Promise of Showers Cheers People Living In Hot, Dry Districts

CHICAGO, Aug. 7 (UPI)—Promises of rain and cooling breezes in scattered areas were the faint notes of optimism which today heard from millions of Americans struggling on disastrous summers in history. The millions of farmers whose fields have been laid waste by heat and drought since July also found some cause for rejoicing in suddenly increased grain prices which added millions of dollars to the economic value of their depleted crops.

People here today were themselves grateful for the fact that temperatures throughout most of the country, although it was predicted showers again would fail in scattered areas. In Chicago, where many have fallen for several days and lake breezes have driven the temperature downward, there was with an unexpected return and strengthenings rain.

TURNER'S EAST-West Trans-Continental Mark Is Broken
When Imperial Flyer Lands His Plane at Los Angeles;

LOS ANGELES, Aug. 7 (UPI)—Captain Frank M. Hawks, holder of the new east-west transcontinental speed record, prepared today for a return flight on which he hoped to break the speed mark set last Easter by Col. and Mrs. Charles A. Lindbergh.

Hawks landed at Mines Field here yesterday at 4:50:43 p.m., p.c.t. 7:20:15 New York to Los Angeles mark of 14 hours, 60 minutes, 43 seconds. This was his second flight across the continent. He recently flew the route in 15 hours 42 minutes 54 seconds.

Captain Hawks averaged between 180 and 300 miles an hour despite the inclement weather that delayed him for almost the entire flight. At one time the Imperial Flyer reached a speed of 250 miles an hour.

"The pilot hoped to make the return journey in 18 hours, which would be three or two hours faster than the record," he said. "The Imperial Flyer did not reach the record speed because of the head wind, which was about 14 hours." Hawks will remain in Los Angeles until Saturday, he said.

SCREEN ACTRESS BECOMES BRIDE

Dolores Del Rio Marries George Gibson, Actor-Director; Leaves Home on Honey moon.

BANTA, KANSAS, Calif., Aug. 7 (UPI)—Dolores Del Rio, the Mexican star, and George Gibson, actor-director, left on a honeymoon trip through northern California today after their wedding in an old Spanish mission.

At a chapel of the historic San Juan Bautista mission, two were married by Father John B. Hayes, a Franciscan superior. A group of intimate friends attended the Holywood film star's nuptials.

Only the film stars' names have turned since Father Juan Bautista, Don and Juan Laveau, the mission's 1784 builder, initiated the scene.

The wedding originally was set for noon, but was deferred to 1 p.m. because of the heat. The sun was 100°.

Thousands of relatives and animal Santa Barbara Rancheria Fiesta gathered at the mission to see the wedded beauty, but who avoided them because of a desire of complete seclusion.

It was Miss Del Rio's second marriage. She was first married to a man named John Laveau, who died in an auto accident which she obtained influence from him in Nogales, Sonora, Mexico.

CUBS LOSE GAME IN HEATED RACE FOR LEAGUE FLAG

**BROOKLYN WINS AS CHICAGO
LOSES TO CARDS; WASHINGTON
TOPS PHILADELPHIA; AND
CHICAGO LEADS LEAGUE.**

By United Press
With the grand opening of the fifth and next to last Interstate Cup set for tomorrow, only four major league teams were scheduled to play today, leaving eight, except the New York Giants, however, were listed for action as follows:

American League
Philadelphia at Washington
Boston at New York
National League
Brooklyn at Pittsburgh
Chicago at St. Louis

With a game lost over the second place Chicago Cubs, Brooklyn emerged the "Pirates" in the second game's final western journey, having stolen a catch in the ninth after it had been open for 10 minutes yesterday with a 4 to 4 victory over Pittsburgh.

Chicago-Cubs lost a valuable game in the race by dropping a 4 to 3 decision to the St.

Louis Cardinals. Pitcher Wally Yonamine won the game, but Jim Johnson, who had a two-inning hitting, the Cubs, filled the bases in the ninth but Jim Edmonds' fanned Grinnan.

With Lou Goris coming out of his hazing slump with a triple and a single, the New York Yankees beat the Boston Red Sox, Boston's last chance was held off by first place to nine games.

George Uhle pitched and batted Detroit to a 9 to 1 victory over Cleveland. Uhle made three single and a double were held off by the Indians to tie him at 7.

The St. Louis Browns and Chicago White Sox divided a double-header. Coffman pitching the Browns in a 3-0 victory in the first game and Red Fisher winning a nightcap for the White Sox, 5-2.

Three runs in the ninth enabled the Boston Braves to trim the Phillips, 5-4, in the other National League contest.

ELECTIONS AND NEWSPAPERS

ALTHOUGH the primary election is over, that does not mean the ending of politics, but just the beginning. Soon will come county conventions, state conventions and then in November the general election.

These will be busy, interesting, important weeks, filled with possibilities and probabilities which none will wish to be unfamiliar with.

Newspapers have important functions to perform in shaping the course of events during such times, and it is to their everlasting credit that they strive valiantly to perform them well, giving due credit here and offering a word of caution there. The manner in which newspapers treat candidates is most important to the candidates themselves for many men's reputations are really newspaper reputations, for example: Morrow, Lindbergh, Capone, or most any other public character. Real newspapers are only interested in treating all candidates and characters with equal consideration and with the fairness and publicity to which they are justly entitled.

