Italy Denies New Assurance to Halt Spanish Rebel Aid

Envoy Told To Refuse Discussion

(Copyright, 1937, United Press)

LONDON, March 27 (UP)—The Italian embassy today denied it had given any fresh assurance to Great Britain that Italy would refrain from sending more soldiers to Spain to fight for the rebels there.

The United Press simultaneously learned authoritatively that Benito Mussolini's instructions to the Italian ambassador here, Dino Grandi, to refuse to discuss any proposal to recall foreign "volunteers" from Spain, would stand intact.

A spokesman at the embassy emphasized that Italy already was bound to prohibit departure of fresh contingents to Spain. He said any renewed promise would convey the impression that Italy's participation in the ban against aid to either warring faction enforced since Feb. 20 was never really intended seriously.

British officials confirmed the Italian embassy denial of the report—printed in the Daily Telegraph here—which said Italy had tendered a new pledge to send no more men to fight for the Spanish rebels, and had indicated readiness to discuss withdrawal of foreign troops now in service for the insurgents there.

"The author of this report," a British spokesman said, "put two and two together—and got five."

Both the British and Italian authorities emphasized that, by recalling Ambassador Grandi's announcement before the non-intervention sub-committee last Tuesday when he conveyed Rome's refusal to discuss the withdrawal of "volunteers" in Spain now—with emphasis on the "now."

The counselor at the Italian embassy later called on the secretary of the committee and remarked that the withdrawal proposal had been raised at the most inopportune time conceivable.

BETRAYER "SHOT" IN CULT'S RITES

Arizona Indians Near End of Ceremony Depicting Crucifixion

GUADALUPE, Ariz., March 27 (UP)—Judas Iscariot, the betrayer, was dragged through the plaza of this Yaqui Indian village today and "executed," as the tribesmen prepared to end their century-old half-Pagan Easter rituals.

With gunpowder and firecrackers hidden in its straw stuffing, an effigy of the traitor was dragged the weary round of the 14 stations of Via Crucis. It was impaled on two spears and set afire, along with the crosses that marked the path and the weird ceremonial masks shed by the men.

Thus did the Yaquis, in their own solemnly enacted version of a medieval "passion" play, avenge the death of Jesus Christ and prepare for his joyous resurrection tomorrow. The ritual includes the Yaquis' own interpretations of the Christianity taught them by the padres in Mexico.

Tonight, "los Fariseos" and "los galileos" (Pharisees and soldiers of Pontius Pilate) will be whipped severely, as will be the children who fall into their clutches during the 40 days of Lent when they symbolically sought Christ to destroy him.

Spain Papers Claim Duce is Sending More Troops

VALENCIA, Spain, March 27 (UP)—Morning papers today said they had learned from an "absolutely reliable source" that Italy is planning to send 100,000 men to Spain to fight with the rebels for a Fascist victory.

The press in the loyalist wartime capital here said Italy was assembling arms at Turin, Milan and Genoa for shipment to rebel Spanish territory.

It also was charged that Germany is using the port of Pillau in east Prussia for shipments to rebel-controlled Spain in the civil war against the leftist government.

Earlier loyalist estimates had said that there already were 80,000 Italian and 40,000 German fighters on the rebel side in Spain, presumably sent before the international non-intervention plan went into effect Feb. 20 barring aid to either faction.

LOYALISTS CLAIM NEW BATTLE WIN

Dispatch Says Italian Troops Defeated in South Madrid Fight

By United Press—Another defeat of Italian troops—the second this week—fighting alongside Spanish rebels was claimed by the loyalists, on the Pozoblanco front south of Madrid, where the civil war activities centered today.

The leftist troops reported from Andalus that 10,000 Italians had been routed in northern Cordoba province on that front. The tide of battle alternated and loyalists finally claimed they threw their foes back in intensive artillery, infantry and aerial combat.

The loyalist press at Valencia, war capital on the Mediterranean gave prominence to dispatches asserting that Italy was planning to rush 100,000 additional soldiers to Spain to aid the seemingly weakened rebels.

They claimed further that Germany was violating the international non-intervention agreement presumably effective as of Feb. 20, and alleged the reich was using Pillau in east Prussia as a base for shipments of war materials to the Spanish insurgents.

Reports usually reliable at Gibraltar said Germany also was violating the accord of neutrality and that two of the reich's warships were bound from Algeiras to Malaga, southern Spanish port, with war materials for the rebels. A start of a new offensive against the loyalists from there, with Algeiras as the objective, was said to be afoot.

CHICAGO'S TAXI STRIKE SETTLED

Men Return to Work After Signing of Agreement With Officials

CHICAGO, March 27 (UP)—Taxicab drivers whose three-week strike brought sporadic violence to Chicago's "loop" and left it almost destitute of cabs at times, returned to work early today.

An agreement was signed last night with Checker and Yellow Cab officials providing for direct negotiation of their demands for higher commissions.

Immediate resumption of normal taxicab service was anticipated although the agreement gave strikers five days to return to work. When the agreement was signed it was believed nearly 2,000 of the city's normal 3,600 machines were on the streets.

Cab company officials recognized the new midwest taxicab drivers union for collective bargaining purposes. Checker cab officials agreed to accept \$25,000 in full settlement of the \$51,000 owed them by drivers of 1,000 privately-owned cabs for storage during the strike period.

More than 100 men were arrested on slugging and disorderly conduct charges as a result of riots and burning and smashing of cabs during the strike.

When Amelia's Giant "Flying Laboratory" Crashed

Amelia Earhart Putnam is back in the United States, following the crash of her \$90,000 "flying laboratory." The plane of the famous aviatrice is shown above after an attempted take-off at Wheeler field, Honolulu. Miss Earhart plans to attempt another "round-the-world flight in the near future—after the smashed plane is repaired.

Sunrise Service Features Easter Worship Here

Lenten solemnity will give way Sunday to traditional commemoration of the Savior's resurrection as thousands of worshippers attend Easter services in Twin Falls churches and at Shoshone falls.

The impressive sunrise services at the falls deep in Snake river canyon are expected to draw more than 1,500 persons to the annual ceremonies. The services will form the first observance of the day in Twin Falls county, and among the throng will be worshippers from Boise, Pocatello and most southern Idaho communities.

The sunrise rites are sponsored by the Inter-Church Youth affiliation which are expected to be attended by over 1,000 worshippers from Boise and Pocatello and most southern Idaho communities.

All churches of the city have announced special services for the day with Easter music figuring in the programs. For the first time in several years good weather is forecast to spur the "Easter promenade" and capacity congregations are expected at the services.

Program at the sunrise service will open with a trumpet call to worship by Bill Pomerooy, Bob Thomsen and Rev. Mark C. Thomsen. The audience will sing the hymn, "Holy, Holy, Holy," and the Easter story from the scripture will be read by Ambrose Evans, president of the affiliation. The anthem, "Jesus Christ Is Risen," will be sung by a youth choir of approximately 300 voices accompanied by Harley Smith at the piano and Rev. Mark C. Thomsenberger playing the trombone. Miss Eunice Eyer is director. A solo, "The Holy City," will be sung by Loy Thompson.

The address, "An Easter Message," will be by Gerald Wallace and will be followed by the benediction by Rev. L. Jack Pix. In conclusion is the trumpet reply while the audience waits with bowed heads.

Grade Closes at 6—Announcement was made today that in case of storm the service will be held at the Methodist church from 6 to 6:30 a. m. If it is held as scheduled at the falls the grade will be closed at 6 so that there will be no interruptions. The congregation will assemble at the foot of the grade with the Boy Scouts acting as ushers and distributing programs.

Buses for the choir members and those parents who, have no other means of transportation are to leave the high school at intervals between 5 and 5:15 a. m. Any others without transportation were urged to be at the high school before 5:30 a. m. and those with extra room in their cars were asked to stop for passengers. Buses go only to the top of the grade and sponsors have requested drivers of cars to exercise special care as there will be a number of pedestrians on the grade.

After the service the Methodist young people are serving a 25 cent waffle breakfast at the church. Later services include 8 o'clock high mass at St. Edward's Catholic (Continued on Page 2, Column 1)

Idaho Falls Makes Water Right Request

IDAHO FALLS, March 27 (UP)—Final applications for water rights making possible establishment of a municipal power plant were forwarded to the state capital today. The request is for 1,000 second feet of water on the South Fork of the Snake river near here. The power would be used for operation of a \$500,000 electrical plant.

SUGAR OFFICIAL TELLS PURCHASE

Amalgamated Secures More Land Surrounding Cedar Loading Area

Acquisition of additional land adjoining the present beet dump site at Cedar for improvement of loading facilities for growers in that vicinity, was announced today by R. H. Tallman, district manager of the Amalgamated Sugar company. The company's plan, as outlined by Mr. Tallman, calls for the dismantling of the present lynch type beet dump and the installation of a mechanical piler having a capacity of 1,500 tons of beets a day, or the equivalent to loading 30 cars.

This installation will speed up the delivery of beets and will eliminate the possibility of any delay to the growers in unloading their beets by reason of a possible shortage of cars. Mr. Tallman said.

The additional land is required under this program to provide sufficient piling ground area to handle the large crop that is expected to be delivered to this station, as a substantial increase in acreage for Cedar is anticipated over last year. The improvements will get underway within the next few days.

Plans were also announced by Mr. Tallman for similar and other improvements this year at Buhl and other loading points in the Twin Falls factory district.

Take to Lifeboats

SAN FRANCISCO, March 27 (UP)—Forty crew members of the steamship Volunteer, in distress 550 miles southeast of Yokohama, today prepared to take to lifeboats while the British freighter Fresno City speeded to the ship's aid.

Oddities From Here And There

POISON

SAN FRANCISCO, March 27 (UP)—When a man with a name similar to his was accused of distributing poisoned baking powder during an investigation of the drug business lately, Samuel Rosenthal began losing his grocery and liquor customers. Business finally became so bad that Rosenthal took his affair to federal court today in a bankruptcy petition. He blamed the similarity of the names.

EXPLOSION

PALESTINE, Tex., March 27 (UP)—George McNally lay down under an oil rig boiler and went to sleep. He awoke suddenly, splashing nude in a slush pit. An explosion had lifted the boiler, stripped off McNally's clothes and hurled him 75 feet. He was only slightly burned.

TASTE

LOS ANGELES, March 27 (UP)—Henry Sittig is recovering in a hospital from the effects of fly spray he drank for beer. "I've known beer to taste worse," he commented.

EGGS

KANSAS CITY, Mo., March 27 (UP)—Eggs of golden hue will be laid Sunday if the Easter bunny this year is in step with the "lucky" eggs are more expensive now than at any time in six years. They are double the Easter-time quotation of 1933, and five to seven cents higher than a year ago.

Roosevelt Meets With Congressional Heads on Sit-Down Strike Crisis

SETTLEMENT OF STRIKE IS SEEN BEFORE EASTER

Only Few Words Keep Heads From Agreement, Says Gov. Murphy

By JAMES C. AUSTIN
LANSING, Mich., March 27 (UP)—John L. Lewis and Walter P. Chrysler resumed their conferences today in attempts to effect speedy settlement of the Chrysler strike by United Automobile Workers that has thrown 60,000 persons out of work and tied up \$50,000,000 worth of property.

