

# OIL HINTED ON WINDSOR RANCH

### Duke's Canadian Property Near Newly Discovered Petroleum Wells

HIGH RIVER, Alta., Feb. 5 (U.P.)—Is the Duke of Windsor thinking eventually of going to his ranch near here, perhaps to become a country squire, if and when he decided to return to British soil?

Recently the Alberta government received a check for \$312 from the duke, in payment of a year's taxes on the picturesque 3,840-acre property he once keenly enjoyed visiting when he was Prince of Wales.

There are other events and factors which hint at the possibility Alberta's "royal" rancher may some day establish a residence here, perhaps as the husband of Wallis Warfield Simpson, the American-born woman for whom he gave up the throne.

Since 1920, the duke has taken an interest in his ranch. At that time he acquired 2,200 acres which were crown land bought from the common government. Later the duke added to these holdings—an indication of his interest.

In 1930 he was granted a special 99-year lease on petroleum and coal rights to the property.

### Oil Strikes Nearby

Recently there have been sensational oil strikes in the world-famed Turner Valley, which is only about 30 miles northwest of the ranch. The Canadian Maple Leaf Royalties company for some time has been carrying on extensive exploratory operations between the south end of the valley and the royal ranch.

If the duke desires, he can allow drilling on the property and would be required only to pay a royalty on sales of petroleum and natural gas. Coal, known to exist in scattered deposits throughout the region, would not be subject to royalty. At the time a lease was granted it was pointed out, however, that the then Prince of Wales was interested only in preventing exploitation of his property's mineral resources by outsiders who might acquire drilling rights.

If he should become handicapped for money, he can develop these oil and gas possibilities, according to the terms of the lease, but he cannot sell them to a corporation or to any other person outside the royal family. The lease provides that if at any time the surface rights cease to be used by the duke or some other member of the royal family, the instrument becomes null and void.

### Title Name Not Changed

Title to the property still remains in the name of the Prince of Wales, no change being made when the duke became King Edward VIII.

Throughout the years that the duke has owned the ranch, located about 40 miles south of Calgary, he has paid about \$5,000 in taxes to the Alberta government.

Members of the ranch staff, queried by the United Press, said they had heard of no plan of the Duke's to sell the property.

On this quiet, peaceful haven the duke could indulge in his well-known love of the outdoors. Situated less than 100 miles from the United States, the High River country is a continuation of the "wide open spaces" of Montana. Also, on its fertile land he could putter to his heart's content in a garden, one of the hobbies he shares with Mrs. Simpson.

# EXAMS FOR JOBS POSTPONED WEEK

### Merit Tests for New Lists on U. S. Employment Unit Set Feb. 12-13

Merit examinations, held to create a new eligible list to United States employment service positions, will be staged on Feb. 12 and 13, instead of Feb. 4 and 5, as was originally announced, officials of the employment service said here today.

Applications to the examinations have now been closed and those who will be permitted to take the tests, because of education and experience listed in the application, will be notified by mail. Examinations for this section will be held in Twin Falls at a place to be announced later.

The positions for which the examinations are being made, and the annual salary, are: field supervisor, \$2,400; manager, \$1,020 to \$1,800; senior interviewer, \$1,200 to \$1,440; and junior interviewer, \$1,080 to \$1,260.

# Annual Dance Slated By Rupert Juniors

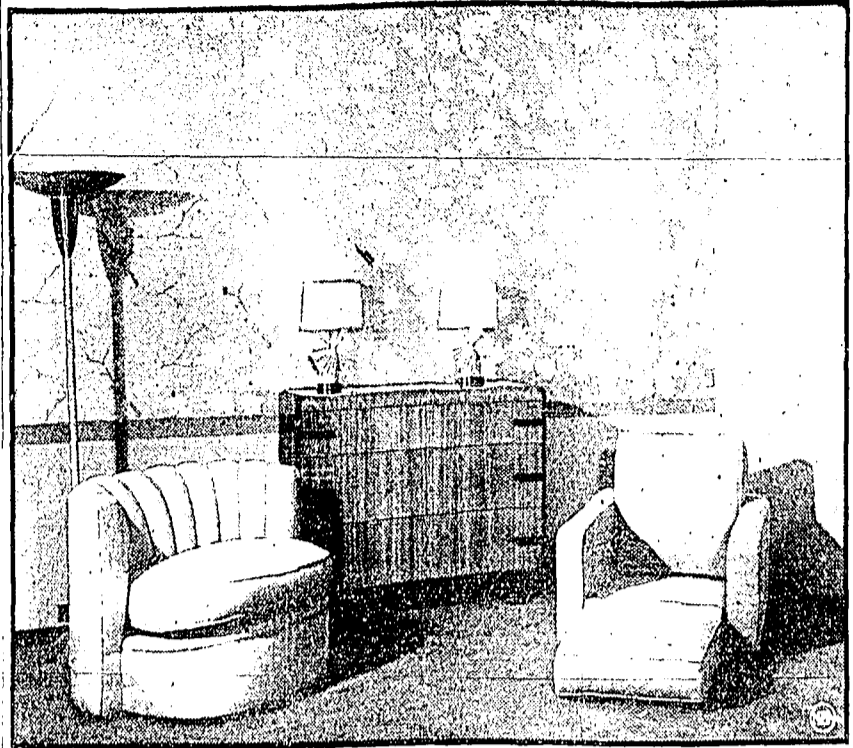

RUPERT, Feb. 5 (Special)—Committees to be responsible for the annual dance of the Junior class of Rupert high school to be staged in the local gymnasium the latter part of this month were named recently by George Redford, class president.

In charge of decorations and clean-up work are Junior Hansen, Betty Ross, Harry Renfro, and Dorothy Catmull. Orchestra committee includes Leola Hammond and Maxine Short. Tickets, Phyllis Trevino and Rita Mae Hanzel. Advertising, Mary Craven and Goldie Schow; and floor, Bud St. Marie and Elwood Hedrick.

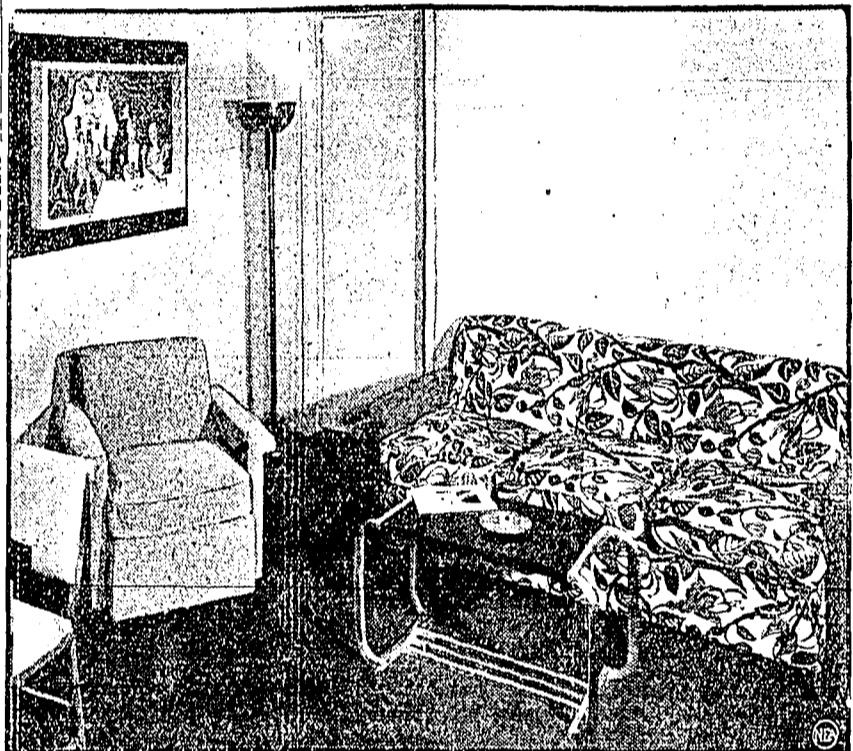

Members of all committees met one evening this week with Kenneth Kahl, class faculty advisor, for preliminary plans.

