## NORMAL BUYING BY THE PUBLIC

Secretary of Commerce Believes that the Country May Be Nearing an Uptick In Business World Just Now

**EDITOR'S NOTE:** Most advice regarding the business situation has been aimed at the big business men, but the United Press asked Secretary of Commerce LaMont, whose department is devoted to small business, what the average man should do. His answer, in the following exclusive interview,

By Raymond Clapper United Press Staff Correspondent (Copyright 1930 by United Press)

WASHINGTON, Sept. 24 (UPI)—If the average man will continue to buy his necessities, he will hasten business in its climb back toward prosperity, Robert P. Lamont, secretary of commerce, said yesterday.

He cited evidence from government reports which he regards as encouraging evidence that consumers are buying and helping to sustain the retail trade which he considers the backbone of business activity.

Business Slump Halts

Thousands of small business operations, Secretary Lamont finds, the downward course of business, apparently halted and believe, has come to an end, marking the threshold of an upturn. He deplored pessimism in the face of the facts available.

Secretary Lamont, a businessman of long experience and director of many concerns, and now head of the government department, most intimately in contact with business, was quoted as having noted by the United Press that the average man and woman could do to help stimulate business conditions.

"The business man," he replied, "has a certain obligation to the community to keep his enterprises in good condition, and to help him get normal buying power." Likewise, the individual, salaried person and wage earner, has a similar responsibility, he continued, to the welfare and activity of the community. A mul-

titude of small firms largely contributed toward the total business decline, he said.

The single most important single thing that can be done now is for each of us to continue normal, reasonable buying. I said last December, and I repeat it now,

"Ranking System Sound." The ranking system, he said, "is sound. The American people have long, long, I believe, gauged the fullest confidence on that score. It is contrary to the general spirit of our people to say there is no evidence of this—this is being done."

"If every man and woman will continue to buy the things they need, and provide for the enjoyment of their families and buy as much of the additional articles which contribute to general comfort and enjoyment as can possibly be had, we'll get back into the backbone of business activity," he will move forward steadily.

This is what the average person means when he says the nation's prosperity.

**ADOPT FAIRFAIRABLE REPORT**

Secretary LaMont urged the committee appointed by the five-city council to examine and report on the London naval armament adopted a fair and equitable plan.

The report will be considered by the council plenary session October 1.

Speedy Justice Meted Out To Salt Lake City Laboring Man Following Plea of Guilty in District Court

Louis C. Rehberg, 33, Salt Lake laborer, was sentenced by Judge C. C. McElroy yesterday morning to serve a term of from seven to fourteen years in the state penitentiary at Boise, for the assault of Clara Phillips, 18-year-old daughter of Carl Phillips, a year old, at Caldwell, Idaho, on Sept. 13, last, than a week ago. The Phillips girl, who was returning to her home after an evening spent visiting at the home of a friend, was struck by the attacker, who was frightened away by her parents.

Rehberg appeared in district court Friday morning and admitted a plea of guilty to the charge, waiving the plea of no guilty made at his arraignment in probate court Thursday afternoon. He was given two months' probation, with the time to serve the sentence of two days allowed for sentence, and after a brief period of incarceration, Judge McElroy set him free.

He was given three years in his term. The penalty prescribed by law for the offense is not less than one or more than four years.

Following his arraignment in probate court Thursday afternoon, at which time he pleaded, after some discussion, to enter a plea of guilty, he was allowed to appear before Judge McElroy at once and enter his plea there. He was arraigned before Judge McElroy late Thursday afternoon.

He was given three years in his term. The reason why he didn't file a motion to be allowed to appear before the district court, where counts were made, Deputy Ryan said, was because he was blind.

Chief Norton, one for the vagrancy charge, and for the charge of being a member of Ryan's gangster, Frankish William Balwick.

But even before the vagrancy charge received its copy or Negro, he filed one copy, yesterday, with the sheriff, and another with the sheriff and under the pillow in room 204, where "Tony" Phillips, 19, had his office.

He was charged with being a professional hoodlum, and he was indicted for the same offense.

No explanation could be given of how the list got there. Tarrant insisted it was as much a mystery now as for the first time after the occurrence of the shooting.

The St. Louis Cardinals needed just one victory today to clinch the National League pennant. If the Pittsburgh Pirates were to win their last game of the season, the National League pennant race will have been decided.

The Cards won yesterday over the Pirates, 5 to 0, while the Cards' last game was a last-minute victory for the Cards. The American League, the Washington Senators, forced into second place, eked out a 3 to 2 victory over the Boston Red Sox.

