Hoover's Address, in Praise of Inventor, Heard by Countless Millions

Edison Reating 'Edison' Today At Ford Home, After Strenuous Event.

DETROIT, Oct. 22 (UP)—Thomas A. Edison wore crowns of laurels happily although feebly today.

The inventor, his 83 years bearing more heavily on his strength under the tax of obnoxious economies recently in which the world paid tribute to his genius and still more contemptible to a recent attack of pneumonia, almost collapsed last night.

Almost collapsed, J. Edgar Hoover, who was taken after the strenuous day, he was regarded highly today and yesterday when he visited him and they did not believe, he was in danger.

WHAT IT MEANS

AN EDITORIAL.
"As a matter of fact grain rates in the Pacific northwest could be reduced very materially and still yield a fair return. J. P. Newell showed by exhaustive research that the new export by 4.9 per cent the amount necessary to a fair return."
The above editorial declaration was made by the Portland Oregonian, a very conservative newspaper, just a few days ago. Portland paper refers to a coal study made by J. P. Newell, consulting engineer for the Oregon public service commission, in connection with the interstate commerce commission hearings held in compliance with the Hoch-Smith resolution.

Idaho Athletic Commission Will Give Prizes

WINNING TEAMS TO BE PROVIDED WITH EQUIPMENT

Football, basketball and track equipment amounting to more than \$1500, is announced by W. H. Pratt, secretary.

In each of four football districts of the state the commission is offering \$75 worth of equipment to the championship team for the 1921 season. The team should there be no commission will give individual trophies probably sold for \$100, Mr. Pratt says.

Great Incentive Offered Idaho Squads to Do Best in Order That They May Share Award

Pratt says the commission offers two \$50 equipment prizes; one for the championship team and one for the team receiving the sportsmanship award in the state championship tournament. The commission also provides two trophies of special value, one for the championship team and one for the sportsmanship team. Last year the trophy awarded engraved silver baseballs for these trophies.

CUBS WILL MEET FILER IN GAME

Since the Brain team has proved itself superior to the other high school teams by the score of 12 to 6, the Cubs have decided to try a whack at the Filer outfit on their journey to meet Wednesday afternoon to meet the Filer seconds at the Filer arena. The game is scheduled for about 4 o'clock.

DEVOE LIKELY TO BE FIGHTER

Indications today were that Tony Devoe of Baker City, Oregon, would be the lad to mix with George Hernandez of Bunk in the six round semi-final at the boxing card tonight. Devoe weighs 125 pounds and will be an opponent match for Hernandez. The matchmaker had billed Hernandez with Tony Cannon of California. Upon his arrival here it was learned that Cannon weighed 125 pounds in his street clothes. Hernandez weighed 144 pounds in fighting gear.

ANOTHER BRIGHT SPOT THE ANNUAL report of the Twin Falls Canal Company for the year ending September 15, now being audited, discloses another bright spot in the fiscal condition of public bodies in Twin Falls county.

On the face of things the private stockholder, the farm owner who owns stock in the canal company by virtue of his ownership of land, can afford to feel quite a little gratification over the showing made.

Whether the 1930 operation and maintenance charge will be less than it has been this year the management has expressed no opinion to date. The report for the past year indicates the possibility of some reduction.

Another factor that should not be overlooked by the stockholders of the company is that the drainage problem has been faced boldly. Relatively, drainage is nothing to shudder about on this tract, but it does constitute a real problem.

HUNTING OR BUTCHERING? THE DEER season opened in the basin Sunday, and reports of the first day's slaughter indicate that the best season has been extremely hard on the deer.

of their hunts by an army of men armed with powerful rifles. From the point of view of game secured, the opening was highly successful. Deer were hauled out of the reserve by the dozen. Family pleasure cars were on the streets of Twin Falls Sunday carrying from one to four animals each.

Hunting and fishing are legitimate forms of recreation in which the news writer is interested, not in behalf of which it has expressed its views, but merely in easily understood language. We need to keep our streams well stocked with fish, and we need to preserve wild game as carefully as possible to maintain our reputation as a region where fishing and hunting may be legitimately enjoyed.

But Sunday's performance was an exhibition of sportsmanship, according to the burden of reports. The performance was a shambles, a slaughter, a rank injustice against the deer. Unaccustomed as they were to being hunted, the animals in their fright herded together in small groups and sought, rather than avoided, mankind; some reports have it—One hunter is reported to have declared that the hunters were so thick and so many shot he fired that he shot four bucks before he got one which no one else claimed!

The one bright spot in the picture is that as this is written, no hunters has been shot!

DOING MORE THAN HIS JOB IT OFTEN happens that a newspaper man's best work is work that is not done directly in the line of his ordinary duty.

There is, for instance, Mr. Edward Price, Bell, London correspondent for the Chicago Daily News. Rodney Dutcher reveals that it was Mr. Bell who originally suggested the visit to America of the British prime minister. It was he who first grew alarmed at the increasingly strained relations between America and England, and it was he who instituted the negotiations that led to Ramsay MacDonald's visit.

