# POTATO MARKET LITTLE CHANGED

### Twin Falls Section Does Heavily Shipping in Idaho During the Past Ten Day Period

Idaho potato market conditions showed very little change during the ten day period ending October 31st. Prices for October crops showed little fluctuation during the period except for a slight rise and fall which proved only temporary according to Idaho Potato Association officials.

Demand was very light during the entire period and only the firm position of shippers held prices from declining. Many crops were being handled in previous weeks and a good amount were rolled for delivery, rather than locally on the cash market.

The Twin Falls section did not heavier shipping of the two top producing regions in Idaho during the ten day period. Volume of loadings ranged to its average daily and total movement for the

month amounted to over 2,000 cars. Demand for Idaho potatoes was fairly good in that district night late last week when digging was nearing completion and it was expected that the market would be fairly brisk during the week. The Twin Falls section was active in the whole. Shippers averaged around to cars daily and sold even further into the West. Shipments for the season amounted to over 1,500 cars. Generally, the state loaded from the Twin Falls section were larger and of better quality than those that were loaded in the Idaho Falls section during this time. Yields were reported ranging from 20 sacks to 30 sacks per acre for the Twin Falls section with the average considerably above that of the Idaho Falls section.

By the close of last week it was estimated that the Twin Falls section was still making in the Twin Falls section and a rough survey of the Idaho Falls section showed that the Idaho Falls section was not doing so well. Many crops were being handled in previous weeks and a good amount were rolled for delivery, rather than locally on the cash market.

**Miss Booth Is Inspiration For Lovely Luncheon**

Another charming courtesy arranged for Miss Evelyn Booth, who is well, was the luncheon at the apartment building, at which Mrs. Ralph Pink, Mrs. Walter Heller and Mrs. Duncan Johnson presided at the home of Mrs. Pink on Poplar avenue Thursday afternoon.

Several colored linens were used, each of the eight small tables featuring a different shade. Ivory napery in all its manifold variety, and a variety of floral arrangements, each covered with a different shade of flowers. Mrs. Wilbur S. Hill captured the prize for best flower arrangement to Miss Gladys Villa. Miss Decker received an attractive gift favor.

Mrs. Elizabeth Fletcher, hostess, was an out-standing guest. Mrs. W. F. Pusey and Mrs. Vaughn Pickett assisted in serving.

## COME INTO THE KITCHEN

**LEHRICH OF CAKE-HON**

Will keep friends busy and enjoying at home.

It's the cake fall, not the rain.

A drop of pure Lehlich's attention in making one cake is a million of care.

For each cake mix immediately add 1 teaspoon lemon juice or vinegar to each cup.

If eggs is substituted for chocolate in cake-making, use 1/2 cup of cocoa plus 1/2 cup of butter for 1 square of chocolate.

For eggs like "Coco" or "above named" use 1/2 cup of white sugar plus 1/2 cup of more sugar.

A properly prepared cake has the following ingredients:

Two cups sugar makes a touch cake with a cracked and sunny top.

If your cake is tough and has cracks through it, you may have used the wrong eggs.

Too much flour or too hot an oven causes a firm but unattractive "brick" cake.

## NOVEL HALLOWEEN PARTY IS GIVEN

Originality in details was employed by Miss Sylvia Green in her Halloween party which entertained a group of her friends Thursday evening at her home on Poplar avenue.

Who came in costume, had been led through a ghastly horror chamber, arranged in Mrs. Hill's parlor, and then were escorted to the living room which had been effectively decorated with a number of attractive figures for her home.

Parade figures were placed around the table and house decorations.
