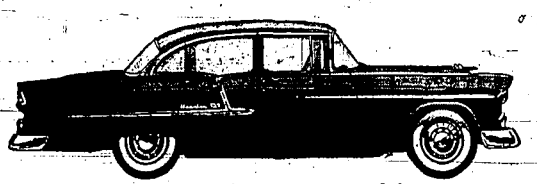
The exciting new idea behind
the motoramic Chevrolet



The Bel Air 4-Door Sedan—one of 14 new Fisher Body beauties in three new series

Maybe once in a car-buying lifetime, you come across something that breaks all the old patterns and establishes new ones. This is that kind of car. This is the true story of how Chevrolet and General Motors shaped a new idea in steel.

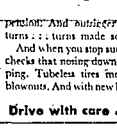
Like most good ideas, this one is pretty simple. Chevrolet and General Motors set out to build the first low-priced car that would:

- bring you the very freshest and finest styling to be had.
- bring you the most advanced engine design and engineering features.
- bring you the kind of performance and the kind of ride that have never been available before in a low-priced car.
- bring you the highest quality of manufacture and materials.

All this in Chevrolet's price field? That did take some doing! And isn't it logical that only Chevrolet and General Motors have the people, skills, resources and facilities, to carry out this exciting new idea? Here is how this new Chevrolet changes all your ideas about cars!

Real Show-Car Styling!

Your eye tells you the Motoramic Chevrolet is no styling "patch-up" job. A rakish, low profile ... soft sweepers from its sleek rear fenders to its wide-eyed Sweep-Sight windshield ... a new outlook for motoring. And that outlook doesn't change when you slip inside ... exciting fabrics and trim are harmonized with the whole car.



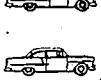
A Sensational Ride!

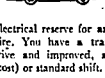
You live the new idea instantly ... you glide ... actually glide because spherical joints "roll with the punch" of the road in Chevrolet's new Glide-Ride front suspension. And outsized rear springs mean new balance in turns ... turns made so effortless by new ball-race steering.

And when you stop suddenly, new Anti-Dive braking control checks that nosing down in front ... you get "heads up" stopping. Tubeless tires mean much greater protection against blowouts. And with new high-level ventilation there's fresher air.

Power Beyond Compare!

You also feel the new idea quickly ... quick power like a panther's paw with the new "Turbo-Fire V8" (162 h.p.) and two new "Blue-Flame" 6's. And sparking this performance is a 12-volt electrical system giving you better ignition, faster starting, greater electrical reserve for any of the power assists you might desire. You have a transmission choice of economical Overdrive and improved, automatic Powerglide (optional at extra cost) or standard shift.



8


6

Even Air Conditioning!

And if you desire the convenience of power assists (optional at extra cost) ... you'll find new power-steering and improved power brakes on all models. Power-controlled windows and powershift seat are available on the Bel Air and "Two-Ten" models, while air conditioning may be added on V8 models.

Won't You Try It?

Here, we can only tell you how successfully the Motoramic Chevrolet expresses the new idea behind it. But the car itself can quickly show you! Come in for a demonstration drive, won't you, first chance you get.

Moon Has Southern Spot During Winter

For time the moon was darker, it came up so far I was surprised. I had never seen it in that location, before. What was wrong?

This query came from three different sources. There was nothing wrong with our lunar neighbor. During every month the moon rises and sets far north for a few weeks, but most folk notice it only at an hour or at full moon—and the sky—it is widely ob-

Experiment Ups Steer Weight With Smaller Amount of Feed

CHICAGO, Dec. 4—A "pregnant" steer may be the answer to cheaper and faster beef production. Cattlemen can use female sex hormones to make beef cattle "feel" pregnant, speeding up weight gains much as in actual pregnancies—both animal and human.

This newest development in finishing beef cattle for market was discussed here at the annual meeting of the American Society of Animal Production. The speaker was H. L. Luther, director of the agricultural research farm, at Terre Haute, Ind., of Charles Pfizer and company, Brooklyn, N. Y., manufacturer of antibiotics.

Luther told how 120 head of 850-pound Herefords had been given their final fattening at the research farm. One group was fed by usual methods.

