TREASURY PLANS NEW SHORT-TERM LOANS PROGRAM

More Cash Will Be Raised to Meet Deficit Caused by Income Shortage

\$50,000,000 PER WEEK

Money Will Be Used to Keep Working Balance From Going Below Level

WASHINGTON, April 15 (UP)—Secretary of the Treasury Henry Morgenthau, Jr., announced today that the treasury would begin raising new cash Monday.

He said that the financing would be accomplished through the sale of a new weekly series of \$50,000,000 in treasury bills, which would come due during the tax period in September.

Although the secretary declined to comment, it was understood that the new cash was necessary to prevent the treasury's working balance from slipping below the level of approximately \$1,000,000,000 due to failure of tax receipts to come up to expectations.

Right Financing Morgenthau declined to say how much the treasury expected to borrow by this means.

"Can you tell us why the treasury is borrowing on short term rather than a long term basis?" he was asked.

"I think it is the proper way at this time; the right kind of financing at this time," he replied.

RADIO MEN CALL STRIKE ON SHIPS

All Members of International Marine Will Be Tied Up As Sympathy Act

NEW YORK, April 15 (UP)—A general strike against all vessels operated by the International Maritime Union was called today by the American Radio Telegraphers' association in sympathy with a sit-down strike on the United States liner President Roosevelt.

Shortly after the call, Mervyn Rathbone, head of the Telegraphers' union, announced that the crew and radio operators of the Panama Pacific liner California has gone on strike and that the vessel would remain tied up here.

Affects Liners The strike, it was said, also will affect the United States liner Manhattan and the American Banker of the American Merchants line, both of which are in port here; the SS City of Newport News, now at Baltimore, and the liner Virginia, in San Diego, Calif.

The strike will be extended as other vessels of the I. M. U. reach American ports, its proponents said. The dispute on the President Roosevelt broke out when officials of the International Seaman's union repudiated by the rank and (Continued on Page 2, Column 1)

ANGELA HOPPER REFUSED PARDON

Woman Embezzler of Boise City Funds Must Serve Rest of Sentence

BOISE, April 15 (UP)—Angela Hopper, former Boise city clerk who embezzled thousands of dollars, most of which was spent by her son, must serve another 10 years in state's prison according to a decision reached today by the Idaho pardon board.

Secretary of State Ira Masters, who last week passed his vote in order to give the case further study, decided the issue by voting against a pardon.

Governor Barzilla Clark voted yes, and Attorney-General J. W. Taylor voted no.

Masters said he felt it his duty to decide against pardoning her, since she had "violated her oath of office."

"As a state official," said Masters, "I cannot condone this breach of Mrs. Hopper's oath of office. If I did, it would serve as a bad example to all public officials."

Man Retires From Head of Own Firm On Striker Demand

MILWAUKEE, Wis., April 15 (UP)—Frederick E. Yahr, 65, relinquished management of his wholesale drug company today at demand of sit-down strikers.

His 115 employees ended their brief sit-down with assurance that Yahr will abandon managerial duties to other hands. He will retain his title as president, however, and will remain a member of the board.

Home-office employees charged Yahr pursued a policy of hiring young men and discharging them as soon as they had been with the firm long enough to merit wage increases.

INFANTRY'S BAND CONCERT CERTAIN

Commander of 38th in Utah Says Soldier Musicians Will Play at Filer

One-hour concert by the military band of the 38th infantry from Fort Douglas, Utah, was definitely assured today for the Filer fairgrounds from 7 to 8 p. m. next Monday evening, April 19, according to word received this afternoon by the Chamber of Commerce from Col. Walter S. Fulton, commander of the 38th Infantry.

The concert will form a highlight of the overnight bivouac of more than 1,200 soldiers who will pass through Twin Falls and camp at the fair grounds the night of April 19. The troop will be en route to Fort Lewis, Wash., for annual encampment.

Grandstand seats at the fair grounds will be swept and the floodlights will be turned on, members of the fair-board said today. Seats will be arranged for the band members on the race track immediately in front of the grandstand.

"There will be no admission charge for the concert, it was announced. Convoy of soldiers and approximately 80 motor trucks reached this area today on the way to Salt Lake City to pick up the Fort Douglas Infantrymen. The truck convoy halted at Filer and expected to proceed to Salt Lake City early Friday morning.

The overnight camp at the fair grounds Monday will see the soldiers bunking in their own tents and bringing full field kitchen equipment. Supplies will be purchased in the local area, according to plans announced by Colonel Fulton.

SOLDIER CONVOY STOPS AT FILER

Trucks With 200 Men Halt At Fairgrounds Before Going to Utah

Eighty United States army trucks and 200 enlisted men and officers of a troop convoy en route to Fort Douglas at Salt Lake City today were encamped on the Filer fairgrounds.

The trucks and men are to leave for Salt Lake City at 5:30 a. m. Friday. They will assist in taking the 38th Infantry to Fort Lewis, Wash., for maneuvers.

The equipment arrived at Filer from Boise at 11 a. m. today, the trucks almost filling the midway of the fairgrounds. Tonight the men will stay in tents unless inclement weather develops, in which case they will bivouac in the fair buildings.

Today the men commented that the fairgrounds offered the best camping facilities they had encountered on the long jaunt from Fort Lewis.

Monday night the convoy will return with 1,200 men from Fort Douglas, and the entire group will camp overnight at the fairgrounds.

Famed Race Driver Injured in Crash

TURIN, Italy, April 15 (UP)—Tazio Nuvolari, world famous racing motorist and winner of last year's Vanderbilt cup, was injured critically today when his automobile crashed into a tree during a practice run for a race Sunday.

He made his first trip to the United States last year to win the 300-mile Vanderbilt cup race over the Roosevelt raceway on Long Island before 50,000 spectators.

Governor Signs Name to Appointment of McIntyre

BOISE, April 15 (UP)—Governor Barzilla W. Clark today signed and filed the certificate of appointment of William McIntyre as state game warden, replacing Amos Eckert whose term expired today.

The governor signed the appointment over protest of many prominent sportsmen and fish and game associations throughout the state.

Most of the protests cited McIntyre's ability in other fields, but declared he had no practical experience in game administration.

Considers Record Governor Clark said he considered McIntyre's appointment from the "angle of his record" rather than from the "political recommendations turned in for other candidates."

"In fact," said the governor, "Mr. McIntyre was not a candidate in the usual sense, for he did not seek the position."

"During the past biennium, the government has spent \$300,000 in Idaho in hatcheries and similar projects, and Mr. McIntyre has taken a most intelligent and active interest in these developments," Clark said.

Feels Confident The governor said he felt "confident of his administrative ability as game warden."

Meanwhile, Amos Eckert, former warden, congratulated McIntyre and wished him "all the luck in the world."

Asked if he had another position in mind, Eckert said he had "several, but had not definitely decided upon any one job."

"However, I will continue in my vocation as a game conservationist," he said.

Several Injured When Jews, Fascists Clash

LONDON, April 15 (UP)—Several persons were injured, and six arrested last night in a clash between Fascists paraders and Jewish residents of London's east end.

The fighting took place near Aldgate and Whitechapel when members of the street crowd attacked 100 Black Shirt marchers in a torch light parade.

Mounted police cleared the streets.

Oddities From Here And There

MONEY EVANSVILLE, Ind., April 15 (UP)—Hed Dapin, 8, wanted to go to a theater, found a pocket-book in his home with some coins in it, sold them to a woman he didn't know for 25 cents. His father said one of the coins is worth \$400.

UNION CAMPAIGNS GATHER FORCE IN CANADIAN PLANTS

5,000 Workers Strike at Garment Factory in Montreal

(By United Press)

The unionization campaign of the committee for industrial organization spread in Canada today as 5,000 garment workers in Montreal struck while the political crisis reflecting the Oshawa auto strike became more acute.

A general provincial election in Ontario was believed imminent as a result of resignation of two members of the cabinet of Premier Mitchell Hepburn. Hepburn announced he had been assured of "100 per cent cooperation" on the part of the Dominion government in his fight against "John L. Lewis and Communism."

No C.I.O. Strikes No large C.I.O. strikes were in effect in the United States today following eviction of 134 sit-down strikers in the Yale and Towne manufacturing company's plants at Detroit.

Post-strike negotiations between the Chrysler corporation and the United Automobile Workers union—a C.I.O. affiliate which is conducting the Oshawa strike—were settled with an agreement covering seniority rights and workers' grievances.

Auto Strikes Expensive A United Press survey revealed that the four major auto strikes conducted since January 1 have cost workers, employers and public approximately \$47,000,000.

In New York the sit-down technique spread to the maritime industry. Sixty-five members of the crew of the S. S. President Roosevelt sat down, preventing her sailing.

In Milwaukee, 115 employees ended a sit-down in the plant of Frederick E. Yahr's Wholesale Drug company upon agreement of Yahr to relinquish active management of the company.

LICENSE SALES MOVING SLOWLY

Rumors of New Extension in Time Slow Up Purchases At Office Here

Although the deadline comes tonight and no word of an extension had been received by 2 p. m., motor vehicle license sales were "moving slowly" today, County Assessor J. D. Barnhart said.

Word from Gov. Barzilla W. Clark, received here at 1 p. m., said the governor "didn't think" he would make any further extension.

"Rumors of another extension seem to have gotten around somehow," the assessor said, "because there hasn't been the expected last-minute rush. But so far we have received no official information."

Unless an added moratorium is decreed by the governor late this afternoon, use of 1936 license plates will be illegal after today. One 15-day extension was granted here March 31, the statutory deadline.

Extension Uncertain BOISE, Idaho, April 15 (UP)—Governor Barzilla W. Clark said he would extend beyond today a moratorium on 1936 license plates.

"I really haven't given the matter much thought," he said, "but I don't think I will. I'll have to talk to Balderston first."

J. L. Balderston, commissioner of law enforcement, is turning the northern part of the state at present on an inspection trip.

MOONEY CASE RESTS SAN FRANCISCO, April 15 (UP)—The case of Thomas J. Mooney, labor union agitator serving a life sentence for the 1916 Preparedness day bombing, will rest with the state supreme court Friday when arguments are ended in a prolonged fight for his freedom on a habeas corpus motion.

Proposal Would Make Group Regular Body of 11 Members

WASHINGTON, April 15 (UP)—Sen. Pat McCarran, D., Nev., member of the senate judiciary committee today introduced an amendment to President Roosevelt's court bill providing for a flat increase of the high tribunal to 11 members.

The amendment, coming from a staunch administration supporter and at a time when congressional demands for compromise were increasing, was considered as a possible basis for solution of controversy over the President's proposal to add six new members to the court.

McCarran's amendment would eliminate the President's proposal to add one new justice for every justice who falls to retire at 70 years of age. It would simply increase the membership of the court from nine to 11.

"The proposal is the result of long study and search for a solution," the senator said. "It comes partly as a result of the national labor relations act decisions and partly as a result of increased business of the court."

McCarran's proposal was submitted at a moment when the judiciary committee is split over the question of ending public hearings on the President's plan. The group will vote Saturday whether to cut off testimony and begin private consideration of the program.

Secretary of Agriculture Henry A. Wallace and Attorney General Homer S. Cummings re-emphasized the administration's opposition to any compromise on the court bill. But it was considered significant that the President still did not order out against modification.