With the arrival of hoarse-voiced Gov. Frank Murphy shortly after 10 a. m., negotiations between the motor car manufacturer and the head of the committee for industrial organization resumed.

A source close to the conferees indicated that phraseology of settlement terms was all that separated the union leader and the manufacturer.

"Three Words"—"Just about three words separate them," this observer said.

Last night, when Murphy, suffering from a heavy cold, recessed the conferences until today after 12 hours of deliberations, he announced:

"Not a great deal separates them." Murphy, somewhat rested after the ministrations of an osteopath last night, called the conferees into his executive offices at 10:10 a. m.

Lewis and Chrysler, it was learned, were attempting through James F. Dewey, federal conciliator, to find exact wording for their settlement formula, which would be acceptable to both.

Union Demand—This hitch in negotiation centered on the union demand for sole collective bargaining rights, which Chrysler has consistently refused to grant.

Both conferees postponed trips to their eastern homes last night when the governor indicated the settlement might be achieved by resumption of the meetings this morning.

Associates of Lewis and Chrysler said that both hoped to be able to conclude their negotiations today, in time to spend Easter in New York City.

JUDICIARY FOES MAP AMENDMENT

Compulsory Retirement at 75 For All Justices Is Sought

By JOE ALEX MORRIS
WASHINGTON, March 27 (UP)—Opponents of President Roosevelt's supreme court reorganization program reported today that an attempt will be made within a few weeks to unite the senate judiciary committee behind a compromise constitutional amendment plan.

There were indications of strong support among the 18 committee-men for an amendment providing compulsory retirement of supreme court justices at 75. This trend spurred foes of the court bill to call preliminary conferences designed to win approval of an alternative course.

"Our minds are not closed to alternative suggestions," one leading opponent of the President's plan said. "So far there has been no definite progress toward an agreement on an amendment because the time has not been ripe."

There will, however, be a determined move-in that direction shortly.

Sen. Edward R. Burke, D. N. H., and Sen. Tom Connally, D. Tex., both have suggested compulsory retirement amendments to be submitted to state conventions for ratification on a specified date, thus meeting the administration charge that an amendment would entail too great a delay.

Sen. James Pope, D. Idaho, discussed on the floor Thursday the letter which Chief Justice Charles Evans Hughes sent to Sen. Burton K. Wheeler, D. Mont., asserting that addition of six justices of the court probably would impair its efficacy.

Pope Issues Statement On U. S. Labor Situation

WASHINGTON, March 27 (UP)—Secretary of Labor Frances Perkins expressed confidence after a White House conference today that the dispute between Chrysler Motor Corp., and its employees would be settled over the week-end—"possibly within a few hours."

By RICHARD L. HARKNESS
WASHINGTON, March 27 (UP)—President Roosevelt returned to the capital today, refreshed and invigorated by a two weeks' rest, and prepared for immediate conferences with congressional leaders on problems arising from sit-down strikes and his judicial reorganization program.

Appearing in the east of health and spirits, the president stepped from his special train at 11:03 a. m. after an overnight trip from Warm Springs, Ga., where he had spent a fortnight of relaxation in preparation for a month of hard work before leaving for a gulf fishing trip.

Foremost among problems facing the chief executive was the crisis caused by the wave of sit-down strikes which have aroused great concern among congressional leaders.

Meets Today—Mr. Roosevelt will meet later today with leaders of house and senate to seek a solution of the labor crisis, particularly the so-called "snap strikes" which have paralyzed dozens of factories. Mrs. Roosevelt, secretary of state Cordell Hull, vice president John N. Garner and attorney general Homer S. Cummings met the president at the railroad station.

Mr. Roosevelt returns to find labor's newest strike technique, the object of continued discussion among legislators, labor department officials and educators.

Statements Issued—Adding to the already active discussion on the controversial issue were statements by secretary of labor Frances Perkins, Sen. Robert M. La Follette, Jr., Rep. Wm. E. James, P. Pope, D. Ida., and A. Lawrence Lowell, former president of Harvard university.

It was the general feeling among congressmen and labor department officials that the president's conference today would be merely of an "exploratory" nature and that no definite results could be expected.

La Follette and Pope appeared to be the leaders of the sentiment urging a cautious view of possible illegality of sit-downs. La Follette emphasized that it was difficult to ascertain future trends in legal thought but added "I am not offering that as any justification for the technique at the moment."

Pope issued a formal statement in which he said: "To approve or condemn sit-down strikes arbitrarily is to disregard the basic problem they present."

"It at least, is arguable that labor has sufficient interest and legal right in the operations of the industries upon which it is dependent for a livelihood to justify—as a last resort—sit-down strikes."

"While on the face of it, occupying the property of the corporation is not justified, we must consider the argument that it is used as a defensive weapon against strikebreakers, company espionage, and armed attacks which, in the past, have been made on picket lines."

TRAIN COLLISION KILLS ENGINEER

Eight Injured When Freight, Passenger Crash in New Mexico

CLAYTON, N. M., March 27 (UP)—The engineer of a northbound Colorado and Southern passenger train was fatally injured and eight others were injured in a head-on collision with a southbound C. & S. freight at 10:52 last night.

Dan Horan, engineer of the passenger train, was trapped in the wrecked cab of his engine and was not freed until 2 a. m. today, when workmen were successful in cutting through the debris with acetylene torches. He died en route to the Clayton hospital.

Five passengers injured in the wreck were also taken to the hospital, but attaches said none was seriously hurt.

Horan's fireman, C. Greenwade, and the engine crew of the freight, W. C. Gray, engineer, and J. Butz, fireman, also were injured.

The accident occurred approximately six miles north of here, near Rayco, N. M.

FRENCH FIRE ON MERCHANT SHIP

Vessel Carrying Volunteers To Spanish War Sent To Port

PARIS, March 27 (UP)—A French warship fired today across the bows of a French merchant vessel carrying 25 volunteers to Spain and forced the ship to put in to Port Vendres, on the Mediterranean coast near the Spanish frontier.

There the volunteers were landed and taken to Gendarmerie headquarters under escort.

First reports said that all the volunteers were Canadians. A later report was that most of them were German and Russian volunteers, evidently anti-Fascists on their way to loyalist Catalonia.

**JUDGE REFUSES
HABEAS CORPUS**

Habeas corpus action on behalf
of Francis H. Hodell and Lloyd Mc-
Gill was denied here today by Judge
J. W. Porter.

The pair, held in county jail on
forgery charges, will probably be
tried at the present term of court,
it was indicated as Judge Porter
ordered the information against
them filed at this session.

W. L. Dunn, attorney for the ac-
cused men, had filed the habeas
corpus proceedings on the ground
that the original information and
the evidence at the preliminary
hearing did not show proper cause
for the accusation.

rim-to-rim toll bridge. The toll on
this bridge, it was pointed out, is
one of the matters in the way of the
improvement of Blue Lakes boule-
vard.

Eye State Purchase

They will also confer regarding the
probable purchase of the bridge by
the state.

Arrangements will also be made at
the Wednesday conference to renew
the lease on the local airport. Under
the new arrangements the lease will
be in the name of the city instead of
the Chamber of Commerce, as it has
been in the past. The new lease will
be signed by Mayor Johnston as city
executive.

SEWER ASKED BY LOCAL DIVISION

Engineers Plan to Survey
South Park Area Early
Next Week

In an effort to start formation of
a special improvement district for
installation of a sewer system in
South Park, a committee represent-
ing the citizens of that district will
meet with city council members
Monday evening.

This course of action was decid-
ed upon after a special meeting
was held last night at city hall, at-
tended by representative residents,
Mayor Duncan McD. Johnston,
George M. Paulson, city attorney,
and George Kirkman, who was
named chairman of the meeting
and appointed the committee to
meet with the council.

Committee Members
The committee will be composed
of H. N. Wagner, W. O. Griffith
and C. E. Herick. They will peti-
tion the council to investigate the
cost and possibility of installation.

At last night's meeting Mayor
Johnston pointed out that the cost
of the district would be approxi-
mately \$6,139, and of this amount
\$669 would be for blasting material
used for removing rock. He stressed
the fact that federal money would
make the district possible now when
the cost would be prohibitive if the
work was done by contract and
urged that the group give the mat-
ter serious consideration.

Urges Careful Survey
Mr. Paulson asked the delegation
not to be too hasty in acting before
investigating blasting costs, saying
"It is not known just how much
rock there is in South Park, and
the project might involve too great
an expenditure."

Tests for depths of rock will be
made by WPA engineers the first
part of next week, it was indicated
today.

DRIVER UNHURT IN LOCAL CRASH

Car Driven by R. Southwick
Overturns in Collision
On Eighth Avenue

Ralph Southwick of Twin Falls
escaped injury yesterday afternoon
when his car overturned in a col-
lision which occurred at 6:30 p. m.
at the intersection of Eighth avenue
east and Second street east with
a machine being driven by W. H.
Rough.

A police report of the mishap
shows the two machines met at the
intersection. The Rough machine
striking the Southwick car in the
left rear, causing it to skid side-
ways for a considerable distance
down Eighth avenue before over-
turning.

Although little damage resulted
to the Rough car, that driven by
Southwick suffered smashed left
front fender and running board;
left rear door glass broken; the left
side and top of the car caved in
and the right rear fender and wheel
mashed.

Revival Planned At Church Here

Special revival and Bible confer-
ence will be held from Wednesday
through April, daily at Bethel Tem-
ple at 8 p. m., except Monday and
Saturday. It was announced today
by Rev. B. M. David, pastor.

Services will be conducted by
Evangelist Talmay, who has been
in the ministry 35 years and has
been in every state in the union
and in Canada.

THEATERS

Errol Flynn in Orpheum Hit

Errol Flynn and Anita Louise, stars of the Cosmopolitan pro-
duction, "Green Light" which opens tomorrow at the Orpheum theater,
as a first National release, have found in the film play based on
Dion D. Douglas' famous novel, roles that give them the most dra-
matic opportunities of their careers.

Detective Story

"Bulldog Drummond," famed
detective of screen and fiction,
has only eight hours in which
to solve a perplexing crime, see
the miscreants in jail and free
the girl in his latest film ad-
venture, "Bulldog Drummond
Escapes," which begins tomor-
row at the Idaho theater. Ray
Milland plays the title role, sup-
ported by Sir Guy Standing,
Heather Angel, Porter Hall and
Reginald Denny. The program
is completed with a Better
Housing news flashes, novelty,
and latest news events. Showing
for the last time today at the
Idaho theater is "Easy to Take,"
with Marsha Hunt, John How-
ard, Eugene Pallette, and Rich-
ard Carle.

