Recommends Additional Help To Care for Sickly In Building

BOISE, Idaho, April 23 (UP)—Secretary of State Ira Masters returned today from a trip to the Orofino state hospital...

Following charges by Representative Helen Miller that the state institution as Blackfoot was in "wile" condition, Masters went north on an inspection tour of the Orofino asylum.

Although he found the general condition of the institution "good," Masters criticized the structural condition of the old building...

Patients Content He said, "The patients appear contented and seem to be very well taken care of from a medical viewpoint. While the institution is somewhat crowded, nevertheless a very fine piece of medical treatment is being carried on."

Masters recommended that there be more attendants employed in order that each ward would have at least one attendant and the larger wards an assistant attendant on duty both day and night.

Not Enough Help "One ward had 109 patients, and it is almost impossible for one attendant to look after this large number properly," he said.

He said a new building and new equipment should be provided for the laundry, and said present facilities were "dilapidated."

Masters said that recommendation of Senator Bruce Blake, Clearwater, that the institution not receive all of the \$307,000 bond issue for new buildings did not meet with approval of "citizens of Orofino."

He was rescued from the cauldron by John Arlus, another workman, who suffered burned arms in saving the foreman's life.

Jack Perry, a disgruntled worker, was held for the assault.

Father Divine Looks Down On Group From "Heaven With Bars"

By RONALD V. VAN TINE NEW YORK, April 23 (UP)—Father Divine looked down upon 1,500 of his "faithful children" from a strange "heaven" today—a "heaven" with bars on the window and an iron cot for a bed.

The "faithful" were assembled outside police headquarters to shout encouragement to their "God" who was in jail.

The father had been jailed on a charge of felonious assault in connection with the near fatal stabbing of a white man who accompanied a process server to his "heaven" No. 1 in Harlem.

LOYALISTS RAP CHILEAN ENVOY

Ambassador to Spain Termed Persona Non Grata By Government

VALENCIA, April 23 (UP)—The loyalist government today declared the Chilean ambassador, Aurelio Nunez Moragada, persona non grata on the ground that he tried to take securities from the country illegally and permitted nationalist espionage activities to be carried on in buildings where he sheltered refugees.

Nunez Moragada was supposed to leave the country by airplane for France Wednesday after evacuating hundreds of refugees by arrangement with the loyalist government.

It developed that finance ministry officials demanded permission to inspect his baggage at the last moment and that he refused. Despite his protest the baggage was examined.

"Examination revealed that the Chilean ambassador had concealed in his luggage securities whose export from Spain was vigorously prohibited," said a communique of the official news agency.

Labor Unions Claim Totals Of 4,600,000

HUNT SET FREE ON \$25,000 BAIL

Lieutenant of Father Divine Surrenders to Federal Authorities

LOS ANGELES, April 23 (UP)—John West Hunt, west coast lieutenant for Father Divine, was at liberty on \$25,000 bond today under an indictment charging he transported a 17-year-old girl across state lines for immoral purposes.

The 230-pound cultist surrendered to federal authorities late yesterday and posted \$15,000 in addition to his original \$10,000 bail.

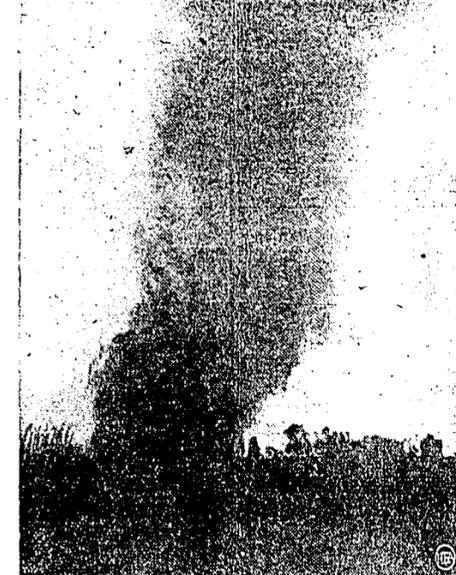

He laughed for the news cameras but refused to discuss the case, saying "I'm glad this is over for now."

Hugh MacBeth, Hunt's Negro attorney, said three others indicted with him would also surrender. The three, lesser characters in the cult group over which Hunt lorded as "Jesus the Christ," were said to be H. B. Smith, 70, "John the Baptist," Mrs. Elizabeth Peters and Mrs. Agnes Gardener, both known as "Mary."

Board Asks for Ruling on Audit

Probed of Student Fund Awaits Taylor's Opinion

On the question as to whether or not the Twin Falls school board can legally appropriate money for an audit of the student activities fund hinged today the fate of a motion to delve into the fund "and to investigate any matters incident thereto."

Atty. Gen. J. W. Taylor was asked today for an opinion by E. F. Stettler, clerk of the board, after Mrs. Sturgeon McCoy last night introduced the resolution asking the audit.

If the attorney general rules that the high school student fund is within the jurisdiction of the trustees, the four men members of the board will vote for the audit request, they indicated.

The motion calling for the audit was temporarily tabled by passage of an amendment setting it aside pending the opinion from Taylor at Boise.

The student fund, one of the disputed points in verbal clashes that have brought withdrawal of Supt. W. B. Smith as a candidate for reappointment, was thrust into the limelight last night by Mrs. McCoy's resolution after a harmonious meeting that set May as bond election date, fixed the total bonds at \$350,000 and awarded contract for bond handling to Sudler, Wegener and company.

The board listened without comment as Mrs. McCoy read the prepared motion asking the audit.

After a moment's silence, Superintendent Smith said: "The resolution should be unambiguously adopted."

Evening Times Marble Tourney Lures 23 Girls and 219 Boys in Title Race

Twenty-three girls and 219 boys, residents of Twin Falls, surrounding rural routes and Filer, Saturday afternoon will meet at Harmon park for the initial round of the first annual Twin Falls marble tournament sponsored by the Evening Times which will ultimately see the crowning of the city champions in both the boy and girl divisions.

Because of the last minute flood of entries, judges have found it necessary to make two major changes in the rules which will govern the tournament. The rings will be reduced from 12 to eight feet in diameter to aid in speeding play and the first three rounds will be staged on the single game elimination basis. The fourth and following rounds will be taken by those winning two out of three games.

Girls Play Separately Although it was first expected that the girls would play among the boy entries, the number entering caused the judges to decide to stage separate competition for the feminine entries. Unlike the boys, however, the girls were matched without regard for age and the awards in their group will include a trophy emblem of the city championship, girls' division, which goes to the

winner and also a suitable award for the runner-up. Saturday will see the first round completed by using all of the eight rings which will be put into play courts. Of the 219 boys entering the tournament, 11 will play in the 14 and 15 years age group; 47 in the 12 and 13 years group; 95 will play in the 10 and 11 years division, and 66 will be boys playing among those from six to nine years' age inclusive.