Dr. D. R. Johnson, Chiropractor, foot correction, diet, free. Office 534 3rd East. Phone 344.—Adv.

# MODERN NOTE TONIC FOR ANTIQUATED ROOM

It's time to relax and have fun, says this room. Predominating colors are blue, grape and pigskin, against natural walls. The sofa is covered in a practical English crab in blue and grape, and these colors are repeated in the hangings. Game table and chairs (not shown) are in brass and pigskin. Not the surrealistic painting on the wall.

This room shows the new idea of two printed walls and two plain. Yellow, muted but cheerful, warms the plain ones, and appears again in the solid yellow chair. The other chair is covered in a new white honeycomb satin. Note how the silver motif is repeated in the silver-gray satin hangings.

NEW YORK—What sulphur and molasses did for great-grandmother, such touches as a Surrealist painting, a bioid maple table, a splash of color, a starkly modern, unframed mirror will do for an ailing home give it that modern pep.

If you are a peep enthusiast, there are groups of beautiful restorations at remarkably low cost to refresh any room in the home. Not only the price, but the exactness of design and color is surprising.

However, if you are out really to face-hit your home do consider modern pieces. Decorators agree that these can be combined ever so successfully with period varieties, so don't be afraid to put a modern lamp on your Duncan Phyfe table or a blood maple coffee table in front of your 18th century divan. A blue glass mirror can very well go over the antique console in the hall. A modern glass pouffe will fit nicely into the corner of any bedroom regardless of its other furnishings.

### Opportunity for Home-maker

February certainly is the month to refurbish completely or to add new notes here and there. Especially this February. Never have midwinter furniture sales been so completely satisfactory from the standpoint of beauty and budgets.

You can do any number of things with a bedroom of which you have grown pretty tired. A yellow satin chair that flips over and becomes a chaise longue gives that living room effect. An awkward corner can be easily and inexpensively transformed into a dressing niche for guests. Purchase for it a small dressing table, stool and mirror. The table and stool would be attractive and dainty in white, and at the same time would brighten up the bedroom. Place them as near to the window as possible. The remaining space (if there is any) may be filled with a very small, flat-topped table on the order of a manicure table, with plenty of drawer space for cosmetics, individual combs, powder puffs, perfumes and the like.

### Den Furnishings

For a man's den, there are handsome bamboo chairs, divans, tables, desks and bookcases that are light weight, but masculine in appearance. Then, too, they will stand the great amount of abuse that they are bound to get. To complete the room, you can carry out the bamboo idea with bamboo paper mplaids, and appropriate pictures framed with bamboo paper borders.

White is the newest shade for the dining room—a fresh, off-shade, not the old thing dazzling white. The Mexican influence is used to provide color relief. Vivid reds, blues and yellows in such details as Mexican pottery candlesticks and vases,

produce a startling effect against the white walls, furniture and rug. Peg up all your rooms with color, and don't be afraid to use a lot of it. For example, if the walls are plain, leave three of them so, and paint the fourth a pastel shade, or paper it with printed wall paper. Then put your favorite and love-est pieces of furniture in that place, and the wall will act as a frame.

Keep dark furniture on a light background, and light furniture on a dark one. Get away from the same idea in rooms. Keep most of the pieces, odd ones, and have only one group such as a chair and divan, or two chairs, that match.

Brilliant accent may be achieved in the living room with glistening mirrors, and aluminum trimmed glass molding around the fireplace. Yellow satin curtains, Chinese red upholstered chairs, and black lacquered tables with glass tops are other fetching details.

Prince William of Sweden was the first professional lecturer of royal blood to tour the United States. He toured this country in 1927.

### Winter Returns to Minidoka County

RUPERT, Feb. 5 (Special)—After an entire day here of balmy weather that smacked strongly of spring, Rupert and Minidoka county Thursday morning were again enjoying winter weather.

The temperature soared considerably above the freezing point Wednesday and the sky was cloudless all day. On Wednesday night, however, snow set in and by morning approximately an inch had fallen. A strong wind blew throughout most of the night, but it is believed that drifting was negligible.

### Machine Sacks Potatoes

REVENNA, O. (U.P.)—Henry S. Stockdale, salesman, has been granted a patent on a machine that sacks potatoes. The device consists of a chute containing a battery to prevent the potatoes from falling into the bag with too great momentum and an apparatus for holding the bag at the mouth chute until the proper quantity has fallen.

Prize William of Sweden was the first professional lecturer of royal blood to tour the United States. He toured this country in 1927.

# K. OF C. PLANS PRE-LENT DANCE

### A pre-Lenten dance will be held Monday evening at the I. O. O. F. hall by the local council, Knights of Columbus, it was decided at this week's meeting. Officers stated today that the arrangements being made indicate the event will be a gala affair.

Members voted to participate in the Red Cross drive for flood relief funds.

John Keenan, a past grand knight of the council, spoke on "Communism, the Destroyer" as the first of a series of talks under the Knights Crusade program, motto of which is "The Crusade Conquers Destroyers." The theme for the next meeting will be "Treason, the Des-

troyer." Rev. Raymond Seibert will talk.

Following the meeting a chili lunch was served.

### BUHL PROGRAM GIVEN

BUHL, Feb. 5 (Special)—The musical program for the Buhl Kiwanis luncheon, Wednesday noon was given by Dr. F. A. Kallusky, who played two novelty numbers on the piano. A short autobiography was given by A. J. Finke. The program this month is in charge of Dave Borerter.

troyer." Rev. Raymond Seibert will talk.

# MILK ORDINANCE TO BE RETAINED

### City Will Continue Operating Under Set-Up Patterned on U. S. Provision

The city administration today has signified its intention of continued operation under the milk ordinance adopted by the council in May, 1933, and patterned after one adopted by the United States Public Health department the year previous. O. H. Coleman, commissioner of public safety announced.

Mr. Coleman signified the intentions of the administration at a meeting yesterday of representatives of the city, county, state and national authorities, held previous to a meeting of dairymen serving the city of Twin Falls.

#### Favors Measures

The city administration favors these measures which are necessary to insure the public receiving the best possible standard of milk. Mr. Coleman said.

The introduction to the city ordinance, which will remain in force follows: "An ordinance of the city of Twin Falls providing for the regulation of the production, handling and sale of milk or milk products within the city of Twin Falls, requiring a permit to those engaged in such business, and inspection of premises, equipment and animals used in or for the production of milk, and the testing of milk and milk products, and for grading thereof, establishing standards for grading purposes, requiring proof of freedom of tuberculosis, and from Bangs disease of cows used for milk production, defining certain terms and requiring the termination of grades of milk and milk products and the publication thereof, and provides for the suspension and cancellation of permit, and for penalties."

#### Dr. Clark Talks

The two meetings were addressed by Dr. F. A. Clark, milk specialist of the United States Public Health service of Washington, D. C. who stressed the important points in public health milk ordinance and discussed factors in the production of raw and pasteurized milk. The doctor also reviewed the more modern methods in milk production.

W. V. Leonard of Boise, state chemist also spoke at the meeting and outlined processes and general measures which should be carried out to insure a safe water supply for the dairies.

Tuesday and Wednesday Dr. Clark visited many of the dairies serving the city and made inspections of each. He inspected various milk plants including those of pasteurized and raw producers and conferred with Dr. J. W. Hawkins, director of the county health unit.

# Lack of Snow Makes Sledding Tough, But Quins Must Have Their Fun--And They Do!

If your long-planned ski party let you down this winter because of lack of snow, don't think you're the only one. The Dionne quintuplets, too, have been faced by a very unusual lack of snow even so far north as Callander. So the best they could do with their toboggan was prop it on boxes and just pretend to slide. Cecile, Emilie, Marie, and Annette left to right, are doing just that, and enjoying it, too, as you can see.