JEROME DECIDES ON HOME GROUP

North Side Unit in Citizens'
Organization Will Be
Formed in April

Formation of a unit of the Ameri-
can Citizens Protective association,
a home building group for those of
low income brackets, met with the
approval of many representative
citizens of Jerome county last night
and organization and election of of-
ficers of the new unit will be ar-
ranged during April, Thomas Mc-
Dougall of Pocatello, president and
organizer of the association said here
today.

An explanatory meeting was held
last night at the county court house
in Jerome at which Mr. McDougall
spoke as did several of the officials
of the Twin Falls organization.

Mr. McDougall returned to Poca-
tello today for work in that section
of the state. He expected to return
to Twin Falls and Jerome about
April 15, he indicated.

SERVICES HONOR JOHN A. HARRIS

Funeral services for John A.
Harris, Kimberly farmer and pio-
neer, were conducted at the White
mortality chapel yesterday after-
noon. Rev. Roy E. Barnhart of the
Twin Falls Baptist church officiated
during the services. Music was
provided by the Hansen communi-
ty male quartet.

Interment was in the Twin Falls
cemetery.

LICENSE REFUND ACTION HELD UP

Attorney General Considering
Rebate Clause for Owners
Of Old, Heavy Cars

Definite license fee reductions on
cars three years or more in age
and weighing 3,000 pounds or above
are now in effect, but refunds to
earlier purchasers of licenses in
those categories are being held up
pending clarification of the new
state law by Atty. Gen. J. W.
Taylor, County Assessor J. D. Barn-
hart said this afternoon.

Owners of cars in these classes,
as well as motorists with machines
of newer vintage, must purchase
their plates by March 31, next
Wednesday, which is the legal
deadline. Word from Boise indi-
cates that no extension will be
granted.

Burden on Counties
Action on refunds to license-
holders of older and heavier cars is
being delayed because of the pro-
viso in the law putting the burden
of refunds on the counties, Mr.
Barnhart said. "The county can-
not make any such refund from
its own money because it receives
no share of the motor vehicle li-
cense fees."

The fees are divided 87 per cent
to highway districts and 13 per
cent to the state.

The assessor said he has been
informed that the attorney gen-
eral is considering the refund
clause at present.

Eliminates "Jump"
Reduction in the fees for cars
three or more years old in the
3,000-pound or heavier groups were
gained by elimination of the former
wide "jump" in the schedule of
charges when weights passed the
2,000-pound mark, Mr. Barnhart
explained. On cars five years or
older, the jump formerly was from
\$14 to \$18.40. Under the new rule-
ing, the normal 70-cent increase
continues for each hundred pounds.

The increase on cars four years
old is 80 cents, and on machines
in the three-year group 90 cents.

POKER WINS LEGAL APPROVAL
SAN FRANCISCO (UP)—Poker
at last has won legal recognition.
Attorney General U. S. Webb has
filed an opinion holding that poker
is just clean fun even when played
for money and does not come in
the category of illegal gambling.

Concludes Visit
Mrs. Flora Hall, who spent the
past four months with her sons,
James Hall, Van Wert, O., and Rev.
Fred Hall, Franklin, Neb., has re-
turned to her home here.

Nazis Take Control of All German Farm Life

BERLIN, March 27 (UP)—Nazi authorities took full control over the
country's farm life today under the four-year plan to make Germany
self-sufficient.

A decree by Col. Gen. Hermann
Goering, commander in chief of the
four-year plan, was published in to-
day's official gazette. It opened by
explaining that anybody who owned
land useful for agriculture was
obliged to cultivate it. In six terse
paragraphs it described how land
and farms must be managed to en-
sure an "increased food supply and
make Germany independent."

It provided that if cultivation of
farms did not come up to expecta-
tions necessary to secure the na-
tional nourishment, district leaders
could demand that owners comply
with orders given them.

Failure to comply with orders
would mean that leaders could ap-
point controllers for the farms in
question.

The district leaders are em-
powered also to order that an owner
who refuses to comply with neces-
sities of the four-year plan must
leave part or all of his property
to an approved expert.

The law will be operative until
March 31, 1941.

Services for Beulah Meyer were
held yesterday afternoon at the
Drake mortuary and Trinity Luth-
eran church at Clover with Rev. W.
F. Dammfeldt, pastor, officiating.
Interment was in Clover cemetery
under the direction of the mortuary.

Miss Meyer, 20-year-old daughter
of Mr. and Mrs. L. C. Meyer, died
Monday at the family home at Clover
from a foot injury received last
summer.

LODGE PRESENTS VARIETY PROGRAM

Speaker of the evening at the program arranged last evening by the Woodmen of the World lodge was Mayor Duncan McD. Johnston, who discussed the aims and activities of the organization. Other numbers, arranged by Rena Robertson, were: Vocal solo by Wayne Hendricks, playing his own guitar accompaniment; Gordon Garlock gave a humorous reading, "Under the Big Top," Wilma Jean Sears, song and tap dance numbers, "Me and the Moon," and "The Dark Town Strutters Ball," Jean Harvey, humorous reading, "A Fleeting Show of Hen," Norman Alger, a piano solo; Beverly Alger, a reading; and Mrs. Gerald Miller sang "Goodnight My Love." A skit "Abdul Ammer" was presented by Adelaide Miller, Clyde Newman and Boyd Weidenman; two vocal numbers by Milo Pearson, "Trust in Me," and "Twilight on the Trail," reading by Priscilla Gibson, "Resting Easily," vocal duets, "When My Dream Boat Comes Home," and "Whispering Hope," by Lillian Laubenhelm and Edna Foster. The concluding number was a one act play, "The City Graft," Mrs. Gerald Miller, Mrs. Melvin Poindexter, Clyde Newman, and Boyd Weidenman. A number of those presenting readings, were members of Miss Florence Reese's high school dramatic class.

After the program the group enjoyed dancing with music provided by the W. O. W. five-piece orchestra. Door prizes were awarded.

ANNUAL ELECTION HELD BY ORGANIZATION

Mrs. Clara Hopkins was elected president of the Lend-A-Hand club at yesterday's meeting held at the home of Mrs. Walter Turner. Other officers named were Mrs. Maud Hubbert, vice president, vice president; Miss Katie Gabbert, secretary; Mrs. Turner, treasurer; Mrs. Gertrude Loucks, reporter, and Mrs. Ralph Taylor, assistant reporter. The session was conducted by Mrs. Walter Beckley, president, and roll call was answered by 16 members with current events.

The program was arranged by Mrs. David Catlin, whose subject for a talk by Mrs. James Kelly was "Which is Greater in Child Life, Heredity or Environment?" General discussion followed.

Refreshments in the Easter motif were served by the hostess, assisted by Mrs. Bertha Darling. Guests were Mrs. Kelly and Mrs. Dora Johnson.

The next meeting will be April 9 with Mrs. W. R. Bell.

CLASS HONORS MOTHERS AT DINNER

The Guardian class of the first and second ward Bee Hive City association of the L. D. S. church entertained at dinner on Thursday evening for mothers of the members at the home of Mrs. Ella Crandall, fifth avenue east. Guests of honor were Mrs. Juanita Hull, president of the first ward Y. L. M. I. A., and Mrs. Ethel Howell, representative of the second ward.

The 22 places at the single table were marked with Easter place cards and green and yellow streamers drawn from the centerpiece, an Easter basket encased in green cellophane. Yellow and green tapers in crystal holders provided the illumination.

The three-course dinner was prepared and served by the girls. General supervisors of the group are Mrs. Ethel Glenn and Miss Irene Christopherson with Mrs. Edna Lake and Mrs. Mabel Adams, teachers.

MEETING HELD BY AMIGAS CLUB

Mrs. G. M. Simpson entertained eight members of the Amigas club at her home yesterday afternoon. A business session was conducted by Mrs. J. D. Barnhart, president and was followed by a social hour.

Refreshments were served from a table centered with spring flowers.

Calendar

Fidelity class of the Methodist church will meet for its annual Easter breakfast Sunday at 7 a. m. at Shoshone falls. Each member is asked to bring table service.

Washington Parent-Teacher association will meet Monday at 8 p. m. for the election of officers. The pupils of the second grade will present the program and Rev. Mark C. Cronenberger will speak on "Religious Education."

PIERCE-CRAMER MARRIAGE ANNOUNCED

Announcement has been made here of the marriage on Sunday of Miss Jane Cramer, daughter of Mr. and Mrs. E. C. Mortman, Moscow, and Woody Pierce, son of Mr. and Mrs. H. A. Pierce, Twin Falls. The wedding was solemnized at the Moscow Christian church and was followed by a dinner at the home of Mrs. Pierce's parents. Among the guests were Elburn Pierce, Koskila, and Dale Sanner, Twin Falls.

After the ceremony the couple left for southern Idaho, arriving here on Thursday to make their home on a farm northwest of the city. Mrs. Pierce is a member of Kappa Alpha Theta sorority at the University of Idaho and Mr. Pierce belongs to Kappa Sigma fraternity.

LUNCHEON HELD BY GEM STATE CLUB

Mrs. J. L. Berry entertained members of the Gem State study club and one guest, Mrs. Earl Hutchins, yesterday afternoon at the home of Mrs. Ivan Lincoln at a dessert luncheon. Tables were trimmed in the Easter theme and were centered with Easter baskets.

A short business session was conducted by Mrs. C. A. Bickford, president, and Mrs. D. R. Johnson presented the Federation report. Mrs. Lydie Gardner and Mrs. Evan Trigg received birthday gifts. At bridge prizes were won by Mrs. Lincoln and Mrs. Johnson.

THALIA CLUB ATTENDS PARTY

Mrs. Orval Gray and Mrs. Carl Weaver were hostesses last evening at an Easter party for members of the Thalia club and their husbands at the Weaver home. The evening was spent at pinocle and prizes were won by Mrs. William Bruley, Phil Cargill and Mr. and Mrs. Morris Moore.

Supper was served from tables trimmed with Easter decorations.

SABADOS ATTEND LUNCHEON MEETING

Mrs. P. W. McRoberts entertained the Sabado club at her home on Shoshone street north this afternoon at an attractive luncheon. Covers were laid at quarter tables trimmed in yellow. The afternoon was spent at contract bridge with three tables at play.

Guests of the group were Mrs. Charles Hart and Mrs. A. J. Wilson, Kimberly.

COMPANY MANAGER ENTERTAINS EMPLOYEES

Employees of the Landreth Seed company were the guests of the manager, O. J. Hicks, yesterday afternoon at a pot-luck dinner. Thirty guests spent the afternoon playing out-of-door games.

BRIDGE CLUB MEETS FOR GAMES

Miss Cora Jensen was hostess last evening to members of the bridge club of which she is a member at her home on Second avenue east. During the evening two tables of contract were at play with high score going to Miss Florence Schultz.

Following the games refreshments were served by the hostess at tables lighted by lavender tapers.

Back on Visit

For many years Pearl White depicted the hair-raising "Terror of Pauline," in two-reel movie thrillers, but the greatest thrill of all she very obviously has escaped—poverty. The star of the silent days is seen on arrival at New York from Europe on her first visit in nine years to look after financial interests here.

