OFFICIALS PLAN REMOVAL OF 100 PLANT STRIKERS

SEEK GOVERNOR'S HELP

Attorney Asks Commissioner
For Troops to Aid in
Ejection

By WILLIAM H. LAWRENCE
WAUKEGAN, Ill., Feb. 20 (UP)—
Officials of the Pansteel Metallurgical
corporation told mediators today
that unless "the sheriff or the
governor" clears 100 out of own strikers
out of its plant it will do so itself.

"We are going to clean out the
plants ourselves if the sheriff or the
governor do not act right away,"
Max Swiren, company attorney, told
labor commissioner Martin P. Durkin.

Sheriff L. A. Doolittle, backed by
140 men and a court eviction writ,
failed to move the sit-downers yesterday
in a two-hour battle in which
tear gas bombs and missiles were
exchanged.

"If you can't settle this we'll
demand that the governor call out the
militia and enforce the court order,"
Swiren told Durkin.

The corporation relaxed its stand
against allowing shipments of food
and warm clothing to reach the
strikers. Last night Swiren had
asserted to mediators that passing
of supplies into the occupied plants
"has got to stop or I'll ask Horner
to get troops in here." This morning
two large baker's trays of clothing,
and many bundles of rolls, were
permitted to reach the sit-down
strikers.

Every third 100 special deputy
sheriffs stood guard around the
plant.

Strikers, many bundled in blankets
and heavy sweaters, leaned from
shattered windows—momentaries
of yesterday's battle—and exchanged
banter with friends.

DISPATCH CLAIMS MADRID ISOLATED

Rebel Air Bombardments Cut
Road Communication
To East Coast

HENDAYE, Franco-Spanish Frontier,
Feb. 20 (UP)—Madrid was reported
almost isolated today in uninter-
rupted dispatches that said the
nationalists' air bombardments had
interrupted communications with
the east coast by the Guadalajara
road.

The road winds through Alcala de
Henares, scene of most of the air
bombings, and Guadalajara to the
east by an indirect route. It was
reported jammed with trucks trying
to deliver food and war supplies
to Madrid.

Dispatches from Madrid said the
nationalists were shelling seven
miles of the vital, direct Madrid-
Valencia highway which goes east
by way of Tarancon, the only other
exit from the capital.—Ed

As the Madrid operations reached
a more critical stage, Gen. Fran-
cisco Franco, insurgent commander,
sent his southern army under Gen.
Gonzalo Queipo de Llano, closer to
Almeria, on the Mediterranean
coast, today.

And the nationalists' Aragon army
was started off on its long-awaited
offensive between Teruel and Sarago-
ssa, with a strong attached air
force backing up the infantry ad-
vances.

FIVE KILLED IN MINE EXPLOSION

Blast in Copper Excavation
In California Injures
Several Others

QUINCY, Calif., Feb. 20 (UP)—At
least five men were killed in an
explosion at the Walker mine near
Spring Garden, the Plumas county
corner's office said today.

Coroner John F. Moody, was
called to the mine shortly after
midnight.

A call from the mine, an Anaconda
company operation, said "five
or six men have been killed and
several injured."

Moody went to Spring Garden, 12
miles from Quincy, to board a small
train railroad which is the only
means of access to the mine, one
of the largest copper producers in
California.

The trip from Spring Garden to
the mine over the train takes al-
most two hours.

Ambulances waited at the Spring
Garden end of the line to remove
the injured to hospitals.

You're on the Wrong Track, Senator

The people of Twin Falls county, long hopeful for removal of
the toll on the inter-county bridge spanning Snake river, should
know that for some unaccountable reason our newly appointed
state senator, H. A. DeNeal, is opposing in the legislature,
the measure which would pave the way for the state taking over the
bridge and making it toll free.

In the senate by appointment, as a successor to the late T. Dan
Connor, DeNeal has also inherited a membership on the state
affairs committee. It is in this committee that the bill, already passed
by the house, now rests . . . and perhaps will die if the senator from
Twin Falls county has his way.

Putting all petty prejudices aside, there can be no question but
what the people of south central Idaho would welcome the oppor-
tunity of having the toll removed from this bridge. Senator DeNeal
apparently has been concerning himself with the complaints of a
selfish few rather than the wishes of the people of the county
generally whom he was designated to represent.

If he hasn't taken the time or interest to investigate this matter
thoroughly before turning down his thumbs, we might remind the
senator that, among other things . . .

1) A national highway association is clamoring for proper de-
velopment of U. S. 93 from Mexico to Canada and is demanding that
our bridge toll, among a few other remaining obstacles in Idaho be
done away with so the government can go ahead with federal im-
provement.

2) Because of this toll bridge, federal designation of U. S. 93 now
ends at U. S. 30 from the south and at the airport east of Jerome
from the north, and no federal funds are available for improvement
of this gap because of government policy regarding toll bridges.

3) There is talk of the Union Pacific erecting two more hotels
adjacent to Sun Valley Lodge which already has brought national
recognition to Idaho as a resort state—but nevertheless we continue
to permit our toll bridge to remain a barrier to proper improvement
of the highway which to a great extent will feed this new resort
center from the eastern and western, northern and southern ex-
tremities.

4) With this and other developments in mind, the government
already has promised a 100 per cent grant for a 40-foot hard sur-
faced road linking U. S. 30 from the east at the intersection of
Kimberly road and Blue Lakes direct to the bridge—if and when the
toll is removed!

5) There was never a more logical time to enter into negotiations
for the bridge, for the reason that the bridge company, realizing that
the span is not a paying proposition under its present set-up, is now
undertaking a reorganization.

6) The mill and a half distributors' gasoline tax, proposed in the
bill sponsored by Rep. Dan Cavanagh of Twin Falls county, would
pay a fair price for the bridge within five years, based on recent
gallonage figures for Idaho. And in so doing this small tax would
work a hardship on no one.

If the senator from Twin Falls county will look beyond his nose
he will recognize these and many other reasons why we should do
away with this toll bridge—the only one in Idaho—as quickly as
possible!

His present opposition to a proposal so important in the develop-
ment of south central Idaho and the state generally makes us
question more than ever his qualifications for the job that has been
handed him.

And the people of this territory should waste no time in putting
him right if that is possible.

Action Started To Support Bill For Bridge Deal

Concerted action was launched today in behalf of Rep.
Dan Cavanagh's bill in the legislature, proposing a small
gasoline tax, the proceeds from which would be used in buy-
ing the inter-county bridge over Snake river, north of Twin
Falls, with the state converting it into a toll-free span.

