SCOUTERS CHART BOARD'S TOPICS

Committee Maps Subjects To Come Before Executive Meeting Jan. 15

Topics to be discussed at the executive board meeting of the Snake River Valley area, Boy Scouts of America, were formulated Friday afternoon at a meeting of an executive committee of the area executive board held at the Park hotel, Andy Frederick, Scout executive, said today.

During the meeting of the executive board, scheduled for the Park hotel the evening of Jan. 15, special stress will be laid on the organization of the scouting program, bringing it to a large number of boys. Plans for the anniversary week program, which starts Feb. 7, will also be made.

Report Considered
During Friday's meeting the annual report of the area was considered in detail and approval will be recommended to the executive board at the mid-month meeting.

The report shows nine new units were organized in 1936 and ten previously dropped units were re-registered.

New troops and patrols starting during 1936 include: troop 33, sponsored by Tuttle community; patrol 36, sponsored by the West Point Grange, north of Buhl; troop 31, sponsored by the L. D. S. church in Gooding; patrol 75, sponsored by Wendell school; troop 62, sponsored by Mountain View school in Twin Falls; troop 69, sponsored by the Twin Falls Nazarene church; troop eight, sponsored by the Richfield community; troop 52, sponsored by the Rupert second ward U.D.S. church; troop 46, sponsored by the Hazelton American Legion.

Troops Reorganized
Troops reorganized include: troop 19, sponsored by the Buhl third ward L. D. S. church; and troop three, sponsored by the Buhl Rotary club.

The camping phase of the report showed 206 Scouts in summer camps a week or more, which was 23 per cent of the area enrollment as of June, 1936. A total of 410 Scout weeks of camping, including summer and short-term camps, was tabulated. This does not include camping trips made by individual troops which were not reported.

England's first coffee house was operated by a man named Jacobus in Oxford in 1629.

Romantic as the radiant Chinese Moon, and as glamorous with the excitement, thrills, war-lord bandits, and Shirley Temple as a little wolf who talks and sings Chinese, "Stowaway" comes to the Orpheum theater tomorrow. In addition to Shirley Temple, the great cast is headed by Robert Young, Alice Faye, Eugene Pallette, Helen Westly, Arthur Treacher and Astrid Allwyn. "The Jungle Princess" and "Popeye the Sailor Meets Sinbad the Sailor" will close their engagement at the Orpheum tonight.

IDAHO NEXT

A gripping and dramatic story of circumstantial evidence, in which a hard-boded district attorney with a long record for convictions is himself caught in a mesh of circumstances which almost place him in the electric chair, comes to the Idaho theater beginning Sunday in "The Accusing Finger," with Paul Kelly, Marsha Hunt, Robert Cummings and Kent Taylor. The program includes a novelty, comedy, and latest news events. Showing for the last time today at the Idaho is "Times Square Playboy" with Warren Williams and June Travis.

DRIVE MADE FOR MARITIME PEACE

Employers Suggest New Plan In Pacific Coast Strike

SAN FRANCISCO, Jan. 9 (UP) - A new concerted drive for peace in the Pacific coast maritime strike Friday produced heartening results, with shipowners offering one union a compromise proposal and discussing terms with another union along "very constructive" lines. The employers proposed a peace plan to the cooks and stewards association, one of the seven striking unions involved in the 70-day walkout. The offer would give the culinary workers an eight hour day in every 12 hours on freighters and a nine hour day in every 13 hours on passenger vessels. The proposal also contained provisions for cash overtime, increases in wages and increased shore allowances. Mrs. Lattimore Is Paid Final Tribute RUTHER, Jan. 9 (Special) - Services held this afternoon tribute was paid to Mrs. Ethel Lattimore. The rites were held at the Methodist church with Rev. George G. PAUL MALLON'S NEWS BEHIND THE NEWS An Exclusive Evening Times Daily Report on the "Hot-Moving" Events in the Nation's Capital

WHAT LAWS DO YOU WANT? Elsewhere in this issue of The Evening Times appears a message from Rep. H. E. Powers of Kimberly, speaking on behalf of Twin Falls county's delegation in the state legislature.

Mr. Powers urges residents of the county to ponder carefully just what legislation they regard as essential—and then to communicate their desires to this county's four lawmakers. He advises immediate action if the delegation is to work effectively in such requests.

It's a good idea, even though the county's delegation is just one of many. Tell your legislators what you want. You stand a better chance of getting it that way than by sitting back and musing about "Why don't they do this" or "Why didn't they do that?"