Abbott in Charge Sponsored by the Evening Times the tournament will be in charge of Chauncey Abbott, assistant educational director at the junior high school. Mr. Abbott will be assisted by A. Westergren and O. A. Koker of the Evening Times and Henry Molony of Snowball's Sport Shop. The latter three will serve as judges. Traffic Officer Bob Winterholler

50 Reported Hurt In Stockton Fight

Pitched Battle Rages During Hour and Half

STOCKTON, Calif., April 23 (UP)—Gunfire broke out as the climax to some of the bloodiest labor rioting in California history here today as operators reopened one of four strike-bound canning plants in defiance of union pickets.

At least 50 men were reported injured—one shot in the mouth—before the fighting ended when unionists asked for a truce.

The operators agreed to the request and the fighters dispersed.

Fearing possible renewal of rioting, however, District Attorney F. C. Cloudsley of San Joaquin county asked Governor Merriam to send national guard troops to Stockton. The fighting was "the plant of the Stockton Food Products company, just outside of Stockton."

Let Loose Tear Gas It was precipitated when pickets sought to prevent entry of a truck into the plant.

State highway patrolmen and city-zer vigilantes, deputized by Sheriff Harvey Odell, immediately let loose a tear gas barrage.

This was a signal for pickets to bring out pickhandles and baseball bats and swing into action.

The fighting started after Vance Ambrose, president of the agricultural workers' union, which is seeking higher wages and union recognition, made a last minute offer of a truce at 8 a. m.

Ambrose offered to allow the plant to be reopened if the operators would agree to further negotiations to discuss preferential hiring.

The operators apparently ignored (Continued on Page 2, Column 4)

CANADA STRIKERS SETTLE DISPUTE

Workers Vote to Return to Jobs Monday; Oshawa Union Recognized

OSHAWA, Ont., April 23 (UP)—Employees of the General Motors of Canada assembly plant here voted today to accept the agreement designed to end the 15-day-old strike.

The vote was the final formal step in negotiations which terminated the walkout of 3,700 employees.

The agreement ratified by the strikers was drawn up yesterday in a conference of representatives of the provincial government, General Motors and the employees.

The vote was 2,205 to accept the agreement and 36 against.

The 3,700 employees will go back to work Monday. The strike was called on April 8 when company officials refused to recognize the United Automobile Workers of America union as an international union.

The agreement provided for recognition of the local union of the U. A. W. as an Oshawa union, and that the pact should run concurrently with an agreement between General Motors and the international union in the United States.

BOISE, April 23 (UP)—Lee Graham, 40, was found dead in his prison cell today. He had apparently died of heart attack.

Graham was sent on January 25 from Twin Falls county on a charge of obtaining property under false pretenses. His sentence was from three to 14 years.

A brother in Rocky Ford, Colo., was notified.

GREATEST SPLIT IN 50 YEARS REPORTED IN LABOR UNIONS

GREEN SAYS CIO IS IRRESPONSIBLE

Calls Meet of Loyal Unions To Be Held in Cincinnati On May 18

By C. L. SULZBERGER
WASHINGTON, April 23 (AP)—President William Green of the American Federation of Labor today virtually read out of the federation rebel unions affiliated with John L. Lewis committee for industrial organization.

His action, backed by the unanimous vote of the A. F. of L. executive council, completed the greatest split in 50 years of union labor history. Leaders of both factions frankly admitted it was the prelude to a bitter and possibly prolonged factional war.

Green said the Lewis unions were "stepped in the cesspool of illegality and of irresponsibility."

"Under such circumstances," he said, "it is not essential that a special convention of the federation be held—indeed, by the very utterances, acts and deeds of the organizations making up the C. I. O. they have demonstrated clearly and definitely that they no longer regard or consider themselves associated in any way with the A. F. of L."

He called an unusual meeting of presidents and officers of 108 loyal unions. They will sit with the executive council in Cincinnati, O., May 18. The meeting will plot a vast organizing drive counter to the C. I. O. and will set up a special financial structure to support it.

Both sides admitted today that "open warfare" had already begun. The battelions found the federation, 51 years old, claiming 2,600,000 members, arrayed against the C. I. O., not yet two years old, claiming 2,000,000 members. Both are growing rapidly, favored by validation of the Wagner Labor Act.

Father Divine Looks Down On Flock From 'Heaven With Bars'

gro yesterday, hiding behind a furnace in the basement of a house in Milford, Conn. He had tried to "invisible" himself, but when that failed, he raised his right hand and said:

"Peace, it's wonderful."

Police Guard

"Now we have a righteous government, for God is reigning in the land." The flock chanted to the tune of the "Battle Hymn of the Republic."

A cord of 30 patrolmen guarded entrances. A special guard was placed outside the father's cell.

About 50 "angels," from "heaven No. 1" waved handkerchiefs and sang:

"We're going all the way with Father Divine; we'll always go on; Father Divine is God almighty; we'll always go on."

Police asked Happy Heart, an underized negro with a shiny bald head, who was the leader of the demonstration.

"Nobody is in charge," said Happy Heart, "but we are in constant communication with God and He is directing our activities."

Father Divine was quoted by his attorney as saying that he had not known he was wanted by the police and that he was innocent of violence because he did not believe in violence.

The police broadcast an alarm for his arrest after Harry Green, Weehawken, N. J., contractor, had been stabbed with an ice pick by frenzied disciples when his friend, Paul Comora, tried to hand the father a summons.

COMMITTEE EYES TEXTBOOK PLANS

Mrs. McCoy, L. J. Tenckinck Will Draft Program For Twin Falls

Formulation of a program for handling of textbooks in Twin Falls city schools was in the hands of a committee of two members of the board of school trustees today. The pair will submit their proposal to the board on May 10.

The board last night instructed Mrs. Sturgeon McCoy and L. J. Tenckinck to carry on with coordination of programs as now in operation in seven leading Idaho school systems. Mrs. McCoy had contacted seven cities, and all but Coeur d'Alene have already submitted replies.

Majority method, the board found after considering answers from Boise, Pocatello, Idaho Falls, Nampa, Lewiston and Caldwell, leans toward free books in the first six grades, and a rental or deposit system in junior high and high school. The rental plan, it was indicated, furnishes textbooks at low cost in the upper grades and practically pays for the outfit necessitated by free books to children in the first six grades.

Must Revise Plan
Need for a revised book-handling program here arose after the opinion by Atty. Gen. J. W. Taylor holding that the present method of independent operation by Supt. W. B. Smith is contrary to the Idaho law passed in 1935. Mr. Smith had been carrying on the book sales at request of a former school board.

Lewiston is the only major system in Idaho using the private ownership plan with books sold by a downtown merchant, according to the summary of letters received. Others permit private purchase if parents of students desire, but find that the rental method is universally accepted after the first several years. Lewiston reported its private ownership plan as unsatisfactory.