Every cloud has its silver lining, and if there's no snow for winter sports, then at least you can go back to summer sports. Here the quins show that snow-suits and heavy goggles just add to the fun of winter-toboggan. That's Cecile on left, hanging on for dear life, and Emilie and Marie in the center, almost rubbing noses, with joyful grins. Cecile and Annette on the right end are more serious about maintaining a balance.

## College Requests Left Under Will

College education in two midwest universities, benefited to the extent of two scholarships under the will of Miss Mary Elsie Hamlin, former resident of Twin Falls, application for probate showed today. Miss Hamlin died Jan. 12 in Berkeley, Calif.

The will, leaving an estate valued at \$25,000, listed farm property in Twin Falls and Jerome counties. It bequeathed \$5,000 to Purdue university, Lafayette, Ind., for a Charles Hamlin scholarship and \$10,000 to University of Chicago for a Sarah J. Hamlin scholarship. In addition, legacies were given three relatives and eight friends.

J. S. Keel, Jerome, was named executor by terms of the will. His attorney is O. P. Duvall, Twin Falls.

## JUNIOR HIGH AIMS AT OWN LIBRARY

### Students Gradually Acquiring Books More Appropriate For Own Group

Students in Twin Falls junior high school are gradually accumulating books for a library of their own, Mrs. Vera C. O'Leary, principal said this afternoon.

Junior high students are free to use the high school library at any time but the books available there do not offer much of interest to the younger child. The volumes in the junior high school library which are kept on shelves in Mrs. O'Leary's office now number between 300 and 500. All have been donated by private individuals or clubs of the school with the exception of two sets, which the school has bought this past year.

Early in the fall a set of eight volumes concerning the different lands and people of the world were

## Buhl Groups Provide Lunches at Schools

BUHL, Feb. 5 (Special) Through the efforts of the Buhl Chamber of Commerce, cooperating with the Buhl school officials and patrons, children in the local schools are being served a hot lunch at noon. The lunches are being served under a WPA project which is being supervised by Mrs. Helen Alwood, and Mrs. Evelyn Hunt.

No charge is being made to the children for the lunches, but contributions are being accepted to keep the project open.

## Science finds BREAD A GOOD MUSCLE-BUILDING FOOD

**SCIENTIFIC** research proves that Bread ranks with meat as a source of muscle-repair food!

A group of leading doctors and scientists recently completed a series of tests to find out the true facts about Bread. They found that good Bread, when eaten with milk, supplies even better muscle-building food than meat. In fact, for just a few cents a day, Bread can supply at least 25% of all the muscle-building food children need.

Be sure your children get plenty of good Bread, your best and cheapest energy food.

## SOLONS WORK ON NEW WPA BOOST

### Committee Under Pope Aims At Further Advance to Handle Load

Continued effort toward further enlargement of Idaho's WPA quota is being made by the congressional committee of Pacific Northwest senators and congressmen. Sen. James P. Pope, chairman, had informed Mayor Duncan McJ. Johnston today.

The boost in the quota, which has already added 70 men to work projects in Twin Falls county, probably will be enlarged again to help carry the unemployment load, the senator told Mayor Johnston. Outstanding steps by which funds were granted the resettlement administration to handle some aid for drought immigrants, Sen. Pope said.

#### Hopkins Acts

Shortly after this allocation was made available, it was advised that drought victims, who were at present living inside the city limits in various cities of Idaho, could not come within the regulations of the resettlement administration. I then took the matter up with Harry Hopkins and he granted an increase of 500 heads of families of the Idaho quota of the WPA.

I advised Idaho officials of this action, and J. L. Hood (state WPA administrator) telephoned me the same day, stating that further increases were necessary. The situation has been thoroughly discussed, and Mr. Hood has been requested by officials here to add the 500 to the rolls, and that further increases might be forthcoming if necessary.

## Huey Long's Father Dies in Louisiana

WINNFIELD, La., Feb. 5 (AP)—Huey P. Long, 84, died last night, a year and five months after his U. S. senator son was killed.

Father of nine children, the elder Long never recovered from grief at his son's death. Early this week his condition was termed hopeless. Heart attack finally brought death.

## CAMP FIRE GIRLS

Netopew Camp Fire girls met Wednesday at the home of Dorothy Van Engelen for a business session. Officers elected were: President, Gwendolyn Helfrecht, vice president, Patricia Graves, secretary, Emma Lea Skinner, treasurer, Doris Ann Sherwood, reporter, Dorothy Van Engelen. Plans were made for a Valentine party to be held next Thursday.

Only 33 states of the union have laws against vending narcotics.

### Circuit Court Offers Hearst New Ruling on Seattle P-I Case

SAN FRANCISCO, Feb. 5 (AP)—William Randolph Hearst and Hearst Publications today had permission from the U. S. circuit court of appeals to file an appeal from a national labor relations board ruling which required the Seattle Post-Intelligencer, a Hearst publication, to reinstate two employees who had been discharged assertedly because of union activities.

The appellate court, however, denied an injunction to stay action on the N. L. R. B. ruling. The employees in question, Frank Lynch and Phillip Armstrong, were discharged, the publication contended, for insubordination and not because of newspaper guild activities. This discharge, however, resulted in a strike by editorial workers, which forced the paper to suspend publication for two months.

Time first was manufactured at Providence, R. I., in 1688, when that city granted Thomas Hackleton the liberty to burn lime at a certain place on the commons.

# WPA WEED FIGHT TOTALS \$902,513

### Funds Used in Idaho Nearly Reach Million, Final Report Shows

Including the funds spent in Twin Falls county, Idaho's WPA and sponsors in 29 counties participating spent \$902,513 in 1936 on the noxious weed program on 6,006 farms, according to word received here today from J. I. Hood, state administrator for WPA.

The weed program, the only project of its kind in the nation, was initiated through grants obtained by U. S. Senator J. P. Pope and Congressman D. Worth Clark and Harry L. Spense, Jr., state agronomist and state seed commissioner, designed and directed the noxious weed program. Paul Kobout, Boise, is supervisor.

**County-Farmer Share**  
County commissioners and farmers contributed \$337,541.00 to eradicate weeds in the form of cash, materials and supplies. Most of the cost was paid by farmers through assessments.

WPA workers put in 932,042 man hours on the statewide projects during the year, treating 6589 acres and using 6073 drums of carbon bisulphide and 2,138,810 pounds of sodium chlorate.

Hood said 37,426 farms are located in the 29 counties now participating in the weed program. They cover 7,270,000 acres of farm land. The program is being continued in some areas during winter months by 40 men, who are making preparations for spring activities.

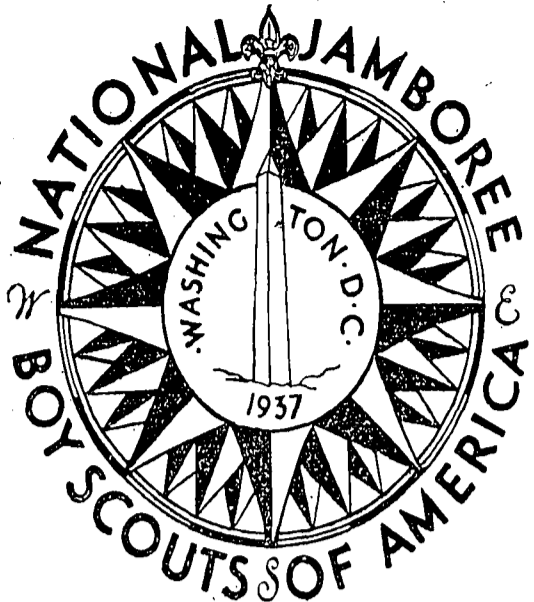

Popularity of the weed program and its acceptance by farmers and county commissioners exceeded all expectations. Hood declared he said the program was "the most popular" in Idaho. Contributions by sponsors were unusually large because of materials cost. Hood said and because of the keen desire of counties and farmers, to obtain assistance under the project.

