Leaving settlement of the sit-down strike of employees in his chocolate company plant to younger officials, patriarchal 80-year-old Milton S. Hershey (above) has kept to the background in the labor trouble that disrupted the peace of the little manufacturing town of Hershey, which he built in the Pennsylvania cornfields. He turned over his \$60,000,000 fortune as a trust fund for the Hershey orphanage many years ago.

Donaldson Brown, above, General Motors vice president, is a central figure in the deal expected to transfer the former Van Sweringen "railroad empire" from the Ball Foundation to a syndicate of financiers. Brown, wealthy in his own right, led a group of capitalists expected to complete the purchase soon.

Urged as Leader

Formation of a military dictatorship under the leadership of General Jose Miaja (above), commander-in-chief of Madrid's defense, has been urged in European left-wing political circles as a solution of the Spanish civil war, which threatens to end in a stalemate through exhaustion of resources by rebels and loyalists.

WHAT A MAN!

Some local policeman must be bursting the buttons on his tunic today as he looks over the accomplishments of yesterday. Yesterday morning, police records show, army officers asked for an escort through the city for the trucks carrying the 38th Infantry from Fort Douglas, Utah, to Fort Lewis, Wash. They passed through Twin Falls en route to Piler where they encamped last night, continuing the journey early this morning. On the police blotter today in the column headed "remarks" the enterprising officer told of his triumphs. The blotter read: "Ran 150 truck loads of U. S. army out of town."

U. S. Group Tables Plea For GMC Sympathy Walkout

OSHAWA, Ont., April 20 (UP)—Efforts to end a 12-day old strike at the Oshawa plant of the General Motors corporation of Canada collapsed today after 2,700 strikers voted unanimously to reject a settlement proposed by officials of the company and the United Automobile Workers union.

Mayor Alex Hall of Oshawa and Hugh Thompson, agent of the committee for industrial organization, pleaded with the strikers to accept the "peace agreement" and return to work pending further discussions of the union's demand for recognition of the C. I. O.

Such strikes had been demanded by Oshawa union officials who contended that they had not been receiving the full support of United States units.

IDAHO GOVERNOR ENTERS IN FIGHT OVER INSTITUTION

Clark Will Go to Blackfoot To Investigate Report Of Conditions

BOISE, April 20 (UP)—Gov. Barzilla W. Clark today stepped into the whirl of attack and denial surrounding conditions at the state asylum at Blackfoot, and announced that he would visit the institution and make his own inspection.

The governor expressed surprise at the maze of attack and counter-attack which has sprung up since Mrs. Miller first made public a "report" on conditions at Blackfoot.

Gov. Clark also declared he had never "heard any great number of complaints" concerning the Blackfoot asylum.

Idaho recently asked for government aid in planning construction of buildings at Blackfoot, and this was granted by the public health bureau.

# \$741,749,132 LEFT TO SPEND ON RELIEF BEFORE JULY 1

## WPA THREATENED BY SHORTAGE OF APPROPRIATIONS

### Amount in Reserve Believed To Be Insufficient For Spending Agency

WASHINGTON, April 20 (AP)—The federal government had \$1,282,574,985 left to spend on March 31 from nearly \$7,000,000,000 appropriated for relief in the last two years, treasury department figures showed today.

Although nearly one-fifth of the money congress provided for the aid of needy and to accelerate recovery had not gone into circulation, the program had obligated \$6,179,789,000. There was available, consequently, \$741,749,132 to continue its work until the beginning of the new fiscal year July 1.

A mandatory accounting of relief spending from July 1, 1935, through March 31, 1937, published by the national emergency council and containing the figures was sent to congress in connection with the President's relief appropriation recommendations for the 1938 fiscal year.

\$300,000,000 Per Month

It showed that congressional appropriations and transfers from other funds for relief provided \$6,921,068,821 for the two years ending June 30.

Spending at an average rate of \$300,000,000 a month; but at a decreasing pace recently the government apparently had sufficient unobligated relief funds from those sources to carry the program on through the current fiscal year.

Only WPA—which spent nearly half the money obligated—appeared threatened by shortage of funds. The work-relief agency administered by Harry L. Hopkins had only \$315,278,985 left to obligate during the closing three months of the fiscal year.

Amount Insufficient

Officials said the amount was insufficient to operate WPA, which has been spending at a rate of \$150,000,000 a month in 1937, without an additional deficiency appropriation unless President Roosevelt transfers relief funds intended for other purposes.

The President has \$192,228,749 left to allocate to the various agencies under the emergency relief program, suggesting that he might solve WPA financial troubles from that source if all of the amount were not vitally needed for other purposes. WPA spending was expected to decrease rapidly during the next three months.

## Fund Report and Prejudice Reply Top Board Meet

(Continued From Page One)

Smith said, and added that "possibly this practice was not discreet but at the time it was felt that it was good business."

"For many years," his statement said, "it had been the policy to invest funds in school district warrants by purchasing the same from teachers, as it was thought this was a good and safe means of augmenting the funds by collecting interest. In some cases the same procedure was followed in loaning to individual faculty members, but in every case a note was required and interest was collected, and in no case was the loan greater than the amount of one month's salary check.

"On this policy, loans were made to Coach Plastico, Principal U. N. Terry, Supt. W. B. Smith and G. O. Taylor.

"The loans were always paid within one to six months from the time they were made and the interest was a source of revenue to the fund. Possibly this practice was not discreet, but at the time it was felt that it was good business, as the individuals all gave their notes, and in addition allowed the use of their automobiles without charging on many occasions for athletic trips.

"Possibly the loan made by Mr. R. V. Jones and W. B. Smith to the student activity fund could be criticized," the superintendent's report said, "but the money had to be secured in a hurry, and certainly the only chance who would have taken any action were Mr. Smith and Mr. Jones, as they advanced their personal notes to the bank and gave some of their personal funds to enable the boys to make the trip.

"In fact, one of the reasons the school district was never asked to pay deficiencies for extra-curricular activities, as has been done in many schools, and we understand in the past in Twin Falls, is due to the fact that during the depression Mr. Jones and Mr. Smith donated the use of their automobiles on many occasions for the transportation of athletic teams to and from Twin Falls."

**Balances Claim**

Mr. Smith, in connection with his report, pointed out to the board that "you will note that the balances forwarded at the end of each year during the past few years have steadily increased, showing a balance of \$1,671.60 in the fund as of April 1, 1937."

The report, covering the past 10 years during which time Mr. Smith has been superintendent here, showed detailed receipts and expenditures carried over each year, starting with 1927-28 were given as: \$442.88 in 1928, \$75.54 in 1929; \$128.92 in 1930; \$262.94 in 1931; \$225.51 in 1932; \$547.97 in 1933; \$587.87 in 1934; \$1,143.03 in 1935; \$1,219.17 in 1936 and \$1,671.60 up to April 1 of 1937.

**Football Leads**

Largest source of revenue, as listed in the report read to the board, was football. Income from the sport, however, was shown as considerably lower since 1932-33 than in the previous five years. From 1927 to 1930, the receipts averaged above \$4,001. They dropped in 1931 to \$3,087.94, hit a low point in 1932 at \$240.33, and since have ranged between \$1,366.90 (for last season) to \$1,448.46 for 1933.

The board members listened to the report without comment but then voiced opinions concerning whether or not the student fund was properly within the province of the trustees.

**Doubts Jurisdiction**

"The mechanics involved in the paying out of funds by the board—issuance of warrants, allowing of bills and such detailed matters," said S. H. Graves, "make me wonder whether this whole matter isn't outside the authority of the board."

"He pointed out that the trustees would be forced to meet and approve separate bills for all student activities.

"I don't think the board has anything to do with this fund," Chairman George Ward declared. "The fund directly concerned the student officers handling it, and I don't believe the school board has any connection with it."

Superintendent Smith, answering queries, said the president, secretary and treasurer of the student council have charge of the fund, and that the high school principal is usually the adviser. Checks paid out for bills, he said, are "okayed in my office and signed by the student treasurer."

The money, Mr. Smith asserted, "belongs to the students as a body."

**Sees No Connection**

"I still can't see how we as a board are responsible for handling these funds," L. J. Tencknick asserted.

Mrs. Smith asked the superintendent: "Is the money turned in at this office?"

"Yes," he answered. "It is turned in here and is deposited by Miss Swan."

"Are the bills okayed by the student council?" asked Mr. Stettler.

"No, they haven't been. We okay them here. But it could be arranged for the student council to handle them by meeting and approving bills weekly. That would work except for immediate needs, such as paying referees. The present method, however, is the way it was handled before I came here and we have simply carried on."

**Wants More Information**

"I'd be for more information on the whole matter before we accept or reject this report," said Mr. Graves.

Action either in approving or rejecting the activities fund summary was left indefinite on that note, pending further information, although Mrs. McCoy assured the board that the matter definitely was within its sphere. She pointed to the matter of text book handling, which was placed in the board's lap by a ruling from Atty. Gen. J. W. Taylor.

**Aims at Men**

Superintendent Smith's withdrawal from consideration as a candidate for his present post next year was thrust into the center of the board meeting at the start of the session by Mrs. Ralph B. Smith's statement directed at the men on the board.

Addressing Chairman Ward, Mrs. Smith asserted "you definitely accused the two dissenting members in the matter of Superintendent Smith's contract, as being motivated by personal and petty persecutions."

"I have purposely refrained from any further explanation of the reasons which led to our attitude in regard to the superintendent's contract. For I feel that his withdrawal at our last meeting has eliminated any necessity therefor."

**High Opinion of Supt.**

Mrs. Smith declared that "I sincerely believe I have a higher opinion of Mr. Smith's ability, of his possibilities and what he could do, than I am permitted to follow the dictates of what he knows to be for the best interests of our schools, than you do yourself. But in this day and age it is not what a man can do but what he does do that counts, and if any of you members here blame anyone for the situation that now confronts us the ones to be blamed are you men yourselves."