TANKS ARE COMING The big job of the next war will be done by machines, and the garage and machine shop rather than the hospital will be needed to patch up most of the casualties.

So says Maj. John K. Christmas, one of the army's authorities on mechanized warfare, in an article written recently for the Army Ordnance association. In a large-scale war in the future, Major Christmas predicts, a great power like America will need hundreds of thousands of tanks. These machines will do most of the "dirty work" formerly done by the luckless infantry. Under mass-production, a light tank can be produced for about what it now costs to train, equip and maintain one soldier; a dead tank leaves no dependents to be supported by the government, nor does a wounded tank require years of hospitalization after the war.

No one need expect that this mechanization will rob war of its horrors. But if it does transfer wastage from human bodies to machines, even in a slight degree, it will be at least a small advance in the right direction.

SENSIBLE STEP The vice president may be a man of small influence in our government, but John N. Garner seems to have asserted himself on one point, at least. He has abolished the custom of the vice president's dinner party.

Under this custom, the vice president each January threw a dinner party for the President. A little later, by way of return, the President threw one for the vice president. These affairs, needless to say, were always extremely soup-and-fish. They were landmarks in the Washington social season—although beyond that they served no particularly useful purpose.

YOU NEEDN'T BE ALARMED Just to add to the gaiety of nations, astounded psychiatrist in New York has discovered that "Alice in Wonderland" is a subversive book, full of dreadful things that are apt to affect the minds of small children very terribly.

This gentleman unburdened himself before a recent meeting of the American Psychoanalytic association. He announced that Lewis Carroll's venerable classic has elements of cruelty, anxiety, danger, and destruction and he doubted that children should be allowed to read it.

IN CASE YOU didn't know it, there are two or three of those microscopic Mexican hairless canines in Twin Falls. And what you want to know is just what in tarnation a dog like that does in 18 below-zero weather, anyway?

WEATHER NOTE The governor ought to Declare martial law if the mercury continues To fall and fall. —Gloomy Gil A BOON TO MANKIND! As I Wuz Sayin' Pottay: Among the biographical books I see on sale this month is one that gives the life history of the gent who invented matches.

WE NEVER HEARD WEATHER BLAMED FOR THAT!

Pottay of Chippie: There's a new excuse under the sun. One of the clerks in our store came down an hour late yesterday, all apologetic and sorry about the matter. He said he'd left the window wide open in that 18 below zero weather. And he swore up and down that his alarm clock froze up and wouldn't ring.

WE WANT CARTOONS!

The movies at last are getting some sense. And aiming to please intellectual gent: They're making cartoons a good bit longer. Which makes them appeal a great deal stronger. Now if they'd only forget all the dramas.

ONE DAGGER-GLANCE IS ENOUGH

Pot Shots: I came upon a very interesting news story in the public prints the other day. It seems a fellow back in Minneapolis shrank 10 inches in height. The dumb fool oughta know better than to mention his wife's age to company. —Grandiloquent

IT WOULDN'T BE VERY GOOD DIPLOMACY!

Pot Shots: Now just pretend you're a romantic young fellow very much in love (instead of a hardened old codger). The last thing you would want to give your gal friend for a birthday present would be one of the current best-sellers, "Live Alone and Like It." —Half Pint

OH, THE GAL'S PROBABLY USED TO IT!

Pot Shots: If there's some way to be nonchalant when you go up to pay a bill—and then find you left your money at home, I wish a bright Pot Shots reader would tell me about it. I went up to the cashier of a local store and grandly told her "I'm gonna pay off my whole bill." She dragged out the books and started making out my receipt. And the best I could do when I found I didn't have my money along with me was: "Er, ah, ahem... there's been a mistake. I was really just out for a walk, or maybe I was waiting for a bus. See you tomorrow, lady. G'bye."

The gaiety of the Christmas party at "Thunder Mountain," the de Forest hacienda in New Mexico, has a tragic ending when PEARL, SAM and POLY, oldest of three brothers, in a charge dead with a knife in his throat. Each of the De Forest brothers has the first name "Pearl." As a family they cling to traditions. PEARL, JOHN is the youngest brother, PEARL, PIERRE next. Others at the house are: TANTE, JOHN, PHINE, old and an invalid; BETTY WELCH, her young companion RAMON MARQUEZ, and ANGELIQUE ARCYTA, guests at the party; PROFESSOR BLAW, archeologist and BOB GRAHAM, the physician stopping at the hacienda until his car is repaired.