### At the Hospital

Patients admitted to the hospital were Gordon Ireland, Twin Falls; Mrs. E. D. Grandall, Twin Falls; Baby Gordon William Scott, Twin Falls; Mrs. Ralph Smith, Kimberly; Kenneth Poe, Twin Falls; Mrs. Gerald Kuskie, Buhl; Nelva Miller, Twin Falls; Mrs. Gilbert Miller, Kimberly; Mrs. Herman Giese, Piler; Baby Leonard Anderson, Kimberly; S. Decora, Twin Falls; Patrick McIntyre, Denver; Louis Dillon, Hollister; Thim Dillon, Hollister.

Those dismissed were Fred Chadwick, Hazelton; Mrs. R. C. Evans, Twin Falls; Roy Janice, Buhl; Mrs. Roxie Coy, Hazelton; Mrs. J. W. White, Eden; Mrs. Martell Lindsay, Hazelton; Bert Parkinson, Buhl; Rev. Charles Hawley, Hazelton.

### Boy Scouts Adopt Jamboree Insignia

In connection with the 27th annual Boy Scout week the Boy Scouts of America have released the design of the official insignia more than 25,000 boys will wear at the National Scout Jamboree at Washington, D. C., where they will camp together from June 30 to July 6. The compass is used in the design because the Scouts will come from "every nook and cranny" of the nation in response to President Roosevelt's invitation.

### Combination Pepper-Salt Shaker Is Hailed As "Invention of the Month"

By FREDERICK C. OTHMAN

WASHINGTON, Feb. 5 (AP)—Having long pondered the physical labor involved in eating out's territories, Owen C. Gragg today produced the patent, mechanical, automatic pepper and salt shaker.

Click, and it pours out salt, click again and pepper filters down, clickety-click and both salt and pepper drizzle from the Gragg Pepsalt shaker into the soup.

In his Detroit laboratories Gragg perfected this machine, running no telling how much food with too much seasoning until at last he made it fool-proof. It looks like an ordinary salt shaker, but it has on one side a button marked "salt" and the other a knob labeled "pepper."

#### One-Shake Shaker

Push these buttons according to taste and shake. That's all. The patent is number 2,069,363 and eating a meal henceforth is not going to be such hard work thanks to the Gragg one-shake-shake-all shaker.

Miss Jennie Feldman of New York City ran him a close race for the invention-of-the-month with her knee-action ukelele, which also saves labor and in

addition removes a lot of the danger from choral traditions of Sweet Adeline.

The Feldman ever-ready-perambulating uke, patent number 2,069,436, is simplicity itself.

It is an ordinary ukelele with two straps attached. According to Miss Feldman's description it is intended to be strapped to the leg, below the knee. Anybody wearing a Feldman ukelele can play at the drop of a musical note, all he's got to do is sit down and cross his knees and presto! there's his uke in his lap!

#### Won't Happen Anymore

As for that sweet Adeline business, numerous sour singers of sweet music have been whacked on the head in the past by ukeleles, welded by irate accompanists. That has been tough on ukes, they break easily. It won't happen anymore, because how can a musician throw his ukelele at anybody when it's strapped tightly to his leg? Not even a contortionist could do it. Contortionists seldom pay ukeleles anyway, they're too busy rubbing in liniment.

They might also be taking a workout on the Henry George Ogden hell-pivot exerciser,

### EHLERS WINS IN SPEECH CONTEST

#### Captures First Honors Here Among F. F. A. to Qualify For District Meet

Twin Falls Future Farmer chapter will be represented at the district F. F. A. speech contest by Melvin Ehlers, it had been decided today after Ehlers won the chapter competition staged at the high school yesterday.

Second honors went to Irvin Ehlers and third place to Kay Jordan.

The winner spoke on "Land Rehabilitation." Irvin Ehlers discussed "Farm Tenancy" and Jordan outlined data on "Noxious Weeds."

Principal H. D. Hechtner and Gerald Wallace, debating coach, were judges.

Ehlers will have a chance to enter the state meet if he wins the district contest. The Idaho victor will go to the national F. F. A. speech event in St. Louis.

#### MEETING ANNOUNCED

KIMBERLY, Feb. 5 (Special)—Kimberly Grange will meet Monday in the basement of the Christian church. All members are urged to be present it is announced.

which likewise was patented today number 2,069,384. A picture sent the patent office from Ogden at Gahen, Mich., shows a gentleman flexing all his muscles, and maybe his fibulae and tibiae, too, with the aid of this invention.

#### Sits on Floor

The gentleman is sitting on the floor, he is wearing shorts and he is resting his heels on the Ogden exerciser. He is also reaching over and holding his feet. These are bare and he's about to tie himself in a knot.

That's because the exerciser consists of a triangular platform, about an inch off the floor, with wheels. It'll move any which way, taking the gentleman's heels along, while the gentleman himself remains stationary and sweating.

His heels move, but he doesn't and between himself and his heels tremendous muscular activity is inevitable.

CLAUDE Pratt is just bubbling over with enthusiasm. He CAN'T FIGURE words to express himself he has such a wonderful price on his big stock of tires and tubes that he wants everyone to know it. Clear from Ketchum to Amsterdam, Say, people don't even think about buying a tire or tube before you come and see the large stock of Badger tires and heavy duty red tubes. You don't save just pennies, you save big round shiny dollars. Claude Pratt don't have to pay salaries to traveling auditors he doesn't run a chain store and his overhead is ridiculously low. That's why he can sell even lower than mail order houses. The sales have already started on these Badger tires and tubes like a shot out of a cannon. The people are wading right in and buying them fast. The purchaser will be so down right tickled that he has saved so much money he will no doubt feel like buying his wife a new dress or his little girl a jumping rope (Isn't this a foolish ad if I was you I wouldn't read the rest of it).

I am going to let you rest this time it will not be necessary for me to mention that wonderful 100% pure Arkansas motor and tractor oil. Even though it is the best oil that comes to Idaho and it does sell itself so fast I won't need to say anything about it this time. Neither will I have to speak of the Federal spark plugs, because the quality of the plugs and the price we have on them don't require a lot of bragging. Well it's about the same way about the cedar shingles and burwood flooring, wagon tongues and double trees. Pratt sells them so reasonable the people all over the whole country know Claude Pratt almost as well as they do Harry Musgrave. Some people recognize Claude Pratt as being a big fool. Claude Pratt's not smart enough to even recognize that quality himself even though he does sell himself oil at \$1.01 per gal. and a 30x3 1/2 red heavy duty tube for 84c, and 4.40x21 for 98c. Claude Pratt's feet are wet some might think he is all wet but he isn't.

I hope you are the same.

CLAUDE C. PRATT SALES CO.  
(On The Road to The Hospital)

### Death Comes To Jarbidge Man, 70

Murdock Gillis, 70, Jarbidge, Nev., died this morning at the hospital where he had been receiving treatment since Jan. 30. He was born Dec. 13, 1866, in Ontario, Canada. He is survived by one brother, Malcolm Gillis, Butte, Mont. The body is to be sent to Butte for services and burial by the White mortuary.

### C. OF I. SINGERS WILL HAVE TOUR

#### Concert Trips to Twin Falls and Other Areas Planned Later in Spring

CALDWELL, Feb. 5 (Special)—College of Idaho men's glee club will present its annual concert at the Presbyterian church in Caldwell at 8:20 p. m. Feb. 10, and plans to make concert trips later in the spring to the Twin Falls territory and probably to western and central Idaho communities.

At the Feb. 10 concert two soloists will be featured, Ralph DeCoursey of Nampa, pianist, and Mrs. Marjorie Fitzwater of Boise, violinist, the latter a pupil of Mrs. Kathryn Eckhardt-Mitchell, a member of the College of Idaho music faculty.

The concert will begin at 8:20 p. m. Members of the glee club are as follows: Robert Biggs, Caldwell; Clarence Sapp, Nampa; Ronald Streets, Caldwell; Bill Witherspoon, Nampa; and Arthur Wittenberger, Nampa, first tenors.