She cited renewal of Mr. Smith's contract a year ago "before his former contract expired. The reason given for doing so was that possibly some members of the board would be elected the following fall who would not be in favor of his re-election."

Since that time, she charged, "there has seldom been a matter of importance presented before this board for discussion and action, without it all being definitely arranged beforehand, and the majority vote known ahead of time."

She also claimed the four men on the board held a private meeting recently, and that the two women members refused to attend.

She asserted that the superintendent informed both herself and Mrs. McCoy "that if he had made his decision on matters presented to him with only the thought in

3. A production control program giving farmers an allotment and imposing heavy taxes above the quota allowed.

4. Continuation and expansion of present powers for the removal of farm surpluses.

5. Federal crop insurance. The senate already has passed a bill for insurance of wheat.

**Acts Not Sure**

"In our minds, it is not at all sure that any of these acts—even the soil conservation and the domestic allotment acts—would be upheld by the supreme court if it came before it in the light of recent decisions, in the light of the Hoosac mill decision," Tolley said.

Secretary of Agriculture Henry A. Wallace told the committee that agriculture would continue as a national problem until the farmer's share of the national income increases from the present 11 per cent to 13 or 14 per cent—the average for the past 50 years.

mind of what would be for the best interests of the district, instead of trading in a way to obtain the support of a working majority of the board, he had no doubt he would still be our superintendent and our school system would not be in the condition it is today."

Chairman Ward interposed when Mrs. Smith cited a remark she asserted he made to her concerning school district economies, claiming he had indicated he was not interested in figures.

"I don't know where you got that statement," Mr. Ward said. "Are you sure you haven't manufactured it?"

"You sat there and said it," Mrs. Smith answered.

"You must have misunderstood me," the chairman retorted. "Any belief on your part that I made such a statement can only be explained by the fact that you misunderstood me."

He went on to defend Mr. Smith vigorously.

"I still contend," he said, "that Mr. Smith's record will stand up before the public or anyone else for the achievements he has accomplished."

"Any man who saved this school district half a million dollars in nine years which included the depression years, is a valuable man both to the general public and to the taxpayers. I stand on that now as I did before."

Superintendent Smith sought to restore harmony:

"I am the man most concerned in all this," he said. "I am stepping out to stop all this discord. Let's patch up this disagreement and work together in harmony for the school children of the district. You have an unprecedented opportunity facing you in your building plans. It is your duty to take advantage of it."

## Pneumonia Noted On Disease List

Two Cases in Twin Falls For First Time in Weeks

For the first time in several weeks, two cases of pneumonia were reported to the Twin Falls county health unit during last week, the weekly report of communicable diseases in Twin Falls county compiled today and released by Dr. J. W. Hawkins, director, shows.

Both cases are in Twin Falls, the records show, as are most of the other new cases of various diseases reported.

Included in the report are two new cases of scarlet fever, three whooping cough, three mumps and two acute conjunctivitis (pink eye), all in the city of Twin Falls. One case of erysipelas in Hazelton and two cases of chicken pox in Buhl.

## PETTY THIEVERY REPORTED HERE

Police Busy as Four Persons Report Losses of Various Minor Items

Reports of petty thievery in Twin Falls yesterday served to keep local police officers occupied, it was revealed today as the police blotter showed four cases of theft reported within a short period of time.

R. A. Bacon reported to police that a set of heavy truck chains and also a set of log chains were stolen from a warehouse located in the 200 block of Fifth avenue south.

W. E. Clark reports the theft from a warehouse at 261 Third avenue west of 60 to 75 pounds of insulated copper wire.

Fred Stump of 303 Sixth avenue north informed police that eight and one-half bundles of shingles were taken from that address some time Sunday night.

J. R. Gates of 225 Third street south reports the loss of one door glass, one windshield and one rear glass from a car parked in front of his home address.

## State Board of Junior Chamber Will Meet Here

Will Make Plans May 2 For Idaho Jaysee Convention in Twin Falls

State board of directors of the Idaho Junior Chamber of Commerce will convene at the Park hotel in Twin Falls Sunday, May 2. It was announced this afternoon by Paul Gilman, board member. Fifteen directors will attend.

The session will open at 10 a. m. and will continue until 5 p. m.

Plans for the state convention of Junior Chamber units, to be held in Twin Falls during July, will be formulated at the directors' party. Definite date for the convention will be set, and all Junior Chamber projects for the past and coming year will be discussed.

Junior Chamber members of south Idaho are invited to attend the May 2 meeting to offer suggestions to the directors. Gilman said.

"I have no ax to grind," she said. "I am not looking for any job. I firmly believe that an inmate of the asylum is entitled to at least as good care as a six-times felon in the state penitentiary."

Mrs. Miller, in a report made public last week, said "vermin swarmed over the place," and that attendants had to "warm their food over a toaster to keep vermin from crawling over it."

Governor Clark said, "I didn't see anything like that when I went through the place."

## ARMY RECRUITER TO VISIT GOODING

A three-day recruiting trip by Corp. J. P. Houston will end Wednesday as the officer spends the day in Gooding with headquarters at the postoffice for the purpose of conferring with those wishing to enroll in the U. S. army.

Today the corporal was in Buhl and Monday he headquartered at Piler.

Houston, who is in charge of the local recruiting station located in the city hall, will return to Twin Falls Thursday morning.

## HE ATE ALL-BRAN AND IMPROVED WONDERFULLY

Read this voluntary letter: "In regard to your ALL-BRAN, it is marked on the package 'best as a cereal, best for cooking,' and, as far as I am concerned, you might add 'best for health.' Since I have begun to eat it, I have improved wonderfully."—Mr. H. E. Poole, 312 W. Franklin Street, Jackson, Mich.

ALL-BRAN corrects common constipation, due to meals low in "bulk." Within the body, it absorbs water and forms a soft mass, gently sponging out the system.

ALL-BRAN also supplies vitamin B to tone up the intestines, and iron for the blood. Isn't this food better than taking weakening pills and drugs?

Eat two tablespoonfuls daily, either as a cereal with milk or cream, or in recipes. In chronic cases, with each meal. Sold by all grocers. Made and guaranteed by Kellogg in Battle Creek.

## DISTRICT SESSION SLATED FOR MAY

Three-Day Annual Gathering To Bring Delegates To Twin Falls

Between 75 and 100 delegates from the first district of the Federation of Women's Clubs including territory between Castelford and Ashton are expected to attend the 37th annual convention to be held here on May 12, 13 and 14.

The session will be formally opened with a reception the evening of May 12 and will include an address by Mrs. Stuart Severns, Kimberly, district president, and a talk by Mrs. R. Hodgins, Moscow, state president. Meetings on succeeding days are to be devoted to business and reports and each session will include musical selections.

One of the highlights of the convention will be the banquet arranged May 13 by the Twentieth Century club with addresses given by Dr. George Halloy on child welfare and Atty. E. V. Larson on Americanization. Mrs. Lloyd Oaks will give a reading and special music is to be presented.

The final day is to be devoted to club institute. All sessions will be held at the Methodist church and during the three days complimentary luncheons will be given the delegates.

District officers are: Mrs. Stuart Severns, Kimberly, president; Mrs. W. D. Azire, Blackfoot, first vice president; Mrs. George W. Parsons, Buhl, second vice president; Mrs. J. E. Graham, Rexburg, recording secretary; Mrs. R. T. Nyblad, Hansen, corresponding secretary; Mrs. Leo J. Tomlinson, St. Anthony, treasurer; Mrs. Fred Harting, Albion, auditor.

Gordon's Gin Has Liqueur Quality and High Proof, 94.4

You can't mistake the finer, fuller flavor of gin drinks made with Gordon's. For Gordon's has liqueur quality—that means richer flavor, velvety smoothness. And Gordon's has a high proof—94.4. That means sustained flavor. That's why— for 167 years—Gordon's has been the base around which most of the world's famous gin drinks have been created. So always ask for Gordon's—especially now that the price is so much lower!

# Loyalists Order Fleet to Protect Friendly Ships

## WAR CRAFTS GET SPECIFIC ORDERS ON INTERVENTION

Leaders Say Plan Is Really For Interfering With Republican Cause

By BURDETT BOLLOTEN (Copyright, 1937, United Press) VALENCIA, Spain, April 20 (U.P.)—The loyalist government, deeply suspicious of the international control plan which became operative at midnight, ordered its war fleet to protect friendly shipping within its territorial waters today.

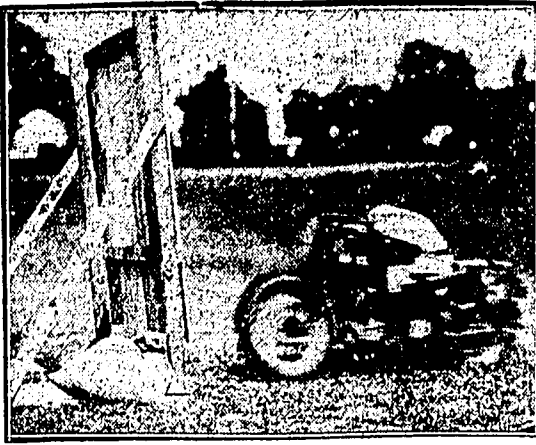

Further it ordered particular vigilance in those zones which Italian and German warships patrolled under the plan to keep volunteers and munitions from the civil war combatants, said that there would be no hesitation to make "sacrifices" if necessary.

Loyalist leaders have made no secret of their belief that the "non-intervention plan" really constitutes intervention by the 27 participating nations in behalf of the nationalists.

**Open Anger**  
The open anger of the government was reflected clearly in a general order issued by the ministry of marine and air today to the loyalist battle fleet and air force, as the control plan became operative and warships of Great Britain, France, Germany and Italy steamed off the Spanish coasts.