COOKING

WASHINGTON — One thing to keep in mind about President Roosevelt's message to congress is that he always asks for more than he expects to get. This is the cardinal inner principle of his dealing with congress, even one in such awe of him as this one. He will compromise for much less than he has indicated he wants, particularly on neutrality. Three administration drafting agencies have been at work on the neutrality bill with such a possibility in mind. All worked with a copy of the recent supreme court decision upholding the Chaco arms embargo before them.

PAWNING

Mr. Roosevelt put the slate of the nation before a congressional audience which has changed a lot since he last addressed it. Last session, the elder legislators went off in a corner to weep collectively because he barely mentioned a constitutional amendment. Now they are freely making surmises that this might be the best way to effect minimum wages and maximum hours.

NEXT POPE?

Those who know something of the Vatican situation from the inside believe the next pope will be Cardinal Amasoni Blondi. At least many American authorities are convinced he should be. No one else in line has had such world-wide experience. He was in the United States for 10 years until 1933. Earlier he was stationed in England and France, and was apostolic delegate to India and Japan. Now he is "the red pope," the unofficial title applied to the head of the Vatican department for propagation of the faith.

LOYALTY

It will not be advertised now, but the expected retirement of Presidential Secretary Steve Early probably will be delayed six months or a year. A third secretary will be chosen to fill Louis Howe's place first. Those who know say that Early, like securities and exchange Chairman Landis, put loyalty above personal desire. The rumor is that he had three good offers, two in the newspaper business, but has turned them all down definitely within the past few days.

TELL YOUR LEGISLATORS

Editor, Evening Times: I shall write you briefly at this time relative to a matter of mutual concern. You are aware, we have touched off the "fireworks" down here and are getting underway. In the course of a few days the bills will be rolling in plenty fast, so I should like to get the request of our Twin Falls county folks to have them give attention to any matters of this kind at their very earliest opportunity. Do not delay if you expect to accomplish anything.

CUNNINGHAM-VENZKE CLASH TOPS GOTHAM MEET

500 PARTICIPATE IN K. OF C. GAMES

Lash, McClusky and Glickman Display Wages Tonight At New York

NEW YORK, Jan. 9 (UP)—Glenn Cunningham of Kansas will try to win his third leg on the grand Knight trophy tonight when he clashes with Gene Venzke of Pennsylvania in the 800 meter run of the Columbus Circuit K. of C. 5th annual track and field games.

It will be the Kansan's first start in the event since he set a world's outdoor record 1:49.7 last year at Stockholm after the Olympic games. Now studying for a doctor of philosophy degree at N. Y. U., Cunningham won the 800 at last year's K. C. meet in 1:55.2.

Olympians Head Clash
This is expected to be the feature race of the meet in which five Olympic stars head the cast of 500 athletes opening the indoor New York track season. Venzke originally entered the 3,000 meters but changed his entry. Some believe it was only to renew his long running feud with Cunningham. The Pottstown, Pa., miler has never beaten Cunningham in the 800.

The other three Olympians contesting tonight are Don Lash of Indiana, finalist in the 5,000 and 10,000 meters at Berlin who holds the world record of 8:58.3 for two miles; Joe McClusky of the N. Y. A. C. national indoor steeplechase champion and Olympic finalist in the event; and Marty Glickman, Syracuse, sophomore sprinter.

Lash and McClusky will clash in the 3,000 meters for the Joseph W. Conklin trophy while Glickman will start in the "great American" sprint series of 60, 80 and 100 meters where he will be opposed by Eddie O'Sullivan of the Curb Exchange A. A. who won the series last year, equalling the world's 100 indoor record of 10.8 seconds.

The remaining 24 men are: Ends—Emory Howard and David Strang; Emmett Mack Saunders; Samuels; and Victor Kant, Clintonville, Wis. Tackles—Victor West, Spokane; and Forest Ober, Whittier, Calif. Guards—Anthony Kamelivcz, South Portland, Me.; Philip Page, Bonners Ferry; Marion Holben, Moscow; Irving Benion, Spokane; and Clyde Stramm, Lewiston. The Jerome Tigers nipped the Wendell Trojans, 23 to 13; the Tiger reserves won their first game from Wendell reserves, 9 to 7; and the local school misses put one over on the invading quintet of feminine stars from Wendell to win, 37 to 24.

Jackie Teater of the ladies' squad was high for the match with 489. Jerob of the winners had high game at 178.

Electric Motor won a close 2-1 match over Log Tavern in a postponed City League game, taking the odd game by four points. Lee Sterling was high with 538 and had tops in single games with a snappy 228.