When it was discovered yesterday by Twin Falls Cham-
ber of Commerce representatives in Boise that H. A. DeNeal
of Buhl, newly appointed state senator, was opposing the
measure, scores of telegrams from all parts of the county
were sent to the senator, voicing disapproval of his stand.

DeNeal was appointed to fill the
vacancy in the senate occasioned by
the recent death of the late T. Dan
Connor. Likewise he followed his
predecessor as a member of the sen-
ate state affairs committee, in whose
hands the bill now rests after suc-
cessfully passing the house.

Combined Protest
Civic clubs, public officials, busi-
ness men and individuals generally
joined in their protest to DeNeal
today, calling attention to the great
amount of work that has been done
in trying to get the toll lifted from
the bridge, and the expense to which
various organizations have gone in
seeking to attain this end.

Only recently, it was pointed out,
a committee from the Twin Falls
Chamber of Commerce went to Spo-
kan, Wash. to discuss possible pur-
chase of the bridge with officials of
the bridge company. It was believed
likely by the chamber's board of
directors that owners of the span
might consider a deal of some kind
at present in view of the company's
reorganization plans now un-
der way.

It is very regrettable that one
steps to consider the part this bridge
plays in retarding development of
south central Idaho, the Sawtooth
mountain resort section, and the
state generally," said Mayor Dun-
can McD. Johnson. "If selfish in-
terests should be permitted to stand
in the way of this opportunity.

All Seek Goal
"Everyone who has occasion to
use this road to the north has ex-
pressed the hope many times that
the bridge toll could be removed.
Everyone knows, too, that no good
can come from trying to restrict
traffic for selfish purposes, for sooner
or later modern traffic demands
override such barriers, and in the
meantime necessary development of
the things the county and state
at large are trying to promote is
retarded."

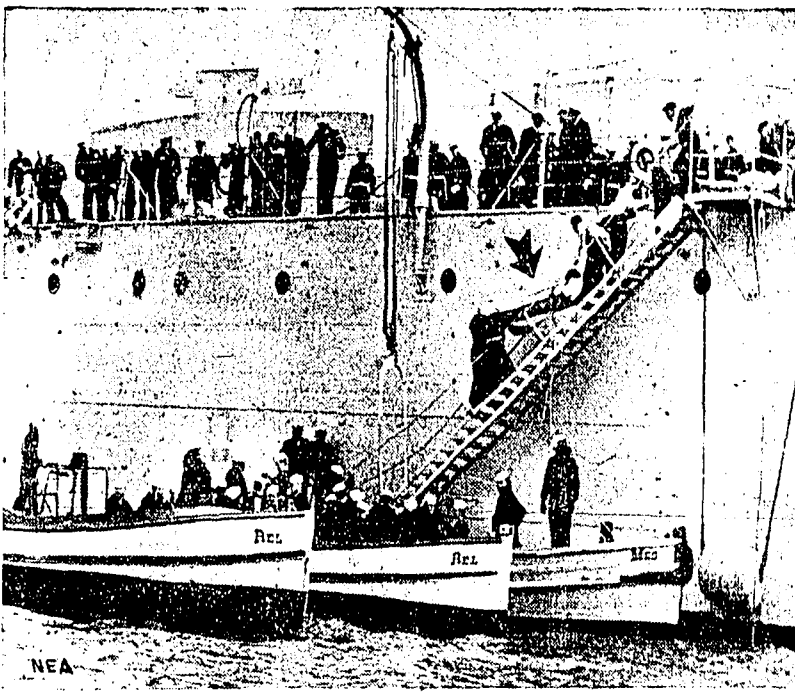

"The mayor expressed the opinion
that perhaps never again will be so
logical a solution to the bridge prob-
lem present itself.

"We have worked for this for
years," he added, "and we should not
stand still and let these efforts go
wasted now."

R. G. Thompson, secretary of the
Chamber of Commerce, was in Boise

One Chance in 158 Billion—4 Perfect Bridge Hands Dealt

ANN ARBOR, Mich., Feb. 20
(UP)—Four perfect bridge hands
—estimated possible only once in
158,000,000,000 deals—nearly sent
four women members of a
monthly bridge club into a faint
last night.

Mrs. Charles A. Verschoor,
Ypsilanti, Mich., who cut the
cards, held 13 clubs. Mrs. Ed-
ward Werk, Ann Arbor, who
dealt, had 13 diamonds. Mrs.
Fred Reed, Birmingham, held 13
hearts, and Mrs. Wayne Atlee,
Plymouth, held 13 spades which
gave her 2,300 points and the

Highway Audit Asked as Solons Hit at Coercion

\$25,000 Allotted to
Finance State Probe

BOISE, Idaho, Feb. 20 (UP)—Attacking once more
alleged "intimidation of the legislature" by the state high-
way department, the Idaho house of representatives today
suspended its rules to force through a bill to audit accounts
of the department for the last three years.

The lower house first jumped on
an attempt to re-commit the measure
to its state affairs committee for
"further study." After lengthy de-
bate a motion by Handy, Minidoka,
to table the re-commitment motion
was overwhelmingly approved.

Then, upon motion of Curtis, Ada,
rules were suspended and the bill,
including a \$25,000 appropriation to
finance the audit, was passed and
sent to the senate. Vote was 54 to
3, with only Sullivan, Adams, Wil-
liams, Madison; Speaker Smith, Cus-
ter, voting "no."

Members fighting attempted
"shelving" of the proposed audit by
intimidation charged officials of the
department with "having something
to cover up."

Department Never Audited
"The department has never been
audited, but it goes on using mil-
lions of dollars year after year,"
declared Harrington, Canyon. "There
must be some reason they don't want
an audit."

Bailey, Nez Perce, argued that
sending the bill back to the state
affairs (of which he is chairman)
was only desired to study the bill
and "determine whether an audit or
investigation be desired."

Republican Leader Lewis, Cassia,
read a letter from State Auditor
Harry C. Parsons, saying that there
had not been a highway audit for
17 years and that an examination of
the books could not be started un-
til a legislative appropriation was
available.

Whittle, Franklin, charged that "a
certain official of the highway de-
partment has determined to see that
no audit is made."

Cavanagh Argues
Cavanagh, Twin Falls, unavailably
argued that "two accountants
hired by the Republican state com-
mittee, who went over the highway
books with a fine-tooth comb prior
to the last general election, could
have found anything there was to
find."

