BITTER WAR ARISES OVER NEW FARM MEASURE

KEYE'S NAME IS
INTRODUCED IN
TRIAL OF HARDY

Former Deputy Ryan Claims to Have Investigated Boys' Nest at Carmel.

IMPORTANT EVIDENCE
FOUND, WITNESS SAYS

Ryan Declares He Would not Have Dropped Case Had He Had Charge.

SACRAMENTO, Calif., April 18—(UPI)—G. V. Ryan, attorney who is district attorney of Los Angeles county directed the investigation of the mysterious killing of Almer Semple McPherson, 33, yesterday morning in the Indianapolis trial of Superior Judge Charles H. Hardy.

Keye's statement was made by the defense counsel, who was called as one of the first witnesses for the defense.

Yells Late Nest.

Reed at Carmel—Former Deputy Ryan told Keye's defense he went to Carmel this week to investigate the alleged "boy nest" of Kenneth G. Ornstein, Angelus temple radio operator, Ryan testified, and that he left without any information.

Reed at Carmel—Lord Revolstoke, prominent reparations expert, was created dead; heart disease is cause.

PARIS, April 19—(UPI)—The Lord Revolstoke, a man of the first rank in the world of reparations experts, was found dead in his bed at his apartment in Rue Faubourg Saint-Honoré.

Only the family and his close friends knew he had been ill.

Lord Revolstoke's sudden death caused much alarm in Paris, where he was known as one of the first experts in the field.

He retired early last evening, after attending all the meetings of the experts. He appeared in fine spirits.

When he failed to appear at his customary hour this morning and did not respond to persistent knocking at his door, his wife, Mrs. Lord Revolstoke, became alarmed.

Lord Revolstoke played a prominent part in the conference of experts held in Germany and the other powers. Only two days ago he was appointed by Dr. D. Y. Rosen, chairman of the conference, to be the spokesman of the British and French delegations.

Germany's offer of 25 million marks a year was accepted by Britain and France, while Italy that they run over a period of 53 years.

Not only were Germany's terms far from those demanded by the Allies, as they were, but they were also far from those ten weeks ago, but the terms imposed by Dr. Schacht as payment were so similar in nature that they must have been arrived at independently.

It is not surprising that the negotiations ended in such a hasty manner.

Lord Revolstoke had been ill for some time, but was not known to have been ill recently.

"He knew why the disgruntled attorney did not present these," Mrs. Lord Revolstoke said.

"Yes, I do," Ryan answered.

"You are now, yes," Ryan.

"No, we are not," Ryan.

Kidnaper Given One to Twenty Years in San Quentin Prison

SAN FRANCISCO, April 19—(UPI)—Paul Murphy, kidnaper, was sentenced to San Quentin prison for from one to 20 years.

Superior Judge Walter Johnson, after the defense had called no witnesses, pronounced his sentence to the Lexington national bank of \$2000 yesterday, was taken to New York for arraignment today.

The young kidnaper's deputies demand that he be granted a parole so he wanted funds to kidnap the victim.

"He was not," replied Ryan.

MARY HORN, TORONTO

April 19—(UPI)—The stunner expected its greatest stamp today since it was stabilized in November, 1925. News of the reorganization of the stock market pushed the mark to 422 to the dollar. At that point the hunchback intervened with large sales of foreign stocks, sending the market to 4217. It was understood that the hunchback also intervened in foreign bonds.

BOULDER DAM
TO BE VISITED
BY UTAH MEN

SALT LAKE CITY, Utah, April 19 (UPI)—A delegation of 100 men from the state of Utah will visit the Boulder dam, which will be made May 9, by members of the Utah Farm Bureau association, according to J. S. Cook, state vice-chairman, who has mailed questionnaires to all members requesting that they indicate if automobile, train or airplane transportation can be used when they attend the opening of the dam.

CONFERENCE OF EXPERTS
ADJOURNS UNTIL MONDAY

Lord Revolstoke's Death Cause of Adjournment; War Head of Committee.

PARIS, April 19—(UPI)—The conference of reparations experts adjourned its plenary session today until next Monday because of the death of Lord Revolstoke, Mr. Hardcastle, their participating, the threads collapsed, in the negotiations.

Lord Revolstoke was at the head of the conference, in the attitude of Germany and her creditors. He died in his bed at his apartment in Rue Faubourg Saint-Honoré.

Only the family and his close friends knew he had been ill.

Only the German experts have agreed to accept the peace plan on what Germany will pay to her allies.

JURY INQUIRES INTO DEATH OF CHICAGO YOUTH

Educators Decide Fatal Accident Was Due Partly to Inexperience of Young Driver

CHICAGO, April 19—(UPI)—A jury of six distinguished educators considered "fatal error" today as the cause of death of 18-year-old James C. Moore, who was killed by a motorist.