Huskies Defeat Idaho, 24 to 17

SEATTLE, Jan. 9 (UP)—University of Washington opened the defense of its 1936 northern division basketball title last night by downing the University of Idaho Vandals 24-17.

The Huskies led by two points at the half. They returned in the second period to chalk up 12 points, and at the same time held the visitors to seven. Ed Lovitch, Husky forward, and his running mate, Gannon, were high point men with six each.

The Idahoans delayed offense failed to function consistently, and the Vandals seldom reached scoring territory. The Huskies missed many set-up shots and barely managed to maintain their lead.

Southern Oregon Normal Triumphs
ASHLAND, Ore., Jan. 9 (UP)—Southern Oregon Normal school defeated Willamette university 38-29 last night in the first contest of a two-game basketball series.

The second game will be played in Medford Saturday night. Harry, Normal sharpshooter, was high point man with 12.

FILER, Jan. 9 (Special)—Showing a world of hidden power when it was needed most, the Wildcats of Filer high school defeated the invading Kimberly Bulldogs by a score of 24 to 17. The game was played here last evening.

WEBFEET DOWN COUGAR HOOPERS

Silver Accounts for Twenty Of Oregon's Points In 43-26 Contest

EUGENE, Ore., Jan. 9 (UP)—University of Oregon's basketball quintet began its drive for northern division conference honors by defeating the Washington State Cougars 43-26 here last night.

The Webfeet were powered by the accurate eye of Dave Silver, who accounted for 20 of his team's points. Nelson of the Cougars was credited with seven.

Oregon took an early lead which was short-lived as the Cougars nipped the score at 4-4. Again at 13-8 the Cougars pulled into a tie, but Oregon moved into a safe 16-11 advantage at half time, and never were headed.

EDEN CONQUERS HANSEN, 35-27

EDEN, Jan. 9 (Special)—Eden Grizzlies defeated the Hansen High school quintet in a game played here last night, 35 to 27.

The first quarter, with the two teams battling on even terms, ended seven up, but Hansen pulled ahead one point at the half, the score being 18 to 17. Eden came back in the third frame to gather in a 29 to 22 advantage, and from then on it was all Eden.

Bodenhamer was high scorer with 15 tallies, and Hornwall of Hansen scored 12 counters.

In a preliminary game the Hansen-reserve-toned the measure of the Eden reserves, 20 to 17.

INDIANS, GOODING SPLIT FAST BILL

Buhl Boys Capture Thriller After Girls Lose Out In Tight Battle

GOODING, Jan. 9 (Special)—Spectacular one-point victories kept a crowded gym in an uproar here last night as Buhl's Indians edged out the Gooding high school 34-32, and Gooding girls downed the Buhl maidens 27-26.

Termed a pair of the fastest games seen here in years, the double attraction offered excitement aplenty. In the boys' clash, the fast-passing Indians took a narrow edge in the first quarter and led by one field goal, 10-8, as the period ended. Gooding's aggressive Senators climbed out in front at half-time, 14-12, and held to that advantage for a 23-21 margin as the fourth stanza opened.

Final Spurt Wins
Buhl uncorked a spurt with less than two minutes to go, and Jerry Hopkins caged a basket and free throw to clinch the victory.

Hopkins sparkled to carry the brunt of the Indian scoring with 22 points. Aces for Gooding were Hutton with 12 and Proctor with 11.

Last-quarter surge by the Buhl girls almost upset Gooding's misses, who had maintained a slight lead most of the time. Buhl maidens were ahead 18-13 at the half.

Eighteen points gave Doney high honors for Gooding; Rogers scored 13 and Skinner 11 for Buhl. Lineups and scoring: boys—Buhl—Hopkins (22) and Babcock (6), forwards; Brown, center; Carter (2) and Boyd (1), guards. Substitutes: Cobb, Van Ostran, Shields, Gooding—Proctor (11) and Bowler (6), forwards; Vaughn (5), center; Hutton (12) and Webb, guards. Substitution: Berryessa.

Hagerman's strong collection of girl performers defeated King Hill maidens, 39 to 20.

Obscure Pro Breaks Par At Los Angeles

Al Baker Cards 69 to Finish First Round in Tie With Harry Cooper; Weather Gold

LOS ANGELES, Jan. 9 (UP)—Veteran trophy winners trailed Al Baker, obscure Los Angeles driving range professional, into the second round of the \$8,000 Los Angeles open golf tournament in which Baker finished even with Harry Cooper for the first 18 holes.

