## IN THE DAYS PARADE

### Hitle's Friend?

Pola Negri, famed star of American silent films, and now making pictures in her native Poland, leaped into the spotlight today with announcement in European newspapers that she had been seen on two occasions with Fuehrer Adolf Hitler, the German Nazi leader.

### Directs Fleet

Admiral Arthur J. Heburn today was aboard his flagship, the U. S. S. Pennsylvania, steaming into the Pacific ocean for the annual fleet maneuvers of the U. S. navy.

### New Job

Mrs. Franklin D. Roosevelt has added to her many other duties the job of broadcasting for a cosmetics firm on a radio hook-up. As usual, the money received for the work will be given in charity.

## 200 Compete in Southern Idaho Speech Festival

### Twin Falls Youth Awarded Highest Ranking in Oratory

Nearly 200 high school orators and actors from 40 schools, representing the cream of the state's youthful declamation experts, swung into competition on two fronts here today in the southern Idaho speech festival which will determine state championships.

Class A and Class B participants were engaged in presenting dramatic addresses this afternoon and Twin Falls and Blackfoot debaters were competing in the final debate.

Team Blackfoot's debating team met Blackfoot's affirmative group this morning as one of the highlights of a busy inaugural program that also saw 21 competitors engage in oratorical presentations.

Debate Title Today The second debate late this afternoon was to be the final link in deciding the state championship, with Twin Falls affirmative meeting Blackfoot's five. Winners of the state debating crown will be eligible to compete in the national high school forensic tournament.

Debate champions were to be announced at the festival banquet this evening. The state titular cup was to be presented by Gerald Wallace. Members of the two debating teams this morning were Ed Benoit and Roland Hutchinson, Twin Falls, and Helen Jones and Roland Wright, Blackfoot. Debaters in the second of the two were to be Paul Wright and Bruce Painter, Twin Falls, and Douglas Parkinson and Bill Smith, Blackfoot.

Other rankings this morning (with excellent rated highest and superior second) were:

**CLASS A ORATORY**  
Marvin Alfred, Emmett, superior  
Keith Ateson, Idaho Falls, excellent

**CLASS B ORATORY**  
Jay Budd, Hazelton, good  
Doran Butler, Bliss, good  
Jack Butler, Eden, fair

**UNION OFFICIAL THREATENS WAR**

### Hall Warns Ford's Officials Following Attack on UAW Leader

DETROIT, April 16 (UP)—Ed Hall, 2nd vice president of the United Automobile Workers union, told Ford Motor company officials here today "if you want peace in Kansas City, you can have peace; if war, you can have war."

Hall referred to the alleged assault in Kansas City upon Barron Le Douss, president of the local union, and O. W. Penny, union organizer, by four unknown men.

"This thing will have to stop," Hall told an official of the Ford service department.

He indicated that he expected to hear again from Ford officials before he left Detroit by air for Kansas City.

## CHAMBER PLANS TO MOVE OFFICE

### Chamber Decides at Meeting To Look for New Home

Directors of the Twin Falls Chamber of Commerce, at their weekly luncheon this noon, declared their intention in favor of seeking a new location for the chamber's headquarters, and a committee was appointed to work out the necessary arrangements. Several possible locations were suggested and a final selection was expected within the next few days.

Sen. P. G. Thompson called the chamber's attention to the proposed underpass on Shoshone street and urged that a careful investigation be made before any definite action is taken for or against the project.

The underpass, he said, involves an expenditure of \$135,000, none of which Twin Falls would have to pay. While in Boise, recently Thompson said he conferred with Director of Highways J. H. Stenmer in regard to the underpass, and was informed that the project was entirely up to the city. In view of the local opposition that has developed among property owners who would be affected by the construction of the underpass, Thompson (Continued on Page 2, Column 4)

## Federal Agent Shot in Fight

### G-Man Wounded as Attempt Is Made to Make Arrests in Topeka, Kan.

TOPEKA, Kan., April 16 (UP)—A federal agent and a bystander were wounded today when G-men and three men they were attempting to arrest exchanged shots in the lobby of the Topeka post office.

They fled through the front entrance of the post office to an automobile.

Federal agents refused all information but it was understood the suspects were Alfred Power, alias Louis Moore, 39, sought in connection with the robbery of a bank at Katonah, N. Y., and one Rudolph Brinker. The information was that Power left New York and came west until the "heat" was off in the east. His companion it was said, did not figure in the bank robbery.

Three or four federal men were waiting for the suspects when they stopped at the general delivery window. When the agents approached the men started shooting. The G-men returned the fire. From 15 to 20 shots were fired.

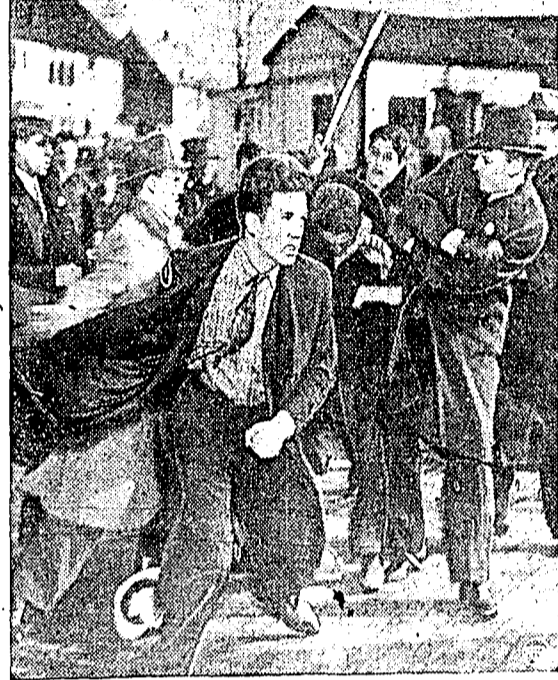

The wounded agent was named Baker. He suffered bullet wounds in the arm, chest and stomach and was in critical condition in a hospital. The bystander, O. D. Davis, was shot in the foot.

## Youth Faces Superior Court Trial as Outgrowth Of Investigation in Coast Juvenile "Love Nest"

BEVERLY HILLS, Calif., April 16 (UP)—Theodore Barber, 23, faced a superior court trial today as an outgrowth of investigation into an asserted juvenile "love nest" in a suburban Culver City.

In a courtroom cleared of a crowd of spectators, Dollo Hahn Rice, 16-year-old Beverly Hills, high school girl, described at Barber's preliminary hearing yesterday a trip also made to a house where high school students allegedly held all-night revels.

### As Rival Unions Battled

Rival labor unions turn to fists instead of facts, rough-house instead of reason. The men wearing white buttons are A. F. of L. pickets, trying to clear an entrance to Cleveland's Electric Vacuum Cleaner Co., where they held a contract. C. I. O. members, claiming they had a majority of the plant's employes, disputed the plant's opening. A thousand men scrambled and fought, and a score were injured.

## Agreement Predicted In Canadian Strikes

### Homer Martin, President of UAW, Expects Settlement "Later Today"

OSHAWA, Ont., April 16 (UP)—Homer Martin, president of the United Automobile Workers union, predicted today that the strike of 3,700 workers at the General Motors of Canada assembly plant would be "amicably settled later today" and that the employees would return to their jobs Monday.

Martin came here for a scheduled conference between representatives of General Motors and the U. A. W., with Premier Mitchell F. Hepburn due to sit in as mediator.

The conference was delayed until later today to give Martin time to confer with local strike leaders and plant committees.

Asked what stand the unions would take on the question of C. I. O. recognition by General Motors, the point at issue in the strike here, Martin replied:

"We will have to let that matter rest for the present."

"After I talk the whole thing over with them," Martin said, "I will telephone C. E. Wilson, General Motors vice president, at Detroit, and advise him of our demands."

"Possible settlement of the strike may follow that."

He declined to discuss possible demands of strike leaders as to their terms of settlement.

"One thing is sure," Martin said, "and that is that we want all we can get. What the final result of the conference we will have with Premier Hepburn later today will be, I cannot say. All that will be a matter of negotiation."

**BASEBALL**  
JEFFERSON CITY, Mo., April 16 (UP)—Opening of the baseball season will disrupt the Missouri legislature for two days and probably keep the lawmakers in session through another week-end. Practically the entire house membership accepted invitations to be guests of the St. Louis Browns in the opening game Tuesday in that city. House leaders feared the loss of two days would make it impossible to finish the work next week.

**BITE**  
TULSA, Okla., April 16 (UP)—Mrs. Nora Beam, who operates the elevator at the federal building, saw a hecipy man approaching. She did not want him to cause trouble in upstairs offices, so she tried to slam the sliding door in his face. The man got his head into the elevator before the doors closed and bit her finger.

**BODY**  
ELYRIA, O., April 16 (UP)—Reports that a baby's body had been seen in the lake back of the Elyria mill company's dam brought police and firemen to the top of the bank they saw a tiny form. Fire Lieut. William J. Burnet made the dangerous descent. He found a rubber doll.

I became dizzy and went to bed."  
Barber was bound over on two statutory charges on \$1,000 bail for arraignment May 3.  
Elwood H. Jackson, member of a wealthy Beverly Hills family, appeared for preliminary hearing but his case was postponed. Statutory charges were filed against the Jackson youth after he and Barbara Page, 16, attempted to elope to Mexico secretly after a visit to the house.

## RAILWAY UNIONS DEFY LABOR ACT WITH WALKOUT

### Strike Is Called in Face of Mediation Board Named By President

### EXACT CAUSE UNKNOWN

8,500 Men to Quit Jobs on Southern Pacific By 5 P. M. Today

SAN FRANCISCO, April 16 (UP)—Two railroad brotherhoods called a strike of 8,500 men on the Southern Pacific lines in eight western states for 6 p. m. (PST) today in defiance of a warning that a strike would violate the new railway labor act.

The exact cause of the controversy became increasingly beclouded as the hour of the deadline approached, however.

Southern Pacific railway officials insisted it was a jurisdictional dispute between railway brotherhoods. The brotherhoods calling the strike were equally insistent that they were not involved in an inter-union controversy but were concerned directly with the company. They would not enlarge on that statement.

**Power Attempt**  
On the third side, and apparently agreeing with the railway, the unions' not directly involved termed the controversy an attempt on the part of the groups threatening to strike to gain increased jurisdiction over railway employes.

A. D. McDonald, president of the railroad, issued a statement last night saying he did not believe the strike would materialize, but union leaders replied that it would, "unless something develops before 6 o'clock."

Two of the "big four" organizations, the Brotherhood of Railway Trainmen and the Brotherhood of Enginemen and Firemen were ordered to strike. Their leaders said they were not satisfied with President Roosevelt's order to mediate the strike through a special three-man mediation board.

**Should Wait 60 Days**  
Under the railway labor act, the President's order to arbitrate automatically sets a strike for 60 days. The national mediation board is (Continued on Page 2, Column 5)

## HITLER IS LINKED WITH FILM STAR

### Newspapers in Poland Seized For Mentioning of Fuehrer With Pola Negri

WARSAW, April 16 (UP)—Police have seized issues of two newspapers which reprinted a story asserting that Fuehrer Adolf Hitler of Germany had been seen in public with Pola Negri, movie star, and hinting at a romance. It was learned today.

The Sunday Referee of London published the story. Issues of the newspaper Kurjer Codzienny of Warsaw and Polonia of Katowice reprinting the article, were confiscated. Authorities considered the article a reflection upon the dignity of the head of a foreign state. It was explained.

Miss Negri, after completing the film "Mme. Bovary" at Berlin, is at Cap Ferrat, France.

## Bones Found in Ruins of Cabin May Be Miller's

MAYFIELD, Idaho, April 16 (UP)—Sheriff George Hendricks, leader of a five-month search for Frank Miller, aged rancher feared to have been murdered, said today he had found "some bones" in the ruins of a cabin on Dillo creek, 10 miles from the Miller ranch. The sheriff said the bones were blackened and burned.

They were submitted to the state chemist to determine if they were animal or human. Hendricks, who also found a cheap watch in the ruins, said the bones "might be those of Miller."

## S. E. C. Officials Reveal Sale of Worthless Stock

### Operators Work in Boise, Twin Falls, Other Cities

By DAVID N. JOHNSON (Copyright, 1937, United Press)  
BOISE, Idaho, April 16 (UP)—Federal security and exchange commission officials revealed today that Idaho investors have sunk more than \$50,000,000 in worthless mineral development stocks, and have been subjected to the operations of hundreds of securities schemes.

They said the condition had been brought about through a basic weakness in the blue sky laws of Idaho whereby mineral development operators, including gas and oil companies, are not asked to register their organizations or turn in financial statements.

Bruce Atchison, of the general staff of the SEC in Washington, D. C., said he was "amazed" at the conditions throughout the state. He said Idaho had become a refuge for promoters of worthless stock deals, and that the situation was "grave."

Farmers, small business men and aged persons have been victimized to the extent of millions by grafters dealing in copper, oil, gas, and gold.

**Urge Investigation**  
All persons contemplating investments in new or hitherto unheard of companies were asked to make thorough investigation before parting with their funds.

The SEC late yesterday secured injunctions against two companies which were operating without regard for the SEC act. Atchison said the companies were selling securities by false representation, and had dealt in unregistered stocks.

They were the Boise Petroleum corporation and the Submarine Gold Mining company. Willis E. Smith, self-styled "broker" of Boise and Salt Lake City, was placed under arrest and jailed in Fayette. He is charged with swindling a farmer out of \$1,000.

**First Step**  
SEC officials said this action marked the first step in a "drastic cleanup drive" which would see at least 20 cases taken into federal court here.

Atchison and an assistant, (Continued on Page 2, Column 3)

## LOCAL PLANE IS BELIEVED LOST

### Ship Piloted by Russell Mingo Unreported Since Leaving Here This Morning

Russell Mingo informed local friends at 2:30 p. m. today that he had landed at Boise after previously running out of gas. Other details could not be learned.

Telephonic inquiries as to whether or not various points between here and Boise had seen an OX-5 Waco bi-plane piloted by Russell Mingo of Twin Falls, were being made this afternoon hours after the plane, which left here at 6 a. m. today, was supposed to have arrived in Boise.

The plane, housed at the local airport, is owned jointly by Mingo and Dan Pfaff. Whether or not Pfaff made the trip with Mingo could not be learned but he could not be located in Twin Falls.

Mingo was going to Boise where he planned to take the Department of Commerce tests necessary to secure a transport pilot's license. He has been interested in aviation for several years.

While the flight from here to Boise in the type plane Mingo was flying should not take more than two hours at the most, it was indicated by friends that he may have "set down" in some out of the way place for various reasons. The friends said that should be the case Mingo and Pfaff, should the latter be with Mingo, would probably not think of notifying Twin Falls.

**MRS. ROOSEVELT TAKES NEW JOB**  
WASHINGTON, April 16 (UP)—Mrs. Franklin D. Roosevelt, the working first lady whose multiplicity of jobs has astounded other working women, is taking on a new one next week.

She starts next Wednesday the first of a series of 13 weekly broadcasts sponsored by a cosmetics manufacturer. The money for her services will go direct to the American Friends service committee for its educational and health work in "deprived areas."

Mrs. Roosevelt has not said how much money the committee will receive through her appearances for each of two previous series of broadcasts. The committee reported having received more than \$20,000 for her work.

Temporarily from Mrs. Roosevelt's other work is devoted mostly to philanthropic purposes.