12-Month Contract
Payment of teachers and principals on a 12-month basis, instead of the present 10-month plan, moved a step nearer reality today after the board instructed E. V. Larson, its attorney, to draw up a contract containing a penalty clause for submission to the state board of education. If approved, the contract will be put into operation here next year carrying the salary increases voted earlier this week.

The penalty clause provides that the 12th salary check, due in September immediately following the end of the summer vacation, would be forfeited if the teacher had quit her position without serving notice before July 15.

Contract approval by the state board is necessary under Idaho statutes. Chairman George J. Ward said Mr. Larson had informed him.

Action on acquiring a building site for future use was deferred at last night's meeting.

Grant of \$350 to assist the Twin Falls state championship debate team to compete at the Jacksonville, Ill., national forensics tournament was unanimously approved.

the offer and proceed to open the plant.

Lasts Hour and Half
The fighting lasted an hour and a half.

Shotguns and pistols made their appearance in the hands of vigilantes after an hour of tear gas and pickhandle battling.

There were scores of individual fist fight and pickhandle duels.

The emergency hospital in downtown Stockton estimated at least 15 injured were treated there. Seven others were treated at a hospital across the street from the plant. Still others were treated in the plant.

The first truck to arrive at the plant after the 8 a. m. zero hour precipitated the riot. The truck was loaded with spinnach. It was conveyed by state highway patrolmen.

Pickets Throw Rocks
Pickets started throwing rocks. Highway patrolmen let loose a barrage of tear gas.

The pickets, estimated at 300, dispersed. They re-formed their line, however, a few minutes later.

The wind was against the patrolmen. Tear gas flowed back on them. Pickets picked up some of the tear bombs and hurled them back at the patrolmen.

Citizen vigilantes then reached the scene to reinforce the patrolmen.

Reinforcements also arrived for the pickets.

Reinforcements Form
These reinforcements formed at headquarters of the International Longshoremen's union and the warehousemen's union. Both these unions were supporting the agricultural workers union in their demands on the cannery.

At this moment a vigilante opened tear gas fire from a roof 20 feet from the scene. Highway patrolmen poured out an additional barrage.

Coughing and choking, the pickets fought back with baseball bats.

As the gas grew heavier the pickets retreated into a field, ducking down in the tall grass.

Fighting continued for an hour longer.

"Thuh Law" Separates Husband From His 11-Year-Old Bride

MADISON, Tenn., April 23 (AP)—Geneva Hamby, child bride of the Cumberland mountains, was "cryin' an' carryin' on" today because "thuh law" had taken away her 32-year-old husband, raw-boned Homer Peel.

The 11-year-old girl protested that "Ah love mah man," but Sheriff S. B. Latmore rapped on the door of the honeymoon cabin high in the hills and arrested the bridegroom on a charge of violating Tennessee's recently-enacted "child bride" law.

Clerk Arrested
"Cain't see why you low-country folks can't leave decent married folks alone." Peel argued as he was led off to the county jail. "Neve loves me ah Ah'll take good care o' her."

An hour earlier, Fred Payne, clerk of Monroe county, who issued the license, also was arrested. He was released on his own cognizance, after he had been charged with issuing a license without first having ages of the contracting parties sworn to.

Mother Starts Trouble
Trouble for the honeymooners began when Annie Hamby, 32-year-old unmarried mother of six children, hitch-hiked from Decatur, Tenn., to find out what had happened to her daughter, Geneva.

"Ah'd rather have thuh girl be an orphanage than a gittin' married at her age," said the mother. "Hit ain't decent. Ah tell ye."

She swore the warrants before Justice of the Peace G. W. Kimbrough.

Attorney General Beecher Witt said the bridegroom would be granted a preliminary hearing May 30. Witt also has filed a bill for an annulment of the marriage. It will be argued June 7.

would withdraw the resolution "within a few days."

"An advised Senator Pope, the author of the resolution, will withdraw it within the next few days," the telegram from Senator Borah read.

The fight against such a survey was carried on because "under such a plan the Idaho interests wouldn't have a chance," leaders said. It was argued that it would be detrimental to cattle and sheep interests as well as other industries and attractions of the state.

"I am gratified that our fight has apparently met with success," P. C. Thompson, secretary-manager, of the local chamber said, "but we must continue that fight until Senator Pope, himself actually withdraws the resolution from the senate committee on public lands and surveys, where it now stands."

POT SHOTS

The Gentleman in the Third Row

HASTY ACTIVITY! Mr. Pot Shots: It happened right in this country. A farmer's bull escaped from his pasture and wandered to the next ranch...

building a bridge over the low line canal. When the farmer came for his bull, the animal became fractious and charged, straight for the new bridge. The result was the break-up of another sit-down strike.

YOU'RE A BIG HELP TO WITNESSES! Dear Pot Shots: I haven't had my usual luck lately in the restaurants. Every time I sit down at a table, the waitress has just finished clearing off the dishes from the last party who dined at the spot.

INTERVIEW WITH THE SUN Pot Shots: If we could only live the way we dream at night, things wouldn't be so bad.

CROSSING THE BAR Perilous and querulous. I find that "30" nearing. Worrying and scurrying. Middle age I'm fearing.

QUERY—WHO IS GUS? Dear Mister Pot Shots: Eray tell, who's man "Gus"? A young lady in a drug store at St. Anthony, asked me, "Do you know Gus?" He moved to Twin Falls. Now last night, I heard a request number over our local station dedicated to "Gus," entitled "There's that Look in Your Eyes Again," requested by Bunny (not snuggie Bunny, I hope).

THEY WANT THE FUN BUT NOT THE GRIEF! Pot Shots: The peculiar thing about these women who stop having official birthdays after a certain age is that they still demand gifts when that birthday rolls around, and hop all over you if you even attempt to compute what their age happens to be.

FAMOUS LAST LINE: Yeah, danced with the teacher—might help my grades!

THE GENTLEMAN IN THE THIRD ROW

TRAILER ADVENTURE

By Nard Jones © 1937, NEA Service, Inc.

BEGIN HERE TODAY MARTHA BRITTAIN and BETTY HAYNES pick up GRAY NEAL, handsome young hitchhiker, on their way up the west coast to demonstrate the new airplane trailer. At the Long Beach auto camp, where Neal was to meet a friend, one of BETTY's friends, a woman named SPEDDON, greatly worried, sends her to the trailer and Speddon accuses Betty. After repeated efforts to find Betty, Neal meets her again. He goes to San Francisco with her to search for Betty but protests against calling in the police since, he tells her, this might mean Betty's death. Martha, greatly worried, sends her to the trailer and Speddon accuses Betty. Finally, on a route north from San Francisco, Neal tells Martha he loves her. She reasons that she must not let herself fall for this man under the circumstances when he seems involved in Betty's disappearance. He plays her own game, returns his love, and at the right moment awakes into the trailer. He and Neal, who has Neal arrested, he submits to arrest without returning Martha's story.