The order was as follows:  
1. "The fleet and air force will escort and protect whenever possible those ships legally assigned to the republican flag.  
2. "They must prevent ships flying the republican flag, whatever cargo they may be carrying, from being detained or compelled to change their route on pretext of investigation.  
3. "They will also protect within Spanish territorial waters ships flying other flags which ask their protection, or which may expect it because it is our duty to give such protection.  
4. "These services of escort and protection will be particularly well carried out in the Mediterranean zone which has been entrusted to the Italian and German fleets.  
5. "If in the accomplishment of these duties sacrifice is demanded it will be given without hesitation."  
The view is held here that, on the sections of the coast assigned to

Here's the "human bullet," Skip Fordyce, roaring on his motorcycle to crash through a 500-pound board wall three inches thick at the point of contact. This feat is one of the attractions of the Death Dodgers circus, scheduled at Filer fairgrounds Sunday afternoon under auspices of Twin Falls American Legion post.

## Indians Vote to Be Incorporated

FORT HALL, Idaho, April 20 (U.P.)—Bannocks and Shoshones were brothers by charter here today after Indians on the reservation voted to accept proffered articles of incorporation. The vote was 325 to 191.

Under present tribal council provisions, the Indians will conduct their affairs in the manner of a business firm, and will handle their own financial affairs. They may borrow money from a revolving credit fund established by the Indian reorganization act of 1934.

"This charter will give the Indian the right to decide his own business and will ultimately enable him to take part in everyday affairs the same as other citizens of the United States," said George P. Lavatta, field agent from Portland, Oregon.

## LOCAL MORTUARY PLANS EXPANSION

\$15,000 Will Be Spent in Construction Work on Service Chapel

A building program which will almost double the size of the Twin Falls mortuary at 263 Second avenue north had been announced today by Stanley C. Phillips, proprietor.

Last night the city council approved a building permit asked by Mr. Phillips who estimated costs of construction at \$15,000. He said today that construction would start immediately.

The new addition will provide adequate garage space as well as other necessary room. The addition will be 50 by 100 feet. Through the improvements the size of the present chapel, he said, will be nearly doubled.

## APPROVAL GIVEN STREET CLOSING

Council Officially Vacates Unused Roads Crossing Old Ball Park

Arrangements for publication of an ordinance to vacate an alley and street which cross the old ball park were being made today following action by the council last night in unanimously passing the ordinance under suspension of rules.

The street and alley which will be officially vacated 10 days after the first publication of the ordinance is the alley in lot 22, and the street is Third avenue south between Fifth and Sixth streets north.

The property was recently purchased by C. P. Cosgriff and W. R. Cameron and the street and alley, it was pointed out in their petition to the council last week, have never been used although they were officially designated as such.

The council last night also denied application of H. O. Fortner to cut away the entire curb around the corner of a lot at Five Points intersection for construction of a service station.

## B.P.W. Meeting Will Be Held at Pocatello

POCATELLO, Idaho, April 20 (U.P.)—The Idaho convention of the state Federation of Business and Professional Women's clubs will be held here May 31, June 1 and 2, it was announced here today.

Mrs. Lucille Oliver, national field representative, will be the principal speaker.

## HEY KIDS!

Don't forget to enter the big Evening Times marble tournament which starts next Saturday afternoon at Harmon park.

Boys and girls are welcome to enter. All you have to do is have your entry blank at the Evening Times office before 6 p. m. Wednesday or in the hands of Chauncey Abbott, assistant physical director of the junior high school.

It costs nothing to enter and ten big prizes await the winners and runner-ups in the four age groups. And you may be selected as city champion.

Inside this paper you will find an entry blank. Fill it out and send or bring it in.

## Park Opposed by Woman's League

Telegrams are to be sent to senators and representatives expressing opposition of the Women's Republican League of Twin Falls county to the proposed Sawtooth national park as the result of yesterday's meeting of the group at the home of Mrs. E. M. Sweeney.

F. G. Thompson, secretary of the Chamber of Commerce, addressed the league presenting arguments against the park. Miss Izelia McCoy, chairman, presided at the session, which was attended by representatives from Buhl, Hollister and Stanley basin as well as Twin Falls. Following the meeting tea was served.

PAUL MALLON'S NEWS BEHIND THE NEWS An Exclusive Evening Times Daily Report on the Fast-moving Events in the Nation's Capital

Chemistry's More Abundant Life It is easy to think of more exciting things than a chemist making a speech on international trade.

So it is worthwhile to have a look at remarks made recently by William J. Hale, research consultant of Washington, D. C., before a chemists' conference at Macon, Ga.

Chemistry, says Dr. Hale, is going to reduce world trade permanently, because it is teaching men how to substitute homemade commodities for the things they once had to buy abroad.

Do we, then, face a steady decline in world prosperity due to this decline in the interchange of goods? Not at all, says Dr. Hale; for chemistry has found so many ways to use the things which men produce out of the ground and the air and the water that the race will never be able to raise more things than industry is able to use.

For agriculture, as the chemist sees it, is not merely the process of raising foods for people to eat. It is becoming, or about to become, the production of raw materials for industry, as well.

Now, what Dr. Hale is sketching out for us is nothing less than the picture of an era in which any kind of restriction on production will be looked upon as sheer insanity. Because mankind's wants are infinite, industry's markets are infinite also; and with such markets industry can never have an oversupply of raw materials.

You don't need to think very long to understand that a world organized on that basis would slough off most of the problems that are tormenting it today. Unemployment, poverty, want—they would simply disappear. Instead of dictatorships calling on their people to get along on less and less, we would have governments using every effort to increase production in every line.

It sounds like a fairy tale. But the point is that it is a fairy tale which is practically begging us to make it come true. The stage is all set. We are on the threshold of this miraculous new age, and all we need to do is step into it.

How long will it be, do you suppose, before we get intelligent enough to take that step?

The 'Cry Room' A Monticello, Ill., theater introduces a feature that should meet with the loud acclaim of the movie fans who attend it.

Having served for years on the bench in Detroit traffic court, Judge John J. Maher is well qualified to write a book on the subject. And in his book are some interesting anomalies that will interest every student of America's vital traffic problem.

Pot Shots: Twin Falls is no place for a gentleman of romantic imagination and words glowing in the language of love.

Consider this neat bit of technique I showed last week—and then consider the result. Why, Don Juan would have died of consumption fits in Twin Falls.

"Sweetheart, have I made you see an inkling of what I feel about you?" And the gal cocked her head at me, and laid me in the aisle with it.

OH, THERE'S ENOUGH ROOM THERE FOR HIM!

Dear Pot Shots: Is it true that "Pontoon" Kolker got one of his big feet caught in the canyon Sunday?

WE DON'T KNOW whether the rumor about his feet are true, but we understand there was some connection between him and that boulder, although far be it from us to tell you about it!

THE AVERAGE FAN WOULD CHOKE ON THAT!

Pot Shooter: Well, with baseball season now underway, I have been doing some research for the Pot Shots sport department. And I have discovered that the scientific name for cross-eyes is "strabismus."

COULD 'LERSEY' MEAN THE OLD STANDBY, 'LOUSY'?

Pot Shooter: I was down in Salt Lake City last week.

THE GENTLEMAN IN THE THIRD ROW

THE manager of the Bridge Auto Park granted and turned over on his bed. But again there came that insistent knock at the door of his cottage—a knock which he had hoped might be part of a dream.

He was startled to see a rather breathless and very attractive young woman standing there. And he was more amazed yet when he recognized her as the young woman who had called earlier in the day.

"I'm sorry to bother you at this time of night," Martha said. "But I want space for my coupe and trailer."

"You see, I'm with the Airspeed Trailer Company. I'll be here two or three days."

"Showing off the trailer? That's okay, so long as you pay the regular rent. One fellow while back figured his trailer ought to draw customers and he should get in here rent free."

"I intend to pay," Martha said. She reached into her bag.

"Never mind now. I don't like

to lose sleep. See you in the morning."

NEAL was silent a moment, still watching her deft hands. "Your next stop is at Eureka, isn't it?"

"There's some lonely stretches on those northern California roads. You'd better let me come along."

Martha sat down, pushed the lever on the automatic toaster. "San Francisco seems really booming. Why don't you try to find a job and settle down?"

"My job is to see you out of this, look her hand, holding it tightly. "Look here, Martha—that night at the hotel I stopped pretending. Why don't you stop it, too?"

"I-I don't know what you mean."

"Yes, you do, Martha. You haven't the slightest reason to believe in me, but you've believed in me. I've been evasive and secretive, but you've trusted me. Why? Why have you done that?"

"Because I want to find Betty," Martha said.

NEAL shook his head. "No, Martha. Your judgment tells you that you should report me to the police, ask them to investigate Betty's disappearance and broadcast a description of Speddon and his car. Isn't that true?"

"Yes, it's true," Martha sprang upward from the table. "It's true—and that's what I'm going to do!"

Handicapped? WASHINGTON, April 20—President Roosevelt is said to have a new analogy for his supreme court problem.

Once, long ago, he likened his early New Deal situation to the problem of a football team, with himself as quarterback, calling the signals. Now he is thinking about his 5 to 4 supreme court line-up in terms of golf.

"I feel," he said, in substance, to a friend, "like a golfer starting out fresh on a nine hole course, four down."

LAST LAUGH It will sound absurd now, but the senate confirmed those three all-powerful members of the national labor relations board without a hearing or debate.

THE answer to this phenomenon is that few senators really thought the board was constitutional or would ever be important. No one paid any attention to the appointments when they were confirmed in August, 1935.

It is now the board's turn to laugh. Jobs there are not only secure, but the board has been given greater power under the recent court decision than most of the other boards in Washington.

BOISE, April 20 (AP)—The Idaho supreme court has held that Donald W. Tolmie was entitled to have a complete audit performed on the complete audit performed on the Produce company, and reversed in part a decision of Ada county District Judge Charles Winstead.

Tolmie contracted with the San Diego company in 1925 to grow and market potatoes in Idaho and Washington for a salary of \$150 per month and a 25 per cent dividend on net profits.

On December 12, 1933, articles dissolving the partnership were agreed to, and an audit of the company's transactions was ordered to set up the amount owed Tolmie by the produce company.

