CLARK PLANS TO VETO \$1,037,000 IN BOND ISSUES

Bills Calling for Construction Of Educational, Charity Buildings to Be Out

SEEKS PAY AS GO BASIS

Believes Money Should Be on Hand to Assure Safe Building Program

BOISE, March 9 (U.P.)—Governor Barzilla W. Clark said today he would veto bills calling for bond issues totalling \$1,037,000 for construction of new buildings at state educational and charitable institutions. "I still believe that a pay-as-you-go basis is the only safe one to follow in constructing public units," he said.

The bonds were provided for in five bills passed by both houses of the legislature. They were divided as follows:

Nampa state school and colony, \$135,000; Blackfoot asylum, \$270,000; Orofino asylum, \$107,000; St. Anthony training school, \$50,000; University of Idaho, \$210,000; university southern branch at Pocatello, \$210,000; Gooding deaf and blind school, \$65,000.

Some in Emergency Class
"Some of these, like replacing an old building at the Blackfoot hospital, are in the emergency class, and we can cut enough from sources other than bonds to take care of emergencies," the governor said. "He made it clear, however, that in (Continued on Page 8, Column 1)

TROOPS TO STOP AT FAIRGROUNDS

Between 1,000 and 1,200 to Halt Overnight April 12; Plans Announced

Between 1,000 and 1,200 soldiers from Fort Douglas, Utah, members of the 38th infantry, will be housed at the county fairgrounds in Filer at the time of their overnight stop in the Twin Falls section en route from Utah to Fort Lewis, Wash. April 12. It was announced this afternoon following the regular meeting of the Junior Chamber of Commerce board of directors.

The fact that the fairgrounds would be available for the stop-over was announced during the meeting by Claude Detweiler, chamber and also member of the county fair board.

The men, traveling in motor convoys, will spend the night in this section, continuing on April 13 toward Washington. It was indicated at the meeting that special entertainment would probably be furnished the soldiers during their stay.

Quantities of food will be purchased locally for the soldiers, it was indicated.

Members of the board also indicated their intention of furnishing night auto races for the county fair next fall, it being explained that other races will not be scheduled next year. The auto would race each afternoon, but complete details will be worked out with the fair board at a later date.

A drive was started today to round up those members who had not paid their 1937 dues to the organization. Each member of the board took the responsibility of seeing various "lagging" members.

PICKETS REFUSE OFFICIALS ENTRY

Chrysler Executives Kept From Entering Plant in Detroit Strike

DETROIT, March 9 (U.P.)—Union pickets today refused to permit two high officials of Chrysler corporation to enter their executive offices as sit-down strikers in the plants of the corporation and the Hudson Motor car company affected a total of 73,849 employees.

K. T. Keller, president of Chrysler and Herman L. Weckler, vice president of the De Soto division, were turned back from the gates of the Highland park Chrysler plant on the grounds that neither had a pass.

Their way to company executive offices was barred by approximately 100 pickets before the plant, one of seven Chrysler factories closed by sit-downs since yesterday. The officials had sought to enter the plant over collective bargaining were to be resumed despite the strike.

"I call upon you to witness that from now on you people will have to deal with the courts," Weckler said as the officials entered their automobile and drove away.

Quake Believed to Be Cause of Death

BERKELEY, Calif., March 9 (U.P.)—Berkeley police today reported that one death there was an indirect result of the earthquake which shook all bay area cities early yesterday.

The death was that of Henry Koute, 54, who believed to have been awakened and frightened by the tremor, started to run from his home, tripped, and suffered fatal injuries.

FALL OF MADRID MAY BE CAUSED BY SHIP SINKING

\$2,700,000 Supply Cargo From U. S. Goes Under in Bay of Biscay

ARCHACHON, France, March 9 (U.P.)—The only unaccounted survivor of the Spanish loyalist freighter Mar Cantabrico, torpedoed, shelled and seized by the rebel cruiser Canarias, arrived here today and reported that the ship, instead of sinking, had been towed to port as a prize of war.

SAINT JEAN DE LUZ, France, March 9 (U.P.)—Madrid may fall because of the sinking of the steamer Mar Cantabrico with a \$2,700,000 cargo of war materials from the United States, Spanish government spokesmen intimated today.

One government authority said that the loss of the vessel, which was sent to the bottom of the Bay of Biscay yesterday by the national cruiser Canarias, "would make a big difference in the loyalists' chances," the ship, he said, carried "exactly the material on which we were relying for an offensive to clear Madrid."

Making no secret of their consternation, the loyalist spokesmen, said that of the varied cargo of war supplies, the government most urgently needed the American airplanes and machine guns on board the ship.

The British destroyers Echo and Belpose, bringing accurate details of the sinking of the Mar Cantabrico, have to report today to await high tide to permit them to enter.

The destroyers were among four British warships and two other vessels which answered an "SOS" flashed by the loyalist supply ship after it had been pounded by shells from the cruiser and was on fire.

QUINTS' AFFAIRS WILL BE SECRET

Details Concerning Financial Standing to Remain Confidential

TORONTO, Ont., March 9 (U.P.)—All details concerning the administration of the Dionne quintuplets' financial affairs, such as the amounts they have received and will receive for individual contracts, are to be kept confidential, Premier Mitchell F. Hepburn has ruled.

Addressing the Ontario legislature Hepburn said he would refuse to reply to a question tabled by opposition leader George S. Henry which asked that all information concerning the quints' financial affairs be presented to the house.

Hepburn said he was protecting advertising firms which had contracts with the famous babies.

The opposition had threatened to block passage of a bill appointing Percy D. Wilson, Ontario official guardian, as chief guardian of the quints in place of Welfare Minister David Croil, if the information was not forthcoming.

Hepburn agreed to let Henry examine all records concerning financial dealings made on behalf of the babies, provided he treated the information confidentially, and the opposition leader agreed to withdraw his question.

Search Continues For Missing Girl

DUCHESNE, Utah, March 9 (U.P.)—Search continued here today for Doris Mitchell, 20, who has been missing in the snow covered mountains 18 miles from here since last Saturday.

It was reported that she was last seen attending a mountain cabin party with others and left when angered, at a remark said to have been made by a companion.

Sheriff Ardy Mitchell of Duchesne county said searching parties, comprised of more than 100 CCC workers and volunteers, were experiencing difficulty because many hillsides in the area were bare of snow and revealed no tracks.

Mitchell said he was inclined to believe the girl fell into the ice-covered Strawberry river, which flows a few hundred feet from the shack where the party was held.

Borah, Clark Talk Over Court

D. A. R. Hears Leader Cite Citizenship Aim

National Regent General Declares Better Americans Is Goal

Daughters of the American Revolution are working for a more intelligent American citizenship under the educational division of their two-fold program, educational and historical, Mrs. William A. Becker, Summit, New Jersey, regent general, said today in an address on "The Highlights of D. A. R." at the morning session of the state conference here in three-day session.

Stating that 45,000,000 persons residing in America are not American in thought and are not imbued with the fundamental principles of government, she stressed her point that democracy is the greatest hope of the world and its preservation is the responsibility of everyone.

In line with the Americanization work done by the organization towards more intelligent citizenship, she discussed the work with the foreign born detained at Ellis and Angel islands and showed samples of their work done with materials supplied by the organization during that period.

Lauds Defense Plans
Mrs. Becker paid tribute to the defense program of the present administration. The D. A. R. is neither militaristic or reactionary, she stated, but stands for good citizenship. National defense is important for maintaining our institutions, the home, school and church, and eradicating crime.

She urged a special study of the constitution during the year and advised that other organizations be encouraged in a similar study.

The historical phase of the organization's program includes establishment of genealogical lines and in this connection Mrs. Becker announced that one of four volumes on the subject compiled through government research had been presented to the D. A. R. She asked that any records from old Bibles, deeds or wills be sent to headquarters or any authentic pioneer stories be sent to headquarters for preservation, as well as a list of every historical site marked by the state organization.

25,000 Chapters
In outlining the scope of the D. A. R., the speaker stated that there are 25,000 chapters in the United States, the Philippine Islands, Hawaii, Cuba, China, London and Paris and that three buildings valued at \$5,000,000 are maintained at Washington. Interest on the \$100,000 still owed the society itself by the organization on constitution is used to pay pensions for four "real daughters" and several Spanish war nurses.

This morning's session, held at the Elks' club, opened with a bugle call by Fred Beecher and the professional was led by Walter Hopkins and Robert Mayo, members of the local national guard, carrying the United States and Idaho flags. They were followed by Sue Williams, dressed as Martha Washington, and James Regus as George Washington. Pages in colonial costumes followed.

METAL EXPORTS SHOW GAINS
WASHINGTON, March 9 (U.P.)—The commerce department today reported a sharp increase in the export of metals which go into the making of war materials.

Tribute-Payers View 38th Child Of Champion Negro Papa, Age 91

BROOKSVILLE, Fla., March 9 (U.P.)—The three-room shack of the nation's champion papa went tribute-payers today.

Two scrawny goats, a few chickens, two razor back hogs, and 11 children were in the tiny, bare yard of Ambrose's cabin in Brooksville's shanty town, and inside, in an iron bed was 32 year old Minnie who once was Ambrose's foster daughter, but now is his wife.

ATTORNEY SEEKS TO OUST STATE HIGHWAY HEADS

Taylor Starts Quo Warranto Proceedings Against McKelvey, Stemmer

TERMS EXPIRED JAN. 4

Cash Claims Held Up Pending Outcome of Charges on Department

BOISE, Ida., March 9 (U.P.)—Attorney-General J. W. Taylor said today he was preparing to file quo warranto proceedings in district court seeking removal from office of Commissioner of Public Works G. E. McKelvey and State Director of Highways Joe H. Stemmer.

He said the officials' terms had expired when Governor C. Ben Ross left office on January 4, and that since they had not been reappointed by Governor Barzilla W. Clark, they were not entitled to continue in office.

Reappoints Stemmer
McKelvey, on January 27, reappointed Stemmer to the highway position. Taylor, however, contended that since McKelvey did not hold over in office, he had no authority to make appointments or carry on other official duties of his office.

In addition, the director of highways must be appointed by the governor and not by his direct supervisor, the commissioner of public works, in Taylor's opinion.

Claims Held Up
A number of public works department claims are being held up by State Auditor Harry C. Parsons on advice of the attorney-general who wrote him that Stemmer and McKelvey could not legally approve charges against the department.

Taylor has previously filed three complaints against the highway officials, along with J. F. Martin, Boise attorney, and three highway equipment firms, charging that road machinery was illegally purchased by the department through "rental agreements" without calling of competitive bids.

LEWIS BATTLES ILLEGAL LENDING

Illinois Lawmaker Suggests Seizure of Any Loans to Foreign Countries

WASHINGTON, March 9 (U.P.)—Sen. J. Hamilton Lewis, D. Ill., proposed in the senate today that the United States seize as "illegal" any funds subscribed in this country to a foreign loan contrary to the Johnson act.

Lewis' statement came after Sen. Hiram Johnson, R. Calif., author of the act which prohibits nations with overdue war debts from entering the American money market, said he believed the measure broad enough to cover any exigencies.

Lewis said he would insist "at the proper time" that congress authorize seizure of such funds and that the funds be applied to debts which are owed the United States by foreign nations offering the loans.

Pittsburgh's Miser Murdered in Shack

PITTSBURGH, March 9 (U.P.)—The mystery that surrounded Peter Liebach in life followed him in death today.

