KING, QUEEN PRACTICE WEARING CORONATION ROBES

BALDWIN URGES MINERS ADJUST LABOR TROUBLE

Monarch's Health Reported Excellent as Big Day Comes Closer

By H. L. PERCY

LONDON, May 6 (AP)—King George VI and Queen Elizabeth, who have their coronation robes and crowns at intervals today so they will be accustomed to them before the ceremonies on May 12.

King George's health was reported excellent with the coronation less than a week away, acting as if he were a normal man, according to the pre-coronation officials who have been a heavy strain on him.

The duke of Norfolk, who as hereditary earl marshal, must conduct the coronation, indicated that he would continue daily rehearsals for the coronation in an effort to achieve perfection.

Stands for Queen

The latest rehearsal involved the coronation and enthronement of the queen, Lady Rachel Howard, the earl marshal's sister, stood in for Queen Elizabeth. She donned a cardboard crown and other coronation regalia, including a ring for her fourth finger on the right hand and an ivory scepter on the left.

Prime Minister Stanley Baldwin made what many persons thought was his last speech as premier in front of the coronation committee in an effort to achieve perfection.

Urges Settlement

He urged miners and operators facing a nation-wide strike on May 22 to adjust their differences over the Hawthorn "company union" in view of "the imminence of the coronation."

He made an appeal for settlement of the impending coal strike, urging all parties to make concessions.

London tramway men and trolley bus workers, who carry 20 per cent of the city traffic, decided not to strike in sympathy with the coal miners. The trolley bus workers, who have forced 68 per cent of London's passengers to seek other means of transportation, are to work.

Minister of Labor Ernest Brown reported prospects of a truce in the bus strike. Under the plan, the trolley bus workers will work until after coronation without prejudicing their negotiations.

The members first selected nine corporation directors to lead the organization which will have its plant in Twin Falls, will draw livestock from nine southern Idaho counties and will market its meat products in California.

Other officers elected from within the board were J. E. Stanzell of Buhl, vice-president; W. W. Godfrey, Twin Falls, temporary secretary and Claude Detweiler, Twin Falls, temporary treasurer.

Directors elected at yesterday's sessions are: Twin Falls county: J. E. Stanzell, Ben O'Harrow of Twin Falls, Jerome county: John Stickle and Bruce Gordon, both of Eden, L. F. Gooding county: J. A. Adams of Wendell, C. H. Albee of Jerome, Minidoka: C. E. B. Roberts, L. P. Cassia: M. V. Middleton of Burley.

Officials' salaries were not fixed after adoption of the by-laws but left to future board determination. All officers are expected to hold their posts at least until the first Tuesday in December, the date of the first annual stockholders' meeting.

Express Wreck Kills

"Tenderheels"

Imagine, if you can, Laurel and Hardy as a pair of "tenderheels" in the wild and woolly west, back in the gay '30's and then start laughing! "Way Out West," their latest M-G-M feature comedy, opening tomorrow at the Orpheum theater, presents the famous comedy team in their first western picture and it is heralded as a rip-roaring, fun-filled, ringer-risoper song-dance hit of the season.

Oldest Cyclist Abandons Sport

IDAHO FALLS, Idaho, May 6 (AP)—Rheumatism forced 85-year old George Churchill to abandon his favorite sport today. Dated by manufacturers as the oldest practical motorcycle rider in the United States, Churchill replaced his machine with a specially built bicycle which he propels with his hands and legs. The motorcycle was discarded because it didn't have a self-starter, he said.

Buhl Recital Given

Buhl, May 6 (Special)—W. J. Ripplinger presented a number of his students in a private recital at the Baptist church Monday evening. During the program Mr. Ripplinger presented Esther Ransen with a prize of \$5 for being on the honor roll of music the largest number of times.

CHAPTER I

THE boys in the orchestra picked up their tiny megaphones and harmonized the chorus of their song. Lights, for the moment, were reflectively dimmed. The girl smiled from the midst of the orchestra, gradually becoming tender. Unconsciously, the younger dancers pressed their cheeks a little closer; the older men smiled, and the hold about manly lights. Bob Andrews, skirting the edge of the floor, maneuvered his partner through an arched doorway onto a quiet side porch.

"There!" he said with satisfaction. "It's good to get out of that din."

"The music is perfect, Bob," Joan exclaimed.

"Maybe so. But I was crazy to bring her here tonight."

His eyes worshipped the clear-cut profile of her face, the proud line of her chin, and his heart quickened to this chance of being alone.

Joan raised her eyebrows in mild surprise. "Why?" she asked, smiling up at him. "Don't your neighbors like me?"

"Like you!" He walked over to the porch railing. Below them, the lights of the city, the green-gleams, fashioned with gray red and green and yellow lanterns, gleamed brightly, and the reflection of the light lent a glow of colorful enchantment to the porch.

"Like you!" Bob repeated, linking his arm more tightly in his. "Every man in the place is ready to eat me alive for keeping you to myself this way."

Still looking down at her, he caught the beauty of that moment mirrored in her wide blue eyes. "Joan, darling," he said with a faint tenderness, "do you know that you're the loveliest girl in all the world?"

"No. But I know that I'm the happiest tonight. I'm smiling wistfully.

"Won't you share it, my dear?" Joan dropped her eyes under his long gaze.

"I could be the happiest man in the world tonight," he went on. "You could make me, Joan."

When she did look up, there were stars gleaming on her eyelashes.

"Bob, my dear! It's so impossible—so utterly—"

"Impossible to love me?"

She started, and for one brief instant, he read the answer in her eyes. Then his arms were about her, his lips seeking hers. At that moment he declared that they would slow, in recognition to a brief second there was a breath-

Why a Greater Army?

The House Appropriations committee has approved a bill by which Uncle Sam would spend some \$416,000,000 on his army during the coming year. It accompanied this approval by asserting that the nation's defenses today are "unprepared to offer resistance to any force equipped with modern offensive weapons."

Technically, this may be true enough. If some magic put the entire United States army down at Columbus, O., and the entire French army down at Indianapolis, Ind., the Americans probably would be quite powerless to keep the French from moving on to Columbus. The French have more men, more planes, more tanks, and more guns. The equation can give but one answer.

But practically the committee's statement is wildly misleading. For it leaves entirely out of consideration the most important factor of all.