Tolmie charged the resulting audit varied by \$134,000.96 from records kept by himself, and took the case to court in order to gain a general audit of the company's transactions. The lower court denied a general audit, but permitted certain items to be changed in the audit.

The supreme court reversed the decision, and remanded the case for further action. Costs were divided.

Buhl Session Planned BUHL, April 20 (Special)—All women's Foreign Missionary societies from the churches between Buhl and Rupert will be held in the Buhl Methodist Episcopal church Thursday. The session will begin at 11 a. m., and all ladies are invited to be present. Questions concerning the meeting will be answered by Mrs. Enoch Wall.

TRICK? Mr. Roosevelt's surprising lack of enthusiasm after his supreme court

Editor, Evening Times: How long are we, as normally intelligent citizens of this state of Idaho, going to sit back and be content with exorbitant car licenses and NOT REALIZE some change in the conditions of our highways, other than for the worse? We, the people of this state, pay more to drive our autos than any people of the western part of the states.

WHY? I have not been shown why. If someone, other than a stiff-colored politician, can explain the same, I and thousands like me, would like to know. We have every reason to believe that Idaho's roads can be better than any in the states.

What is more, we have reason to believe that the price of gasoline can be brought into the state to sell at much cheaper prices. Believe you me, if those state executives had to drive something besides Packards and Lincoln Zephyrs around these Idaho roads they would make us Idaho the best state of the west, but as far as the roads are concerned, they are still in the "raw."

TRIBUTE TO HOPKIN Editor, Evening Times: Kindly permit me an additional word of tribute to the memory of the late A. E. Hopkin, city park superintendent.

In a quiet, unassuming way, he had endeared himself to a host of people. I am one of many who were shocked to hear of his sudden demise. Liked by many others, I was only partly acquainted, as I saw him faithfully carrying out his responsibilities at the city park, and I was impressed with the quiet, easy manner in which he directed the laborers there, never in a dictatorial spirit, and I also took note of a ready and cheerful response to his leadership.

As the summer wore on I felt myself drawn to him, we became acquainted, exchanged a few words now and then, and we found ourselves in hearty accord on many important matters. We both objected to unwholesome, trashy literature, even if ably written and popular. We touched on religion without inquiring, or learning each other's church affiliations, but were happy to regard each other as believers in God, our heavenly Father, and that faith we both held as the true cornerstone of life.

I think I can speak for quite a large group of men who frequented the city park during the summer time, and say for all of us, that we shall miss this friendly man, and the park will not seem quite so attractive to us without him.

I beg to assure his family of our fondest sympathy.

The balance due on the bridge, amounting to \$800, was ordered paid by warrant, thus taking all burden from the shoulders of the citizens of this city who had pledged to support the venture financially.

The Family Doctor By DR. MORRIS FISHER

It is not at all certain that a child with adenoids is mentally deficient. Enlargement of the adenoids, however, tends to give him an expression known as an "adenoid face," which in itself is associated with stupidity. A youngster with such an expression has his mouth open all the time, his eyes staring and a little dull.

It should be obvious, therefore, that adenoids ought to be removed. Since this condition usually is associated with enlarged and inflamed tonsils, tonsils and adenoids often are removed at one operation. This type of operation has been done so frequently that it is known in all hospitals as the "T and A" operation.

Removal of a child's adenoids is not at all a difficult operation. It involves a simple cutting procedure with a special apparatus, and is carried out under an anesthetic. It does not require a very long time.

The degree of improvement that a child may show following this procedure is so obvious and significant that anyone who has once noted it would never hesitate when confronted with the necessity of such operation.

Parents frequently ask whether it is possible to treat adenoids with various drugs which might be applied directly, with vapors which can be inhaled with X-ray, or in some other way which would not involve an operative procedure.

To enable his army to cross the Tigris and Euphrates rivers, the emperor Julian had built a bridge of boats made of skins stretched tightly over cedar frames.

## ANNUAL SPRING AFFAIR STAGED BY BOYS' CLUB

The annual spring dance of the Red Knight club was staged last evening at Shadowland with members of the Sigma Delta Psi and Zu Zim clubs as special guests.

Music for dancing was provided by Hubert Peck and his Kings of Swing orchestra and the pavilion was effectively trimmed with red and gold streamers, Red Knight colors. Shields of the guest groups were displayed on the walls and the Red Knight shield was hung above the orchestra pit. Special lighting effects were also used to make the hall attractive.

Attending the affair as special guests were E. V. Larson, sponsor of the Red Knight club, and Mrs. Larson; Alvin Casey, Zu Zim sponsor, and Mrs. Casey; Bert Sweet, sponsor of the Sigma Delta Psi club, and Mrs. Sweet; Mrs. R. L. Roberts and Mrs. Harry Benoit, sponsors of the Tri-C club, Mr. Roberts and Mr. Benoit; Mrs. Orr Chapman, sponsor of the MeT club, and Mr. Chapman.

Punch was served through the evening by Mickey Pumpfrey, Leon Rae Hughes and Betty Jane Larson. Arrangements for the dance were made by Charles Larsen, general chairman; Ed Benoit, activities chairman; and members of his committee: Armour Anderson, George Davidson and Dean Brown. Val Toolson was in charge of the refreshments.

### B. P. W. CLUB INSTALLS OFFICERS

New officers of the Business and Professional Women's club were installed at the regular meeting at the Park hotel last evening. Miss Bertha Tice the outgoing president presided over the meeting. Officers installed were Mrs. Crystal Kelley Van Ausden, president; Miss Marie Bittenburg, first vice president; Miss Merle Newton, second vice president; Mrs. Marian Dunn, treasurer; Dr. Iris Goff, corresponding secretary, and Miss Pearl Crossland, recording secretary.

As a feature during the entertainment program, senior class members of the high school, under the direction of Miss Florence M. Rees, presented a skit from the class play, "No More Frontier." The drama was written by an Idaho author, Talbot Jennings, and will be presented at the high school auditorium May 13, 14 and 15. Those taking part in the presentation last evening were Frank Perrine, Miss Vivian Anderson, Miss Mildred Smith, and Herbert Larson.

Members of the club practiced group singing in preparation for the district meeting at Buhl on May 2. Refreshments were served by Miss Tice and Miss Newton.

### BRIDGE CLUB MEETS FOR GAMES

The Moa-Con bridge club was entertained last evening by Mrs. Jack Carson at her home. Guests were Mrs. Ralph Bacon, Mrs. Harold Cross, Mrs. Gene Davis, Mrs. Riley Joy and Mrs. Tom Pouik, both of Boise.

High score prizes at cards were received by Mrs. Artell Kelly and Mrs. William Brown. Three tables were at play through the evening. After the games the hostess served refreshments from a single table trimmed with a floral centerpiece.

### ORCHALARA CLUB ATTENDS MEETING

Members of the Orchalara Home Demonstration club were guests of Mrs. W. S. Parish yesterday afternoon at her home on Shoshone street. Roll call was answered by household hints and Miss Margaret Hill, home demonstration agent, led a discussion on household cleaning hints.

After the meeting a silver tea was served by Mrs. Parish and Mrs. Hudson. The group will meet next on May 17 at the home of Mrs. Paul Baker.

### MISS MCBRIDE'S MARRIAGE ANNOUNCED

Mr. and Mrs. Virgil McBride announce the marriage of their daughter, Monetta, and Boyd Bridges, Burley, son of Mr. and Mrs. Charles Bridges, on Sunday at 12:30 o'clock at their home.

She was given in marriage by her father and was attended by her sister, Miss Nellie McBride. Best man was Art Tranner. The bridal party was grouped under an archway of white streamers with a white wedding bell in the center. Performing the ceremony was J. E. Alired of the L. D. S. church.

The bride was gowned in a long red satin frock with a white net coat and carried white roses and her maid of honor carried crimson sweet peas. The rooms of the home were decorated with flowers for the occasion.

Following the ceremony a wedding supper was served for the party which included the members of the two families and close friends.

Mr. and Mrs. Bridges have gone to Burley to make their home. Mrs. Bridges' going away outfit was a grey suit with blue accessories. She was a senior in high school here.

### PROGRAM HEARD BY STAR SOCIAL CLUB

Mrs. C. A. Emes entertained members of the Star Social club yesterday afternoon at her home on Ninth avenue north. The brief business session conducted by Mrs. C. C. Clark was followed by a program arranged by Mrs. E. J. Malone.

Numbers included "Brother Take a Bow," a humorous reading by Lucille Dillingham; "Homeless American," an oration by Grant Sawyer, and a paper read by Mrs. Grace Butler, "More Life in Stardom."

The program was followed by a buffet luncheon served from a table centered with carnations and snapdragons. Mrs. Clark poured. The hostess was assisted by Mrs. R. T. Nyblad, Mrs. Stuart Sevens and Mrs. Clark.

## K. OF C. URGED TO NEW CRUSADE

### Monsignor Keyzer Lashes at Communism Philosophy as Foe to Religion

Mon. Rev. S. Keyzer, Rupert, former pastor of St. Edward's Catholic church, spoke before a gathering of Knights of Columbus Sunday afternoon urging a modern religious crusade. In his talk he compared the Christian Apostles' Creed with the philosophy of Communism.

Delegations from Buhl, Burley, Jerome, Rupert and Shoshone attended the meeting which was held in the Odd Fellows hall. The meeting opened with group singing of "America" led by Mrs. Frank Kiefer, Jr. Paul L. Kraft, grand knight presided at the meeting and introduced Father H. E. Hellman, St. Edward's parish, as master of ceremonies.

William Malberg, Catholic action committee chairman, urged the need for the laymen to lend active aid to religious authority.

During the session, Jack McKinley, deputy grand knight, explained the Knights of Columbus insurance plan, and Joe Walker, membership chairman welcomed applicants for membership.

Entertainment was provided by four-year-old Joe Seidel, accompanied by his mother, singing two songs; Miss Marjorie Driscoll, accompanied by Jeanne Robinson, singing two numbers; and by Jack McKinley who gave a reading, "Casey at the Bat."