Wife of President to Go on Air for Cosmetics Concern To Aid "Deprived"

# U. S. FLEET LEAVES FOR ANNUAL WAR MANEUVERS

## 10 BATTLESHIPS LEAD PARADE TO PACIFIC ISLANDS

### Crafts Pull Anchor From San Diego and Long Beach Coast Harbors

By HENRY WOOD

**ABOARD THE U. S. S. PENNSYLVANIA, OFF LONG BEACH, CALIF., April 15.** Led by 10 giant battleships, the United States fleet leaves today for the annual "war games" in the Pacific.

Last mainland shore leave for a month ended at 1 a. m. and sailors swarmed aboard the ships in Long Beach and San Diego harbors in preparation of this morning's departure.

One by one, the warships were scheduled to up-anchor starting about 8 a. m. and rendezvous off San Clemente Island. The two harbor boats were expected to be clear of the 130 ships and 447 naval airplanes with their 40,000 officers and men by 10 a. m.

**Slow Crafts First**

Slow-traveling craft of the base force, hospital and auxiliary ships and other auxiliaries, steamed off last night to get a head start toward the ocean "background" in the vicinity of the Hawaiian Islands.

The light cruiser Concord started out of San Diego yesterday followed by the destroyers Dewey, Hull, MacDonough and Warden. Under command of Rear-Admiral Walter N. Vernon, they will go to Bremerton, Wash., and then Dutch Harbor, Alaska. With the battleship New Mexico they will participate in the war games as the Alaskan squadron.

Aboard his flagship, the battleship Pennsylvania, was Admiral Arthur J. Hepburn, directing the fleet movements.

**Official Problem**

The gray warriors were expected to carry on some phases of the war games, officially dubbed "New Problem XVII," while steaming toward Honolulu. Near the islands the fleet will open its major maneuvers in conjunction with the army and the naval district forces with a mock attack on Oahu island's fortifications. The "battle" is expected to last two days or more.

After four days of rest and refueling at Hilo and Honolulu, the fleet will steam out for a series of great miltary sea battles.

Divided into "black" and "white" forces, one attacking, the other defending, they will start from positions unknown to each other and engage in a 10-day "battle." Aircraft will be used extensively.

At the end of the games, the fleet will put in at the islands again and sail for San Francisco to participate in the Golden Gate opening May 28.

## HEALTH CAMP IN NEED OF FUNDS

### Additional \$200 Required By McCluskey Unit; Plea Is Made

A plea for an additional \$200 to complete equipping of the new unit at the McCluskey health camp at Buhl was made this afternoon by Joe Koehler, chairman of the committee in charge of the work.

Mr. Koehler said that if 20 more business firms, organizations or individuals would contribute \$10 each the needed funds would be secured.

Contracts and orders placed for supplies, materials and labor to date amount to \$1,363.04. Mr. Koehler said. Total collected so far stands at \$1,066 with pledges still out amounting to \$120, making a grand total of \$1,216. Yet to be purchased is approximately \$130 in hospital and kitchen supplies, Koehler said.

When completed the camp will be one of the finest and most modern children's health camps west of the Mississippi, Koehler asserts.

Those wishing to contribute were urged to contact Mr. Koehler at the Roxy theater in Twin Falls or the drug store operated by Charles Boring at Buhl.

## MEETING SET ON NEW RAIL TRACK

### Parley at 2 P.-M. April 21st, Will Confer With Union Pacific Official

Definite time and place for the Twin Falls meeting which is expected to eliminate in definite progress toward a new 20-mile railroad spur in the Castleford-Berger territory were announced here this afternoon.

The meeting will be held at 2 p. m. next Wednesday, April 21. It was decided at the Chamber of Commerce after receipt of word from A. J. Seltz, assistant traffic manager for the Union Pacific.

Mr. Seltz will confer with ranchers of the area seeking the new track, and will be given full details on benefits which would accrue both to the relative farming region involved and to the Union Pacific.

## NEWS IN BRIEF

**Goos to Boise**

Mrs. W. I. Johnson is in Boise, called there by the serious illness of a friend.

**Returns From Visit**

Mrs. A. Gordon was expected to return today from Rupert where she has been visiting.

**Here With Son**

Mr. and Mrs. Perry Gordon, Rupert, are visiting their son, Arthur Gordon.

**Ill at Home**

Bill Wall has been confined to his home for several days with a severe attack of flu.

**Leaves for California**

Miss Nina Newman has left for California where she expects to spend a month with relatives and friends.

**Returns From Visit**

Mrs. Charles Russell has returned from Wisconsin and Minnesota where she spent six weeks with relatives.

**Here From Oregon**

Mrs. J. B. Cartwright, Seaside, Ore., is visiting her brother and sister-in-law, Mr. and Mrs. J. W. Newman.

**To Move Building**

H. H. Soper today asked permission of the city council to move a service building across Fourth avenue west in the 200 block. The building will be put on a lot directly across from where it is now located.

**Come From Seattle**

Mr. and Mrs. Lowell P. Mickelwait, Seattle, are expected here this evening to visit Mr. Mickelwait's mother, Mrs. May I. Mickelwait, who is a patient at the hospital. They will be guests of Mr. and Mrs. Glenn Whitney, Kimberly.

**Switches Licenses**

Lawrence Morrill, Hansen, paid a fine of \$2 and costs of \$3 before Justice Guy T. Swope after pleading guilty to charges of switching license plates on two trucks, according to F. M. Kingsbury, state traffic officer who filed the complaint.

**Presbyterian Announced**

Women's Presbyterian of the Presbyterian church will be held Monday and Tuesday at Jerome opening at 1:30 p. m. on Monday. Principal speaker will be Miss Marcella Kerf of the board of foreign missions. All Presbyterian women are urged to attend. It is announced.

**Takes Seattle Position**

Miss Elsa Bonar has left for Seattle where she has accepted a position as private secretary to Dr. W. A. Shands, state director of Baptist churches in Washington. Her position as secretary at the First Federal Savings and Loan association of Twin Falls has been filled by Miss Lorene Frazier.

**Dinner Meeting Held**

E. D. Valentine, Frank Jane and A. D. Paxman, Salt Lake City officials of the Sinclair Refining company, and approximately 34 dealers from this territory attended a dinner meeting last evening at the Colonial tea rooms. The session was called to introduce the new advertising campaign.

**Asks for Divorce**

Suit for divorce was filed in district court today by Mrs. Isabelle Dryzmal, Buhl, against John Dryzmal, charging non-support and cruelty. The couple wed at Albany, N. Y., July 27, 1934. The petitioner asks restoration of her maiden name of Isabelle Johnson. Her attorney is Harold L. Yeamans, Buhl.

**Lincoln P.-T. A. Has Final Meet**

Lincoln Parent-Teacher association's final meeting of the year was held yesterday at the school with a record attendance. Mrs. P. A. Goodykoonz, retiring president, conducted the session.

New officers installed by Mrs. J. R. Nielsen, past council president, were Mrs. E. Johnson, president; Mrs. Lionel Dean, vice, president; Miss Ida Allen, secretary; Mrs. Lloyd Gillmore, treasurer.

Members of the executive committee appointed were: Program, Mrs. Raymond Graves; membership, Mrs. Ralph E. Smith; publicity, Mrs. Delmer Shumway; hospitality, Lionel Dean; finance and budget, J. O. Rasmussen; publications and magazine, Mrs. Paul Wellner; welfare, Mrs. Buelah Way; study group, Mrs. Van B. Wright; courtesies, Mrs. U. E. Couberly; hot lunches, Mrs. J. Harvati; music, Mrs. James Harvey; summer round-up, Mrs. Ernest Wenstrom; safety, Mrs. Mable Pearson; motion pictures, Mrs. W. H. Gasser; character education, Mrs. Dean; refreshments, Mrs. J. C. Doolittle, assisted by Mrs. Wesley Boren and Mrs. R. L. McCracken; recreation and health, Mrs. Grant Kunkle. The national and state messages were read by Miss Hazel Holloway.

Mrs. Van B. Wright, study group chairman, announced the last meeting will be held April 23, 2 p. m. at the school. After the program a tea is to be served for the winning side of a contest conducted during the past year.

A report on the state convention was presented by Mrs. Johnson and Mrs. Graves led community singing, accompanied by Miss Allen.

For the program the guest speaker was Rev. B. E. Rees, whose topic was "Radio as a Source of Home and Community Entertainment." Other numbers were a song, "Can't Do the Gum," and a play, "The Door," by children of room 16; a violin solo by A. E. Francis, accompanied by Mrs. Francis; song and dance, "Bonnie for Sale," Donita Jean Platt, Mary Lou Smith and Myrtle Jean Peterson.

## S. E. C. OFFICIALS REVEAL SWINDLE

### \$50,000,000 in Worthless Mining Stocks Sold To Idahoans

(Continued From Page One)

Charles Wright of the Idaho regional SEC office in Seattle, Wash., said they would be here "indefinitely" in order to force swift prosecution of graft cases they have uncovered.

Several "companies" in the state, organized on an investment basis, have been investigated and found worthless, Aitchison said.

Swindlers have carried on extensive operations in Troy, Twin Falls, Pocatello, Boise, Nampa, Payette, Couer d'Alene, Wallace, May, Fairfield, and Rexburg. Numerous other localities were cited.

**Manpower Shortage**

The situation had not been brought to public view earlier because of shortage of manpower in the SEC regional staff, Aitchison said. Aitchison was sent here from Washington to head prosecution of the cases and give aid in bringing about discovery of fraudulent deals.

Most of the SEC's time has been occupied until recently in the eastern section of the United States, Aitchison said.

"When we came here and began delving into the thing, we were amazed," he said. "Then we got mad to think that so many operators of crooked schemes were being successful in this territory."

Citing a specific case, Aitchison recited a deal in which C. B. Arrott, present fugitive from justice, swindled an Idaho rancher out of \$30,000 on worthless stocks and bonds.

**Case Cited**

Arrott, charged Aitchison, "grossly misrepresented the value of the securities and stated in fact that the securities were guaranteed by the United States government."

"Arrott apparently obtained the name of this rancher from a list of stockholders. He called on him and by using the sell and switch racket, induced him to trade valuable securities for his (Arrott's) worthless ones," said Aitchison.

"The man came to Idaho solely for this purpose," said Aitchison, "and since then has left for parts unknown. The commission is instituting proceedings to apprehend him."

**Weakness Shown**

Aitchison said the condition was possible because of the blue sky law. Under it, the state commissioner of finance is powerless to investigate sellers of stocks and bonds, nor are mineral corporations forced to register and show financial statements.

"It is hoped that actions by the commission in this and similar cases will result in the protection of Idaho investors who through a weakness in the state law are unprotected," Aitchison said.

"I might add that conditions in Idaho are grave and require immediate action because of the inability of the state authorities to act in many cases where the public has been defrauded. The state has become a refuge for promoters of fly-by-night schemes and of investments possessing little merit," he declared.

**Mostly Reputable**

Aitchison pointed out that although most mineral operators in Idaho are reputable, investors should be warned that the only protection they have is that they put their funds into a company which is not sound through an Idaho statute outlawing fraud.

Continuing in his revelations of how Idaho investors have been duped, he said one company, a copper project, sold securities to the amount of \$13,000,000. Out of this, he said, one million was put into development of the mine, and the other \$12,000,000 went into the pockets of the promoters.

## News of Record Births

To Mr. and Mrs. David L. Simmons, Twin Falls, a daughter, yesterday at 8:05 p. m. at the Craft maternity home.

To Mr. and Mrs. H. E. Taylor, Twin Falls, a son today at 8:20 a. m. at the Craft maternity home.

## CHAMBER PLANS TO MOVE OFFICE

### Chamber Decides at Meeting To Look for New Home

(Continued From Page One)

emphasized that he was interested in having a thorough investigation made before reaching any decision, and suggested that a committee from Twin Falls go to Nampa to inspect an identical underpass that was recently built there.

The secretary also explained in detail the progress that is being made in an effort to have the state take over the rim-to-rim bridge north of Twin Falls, and eventually make it toll free. He assured that chamber that every effort was being made to see the project through to a successful completion, and predicted that the action taken by the boards of commissioners of Twin Falls and Jerome counties, contrasting the bridge company's contract, would have an important bearing on the negotiations.

Thompson expressed the belief that Twin Falls would soon have a modern airport, despite the fact that legal technicalities made it impossible for a chamber committee to secure a 99-year lease on the airport site. He said that a five year lease, which is permissible, could be renewed every five years, and that this arrangement probably would be satisfactory for securing the necessary federal funds.

O. P. Soule, president of the Idaho Broadcasting corporation, owner of station KTFI in Twin Falls, was a guest at today's luncheon.

## PACKARD, UNION OFFICIALS MEET

### Executives of Car Company to Talk With UAW Workers at Conference

DETROIT, April 16 (U.P.)—Invoking provisions of the recently-validated Wagner labor relations act, the United Automobile Workers union demanded recognition from the Packard Motor car company today.

Packard executives agreed to meet with union representatives at 2 p. m. to discuss a collective bargaining agreement.

The company is the only major automobile manufacturing concern, with the exception of Ford, which has not recognized the U. A. W. A series of sit-down strikes resulted in agreements between the union and the General Motors corporation, the Chrysler corporation and the Hudson and Reo Motor car companies.

## K. of C. to Hear Monsignor Talk

Twin Falls council, Knights of Columbus, will hear an address by Mon. Remi S. Keyser, Rupert, former pastor of St. Edward's Catholic church, at a meeting on Sunday in Odd Fellows hall.

Guests will be men of the local parish and surrounding towns with delegations expected from Jerome, Buhl, Rupert and Burley. They will be welcomed by Rev. R. E. Helman, local pastor.

Besides the principal address the council will present other entertainment numbers and talks. The meeting is part of a crusade started last winter by the supreme council to focus attention on the menace of Communism to religion and democratic government.

## STRIKE CALLED BY RAIL UNIONS

### Walkout Set to Be Staged at 6 P. M. Today on Southern Pacific Railway

(Continued From Page One)

given 30 days to conduct hearings and 30 days to consider the plan of action. The President intervened in the Southern Pacific dispute" this week.

C. V. McLaughlin, vice president of the firemen and engineers, said: "We have protested to Washington against inclusion of the Brotherhood of Railway Engineers and the Order of Railway Conductors (the other two units of the 'big four') in the orders for us to arbitrate.

"The strike has not been called off," C. H. Smith, president of the Brotherhood of Railway Trainmen, concurred in McLaughlin's statement.

"It is inconceivable," President McDonald said in his statement last night, "that the officers of the two train service organizations will, in the face of President Roosevelt's proclamation appointing the emergency board to investigate the dispute, actually leave the service and refuse to handle the United States mail and interstate commerce.

No such strike action has ever been taken after an emergency board was created. A strike at this time would be in clear violation of the law."

WASHINGTON, April 16 (U.P.)—Enforcement of a scheduled Southern Pacific railroad strike today threatened to break an 11-year record of the national mediation board.

Otto S. Beyer, member of the board, said that since the board was established in 1926 workers never have walked out while mediation or investigation was in progress.

Mediation board officials were surprised to hear that the strike had been called even before the investigating committee appointed by President Roosevelt Wednesday had an opportunity to start hearings.

Members of the board declined to discuss what steps the government might take now to avert the strike called for 6 p. m. today. They said they wanted to talk with west coast representatives before commenting.

## PACKARD, UNION OFFICIALS MEET

### Executives of Car Company to Talk With UAW Workers at Conference

DETROIT, April 16 (U.P.)—Invoking provisions of the recently-validated Wagner labor relations act, the United Automobile Workers union demanded recognition from the Packard Motor car company today.