Buhl Youth Norman Boring, Buhl; Gerald Cox, Caldwell; Norval Heath, Caldwell; Donald McClenahan, Nampa; and Kenneth Ovregaard, Caldwell, second tenors.

Cecil Dossett, Twin Falls; Harold Schuster, Boise; Hilbert Sharp, Nampa; Mary Joslyn, Twin Falls; and Phil Smith, Caldwell, baritone.

Loren Behnag, Prairie City, Oregon; Lehn Goodell, Caldwell; and Louis Werner, Nampa, basses.

Phyllis Smith of Weiser, a senior

at the College of Idaho, is the accompanist for the group.

Harold Schweibert is president of the glee club, Donald McClenahan is secretary-treasurer, and Cecil Dossett is business manager.

### SERVICE HONORS A. C. FREEMAN

#### Services Pay Honor To Farmer at Buhl

BUHL, Feb. 5 (Special)—Funeral services for Henry Hatfield, 86, prominent farmer of this district were conducted Tuesday afternoon from the Buhl Presbyterian church with M. M. Van Patten officiating. Mrs. A. G. Kircher and her daughter, Miss Marian Kircher sang "The Old Rugged Cross" and "Abide With Me." They were accompanied at the piano by Mrs. J. Johnson.

Palbearers were Grant Miller, Charles Boring, Fred Aldrich, Albert Minshall, W. A. Glasgow and John A. Brown. Interment was in the Buhl cemetery under the direction of Evans and Johnson.

Henry Hatfield died at his home Saturday noon.

Clarence Albert Freeman, Eden, was paid final tribute at services held yesterday afternoon at the White mortuary chapel. Rev. W. H. Jordan, pastor of the Seventh Day Adventist church, officiated. Music was provided by J. B. Stephens, Hazelton, who sang two selections accompanied by Mrs. Fred McNeill, Twin Falls. Palbearers were W. E. Dean, H. O. Dean, V. C. Hinton, Dan Wonenberg, Gideon Spurley and Mr. Kurtz. Interment was in the Twin Falls cemetery.

The largest sea serpent known to science is a sea cobra, a paddle-tailed snake which attains a length of 10 feet.

## Like a Door-knob... Always There

You expect a door-knob to be where your hand can grasp it, it would be a shock to find it gone sometime.

Electric service, like a door-knob has become so commonplace — because it is so reliable — that you expect it to be there, ready to serve.

Behind that readiness-to-serve is a tremendous investment, an organization of hundreds of men who work for the Idaho Power Company, all coordinated into a smooth-running organization. It must be ready to serve at any time, under any conditions — for electric service is now a necessity.

And backing this constant readiness-to-serve is a policy of furnishing electricity at the lowest possible rates.

ANNUAL DANCE, DINNER SLATED BY GUARD UNIT

An event of especial interest this month will be the 15th annual military ball and banquet of Company E and the Medical Detachment, 116th Engineers, to be staged Feb. 23 at 9:15 o'clock at Radloland for a banquet at 7 o'clock at the Park Hotel. Music for dancing is to be provided by Bus Vaughn's Dixieland band.

FELLOWSHIP DINNER PLANNED BY METHODISTS

At yesterday's meeting of the Methodist Episcopal Ladies Aid society held at the church parlors the Fellowship dinner was announced for Feb. 17 to be held in union with dinners by the various societies. The address of Shirley Jones, missionary and author, will be here, it was announced by Mrs. H. S. Rees.

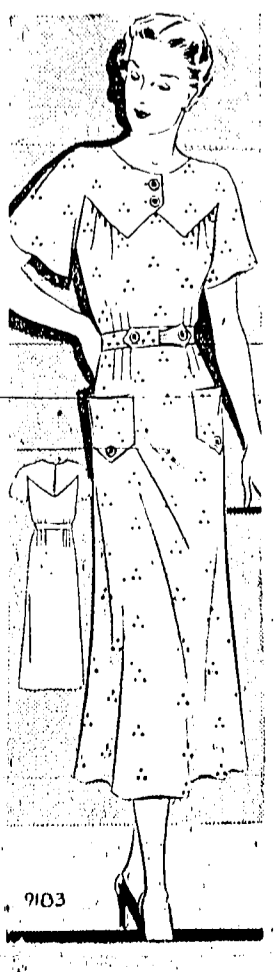

SOCIAL PLANNED BY LADIES AID GROUP

Twenty-eight members of the Lutheran Ladies Aid society met yesterday afternoon in the church parlors. Plans were made for a social to be held Tuesday evening in the church parlors. Devotions were led by Rev. M. H. Zagel, pastor, who also discussed work of the church.

HICKS-BOTTCHER WEDDINGS SOLEMNIZED

The marriage of Miss Viola C. Bottcher, daughter of Mr. and Mrs. Fred G. Bottcher, Twin Falls, and Theodore R. Hicks, Buhl, was performed yesterday afternoon at a simple ceremony at the Lutheran parsonage. Rev. M. H. Zagel officiated. Accompanying the couple were the bride's sister-in-law, Mrs. Alfred Bottcher, and her father, Mr. and Mrs. Hicks plan to make their home in Buhl.

Marian Martin Pattern

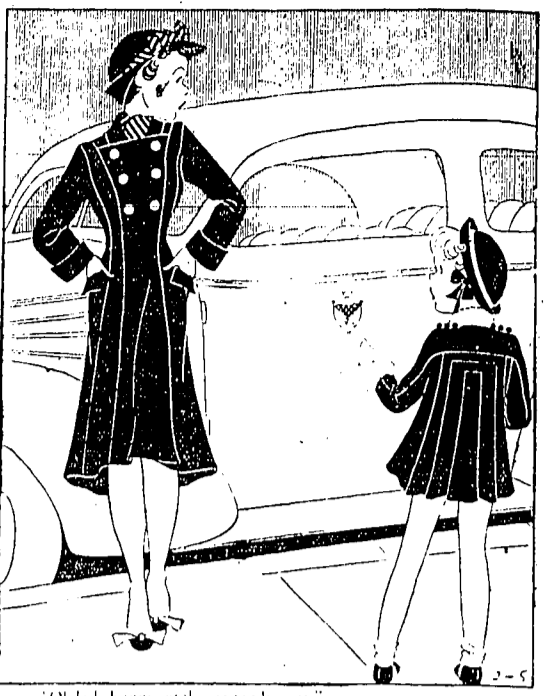

SLIM 'N' TRIM Pattern 9183
It's fun to spend your mornings shaking through household tasks when you're wearing a perky jacket like Pattern 9183! Unexpecting tugs at the shoulder or a hasty trip to market are all welcomed by this frock, for its brain-ful of confidence in its own sturdy charm. Cut and stitched in "mission-true" with the aid of its complete Diagrammed Sew Chart you'll find this frock so very simple to make that you won't be unwilling to try several versions are hanging in your closet. Dainty pointed yoke and padded or flared sleeves cut together while the becoming neckline is fastened by two eye-catching buttons. There's no end of time saved by a pattern that's composed of but four major pieces, as is Pattern 9183. Youthful in look-a-dotted cotton or best-sucker.

ELK VISITATION PLANS CHARTED

Salt Lake City Past Ruler Confers With Committee Of Local Members
Harry S. Joseph, past exalted ruler and sponsor of the Salt Lake City Elks lodge, arrived out of state last evening to confer with a committee on arrangements for the Utah Elks' visitation which is expected to bring approximately 500 members to Twin Falls Feb. 21 and 22. Judge O. P. Davall is chairman of the local committee in charge of arrangements.

Session Attended by Buhl Church Group

BUHL, Feb. 5 (Special) - The Women's Missionary society of the Christian church met Wednesday afternoon at the home of Mrs. Titus, with 21 members and five guests present.

High School News

Entire program for the Girl Reserve meeting held this noon during advisory period at the high school consisted of a talk by Mrs. F. W. Auburn concerning Palestine. The program was arranged by Maryjorie Jane Hays who is chairman of the program committee. The speaker was introduced to the girls by Mrs. C. A. North who is the girls' counselor for the school.