Uncertain Position Wallace, indicating intention to revive legislation along the lines of the invalidated AAA, said that agriculture was left in an "uncertain" position by the decisions. He contended it could not continue "subject to a shifting interpretation" of the constitution and said that the department was working on farm legislation along national lines on the assumption the judiciary bill would pass.

Cummings argued that the administration must press the court bill in order to assure validation of legislation affecting hours and wages, child labor and old age benefits.

RAIL UNDERPASS BATTLE LOOMING

Property Owners Plan Move For Injunction to Halt Construction

Properly owners in the area which would be affected by construction of an underpass under the Union Pacific tracks on Shoshone street south near the railroad depot, indicated today that suit to obtain an injunction for the purpose of enjoining the project could be started as soon as actual construction gets under way.

The underpass, several property owners said today, would cause hardship on many of the business houses located in that district and in some cases might even serve to "ruin the general business."

\$135,000 Allocated Allocation of \$135,000 has been made for the underpass and the PWA funds are available in Boise, the Twin Falls delegation which went to Boise yesterday to confer regarding the airport and other matters, was informed.

The project, Mayor Duncan McD. Johnson said today, is under a direct grant of the PWA and the costs of construction would be entirely paid by the federal government, costing the city nothing. It is backed by the United States bureau of roads and is part of a nationwide move against grade crossings.

The work would be done under contract, the contractors being required to hire workmen registered with the United States employment service as much as possible.

With the project approved here the money allocated, observers here said today that little remained before actual construction would start. It was indicated by representative property owners in the section where the underpass would be constructed that the injunction action would not be taken until such construction starts.

RUSSIANS RENEW ANTI-GOD BATTLE

MOSCOW, April 15 (UP)—The anti-God campaign in Soviet Russia was renewed vigorously today by the Society of Militant Godless and the Young Communist league.

They joined in charging the laxity in anti-religious propaganda has created an "intolerable situation" leading to a "revival of church activities" among Soviet leaders. They demanded that the activities be stopped.

Group in Congress Reported Organized to Resist Legislation

by C. L. SULZBERGER (Copyright 1937, United Press)

WASHINGTON, April 15 (UP)—Business and industrial pressure for government protection against the "wage freeze" today by well-informed persons.

Legislation safeguarding industry against gains made by labor under the Wagner labor relations act, it was reported reliably, will be discussed at three important meetings of business leaders here within the next two weeks.

Simultaneously, it was learned on good authority that a group of congressmen—probably led by Sen. Robert F. Wagner, D., N. Y., author of the labor act—would organize to defeat such proposals if they are offered as amendments to the Wagner measure at this session.

Meeting Scheduled The National Association of Manufacturers will hold a board meeting next week, primarily to discuss effects of the supreme court decisions upholding the labor act. A spokesman for the organization said a means will be sought legally to give labor a "genuine responsibility for its actions."

The United States Chamber of Commerce holds its annual meeting April 20. It is understood that employee-employer relations will overshadow all other matters to be discussed.

Such protective legislation also will be debated at the labor-capital conference called by Secretary of Labor Frances Perkins for next Tuesday. Miss Perkins announced that the meeting would be "wide open" for all discussion.

FIVE TO 14 PER CENT PAY RISE MAPPED FOR TEACHERS

COMMITTEE SETS BOOSTS SUBJECT TO FULL BOARD

Twin Falls Instructors Will Get Increases Arranged By Individuals

Salary increases ranging approximately from five to 14 per cent for Twin Falls teachers had been mapped today by a board of education committee.

The pay boosts are subject to approval and change when submitted at an adjourned meeting of the full board Monday night, it was announced by S. H. Graves and Ernest F. Stettler, committee members.

Lengthy Meetings Recommendations for the increases were drawn up at a lengthy series of meetings that concluded at 1 a. m. today after starting at 7:30 last night. The two committee members and Supt. W. B. Smith met in separate conferences with each of the five principals in the public school system, went over the list of teachers name by name, and drafted a schedule of suggested individual advances.

The aggregate increase for the entire system must not be more than \$10,000, under a resolution approved unanimously at the last meeting of the board of trustees Monday night.

It was understood the approximate five to 14 per cent schedule does not reach the \$10,000 maximum and as a result it was expected today that the full board might grant additional raises where justified.

May Be Altered Operating on the general principle that the lowest-paid instructors should be given larger increases, the committee members and Superintendent Smith listened to individual recommendations from the principals and found that the tentative basis for the boosts may have to be altered in some cases by the full board.

Mr. Graves, Mr. Stettler and the superintendent conferred with H. D. Hechtner, high school principal; Mrs. Vera C. O'Leary, junior high; Miss Beulah Way, Lincoln school; Mrs. Ethel Gray, Bikel, and Mrs. Myrtle Nelson Beach, Washington.

Twin Falls Realtor Decides To Accept Appointment On Education Body

The state board of education will have a Twin Falls member despite expiration of the term of Asher D. Wilson. It developed today with announcement that Arthur L. Swim, Twin Falls, has decided to accept appointment by Gov. Barzilla W. Clark.

Mr. Swim, president of a real estate and loan firm and operator of several farms, has been considering the appointment for over a week. He was uncertain over the post at first because of demands of his own business, but indicated that the Idaho educational problems outweighed other considerations. The new member of the board is a former city councilman of Twin Falls, a member of the Rotary club here, and a supporter of public power ownership.

LEASE EXPECTED TO SECURE CASH

C. of C. Leaders Believe That Five-Year Oke Enough For WPA Funds

Although the state was able to grant only a five-year lease and not a 99-year agreement because of statutory provisions of the Idaho admission act, Twin Falls Chamber of Commerce leaders forecast this afternoon that WPA funds will be made available for the local work project.

The lease on 400 acres was granted to a Twin Falls delegation yesterday by the state land board. The delegation, headed by Mayor-elect Lem A. Chapin, was informed that five years is the maximum allowed for state school land leases under law. But since an act of the 1937 legislature withdrew the airport land from sale, C. of C. officials believed today that the grant will be allowed.

The lease calls for rental fee of three cents per acre, totaling \$12 annually on the 400-acre plot. A. W. Springer, Boise, state WPA engineer, sent to WPA regional headquarters at Portland today a copy of the lease, a copy of the 1937 legislative law withdrawing the land from sale, and a summary of the Idaho admission act limiting leases to five years on state school lands.

Other members of the delegation which secured the lease were Marshall Chapman and F. G. Thompson, secretary of the Chamber of Commerce.

Formal municipal approval of the lease is expected to be voted at Monday night's meeting of the city council.

Need Full Confession "Before this case is closed and a pardon granted it appears to me she should make a full and complete confession and advise city officials just what disposition she made of this cash," Masters said. The secretary of state said there was "little doubt" in his mind that her son, John, was the motivating cause for her taking "so much of this money."

"I think he should be serving time instead of his mother," Masters declared. Masters said a survey he had conducted among business men and city officials showed a 66 per cent sentiment against her release. Mrs. Hopper has served four years of a one to 14 years sentence, and was convicted upon four separate counts.

WASHOUT CAUSES TRAIN REROUTING

200 Feet of Wyoming Track Stands Under One to Five Feet of Water

BOCADELLO, April 15 (U.P.)—East and westbound Union Pacific trains were being delayed through Ogden today because of a washout last night on the main line near Fossil, Wyo. Approximately 200 feet of right-of-way stood under from one to five feet of water, railroad officials reported. The water resulted from rapidly melting snow in nearby hills. A 47-car train of gravel and sand was sent from here last night for repairs to the roadbed. Another train was sent from Kemmerer, Wyo. F. C. Paulson, Pocatello, division superintendent; E. C. Buzkirk, general roadmaster, and L. V. Chausse, Idaho division engineer, were on the scene directing repairs. Trains were delayed approximately six hours in both directions.

Lava Hot Springs Bids for \$210,000 Hospital Building

LAVA HOT SPRINGS, Idaho, April 15 (U.P.)—This community today had on file its bid for a new \$210,000 tuberculosis hospital. The state legislature allocated \$114,400 at the last session to match WPA funds. The site for the hospital will be selected by a committee named by the governor.

Accessibility, climate, elevation and natural hot water resources are given by Arthur Peck, Lava Hot Springs foundation chairman, as reasons for the hospital's establishment here.

Children Making Instruments for Their Own Band

Alexander's Rag Time band may have known a little more about music and produced a little smoother type of entertainment, but its enthusiasm couldn't touch that of 25 youngsters of the WPA nursery in the Lincoln school portables who this week are organizing their own "rhythm band."

The boys and girls, under the direction of Maude M. Mason, head teacher and Mrs. Iola Johnson, assistant, are busy at the present time making the necessary instruments necessary to complete the "band."

And these youngsters, not a one being over five years old, look forward with anticipation to the day when the first "parade" will be staged.

For drums, oatmeal boxes and coffee cans will serve the purposes. Tambourines will come from discarded pie lids and cooking pan tops will change into cymbals. For that higher class orchestra "rasping" effect sand-papered wood blocks will answer.

And perhaps the most novel idea advanced by one of the more musically inclined youngsters is to put small stones into salt shakers—and then shake them. This, he said, gives the band that "bumba" effect.

Merle Orchard is supervising the selection of ushers and doormen who at all functions will be Thespians. Bud Booth had charge of the distribution of the signs and placards advertising the festival.

Chairman for various events entered in the class A divisions are: Leonard Salladay, Billy May White, Leah Lee Lamb, Roland Hutchinson, Ed Benoit, Mary Buckmaster and Altha Wells. Those in charge of class B events are Daryl Thompson, Gloria West, Wilda Small, Jean Jones and Enid Richards.

SPEECH FESTIVAL OPEN TO PUBLIC

Spectators Welcome at All Competitive Events on Program Here

Attendance at southern Idaho speech festival events, which will determine state declamation, debate and one-act play champions, will be open to the public Friday and Saturday, Gerald Wallace, general chairman, stressed today.

He invited spectators to attend all sessions except the banquet for participants, coaches and judges.

Presentation of the one-act comedies should prove a special attraction, the chairman said. Four are being presented by Class A schools, Friday night and four by Class B Saturday night, and all entries are district champions.

On the one-act comedy program Friday evening starting at 8 p. m., will be "Grandma Pulls a String," Blackfoot; "Theres Always Tomorrow," Boise; "The First Dress Suit," Rigby; and the Twin Falls entry, "The Critic." As winners in their respective districts these will be presented for selection of the state Class A winner. Hansen, Iona, Moreland and Parma compete Saturday for the Class B crown.

Officials announce that adult tickets for the entire festival will be secured for 75c, student tickets sell for 50c for the entire festival. Mission tickets to the plays will be 35c.

DAUGHTERS FILE ESTATE PETITION

Request for an appraiser and final probate action on the \$23,425 estate left by the late Frank R. Caudle, Salmon tract rancher, was filed today by Gladys R. Caudle and Helen R. Caudle, daughters and sole heirs.

The rancher, residing northeast of Hollister, died without a will Oct. 17, 1935.

The estate includes farms valued at \$13,000, \$6,500 and \$100; lots in Twin Falls estimated at \$2,500, \$2,000 and \$125; and livestock and farm equipment valued at \$200.