Whenever we start figuring out our national defense program, we ought to start by asking just who is going to come over her and assail this under-equipped army of ours, and how they are going to get here.

If the lessons of the World war mean anything at all, they prove that there is not a nation on earth today that could land and maintain on our shores an expeditionary force capable of defeating our army.

For we have, after all, a navy—and a pretty fair one, as navies go. To make invasion of America possible, our nameless foe would first have to beat that navy—and not only beat it, but practically annihilate it. There does not exist today any fleet whose command would dream of trying to come over to our waters and do that. The thing simply isn't in the book.

Assume, though, that it has been done. The next step is to establish a secure base on our coast—a base with a big harbor and ample dock space, which means one of our principal seacoast cities. And while our army may not be very big, the experience of the British at Gallipoli ought to be enough to show that in such a venture the cards would all be stacked in our favor.

Suppose the base is seized, however; what next? Our invader must now get his army over here. Where does he get his ships? Transporting half a million men and all their supplies and equipment across 3000 miles of ocean is no overnight job. Transporting two or three times that number, and keeping them fed, clothed and fully equipped is next door to impossible, unless you have practically all of the world's shipping at your disposal.

It just doesn't add up. Our army may be in dire straits—although, considering the money we have spent on it in the last decade, it ought to be fairly respectable—but you have to do some involved, flighty, and opium-scented dreaming to figure that we are in any real danger of being overrun by designing men from beyond the seas.

Timely Advice

Vacation time is near, once more, when the ocean and inland lakes will lure through of pleasure-seekers. And, just as in previous years, there are thousands who will never return from these watering places. For drownings are a major cause of accidental deaths.

And so the words of Dr. Bayard T. Horton, of Rochester, Minn., may well be heeded. According to him, recent studies have revealed that hypersensitivity to cold water has been responsible for many drownings, persons afflicted in this way being apt to collapse after entering the water.

To determine whether you have the weakness, immerse one hand in ice water for five minutes. If your hands swell after removal, you are hypersensitive. Most persons, Dr. Horton advises, can be "desensitized" to cold by immersing one hand in ice water for a minute or two twice a day for three or four weeks.

A simple procedure, certainly, if it means lessening the danger of losing one's life this summer.

"Since he had an auto accident, a Californian has been shrinking gradually." His wife ought to let bygones be bygones.

The Philippines' new high commissioner, his wife, and daughter received a rousing welcome in Manila. To the Islanders, the newcomers are the McNutts.

A Massachusetts academy is saving the butt of a cigar smoked by President Coolidge. Since it is not mentioned, the pin probably was lost.

A motion picture ad contains the query, "Is it natural for a husband to have more than one wife?" but then, of course, Hollywood wouldn't know.

THE FAMILY Doctor

By DR. MORRIS FISHER

Editor, Journal of the American Medical Association, and of Hygiene, the Health Magazine

It would be remembered that scarlet fever is a disease of the germ development, but does not affect the germs themselves. It is especially common where there is high fever and a severe eruption.

Various American communities are taking steps to reduce the length of time that scarlet fever victims should be kept at home.

The recommendations vary from a minimum period of 21 days to a maximum of six weeks, the shorter period being observed in the milder cases.

The most striking feature of the great deal of scarlet fever, and longer ones in some of the cities where scarlet fever has been especially severe.

Decisions as to whether the schools shall be closed during scarlet fever epidemics must, of course, be based on the extent to which closing of the schools helps or hinders the spread of the disease.

In country districts, where the children live in widely separated homes, closing of the schools may be of value, whereas in cities where they mingle much together, closing of the schools has but little effect.

It is understood, of course, that children of families in which there is a scarlet fever case may be kept at home during the period of the infection.

Since infection with scarlet fever is a means not only because of itself, but because of its association complications, special attention must be given to protecting the kidneys and heart during the time of infection.

These infections, especially if the fever should remain in bed for at least three weeks.

The diet should be light and cooling, and the skin should be kept cool.

Cereals and other soft foods gradually may be added until the diet consists mostly of liquids. It becomes necessary to build the tissues and blood by supplying the right materials.

These include, particularly, plenty of milk, fresh fruits and vegetables, and other foods rich in vitamins, mineral salts such as calcium and iron, and more iron than is allowed during the active stages of the disease.

It is especially important to avoid exposure of the patient to cold. Bathing preferably should be done in bed by sponging with lukewarm water. The patient's skin should be kept cool and moist, and to aid peeling and to prevent irritation.

Experiments have shown definitely that scarlet fever germs may be caught into the air by those who have the disease, and that droplets or similar objects may be contaminated by the hands of those who are caring for the patient.

It is therefore important to practice good personal hygiene in taking care of patients. Hands should be washed thoroughly after departure from a room in which a scarlet fever patient lies.

Moreover, it is well to have available a stock of disinfectant which can be put on before entering the sickroom, and taken off after leaving it.

You May Not Know That—

HAGERMAN, May 6 (Special)—A student body meeting was held Monday at the high school to nominate officers for the next year. The students nominated were: President, Theodor Potter and Elaine Thompson; vice president, Annes Watson and Edith Porter; treasurer, Patricia Woodard; Helen Leach and Jean Woodard; secretary, Margaret Jean Williams; Irene Thompson and Anita Cady; cheer kings, Wills Walker and Wilma Walker.

The student body election, by ballot, will be held Friday.

Ada County Votes on New Courthouse Bond

NOISE, Idaho, May 6 (UP)—Voters in Ada county will go to the polls Tuesday to vote on a \$500,000 courthouse bond. Bidding will constitute a bond issue of \$100,000, which would match federal funds for construction of the new courthouse. The organization has charged the present building is "unsafe."

PERSONAL VIEWPOINT

WASHINGTON, May 6—Late reported interest in the herd on Capitol Hill is becoming more personal and serious, for President Roosevelt. A stampede among the legislators is not only possible, but probable.

What has held them back, frankly, is the fact that Mr. Roosevelt has been more popular out in the country than they have. Since the 1936 popular election, however, many a new idea has been born, or delivered to them. Court packing, taxes for next year, the re-election campaign, the budget, a government reorganization program which leaves them out.

