## Voters Of 8 States Visit Polls to Cast Ballots Primary

**By Univ. Press**  
Primary elections occupied voters in eight states today. Spirited contests for offices in Louisiana, Michigan, Colorado, South Carolina and Arizona were expected to draw out comparable strength. Lack of outstanding issue and unopposed candidates made for lessened interest in Washington, New Hampshire and Vermont.

In several instances the primary was of more importance than the election that is to follow. In Louisiana and South Carolina the Democratic nomination is unanimous to election, while Michigan, New Hampshire and Vermont are in the habit of electing Republican office holders.

Louisiana was in a state of tension because of the threat of martial law. In New Orleans, Governor Huey P. Long's supporters figure in the state politics since the reconstruction days following the Civil War. While the political party's power was a possibility, the veteran Joseph Randolph would lose his seat in the United States Senate to Long.

Colorado was faced with investigation of funds spent in the Senatorial campaign, regardless of the outcome.

Michigan's Republicans were settling a bitter three-cornered race for the gubernatorial nomination, and the city of Detroit will have a mayor to succeed Charles Bowles.

Senator Cole C.ileane sought renomination in the off-race against Senator Carlisle, the last surviving member of the "Senate of the South."

Michigan's Republicans attacked on white workers, and the importance of its Washington four of the candidates.

Florida, where the regulars in the Democratic's trans-Republican campaign had a chance yesterday's "off-year" election, saw the Republicans candidates for governor and attorney general unseated 3 to 1 leads over their Democratic opponents.

Delaware Republicans held a nonpartisan primary, and Dover where H. S. Smith and Daniel G. Hastings was unopposed for another term. There were no contests of national interest.

## SENATOR THOMAS LAUDED BY BORAH

Gooding Man Has Made Rapid Progress, According To Idaho's Senior Senator

**By Univ. Press**  
Senator William E. Borah, who reached his home Saturday, paid a high tribute to his junior colleague, Senator Thomas, which may be considered unusual in view of the fact that Borah has almost always heretofore been at loggerheads with the junior Johnson of the state.

"Few men, if any, plus I have heard, in the Senate have made such rapid and substantial progress in securing the respect and confidence of their colleagues, than Senator Thomas," said Borah.

To have secured a place on the great committee of finance during his first year is exceptional. We sometimes differ—but we never fail to discuss fully and with entire candor matters coming before the Senate. Senator Borah will rest in his home city until after Thursday when the official reception will be given him by the citizens of Idaho, and, like his predecessors, he will then go to a recreation camp in Stanley Basin.

## Giants Walk On St. Louis Cards

**By Univ. Press**  
The New York Giants defeated the Cardinals, 3 to 1. This, with the victory of the Brooklyn Robins, over the Chicago Cubs, tightened the National League race. The Robins and Cardinals now are tied with 10 games each, while the St. Louis Browns, 9-10,

## FORMER ITALIAN PREMIER SCOUTS RUMORS OF WAR

**Francisco Nitti Sees No Likelihood of An Armed Conflict; Says Germany Cannot Take the Initiative**

**PARIS, Sept. 9 (UPI)—** War is not an option, but any man would bring Italy into a war just now, and I do not think it is possible to have an "expedition" of pre-Fascist Italy and an exile in France, dismises a spectre which the press of Europe has dallied with for some time.

The question of allies, neutrals, brings up a shrub from Shakespearian comedy, and the Italian premier, Alberto, has even as imposing an array as France's, Poland, Rumania, Belgium, Yugoslavia, Czechoslovakia, and Germany?

"Germany," Nitti says, "is not ally, but has been an aggressor in the corridor, which might conceivably occupy and distract Poland and Czechoslovakia, and thus facilitate the initiative before 1935 can be realized."

Although engineers have restored running water and improved sanitary conditions, pestilence still exists, and the Italian government is still not far away."

There is no mining of words, but this temporary alliance with France, however, is not mere talk. He sincerely believes that Mussolini is spreading influence in Albania, and does not believe that the country is currying favor with the fascist colony of Paris to the effect that units of fascist militia have been partitioned there.

But Dr. Silvio, who is also a realist, and the reasons he gives in defense of a belief that war is impossible seem conclusive.

He believes that the outside world for the relief measures taken in their behalf, provides Trujillo and the people with an incentive to keep cool-headed and steadily avoid giving Mussolini his pretext.