NEVER would Martha Brittain be able to remember clearly the night and day following her discovery that Speddon had gone north without Betty Haynes—the night and day which took her from the California border to Portland, that busy metropolis of northern Oregon. Afterward she knew that if it hadn't been for the shock of the news at the border she wouldn't have gone on north at all. Cool and sober judgment would have made her stay on, since the traffic officer seemed so certain that Betty had not proceeded with Speddon into the north. But oft-times Providence steps in to take a hand, to make mortals relinquish their cool and sober judgments. Betty was to believe that this must have been the case during those bleak 48 hours after she left the California border, those hours when she seemed to have driven on blindly, without consciousness and without reason. But she would never forget the moment which brought her into grim reality—a moment of surprise that struck her like a dash of icy water. It was a slim white sign-post which she slowed down to read, her mind struggling from its fog. At first the word "connoted nothing, and then she took in its meaning. Even then she could not believe it, was inclined to think it the roadside trick of some itinerant wag. She stopped at a roadside stand a little farther on and asked the freckled little

shopkeeper how far it was to Portland. "About 14 miles, lady. Just keep on going the way you are." Then she knew that the sign had been right. She had driven—somehow—more than 200 miles across a western state, and yet she remembered no more than a handful of scattered moments from it! While the freckledurchin gaped curiously, Martha sat silently in the coupe trying to remember, trying to collect her shattered bearings. The words of the California state patrol officer drifted back to her. "I looked in the record book and found Speddon's name and his license number. He was okayed through—and nobody was with him." NOBODY was with him. That was what had paralyzed her reason. It had struck her suddenly, then, mercifully, all reason had grown dim. She had functioned like an automaton. Martha remembered stories of soldiers in the Great War, of how when death was all about them, and their eyes were seeing frightful carnage, they went on without knowing or caring—as though God in His wisdom were protecting them in that awful hour from something which might drive them into an insanity worse than death. But now as she sat there, slowly reclaiming her grip upon reality, she saw that the officer's words might really be the first ray of sun that had pierced since the moment she knew Betty was not going to return to the trailer. Perhaps Betty had escaped, or Speddon had let her go before reaching the border. In that happy event, her first move would be to get in touch with Martha. With a start Martha realized that, according to Sloss' itinerary, she should have made several stops before reaching Portland. But now the best she could do was to go on to Portland and wait for Betty's message there. Consulting Sloss' itinerary book, Martha read, "Rose City Trailer Haven, Portland, Oregon." Sliding the book back into the pocket of the coupe, she shoved into gear and was off for Portland. She had no sooner registered at the Rose City Trailer Haven than the alert woman proprietor said, "I think I got a letter for you. It's addressed in pencil and kind of smudged—but I think it says 'Martha Brittain'." "Let me see it!" The woman fumbled among the disarray of a dusty desk. "Here it is. Is that your name on there?" "Yes," Martha cried ecstatically.

The Family Doctor

By DR. MORRIS FISHBEIN Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine If a person with acute tonsillitis goes to bed promptly and applies the remedies his doctor recommends, he usually will recover without much trouble. In such cases, application of an ice-bag will bring relief from pain. A gargle with baking soda will help to remove the mucus. The doctor will prescribe remedies which may be taken internally and which will diminish pain and help to overcome the infection. In many instances the doctor may apply with a swab, directly on the surface of the tonsils, antiseptic substances which destroy germs. The swollen tonsils will return to normal size after the patient becomes better. However, in some cases, the germs are so virulent, or the infection becomes located in such a spot on or around the tonsils, that an abscess develops. The resultant condition is commonly called quinsy, or quinsy sore throat.

PAUL MALLON'S NEWS BEHIND THE NEWS An Exclusive Evening Times Daily Report on the Fast-moving Events in the Nation's Capital By an Expert Interpreter and Commentator. (Copyright, 1935, By Paul Mallon)

(Continued From Page One) Its fate in the senate is problematical. As a rule, however, senators usually leave these appointments to house members on the theory that they are in closer touch with local needs. The real reason is that, for each person made happy by a postmastership, a dozen or so enemies are made. Consequently, many are not loathe to give Farley this power. The official justification is that the bill will increase the civil service efficiency of the service. It may but it will also increase the political efficiency of Mr. Farley.

COUP The Green craftsmen of the A. F. of L. have discovered that their foe, John Lewis, got a preferred position out of the Wagner labor act. They are crowding congressmen in behalf of the Dies-Walsh amendment (which they wrote) to correct the situation. A somewhat strenuous lobbying struggle is in progress backstage. It seems the Green men did not discover the Lewis coup until April 5, just before the supreme court upheld the act in a surprise decision. At least they made no objection to the original wording of the act, permitting the labor board to select either their craft or unit or any other appropriate unit for collective bargaining under majority rule. They were probably not suspicious at that time because the Lewis break had not then developed. Now they find that the bill, which they fought for, gives the Lewis industrial unit a chance to outvote

MOOD Congressmen have been moved by the budget situation, but not very much. The house hearings on the CCC camp appropriations, for instance, indicate there are still a few congressmen who prefer the printing press to the bond embossing machine. No real economy moves have been attempted. The tendency for weeks was to sit down and await delivery of President Roosevelt's revised budget estimates. Three of the ten annual appropriation bills still are in early legislative stages (agriculture, interior and war) and only one (Independent offices) has passed both houses of congress. There is, therefore, time for economizing on nine-tenths of next year's appropriation bills, but the inclination is lacking.

You May Not Know That— The only electors who may legally vote in the school bond election called for May 25 are taxpayers, or wives or husbands of taxpayers. "Taxpayer" in this sense includes real or personal property taxes. Deep Creek Honors For Period Listed

OPERETTA SHOWS POPULAR APPEAL Final Presentation of 'Gypsy Rover' Finds Comic Fair 'Outstanding' Chorus classes of the high school presented the final appearance of "The Gypsy Rover," romantic musical comedy, at the high school auditorium last evening. One of the simpler of high school operettas, it is nevertheless one of the most popular. Last night's performance under the direction of Loyd E. Thompson proved again its popular appeal. Outstanding among the principals were Lee O'Malley and Ellis Gardner as Sinto and Marto, comedy team of rough gypsies. Harry Smith as Rob, romantic lead, Lewie Heltter as Lord Craven, the ineffectual pompous English lord, Lee Rue Hollman and Allan Duwall as Nina and Capt. Jerome, romantic interests. After an uncertain beginning, Anita Woodhead as Lady Constance, leading feminine role, carried her part most creditably. Other leading parts were played successfully by Margaret Woods as Meg, Maxie Lockhart as Zara, Maurice Logsdon as Sir George Martendale, Glenn Boren as Sir Toby Lyon, Ellis Gardner as McCorkle and Garth Price as Lachey. BLISS PROGRAM GIVEN BLISS, April 23 (Special)—Ten girl tap dancers and nine glee club men, all students at Albion normal school, and their directors arrived in Bliss Monday morning. The group is on a tour of southern Idaho. The group presented a musical program and discussed the course offered by the school. HOOVER WILL RETURN TO POLITICAL ARENA, REPORT SAYS

ATTEMPT TO GET NOMINATION FOR PRESIDENT SEEN

Former Executive Will Be 66 Years Old When 1940 Convention Comes

By LYLE C. WILSON
WASHINGTON, April 23 (U.P.)—Former President Herbert Hoover probably will return to the political arena within a few weeks with a series of speeches attacking the Roosevelt administration.