That bit of work was not, strictly speaking, in the line of his regular duty. If he had not done it he would not in any way have been scamping his job. But, being an alert and conscientious man, he saw a chance to do something for his country—and he did it, even though there was no obligation resting upon him.

STORAGE FOR SURPLUS CROPS Portland Oregonian Control of surplus crops will require adequate means for their disposal. In the case of wheat fluctuations greatly. This year wheat supply on July 1 was more than three times as much as on the same date in any year from 1921 to 1928 and by September 21 it had grown to 262,702,000 bushels of 56,356,000 bushels more than that on that date in any preceding year. Terminal elevators were full, and the surplus was such that badly located or unutilized elevators have been used, and wheat has been stored in old sawyer elevators which have no means of loading out.

BURLEY BOY TO ATTEND NORMAL

BURLEY, Ida., October 22 (Special)—Miss Mary Tracy of Oakley came down Saturday morning to meet her brother, Leavitt Haight, who has been spending the summer in Michigan with his relatives.

Miss Yvonne Thomas of View, visited Burley friends over the week end. Mrs. C. F. Yahn of Hynes, Callifornia, mother of Mrs. Tom Scholte, will leave this week for her home after a visit with her daughter and friends. Mrs. Yahn was formerly a resident of Minidoka county.

A. L. Anderson, who was taken very suddenly ill at a local hotel on Friday night, was taken to his home at Aquila on Sunday. Mr. Anderson was much improved, and it is thought he will be a speedy one.

Wheeler is a foreman in the Union Pacific shop at Omaha. Miss Lillian Evans, who finished the high school here, returned on Sunday afternoon from a two-day visit with Twin Falls friends.

Mr. J. T. Sanders and baby daughter departed Sunday afternoon for New York, where Mr. Sanders has friends. He will probably locate there for awhile.

Mr. and Mrs. Gus Wheeler of Omaha are visiting relatives in Burley for a few days. They came to Twin Falls Sunday night and are remaining the week end with their parents and friends in Burley.

Mr. and Mrs. C. Fisher, 216, 2nd at the home of his son, Frank Fisher, in Burley, Sunday afternoon about four o'clock of Monday. He was one of the oldest residents of Burley, and was troubled near Decle in the same branch. A funeral arrangement have not yet been made.

The last meeting of the Minidoka county board of health was held Sunday at the home of the producer of this community. The meeting was held after a fine dinner of venison and other tasty dishes. After the dinner the members discussed various phases of the business, and the women discussed the preparing of fruit in honey and the making of jelly.

Mr. and Mrs. Robert Powell, of Kimberly, called upon and Mr. and Mrs. Fisher on Friday evening. Mr. Powell formerly taught in Burley High School. President John A. Nelson of the Twin Falls and his mother, Mrs. Alfred Nelson, attended the conference at Salt Lake, after which they went to Grantsville, Utah, for a visit with relatives.

Schools Again in Session at Burley MURLEY, Ida., October 22 (Special)—After a ten days' postponement the Burley schools were opened on Monday. The postponement was due to the fact that the harvest has moved swiftly and by that time a large portion of the crop was harvested and with the cold or in the warehouses. Good prices and good weather have prevailed up to the present, and it is thought that the remainder of the harvest can be done without interference with the schools.

U. S. Bar Association to Discuss Aviation and Radio

LAWYERS FIND AIR CONTROL A VITAL SUBJECT

State, Federal Laws and International Treaties Are To Be Proposed at the Convention

MEMPHIS, Tenn., Oct. 22 (UP)—Control of the air for aviation and radio is to be a most important item at the annual convention of the American Bar Association here this week.

The annual federal laws, as well as international treaties, are to be proposed and discussed in an effort to secure uniform regulations in this new problem of aviation.

William P. McCracken, Jr., Chicago, chairman of the Department of Commerce for Aeronautics and Secretary of the Bar association will preside over the discussion of acts concerning aviation.

Any proposals for law regulating aviation must come before the convention without the approval of the "controllers" on uniform state laws which national action on a tentative draft of uniform operation and regulation of air mail, air mail.

The commissioners approved the U. S. air commerce act of 1926, with certain amendments and additions which were declared by the delegates to be unconstitutional in order to change a federal law.

Considerable importance is attached to a report of a standing committee appointed at the American Bar association convention in St. Louis, Mo., last year, which was to consider and report on all questions pertaining to the laws of aviation.

The report asks that the committee be authorized to confer with the senate committee on interstate commerce and aviation.

CAROLINA CASE TO BE APPEALED

CHARLOTTE, N. C., Oct. 22 (UP)—Prattling that the conviction of several men textile workers in the Adelphi murder trial was the result of a "class verdict," the defense has filed an appeal.

After promulgating an order yesterday Judge M. V. Harrah allowed the defense to file an appeal. The American Civil Liberties union, backing the defense, has announced it will appeal the conviction.

"This is a class verdict," said a statement issued by the defense. "The southern capitalist class has won a temporary victory over the workers of the textile industry."