Packard executives agreed to meet with union representatives at 2 p. m. to discuss a collective bargaining agreement.

The company is the only major automobile manufacturing concern, with the exception of Ford, which has not recognized the U. A. W. A series of sit-down strikes resulted in agreements between the union and the General Motors corporation, the Chrysler corporation and the Hudson and Reo Motor car companies.

## Seen Today

Plenty of dust swirling hither and thither. Special auto marked "Death Dodgers circus car". Man getting double dose of news by listening to Evening Times broadcast and reading a paper at the same time. Hasty newspaper reader complaining that at first glance he gets words "fler" and "fler" mixed up when he sees them in headlines. Papers flapping furiously, half torn away by exposure, on the bulletin board near courthouse. Street marker, knocked over by somebody or other, still lying on lawn at Shoshone and Eighth avenue. Store signs already proclaiming Mother's day, May 9. Early birds about town watching long line of army convoy trucks passing by. And high school orators giving the town the once-over in between declamation sessions.

## LIGHT CHECK-UP WILL BE STAGED

### State, City and County Will Cooperate in Drive on Defective Autos

Check-up drive on defective automobile and truck lights will be staged in Twin Falls within the next two weeks, motorists were warned this afternoon by F. M. Kingsbury, state traffic officer.

State, city and county law enforcement units will cooperate in the check against improper lights, Kingsbury said. The drive will aim especially at machines with only one headlight operating, at cars showing no tail-light and at trucks with inadequate clearance lights.

"A safety lane" will also be set up here for several days within the next month, Kingsbury announced today.

Securing of regular approved-light certificates from checking stations in Twin Falls was urged by the state officer today as the best insurance against arrest. The stations include Barnard Auto company, Pistone Service, Union Motor company, Kyle Waite's establishment and the Ray McKean service station. Cost of the check-up is only 50 cents, and the certificates when carried in the car make drivers immune to arrest for lighting violations for 90 days. If involuntary violation develops within that time in spite of the certificate, motorists are warned to correct the defect but are not arrested, according to Kingsbury.

Local police today were invited to participate in the Southern Idaho pistol matches which will be held in Pocatello on Sunday, April 25. Chief of Police Howard Gillette announced this afternoon.

The invitation, sent to the chief, urged that the Twin Falls department be represented at the matches either by an individual officer or a team. The chief did not indicate whether or not the invitation would be accepted.

## 200 SEEK STATE SPEECH LAURELS

### High School Orators, Actors Try for State Honors In Meet Here

(Continued From Page One)

Burtis Case, Carey, excellent. Ronald Lambert, Halley, superior. Albert Olsen, Wilder, excellent. George Smalley, Cascade, fair. Willis Vandiver, Fairfield, superior.

Judges for the oratory this morning, and for the dramatic, humorous and extemporaneous events this afternoon and tomorrow, were Prof. Halbert Greaves, Utah State college, Class A, and Mrs. Roy Painter, Twin Falls, Class B. Professor Greaves will also judge the one-act comedies.

The festival decided state honors, officials in charge explained, because northern Idaho districts competed by sending district winners to the southwest competition at Boise. Southwest victors are taking part here.

Climaxing the first day's events tonight at 8 p. m. will be production of four one-act comedies in the Class A division. First to be presented will be "Grandma Pulls a String," Blackfoot; next will be "There's Always Tomorrow," Boise; "The First Dress Suit," Rigby, and finally "The Critic," Twin Falls.

Class B one-act plays will be offered Saturday night.

Today's festival program was held at the Twin Falls high school auditorium for Class A and the one-act plays, and at the Christian church auditorium for Class B.

**Banquet Staged**

Providing the social feature of the festival, a general banquet was to be held in the Methodist church dining parlors at 5:45 p. m. today for all festival participants, judges and coaches.

On Saturday's schedule will be humorous readings at 9 a. m. by Class A at the high school auditorium and by Class B at the Christian church; extemporaneous addresses at 2 p. m. in the same locations, and the Class B one-act comedies at the high school auditorium at 7:30 p. m.

Gerald Wallace, Twin Falls, is general chairman of the festival. Arrangements have been carried out by the high school, Thespian club and its adviser, Miss Florence M. Rees. Sessions are open to the public except for the banquet.

## BURLEY TEACHER STAFF RE-NAMED

All Instructors Get Salary Increase of \$8 Monthly By Board's Action

BURLEY, April 16 (Special)—All teachers and principals of the Burley Independent School District No. 1 were re-elected to each again next year at the regular school board meeting held Tuesday. Two existing vacancies were filled by the election of Mrs. Jessie B. Snider, now teaching at Oakley.

Mrs. Snider will teach intermediate grades at the Southwest school and Osmer Lowe intermediate grades at the Miller school. Mr. Lowe is the son of Dr. John O. Lowe, Burley. A salary increase of \$8 per month was made throughout the system, a raise of 9.3 per cent over the salary totals of last year. The provision of \$5 a month more to married men was rescinded.

**High School Teachers**  
The teachers, their schools and positions are:  
High school: M. W. McLaughlin, principal and government; Mary Barclay, science; Fern Hill, commerce; George V. Hjort, director of athletics; Reed T. Hyde, music; Alvin Kempton, English and dramatics; Stella R. Kesson, mathematics; Glenn R. Kunkel, agriculture; Ruby E. Pool, home economics; John U. Rencher, shop work; Ella C. Rosecans, library; Ethel Skirlis, Latin; English; Louis A. Soderberg, English; journalism; Melvin F. Stewart, commerce; Marjorie Throckmorton, English; Latin; Dan T. Williams, social science.

**Junior high school:** William Beck, principal, guidance; Carl Warner, science; Ross E. Barney, mathematics; Daril Bockstiz, home economics; Philip Huchler, mathematics; Helen Werner, music; Franklin D. Monson, boys' physical education; Josephine Morris, English; Winifred O'Rourke, social science; Edna Parrish, mathematics; science; Marguerite Scott, English; Arina Swacley, girls' physical education.

**Grade Instructors**  
Overland: Sanford Manning, principal, fourth grade; Vera Anderson, first grade; Marjorie Fuller, first grade; Mary Barninton, second grade; Vera Marie Dunn, third grade; Miller; Emery T. Barrus, principal, intermediate grades; Whiona Calkins, first grade; Robert Day, intermediate grades; Elsie Klund, intermediate grades; Cora Garner, opportunity room; Verma Glodowski, first grade; Clea Judd, third grade; Ruth Marshall, second grade; Verrel McCulloch, third grade; Lucile McMillan, intermediate grades; Osmer Lowe, intermediate grades; Nray Peterson, intermediate grades; Viola Warner, intermediate grades; Flora Ayler, music; Theresa Woodstock, home, second grade; and Helen Hertzog, third grade.  
Southwest: John Holyoak, principal and intermediate grades; Jessie B. Snider, intermediate grades; Esta Mae Bessire, second grade; Veta Bronson, second grade; Jane Daven, intermediate grades; Esther Harding, first grade; Anna Jeppson, third grade; and Ellen Mae Oberholtzer, first grade.

### UNSUNG HERO

DENVER, April 16 (U.P.)—Patrolman L. H. Heckart today was Denver's "unsung hero," a title conferred upon him by District Judge George F. Dunklee after the court reviewed his record of alimony payments over a nine-year period.  
The records show that Heckart has paid his divorced wife, Mrs. Heckart, \$100 a month for nine years despite the fact his salary is only \$160 a month.

PAUL MALLON'S NEWS BEHIND THE NEWS An Exclusive Evening Times Daily Report on the Fast-moving Events in the Nation's Capital By an Expert Interpreter and Commentator. (Copyright, 1936, By Paul Mallon)

Air-Minded Youth and Plane Facts We seem to be raising an air-minded bunch of children these days. Mingle with any group of high school or junior high school lads and you are apt to find that something like half of them are putting in their spare time making model airplanes.

HOUSEMAID'S KNEE (News item—of 27 cases of housemaid's knee reported in Columbus, O., 25 of the sufferers were men.) They've invaded the barber shops and bars. These women of today: They've crowded us men to the wall and then they've taken our jobs away. But that isn't all—oh, their feminine gall—That isn't the worst of their snubbing; They've handed us males their soap and their pills—Now we're doing their scrubbing! —Solly The Snooper

BEGIN HERE TODAY MARTHA BRITAIN and BETTY HAYNES begin a trip up the west coast to demonstrate the new Altracraft trailer. They pick up GERRY NEAL, handsome young hitch-hiker. Neal tells them to meet friends JACK SPEDDON, DON, at the Long Beach auto camp. But at Long Beach, Neal disappears from the trailer and Speddon drives away with Betty, leaving her alone. Frustrated, Martha calls police. Then she gets a wire, hours later, signed "Betty" and advising that Betty will meet her in San Francisco at a designated hotel. Excitedly, Martha starts out, trying to trace Betty en route. But she is started to meet Neal. He tells her that "this thing may be bigger" than she imagines. She agrees to accompany Neal back to San Francisco to find Betty. Martha is troubled because she does not know whether to trust Neal. Yet she likes him more than she cares to admit. They wire to Francisco and find that neither Betty nor Speddon are registered at the designated hotel. Neal tells her to spend the day in Del Monte. They drive along the coast, then stop to swim at a private beach. Neal dived deep into the breakers and that moment she knows that she is caught. Neal lunged against the jagged rocks of the cove. NOW GO ON WITH THE STORY CHAPTER X SHE seemed to be plunging in a swooping arc—then suddenly she felt something clutching her arm. Her head broke the surface, sank again, with that firm hand still gripping her. Fantastically she wondered if this could be the last mad delusion of the drowning. And then, miraculously, she felt the sand beneath her feet. "Steady... hold steady..." It was Neal's voice. It was Neal who gripped her fiercely with one hand, his other fending them off from the wall of rock. With all her remaining strength Martha dug her bare feet into the sand as a wave receded. She tried her best to make that last struggle which would bring her to a safe depth. Then everything went black. When she opened her eyes she saw Gerry Neal's anxious face between her and the bright blue bowl of sky. Under her body the sand felt deliciously warm and soft. "You're all right now," Neal was saying. "You fainted just as we were getting in."

WISH-LAW WASHINGTON, April 16 — Snap judgments on the side-lines seem to be giving the supreme court decision in the Wagner cases whatever opinion they happen to desire. There is a general tendency to accept the interpretations of the court minority in its decision, implying that almost limitless power was placed in the hands of the federal government, including control over purely local industry. However, in courts as in politics these days, minorities do not count. Better lawyers have noted that Chief Justice Hughes, in the majority opinion, referred repeatedly to the Schechter case decision in such a way as to stress that it is still in force. There seemed to be a clear distinction in his mind as to what business is local and what is national, what can be regulated federally and what cannot. Mr. Hughes attempted to define his distinction, but as is the case in most court decisions, the definition was largely negative. Also the court specifically reserved the right to handle each case separately as it comes along. EFFECT On the advice of counsel, the following suggestions may be offered to the confused man with a hot dog stand on the corner: The foremost test of whether a business is interstate commerce (and therefore subject to federal regulation) is whether a strike of its employees would cause any interference with the flow of interstate commerce. Another one is whether it buys 50 per cent of its raw materials from other states and sells more than 50 per cent of its product in other states. If your business meets both of these tests, it is clearly in interstate commerce and can be regulated by the federal government, certainly as to collective bargaining and probably even further. If it meets only one of the tests, it may or may not be subject to federal authority. If it meets neither, it is probably beyond federal jurisdiction. This new theory replaces the old one holding that only the movement of goods across state lines is interstate commerce, but any manufacturing done before the actual movement starts or any selling done after the goods reaches its destination is not interstate commerce. Of course no one will be able to classify each business until further test cases have fully explored the judgment of the court. The safest thing to do now is to ask your lawyer.

But one thing seems to be left out of this campaign of education, and it is a distressing lack. It is pointed up by a tale told in New York recently by a traveler who had come back from Spain. This traveler told how a big party was held in war-torn Madrid at Christmas-time for the children of that luckless city. Foreign sympathizers—Americans, Englishmen, Frenchmen, and so on—had sent in a vast collection of toys, the toys were stacked on the floor of a big public hall, and the children were ushered in and told to help themselves. Naturally, the children had a fine time, and they descended on that big pile of toys like locusts descending on a green alfalfa field. But when they got all through—when every child had taken to his bosom all the toys he could lay hand on—there remained, in the center of the room, one pile of toys that no child had touched.

CRISIS IN A MAN'S LIFE! Mr. Pot Shots: Have you ever been ill and had your wife shave you while you're in bed? You claim you aren't married, but after that divorce suit I dumped. Anyway, this gives you an idea of the agony: In comes friend wife, carrying my razor, shaving brush, etc. She has a bright smile on her face. "Well, dear," she says, "the doctor thinks you'd feel better if you were shaved and felt spick and span." "Um," says I, fear gnawing at my heart. "So," says she brightly. "I'm going to shave you." "Um," says I, my heart going down to where my boots would be if I weren't sick in bed. She lathers my face. Ugh. Gets soap in my mouth. Also a dab in my eye. "Don't you think this is sweet, dear, my shaving you? It makes me feel so masterful to have you helpless this way." "Um," grunts I. Helpless. That's the trouble. She starts in whacking my beard. "That terrible Mrs. So-and-so next door," says she, "has been talking about me again. I could strangle her." She speeds up the shaving process the madder she gets. And starts in shaving my neck, right around where I imagine the jugular vein might be hiding. "Um," groans I. "Oh, I've cut you several times," says she cheerfully. "The styptic pencil will stop that." More conversation. More razor whacks. More cuts. "I'm completely over my attack of pneumonia now, Pot Shots. But I'm still going to the doctor to have my facial cuts dressed." —The Victim

Martha did not move. The color rose slowly from her throat. Deliberately she raised herself to her feet, left Neal sitting there on the sand. "I'm going to dress. It's time we started back to town." "Right," said Neal oddly. "I'll meet you at the car." He was standing by the road, smoking a cigarette, when Martha came up the path swinging her damp swim suit. Wordlessly, he held open the car door for her, then climbed behind the wheel. "I shouldn't have done that," he said at last. "Shouldn't have done what?" "You know what I mean. I had no right to kiss you." "Kiss me?" repeated Martha. She laughed lightly. "Either you've been affected by our recent experience—or I have. I don't remember a kiss." Neal flushed angrily. The car swerved to the side of the road, stopped suddenly. "If you choose not to remember that kiss, perhaps you will remember this one!" He grasped Martha by the shoulders—and as quickly released her. For a long moment he met her eyes squarely. Then: "I—I don't know what the devil is wrong with me. Will you forgive me, please?" Martha's glance did not flinch. Her reply was direct, almost impersonal. "Of course," she said. "I suppose," he went on dismally when the car was under way again, "that you don't want to go to the Del Monte dance with me tonight?" Martha shrugged. "Why not? I think it would be fun." Neal turned, admiration shining from his eyes. "You know you're about the grandest girl I've ever known!" "And you've known a great many?" "I get around." "Ever save a girl's life before?" Martha laughed. "N-no. Not that I recall. And I can't really count this time, because I was a fool not to warn you. Suppose you'd jumped in before I got down to the beach?" Martha stuttered. "I'd rather not imagine that!"