Some political observers suspect a move by the former president toward obtaining the 1940 Republican nomination. Mr. Hoover will be 66 years old when the Republican national convention meets in June, 1940.

Coinciding with news of Mr. Hoover's plans, there is a sustained inrush of speculation here about a third term candidacy for President Roosevelt. Some of this speculation may be attributed to those who allege the President has "dictatorial" ambitions. But a real factor in it is the present lack of standard Democratic or New Deal candidates to succeed Mr. Roosevelt.

The problem confronting any man seeking to succeed Mr. Roosevelt would be to keep together the mutually hostile forces which the President in two presidential elections has succeeded in moulding into the New Deal Democratic party. There is ground for doubt that any person except Mr. Roosevelt could do that.

Mr. Roosevelt referred to a third term in his March 9 "victory dinner" speech here. He said it was a "horrid thought."

That statement generally was accepted as a renunciation of any third term prospects.

Publisher Takes Job As Guardian Of Smallest Baby

ALBIA, Ia., April 23 (U.P.)—Publisher K. C. Cramm today assumed the duties of legal guardian for Charles Peter Johnston, who weighed less than 12 ounces when he was born.

The infant's survival was hailed as a "miracle of science." He weighed 25 ounces today, and was gaining rapidly on a diet of steadily increasing amounts of milk and decreasing amounts of whiskey.

Cramm was assigned to handle any possible advertising or motion picture contracts which might add to the parents' meager income from WPA employment.

The University of Edinburgh was founded in 1582 through a charter granted by King James VI of Scotland.

Filer Rites Held For Frank Urtado

Services were held yesterday for Frank Urtado at the graveside in Filer cemetery. Rev. L. D. Smith, pastor of the local Church of the Nazarene, officiated. Interment was directed by the Twin Falls mortuary.

Mr. Urtado died in Twin Falls on Tuesday night.

N. A. Barlow of Twin Falls who has been visiting his son and family has left for San Diego.

All members of the present faculty of the high school were re-elected for another term with an increase in salary. They are Supt. N. W. Stokesberry, Van Emerson, Gene Plastino, Olive Mae Mullica and Margaret Keltornach.

Mrs. J. B. Dickinson has been elected chairman of the adult council of the Girl Reserves to replace Mrs. Wickham who is unable to serve.

Mr. and Mrs. M. A. Kelley of Port Orford, Ore., are visiting friends and relatives here. They are former Hazelton residents.

The following Hazelton residents have been ill recently with pneumonia and are at the Twin Falls hospital, Miss Alta Boyd, Maxwell baby, Mrs. E. C. Vanderstrasse and Mrs. L. O. West of Eden.

Ralph Baisch and E. S. Kincaid were re-elected trustees of the grade school board at the election Saturday.

TINTED NAILS TO COURT

SAN FRANCISCO (U.P.)—Just what tint of red finger nails justifies ejection from a public place is a question for the courts to decide.

Mrs. Alta Moore has filed a \$10,000 damage suit on the grounds she was ejected from a local sports stadium because she had "slaughterhouse fingernails."

LOCAL FURNITURE STORE COMPLETE

Remodeling Work at Sweet's On Main East Provides Additional Space

Equipped with the latest in furniture and featuring a modern, up-to-date linoleum department, the Sweet Furniture store at 251 Main avenue east opened for business today with doubled floor space following extensive remodeling operations carried on for the past few weeks.

In addition to the section of the building which the store already occupied, the larger facilities were made possible when the concern took over the old home of the Evening Times, adjoining the former store site.

Completed at a cost of approximately \$2,500, according to Bert A. Sweet, proprietor, the new store is departmentalized throughout. Living room furniture is on display on the main floor at the front while the linoleum department and the electric appliance department occupy the rear portions of the lower floor. The balcony is devoted to dining room furniture at the front and to bedroom and boudoir equipment at the rear. New features of the store include a bargain basement

and an infants' furniture department.

Mr. Sweet has been in the furniture business in Twin Falls for the past 17 years and the present enlargement program, he said, was "to care for an ever-growing business during years to come."

The public is invited to inspect the store at any time.

Senior Queen Named By Bliss Students

BLISS, April 23 (Special)—Millie Post was acclaimed queen of the senior ball Friday night by popular vote of the dancers. Any girl in the auditorium was eligible for the honor with votes costing five cents a vote. She was awarded an electric mantle clock. Kathleen Kelley was awarded the runner up prize. Miss Post is the only girl in the senior class.

The hall was decorated in red and white and the Jimmy Allen dance band of Buhl furnished the music.

The proceeds will finance the senior snack for this year.

Clever Theme Marks Annual Spring Dance

Members of the MeT club and freshman girls were guests of honor at the brilliant spring dance featuring a coronation theme arranged last evening at Radleland by the Tri-O club. Approximately 110 couples attended the event which opened at 9 o'clock with a grand march. Music was provided by the Ambassadors.

Those attending the dance were received by Miss Marjorie Johnston, president, and Elmer Laubenheim, Miss Marjorie Kingsbury, general chairman for the event, and Dick Hepler, Miss Florence White and Ellis Andrews, Miss Agnes Davis and Frank Carpenter.

Opened by March
The grand march, led by Miss Johnston and Miss Kingsbury and their escorts, formed at 9 o'clock starting from a throne placed at one end of the pavilion on which were placed a crown, sceptre and coronation robe. It was placed in a bower flanked by a trellis covered with spring flowers. Through the evening red and blue spotlights played on the spot. The coronation theme was further carried out by a huge golden crown in front of the orchestra pit with purple streamers radiating from it. The punch table was also decorated with a pair of crowns and purple streamers. The Tri-O shield was displayed above the orchestra and the MeT insignia was prominent in the opposite corner. A rose-covered trellis emphasized the spring motif at one side of the hall.

A buck and wing dance and trucking number were presented by Bob Bates, Shirleen Davis and Flora Lea Barnes; a fast buck selection and rhythm number by Eileen Peterson, Betty Bicknell, Shirley Ann Gaskill and Rose Marie Harmon; and a novelty military dance and specialty song and dance by Betty Yarbrough.

WHAT A WRECK CONSTIPATION MAKES

Constipation can dull your whole life. Headaches, poor complexions—tired, lifeless days are often the results. Also, many serious diseases.

Get rid of common constipation now with a ready-to-eat cereal—Kellogg's ALL-BRAN.

ALL-BRAN brings you the two things your system needs to act naturally: "bulk" and vitamin B to help tone the intestines.