## Thousands Enjoy Fair On Opening Day, Many Fine Displays Please

Animated throngs assembled throughout Tuesday at the Twin Falls county fair grounds at Filter, heralding the fifteenth annual exposition of livestock, produce, handwork and foods, Twin Falls county's finest products of the field and home. That the co-operation of the entire community existed was indicated in the displays and in the automobile show, combining with the agricultural exhibits to call fairgoers' attention to high-class values, whether they be of manufacturers' workmanship or growers' and breeders' endeavors.

It was anticipated that Tuesday's attendance would be one of the largest of the week, the Old Settlers' annual picnic attracting many to the fair grounds, and Children's Day drawing hundreds more spectators.

## CHICAGO BEGINS CRUCIAL SERIES WITH BROOKLYN

With 'Cubs' Pitchers Faltering, Only Miraculous Can Bring Pennant; Cardinals Engage Giants

**N.Y. Sept. 9 (UPI)—**The four National League contenders gathered here today for the drive down the home stretch in one of the strangest pennant races in all baseball history.

The first, and third place clubs, the Chicago Cubs and Brooklyn, fought open a 3-game series at Ebbets Field.

The second and fourth place clubs, the St. Louis Cardinals and New York Giants, ran into each other again in Palm Beach. Any one of the four can win the pennant, with the Giants the least apt to win and the Cards despite their big lead, having had only one win against the Cardinals, driving hard on one of the greatest winning streaks of the season.

Brooklyn began its race into the pennant race yesterday by a double victory over the Phillips, while the Robins only 3½ games from the top form the last 10 days the Cards have shot their best bats and nothing less than a miracle can bring them home in front.

Brooklyn has strained his back muscles and is not likely to play in the Brooklyn series unless in the role of pinch-hitter.

The Cardinals, although 22

out of their last 26 games, have just upped their record to 11½ games within striking distance of the Cards and their pitching staff, with Grimes, Hallahan, Ahern, and Himes hitting .312 on an eyelid's pamphlet to keep the Red Birds in the race right down to the finish.

The Cards have a 7-game winning streak intact.

## PIONEERS NAME THOMAS HEAD AT PICNIC TUESDAY

**Smallest Watch**  
Huge Hero  
What is said to be the smallest watch in the world is on display in the window of the Julian Diamond shop. Main avenue, Twin Falls, Idaho, from which it will be sent to Seattle for display there. A dime displayed along side of the watch very clearly shows the timepiece to be considerably smaller than a cent coin. The watch is very attractively made of solid platinum and is studded with perfectly cut diamonds around the edge of the case. Due to its extreme smallness it was impossible to include the regular winding mechanism in the movement. In the ordinary watch, this one is wound by rotating the back of the case and front. In spite of its size, the watch keeps remarkably good time.

WELCOME A. F. and A. M.

TWIN FALLS welcomes the Grand Lodge of the Ancient, Free and Accepted Masons of Idaho, in session here this week.

As a convention city, this town long has held an enviable reputation and it is hoped that there will be no disappointments on this occasion.

Fortunately the visiting delegations will this week find this section of the state garbed in its most presentable dress, for there is nothing so prosperous looking as southern Idaho in autumn.

The Masonic bodies in Idaho are pursuing an important fraternal work and are to be congratulated on the achievements made.

That the meeting here shall be a milestone in the progress of the order is the sincere wish of the residents of the host city, who join in saying: Welcome to Twin Falls!

MONSIGNOR KEYSER

THE ecclesiastical honors which have been bestowed upon the pastor of one of Twin Falls' leading churches is a distinction of more than local significance.

The Rev. Remi S. Keyzer of St. Edward's Catholic church has labored as a priest for forty years in Idaho having been pastor at Coeur d'Alene, rector at Boise and priest in Twin Falls for the past eleven years. Twice he has been called to administer the affairs of the Boise diocese. For his services and for his personal qualities, as well as for his laurels recognized attainments in music, philosophy and the guises, Pope Pius XI at the behest of the Bishop of the Diocese and Father Keyzer's conferees, has conferred the title and distinction of Monsignor, which title shall hereafter bear.

Monsignor Keyzer is one of the many missionaries who chose Idaho as a field in which to labor and advance the cause of their faith. These pioneers in the western ministry are worthy of all the honors which may come to them.

In company with the parishioners of St. Edward's Catholic church, this community congratulates Monsignor Keyzer for the public recognition that has been given his labors, and wishes him contentment and health for the remaining years of his life.

## COUNTY FAIR

ALL eyes turn this week to the annual Twin Falls County Fair which has opened for a four-day run at Filer.