Workers must organize for a struggle for better conditions and that workers have a right to organize.

HAWKEYE SOON TO BE AT HELM OF YANK TEAM

New Manager of New York Americans Expected This Week from Hunting Trip

NEW YORK, Oct. 22 (UP)—Dob Shawkey returns from a Canadian hunting trip this week to take up the management of the New York Yankees, beaten but for the Springfield League pennant, this year after three successful seasons appear on the downward slide. The task of steering the team to a successor to the late Miller Huggins, the handling the former manager's changes is by no means a simple one.

Needling new and young blood, the local American League club, the home run king cannot go on for long. The Yale is ready and confident to announce with certainty every day, but the outfield must be reorganized. The pitching staff is a problem in itself.

The Yankees will be rebuilt from top to bottom if they are to find a successor to the late Miller Huggins, the handling the former manager's changes is by no means a simple one.

Will flowers and Irvin Cobb be about the only ones who can be depended on for telling about their operations. A town that dead until its only spot of publicity is to read out a story about a cat adopting a pup or a chicken. Nothing succeeds like success. The world may owe every man a living, but it will have to be run by a different crowd than it is if he's to get it. We are a nice people, but the majority still can remember sleeping on the floor when cousins came to visit. We know a fellow who's no contrary he refuses for a sweet every time he looks like hitting a lucky. First Chorus Girl: 'You ought to eat plenty of fish. It's great brain food.' Second Chorus Girl: 'Who needs any brains when they have calves' knees?' Accident Victim: 'Given Last Rites' Funeral services for the late Byron G. Cutler, who died at the Twin Falls County General Hospital a few hours after an automobile accident last Thursday evening, were held at the Drake funeral parlors Monday afternoon. A Christian Scientist conducted the services. A. Wilson Peck, accompanied at the piano by Mrs. Ernest Stettler, sang 'Leave Me With Thee.' Mr. Cutler was born in Iowa May 14, 1869, later moving to the Twin Falls country. He was married to Mrs. Ella Bennett. He had been a resident of Twin Falls since 1914 and was a member of the Adulph avenue. He was in the insurance business here. Surviving him in addition to his widow were three sons, Roy O. Cutler, Carmel-by-the-Sea, Clifton, Oregon, and Mark Cutler, Helena, Mont.

There should be contentment on every hand. Rev. T. C. Leckie and Bert Haugman left Monday evening for a holiday to hunt deer. Most of the hunters went west Sunday returned with deer. They will conduct devotional services in the Baptist church next Sunday because their pastor, Rev. C. Leckie, will be in Elmhurst to assist at the dedication of their finished basement of the Baptist church at that place on Sunday, October 27. Rev. Charles D. Fletcher and Fred Shuart took in the program celebrating the fiftieth anniversary of Edison's invention of electric light at W. M. O'Neil.

A week ago, Harry J. Corralini went to the west coast towns on a business trip. He was mainly interested in some building contracts. He says money for building purposes is more plentiful on the coast now than in Idaho. On his return he brought his wife and baby with him, returning last Friday. His wife and baby have been waiting in California for several months. Mr. and Mrs. M. P. Nihart and Helen with Melvin came to Bull Sunday night to help M. P.'s patients eat a reunion roast which was given to Fred Nihart by Donald McKee, a kindly sounding name of Filer. M. P. Nihart is handling teeth and loans for a need house in Grangeville and says little money this half of the beans have been pulled in the Grangeville section. Four trucks were busy Sunday all day hauling in beans from the threshing machines to the warehouse. He says that with eating in the beans and potatoes these are strenuous times in the Grangeville country.

"I'll" pointed the stilet. "In the guide you sent me it is stated that your hotel is only five minutes from the sea. It has taken me a good half hour to reach the promenade." "I've" answered the proprietor. "you've been walking. We don't cater to pedestrians." "I'll" his.

Apple Harvest Now on in Buil. HUIH, Oct. 22 (Special)—In these busy times in the Buil country picking, packing and marketing apples seems to take the lead. Great truck loads can be seen almost any time on their way to the railroad to be loaded on cars. These trucks often carry 150 to 160 baskets on one trip. Mr. and Mrs. Ward Merrill moved with Mrs. Merrill's father, W. H. Wray, on North Eleventh avenue Monday evening. The Merrill's lived on the O. H. Wilson farm during the summer.

Discipline—Discipline means one of the latest 300 in Buil, there being 315 at the site long tables that reached the full length of the dining room of the basement of the Methodist church. This favored country is not only blessed with the necessities of life, potatoes, beans, corn, apples, berries, etc., but hunters go to the nearby hills and meet of their bring venison, and at home they get the toothsome pheasant. With such an autumn as we are having and the necessities and luxuries so profusely distributed

THAT WAS THE END. A pretty young woman was being shown over a hattership by a hatter's officer. "He was delighted with her, his thought he had never known such a well dressed and intelligent woman in his life. And then she said: 'I suppose when the tide goes out you'll see the 'phalopes'—Dorothy Barter, Berlin.