Within the body, ALL-BRAN absorbs more than twice its weight in water—forms a soft mass, and gently clears the intestines of wastes. It acts naturally.

Pills and drugs seldom cure constipation. You just keep on increasing the dose and switching from one laxative to another.

Just eat two tablespoonfuls of Kellogg's ALL-BRAN every day, three times daily if needed. Serve as a cereal with milk or cream, or use in recipes. Sold by all grocers—made and guaranteed by Kellogg.

MAY 25 SET FOR \$350,000 SCHOOL BOND ISSUE VOTE

BOARD DECREE BALLOTING FOR BUILDING WORK

Sudler, Wegner Will Handle Issue For Construction Program Here

Election to decide on issuance of \$350,000 in bonds for a Twin Falls school building and modernization plan has been set today for May 25 by the board of school trustees of independent district No. 1.

The balloting will be held in Lincoln and Bickel buildings, with Shoshone street dividing line between wards, the board decided at its meeting last night.

Sudler, Wegner and company received the contract for furnishing and handling the \$350,000 bond issue.

Serial Coupon Bonds The school bonds, if issuance is approved by taxpayers who vote May 25, will be negotiable serial coupon bonds bearing interest not to exceed four per cent. Board members voted to retire 10 per cent of the total each year starting July 1, 1939, and amortizing a similar amount on July 1 of each year following. The final two years' maturities, however, are to be optional and may be paid off by the board at any time after the first year.

Interest on the bonds will be payable July 1 and Jan. 1 of each year. Both interest and principal will be payable at offices of the school district treasurer in Twin Falls.

Handles All Details The Sudler, Wegner firm was instructed, through E. W. McRoberts, Twin Falls manager, who was present at last night's meeting, to take steps toward voting, issuance and selling of the \$350,000 issue. The concern will handle all details, including printing of the bonds, their sale to investors, and thorough legal examination by Chapman and Cutler, Chicago bond attorneys whose opinion will validate the Twin Falls bonds throughout the country.

Fee to the brokers will be one-half of one per cent, under the agreement approved by the board. 1 to 7 P. M. The election May 25 will run from 1 to 7 p. m. The Shoshone street dividing line applies also to the rural areas, which also are divided by the same general line. Taxpayers living north and west of Shoshone street will vote in Lincoln school; those living south and east of Shoshone will ballot at Bickel.

If the bonds are voted May 25, actual work on the construction program to relieve overcrowded school conditions can start approximately within seven weeks from today, Mr. McRoberts informed the board last night. Bids for building contracts, he advised the trustees, can be called immediately after approval of the bonds.

Townsend Lashes Plan.

To Enlarge U. S. Court LOS ANGELES, April 23 (U.P.)—Dr. Francis E. Townsend last night scored as "reactionary and dangerous" the proposal of Senator Logan, Kentucky, before the senate judiciary committee to appoint two new supreme court justices. The pension leader said:

"In behalf of the ten million adherents of the Townsend plan, I voice objection to the present political scheme to place two new justices on the supreme bench or any other subterfuge to pack that body. The plan of Senator Logan is just as dangerous as the original proposal."

Hubbell Attempts to Extend Winning Streak Today

N. Y. Southpaw Will Try To Make it 17 Straight

NEW YORK, April 23 (AP)—The "sweet sixteen" string of victories turned in by Carl Hubbell at the end of the 1936 season may be extended to 17 today when the lanky southpaw unleashes his screwball against the Boston Bees in the Polo grounds inaugural.

If rain—which has washed out 12 games in the last two days—does not interfere, some 40,000 fans are expected to be on hand when Mayor LaGuardia tosses out the first ball to see the National league's most valuable player picked up where he left off last year.

Cards Play Cubs

The Giants are not the only ones to open play in their own backyards today. The Cards tackle the Cubs at St. Louis, the Pirates entertain the Cincinnati Reds at Pittsburgh, and the Phillies play the Brooklyn Dodgers at Philadelphia. In the American league, New York goes to Boston, Detroit plays in Chicago, St. Louis journeys to Cleveland, and the Philadelphia Athletics go back to Washington where the two teams opened the season Monday.

Pirates Down Cubs

Only three games were played yesterday, the Cards outlasting the Reds in a slugfest match to win 14-11, the Pirates stopping the Cubs 4-2, and the Chicago White Sox defeating the St. Louis Browns, 6 to 1.

The St. Louis and Pittsburgh victories sent them to the top of the standings along with the Philadelphia Phillies with two wins and no losses, while the Browns' defeat dropped them from the first place spot they shared with Detroit and Boston.

Air-Cooled Handlebars Latest Thing On Bicycles, McLemore is Informed

By HENRY McLEMORE
NEW YORK, April 23 (AP)—I suppose I really should write about baseball today, being as the season is only a few days old and millions of fans are almost mad for information on the doings of their heroes in flannels. It's downright selfish of me, I guess, to withhold from them such vital facts as that Charlie Grimm loves to have his shoes fitted by a salesman with a toupee; that Bob Feller gets nervous if he has to wear a Spanish shawl while warming up; that Connie Mack never has owned a diving bell, and that Mickey Cochrane has forbidden the Tigers to duel during the regular season.

WELCOME WILKENS!

Showing how the whole town turned out!

This shows us Wilkens getting back home after visiting around to see how folks are liking our Family's Whiskey. As you can see, we was met by Wally Potter and the whole New Kenington band. Harry E. Wilken

It appears to me like our Family's Whiskey comes pretty close to being about as good a known whiskey as there is.

But you got to remember it isn't just William and Tom and me that's responsible for this extra grand taste our Family's Whiskey has got to it. That wouldn't be handing the proper credit to Grandpa Wilken and

Pa Wilken. If it wasn't for the lot of us Wilkens being whiskey making people since I don't know when, you never could be enjoying this special mildness and all this extra tastiness we've learned how to put into our personal Family's Recipe!

Gifts Traveling 4,000 Miles on Display at H. S.

Gifts which had traveled over 4,000 miles and had been on the way since Nov. 11 were being viewed by high school students today.

Mrs. Rose M. North has on display in her office at the high school a group of "alofas" or gifts sent to the members of the Junior Red Cross of the Junior high, Lincoln, Washington and Bickel schools, in return for the Christmas gifts which they sent to native children of American Samoa islands.

The "alofas," which are thank you gifts, are made from a native cloth, siapo, or as it is more commonly called, tapa. The natives make this cloth from the bark and roots of the paper mulberry tree, beaten into a pulp, the layers of material are then stuck together with arrowroot paste to form a cloth which is practically wind proof.

This cloth until 1830 was the only thing the Malays had for clothing and was also native cloth of Hawaii. It is still used in the Samoans for various purposes, especially in the burial of the dead but any that is bought in the Hawaiian islands is usually imported from the Samoan islands, letters with the gifts point out.

The various articles made from the tapa cloth are stamped with designs from wooden blocks which have been dipped in dye made from the juices of the native toto tree. In the collection of gifts were also a number of strings of beads made from small shells and seeds and designated as a "ula" by the natives. Of great interest to the boys is a small model of the native boat, of "paopao."

