TODAY'S SPORTS

DECISION GOES TO TOM LOUGHRAN IN BRADDOCK BATTLE

Difficultly in Making Weight, Infirmities Champion Not to Fight in Lightweight Class

NEW YORK, July 19 (UP)—Tom Loughran, the champion of the world in the lightweight class, will not fight in that class because of his difficulty in making weight and his infirmities.

Loughran, who is now in training at the Hotel Hamilton in New York, has been unable to make the 135-pound limit for the past several weeks. He has also been suffering from a severe cold and a sore throat.

Loughran's manager, Max Schmeling, has advised him to rest and to concentrate on his health. Schmeling has also advised Loughran to fight in the middleweight class, where he has a better chance of making weight and of staying healthy.

Correcting an Impression about our USED CARS

WE HAVE sometimes found the impression prevailing that we will not accept anything but a used Ford car in trade for a new Model A. That is not a fact. Many cars in both high and low price classes are being constantly traded in for the new Ford.

If you're in the market for a used car, come to our show room. Thousands of miles of use and wear are not counted against a car when it is traded in for a new Ford. There is no "price padding" or inflation to permit us to recoup excessive trade-in allowances. The price of the Model A is so low that we allowances for used cars are impossible.

You can take advantage of this situation. Act now! Come and see these bargains in use and mileage.

Hollister Man Is Injured by Horse

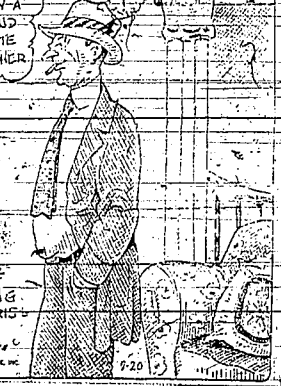

HOLLISTER, July 19 (Special)—M. N. Knudson sustained a pathologic injury when he was kicked by a horse he was feeding in a corral. He was taken to the hospital and is expected to recover.

Miss May Danvers, Hollister's partner teacher, who is spending the summer in Buhi, visited Hollister's friends here Monday.

TALK PLANS FOR MATCHING BOXERS

SAN DIEGO, Calif., July 19 (UP)—The glittering Mexican resort of Agua Caliente across the water from San Diego, again beckoned the fight tonight with Jack Dempsey and a number of non-magnate discus-wax and weight-of-matching Jack Sharkey and Max Schmeling for the boxing championship of the world.

According to the news so far announced, Schmeling and the Boston sailor may meet for 12 rounds, with Dempsey undertaking the duties of referee and commentator.

The matter has progressed to the extent of a conference at Mexicali between Dempsey, Wirt Hawkins, Gerald Brown, Alvin Karpis, Gene Normie, Dempsey's former manager, and Alvin Karpis, governor of lower California.

TEXAS NET STAR IS RANKED FIRST

PHILADELPHIA, July 19 (UP)—Berkeley Hill, Texas university's great tennis star, is first among the nation's intercollegiate net players.

Hill was named as the intercollegiate title was number one among the college stars in the official rankings released here by H. Norman Williams, chairman of the intercollegiate committee of the United States Lawn Tennis association.

The rankings: Berkeley Hill, Texas; Gregory Mangin, Georgetown, Colo.; William Lough, Cornell, Ithaca, N. Y.; Ernest Pare, Georgetown, D. C.; Garfield Stetson, Princeton; Harry Crosshatch, Princeton; John Dick, Stanford; Donald Cron, Vanderbilt.

The first five in the doubles pairing, in order, were: G. W. H. and Alfred Kussman, Occidental; Bell and Bruce Barnes, Texas; Stan and Fred Goussard, Stanford; Jones and Lawrence Hill, Stanford; Henry Orr and Stanley Squire, Oregon.

TESTS: REVEAL NO EFFECT ON RADIO SIGNALS

ON RADIO SIGNALS—The results of tests of the strength of radio signals before, during and after the solar eclipse of the sun and of the mystery of the behavior of some of the radio signals, were made public today by Harry W. Wells, radio engineer, with the AT&T.

Wells said that the signals did not vary in strength at all during the eclipse. He said that the signals were as strong as usual, and that the only effect was a slight increase in the number of signals received during the eclipse.

Wells said that the signals did not vary in strength at all during the eclipse. He said that the signals were as strong as usual, and that the only effect was a slight increase in the number of signals received during the eclipse.

IDAHO CROP

According to reports from the Idaho Experiment Station, the Idaho crop of 1926 is estimated to be about 100 million bushels. This is a decrease from the 1925 crop, which was about 110 million bushels.

WHY FLYING IS SAFER THE following paragraph, lifted from the story of a reporter who recently traveled from Los Angeles to New York by the air-rail hook-up of Transcontinental Air Transport and the Santa Fe and Pennsylvania railroads, tells as well as anything can the way in which airways are being made safe for passengers...

Best Editorial of the Day THINK TWICE, MR. SECRETARY (Spokesman-Herald) Secretary Wilson's contact with the problems of the investor-democracy in the brief for great weight to be given to his recent suggestion at Yale, that the time may have come for the western states to take over the surface rights of public lands not taken over by national parks, monuments or forests, has become a question that ultimately the states might take them...

SHIPPING-BY-RIVER AGAIN ALONG with a revival of the use of inland waterways in the middle-west, as exemplified by the growth in popularity of the Mississippi barge lines with the pending extension of service to the Missouri river, comes word that eastern rivers, too, are to have their part in the renaissance...

THE Change in Wheat - THE spread in prices paid for wheat which has come about during the past few weeks is an excellent illustration of the futility of trying to worry about conditions until the time for action comes...

REARSH reports on the condition of the crop have had the effect of strengthening the price of the great staple and continuance of the present trend of the market may be expected to insure a fairly satisfactory return for growers...

"A tonic or stimulant may fool you into feeling better for the time being, but it is in no way adding to your energy reserve. You have to manufacture your own energy by not trying to dodge the rules of health. Remember, a tonic may fool you, but you cannot fool life." -William S. Sadler, M. D. (The American Magazine)

Pleasant traditions are difficult to establish and unpleasant ones are difficult to destroy. -Booth Tarkington

Three Generations Endorse It

When I was a young girl I took Lydia E. Pinkham's Vegetable Compound because my mother did and she gave it to me. After I married I took it before my children were born and afterwards, I have eight living children. I am now a grandmother and still take it when any one is troubled and run down. Mrs. Alfred Herzon, St. Edwards, Nebraska.