Alleging "discrepancies" in re-
ports as to the number of inmates in
the state soldiers' home, Boise, a
special house committee recom-
mended that the institution's approp-
riation be cut from \$74,040 to \$30,
000. The higher figure has already
passed the house and awaits con-
sideration in the senate.

The committee—Sen. A. B. Bonne-
ville, Coker, Lincoln Republican, At-
kins, Twin Falls—reported that 88
soldiers shown on records of the
institution to have been inmates dur-
ing November, 23 were not in at-
tendance a single day.

The report further stated that of
19 regular paid employees, eight draw
federal pensions; \$10 is paid by the
federal government for each inmate
per month, and that a good per-
centage of the soldiers are trans-
ient.

PRESIDENT CALLS SENATE LEADERS

Plans for Speeding Court
Program Will Be
Considered

WASHINGTON, Feb. 20 (UP)—
President Roosevelt today called two
groups of prominent senators to the
White House to consider means of
speeding consideration of his propo-
sal for reorganizing the federal
judiciary.

The White House did not announce
the senators asked to meet with
the President in the privacy of
the White House proper but it was
revealed that one group would be
senate leaders and the other the
progressive bloc.

It was assumed that Senator Joseph
P. Robinson, D. Ark., majority
leader, Sen. Henry F. Ashurst, D.
Ariz., judiciary committee chairman,
and Sen. Sherman Minton, D. Ind.,
will be included among the senate
leaders who were called for a 5
o'clock session.

The progressive group, scheduled
to meet an hour later probably will
include Sen. Robert L. Follmer, D.
Wis., and Sen. George W. Norris,
Ind., Neb.

President Roosevelt, after resting
over Sunday, will resume judiciary
conferences Monday.

He will meet then with represen-
tatives of the American Farm Bur-
eau Federation and Secretary of
Agriculture Henry A. Wallace will
be in the group.

Clark Plans Veto
On Interest Bill
BOISE, Idaho, Feb. 20 (UP)—Gov.
Barzillai W. Clark today said he
would veto legislative enactments
making it unnecessary for banks to
pay interest on public deposits.

"In the past these accounts have
been considered highly desirable,"
the governor said. Sponsors of the
bills explained at the time of their
passage that federal reserve rules
soon will prevent member banks
from paying interest on such ac-
counts.

TRIO SENTENCED, APPEAL VERDICT

Woman Gets 5-10 Years and
Two Men 5-15; Will Take
Case Higher

A woman received a five to 10
year penitentiary sentence in dis-
trict court today after conviction
of robbery and two men, found
guilty of the same charge, were
ordered to serve five to 15 year terms.
The trio immediately filed notice
of appeal to the Idaho supreme
court and were remanded to coun-
ty jail here.

Those sentenced by Judge J. W.
Porter were Marjorie Bess, 20, Wil-
liam Rector, 26, and Oscar Bradley,
30.

Rector was admitted to \$3,500
bail by Judge Porter and his bonds-
men were attempting to raise the
sum this afternoon.

All three were found guilty by a
district jury Wednesday night on
charges of robbing G. A. Mc-
Dowell, Twin Falls, of \$38 last Jan.
1.

The notice of appeal to the su-
preme court filed by Defense At-
torney W. L. Dinn, listed four
grounds of error. It claimed error
in instructions and refusal to give
instructions asked by the defend-
ents, error in admission of
material testimony over objection
of defendants, flawed evidence was
admitted, and asserted the verdict
was contrary to law and the evi-
dence, and in disregard of the in-
structions given by the court."

U. S. GOVERNMENT COST INCREASES

Expenses Run Higher This
Year Than Last Year,
Report Shows

WASHINGTON, Feb. 20 (UP)—The
cost of running the ordinary busi-
ness of the federal government is
greater this year than last, treasury
bulletin sheets showed today.

Treasury officials pointed out it
was necessary to expand regular
governmental activities as well as
special recovery and relief work in
the effort to restore economic sta-
bility.

They also stressed that estimated
government income this year will
nearly meet expenses, \$5,828,750,710,
or \$1,712,-
494,104 more than in the previous
year, and the deficit will total an es-
timated \$2,652,853,774 as compared
to \$4,763,341,642 in the 1936 fiscal
year.

So far in the current fiscal year
the amount spent by the govern-
ment for all purposes was \$4,500,-
024,905, or \$6,000,000 less than in
the corresponding 1936 period.

Local Airport Bill On Way to Senate

BOISE, Ida., Feb. 20 (UP)—Propo-
sed to allow the state land board
to lease 400 acres of state-owned
land for an airport at Twin Falls
today was on its way to senate con-
sideration.

The bill explained that the land
was part of a tract adjacent to and
necessary for a new landing field
being constructed with WPA labor.
Vote was 47 to 8.

CHANGE ORDERED FOR NAVY CHIEFS

23 Admirals, Vice Admirals
And Rear Admirals
Get New Posts

WASHINGTON, Feb. 20 (UP)—
The navy department today ordered
a shake-up of practically all high
commands simultaneously with con-
vening of a board of inquiry to in-
vestigate one of the most serious in-
cidents in recent years aboard an
American battleship.

Shifts and transfers in the com-
mands of 23 admirals, vice-admirals
and rear admirals were ordered at
the same time a board was summoned
to determine the cause of an explosion
aboard the demilitarized battleship
Wyoming, which took seven lives.

Actually the two actions had no
relationship, but the shifts in com-
mand represented the ideas of Ad-
miral William D. Leahy, newly in-
stalled chief of the bureau of naval
operations and highest ranking of-
ficer in the navy uniformed service.

It was considered significant that
three of the highest commands in
the U. S. fleet were not changed.
Admiral Arthur J. Heppburn will
continue as commander-in-chief of
the U. S. fleet. Admiral Harry F.
Yarnall will remain as commander-
in-chief of the Asiatic fleet, and Ad-
miral Claude C. Block will retain
command of the battle force of the
U. S. fleet.

COLUMBUS, Ohio, Feb. 20

ciation at Ohio state univer-
sity today urged each stu-
dent to "bumble" cigarettes; re-

pus or street; deposit ashes in
ash trays only; refrain from
smoking in buildings with wood-
en floors; make certain that the
fire of discarded cigarettes is
extinguished.