Many candidates right here in this state will be either "made" or defeated between now and November, by the publicity concerning their candidates which gets into the press. Newspapers will not do this, designedly, but will result from the natural course of events in reporting acts, speeches, platforms and statements.

There comes to the press then a great responsibility, one to which it must be equal; from which it must not flinch; and with it must be honest, clean, fair, high-principled and not subject to intimidation.

Few successful candidates for political office admit the debt they, perhaps owe the press for the distinctions they have won, or the honors that have come to them, great as that obligation may be. Newspapers or newspapermen, generally speaking, do not seek or crave such credit, but when they are glad to note that is seldom if ever does a defeated candidate blame any honorable or good newspaper for his failure at the polls. Which is fair enough.

One cannot be posted on politics, local government, candidates or elections unless he is fortified with the knowledge and information available to him in his newspaper, of inestimable value always, but particularly from now until the new set of officials take office after the election next November.

FEDERAL FARM BOARD

FARMERS and other business men interested in learning the details of the plan of the government in providing better marketing through the workings of the federal farm marketing act, commonly referred to as the "farm relief" act, will do well to attend one of the meetings being conducted this week throughout this section by the Southern Idaho Bean Growers' association at which a representative of the Farm Board, Mr. Jones, is speaking.

So often it is possible to get first-hand information in an informal way from an individual, instead of depending upon bulletins that it should be a privilege all interested should exercise to find out all the benefits possible from direct representative of one of the most important agencies of the government.

There should also be a sizeable delegation of agriculturalists at Cadwell to hear Chairman Legge of the farm board itself. He is coming to Idaho for the benefit of Idahoans and of Idaho agriculture.

The farm marketing act is not going to be a big success unless it is given the opportunity to function, and Idaho has the opportunity to use the resources of this agency if it is so desired.

The best way to find out its benefits is to hear the details discussed. There is nothing so important and vital as facts. Hokus, argument and fantasies fade away in the face of actualities.

To meet-and-greet these federal agents is a good way for Idahoans to learn perhaps what they want to know.

This county is proud of the opportunity of entertaining the sheepmen of the state, here to attend the annual Filer ram sale and its associated meetings. The sheep and wool business is one of Idaho's prime industries and guided by a splendid type of responsible citizens who form the heart of the backbone of the commonwealth, as substantial taxpayers and capable individuals and capable leaders.

Explanation of this Cartoon will appear in Tomorrow's Times. (Reg. U. S. Pat. Office.)

EXPLANATION OF YODLING BABY CARTOON

In its Possess to Play Nine Innings on Nine-Pitcher Ball. First batter triples on first pitched ball, pitcher takes position in box to pitch to second batter, runner runs home, and so on. The last batter follows in the same way. This is repeated for the entire nine innings, and only one ball is pitched each inning. Technically this is possible, but of course highly improbable.

EUROPEAN AUTO MEETING FAILS TO GET RESULTS

Car Manufacturers of Several Countries Unable to Agree on Method for Eliminating American Tariff.

PARIS, Aug. 7 (UPI)— Failure of European automobile manufacturers meeting in Paris to agree on methods of combating the American tariff was attributed today to insufficient influence of Ford Motor Car interests in government with the influential participation of the Italian automobile industry.

It was believed here that Ford's financial support of certain Italian automobile manufacturers, particularly the Fiat, had an important influence in failure of the meeting, at which it was intended to create a car to attack the American motor car export trade throughout Europe.

The meeting, convened in the almost secrecy, was held in a Paris hotel, where the Italians argued that the only way to defeat the American exporters would be reduction of European prices by creation of new types of automobile needed after the American can enter.

German representatives sought an immediate temporary contingent agreement, limiting imports of imported cars of less than 1,000 horsepower, but France sought to have a contingent agreement on the recent Franco-Czechoslovak accord under which Czechoslovak permits France to export 750 automobiles annually increasing the number annually thereafter until a maximum of 1,200 is reached.

The Belgian auto representatives, present that the conference methods were proving ineffective and that the meeting would disband because Britain refused to send representatives and Italy was blocking agreement, apparently in defense of American interests.

Miss Utah" Comes To City August 9

"Miss Utah," who is coming to Twin Falls aboard the public entertainment Special Saturday, August 9, will appear in person at the Idaho Theatre. It was announced today by Manager, Joe K. Fales.

The Miss Utah Entertainment Special will be in Twin Falls Saturday, with an elaborate welcome.

She has just been chosen as one of the most beautiful girls in Utah for 1930 representative at the forthcoming national beauty contest.

Her beauty, grace, poise and her home town of Sammamish, Wash., were missing.

The border was closed to all except workers.

The flood threatened to become more serious as heavy rains continued, nearly 100 hours, and the water rose steadily.

First floors in Sammamish were flooded, forcing mothers to carry their children to the roofs of houses for safety.

MERCHANTS moved their stocks to upper stories to prevent further damage.

At the Arizona City, the main post office and the offices of the International, a daily newspaper, were flooded.

The rain began Wednesday

and by this morning the waters began moving from the mountains above this city across the international border, striking with all force on the arid state.

John Scott Harrison, who was born in Vincennes, Ind., in 1894, was the son of William Henry Harrison, president of the United States, and father of Benjamin Harrison, 23rd president of the country.