DANGERS The worst angles of the court decision being mentioned by many a good friend of President Roosevelt (but not publicly) are these: The national labor relations board appears to have been given powers which it will need to use cautiously unless it wants to get into the dictatorial field of Messrs. Mussolini and Hitler. For all factual purposes, the individual business man or laborer in interstate commerce can be temporarily regulated arbitrarily by the board without much restraint except the conscience of men on the board and the federal statutes against corruption and collusion. Also, the men on the board are generally known not as leaders but as officials whose national reputations are yet to be made. A like danger also exists in the possibility that labor may get what is known outside the supreme court as "the welled head." If it seeks to use the board for the purpose of lording itself over employers and to run the business, there may be trouble which even the supreme court will not be able to handle. These two things are worrying more than one official. CENSORSHIP Another realistic danger lies behind the so-called A. P. decision. The alertness of some members of the new order against press criticism and newspaper opposition is engineering fear that the new powers may be used for more than labor purposes. Actually what the court said was that newspaper may not be fired for joining their labor union, but may be fired for incompetency or any other legitimate purpose. If this rule is applied equally and fairly to newspapers supporting Mr. Roosevelt and those against him, few complaints will be heard. But if the labor board starts summing the books and papers and harassing only those publishers who happen to be against the administration, or who fail to support administration policies, there may be considerable censorship.

They were toy airplanes. Not one child had taken one; not one could be persuaded to want one. You see, Madrid had been under aerial bombardment for many weeks. These children knew what airplanes could do; knew how they could drop death and destruction out of the skies, making school rooms and streets and playgrounds and homes horribly unsafe. They had seen their playmates killed by bombs dropped from the air; they had seen schools and homes wrecked; many of them had seen their own parents killed. It is any wonder that those children didn't look on airplanes as suitable toys? This is the one thing that is being omitted from the aeronautical education of our own youngsters. Our children know that airplanes are things of great beauty and grace; they know how they are made; they have a smattering of aeronautical theory. The one thing they don't understand is the way these triumphs of human daring and ingenuity can, by human stupidity and cruelty, be used to turn the fair earth into hell. And they won't be fully equipped to live in the airplane age until they do understand that.

B.W.C. WILL PROBABLY AGREE WITH YOU! Say, Youse: While it ain't exactly in the line of dis contest of yer, yez better let me inter yer colium with five words which is probably most expressive of a feller in Boise. I ain't namin' no names, yez understand, but his initials are B.W.C. "Ain't a governor's life 'n'—?" —Pug Nose P.S.—If yez don't believe me, ya mug, just act B.W.C. about dis game warden stuff. WE RESENT THAT HINT AT OUR BLOCKHEAD! Pot Shots: Why, we just simply aren't safe these days any more. Imagine a man thinking he and his car were a train on the railroad bridge. We'll meet somebody next who thinks he's a bear, and will take a bite at us. Or somebody who thinks he's a wood-pecker and starts banging at our heads. But the way that last isn't such a bad idea as that, you'd certainly have to take cover then, Potso. —Marilyn

HISTORY of Twin Falls City & County At Cleared from Files of The Times 15 YEARS AGO April 16, 1922 Cremeries of this city have agreed on a system of grading for cream, going into effect today, simultaneously with an increase in the price of butterfat, which is quoted at 29 cents for first grade and 26 cents for second grade. Some weeks ago a movement of this kind was started and partially put into operation but through some misunderstanding was dropped. Grover Davis and J. Edwards of Piler appeared before the county commissioners this afternoon in regard to rebuilding its grandstand for the fairgrounds. Mr. Edwards built the stand the first time. The board decided to do most of the work by using prisoners and hiring workers direct. 27 YEARS AGO April 16, 1910 The taking of the first federal census of Twin Falls commences on Friday of this week and the people of Twin Falls are urged to be present in mind and aid as much as possible having a thorough counting made. It is important that the name of every man, woman, and child who calls Twin Falls "home"—whether they are here or temporarily absent from the city—be written on the population schedule in the hands of one of the four census enumerators for Twin Falls city and county. Madden Leighton, a cousin of Ralph Leighton, and nephew of H. Martin, arrived this week from Morse county, Kan., and will probably locate here permanently. Mr. and Mrs. M. J. Sweeley, and Mr. and Mrs. H. D. Lewis visited Rogerson for a short time yesterday returning on the noon train. Owing to scarlet fever in Buhl no county Sunday school convention will be held this year in Twin Falls county.

Boysenberry A new, hardy vine berry, that is a cross between Loganberry, Raspberry and Blackberry. The fruit is very large, usually 1 1/2 in. in length and 1 in. in diameter. Very sweet with a raspberry like flavor. We have a good stock of this wonderful new berry, that should be in every home garden. Free Catalog KIMBERLY NURSERIES Kimberly, Idaho

War on Cancer More than 90 senators signed the bill of Senator Homer T. Bone, of Washington, which would authorize the federal government to spend \$1,000,000 a year on cancer research. It is to be hoped that this unprecedented number of signatures means that the bill will promptly become a law. Although cancer has been growing in importance until now it outranks tuberculosis as a cause of death, the money spent annually for research in the United States, Senator Bone asserts, is "less than the cost of building a few big guns." With a million a year at its disposal, the Public Health service could do much to correlate and advance medical science's long fight to get this disease under control. Since we seem able to spend half a billion on our navy without batting an eye, we certainly ought to be able to spare one five-hundredths of that sum for the war on cancer.

THE POT SHOTS office boy came in to tell us that human nature is funny. Young couples who wouldn't be seen holding hands in public will wander into a darkened movie theater, sit down and assume that because their eyes haven't gotten accustomed to the darkness, nobody else can see much either. So they hold hands openly. Ten minutes later they discover how apparent it is, and hurriedly move away from each other. FAMOUS LAST LINE "... Let's drive over the railroad bridge..." THE GENTLEMAN IN THE THIRD ROW

THE FAMILY Doctor By DR. MORRIS FISHBEN Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine One of the most disturbing complaints made to physicians by patients involves a burning sensation in the tongue. Examination of these cases may fail to reveal any physical condition which seems to be primarily responsible. Recent investigations have shown that filling of the teeth on opposite sides with dissimilar metals may occasionally result in setting up electrical manifestations and cause burning of the tongue; occasionally even irritated patches will appear. There are, of course, other conditions in which the burning and irritation of the tongue are entirely nervous. This may be the reason in cases of hysteria, locomotor ataxia, or other ailments in which the nervous system is seriously upset. If a nervous disease is responsible, it may be controlled, but in some instances no such condition can be found. In these cases, the use of psychological treatment, including suggestion, may minimize, if not end, the disturbance. Certain types of changes in the tongue are extraordinary, and arouse a great deal of interest among doctors. Sometimes the surface of the tongue, instead of being smooth, becomes marked by deep furrows and elevations. As a result, it looks like a map. The condition is aptly called "geographic tongue." The furrows of course are dug to development of thick patches on the surface. The condition usually tends to disappear if the victim uses mouth washes and mild antiseptics, and adopts a well-balanced diet, particularly one rich in vitamins and in anti-anemic substances, such as iron and liver. This condition of the tongue seems to occur most often in families. There is, therefore, some question as to whether the condition is hereditary, or occurs in families because members of each group tend to have similar diets and habits of life. Another extraordinary condition is called "black tongue." This is usually associated with an enlargement of the tongue tissue so that it has a hairy appearance; thus, the appellation "hairy tongue." Various types of organisms have been blamed for this condition, but none has been found invariably responsible. In every disturbance of the tongue (the condition should be studied by a physician, who will try to determine the cause of the disturbance and treat it accordingly. CONGRESS HEARS 51 TONGUES BANGAPORE (UP)—Fifty-one languages were spoken at a congress of Seventh-Day Adventists which was held here. The 150 delegates, who included ministers, teachers, doctors and nurses, came from Sarawak, British North Borneo, the Federated Malay States, Siam and Indo-China.

Keep the CCC If congress follows the advice of President Roosevelt, the Civilian Conservation corps will soon be made a permanent adjunct of our government. Mr. Roosevelt has recommended that its enrollment be set at 300,000 and that it be continued as a regular fixture. Aside from the fact that it is pretty expensive—and what are expenses, in this enlightened age?—this move doubtless will win widespread approval; for the CCC is one organization that has amply proved its usefulness in the last few years. It has been a fine thing for the young enrollees, and it has done a great deal of highly valuable work. If any of our "emergency" institutions deserve to be made permanent, the CCC must certainly head the list.

# RECREATIONAL GROUP WILL INCORPORATE

## BOARD ELECTED, AIMS OUTLINED AT CONFERENCE

Rev. J. S. Butler Selected As President of Local Organization

Articles of incorporation and a constitution and by-laws were being drawn up today as the final step which will see the completion of the formation of the Twin Falls Recreational association, established to administer to the recreational needs of all classes and all age groups.

A board of directors, including four women and five men, was elected as the executive body of the organization at a meeting held last night at the Chamber of Commerce rooms and which was attended by representatives from practically every organization in Twin Falls interested in youth, including city officials.

**Officers Named**  
At an organization board meeting following the regular session, the nine members selected Rev. J. S. Butler of Ascension Episcopal church as president; Mrs. E. M. Sweetley as vice chairman; Mrs. E. M. Sweetley as secretary and Ronald Gray as treasurer.

Other members of the newly elected board include Mrs. T. C. Bacon, Mrs. C. A. North, H. D. Hechtner, Mayor-Elect Lem A. Chapin and Charles Shirley.

Mrs. Powell and Mr. Hechtner were named from the board to draw up the constitution and by-laws of the new organization and to make arrangements for the forming of articles of incorporation today.

Last night's meeting was presided over by Mr. Shirley, temporary chairman, while Mrs. P. W. McRobert, was temporary vice chairman and John Milner, temporary secretary.

Sees "Great Things"  
The representative group was told by Mr. Shirley that "nothing but success could come of this organization because of the interest shown in its establishment. I see great things for the city and for its youth through such a program which will embrace not only sports, but all other recreational activities as well."

Shirley said that all organizations interested in youth and welfare would direct the aims and policy of this program through the guidance of the community association.

Rev. Butler, chairman of the committee making the original survey and now permanent president of the organization, told of the survey started at the sponsorship of the Boy Scout organization. Six different discussions were conducted throughout city activities to form the original survey group, he said.

He called attention to the fact that only a very small group among the younger people is now influenced by character building organizations within this community. He cited the purpose of the organization was for wholesome development of character and leisure time to help build better citizens.

**Delinquency Drops**  
Rev. Butler also called attention to the measured drop in delinquency among youth last summer during which time an outdoor recreational program was carried on through cooperation of several organizations and the city council. Because of this park program, Rev. Butler said, delinquency in Twin Falls was reduced 75 per cent by actual record.

**Councilman Milton Powell and Mayor Duane McD. Johnston** told of the aid given by the city in a year in the amount of approximately \$800.

"The city has a surplus this year and there is apparently no reason why a grant to this association to be used in such work cannot be made right in the budget," Mayor Johnston said.

**Hints Field Purchase**  
The mayor suggested a representative group of the organization meet with the city council the last Monday of this month, which falls on April 26, and plan on the amount to be asked at that time. He cited that the city was now in a position, because of state law, to purchase the 20 acres adjoining Harmon park for development as a recreational center and intimated such a purchase "was not an impossibility."

The city surplus at the present time, Mayor Johnston pointed out, amounts to \$116,000.

The local association is patterned after one established at Nampa and which has had marked success in all fields of recreational opportunities. Reports from L. W. Folsom, director of the Nampa project, were read at last night's meeting. As does the Nampa association, the local group will offer an all-year-around program.

## THEATERS

### Jones Western

Buck Jones comes to Uncle Joe-K's Roxy today in "The Boss Rider of Gun Creek," a speedy western in which Buck is fighting to keep from being hung for the murder of a girl he had never seen.

### Three New Songs in Picture at Orpheum

Three new songs and a revival of several perennial favorites will feature the musical side of the Cosmopolitan production, "Cun and Mabel," co-starring Marion Davies and Clark Gable, which is now at the Orpheum.

The new songs, all written by the team of Harry Warren and Al Dubin, are "I'll Sing You a Thousand Love Songs," "Coney Island," and "Here Comes Chiquita."

The old favorites that will be revived as part of the "Thousand Love Songs" production number are "L'Amour Toujours," "Believe Me If All Those Endearing Young Charms," "The Shadow Waltz," "Who?" and "A Rose in Her Hair."

For seed potatoes—the Globe Seed and Feed Co.—Adv.

## Idaho Mystery

A new angle in criminology proves unusually successful in "15 Maiden Sages," Twentieth Century-Fox thriller of the world's jewel center now showing at the Idaho theater. Determined to catch the silk-hatted crook, played by Cesar Romero, who dared defy the scientific watchdogs of New York's diamond row, Claire Trevor is a sleuth in satin who sets her trap with a kiss.

### ON HONOR ROLL

Tracy Gibson, sophomore from Twin Falls at Linfield college, McMinnville, Ore., was among the 22 men and 30 women winning places on the first semester honor roll at the college which includes the highest 10 per cent of the student body.

To insure healthy flowers and shrubs, use Peat Moss, Dingle and Smith Seed Co.—Adv.

## CATHOLIC YOUTH HOLD MEETING

Four Bishops in Attendance At Conference in Salt Lake City

SALT LAKE CITY, Utah, April 16 (U.P.)—Catholic leaders from the western United States were gathering here today for a regional conference of the Catholic youth council tomorrow and Sunday.

Four bishops will head the visitors. They are: Most Rev. Robert Armstrong, bishop of Sacramento, Calif.; Most Rev. John F. Noll, bishop of Fort Wayne, Ind.; Most Rev. Edwin V. O'Hara, bishop of Great Falls, Mont.; and Most Rev. Thomas K. Gorman, bishop of Reno, Nev. Miss Katherine Williams, president of the National Council of Catholic Women, and Dr. J. E. Purcell, president of the National Council of Catholic Men, will represent their organizations.

Tracy Gibson, sophomore from Twin Falls at Linfield college, McMinnville, Ore., was among the 22 men and 30 women winning places on the first semester honor roll at the college which includes the highest 10 per cent of the student body.

To insure healthy flowers and shrubs, use Peat Moss, Dingle and Smith Seed Co.—Adv.

## Army Aircraft Swoops Low in Hunting Troops

Anxious eyes cast skyward late yesterday afternoon as a United States army low wing monoplane swooped low over the city for approximately 20 minutes as if searching for a regulation sign pointing the way to a landing field.

The plane, cruising slowly at from 75 to 150 feet, covered the entire city and caused some local citizens who thought the pilot wanted to land, to run to open places and attempt to signal the way to the airport.

Investigation by the Evening Times, however, disclosed that the plane was an army mail ship which flew here from Fort Lewis, Wash., to drop the daily mail to troops on the march. The troops were camped at Filer en route to Fort Douglas to assist in transporting the 38th Infantry back to Fort Lewis for maneuvers.

The ship, holders of the group at Filer explained, brings mail daily from the coast and drops it to waiting troops. The pilot, they said, was probably searching for the camping grounds on which to drop the mail.

To insure healthy flowers and shrubs, use Peat Moss, Dingle and Smith Seed Co.—Adv.

## Mental Examination To Be Given Youth

CHICAGO, April 16 (U.P.)—Federal agents planned a mental examination today for John Buvas, 18, who admitted writing an extortion letter containing a death threat to Ginger Rogers, movie star.

The 18-page letter in which he demanded \$500 from the actress stated he was "mentally ill and not normal," federal agents reported.

Returns From South  
Mrs. L. Friedman has returned to Twin Falls after a five-months visit in Georgia and Alabama with her sons and in Chicago with friends and relatives.