Annual liability payments of approximately \$3,000,000 a year, were held responsible for the accident by the jurors, who, after a brief deliberation by discarding five of the 12, found the boy, the girl and the "hot dog" guilty.

Workmen Hold Flood Waters Under Control

WORKMEN HOLD FLOOD WATERS UNDER CONTROL

DETROIT, Mich., April 19—(UPI)—The flood situation at the Ruway, where, Sunday, the water reached a height of 15 inches, was controlled yesterday by dredging 120 cubic yards of earth.

WATERFALLS DESTROYED

DETROIT, April 19—(UPI)—Two hundred workmen under the direction of John M. Corcoran, city engineer, yesterday下午, dredged out the Ruway channel.

BUHL ELECTION IS INTERESTING

Rumblings Barely Audible Now Bring out Various Issues to be Fought at the City Polls

BUHL, April 19 (Special)—Election rumblings are barely audible now, which is kept by each party on the alert, but the other party. Most voters say there's unusual interest taken, and as usual in elections, both parties are in the lead. In fact, the issue in the air is between those who favor a municipal power plant and those who favor the light and power system, now in use. A few random questions are asked, and with taxes, each side claiming the plan of the other side will burden the tax payer with heavier taxes. Another point of interest is that some of the voters insist that the first thing Buhl needs is pure drinking water. Whittling water. With all the people here, there is no room for chance to go wrong. The men on each ticket are representative citizens, and there is one woman candidate on each ticket.

The first organized lecture, given at Twin Falls, covering the early history Masonry in the intermediate country, Wednesday evening, by J. A. Hammon, author. The speaker will be a member of the members of the Buhl Lodge. Representative Fred Parish, and his brother were among the number. At the book table, Dr. C. L. Pease, and Dr. E. W. Abrich, who lives south of town took a couple of novels with him. After the lecture a banquet was served at the Hotel Buhl.

Farmers near Buhl are rushing the seed planting, this weather being ideal. The average planting in buhl is the second with about the acreage of two years ago. Tom Wenzel the field man is supervising the work of planting and soliciting more acreage, he will sometimes there were two of him.

Work began on the ice plant Wednesday morning. Bay Overbaugh and Ray Neary have charge. The office for the ice business is already on the ground and it is expected the plant will be finished in time for this season's production of ice.

Prominent Men Are College Speakers

WESELYAN, Idaho, April 19 (Special)—Dr. Bentley, representing the Baptist Board of Foreign Missions; Dr. J. C. H. Smith, president of the First Baptist Church of Twin Falls, and Mr. Ellison of the Illinois White Lyceum bureau have been recent Chapel speakers at Oregon College. Dr. Bentley and Dr. Smith presented themes based on "China," "India," "Russia" and "Africa." The former has had thirty-five years experience as a medical missionary and the latter was an attorney before becoming a Foreign Mission board in the Orient.

Mr. Ellison made his introduction talk in to glowing audience. The large group from Twin Falls made him welcome, especially the illumination. Shown as an illustration, the speaker likened religion to a great bright light which when the darkness of sin creeps around it will shine and dispel the evil.

Mr. Ellison, who has been in Africa work for many years, presented the theme, "Africa—The Land of Work as a Profession." He pointed out that talent coupled with hard work means success.

Epworth League Is Busy at Murtaugh

MURTAUGH, April 19 (Special)—Miss Alice Mattox led a very successful Epworth League meeting last Sunday evening on the topic "How to Make a Good Christian." Mrs. E. S. True sang as the closing number of the program "Oleander."

Frances Ferguson, April 19, an "all-time" party will be given by the Epworth League in the Methodist church basement. Old fashioned games will be played but not necessary. Miss Rita Callan is in charge of the plans for the occasion.

The speaker for Epworth League next Sunday evening is John Silvers. The topic for discussion will be "Baptists Our Companions." The meeting will be opened by Rev. Dr. Callan, Lillie Hestbeck and Alice Rutledge.

Daily Poem

CLIMBING THE LUMBER
TRACKWAY.

Mabel Army broken

Some roads there are, wind to the seashore
And ways over mountains still,

But I sing the lumber trackway

That climbs all over the hill!

The road that climbs up through the beach wood
With many a sudden bend;

And glowing blit of adventure

Before the journey's end!