GIRL WINNER OF POSTER CONTEST

Mary Evans Captures First Prize in Local P. T. A. Competition

Mary Evans, student at the Twin Falls high school and daughter of Mr. and Mrs. Thomas Evans, today had been adjudged winner of first place for Twin Falls in the poster contest sponsored by the Junior-Senior P. T. A. and the P. T. A. Council.

Miss Evans' poster depicted the cooperative program which should exist between the home, church, school and community. It will be sent to Richmond, Virginia, in May at which time it will be displayed with posters from over the United States during the national convention of the P. T. A.

Other winners in the local contest included Gene Iarkin, second place; and Ethel Anlauf. The winner received \$3, second place \$2 and third \$1 during the assembly at the high school yesterday afternoon, at which time the winners were announced.

Honorable mention was given to Marjorie Kleinschmidt, Francis Lang, Hazel Malone and Betty Lou Cardwell. It is expected that a majority of the posters will be sent to Idaho Falls to be displayed there next week for the state convention of the association, and later to the Inland Empire at Spokane. The posters, covering such topics as safety, summer roundup, hot lunches and others were completed under the direction and supervision of Miss Eva Martin, high school art teacher, although each poster was original with the students.

FASHION FAVORS IDAHO'S PRODUCT

Wool in Style This Season, Reports University Specialist

MOSCOW (Special) — Fashion favors Idaho's only fiber—wool—again this season, reports Miss Vivian Minyard, clothing specialist with the University of Idaho agricultural extension division.

Her report on the subject follows: Woollens are being shown in smooth worsteds, jersey, flannel, tweeds, broadcloth, patterned woollens, and those having a velvety appearance.

The Women's Wear Daily states: "Twills, forging through efforts and high fashion acceptance, after many spring seasons are on their way to a more general distribution."

Redingote styles are partly responsible for increased use of soft woollens. These fashions are made up chiefly of print material, silk or rayon, with full-length, woolen coats.

Two piece dresses also show combinations of wool jackets or boleros with silk, rayon, or wool dresses. Woollens are shown in bright colors. Tweeds are interesting in either rich, deep-toned monochromes, neat small checks, multi-color, lacy weaves, or flat, colorful nubs. Prints are found in woolen fabrics also. These are sheer materials printed in flowerettes.

Wool challis is also available in printed patterns.

CLUB MEMBERS ATTEND SESSION

Members and guests of Needlecraft club were entertained yesterday afternoon by Mrs. Florence Stokes at her home. For the meeting Mrs. Paul Beer, Fresno, Calif., sent bouquets of sweet peas, lilacs and iris.

The group spent the afternoon at sewing and socially. Refreshments in keeping with the Easter theme were served. Guests were Mrs. Annie Powers, Mrs. W. T. Seal and Miss Dora Eldred, San Francisco. Planned for the next meeting is a seed and bulb exchange.

WOMAN, 120, WALKS DAILY NEW DELHI, India (AP) — "Keep on walking as much as you can, and you will live to be my age," Wilayat Begum, an Indian woman, told newspapermen when they came to interview her on her 120th birthday. She said she still walked three miles a day.

New Supply Sought

"We are still in search of a new water supply. Drilling of a well near the present filter plan will probably be completed this summer. It also plan to set up a fund to hire engineers to find out just how much water there is at the head of Rock creek and what is the best method of bringing it here."

"I wish to commend Dr. J. W. Hawkins, head of the county health unit, on his report on the water conditions here. It was certainly to the point and shows just how serious the condition really is. He also showed the people of Twin Falls what we've been trying to get to them for the past three years."

"If relected I will do everything in my power to improve the Twin Falls water system."

LICENSE ISSUED

JEROME, March 27 (Special)—C. C. Shopp, American Falls, and Wilda Robinson, American Falls, obtained a marriage license from the county recorder on Wednesday and were married the same day by Probate Judge Heber N. Folkman. A marriage license was issued to Elmer D. Frost, Jerome, and Golda Worrell, Woodlawn, Va., from the recorder's office and they were married by Rev. O. J. Johnson, Baptist minister.

BIBLE NON-READING DECIED

WOODSTOCK, Ont. (AP)—The Bible is the best-selling book in the world, but it is also "the book nobody reads," Bishop Charles Seager, Anglican prelate of Huron, told a meeting here.

Architect's Probe Here Finds Safe Condition Prevails At Auditorium

Students at Twin Falls high school may use the auditorium balconies with no fear of hazard, Architect Burton E. Morse had informed Secretary E. F. Stettler of the school board today.

Mr. Morse's report, made after an investigation ordered by the board last week, found the balcony in good condition but recommended installation of a two and a half inch iron rod instead of the present inch and three-quarter rod at the balcony apex.

Girders, trusses, flooring and supporting material are ample for safety, the architect said.

His report will be submitted to the school board's next meeting, according to Mr. Stettler.

JOHNSTON URGES MOVE ON WATER

Mayor Asserts Action Needed Immediately to Provide Better Supply

Stressing urgent need for improved water in Twin Falls, Mayor Duncan McD. Johnston today had outlined a vigorous effort to secure action as soon as possible on a bond issue.

He emphasized that adequate equipment for the filtration plant could deliver a more palatable supply of water without finding a new source now. He said, however, that a new supply is constantly being sought.

The mayor's statement:

"Dire Need"

"Twin Falls is in dire need of a new water supply, but even without a new supply engineers have assured us that a good, palatable water can be delivered through the present filtration plant with the necessary equipment—a pipeline and a storage basin."

A finger at her lip seems to express Yvonne's wonderment at the bustle of getting the quins ready for Easter. Yvonne herself could match her costume with any in the style parade.

At the head of Easter's celebrating legions come the quins, dressed in filmy finery, bonnets flower-filled. Cecile, at left, reaches for a flower, while Marie, next, already is sampling the fragrance of her bouquet. Yvonne, center, raises her hand as if to emphasize her enjoyment. A flower holds Annette's attention, while Emilie, at right, tries her hair ribbon, perhaps to see if it is tied just right.

(Copyright, 1937, NEA Service, Inc.)

The very picture of demure propriety is Emilie as she sends Easter greetings. Judging from her pose, she isn't going to get one tiny bow ruffled at the celebration.

Easter Greetings from the Dionne Quins

A cheery hello from a halo is Annette's contribution to the message of the quins on Easter. Her hat jauntily set back to frame her face, her dress spangled with bows and ribbons, Annette becomes a fashion stylist and a disciple of spring all in one.

This is not mutiny on Easter day. More likely, it's just Marie's fear that the camera shutter would click before she could get her hair-arranged just so.

On Dress Parade

All dressed up, the quins come out for their Easter bow. Emilie daintily lifts her skirts and bends a knee, with the wall close by for security.

"Oh, so that's how it's done!" Easter parading has a special technique of its own, Marie discovers as she prepares to make her debut.

This might not conform with Easter etiquette, but Cecile no doubt finds it comfortable to sit on the floor after that long siege of dressing. At least she appears contented.

Next in line with personal Easter greetings is smilingly prim Yvonne, hinting just a bit of advances as she bows down to her bow.

Annette is in the limelight now, and, girl-like just must fix that stray lock of hair so she will look nice for her coming out.

"BATTLE ROYAL" FEATURES MAT CARD TONIGHT

WINNER OF BOUT GETS CRACK AT KUNKEL'S TITLE

Six Wrestlers to Take Part in Feature Event of Legion Program

It's "grunt-and-groan" night tonight for south central Idaho fans at the American Legion hall. And wrestling enthusiasts will see something entirely new to the state of Idaho.

The feature of the evening will be an Oklahoma "battle royal" which puts six wrestlers in the ring at one time, the object being for the catch-as-catch-can artists to eliminate each other as quickly and thoroughly as possible.

The men scheduled to appear on the card are Wally Thompson, 20, Pueblo, Colo.; Tex Hager, 185, El Paso, Tex.; Otis Klingman, 185, Amarillo, Tex.; Larry Tillman, 187, Jackson, Miss.; Ole Erickson, 200, Jamed Swedish wrestler, and Clarence Galt, the Idaho Falls grappler who pleased fans in his appearance on the last card here.

The "battle royal" works on the plan whereby the first two eliminated come back after the finish and take on each other in a one-fall no time-limit match. Then the second two return for a battle, and finally the third two. The winner of the latter battle is declared champion of the evening.

The man who takes the contest here tomorrow night will get a crack at the world's tigerweight championship against Del Kunkel in a future card here, according to J. Edward Warner, promoter of the bouts for the American Legion building committee.

Ticket sales for the struggle tomorrow night have been the best this winter, Mr. Warner states, and the largest crowd of the season is expected to be on hand. Those buying tickets from the uptown stores will get reserved seats for the same price as the door admission—\$1.10. Ladies, accompanied by gentlemen are admitted free—but will not be entitled to ring-side seats.

The reserved seat tickets will go on sale at the door of the Legion hall at 7 o'clock.

SHUMWAY OUT IN DAKOTA MATCHES

Vandal Star Opens Old Eye Out and Will Not Be Able to Fight

MOSCOW, March 27 (Special)—Rolly Shumway, Idaho's Pacific coast intercollegiate boxing champion, will not fight in the Idaho-North Dakota matches tonight. Coach Louis August has announced. While working out with Luke Purcell, Shumway connected with a blow landed by Purcell and opened an old cut over his eye.

Shumway will be replaced by Paul George in the match against Joe Millerberger. James Clabby will replace George in the battle with Roy Christensen. Little Merton Wright, Idaho's 119-pounder, will be out of the ring Saturday due to two abscessed teeth. He will be replaced by Ralph Miller, Golden Gloves champion, in the bout with Gordon Lee, North Dakota lightweight sensation.

Burley to Stage Interscholastic Boxing Matches

BURLEY, March 27 (Special)—A committee of the Burley post of the American Legion met with the athletic officials of the school this week to make plans for an elimination interscholastic boxing tournament to be held in the high school gymnasium here Tuesday, April 6.

Invitations to participate will be sent to Oakley, Albion, Declo, Heyburn, Paul, Rupert, and Acquia. Arrangements have not been made for referees for the bouts yet.

\$10,000 Fire Burns Race Track Stables

BOWIE, Md., March 27 (U.P.)—Bowie race track officials today estimated at \$10,000 the damage caused by a fire which last night destroyed a row of unoccupied stables.

More than a hundred horses in new quarters 500 yards away were not harmed. Among them was Accolade, valued at \$50,000.

Stanford Wins

PULLMAN, Wash., March 27 (U.P.)—Stanford university players defeated the Washington State college team 51-28 last night in the first game of the Pacific coast conference basketball title play off. The California team won in the last two and one-half minutes of play.

Idaho Loses

MOSCOW, March 27 (U.P.)—Two new records for the local pool were made last night when the aquatic team from the University of Oregon defeated the University of Idaho 53-31. The records were made by Hurd and Sexton, both of Oregon. In the 220 and 440 events, respectively.