### CHAPTER STUDIES RUSSIAN LITERATURE

Zeta Pi chapter of the Delphian society met yesterday afternoon at the Legion Memorial hall and spent the period on the study topic, "General View of Russian Literature." Mrs. M. E. Shotwell presided in the absence of the president and a review of the last lesson was given by Mrs. J. H. Seaver, Jr.

Topics presented were "The National Mind in Russian Literature," Mrs. Albert Wegener; "The Influence of Pushkin," Mrs. H. A. Salisbury; "Gogol," Mrs. Burton Perrine; "Turgenev's Symphony," Mrs. Russell Potter; "Dostoevsky's Crime and Punishment," Mrs. W. W. Thomas; "Characteristics of Russian Literature," Mrs. Mitchell W. Hunt; and "Russian Women," Mrs. D. R. Churchhill.

The word drill was conducted by Mrs. J. S. Diefenderfer.

### SHOWER GIVEN FOR MRS. KUYKENDALL

Mrs. J. D. Earhart and Mrs. A. C. Rutherford arranged a surprise shower on Sunday for Mrs. Alfred Kuykendall, who was recently married at Pasadena, at the home of her parents, Mr. and Mrs. W. P. Rude. Approximately 50 friends were present.

A program included two musical numbers by the Francis trio and Mrs. L. L. Thewlis read two original poems, "To the Bride," and "To the Groom." Roland Egbert sang "The Brown Bird Singing" and Keith Egbert presented a trumpet solo. Junior Hansen played a guitar solo. Miss Hazel Dillon presented requested piano numbers and Mrs. Earhart expressed the good wishes of the guests.

Refreshments were served by the guests and the bride cut a three-tiered bridal fortune cake given her by Mrs. Rutherford.

In the cast were Ray Sudderth, Leo Knudson, C. F. Wursch, Anne Lozler, Everett Griggs, Wayne Strickling, Tina Pastoor, Grace Lozler. Direction was by Miss Audrey Westinger, teacher of music in the Hollister schools.

Sallors were Elmer Clute, Walter Heckil, Ronald Huddleston, Wesley Jensen, Gene Lawrence, Roy Shatto, Lossen Standlee, Clinton Webb. Ladies of the court included Barbara Flora, Sarah Flora, Grace Humman, Irene Humman, Lois Kunkel, Margaret McCabe, Dorothy Parrett, Janet Pastoor.

Dutch girls were Anne Frey, Bessie Frey, Ruby Frey, Anna Lanting and Dora Barrett. Dutch boys were Bill Dean, Arley Eastman, Amos Human, Leslie Jones, Scott Kunkel, Byron Ruegsegger and Roy Van Buren.

## H. S. Gets Two Dressing Rooms For Play Casts

Two rooms in the dome of the high school have been converted into dressing rooms for high school actors and actresses. Members of the Stage club under the direction of Ivan and Irvan Johnson have cleaned, painted, kalsomined, and renovated the unused rooms. Make-up cabinets, lights, mirrors and chairs have been installed.

In the near future one room will be converted into a rest-room, for actors and actresses to use while waiting for their cue, by the addition of divans, easy chairs, tables and reading lights with the other room having a special lighting system and make-up mirrors installed.

A special telephone system from the stage to the dressing rooms is being installed and will be used to call the actors and actresses to the stage five minutes before their scheduled appearance.

The cost of the telephone will be defrayed by some of the proceeds from the operetta and the senior class play.

## SERVICES HONOR GEORGE PATRICK

BUHL, April 20 (Special)—Funeral services for George D. Patrick were conducted Friday from the Buhl Christian church with M. M. Van Patten and Rev. Roy L. Titus officiating. A mixed quartet composed of Mrs. Luntley, Mr. and Mrs. C. M. Pickrell and John Brown sang three numbers. Pallbearers were Harry Reiley, Walt Moore, Harry Barry, Worth Olds and H. A. DeNeal. The honorary pallbearers were Jim Shields, Jr., Wesley Fuller, Fred Hartwell and W. F. Cox. Interment was in the Buhl cemetery under the direction of Evans and Johnson.

George Patrick was born Dec. 28, 1857 at Collbranch, Ky. He came in 1896 to Three Creek where he was engaged in raising livestock until February, 1913, when he moved to Buhl where he resided until four years ago. He had made his home with his son, E. I. Patrick, at Twin Falls, for the past few years.

### Hitch-Hiker Errs

FALL RIVER, Mass. (U.P.)—A woman hitch-hiker "thumbed" her way into the police station here. En route to New York, she mistakenly asked Ernest Wawn and Albert Gossin, state troopers, for a lift. They drove her to a police station, where she was charged with vagrancy.

## VICTIMIZED BY A GASSY FORM OF INDIGESTION

Awful Bloating — Miserable Heartburn — Now Van-Tage Brought Him Relief and He Endorses It to Others.

gas bloating. I can't even describe them. But since I got Van-Tage my gas and bloating are gone. Now I can eat! I simply Bless the Day I found this medicine!"

All over This Section, people are talking like that about VAN-TAGE. The Amazing New Medicine now being introduced to the local public at the Schramm-Johnson Drug Store, 102 North Main St., and Kingsbury's Drug Store, 116 Main Ave. South. For instance, just a few days ago, Mr. C. C. Merrill, of 600 15th St., Denver, Colo., made the following Remarkable Statement:

How Van Tage Acted to Relieve Gas & Bloat gassy form of indigestion for many years," said Mr. Merrill. "Had to avoid all greasy or starchy foods, as these things caused me to bloat up with gas and have awful attacks of heartburn. I heard about Van-Tage and started taking it, and I am able to eat what I choose. The gas bloating and heartburn have been relieved. I heartily endorse this medicine to everyone who suffers as I did."

# 224,000 Fans Expected to Witness Ball Games Today

## 2 PHILADELPHIA CLUBS COP FIRST DAY'S CONTESTS

66,000 See Opening Games Of Year at Washington And Boston

By GEORGE KIRKSEY  
NEW YORK, April 20 (U.P.)—The baseball season is on and Philadelphia rules the baseball world, for one day anyway.  
The Phillies and Athletics, last year's cellar teams, won their opening games and today hold undisputed sway in the major leagues. But by nightfall both teams will share their No. 1 berths with others.  
The rest of the clubs play their openers today. With fair weather forecast, approximately 224,000 persons are expected to see today's seven games. The Phillies and Bees are idle.  
Today's games and probable crowds:

**American League**  
Washington at New York, 50,000  
Boston at Philadelphia, 15,000  
Cleveland at Detroit, 38,000  
Chicago at St. Louis, 15,000

**National League**  
New York at Brooklyn, 40,000  
St. Louis at Cincinnati, 36,000  
Pittsburgh at Chicago, 20,000  
Evidence that baseball is in for a highly prosperous year was furnished by yesterday's two openers. A total of 66,063 attended the games—33,000 at the Athletics-Senators at Washington and 33,063 at the double header between the Bees and Phillies at Boston.

Stellar work by a rookie battery team, Al Williams from Atlanta and Earl Brucker from Portland, enabled the A's to win 4-3 in 10 innings.

Brucker doubled in the tenth off Joe Casarella to send in Bob Johnson, who had walked, with the winning run. Williams relieved Edgar Smith, another rookie, in the third inning and held the Senators to 4 hits in 7 2-3 innings to win his major league debut.

The Phillies won two games against the Bees, 2-1 and 1-0. They won the first game in 11 innings on a homer by outfielder Morris Aronovich. Wayne LaMaster received credit for the victory.

Bucky Walters outdueled Danny MacFayden in a tense pitching battle to give the Phils the second game. The Phils' winning run came on an infield error, Leo Norris' single and an infield out.

### Today's Pitchers

NEW YORK, April 20 (U.P.)—Today's pitchers:

- American League**
  - Washington at New York—(Newson vs. Gomez)
  - Boston at Philadelphia—(W. Ferrell vs. Kelley)
  - Cleveland at Detroit (Harder vs. Aufer)
  - Chicago at St. Louis—(Kennedy vs. Hildebrand)
- National League**
  - New York at Brooklyn—(Schumacher vs. Mungo)
  - St. Louis at Cincinnati—(J. Dean vs. H. Davis)
  - Pittsburgh at Chicago—(Blanton vs. French)
  - Philadelphia-Boston unscheduled.

### His Team Wins

Connie Mack, the aging manager of last year's American League Philadelphia team, had his squad of youngsters in first place today, following a 4-3 win over Washington Senators before President Roosevelt yesterday.

## SEASON OPENS IN NORTHERN CITIES

First Baseball of Year in Pacific Loop Set for Seattle, Portland

By United Press

The 1937 baseball season opened today in the Pacific northwest. The opening found Seattle in the thick of the fight for first place, half a game behind the pace-setting San Diego Padres, and Portland, the 1936 champions, dragging along in seventh place. The champions have not yet found their stride.

The San Francisco Seals, leader a week ago and fifth placers today, provide the opposition for Seattle this week. Los Angeles, fresh from taking a 5-2 series verdict over the Beavers, renewed the battle with Portland on the latter's home grounds.

Four teams remained in California to continue the play staved two and one-half weeks ago. San Diego and Sacramento, tied with Los Angeles for third, battled on the former's grounds, and Oakland took a ferry ride to San Francisco to play the Mission Reds, present cellar occupants.

League statistics released today by William McGee, San Francisco expert, showed Pete Coscarart, Portland third baseman, leading the batters with a .418 mark; MoWilliams of Los Angeles second with .408 and Thompson, San Diego, third with .394.

## Clark Names Men to Athletic Commission

BOISE, Idaho, April 20 (U.P.)—Governor Barzilla Clark today appointed two new members to the state athletic commission, and reappointed a previous member.  
New members were J. A. (Joe) Parker, Idaho Falls, and Frank M. Tassin, Wallace. Ralph J. Davis, Boise, was reappointed.  
Parker and Tassin replaced O. D. Emlahiser, Moscow; and A. C. Hanney, Idaho Falls.  
The commission regulates boxing and wrestling in the state.