The track that's a carpeted pathway

Of yellow, and iron red,

Day with the music of dry leaves

Singing beneath one's feet;

Where the cool sweet whispering west wind

Intercepts old melodies

Caught from the gold of the morning

Old overhanging trees;

The path that the bicker one travels

To the heart of heaven's blue,

With the white clouds racing over

And sunshiny gleaming through,

PARKER EDWARDS BRANIN

THIS tragic death of Parker Edwards Branin, associate editor of this newspaper in charge of local news, marks the passing of one of the outstanding of the younger journalists of Idaho. Because he had been in the state for relatively so short a time and because his personal modesty and the exacting of his profession kept him always in the background of affairs rather than in the limelight, such high appraisal might seem unmerited; but on the basis of character and performance of duty, he deserves to be accorded a position on the top rung of the journalistic ladder.

To do well the tasks that fall daily to the trained news writer requires qualifications of high order. Such a man must be of unquestioned honesty, great energy and unwavering loyalty. He must have courage to hew to the line of duty. It is required of him that he be tolerant, broad-minded, sympathetic with current trends and problems and that he be able to penetrate through the mask of things as they seem to see things as they are. Poise of character must be his and the power of making friends and inspiring confidence and esteem.

These qualifications and many others Parker Branin possessed in unusual degree. He was so unobtrusive in manner, so moderately conservative in approach and habit of mind that his excellent qualities became really apparent only as personal acquaintances with him progressed. The long list of real friends he made for himself and the newspaper he represented during the short period he was permitted to live and work in Twin Falls is far more eloquent, a tribute to his real worth than any words we may write.

Some men attain a high degree of success in their chosen profession or kind of work without being able to carry that success into their private manner of living. Parker Branin was one of those fortunate men who found both professional success and personal happiness and tranquility of spirit. His home life was an ideal one. The same integrity and cheerfulness and courage that marked him in his work was also characteristic of him as a man and husband and friend.

It is needless to say that his departure has created a real void in the lives of us so fortunate as to have had the joy of his daily association and counsel and help. So suddenly was he taken, so quickly did he pass from perfect health unto death that we can hardly realize yet that his last news story has been written. His chair and his typewriter and his place at the desk await him, but we know he will not be permitted to come again.

We who were his associates profit by our knowledge of his real worth which henceforth shall be a part of memory's book. His record is our challenge. He deserved as much, and in loving gratitude we accord him such honor and distinction.

WHEN A MISTAKE IS
COSTLY

THE mistakes that most men make in the course of their daily work are things that can be remedied in a short

time. But there are a few businesses in which a mistake is apt to be frighteningly expensive, and the business of building bridges is one of them.

A gigantic suspension bridge is being built across the Snake River. The cables had been swung and about a third of the floor had been laid. Then it was discovered that the wires that made up the great cables were somewhat defective. Someone—manufacturers, engineer or contractor, we don't know—who had made a little mistake. And there was nothing to do but take them down and start over.

That is costing the contractors just \$1,500,000. There are some trades in which mistakes are pretty costly.

WOMAN KEEPS THE BOB
FOR A GREAT MANY YEARS ONE OF MAN'S

kind's favorite jokes has been the fondness of woman for changing styles.

However, it is beginning to look as if this joke might be a wee bit over-drawn. When women find a style that really suits them they are quite capable of hanging on to it with a great deal of tenacity.

For the last three or four years the spokesmen for the hairdressers have raised their voices, every now and then to announce that the bob was doomed. Long hair, they kept saying, was about to return. Soon the bobbed-haired maiden would be as rare as in pre-war days.

And what has happened? Nothing whatever. The bob is precisely as popular as it was four years ago. Women have discovered that it is both comfortable and becoming, and all the shouts of hairdressers have not moved them. The old quip about woman's changeableness may need revising.

STIMSON'S GOOD TASTE
SECRETARY OF STATE STIMSON

deserves the thanks of the country for his common-sense method of disposing of the social warfare in which Washington was plunged when it discovered that it did not know just how to treat a vice president's sister.

By refusing to let the state department act any longer as arbiter of social affairs, the secretary has shown good judgment and good taste. The government of a democracy, one would think has something better to worry about than who is going to sit where at a dinner table. Let's hope, now, that the social climbers and millionaire snobs of the capital can settle their own difficulties.

There is an element in America which hates Britain and would welcome the idea of attacking, while another element does not particularly want war, but is determined that America shall replace Britain as the mistress of the seas."—Rev. R. J. Campbell, British pastor.

"It is a wholly undesirable idea to introduce into this country any group or any race, whether they be international bankers or whether they be the poorest immigrants from Italy, who decide questions for us on European ideas."—Senator Hiram Johnson, California.

"It is indeed extremely doubtful whether wage earners should invest their savings in the same company that pays them wages."—William Green, president American Federation of Labor. (World's Work.)

"Employee ownership solves the industrial question."—Thomas E. Mitten, chairman of the board of the Philadelphia Rapid Transit System. (World's Work.)