Mrs. North said that the articles would be displayed in the near future at each of the schools.

WHEAT LOSSES ON CHICAGO MARKET

CHICAGO, April 23 (U.P.)—Buying for mill accounts steadied wheat futures today after an early sell-off of one to three points.

At the close wheat was 1/2 to 2 cents lower; new, corn 1/2 cent lower to 1/4 cent higher, old corn 1/4 to 2 1/2 cents lower and oats 1/2 cent lower to 1/4 cent higher.

Overnight selling orders forced prices down more than a cent a bushel at the opening and the decline reached substantial proportions by mid-session.

At the close, the May delivery was slower while the new crop futures were about unchanged.

Corn prices had lost more than a cent a bushel before support was uncovered. A little selling was prompted by increased offerings of corn to arrive. Oats and rye were easier.

BOARD ASKS FOR RULING ON AUDIT

Probe of Student Activities Fund Awaits Opinion By Attorney General

(Continued From Page One)

Mrs. McCoy cited failure of the report, submitted by Mr. Smith and read at Monday night's meeting of the board, to list receipts for several activities. She pointed to the drop in football receipts for the year 1932, when income was \$240.33 as compared with \$3,087.94 the preceding year and \$1,448.46 the next season, and declared that "further information is necessary" to ascertain the correct status of the fund at present.

The resolution asked employment of a certified public accountant to investigate the student fund from 1927 to the present time. It also cited the matter of loans to faculty members as pertinent points for investigation.

Wants C. P. A.

The resolution requested that "this board employ a competent and qualified certified public accountant to audit the student activities fund of Twin Falls high school from 1927 to the present time, and to investigate any matters incident thereto or connected therewith, and to report his findings thereon to this board; that said accountant be employed in the manner and for such reasonable compensation as this board may lawfully determine."

Mr. Stettler, pointing to the ruling by the board's attorney, E. V. Larson, that the student fund is not within the board's jurisdiction, asked Mrs. McCoy "do you think we should go to the attorney general to decide that point definitely?"

"That's up to the board," Mrs. McCoy answered.

"I verified from Mr. Larson," said Chairman George J. Ward, "that he is still of the same opinion. He says the matter does not concern us as a board."

Mr. Ward called for a second to the motion, and Mrs. Ralph B. Smith responded affirmatively.

Legality Is Focus

The question as to the legality of the board's handling of the student fund proved the focal point of opposition to the resolution.

"I'd rather not vote on this until I am satisfied that it is legal for us to appropriate funds for an audit of the student fund," said S. H. Graves. "That's the only reason I'd rather not vote on it now."

"What's the difference?" asked Superintendent Smith. "It wouldn't cost a great deal."

Fears Technically

"But it might be one of those technicalities that can get us into trouble," Mr. Graves replied.

"I feel as Mr. Graves does," said L. J. Tenckinck. "Our own attorney says it isn't any of our business as a board. Unless he is wrong, I see no use of proceeding."

Board members sat in silence for several minutes after Mr. Ward asked, "are you ready for the question?"

"I don't think there would be any criticism of your appropriating funds for this purpose at all," said Mr. Smith.

Both Mr. Ward and Mr. Stettler, however, joined the other two members in asserting that unless they had other legal opinion, in view of Mr. Larson's ruling, they did not care to go ahead with the matter.

Student Function

"I think the students themselves could ask for an audit," Mr. Stettler said. "It's their right and prerogative because this is their money."

"Yes—it's their money," said Mr. Graves. "The best legal opinion I have is that we as trustees haven't a right to appropriate money for an audit of the student fund because it is not money acquired by taxes or other legal means for the conduct of business of the district."

"They agreed that an opinion from the attorney general, as to whether or not audit funds would be a legal debt if contracted by the board, would be "more satisfactory than if we act now."

Want Information

Mr. Graves asked Mrs. McCoy if she would be willing to hold up action on the resolution "until we get a little more information."

"Certainly," she answered. "You can do anything you want to do with this."

"Do you want the motion put now or tabled?" Mr. Ward asked.

"That's up to you," she said. "I have nothing more to do with it after introducing the resolution."

"Is it a question of legality only?" Mr. Smith asked.

FREIGHT BILL HIT AS IDAHO THREAT

Pettygrove Tells Chamber's Directors Pending Bill Would Hurt State

The Twin Falls Chamber of Commerce, at its weekly luncheon meeting this noon, heard Ed M. Pettygrove describe the Pettigill bill, now pending before congress, as a "general threat to the future of Idaho."

Pettygrove went to Washington, D. C. in February as a representative of the state public utilities, commission, the Idaho Rate association, Idaho Wool Growers and the Idaho Vegetable Producers, in opposition to passage of the Pettigill bill which would repeal the fourth section of the national transportation act, which has to do with long and short haul freight traffic.

He explained that the bill was already passed the house of representatives in congress, but expressed the belief there was sufficient opposition in the senate to keep the measure from becoming law.

Idaho, he said, will be seriously affected by passage of the bill because the state depends upon the railroads to a great extent, exporting its products to the eastern markets and importing heavy agricultural machinery.

"We must sell our commodities in the competitive markets," he emphasized, "and consequently 'less freight' and 'plus freight' have an important bearing upon Idaho's future as an agricultural state. Any further rate increases or discrimination will work a great hardship."

Pettygrove called the time when the Idaho "rural"—a round white potato—was the outstanding agricultural product of the state. That was about 10 or 15 years ago, he explained, and at that time approximately one-third of the state's entire production of "rurals" was sold to Texas markets. Increased freight rates and disruptions in shipping differentials finally ruined this market, he explained, but Idaho was then fortunate in being able to produce the now famous Idaho Russet, the principal market for which is east of Chicago and north of the Ohio and Potomac rivers.

Cites Discrimination

"The Idaho Russet can be produced successfully only in the northwestern states," he said. "Should the Pettigill bill become law, Oregon and Washington would

enjoy a lower rate to the eastern markets, and Idaho would again be forced out of these same exchanges."

Pettygrove said there were reasons to believe that the Pettigill bill was not primarily a railroad measure, that instead the railroads were being forced into the position by the big manufacturers of the east.

In general, he warned that Idaho must be on the alert to fight any rate changes that will place the state at a disadvantage and thereby ruin the present markets for the state's various commodities.

HEALTH CAMP TO SEEK STATE AID

Public Health Department Is Petitioned for \$1,000 Benefit Fund

Application for a \$1,000 grant to aid in maintaining the McClusky Memorial health camp during the coming season was made today to the state department of public health through Joe Koehler, financial agent for the camp, it was revealed here this afternoon.

The petition for the grant has been made on behalf of the citizens of Twin Falls county who have generously aided this project in the past. Mr. Koehler said, "At the present time the citizens have donated approximately \$1,500 for the purchase of equipment and furnishings for the camp and also the recently completed unit."