Liebach, a miser, who once saved \$41,000 in small coins, was found beaten to death in his ramshackle house, his body trussed in trousers and towels. Furniture was upset and the herbs which Liebach peddled were scattered around his body.

Twenty-eight years ago police found \$41,000 in coins hidden in Liebach's shack. They placed the money in a bank and gave Liebach a certain amount every month.

Neighbors believed he saved most of the trust fund payments and also hoarded the money he received from peddling herbs.

Italian Division Battles Loyalists On Madrid Fronts

MADRID, March 9 (U.P.)—Gen. Jose Miaja, Spanish loyalist commander in chief, charged today that "an entire Italian division" was participating in the rebel attack on the Guadajajara front.

General Miaja indicated his statement was based on information obtained in questioning prisoners.

The prisoners revealed, he said, that the division was commanded by an Italian general. They said the Italian division was composed of 10 battalions totalling about 7,000 men.

FIGHT ON TRACT ANNEXING DROPS INTO STANDSTILL

Council Halts Move to Add Area; Village Formation Still Held Up

After four weeks of arguing pro and con, the 180-acre tract north of the city limits was still just a tract north of Twin Falls today.

Indications this afternoon were the board of county commissioners might not sign the incorporation papers, making the area a village, despite the fact they approved the petitions handed them, decided that they met all the requirements of law, and instructed County Attorney Edward Babcock to draw up an order providing for a village's creation. The papers were not yet drawn this afternoon.

It was the opinion of competent observers that, since the city council last evening voted unanimously to withdraw the annexation ordinance, the commissioners will let the matter ride. The council motion to "kill" the ordinance was made by W. E. Taylor.

Today a movement was underway, sponsored by several individuals in the disputed territory, to come into the city a section at a time.

Present Protests

These citizens last night presented protests to city council members that they were not in favor of the village and wanted to come into the city if it was at all possible to take them in. They indicated they would start circulating petitions today to that effect. Mayor Duncan McD. Johnston suggested that method after he had indicated they wanted to become citizens of Twin Falls.

Accusations that they had been "tricked" into signing the petitions circulated by those in favor of the village were voiced by at least one man present at last night's council meeting.

"My wife signed that petition while I was away from home," J. L. Boehm, a resident of the area, said, "and they misrepresented what they were asking her to sign. They told her she was signing a petition to come into the city and it was not until we read in the paper that the petitions were for formation of a (Continued on Page 2, Column 1)

MAYOR REFUSES TO CHANGE TALK

La Guardia Won't Take Back Any References to Adolf Hitler

WASHINGTON, March 9 (U.P.)—Mayor Fiorello H. La Guardia of New York was ready to return home today after a 24 hour visit during which he refused to eat the words he used about Adolf Hitler, was boycotted by the German embassy and accused the courts of impeding the progress of democracy.

The dynamic little mayor only laughed when he learned that the German embassy had declined to send a representative to his lecture on "Democracy in Action" at a meeting in memory of the late liberal, Sen. Bronson Cutting, R. N. M.

And his audience laughed when he mentioned, in discussing the nation's economic system, that he did not suppose that it be "Slavic, Latin or Teutonic."

Courts, La Guardia asserted, have been one of the factors which have retarded the progress of democracy in America. He cited the supreme court's Dred Scott decision as illustrating that tribunal's "failure to have the necessary vision or understanding" to prevent the civil war.

"It is for each age to decide what the government shall do and shall not do," La Guardia said "When the constitution was framed each state did have its own problems but now when there is unemployment in Nebraska or Wisconsin we feel it in New York."

"We have one economic fabric with common problems. We have to legislate and govern accordingly. Attempts have been made to do this. But when we seek to bring interstate commerce up to date—the supreme court steps in and says we can't do it."

Labor Federation May Intervene in East Steel Crisis

75,000 Workers Idle as Detroit Factories Close

Sit-down strikers brought to a halt production in the Chrysler corporation and Hudson Motor car company Detroit plants today while the American Federation of Labor moved to intervene in steel labor affairs. This move on the part of craft union leadership was regarded as the beginning of the finish fight between the A. F. of L. and the John L. Lewis committee for industrial organization for dominance of union labor.

In Detroit the sit-down strike ordered by the C. I. O. union, the United Automobile Workers, threw almost 75,000 men out of work and closed a dozen plants of the two corporations and the Briggs manufacturing company, maker of bodies for Chrysler, was obliged to close when its market was disrupted. This shutdown was accomplished by approximately 13,000 employees who did the sit-down walk out.

Pickets Established
Picket lines were established around the automobile plants and pickets denied Chrysler officials entry to their executive offices. Picketing was started after leaders of both sides conferred and B. E. Hutchinson, Chrysler vice president, announced: "The demand that the UAW be given exclusive bargaining control over all our employees and all of our plants is refused."

While leaders of the rival A. F. of L. and C. I. O. met in executive session in Washington to plan conflicting membership drives, John P. Frey, A. F. of L. metal trades leader, announced that he was going to Pittsburgh to investigate the possibility of steel company unions joining the federation. Philip Murray, soft-spoken chairman of the militant C. I. O., charged that Frey's impending act was "another attempt to betray the labor movement."

FDR RADIO CHAT SET FOR TONIGHT

Talk Will Deal With Need for Court Legislation Now; Starts at 8:30

WASHINGTON, March 9 (U.P.)—President Roosevelt will take personal command tonight of the supreme court reorganization fight which has divided his party and may end in compromise settlement.

The President will speak to the nation in a fireside chat at 8:30 p. m. (C.S.T.) 8:30 (M.E.T.) It will be the eighth chat of his White House tenure and the second time within a week that he has broadcast an appeal for authority to expand the nation's highest court to 15 members if six justices now over the 70-year retirement age refuse to leave the bench.

Need for Legislation

It was learned that tonight's chat will deal with:

1. Need for court legislation now.
2. Difficulties of the constitutional amendment process.
3. An independent judiciary.
4. Need for reinvigoration of the federal courts from top to bottom.

It is understood the President will advance the argument that the courts must be infused with younger men to interpret the constitution as the President believes it to have been written, rather than to write into it other political and economic policies.

Pamphlets Appear

Pamphlets captioned "Packing the court or petting the sweat shop" appeared in the capital today under the seal of labor's non-partisan league. The American Federation of Labor announced that local union members from coast to coast had been urged to write their congressmen asking them to vote for the President's bill.

Some Democrats are becoming critical of administration methods in the court contest. There is evidence of resentment against activity of cabinet officers.

Death Valley Scotty Trustee Takes Tilt

LONG BEACH, Calif., March 9 (U.P.)—A. M. Johnson of Chicago, wealthy co-defendant, held a preliminary victory today in Mrs. Ella Josephine Scott's separate maintenance suit against Walter (Death Valley Scotty) Scott.

Superior Judge Fred Miller decided yesterday that Johnson is a resident of Inyo county, not Beverly Hills as Mrs. Scott claimed. A ruling on Johnson's request to move the case to Inyo county was delayed until March 20.

Mrs. Scott asked \$1,000 monthly and \$50,000 legal fees from Scotty. Johnson was named as trustee of Scotty's supposed wealth.

Suggested Envoy

Appointment of Dr. Hans Heinrich Dieckhoff, Germany's temporary undersecretary of State for Foreign Affairs, to succeed Hans Luther as ambassador to the United States, was reliably reported to be imminent.

The group that had requested the cooperation of William Green, A. F. of L. president, but was refused, is the Carnegie-Illinois Steel corporation's company union. Opposed to the C. I. O. this company union announced willingness to sever its connection with the company and become an affiliate of the American Federation of Labor. When he refused to parley with a company union, Green said that he would consider this group's juncture with the A. F. of L. if it made a clean break with the company.

"They have not asked me to do anything more than sit in a conference (Continued on Page 2, Column 1)

WOUNDED FITTS DIRECTS SEARCH

Woman's Footprints Added to Clues in Shooting of Coast Attorney

LOS ANGELES, March 9 (U.P.)—Propped up in a hospital bed, his wounded left arm suspended above his head by ropes and pulleys, District Attorney Byron Fitts directed his own search today for the men who tried to assassinate him. He thinks they were radicals.

He still believes there were three men in the small sedan from which two guns blazed as he drove alone in his own car toward his father's house Sunday night, although one of the clues indicated a woman also was involved. A woman's footprints were found in the orchard of Fitts' estate, which he had left only a few minutes before the ambush.

Fitts' investigation was along the following lines:

1. The assault was the result of labor troubles. He had received several threatening telephone calls and letters since he broke up a wildcat strike at the Douglas Aircraft plant last week by having 350 strikers jailed.
2. It was the work of an ex-convict whom he had prosecuted;
3. Underworld enemies, harassed by his crusades against vice and gambling, were involved;
4. It was the disordered work of cranks.

Labor Federation Reports Increase in Unemployment

WASHINGTON, March 9 (U.P.)—The American Federation of Labor estimated today that there were 10,041,000 unemployed in the country in January as compared with 8,900,000 in December and 11,866,000 a year ago.

In reporting that 1,001,000 workers were laid off as the year 1937 began, the Federation called attention to the fact that 3,223,000 workers were added to payroll last year—before the seasonal slack and layoffs.

ference with them," Frey said before his departure from Washington. "This I will do."

Rivalry Prosecuted

Retorted Murray: "They can't get anyone else to talk with them. They are the remnants of a plan that has died."

Meanwhile both labor factions vigorously prosecuted their rivalry. C. I. O. leaders met with Lewis to discuss new unionizing drives. Simultaneously in Washington Green conferred with 50 crack organizers to consider drives in opposition to the C. I. O. in the oil and cement industries.

Ford Bargaining Delayed

Homer Martin, president of the United Automobile Workers, reported to the C. I. O. meeting at Washington that the C. I. O. would delay collective bargaining requests to Henry Ford until later.

He's small potatoes now," he said. "We have everything down in Chrysler. It is an effective strike."

Meanwhile labor disturbances occurred in many other areas from coast to coast. The taxi-drivers strike in Chicago which caused Chicago's cab riders to patronize traction lines, seemed to have reached a stalemate. No attempt was made to negotiate strikers' demands for increased commissions.

Six union pickets, two of them armed, were held in jail in Calif., on a charge to riot in the battle of the union and non-union night.

Miss Sit-Down

Miss Sit-Down, 300 employees of the Bank company, began day of their sit-down strike by demanding higher wages for 40-hour week and union recognition.

Determination of blind strikers to insist on increased wages threatened to frustrate plans of federal and state mediators to settle the seven day sit-down strike of 107 blind workers of the Pennsylvania association for the blind. At New York the joint wage and hour conference of soft coal operators and union miners in the Appalachian districts will enter its fourth week tomorrow. At Houston, Tex., machinists, welders, and structural iron workers held the plant of the Emco Derrick and Equipment company at Garden Villas. The sit-down strikers demanded union recognition and a five cent an hour wage increase. About 140 men remained in the plant awaiting reaction to the company president who is in California, to their demands.

Meanwhile, the American Federation of Labor estimated that in January there were 10,041,000 unemployed in the nation compared with 8,600,000 in December and 11,660,000 a year ago. The Federation said that 3,223,000 workers were added to payrolls last year—before the seasonal slack and layoffs.

BOBIER TO HEAD TOWNSEND GROUP

Twin Falls Man Will Serve In Second District Of Idaho

R. E. Bobier, Twin Falls, today was president of the second Idaho congressional district Townsend organization after a convention staged by members in Twin Falls yesterday saw an attendance of approximately 150 persons.