# NOW ON DISPLAY! A FULL CARLOAD OF...

## New FURNITURE ARRIVALS

In tune with Spring

Never before in our history have we had a more complete stock, better quality, or newer styles than now! The quality of our furniture is obvious—superior fabrics, fine woods, accepted style trends. It is reassuring to know that details maintain our usual high standards. Our furniture is fine furniture from frame to upholstery. Words cannot describe the beauty of this new furniture—you must see it to appreciate it.

### LIVING ROOM SUITES

The furniture world has "gone modern" and now we present the choicest of modern creations at purse-pleasing prices.

### DINING ROOM SUITES

You're bound to fall in love with these fine suites the minute you see them! The style is SO smart... the workmanship is SO excellent... the upholstery is SO effective! Come in NOW!

### BED ROOM SUITES

Styled with an individuality that only those new modern bedroom suites can possess.

### BREAKFAST SETS

Good looking! Sturdy! Carefully made! Nicely finished! In a number of charming color combinations.

# WASHINGTON SEEN AS AMERICAN VICTORS

## WRITER EXPECTS BUCKY HARRIS TO WORK 'MIRACLE'

Biggest Upset of '37 Season Would See Yanks Wind Up in Third Place

(Editor's Note—Following are the American League selections by George Kirksey, United Press baseball writer. Twice in the past three years he has picked the American League winner: Yankees in 1935 and Tigers in 1934.)

By GEORGE KIRKSEY  
NEW YORK, April 16 (AP)—From "boy manager" to "miracle man" with 12 barren years packed in between—that's the transition Stanley (Bucky) Harris will make this season. He will pilot the Washington Senators to the American League pennant in the biggest upset of the baseball season.

The set-up is exactly the same as in April, 1934. The Yankees won the world title in 1923 and the Senators finished fourth. They were favorites to repeat. But in October Washington ruled the baseball world, and the Yanks were dethroned. Last year the Yanks won the world title and the Senators finished fourth. But October, 1937, will see the same story as in October, 1934.

The Yankees will land in third place. The power which crushed all opposition last season will be squandered by New York's weak pitching staff.

The Detroit Tigers, armed with a vicious array of hitters, will beat out the Yanks for second place. They lack the pitching to head off the Senators.

Cleveland has potentialities and will close quite a gap in the 22½ games the Indians finished behind the Yanks last year, but will get only fourth. Bob Feller will be a sensation, but predictions of his winning 30 games is loose talk.

The main factors why Washington will startle baseballdom are:

1. Shanty Hogan, catching the smartest ball of his career. He didn't catch five years for McGraw for nothing.
2. Eight 300+ hitters in lineup every day.
3. League's classiest defensive infield, Kuhl-Myer-Trans-Lewis.
4. Al Simmons, happy and hustling like a rookie, who supplies right-handed power lacking last year.

5. Buddy Myer, 1935 batting champion, who will regain his old form after last year's illness.
6. Best throwing outfield in league—Stone-Chapman-Simmons.
7. Steady, surprise pitching staff of DeShong, Applton, Weaver, Newsum, Casacaria, Cohen, Lannahan, Linke.
8. Bucky Harris' inspirational leadership.

## FELLER APPEARS ON AIR PROGRAM

CHARLOTTE, N. C., April 16 (AP)—Bob Feller was en route to New York today as the Cleveland Indians and the New York Giants stopped here for the 10th game of their series. Feller will appear on a radio program in New York tomorrow night. Cleveland won yesterday's tilt, with the Giants, 7-3. Manager Steve O'Neill announced that the Indians had bought infielder Johnny Kroner from the Boston Red Sox.

PIRATES LOSE HUTCHINSON  
PITTSBURGH, Kan., April 16 (AP)—The Pittsburgh Pirates stopped here today to play the Hutchinson line of the Western association. At Kansas City yesterday the Pirates suffered their sixth loss in the nine game string with the Chicago White Sox, 11-3.

## PADRES, SEATTLE IN TIE FOR LEAD

By United Press  
Seattle and San Diego found themselves together again today on top of the Pacific Coast league standing, tied at 69½ with nine victories and five defeats each.

Seattle moved up by triouncing the Mission Reds, 10-3. Seattle pounded four Mission moundsmen for 23 hits. The teams play under the arc lights tonight.

Oakland dropped San Diego, 4-3, in a game decided by Durio I. Odighiano's fourth-inning homer and a two-run fifth-inning rally. Miller was the winning pitcher, Dick Ward the loser.

## Dean Detton--World's Champion

Dean Detton, the former Kimberly farmer boy, returns to south central Idaho on Saturday night when he takes on Wally Thompson, Pueblo, Colo., grappler, in the main event of the American Legion building committee's wrestling card. Detton's heavyweight championship belt will be at stake and the largest crowd in years is expected to jam the American Legion Memorial hall for the event.

## Albion Track Men Ready for Participation in Five Meets

ALBION, April 16 (Special)—With the prospect of five meets to take part in this spring track and field series at Albion Normal are hard at work these days attempting to round into form—despite the very uncertain weather.

First meet on the schedule for the Panthers is the dual battle with Pocatello Saturday.

Coach Orville Hull has been putting his men through their paces daily, but it is expected that it will take at least three more weeks of practice before they will reach peak form.

Headlining the list of athletes preparing for the meets are Sterling MacFarlane, Burley, in the half mile; Clyde Cramer, Glenns Ferry, shot and discus; Ernie Cramer, Burley, high jump and pole vault (last year's state pole vault champion);

Douglas, Schow, Rupert, 440 yard dash and broad jump; Jack Smith, Shorthouse, Castleford, javelin; Arthur Judd, Burley, javelin and high jump; Lester Douglas and Loren Anderson, Piler, hurdles; Max Domina, Butte, Mont., sprints and hurdles.

Following the Pocatello dual meet, the other events are as follows: April 24—B. Y. U. Carnival at Provo.

May 1—Quadrangular meet at Burley between UTSB, Gooding college, Ricks college and Albion college.

May 7—Utah-Idaho junior college athletic association meet at Salt Lake.

May 15—Southern Idaho collegiate meet at Boise or Pocatello.

## SPORT SQUIBS

Even Maxie Bear himself had no alibi after the beating he took last night from the English heavyweight, Tommy Farr. And when the famed playboy has no alibi to offer, it must be admitted that Mr. Bear had something to seek with, and that Bear really took a licking that left no doubt in the minds of the onlookers who was the winner.

Said Maxie after the fight, "I'm washed up. I'm going back to my ranch in California and retire." Well, probably the U. S. public will agree with him that he ought to retire. They had alibi admitted that he was washed up.

Diamond activities are commencing to boom in southcentral Idaho and it appears that the only trouble there will be in organizing the "big" league in this section this spring will be to keep the membership down to a workable size, and the distance between towns as short as possible.

Latest plans call for a meet to be held at Wendell on Tuesday, at which time possible organization of the circuit will be discussed. All towns that had teams in the loop last year are requested to have representatives present—also invited will be towns in the district that plan on sponsoring teams. From the group present it is hoped that a powerful, compact league can be formed.

The storm still blows on the naming of McIntyre as state game and fish warden, but it is probable that the appointment will stick, despite the avalanche of criticism directed at the governor for his choosing. The best thing that the sportsmen can do now is to make the best of the situation and do everything they can to cooperate with the new chief.

Mr. McIntyre may not know much about the fish and game conservation business, but there are plenty of officials in the Idaho Wildlife organization, the Southern Idaho Game and Fish association and other groups who know plenty about what should be done, and there is the faintest possibility that the new director may be a sort of a fellow who can take a few suggestions—and like them.

The annual pop-and-wock of the Big Ten, southern Idaho's football conference, will be held here tomorrow, and there is talk of forming a basketball loop to play the same teams as participants in the pig-game league, but we doubt very much if anything will come of the idea.

In the first place, most of the schools of this district are playing to capacity houses, drawn to the symposium by rivalry with teams that have been completed against for years. They are all within a few miles of each other, and in the winter when traveling any great distance is a hazardous journey, expenses are apt to mount high and chances are that a good share of the schools would show a smaller profit, with less play, than they have at the present time.

Twin Falls is known through-

out the state as one of the best basketball towns, and teams traveling from Boise, Caldwell, Nampa or Blackfoot, for instance, could be assured of playing before a packed house here. But there is some question about just how some of the smaller schools such as Filer and American Falls would fare financially. The chances are it would not be too good—especially with the postponed games due to inclement weather.

The organization would also mean the withdrawal from the present southern Idaho loop of Twin Falls, Burley, Rupert, Buhl and Piler, leaving Kimberly, Wendell, Jerome, Coakley and Gooding without some of their best drawing cards.

The plan would meet with a lot of opposition from supporters of the game in this region, and we doubt that much will come of the idea.

WITH FRED STONE

It was National Laundry night as they took all three from the Times boys.

At Pugliano nosed out Art Wood by one point for the high total for the laundrymen, but Al Westergren was tops by far over both teams with a snappy 588. Westy's 208 his last game was the high single. He "snuck up" on 'em all night at a merry pace.

Twin Falls Lumber company went to town, at the expense of the ladies taking all three from them. Brudford, at anchor for the victors, was the best in the City league with 470. His 188 first game was also the high single.

Third place in the Commercial league is still undecided as it is up to the Elks; if they take three from the Idaho Power boys, it will be: Dells first; Studebaker second; Elks third; National Laundry fourth; Blatkin's fifth.

If they take two, Elks and the Laundry will be tied for third.

If they take one, then Elks and Blatkin's will be tied for fourth. If they lose all three, then it'll be Dells, Studebaker, National Laundry, Blatkin's and Elks.

There are many ifs to the final match of the season tonight.

**Bowling Schedule**

## Pheasant Pens at Jerome Are Completed

### FACILITIES WILL CARE FOR 10,000

State Game, Fish Department Announces North Side Unit Finished

JEROME, April 16 (AP)—State fish and game officials today announced completion of a game farm having pens and breeding facilities for 10,000 pheasants. The farm is 10 miles south of Jerome.

The project, constructed through WPA and costing \$15,000 initial work, will be dedicated May 17 when representatives of game commissions and departments from other states, as well as Idaho sportsmen's organizations, will gather for the ceremonies.

Forty acres of land were purchased for the project in 1932 by the state game department at a cost of \$5,250. Interest on the outstanding balance until payments were completed was handled by the Jerome Road and Gun club.

Began in 1935 Actual construction on the project was begun in 1935, when payments and receipts in the game fund reached a total which would permit ground-breaking.

This week, under supervision of James Marshall, superintendent, 1,000 pheasant eggs were set for hatching. At the present time, 250 eggs are being gathered daily, and this number will be increased to 500 within the next ten days, according to Marshall.

Nine buildings have been completed, including one covered brooder pen taking up an area of 27,000 square feet; 14 holding pens with covered tops utilizing 184,414 square feet; a breeding pen, open top, covering 93,000 square feet. Other buildings will include 16 exhibition pens; the superintendent's house, and an administration building.

Roads Built.

Driveways and roads have been built, and a 350-foot well drilled.

Meanwhile, in the northern part of the state, experiments carried on developed new methods of brooding quail and the department expressed hope of building equipment for the propagation of the northern Bob White variety. The L'pwn farm has been reconitoned, new buildings and equipment added, and some landscaping has been done.

The entire production of the L'pwn farm will be distributed to the ten northern counties, and the new farm at Jerome will serve the south-east and southwest portions of the state.

## LAUNDRY TAMES TIMES BOWLERS

Nationals Close Season With Three Straight; Lumber Crew Trims Ladies

National Laundry ended its bowling season last night by toppling the Evening Times crew three in a game.

Bradford's 470 was high in City league and his 188 was the tops in single games.

## CLUBS ASKED TO WENDELL MEET

Attempt to Be Made to Form Southern Idaho Baseball Organization

GOODING, April 16 (Special)—At a meeting held in Gooding Tuesday evening and attended by representatives of the Gooding and Wendell baseball clubs it was decided to extend an invitation to all town teams interested in organizing a South Idaho baseball league to send delegates to Owen's place in Wendell, Tuesday, April 20.

Organization of the league will be effected, and a schedule arranged at the meeting at Wendell. D. D. Campbell, manager of the Gooding club, stated.

Up to the time of the meeting Tuesday here those present had not heard of any steps being taken toward the organization of the league, and so decided to start some work toward revival. Wendell was chosen as the meeting place, because it was considered about the central town of the area covered by the league.

Towns in the league last year were Buhl, Hazelton, Gooding, Wendell, Jerome, Kimberly, Hansa and Hagerman COC. Buhl won the league pennant.

Prospects for Gooding are good this year, Manager Campbell states. About 15 men are out for the sport at present and all of them are Gooding men. Forty prospective players turned out for the first practice held April 4. Gooding played a practice game against Shoshone Sunday.

Tommy Bell, Shoshone, an outstanding player for Gooding last season, will not play with them this season, planning to play with Shoshone instead.

Some of the players who are making a good showing, Campbell states, are Clem Parberry, who led the local club in batting last year with a percentage of .457; Dewitt Keller and Bob Hollenbeck, catchers; Charles Winnert, a pitcher; Glen Patterson, a second baseman, and Orvalutherford, a fielder.

## Kiefer Steals Show At Swimming Meet

CHICAGO, Ill., April 16 (AP)—Adolph Kiefer took all the play from a skippy program in the national A. A. U. women's championships today with an attack on his tenth world record in three days.

Kiefer will attempt to better sixty-foot course records for 800 and 800 yards.

Katharine Rawls, Olympic star from Miami Beach, Fla., last night set a new American record for the 100-yard breaststroke, 1:18.5, a fifth of a second faster than her own record.

## U. S. BECKONS TO FARR AFTER WIN

Maxie Bear Takes Beating at Hands of British Title Holder in London

LONDON, April 16 (AP)—British empire heavyweight champion Tommy Farr had two offers to fight in the United States today after his decisive 12-round victory over Maxie Bear, but his manager, Ted Broadbribs, did not consider either seriously.

Outboxing the former world titleholder before 14,000 fans in Harringay arena last night, brought Farr offers to meet light-heavyweight champion John Henry Lewis in Pittsburgh and Max Schmeling in New York.

Elwood Rigby, Pittsburgh promoter, cabled an offer to guarantee.

Farr \$25,000 to meet Lewis in a big outdoor bout in July. Promoter Jimmy Johnston, of New York's Madison Square Garden, in a cable that read as if he had given "no hopes of forcing Braddock to meet Schmeling for the title June 3, offered Farr a match with the German challenger in "early June."

"Our next objective is to get a fight with Schmeling right here in England," Broadbribs said. "Then if Tommy wins, we hope to get a match for the world's title."

Farr was a 9-1 underdog when he stepped into the ring last night, but his long left jab bewildered Bear. He gashed Maxie's left eye in the first stanza and Bear's few flurries were slow and did little damage.

Montanez Wins

NEW YORK, April 16 (AP)—Pedro Montanez, 137½, Puerto Rico, kayced Eddie Ran, 14½, Poland; Larry Anzalone, 147½, New York, defeated Frank Haynes, 147½, New York; Milton Colwell, 149, Puerto Rico, outpointed Frank Burnham, 151, Savannah, Ga.

## Detroit Captures World Hockey Title

DETROIT, Mich., April 16 (AP)—For the second time in two years, the Detroit Redwings held the Lord Stanley cup today—symbol of world supremacy in hockey. The Wings, a crippled team with most of its veterans on the sidelines, defeated the New York Rangers last night, 3 to 0, in the fifth and deciding game of the play-off.