The members of the house and one-third of the senate (and not Mr. Roosevelt) must submit themselves to the political tug of war, on the basis of whatever they do about these raised problems. As they foresee it, the issue of the re-election campaign is near. It is not Mr. Roosevelt (as it has been in all their past New Deal elections). The question will be what they did about it. They can't force this issue in the evidence that the Republican organizations are inclined to promote backing for their candidates on the basis of their record, rather than their party affiliation. Also the inherent rivalry in their mind is ominous. Their noses know.

THEATRE

Congressmen are not much different from other people, as far as human instincts are concerned. They like to get along successfully with their neighbors. In their case, that means they want to be re-elected. Now, with the situation getting around to the point where their opponents are ready for a campaign against them on the question of whether they voted their own convictions or Mr. Roosevelt's, they are beginning to feel the power of the Roosevelt organizations in their districts. Also, as far as they know, he, personally, is beginning to get again, their favor, therefore, the down the plain issue minus Mr. Roosevelt.

It may not mean they will support and jealously and establish their own campaign basis. That remains to be seen. But it certainly is the first time since 1932 that they have been thinking along these lines.

And it may develop more trouble for the program than you have suspected was possible.

DOUBTS

This homely feeling is having a direct effect upon the supreme court packing lineup. Best authorities will tell you the President has lost at least six senate votes in the past two weeks. The most the President can expect from this lineup today (they are) two additional judges and a constitutional amendment. (To return of judges at seventy years of age.)

This authoritative private analysis certainly is true as far as it indicates that six or more senators have experienced increasing doubts.

MURDER

A dinner gathering of statesmen under the historic Virginia peninsula a few days back nearly had a Harlan county ending. By quibbling long, incessantly until Dr. Birmingham let helpfully merely was introduced as the only speaker. The distinguished German professor explained that site for a test cloth factory had been selected in North Carolina and he was privileged to announce it.

It would manufacture cloth by a special process which required neither spinning nor weaving. The lucky city, he said, was Greenboro, N. C. He then, to his colleagues in North Carolina moved his chair forward and applauded loudly.

But then Dr. Steinhilber began on a lecture on the history of the federal housing, the triple A, the New Deal. His language was ultra-republican. If not downright critical, it was at least scathing. Sen. Maason, Marlyn Turner, Elizabeth Dier, Doris Hing, Mildred Jones, Howard Perry, Francis Swan, Jerry Henn, Roberta Harding, Audrey Porter, Gillian Howler, Lois Gardner, Mary Prick, Irene Thompson, Blanche Hery and Edith Evers.

NOTES

The names of Henry Heverus, former head of the American Legion, and former congressman William Rogers of New Hampshire are mentioned in the President's private notebook for assistant secretary of war or something equally desirable.

You are not expected to believe it, because no outsider could, but the news those really had the Jitters last week over the thought that State Secretary Hull might resign to take the "fourteen" position, was a rather overplayed in an inside squabble on experience this first defeat and White Houseer thought that it would be a rather interesting after, they were able to reassess themselves.

Way Cleared for Rehearing Plea if Court Rules Against Pension

TRIBUNAL MIGHT GET NEW JUDGES BY FALL SESSION

Procedure Rule Would Allow Re-Argument on Docket Next Autumn

WASHINGTON, May 6 (U.P.)—Supreme court procedure will give the administration opportunity to ask for a "new deal" on validity of the social security program if the tribunal rules unfavorably at this term on unemployment insurance and old age pension phases of the act.

It now is possible for the court to act next fall—when its membership may have been changed—on pleas to rehear cases involving constitutionality of those two plans.

Pension Argued Yesterday

This was assured for unemployment insurance when the court failed to rule on its validity last Monday. The old age pension scheme is affected similarly because it was not argued until yesterday.

The situation is made possible by a procedural rule that allows the loser in every supreme court case 25 days in which to file a petition for rehearing. The pleas usually are acted on the Monday following filing.

Keep Case on Docket

Neither case can be decided before May 17 since the court does not plan to sit next Monday. A rehearing petition could be filed any time between then and June 11, keeping the case on the docket during the court's summer recess. Thus, it would remain before the tribunal when it returns the first Monday in October.

The importance of the situation to the administration lies in the fact that by fall the personnel of the court may have been altered, either by passage of President Roosevelt's bill to add six justices to the tribunal, by retirement or by death.

High School News

Final preparations for the stock judging contest at Thousand Springs May 7 were made by members of the Future Farmers of America as they met yesterday noon at the high school.

During the meeting Allan Edwards was elected captain and Maurice Capps as manager of the softball team. Competing in the F. A. softball league, Twin Falls team defeated the club team from Filer, 9 to 8, as it played an initial game on Monday evening.

"The Bruin," high school paper issued by girls of the journalism class on March 18, received honorable mention in the yearly contest sponsored by Theta Sigma, University of Idaho, national women's honorary journalistic society.

Among the 30 papers entered, "Wa-Hi-Booster," published at Wallace high school, was first with Twin Falls "Bruin," and the Emmet paper, "Huckle News," tied for honorable mention.

This was the second year in which the trophy has been won by the Wallace paper and if it should win next year for the third consecutive time, it will receive permanent possession of the trophy.

IRRIGATION OPENS ON BEAN GROUND

Planting Will Begin About June 1 After Fields Are Prepared

Irrigation over this section on alfalfa, pasture and bean ground is underway now and such areas will be the most extensively watered between this date and approximately June 1, John T. Tom, manager of the Twin Falls Canal company, said this afternoon.

Beans will be planted in the vicinity of June 1, Tom said, the accepted method being to prepare the ground from now until that time, encouraging weed growth so that they may be removed as they appear. This leaves the ground almost unobstructed for the beans.

Evidence that the Twin Falls section will have an adequate irrigation supply this year is found in the latest report from Lynn Grandall, watermaster, which shows precipitation above normal in a majority of cases.

Precipitation during the past week at Moran was 4.4 inches; at Ashton, 4.6 of an inch and at Idaho Falls, 7.3 of an inch.

Total precipitation from Oct. 1, 1936 to date at Moran is 14.2 inches while normal is 13.85 inches. Precipitation for the same period at Ashton is 9.23 inches with normal at 9.23 inches.

Precipitation for April at Moran was 3.80 inches against a normal of 1.80 inches and at Snake river was 4.26 inches as compared to a normal of 1.95 inches.

Storage in Jackson lake totals 504,240 acre feet; in American Falls reservoir, 1,721,450 acre feet and at Lake Wolcott, 95,750 acre feet.