ACTION LAUNCHED FOR BRIDGE BILL

Protests Sent to Boise as DeNeal Opposes Measure on Canyon Span

(Continued From Page One) today and R. P. Parry, member of the committee which recently went to Spokane as a representative of the chamber, was expected to leave for Boise this afternoon. R. S. Tomflemore, another member of the committee, returned from Boise last evening.

State Criticized
Meantime it was recalled by civic leaders how a delegation of road boosters from U. S. 93 criticized the site of Idaho last summer when they visited Twin Falls. Here for the purpose of promoting U. S. 93 as an improved north and south highway across the United States, the delegation made up largely of enthusiasts from California and Nevada, pointed out the toll bridge stood in the way of such development, particularly because the government would not spend federal money for such improvements on approaches to the bridge.

In this connection Mayor Johnson pointed out that it is unfair to expect that taxpayers of this vicinity to penalize themselves by paying for improvement of the road to aid from the bridge, when it is an improvement that is important not only to the state, but the western country generally.

Late this afternoon it was indicated in telephonic communications with local chamber representatives in Boise that Senator DeNeal was reconsidering his stand on the measure, and hope was expressed that he would interest himself to the extent of seeing the bill through both houses if possible.

JURY DEADLOCKS OVER CIVIL SUIT

Judge Dismisses Panel After 24-Hour Deliberations Not No Verdict

Deadlocked after 24 hours of deliberation over a \$2,600 commission claim in a real estate transaction, a district court jury was dismissed by Judge J. W. Porter today.

The jury informed the judge it was unable to reach a verdict in the suit brought by H. B. Shepherd, Idaho Falls realtor, against C. T. Hampton, Twin Falls jurymen were discharged for the term.

The deadlock, resulting in the first "hung jury" in a civil case here in well over four years, found the jurors divided evenly, it was reported unofficially. The case will be re-tried, probably at the next session.

Trial of the final civil case on the calendar saw presentation of witnesses today, including both the plaintiff, William M. Whittington, and the defendant, Frank L. Stephan. Also appearing on the stand for the plaintiff was Theodore Rangen. Testifying for the defense before the mid-day recess were Rangen and F. W. Harder.

The suit involves pro division on a farm owned by Mr. Stephan.

Sportraits

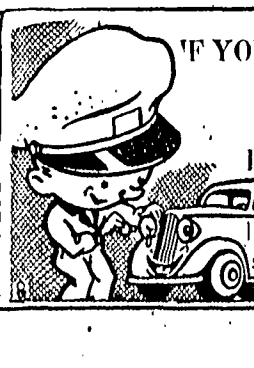

On fence; Sammy Baugh doesn't know whether to play professional football and baseball, coach the Texas Christian freshmen, or go to Hobbs, N. M., high school as coach. The Horned Frogs All-America passing and kicking back, 10-gallon hat and all, was photographed in Washington, where he discussed a contract with that club of the National League of Professional Football clubs.

One down: With the aid of a portable stool, Charles S. Gilbert of Hutchinson, Kas., gets in his daily round of golf at Miami, Fla., despite his 72 years and arthritis in one leg.

Learns quickly: Although Eddie Morgan, no relation to the erstwhile American league first baseman, has yet to win major spurs, the 22-year-old outfielder is a Brooklyn holdout. The former Cleveland sandlotter was purchased from the St. Louis Cardinals. He hit .299 in 118 games for Columbus before breaking his ankle early last September.

BOBCATS SPRING PIRATE SURPRISE

Burley Defeats Favored Foes From Rupert by Taking 19-15 Tilt

BURLEY, Feb. 20 (Special)—The favored Rupert Pirates invaded the local basketball floor last night and were humbled by the Burley high school quintet, 19 to 15, in an upset encounter.

The surprise win virtually clinched a berth for Burley in the district tournament.

Rupert faltered in the last quarter to lose after holding a 9-11 lead at the period started. Burley had tied the count at 8-8 at the half, after trailing at the end of the initial frame, 2 to 5.

Seven points enabled Kirk flush of Rupert to be high scorer while close on his heels was Shockey of Burley with six. Previous to this game the Rupert quint had been beaten only by the Oakley hornets.

Burley frosh downed the Rupert youngsters 24 to 14 after Rupert led 7 to 6 at half time in a preliminary contest.

WENDELL UPSETS FILER'S WILDCATS

Trojans, Fighting for Entry To Tourney, Extend Win Streak by 27-24

Wendell's quintet, kicked about considerably in early season, came from behind in the second quarter to annex a two-point lead at the half. The Trojans stretched this to a bare three points as the fourth period opened, and managed to re-tie that edge despite Filer's scoring thrusts in the final stanza.

Don Requa, with 11 points, and Barrett, with 10, were big guns for Wendell. Darrington and Harsh-barger had six each for Filer, and Jackson five.

The lineups and scoring: Filer—Jackson (5), and Ramsey (1), forwards; Harshbarger (6), center; Darrington (6) and Miller, guards. Substitutions: Gentry (3), Harding (2), Gillian (1).

Steele Retains Title In Battle With Risko

NEW YORK, Feb. 20 (U.P.)—Fred Babe's face throughout, was unable to catch up with the Syracuse batter long enough to inflict any telling blows.

Risko, who lost a 10-round non-title decision to Freddie in Nov., 1935, in Seattle and then blew the title last year, was a heavy loser last night. Steele had been guaranteed \$25,000 by Risko—the same as Babe demanded when he lost his title.

Loses Money But in the Seattle fight the gate was \$67,435.50, whereas last night only 11,661 persons contributed \$17,802.23. The agreement called for Risko to take 60 per cent of the net gate—estimated at around \$15,000—and pay Steele \$25,000. On those terms, Risko will have to dip into his bank account in addition to fighting for nothing.

Steele, according to the United Press score-sheet, won nine rounds; Risko five and one was even.

Steele weighed 157 and Risko 158. In the semi-final, Tiger Jack Fox, 174½, of Spokane, Wash., a Negro, scored a technical knockout over Elton (Tex.) Erwin, 167, Houston, after 29 seconds of the second round of a scheduled six.

DIZZY DOINGS MAKE US WONDER

It is impossible to read the newspapers these days without having dreadful moments of fear that the world is fast going completely insane.

Two little news items hit the eye on the same day, recently. They came from opposite sides of the Atlantic and they had nothing whatever in common—except that they mirrored a human society which, in at least some of its aspects, seems to need nothing so much as a quick trip to the boobyhatch.