Cashing in on his driving range practice, Baker bulletted his shots down the fairways and made spectacular approaches to go two under par for a 34 on the outward nine in the coldest weather ever experienced in a southern California tourney.

He turned in a par 35 on the homeward stretch to even the veteran money player's 69.

Grouped with 70s were five favorites and another unknown: Ralph Guidahl, St. Louis; Al Kreuger, Beloit, Wis.; Willie Goggin, San Bruno, Calif.; Al Zimmerman, Portland, Ore.; Jimmy Hines, New York; and Gray Madison, unsung pro of Phoenix, Ariz.

Henry Picard, Hershey, Pa.; Zimmerman and Sam Parks, 1935 national open winner, were three under par at the 16th but blew against them on the last three holes. Picard took a 71 and Parks a 72. Ten other favorites finished with a 71 or 72.

BRITISH NETTER TROUNCES VINES

Cleveland Gallery Sees Perry Repeat Victory Over Californian

CLEVELAND, O., Jan. 9 (UP)—Frederick Perry of England registered his second consecutive victory as a professional over Ellisworth Vines, world pro champion, here last night, 13-11, 6-3.

The comparatively small audience of 2,800 which paid \$4,519.50 to see the match was visibly disgusted at Vines' poor performance as well as the announcement that the match would be for two sets out of three instead of the usual three out of five.

Vines, obviously tired and apparently feeling the effects of his illness in New York which he said was "nervous indigestion," never extended himself and his play grew more listless as the match progressed.

In the preliminary singles match Bruce Barnes defeated George Lott, 6-1, 6-4.

ORANGE-BURLEY CLASH MONDAY

AMBERS, VENTURI BATTLE TO DRAW

Judges Divide Over Winner of Non-Title Bout Viewed By Over 9,000

NEW YORK, Jan. 9 (UP)—Even with a crowd on his head, Lou Ambers of Herkimer, N. Y., can't shake the unlucky omen which attached itself to him as a kid.

Last September he won the lightweight title from Tony Canzoneri. But his luck as a champion is worse than as a contender. Last night in Madison Square Garden Ambers and Enrico Venturi of Italy fought 10 furious rounds, and the referee and 167 judges called it a draw.

Ambers had Venturi down for no count in the second, outpunched him most of the route and had the Italian's face hacked and bleeding at the final bell. The referee, Artie McGovern, gave three rounds to Ambers, two to Venturi and called five even and voted for Ambers, but the other judge called it a draw.

Record Spotty
Ambers' record since winning the title is now: lost 2, won 1, draw 1. He was beaten by Eddie Cool and Jimmy McLarin and K. O.'d Stumpy Jacobs.

As a kid, someone dropped a firecracker down his back and it exploded, leaving a scar as big as a watermelon across his shoulder blades. Two years ago he was heading for a title match and had his jaw broken. Last year he killed an opponent with a punch. These are only a few of the ration breaks Luigi D'Ambrosio has had.

"Maybe I'm unlucky. I don't know," he said. "If they said it was a draw, I guess it is."

A crowd of 9,315 paid \$18,856.21 to see last night's overnight, non-title match. Ambers weigh 136, Venturi 138 1/2.

CASTLEFORD AND HAZELTON DIVIDE

HAZELTON, Jan. 9 (Special)—Local hoop squads divided a twin program against Castleford teams here last night.

The invading Wolves walloped the Hazelton boys, 30 to 17, after Hazelton's girls had trounced the Castleford ladies, 33 to 20.

With Jim Thompson sparking the drive, Castleford boys opened fast and held the long end throughout. The Wolves led 9-2 at the end of the first quarter and 17-4 at the half, coasting in to win easily. Leaders for Hazelton were Duane and Kincaid, each with eight points.

Rolling up a substantial advantage in the first stanza, Hazelton girls led by 16-4 and showed too much scoring power and defensive ability for the Castleford feminine aggregation.

A quarter million pupils, taught by 7000 instructors, are in the evening classes organized by the London county council.

The records are kept by F. S. Moore, regional forester, who makes the following comments on the year's showing:

"Some of the most talked of features of the year were the accumulation of snow during the early part of the year, a minimum temperature of five degrees below zero on April 1, the numerous electrical storms during mid-summer and the continued warm summer days in November and December with a lack of snow for those two months. "The month of July holds the record for high temperatures during the year and for years past. The maximum temperature was recorded on July 17, when a maximum of 101 degrees was reached. The record high was reached in 1934, when the thermometer recorded 103 degrees. In 20 of the 28 years the high point of the season has been reached during the month of July.
