

ATHLETICS TAKE DOUBLE VICTORY OVER WHITE SOX

Bob Grove Wins Eighteenth Game of Season; Brooklyn And Chicago Both Are Victorious in Friday Games

By United Press
The major league situation was changed only slightly today after the three leaders in each category made a clean sweep of yesterday's games.

The Philadelphia Athletics won a doubleheader from the Chicago White Sox, 5-1, and 4-1. The Athletics had a game on the Washington, D. C., front, while the New York Yankees, which had only three games, The Athletics led the Senators today by 8 games and the Yankees by 12.

The National League, the New York Giants, still in third place but fighting hard to even with the leaders, the Philadelphia A's, gained half a game on the score-setters by taking a doubleheader from Pittsburgh, 9-1, and 7-2.

Brooklyn continued its victorious march through the west by winning the third straight game of the present trim from the St. Louis Cardinals, 5-1. Babe Ruth, though, was not at his best and missed all but, including his 5th and 26th home runs.

Guy Bush pitched the Chicago Cubs to a 6 to 1 victory over to Boston Braves. The Cubs were 2½ games behind the leaders today and 2 games ahead of the Giants.

Left Walker and Carl Hubbell, New York and San Francisco, played the leading role in the third twin triumph Walker was picked for it, but he was effective when men on base in the first game, while Hubbell allowed but five hits in the second game.

A blizzard, hitting, and flood, which delayed the start of the season, and Bill Sherron, pointed out that the

leagues' double victory, Sherron, drive in five of his team's runs, three in the first game, and two in the second. He hit his 25th homer of the season in the first game, and his 26th in the second. Sherron, who has a .300 average, supplied the blizzard, rain, Washington's 5 to 4 victory, and Maryland's 10 to 4. The Senators overcame a 4-run handicap, three walks, an error and a double play by Bill Ralston, 1-0, to win the game in the eighth inning, and the New York Yankees, who won from the St. Louis Browns, 5-2.

Detroit's 5-game winning streak was snapped by Boston when the Red Sox beat the Tigers, 4-3.

In the other National League game the Phillips defeated cut-off.

FIRST BASEMEN LEAD BATTERS

Hooks & Slides

By William Braucher

The Burdette Stretchman

NEW YORK, Aug. 9 (UPI)—First basemen of New York's two third place half clubs are the leading leaders of the major leagues, according to the United Press averages released today and completed through Thursday, Aug. 7.

All Terry of the New York Giants displaced Chuck Klein of the Phillies as the National League batting leader last week, climbing to the top with an average of .407. Klein is second with .402.

Left Gehrig, the New York Yankees, continues as the leading American league batting leader, with an average of .383. All Simmons of the Philadelphia Athletics is fourth with .381.

On June afternoon in 1925, Miller Huggins cast a long shadow over the Yankee team when he made Louie Ruth's Wally Pipp's place at first. Lou has been there in every inning that the Yanks have played from that day to this, and at the end of the present season should be the leading member of the team.

Ruth, however, is not the most popular man in baseball, and it is not known if this was going to be a great year for left-handed pitchers and a humongous year for left-handed batters. It apparently rankled Lou's heart so much that he worried about his hitting performance where he had batted .374 in 1928, he wound up in the 1929 campaign with a mark barely .300.

INFURIATED MOB HANGS NEGROES IN INDIANA CITY

Victims of Public Violence
Are Thomas Shipp and Abram
Hampton Who Confess to
Murder of Claude Duster.

MARION, Indiana, Aug. 9 (UP)—The swaying bodies of two Negroes, lynched by a mob that stoned the "Ordeal" today, jail here, were found hanging from trees Friday by Sheriff Jacob Campbell Remmons, of a mob, hung at the scene of the lynching until long after daylight, offering no resistance as ropes were drawn taut. Father Remmons had been condemned by Marion County O. J. Stroh, in remand traces of a grim night of terror and rioting.

The town was quiet after the first lynching in history. Sheriff Campbell said he fears no fresh outbreak.

With news of the second trial of the murder and stock was under guard of 60 state and city policemen, called in at the height of the rioting, from surrounding cities.

The crowd surged forward when Sheriff Campbell cut the bodies down and took them to the morgue for autopsies. Other scattered shreds of the clothing of the bodies still clung off the building as reminders of the vigilantes.