Representatives from Buhl, Boise, Jerome, King Hill, Mountain Home, Twin Falls, American Falls, Ucon and Curry were present.

Addressing the convention, John W. Hogan of Idaho Falls, president of the club at that point, advised that "in the interest of efficiency only one member from each club be elected to the board, with the exception of Twin Falls where two should be elected because of the central location." Members concurred with the speaker and nine persons, including Bobier, were nominated from the floor and elected.

Aside from Mr. Bobier they include Mrs. E. H. Landis of Buhl, vice president; Mrs. C. Drury Smith of Twin Falls, secretary and treasurer; Adolph Clausen of American Falls, district organizer; and James Milner of Idaho Falls, R. W. Burroughs of Jerome, E. Taha of Mountain Home, Mrs. Paige of Boise, and Mrs. Schumacher of Blackfoot.

Hogan urged 100 per cent cooperation of Townsend members toward securing congressional strength as a vital step in putting the recovery pension plan across.

Thomas Reelected To Kimberly Post

KIMBERLY, March 9 (Special)—Kimberly school board reelected L. A. Thomas, superintendent of schools here for three years and all other teachers in the system for the coming year at a meeting last night. Thomas has completed five years of service.

The board made no announcement in regard to changes in salaries of teachers.

village that we knew what we signed. I can safely say that those persons living in the north part of Pearson's sub-division do not want to get into any village."

Asks Entry Method

John Sinema also asked the city council last night the method he could use to come into the city.

"I want to come into the city because it will save me money and I want fire protection," he said. "They left our block out of the village formation and for that we are thankful."

Al Smith indicated that block one of the Senior Sebeck addition is ready to join the city and indicated the company in which he is associated with E. W. McRoberts did not intend to continue with a \$30,000 building program unless the section could be in the city.

E. B. Brownfield, another resident, said at the council meeting:

"If I wanted to come into any village I would move my house to Hansen or Kimberly. We, out there, need fire protection."

The same opinion was voiced by N. C. Buckmaster who indicated the petitions had been misrepresented and said he would fight against the formation of a village as "that is the last place I would want to live."

Several other individuals attended the meeting last night and urged the city to take in their respective property. The matter was taken under advisement until such time as petitions to this effect are presented. Advocates of the village plan presented no further arguments at the council session.

Speaking on the annexation May or Johnston said:

Denies Force

"The council is not taking a 'lambast' attitude of forcing those people in the city who do not want to come in, whatever their wishes are, they can have those wishes. However, they do miss the fact that the council was offering them protection against fire as well as assuring them of a filtered water supply. The time will positively come this summer when we will have to cut outsiders off from filtered water, as the city will not have enough to take care of its own citizens, but rather will have to rotate."

"If we would have wanted to take the attitude of forcing those people into the city we could have followed the suggestion at the first reading and put the matter through in one night, instead of the weekly readings as we resorted to," the mayor said.

At a hearing yesterday afternoon the county commissioners found that a majority of the area's resident taxpayers had petitioned for creation of the proposed village.

With Attorney Babcock serving as counsel for the commissioners and E. M. Sweeley, representing the petitioners, the commissioner heard explanations as to why the section should be made a village.

More Than Majority
Commissioner George R. Hart of Buhl, asked if the county board's decision might not be postponed and Commissioner Robert Ray of Allendale suggested the matter be taken under advisement. Chairman of the board, James L. Barnes of Hansen, agreed the board had no option if it was shown that the required number of resident taxpayers had petitioned for creation of the proposed village and County Attorney Babcock advised that an examination of the assessor's records indicated "more than a majority of the area's resident property owners" had petitioned for formation of the village.

Mr. Sweeley argued for issuance of the commissioners' order on the showing that had been made in the petitions.

Two property owners, V. B. Place and L. Sinema protested the village formation only to learn that their property was outside of the district to be incorporated. Approximately nine other persons attended the hearing but took no active part in the discussion.

TEAMS CAPTURE TOURNAMENT PLACES

Idaho Falls Wins in Sixth District; Nampa to Meet Boise

MOSCOW, Ida., March 9 (AP)—Idaho Falls earned the right to represent the sixth district in the state basketball tournament to be held at the University of Idaho here March 18, 19 and 20 by defeating Rigby last night at Idaho Falls, 44 to 26.

At Twin Falls, Oakley won the south central district Class A championship with an 18 to 12 win from Buhl, and will now meet Glenns Ferry, Class B finalist, for the district championship.

Nampa and Boise will meet tonight at Caldwell for the southwestern title, with the winner to meet Middleton, B champion. Nampa defeated Caldwell 27 to 25 last night for the right to meet the capital team.

Tibbett Starred in Orpheum Hit

With Lawrence Tibbett as a fed-up singing star and Wendy Barrie as a hot-headed heiress after his aria, supplying riotous romance, Gregory Raloff and Arthur Treacher collaborating on riotous comedy, "Under Your Spell" opens tomorrow at the Orpheum theater.

Powell and Lombard In Idaho Feature

William Powell, starred with Carole Lombard in Universal's "My Man Godfrey," always builds up a mental picture of the life and habits of a character before he starts to portray the role. His theory is that, through such building, he is better equipped to know how that character would act in all the story situations. "My Man Godfrey," which closes at the Roxy theater tonight, has a supporting cast that includes Alice Brady, Gail Patrick, Jean Dixon, Eugene Pallette, Mischa Ulan, Alan Mowbray and Robert Light.

"Lady from Nowhere" opens at the Roxy tomorrow with Mary Astor starred in a story of romance on the run.

BARITONE EARNS CROWD APPLAUSE

Wilbur Evans Scores Hit in Concert Recital Offered In Series Here

By STELLA LOFF WOOD
To an audience which unreservedly voiced its approval, Wilbur Evans, baritone, presented by the Community Concert association at the Methodist church last evening in a well-balanced program rather more entertaining than impressive, acquitted himself creditably. Frank Chatterton at the piano did much with his splendid sympathetic accompaniments toward making the concert a distinct success for both artists.

The audience met Mr. Evans' unusually fine rendition of his opening number, the familiar prologue to "I Pagliacci" by Leoncavallo, with a burst of appreciative applause to which he graciously responded with an amusing encore number, "Old Mother Hubbard," the music for which was patterned after the style of Handel.

Creates Moods
In his second group, which included Schubert's "Der Doppelganger," two Brahms numbers "Die Mainacht" and "Vergebliches Standchen," and "Vendel" by Erich Wolf, Mr. Evans' beautiful sustained tones created the varying moods of these compositions to perfection. In his second Brahms number the baritone assured the audience decisively of his rare ability as a stage personality of charm.

The third, and more modern, group was introduced by Debussy's "Beau Soir" in which Mr. Chatterton shared honors with the artist for a performance of rarest understanding and beauty. In the numbers following, "Au Pays" by Holmes, Malashkin's "Could I Express in Song," and "The Siege of Kazan" and "Love Song of the Idiot," by Moussorgsky, Mr. Evans showed as always a fine consideration for the composer and the composition.

Full Rich Tone
In this group of the rich tones characteristic of his voice were particularly outstanding. Again responding to the wild applause of the audience, Mr. Evans generously sang Cadman's "From the Land of the Sky Blue Water" and "Sing Again," by Protheroe.

Sincerely and fervor characterized the singer's rendition of the opening numbers of the fourth group, "Free Me From the Bonds of Your Sweetness" by Fogg and Carpenter's "Serenade," "The Old Black Mare" and Wolfe's "De Hallelujah Rhythm" delighted the audience with what they had recognized again and again to be an unusual interpretative ability. Encores were "Annie Laurie" and "The Lamp-lighter" from "Sketches from Paris" by Manning. Closing his program Mr. Evans sang Enders' "Vodvil," a lyrical satire on an entire vaudeville program and responding to repeated cheers he offered Enders' "Hangman, Hangman, Slack on the Line" and "Old Man River."

The couple married at Eldorado, Kan., Oct. 19, 1921. Mrs. Reynolds asked custody of the children and \$50 monthly for their support, as well as \$25 monthly alimony. Her attorney is W. L. Dunn.

AUTOS COLLIDE

Motor cars driven by Almeda Tomkins, Kimberly, and Mrs. Leonard Ellis, Twin Falls, collided at the intersection of Second street and Third avenue south last night. Damage to the Tomkins machine consisted of a smashed right front fender, front bumper broken and axle bent.

The Ellis car suffered bent axles and steering arm, bent fenders and damage to the left side of the body. Monday at 9:25 p. m., Glen Buckendorf told police he had been involved in a collision with a bicycle being ridden by Max Moss. The mishap occurred, according to Buckendorf, at the intersection of Fourth street and Third avenue north. Neither vehicle was damaged and the boy was not injured, record show.

tune were Esther Lee Nichols, Margaret Voorhees, Mrs. Jean Tucker, Eileen White, Mrs. O. R. Nelson and Mrs. Charles Colner.

After the pages were the state officers, the local regent, Mrs. T. M. Robertson, guests, Mrs. Joseph Bird, Nampa; Mrs. T. D. Farrar, Caldwell; Mrs. S. C. Winters, Pocatello, all past state regents, the president general and the state regent, Mrs. Frank Laney, Moscow.

Presenting Invocation
During the morning session the invocation was presented by Rev. James S. Butler, who also led the pledge of allegiance to the flag. Greetings were presented by Mayor Duncan McD. Johnston, Harry Benoit, for the American Legion and Mrs. Robertson for the hostess chapter. The response was by Mrs. Laney. "Patriotic Air" was played by Hugh Joslyn and Hubert Peck.

A report of the credentials committee was presented and program and conference rules were adopted. A preliminary report of the resolutions committee was made and following Mrs. Becker's address announcements were made.

During the afternoon session an illustrated address was presented by Miss Katherine Mathies, national chairman of D. A. R. approved schools, and reports were given by the following state officers: Mrs. Laney, regent; Mrs. W. W. Brothers, vice regent; Mrs. Charles Carter, corresponding secretary; Mrs. Charles F. Schenk, treasurer; Mrs. Frank DeKay, auditor; Miss Clara Wood, state historian; Mrs. G. G. Allen, registrar; Mrs. C. O. Reed, librarian; and Mrs. H. P. Blodgett, chaplain.

Memorial Service
At 4:30 a memorial service was to be held and this evening a dinner for state regents and state officers will be given at Wray's cafe by the regent of the hostess chapter, Mrs. Robertson.

At last evening's opening meeting, a dinner at the Park hotel, Mrs. Becker presented a broadcast talk in which she stressed the youth program of the organization as of major importance, stating that one of America's greatest needs is a youthful citizenry trained in the old American way to an appreciation of those principles which have molded the nation.

She was presented with a silver dish, appropriate to one of the state's major industries, by Mrs. Laney on behalf of the state chapter.

Guests Honored
Honored guests received corsages and Mrs. Becker was given an old-fashioned bouquet in red, white and blue. Baskets of flowers were presented to the chapter by the Ladies' Auxiliary of the Veterans of Spanish Wars, Chapters A1, AO and D of the P. E. O. Sisterhood, the American Association of University Women, the Episcopal Guild, the Presbyterian Ladies' Aid society, the Rotary club, Twin Falls post of Veterans of Foreign Wars, the Twentieth Century club and the American Legion Auxiliary.