Rayborn and Rayborn are attorneys for the two petitioners.

Italy to Discuss Troop Withdrawals

AGREEMENT PLAN WOULD TAKE OUT REBEL FIGHTERS

80,000 Fascist Men Believed Battling in Trenches Of Insurgents

LONDON, April 15 (AP)—Dino Grandi, Italian ambassador, announced today that Italy agrees to resume discussion of the recall of foreign volunteers from Spain.

Grandi's announcement was made at a session of the sub-committee on non-intervention in the Spanish civil war.

The subcommittee thereupon decided to create a special body to examine means of withdrawing foreign troops from Spain.

The body is to consist of the diplomatic representatives of the nine countries on the subcommittee, and their military attaches.

Previously, Refused Italy previously refused to resume discussion of the withdrawal of "volunteers" in Spain.

Following Grandi's announcement, the Soviet ambassador, Ivan Malinski, said Moscow would refrain from pressing her proposal that the non-intervention committee dispatch a special mission to Spain to investigate on the spot the scope and character of foreign aid there, notably by Italy.

80,000 Believed Fighting Dispatches from Spain have estimated unofficially that Italy has as many as 80,000 troops fighting for the rebels against the loyalist government there. Germany is reported to have 40,000 men with the Spanish rebels.

Italy has counter charged that both France and Soviet Russia are aiding the loyalists in Spain with men and materials, principally the latter.

The committee at today's meeting fixed midnight April 19 as the date for the international control of neutrality in Spain's war to begin strict operation of land and sea.

Japan, Germany Ripe for Reform, Trotsky Believes

MEXICO CITY, April 15 (AP)—Japan and Germany are the countries now ripest for social revolution, Leon Trotsky asserted last night before an American commission which is taking evidence at his request to refute charges made against him at the recent Moscow treason trial.

Asked by the commissioners how Josef Stalin, Russia's strong man, might be overthrown, Trotsky said:

"The key to the situation is not in the Soviet union but in Europe. If the people of Spain win and Socialists in France assert their rights, then the (Russian) bureaucracy can be overthrown by a purposeful movement of the masses against the parasites."

If Russia were involved in war, Trotsky said, he would support the Russian government just as he aided the Kerensky provisional government in 1917 against the Kornilov rebels.

"Stalin is much preferable to Adolf Hitler," he said.

Summer Blossoms

Spring's hardly here, but already they're unveiling the summer hats. Four that made the Ritz-Carlton preview in New York so dramatic are grouped together above—all flattering, all new as the first breath of spring. "Madame Bovary" (left), is of ruffled taffeta with clover daisies at the back. "1860" (center, back) is green leghorn with a belting crown. Notice the interesting pleated detail on the brim. The wide-brimmed white straw model (right) is banded with red ribbon and finished at the front with a row of scarlet poppies. The Victorian bonnet (center, front), of chartreuse tulle, is trimmed with purple pansies and purple velvet ribbons.

Best Skiing of Year Available In Valley Area

Skiing is better and more dependable now than it has been at any time this winter, according to reports from sportsmen who have been in the Sun Valley section the last two week-ends.

Between the hours of 10 a. m. and 3 p. m., the top two inches of snow is sufficiently soft to give perfect traction, while the drifts underneath are firm.

Early in the morning and late in the afternoon a crust forms which prevents perfect control. Roy Painter, local sportsman who makes the trip often, reports:

During the next month, Painter said, perfect skiing can be found by driving west of Ketchum a few miles. The snow depth around Galena is about three feet. Mild weather and open roads are noted.

Aged Boise Woman Commits Suicide

BOISE, Idaho, April 15 (AP)—Mrs. Minna Ceuge, 73, hanged herself yesterday at her home. She had apparently stepped from a trunk on the front porch after seeing a rope to a beam. Her husband found the body and said despondency over all health had probably caused the act. There will be no inquest.

JOB CONFERENCE PLANS COMPLETE

Kimberly High School Pupils To Attend NYA Vocational Course Friday

Plans were complete today for a vocational conference for junior and senior students of the Kimberly high school Friday, the conference being the third in a series sponsored by the National Youth Administration in cooperation with the superintendents of various schools in this area. Harold A. Salisbury, NYA supervisor, said today:

Thomas, Kimberly superintendent, Miss Kay Skilern, NYA vocational counselor and Miss Faye Norris, administrative assistant, both of Boise, have arranged for Friday's conference. Arrangements are also being made by the two directors for similar conferences at Hazelton and Eden to be held next week, the exact dates to be announced later. Twin Falls lay discussion leaders will direct the talks.

PRESIDENTIAL INTERVENTION DELAYS RAIL STRIKE

BOARD IS NAMED TO INVESTIGATE WALKOUT CAUSE

Roosevelt Halts Proposed Tieup With Appointment Of Mediators

SAN FRANCISCO, April 15 (U.P.)—A strike of 8,500 employes in the Pacific division of the Southern Pacific railway was postponed for at least 60 days today despite the fact that the trainmen voted virtually unanimously to walk out at 6 p. m. tomorrow.

The postponement followed intervention by President Franklin D. Roosevelt when he appointed a three-man emergency board to investigate and report to him within 30 days.

Another 30 Days

This would postpone an actual strike for at least another 30 days because under the national railway labor act no strike could be called for 30 days after the board submits its report.

Those named to the emergency board were Dr. Dexter Keezer, president of Reed college, Portland, Ore.; Charles Kerr, an attorney from Washington, D. C.; and G. Stanley Arnold, a San Francisco attorney.

Appointment of the board followed notice sent out by C. V. McLaughlin, vice president of the Brotherhood of Locomotive Firemen and Engineers, and C. H. Smith, vice president of the Brotherhood of Railway Trainmen, the notice said: "Union Controversy"

"We have notified the Southern Pacific officials by letter that the men will quit the service Friday at 6 p. m. unless a satisfactory settlement is reached before that time."

The dispute concerns a controversy among four railway brotherhoods concerning the jurisdiction rights of the respective unions and was not an issue between the men and the railway, it was reported.

FLIGHT CONTEST DATE EXTENDED

Twin Falls District Scouts to Have Until April 21 For Merit Badge Work

The Twin Falls district Boy Scout aviation merit badge contest which offers free flights to the first, second and third boys to qualify for the badge, today was extended until Wednesday night, April 21, officials of the contest announced.

The extension will permit last-minute entries and will also make it possible for the contest to extend to the date of the next board of review which will be conducted at the court house under the direction of W. E. Nixon.

Carl Dossert of troop 61 of Knoll qualified for first place and a free 45 minute airplane flight with W. H. (Pete) Hill, local transport pilot, when he successfully completed the merit badge requirements last week.

The second youth to complete the requirements will receive a free 30 minute flight with Mr. Hill and the third a 15 minute flight. The plane in which the flights will be made is being donated by W. H. (Wild Bill) Weber, also a local pilot.

The contest is sponsored by the Evening Times in cooperation with the Boy Scouts of America and Mr. Hill and Mr. Weber.

By successfully passing the aviation merit badge requirements, young Dossert became the first Scout in this district to qualify for the badge.

Full particulars and arrangements for examination appointments with Mr. Hill may be made at the Scout offices in Twin Falls. Only members of the Twin Falls district are eligible to enter the contest.

Tax on Mine Profits Held Constitutional

BOISE, Idaho, April 15 (U.P.)—The state's three per cent tax on mine profits was held constitutional here late yesterday by Judge Charles F. Koelsch, in district court. He ruled that a complaint brought against the state by seven mining companies for an injunction was groundless. The three per cent tax was attacked on grounds of unconstitutionality.

Checking Your Coat's Style

The fitted town coat at the left is the currently stylish model of covert cloth, single-breasted, with peaked lapels and fly front. Accessories of a similarly formal character, such as the Homburg hat and white stiff collar complete the "Town and Business" effect. Quite different is the costume of the chap at the right. Judging from his casual snapbrim hat and loose, easy raglan topcoat, he's enjoying his share of the new leisure. This country topcoat is of tweed in a bold herringbone pattern.

By WALTER C. PARKER (INEA Service)

NEW YORK—Men's topcoats are as trimly tailored as Park Avenue or as informal as an RFD route. Which is to say they are town or country.

More and more men are coming to include both types in their spring wardrobes. This is in line with the current trend toward dressing appropriately for the occasion. Personal preference rules your choice of course, and you won't get liquidated if you show up at the office with a boldly plaided raglan top of the same token you'll look more country-clubbish than efficiently executive.

If the price of one topcoat is all you can squeeze out of a purse suffering from income tax anemia, there are in-between models that are formal enough for all town occasions, yet not so straggly designed as to be out of place for country, campus or spectator sports.

One of the smartest of these general utility coats is a raglan of covert cloth. It is short, coming just below the knees, with either a button-through or fly-front, notch lapels and cuffed sleeves. A touch of tailored smartness is lent by four rows of stitching on the cuffs and hem. Covert cloth, by the way, is enjoying a comeback turn of the fashion wheel. And high time, too, as your grandpappy will tell you. He'll remember this smoothly aristocratic, long-wearing fabric from his naughtily-naughty rah-rah days of his authentically all-around coat.

of this type is of tan worsted gabardine, perhaps rainproofed, in single-breasted fly-front model with raglan shoulders and convertible collar.

Announcement of the President's economy drive was followed by a statement from the agricultural adjustment administration that approximately 850 employes will be "furloughed" May 1. Lay-offs were anticipated in other governmental departments and agencies.

FARM INCOME IS RUNNING HIGHER

Sustained Prosperity Seen By U. S. Department of Agriculture

WASHINGTON, April 15 (U.P.)—Sustained farm prosperity during the next few months was forecast today by the department of agriculture in its April review of the agricultural situation.

Farm income is now running more than \$100,000,000 a month ahead of last year despite decreased volume of marketing, the department said. Prices are 10 to 30 per cent above a year ago.

Government benefit payments to farmers through the AAA have added approximately \$50,000,000 a month to farm income, whereas a year ago, just after the supreme court's AAA decision, virtually no payments were being made.

Farm income, including government payments, total \$881,000,000 in January and \$537,000,000 in February of this year. Last year the total was \$511,000,000 in January and \$448,000,000 in February.

Relatively high prices, compared with a year ago, probably will be continued, at least until the crops are harvested, the department said. The supplies of agricultural products on farm on April 1 of this year generally were the lowest in several years, however.

During the past year most farm products have equalled or exceeded "parity"—the amount which a unit of a farm product would purchase in manufactured goods compared with the 1909-1913 period.

PELLA

Regular meeting of the Y. M. and Y. W. M. I. A. was held Monday at the church house with Mrs. E. V. Walker and Eldon Berry in charge.

The Pella Relief society met Tuesday at the home of Mrs. James Hill to spend the afternoon quilting. Refreshments were served by Mrs. Clark-Judd and Mrs. Clarence Kessler.

Union church services were held at the J. D. Sides home with over 80 present. Speakers were Ralph Horne, Broken Bow, Neb.; Percy Henland, Blackfoot, and Miss Ethel White, Payette.

The following students have returned to Albion State Normal school following spring vacation: Mary Trout, Ruth Meline, Jean Campbell, Beth Coltrin, Georgia and Dorothy Scott and Willis Ward.

Victor Larson, Logan, former resident of this district, was here this week to see his neighbors, Mr. and Mrs. Clarence Randall.