Outstanding throughout the state and the intermountain west for size, scope, reputation and general quality, the local fair has become the envy of numerous other communities and has set a standard after which many fairs have patterned.

From the first this fair has been a county-owned and county-operated institution and never has been administered either by an association or by individuals. This has doubtlessly strengthened it and given it permanence and a degree of substantiality which might not otherwise have existed.

Even though it has been and is county-owned proposition, it never has become a political football nor have there been any stains on the integrity either of the institution or its management.

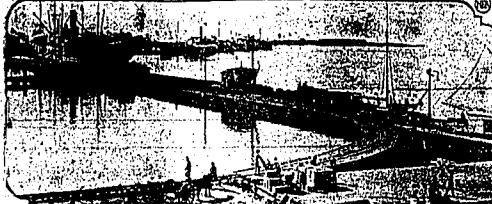

Through a high degree of cooperation from the county commissioners, the county fair board, the farmers and Grangees of the tract, business people, judges, women's clubs, the schools, chambers of commerce, civic organizations, exhibitors, concessionaries, and most important of all perhaps, the general public, the fair has succeeded beyond measure and shall continue to succeed and grow.

The success of any fair is after all dependent upon financial success and that can only be accomplished by admissions at the gate—paid admissions and many of them. As a former secretary of this fair once said, "people make the fair," meaning that there can be wonderful exhibits, fine entertainment, pleasing weather and excellent attractions in all departments, but without people, crowds, attendance, a fair fails flat. Also, there is the inference and the suggestion that if the fair has the quality and the appeal, these "people" should attend not only one afternoon or one night, but all four days and nights, if possible.

Everyone is going to the fair to see the accomplishments of the season and of the year.

As in the past it will be well worth the effort and is the least one can do in the way of effort to compensate those who have worked days and weeks and months to bring to a fruition the outstanding agricultural event of this agricultural empire.

## Jim Hill's Dream Comes True After 30 Years

**HILLIARD,** September 9.—George Bray, who for the past two years, has held the position of chief fireman of the city of Burley, was appointed last week by Sheriff C. W. Wood as the deputy sheriff for Cassia county, succeeding C. W. Wood, who recently resigned. Mr. Bray entered the police force in 1916, and is now acting chief of police. Frank Gleason is temporarily in charge of the fire department, pending his arrival next Thursday. One of the first actions of Mayor Horner will name Bray's permanent successor.

Miss Marie Melody left for San Bernardino, Calif., Sunday, where she is engaged as a teacher in schools for the coming year, after spending a summer vacation with her parents in Oregon.

Mr. and Mrs. Calvin Wright of Rupert, recently of Burley, are announcing the birth of a baby girl, born Friday morning.

The Union Club held their initial meeting of the year, at the home of Mrs. G. H. Conover, on Main avenue, Thursday, Sept. 4, when a general outline of work for the coming year and a general organization will be the order of the occasions.

The club will meet every third night at the house of Mrs. Fred Hill on East Main street Friday afternoon, taking up organization, and business prior to the discussion of the program. The various heads of the divisions gave a tentative outline of text books and reference work for the year, relative to their respective departments studied. The first program of the year will be held at the home of Mrs. H. E. Dean on Burton avenue, Saturday evening, Sept. 13, subject of study being "The Marques Islands" and recent biographies. The year's study theme is "Island of the Pacific Ocean; Possessions of the United States."

At the school election of last week two school trustees of independent school were elected with W. A. Hickins being re-elected and Dr. John O. Lowe to fill the vacancy caused by the resignation of Dr. A. C. Harris' term of office. Both trustees were elected for a term of three years.

## MANGANESE IS CAUSE OF ROW

**WASHINGTON, Sept. 9 (UPI)—**Charged by the American Manufacturers Association that manganese imports were dumped in the United States in violation of the tariff act were denied at a treasury hearing today by Thomas J. Dougherty, counsel of the American Iron and Steel Institute.

Appearing in opposition to a petition of the domestic manganese industry which has asked the treasury to impose an additional duty of 100 per cent on Russian manganese, Dougherty said the American steel was dependent on imported manganese.

J. Carson Adkerson, president of the American Manganese Group, declared that imported manganese is being sold here at a price below the cost of production in Russia in violation of the anti-dumping clause of the tariff act.

Adkerson said he was advised that Russia has offered to under-sell United States manganese producers or those of any other country no matter what price they may demand.

Antonius, the Russian Trading corporation, was not represented at the hearing.