Greetings were received from Mrs. Grace McMartin, former member of the local chapter and now regent of Arizona; Mrs. Richard Erwin, Seattle, past regent of Idaho; Mrs. Fred Woods, regent of Montana; Mrs. Grace R. Rothrock, regent of South Dakota, and Mrs. Ruth Rose, Richardson, recorder general.

Mrs. Wilbur Hill is general chairman in charge of arrangements for the conference.

CAMP FIRE GIRLS PLANNING CLIMAX

Grand Council Event Mapped To Culminate Observing Of Jubilee Fete

Climax to the observance in Twin Falls of Camp Fire's jubilee commemorating 25 years of service will be the grand council fire to be held March 20 at the Presbyterian church parlors. It was announced at yesterday's meeting of the Guardians association at the home of Mrs. R. A. Sutcliffe.

Rehearsal for the event is to be at 2 p. m. on March 20. On the committee in charge are Mrs. C. S. Lee, chairman; Mrs. H. J. Taylor, Mrs. Earl Beagham and Mrs. W. A. Van Engelen. Thanks to be awarded include trail seeker, woodgatherer and firemaker.

In preparation for the jubilee week the poster contest will be concluded tomorrow. All entries will be given by Mrs. Floyd Campbell, chairman of the association, for judging and two prizes will be awarded. The posters will be displayed to announce the date of the council fire.

Other jubilee plans made yesterday include attendance of all Camp Fire girls at services at the Baptist church on Sunday, when Rev. Roy Barnett will present a special sermon.

During the week a series of displays in six store windows will illustrate Camp Fire activities and will be arranged by the girls.

Joint meeting of the board of sponsors and guardians was announced for March 22 at the home of Mrs. C. R. Scott. A letter from O. P. Duval was read expressing appreciation for the participation of the 138 Camp Fire girls in the recent Elks parade.

Mrs. Campbell presided at the session.

FARMER RELATES HIGH RAIL RATE

Senator Pope Asks Reduction To Permit Idaho Hay To Move to Market

By RALPH W. OLMSTEAD
WASHINGTON (Special)—Last week Senator Pope received a letter from R. A. Ruff of Springfield, Idaho, in part as follows:

"We have a great hay surplus in the Aberdeen-Springfield district. The hay is mostly grade A. We have tried very hard all winter to get the Union Pacific railroad to grant us emergency rates to places where the feed is needed. I have found a good outlet to Stockton, Calif., where feeders write me there is a great need of good hay; arrangements could be made to get around the weevil quarantine by sealing the cars and chopping the hay. We also have a good market at Walla Walla, Washington, for chopped or baled hay. Please use all your influence and do everything possible to get us some rates to these points. Feed dealers and livestock feeders inform me they need hay badly. We Idaho farmers need to sell badly. Many of us will lose our places if we can't sell by April 1, 1937."

Which all goes to show that freight rates are still Idaho farmers' greatest problem. Some people are, none-the-less, trying to get the Pettengill bill passed to repeal the long and short haul clause which would permit increases in freight rates to and from Idaho. The senator has appealed to Union Pacific railway, the I. C. C., the WPA, and the Federal Surplus Commodities corporation to do something about getting Idaho surplus hay into areas where there is a shortage, for the benefit of all concerned.

Things to do With Macaroni

By MRS. GAYNOR MADDOX

(NEA Service)

Give a salute to the three musketeers of the meatless days—macaroni, egg noodles and spaghetti. As a change from potatoes, as full-sized main dishes, in soups and with colorful sauces, these valiant soldiers of variety can route boredom from the family menus.

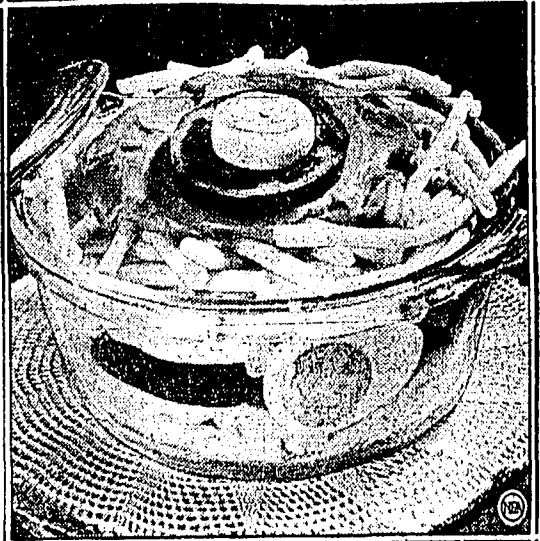

Macaroni With Piquant Cheese Sauce
(serves 6)

Four cups cooked macaroni, 1 medium sized onion, minced, 2 medium tomatoes, or 1 cup tomato juice, 2 tablespoons minced green pepper, 2 tablespoons butter, 2 hard cooked eggs, 1-lb. creamy, mild packaged yellow cheese, 1 cup domestic sherry wine.

Heat butter in saucepan. Add onion and green pepper. Cook until thoroughly heated, but not browned, then add tomato. Combine this mixture with the cooked macaroni. Arrange macaroni and sliced hard cooked eggs in buttered baking dish. Melt cheese in top of double boiler. When soft, add sherry and mix thoroughly. Pour this cheese mixture over the macaroni. Bake in moderate oven (350 deg. F.). Better make an extra amount of this cheese sauce and serve it in a separate dish for those who will be asking for more.

Mushroom Sauce for Spaghetti
(serves 6)

Six fresh mushrooms, 1 small onion, 1 teaspoon chopped parsley, 1 tablespoon flour, 1 cup stock made from mushroom stems and skin, 1 cup white wine or white grape juice, 1 bay leaf, salt and pepper to taste. Chop mushrooms and onion. Heat butter in frying pan. Add mushrooms, onion and parsley and sim-

mer 5 minutes. Then dust in flour, mix and slowly add the mushroom stock. When smooth, slowly stir in white wine or white grape juice. Season, add 1 bay leaf, and simmer until sauce thickens to desired consistency. Remove bay leaf before serving. With a platter of spaghetti, a side dish of grated Italian cheese, and this sauce—life does have its better moments.

And as for egg noodles, plunge one package of them into a large kettle of salted boiling water. Cook, uncovered and rapidly, for about 20 minutes. Then drain off about 2-3 of the water, add seasoning, 1 tablespoon butter, 1 cup cream. Cover, simmer gently until the cream and butter have helped swell up the noodles. Then serve. You're right, it is pretty smooth.

APPOINTMENT OF OFFICIALS ASKED

Governor Must Name Men to Office Before Warrants Can Be Paid

BOISE, Ida., March 9 (U.P.)—Governor Clark was reminded that state appointments remain to be made. It was brought to his attention that a number of highway warrants were being held up because of questioned authority of a hold-over commissioner to sign claims.

Attorney-General J. W. Taylor wrote a letter to state auditor Harry Parsons pointing out that G. E. McKelvey, commissioner of public works, was not re-appointed after the expiration of Governor Ross' term of office.

"His tenure in office does not continue beyond the term of office of the governor who appointed him," Taylor said. "Consequently he is not legally holder of the office."

Parsons, accordingly, has refused to pay highway department claims until the question of McKelvey's authority is settled. Secretary of State Ira H. Masters said he also had withheld his signature from a number of claims of McKelvey's department.

Other office holders not yet re-appointed or removed include Joe H. Stenmer, director of highways; Lewis Williams, commissioner of public defense; P. C. O'Malley, manager of the state insurance fund.

Governor Clark declined to make temporary appointments, saying "we'll get it fixed up alright."

BORAH CAUTIONS AGAINST LENDING

Says U. S. Loan to France Would Be Aid to Build Up Armaments

WASHINGTON, March 9 (U.P.)—Senator William E. Borah, R., Ida., had warned American and French bankers today against following a "dangerous road" in any possible attempt to evade provisions of the Johnson act which prohibits loans to nations which have failed to pay war debts to the United States.

Borah's remarks, made on the senate floor, concerned word from Paris that the French government is seeking American participation in a proposed \$1,000,000,000 national defense loan.

He spoke just prior to a scheduled private conference between Secretary of Treasury Henry Morgenthau, Jr., and congressional leaders, reportedly on the same subject.

"Such a proposal as is reported," Borah said, "might open a way for the United States to contribute funds for the building of a huge armaments in Europe."

CHECK RECLAIMED

ELKHART, Ind. (U.P.)—When Joseph Levin sent \$1,287 by government money order to his brother in Russia, 18 years ago and it never was delivered, Joseph assumed the currency was lost in transit. But at last he learned his sender's check entitled him to reclaim the amount at the local post office. He did.

Solons Express Doubt of Crop Plan Legality

WASHINGTON, March 9 (U.P.)—Two members of the senate agriculture subcommittee expressed doubt as to whether the administration's crop insurance program is constitutional.

Senator George McGill, D., Kan., interrupted testimony by farm leaders to say the senate group should not "mislead" farmers about what the insurance program will do for them.

"We should take into consideration whether the supreme court will declare this and other laws like it unconstitutional," McGill said. "We are leading farmers to believe we're putting all this into effect when as a matter of fact we probably won't."

Senator James P. Pope, D., Ida., chairman of the subcommittee and author of the proposal under consideration concurred with McGill.

"We must admit frankly there is a very grave doubt of the constitutionality of such a program," Pope said.

Margot Grahame agrees that Luckies are gentlest on the throat

"I've smoked Luckies for eight years—ever since I was introduced to them in London by an American motion picture producer. He put forward the very sensible argument that they are the gentlest cigarette in the world on the throat—and fine tobacco, too. Since then I have made many pictures, and I must say Luckies have always been considerate of my throat. In fact, my throat practically insists that I choose a light smoke—which is easy to understand in view of the voice strain picture-work entails."

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Miss Grahame verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

A VICTORY FOR COMMON SENSE

It is not for nothing that the production of steel is considered the most typical part of the whole American industrial structure.

Steel is hard stuff, and Americans occasionally are hard people—especially those who have to do with the making of steel. And steel now and then has been fabricated in the way the country as a whole was fabricated—with a tough and sinewy drive that cares nothing for obstacles, rides right over criticism, and lets those whose needs have been cracked in the process bind their own wounds.

So this nation, which killed off its Indians with unrelenting ferocity, took what it wanted from Mexico without bothering to think up an excuse, and blew itself to a terrible, four-year civil war because it couldn't agree on a presidential election—this nation, with a hard-boiled record of that kind, has brought up a steel industry with a record equally hard-boiled.

The open warfare of the 1919 strike is still a matter of living memory. The Homestead war of the 90's is not so far away but that it can be recalled without difficulty. And both of those memories confirmed practically all of us in the idea that steel was the one spot in our industry where the law of the jungle was immutable.

With all this as a background, it is hard to tell which is the more surprising; to see the "top company" of U. S. Steel signing a union agreement, or to hear beetle-browed John L. Lewis publicly extolling the statesmanship and wisdom of Myron C. Taylor.

Neither of these things was in the cards, judging by past performances. According to every precedent, the country was in for a steel strike this spring; similarly, every precedent indicated that it would be a brutal knockdown-and-drag-out affair that would cost a vast sum of money, create a huge amount of ill-feeling, and do the country, as a whole, no good whatever.

The change that has come over the face of the waters is fairly breath-taking; but we would misinterpret it very badly to say, simply, that it was a "victory" for Mr. Lewis, for some specific labor organization, or even for the general idea of collective bargaining.