# U. of Idaho Wrestlers Complete Undefeated Year

## BURLEY MEMBER OF GROUP WINS

B. Huntington Goes Through Entire Season Without Losing a Match

MOSCOW, April 20 (Special)—Undefeated during the 1937 season, the University of Idaho wrestling team under the captaincy of Paul Jones, New Plymouth, has packed its logs in both halves until another season. Four of the Vandal bow twisters went through the season without defeats.

Two northwest collegiate champions of 1936 from Idaho repeated their winning streaks during the past season. Paul Jones, 135-pounder who represented the northwest in the Olympic finals at Bethlehem, Pa., took the championship again as did Robert Miller, Moscow, in the 118-pound class.

The Vandals recorded wins over Washington State college twice, the University of Washington, and won the triangular meet between the three schools, giving them four straight victories and the mythical northwest team championship.

Bert Huntington, Burley, and Noel Hallett, Council, joined Miller and Jones in the undefeated class for the season, and will replace the two graduating champions as head men on the wrestling team next year. Replacements for 1938 are expected from the present freshman ranks in the form of Forrest Ober, Whit-tier, Calif., promising heavyweight; William Barrett, Boise, 135-pounds and Roy Burkett, lightweight from Moscow.

Other seniors who will be lost to the squad next year are: Jack Woods, Emmett, and Roy Van Slicklin, Wolsler, 135, and heavyweight respectively.

## GOLF OPEN SETS QUALIFY ROUNDS

Five New Cities, Including Salt Lake, Added to List For 1937

NEW YORK, April 20 (U.P.)—Qualifying rounds will be held in 33 cities this year to determine the field for the United States Open championship, the U. S. Golf association announced today.

Five cities were added to last year's record number of 28. The new sections were Little Rock, Ark., New Orleans, Salt Lake City, Grand Rapids, Mich., and Huntington, W. Va.

The increase was made after a survey showed a record of 2,377 last year; continued growth of golf generally; and the relatively central location of the 1937 championship—County club, Birmingham, Mich.

The total field will be 470, the same as last year. Qualifying rounds of 36 holes of stroke play will be held in 30 sections on June 1. Three rounds will be contested May 17 at Los Angeles, San Francisco and Tacoma, Wash., to accommodate any coast players who may be competitors in the P. G. A. tourney May 24-30 at Pittsburgh.

Deadline for coast entries is May 8 and May 18 for the other 30 sections.

## SHUMWAY DENIES "PRO" REPORTS

Star Idaho Boxer Continues Study; Will Complete Schooling

MOSCOW, April 20 (Special)—Rolly Shumway, Idaho's first national collegiate boxing champion, returned to his classes at the university last week from his win in the Sacramento tournament. The Idaho leather pusher defeated Danny Farrar, Duke university, defending welterweight champion.

Upon his return, Shumway emphatically denied reports sent out from Sacramento that he would enter the professional boxing ring. The stocky 145-pounder declared that he had been misinterpreted and that he would not turn pro until his college education was complete.

Unlike most athletes, Shumway has his eye set upon a doctor's degree in game conservation. At Idaho he is taking several forestry courses, but plans to earn his master's and doctor's degrees in some California institution when he graduates from Idaho.  
Shumway will fight, under the Idaho banner for two more years and will defend his title in the national collegiate tournament next year. His home is in Redmond, Oregon.

**Britt Wins**  
HOLLYWOOD, April 20 (U.P.)—Alvin Britt, Ouray, Kans., threw Pete Dolocastro San Francisco; Lon Chaney, Hollywood, threw Young Gotsch Miami, Okla.; Steve Okcy, Alaska, threw Ivan Tsaputlin, Russia; Bill Inall, Chicago, drew with Jimmy Goodrich, Philadelphia; and Rick Davidson, Los Angeles, threw Danny McMillin, Los Angeles.

## TIME LIMIT FOR SOFT BALL LOOMS

Board Maps Nightly Deadline For Finish of Games and Turning Off Lights

Placing of a definite limit on the hour to which Lincoln field may be used for softball games each night was being arranged today by the Twin Falls school board and the

Mrs. Ralph B. Smith was named by the board to contact the committee and arrange a nightly deadline. The deadline, together with the Junior Chamber of Commerce agreement to halt play Aug. 1 and to repair Lincoln field by bringing in a new sod, will be incorporated in a written agreement and signed by the Jaycees and the board, last night's discussion indicated.  
Probable time at which the field must be cleared and lights turned off each evening will be between 9:30 and 10 p. m. It appeared from the trend of the board opinions.

## First No-Hitter

NEW YORK, April 20 (U.P.)—The first no-hit, no-run game of the season belonged today to a high school pitcher, Frank Tosa, who hurled Townsend-Harris high to a 6-0 victory over Columbia grammar yesterday. It was a 7-inning affair and lanky Righthander Tosa struck out 13 batsmen.

**ROOM 216 WINS**  
In the playoff of a tie game in the home room softball league of the junior high school, room 216 walloped room 110 by a score of 20-4.

## Feller's Success Starts Sweeping Change in Upbringing of Children

By HENRY McLEMORE  
NEW YORK, April 20 (U.P.)—When Bob Feller signed his name to a \$10,000 contract, thus completing his rise from boy to baseball star, he may well have revolutionized the upbringing of boys in this country.  
If you have read young Feller's life story—and you could hardly have missed it, because it's been published in everything, including Braillo—Papa Feller is the man responsible for Bob's major league contract. Bob was given a baseball for a rattle, cut his teeth on an old glove, and wore a sliding pad instead of rubber pants. Soon as Bob was old enough to stand Papa Feller took him behind the barn, stuck a baseball in his chubby fist, and said:  
"Start a chunkin', son. And keep on a chunkin' until you got everything Matty had."

Practiced 17 years  
And for 17 years that's just about all Bob did, with Papa Feller as catcher. Everything worked out just as Papa Feller had planned. Bob became a great pitcher, was signed by a major team, and now is wallowing in gold and headlines. And Papa Feller sits off the front porch with his feet on the banisters, smoking cigars as black, if not as big, as pythons.  
My scouts in the farming districts of the United States have written me that Feller's success has resulted in a sweeping change in the upbringing of the children in their areas. Scout 893, writing from the corn belt, had this to say:  
**Activity Behind Barns**  
"The chief activity on farms in my area now is centered behind the barns. The land immediately behind barns is so cluttered with boys plucking to their parents that "standing room only" signs are being hung out.

"In those families where there are more than one boy mothers and daughters are being pressed into service as backlogs. As a result of this feverish determination to develop another Bob Feller, crops are being neglected, cows are being milked hours behind schedule, and patched quilt and jelly production has fallen off 60 per cent."

**Southern Report**  
From the south, operative K913 turned in this report:  
"Don't be surprised if this country is hit by a famine next year. Since Bob Feller came along the farmers have abandoned potatoes, corn, turnips, and tomatoes, for the development of knucklers, fadeaways, sinkers, hooks and fast balls. Barns behind which to practice are at a premium."

In connection with the shortage of barns, operative K913 suggested a sound get-rich-quick chime, and offered to let me in on the ground floor. It is his idea to build portable barns

and take them around the country, leasing them to barnless fathers with boys. I think I'll accept the offer, because the field for these barns is limitless.

**Isn't Limited**  
"It isn't limited to the farming country. Right here in New York there must be thousands of parents without barns, who are having to practice their boys behind skyscrapers, beneath elevated pillars, and alongside delicatessen shops. And Papa Feller has proved that this isn't the right setting. A red barn is the one sure setting.

I believe these barns, with a Rhode Island Red rooster thrown in free for a target, would sell like hot cakes. If the chicken got killed by a knuckler or a splitter that would be all right, because take it from me there are few finer dishes than a Rhode Island Red rooster, smothered in T-bone steaks. (Copyright, 1937, United Press)

## ABC Payoffs on Low Score to Be About Same as Last Year

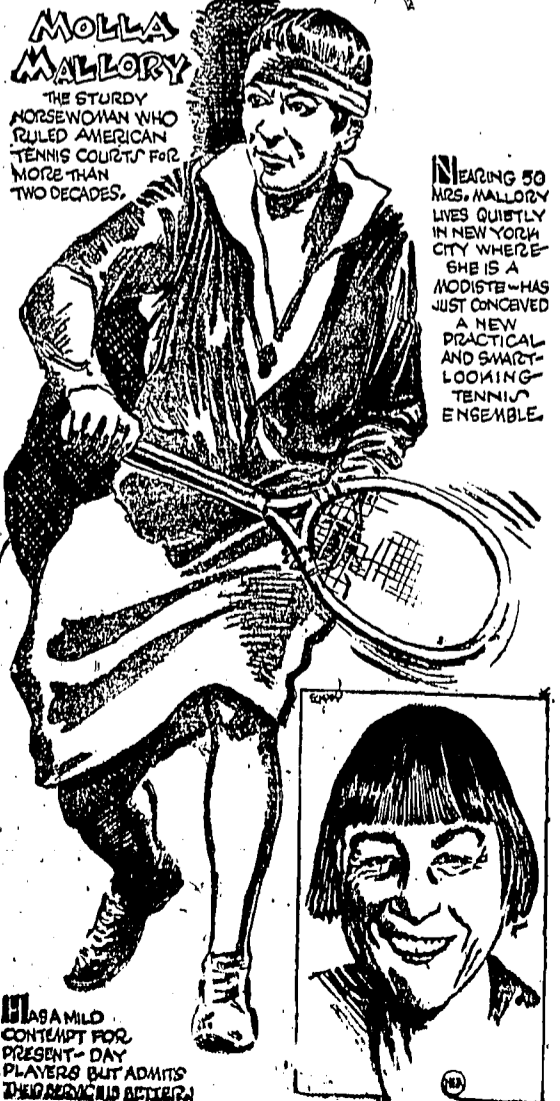

NEW YORK, April 20 (U.P.)—The low-scoring pay-offs in the American Bowling Congress tournament will be nearly the same as last year, the current scores indicated today, despite the fact there is \$38,803 more prize money than a year ago.  
The lowest score in the team money in 1936 was 2,703; in the doubles 1,135; singles 582, and all-events 1,811. Today the lowest money figures were 2,672 in the five-man event; 1,111 in the doubles; 568 in the singles, and 1,801 in the 11-events.