COMMITTED TO ASYLUM

JEROME, April 15 (Special)—J. G. Smith, 70, residing south of Jerome, was committed to the insane asylum at Blackfoot by Judge Folkman last Saturday. On the same day Deputy Sheriff Smith took Mr. Smith to Shoshone, where he was taken into custody by one of the guards from that institution.

Head of U. S. Bureaus Are Ordered to Reduce Spending

WASHINGTON, April 15 (U.P.)—President Roosevelt's attempt to avoid a greater 1937 deficit than anticipated today spurred an intensive government economy drive in the two and one-half months remaining in the present fiscal year.

Heads of government bureaus, directed by Mr. Roosevelt to report by May 1 on steps taken to reduce spending and the amount of estimated savings, prepared to retrench more drastically than at any time since the New Deal's accession to power.

Announcement of the President's economy drive was followed by a statement from the agricultural adjustment administration that approximately 850 employes will be "furloughed" May 1. Lay-offs were anticipated in other governmental departments and agencies.

MINER TELLS OF KILLING ATTEMPT

Tried to Hire Man to Slay Union Organizer in 1933, 1934

WASHINGTON, April 15 (U.P.)—Larkin Baker, curly-haired coal miner, told the LaFollette civil liberties committee today he had negotiated for "five or six months" in 1933 and 1934 trying to "get a man to kill" Lawrence Dwyer, union organizer working in Harlan county, Ky.

Baker, who moved from his home near Harlan county to West Virginia last year, testified he had undertaken the negotiations on behalf of Ben Unthank, chief deputy sheriff of Harlan county.

Baker testified Unthank "wanted Dwyer out of the way, killed" before a quintet of men charged with dynamiting Dwyer's residence came to trial.

The committee heard Baker's story after Dwyer had testified of repeated efforts on his life. The tale of strife in Harlan county was accompanied by a demand from Phillip Murray, United Mine Workers vice president, for federal protection of union organizers in a new drive to unionize Harlan county mines.

Bannock, Shoshone Indians May Become Corporate Company

PORT HALL, Idaho, April 15 (U.P.)—The Bannock and Shoshone Indian nations may become a corporate company if the members of these two nations vote to accept a charter of incorporation Saturday.

The charter would confer on the tribes certain corporate rights, powers, privileges and immunities, and would "provide for exercise by the tribes of various functions previously performed by the U. S. department of the interior."

A majority vote by the adult Indians is required to adopt the charter, and 30 per cent of the eligible voters must participate. Individually owned property of tribe members, under charter provisions, would not be subject to corporate debts or liabilities without the owners' consent. The charter provides for distribution of profits among members each holding one share.

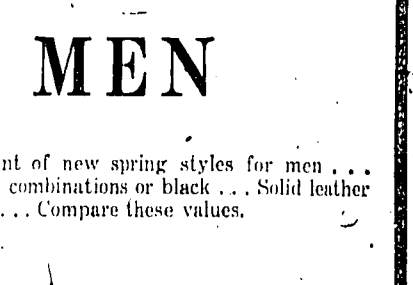

CHICAGO, April 15 (U.P.)—The American Bar association announced today that its poll of more than 70,000 lawyers showed four-to-one opposition to President Roosevelt's supreme court plan.

Lawyers endorsed four court changes proposed by the President, but opposed two, including the change in supreme court membership.

The count included non-members as well as members of the association. Attorneys in all states and the District of Columbia cast 50,153 ballots opposing the supreme court plan, and 14,333 in favor.

Greatest proportional opposition to the supreme court membership plan was 12 to 1 in Vermont. In Mississippi the vote was 15 to 1.

In Idaho the vote was 52 in favor to 204 against; Montana 68 in favor to 254 against; Utah 46 to 281.

CUBS PICKED TO COP NATIONAL LEAGUE FLAG

VETERAN WRITER SEES CHICAGO'S TEAM AS WINNER

Reds, Pirates, Giants and St. Louis Given Chance to Land Pennant

Editor's note: George Kirksey, United Press baseball writer, begins his annual major league forecast today with the National league. Kirksey has picked one of the two winners each season for the last three years. He picked Detroit in 1934; Chicago Cubs in 1935; New York Yankees in 1936.

By GEORGE KIRKSEY NEW YORK, April 15 (AP)—The Chicago Cubs will win the National league pennant in a ding-dong race that will make some of the close finishes of the past resemble runways.

The teams have pennant possibilities—Chicago, New York, St. Louis, Pittsburgh and Cincinnati. They're so evenly balanced that the loss of one key man by any of them will be disastrous. The other three clubs—Brooklyn, Boston and Philadelphia—can be counted out of the race.

The Cubs will win because: 1. Rip Collins will prove a left-hander can hit in Wrigley field and add the extra base power lacking last year.

2. Phil Cavarretta, converted first-baseman, will be a sensation in center field.

3. Comeback seen. Augie Galan, in left field, will stage a comeback.

4. Infield of Collins-Herman-Jurgens-Hack will be the class of the league.

5. Leroy Parmelee will offset Lon Warneke's absence.

6. Manager Charlie Grimm has read the riot act to the loafers and playboys.

No. 6 is important. Grimm has told the boys that the next Cub who entertains any thoughts in advance of losing will get his walking papers.

The Giants last year's champions, may have a better ball club than they won the pennant with in 1936.

"Jack punch, but have the pitching and a tight defense to make a scrap of it unless Johnny McCarthy at first, Lou Chiozza at third and Hank Lelber in center stop.

Reds Move Up From second division will come the Cincinnati Reds, the year's most improved club. The Reds could conceivably win the pennant if their three young pitchers, Grissom, L. Moore and Vander Meer, come through and the infield knits together.

"The St. Louis Cardinals, the favorites, are loaded with 'ifs.' They can win only if Paul Dean stages a comeback, Mickey Owen proves he's a major league catcher, Stu Martin comes back, Johnny Mize shakes off his slumps, Lon Warneke proves he can stand the St. Louis heat, and Don Guttridge plugs third base. Dizzy Dean can't carry the Cards alone.

Pittsburgh doesn't look right in fifth place, but what can you do with a club that hasn't lived up to expectations in 10 years? Plenty of power but they lack pitching and are addicted to critical blunders.

Brooklyn Has Mungo Brooklyn has Van Mungo, who'll win 20 to 25 games, and that's a running start for sixth place. Burleigh Grimes, who's outwined the daily staff, will keep the rest hustling to get that position.

Expected to Win

Leroy Parmelee, who has drifted from the Giants to the Cards, and now takes Lon Warneke's spot with the Cubs, is expected to be a big winner for the Windy City team this year.

SAN DIEGO TOPS PACIFIC LEAGUE

Chaplin Scores Third Straight Win as Padres Defeat Oakland, 4-1

By United Press A bit of horse-swapping of the New England Yankee type boosted San Diego into sole occupancy of first place in the Pacific Coast league race today.

In the winter deals, the Padres owned by Bill Lane obtained Pitcher Jim (Tinty) Chaplin as one of the players sent down from the Boston Braves in exchange for Outfielder Vince Di Maggio. Later the Braves decided not to keep Di Maggio but Lane held on to Chaplin.

The big pitcher went out on the mound yesterday and scored his third straight win of the season, beating Oakland, 4-1. The victory coupled with Seattle's defeat, 4-1, at the hands of another major league cast-off gave San Diego sole possession of first.

Herrmann Wins Seattle bellowed before Leroy Herrmann, a big right hander Cincinnati didn't want and now two-thirds of the Mission pitching staff. It was Herrmann's second win and his team's third victory of the season. The victim was Hollis Thurston, former Mission. Thurston hit a homer for the Indians' only run.

Sacramento Improved Its first division position by beating San Francisco, 5-3.

Merrill Wins The game was a Merrill finish, for Franko Hawkins, star infielder, smashed a ninth inning homer with two mates on to save his club from the disgraces of a shutout.

Portland and Los Angeles engaged in a slugging bee won by Portland, 12-7. Lee led the Beaver attack with four hits. Bill Radonits received credit for the win. It was his third of the campaign. Six pitchers saw service and the batters entered 30 hits into the records.

JEROME ROD AND GUN CLUB MEETS

JEROME, April 14 (Special)—The Jerome Rod and Gun club held its regular monthly meeting at Wood's cafe last evening with Chairman Hal Wallington presiding. There was considerable discussion of the national park for the Snake and area and the club finally decided that it did not favor the proposition.

Coach: from the south Idaho Big Ten league will meet here on Saturday noon in the annual get-together, which will be held at 12:30 in the Park hotel.

REDS PLAY TIGERS DANVILLE, Va., April 15 (AP)—The Cincinnati Reds and Detroit Tigers meet here today in the first of their final four-game exhibition series. The Reds whipped the Boston Red Sox yesterday.

YANKS WIN NORFOLK, Va., April 15 (AP)—The New York Yankees will play their last exhibition road game here today with the Norfolk Plymouth leaguers and then move on to New York for three games with Brooklyn. The Yanks defeated Birmingham of the New York-Penn league, 7-4, yesterday.

Eight A. A. U. Boxers Win National Crowns

DETROIT, QUAKER CITY YOUTHS COP MOST OF HONORS

Two Cities Each Win Three Titles at Boston Tournament

BOSTON, April 15 (AP)—Gold badges, emblems of national supremacy in amateur boxing, hung today on eight stalwart but slightly weary youths who outlasted 182 others in 181 elimination bouts.

Only four cities shared in the titles won in this 35th annual National A. A. U. tourney which ended early today. Philadelphia and Detroit monopolized the championships, gaining three each, while San Francisco and Newark divided the other two.

The national amateur boxing champions for 1937: 112 pounds—William Speary, Philadelphia. 118 pounds—Morris Parker, Newark, N. J. 126 pounds—Edgar Waling, Detroit. 135 pounds—Joseph Kelly, Philadelphia. 147 pounds—Johnny Marquez, San Francisco. 160 pounds—Ted Cerwin, Detroit. 175 pounds—Timmie Hill, Detroit. Heavyweight—James Robinson, Philadelphia.

CLUBS PREPARE FOR CITY SERIES

Red Sox to Play Bees, White Sox Tangle With Cubs At Chicago

WASHINGTON, April 15 (AP)—The Boston Bees and Washington Senators meet for the last time of the year today. The Bees leave tomorrow for their two game intracity series with the Red Sox. The Senators edged the Bees out 2-1 yesterday, in a 10-inning struggle.

SOX CLINCH SERIES KANSAS CITY, April 15 (AP)—The Pittsburgh Pirates and Chicago White Sox meet in their final test of the exhibition season today. The Sox clinched the nine-game series by winning their fifth game, 5-3, yesterday.

SPORT SQUIBS (by H. J. W.)

It appears from the uproar that followed the appointment of W. R. McIntyre as state game commissioner, that Gov. Barzilla Clark has made a slight mistake, to say the least.

We don't know McIntyre personally, but if he knows as little about the conservation of fish and game, and the furtherance of hunting and fishing facilities in Idaho as is claimed by sportsmen's organization, he certainly is not the man for the job.

As suggested by the Southern Idaho Fish and Game association in recent resolutions to the governor, Amos H. Eckert was a very capable man for the position that requires the handling of over \$200,000 in sportsmen's funds yearly—plus the fact that he was always willing to cooperate with the various organizations of the state.