It may be any or all of those things, in some degree. But, above all, it is a victory for plain, ordinary common sense—a victory in which both sides and the general public share equally.

That is to say that this great industry and the men who work in it are not, this time, going to repair to the nearest vacant lot and club heads until one side or the other has had enough. Instead, they are going to try getting along in harmony; and, as a direct result, steel and its people face the most prosperous era in their long and troublous history.

It is a change as welcome as it is surprising.

PORK LURE WANES

Surprising as it may seem, congressmen are getting over their traditional passion for pork. They are beginning to realize that there are no political values in patronage, according to Chairman Ramspeck of the House Civil Service committee, because they have to disappoint far more people than they can supply with available jobs.

If congressmen wouldn't spend so much time on patronage, suggests Chairman Ramspeck, they could tend to their legislative work—a point which seems well taken.

It is probable, too, that if men running for congress had no favors to promise, they would be elected on their own merits and consequently, the highest possible class of men would be handling the legislative duties in Washington.

MOVING ALONG

The robust health of the recovery movement is illustrated by a business review published in the March issue of Banking, the official journal of the American Bankers' Association.

Business, this review points out, seems to be in different to trouble these days. A paralyzing shipping strike on the west coast is scarcely noticed in the general business picture; a great automobile strike merely slows up the tempo of improvement; disastrous flood losses seem to have had little effect; the prospect of strikes in the steel and coal trades do not seem to be causing any pessimism among business leaders.

Indeed, the review points out that the principal effect on business of the shipping and motors strikes was that news of their settlement gave a further boost to activity and to the prices of common stocks.

A recovery movement, that moves along in that style must be healthy, indeed!

THE BIG SECESSION

The rebels have seceded. They've snuffed at all our orders—
Call out the guard with colors high.
We must defend our borders.

The Confederates are upon us All ready for the fight—
Call out marines and navy too, Although they may be right.

"Pie on you," they snuffed at us. The words came fairly leaping—
And "Pie" is cause for duels and gore.
So village, name your weepers!

—Solly the Snooper

ONE MIGHT THINK YOU DISLIKE SNOW!

Pot Shots: Ho ho. Also hee hee. Plus a few heh hehs. You want to know what the coming of spring means to me? And for 50 cents?

Well, it means no more wading through dash-dash snow and slush, no more rushing out to clean off the sidewalk for fear somebody may fall and then sue us, no more wearing a hat, no more debating whether to open the window and be hygienic though freezing or sleep with the window shut and be comfortable though committing a heinous social sin.

—Vernal

WE'VE GOT AN OVERCOAT RELATED TO YOURS!

Pot Shots: The coming of spring means one special thing to me: It looks like I'm going to win my race against time. You see, my overcoat was fast getting ragged and threadbare and I was worried plenty over whether I'd have to buy a new one at the tag end of winter. But it looks like I win.

(P.S.—If it snows and turns to zero, I'll hold you personally responsible for it.)

—Half Pint

TIMES CHANGE!

Pot Shots: Dashing through the paper yesterday, I noticed a little piece about a customer in a saloon who has started suit because the bartender mistakenly served him brass polish. Heck, back in the robust days of prohibition, the guy probably would have smacked his lips over it.

—Fernald

CONVENIENCE FOR PAPAS!

Pot Shots: When you get right down to brass tacks and give the matter serious consideration, I think you'll agree with me in saying the European father is a pretty lucky guy in spite of war scares and whatnot. Now, take me. Don't say you don't want me, either; that's an old chestnut. When our baby cries at night, I gotta either make the wife get up (and be told about it sarcastically the next day), or else get up myself.

Whereas the papa in Europe can just reach over, attach the gas mask, and go soundly back to sleep.

—Pater Familias

USELESS REPETITION!

Pot Shots: The retort courteous and complete. I heard it yesterday. One feller, in taking his fare-
well of another, said: "Bye-bye."
The other feller said: "Don't stutter. One 'bye' would be enough."

OUR NOMINATION FOR the most up-to-the-minute magazine article of the decade is the one about Douglas Van Vlack in the April issue of True Detectives. Only about a year late.

ALL ABOUT A BEAN POT

Help! Pot Shots! My bean pot's shot! We like our Boston beans hot. No bean pot to be got! Beans, beans the country round. Not a bean pot in the town. Oh where's there a bean pot? Today to be hot?

BUT IT DOESN'T ADD UP TO HONEY!

Pot Shots: 'Y know the radio is putting the bee on us these days. Spelling bees are now featured on the air, and then we always have the Jack Benny fiddling bee.

HER NAME IN LIGHTS

by MARIE BLIZARD

BEGIN HERE TODAY.

DAPHNE BRETT, good-looking, successful young New York advertising executive, decides to rent the beautiful Connecticut estate her father left her when he was killed in a hunting accident. She needs the money after five years of providing for the education of her younger sister, JENNIFER, who has just finished college.

Daphne spends a day house-cleaning at the estate preparatory to moving in. She is almost forced into visiting to an undesirable family when an attractive young man she has never seen before hops over the garden wall, asks for a bit of lunch, and later comes to her rescue, offering to rent it himself.

NOW GO ON WITH THE STORY CHAPTER II

DAPHNE BRETT saw twelve hundred dollars float out her window and was relieved. Not but what she would feel very differently when the Snyders departed and she was once more faced with the inescapable truth that she needed it badly.

For the time, she permitted herself the luxury of that relief and was glad the shadows of late afternoon filled the drawing-room when she introduced "Mr. Van Dusen"—the name had been the first to spring to her mind—to the Snyders. He might not have appeared in a brighter light so perfectly turned out in the riding clothes he wore with careless grace.

"A hundred and fifty a month!" Mrs. Snyder sniffed the lace of her jabot. "Well, I'm sure I don't blame you, Miss Brett."

Daphne's unexpected visitor, looking up from his tea-cup, glanced at Daphne and addressed himself with surprise-tinged tones. "Look here, how stupid of me! You're the people who wanted the place before I saw it!"

"Oh, no," Daphne said quickly. "That was . . . someone else who wanted to buy. Mr. and Mrs. Snyder wanted to rent for a year but I . . . I told them I had promised to give you time to make up your mind."

There was no mistaking the appeal in her face, or the meaning of her words. The dark eyes and the bright blue eyes traveled at the same moment to the youngest Snyder and her fruitless effort to prevent a dab of sandwich filling from slipping down her pinafore with awful certainty to the handsome brocade of the sofa.

That settled it. Blue eyes addressed himself to Mrs. Snyder with the charm of a diplomatic attack. "If I were not so selfish, I should make the now-impossible gesture of turning the place over to a lady who would lend it greater grace."

MRS. SNYDER adjusted her laces and her smile. "Did you hear that, Henry?" she asked her husband and returned to more flattering attention. "Tell me," she said, "are you by any chance related to the South Orange Van Dusens?"

Looking exceedingly regretful, he said that he wasn't. "We're Virginians," he said. "This is my first introduction to Connecticut and I mean to make the most of it."

"I'm sure you will," she said graciously. "Come along, Henry, we've got to be getting back. Anyway, we've enjoyed the visit, Miss Brett, and I'm pleased to have met

"Tomorrow," Daphne said coldly, "I am not entertaining. I'm a working girl. I shall be back in New York at my job." The information slipped out.

you, Mr. Van Dusen. Shall I tell the South Orange . . . that is, my friends, who you are?"

"By all means," he replied with a quick and dazzling smile. "I'm Derek Van Dusen."

Daphne walked to the road where the Snyders had left their car, saw them off with a mutual exchange of goodbyes and hoped that Prunella was, by now, in the drawing-room where the combination of her mother's finest silver and the presence of an unknown young man did not make for a feeling of security.

A man who would ask for a handout at the back door, turn up in strange circumstances four hours later and slip with such suspicious ease into the role of an employer, had all the earmarks of a impostor, had all the earmarks of a dangerous character. Why was he hanging around her house all day? He didn't look like a tramp certainly with his fine clothes and manners but after all, the depression had turned up strange types. Daphne hastened her footsteps.

He was, she was relieved to see, sitting in Tom Brett's chair turning the pages of a magazine when she entered.

"Well," he said, looking up at her brightly and rising, "shall we estimate the damage?"

"There has been some, hasn't there?" she answered ruefully, and noted, surreptitiously, that all the silver seemed to be on the tray.

It hurt her eyes to see the spreading grease spot on the gold brocade, the jagged scratch on the satin surface of the mahogany table. The crumbs didn't matter

nor the broken glass.

Her slender finger traced a zig-zag on the table and found a companion in the finger that marked her gesture.

"It will be easy to fix that," he said and for the first time a feeling of gratitude stirred Daphne.

"I oughtn't to ask you questions," she said when they both sat down. "I ought to say 'thank you.'"

"Forget it," he said. "Mind if I smoke?"

DAPHNE shook her head and watched the practiced way in which he filled the bowl, tapped down the tobacco and applied the match. No fumbling gestures. She liked that.

He drew on the pipe for a moment and then: "Shoot."

"Shoot?" Daphne had forgotten what she was going to say.

"Questions," he answered briefly. "Let's have them. Or shall I start?"

Daphne was startled and annoyed. Why should he question her?

"Did you want to rent to those people?"

"No, I did not!"

"Just as I surmised," he said. "But I don't understand . . ."

He paid no attention. "However, you should have, shouldn't you?"

Daphne swallowed cold tea around in her cup before answering. "No, not really," she said and was elaborately casual. No need to tell this stranger her business.

"Good! I feel better about it now." He didn't believe her but Daphne couldn't have guessed that. Or that he knew that a fra-

gile girl like herself did not indulge in the kind of work she had been doing when he had mistaken her for a maid, unless she was pretty hard up. Nor did the gesture of serving tea to the Snyders escape him.

"You did a very fine job of helping me," she said and wondered how she could invite him to go.

Tying a ribbon may be simple enough for you, but Yvonne finds it a real job in which to sink one's teeth. At least that's the impression of this striking picture as Yvonne, her eyes squinting, maneuvers her tiny fingers to adjust the ribbon on dolly's bonnet. Dolly, incidentally, is the perfect picture of impassivity.

What? That cameraman again! Wide-eyed, her tiny mouth expressing feigned amazement, Marie appears to be saying just that. Well, anyhow she's ready for action. Arms buried to the elbows in nurse's mittens, her legs crossed theatrically, Marie strikes a stunning pose. Meanwhile, her three sisters register different interest. Cecile, for instance, standing behind the chairs, takes this as just another picture. Yvonne looks up from her nursery rhymes but seems a bit impatient. Only Emilie shows more than casual interest. But after all it's an old game for the girls, this photo business. "Really we've had our pictures taken hundreds of times."

"Let me see," Annette appears to be counting, "how many times does this make my picture's been taken today? Well, I'm just going to sit right here in this chair for the rest of them." And so it goes with Annette. Utterly indifferent, she goes about her own affairs, letting the shots fall where they may.

Peggy Garcia Falls To Show Up for Lead Role in Burlesque

NEW YORK, March 9 (U.P.)—Peggy Garcia's stage debut still is unrealized.
The former hat-check girl, who was arrested for bigamy after her \$200,000 breach of promise suit against violinist Dave Rubinoff was thrown out of court, did not show up for her appearance in the leading role in "A Message for Garcia" at the Casino burlesque theater. The manager of the theater said that the commissioner of licenses had not issued her license.