Junior High Notes

Rooms ranking in the fifth safety test in a series being conducted at the junior high school were released today by Mrs. Vera C. O'Leary, principal. The first three rooms were all in the White division, ranking in the order listed: 216, Mrs. Emma Jones; 110, Miss Maudie Ewert; 111, Miss Wilma Howarth. Fourth and fifth places were earned by rooms from the Red division and are 113 with Miss Dorothy Evans as instructor and 217 with Miss Helen Busse in charge.

REVOLT BRINGS LOYALS CLOSER

French Observers Say Bloody Uprising Will Pull Them Together

PARIS, May 6 (U.P.)—French observers considered today that the brief Anarchist revolt in Catalonia had resulted in strengthening the Spanish loyalist cause by bringing about a unity that leaders have sought for months.

The Barcelona government, now headed by a four-man directorate with dictatorial powers, decreed the incorporation of all Catalan militiamen—about 12,000—now fighting at the Aragon front around Tuel, Zaragoza, and Huesca, into the loyalist fourth army division, commanded by Gen. Sebastian Pozas, former minister of the interior in the Madrid government.

It took the bloody Anarchist-Communist revolt, observers said, to convince them that their best course was with the rest of the loyalists in Spain.

Paul Dean Rests After Operation To Improve Arm

Officers Named By Buhl Organization

ST. LOUIS, May 6 (U.P.)—Paul Dean, of the St. Louis Cardinals' pitching staff, was resting comfortably in a hospital here today following an operation which involved removing a torn piece of cartilage from his right shoulder.

Paul, brother of "Dizzy" Dean, was forced to retire last season. Despite a good showing in training camps this year the ineffectiveness of his right arm was apparent in two appearances on the mound and an operation was deemed necessary.

Officers Named By Buhl Organization

BUHL, May 6 (Special)—John M. Eby was elected president of the Buhl National Young People's society at the special business meeting held Friday evening at the home of Mr. and Mrs. J. L. Long. Other officers elected were: Lawrence Kalsfleuch, vice president; Mrs. J. M. Eby, secretary; Mrs. Edna Martin, corresponding secretary; and Everett Martin, treasurer.

After the business meeting the evening was spent playing games and singing. Refreshments were served at a late hour.

RENT COST BARS SLUM FAMILIES

WPA Housing Costs Cheaper But Still Too High For Many

WASHINGTON, May 6 (U.P.)—The public works administration, about to open its eighth housing project to low-income families, disclosed today that few of the families will be able to afford the rents which are devalued to make room for the government's spacious, landscaped communities.

Rents of 61 such developments will range from \$4 to \$150 per month—half the cost of a room in a similar privately-owned apartment. But those whose dwellings were torn down for the most part cannot afford to rent the apartment rising on the sites of their old homes.

These families we have moved to clear slums for our projects for the most part can't afford to pay any rent," said Richard R. Voelt, chief of the housing divisions management branch.

A subsidy in the form of a PWA grant for 45 per cent of construction costs makes possible the low rents on federal housing projects.

Tenants will pay approximately \$15 a month for a three-room apartment and correspondingly more for larger quarters.

No family is eligible whose income exceeds five times the cost of rent and utility charges.

County 4-H Winner In State Contest

BUHL, May 6 (Special)—Miss Lydia Kucera, Buhl, who was last year's county champion in the national 4-H food preparation contest, plans to try for state honors this year, as she will be unable to again compete for the county title.

The contest is conducted by club leaders and provides besides county medals an all-expense trip for state champions to the national 4-H club congress in December.

They will compete for three cash college scholarships of \$400, \$300 and \$200 provided with all other prizes by the makers of the Serrel-Electrolux kerosene operated refrigerators.

President Tyler was in constant stride with Congress. All his cabinet members except one resigned, and Mr. Tyler was known throughout his administration as the "president without a party."

State Owns Over 500 Autos, Survey Shows

BOISE, Idaho, May 6 (U.P.)—A survey today revealed that the state owns more than 500 automobiles. Figures showed 361 exempt license plates issued this year. Of this figure, 369 went to the department of public works. The figures were released coincident with a plan by Auditor Harry Parsons to "pool" state cars and cut down expenses.

BORAH EXPRESSES VIEWS ON G. O. P. REORGANIZATION

Overthrow of Present Heads, Changing of Name Considered

WASHINGTON, May 6 (UP)—Sen. William E. Borah, R., Idaho, said today that he had expressed his views on reorganization of the Republican party to friends and acquaintances but that he believed action should be delayed until the judiciary controversy has been settled.

Borah said that he had not changed his mind in regard to his previously expressed views as to the need for party reorganization. He has, in the past, urged a complete change in leadership, as the best method of reviving the party.

"I have expressed myself in conversation with friends and in answer to some letters in regard to party reorganization," Borah said. "My views are much the same as they have been for some time, but so long as the court problem is before us I am not at all interested in the party situation."

Leaders Reticent
Party leaders were reticent in regard to public statements on the proposals, but Sen. John G. Townsend, Jr., chairman of the congressional committee, said:

"It (reorganization) has got to come sometime."
Borah and Sen. Gerald P. Nye, R., N. D., were reported in private conversation as desiring overthrow of the present Republican leadership.

Among the extreme proposals discussed informally was one for formation of a new party which would rid itself of both the present Republican leadership and of the name "Republican."

Drastic Action
It was argued that only by such drastic action could the party hope to make gains in the solid south, where the name Republican would handicap any effort to consolidate Republican and conservative Democratic forces of the New Deal.

Suggestions were made for the calling of a "rump" convention of Republicans and Democrats opposed to the Roosevelt administration with a view to changing the leadership of the party and possibly its name. National Chairman John D. McHamilton has started a campaign for revival of the party and, on the basis of the 17,000,000 votes cast for Alf M. Landon last November, would be in a position to offer strong opposition to any effort to liquidate the party in favor of a new coalition party.

GRADUATION PLANNED
HAGERMAN, May 6 (Special)—The baccalaureate ceremony for the senior class will be held Sunday, May 18. Rev. O. Davidson, Wendell, will be the guest speaker. Commencement exercises will be held Thursday, May 20. Pres. R. E. Snyder of the Albion Normal school will be the speaker for the exercises.