The first one came from New York, as do so many items. It told about five boys who left their homes to move in on a night club, remaining there in defiance of their parents and of the night club manager, basking gleefully in the attentions, which chorus girls and befuddled patrons showered on them, and remarking, "Boy! What a party!"

These lads, it seems, came from good families. Their parents were the sort whom the newspapers describe as "socially prominent," whatever that may mean.

And the spectacle which the youngsters made of themselves—sending home for pajamas, sleeping in the club, hiding in the chorines' dressing rooms when irate parents came to hale them forth, luxuriating in the limelight which the tabloids promptly threw upon them, reeling into the bar to sing their college songs (most amazing of all, they actually had gone to college)—all this, to repeat, was enough to make one fall on his knees and pray for another deluge.

Now the other item was much less sensational. It came from London, and it read thus:

"Hundreds of women will wear gas masks at an 'at home' to be given on Friday by Mrs. G. Farquharson, mayoress of Wimbledon, a London suburb, to interest women in air defense. The government is co-operating by lending respirators and a lecturer. Tea and cakes will be served before the masks are donned."

When you stop to think, you can see that these two stories do have something in common in spite of their apparent dissimilarity. Neither one could conceivably have arisen in a world that was not more or less punch-drunk and out of its head.

And if the five youthful New York night-clubbers, reflect youth at its dizziest and most insane, it can only be said that the gas-masked London tea party reflects an adult world that is simply groveling stupidly in the face of approaching catastrophe.

In a world whose grown-ups can offer to the menace of coming war nothing better than the defense of 300 women lifting their gas masks to sip tea and listen to a lecturer from the chemical warfare department, it is hard to blame wet-nosed youngsters over-much for their own follies.

The world really isn't quite so insane as these two stories seem to indicate. But there are moments when the day's news is mortal hard to read.

TITLES

The other day a Laborite asked Prime Minister Stanley Baldwin to recommend a halt in granting British titles, pointing out that the practice was out of place in a democratic age. Mr. Baldwin refused. "Experience shows that the more democratic the country, the longer the honors list," he said.

While the prime minister's contention may not be strictly accurate, it does stress again the odd fact that democracy cannot erase man's fondness for titles, however tinselly they may be.

Though he be a firm believer in the equality of man, and a scornful critic of royal sham, what democratic citizen doesn't thrill to the newly acquired title, of say, "Grand Sachem" or "Fifth Vice President." It would, in fact, be hard to heave a brick nowadays without hitting a Kentucky Colonel. Or so it would seem, from the number who have aspired to and been granted that honor.

BOUQUET FOR GOVERNOR

Whatever else may be said about the General Motors strike settlement, it must at least be admitted that Michigan's Gov. Frank Murphy has stamped himself as a broad-gauge, constructive office holder who really deserves the much-abused title, statesman.

Governor Murphy was not in the most enviable spot in the world when the strike broke. He was new in his high office. The temptation to dodge, to slide out from under and let the federal government handle it, to take refuge behind platitudes and avoid the risk of burning his fingers on an uncommonly hot potato, must have been tremendous. A small man would unquestionably have given way to it.

But not Governor Murphy. He had the idea that this dispute could be settled peaceably, on a basis reasonably satisfactory to both sides, around the council table. In the end, it was so settled; and Governor Murphy deserves a great deal of credit for the fact.

POT SHOTS

WITH The Gentleman in the Third Row

WE CAN IMAGINE IT'S ENTERTAINING!

Hey, Pot Shots: Have you seen "The Bull-ctin," which our noble friends, the Elks, have published for the big shindig? Heh, heh. Now if Pot Shots printed a few things like THAT, you'd either be boarding a couple of years at the state expense or you'd have so many readers the Eveshimes would have to expand to accommodate Pot Shots!

—The Tubby Elk

THEY KNOW HOW AND SHE DIDN'T!

Pot Shots: I see among the small items buried away at the bottom of a lot of other newspaper hooey, an article to the effect that an unmarried English lady left \$75,000 to the Royal Canadian Mounted.

None of her relatives seemed to know why she made such a peculiar bequest.

It's my opinion, which I'll donate to you free of charge, that she admired the mounties for their ability to get their man.

—Bachelor Ben

"SASS" FOR THE GOOSE

Dear Patsy Wotey: You can give me the modern girl with her shorts and pajamas too.

Who cares if she gets out and rumps and plays I'm sure I don't, do you?

What if she wants to take a smoke and wants a little drink. What if she follows a man to the end of the world then kicks him over the brink?

Why worry, she's all right. If you'll only turn her loose—What's "sass" for Mr. Gander should be "sass" for Mr. Goose.

—Ima Wondering

POT SHOTS. ALWAYS alert to his civic duty, extends a hearty welcome to this here army of Utah and Idaho Elks invading our fair community Sunday and Monday—but we've got a request to make.

All we ask is that at least half the town is still here after the smoke clears away. We've gotta have something as a nucleus for reconstruction, you know.

YOU HAVE IDEAS BUT NOT TOO MANY RIMES: Dear Pot Shots: I'm not a writer, if you must know.

But your little column interests me so that I must have my little say about the women of today.

They're not deceived, as the women of yore that they must stay domestic for it is only a man's world and they must sit with thumbs twirled.

They don't stay home to grow old and lined while the men enjoy a merry time. They have careers and use their brains.

Now don't you think they're smarter dames? —S. M. W.

SO THIS IS WHERE HE GOT THE IDEA! Pot Shots: It seems that the President's idea of retiring the supreme court justices at 70 with or without their consent isn't original.

At State college, Pa. they saw down the maple trees, when they reach the age of 70 years. Also similar to the President's idea, they are not to be replaced with the same type of tree. The new trees are to be elms.

There's some kind of a moral in this if you can find it. —Hilbut

THEY PREDICT AN ARMY OF JUDGES! Pot Shots: All this excitement over the President's court revamping proposals gives me a pain in the er, uh, in the neck.

To hear the alarmists prattle, you'd think we soon won't be able to turn around without bumping into Kentucky colonel or a supreme court justice. —Politico

JUST A CHIKESKY KIND OF A THIEF! Pot Shots: You've heard guys declaiming the old remark, "Am I a man or am I a mouse?"