As pointed out by the Idaho Wildlife association, the game department SHOULD be taken entirely out of politics. The idea was brought up at the early part of the recent legislature but nothing came of it. A situation, such as the present one would have been avoided had such action been taken.

McIntyre may prove in the long run to be acceptable, but sportsmen who have spent years and many dollars in attempting to build up the outdoor facilities of Idaho, are not in any mood to experiment with someone who is not already proved—any more than a successful business man would care to put an inexperienced manager in charge of one of his stores that was doing a \$200,000 per year business.

DO YOU REMEMBER? One Year Ago Today—Clyde won the \$5000 added Paumonok handicap at Jamaica Track, N. Y. Five Years Ago Today—Hack Wilson hit a home run with two on to give the Brooklyn Dodgers a 3 to 2 victory over the Boston Braves.

Ten Years Ago Today—Bill Tilden won the North-South championship by defeating George Lott, Jr., in straight sets, 6-2, 7-5, 6-2.

APOSTOLI SCORES KRIEGER VICTORY

NEW YORK, April 15 (AP)—Young Fred Apostoli of San Francisco was the No. 1 challenger for middleweight title honors today. Whether he will get a shot at the American champion, Freddie Steele of Tacoma, Wash., or the International boxing union's titleholder, Marcel Thil of France, only time will tell.

Shoshone Plans For Grass Football Field

SHOSHONE, April 15 (Special)—The Shoshone school district will begin work immediately on making the local athletic grounds into a grass football field.

Vines Would Like to Play Richards For Side Bet of \$5,000—Or More

By HENRY McCLEMORE NEW YORK, April 15 (AP)—It was a chilly, blustery day but golf nuts are golf nuts, even though they are tennis players, and so mid-afternoon of yesterday found me teeing off with Ellsworth Vines and George Lott at the Pomonok country club.

The bet was a \$1 nassau all the way round, which made it possible for me to lose six dollars. I did. Vines, who hits as sweet a tee shot as any pro could want, "was out in 36, one over par, and back in 37. Lott had a 41 going out, and bettered this by one shot coming home. This was a shade too good for me, even though I allowed me to tee up in the rough and gave me a "Mulligan" off three tees. "Mulligan" being the right to hit a second shot worse than your first.

But I believe I got \$6 worth of tennis information. I could easily have picked up \$12 worth had I been able to hit a ball in the fairway and thus walk more with Vines and Lott. Vines' chief ambition in life right now is to get Vincent Richards to play him for a side bet of any amount. Brother Richards will name, providing it's \$5,000 or more. Richards got under the Californian's skin his recent interviews with New York tennis writers in which he charged Vines with being afraid to play him at singles.

"Vinnie plays a pretty fair game for a man of his age," Vines said during a trip to the rough to help me hunt my ball, "but if he can beat me so can Kate Smith."

"If he ever plays you for money," chimed in Lott, who was also looking for my ball, "please cut me in on your side. You'd better not let too many people in on the bet, however, as you'd have a line forming a mile outside your door. I'd have no doubt but what Richards would get in it, himself. Hell, you could beat him in three sets in an hour."

Vines thinks the United States Davis cup team is in for a surprise when it meets Japan in San Francisco late this month. "The boys better not take that one too lightly, else they won't be around to play Australia. Japan's got one hell of a swell player in that Jiro Yamagishi, or whatever his name is. When I was in Japan I played him seven times and the worst he got out of it was five wins and a draw. Budge is no chinch to beat him, and I believe he can take Frankie Parker—if Parker plays as planned—in four sets. Jiro is the only Jap I ever played who didn't have trick shots. Most of his countrymen, you know, are so unorthodox they can hardly hit the ball. But not Jiro. He plays 'em all right, and there are few better backhands in the world than his."

Vines hit a brassie to the green and expressed the opinion that it was a swell shot, and that Germany probably would meet England in the challenge round for the Davis cup. He gave his reason the fact that the Germans are better balanced than this country or Australia.

"Von Cramm," he said, "is as good as any amateur singles player in the business, and in Henkel, Germany was the best No. 2 player. Our No. 2 man, no matter who is chosen, won't be as good as Henkel. The same is true of Australia."

Lott was a sound dissenter. "The edge belongs to this country. Budge will win his two singles matches and the doubles team of Budge and Mako will win the third point in a breeze. How can the doubles team miss? I'm coaching it. That makes it a cinch."

"I hope you're right, coach," Vines answered, "but when you start making any team a breeze over Crawford and Quist you're screwy."

They started arguing, but I can't give you the outcome because I hooked a spoon into the woods and was forced to retreat. (Copyright 1937, United Press)

Here's Dope on Bowling League As Finish Nears

By FRED STONE Here's the "dope" on bowling league races in both loops as the season nears its close: First place in the Commercial league goes to Dell's with 51 victories and 33 losses for 507.

Second place goes to Stuebaker, 40 and 35 for 583.

Third, fourth and fifth will be decided tonight and Friday night, ending the season. Cash prizes go to the teams winning the first five places. In the City league, the standing follows:

Table with 2 columns: Team, W. L. Pct. Log Tavern 50 21 741, Electric Motor 60 24 714, Chevrolet 60 24 714, Buhler's 43 38 519, Post Office 42 39 519, Brookfield 41 43 476, Twin Falls Lumber 38 43 469, Safeway 19 62 231.

The Log Tavern and Post Office, however, have a postponed match and should the P.O. boys take all three games it would mean a three-way tie for first place in the City league.

There are cash prizes in this loop for the first three places. There could be a change between the P.O. and Buhler's but that wouldn't make any difference with first, second or third in the final standing.

Wendell Will be Host At Invitational Meet

JEROME, April 15 (Special)—On Friday, April 16, Wendell will hold an invitational track meet at Wendell, in which Jerome, Hagerman, Bliss and Wendell will participate. Jerome will send a squad of six, including Burkhalter, Crocker, Claycomb, Donnelly, Davis, Egelus, Fitzpatrick, Hollibaugh, N. Henderson, D. Henderson, Hamlett, T. Newman, Arnold, Ellis, Bill Lindsey, Blank, E. Thompson and Wilks.

Hagerman Track Team Has Regular Workouts

HAGERMAN, April 15 (Special)—Hagerman high school track squad is working out every night in preparation for the coming track meets. The first meet will be the sub-district April 23.

WITH FRED STONE Dell's really closed its season in one big flash—every man on the team went over the 500 mark and their last game they beat the only record we Aces held. Dell's got 961 for high single game; Aces had previously held the mark with 948.

N. O. Johnson with 589 was high man, and how. A double and a turkey his first game after he had started with two splits; another double his second, and four in a row his third game for 211 and high single. That Swede was really HOT.

Bill McDonald was next with 529; one double Bill's third game so you see he was really picking up his spares.

Charley Brueggemann got third place with 523; one double in his opener, another his third.

Oh, yes—again Pa Cubit bowled, and believe it or not he had a total of 510. Again he rained into a double his third game. May wonders never cease!

Wimpy Jones was in the doghouse, and with a score of 507. Two doubles in his score; four splits and the same for errors were his downfall. Incidentally he lost one percentage point to Walt Riggert, who wins the Utah Chief Coal for the prize for high average man. Riggert ends up with 177; Jones 176.

Louie Pugliano was tops for the Laundry boys with 559. He had a turkey to end his first game, a double his second and two of them his third.

Art Wood, Bill Ford and Sprouts just bowled. If there had been a prize for low total, Sprouts or Bill Ford couldn't have gotten it.

In the City league, Log Tavern took all three games, which gave them an unfinished run of 13 consecutive wins. Craig Coleman led his boys like a veteran with 530 for high. One double for Craig his first game, his 181 second game and Jim Thompson's 181 third game were tops for his high single.

Thompson filled every frame his third to the Craig.

Gerrish, Routh and Deiss each collected doubles.

Rexmont led the P. O. boys with 471 for high; not a double to help out his total.

Clyde Rosa got two turkeys his second game but four errors spoiled a good total.

Archie Anderson also doubled for the P. O. team.

Frenchy and Hazard not so good.

Table with 2 columns: Team, Total. Hazard 98 118 122 338, Rosa 157 178 185 470, Rexmont 139 105 127 371, Anderson 116 155 154 425, Sogni 134 151 141 292, Frantz 151 141 292.

DELL'S ANNEXES BOWLING CROWN

Defeats Laundry to Clinch Title; Tavern Tightens City Loop Lead

Championship of the Commercial bowling league was clinched today by Dell's after the cigar store men trimmed National Laundry 2-1 in the match last night.

The Dell's crew topped the high single game of the year in chalking up the title-winning triumph. They rolled 961 in the final game.

Log Tavern tightened its grasp on first place in the City loop by downing Post Office three in a row.

N. O. Johnson of Dell's topped the night's performance with 589 for the series and 211 for high single game. Craig Coleman's 530 led the City league. He tied with Jim Thompson for high game at 181.

Fight Hinges on Garden Contract

NEWARK, N. J., April 15 (AP)—Heavyweight Campton Jimmy Braddock's hope to avoid fighting Max Schmeling so that the can engage Joe Louis in Chicago June 22, hinged today on whether the titleholder's third contract with Madison Square Garden superseded two earlier contracts he signed.

In the opening hearing on the Garden's suit for an injunction to restrain Braddock from fighting Louis until after he fulfills a contract to meet Schmeling in New York June 3, counsel for the fight emporium requested additional time to gather evidence to bolster their case of "anticipatory breach of contract."

Federal Judge Guy L. Fake adjourned proceedings for two weeks.

State Legislatures, Congress Seek to Maintain Farm Production

THREE YEARS OF DROUGHT REDUCE AVERAGE OUTPUT

Farmers Need Finances to Purchase Seed in Middle Western States

By WILLIAM F. McILRATH
(Copyright 1937, United Press)
CHICAGO, April 15 (UP)—State legislatures and congress sought today by direct relief, loans and long-range conservation to maintain the output of the agricultural northwest, the nation's breadbasket.

The drought and insect plagues of 1936, third in three years, reduced the average production per farm to a new low for the eight-state area. Farmlands burned bare of protective vegetation were swept by erosion and dust storms.

Thousands of farmers who saw no future left their homes for other areas. The resettlement administration in Washington estimated 100,000 families—half a million persons—abandoned farms in the drought area to move to the west coast. It was described as perhaps the greatest mass migration in United States history, certainly the greatest for climatic reasons.

Move to Cities
Other thousands moved from farms into cities, adding serious burdens to urban relief and employment offices.

Most of this movement originated in the northwest—the Dakotas, Nebraska and Iowa, some in Wisconsin, Minnesota, Illinois and Indiana.

Direct relief started in the middle of the drought, when thousands of farmers clamored for poison to combat insect invasions. Federal, state and local agencies cooperated in distribution of poison bran.

At the end of the growing season thousands of farmers surveyed barren fields and barns, clamored for something on which to live until next harvest time. Public works projects were expanded and reorganized to include them.

Additional direct relief was provided by legislatures which convened after harvest time.