## SHIELDS BEATS

ELMER GRIFFIN

## POSSIBILITIES OF RECLAMATION PROJECT PROBED

**WEST SIDE TENNIS CLUB, FOREST HILLS, N.Y., Sept. 9 (UPI)—**Frank Shields, youthful New York, today became the first player to enter the fourth round of the men's national singles tennis championship when he defeated Elmer J. Griffin, 6-4, 6-4, 7-5.

Shields was the master of the more experienced Griffin, former California.

Norris Williams, veteran former champion, whose defeat of George Lefebvre in the first round of the men's tournament continued his victorious course by taking a match in straight sets from Harold Blauer, of New York, 6-4, 6-3.

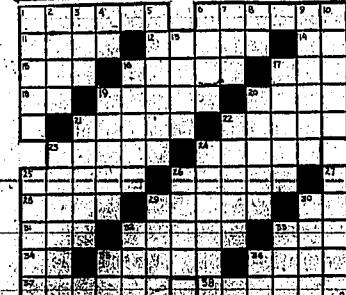

## DESCENDANTS OF BANDIT IN COURT

**LOS ANGELES, Sept. 9 (UPI)—**Legal experts were substituted for firearms when descendants of Jesse James, the bandit, appeared in court to press their claim of \$8,400 damages from a motion picture company.

Miss Jessie Louise James, grand-daughter of the noted Missouri bad man, sought redress of \$71,000 on the grounds she contracted to portray the role of her grandmother, Mrs. Zerelda Samuels, in a picture, but that another actress had taken it.

Jesse James, only son of the bandit, asked for \$9,400 on his assertion that he was to aid in publicity work for the picture and received only \$600.

SAVINGS BANK IN IOWA IS ROBBED

OTTUMWA, Iowa, Sept. 9 (UPI)—The Ottumwa Savings Bank was held up today by a gang of bandits who escaped with between \$20,000 and \$30,000.

Rev. James Miller, pastor of the First Presbyterian Church, twin falls, presided at the meeting, Rev. H. B. Will, pastor of the

Methodist Episcopal Church.

Armed with pistols, five men

entered the bank simultaneously

at 10 a. m. and when all were at the grating windows, a command

was given to "stick 'em up."

This was followed by an order

to lie down on the floor, which

was obeyed by seven employees of the bank and four custodians.

At the door of the bank as the bandits were carrying out what

appeared to be a carefully planned robbery, stood two more of the gang, while another making a

total of eight, sat at the wheel of a Buick sedan with an Iowa license.

## ABANDON SEARCH FOR MAN'S BODY

**SEATTLE.** Sept. 9 (UPI)—The latest search for the body of James Eugene Bassett, missing since Aug. 26, was abandoned today after sheriff's officers reported that rumors of a body having been seen in the woods near Falls City apparently were false.

Searches at the corners of office buildings around the city center have received a report that a man's body had been seen in a ditch in a back lot in Falls City, but when officers went there none showed a trace of a human body.

Missing disappeared here two years ago while driving an automobile to Denver last March or April. The automobile was found in Mayer's possession and Mayer was accused of the disappearance as a habitual criminal.

Mayer insisted he purchased the car from the Baltimore man and added that he did not know where Bassett went when the deal was completed.

of chairman of the housing committee. Other committee chairmen include: John N. Clark, information; Harold William Merritt, banking; L. E. Walker, entertainment; Blunt Stewart, transportation.

Opposition will be given by the delegates to the grand lodge to visit the Twin Falls county fair at Pifer Wednesday afternoon.

Sightseeing trip to several points of interest will be provided for those who are interested.

The Masonic banquet at the Hotel Roosevelt for "grand lodges" members and their ladies Tuesday evening at 6:30 o'clock, provides one of the most interesting social events to be held in connection with the grand lodge session.

One of the highlights of the session will come Wednesday evening with the conferring of the Third Degree under the auspices of the Fifth District. This will be a momentous occasion of Twin Falls Lodge No. 45.

Election of officers and installation is scheduled for Thursday.

## ROBINS WALLEP CHICAGO CUBS

**EBBETS FIELD, BROOKLYN,** N. Y., Sept. 9 (UPI)—The third place Brooklyn Robins brought down the first place Chicago Cubs today, defeating life league leaders, 3 to 0.