Well, here's a case where the remark really fits. A burglar down at Oroville, Calif., has a habit of stealing nothing except cheese. And police are debating whether or not he's man or mouse. —Mouae

FAMOUS LAST LINE "... Hunt for cover—the Elks are coming!" THE GENTLEMAN IN THE THIRD ROW

CONFIDENTIAL REPORT

CRIME FILE ON BOLITHO BLANE

BEGIN HERE TODAY Boarding CAHLOTH ROCKSAVAGE yacht, GOLDEN GULL, of Miami, to investigate the disappearance of BOLITHO BLANE, British seaman and IGHKAVY, agela chief competitor in ocean trade, Detroit. (Mr. KETTERING adds strange marks on Blane's cabin carpet and blood on the curtain.) Kettering examines all passengers including NICHOLAS STODART, Blane's secretary; Rocksavage and his daughter FERRELL; LADY WELTER; REGINALD and MISS JOCELYN; Lady Welter's daughter and son-in-law; the BISHOP of RUDE; COUNT LEICIG POSODINI and INOSUKU HAYASHI.

Kettering finds in preliminary interviews that Rocksavage sought a merger with Blane to save their companies; that Lady Welter is heavily interested; that Hayashi, Japanese agent, sought desperately to sell either Blane or Rocksavage, a huge soap monopoly; that Posodini is an ex-convict; that the Bishop was involved in an unavailing army scandal; that Rocksavage's former partner died mysteriously in his office. Later, Stodart details to Kettering his life as secretary to Blane.

MR. JOCELYN: As dependent of Lady Welter her motive is considerably strengthened by the facts about her financial situation which have now emerged. From the report of his activities preliminary to his marriage, with Lady Welter's daughter it is obvious that he is something of an adventurer and, since he was frequently written, probably unscrupulous where money is concerned. Moreover, he is responsible for having introduced into the party a known criminal, "Slick" Daniels, alias Count Posodini.

MR. ROCKSAVAGE: Strong motive to do away with Blane, as pointed out in previous analysis. This becoming even stronger on confirmation of the precarious situation of his companies. THE BISHOP OF RUDE: Nil, as far as is known at the moment, but his possession of a letter from Blane mailed from New York on the 5th shows his acquaintance with the murdered man to be far stronger than he would have us believe in his first statement. This letter lays stress upon the friendship existing between the two that it reads to me much more like a threat by Blane that, whatever might occur on the yacht, the Bishop had better keep his mouth shut.

MR. POSODINI: Nil, as far as is known at the moment, but the count is now identified as the ex-convict "Slick" Daniels, so I hope to be able to make him talk, as there must be some special reason for Reginald Jocelyn having asked him on board, when he was quite unknown to any other member of the party.

MR. HAYASHI: Nil, as far as is known at the moment, but the fact that he wrote to Blane, asking for an appointment, brings him much more strongly under suspicion. If it can be proved that he visited Blane's cabin between 7:45 and 8:15, when he appeared in the lounge, it will look very much as though he is our man.

MR. STODART: Nil, as far as is known at the moment, but the fact that he wrote to Blane, asking for an appointment, brings him much more strongly under suspicion. If it can be proved that he visited Blane's cabin between 7:45 and 8:15, when he appeared in the lounge, it will look very much as though he is our man.

MR. WELTER: Motive in her case, which was weak in our first analysis, is considerably strengthened by the cable from Scotland Yard, in which it appears that she has been expending a portion of her fortune for numerous years in supporting a non-commercial group of papers. Further, that she lost a considerable portion of her capital in the Hatry crash, and is now principally dependent upon her holdings in the Rocksavage companies.

MR. JOCELYN: Nil, as far as is known at the moment, but the fact that he wrote to Blane, asking for an appointment, brings him much more strongly under suspicion. If it can be proved that he visited Blane's cabin between 7:45 and 8:15, when he appeared in the lounge, it will look very much as though he is our man.

STALLING WASHINGTON, Feb. 20—Most of those congressmen who have been dodging a public stand on President Roosevelt's court reshuffle seem to be secretly against it. At least they are causing it privately. Even a leader in the house and an intimate of the administration in the senate, as well as dozens of others in both houses, are hinting around to their pals that they will come out openly against it at the proper time.

It is obvious that, if a secret vote were taken, the program could be defeated by a majority in both houses; it is also obvious that a good many of the boys do not want to vote today and some are hopeful that the proper time will never arrive. It is likewise true that, if Mr. E. can lead many of these wheel-horses to water, he can make them drink.

What this peculiar situation means is: (a) Mr. Roosevelt has been defeated in the first skirmish; (b) congress is stalling and squirming for a compromise; (c) the real issue is likely to remain in doubt until the country has been fully canvassed for sentiment.

LINE-UP The squirmers are the ones who are planting most of the compromise proposals. Their best effort so far has been the one that Mr. Roosevelt should take only two more justices on the supreme court instead of six. They very well know that such a "compromise" amounts to a surrender by the President.

INVITATION The basis for the rumors that the justices are likely to solve the situation by retiring is not easily traced. Chairman Summers of the house judiciary committee has been publicly implying that he has some very secret information on the subject. His colleagues suspect him of giving his information too much weight. It helps his retirement bill, which has now passed the house.

SELF-INSULT Many a southerner here stiffened when news leaked that Mr. Roosevelt's farm tenancy report invited southern states to observe the constitution. The line it contained about the denial of the right of free assemblage to share-croppers sounded to them like a familiar left wing campaign speech.

What's Doing at SUN VALLEY (By Evening Times Special Correspondent)

NELSON ROCKEFELLER TRIES WINTER SPORTS AT VALLEY

SUN VALLEY, Feb. 20 (Special)—None other than Nelson Rockefeller, grandson of the famous financier, is now taking up space in our humble hostelry. He arrived here from New York City.

Graham Hobbs has returned from the national figure skating competition held in Chicago, the last week, and according to Graham, all of the Windy City together with outlying suburbs is keenly interested and very curious about Sun Valley and all that it has to offer. Half of his time was spent in answering questions—the other half was taken up by sleeping and eating. But it is great seeing Mrs. Hobbs' little boy back here on our own rink, doing his graceful dances.