**MORAN WINS**  
PORTLAND, Ore., April 20 (U.P.)—Sailor Moran, of New Orleans, defeated Tommy Tassass, of Chicago, in the main event on the wrestling program here last night.

High Per Capita Rate at Library, Statistics Show

Ten library books are read every year by each resident of Twin Falls and registered borrowers from the Twin Falls library read 18 annually, per capita figures compiled for the year by Miss Jessie Fraser, librarian, show.
Other generalized figures indicate that each volume circulates seven times a year and library employees handle a turnover totalling 25,848 books through the 12 months.
The showing made by local readers is well above the median of 8.39 per capita circulation for cities with a population of 10,000 to 30,000. Miss Fraser reports. Twin Falls is rated as having 12,786 by the library to include suburban registered borrowers or potential patrons.

Lowest national per capita circulation is 2.93 and highest is 19.43, a record made by Palo Alto, Calif.
Definite relation is found between the per capita circulation and the number of volumes in the library. Miss Fraser indicated. Palo Alto has 56,000 books or four volumes per capita. The local library owns 16,787, or a little more than 1/3 of a book for each resident of Twin Falls.

CONTROVERSY ON ROAD DEVELOPS

Council Turns Down Plea Which Would Shut Off Rock Creek Trail

Plea of Marshall M. Daniels, manager of the Twin Falls stockyards, that the city council take steps to cause the closing of a road leading from the west end of Commercial avenue into the canyon met with disapproval of council members last night as they informed Mr. Daniels they were powerless in the matter.
Daniels came before the council stating he was to construct a "cattle alley" from the property which he owns and on which the pens are constructed, across the road in question to railroad property which he now holds under lease. He told council members that in order to do this he would have to have permission to block the road which, he said, is used very little and "will not handicap the people who live in Rock Creek, because they can go out the other way which is no longer a 'Fight Own Battles'."

Through Acting-Mayor Lem A. Chapin who presided at the meeting in the absence of Mayor Duncan McD. Johnston, and City Attorney George M. Paulson, Mr. Daniels was told he would have to "fight his own battles" in securing the closing of the road.
"If we were to pass an ordinance closing that road," Acting-Mayor Chapin said, "it would not hold one day. Those people down there have already been to us and told us that they use that road. That makes it a public road."

Chapin pointed out that it makes no difference as to whether or not persons using the road in question were taxpayers, after a query by Daniels as to taxpayers' rights.
"A public road is open to all," Chapin said, "whether they be taxpayers or just visitors."

Heated Discussion
During the discussion, heated at times, a suggestion was made that perhaps Mr. Daniels could construct an underpass under the road. Daniels said that would be all right with him if the city paid for it.
"Here I already have \$50,000 invested out there and now you expect me to spend \$30,000 more for an underpass," he said after the council intimated that the city would not construct such a subway.

"I can see a legal technicality in what you gentlemen are arguing about," Daniels said, "but I still cannot see why a legal technicality should be used to block a move which means much to the investments of the company and which means little or nothing to the approximately five cars who travel that road."

"I have tried to buy them out down there," he said, "and I have tried to force them out and now I come before the council to ask that permission be given to block the road and that is refused. I'd like to know what I am to do."

Asks Purchase Aid
Daniels said that if the city could assist him in purchasing the necessary land to block the road he would be willing to do so. Council members, however, said such arrangements would have to be made through the Rock Creek Realty company and not through the council.

Daniels told of the amount of business done by the company each year and what it meant to the city. He also said that he had to supply his own watchmen to "guard the place at night so that it won't be carried away." He asked that the city furnish him this protection from residents of the canyon who he claimed "are stealing and damaging my property."

Lincoln Students Join Model Class

Small Scale Airplanes and Ships Are Planned

Classes twice each week in model ship and airplane construction will feature a program inaugurated this week by E. D. Breedlove, WPA junior supervisor of recreation at the Lincoln school, it was announced today.

Breedlove will hold hour classes two afternoons each week in the school basement immediately after the final class. Only those interested in boat or plane building will be permitted to attend as facilities are limited. Students will be boys from the fourth and fifth grades.

The supervisor is also staging a series of hikes to surrounding points of interest which also will be held after school. Today 15 boys from the third grade hiked out to the Twin Falls fish hatchery and other hikes, three a week, are planned for other students from higher grades.

WHEAT ERRATIC ON DULL MARKET

CHICAGO, April 20 (U.P.)—Wheat prices moved erratically in a dull market on the Chicago board of trade today. Trading was light.

At the close wheat was 1/2 cent higher and oats 1/2 cent lower to 1/2 cent higher.

The deferred futures sagged on reports of rain throughout the southwest winter wheat area. This news attracted fair pressure on rallies.

Some of the support in September wheat was against sales of corn. Winnipeg was inclined to show weakness at times but Liverpool was irregular.

Upturns in corn were led by the May future. Deferred contracts, especially September, were held in check by selling against purchases of wheat.

NEW YORK, April 20 (U.P.)—Wall street interpreted the President's special relief budget speech favorably today and stocks firmed in nearly all sections.

At the top, gains ranged to more than four points in the main list and to eight points in some high-priced special issues. Prices eased slightly from the highs before the close.

Coppers moved against the trend, losing fractions to more than a point on another reduction in domestic prices of copper. Steels made a good recovery. A rise in rails was helped by indications of higher car loadings. Oils were fractionally higher. Motors firmed. Utilities were better. DuPont de Nemours 159 1/2. General electric rose a point. STOCKS GAIN ON EXECUTIVE TALK

NEW YORK, April 20 (U.P.)—Wall street interpreted the President's special relief budget speech favorably today and stocks firmed in nearly all sections.

At the top, gains ranged to more than four points in the main list and to eight points in some high-priced special issues. Prices eased slightly from the highs before the close.

Coppers moved against the trend, losing fractions to more than a point on another reduction in domestic prices of copper. Steels made a good recovery. A rise in rails was helped by indications of higher car loadings. Oils were fractionally higher. Motors firmed. Utilities were better. DuPont de Nemours 159 1/2. General electric rose a point. Oakley Skeleton Discovery Brings Official Checkup

OAKLEY, April 20 (Special)—Skeleton of a boy, buried probably for 50 years, offered a mystery here today that probably will never be solved.

Sheriff's officers, the coroner and county commissioners investigated finding of the skeleton Sunday, but because of the fact that the bones have been buried so long and that no signs of violence could be detected, no further action is planned.

The skeleton was uncovered by Norman Fairchild while he was digging a cellar for an addition to his residence. Officials computed its probable length of burial by the fact that the house is estimated to be at least 50 years old and the body was buried before the building was erected.

Officers and the coroner said after examination that the bones probably were those of a boy between the ages of 10 and 15. The skull was well preserved but the rest of the skeleton was in decay. A full set of teeth was in the mouth cavity. The skull was given to Henry Bowles, druggist.

HIGHLIGHTS On FDR Speech

WASHINGTON, April 20 (U.P.)—Highlights of the President's budget message:

"I regard it as extremely important that we should achieve a balance of actual income and outgo for the fiscal year 1938, and I appeal to you to join me in a determined effort to bring about that result."

"While I recognize many opportunities to improve social and economic conditions through federal action, I am convinced that the success of our whole program and the permanent security of our people demand that we adjust all expenditures within the limits of my budget estimate."

"I recognize the need for flood prevention and control, but it should be realized that to finance such large immediate expenditures as are contemplated by the majority of the flood control bills now pending in the congress would impose an unjustifiable burden upon the federal treasury."

Mr. and Mrs. Kenneth Mann and children are moving to Rupert to make their home.

# TWIN FALLS SCHOOL BOND NEEDS FIXED AT \$334,372

## BOARD VOTES ON PLANS FOR NEW EXPANSION HERE

### Members Scan Proposals For Buildings; Meet Thursday To Call Election

Twin Falls' overcrowded school system needs \$334,372 to relieve the pressure of existing inadequate facilities, the board of school trustees had decided today.

Possible plan for purchase of a site to be used in the future was included in the building program estimate by the board after scanning architects' estimates at its adjourned meeting which concluded early this morning.

The \$334,372 needed for buildings and improvements was reached after the board voted on its choice of plans for the three grade schools and for the high school building. Members attempted to keep the total funds as low as consistent with the drastic requirements facing the district.

No action was taken last night on definitely calling the bond issue election, since the trustees decided to reconvene Thursday evening.

The proposed plans, as adopted by the board:

High school—approved \$50,000 improvement and remodeling program.

Lincoln school—approved \$107,000 new unit.

Bickel school—approved new building at cost of \$139,410.

Washington school—approved four room addition at cost of \$28,560. Lighting improvements would be \$1,512 additional.

### Modern Lighting

Modernization of the lighting system in all buildings is also provided under the suggested proposals.

The program as submitted last night by the associated architects handling the proposed building program—More, McQuaker and Lash—followed the general lines of the report submitted by Dr. Thomas R. Cole, educational expert from University of Washington.

Varying from Dr. Cole's report, the board's approved set-up proposed a mezzanine floor in the former Twin Falls gymnasium, the present main building room, and in building a larger unit at Bickel because of saving in ultimate cost as compared with a smaller new unit and use of the present outmoded structure.

### Physical Education

Salient feature of the building program, if approved by the bond election voters, is that Twin Falls will not only be given the additional structural facilities it needs but also will install the physical education program that was cited as a "modern necessity" by Dr. Cole. The new buildings at Bickel and Lincoln school, the addition at Washington and the improvements at the high school will provide for physical education. Dr. Cole informed the board several weeks ago that the step would mean a "definite improvement in both the health and moral tone of Twin Falls students."