FARM PROPERTY VALUE INCREASES

Agricultural Real Estate Up Again for Fourth Year of Advance

BOISE, May 6 (Special)—Farm real estate values continued to rise in the year ended March 1, 1937, the bureau of agricultural economics reported today. This was the fourth consecutive year of increase.

The bureau's index of farm real estate value stood at 85 per cent of the 1912 to 1914 level on March 1 this year as against 82 on that date a year earlier and 72 on March 1, 1935. The 16 per cent increase in farm real estate values since 1933 was said to be largely a result of increasing farm incomes, which have expanded at the rate of a billion dollars a year during the past four years. The continued rise in farm real estate values was partly a result of relaxed conditions of farm credit and of farm real estate taxes, the bureau said.

Increase in values were less widespread during the last year than during the preceding year, chiefly because of the adverse influence of the drought in certain areas. No increase in average value was reported for the west north central states, where the drought was severe, and the hardest-hit states—North Dakota, South Dakota and Nebraska—showed decreases.

The south Atlantic states showed the largest increase of any of the major geographic regions of the country. The east north central and Pacific coast states were now far behind. All other regions showed comparatively small increases.

SURVEY MADE ON BRUNEAU DESERT

Water Sites Sought for Use of Stockmen/Roads to Be Constructed

HAGERMAN, May 6 (Special)—Mrs. G. A. Waring, ground water geologist for the division of grazing, ECW, and Harvey O. Hoif, project superintendent, are making a survey of the possibilities for obtaining water on the Bruneau desert by means of drilling wells. It is planned tentatively, pending outcome of the survey, to drill several wells for securing stock water.

The factors determining the location of the wells would first be, a site with the least probable distance to water and second, one having accessibility for users of the range. The wells, if drilled, would be equipped for loading trucks, it being the opinion of the stockmen that it is cheaper to haul water to the sheep than to drive the sheep to water, and that in addition, it is better for the range.

If suitable well sites are found, a large scale road building program will probably be launched to provide means of hauling the water in all directions from the wells. The wells, if drilled, would be in the Bruneau desert in operation east of Sallor creek located in Deadman flat, the drilling of wells for water is still in its experimental stages. Many of the stockmen believe that the distance to water would be prohibitive.

Grading of the road between the Bliss bridge and the road to Crow's Nest from the Owsley bridge was completed May 5. The road is sixteen miles long. The total mileage of 16 foot standard road built by the Hagerman OGC camp to date is 49 miles.

Hagerman Grangers Hold Regular Meeting

HAGERMAN, May 6 (Special)—A regular meeting of the Hagerman Valley Grange was held at the Methodist church Monday afternoon with a good attendance.

A caterer lunch was served at noon followed by a business session. Two members were initiated, Mr. and Mrs. C. R. Miller and two members re-initiated, Mr. and Mrs. Glenn Bell.

A letter was read from the Grange representative at Washington, D. C., explaining the Brownlow committee report and the Grange went on record as opposed to taking the forest service and other conservation activities out of the department of agriculture.

A Mother's day program was carried out during the lecture hour. The next meeting will be held June 7.

Teachers in Buhl Receive Increase

BUHL, May 6 (Special)—All teachers of the Buhl schools were offered contracts for the next year by the Buhl board recently. A raise of \$10 per month in the maximum salary for grade teachers was made for next year. The only change in personnel thus far is caused by the resignation of Miss Kathleen Kellogg, fourth grade teacher, who will continue her college work toward a B. A. degree. Her place is being taken by Miss Barbara West, who for the past two years a teacher in the Willowdale school.

Rate of \$110 per month is the maximum salary for grade teachers now, which is \$10 higher than the depression figure and still \$10 below the maximum prevailing up to 1930. The newer teachers received a \$5 per month raise. The high school maximum remains at \$150 per month.

OPERETTA SCHEDULED

HAGERMAN, May 6 (Special)—The operetta, "Blow Me Down," will be staged Friday at 8:15 p. m. in the Legion hall. Special dances, tumbling and solos will be included.

INDEX OF FARM PRICES SLUMPS

Level Received By Idahoans Drops Slightly; Still Well Over 1936

BOISE, May 6 (Special)—The index of prices paid to Idaho farmers on April 15 stood at 130 per cent of the pre-war level, a drop of two per cent from the March 15 level, according to Richard C. Rose, U. S. statistician. In comparison with April 15 a year ago, the index indicates a gain of 26 per cent.

The "all crops" index declined five per cent from the March 15 figure. Potatoes dropped in price for the second consecutive month, resulting in a decline of 17 per cent from the previous month in the "fruit and vegetable" group index. "Grains" and "feed crops" showed a slight gain for the month, while "other crops" declined. Livestock prices continued to ad-

A House is as Good as its FRAME

Let 'The Building Bug' Bite You!

Look Under the Roof!

The part of your home that never shows is the most important part! From the standpoint of repair-free economy and long life, the FRAME of a house means a great deal.

If that frame is made of green or poorly seasoned lumber, only one thing can result: the lumber is going to shrink and warp AFTER the house is completed. This will cause uneven floors, sticking windows, sagging doors. These, and other defects from the same cause, will result in later costly repairs.

The only SURE way to avoid such inconvenience and expense is to use KILN DRIED AND SEASONED FRAMING LUMBER in the construction of your home. The one SURE way of getting seasoned lumber is to specify 4-SQUARE Lumber. 4-SQUARE is thoroughly seasoned before it is allowed to leave the mill for local yards.

In addition, 4-SQUARE has squared ends. It comes in exact lengths. It has many other refinements, including the 4-SQUARE name on each piece to guarantee the quality.

A house is as good as its frame! Let that frame be built of 4-SQUARE Lumber!

PIRATES HOLD TO TOP NATIONAL LEAGUE

Pittsburgh Team Wins Nine Out of 11 Games This Year

By GEORGE KIRKSEY
NEW YORK, May 6 (UP)—Before the season opened the ball players had a saying—"On arms and legs Pittsburgh has the best team in the National league but they won't win the pennant."

But that was before Pie Traynor read the act to the Pirates at the San Bernardino, Calif., training camp.

Traynor's warning had the desired effect and Pittsburgh is off to its fastest start since 1927. The Pirates have won nine out of 11 games and are setting a dizzy pace many experts believe will bring Pittsburgh another flag after a lapse of five years.