The Philadelphia Athletics, already assured of first place in the league, won over the New York Yankees, 12 to 2, in a game held at the end of the sixth inning by rain.

The Chicago White Sox-Detroit Tigers game was cancelled because of rain.

BUHLMAN, Wash., Sept. 26 (UPI)—Carnegie Tech's football team tested today after a hard week of practice. The team is made of Buffalo veterans of Buffalo State.

Head Coach Walt Seston said:

"We will send the best-conditioned team out and the field that has been prepared Carnegie in an opening game."

Couch Babe Hollingshead wasn't any too optimistic as he put his charges through their last hard work-out before the week after their showings against the Vicksburg College last Saturday. Inexperience is the biggest obstacle the Cougars will have to handle to develop a sound defense.

During the Whitman scrimmage, several wild spots crept out, and it was evident that the Cougars were able to prevent the visiting eleven from crossing the goal line three times.

Williams, on tenacity, shorthanded regular game with Anna Cornell, coach of Coyotes is expected to provide a strong test for W. R. C. Cornell, who has been coaching since he was announced, the following week, he had been working together and are expected to be sent in to open the game.

It is the hope of the Cougars that the new coach will be able to get the team to play with more spirit and greater enthusiasm.

has consented to address the assembled crowd at 3 o'clock Saturday.

At 4 two automobile races will be staged in connection with Saturday night's program, and the usual fireworks and races were featured.

Canyon Side was first placed in competition, followed by the usual displays, placing first in display and arrangement, and securing high on points, with 914.5. Its credit. In artistic display and arrangement, the team was second and Dixon third.

The team which won the competition for second and third places was made as follows: Westfield, 907, and Falls City, 855.5.

The Fall fair began early Saturday morning with the opening between 30 and 40 club calves being entered, a proportional number of sheep and several entries in the various cooking divisions. The regular demonstration contests took place Friday, eight south-central counties being represented by 4-H clubs. The 4-H clubs, 4-H clubs and showing took place Saturday.

In addition to local and community exhibitors, breeders sent Jersey herds from Ada and Payette counties and state extension agents exhibited the live stock show was Grubbs, Cloverside, who sent his Jersey herd.

The livestock farm and meat department was headed by the Jerome stockmen, and the better assemblies of farms and more than has ever been seen at a Jerome county fair.

Equally fine in their classifications and unusual entries in the various departments.

One of the finest displays of arts and crafts department work is to be seen this year.

The fair continues one more day, Saturday, offering variety and interest. The best in the history of the Jerome fair are being run, and the crowd is mounting, high approval in every regard.

Who looks like an oasis in comparison to some of the eastern states through which I have traveled? Senator William E. Borah, senator-at-large to the Jerome county

fair Thursday afternoon. His enthusiasm is well known, and he predicted a fall season of encouragement for the farmers. He promised to return within the next few days to make a formal engagement. Senator Borah commented at some length on the agricultural problems of the mountain states.

State receipts showed that the attendance at the opening of the fall fair was greater than record, largest daily record of last year, and one of the largest opening day crowds in the history of the Jerome county fair.

Headed by a caravan of business and professional men, the delegation from the neighboring town contributed materially to the increasing number of people here. The delegation, which gained worthy reputations in the state convention on Legionnaires, accompanied the Shoshone Indians, who humorously played during the evening.

A style show conducted by the progressive merchants of Jerome, revealing the most intriguing scenes of the fall season, was the Thursday evening's program. Incendiary and auto-polo completed the grandstand and the stage.

With the high quality of the exhibits, particularly that in the farm products building, very little judging had been completed.

Ernest "Red" Nichols, a member of the Idaho State basketball team, turned down his offer to become a basketball player.

## CASTLEFORD MAN RECEIVES TERM IN STATE PRISON

A. E. Toney, Castleford, was sentenced by Judge A. B. Hatchett in district court Friday morning to serve from 10 to 15 years in the state penitentiary at Boise, on a charge of second degree illegal possession of liquor. Toney was arrested by Twin Falls officers in July of 1928 in the latest edition which injured two Denver men. Toney's car, which collided with that of the injured men, was found to contain a quantity of liquor. He had been convicted on a previous occasion for liquor possession, in 1927.

Harold Sorenson, who pleaded guilty to a shooting offense, was sentenced to a term of 10 years in the state prison.

William V. Bush was sentenced Thursday afternoon to serve a term of 20 days in the county jail after pleading guilty to a charge of assault. On Friday afternoon he was indicted. Judge Hatchett paroled Bush to Probation Officer W. J. Young and ordered him to report to the officer once each month during the period of the suspended sentence.
