

YOUNG PLAN MEETS GERMAN APPROVAL

Tension Increases As France Insists On Security Pact

Rumors Aloft That French Delegation May Retire From London Naval Conference Due To Discord

PARIS, March 12 (UP)—The possibility that France might withdraw her delegation at the five-power naval conference in London was discussed today in semi-official quarters. There was no denying the fact that unofficial sources were irritated by the growing sentiment in Britain and America against the naval demands outlined by France, especially her plan for security agreements in return for reduction of the British naval tonnage figures. Opinion appeared to crystallize behind the contention that if the naval conference does not attempt to avoid considering the French demands for security measures, it is inevitable that the French could protest and demand of other powers—like the United States—that they leave London. Such a move was held to be only a remote possibility at present, but the dispatches from London yesterday stating that America would not consider even a tentative form of security pact, did not encourage the French to expect a successful outcome of the situation. France has been attacked by the British—because she was the only nation to outline clearly her own plan for security. France does not intend to reduce that unless France can get political support in return.

MURDER CASE IN UTAH STAGNATES

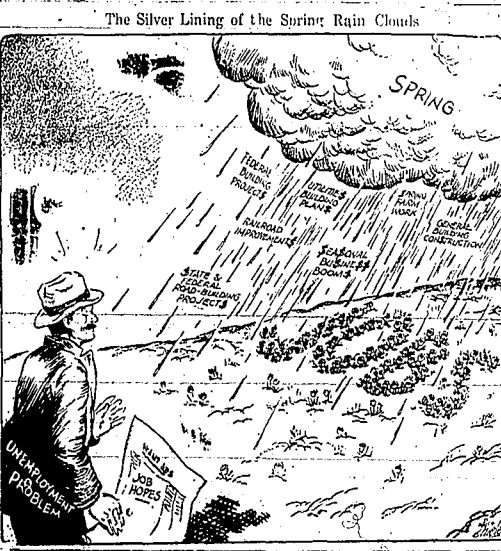

SALT LAKE CITY, March 12 (UP)—Developments in the case of the woman who was charged with the murder of her husband, were practically at a standstill today as sheriff officers continued to look down cases and discover that they ended without presenting any tangible lead which would be followed to solution of the case. The Frank Moore murder, husband of the state woman, has become a case that he will never permit the search for his murderer to stop. When local officers have failed to find all working clues on which they are working, he has completed calling in crime experts to help him solve the mystery. He has retained from asking outside experts to help him solve the mystery. It was believed that the work of local officers might be interrupted by the arrival of the "Lime" and various theories have occupied the sheriff's office. The murder is a little case to solution that it was two weeks ago. The woman's jury will assemble again Monday, in Salt Lake City, and expected to complete its hearing and render its verdict at that time. No important new developments are expected to result from the hearing.

When You Talk With a Customer

YOU - the owner of the business -- are the best salesman employed by the business.

When you talk with a customer you usually sell him.

You wish you could multiply yourself. YOU CAN!

Only one customer at a time can hear your voice. But if the words you address to one customer could be broadcast to thousands of customers, YOUR WORDS will convince thousands exactly as they convince ONE.

If a stenographer were to take down in shorthand your conversation with a customer -- and then were to hand you a typewritten transcription of that conversation -- you would hold in your hand a most effective advertisement.

By publishing that advertisement in a daily newspaper -- where thousands would "hear" it -- instead of only one -- you would multiply your salesmanship and your sales -- and YOUR PROFIT

Your personality -- your ability -- makes your business. Multiply your personality and multiply your sales.

THE MUTUAL BUILDING AND LOAN ASSOCIATION

6 Per cent and No Worry

A great number of people who a year ago were withdrawing their savings to purchase common and preferred stocks are now returning to more conservative forms of investments, including bonds, savings certificates, mortgages, certificates, and Building and Loan certificates. They have learned a lesson that is difficult to teach except through experience, namely: that it is far more comfortable to sleep on (5 or 6 per cent) than to be awake on no feasible but very unreal and unlikely (10 per cent).

6 Per cent with Safety

Let us explain the Building and Loan Plan. Remember we have no membership or withdrawal fee penalties, fines or forfeitures.

NEW JUDGE HAS
BUSY CALENDAR

At eight o'clock, Mr. Jess W. Wade of American Falls, who is secretary-treasurer of the Idaho Judicial Council, held a meeting at the hotel in Jerome. The first case was set for Monday morning, and in the case of the state vs. George Wilson, a criminal case wherein the defendant is charged with battery upon Edmund Stephens.

The case is now being tried. This is the first jury trial in the district court here, which is being held by Judge Barclay of Jerome. The first case was set for Monday morning, and in the case of the state vs. George Wilson, a criminal case wherein the defendant is charged with battery upon Edmund Stephens.

The county spelling bee is to be held for the purpose of determining the winners who will be sent to the district spelling bee in Twin Falls, will be held in the district court here, which is being held by Judge Barclay of Jerome. "I should have answered that question first, I'll probably be gone by now."

ERRORGRAMS

There are at least four mistakes in the above picture. They may pertain to grammar, history, etiquette, drawing, or whatnot. See if you can find them. Then look at the scrambled word below and unscramble it by switching the letters around. Grade yourself 20 for each of the mistakes you find, and 20 for the word if you unscramble it. Tomorrow we'll explain the mistakes and tell you the word. Then you can see how poor a hand you are.

Answers to Yesterday's Errorgram

(1) One side of the banister is curved, and while the other is straight. (2) The thick front fender is missing from the car. (3) The headlamps on the car are reversed. (4) "Custom-built" should be custom-built. (5) The scrambled word is CONSTRUCTION.

OFFICE
CAT

By Junius

There was a fat feline called "She" who loved a bass named Annie. He asked her if she would be his wife. But she said "No." The love for her was very great. He told her it was hard to live and begged at once to know his fate. But she said "No." Then for a time he grew weak. But soon he hit a faster track. And for another day went straight. Now his cat was.

Albert offers the suggestion that they call a sailing vessel "She" because her tacking is so exact, but because she makes her head showing in the wind.

It's still a pretty good old world in spite of all the efforts to improve it.

Sure: "It is time for you to take nourishment, again."

Patent: "The third of taking nourishment; give me something to eat."

She has lights go only: "Can you feel your way about?"

Hint: "You shall see you shall see."

A FRIEND IN NEED EXPECTS YOU TO BE A FRIEND IN DEED.

Don't! Stop! Don't! Stop! Don't! Stop! Don't! Stop! Don't! Stop!

HUSBAND:

(Talking out on kitchen fire) What's this I hear about a Spring opening and Style Show?

WIFE: (entering with new coat on) How do you like it, dear?

HUSBAND: I can't say till I see the bill.

WIFE: The careful how you pour that coal in the stove. You'll have dust all over me.

HUSBAND: Not at all.

I ordered ABERDEEN CHEMICALLY TREATED COAL FROM WARBERG'S and it's guaranteed against dust and soot.
