CASHING IN ON MISTAKES

ONE of the most reassuring actions performed in public affairs in this community for many a long day is found in the changes made by county officials in keeping account of the expenditure of school funds.

By reason of the changes made, officials believe they have evolved a system of making expenditures and keeping records that will not only prevent any fraudulent diversion of funds to other than legitimate purposes but that will also enable a more accurate and dependable accounting to be rendered.

ERRORGRAMS

There are at least four mistakes in the above picture. They may pertain to grammar, history, geography, drawing or spelling. See if you can find them. Then look at the scrambled word below—and unscramble it, by switching the letters around. Grant yourself 25 for each one the mistakes you find, and 25 for the word if you unscramble it. Tomorrow we'll explain the mistakes and tell you the word. Then you can see how near a hundred you got.

Answers to Yesterday's Errorgram

(1) Stradivarius made his violin in Cremona, Italy, not Amsterdam (2) Virginia is the Bluebird State and should be Virginia, not singular form. (3) The word on the head of the violin at the left is upside down. (4) This word at the end of the violin bow curves outward, opposite to the way shown in the picture. (5) The re-templated word is BACKGROUND.