Defeat Brooklyn
Pittsburgh smashed down Brooklyn yesterday for its fourth straight triumph. It held the Bunch to a half lead over the second-place Cardinals. Cy Blanton held the Dodgers to five hits while his teammates rapped Frankhome, Eisenstat and Jeffcoat for 11 hits.

Dizzy Dean continued his masterful pitching by holding the Boston Bees to six hits for a 1-1 victory. It was Dean's fourth victory. He fanned 11 men, running his strikeouts to 23 in 37 innings. Dizzy also made a single and double and two sacrifices in four times at bat. The Cards hit five homers—Medwick, Guttridge, Bordagary, Ogrodowski and Pepper Martin getting one each.

The Chicago Cubs scored their fifth straight by beating the Philadelphia Athletics 7-4. The Cubs pounded four Philly pitchers for 37 hits, including homers by Demaree, Marty and Collins. Demaree clouted his homer with three men on.

Cincinnati broke a five-game losing streak by clouting out 11 hits, including homers by Kampouris (9), Gehrig and Goodman. The Reds struck out 8 men, winning his second game. The Yanks made 12 hits off Sorrell and Auker.

St. Louis won a six-run rally in the eighth of the Philadelphia Athletics nosed out the Chicago White Sox 7-6. Bill Cissel, who once cost the Cardinals \$125,000 by not hitting for the A's, hit a single with the bases loaded.

19 STARTERS FOR DERBY EXPECTED

Seventeen Stables Will Be Represented in Annual American Classic

LOUISVILLE, Ky., May 6 (UP)—A field of 19 starters for the Kentucky derby was probable today as the city took on a carnival aspect.

Incoming trainer and jockey were happy throngs milled through hotel lobbies and derby talk was heard on every street corner.

War Admiral, who last represents 17 stables with three probabilities coming from Mrs. Ethel V. Marx's Milky Way farm. All but two of the expected 19 starters have completed their training.

Mrs. Marx's third eligible, Case Ace, has looked so well in training during the last week he is almost sure of a starting place Saturday.

The long shot bettors are in their own private heaven because the race probably will be the most open in years. Pompoon, the winter book favorite who ran fifth in the Wood memorial, won new backers almost simultaneously with his remarkable mile over a muddy track yesterday in 1:42 2-5.

Ambers offered \$30,000 To Battle Armstrong
LON ANGLER, May 6 (UP)—Al Johnson offered lightweight champion Lou Ambers of New York a \$30,000 guarantee today if he could fight Jimmy Armstrong, Negro lightweight, in Los Angeles. The 31-year-old fighter, who owns a piece of Armstrong's contract, asked the Negro manager, Eddie Meade, to start negotiations for the fight.

Canzoneri Meets Ambers for Title Tomorrow Night

ODDS THREE TO ONE FOR CHAMP

Young Italian to Retire if He Falls to Recapture Lightweight Crown

By HENRY SUPER
NEW YORK, May 6 (UP)—Tomorrow will tell—
"Either Tony Canzoneri, one of the greatest fighters ever to buff his gloves in the ring, will win the lightweight crown for the third time and become the first man in history ever to capture a title of titles in the same class."
Or this swarthy little man who looks like a miniature of Babe Ruth will hang up his gloves for all time.
For a dozen years or more the record books are incomplete and Tony is always vague about the subject of his Italian name. New York has been making his living with his fists. He has won and lost four titles—two in the lightweight class and two in the featherweight class. His victories have been prepared many times—and discarded almost as fast as they were written.

At tomorrow Tony definitely will be in the ring. He will climb into Madison Square Garden against Lou Ambers of Herkimer, N. Y., the champion who won the crown in 1924 and 1925.

Victory—and the odds are 3 to 1 against it—will mean that Tony can continue a little longer in the business he loves so well. Defeat will mean he is through for even Tony has decided that he will quit once and for all if Ambers defeats him.

Defeat, however, is the farthest thing from Tony's mind.
"I'll fight 'em all," Tony said.
"Lou Ambers will have to prove himself a real champion to beat me," Tony said. "I guess I was still a pretty good fighter the last time I licked Jimmy McLarnin almost a year ago. After that plenty happen. I got married and when I started drinking I was a different man. Ambers in September a training camp accident prevented my getting more than a couple days of boxing. The thing I needed most at all with my little at stake, was a tune-up fight. And the boxing commission wouldn't give it to me. Ambers will face a different Canzoneri than was seen against him in September. And a far different Canzoneri than the one who lost his second fight to McLarnin in October."

And maybe Tony's right. Ambers, at his best, couldn't hold Canzoneri's bath-room when he was top. Despite his age—variously reported from 29 to 32—Tony still has plenty of fight left. He was a sorry sight after McLarnin beat his face to a pulp last October. But Tony's wounds have healed. The critics who said he was getting after that scrap now are beating the drums for Tony.

Maybe, after all, tomorrow night will see a different Canzoneri. Ambers' obituary goes into the wastebasket.

SAN DIEGO TAKES 2ND IN PACIFIC

Padres Beat San Francisco Seals 7-2, to Recapture Runner-Up Position

By United Press
Frank Strlebach's San Diego Padres recaptured second place in Pacific Coast league baseball standings Wednesday by trouncing San Francisco's Seals, 7-2, thereby evening up the series between the runner-up contestants.

Padre Pitcher Dick Ward survived an erratic start, yielding three hits and a run in the first, but lightened up to limit the Seals to two more hits until the ninth. In that frame Dominic Di Maggio, brother of last year's Yankee sensation, Joe Di Maggio, doubled and hooked Holder single to bring him home.

In the only other afternoon encounter Bill Leroy Herrmann, former league pitcher, pitched the Seals to a 3-3 win over Los Angeles. Herrmann limited his former colleagues to eight scattered batters. The Reds picked Dutch Lieber for 12.

In a night game Seattle's Indians nosed out the Portland Beavers, 7-6, in an exciting contest. The Beavers, 12 innings before the Indians mustered enough strength to put over the winning run.