It is needless to say that his departure has created a real void in the lives of us so fortunate as to have had the joy of his daily association and counsel and help. So suddenly was he taken, so quickly did he pass from perfect health unto death that we can hardly realize yet that his last news story has been written. His chair and his typewriter and his place at the desk await him, but we know he will not be permitted to come again.

We who were his associates profit by our knowledge of his real worth which henceforth shall be a part of memory's book. His record is our challenge. He deserved as much, and in loving gratitude we accord him such honor and distinction.

WHEN A MISTAKE IS
COSTLY

THE mistakes that most men make in the course of their daily work are things that can be remedied in a short

time. But there are a few businesses in which a mistake is apt to be frighteningly expensive, and the business of building bridges is one of them.

The movement for repeal of the statute caused the erection of a small white cross on every spot along the highway where a life has been lost in a traffic accident.

The intent of having the crosses put up was subverted in the hope that they would make drivers more careful. And it is believed that they have had effect, at least in the number of traffic tragedies.

Near Cleveland about 60 of the roadside crosses are gone, having been removed by the citizens of the town.

The crossing was not eliminated until public sentiment was aroused by the likes of the crosses with their dismal tale of 60 lives snuffed out by passing trains in that spot.

The grade crossing might well be thought a temporary solution arrived by the little white crosses.

The movement for repeal of the statute caused the erection of a small white cross on every spot along the highway where a life has been lost in a traffic accident.

Now, the sight of clusters of white crosses with their message of dead folks scattered about the way creates an impression of travelling through a cemetery—a circumstance not contributory to the safety of motoring.

Naturally, the sight of clusters of white crosses with their message of dead folks scattered about the way creates an impression of travelling through a cemetery—a circumstance not contributory to the safety of motoring.

Such a picture is not a pleasant one.

Fighting began before five o'clock in the morning, after a night of terror. Women and children, roused by rumbling trains

and ringing bells, fled to isolated homes with the resulting disorder and panic which was practically deserted, except for those who knew that war could not be avoided any longer.

A check made by the commandant of safety on this said day showed that there were only 12 field pieces in the entire state of Massachusetts. Weak arms of the militia, which had been practically disorganized, were present.

TODAY IN SPORTS

HEAVY SWATTING MARKS SEASON'S FIRST CONTESTS

Twenty-two Home Runs Made in First Three Days of Play; Cubs Display Hitting Power

NEW YORK, April 19 (UPI)— Terrible hitting by the marked the opening of the major league new season.

From the way the boys have started hitting the ball it looks as though some new record might be established.

Cold weather in the east undoubtedly is partly responsible for the ineffectuality of the pitchers, but 22 home runs in 17 games played in the first three days of the season, the statistics and the "1" remember when men back on their heels."

Six clubs which had remained idle for the first two days of the season owing to cold weather and rain finally got "into action" yesterday. The lowly Phillips drove out three homers and lost to the Giants. The almost equally lowly Indians, Browns, Americans, and lost to the Boston Braves.

Dale Ruth and Lou Gehrig, the home run twins, lost no time in putting themselves into the race, both hitting for the circuits. The Babe's clout was particularly effective, coming as it did on his first hit.

Lefty O'Doul, who was traded by the Giants to the Phillips, drove in two home runs against his former team, while the Indians' Grimes of the Cubs clammed his way into the United Press home run list with his second circuit of the year. Earl Averill, in their office today.

Continental Cleveland, probably, is the third major league to get the season off to two hours, with the double-pennant racers barely under.

The Chicago Cubs have lost an inch in hitting on their previous reputation for terrific slugging. They have made 23 hits in the first three days of play, including seven to batters and five home runs.

Hank Wilson, in particular has been slow at bat. He got four hits in the first Wednesday, including a Homer.

Frankie Frisch, in the hitting order of the St. Louis Browns, made two hits out of four.

From the way the boys have started hitting the ball it looks as though some new record might be established.

BAD WEATHER IS VANDAL NEMESIS

Weakeness in Infield and on Hitting Shown by Baseball Team in Series Just Played

UNIVERSITY OF IDAHO, Mon., April 19 (UPI)— The Vandals baseball line was shown in the two-home series played with Whitman earlier at Walla Walla, Wash., and the results were not good.

The team showed plainly the need of outdoor work, which had been given little benefit of late weather. Considerable trouble in the batteries was indicated. Coach Pix said and this may be brought out in the next series.

The field was actually weak, but until this series it had worked out few times on the diamond. It may be necessary to make a change in the schedule to bring the team out more.

The team was beaten by the Indians in the first game, 10-2, and in the second, 10-4. In the latter when a double was indicated, Coach Pix said and this may be brought out in the next series.

The field was actually weak, but until this series it had worked out few times on the diamond. It may be necessary to make a change in the schedule to bring the team out more.