Max Smacks One

Max Baer has finally found something he can hit. Here the former heavyweight champion has just slugged a harmless, helpless golf ball at the Coombe Hill course, Kingston, Surrey. Max is in England for a fight or two.

May Stay

Bill Cissell, veteran big leaguer, may stay with Athletics and be big help.

IDAHO BASEBALL TEAM PRACTICES

Hansen of Burley and Jenkins From Jerome Shine as Mound Prospects

MOSCOW, March 27 (Special)—Coach Forrest Twogood will trot his Vandal baseball team onto Maclean field Friday for the first time this year. Practices have been going on for the pitchers and catchers in the Memorial gymnasium since March 4, with other members of the squad anxiously awaiting the opening of the outdoor drill.

Looking up as possibilities on the mound are Janis Hansen, Burley; Earl Gregory, Potlatch; and Harold Jenkins, Jerome. Clarence Hallberg, Blackfoot, is the only letterman to be selected by Twogood before the season opens April 8 in Walla Walla.

Catchers have been narrowed down to veteran Bob Baldwin of last year and Walter Musial, guard and quarterback on the Idaho football team. Another catcher is to be selected before the traveling squad of 18 men is chosen.

Conference baseball will open in Moscow for the Vandals April 23 when they play Washington State college.

Question of Sprees

WASHINGTON, March 27 (U.P.)—The question of when one spree ends and another begins was astutely placed before a capital police court today by James B. Carter, who described himself as a "political visitor" from Georgia.

Carter, who was released on bond yesterday on a charge of intoxication, came back to court today for the same offense, pleading:

"Judge, I don't think I committed two offenses. This is just a continuation of yesterday's."

It was a fine point but he paid a \$25 fine.

SOX DOWN CUBS FOR EIGHTH TIME

American Leaguers Gain Win When Parmelee Walks One With Bases Full

LOS ANGELES, March 27 (U.P.)—Jimmy Dykes brought the Chicago White Sox here today to meet the Pacific coast league Los Angeles club.

The Sox jinx held good yesterday and they beat the Chicago Cubs 4-2 for the eighth consecutive time. Parmelee walked Clint Brown with the bases full in the sixth to permit the winning run.

PIRATES LOSE
SAN BERNARDINO, March 27 (U.P.)—Los Angeles of the coast league took the major league Pittsburgh Pirates into camp 9-5 yesterday.

With the score 3-3 the Angels scored six off Rookie Lefty Heintzelman in the 11th.

MORE EXPERIENCE
TAMPA, Fla., March 27 (U.P.)—The Cincinnati Reds sent Dee Moore to Nashville of the Southern association on option today so the "one man ball club" could gain more experience as a catcher. Moore has played every position on the field but his Cincinnati owners want him to concentrate behind the plate.

The Reds meet the Philadelphia Phillies today. The Phils were beaten 12-10 yesterday by the Boston Red Sox in the wildest game of the exhibition season. Ten pitchers issued 24 bases on balls and there were 23 base hits.

CARDS PLAY WASHINGTON
ORLANDO, Fla., March 27 (U.P.)—Losers in seven of their 10 exhibition starts, the St. Louis Cardinals came here today to meet the Washington Senators. The Cards have scored less than four runs per game while the Senators have won five of six starts against major league opposition including their 6-4 decision over the Detroit Tigers yesterday.

BEES TRY AGAIN
ST. PETERSBURG, Fla., March 27 (U.P.)—Boston's Bees who have been licked six straight by the world champion New York Yankees in exhibitions this year, tried again today. Behind the five-hit pitching of Baker and Clark, Brooklyn shut out the Bees, 5 to 0, yesterday while the Yanks took a 4-2 game from their Newark International league farm club.

DICKIE NAMED LEAD
JACKSON, Miss., March 27 (U.P.)—The National league champion New York Giants and the Cleveland Indians resumed their 18-game exhibition schedule with the Indians looking for their first win after two defeats. Manager Bill Terry named Shortstop Dickie Bartell as the Giants' lead off for the coming campaign. Both teams were idle yesterday.

7 TEAMS ENTER SCHOOL LEAGUE
Seven teams have signed up for participation in the afterschool softball league of the junior high school, Lawrence Lundin announced today.

Teams entered for competition are "Bat Busters," "Heavy Hitters," "Octopuses," "Doughnut Holes," "Swatters," "The Royal Doodiebugs," and "Baseball Hawks."

Gigantic Sports Program Will Be Feature of Big Dallas Exposition

By HENRY McLEMORE
NEW YORK, March 27 (U.P.)—For the first time in my life I have been overcome by a laundryman.

The laundryman who conquered me is George Marshall, the wash tycoon from Washington, D. C., who, for some reason that is as obscure as the explanation for putting starch in collars, has taken over the sports promotion of Pan-American exposition.

The Pan-American exposition, in case your laundryman hasn't told you about it, will be held in Dallas, Texas, beginning June 12, and will run (Dallas hopes) for 142 days. It will be very damn cultural, but for those who tire of culture after two courses, a gigantic sports program has been arranged.

And this is where Brother Marshall comes in. He has been engaged at an alleged salary of \$100,000, to stage a sports show which, in quantity at least, will make the Olympic games seem a high school relay meet in comparison. I don't know why Marshall was chosen. It may have been because his wife is the former Corinne Griffith of the silent films. It may have been because he dreamed and brought into being the Roosevelt speedway. It may have been because he owns the professional football team known as the Washington Redskins. Or it may have been because he was born in West Virginia and wound up as one of Broadway's most elegant hot-spot spenders.

But anyway, the Pan-American sports business is his baby, and he is going to shoot the works. I've read his first batch of publicity, and the only sports event he overlooked was a butting contest between two virile and determined bull goats. Everything else is there, including a 300-mile automobile race, with \$17,500 in prizes; a track meet involving 21 countries; a boxing tournament in which the

champions of Central America, South America, and plain America will strike one another on the nose; soccer engagements pitting those sterling soccerists of Uruguay, Chile, Argentina, and the United States; and, as a grand finale, a marathon race from Mexico City, Mexico, to Dallas.

It is the last item which intrigues me the most, because it conjures up memories of C. C. Pyle's famed "Bunion derby." That was a tremendous sports event, for it settled for once and for all which man in America had the strongest arches and the weakest mind.

The winner of that derby earned undying fame. I forgot his name, right now, but he will go ringing down the corridors of time to a front row seat in posterity. So that he won't be lonesome, I suppose, Brother Marshall has devised the Mexico City to Dallas trek. I can assure Marshall that his creation of this marathon stamps him as a genius. No one but a genius could have thought of it, but I'm not saying what kind of a genius I mean.

The entry list will be tremendous, naturally. It isn't often that a chance comes along to prove that you are the fastest man between Mexico and Texas. It would be no small honor to always be introduced something like this:

"Miss Edwards, may I present Turk Glutz. His were the only feet to last the whole way from Mexico to Dallas."

Turk could then suggest to Miss Edwards that they sit the next dance out, and—who knows but what Miss Edwards and Turk might fall under the spell of love and—sweet thoughts!—marry and later have a bundle from heaven who, upon reaching man's estate, would follow in the footsteps of his father and lower the record between Mexico City and Texas. IDAHO FIGHTERS LEAVE FOR MEET

MOSCOW, March 27 (Special)—Idaho's two Pacific coast champions and two runners-up in the recent tournament at Sacramento will leave with Coach Louis August March 29 for the national intercollegiate boxing tournament in the same California city. The champs, Ross Sundberg and Rolly Shumway, heavyweight and 140-pounder, are the Vandals' first coast title holders since Louie Denton, present Kimberly school teacher, brought back a title.

The runners-up, Paul George, 165-pounder, and Luke Purcell, 135 pounds, made the finals in the recent tournament and will reappear with hopes of defeating the boys who snatched coast titles from them with bare decisions.

UTAH DEFEATS CALIFORNIA
SALT LAKE CITY, Utah, March 27 (U.P.)—The Utah state wrestlers scored heavily over the University of California team for the second time in two days last night.

Utah took six out of seven wins in the first match and five out of seven last night.

Both teams slugged freely but room 011 had the edge yesterday in taking a 12-10 victory in the Twin Falls junior high school home room competition.

Team members: 011—Lee Slater, Harold Smith, Lawrence Smith, Jack Smith, Isadore Stecklein, Bruce Stansbury, Eugene Smirl, Stanley Sorenson, Billy Slater and Billy Stephens. 211—Lavern Duff, Lois Edwards, Raymond Eads, LeRoy Ehlers, Earl Dordy, Richard Dodge, Juy Dutton, Clain Dolen, Gail Effenbeck and Clarence Dudley.

GOLF CLUB HERE WILL HAVE 'PRO'

Full-Time Expert Employed And April 1 Set for Opening Play

Employment of a full-time golf professional at Twin Falls country club, and setting of April 1 for opening of the course for play, were announced here today by the board of directors.

The full-time pro has been definitely decided upon, the board said through J. J. Winterholler. Announcement of the man selected will be made next week.

The professional will take over the duties carried out last year by Fred Stone and will in addition be available for golf lessons. He will also handle the concession rights at the starter's cabin. Instruction will be available here for linksmen from other south Idaho communities.

Official Opening
Official opening program for the country club will be held Sunday, April 4, according to plans revealed today. Tentative arrangements call for a membership meeting that day and possibly other events to mark the formal start of the golfing year in Twin Falls.

William Ainsworth has been engaged as caretaker and groundskeeper for the course.

Plans now being drafted call for two and possibly three grass greens to replace that number of sand greens, Winterholler declared. Bentgrass will be used and an economical watering system is being worked out. The grass greens, he pointed out, would prove a real asset in preparing local golfers for the type of putting surface encountered in state tournaments.

Tournament Chairman
Stone has been named chairman of the club's tournament committee, the board revealed. He will handle details for country club membership tournaments, for outside competition and for the southern Idaho tournaments staged annually over the country club links and sponsored by the Idaho Evening Times and the Twin Falls News.

The club looks forward to "a highly successful year," board members said.

Carl Ritchey is president of the club; Bert Edmunds is secretary; George Wiley is treasurer. Winterholler is chairman of the greens committee.

Nine Women Chosen On U. I. S. B. Honor Basketball Squad

POCATELLO, March 2 (Special)—Nine women were chosen for the women's honor basketball squad last week at the climax of the basketball season. Those selected were: Thelma Stratton, Jerome; Barbara Rich, Pongree; Mary Catherine Ogge, Pocatello; Daisy Dene Thomas, Twin Falls; Norma Biggs, Burley; Helen Dick, Pocatello; Maxine Hallstrom, Rexburg; Myrna Call, Chesterfield; and Evelyn Hautzinger, American Falls. The honor team was selected by Misses Lillian Woodworth and Marie Hopkins, directors in women's athletics. The team was chosen on the basis of participation, sportsmanship, and ability.

Plans for a play-off series if a tie develops between the two individual high score bowling leaders for the Utah Chief curl prize were arranged today by Fred Stone, director of Twin Falls bowling alleys.