The lynching victims were Abram

Hampton, 18, and Thomas Shipp, 18, both natives of the town, and a "cannibal," Hiram L. Dameron, 16, confessed that on Wednesday night they shot and fatally wounded Claude Duster, 23, of Fairmount, and attempted his sweetheart, Miss Mary Hall, 19.

FOOD SHORTAGE IS ENVISIONED

LONDON, August 9 (UP)—The channing of the human race in another 100 years to render a world shortage, food, is the outstanding task of man, according to the experimental scientist, R. P. Boffey.

Boffey, lecturer at the Royal Agricultural College, Cambridge, England, said that unless man can find a way to triple his food production, there will be a growing shortage of food in 100 years.

This scientist—man's best present—has fully realized that food must be the basic item in the diet of man if man is to live.

Boffey suggested that three-and-four crops a season will have to be produced abundantly by intensive use of fertilization.

He believes that a robustness which is the result of a diet rich in air for fertilizer must be cultivated. He also thinks that catalysis is going to play an important part in the future of all industrial nations, England included.

EXPLANATION OF YESTERDAY'S CARTOON

It is possible for a person to live in three centuries and not be 100 years old. A man born on December 31, 1800, and who on December 31, 1900, died in his 100th year, would be a full hundred years old. December 31, 1800, was the 18th century, December 31, 1900, was the 19th century, and January 1st, 1901, was in the 20th century. But a man born December 31, 1800, and died January 1, 1901, during the early hours would be almost one day short of being 100 years old. Traveling westward across the International Date Line you can gain a day. Contrary to popular opinion, it is possible to be 100 years old on December 31, 1900, but on December 31, 1900, in the same century you could be 101.

Pocatello Girls Are Party Guests

Miss Margaret Masel and Miss Ward Bishop, entertained at a swimming party Thursday at the new Hot Springs-motel-inn near Hollister, in compliment to Misses Jean and Stella Shuster, Pocatello, who were their guests.

The party was given in honor of the matinée at 10:30 Thursday morning, and required "in Twin Falls," in mid-Afternoon.

Lunch was (return) of the day.

Guests attending in addition to the honorees and the hostesses were Misses Jane Bradford, Betty and Margaret McCulley, Esther Joelyn and her house guest, Edith Hobbs; Bessie Mary Musser, Helen Phillips, Viola Cook, Dorothy and Ethel Gandy, Bessie and Jeanette Groome.

KENSINGTON BOB LEND-A-HAND

The "Lend-A-Hand" club held a luncheon Friday afternoon at the home of Mrs. A. F. Darling.

Twenty-four members and original members of the club, plus the association board, Churner's house,

the "clear, clean water," suggested by Mrs. G. W. Wiersberg, Twin Falls.

It is asserted that the winner

of the contest searched through

all authentic historical records

to find that the author, which now bubble

and bubbles, the new plaque

of honor was called by the Indians, Natacapah, and that the

Indians referred the springs as

a special gift from the Great

Spirits, hence the name.

The naming of the spring is

now really a restoration of its

original designation.

Concerning the name chosen for

the new resort, the owners add

a bit of explanation to the legend

and derivation of Natacapah

from the Indians.

"Natacapah," the mighty hand

of the Shoshone Indian races, gathering

in singles, families, and

Nat-Soo-Pah Restored As Name of Springs Resort South of City

Nat-Soo-Pah is the name that won first place in a recent competition conducted by the Nat. Waterfront Association for the best suitable title for the swimming and camping resort which has been developed at the base of the foothills 15 miles south of Twin Falls, and which is open to the public.

A. T. Reat, president of the company, selected the name in view of first choice to Vernon A. Mund, a Twin Falls young man who is a graduate of Chicago University and who is at present a student at Princeton, from whom came the suggestion and the awarding

Scientist Carries Out Novel Experiment With Russians As Subjects

(Wells, Aug. 9) (UPI)—After sleeping only one hour, working one hour, eating only tomato juice and bananas 12 times a day, two Russian scientists, who have been pigs, are carrying out the bold experiment of a strange and rich American "inophephil in Paris."

The two Russians, who are well paid and under contract for one year, are required to walk on their hands, sleep on their backs, eat nothing but raw vegetables, drink no water, and carry out the bold experiment of a strange and rich American "inophephil in Paris."