The visitors to five hits and a sacrifice crowd won with when Babe Herman's home in the eighth scoring. Frederick ahead of him, put the game on his infield tap scored Gilbert with the other Brooklyn run. In the first, Malone pitched for the losers, but

## NEW ARGENTINA REGIME MOVES TO HALT RIOTS

By WILLIAM PALMER  
United Press Staff Correspondent  
(Copyright 1930 by the United Press)

**Buenos Aires, Argentina, (7 a.m. Tuesday) Sept. 9 (UPI)—**The government issued orders today for stern action to prevent recurrence of street fighting that broke out last night "among the people," according to a statement of the revolutionary government headed by Gen. José E. Uriburu.

The celebration of ceremonies installing the new government was turned into a "regia of terror" by the well-lined plot of a small group apparently in sympathy with the deposed President Alvear. Uriburu and his supporters, coming from foreign countries, the new administration of Solá, excommunicated for a few hours that a counter-revolution had been instigated.

The military, charged by the government to the Argentine, "was discovered only after severe street fighting and bloodshed had marked June 10, the day of the revolution."

The government ordered the arrest of former President Alvear and other leaders of the fallen regime, including former Vice President Enrique Martínez and all ministers of the Argentine cabinet. They were blamed for plotting to spread terrorism.

The government also said when the anti-social and apprehension-filled crowd, which had followed a trail of blood led to the capture of the bandit at a farmhouse, six miles from here.

## TWO MEN CHARGED WITH ROBBING BANK

**HANKOW, China, Sept. 9 (UPI)—**The feeling against communists has never paled here today, when five communists, seized at Piler Wednesday afternoon, tried to escape from the Foreign Trade Commission.

The anti-communist drive, which has been dormant for some time, was recently strengthened with the arrival of a large amount of propaganda. The five were preaching in the open streets when taken by a small group of men to the commission and until the Foreign Trade Commission.

Three radical teachers, and especially the crowds on street corners, were more fortunate, surely, than were arrested and thrown into jail.

**G. O. P. SCORES IN  
MAINE BALOTTING**

**PORTLAND, Me., Sept. 9 (UPI)—**A checkup for Maine Republicans was recorded today, but returns from yesterday's "officer election" were not available.

The G. O. P. elected a United States senator by an almost 2 to 1 majority, re-elected a governor, although only slightly smaller, and triumphed in all four congressional contests, and easily captured a majority of seats in the state legislature.

Congressman Wallace H. White, Jr., of Lewiston, Republican, was elected the United States senator after 11 years' service in the Senate. Rep. George M. Coe, Democrat, was re-elected, defeating Frank H. Haskell, Portland attorney and democrat, by a decided majority.

William Tudor Gardner, Maine's Republican governor, was re-elected over Edward C. Morgan, Jr., Democrat, who had narrowly defeated him in the previous year's election.

With only 51 of the state's 625 electoral precincts reporting, the vote stood:

For Senator White (R) 77,860; for Mr. Haskell (D) 43,460.

For governor Gardner (R) 71,361; Moran (D) 57,979.

Congressional contests resulted as follows:

Carroll T. Bowdy, Republican, re-elected over Thomas F. Cooke, Democrat; Donald S. Partlow, Democrat, was elected to the seat vacated by Sen. George W. Brewster, Democrat; John E. Nelson, Republican, was re-elected over Leo D. Lamont, Democrat; Paul P. Snow, Republican, defeated Clinton C. Stevens, Democrat.

Power of Ridicule

Brooklyn has ever been the most powerful engine of disillusionment, and, properly, the only one available that can be opposed to it with success—Oliver Goldsmith.

A wondrous meal was served in the Travel Man's restaurant. Today he served full share and all promoted the food fare. The Travel Man agreed with them and ate all that was served.

In California they stayed a while and then flew to Rome instead. The big plane had him withdraw as they all could peer through the windows.

The dining room—no, the dining room—had seemed to white below. They all were almost speechless when they landed on the ground.

The manager of the restaurant waited to see others had read about. Of course the Coliseum was the first thing on the list, but the Travel Man had had a bunch just looked and "heaved a shell." Said Scutty, "That is one thing I'd be sorry if I ever came to eating, too."

"He then told some stories of adventure that he had had in his country, but in his country he was a little boy," and, now," he said, "it's quite a treat for me to have the chance to meet some kids who are so young. Any young trip is filled with joy."

The Travel Man then said, "Well, now it's time to eat again, and we'll have to get you a real meal right along. We'll love your company," "Say!" "That sounds great," the man replied. "I don't think you'll like it when it comes to eating, too."

"They Thaynies each buy a hot tubular flower in the next story."

They found very quiet spot where it was not too cold, nor

too bright with a full moon.

They were seated at a table.