It was the third time in hockey history that a team captured the cup two years in a row.

With a lineup patched together from minor league recruits and third string players, the Wings have a team that Manager Lester Patrick of the defeated Rangers described as "real world champions."

ROOM 112 DEFEATS 108 In a close game yesterday afternoon room 11½ of the junior high school won from 108 by a score of 15-14. The game was a second round tilt in the White division of the home room softball tournament.

Trinity college, Dublin, was incorporated by royal charter in 1591.

# SWIMMING TOPS STUDENT SURVEY

## Water Sport Captures First Place in Junior High Preferences

Of all sports, hobbies and outdoor activities enjoyed by the 500 Twin Falls junior high school students in seventh and eighth grades, swimming was ranked first choice by a safe margin among both the boys and girls, a survey conducted by the physical education department under the direction of Lawrence Lundin, director, revealed today.

The students were asked to list the "five things you like best to do along recreational lines," and were permitted to list them in the order they enjoyed them.

Among the boys, 59 listed swimming as first choice, and 82 of the girls signified they liked the water sport best.

**Basketball Second**  
Basketball rated the second largest number of first choices among the boys, 41 signifying they liked it best. Among the girls horseback riding gained the second largest number of first choices, 35 voting for it.

First choice among 30 of the boys was baseball, ranking third in the total listing. Twenty-nine of the girls chose bicycling as their favored sport, the number being sufficient to gain the sport third place on the female listing.

The survey revealed, Lundin commented, that the less popular sports and recreations were those which were not readily available to the students. Tennis, ping pong, golf, croquet, archery, volley ball and music and other such outstanding activities were not more popular, it was indicated, because of lack of facilities for these limited their popularity.

**Individual Sports**  
Heavy votes were recorded for major sports as second, third, fourth and fifth choice, but individual sports where teamwork was not necessary took the edge. With few exceptions, the activities at present sponsored by the school proved popular.

Hunting, fishing, boating and camping all came in for their share of the votes, even among the girls. Thirty-eight activities were named on the list by the boys and 33 by the girls.

The survey was made in an effort to discover what a representative group of youth of junior high age preferred in order that some idea of their preferences might be presented to the Twin Falls Recreational association for study and consideration.

# DEAD BURIED AS TRUCE IS CALLED

## Rebels and Loyalists Cease Firing to Remove Those Killed in Battle

By HENRY T. GORRELL  
MADRID, April 16 (U.P.)—A truce between loyalist and nationalist forces in the El Prado sector, just north of Madrid, was put into effect today to enable both sides to bury their dead before continuing with the battle.

It was the first truce requested during the Spanish civil war, army reports said.

The nationalist commander asked loyalists for a truce when the bodies became so numerous that they interfered with fighting. Loyalist officers immediately granted the request and both sides ceased firing.

The truce was asked last night by message from trench to trench. This morning rebel stretcher bearers were busy removing bodies. The loyalists refrained from firing.

Fighting in other sectors around the capital continued. The weather was clear and sunny.

Several rebel shells dropped in the capital during the morning.

# Nations Consider Plan for Ending Spanish Civil War

By FREDERICK KUHN  
(Copyright, 1937, United Press)  
LONDON, April 16 (U.P.)—The great powers have under consideration a plan for mediation to end the Spanish civil war, it was understood today.

Great Britain, eager to seize any chance to end the war but believing that premature action might be harmful, was understood to have recommended that the plan be held in abeyance until its success seemed almost certain.

Events within the last 24 hours are regarded in diplomatic quarters as measurably advancing hopes for eventual mediation between the combatant factions.

**Ambitious Plan**  
First it was agreed to put into force at midnight Monday the new plan to keep volunteers and war munitions out of Spain. This will be the most ambitious plan ever tried to isolate a war.

Secondly, to the surprise of nearly everyone, Italian Ambassador Dino Grandi announced that Italy was ready to resume discussion of the recall of all foreigners fighting in Spain. As recently as March 23 Grandi refused to discuss such a recall.

Thirdly, Russian Ambassador Ivan Minski said that he would refrain from pressing a demand that a special commission be sent to Spain to investigate foreign war participation, particularly Italian participation.

**Nations Can't Win**  
The feeling has grown here that the nationalists can not win unless there is open intervention in their favor by the fascist nations with the resultant risk of an international explosion; (2) that with Spain already bled white and more people killed in 10 months than were killed in the American Civil war in four years, there is no sign of a victory for either side; (3) that if

there were a decisive victory for either faction, there would be a period of slaughter that would exceed the bloody record of the last few months.

There is a great difference, it is admitted, between Italy's assertion that she will "discuss" the withdrawal of volunteers and any real action, particularly because many men fighting on the loyalist side are exiles from their own countries and others are purely volunteers not under governmental control. On the nationalist side, on the contrary, most of the "volunteers" are under the military discipline of their own officers.

## Speaker Addresses Jerome Rotarians

JEROME, April 16 (Special)—Jerome Rotary club met yesterday at Wood's cafe with President Shirley presiding.

The program was turned over to Robert Hayes, deputy executive of region 11, Boy Scouts of America, and Amby Frederick, executive of Snake River Council, Boy Scouts of America. Mr. Hayes spoke at length on the investments parents have on a boy, saying that when a boy reaches the age of 14, his parents have invested approximately \$6,000 in him. He urged that since parents have such an investment they should do everything possible to make that investment pay, and that Boy Scout work is an important item in doing so.

E. W. Sinclair was initiated into the Rotary club.

Lambert Erpelting and H. Wilmoth, school superintendent, both of Shoshone, were visitors.

The Irish wolfhound is the largest of all dogs. When standing on its hind legs, it is taller than a man.

# GRAHAM BROWN CONTEST VICTOR

## Takes First Place in Fidae Essay Competition; Goes Into National

Graham Brown captured first place among the high school students competing in the Fidae essay contest, it was announced today. By winning first place he receives \$3 as a prize and the privilege of competing in the national contest, the winner of which receives a four year college tuition.

Brown is a junior and won over about 60 competing. He is a student of Miss Jane Maxwell.

Robert Wilson received the second prize of \$2 and Bert Tolbert third prize of \$1.

Fidae essay contests are sponsored annually by American Legion

Auxiliary organizations for the purpose of stimulating thought among high school students along the lines of world peace and advertising of the Fidae organization, which is an international group dedicated to the promotion of peace and understanding. The topic for this year's contest was, "How Can International Disputes Be Settled in the Spirit of Comradeship?"

Judges were Mrs. P. W. McRoberts, Mrs. H. A. Ball and Mrs. W. D. Duerig.

## Girl Singers Scarce

PASADENA, Calif. (U.P.)—Pasadena community dance officials are authority for the statement that good girl singers are so scarce now that orchestra directors hurry them to be sure of their services. The statement is based on a check up on the singers and orchestra leaders who have been engaged for various community dance entertainments.

The unluckiest card in a pack of playing cards is the eight of spades, according to superstition. Napoleon Bonaparte ascribed his defeats to its influence.

## Stratosphere Film Will Be Exhibited

PHILADELPHIA (U.P.)—Photographs taken from a height of about 14 miles above the earth's surface and showing objects 330 miles away will be exhibited in Philadelphia.

The photographs were taken by Capt. Alfred W. Stevens, commander of the stratosphere balloon flights over South Dakota sponsored by the National Geographic society and the United States army air corps. They clearly demonstrate the earth's curvature.

Photographs taken cover an area straight down of 105 square miles. The views were obtained with the aid of infra red rays.

## Injunctions Are Signed Against Mine Brokers

BOISE, Idaho, April 16 (U.P.)—Injunctions signed by a federal judge today stopped activities of the Boise Petroleum corporation, the Submarine Gold mining company, and William E. Smith Boise and Salt Lake City broker. Federal security and ex-

change commission attorneys charged the two companies and Smith had sold unregistered securities, sold securities by false representation, and dealt in stocks without registering with the commission as a broker. The cases were the first in Idaho under the federal act. Smith is in a Payette jail, charged with swindling a farmer out of \$1000.

## Junior Prom Given in Honor of Graduates

Musical frontiers was the novel theme of this year's junior prom held last evening at Radioland in honor of members of the class of 1937. Throughout the event the frontier motif was observed in programs and the unique intermission number which was presented by Marie Dunn Helm's students.

The pavilion was cleverly decorated with large musical notes scattered over the walls and arranged on white crepe paper streamers enclosing the orchestra pit. Suspended from the ceiling at the rear a grand march opened the event and was led by Ed Benoit, junior class president, with Miss Rosemary Sinclair, Richard Harber, senior president, and Miss Ida Lee Lamb, senior secretary; Bruce Painter, student body president, and Miss Jeanne Lynes; Roland Hutchinson, student body treasurer, and Miss Edith Richards; Bud Booth, and Miss Mary K. Smith, student body secretary; Charles Larsen, junior representative, and Miss Gloria Mae West; Nathan Tolbert, senior representative, and Miss Ann Peavy; Raymond Mills, and Miss Helen Slack, senior representative.

### Calendar

Salmon Social club dance will be held this evening at Legion Memorial hall.

Rural Federation will meet Saturday at 2:30 p. m. at the home of Mrs. O. S. Strobeck, 536 Third avenue east.

Salmon Trout Home Makers club will meet Wednesday with Mrs. C. L. Kunkel in Armandum. There will be the annual election of officers and an exchange of seeds and bulbs. All women of the community are welcome. It is announced.

### TRAVEL TALK GIVEN AT MEETING

Mrs. John Moore entertained 24 members of the Shamrock club and six guests at her home yesterday afternoon. The group answered roll call with favorite flowers and a seed and bulb exchange was conducted.

Feature of the program arranged by Miss Millicent Kline was a description by her aunt, Mrs. Andrew Rogerson, of the road trip to England and Scotland. Prizes in a pleasure contest were won by Mrs. J. Griffith and Mrs. J. Cordes. Mrs. Marion Pike received the white elephant.

Guests of the club were Mrs. Rogerson, Mrs. Cordes, Mrs. Orville Fillmore, Mrs. J. Morgan, Mrs. Nealy and Mrs. Allen. Refreshments were served by the hostess. The next meeting will be held at the home of Mrs. R. Stevens.

### INITIAL MEETING HELD BY CHURCH GROUP

Members of the Presbyterian Missionary society held the first meeting of the club yesterday afternoon at the church parlors with China as the study topic. Mrs. L. O. Evans led the devotionals.

Mrs. T. H. Irwin was in charge of the program subject and was assisted by Mrs. C. T. Burt, Mrs. J. D. Barnhart, Mrs. Carl Irwin, Mrs. G. M. Simpson, Mrs. G. L. Clark and Mrs. W. D. Reynolds. Two Chinese selections were played by Mrs. Margaret Peck.

Following the meeting a Chinese tea was served by the hostesses, Mrs. V. E. Morgan, Mrs. A. G. Kail and Mrs. J. H. Glendon.

### TEA ARRANGED BY REPUBLICAN LEAGUE

Women's Republican league of Twin Falls county will sponsor a tea on Monday at 2:30 p. m. at the home of Mrs. E. M. Stevens, 228 Blue Lake boulevard. Feature of the event will be a talk by F. G. Thompson, secretary of the Twin Falls Chamber of Commerce, on the proposed legislation for the Sawtooth national park.

All women interested are urged to attend, those in charge stated today.

### THIMBLE CLUB MEMBERS MEET

Mrs. Sarah Bower entertained seven members and two guests, Mrs. Milo Riecke and Mrs. Rosa, at a meeting of the Thimble Club of the Neighbors of Woodcraft lodge at her home yesterday afternoon. The business session was conducted by Mrs. J. H. Glendon, president and the afternoon was spent at sewing.

At the close of the meeting refreshments were served by the hostess.

### CHURCH CAKE WEIGHS 178 LBS.

BOSTON 10-2, cake, 4 1/2 feet long, 3 1/2 feet wide, weighing 178 pounds and burning 300 candles, was lighted in the Dudley street Baptist church, Roxbury, in memory of departed parishioners.

### NEW MEMBERS INITIATED BY CLUB

Five new members, Roland Hutchinson, Ed Benoit, Ed Bertie, Annur Anderson and Miss Merle Nelson, were initiated by members of the Lagnette club Wednesday evening at the home of Mrs. George Warberg, sponsor. Following the business session refreshments were served by the hostess.

## CHILDREN AIDED BY HEALTH FUND

### County Unit's Report Reveals Many Needy Benefit By Donations

Special funds made available to aid needy children in securing treatment necessary to correct defects of the eyes, ears and teeth have aided materially in benefiting these groups in Twin Falls county. Dr. J. W. Hawkins, director of the Twin Falls county health unit, stresses in a report of work accomplished during the first quarter of 1937 which was completed today.

"In handling the defects of eyes, ears and teeth, special funds have been made available for those children who could not afford the necessary service," Dr. Hawkins reports. "Such organizations as the Parent-Teacher association, the Red Cross and the Twin Falls Lions club have raised special funds."

**Physicians Help**  
The physicians, dentists and eye specialists of the county have also been most generous with their time and have consequently made this correction of defects program a success. The funds donated by the organizations have been spent practically only for the cost of materials used," the report shows.

During the quarter, which includes the months of January, February and March, 21 tonsillectomies were done at the Twin Falls county general hospital. In these cases the nurses made the necessary arrangements for getting the child to the hospital, assisting in the recovery room and taking the child home the next day. The hospital staff and the physicians donated their service for this work.

**Eye Corrections**  
Forty-six refractions and three operations for eye defects on cases which were discovered by school inspections were also made. On these cases the oculists and ophthalmologists donated their services. The funds for the cost of glasses were obtained from the three agencies named previously.

There were 31 children who received dental care made the necessary arrangements for getting the child to the hospital, assisting in the recovery room and taking the child home the next day. The hospital staff and the physicians donated their service for this work.

**HOSPITAL KEEPS "MUSEUM"**  
NEW ORLEANS (AP)—When a child was rushed here, whistling at every breath from a toy sucked into his windpipe. Charity hospital surgeons soon added another noise-maker to their "museum" of objects swallowed and "inhaled" by children. The total of objects that went down but had to come up is now 250 and still growing.

## High School News

Seniors in Miss Dorothy Call's English classes have been giving oral themes in keeping with the promotion work being done on the class play, "No More Frontier." The themes were given in the form of an old settler's meeting and were initiated by Miss Call reading "The First Settler's Story" by Will Carlton.

Some of the stories told by the students were on such topics as: "The Origin of the Name of Idaho," "The First Runaway," "The History of Irrigation," and a number of talks on Senator Borah and on gold mining in the state.

Lee Walton and Ivan Johnson presented a skit entitled "Two Partners." Other students talked on the beginning of Twin Falls, the legends of Shoshone falls trees in Idaho and the Craters of the Moon.

Mrs. Lloyd E. Oaks was guest of Mrs. Mercedes M. Paul during three English classes yesterday. Mrs. Oaks presented the one-act play, "The Florist's Shop," taking all parts herself. During the first period students from Mrs. Rose M. North's senior English class joined with the students in Mrs. Paul's class in witnessing the production. Miss Josephine Throckmorton's freshman classes were present during the third period.

Members of the J. O. Y. club baled yesterday to select cabinet officers for next year. Those chosen to lead the group were: Barbara Suttell, president; Shirley Hutchinson, vice president; Phoebe Jane Pantz, secretary; and Margaret Van Engelen, treasurer.

During the business session of

Mrs. John Gourley will present a book review of "The Fighting Angel," by Pearl Buck. Thursday, 8 p. m. Choir practice.