Mannish Note Lessens In New Fashion Mode

Individuality and a trend away from the mannish note to the feminine are keynotes of the 1937 mode, as forecast by Mrs. E. L. Turner, head of the ladies' ready-to-wear department of the Idaho Department store who has just returned from New York City and other eastern fashion centers where she spent six weeks on a buying tour.

Suit Season

This is to be a suit season, buyers find, with redingotes again finding favor. Of interest is the importance of the "Jugger" type of coat, with smart box lines, which originated in California.

Prints Important

Everyone is talking prints, according to Mrs. Turner, and both the coloration and peaceful influences are felt here as in all lines of spring clothes. Dainty bouquet prints, the large landscape floral patterns, persimmon prints, showing such patterns as tiny footprints or other objects, and conversation prints with story interest, lend considerable novelty to the fabric shown.

Varied Hat Styles

Hat fashions on the fall, novelty in some seasons. Many varied types were found by Mrs. Turner and all are easy to wear she says. In the humped classification come the sailor, the bumper with a rolled edge, the Breton, the swapper type and a visor model. Off-the-face styles, turbans and pol. boxes make their appearance again.

Color Used

An amusing note the season is the flare for color in all-patent leather shoes. Heels are higher in dress shoes and usual are low in sandals.

Did He Kill for a Grudge?

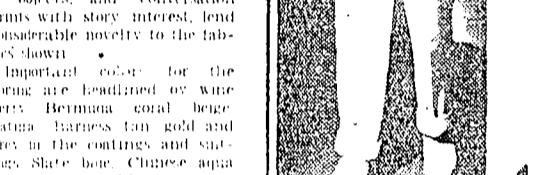

Dealers are looking forward to the next few months as one of the greatest seasons for open shoes, sandals, open-toe slippers and cut-outs of all kinds.

PROFESSOR INVITES HAT

EUGENE Ore. (UP)—Dr. Oscar J. Marder, recent addition to the University of Oregon history faculty, said he aspired to attain the title of being "the most hated professor on the campus." "I propose to accomplish this rank by having abominably high standards," he explained.

CONFIDENTIAL REPORT

Starting, Feb. 6
Because Boltho Blane tipped off police to his gambling clean-ups, Count Posodini did a "stretch" in Sing Sing. And when Blane was murdered months later aboard a yacht, Posodini, a passenger, was charged with the crime. But was he guilty? Solve this thrilling mystery serial yourself.

# BATTLE AWAITS RAILROAD BILL

### Long and Short Haul Measure To Be Opposed By Idaho Delegations

By RALPH W. OLINSTEAD  
WASHINGTON, (Special)—The Pettengill bill to repeal the long and short haul clause of Section 4 of the act to regulate commerce, which gave a severe case of jitters to Idaho shippers last year, is before congress again. Brief hearings will be conducted by the house interstate commerce committee. The bill, practically certain of a favorable report by the house committee, will likely be enacted by the house of Representatives. In terms of states must depend on the senate for protection.

The Idaho public utilities commission and practically every shipping interest in the state are vitally opposed to repeal of the long and short haul clauses as are the members of the Idaho congressional delegation. Fortunately, Montana's Senator Wheeler, chairman of the senate interstate commerce committee, will fight the bill to the last ditch as will all other intermountain senators. The considered observations of most students of interstate commerce law is that if this bill is passed it will cost so much to ship anything out of or into Idaho by rail that the pony express could be again operated profitably.

Supreme Court Judge James A. Gilchrist visited members of the congressional delegation in Washington this week. He is now visiting his son, William, who is ill in a New York hospital.

Sentiment among the administration leaders seems to be crystallizing in favor of a Columbia valley authority to regulate the distribution of power to be generated at Grant Colville and Bonneville. Most officials are agreeing with Senator Pope's initial recommendation of a uniform rate system to bring cheap power to Idaho. The senator thinks that many irrigation districts probably could use cheap power to pump supplemental water. The power companies, a few Chambers of Commerce, the Idaho Planning board, and Portland seem to be the only ones opposing the establishment of a TVA power system in the Columbia river valley. With or without their opposition, the administration's program will probably be put into effect.

The act of congress of May 23, 1908, provides that each state shall get 25 per cent of the receipts from national forest resources. Thereunder, for the fiscal year 1936 the state of Idaho gets \$11,529.59. Various forests contributed as follows: Kootenai \$302.58, Lemhi \$4,178.62, Lolo \$315.23, Minidoka \$6,071.79, Nez Perce \$2,733.88, Payette \$5,738.45, Salmon \$2,841.10, St. Joe \$2,676.39, Sawtooth \$5,652.35, Targhee \$6,364.07, Weiser \$3,175.26.

# Screen's Greatest Lovers Are Best of Pals

By PAUL HARRISON (NEA Service)

HOLLYWOOD.—In a town where almost everybody is holding a knife about the thoracic vertebrae of any and all rivals, it is heartening to observe a few genuine, unselfish friendships in the high places.

I'm thinking particularly of Clark Gable and Robert Taylor, whose Damon and Pythias act probably is unrivaled in the history of the screen colony. For the word "Hollywood" cannot be translated, no matter how freely, as "the city of brotherly love."

There are others, too. William Powell and Spencer Tracy, Gary Cooper and Fred MacMurray, Joan Crawford for the feminine touch and Claudette Colbert. Also Miss Crawford and Barbara Stanwyck, Ronald Coleman and Richard Barthelmess.

Greatest Lovers

These and a few more don't quite approach the friendship of Messrs. Gable and Taylor, the two greatest "great lovers" in the celluloid industry.

Until a little more than a year ago, Gable was the undisputed No. 1 man of motion pictures. Then Taylor skyrocketed out of obscurity.

Today, if you judge by fan mail, Taylor is tops. For all-around box office popularity, Gable still holds the edge. Anyway, they're both doing very well, indeed.

Buddies From Start

They seemed to like each other from the beginning, although, of course, their positions were different when they were introduced. Taylor, the up-and-coming youngster, didn't fawn, Gable, the established screen idol, didn't patronize. Soon they were close friends.

The older actor did everything possible to help the newcomer. Advised him what to do, and what not to do. Told him just what the public expected of him, and what he ought to do. Coached him at night on his lines for the next day's shooting.

When Gable and Taylor are working at the same time, they usually have lunch together. They often visit each other's sets. They go out together in the evenings. Between pictures they go skeet-shooting together, or hunting.

Star Clusters

Ask Bill Powell who's the finest actor in pictures today and he'll name Spencer Tracy. But ask Mr. Tracy and he'll name Mr. Powell.

They go to their previews together, lunch together, and like nothing better than sitting around arguing about world affairs, who killed Cork Robin, and whether are we drifting.

Joan Crawford and Claudette Colbert and Barbara Stanwyck are wise women I mean to say that they know which side of their films the emulsion is on, and why.

Ever acting honors, they're all rivals. Personally they're critical, helpful, friendly. Generally you can find the Misses Colbert and Crawford at the same parties, or spending a free evening together.

Miss Crawford has held out a helpful hand to many a rising actress. Notably Julie Haydon. When Miss Haydon started out, she was handicapped by lack of clothes. Miss Crawford insisted upon providing the money for a wardrobe, on a loan. And, in the Gable-Taylor

Pictured as they left their respective sets to lunch together, this group of film stars represents not only some \$10,000,000 worth of movie talent, but two of the most genuine friendships in Hollywood. The celebrities shown above are, from left to right, Clark Gable, Spencer Tracy, Robert Taylor, William Powell, and Fred MacMurray. Gable and Taylor are also Taylor's Damon and Pythias, Bosom pals, too, are Tracy and Powell.

When Gary Cooper was selected for a picture recently, but found he couldn't accept it for a few weeks, he boosted Fred MacMurray for the part. He said, "Don't mind that picture for me. Fred can do it now and make a swell player in his lines."