GUEST SPEAKER HEARD AT MEETING

John Milner, child welfare consultant for southern Idaho, was guest speaker at the regular meeting of the Magdol-Y club held last evening at the home of Miss Elizabeth O'Malley. There was an informal discussion on problems and needs of children's day. The meeting was conducted by Miss Helen Swope, president. The program was presented by Miss Merle Bodenhamer and Miss O'Malley, co-hostesses. During the business meeting plans were made for the mother-daughter banquet to be held March 22 and Miss Ethel Smith presented a report on the welfare project.

GOODING

Following the meeting refreshments were served from tables trimmed in the St. Patrick motif. Pussy-willows decorated the rooms. A guest of the club was Miss Irene Lopez.

BIRTHDAY PARTY ARRANGED

The 11th birthday of Kathleen King was celebrated over the weekend with a party arranged by her mother, Mrs. Roy King. During the afternoon games were played and prizes were won by Lydia Stevens, Donna Lee Smith and Relda Cable. Refreshments were served by Mrs. King, assisted by Mrs. George Erickson, Oakley. The table was trimmed in St. Patrick emblems with a birthday cake trimmed in green and white as the centerpiece and tiny St. Patrick dolls for favors. Guests were the prize winners and Verla Bell, Pearl Babel, Mary Jane Neely, June Hoops, Barbara Rice, Donal Erickson, Oakley, and Roy and Patricia King.

High School News

Regular high school assembly will be held Thursday at 11 a. m., rather than on Friday afternoon. The program will be presented by the Men's Glee club from the College of Idaho. Caldwell, under the direction of Frederic Fleming Beale.
The first three numbers on the program, "Salutation," "The Green Eyed Dragon," and "The Horn" will be solos by Mark Joslyn, Twin Falls. Cecil Dossert, also of Twin Falls, is a member of the chorus.
The rest of the program will consist of numbers by the combined glee club, three numbers by Ralph DeCoursey, guest pianist, three numbers by the college quartet, three violin solos by the guest artist, Margie Fitzwater, and vocal solos by various glee club members.

Beta Sigma, Twin Falls high school national honorary society, held its regular meeting yesterday afternoon. President Roland Hutchinson presided over the meeting and Mac Hopkins had charge of the program. Harry Benoit was guest speaker for the afternoon. In the course of his talk he cited the requirements necessary for the law profession and the personal attributes needed.

Rev. Tibbets Lauds Gly-Cas As The One Medicine Of Merit

California Minister Now Enjoys Good Health After 50 Years Suffering Indigestion, Rheumatism Easily Conquered By New Herbal Remedy

The pleasing personality of the Gly-Cas Man, who is daily meeting scores of local people here, has been the subject of much comment among Twin Falls men and women who have called to see him at the Kingsbury Drug Co., this city. His courteous and painstaking attitude with everyone is said to be causing many local sufferers to realize how fortunate they are to have this amazing new medical discovery explained to them in such a manner.
Read what Rev. A. T. Tibbets, 2509 West 8th Street, Santa Ana, Age 78, said recently to the Gly-Cas Man who is now at the Kingsbury Drug Co., this city:
"Gly-Cas is one medicine that does not have any competition for the ordinary medicine of today cannot be compared with its remarkable action," said Rev. Tibbets. "For fifty years I had been in failing health. Most of my life indigestion and bloating attacks would come on me after eating making me so miserable that my meals held little enjoyment, knowing how I would suffer afterwards. But what caused my dreadful suffering was the rheumatism which settled in my limbs, back and shoulders crippling me until I could hardly get about. I became dreadfully nervous, and in spite of all I tried I could not find anything to help me. It was so discouraging and I did not know what to do when I happened onto a friend of mine who had been in a very bad condition—but now in apparent good health and he persuaded me to give this new Gly-Cas a trial as he had done and I too found it wonderful."
"I feel it my duty to let all suffering humanity know of this valuable Gly-Cas—it has no equal," continued Rev. Tibbets. "This new herbal remedy took right hold of my stubborn case, cleansed my entire system of its poisons and I have not felt as well in years as I do now. I relish every bite I eat and nothing gives me any trouble. My nerves are quieted, sleep good and seldom have any pain at all. That dreadful suffering has been relieved that I thought impossible, my head is cleared and I feel as if this new Gly-Cas has actually given me a new lease on life. There can be no doubt now of Gly-Cas' merit."
The Gly-Cas Man is daily meeting crowds of local people at the Kingsbury Drug Co., Twin Falls, where he is introducing and explaining the action of this valuable new medical discovery. Free samples given away.
Gly-Cas \$1.00 box, 6 boxes \$5.00, by mail. No C.O.D.—Adv.

Oakley to Battle Glenns Ferry for District Cage Crown

Hornets Top Buhl Team As Barrett's Five Wins

Indians Drop Tilt to Fast Oakley Quintet

Twin Falls loomed as the most probable site for the Class A vs. Class B basketball play-off today following victory of Oakley over Buhl and Glenns Ferry over the Castleford Wolves in games played last night. The Ferry team downed the Wolves 37-16 and the Indians topped the battling Indians 18-12 in a game played on the local floor.

At noon today no definite arrangement had been made for choosing of the site, but both Coach M. C. "Dode" Cranney of the Oakley squad and Coach Ken Barrett of the Ferry team agreed that Twin Falls was the logical place.

Brilliant Comeback
In the game played here last night, the Hornets staged a brilliant comeback in the final four minutes of play to overtake the Indians after trailing from the opening whistle. Led by the speedy Leroy Orlichfield, who was injured in the first game between the two teams in the tournament, the Oakley squad played with a never-say-die spirit, waiting for the "break" to come that would allow them to overtake the Indians.

Both teams staged brilliant defensive performances, the Hornets allowing the Indians only three field goals during the entire game, and holding the black-shirts to three points in the last half.

5-2 at Quarter
Score at the end of the first quarter was 5-2 for Buhl as the Hornets could collect only two gift shots, while Brown sank a field goal and Boyd made three free throws for the Buhl team.

The intermission found the Indians still leading with the score 9-7 as Orlichfield dropped in a free throw and a field goal and Smith collected a field shot for the white team while Boyd sank a field goal and Vinney Hopkins and Jerry Hopkins each counted on a gift shot.

Volney Hopkins collected the only Buhl field goal in the second half and Jerry Hopkins counted a free throw for the total scoring of the Indian team.

Meanwhile Orlichfield was going into action to score two field goals and two free throws, Clark got a free throw, Goringe made good on his only two free throws of the game and Bedke dropped a field goal from the corner that put the Oakley team in the lead for the first time with only four minutes to go.

Trophies Awarded
Bedlam broke loose in the gym as he sank the shot and the Oakley rooters leaped to their feet.

Following the game Supt. W. B. Smith, Twin Falls manager of the tournament, awarded the championship trophy to the Oakley team, and it was accepted by Capt. Read Goringe, Supt. Mercer of Oakley presented the second team place trophy to the Buhl team, it being accepted by Capt. Pete Boyd. Smith took the floor to announce the award of the third place trophy, presented by Speer's Coffee shop, to the Gooding Senators, the bronze statue being accepted by Harold Hutton. All three captains made short speeches of acceptance.

The lineup and summary:
Oakley Hornets (18) — Goringe (2) and Ellison, forwards; Clark (1), center; Smith (3), and Bell, guards. Substitutions: Orlichfield (10) and Bedke (2). Buhl Indians (12) — V. Hopkins (3) and Boyd (5), forwards; Brown (2), center; J. Hopkins (2) and Shields, guards. Substitutions: J. McElroy.

PEARSON INJURED IN YANKS' CAMP
Star Pitcher Steps on Ball And Turns Ankle; Gehrig Still Missing

ST. PETERSBURG, Fla., March 9 (U.P.)—Pitcher Monte Pearson will be on the sidelines about a week, Trainer Doc Painter of the New York Yankees said today. He stepped on a ball during practice yesterday and wrenched his ankle. X-ray pictures showed several broken blood vessels. Holdouts Gehrig, DiMaggio and Ruffing were the only ones missing from yesterday's workout held in the main.

GIANTS ALL SIGNED
HAWAII, March 9 (U.P.)—The New York Giants were without a holdout today as third string catcher Roy Spencer was recalled. Spencer, who was holding out for a guarantee against being dropped to the minors this year, capitulated yesterday. Manager Terry, in an effort to prevent his players from overtraining before the long exhibition schedule stopped practice at 1 p. m.

TIGERS IN LONG DRILL
LAKELAND, Fla., March 9 (U.P.)—Manager Mickey Cochrane announced today that only four of the 15 pitchers in training camps were sure of playing with the 1937 Detroit Tigers and that any of the five rookies had a wide open chance of landing a berth. Cochrane sent his pitching staff through a long fielding workout yesterday. Although not due until next Sunday, outfielders Walker and White worked out yesterday.

SPORT SQUIBS

It looked like old home week last night as hundreds of Buhl basketball fans poured into the high school gymnasium with the hope that they would see their beloved Indians capture the district basketball tournament. But, as it turned out, they were doomed to disappointment, as the spirited Oakley Hornets came to life in the last four minutes of play to tuck the game away. It was a happy Buhl crowd, though, that watched the first 32 minutes of the game as the Indians led all the way.

If they had to pick, there is no team we could think of that the Indians would rather lose to than the Oakley squad—this much was admitted by the fans and the players after the game. A fine bunch of sports, the Oakley squad was pretty much adopted by the fans from the other schools at the opening of the tournament and we have a hunch that there were many outside of Oakley who were glad to see them win. The Hornets have been sending teams to the district tournament here year after year, and the best they have been able to do heretofore was to capture second place. Fine teams they were, too. But it always seemed that they lacked something to put over the final two points to win the contest. In a good share of the last six or seven years they have worked their way to the finals,

only to be beaten by one or two points in the deciding game. Members of the Buhl squad showed a fine sense of sportsmanship as they congratulated the various members of the winning team. Coach Floyd Luft took the defeat in stride and grasped the hand of "Dode" Cranney, Hornet mentor, with a big smile on his face. Tears of joy streamed down the Oakley coach's face after the final gun as members of the two teams and coaches of surrounding teams came up to congratulate him.

Down-Glenns Ferry way they are talking of the prowess of the Ferry team and the prospect of a good battle between the Hornets and the Class B winners is in sight for Twin Falls fans as negotiations go forward for the play-off game. Both team coaches favor Twin Falls as the site for the final game. The only hitch might be in the fact that Kenneth Barrett, Ferry coach, might possibly object to the game being played on the local floor since Oakley has already played here and might be more accustomed to the gym. An invitation to the two teams has already been extended to play the game here by Coach R. V. Jones of the Bruin school.

If the tilt is staged here the probabilities are that it will be held on Friday night, March 12.

Balls Will Travel 64,015 Miles At Annual World's Bowling Congress

By HENRY McLEMORE
NEW YORK, March 9 (U.P.)—I don't know where the man learned of my arrival in New York—unless it was the police who tipped him—but I had not been off the Florida special half an hour before Senator Francis Albertantl had my secretary on the phone (and getting me on the phone, because I serve as my own secretary) and was telling him (me) how glad he was I had returned to cover the national bowling congress, which opens Wednesday.

I told Senator Albertantl I had not returned for any sort of congress, but merely to have my annual tugging at my glove-makers. I told him further that Wednesday was the day I would be fitted for raccoon mittens (long a favorite of mine), and still further that I knew absolutely nothing about bowling.

Things Up
"You don't!" he exclaimed. "No, absolutely nothing," I repeated, and hung up, thinking that ended that.