Sports Writing is Perilous Job, Claims Roving Reporter McLemore

By HENRY McLEMORE
COLUMBIA, Mo., May 6 (UP)—I heard a speech yesterday at the Missouri school of journalism here. Aside from subject matter and delivery and a certain inability on the part of the speaker to remember what he had planned to say, it was indeed a splendid speech.
At the conclusion of the address I beamed my approval and was almost tempted to clap. However, I was a speaker and some inborn sensitiveness told me that this was not the thing to do. Query how many people in the audience had that same inner feeling?
Could have improved
Now that the speech is over, I realize that I could have proved upon it. In a burst of modesty I opened my speech by saying that I really don't know what I was going to say. To my intense surprise when they stopped me thirty minutes later I was still on the same subject. I had failed to mention sports or journalism. In a way of complimenting the Nation for Sports, Frank L. Martin told me they never had a speaker at the school of journalism who drank that much beer. I take a quiet aquatic pride in this distinction.
If I had the speech to do over again I would come right out and speak about sports in the first five minutes. After all, the subject of my address was "Roving the Nation for Sports." I would like to have told those young journalists, particularly those who planned to follow sports some of the perils of the profession. Take the danger of being crushed to death in press boxes by persons who are in no way connected with the press, for example. I am convinced that big industrial companies hold their annual conventions in press boxes. Certainly I have covered many events with shoe and ice box slippers as recommended by being in there.

Matter of Sports Luncheons
And there is the matter of sports luncheons, specially those held by promoters for wrestlers and athletes. All catering for those occasions must be handled by one man, who obviously took up the job after serving an apprenticeship under some petty butler chief. The food is always cold, heavy and indigestible. But you eat it because across from you is Chief Little Wolf or his like, just waiting for you to eat so he can demonstrate his new and latest "death grip" on you.

Another thing I should have warned the young journalists about is the difficulty of picking winners. Not everyone can be as fortunate as I. I have done just born to be a picker of winners.

Board of Governors Gives Dinner Dance

Outstanding event of the week's social activities was the concluding dance of the O. A. O. club series of the winter given last evening at Legion Memorial hall with the board of governors as hosts and attended by 80 couples. Preceding the dance was a cocktail hour and buffet supper.

Music for dancing was provided by the Nite Hawks orchestra. Guests attending the event were Mr. and Mrs. Robert Denton, Barton Kimberly, and Mrs. Henry Denton. Claude Harvey, who has recently moved to Buhl from Salt Lake City, was at the event. Also present were Mrs. D. L. Alexander, Mr. and Mrs. C. H. Bailey, Mr. and Mrs. Ralph Pink, Mr. and Mrs. E. L. Roberts, Mr. and Mrs. W. J. McFarland and A. Wilton Peck.

GUEST DAY OBSERVED BY CLUB

Approximately 50 members of the Country Women's club and the Epsilon club were present at the guest day event of the former organization arranged yesterday afternoon at the Baptist bungalow. Hostess was Mrs. Dora Lind Johnson, general chairman of arrangements, assisted by Mrs. R. W. Mort, Mrs. John Ritchey, Mrs. G. G. Allen, Mrs. Roy Andert, Mrs. G. Cain, Mrs. Scott, Elsworth and Mrs. E. A. Litter.

Theme of the program, which followed an informal business session conducted by Mrs. J. R. Walker, president, was "Idaho's Composers" and was announced by Mrs. Walker. Numbers were "Larks in Summer" and "Rhapsody" composed and played by Mrs. Edith Richard Hinton; a talk by Mrs. Walker on composers and music which was not available; "Ee-De-How," and "Mother of Mine," by Mrs. J. W. Fuld, Hatley, sung by Mrs. W. W. Whitk, and several selections, including "Glorious Idaho" sung by Mrs. Walker with words by Irene Welch Orison; and music by Stewart Idaho Falls, "Margaret" and "Where Syringas Grow" by S. S. Beale, College of Idaho professor; "Sing a Song of the Sea," sung by Miss Helen Doud and Miss Doris Ward, all of Ellers, accompanied by Miss Mercedes Barbee of the Epsilon club-songs by its members.

Following the program a buffet luncheon was served from a lace-covered table trimmed with a miniature maypole in pastel shades for a centerpiece and lighted by yellow tapers in crystal holders. The menu carried out the club colors of yellow and white. Mrs. William Burt, president of the guest group, and Mrs. C. E. McCain poured. The room was returned with tulips and cherry blossoms.

TEACHERS FETTERED BY F. T. A. BOARD

The executive board of 1936 of the Lincoln Parent-Teacher association entertained faculty members of the school last evening at the Park hotel. The group was seated at a table trimmed in blue and centered with a bowl of spring flowers surrounded by miniature birds. Two songs were sung by Mrs. Raymond Graves, accompanied by Mrs. F. A. Goodknight, and were entitled, "I'll Sing You a Song" and "Let Me Live in a House By the Side of the Road."

After dinner prizes were played with the prize going to Miss Barbara Thompson.

Mrs. James Harvey and Mrs. Graves were in charge of the table appointments. Hostesses were Mrs. F. A. Goodknight, Mrs. W. B. Brooks and Mrs. Earl Johnson.

Guests included Miss Beulah Way, principal; Mrs. Helen Taylor, Miss Ida Allen, Miss Clara Koeler, Miss Thompson, Miss Mildred Walk, Miss Beva Darrington, Miss Hazel Holloway, Miss Helen Stearns, Miss Margaret McCain, Miss Vivian Werry, Miss Florence Schultz, Miss Gertrude Beal, Miss Layon Harrison, Miss Lois Showell, Miss Dorothy Warner, Miss Inez Adams, Mrs. Elizabeth Smith and Miss Rebecca Curtin.

THALIA CLUB GIVEN MAY DAY EVENT

The annual May day luncheon of the Thalia club was arranged yesterday afternoon at the Colonial tea room and was a very attractive social event of the club calendar. Guests and members were seated at tea tables for luncheon. Floral trim included pastel sweet peas in low crystal bowls.

The afternoon was spent at picnics with guests and prizes to Mrs. Harold Salisbury and Mrs. William King and club awards to Mrs. Phil Cargill and Mrs. Alpha DeMay. Guests were Mrs. L. O. Gray, Mrs. Marlan Carlson, Mrs. Walter Day, Mrs. Duncan Gunn, Mrs. Homer Johnson, Mrs. George DeMay, Mrs. Lewis Norris, Mrs. Loyal Perry, Mrs. Salisbury and Mrs. King.

FLOWER EXCHANGE CONDUCTED BY CLUB

The Kimberly Road club was entertained yesterday afternoon at the home of Mrs. W. M. Fisher with 10 members present. Feature of the session was a seed and bulb exchange. Prizes were made for the contest. A social and refreshment session and the remainder of the afternoon was spent socially. Refreshments were served by the hostess, assisted by Mrs. Edith Taylor.