Brothers and Pals

The fact that the Marx brothers really are brothers doesn't make their co-operative spirit much less remarkable, because they're still comedians and the average funny-man will guard a gag with his life. But the Marxes will sit around for hours in deepest meditation, and then Chico will exclaim, "Hey! I got a swell piece of business for Harpo!"

# Old West Lives Again For Elks '19er Carnival

Faro, black Jack, chuck-a-luck, craps and keno as well as dancing to music provided by a hardy-burdy are features of the Twin Falls Elks lodge annual "Days of '49" now in progress at the Elks hall where the atmosphere of the old wild and woolly west is recaptured for the yearly charity event.

Tables are set up under a network of Japanese lanterns. Volunteer dealers last evening included Harry Sheehan, Ernest White, Craig Coleman, Frank McAuley, George Thometz, Jack Thorpe, H. G. Lauterbach, Claude Gilman and George Paulson. Cashiers were John Rasmussen and O. P. Davall, who assisted the committee composed of Ernest White, Harry Ball and O. H. Coleman.

The event will continue today and conclude Saturday evening. The public is invited sponsors state.

# Starlings Invade

PORT WORTH, Tex. (AP)—An influx of starlings, tiny birds that for four decades have lived in northern and eastern states, threatens to become a "plague" in north Texas.

During the year just passed, the United States army placed orders for 650 planes; the navy, during the same period, contracted for 400 craft.

# POOR COMPLEXIONS OFTEN TRACED TO CONSTIPATION

An unattractive, sallow skin and dull, lifeless eyes often mean that common constipation has clogged up your system. You feel wretched and listless, may have headaches.

This condition is usually the result of meals low in "bulk." Restore this "bulk" with Kellogg's ALL-BRAN.

Within the body, ALL-BRAN absorbs twice its weight in water, forms a soft mass, gently exercises and cleanses the system. Isn't this cereal way better than taking weakening pills and drugs?

Try Kellogg's ALL-BRAN for a week. If not a satisfactory, your money will be refunded by the Kellogg Company.

Serve ALL-BRAN as a cereal with milk or fruits, or as a recipe. Just eat two tablespoons daily. Three times daily in severe cases. Sold by all grocers. Made and guaranteed by Kellogg in Battle Creek.

# STOP and GO all year round

ROUND TOWN - A OUT OF EVERY 5 MILES YOU DRIVE ARE STOP AND GO

## SUPER-SHELL

Just "starting up" after a normal traffic stop can waste enough gasoline to drive your car a third of a mile.

To reduce the waste of stop and start to "balance" gasoline.

This balancing process completely rearranges the chemical structure of gasoline... makes Super-Shell "digestible" for your motor... just as cooking will make some foods digestible for you.

"Motor-digestible" is the best way to describe this gasoline. Under all stop-and-go driving conditions, you'll find your motor gets the full benefit of Super-Shell's high energy content.

And you get the savings! Super-Shell is on sale from coast to coast. There's a Shell station in your neighborhood.

# Soviet Buys Cattle

NOVORASSISK, U. S. S. R. (AP)—A consignment of pedigree cattle purchased in America has been brought to Novorassisk. The stock is to be sent to collective and state farms.

Washington, D. C., the city without a state, has a greater population than Arizona, Delaware, Idaho, Nevada, New Hampshire, New Mexico, Vermont or Wyoming.

# ACIDY FOODS NEARLY FATAL TO WESTERNER

Gaseous Stomach Almost Smothered Him - Terrible Bloating Pains - Says He Suffered 25 Years, But Now Van-Tage Has Relieved Him!

"I never would have believed there was such a medicine! That is what people all over this section are saying about VAN-TAGE, the Amazing Mixture of Nature's Herbs and Other Splendid Ingredients now being introduced to the local public at the Schramm-Johnson Drug Store, 102 N. Main St. and Kinsbury's Drug Store, 116 Main Ave. S. Day after day.

MR. E. E. SEYMOUR

Widely-known men and women continue to come forward and publicly endorse this Great Compound. For instance just a few days ago, Mr. E. E. Seymour, Route 3, Box 132, Golden, Colo., made the following statement:

Acid Food Turned Sour, Almost Killed Him!

"For the past 25 years I had suffered so much misery I don't see how I ever stood it," said Mr. Seymour. "My food wouldn't digest. When I tried to eat acidic food it almost killed me. I would get bloated up with gas until I thought I was going to smother. My liver was sluggish, bowels irregular, and I started getting rheumatic pains. I had been reading about Van-Tage so I decided to start taking it, and only TWO BOTTLES gave me such wonderful relief that I could hardly BELIEVE IT! Now my food really digests like it should, and doesn't turn to acid and sourness. The gas misery has been relieved. Irregular elimination is now a thing of the past, and the rheumatic pains are practically gone, and I can go to bed and get a good night's sleep. Van-Tage is wonderful and I am glad to recommend it to all."

Over 20,000,000 Bottles Great Formula Sold

The Amazing Formula has been tested by the sale of over 20,000,000 bottles. It has helped thousands of sufferers in THIS VICINITY ALONE, from irregular bowels, inactive liver, gaseous stomach and sluggish kidneys. And—due to the immense volume in which it sells, the price of Van-Tage is reasonable, so get it—TODAY—at the Schramm-Johnson Drug Store, 102 N. Main St. and Kinsbury's Drug Store, 116 Main Ave. S. Adv.

# ARMY VACANCIES OPEN IN HAWAII

### New Recruiting Officer Lists Opportunities For South Idaho Young Men

Army vacancies for infantry and air corps in the Hawaiian Islands were open for enlistment today to Twin Falls and south central Idaho young men.

Corp. James F. Houston, new officer in charge of the U. S. army recruiting service at City hall here, announced the openings and said that enlistment is also available for the air corps at Hamilton field, Calif., and in the eleventh cavalry at the Monterey Presidio.

The openings:

Infantry, Hawaiian Islands, 20 men

Air corps, Hawaiian islands, five.

Air corps, Hamilton field; eleventh infantry, Presidio at Monterey, Calif., and medical corps, Hawaiian Islands.

Corp. Houston was in active charge of the recruiting desk at City hall today after arriving here Monday. His predecessor, Sgt. Roy E. Cook, has left for Fort Douglas, Utah.

### LAW GIVES FROGS FUR

ST. PAUL (AP)—Clarification and revision of the Minnesota game and fish laws was asked following disclosure that a frog is defined as a "fur bearing animal." Under the law "all quadrupeds except deer, moose, or caribou" are fur bearing animals. Thus frogs, rats, mice, salamanders and mud turtles can be classed legally as fur bearers.

# Rupert High School Honors Announced

RUPERT, Feb. 5 (Special)—Honor roll of Rupert high school as released here the latter part of the week from the office of R. D. Armstrong, principal, lists a total of 33 students. Of this total 11 are rated for highest honors, four high honors, and 18 on honors.

# TOWN TAVERN

THIS CURIOUS WORLD

By William Ferguson

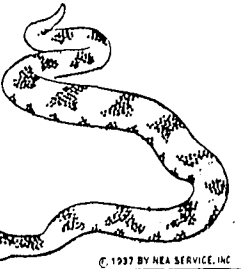

TERMITES MUST HAVE WATER IN ORDER TO LIVE. AND THEY HAVE BEEN KNOWN TO TUNNEL INTO THE EARTH A DISTANCE OF SIXTY-FIVE FEET TO REACH IT!

THERE IS NO HORN IN DEER ANTLERS! THEY ARE COMPOSED OF PURE BONE!

The WORD REPTILE

COMES FROM THE LATIN VERB "REPO," MEANING "TO CRAWL."

The antlers of a deer frequently are mistakenly referred to as "horns." After reaching maturity, the blood circulation in each pair of antlers ceases, and they harden into pure bone...

SIDE GLANCES

### DISPUTE BREAKS WORKERS' RANKS

#### Group Pulls Away to Form Own Unit After Board Revokes Powers

Disputes over policy and beliefs today saw two units of the Workers Alliance formed here, following a closed session meeting at the high school last night at which time several of the original group broke away from the parent organization and formed a separate chapter.