But I was mistaken. Within an hour a messenger boy, laden after the manner of an Andalusian donkey, arrived at my address. He was laden with literature on bowling. There were tons of it. It seemed, in volume it made Dr. Eliot's five-foot shelf appear as nothing more than a vest pocket memo pad. Figuring that any sport which could command such an output was worth knowing about, I slipped on my reading glasses, turned on my reading lamp, threw another log on the fire and settled down.

I can't begin to tell you all I learned, because the history of bowling is a long one. It is an ancient sport, and if some of the chroniclers are to be believed, was a flourishing game when the Pyramids were in their infancy, and no more than door stops. It has been bowling along through the centuries, so to speak, and will give to New York this week the largest sports tournament of all time. I must give you a few figures on the 1937 congress, however, for it is the Queen Mary, the Primo Carnera, the Koh-noor, of all sports gatherings.

It will last two months, and wear out 28 brand new alleys. During this time 22,000 bowlers will perform in the five-man, two-man, and single events. There will be bowling in the morning, at high noon, in the afternoon, and at the cocktail hour, and most of the night. The contestants have kicked in with \$217,350 in entry money, \$145,000 of which will be distributed in prizes. During the two months' show the bowlers will unloose 2,614,000 balls, and they will travel 64,015 miles which is quite a distance to travel, even if you are placed in the charge of the conductor. The 2,614,350 balls will upset something like 12,000,000 pins, and in lifting them the pin boys will handle in the neighborhood of 20,000 tons of lumber. The total number of points scored by the bowlers will be in the neighborhood of 23,127,000.

Unofficial Beers
Add to these official figures my own unofficial ones of 347,000 bottles of beer consumed by the bowlers, 1,257,391 decibels of noise made by the balls striking the alleys, and 1,270 pairs of shoes worn out, the 137 sets of suspenders snapped while making a strike, and the 15,457 postcards saying "wishing you were here" that will be mailed, and you have enough statistics to make you dizzy.

And it's while you're dizzy that I'll leave you.

Ever think of TRADING UP to a BETTER USED CAR?

Every man with an old car knows that he's in for trouble and repair bills. Tires begin to give out. Battery goes dead on a cold morning. Maybe brakes have to be relined. And there's always danger of bigger expense for engine repairs.

It isn't worth the trouble to hold onto that old car, when there's a flood of year old cars being traded in on new Buicks. Somebody else has taken the first-year depreciation on these cars, so we can offer them at prices like these:

POWER, POSTALS EACH WIN TILTS

Defeat Aces and Brookfield Teams in Commercial and City Leagues

Idaho Power continued its winning ways in the Commercial bowling league last night, by downing the Aces, 2 to 1, while Post Office was taking a similar verdict over Brookfield.

George Buhler of the Aces topped series totals with 555, but Graf Self of the powermen had 224 for best single game. In the City league Rosa and Dix each had 523 to tie for high total. Dix nosed out Rosa, however, for high single game with 197 to 196.

BRUINS TAKE ON VISITING BOXERS

Gooding and Filer to Invade Twin Falls for Mitt Program Tonight

Gooding and Filer boxers invade the local arena tonight to take on the local leather-pushers in the first amateur mitt card here in several years.

Featured on the program will be ten bouts, seven between the Senator and Bruin squads and three between the Wildcat and Bruin members. The card is scheduled to open at 8 o'clock, according to Coach R. V. Jones of the local team. The meeting of the Gooding and Twin Falls boxers is a return engagement. The Senator pugilists copping a card staged in Gooding recently.

Light weight boxers will battle each other in the Gooding-Twin engagements, and fighters weighing over 150 pounds will tangle from Filer and Twin, states assistant coach Ted Primeau.

Tomorrow night the Bulldogs of Kimberly and the Wildcats of Filer will tangle in the squared circle at Kimberly, according to the coaches Jimmy O'Brien and Louis Denton, both former University of Idaho fistful stars.

ACEQUIA TO PLAY PAUL
PAUL, March 9 (Special)—Paul high school boys' and girls' teams will play a post-season double-header here tonight. There will be no admission charge.

First of Stars Arrives For Sun Valley's Meet

SUN VALLEY, March 9 (Special)—Charles Proctor of Boston, American authority on ski technique, and author of numerous articles and books on skiing, had registered here today, the first of the Golden Ski entries to arrive on the scene of the competition to be held Saturday and Sunday at Sun Valley.

Count Felix Schaffgotsch of the Sun Valley Ski club has announced that the course for the meet has been definitely changed from Old Baldy mountain to Boulder mountain which is 12 miles up the Wood river from Ketchum, giving the reason that more ideal snow conditions prevail on Boulder. The state highway department has already spent three days opening the highway through the valley as far as Galena. Highway officials have assured the committee that in view of the great interest already shown in the coming meet, every effort will be made to clear the snow within walking distance of the downhill race site. All accommodations in Hailey and Ketchum are rapidly being reserved by wire from every part of the country.

First Open Meet
The Sun Valley Gold Ski will be the first open downhill and slalom competition ever to be held in this country, the only other event of the kind being the Arlberg-Kandahar race held alternately in Austria and Switzerland. Several entries for the coming race have participated in this competition, and one, Walter Prager, has won it twice.

The new course, one-third of which is through timber, begins just east of the Boulder peak proper at an altitude exceeding 10,000 feet, and ends at the edge of the main highway after a three-mile run that drops over 4,000 feet. Contestants will be taken by bus to the foot of Boulder about 7 o'clock in the morning, where they will have a hard three-hour climb to the starting point, after which they will have a three-hour rest period before beginning the race from the summit at 1 p. m. Winning time is expected to be in the neighborhood of four minutes, necessitating a speed of approximately 80 miles per hour on the open stretches.

Will Combine Results
Winner will be determined by the combined result of both downhill and slalom competition. Slalom races will be held one-half mile from Sun Valley lodge on Dollar mountain on Sunday, while the thrilling downhill whizz will be run on Boulder on Saturday. Reservations already made at Sun Valley lodge for 24 sports writers, syndicate representatives and newsmen for the express purpose of covering the meet, give some idea of its importance.

Official Entries
To date, there are 22 official entries. Three more will be invited as winners of the Canadian championship races at Banff, Alberta. The entry list now includes Ken Syberston, Mt. Baker, Ore; Sigmund Ruud, Norway; Andre Roch, Highland-Bavaria lodge, Aspen, Colo.; Charles Proctor, Boston; Walter Prager, Dartmouth college; Arndt Ofstad, Spokane; Robert Livermore, Boston; Joseph Benedicter, Sun Valley, representing Austria; Alex H. Bright, Boston; R. S. Balch, Denver; Don Amick, Seattle; Roland Cosman, Sun Valley, representing Austria; Dick and Jack Durran, Dartmouth college; Alf Engen, Salt Lake City; Franz Epp, Sun Valley; Don Frazer, Seattle; Corry Gustafson, Portland; Hans Hauser, Sun Valley; Halmar Hyam, Portland; Ted Hunter, Dartmouth college; and Robert Hlgman, Seattle.

Hannes Schroll, Yosemite, Calif., winner of the United States championship in 1935, and top skier of the northwest, broke his leg in training for the race, and will be unable to enter. Officials include Ken Blinn, Seattle; referee, Ben Thomson, Seattle; course-setter, Allen Granstrom, Seattle, and Fred Van Dyke, Portland, timers.

All officiating will be in full charge and under the direction of the Pacific Northwest Ski association. Acting chairman of the race committee will be Peter H. Hostmark, president of the association.

Notre Dame Captures Mid-West Cage Title

SOUTH BEND, Ind., March 9 (U.P.)—Notre Dame held the mythical title of "midwest basketball champion" today after its crushing victory over Minnesota's Big Ten champions last night, 44 to 18. It was Notre Dame's 19th triumph in 22 games. Included in the victims of the victory string was Illinois, the other western conference titleholder.

Crazed Denver Man Kills Police Officer

DENVER, Colo., March 9 (AP)—Fred Stallings, former special officer, telephoned police headquarters and shouted: "The boys, come and get me."
"You asked for it and now you're going to get it," he called as they approached. He fired through the door panel, killing Patrolman Forrest E. Sawyer and wounding Patrolman Michael Carroll in the chest. Then he committed suicide before reinforcements came. No reason for his act was learned.

Tank Fireproof

LONDON, (AP)—A new gasoline tank for planes, which, it is said, prevents fire breaking out when tanks are forced down, has been approved by the British Air Ministry for use in civil aircraft. If the tank proves invulnerable to machine-gun bullets, it will be adopted by the Royal Air Force.

NET GAIN MADE IN WHEAT PRICE

CHICAGO, March 9 (AP)—Wheat prices pushed forward for moderate net gains in quiet trading here today. Mill buying of the May delivery and purchases of the deferred month, induced by reports of unfavorable weather conditions, rallied the market after an uneven start.
At the close wheat was 1/4 to 1 1/2c higher, new corn 1/4 to 1 1/2c, old corn 1/4 to 1 1/2c higher, and oats 1/4 to 1 1/2c higher.
Speculators sold the May delivery at the opening in response to a relatively heavy tone at Liverpool. Pressure eased later, however, when it was learned that mills had taken 13,000 bushels and the early losses were erased.
Corn opened easier but rallied along with wheat to score net gains of a cent a bushel.

GAINS MADE IN MOST OF STOCKS

NEW YORK, March 9 (AP)—To-bacco shares, with declines ranging to 8 points, today stood out in contrast with other sections on the stock market, where gains ranging to more than 3 points were the rule. American Tobacco issues led the decline following publication of the company's annual report showing net income only \$3.69 a share or insufficient to meet dividend requirements. That contrasted with \$4.57 a share in 1935. The 4 stock lost more than 8 points and the B nearly 7, both at new lows. Liggett & Myers issues had wide declines. Reynolds B lost more than 2 points and Philip Morris 3 points.

Other groups dipped from early highs but wide gains were retained. Steel shares made good recoveries on the American Iron & Steel Institute showing February output of steel ingots at a record for the month.
Copper shares moved up for a time and new highs were made by Anaconda Cerro de Pasco, and Phelps Dodge. All but the last lost gains on profit taking. Pathe Mines equaled its high. St. Joseph lead made a new top. National lead mounted to 39 1/4 up 3. American Smelting made a new high at 101 1/4 up 3 1/4. U. S. Smelting was higher.
Dow Jones preliminary closing averages showed: Industrial, 193.29, up 0.60; railroad 62.19, up 0.09; utility 34.37, unchanged.
Transactions approximated 2,390,000 shares compared with 3,180,000 shares yesterday. Curb transactions approximated 587,000 shares compared with 690,000 shares yesterday.

Gas, Gas All the Time, Can't Eat or Sleep

"The gas on my stomach was so bad I could not eat or sleep. Even my heart seemed to hurt. A friend suggested Adierka. The first dose I took brought me relief. Now I eat as I wish, sleep fine and never feel better."
—Mrs. J. A. Filler.
Adierka acts on BOTH upper and lower bowels while ordinary laxatives act on the lower bowel only. Adierka gives your system a thorough cleansing, bringing out old, poisonous matter that you would not believe was in your system and that has been causing gas, pains, sour stomach, nervousness and headaches for months.
In addition to intestinal cleansing, Adierka greatly reduces bacteria and colon bacilli. It gives your bowels a REAL cleansing with Adierka and see how good you feel. Just one powerful relief G.A.S. and constipation.