Wesley Ruggles, director of "Meet Him in Paris," won a Jack-pot on the quarter machine, and then spilled the whole thing on the lobby floor as he was carrying it to the cashier's office to convert it into bills. . . . Immediately something happened that leads us to believe perhaps these movie people aren't paid so well after all. No sooner had the quarters hit the floor than all the sundry present of the Paramount gang were down on "all-fours" in their best bibs and tuckers, picking up the two-bit pieces and stuffing them into their pockets. Ruggles didn't have a chance, and he finally had to moan for them to at least cover the 50 cents he had originally invested in the slot-machine, so they all chipped in and finally made up 45 cents in nickels and dimes. Stretched and flattened out under all this melée, was lovely Mona Barrie, cinematic queen of

English birth and American stardom, arrived from Hollywood just this morning for a bit of exercise on a pair of boards known as skis. . . . Billy Edwards, Paramount publicity man, has been a bit under the weather for the last few days, but it getting back to his old condition of abnormality now. When he is up to par, he can pun anybody out of the place, as he himself modestly admits. And some of his witticisms belie his cherubic countenance, which really looks about as sinister as a bird's eye-view of a dish of ice cream. . . . J. Lindsay Dexter of Boston holds the present record for the longest stay at Sun Valley. Arriving here the day after the opening, he has again foregone the idea of departure, and now plans to remain until March 1. Sarah Appleby and Virginia Pratt of Kalamazoo, Mich., and Marion Musser of Muscatine, Iowa, three of the most charming young ladies that have ever graced these parts, are runner-up for the record. They have just left after having been here since the day of the opening. . . . Who was it that was working back in late December and early January if there was ever any decent snow in Idaho? We wonder that now they are wondering when it gets up. However, the recent intermittent storms have done much to make ideal snow conditions last here indefinitely. This and the fact that advance reservations continue to pour in, has prompted Sun Valley officials to announce an extension of the skiing season until April 15, and perhaps longer.

Your Children By Olive Roberts Barton

"Look at me," thundered Mr. Brown. "And no tricks now. 'Were you on High street, or weren't you?'" Jim was just about to say that he had coasted down High street twice before he sought the safer lane. But his father's voice and manner sent his last ounce of courage out through his fingers.

The boy gulped and looked at his father's face. "N—no, sir." "But you were with Timothy, and Timothy was hurt on High street." "I left him." "I know you did. But what I'm trying to get at," boomed Mr. Brown, "is when you left him. You have orders to stay away from that hill." "Yes, sir, I know."

"What is more important to me than anything else, James, is your honesty." Mr. Brown laid a heavy hand on Jim's shoulder. "I can stand for a bit of disobedience, but I can't stand a quibbling coward. I fired Jenks last week for giving me the wrong answer."

Mr. Brown dared to interrupt. "Tom, would you have dismissed Jerry Jenks if he had given you the right answer?" "H—hm, well, yes. I would. He'd been soldiering. Were you on High street?"

St. Augustine, Fla., Feb. 20 (Special)—Owen D. Young, one of America's richest and most famous industrialists, will marry Mrs. Louise Clark of New York and St. Augustine, this afternoon.

Young is 62 years old. His bride was said by friends to be "very attractive" and about 30 years old.

High School News

Girl Reserves have been asked to participate in the Founders' day program of the Parent-Teacher association to be held next Thursday night. The following girls have been chosen to present talks on words which will spell out the word Founders: "Faith," Margaret Dougherty; "Oneness of Purpose," Esther Toller; "Understanding," Virginia Chase; "National Congress," Nelita Wegner; "Dedication," Frances Graham; "Education," Katherine Johnson; "Recreation," Margaret Jones; "Service," Esther Nicholson.

Music club members yesterday presented the program for the regular weekly high school assembly. Paul Wright, president of the club, introduced the program. Mixed choruses, under the direction of Lloyd Thompson, sang "The Heavens Resound," "Stars of the Summer Night," and "A Candle, A Candle." The stringed quartet, with J. T. Zahbridge as conductor, presented "Allegro from Mozart's Serenade," and "Minuet in G."

Don Petzold, accompanied on the piano by Helen Slack, sang "A Little Cottage on a Hill," and "Make Believe." Girls' chorus sang two numbers, "Lullaby," and "The Land of Nod," which was followed by a piano duet played by Doris Leighton and Doris Wohlhab entitled, "Dance of the Honeycombs." Arthur Valtion, accompanied by Ann Peavy then played two flute solos. The musical part of the assembly was brought to a close by the chorus singing "In the Time of Roses," and "Climb Up Ye Chittim, Climb Up."

The afternoon's assembly program was closed by a short pep meeting in preparation for the basketball game last night.

Following appointment of committees for the semester, the junior high school student body council in its meeting yesterday afternoon discussed plans for a benefit Red Cross assembly. All proceeds derived from the entertainment will be used for defective eyesight correction for junior high students.

Tentative schedule for the program includes a comedy basketball game between a picked boys' team and a junior high faculty team. Division all-star captainball teams will contest for another point in the school contest, with Miss Margaret Egbert as director. It is probable that the program will boast a tumbling exhibition, presented by Lawrence Lundin's team selected from physical education classes.

RUPERT, Feb. 20 (Special)—Plans are going ahead rapidly for the state public speaking contest of the Future Farmers of America to be staged in the I. O. O. F. hall here Saturday evening, Feb. 27. The contest is being given as a feature of Mililoka county Pomona Grange.

It is expected that at least a half-dozen contestants will enter the meet, although the program will not be completed until the middle of next week. Considerable talent was discovered at district elimination contests held a couple of weeks ago. Rupert was not represented in the district meets and neither will it have an entry in the state contest.

Kirk Rush, district president of PFA, and member of the local chapter, is expected to serve as chairman at the contest Saturday.

JEROME GIVES \$600 JEROME, Feb. 20 (Special)—Donations to the fund of the local Red Cross chapter for flood relief has reached the total of \$604.16, all but \$2. of which has been forwarded to national headquarters of the Red Cross at San Francisco, according to a late report. THE INSCRIPTION ON HIS GRAVE STONE SHOULD HAVE READ, "ORARE BEN JONSON," MEANING, "PRAY FOR BEN JONSON," BUT THE STONE-CUTTER MADE A MISTAKE AND CHISELED IT "O RARE BEN JONSON."

TAME MICE ARE BRED IN MORE THAN TWENTY-ONE DIFFERENT SHADES.

To describe an object as "mouse color" is being very vague, for with the modern trend in mouse breeding, fanciers now produce these animals in colors ranging from the original browns and blacks, to whites, blues, creams, lilacs, plums, silvers, variegated etc.