Mr. Koehler said that the department of public health has been granted \$2,000 monthly; these funds to be used for such purposes as sought through the local application for other purposes.

Since the camp was organized, Koehler points out, 11 children who went through the camp for preliminary treatment have been sent by the Twin Falls Shrine club to the Portland unit of the Shrine hospital where they have received hospitalization and surgery afforded crippled children.

It was also stated by Mr. Koehler that Leo Hood, state WPA director, would visit Twin Falls in the near future to inspect the health camp relative to much needed improvements. These improvements are being sought through the WPA.

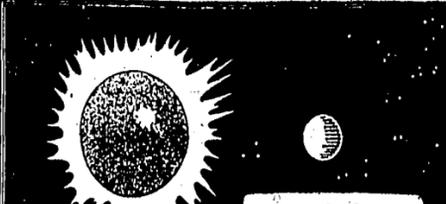

C. L. Sholes, printer and editor, is credited with the invention of the typewriter.

Now that Claud Pratt has started to get on his feet he expects to do a lot more for the country than he has ever done before. In the way of wonderful prices. We have a monium bull up now so that we can buy in large quantities and pass saving on to you. We can give you a better deal than even mail order houses in many things we can prove it to you. Just turn to a mail order catalogue and look up the heavy red and green roofing that weighs 30 lbs. to the roll and you will see that it will cost you \$2.45 a roll at Spokane, Washington, and the freight is \$1.07 a hundred, so the freight would cost you 96c, making the total cost \$3.41 a roll. We will sell you the finest quality 90 lb. red and green roofing, and all you want of it for just \$2.73 a roll. Whether you take a roll or a thousand rolls. That will actually save you 68c under the mail order prices. Now you know and I know and every body else knows that if a man puts a low price on his products that he is going to build up an enormous trade. Then if you want light roofing it will cost you \$1.19 a roll. We have just unloaded a large carload of 100 per cent pure cane wall board yesterday, and there was such a clamor for it that they hauled it in every direction right out of the car door. We are actually selling it for 538 per thousand. I want to hesitate here a moment to speak a good word for G. G. Garver of Buhl. THREE BRITISH FREIGHTERS RUN SPANISH BLOCKADE

FOOD IS LANDED AT BILBAO PORT

Observer Watches Maneuvers In Spanish Territorial Waters

By EMILIO HERRERO (Copyright 1937, United Press)

BILBAO, Spain, April 23 (UP)—Three British freighters bought millions of pounds of food to hungry Bilbao today under the protective guns of the giant battle cruiser Hood and two destroyers.

I watched through field glasses at Gatica Point, at the entrance to Bilbao bay as the ships, the Stanbrook, MacGregor and Hamsterley, steamed slowly up to the three-mile limit of Spanish territorial waters.

Nearby I saw the looming Hood with 15-inch guns and two little British destroyers, patrolling.

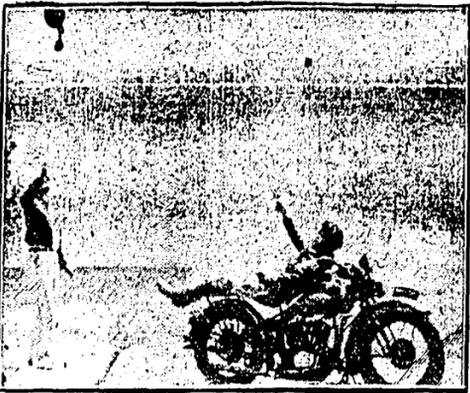

It appeared that they were there to prevent an attack outside the three-mile limit by the nationalist battleship Espana and two other nationalist warships which moved up menacingly.

As the three British freighters entered Spanish territorial waters, I saw the basque loyalist government warships Vizcaya and Guipuzcoa go out and take over the protection job.

The nationalist warship steamed off while a patrol of loyalist merchant ships remained watching at the entry to the port.

The Galerna, a 1,204 ton nationalist converted trawler, approached. The Galerna cleared off, and the British ships entered the harbor with their cargo for the city whose people and scores of thousands of refugees have been hungry for weeks while the men at the front try to keep off the besetting nationalist land forces.

One of Death Dodgers' Stunts

This is one of the novel stunts to be presented at the Death Dodgers circus Sunday afternoon at Filer fairgrounds—shooting balloons with a pistol while riding backward. The show, sponsored by Twin Falls American Legion, offers a variety of thrills.

Program of eleven events, each billed as a thriller, will be presented by the Death Dodgers circus Sunday afternoon at Filer fairgrounds, according to the final billing announced today by the Twin Falls American Legion post, sponsors.

The troupe of stunt experts, many of whom have provided thrills for motion picture sequences, will take over the fairgrounds track at 2:30 p. m. Sunday. Addition of several special events has lengthened the show to nearly two hours, it was announced today.

Here Are Events

Included on the roster of events will be:

- Motorcyclist crashing through a 500-pound board wall with no protection for himself.
- Motorcyclist roaring through walls of fire.
- Motorcyclist smashing through miniature house—six feet long, six feet high and two feet wide—with a man standing inside the house.
- "Suicide slide"—man jumping backward off auto going 60 miles an hour. He will leap from rear bumper with no special platform arranged.
- Ruth Michael, lady stunt rider, performing on a motorcycle.
- Auto Explosion**
- Auto explosion by dynamite. The car will be blasted into wreckage to show the dangers of smoking when around gasoline. A dummy, with cigarette in mouth, will be standing near gas tank when \$200 four-door sedan is exploded.
- Balloon ascension.** An 80-foot balloon will be filled with hot air from a draft furnace dug into a trench, flames will go as high as 30 feet inside the big bag. Parachute jumper will leap from the balloon in mid-flight.
- Motorcycle game—"cave man soccer."
- Several other specialty events.

"COSTS ABOUT **15¢ A DAY**"

MORE TO BUY... WOULDN'T TRADE IT FOR CARS SELLING AT TWICE THE PRICE"

ANNE M. GORMAN, Syracuse, N. Y.

"FINEST, MOST ECONOMICAL CAR I'VE EVER DRIVEN"

Adds pleased owner of big, roomy, extra-value Pontiac

EXTRA inches of leg room, to let you relax in comfort.

EXTRA trunk space for 50% more luggage.

EXTRA miles per gallon, to give you peak economy.

EXTRA Klean-Action smoothness, to let you rest as you ride.

All that kept this motorist from buying a Pontiac sooner was the belief that a car so big and beautiful must be very expensive as well. But a check of the facts revealed this truth: based on 18 months terms in 168 representative cities, the difference in monthly payments between a Pontiac DeLuxe six 2-door sedan and the same model of the next lower-priced car is only 15 cents a day. That, you'll agree, is little enough to pay for more of everything worthwhile. If you, too, thought Pontiac an expensive car, see your Pontiac dealer. He can quickly prove that America's finest low-priced car is well within your means.