QUAKE RUMBLES IN MIDDLE WEST

Five States Feel Jar as Dishes Rattle and Ceilings Crack

CHICAGO, March 9 (AP)—Scientists hauled out maps and charts to try to hunt down an earthquake which started thousands of residents out of their sleep, jarred dishes on shelves and cracked plaster ceilings in five midwestern states.
Seismographs throughout the midwest recorded the shocks as of major intensity. No injuries resulted, however, and damage was slight.
The tremors were felt in Ohio, Kentucky, Michigan, Indiana and Illinois. They started a few minutes before 1 a. m. (EST) and lasted as long as eight minutes in some districts. Several instruments recorded 15 distinct tremors.
Second Time
It was the second time in eight days that the earth has heaved and rolled in the geologically old middle west where earthquakes are rare.
University geologists said last tremor: probably were related to those which caused similar fright and little damage in six states March 2. They said it was impossible to determine without extensive checking whether they had any connection with the shocks which jarred San Francisco and bay communities 24 hours earlier.
Louisville and Chicago police squads cursed the streets looking for mysterious explosions. Chicago's bomb squad was dispatched to the north side in answer to a frightened resident's call.
Residents who stormed police departments and newspapers with telephone calls reported various sensations as of a major explosion, heavy trucks rumbling down apparently deserted streets, and burglars moving heavy furniture.
Jack Reith called Chicago police to tell them it definitely was an earthquake.
"I know, because I'm from California," Reith told the desk sergeant. "The house just seemed to move."

THIS CURIOUS WORLD

By William Ferguson

Elephants often work in groups, at the task of pulling down a tree. While one animal pushes and butts against the trunk, another pulls, while a third elephant frequently digs at the roots with his tusks. However, these trees do not have long tap-roots, and, during the rainy season, are not so difficult to uproot.

CITY ASKS WPA TUNNEL PROJECT

Drainage System Would Stop Flooded Areas in City, Officials Say

Figures and specifications for a storm sewer project estimated to cost \$87,200 were completed here today and forwarded to Boise for approval as a WPA project, it is announced by Mayor Duncan McD.

The project, plans for which were presented to the city council last night by J. N. Molyneux, superintendent of streets and waterworks, who compiled the data, calls for a 5,600-foot tunnel starting at Fourth avenue and Shoshone street and continuing in a straight line to Fairview avenue at the intersection of Jefferson, on the north, where it will connect with the present Orchelara tunnel which was constructed by the Twin Falls Canal company, and which drains into Rock creek.

Would Form Drain

With approximately one-half of the expense expected to be borne by the government in WPA labor, the tunnel would drain the entire city of stagnant surface water and eliminate many of flooded areas now common in the city during rains and melting spells.

The tunnel would be four by six feet and would travel at a depth of approximately 50 feet.

Working four six hour shifts a day the crews would be able to progress approximately 10 feet during that time. It would employ approximately 75 WPA workers. At the estimated rate of ten feet a day it would take 560 days to complete, Molyneux indicated.

Alternates Banned

Two alternate tunnels were decided against when it was indicated neither would serve so large an area as the one decided upon. The alternate tunnels would both have started at the same point as the one approved, but one of them, 3,500 feet in length, would go almost directly down Shoshone to the emptying point while the other would go a distance of 4,800 feet to the emptying point, traveling from the starting point to Fifth avenue north and Third street north, and then west to Rock creek.

Council members last night were of the opinion this project would be the most beneficial the city has ever undertaken, inasmuch as present facilities are entirely inadequate for the area.

Three Die During Baby's Delivery

SHOALS, Ind., March 9 (U.P.)—Mrs. Pauline May Boyd, 39, lay white and shivering on the bed of her humble three-room cottage, Dr. Charles F. Hope, 69, felt her pulse, shook his head.

There was a life to be saved, another to be started.

The child must be born or the mother would die. There was no hope of normal delivery. Death threatened and Dr. Hope called for help.

A new spasm of agony seized Mrs. Boyd as Dr. E. E. Long rushed to the bedside. The doctors tried to use forceps. They were useless. Only hope was in the doctor's skilled, quick fingers. Perhaps he could change the position of the child. Anesthetics were administered. Dr. Hope bent to his task.

An instant of electric suspense and Dr. Hope straightened, gasped, collapsed in a chair.

Dr. Long rushed to his side. He was dead, victim of exertion and heart attack. Dr. Long whirled to the patient, leaned over her. She was dead. He listened for heartbeats of the unborn child. It was dead.

Council at Gooding Plans Fire House

GOODING, March 9 (Special)—A building to house Gooding's new fire truck is being considered by the city council. The fire house in which the old truck is kept is not large enough for the new truck.

The structure planned would be erected on the city property west of the court house and would be large enough for both trucks and provide living quarters for the caretaker of the city fire equipment.

Elmer C. Bell has been hired to be in charge of the new truck. He has had years of experience in operating fire fighting apparatus and will have complete charge of the trucks.

The truck was given a high rating by the Idaho surveying and rating bureau of Boise following recent tests.

HEYBURN

Charles Holsten, who recently broke his leg, is convalescing at the Fremont hospital.

Jack Thibert, San Francisco, is here for an extended visit with his mother, Mrs. Alice Coble.

Mr. and Mrs. J. W. Sorensen and son, Seldon, went to Richmond, Utah, to attend the funeral services for Mr. Sorensen's sister, Mrs. Clara Wilding.

Mrs. Ernest Stimpson returned to her home Sunday, after being released from the Cottage hospital.

A farewell social was held in the L. D. S. church, Friday evening, honoring the retiring bishop, Clyde Grandall, J. J. Patterson, and Elmer Holmer. A gift was presented to each and a program was presented. Refreshments were served.

Mr. and Mrs. Thomas Hyman and two sons, Wesley and Lloyd, left Saturday to attend funeral services for their son, Willis Hyman, Salt Lake City.

Confesses Slaying Family

Murder of his wife and four children in their home at Auburn, Wash., was confessed to Richmond, Calif., police by Enchi Kato, 35, fight, Japanese gardener, who gave himself up. Since the quintuple slaying, Kato said, he had been unable to sleep and it was only after the confession that he got a night's rest.

SCOUT BOARD OF REVIEW CALLED

FARLEY IS SORRY FOR OPPOSITION

National Democratic Leader Flails Bourbons Against Court Program

CHAPEL HILL, N. C., March 9 (U.P.)—Democratic National Chairman James A. Farley told University of North Carolina political students today that he is "inclined to feel sorry" for members of his party who have joined in the opposition to President Roosevelt's judicial reorganization plan.

He charged that Democrats who are leading the drive to defeat the proposals have "placed themselves in the position of aiding a Republican effort to climb back to power."

Lonesome Democrats

If the question could be put to an immediate popular vote, Farley contended, Democrats who opposed the President's plan would "find themselves as lonesome as did the others who cast their lot with the Liberty League last November."

"It seems to me that the incident of the (judicial) reorganization plan comes directly into the class of those matters on which party loyalty should be the guiding principle."

Farley said he did not "question the sincerity" of Democrats who oppose the President's plan, and added:

"Straining at Gnat"

"It seems to me that members of my party who refuse to go along with the President in his effort to continue the policies that have been so overwhelmingly endorsed in every election since his advent to the White House are straining at a gnat."

"As to the Republican party, they are merely seeking the repeal of the 1936 election. They lost before the voters; now they are trying to win in congress."

"They are not going to succeed. The country is behind the President as firmly as it was last November."

Scout Course Set For Oakley Area

A course in the principles of Scoutmastership, conducted for Boy Scout leaders, will be held Wednesday at 8 p. m. in the Oakley high school, officials of the Snake river area council announced today.

The first half of the course was conducted last fall, being discontinued because of inclement weather conditions. Henry Meyer, commissioner, will be in charge and will be assisted by Rosel Hale, chairman of the district.

Elephants on Sit-Down

When bustling activity around winter quarters of the Al G. Barnes-Sells Floto circus near Los Angeles indicated the road season was about to begin with its resurgent labor of pushing wagons, the circus pachyderms demurred. How did they demur? They sat down. And thus was born the first elephant sitdown strike on record. Police were powerless, but the trainers thought of using pickets (very sharp) on the elephants.

ARRESTS TOTAL 92 IN FEBRUARY

Ninety-two arrests for various violations of city laws were made during the month of February, the monthly report compiled by Chief of Police Howard Gillette and approved by the council shows.

Of this number traffic ordinance violations lead with a total number of 43 being made in this division. Drunkenness resulted in 26 arrests during the month and 20 were made because of other violations.

Four cars were stolen during the month, the report shows, and four recovered. Twelve bicycles were also stolen and all recovered. There were no violations of the city curfew law during the month.

In connection with the chief's report, that of S. Claud Stewart, police judge, shows fines collected during the month amounted to \$172.

Funeral Services Held For Youth

Services for James Dye, son of Mr. and Mrs. William Dye, were held yesterday afternoon at the Bethel Temple church with Rev. B. M. David officiating.

Music was provided by Mrs. Danner and Mrs. Schuyler, who sang two duets. Mrs. Danner also sang a solo and accompaniments were by Mrs. Paul Roberts. Pallbearers were J. C. Williams, Jack McDowell, Oliver Brown and Ira McClintock.

Interment was in Twin Falls cemetery under the direction of the White mortuary.

REVENUE BUREAU LISTS TAXABLES

Income Payers Asked Not to Deduct Levies Paid on Cars, Gas, Liquor

WASHINGTON, March 9 (U.P.)—The internal revenue bureau today asked taxpayers to refrain this year from deducting for income tax purposes federal levies paid on automobiles, gasoline and liquor.

"This habit causes us the most grief," a bureau official said, "but the taxpayer goes right on doing it year after year."

Federal taxes on automobiles, gasoline and liquor are imposed on the manufacturer, producer, or importer, and are not deductible by the purchaser or consumer, even though they may be passed on to him as part of the purchase price.

It is possible, however, for taxpayers in some states to deduct state taxes paid on gasoline and retail sales, but the terms of the tax laws in other states bar such deductions.

"Do's and Don'ts" Listed

Other "musts" and "must not's" relative to deductions include:

Taxes on real estate and personal property paid during the year are deductible.

Taxes assessed against local benefits, such as streets, sidewalks, drainage and other like improvements, are not deductible. The bureau holds they tend to increase the value of the property and thus constitute cost of a permanent improvement.

State income tax is an allowable deduction.

Customs duties paid by a person on articles imported for his own use are deductible.

Federal taxes on theater or amusement admissions in excess of 40 cents are deductible, but the taxpayer must be able to show that account has been kept of the amount paid.

Taxes Deductible

Taxes on club dues, telephone calls, radio messages, telegrams and cables and on the rent of safety deposit boxes are deductible.

Loss arising from fires, storms, shipwrecks, floods or other casualty are deductible and need not be connected with the taxpayer's trade or business.

If the loss of jewelry can be proved it is deductible.

Farmers may deduct all amounts paid in the production, harvesting and marketing of crops, including labor, cost of seed and fertilizer used, cost of minor repairs to farm buildings other than his dwelling, and small tools used up in the course of a year or two.

AIR-CONDITIONED

LONDON (U.P.)—As soon as the results of experiments in air-conditioning now being carried out on a secret underground railway below the busy streets of London are known, the air-conditioning of the whole of London's "tube" system will be undertaken. It has been revealed.

The north pole is moving southward at the rate of six inches a year.