300,000 Farm Families
When planting time arrived, the resettlement administration had on its rolls 300,000 farm families—nearly 1,500,000 persons—in the drought areas of Oklahoma, Nebraska, Kansas, North Dakota, South Dakota, Texas and Colorado. It was caring for another 100,000 families outside the main drought area but also affected by the drought. The RA was spending \$5,000,000 a month in the drought area alone.

Seed shortages then became a serious problem—and still are. Many crops from which farmers would have saved seed were destroyed last summer. Other thousands of farmers who ordinarily buy their seed have no money now.

Congress appropriated millions for seed loans but farmers complained of "red tape" in negotiating loans.

Long Range Program
Long-range programs were designed to provide a way for preserving unneeded precipitation—it was abundant last winter—until it is needed in summer, and to prevent erosion of farmlands which lack vegetative protection against wind and water.

F. J. Kellholz of the University of Illinois, reported 25 states are considering setting up soil conservation districts similar to the regular drainage district. Six already have done so, mostly in the south.

Most of the long-range work was left to the federal government, however. Its agents cooperated with local groups in advising farmers how to till their soil to protect it against erosion, the best kind of grasses to plant to anchor soil against dust storms.

Congressional leaders anticipate an administration request for re-enactment of crop production control such as featured in the invalidated AAA.

Officers For Ward Selected at Carey

CAREY, April 15 (Special)—Eldon Adamson is new bishop and William O. Patterson is second counselor and Olive Cooper, ward clerk, following the special L. D. S. ward conference held Sunday evening with Pres. W. L. Adamson conducting. First counselor and other officers will be selected soon.

Honorable release with a vote of thanks was awarded to Bishop Kirkland and his counselors, ward clerk and all other ward officers. Invocation was offered by Harold Dilworth.

Music was provided by the high school girls' glee club and a ladies' trio, Leona Stanford, Opal Taylor and Verna Cameron. Speakers were Pres. Adamson, Bishop Kirkland, M. A. Condie and Bishop Eldon Adamson. Reports of the general conference in Salt Lake City were given.

Closing song was presented by a male quartet, Berle Cameron, Olive Cooper, Allen Pyrah and Eldon Hodge. Benediction was by Don R. Patterson.

OFFICERS APPOINTED
HAGERMAN, April 15 (Special)—Hagerman Townsend club met Monday evening at the Re-Organized and appointed Leo Vader treasurer and Albert Huffman secretary. The club voted a temporary loan of \$20 to Dr. F. E. Townsend. The next meeting will be held April 22.

ASSESSMENT LEVIED
HAGERMAN, April 15 (Special)—Additional assessment of \$1 for water during the months of May, June, July and August was voted at Tuesday evening meeting of the town board. A one and one-half ton truck was purchased by the board for municipal work.

Coronation Preview

Just as she will have a front seat at the coronation, so Queen Elizabeth (right) has a front seat at a preview in London of the regal gowns that will lend color to the momentous occasion. AUDITOR'S OFFICE SHOWS 'PROFITS'

Receipts Were \$4,896 Over Expense, County Figures Reveal Here

Termed the only county office in Idaho which shows an excess of receipts over expenditures, the offices of Frank J. Smith, Twin Falls county auditor, recorder and clerk of the district court, showed a "profit" of \$4,896.95 during 1936, the annual audit of the county's financial transactions showed today.

The audit was made by the George B. Middleton company, Boise.

Fees and other receipts coming into the auditor's office here totaled \$17,708.05 in 1936, the report shows. Expenses were \$12,812.40.

The "profit" for 1936 sustained a record made since Mr. Smith took the office starting in 1933, past figures dating back 14 years revealed this afternoon. Previous to his tenure, the division was annually "in the red" along with other county offices in the state. In 1933, however, the excess of receipts over expenses was \$91.50. From then it has been \$3,855.38 in 1934, \$3,341.94 in 1935 and \$4,896.95 last year.

Expenses since 1933 have been reduced steadily, records disclosed.

Mr. Smith said the favorable financial status of his division "reflects an efficient working force."

Teachers Named by Board in Hagerman

HAGERMAN, April 15 (Special)—Teachers for Hagerman schools were elected by the school board Monday evening.

The high school staff includes Edwin Fryer, superintendent; Clea Priner, W. C. Peery and Miss Ann Morgan. Other teachers are: Miss Ruth Reed, seventh; Harold Brown, eighth; Seward Dunn, grade school principal and sixth grade; Albert Holyak, fifth; Miss Harriet Jones, fourth; Miss Annabelle Schroeder, Jerome, taking place of Mrs. Kenneth Hulme, third; Miss Ruth Brooks, second; Miss Ruth Brooks.

With the exception of Miss Schroeder all teachers were re-elected.

Mother of Two

Mrs. Willie Lathrop of Kansas City, Mo., was 15 last November 3, yet here she cuddles month-old daughter Katherine, and one-year-old son Warren. Mrs. Lathrop was married, with the consent of her parents, when a freshman in high school. Her husband is 21.

Bliss Class Graded In Standard Test

BLISS, April 15 (Special)—Word Bliss has received here by Charles Jacoby, commercial teacher, from the Southwestern Publishing Co., informing him of the high standing made by his class in the standardized tests which it sponsored. These tests were taken by bookkeeping students in 4,978 different schools in the United States. The average for the entire group was 98 and Bliss average was 100.

Five per cent of the students taking these tests received 119, 10 per cent received over 117 and 20 per cent received over 113. Vernon Ravencroft placed in the upper five per cent with a score of 119, and Doran Butler placed in the first 20 per cent with a score of 113.

EYESIGHT TOPIC AT HEALTH MEET

Local Doctor Urges Care Be Given Eyes Before Vision Affected

The need to preserve vision among children and adults by proper care of the eyes was stressed by Dr. Lloyd E. Oaks, Twin Falls ophthalmologist, as he addressed members and guests of the Twin Falls county health and welfare association at a monthly meeting Tuesday evening at the Chamber of Commerce.

The time to take care of eyesight is before it is impaired, the doctor pointed out as he urged tests to determine whether or not an individual's eyesight was good. He also cited methods of determining whether or not the eyesight of infants was affected.

Correct lighting, proper care of the eyes, not reading while having a headache or influenza and some of the best protections against deficient sight. When defects are found, immediate steps should be made to correct them, he said.

"Some people say 'wait and I'll see' when they speak of having children's eyes examined," Dr. Oaks said, "but if they wait the child sometimes may never see."

Dr. J. W. Hawkins, director of the county health unit, presided at the meeting and announced the next meeting will be held in the chamber rooms May 11.

Hagerman Students Presented Awards

HAGERMAN, April 15 (Special)—Margaret Jean Bennett, Leona Condit and Anita Gady won first, second and third prizes and Lovell Mortenson Parr received honorable mention for their essays on "How Can International Disasters Be Settled in the Spirit of Fidelity," sponsored by the American Legion Auxiliary and received their awards before the student body on Tuesday.

Winning essays were read and the prizes were presented by Mrs. Phillip Kennicott, Jr., auxiliary president.

FUND FOUND FOR CRIPPLED YOUTHS

\$2,000 Monthly From State, \$2,000 From Government, Is Appropriated

BOISE, Idaho, April 15 (UP)—Idaho's dangerously depleted funds for the care of crippled children were replenished today when officials decided to take \$2,000 per month from the public assistance appropriation to be given to health officials for use in the children's clinic.

The sum will be matched with \$2,000 from the federal government's children's bureau, making a total of \$4,000 per month available for treatment of the state's handicapped youngsters.

Governor Barzilla W. Clark, after a conference with Peter H. Conn, public assistance director, and Harry Parsons, state auditor, announced the decision to utilize public assistance funds for that purpose.

The clinic operated prior to January 1 of this year on funds made available by sales tax collections. Idaho's legislature failed to appropriate money for the clinic and it would have been discontinued early in May if state officials had not found a means of raising the necessary funds.

Sand and Dust Storm Adds to Chinese Perils

SHANGHAI, April 15 (UP)—The worst sand and dust storm in 20 years howled through western China today adding to the misery of millions of destitute peasants facing starvation in the famine provinces.

Reliable advices from Honan province, heart of the storm and famine area, reported that 3,000,000 Chinese will die for lack of food unless aided from the outside immediately. Normally, this area is the richest farming district in China—the granary of Asia.

A special investigator for the national child welfare association reported after an inspection trip in the famine area that no rain had fallen in 10 months and that none was in sight.

"At one village in Honan I asked a gaunt villager how many homes there were in the hamlet," said the investigator. "He said 150. I asked how many homes had food left, and he said only one."

JEROME LICENSES SOLD
JEROME, April 15 (Special)—According to a report issued from the Deputy Assessor Connie Whaley, more licenses have been sold for the first three months of this year than for the same period last year. In actual figures, for the first three months of this year, \$24,740.30 for auto licenses has been received as compared with \$21,847.15 for the same period of last year.

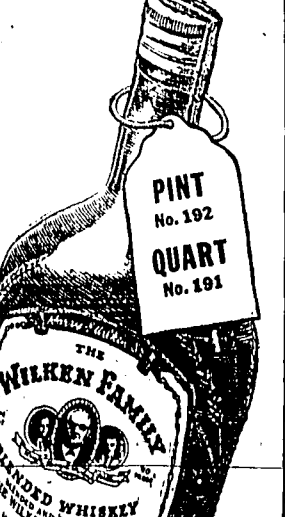

It's our family's whiskey, neighbor—and neighbor, it's your price!

It's some Welcome you're handing us and Our Family's Whiskey!

It appears to me like our Family's Whiskey comes pretty close to being about as good a known whiskey as any there is.

But you got to remember it isn't just William and Tom and me that's responsible for this extra grand taste our Family's Whiskey has got. That wouldn't be handing the proper credit to Grandpa Wilken and Pa Wilken. If it wasn't for the lot of us Wilkens being whiskey making people since I don't know when, you never could be enjoying all this tastiness we've learned how to put into our personal Family's Recipe!

Marian Martin Pattern

RUFFLE TRIM PATTERN 9133

There's chic for the "youngest set" in this dainty, joyous frock that will see a 10-to-18-year-old through the occasion from now until fall! Little Miss Mary Jane will revel in the glow of crisp ruffles outlining shoulders and square neckline, while brief puffed or flared sleeves lend a festive note that every top will adore. And all this youthful prettiness is easy as can be for mother to make, even though she never made any of her "youngsters' frocks" before. And the complete diagrammed Marian Martin sew chart that comes with Pattern 9133 directs every step of this simple frock's making. Any number of delightful, inexpensive fabrics will prove just right for this frock—among them dainty dimity, gingham, percale or plique.

Pattern 9133 may be ordered only in sizes 2, 4, 6 and 8. Size 6 requires 2½ yards 36-inch fabric and 2½ yards edging.

GIRLS WILL TRY MARBLE TOURNAMENT

Junior High Lassies Look to Variety of Spring Fun, Instructor Says

Sixth grade girls in the junior high school building under the direction of their instructor, Miss Eva Skinner, are planning a variety of spring sports. It was announced today as soon as the weather will permit a marble tournament for girls will be held along the same lines as the one being played by the boys.

A tournament of hit-pin ball, a game similar to soft ball played with the use of ten-pins, is scheduled to get under way the latter part of this week.