## Paul

### PAUL

When "Bill" Titus has been appointed constable of the village of Paul.

At the school board meeting Monday Miss Ina McLaws was hired as teacher for the third and fourth grades and Leon Craven for the seventh and eighth grades. He will fill the position made vacant by Rulon Stanfield, who will teach at McCammon next year.

Mr. and Mrs. Willard Duff are moving back to Paul for the summer.

The freshmen and seniors entertained the sophomores and juniors Wednesday evening paying off as losers of a contest in selling tickets to the basketball tournament. The freshmen provided the refreshments and the seniors the program.

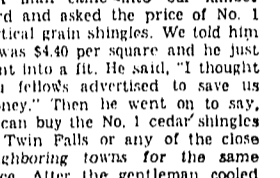

## Gilman Talks Softball

At J. C. of C. Meet  
Paul Gilman, Twin Falls' only representative at the 10th regional convention of Junior Chambers of Commerce in Spokane today, and Saturday will bring up the question of wide Junior Chamber sponsorship of softball, according to word received here this afternoon.

Four delegates from south central Idaho were attending the convention. Butley sent two representatives, Murray Jensen and George Scholer, and Rupert sent one, Al Pickle. Boise's delegation consisted of 10 men; Nampa sent two and Caldwell, two.

## Pharmacy Degrees to Be Given '26 at UISB

POCATELLO, April 16 (AP)—Twenty-six seniors in the college of pharmacy, University of Idaho southern branch, will receive bachelor of science degrees at commencement next month. Faculty heads announced today. The number constitutes one of the largest graduating classes in the history of the college.

A man came into our lumber yard and asked the price of No. 1 vertical grain shingles. We told him it was \$4.40 per square and he just went into a fit. He said, "I thought you fellows advertised to save us money." Then he went on to say, "I can buy the No. 1 cedar shingles in Twin Falls or any of the close neighboring towns for the same price. After the gentleman cooled off a little bit we asked him if he remembered what shingles were selling for a year and a half ago when we dropped into Twin Falls. No, he said he hadn't paid any attention to it. Well, we told him that No. 1 vertical grain 5 to 2 cedar shingles were selling for \$5.40 per square and at that time they were only costing \$3.50 wholesale but now they cost 50c more a square. He became very interested and is figuring on buying quite a bit of lumber. We just wait to remind you people, lest you forget what we're trying to do in keeping the building prices down as low as possible. They are actually hauling our shingles clear down to Nampa. Just yesterday a load went to Blaine, Idaho. They don't seem to have any Claud Pratts up that way and so they drive a long way and save big money. We are not offering this as a complaint because our trade is growing day by day. A lot of farmers have stayed with us thru thick and thin. We sell literally hundreds of dollars worth of merchandise to Grange members and Grange organizations. We received a nice check from the Grange Cooperative Association of Nampa, Idaho. R. S. Jennings, the Auditor is just like a dear old father.

While I'm talking this ad off over the telephone I can look out the front window and see one car filling up with gas, one car being drained at this moment and one car on the hoist being greased and another man getting a tire put on. This is all taking place at one time. Besides, others are waiting in the yard I just saw one of my men make a bee-line for an oil drum, and another one carrying a carton of something to a waiting car. We are sort of tore up down here. Jim Neil is moving to his new location down on Five Points and we are going to reorganize our empty store building, but it will take us probably a week to get our stock arranged. We don't know what all we'll handle but there's one thing we know we won't handle and that's cigarettes and tobacco of any kind. Some people don't believe a store can be run without tobacco but we are big enough simpletons to try it.

Well, come on in and save yourself big money on tires and tubes. Axle grease—5c a pound. A 30x3 1/2, new Budget tire—\$3.37. We're expecting our imported Italian rugs in right away. We have sold some of them before they arrive. We are also expecting a carload of hardwood flooring and another carload of wallboard right away. I'm running out of time and breath. Too many people want to see me right now so I'll just have to hang up the receiver and we'll say as Harry McGuire says, "We'll be seeing you."

P. S. — A farmer was asking Claud Pratt if his oil would stand up under heat. The farmer said he got in an argument with a service station man and the service station man says — "Pratt's oil won't stand up under heat." Well, sir, the service station man doesn't know what he's talking about. This Arkansas motor oil we're selling will never break down under the very hottest motor heat, in fact it lubricates so well your motor doesn't get a chance to really try it out. But it is used extensively in Dicals, airplanes, motorcycles and in every mile of car and truck that's on the road and multiplied thousands of gallons are used right here in Southern Idaho by all kinds of tractor farmers. We have the first tractor farmer yet to offer complaint. It isn't the ones that use the oil that complain about it, it's just those that sell other kinds of oils.

# Final Plans Completed for Pioneering Motor Boat Trip on River

## PARTY MEETS AT 9:30 SUNDAY TO START ON JAUNT

Craft Will Leave One Hour Later for Unique Trip; Hundreds to Watch

With preparations complete, anticipation was running high today among the pioneering group which will make a trip by motor boat from Blue Lakes bridge, up the Snake river over one falls higher than Niagara and another nearly as high, to within a mile of Hansen bridge, between eight and 10 miles from the starting point, next Sunday.

Lud A. Drexler, president of the Southern Idaho Boating club, said today that all details of the trip were now complete and the pioneering voyagers were eager for the start of the trek, which will be the first time in history motor boats have ever covered the perilous course.

Scouters Take Part Prominent parts will be played on the trip by eight Scoutmasters and assistants from Snake River Area council troops. The Scouters will be led by Lawrence Lundin, Scoutmaster of troop 65 of Twin Falls and Chauncy Abbott, Scoutmaster of troop 71, also of Twin Falls.

Included in the starting party, which will consist of from six to eight boats, will be W. A. Flower, official photographer, and O. A. Keker of the Evening Times staff. The starting flotilla which will make the trip up the gorge, portaging over Pillar, Shoshone and Twin falls, will meet at the gravel pit a short distance up the river from the north side of Blue Lakes bridge at 9:30 a. m. The cars and boats will go down the Blue Lakes grade to the gravel pit where they will enter the water.

The cars will then be driven to Shoshone falls and parked, one car bringing the entire group of men back to the starting point, this car in turn also being returned to Shoshone falls.

First Falls at 11 The boats will leave the starting point at 10:30 a. m., Sunday and will arrive at Pillar falls at 11 a. m. They will portage over the falls within one hour and arrive at Shoshone falls at 1 p. m.

The boats will be lifted to road level, out of the deep canyon and will portage to the water at the north ferry landing. Luncheon will be had at that point, and all boats are welcome to joining the pioneering group from that point on.

The group will start for Devil's corral at about 2:30 p. m. and will arrive at the rapids at 3 p. m. They will then return to Shoshone falls, as portaging over the corral is an impossibility, and will load the boats on the cars, taking them to Twin falls where the group will arrive at 4 p. m.

They will then leave up the river at 4:30 p. m., arriving at the "end of the trail" at 5 p. m. They will return to Twin Falls and the pioneering trip will have ended.

Vantage Points For the benefit of those persons who wish to view the spectacle from advantageous points, Mr. Drexler has made a complete summary of "spots" from which the activities can be seen. The starting point can be seen from the canyon rim, a few yards west from the north side of the rim-to-rim bridge. Over one mile of river is in view from this point, Drexler said.

To see the Pillar falls portage a very good view can be had from the canyon rim just west of the northwest corner of Mary Allen park. Here the falls, and the river above and below, can be seen perfectly.

The next point of observation will be at a point west of the parking grounds at the top of the Shoshone falls grade. Here the spectator will be able to see the Shoshone falls, the power house and a half-mile down river. It will also afford an excellent view of the operations as the boats are carried over the higher-than-Niagara waterfall on the Idaho Power company dam, donated for the purpose of assisting the boaters.

Last Accessible Spot The ferry landing will be the last accessible place before rough water and rapids are reached, these being approximately one-half mile below Twin falls.

The rapids may be seen from the top of the cliff west of the parking grounds at Twin falls. The last lap of the trip will be above the Twin falls power dam and can be viewed from nearby points.

With fair weather anticipated, hundreds of persons are expected to take advantage of viewing this trip from the points mentioned. Numerous persons have indicated they will make arrangements to take moving picture views of the proceedings. Boatmen will be represented from Twin Falls, Buhl, Jerome and Burley.

### Conference Held at Murlaugh School

MURTAUGH, April 16 (Special)—Murlaugh students participated in an NYA-sponsored vocational conference held at the school here Tuesday with Supt. L. T. Patterson in charge.

Topics presented were "Engineering," W. H. Hill, Twin Falls; "Professional," John Milner, Twin Falls; "Child Welfare and Beauty Training," Mrs. Villa Smith, Twin Falls; "Home Economics," Mrs. H. A. Salisbury; "Forestry," H. A. Salisbury, NYA supervisor; "Commercial," Miss Kay Killera, Boise; "Nursing and Health," Miss Mary Ann Huber; "Agriculture," Harold J. Broadhead and H. G. Laufersbuhl.

## Hayes Finds Japanese Getting Female Chick From Every Egg

Fourteen years in the chick hatching business has taught Herman Hayes of the Hayes Hatching Hatchery in Twin Falls to be on the lookout for new ideas.

So, when he read that a Japanese professor claimed to be able to make every egg produce a female chick, or change a young rooster chick back into a female, he thought he would find out about it.

Japanese Writes Him Today he had received a personal letter from Prof. Kiyozuma Ninomiya of a Japanese university of agriculture in Okayama prefecture in which the Japanese told him more concerning the experiment.

Here's the letter, quoted verbatim: "I do not know what the American newspaper have told about my experiment which has been continued since 1934," the letter reads. "In Jan., of this year I succeeded to get 100 per cent female chicks from any eggs at the cost of one-half an egg—one hen is about one-third of a cent. "I am now measuring the least quantity of hormones for

the changing of sex. The details will be pronounced later, when the hens that have been changed their sexes from the male, will lay eggs," it concluded. In commenting today on the new discovery, Mr. Hayes recalled it was the Japanese who first discovered how to tell the sex of young chicks. The method is now used extensively over the United States.

Revolutionary Idea "If this new method of controlling the sex of eggs so that all will be female at will," Hayes said, "proves to be the real thing it will revolutionize the chick industry. It will mean, among other things, that only half as many eggs will have to be hatched. At present the males and females run about even but this new method will eliminate the necessity of growing roosters unless we absolutely want them. And on top of that, if we do hatch both roosters and hens, the roosters can be changed to hens at will. "At the present time it is difficult to dispose of some of the rooster stock and hatcheries all over the United States must kill millions every year after

## Tributes Paid to Resident of Paul

BUHL, April 16 (Special)—Funeral services for R. D. See, pioneer resident of Buhl, were conducted Wednesday from the Presbyterian church here. M. M. Van Patten read the services. A quartet composed of Lawrence Van Riper, Harry Barry, Bryan Rogers and C. W. Aldrich sang "The Old Rugged Cross" and "Some Time We'll Understand." Miss Vivian Swiger sang a solo, "There'll Be No

## New Gooding School Foundation Finished

GOODING, April 16 (Special)—Foundations for Gooding's new \$90,000 Junior high school building being constructed south of the present high school have been completed, and work is now progressing on putting in secondary floors and some interior framework. Laying of the brick walls was scheduled to start, Gordon Gilmore, construction foreman, stated. Half of the bricks will come from Burley and are being hauled here now. The remainder of the bricks will be finished bricks to be shipped in from Salt Lake City and are expected to arrive this week.

At present a crew of 25 men are working on the building on one eight-hour shift, Gilmore states. He plans to double the number and have two five-hour shifts some time this month.

LEGAL ADVERTISEMENTS ANOTHER SUMMONS In the District Court of the Eleventh Judicial District of the State of Idaho, in and for the County of Twin Falls.

THE STATE OF IDAHO sends greetings to Edward D. Hamilton, and Jane Doe Hamilton, whose true name is unknown to plaintiffs, wife of Edward D. Hamilton, from September 1, 1930 to present date, if living; and if not living the unknown heirs and/or unknown devisees of Edward D. Hamilton, deceased, and the unknown heirs and/or unknown devisees of Jane Doe Hamilton, deceased, the above named defendants.

You are hereby notified that a complaint has been filed against you in the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County by the above named plaintiffs, and you are hereby directed to appear and plead to the said complaint within twenty days of the service of this summons; and you are further notified that unless you so appear and plead to said complaint within the time herein specified, the plaintiff will take judgment against you as prayed, in said complaint.

You are further notified that by plaintiffs complaint plaintiffs seek judgment against the defendants, Edward D. Hamilton, and Jane Doe Hamilton, whose true name is unknown to plaintiffs, wife of Edward D. Hamilton, from September 1, 1930 to present date, if living; and if not living the unknown heirs and/or unknown devisees of Edward D. Hamilton, deceased, and the unknown heirs and/or unknown devisees of Jane Doe Hamilton, deceased, to quiet title to Lot 11, Block 6, of the Township of Twin Falls, Idaho, as platted and now of record in the office of the County Recorder in said Twin Falls County.

Witness my hand and the seal of the said District Court, this 7th day of April, 1937.

FRANK J. SMITH, Clerk E. M. WOLFE, Attorney for plaintiffs, residing at Twin Falls, Idaho.

At today's luncheon meeting of the Lions club, Carl Gih, dance chairman, reported on the progress of plans for the event which is to be held April 27, at the Elks hall with music by Chuck Hehn. Proceeds are to go to the club's eye conservation program. New members were Joe Deles, Craig Coleman and Carl Hollenbeck and guests were John Baisch, Cliff Emerick and Mr. Dahn, Salt Lake City.

Mrs. M. Z. Stansbury underwent the second operation within the past few days this afternoon at the hospital here.

Boiled playing cards can be cleaned by rubbing them with a cloth dipped in spirits of camphor.

LEGAL ADVERTISEMENTS NOTICE TO BIDDERS Sealed proposals will be received by the Purchasing Agent of the State of Idaho, 301 State House, Boise, Idaho, until 10:00 A. M., April 23rd for the purchase of one automobile, 1937 model coupe, equipped with pick-up box; Chevrolet, Plymouth or Ford class, for the Beet Leaf Hooper Control Fund Administration at Twin Falls, Idaho.

Proposals will be opened and publicly read at the above stated hour. The right is reserved to reject any or all bids or to place orders therefor, as may appear most advantageous to the State, and to waive technicalities.

SENTENCING OF DRIVER DELAYED Saturday at 2 p. m. was set this afternoon as the time for sentencing of Ren B. Marshall, 45, of Murtaugh who pleaded guilty to a charge of operating a motor vehicle while under the influence of intoxicating liquor Thursday morning before Judge Claude S. Stewart.

Marshall was arrested late Wednesday night after he had attempted to drive his automobile over the Union Pacific Wells branch bridge which crosses Rock creek canyon at a point on the western city limits. Marshall lost control of his car when about 40 feet across the span and the machine clung precariously to the railroad bridge, 100 feet above the canyon floor.

A switch engine crew was delayed three hours while a wrecker removed the car from its lofty perch and returned it to the city.

Marshall was originally supposed to have been sentenced this morning but the time was deferred until Saturday. He was released on his own recognizance at 4:30 p. m. yesterday.

Borah Hints at Rift on Potato Trading Battle Potato growers in south central Idaho were wondering today just what producers approve sale and trading of potatoes in eastern mercantile exchanges after Sen. William E. Borah informed County Agent Harvey S. Hale that he has found opposition to the growers' demands that such dealings be barred by law.