Declaring a state of emergency existed within the order, the original board of directors passed a series of ten resolutions shearing members of the dissenting faction of all power. This action caused sympathizers of the opposition movement to leave the closed meeting in a body and immediately to form another organization and elect officers and a board.

#### New Unit's Officers

Officers of the new unit are Perry Wimmer, president, Dean Custer, vice president, Luke M. Pringle, secretary, and P. O. Morris, organizer.

Named to the board of directors are Clarence Mills, R. B. Merrill, Alex Gessell, James Sorenberg and E. P. Snow. Members of the board of grievances are Fred Brown, A. C. Emery, and George Kinndt. Mr. Morris was also elected reporter for the new group and Elmer Kinndt, director at large.

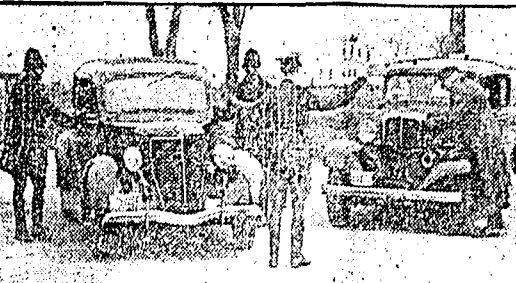

In a statement prepared following the organization, members of the new group said, "Our principles are the principles of the Workers Alliance of America, and we intend to follow the national program and constitution to the letter and are sending to national headquarters for a charter."

#### Ten Resolutions

The 10 resolutions, signed by the members of the board of directors of the parent organization including Harry Gordon, Al Hacker, Bill Teller, Henry Schwab, Hansa Church, Eugene Scott, St. Milton and John Holland, follow:

- 1—Be it resolved that we the board declare a state of emergency to exist within the local.
- 2—No party may hold any elective office within local 39 if that party is not a part-time worker.
- 3—Any member who may bring in a new member to this local may receive a month's dues in the form of a stamp.
- 4—Block committees are not to solicit for aid.
- 5—The board of trustees is to sit in one body to left or right of the chair.
- 6—All open meetings called are to be approved by members of the executive board.
- 7—All block committees are to be members of this local.
- 8—No more handbills are to be

### QUARANTINE CHECKS DISEASE

Menaced by inadequate sanitation systems and contagious dangers arising from the layer of filth left by receding flood waters, Louisville went about the business of rehabilitation under strict quarantine orders. Federal troops, as shown in top photo, prevented the idle curious, and all undesirable from entering the city, while other detachments patrolled whole sections of the city. Meanwhile, below, residents of the west side flooded areas got their groceries from a delivery man who was not permitted to enter homes because of the quarantine restrictions.

printed within or be or in the name of local 39 of this district.

- 9—All monies paid into local 39 are to be paid to the treasurer.
- 10—The election of Luke Pringle is declared void to the extent of secretary, the office to be filled by Joe Cannon, the regularly elected secretary.

### Flood Aid Funds Total \$2,086.36

A total of \$2,086.36 had been raised at 2 p. m. today as this city's contribution toward aiding flood sufferers. Mayor Duncan, Mr. D. Johnston, chairman of the disaster committee of the Twin Falls Red Cross chapter, said.

### SPIRITISM TEST SHOWN TO LIONS

A program on "Spiritism" was presented today at the luncheon meeting of the Lion Club by J. H. Blandford, assisted by J. E. Hill, with whom he demonstrated mental telepathy. Two members of the club were named to attend this evening's meeting called for the purpose of forming an associated welfare committee in Twin Falls.

### UNITED WELFARE MEETING TONIGHT

#### Representatives of Churches And Civic Groups Will Form Organization

Representatives of churches, civic clubs and women's organizations of Twin Falls will gather at probate courtrooms at 8 p. m. tonight for formal organization of a unified welfare group to succeed the dissolved Associated Charities.

The group will formulate a board to coordinate relief activities and to cooperate with the board of county commissioners after similar set-ups have been organized in Buhl, Piler, Kimberly, Hansen and Murtaugh. Action in those communities, it was understood here, is expected to follow the steps to be taken in Twin Falls tonight.

Rev. R. S. Rees, pastor of the Methodist church, and Rev. C. W. Honk will be among speakers at the gathering here. Mayor Duncan, Mr. D. Johnston will preside temporarily until election of officers to head the group.

#### Plan Headquarters

The organization plans to secure a permanent headquarters from which unified handling of commodities, fuel and clothing will be carried out. Temporary headquarters for collection of clothing and foodstuffs are now located in the former offices of the Evening Times, use of which was contributed by the Idaho Times Publishing company after a news story in the Evening Times revealed serious need among many children of the city.

Mayor Johnston this afternoon cited as one example of the type of instant need revealed the fact that an impoverished mother yesterday was found giving birth to a baby in a bare tent home. A doctor was rushed to her and infant's clothing was purchased through private donations.

### Check Charge Nets Term of 30 Days

Lewie Hook, Castleford, was serving a 30-day sentence in county jail here today following conviction and sentence on a check-writing charge before Justice J. C. Gates of Buhl.

### Flood 'Relief'

Inspecting the Ohio and Mississippi flood-ravaged areas. In company with other government officials, Harry L. Hopkins, federal relief administrator, is shown here as he dipped into one of the huge soup kettles in a Memphis refugee camp and prepared to pass out a bit of relief first-hand. Hopkins toured the flood areas to speed up relief and rehabilitation work.

### JURYMEN CALLED

Jurymen of the circuit court of district court have been ordered to report Monday, Feb. 15, it was announced this afternoon through the clerk of the court.

The call includes all those on the panel who have not been excused for the term.

At least one case remains on the criminal calendar after which civil trials will be taken up.

### DELINQUENT TAX DEBTORS WARNED

#### Pay Off Distant Warrants Or Sales Will Result. Over 300 Told

Notice that tax sales are on the horizon unless 1936 personal property roll distant warrants are cleared up immediately was sent out by the sheriff's office here today to more than 300 delinquent taxpayers.

The notices warn those against whom the distant warrants have been issued that if sheriff's officers are forced to call at their residences in a final collection effort, the taxpayers must pay mileage and costs in addition to the tax and penalty. If payment is not made on the final effort, Sheriff E. F. Prater will levy on the property involved, thereby adding more costs.

Many of the distant warrants have been paid off since these were handed over to the sheriff's force last month by the county assessor, Mr. Prater, said.

### Police Move To Clamp Down On Keeping of Cows

City police today announced their intention of strictly enforcing an ordinance which prohibits the keeping of a "bovine animal" within restricted areas of Twin Falls.

Last evening a warrant was issued for the arrest of C. A. Neilson of 235 Quincy street, on charges of "keeping and harboring a bovine animal, namely a cow, within a restricted area within the city of Twin Falls, in violation of the city ordinance."

This morning Police Judge Claude Stewart heard the man plead guilty to the charge, but deferred judgment in the case until a later date in order to give Neilson an opportunity to remove the cow from the city limits.

Officers today intimated that there "might" be several more warrants issued for the arrest of "bovine persons" known to be violating the ordinance, if the animals are not removed from the restricted areas immediately.

### HUSBAND FILES DIVORCE ACTION

Declaring that his wife deserted him in July of 1934, a Buhl husband filed suit for divorce in district court here today.

Cleo Shaddy, Buhl, brought the suit against Mary Shaddy. The couple was wed in Gooding, April 2, 1931, and have a four-year-old daughter. No community property is involved.

Harold L. Yeamans, Buhl, is attorney for the husband.

### TWO WIVES HERE GRANTED DIVORCE

Two Twin Falls wives were granted their matrimonial freedom today in district court decrees issued by Judge J. W. Porter.

Mrs. Clara Schiffman was awarded a divorce from William C. Schiffman. Her attorney was William A. Babcock, Jr.

Mrs. Edna Cogle was granted a decree against Roy Cogle. The petitioner's attorney was E. L. Rayborn.