Another group was fed a hormone-type drug mixed in feed. Combinations of hormones were administered to the other three groups by a new method—implanting pellets under the loose skin between the jawbones.

Luther said results showed the hormone-treated steers increased in rate of gain more than 42 per cent over the untreated steers. The implanted steers needed about 25 per cent less feed for each pound of weight they gained, he added.

His figures pointed to the conclusion that implanted steers required a third less feeding time and needed only three-fourths as much feed to reach market weight.

Nature helps pregnant animals gain weight faster and cheaper by the more efficient use of feed. Scientists at the University of Illinois 10 years ago wondered why pregnant heifers should sell on the market for less than other animals. They concluded, after careful study, that up to five months pregnancy the heifer, through nature's gift of hormones, was just as valuable.

Now, the latest discovery in the hormone field implants female sex hormones into a steer to produce artificially the conditions resembling pregnancy. Ability to gain weight more quickly and more efficiently is the result.

Luther said there was "no significant difference" in the quality of the meat of the hormone-stimulated and the untreated animals.

Farm magazines recently have reported similar gains in feeding lambs, using an implanted hormone combination of progesterone and estradiol. These hormones of pregnancy are made from a yam-like plant which grows in Mexico. This hormone combination, already marketed in 27 states, is capable of bringing lambs to finished market weight in 28 per cent less time and on 20 per cent less feed.

NOT USED HERE

In Twin Falls, County Agent Warren Daugh said he had not heard of the experiments on cattle at the Idaho station, but was familiar with the hormone combination used on lambs. He also pointed out that a similar method of increasing weight with less feed also has been used on chickens for several years.

Poor Week

HAILEY, Dec. 4—This week was not especially healthy for horses in Blaine county. It wasn't good for automobiles, either.

John Sanborn, Hagerman, killed two horses at 8:30 p. m. Wednesday on highway 93A four miles east of Carey. Damage to Sanborn's 1953 Chrysler was estimated at $1,000. Owner of the horses is unknown. Sanborn was not hurt.

C. E. Atkinson hit a horse Monday on highway 22 as he was returning to his home in Picabo. Damage to his 1953 Buick was estimated at $400. The horse belonged to Curtis Baker, Bellevue.

Grains Take Liquidations In Tradings

CHICAGO, Dec. 4 (AP)—Grains had to absorb quite a bit of liquidation on the board of trade this week. They didn't do it very successfully.

Corn held up best under the selling pressure and the September contract, representing the 1955 crop, even managed a small gain. Among the other cereals, rye was weakest.

Wheat closed 1¾-2¼ lower, corn ¼ lower to ¼ higher, oats 1 to 3½ lower, rye 6 to 6½ lower, soybeans 1 to 4¾ lower and lard 10 cents lower to 22 cents a hundred pounds higher. Loose lard set a new low for the year at 12¼ cents Wednesday.

The liquidation came from those who have been holders of the various grains for quite some time. In wheat it was felt that had held the grain for more than six months and therefore could sell now and take advantage of the lower capital gains tax applying after six months.

This liquidation in wheat outweighed the influence of a big flour business, estimated at between 4½ and 5 million sacks. It also was a more potent influence than the weather, which continued dry throughout much of the Southwest.

A fair business in wheat was put through the cash grain market, Greene being the big buyer.

Selling in soybeans came in part from those who were apprehensive that producers might become willing to let go of cash beans after the turn of the year, when the income will apply to 1955 taxes. There also was short selling on this possibility.

Buhl Girl Entered In Sewing Contest

BUHL, Dec. 4 — Joanne Marie Langdon, 17, Buhl, is one of 28 finalists from 14 states whose sewing will be judged Wednesday at Salt Lake City for top national awards in the eighth annual "Make It Yourself With Wool" home sewing contest.

All of the competitors range in age from 14 to 22 and each gained a right to represent her state in the finals by being named either junior or senior home sewing champion in her own state.

Two prizes in the national contests are free trips to London and Paris for the junior and senior winners. Other awards include college scholarships, saving bonds and merchandise.

Miss Langdon is junior winner for Idaho and Patricia Jeppson, 21, Preston, is senior winner.