Senator Borah's letter to Mr. Hale said that he "is not sure" action on the request for legislation will receive action at the present session of congress.

"My sympathies would be in favor of the resolution which you sent me. But I have a number of letters from producers who take a different view of it, and I am unable to wonder if there is any considerable division of sentiment as to this proposition among the producers."

LIONS DISCUSS DANCE At today's luncheon meeting of the Lions club, Carl Gih, dance chairman, reported on the progress of plans for the event which is to be held April 27, at the Elks hall with music by Chuck Hehn. Proceeds are to go to the club's eye conservation program. New members were Joe Deles, Craig Coleman and Carl Hollenbeck and guests were John Baisch, Cliff Emerick and Mr. Dahn, Salt Lake City.

Mrs. M. Z. Stansbury underwent the second operation within the past few days this afternoon at the hospital here.

Boiled playing cards can be cleaned by rubbing them with a cloth dipped in spirits of camphor.

WHEAT TUMBLES ON ALL MARKETS

CHICAGO April 16 (U.P.)—Heavy liquidation smashed wheat values in all world markets today. At the close wheat was 4 to 5 cents lower, new corn 2 1/2 to 3 1/2 cents lower. Old corn unchanged to 2 1/2 cents lower and oats 1/2 to 1 1/2 cents lower.

Prices on the Chicago board of trade were sharply lower at the close. An avalanche of selling in foreign markets caused a sharp break at the opening here—The May delivery dropped the full five cent limit.

It was believed that speculators abroad who had made heavy purchases of wheat or rumors of pegging the French franc and a cut in the gold price here, found no basis for these rumors. This combined with the slackening of the demand for wheat by European importers, led to general liquidation.

In Liverpool prices slumped more than 7 cents in American funds for the worst break in years. Buenos Aires added net losses of better than two cents a bushel to a net decline of 4 1/2 cents yesterday. Winnipeg prices dropped the full limit in the deferred deliveries early and in the late dealings was near the day's low point.

TRADING LAGS ON STOCK EXCHANGE

NEW YORK, April 16 (U.P.)—Wide declines in world commodity markets today detracted interest from stocks which lagged along at a million-share pace with prices irregularly lower.

Wide breaks were recorded in Chicago, Liverpool, Rotterdam and Buenos Aires wheat markets. Cotton futures weakened. Wide losses were noted in hides, coffee, silk, contract fur sugar and copper futures.

Commodity stocks were weak. Rubber issues were off fractions to 3 points. Coppers were down a point or more with Phelps Dodge weakest.

Oils lost fractions to more than a point in Standard of New Jersey, Liggett and Meyers Tobacco equalled its low. Steel shares were fractions to more than a point lower, except National, which held a small advance.

Electrical equipments were buoyed by heavy influx of orders. Automobile issues had a brief rally when Ward's reports set automobile production this week at 127,750 units, a high since 1929.

Radio-Keith-Orpheum made a new high at 10, up 1/2. Loew's gained more than a point, but eased. Railroad issues sagged on carloadings futures which showed a contraction. Uniq. Pacific dipped more than a point.

Utilities moved in a narrow range. Farm shares were mixed. Brooklyn-Manhattan Transit preferred broke more than 8 points, and the common stock made a new low at 36, off 1 1/2 in fractions.

Transactions approximated 1,000,000 shares compared with 940,000 shares yesterday. Curb transactions approximated 290,000 shares compared with 244,000 shares yesterday.

# IDAHO WILL SPEND \$4,400,000 ON ROAD IMPROVEMENTS

## FOREST HIGHWAYS NOT INCLUDED IN PROJECTS LISTED

### 503 Miles to Be Worked on During Year, Stemmer Announces

BOISE, Idaho, April 16 (UP)—At a cost of \$4,400,000, Idaho state engineers will improve 503.3 miles of Idaho highways in 1937, it was stated this week by Joe Stemmer, director of public roads.

The program, outlined at a recent meeting of federal and state engineers, includes not only resurfacing, grading, and dust proofing, but also construction of three major bridges and five grade crossing separation projects.

Proposed improvement of many miles of forest highways was not included in the list. This work will be paid for by the federal government. The list also made no mention of 60 miles of road improvements authorized and to be paid for from funds allocated in 1936.

### Location Withheld

The department withheld location of the proposed 84 projects because of fear disclosure of the regions to be favored would bring about a storm of protest from other counties.

Numerous delegations, each stressing its own particular section of the county, called on the group of engineers during their meetings and urged allocation of some portion of highway funds to areas they represented.

Improvements on roads, including bridges and grade crossings, separations will average \$8,054 per mile for the 503.3 miles to be worked over.

### 37 Contracts

Building of new roads, it was indicated in the report, will occupy most of the department's time. Before the year is out, contracts on 37 grading and surfacing projects will be let, covering a total of 156.7 miles. Cost per mile on the 37 projects will average about \$13,000. Total cost of the projects will be \$2,025,000.

Two hundred and twenty three miles of road will be oiled during the season. Total cost on these projects will be \$380,000.

One hundred and two miles of road will receive surface and dust treatment at a cost of \$100,000. Five miles of road will be paved with concrete at a cost of \$125,000.

Cost of bridges and grade crossing separations will be \$432,000.

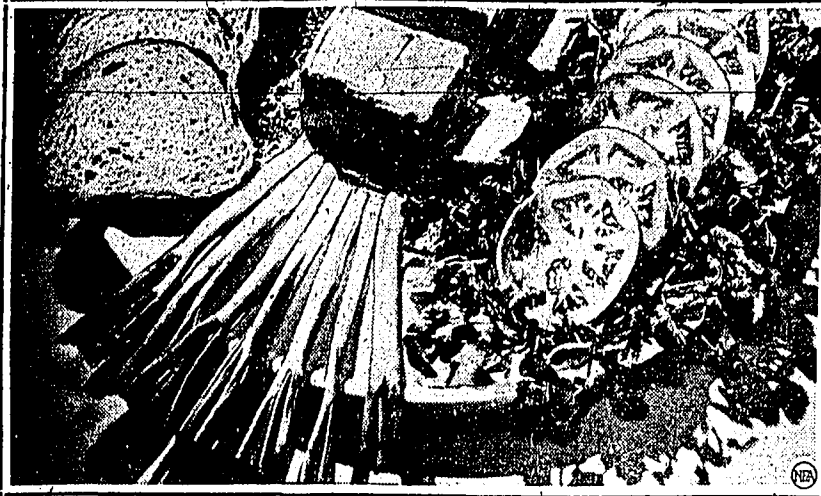

### MURTAUGH

A surprise party was given David G. Moyes Tuesday honoring his birthday. Twenty were present. Games were played directed by Laura Peck, during the evening a reading, "And That's What Killed the Dog," was given by Frank Egbert, and a reading "Me And Sy," by Geneva Moyes. Refreshments were served.

Mrs. Naomi Egbert entertained the Relief society at her home Tuesday with 38 ladies and about 15 children present. The opening songs were "Earth With Her Ten Thousand Flowers" and "Nay Speak No Ill." Invocation was by Mrs. Alice Earl. A playlet was given by Mrs. Laura Peck, Mrs. Naomi Egbert, Donald Bronson, Sherman Peck, Mary A. Moyes and Nautchie Perkins. A duet, "There Is a Home Eternal" was sung by Fay Perkins and Thelma Lee. Talks were given by Twin Falls stake board members, Mrs. Katharine Kirkman, Mrs. Virginia Kirkman, Mrs. Elizabeth Shirley and Mrs. Christie Robertson. The benediction was given by Goldie Tolman. After the meeting a social and shower was given in honor of Mrs. Alice Earl.

Mrs. Calvin Puckett left Tuesday accompanied by her mother, Mrs. Lincoln of Twin Falls, for San Diego to spend a month for Mrs. Lincoln's health.

## Luncheon With Spring Tang

For the perfect spring luncheon with a pot of tea—a platter spread with a bed of watercress and delicate dandelion greens whereon rest ruddy slices of tomato. Across from the garden, spreads a starward row of slices of rye bread. In the center waits Llederkranz cheese and tender young scallions. Now how could the spirit of mortal be sad with such a luncheon before it?

By MRS. GAYNOR MADDOX (NEA Service)

The spring appetite and the advice of beauty experts suggest luncheon salads. Just what the doctor ordered. But don't hold that against them—they taste good enough to be delightfully indigestible.

### Macedoine Salad (4 to 6 servings)

Two cups cooked cauliflower buds, 1 cup cooked carrot cubes, 1 cup cooked green peas, 1/2 cup cooked baby lima beans, 6 stuffed olives.

Arrange the separate vegetables in small deep dishes and marinate in French dressing. Place dishes covered in refrigerator while standing in the French dressing. Have lettuce cleaned and chilled. For each serving, arrange a crisp bed of lettuce leaves on salad plate, then pile up

with marinated vegetables and sprinkle with finely sliced stuffed olives. Serve with more French dressing in a separate bowl. This salad with crisp rolls and a pot of tea makes a refreshing luncheon.

### Pineapple-Cabbage Salad (4 to 6 servings)

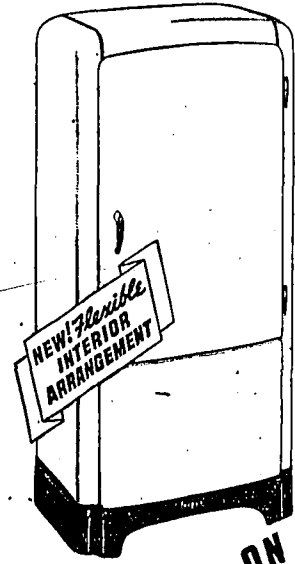

One-half head firm young cabbage, 1 1/2 cups diced fresh pineapple, 1 green pepper shredded into long paper-thin strips, 1 white onion, minced, 6 green lettuce leaves, shredded. Shred the cabbage into thin strips. Combine all the vegetables and lettuce and pineapple. Mix with mayonnaise and cream dressing. Try this with whole wheat muffins and slices of cold ham.

If you like mayonnaise well enough to make it yourself, try this simple recipe.

### Mayonnaise

One teaspoon prepared mustard, 1/2 teaspoon salt, 1/2 teaspoon pepper, 1/2 teaspoon paprika, 1 egg, 2 tablespoons best quality vinegar or lemon juice, 2 cups olive oil or salad oil.

Use a large bowl. Mix the dry ingredients—salt, pepper, paprika, and the mustard last. Add egg and beat well, using rotary egg beater. Now begin adding the oil very slowly, only by teaspoons at first. Use at this stage of the making only 1/2 cup of oil, continuing to beat steadily. Next add 1 tablespoon vinegar and beat in well, then add more oil, beating steadily, and more vinegar until all of both oil and vinegar have been used up. Simple and reliable, and this mayonnaise is just the beginning of many salad dressings made with it as the base.

THE SENSATIONAL NEW NORGE LOW-TEMP costs no more to operate than ordinary electric refrigerators, but it keeps foods PRIME FRESH—retains full natural flavor and natural moisture—2 to 5 times longer. Only LOW-TEMP combines lower temperatures with higher humidity to give this sensational, new kind of refrigeration. See it today!

### THE NORGE ROLLATOR COMPRESSOR

... exclusive Norgé cold-making mechanism, has but three slowly moving parts. It employs smooth, easy, rolling power instead of the usual hurried back-and-forth action. Result—more cold for the current used and an almost everlasting mechanism. Only Norgé has the Rollator.

## THUGS BEAT UP UNION OFFICIALS

### Workers in Kansas City Ford Plant Threaten to Call New Strike

KANSAS CITY, Mo., April 16 (UP)—Workers threatened today to call a strike at the Ford assembly plant in retaliation for the assaults on two officials of the United Automobile Workers union last night.

"Hired thugs" were blamed for the violence. Barron DeLois, president of the UAW local, and O. W. Penney, UAW organizer in the Ford plant, who are directing the campaign to enlist Kansas City Ford workers into the affiliate of John L. Lewis' committee for industrial organization, were waylaid and seriously beaten in the streets.

### Crash Cause Set

PITTSBURGH, April 16 (UP)—The crash of a Transcontinental & Western Air luxury liner near here on March 25, which killed 13 persons, was the result of ice formations on the altimeters, a coroner's jury found last night.

## Murtaugh Woman Paid Last Honor

MURTAUGH, April 16 (Special)—Funeral services for Mrs. Mary Z. Dean were held yesterday at the L. D. S. church with First Counselor William Egbert in charge.

Obituary was read by Mr. Egbert and the invocation was by Harry Egbert. Speakers were David G. Moyes and Joseph Payne, Burley. Benediction was pronounced by A. A. T. man.

Music included a duet by Mr. and Mrs. James Clawson, solos by Mrs. Joseph Payne and Clifford Tolman and a duet by Mr. and Mrs. Payne. Mrs. Alta Christofferson played.

Pallbearers were Cleve and Albert Egbert, Frank Tarra, Dave Moyes, George Decker and Clifford Tolman. Flower bearers were Mae Perkins, Edith Bates, Laura Peck and Geneva Moyes, presidency of the Relief society. Interment was in Twin Falls cemetery with the grave dedicated by William Egbert.

### Fare Tokens

HONOLULU (UP)—Euel W. Cox, trainman on the Honolulu Rapid Transit company, has a watch chain which he believes some people in the United States would prefer not to see. It is composed exclusively of street car tokens which visitors from the United States have dropped into his fare box instead of the regulation coin.

## GOLD RUSH SEEN IN ALASKA AREA

### JUNEAU, Alaska, April 16 (UP)—Five mining claims containing gold ore valued at an estimated \$20,000,000 already have been blocked out in the Good News bay area, scene of Alaska's latest gold strike and stampede, J. W. Felder, mining operator from that district, reported here today.

Felder said that there was a three-mile section adjacent to the staked claims which had every indication of being gold-bearing and that he expected there would be a tremendous rush to the location as soon as river transportation opens up.

### ADDRESSES BUHL CLUB

BUHL, April 16 (Special)—Robert H. Hays of Portland, deputy regional Scout Executive, was guest speaker at the Buhl Kiwanis luncheon Wednesday noon. Mr. Hays spoke on several phases of scouting and urged the men of the community to get behind the movement. He was accompanied by Amby Frederick, Snake River area director. Parker Runyon and Guy L. Neuman were also visitors at the luncheon. The Buhl club will be guests of the Idaho power company at the Upper Salmon development project next Wednesday.

## BUHL

Mr. and Mrs. Mark Ratcliff, Cheney, Wash., were guests at the home of Mr. and Mrs. Vernon Frost this week.

Mrs. E. J. Dally of Boise is spending this week at the George Layne home.

Mrs. H. W. Hertzog, knitting instructor at the Buhl C. O. Anderson store, is confined to her home with a sprained ankle.

The Buhl Business and Professional women held their regular meeting Tuesday evening at the Royal cafe, with a large number in attendance. The topic, "Beauties Along the Highway," was under the direction of Mrs. Gladys Shriver. Each member answered roll call with "Where My Gypsy Blood Calls Me." During the regular business meeting reports on loans that have been returned, were made, and plans for the district meeting that will be held here the first Sunday in May were discussed. The next regular meeting will be held May 10.

### CAMP FIRE GIRLS

The Wayuka Camp Fire group met Wednesday at the home of Virginia Walters. The members decided to hold a cooked food sale on Saturday at the Independent Meat market. Games were played after the meeting.

By actual test, handwriting in pencil requires nearly five times as much light to be legible as writing in ink.