If the deadlock develops in averages by the end of the season, Stone said, a 12-game match will be arranged. Total pins will decide the winner, with play to be three games on each alley, to be rolled in blocks of six-six games one night and six another.

Present leaders for the \$10 award are Walt Riggert and Rolly Jones, each with a season average of 178.

California Tracksters Win Over Washington

SEATTLE, Wash., March 27 (U.P.)—The University of California track team defeated the University of Washington squad 73-57 last night in the opening engagement of their indoor meet.

California won the meet on positions, taking only one more first place than the home towners.

Gilb Elected to Head Local Softball Group

Carl Gilb today headed the Twin Falls Softball association for the coming year, following election of officials at a meeting held in the Chamber of Commerce rooms last night. Fred Stone was named secretary, and W. W. Frantz was named as the third member of a board of directors, the other two being the above named officials. About 35 enthusiasts attended the meeting.

Probabilities were strong that two leagues of six teams each would again be ready for the starting games of the season, some six or seven weeks hence.

Teams signifying their intention of joining the loop for the summer's play last night were Union Motor, National Guard, Twin Falls Glass and Paint, Utah Chiefs, Troy Laundry, Idaho Power company, Wiley Drug, Brunswick, Jerome Co-op Creamery, Consolidated Freight and the American Citizens' Protective association. It is expected that one other team will join up before the season opens to make the leagues balanced.

Talk of a team entering from Kimberly or Filer occupied some time at the gathering and there is a probability that franchise would be offered to one of these towns if application were made.

It was moved to ask the Junior Chamber of Commerce to sponsor the organization this year, that body having already signified its intention to accept the responsibility again if asked. Members of the executive board will meet with the Chamber at the Tuesday luncheon to further discuss the project.

Prospective managers or team representatives present or indicated last night were Ivan Garmann, Union Motor; George Kelley, Co. Z, 11th Engineers, National Guard; Hyde Taylor, Glass and Paint, R. V. Jones, acting manager; A. M. Routh, Utah Chiefs; "Sprouts" Leichter, Troy Laundry; Paul Gilman, Idaho Power; Geo. Payson, Wiley Drug; Walt Riggert, Brunswick; Zeke Ward, Jerome Co-op; Lewy Stinson, Consolidated Freight; Eugene Scott, American Citizens Protective Association.

Discussion of the new membership of the association in the national organization, new rules, uniforms, and grounds and lights occupied the remainder of the session.

JAPAN REJECTS ARMS PROPOSAL

Nippon Turns Down British Plan to Limit Navy to 14-Inch Guns

TOKYO, March 27 (U.P.)—Japan has formally notified Great Britain that she will not accept a proposal to limit naval guns to 14 inch caliber, the foreign office announced today.

Foreign Minister Naitoh Satoh made the notification to Sir Robert Clive, retiring British ambassador. Japan's action releases Great Britain, the United States, France and signatory British dominions from a conditional agreement to limit guns to 14 inches.

As the result, the United States is expected to mount 16 inch guns in the new battleships it is laying down. However, Sir Samuel Hoare, first lord of the admiralty, has announced in the house of commons that regardless of United States and Japanese action Great Britain's new battleships will have 14 inch guns.

It has been reported that the British admiralty has developed a 14 inch gun of remarkable efficiency—so great, in fact, that Britain is able to contemplate without anxiety the prospect of heavier guns in battleships of other navies.

Weight saved in the guns is being utilized in heavier deck protection and other defense against aircraft.

Japan had withdrawn from the London conference of 1936 on the complaint that she was not being accorded equality. Italy also, angry over opposition to her conquest of Ethiopia, refused to enter the treaty.

ARMING BOOSTS BRITAIN'S WAGES

Pay Earners All Over Huge Kingdom Benefit From Program

LONDON (U.P.)—Wage earners in industries all over the United Kingdom will benefit directly and substantially from the government's rearmament program.

During the next three or four years the total yield in wages from naval construction alone should be nearly \$500,000,000. According to official estimates, 85 per cent of the cost of a warship is paid out in wages.

The 1936 naval program will cost nearly \$250,000,000. This will be spread over at least three years. The cost of the 1937 program will be about \$250,000,000.

Benefits Spread Widely
Owing to the great size and complexity of modern warships, there is scarcely an industry which does not provide some item of the equipment.

Since the Royal dockyards have a great deal of work in hand or on order, it is probable that all seven cruisers of the 1937 program, together with two aircraft carriers, will be built by contract. Other admiralty contracts impending are nine destroyers of the 1936 program, a large number of destroyers and submarines to be provided for in the year estimated for the current year, and numerous sloops and auxiliary craft.

When all ships of the 1936-37 programs have been ordered, the total naval construction in hand will approach 500,000 tons.

Yards at Full Capacity
By the end of the year every shipyard in the United Kingdom qualified to undertake naval work will be well employed, several working to full capacity. It may even be found necessary to resort to the wartime policy of awarding admiralty contracts to firms, which have not previously built naval tonnage.

So far the steel shortage has not affected the progress of naval work, though it is threatening to delay mercantile construction.

The labor outlook, however, is causing some anxiety. Until more skilled men enter the market it will not be possible to utilize more than 60 per cent of the shipbuilding berths now available.

Priests Honored
PARIS (U.P.)—A monument to 4,000 priests and other members of Catholic religious orders who were killed in the World War while serving with the French forces is to be erected in Paris. A public subscription list has been started to defray the cost.

Italy Menaces Supremacy Of Great Britain's Navy

By WEBB MILLER

(Copyright, 1937, United Press)
ROME, March 27 (Via London)

—Premier Benito Mussolini has built Italy's war machine up to a point where he is in a position to back up his determination to make the Mediterranean an Italian sea.

This rapid rise in Italy's military, naval and air strength, and her conquest of Ethiopia, have caused one of the most significant changes in the balance of power in western Europe since the World War.

They constitute a serious menace to England's traditional domination of the Mediterranean and a potential threat to her vital lines of communication with her empire.

For the first time in history, Great Britain no longer is certain of her command of the shipping routes through the Mediterranean. It is Egypt, the Suez, India, Australia and the east.

Despite signature of the recent Anglo-Italian pact to maintain the status quo in the Mediterranean, reverberations of this shift of power are continuing. They are evident in many concrete developments, aside from the renewed tension arising from Italian operations in Spain.

As I analyzed them here on my tour of Europe to study war preparations, the most important developments include:

1. Italian fortification of the strategically important volcanic island of Pantelleria. This island, only 45 square miles in area, lies almost athwart Britain's sea route through the Mediterranean. It is only 82 miles from Sicily and 44 from Tunis on the African coast.

Military development of the island will be of special importance to Italian aerial operations.

Rush Expansion
2. Mussolini's orders to rush expansion of the navy immediately after expiration of the Washington naval treaties in December.

3. Mussolini's personal inauguration of the new 1,200-mile military highway along the entire Libyan coast in northern Africa. The highway cost 103,000,000 lire (\$5,350,000). Running from Tunis to the Egyptian frontier across hundreds of miles of desert, it is the greatest road-building achievement in the Mediterranean basin since Roman times.

4. Mussolini's statement in Libya that Italy had constituted herself "the friend and protector of Islam throughout the world." Documents were issued contrasting religious tranquility among Moslems in Italian Libya with violence and disorders in Palestine, Syria, Iraq, Algeria and Morocco. The statement and documents were interpreted as a direct slap at British handling of Moslems.

5. Plans for the most extensive naval and air maneuvers in Italy's history off Sicily in August.

Money for Ports
6. Plans for appropriation of 100,000,000 lire (\$5,200,000) for development of Port Assab, in Eritrea, as the first step toward attempted naval and commercial domination of the Red Sea area, through which Britain's transport lines also run.

7. Britain's fortification of Cyprus in the eastern Mediterranean as an alternative air and naval base to Malta, from which Britain was impelled to withdraw its fleet during the Anglo-Italian tension over Ethiopia last year.

In Italy's naval building program, emphasis is placed on submarines, of which she is expected to have a total of 100 by the end of this year. Many fast destroyers, torpedo boats and a swarm of the famous "Mas" boats also are being constructed.

Small "Mas" Boats
The "Mas" boats are small, extremely high speed motorboats which carry two torpedoes and a small crew. Heedless of danger, they are supposed to dash towards enemy ships, zigzagging to avoid being hit, until they get close enough to discharge their torpedoes effectively. The crews are composed of picked men who have sworn to give their lives if necessary to get within torpedoing range.

NAVY KEEPS GUN PLANS IN SECRET

Officials Refuse to Disclose Size of Weapons Used On New Ships

WASHINGTON, March 27 (U.P.)—Naval officials held secret today their plans for the calibre of guns to be mounted on the two new battleships which the United States intends to start building this summer.

Officials declined to discuss Japan's refusal to agree to 14-inch guns, pending official notification of Japan's action.

The only information the navy would supply was that it was prepared to put either 16 or 14-inch guns on the new ships. The department has called for construction bids by June 2 and hopes to start building before the end of the summer.

Officials said that they would put either 16-inch guns on each ship or 12 14-inch guns. They would be grouped in three turrets in either case. If 12 guns were used, that would mean four guns in a turret—a novel form of naval construction.

Strategists believed that the United States would prefer to use 14-inch guns in order to save weight which might be used in gaining more engine power for greater cruising radius. For American ships with great distances to travel and few naval bases, cruising radius is important, experts said.

On the other hand, the last three battleships built by the United States have 16-inch guns. They are the Colorado, and West Virginia, completed in 1923, and the Maryland, completed in 1921.

A factor causing experts to believe that the navy intended to put 16-inch guns on its new ships is the fact that the vessels will be designed for relatively slow speed—27 knots—compared to new foreign vessels, and therefore probably will try to make up for speed with striking power.

Most Aliens
BERKELEY, Cal. (U.P.)—The University of California has more foreign students than any other university in the United States, according to a survey just completed. Out of a total of 8,435 foreign students now registered in American universities 650 are in the U. of C.

ARGENTINE TO EYE FILMS
BUENOS AIRES (U.P.)—A federal film commission to pass on all domestic and foreign-produced motion pictures dealing with Argentine history, institutions or national defense has been set up in a decree issued by the federal government.

EASTERN PAPER SIGNS CONTRACT

Pittsburgh Press Comes to Terms With Members of Newspaper Guild

PITTSBURGH, Pa., March 27 (U.P.)—A contract between the Pittsburgh Press and the Pittsburgh Newspaper Guild, covering hours, wages and employment conditions, was signed last night following unanimous approval by the press unit of the guild.

The contract provides a five-day, 40 hour week with equal pay or time off for overtime, and fixes minimum pay. Dismissal payments and death benefits ranging up to 24 weeks' pay for men of 15 years service with the Scripps-Howard newspapers are provided. Salaries above the contract minimums are to be fixed by individual negotiation. Lower rates are provided for copy boys and editorial workers who do not contribute directly to the content of the paper.

The agreement makes no provision for the closed or preferential shop.

WOOLS

BOSTON - Fine domestic wools had a broader demand than during the previous week and prices tended firmer, the U. S. agriculture department reported today.