A round of games of long-ball has just been completed with a team from each section surviving. The final championship game has not as yet been played. First section team winner was the Robinson Crusoes with Mary Virginia Benson as captain; second team, Cubs, with Verna Lohr as captain. In the second class the Blue Racers, with Olive Fern Secord as captain, were the winners.

Miss Skinner said that the junior high school is trying to run a variety of sports so that an activity interesting to each girl would be available, as at the present time some of the pupils "are prone to stand around doing nothing" during the recess period.

NURSES HEAR MUSICAL PROGRAM

Mrs. Pearl McDonald entertained members of the First District Nurses association, last evening at her home. A musical program included vocal selections by James Reynolds and Mrs. U. N. Terry, who were accompanied by Mrs. O. P. Duvall. Two numbers were also presented by Mrs. Duvall.

Collins, Maxine Crees, Maxine Doss, Priscilla Clipson, Nola Kregor, Betty McKay, Barbara Minnick, Alice Reed, Marie Sears, Maxine Smith, Harriette Stansbury, Pearl Stokesberry, Lucille Tinker.

Those who will have charge of preparing the food are: Virginia Waddell, chairman; Lillian Roberts, cocktail chairman; Katherine Hoover, Gloria West, dessert chairman; Josephine Birch, Carmen DeWitt, Elaine Eldred, Ruth Gibson, Ollie Knight, Mae Parker, Ann Farvey, Billie Wilcox, Elmore Helms, Marjorie Ruth, Ruth Reed, Dorothy Strain, Marie Brennan, Jeanne Lynnes and Wanda Eaton.

BUHL SESSION ATTENDED BY CLUB

The regular meeting of the Good Will club was held yesterday afternoon at the home of Mrs. Bud Buck, Buhl, with 25 members present. A seed and bulb exchange featured the roll call.

An executive report was presented by Mrs. C. D. Thompson during the business session and members planned a tea to be held April 23 when presidents of the Rural Federation clubs will be entertained. Mrs. J. W. Rodman received the white electric which was provided by Mrs. Ethel Doty. A talk on the McClusky Memorial health camp was given by Mrs. Clyde Smithson, Buhl.

RUSSIA STUDIED BY DELPHIAN GROUP

Miss Nancy Haddock entertained members of the Gamma Theta chapter, Delphian society, at her home last evening. A feature of the session was a talk by Rev. John Karlson on his experiences in Russia and present conditions there.

The study subject was "Russian Traits" and topics given were "Russia's Claims on Our Interest," Mrs. H. A. Ball, supervisor; "National Traits and Characteristics," Miss Arla Gene Nelson; "Factors of Russian Isolation," Miss Haddock; "Work of Peter the Great," Miss Mildred Gill; "Influence of the French Revolution and the Napoleonic Campaigns," the group.

OFFICERS ELECTED BY MEMBERS OF CLUB

Mrs. M. T. Anlauf was re-elected president of the M. S. and S. club at a meeting held yesterday afternoon at the home of Mrs. A. J. Regua. Other officers for the coming year are Mrs. Frank Schubert, vice president; Mrs. Nora Hudson, secretary; Mrs. Nellie Sumner, corresponding secretary; Mrs. Mary Miller, treasurer; Mrs. Regua, Federation delegate, and Mrs. Edith Galloway, auditor.

A seed and bulb exchange was held during the social hour. Refreshments were served by the assistant hostesses, Mrs. C. H. Eldred, Mrs. Ruth Regua and Mrs. Ruth James. Two guests, Mrs. H. E. Bathing and Mrs. J. L. Hansen, and 27 members were present.

SCOUTING OPENS TO RURAL YOUTH

Snake River Area Heads Plan Broadened Program For Farm Benefit

A broadened Scouting program which will see city units reach out and give their "country brother" an opportunity to enjoy the benefits derived from the organization was advocated today following the first area-wide meeting of Boy Scout officials held this year.

The officials, numbering over 60, met last night at a banquet at the Park hotel. Districts represented included Buhl, Burley, Cassia, Jerome, Kimberly-Hansen-Murtaugh, Lincoln, Minidoka, Raft River and Twin Falls.

Lone Scout Tribes

The advocated plan for extending Scouting into the country areas where, at the present time, little is afforded the youths along this line calls for each of the 11 districts of the Snake river area council to organize at least one lone Scout tribe for this purpose. A meeting place would be designated which would be accessible to all and the boys would be under the direction of an appointed leader or under a leader from their own farm patrol.

The meeting also advocated establishment of more "Cub" troops composed of boys between the ages of nine, ten and 11 years. A senior Scouting program which would attract and hold the interest of boys over 15 years of age was also advocated for expansion.

Robert H. Hayes of Portland, deputy regional Scout executive and principal speaker during the evening, cited advancement made in Scouting of the Snake River Area council. He said this area ranks seventh among 24 councils in troop density.

Tells of Jamboree

Hayes' talk principally concerned activities relative to the Jamboree in Washington, D. C., June 30 to July 9. He told of the various things the 25,000 youths who will attend will see and stated at least 12 foreign countries will have delegations present.

Hayes asked Scouters to observe that May 1 was the final date for filing preliminary application fees with local Scout officials, indicating that the boys will attend. Thirty-three Scouts are expected to attend from the Snake river council and 1,234 from the region. The area delegation will leave for Washington from Twin Falls on June 20 at the conclusion of an area wide jamboree which will be staged at Lincoln field in Twin Falls June 18, 19 and 20.

Amby, Frederick, Scout executive spoke briefly on plans for the jamboree and presented each present with complete details of the event.

Following the banquet the group met in separate meetings. Milton Powell was in charge of the camping conference and announced a district camp procedure would be observed this year instead of one of an area-wide nature. He pointed out this would enable more boys to attend camp and would permit date arrangements to suit individual conditions. Dr. P. N. Davis of Kimberly had charge of the commissioner's session and W. E. Nixon headed the court of honor discussions. Mr. Hayes and President Wilbur S. Hill were in charge of a general meeting to promote ways and means of extending the opportunity of Scouting to a larger number of boys.

High School News

The appointment of a committee to determine the eligibility of girls for membership in next year's organization of the G. A. A. was the main business transacted during a meeting of the group yesterday. Mary House was appointed chairman and will be assisted by Millicent Middleton and Maxine Doss in compiling the eligibility lists.

In the absence of the president, Altha Wells, Mary K. Smith presided over the meeting. Regular business followed the reading of the minutes by the secretary, Eileen Bracken. Margaret Gee, was appointed as chairman of a committee to work on the decoration of a window to help the senior class advertise its play. Plans for the club picture in the annual and the beginning of softball were also discussed.

All senior girls on Friday will wear old-fashioned sunbonnets and aprons for the purpose of advertising the senior class play, "No More Frontier." At the same time the senior boys will don bright colored neckerchiefs and "tote" siddarms of pioneer vintage.

J. O. Y. club members, high school organization of the Girl Reserves, were to meet this afternoon for the selection of next year's officers. Cabinet officers for the next term will be elected from a group nominated last week by the present cabinet officers. Those nominated are: for president, Nelda Wagner; Joyce Kelly and Barbara Sutliff, for vice president, Shirley Hutchinson, Doris Reid and Wilma Leichter, for secretary, Frances Thompson, Phoebe Frantz and Helen Perchell, for treasurer, Esther Tolbert, Margaret Van Engelen and Ruth Chastain.

Photography interest group of the Blue Triangle club met last evening at the home of Janet Fitzwater. The art of printing pictures was studied with the assistance of the group's sponsor, Miss Ruth McManis.

A new regulation of the Bureau of Air Commerce requires all transport planes to have radio direction finders installed by Jan. 1, 1938.

SERVICES HONOR NORMAN BABEL

Friends and Relatives Attend Rites Held at L. D. S. Tabernacle

Norman Babel, 18-year-old son of Mr. and Mrs. F. A. Babel, was paid tribute by a large number of friends and relatives who attended services held at the L. D. S. tabernacle yesterday. Bishop N. W. Arrington was in charge of the rites.

Opening prayer was delivered by John R. Seaton and speakers were H. C. Howell, Bishop Arrington, Pres. J. E. Allred, Bishop Claude Brown and E. M. Guest. Arthur Swenson offered the benediction.

A quartet including E. E. Bingham, Utahna Anderson, Mrs. Jung Kirkman and Mr. Owsler sang "O My Father" and "Thy Will Be Done." A trio, Mrs. Kirkman, Mrs. Claude Brown and Mrs. Christie Robertson, sang "To Sleep a While" and a quartet of junior genealogical society members, Mr. and Mrs. William Lee, Brenna Rappleye and Talmadge Simmons, sang "Through Deepening Trials." Mrs. Helen Johnson was accompanist.

Palbearers included Grant Harris, Garth Price, Karl Freeman, Douglas Holman, Gleyre Fredericksen and Kendall Wright. Honorary palbearers included Russell Wells, John Wells, Bob Kirkman, Carlos Phillips, Lyle Price and Leonard Rodman.

Interment was in Sunset Memorial park under the direction of the White mortuary. Pres. J. W. Richins dedicated the grave.

"I CAN SHOW YOU ABSOLUTE PROOF this Paint Job saved me \$500"

ACTUAL STORY OF ELMER T. MCCARROLL, PRESIDENT OF WHITE PLAINS FARMS, INC., RACINE, WISCONSIN

"The Devco 2-Coat System saved me money and gave me the whitest job I ever had."

FACTS SHOWED there was well-grounded, scientific development back of this new Devco 2-Coat House Painting System. It looked good to me.

2-COATS COVERED my extensive farm buildings better than any three coats I'd ever used before. I had tested 8 other paints before I put on Devco's.

STANDS OUT brilliantly white—the way a modern dairy should—and we're money ahead of the game with these new paints.

AIR PILOTS tell me they spot our barn miles off—use them as a landmark.

REPORTS like this come from all over the country. Devco's 2-Coat System is creating a sensation. It's different from old-fashioned painting methods. It uses two different paints—an undercoat to seal the pores in new wood, or cling to old paint—a special top-coat, to resist the sun and weather. Together, they give you a much better looking paint job.

Mountain View Parent-Teacher association held its regular monthly meeting Monday night at the school house. Mrs. Ted Scott, president, conducted the business session. It was planned to have a picnic at Nat-Soo-Pah for the last day of school. Provisions were made for transporting the school children to the Twin Falls city park for the picnic festival which takes place Friday, April 30. Parents are invited to attend and bring a picnic dinner and extra dishes and silver ware. A musical program was presented by Mrs. Howard Manning, primary teacher. The rhythm band presented a few numbers and were directed by Cecelia Greene. Mrs. H. W. Riedeman led the community singing. A piano duet was played by Dorothy Harrison and Shirley McDowell. Lois Williams presented several vocal selections with guitar accompaniment. Wayne Bauer presented harmonica numbers. Lynn Riedeman sang two selections with Mrs. Manning playing the piano accompaniment. Bobby Danner and Henry Wonnacott each presented a picture show. Refreshments were served at the close of the evening to about 75 persons. The next meeting will be held May 10.

Rev. and Mrs. H. J. Reynolds were guests of honor Sunday at a dinner given by the ladies of the Golden Rule Community church. Mr. Reynolds has returned from a few months leave of absence, and will occupy the pulpit of the Community church for the coming season. The public is invited.