The new units at Lincoln and Bickel will include auditoriums to be used also as school lunchrooms, with serving and kitchen facilities in connection. The lunchroom plan would also be installed in the high school and at Washington. Mid-day lunch facilities, especially for students coming in from rural districts, are notably lacking at present throughout the entire system, the board agreed, Dr. Cole had also urged this feature strongly.

### Bickel Building

Architects' plans approved by the trustees for the new Bickel school, replacing the present "firetrap" structure, call for 21 classrooms, auditorium, lunch-room, kitchen, clinic, physical culture rooms and other facilities. The old building would be abandoned.

The plans for the new unit at Lincoln school, to be used in conjunction with the present building, specify 11 classrooms, also with auditorium, lunch-room, kitchen, physical culture quarters and facilities similar to those at Bickel.

The high school plans would carry out the following:

Physical education space provided in gym through collapsible bleachers and a large curtain dividing the gym so that boys and girls can use it simultaneously for the classes.

### Locker Room

Locker room for physical education classes by building mezzanine floor over old gym (present manual training room). Mezzanine to include showers, added toilet facilities, steel lockers etc.

Two new manual arts shops. Expansion of science and biology facilities.

Steel lockers replacing wooden ones in corridors of building.

Improvements in the art and mechanical drawing rooms.

Expansion of typewriting room. Increase in toilet facilities.

New lighting arrangements for entire building.

The high school improvements were termed by Dr. Cole as among the most vital problems facing the district.

## Home Unit Plans Courthouse Meet

Last minute change in the meeting place Wednesday at 8 p. m. of the American Citizens Protective association, a home building organization, was announced today by Al Hacker, chief of research in Twin Falls county for the group.

Originally scheduled for the high school building, the meet will now be held at the court house on the third floor, Mr. Hacker said.

## Blond Batoner

You can say what you like, but Zita Ray Hutson, the blond bombshell whose buoyant band batoning set a new high in sultry serenades, has something even when she isn't sheathed in shimmering satin on her orchestra-leading stage tours. This picture of her vacationing in Miami proves it.

## Schools to Observe Health Day in May

Child health day, observed nationally on May 1, is to be marked in Twin Falls county by 31 rural schools between May 1 and 7. It was announced by Parent-Teacher association officers, sponsors, today.

All clubs belonging to the Rural Federation will note the day at their meetings nearest May 1 and the Lincoln Parent-Teacher association study group, in marking the occasion will hear a talk by Dr. J. W. Hawkins, guest speaker, on child health. The address will be followed by a tea given by the winning members of a recent membership contest.

Posters commemorating child health day are on display at the library and at the county superintendent's office.

Observance in Buhl will be under the direction of Miss Clyda Smithson, chairman.

## HEALTH UNIT IS AMONG LEADERS

### Organization in County Rated Among Nine Best-Ranked in Western States

The Twin Falls county health unit, under the direction of Dr. J. W. Hawkins, is listed among 66 counties throughout the United States which have a good chance of being selected as winner in a contest conducted to choose the most effective health protection program during 1936. It was revealed here today.

The contest is sponsored by the United States Chamber of Commerce in connection with the American Public Health association, and is sponsored by the W. K. Kellogg foundation of Battle Creek, Mich.

Awards will be given to counties which, in the opinion of the group of health experts known as the grading committee, have the best complete programs of community-wide health protection.

Two hundred and seven counties over the country entered the contest and Twin Falls county is now listed among nine chosen from the western states. The awards will be made and winners announced at a U. S. Chamber banquet scheduled for Washington, D. C., on April 27.

The awards, it is stated, will go to those counties having the most effective combination of health protective services.

## RUPERT

The Daughters of Utah Pioneers met Friday at the home of Mrs. Herman Johnson, with 20 members present. Mrs. Hilda Kump was installed as vice president. Mrs. R. C. May gave a report on the convention of the society which she attended in Salt Lake City. After the lesson and singing of pioneer songs, the hostess served lunch. Guests of the group were Mrs. C. A. Jones and Mrs. Carl Lowder.

Mrs. Rose Galloway, Mrs. Arthur Gordon and Mrs. Ina Moser of Twin Falls, who formerly lived here, visited friends here while attending the Baptist convention.

## Aggregate Boost of \$8,292 Voted For Teacher Salaries

Aggregate salary increases totaling \$8,292.50 for more than 105 teachers and principals in Twin Falls school system had been voted today by the school board following a prolonged session that adjourned shortly before 1 o'clock this morning.

The increases average just over eight per cent for the entire system, the general board was informed by its committee which mapped the pay boosts after conferences with the principals.

### Planned Individually

The report was approved unanimously as presented by the committee, which explained that each teacher had been considered individually in charting the schedule of increases for 1937-38.

All teachers in the system received advances. Committee which drafted the upward scale consisted of E. P. Stettler and S. H. Graves, whose work of conferring with the principals and preparing a painstaking individual list was praised as a "forward step" in the manner of adjusting pay scales.

Minimum starting salaries for use in hiring of new instructors for the coming year were approved by the board as follows:

Grade schools—\$8.76.  
Junior high—\$9.00.  
High school—\$9.90.

The starting scale is a minimum only and can be raised at discretion of the superintendent, the school chiefs stressed.

Mrs. Ralph B. Smith, board member, was selected by the board as advisory committee of one to confer with Supt. W. B. Smith in selection of new instructors for 1937-38.

### Delay Book Action

Action toward adopting a new method of handling sale of text book distribution under request of a former board, was postponed last night after a committee reported that only two schools out of seven had responded to a request for information as to their own methods. Replies are expected from the others within a week, after which the local board will draw up its own policy. The existing system here was ruled illegal in an opinion by Atty Gen. J. W. Taylor.

Lewis uses the private ownership method with books handled by a Lewiston merchant, Mrs. Sturgeon reported. The northern city finds the method "unsatisfactory," its superintendent reported. Idaho Falls is using the book rental plan and is "well satisfied."

L. J. Tencknick, second member of the committee, informed the board that only one Twin Falls business house expressed any interest in handling the sale of texts.

## Fathers Honored at Girl Reserve Dinner

KIMBERLY, April 20 (Special)—Adult council leaders of the Girl Reserves sponsored a Father-Daughter banquet at the Methodist church on Friday evening. Members of the adult group planned the dinner and cooked and served the dinner while the girls themselves worked on the favors.

The theme of the meeting was "The Good Ship Kimberly" and was carried out in a blue and white color scheme. Lois Syster, club president, presided as toastmistress and introduced Virginia Dirkes who gave the welcoming speech. The response was given by Hal J. Brodhead, agriculture teacher in the high school.

Miss Ruth McManis, Girl Reserve secretary for Magic Valley district, gave the main address of the evening on "Smooth Sailing."

The program consisted of a negro reading, songs by the Kimberly trio, and a short skit, followed by community singing lead by Margaret Pottel and Lois Laughlin.

## Degrees Conferred By Buhl Grangers

BUHL, April 20 (Special)—At the meeting of the Buhl Grange last week the first and second degrees were conferred on Mr. and Mrs. H. N. Davis and Mr. and Mrs. J. W. Giesentanner.

O. T. Kaster and Thomas Speedy of the Jerome Co-op. creamery spoke on their line of work and showed pictures of the cooperative work.

Refreshments were served by Mrs. Albert East, Mrs. M. Homling, and Mrs. Stansell and the creamery furnished the ice cream. The next meeting will be held April 27.

## BY-LAWS OF NEW GROUP SELECTED

### Recreation Association Nears Final Step Before Incorporation

By-laws under which the Twin Falls Recreation association will operate had been drawn and approved today and plans were being set for a general membership meeting in the near future at which time the new laws will be presented for approval of the group.

At a directors' meeting last night it was planned to continue budget discussions at a special meeting called for Wednesday at 7:30 p. m. The meeting will be held in the F. C. Graves Realty office.

## High School News

Cast members of the senior drama, "No More Frontier," will present a skit from the play before the Knoll Grange on Wednesday evening. The same group presented a short act before members of the Business and Professional Women's club in session at the Park hotel last evening.

These skills will be presented before different organizations in town between now and the dates of the play, May 13, 14, 15. In addition, a group of students from the senior class have chartered a hay rack and a team of mules. The vehicle, loaded with the seniors, is driven around town on Saturday evening while the seniors sing old time songs.

A pay assembly will be produced for senior high school assembly Friday afternoon by members of the Science club. A British picture which has never been released in this locality before will be shown. "The Camels are Coming" is a fast moving comedy according to the sponsors. Any money above the cost of the film will be used by the Science club to purchase scientific films for future use. Arrangements are under the direction of Mac Hopkin.

Beta Sigma club members met with their sponsor, Gerald Wallace, yesterday afternoon to complete plans for their scheduled picnic and all day outing. The group will leave the high school Saturday at 6 a. m. and will spend the day at Ketchum.

## Exams Slated for Industrial Jobs

May 15 Set at Deadline for Filing For Tests

Competitive examinations for positions of junior file clerk and senior file clerk for duty in the unemployment compensation division of the industrial accident board will be held in the near future, it was announced today in a communication from Laurence B. Lyman, superintendent at Boise.

Notices of examinations are being posted in postoffices throughout the state showing salary range, places of examinations and qualifications. The junior file clerk post pays \$80 to \$95 a month while the senior position pays \$95 to \$115 a month. Applicants must not be less than 18 years old and not older than 50 years and must be a citizen of the United States and a resident of Idaho for at least six months.

May 15 has been named as deadline for filing applications. The application blanks and other information may be obtained from C. T. Eilfelsen, supervisor of examinations, 709 Idaho street, Boise.

## Lodge Takes Five

LYNN, Mass. (UP)—The Lynn Knights of Columbus membership has been enlarged by five—all brothers. Joseph, Edward, William, Eugene and Thomas Casey joined Vallaloid Council, K. of C.—the first time in the order's history that five brothers have joined the organization at the same time.