CLOCK TICKS

CANTON, O., (U.P.) - A grandfather clock that has kept time for 141 years and ticked away the life span of three generations stands in the home of D. M. Essig. It is made of wild cherry wood and contains brass and steel linings and brass mechanism. Essig says it varies not more than a minute a month.

POLICE USE LOCOMOTIVE

CAPE GIRARDEAU, Mo. (U.P.) - Police commandeered a railroad locomotive in a bandit raid when three suspects disappeared into a swamp where the road ran. One of the three was captured on the tracks.

GRAIN ADVANCES

ON BUYING WAVE

CHICAGO, March 27 (U.P.) - Grain prices advanced sharply here today, touching new highs on a broad wave of buying centered on corn. Much of the activity was contributed by shorts who were suddenly aroused by reports of recent heavy sales of cash corn.

At the close wheat was 1 1/2 to 2 1/4c higher, new corn 3 to 3 1/2c higher, old corn 3 1/2 to 4c higher, and oats 1/4 to 1 1/4c higher.

Corn prices reached new high levels for the season shortly after the opening today on heavy buying. Covering by shorts brought out five speculative buying and the market advanced without meeting much selling pressure until the May delivery reached the \$1.16 level.

Buying power increased in the final hour of the day and early advances were extended, the nearby month coming within a fraction of the four-cent limit on advances while the deferred futures were gains of about three cents.

Wheat futures opened fractionally lower under scattered liquidation but rallied sharply behind the lead of corn. At the close prices showed net gains of one to two cents a bushel.

Other grains also reflected the strength in corn.

Foreign markets remained closed today for the Easter holidays.

STOCKS FIRM IN DAY OF TRADING

NEW YORK, March 27 (U.P.) - Stocks firmed in dull trading today. U. S. government bonds made moderate gains. Other bonds were irregularly lower. May and July wheat and all corn positions made new highs. Cotton made small gains.

Absence of many traders for the Easter holiday reduced volume on the stock exchange.

Outlook for a rise in steel operations to new highs since May, 1929, helped steel shares.

U. S. Steel reached 110 1/4, up 1 1/4, Bethlehem 96 1/4, up 1 1/4, and Republic Steel 45 1/4, up 1 1/4. Republic was the most actively traded issue on the board.

Most railroad issues made advances of fractions to a point, helped by rising car loadings.

Utilities were little changed. Philadelphia company 6 per cent preferred, however, dropped 5 points to a new low at 90 on a single transaction.

Easter business was expected to make a sharp gain as compared with a year ago. Dunn & Bradstreet found business so far 12 to 30 per cent over the comparable week of 1936.

Homestake Mining jumped 37 points to 429, a new high. Stockholders will be asked shortly to vote on a 4-for-1 split. Other gold mining stocks were firm. Oils registered small gains.

Down Jones preliminary closing averages showed: Industrial 184.95, up .87; railroad 61.95, up .02; utility 32.03, up .03.

Transactions approximated \$30,000 shares compared with \$10,000 last Saturday. Curb transactions approximated \$18,000 shares compared with \$53,000 last Saturday.

SUGAR TOPIC AT AFTERNOON MEET

Representatives of the Amalgamated Sugar company, headed by R. H. Tallman, district manager, this afternoon were meeting with members of the agricultural committee of the Chamber of Commerce for the purpose of discussing the sugar beet industry and pending federal legislation.

A discussion of the proposed railroad trackage into the Clover and Castleford districts, and extending to Berger, was also on the program of the meeting. Petitions urging the Union Pacific to build such a line will be presented at a meeting called for March 30 at Castleford.

Roy Painter, chairman of the Chamber committee, was in charge of the meeting which was in session at the Park hotel.

I. O. O. F. OFFERS WALTON TRIBUTE

Last honor was paid Lucius Walton at rites conducted by the Odd Fellows lodge yesterday afternoon at the White mortuary chapel. The lodge ritual was conducted by John E. Waite, noble grand, and Charles E. Radcliffe, chaplain.

Music during the services was provided by Mrs. U. N. Terry, singing "Rock of Ages" and "Silent Night." Pallbearers were Charles Lowe, Ivan Pierce, Walter Starr, George Childers and George Peterson.

Interment in the Twin Falls cemetery followed the services.

Knoll Scout Will Attend Jamboree

Leslie Jones of Troop 61, Knoll, this afternoon filed application with local Scout officials signifying his intention of attending the national jamboree to be held in Washington, D. C. June 30 to July 9.

Jones is the eighth person from this area who has made arrangements to make the trip. Two other Scouts have registered from Jerome and two from Halley. In addition to the Halley youths another will be selected from Blaine county and will make the trip, all expenses paid, through the donation of funds for this purpose by Leon Friedman of Halley.

Others going include Dr. J. N. Davis of Kimberly, who will serve as medical officer; E. M. Dossett of Knoll who will lead the local contingent in the capacity of Scoutmaster; and Earl Carlson of Murtaugh troop 101, who will probably be designated assistant Scoutmaster for the trip.

Clubs Urged to Assist Charities

All church, business, civic, fraternal and other organizations in Twin Falls were urged to have representatives present at a special meeting of the Associated Charities called for Tuesday at 8 p. m. at the probate court rooms in the county court house.

At this meeting, officials pointed out, arrangements will be completed for the establishment of a "clearing house" for all those needy persons receiving relief from the various organizations now operating in the county.

The move is intended to result in one central organization handling various phases of the relief problem, and the establishment of a center where needy persons may be aided.

General Electric Gives Wage Boost

SCHNECTADY, N. Y., March 27 (U.P.) - President Gerard Swope of the General Electric company announced last night a wage increase for "employees on a selective basis," adding \$7,000,000 to the company's annual payroll.

Both salaried employees and day and piece rate workers are included in wage adjustments made under the company's policy of paying its workers "above average" rates.

NEW PLANE TURRET TESTED
LONDON (U.P.) - A new type of mechanically operated rear gun turret, fitted to a two-seater fighting plane, has been tested at the Royal Air Force Experiment establishment at Martlesham Heath, Suffolk. It enables the rear gunner to swing his gun quickly and easily in all flight conditions.

Notice To Farmers

An open meeting will be held at the I. O. O. F. Hall in HANSEN, MONDAY EVENING, MARCH 29 at 8:00 P. M. for the purpose of discussing beet contracts - government sugar program and loading station problems. Mr. R. H. Cottrell of the Amalgamated Sugar company, who has just returned from Washington will give us first hand information on the O'Mahoney-Jones Sugar Bill. These subjects are of vital importance to everyone planning on sugar beets and we respectfully urge a large attendance.

UNION ACREAGE LOOMS LARGER

BOISE, March 27 (Special) - If planting intentions of Idaho onion growers, as reported to the bureau of agricultural economics about March 1, materialize, the 1937 onion acreage will be about 10 per cent greater than was harvested in 1936, or about 2,300 acres. The expansion of onion acreage in Idaho has been rapid in the past few years, harvested acreage being estimated at 2,100 acres in 1936, 2,600 in 1936; 2,350 in 1934; 1,550 in 1933; and 1,360 for the five-year period, 1928-32.

In spite of low prices received for the 1936 crop and generally unfavorable moisture and soil conditions at seeding time, an increase in onion acreage is expected this year. An indicated decrease

SUMMER HEALTH PROGRAM IS SET

Care of Pre-School Children To Feature Work of County Unit

A broad program, featuring nursing activities designed to aid pre-school children and mothers, will be carried on extensively in Twin Falls county by the health unit during the coming summer months. Dr. J. W. Hawkins, director, said today.

Featured will be the securing of complete birth registration records, the assisting of the family to carry out the general and specific medical advice, concerning the proper feeding of infants and children and demonstrations by the nurses of proper nursing care of children.

Regular Program Also

Aside from this, Dr. Hawkins pointed out, the regular program of control of communicable diseases through teaching the recognition of early symptoms, importance of isolation and the value of immunization will also be continued, as will the program instigated for correction of defects and prevention of handicaps.

Most of the contacts made with mothers and infants during the summer months will be made by public nurses, the doctor disclosed. Special classes along the lines being followed at the present time will be held at designated meeting places. The survey work on venereal diseases and blood tests will also be continued during the summer.

An extensive research program, supplementing the program being carried out at the present time with water, sewage and milk, will be continued and broadened. Work on pre-natal and post-natal care will be continued, the doctor indicated.

Health Education

"The program is not designed for relief," Dr. Hawkins said, "but rather for health education. It is the responsibility of the public health nurses to assist in analyzing health problems and related social problems of families and individuals. It is their duty to help them with the aid of community resources, to formulate an acceptable plan for the protection and promotion of their own health, and to encourage them to carry out that plan."

The main feature found among public health nurses, Hawkins asserted, is that they influence the community to develop health facilities through participating in appropriate channels of community education for the promotion of a sound, adequate community health program.

MERCURY MINES GOAL OF FRANCO

Rebel Leader Seeks Rich Area to Provide Shells For Artillery

MADRID, March 27 (U.P.)—Nationalist forces began a terrific counter-attack in the rich mercury mining area of south central Spain today in an effort to bolster their lines on a 14-mile front from Villanueva del Duque to Alcaracejos.

The nationalist forces, thrown back three days ago when loyalist troops broke through from encircled Posoblanco, reorganized and began their counter-attack in great force early today, dispatches said.

Moving up the Villanueva road from Villanueva del Duque toward El Viso, the nationalists drove a wedge into the loyalist lines east of Alcaracejos, 104 miles south of Madrid, advanced in the direction of Almaden, their main objective, and subjected Alcaracejos to a sudden flank attack.

Nationalist aviators, flying ahead of the counter-attacking nationalist forces, bombed and virtually destroyed El Viso, loyalist spokesmen said.

Government officers said the nationalist counter attack apparently was designed to relieve the loyalist tension at Villanueva del Duque, 12 miles northwest of Alcaracejos.

The advance nationalist elements were reported within four miles of El Viso. El Viso is only 20 miles south of Almaden, site of the world's oldest and richest quicksilver mines. Gen. Francisco Franco, nationalist leader, is anxious to capture them to provide a new source of fulminate of mercury used in the manufacture of artillery shells for his army.

Bliss School Holds Speech Competition

BLISS, March 27 (Special)—The local declamation contest was held in the high school gym Wednesday evening, to determine which student would represent Bliss in each division of the declamation work at Duhi April 2.

Lola Smith, Charles Jacoby and E. H. Foster were the judges, and gave the decisions to the following:

Dorothy Butler, for the oration, "The Big Parade"; Vernon Ravenscroft, for extemporaneous division; Bhuri Hamilton, first in dramatic with the reading, "Sky Fodder"; Virginia Chapman, second in dramatic with "The Lost World"; Ruth Ellen Jackson, third in dramatic with "For Valor"; Ona Lancaster, first in the humorous with "Tipping Off Teacher"; Ernestine Ullman, second with "Billy Keeps a Secret"; Evelyn Calkins, third with "The Census Taker."