Calendar

Nightclub club will meet with the Casino Club, 21 Third avenue west, Friday afternoon. Mrs. Addie Williams will be hostess.

Past Matrons club will meet Friday at 8 p. m. at the home of Mrs. E. J. Malone. Anyone wishing transportation is asked to call 6235-72 and arrangements will be made. It is announced.

MUSICAL PROGRAM PRESENTED AT SESSION

Feature of yesterday's meeting of the Morningstar club held earlier afternoon at the home of Mrs. James Munn was a group of accordion selections played by Mrs. Frances Henschel and a German song which she sang, playing her own accompaniment on the accordion. The remainder of the afternoon was spent socially.

Refreshments were served by the hostesses, Mrs. Munn and Mrs. Jack Hollen. Guests were Mrs. Frank Houghton and Mrs. Albert Gova. Gooding, who is visiting her mother, Mrs. C. J. Davidson. Sixteen members of the club were present. The next meeting will be at the home of Mrs. Davidson.

CONTESTS HELD BY HIGHLAND VIEW CLUB

Members of the Highland View club met yesterday afternoon at the home of Mrs. R. A. Junker and answered roll call with quotations on "Mother." The program, presented by Mrs. Leona Routh, included several contests on the same topic which were won by Mrs. Elsie Morgan and Mrs. Edna Jakway. Mrs. Ted Emerick received the club prize and Mrs. Minnie Morgan a gift award.

Refreshments were served by the hostess, assisted by Mrs. Esther Johnson. Guests were Mrs. Edith Goodard and Mrs. Morgan. The next meeting will be held at the home of Mrs. E. M. Guest.

STAFF ELECTIONS BY EVENING GUILD

At last evening's meeting of the Evening Guild of Ascension Episcopal church held at the home of Miss Alice C. Taylor officers were elected for the coming year. Those

named on the new staff were Miss Taylor, president; Mrs. James S. Butler, vice president; Mrs. Loline Neely, secretary, and Mrs. H. R. Fisher, treasurer.

The group made plans for the annual picnic to be held May 19 and a paper was read on "Baptism" by Mrs. T. W. Hicks. Refreshments were served by the hostess.

PARENTS ANNOUNCE DAUGHTER'S MARRIAGE

Mr. and Mrs. W. D. Mumpower announce the marriage on Tuesday of their daughter, Pearl, former student at St. Luke's hospital, Boise, and Richard Sanders, son of Mr. and Mrs. E. C. Sanders, Chicago, formerly connected with the Peterson Motor company, Boise. The ceremony was performed at the Boise Methodist parsonage by Rev. Mr. Atcheson and attendants were Miss Virginia Henke and Vance Van Deusen, both of Boise.

Mr. and Mrs. Sanders left here today to make their home in Chicago.

EARLY SETTLERS ATTEND INFORMAL PARTY

Mrs. Maude Mar, Auburn, Wash., was complimented at an informal party given yesterday afternoon by Mrs. O. P. Strobeck for some of the Twin Falls residents who came here between 1904 and 1909. Each guest recounted an experience of the early days and gave her first impressions of the Twin Falls tract.

Refreshments were served by the hostess, assisted by Mrs. Gene Dillon. Guests were Mrs. Miller, Mrs. John Cisar, Mrs. C. E. Lind, Mrs. C. A. McMaster, Mrs. F. L. Cogswell, Mrs. G. W. Bice, Mrs. Mae Herron, Mrs. O. E. Carls, Mrs. C. H. Slinn, Mrs. H. B. Johnson and Mrs. William Baker.

Evangelist Speaks On Sermon Topic

The theme of "Spiritual Builders" was used by Rev. Mr. A. B. Morgan, Seattle evangelist, in a sermon delivered at the Nazarene revival last evening resulting in a number of conversions.

The revival will close Sunday with services at 11 a. m., 2:30 p. m. and 8 p. m. and will be held today and tomorrow at 8 p. m.

From here the Morgan-Chaffie trio will go to Nampa to attend the Idaho-Oregon Nazarene assembly.

ARRIVE FROM HAWAII

Dr. and Mrs. Robert K. Maddock and son, Bobby, have arrived here to spend two weeks at the home of Mrs. Maddock's parents, Mr. and Mrs. John E. Hayes. Dr. Maddock, a U. S. public health service surgeon, has been transferred to Boston.

THE NEW Eugene Wave Studio

The New Eugene Wave Studio will be formally opened Friday evening at 7:30, and every Twin Falls woman with her husband is cordially invited to come and inspect Twin Falls' newest and most modern beauty salon. We are truly grateful towards our many friends and patrons who have patronized us for the past 12 years and who have made it possible for us to bring to Twin Falls this new and modern salon... and we wish to take this opportunity of extending our heartfelt thanks for that patronage. We have equipped our new salon with the best equipment known to the Beauty Culture profession and our honest endeavor at all times will be to give the same high quality of service at the same reasonable rates.

STAFF

We have retained our competent staff and have added to it two distinguished Beauty Specialists. Franco's hair stylist, an associate of Robert of Sun Valley who was formerly one of the most noted hair stylists of New York, and Faye Thomlinson who has been associated for the past 14 years with the leading salons of Salt Lake City.

THIS CURIOUS WORLD

By William Ferguson

The SOLAR ECLIPSE ON JUNE 8 WILL BE THE LONGEST TOTAL ECLIPSE IN 1200 YEARS! IT WILL LAST SEVEN MINUTES, AND WILL OCCUR IN ALL FOUR HEMISPHERES, YET THE GREATEST PART OF THE SHOW WILL TAKE PLACE IN MID-OCEAN!

THE CHANCES OF GETTING ANY CERTAIN FIVE CARD COMBINATION IN POKER ARE ABOUT ONE IN 300,000,000.

The BREAST MUSCLES OF A BIRD ARE ABOUT 100 TIMES MORE POWERFUL, RELATIVELY, THAN THOSE IN A MAN.

The path of totality of the remarkable solar eclipse of June 8 will stretch over 8000 miles of the earth's surface, yet it will touch no land except two small islands far out in the Pacific, and a section of Peru. This great astronomical show will be staged before an almost empty house.