Series to Start

JEROME, Dec. 4—The Rev. Vivian Rhodes, Huntsville, Ark. will conduct a series of revival meetings at the Free Will Baptist church, beginning Wednesday.

Services will start at 8 p.m. daily. No termination date has been set for the series.

Trips Taken

DIETRICH, Dec. 4—Mr. and Mrs. Alton Clegg, Erick Hubert and Patsy Clegg were in Idaho Falls Tuesday.

Farms Offered to 2 More Veterans

RUPERT, Dec. 4—Letters have been sent to the next two veterans on the eligibility list for homestead farming sites here, Floyd Hedricks, recording secretary of the bureau of reclamation office here, reports.

The veterans notified, in order of eligibility, are Robert D. Wall, Shafter, Calif., and Arnold C. Wendt, Poole, Nebr. They have been instructed to be here on Dec. 13.

Shafter and Wendt will have their choice of the last two remaining farmsites laid out this year. Hedricks said layouts of next year's sites are proceeding satisfactorily with about 94 farmsites available for the next draw.

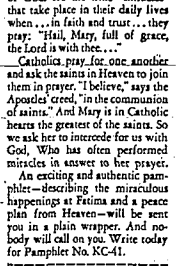
Yes...MIRACLES Happened at Fatima!



You may not agree with the Catholic belief in miracles.

Perhaps you don't believe in miracles at all... and especially not in miracles attributed to the prayer of the Blessed Virgin.

But if God does look with special favor upon Mary... and does wonderous things at her request... is it not of vast importance to you to find out? Is it not worth the few minutes required to examine the evidence?

What, for example, did God's angel mean when he said:

"Hail, full of grace, the Lord is with thee; blessed art thou amongst women..."?

Was she to be full of grace only temporarily—and "blessed amongst women" only during her life on earth?

This is not reasonable in view of Mary's unique role as the earthly mother of the Son of God. Nor can we discard and forget Mary if we believe Holy Scripture, for there we find Mary's words (Luke 1:48): "...henceforth all generations shall call me blessed." Where, excepting among Catholics, does anyone honor Mary as did God Himself?

"But," you may insist, "show me a miracle! And prove that Mary had anything to do with it."

We might, of course, recall that Christ's mother appeared to Bernadette at Lourdes in France, and that scientifically-authenticated cures have been occurring there ever since. Or we might cite similar apparitions to the three children at Fatima, Portugal, and the subsequent awesome spectacle of the sun spinning and dancing on its axis and then seeming to plunge toward the earth... a spectacle witnessed by 70,000 persons. And we could mention Mary's prophecies concerning the conditions under which Russia would be converted.

But Catholics don't require earth-shaking supernatural demonstrations to attest Mary's love, not to prove her influence at the throne of God. It's the little "miracles" that take place in their daily lives when... in faith and trust... they pray: "Hail, Mary, full of grace, the Lord is with thee...."

Catholics pray for one another and ask the saints in Heaven to join them in prayer. "I believe," says the Apostles' creed, "in the communion of saints." And Mary is in Catholic hearts the greatest of the saints. So we ask her to intercede for us with God, Who has often performed miracles in answer to her prayer.

An exciting and authentic pamphlet—describing the miraculous happenings at Fatima and a peace plan from Heaven—will be sent you in a plain wrapper. And nobody will call on you. Write today for Pamphlet No. KC-41.

To Men ONLY!

FOR HER Christmas

MEN! Ever stop to think how much time the little woman spends washing and wiping dishes? Why not give her a break ... and yourself too, if you're on the dishwashing squad ... by taking the work out of washing and wiping with a *KitchenAid*... the completely automatic home dishwasher.

With *KitchenAid*, you simply load tableware into the two convenient, easy-sliding racks. Then latch the door, flip the switch and presto ... tableware is washed, rinsed and dried. Nothing to it! Remember, it's "front-opening."

"Powered-water" washing; 2 complete rinses in hot water; circulated hot air drying; sanitary, self-cleaning; gentle, thorough action are a few of the many *KitchenAid* advantages you'll like. Front-opening door leaves counter top space clear for greater neatness and working-space efficiency. Why not cut your "kitchen time" with *KitchenAid*? See our demonstration