Judges gave the following ratings: Ruth Ellen Jackson, 203; Virginia Chapman, 207; Bhuri Hamilton, 270; Ona Lancaster, 280; Ernestine Ullman, 247; Evelyn Calkins, 242.

GROUP FEATURES

Group pictures for the high school annual, "The Coyote," will be taken beginning next week, James E. Tomlin, adviser to the staff, announced today.

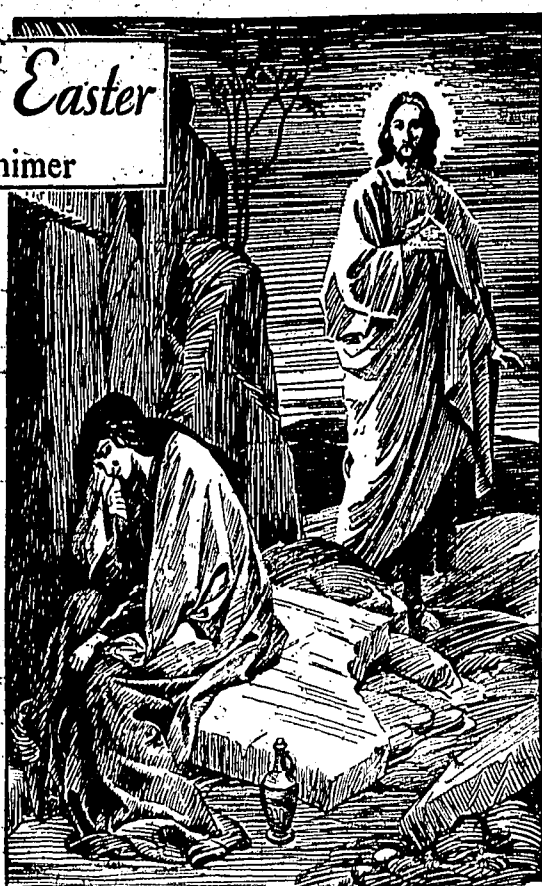

Prayer for Easter By Helen Welshimer

THE crosses of Golgotha No longer wound the sky With skeleton reminders Of three who had to die One afternoon in spring-time . . . Long years have wiped away The marks of blackened anguish Upon a hill one day.

FOR there was no retaining The Christ within a tomb. He broke the weary fetters, And now the lilies bloom Triumphant on each altar. To show death leads to life. Oh, we who walk the tired ways Of sacrifice and strife.

WE ask Thee, God, this Easter, To break the binding clothes That hold our hearts imprisoned. And as the Christ arose, May we stand on Golgotha. And find the crosses gone, While lilies spread white carpets.

To greet a fresh, sweet dawn.

What Stars of Hollywood Will Wear on Sunday Easter Parade

HOLLYWOOD, March 27 (U.P.)—Hollywood today gave a dress rehearsal of its Easter parade.

Press agents provided a peek at what some of the beauties will wear. Suits are the thing, and daintily-flowered hats. And film stars never forget their luxurious furs. A few peeks:

Joan Crawford: An old-fashioned bonnet of natural straw, roll front, with spring flowers at the front, blue ribbon streamers behind.

Gloria Stuart: Simple white crepe frock, monkey fur box coat, knee length; shiny black straw hat.

Claudette Colbert

Claudette Colbert: She'll entertain at home in the evening in white silk jersey gown, skirt fringed with white silk; silver fox cape.

Maureen O'Sullivan: White gaberdine tailored suit, top coat to match, white lingerie blouse, champagne band on hat and in accessories.

Mary Astor: Gray tailored suit, white lingerie blouse, black sailor hat; carries silver foxes.

Joan Blondell: Redingote print dress of flowers of tangerine, lemon and sapphire against a black background; modified kilted hat of black tulle and meteor straw.

Virginia Bruce: Sleeveless navy sheer dress, with accordion-pleated skirt, hip-length bodice, under a bolero of navy lace; beige accessories.

Silk Print

Jeannette MacDonald: One-piece silk print of pink cherry blossoms on white background; large leghorn straw picture hat with cherry blossom spray at front.

Myrna Loy: Ensemble of beige silk, consisting of dress and three-quarter length coat; Kelly green straw hat and gloves.

Olivia de Havilland: Princess style dress of heavy navy sheer; navy blue pillbox turban with white rosebud.

Bette Davis: Lustrous black frock splashed with big grey and white poppies; black sailor straw hat.

Pupils Assemble Easter Packages For County Farm

Sixty residents of the county farm were happy recipients today of gay Easter boxes covered, trimmed and filled with enticing dainties by pupils of the Lincoln school as a Junior Red Cross project. The gift was completed yesterday afternoon and taken to the farm.

The boxes, making a colorful display in the office of Miss Beulah Way, principal, were covered with pastel colored paper and on the tops were attractive colored cut-out patterns of Easter rabbits, spring flowers and a number of other Easter patterns.

Inside were contributions of cookies, home-made candies and a variety of fruits brought by the children from their homes. In fact, so generous was the response on the part of the children that a large amount of foodstuff in excess of the boxes to be filled was contributed.

The extra fruit is destined for special patients at the farm and some of the fruit and other food will be given to other persons. A box of quilt block pieces and silk stockings for rugs was included in the gift.

The children of the school also prepared four large boxes of place cards, menus and napkins for the Easter dinner at the San Diego naval hospital, a government hospital with an American Red Cross field director. Also donated, as another Junior Red Cross project, were games, cards, trays and lap boards made by the children.

Workers Planning April Fool Dance

Plans for an April Fool dance at the Odd Fellows hall Thursday night, April 1, were announced today by members of the Workers' Alliance number eight of Twin Falls.

The dance will be the first of a series to be held every two weeks, officials said, and a free lunch will be served.

Proceeds from the dance will be used to aid the needy and to fight any possible layoff of WPA workers during the summer months, it was indicated.

NEW SITE FOUND HEALTH UNIT AID

Director Says Location Will Prove Great Benefit in Program Here

More intimate contact with the center of population in Twin Falls county will be one of the advantages of new headquarters being modeled for the county health unit in the building at the corner of Third avenue east and Second street, the present site of the IORA offices, Dr. J. W. Hawkins, director of the health unit, said today.

The exact date when the unit will be moved from the basement of the nurse's home at the county hospital, where it is now housed, to the quarters comprising the front half of the ground floor in the remodeled building, is not definite, Hawkins said. However, he said, it will be "before the end of April."

Contracts Pending

The date is uncertain because of the fact contracts for plumbing and heating units, and also wiring have not been let as yet by the county commissioners.

New office equipment to aid in the unit's business will be purchased by the state, Hawkins said. Included in the new home will be a large reception room and main office for clerk, nurses and sanitarian and also a director's office, examining room, laboratory, storeroom and closet.

The new quarters will be advantageous to visitors and are located in an unrestricted parking area. The site is centered among the four city schools and is adjacent to medical offices and the downtown district. It will also have the unit of city mail service, which will prove a definite advantage when serums are received and require immediate refrigeration, the director pointed out.

"It will make the work of the unit much more efficient and what we have to work with will be more complete than at the present time," Hawkins said. "The move will benefit patients as well as physicians with whom we work."

The building housing the health unit's new offices was purchased last week by the board of county commissioners for \$7,000. An additional \$2,000 is being spent for remodeling, and the structure will house the health unit, IORA, county commissary, WPA canning kitchen and sewing projects and similar agencies.

BRITAIN ORDERS 16 MORE SHIPS

LONDON, March 27 (U.P.)—Orders are being placed for 16 more destroyers under the government rearmament program, the admiralty announced today. They will be of 1,650 tons, mounting probably six 4.7 inch guns each and will make about 36 knots. They will be roughly midway between the "standard" destroyer tonnage of 1,350 tons and the "super-destroyer" tonnage of 1,850 tons.

Half the destroyers are of the 1937 program, leaving eight yet to be ordered for this year. The others are under the 1936 program. They bring to 40 the total of destroyers authorized in less than two years.

High School Drama Presented at Bliss

BLISS, March 27 (Special)—The all-school play, "Captain Applejack," was presented Friday in the high school auditorium to a capacity audience. Under the direction of Mrs. Ralph Osborn, the dry humor and clever plot made the production an outstanding success. Those taking part in the play were Doran Butler, Edna Anderson, Madge Farmer, Virginia Chapman, Ona Lancaster, Ernestine Ullman, Bhuri Hamilton, Vernon Ravenscroft, Lewis Post and Bob Colvin.

Rosetta Ross and Ona Lancaster furnished musical selections between acts.

"Bambino" Lid Scores

It's an ensemble season such as hasn't been known in years. To be in style your costume must be matched up—that is, at least two, if not more, elements of it. Which puts the stamp of approval on the blouse and hat ensemble made with a gay small flower print. The blouse has short puff sleeves, with shirred collar and cuffs trimmed by narrow black ribbons. The "bambino lid" is of shiny black straw, the roll brim covered with the print.

ORATORIO EARNS THORNG'S PRAISE

Crowds Pack Church to See Impressive Offering of "The Crucifixion"

Thongs which packed the First Christian church to overflowing offered an appreciative reception last night to an impressive production of the Easter oratorio, "The Crucifixion," by Stainer.

Prof. Vito Petrone, Pocatello, former operatic singer of New York City, directed the musical production and Mrs. Mary Petrone presented "Thy Son Liveth" as a prologue. Leone Evans Enoch, also of Pocatello, was guest violinist. All others taking part in the oratorio were Twin Falls residents.

Shirley Concert Master

Charles Shirley was the concert master and conducted the orchestra with Helen Slack as the pianist.

The program for last evening was arranged by the local Christian pastor, Rev. Mark O. Cronenberg, who attended to all the organizational work and arrangements.

Solo parts in the production were carried by C. E. Allen, Fred Rudolph, James Reynolds, Mr. Cronenberg, Herman Rexroad, John Sieber, Professor Vitone, and C. A. Miller, with sustaining work by a full mens chorus assisted by the women of the choir in ensemble numbers.

FAIR TRADE ACT TRIED IN 'FRISCO

Coast City Establishes Own "NRA"; Minimum Prices in Effect

SAN FRANCISCO, March 27 (U.P.)—San Francisco today had its first fair trade act under the state "little NRA law" in effect.

The act provided for minimum prices for cleaning and drying of garments. Charges for cleaning and pressing men's suits, formerly set as low as 39 cents by cut-rate establishments, were placed at a minimum of \$1 and other charges were in proportion.

The ordinance providing for enforcement of the act was signed by Mayor Angelo J. Rossi, who said his approval was given "with some degree of reluctance."

When tethered and fed, on a new circus lot, circus camels pluck all the thistles within reach, before beginning on their hay.

THIS STRIKE IS SETTLED

JOLIET, Ill., March 27 (U.P.)—John Charlstrom, president of the Joliet wall paper mill, today informed his 300 employees by letter that they were discharged and his plant was "closed forever because we have had too many strikes here."

Charlstrom's mill has been the scene of three strikes since the beginning of the year.