REPUBLICANS HIT FUNDS MEASURE

Bill For Planning Group Forced Into Committee For Amendment

BOISE, Idaho, Feb. 20 (U.P.)—A long-threatened senate attack on increased appropriations was under way today—coincidentally with the assumption of Republican leadership against the \$39,000 for operation of the planning organization during 1937-38, was forced into committee of the whole for amendment after Gene Anderson, Elmore county Republican, had leveled a one-man barrage against the large increase asked over the \$25,000 allotted the board for the last biennium.

Also placed in jeopardy by the senate's action were appropriations for the department of public investments and state historical society, requested in the same bill with the proposal for planning board funds.

"Book in Black"

Reading from a "book draped in black"—biennial report of the board, which happened to be bound in a black cover—Anderson charged information compiled by the organization as "generally some of it compiled in Idaho 30 years ago."

No senator rose from his seat to answer the Republican orator, who on Feb. 1 introduced a bill to abolish entirely the state planning board. His bill was sent to the state affairs committee where it has lain ever since.

Vote Explained

With consideration of a series of appropriations bills in the senate, a small bloc—one Republican, three Democrats—voted "no" in most cases. Explaining his negative votes, Reynolds, Camas Democrat, said: "As long as we have people working on relief, I don't feel I could vote to increase salaries of state employees in the higher brackets."

Only appropriation to pass unamended was that of the state bar commission, supported from fees and requiring no general funds of the state. Appropriations approved took care of the needs of the industrial accident board; Grand Army of the Republic, veterans welfare commission, and most major elective officials of the state.

Along with Reynolds, conscientious objectors to the increased expenditures were Denman, Bonneville, Just, Bingham, both Democrats, and Gillette, Teton, Republican.

A three per cent discount for prompt payment of taxes and also a reduction of interest on delinquent payments from 10 to six per cent were approved by the senators. A similar bill was passed in 1935 but was vetoed by Governor Ross.

Two previous bills this session which would have reduced interest to six per cent but without asking the accompanying discount were killed in the upper house.

Memorial Tabled

Tabled without comment was a house memorial, proposing to request congress to submit a constitutional amendment to require a nationwide referendum before a declaration of war.

Bills originated in the house were passed and sent to the governor proposing to permit land owners in an irrigation district to examine books of the district; appropriate \$6,000 for relief of unmarried, indigent mothers. A house proposal to appropriate \$2,500 for printing water laws of the state was killed.

Of its own bills, the senate passed measures to repeal charges for inspection of weights, measures and scales; regulate the sale of untested; allow a slight increase in minimum benefits for total disability cases under the workmen's compensation law after 400 weeks payments; authorize the state to lease lands containing oil or gas.

THEATERS

Zane Grey Film Jones at Roxy

Sizzling with fast action, crackling with excitement and replete with romance and comedy, Harold Bell Wright's "Secret Valley," starring Richard Arlen, begins tomorrow at the Idaho theater. The supporting cast includes Virginia Grey, Jack Mulhall, and Norman Willis. Completing the program is a Pete Smith sport novelty, color cartoon, comedy, and news. Showing for the last times today at the Idaho theater is Virginia Weidler in "Girl of the Ozarks."

Buck Jones can, and does, ride horses and autos in "Ride 'Em Cowboy" at Uncle Joe-K's Roxy today. It's a fast and furious laugh picture.

"Lloyds of London" On Orpheum Screen

Against the turbulent canvas of adventure and intrigue which forms the pulse-stirring background of "Lloyds of London," the picture that has startled two continents and which opens tomorrow at the Orpheum theater, there stands out one of the great love stories of all time, when fierce courage and vengeful fury fought to the death for a love that flamed while the fate of an empire hung in the balance.

When Freddie Bartholomew, as young Jonathan Blake, and Douglas Scott, as the youthful Horatio Nelson discover a plot to scuttle a ship and collect the insurance from Lloyds, the boyhood friends determine to warn "Mr. Lloyd" of the plot. At the last moment, Horatio's uncle takes him off to sea, and Freddie sets out alone on the hundred-mile walk to London.

The young lad's courage so impresses Sir Guy Standing, head of the syndicate, that he rewards the boy by taking him into the business, where every year Jonathan grows in stature and reputation.

Through these eventful years, Jonathan Blake, now played by Tyrone Power, has grown along with Lloyds. A secret mission to France brings a meeting with Madeleine Carrol, a stormy sea-swept voyage back to England, during which they discover their love for each other, and a crushing blow for Jonathan's new-found hopes when he learns that she is already married to Lord Stacy, his avowed enemy.

To protect Admiral Nelson and keep the integrity of his fleet, and ultimately to save the British Empire, he risks everything—his position, the woman he loves, even making himself liable to charges of treason.

Survey Reveals Various Opinions on Annexation

Residents of Affected Area Take Stand For and Against

An impartial survey conducted today by the Evening Times discloses a variety of answers as to why or why not residents in the 180-acre section which it is planned to make a part of Twin Falls, are for or against the move.

The survey was made by telephone and, in most cases, the first reason the person gave is the one appearing after his name.

Persons residing in the district in question who were contacted today gave opinions as follows:

G. Kyle Hunt: "I think coming into the city at this time is a fine thing and I am in favor of it. I have studied it and find I have many advantages."

Don't Want City

Mrs. Annie Anderson: "We came out here to live because we prefer to be out here and do not want to live in the city."

Dr. J. R. McMillen (as related by his wife): "The move at this time might take our ditch water away from us and it would mean ruin to our place."

Mrs. L. G. Gilkey: "I am very much in favor of the move and hope the city completes the annexation as soon as possible."

John H. Smead: "It is a fine thing and I have wanted it all along. I hope it can be accomplished as soon as possible."

H. B. Long: "I am not in favor of coming into the city."

John O'Connor: "Absolutely not. I do not want to come in the city limits."

Mrs. W. L. Tomlinson: "I am highly in favor of coming in at this time."

Mrs. Percy Thompson: "We're not ready to come into the city because out here we live on an acreage and in the city we would have to live on just a lot. Anyway, when a person comes home after a hard day's work and wants to find rest, you can't find the quiet needed by living in the city."

Clara Jenkins: "Either way is all right with me. I'll abide with the majority."

Wants More Time

Frank Magee: "I want more time to study the situation and know just exactly what is happening."

Charles Booth, who is in California, indicated through his local property representative that he was in favor of the annexation.

A special committee from those opposing "the arbitrary tactics" of the annexation will meet with city council members at the regular meeting of the group Monday evening at City hall. The move will be completely discussed at that time.