Mrs. Emma Bauer was called to Jerome Monday by the illness of her daughter, Mrs. Ralph Assendrup. Mrs. Bauer was able to return home the next day. Mrs. Assendrup's health was much improved.

Ralph Ford is recovering from an appendix operation at the home of Mr. and Mrs. H. W. Riedeman.

TANKER'S BLAST INJURES SEAMAN

NEW YORK, April 15 (AP)—The coal tanker William C. Atwater was proceeding toward New York harbor under its own power today after an explosion at 6:30 a. m. in its hold off Sea Girt, N. J.

A seaman, Leslie Johnson, was lost overboard at the time of the blast but was picked up later, suffering from burns and exposure, by the steamship Gov. John Lind of the Baltimore Insular line.

The Gov. Lind message that Johnson was burned on the hands, was "irrational from exposure" when picked up, and was in urgent need of "hospitalization." The message said the vessel would reach New York at about noon.

Details of the explosion in the Atwater's hold were lacking. Information to the coast guard indicated the tanker was not in immediate danger and would be able to make port.

The Atwater, owned by the Fall River Navigation company, of Fall River, Mass., carried a crew of 25 and was engaged in coastal trade.

RUPERT

M. F. Culley, Lester Culley, Charlotte Culley, and Mr. and Mrs. Luke Williams went to Pocatello Monday to attend a state convention of the Farmers Automobile Insurance company's agents.

Mr. and Mrs. H. P. Lewis returned Saturday night from Salt Lake where they were married about March 1. Mrs. Lewis was formerly Miss Naomi Kershaw, Salt Lake. She was for a time a nurse in the cottage hospital in Burley.

Miss Maxine Lewis, who returned Saturday from a two-months' stay in Los Angeles, has left for that city.

The Woman's council of the Christian church held its regular monthly meeting at the home of Mrs. Rasmussen. After the business meeting Mrs. A. E. Johnson gave the book review, "My Ten Years in a Quinary and How They Grew." Mrs. Rasmussen, assisted by Mrs. Roy Gillette, Mrs. George Donaldson, and Mrs. L. T. Jacks, served a delicious lunch.

The regular meeting of the Episcopal Guild was held at the home of Mrs. Henry Creason Tuesday. Plans were made for two card parties to be given at the home of Mrs. H. M. Carter April 29, committees for which are as follows: Tables, Mrs. Fred Mott, Mrs. Charles Collin and Mrs. Ray Armstrong; food, Mrs. Jim Ross, Mrs. Albert Fricke and Mrs. Emma Dickson; tickets, Mrs. J. W. Murphy and Miss Dorothy Mae Getty.

The Business and Professional Women's club met Tuesday evening at the home of Mrs. R. D. Armstrong, with President Virginia Hawk presiding. Mrs. Alta McCullough read an article on education. Plans were discussed for attending the south central district meeting at Buhl May 2 and the state meeting at Pocatello May 3. A nominating committee appointed included Miss Bessie Easton, Mrs. William Reed, Mrs. John McGarvey and Mrs. Gwen Morse. Visitors were Mrs. Don Braham of Great Falls, Mont., and Miss Elsie Jean Mitchell, Twin Falls.

TRADE FALLS ON STOCK EXCHANGE

By ELMER C. WALZER NEW YORK, April 15 (U.P.)—Trading on the stock exchange today fell to around a million shares. Prices fluctuated narrowly. Major groups failed to develop a trend. Prices rallied from the lows for a time but late in the day were drifting down without apparent pressure. Traders felt the list had arrived at a critical situation. Some anticipated a test of the recent lows before the upturn was resumed. Others felt the market was nearing completion of consolidation and soon would be ready for another advance. Copper shares ignored a dip in copper metal and were dull. Anaconda rallied partially after losing 1/2. Kennecott showed a small loss. Phelps Dodge gained more than a point. American Smelting and U. S. Smelting registered small declines. Steel shares were lower most of the day. Chrysler moved over a small area and late in the day was fractional lower. American Telephone met some support and held a small advance most of the day. Railroad issues were mixed, most of them registering declines. Baldwin preferred rose 4 points and the assigned preferred 3 points. Dow Jones preliminary closing average showed: Industrial 181.19, off 0.75; railroad 60.18, off 0.13; utility 31.38, off 0.14. Transactions approximated 940,000 shares compared with 1,480,000 shares yesterday. Curb transactions approximated 244,000 shares compared with 378,000 shares yesterday.

WHEAT FORECAST LOOKS TO GAINS Winter's Yield, If Realized, Would Be 16 Per Cent Above 1936 BOISE: April 15 (Special)—An Idaho winter wheat crop of 12,650,000 bushels is indicated on the basis of information available on April 1. It was announced here today by Richard C. Ross, agricultural statistician for the United States department of agriculture. This production, if realized, would be about 16 per cent greater than last year's crop, but nearly eight per cent smaller than the five-year average production of 1928-32. The crop actually harvested, however, may be larger or smaller than now indicated, depending upon weather conditions and other factors, between now and harvest time.

BOY CONFESSES EXTORTION NOTE 18-Year-Old Chicago Youth Admits Sending Letter To Ginger Rogers CHICAGO, April 15 (U.P.)—A husky, 18-year-old youth admitted to (U.P.) today that he sent a threatening letter demanding \$500 from Ginger Rogers, screen actress, because "I thought she wouldn't miss the money and I wanted to see a doctor."

INSTRUCTOR GIVES TALK AT GRANGE J. V. Briggs, Smith-Hughes instructor, addressed the Twin Falls Grange last evening on ways to produce early potatoes earlier. His talk was followed by a round table discussion under his direction covering farm problems generally. The meeting was held at the Methodist church.

New and Retiring U. P. Leaders

CARL R. GRAY (right), president of the Union Pacific railroad company, who at his own insistence that no exception be made to company rules in his case, will retire upon reaching his 70th birthday, according to announcement by W. A. Harriman, chairman of the board. William M. Jeffers (left), executive vice president, will succeed Mr. Gray as president, Gray, on Oct. 1, will become vice chairman of the Union Pacific City. Jeffers, who started his railroad career with the New York City office, will have his offices in Omaha.

WEEK AT THE CAPITOL BY DAVE JOHNSON BOISE, Idaho, April 13 (U.P.)—Noticed this week as the fact that chairs for executives require as much fitting as a pair of pants, on a somewhat broader scale.

REMODELING OF GOVERNOR BARILLA Clark's office brought about the chair fitting. Enthusiastically, a furniture salesman brought in a smart chair, done in red leather and brass tacks, set on a toggle-jointed swivel, mounted on ball-bearing casters.

HE BUTTONEHOLD THE GOVERNOR as the chief executive emerged hurriedly from his temporary office. With the salesman was Juneau Shinn, executive secretary. "Come here, governor," boomed Shinn, "and try out this chair."

GOVERNOR CLARK STERN considered the item from every angle, stooped, looked under it, stood up, said, "Hum-m-m-m." He stroked the back of the chair. "Soft," he observed. Then he attempted to leave.

"SIT DOWN IN IT," he was urged. The governor hesitated, looked around, saw visitors, secretaries, carpenters, newspapermen, all grinning. He blushed, then sat down.

THE SALESMAN explained what made the cushions so soft. "Flat springs here," he said, indicating the top cushion. "Coil springs here," he said, pointing to the bottom of the chair. "Okay, governor?" he asked.

MEANWHILE, the governor rocked back and forth, eyes darting from side to side. "Is it far enough from the floor, governor?" nervously asked the salesman. He bent down, touched the governor's foot. "Yes," he said, "your feet are flat on the floor." The governor stood up, said, "We'll try it," was on his way, followed by Shinn.

SAID THE SALESMAN, "Most chairs have to be fitted—that is, good chairs." Later in the week, came a woman to the executive office. Under her arm were drapes. For hours she stood, holding tapestries against windows while admiring stenogs looked on, gasped, ahd and ahd. Finally chosen: blue, to match the new rug. Flowering will be beige.

POLITICALLY, the week was quiet, with exception of the uproar caused over the governor's appointment of W. G. McIntyre of Boise as state game warden to replace Amos Eckert.

MOST PRESSURE was brought to bear on the governor during the Jefferson day banquet at Twin Falls by supporters of Eckert, who wanted him retained. But the governor decided to appoint McIntyre.

Eckert served since 1932, when Mac P. Bailey, Moscow, resigned. McIntyre is prominent in Democratic circles, having been a leader in Ada county for many years. Once chairman of the county organization, he served in the state department of public welfare, then took over WPA work in the labor relations department.

FARM FAMILIES IN CANNING CLUB

New Group Will Share Cost Of Equipment and Services In Co-Op Unit Twin Falls Canning club, organized and financed under the cooperative and community service section, resettlement administration, will enable 24 Twin Falls county rural families to share costs and service on new home canning equipment, according to word received here today from Herbert M. Peet, regional chief, Portland.

The new group includes families of O. W. Barnett, W. F. Eslinger, Raymond Mathews, Roy Hutchinson, Julius Peterson, C. W. Durling, J. Roland Hardin, William Dye, Ruby Jennings, Colin Campbell, T. H. Bertie, George V. Alvey, Allen Scheurer, Phillip Lapp, W. R. Messerly, J. L. McCallister, C. R. Beveridge, Everett Beachell, Glen Besire, Nicholas Johnstone, David Lopez, I. R. Stevens, L. F. Wiseman and W. G. Tyson, all living near Twin Falls.

More than a hundred small co-operatives have been helped to organize and finance themselves in Idaho, and we have additional funds for this purpose," said Peet. "Our plan makes it possible for low-income farm families to form groups for ownership and operation of farm and household equipment that would be too expensive for individual ownership. Applications should be made through L. P. Wiseman, rehabilitation supervisor, Twin Falls."

NEWS OF RECORD Births To Dr. and Mrs. G. W. Burgess, Twin Falls, a son today at 3:25 a. m. at the Craft maternity home. Funerals JENNING—Rites for Charles G. Jennings, resident of Twin Falls for 26 years, will be held Friday at 2 p. m. at the Twin Falls mortuary chapel.

PATRICK—Services for George D. Patrick, pioneer rancher of this territory and Three Creek district, will be held Friday at 2:30 p. m. at the Buhl Christian church. He died Tuesday at the home of his son, E. L. Patrick, Twin Falls.

THIS CURIOUS WORLD

By William Ferguson

The BOBOLINK'S SONG TRANSLATED INTO "WORDS" READS: "OH GEEZELER, GEEZELER, GILIPITY, ONKELER, OZELER, OO."

The WITCH-HAZEL BEARS BOTH ITS FLOWERS AND FRUIT IN AUTUMN.

IN THE FROZEN AREAS OF GRANTLAND, FACING THE POLAR SEA, SCIENTISTS HAVE DISCOVERED SEVENTY-FIVE KINDS OF PLANTS, FIVE SPECIES OF BUTTERFLIES, AND TWO SPECIES OF BUMBLEBEES.

AVERAGE SUMMER TEMPERATURE THERE IS 34° ABOVE; AVERAGE WINTER TEMP, 36° BELOW!

William Cullen Bryant's interpretation of the bobolink's song, "Bobolink, bobolink, splan, spank, spink," does not do justice to the bubbling, liquid notes of the bird, but it has brought the bobolink into the lives of millions of children, and made "Robert" a real personage.
