Merrill Completes Return Flight

American Crosses Atlantic With Pictures of Coronation

QUINCY, Mass., May 14 (UP)—Henry T. (Dick) Merrill landed his monoplane at the Squantum naval reserve air base at 2:40 P. M. (EDT).
Merrill, accompanied by his co-pilot, John S. Lambie of Birmingham, Mich., brought back pictures of the coronation from England last week in 24 hours and 30 minutes.
At 2:40 m. the plane just been in the air 22 hours and 27 minutes, beating the time of the only other flight of comparable distance from England to the United States, that of Capt. James A. Moulton and his wife, Amy, in 1933, by 16 hours and 24 minutes.
Merrill said that he had followed the Newark air beam south of Boston, but was unable to pierce the thick fog and turned back.
The air base here was the first land sighted since he left England, he said.
"We didn't have any particular trouble. There was a lot of thick weather, however, and besides, we decided we'd better land and check our fuel supply."

FEDERATION ENDS DISTRICT PARLEY

Call for 1938 Meeting Site Slated Today; Nominating Committee Named
Call for the meeting place of the 1938 convention of the first district of Federated Women's club and reports of presidents were to feature the closing session this afternoon of the 37th annual convention in three-day session at the Methodist church.
Eighty-two delegates were present for the last day's meetings which were featured this morning by election of the following nominating committee: Mrs. M. Powell, Malad, chairman; Mrs. F. C. Schroeder, Filer; Mrs. Lee Smith, Twin Falls; Mrs. A. L. Snyder, Springfield; and Mrs. E. A. Anthony. The committee will prepare two slates of candidates for district officers which will be presented for election at next year's convention.
Mrs. R. E. Mannix spoke this morning on the control of cancer and final reading of resolutions was conducted. Music included an accordion solo by Mrs. Frances Heron, a whistling selection by Mrs. George Erhardt, Filer.
During the session Mrs. R. Hodgins, Moscow, presented a paper on "Cancer" (Continued on Page 2, Column 3)

A King Is Crowned

History was made when this picture was taken as King George VI was being crowned by the Archbishop of Canterbury in ceremonies followed throughout the world. The actual coronation service in Westminster Abbey, was at its most stirring and solemn moment when the prelate placed upon the head of the monarch the St. Edward crown he is shown holding aloft over the king seated on the historic throne. Picture, taken at the coronation, was radioteled to New York and transmitted by Acme Telephone from New York City.

Union Workers Agree to Election Supervised by U. S. in J. & L. Plants

27,000 Men Return to Jobs in Pennsylvania

By EDWARD J. LALLY, Jr.
PITTSBURGH, May 14 (UP)—The Jones & Laughlin steel strike, first major walkout in the steel industry in 18 years, was settled today when the steel workers organizing committee agreed to a company-supervised election.
Philip Murray, union field marshal in the two-day-old strike, announced the settlement after a conference with J. & L. officials and federal and state mediators. He said that picket lines were to be dissolved immediately and operations resumed "before the day is over," returning 27,000 strikers to their jobs.
Hovace E. Lewis, president of Jones & Laughlin said:
"The agreement is tentative pending an election on May 20."
Once Rejected
The proposal for an election supervised by the national labor relations board was submitted by the Jones & Laughlin management Wednesday night, but it was rejected at that time by the committee for industrial organization union reportedly on grounds an election would cause unnecessary delay. The CIO contends it has clear majority in the J. & L. plants.
J. & L. also offered as a possible solution the signing of an SWOC contract if the union would resigning of a similar agreement with non-SWOC employees. The union argued that such a proposal would promote dual unionism.
"If the steel strikers organizing committee wins a majority of votes in the election, it will become the sole bargaining agent for Jones & Laughlin employees."
That would mean that the SWOC would be granted its first exclusive bargaining agreement among major steel unions in the country. The Pittsburgh steel men remained out today but it was believed a conference was being arranged between the union and company officials.

S. E. C. STRESSES AGENCY NEED ON DEFAULT BONDS

Central Means For Collecting Of Foreign Issues Urged At Washington
By SANDOR S. KLEIN
WASHINGTON, May 14 (UP)—The securities and exchange commission today stressed to congress the need for a central official agency to negotiate with elements for American holders of defaulted foreign bonds.
The commission submitted a voluminous report on its investigation of agencies now operating in that field. It estimated that there are 650,000 Americans who hold \$1,750,000,000 in defaulted foreign obligations.
Cites Collection Means
The SEC said there are possible means for enforcing collections from defaulting governments: economic sanctions, armed force and diplomatic reprisals. But in the last analysis, the commission said, these methods are of "doubtful utility" to the creditors.
Holding that it was almost a certainty that there would be some default on foreign issues, the commission suggested the possibility of building a reserve fund to finance protection of investors. For example, underwriters might be required to insure a government's recovery fund a small percentage of their gross fees and commissions.
Power of Penetration
In citing the need for a central authoritative agency, the report suggested that the foundation for such an organization already exists in the State Department's Foreign Claims Commission, Inc., which was organized at the suggestion and on the initiative of the federal government.
The commission report said, has had to proceed by "powers of persuasion and inducement, often in spite of the opposition of the state department," in its endeavor to induce defaulting debtors to treat American bondholders fairly and without discrimination.

WPA TO AFFECT STREET PROGRAM

Form of Federal Set-Up Is Important to City Plans, Avant Asserts
Whether or not the WPA continues under some similar form during the coming federal government's fiscal year which starts July 1, will have a direct bearing on plans of city officials to institute a broad street improvement program in Twin Falls. It was revealed here this afternoon by Leonard P. Avant, street commissioner and council member.
"The use of WPA labor in a program which we contemplate will be a great benefit in getting the work done at lesser cost," Avant said. "For that reason we will have everything ready to go by July 1. If no federal change is made in the WPA, we feel certain that the program can be carried to a successful conclusion this year and in 1938."
A tentative program
A tentative program of street improvements, including widening of 11 blocks on Third street west and north, between Adams avenue and the "truck lane" on Fourth avenue west, on blocks on Eleventh street west from Fourth avenue west to Third avenue west; Walnut street from Kimberly road to Fourth avenue east; and Fifth avenue east from Blue Lakes boulevard to Locust street.
An additional graveling program which has been well advanced is being carried on Ninth avenue from Blue Lakes boulevard to Locust street; Locust street from Fourth avenue east to Third avenue east; and Ash and Elm streets from Kimberly road to Fourth avenue east.
At the present time, it was announced jointly by Mr. Avant and (Continued on Page 2, Column 3)

Police Warn of Morals Checkup

Threaten Further Action as One Club is Ordered Closed

Local police officers through Chief Howard Gillette this afternoon issued a warning to all operators of any establishment in Twin Falls that they will be expected to conduct their places of business in such a manner that they will not be a detriment to the well-being of the community.
Local authorities will not hesitate to move or bring action in any case where the public morals and public safety is jeopardized," Chief Gillette said.
The chief made this statement in connection with the closing of the Stockmen's club on Bluffton street south last night. The club, which was termed the club the "most notorious of moral vices in Twin Falls," benefits and police officers cooperated in the closing.
Judge Issues Order
The club was closed in connection with a restraining order issued by District Judge T. Halley Lee on application of Prosecuting Attorney Edward Blawieck.
The order was addressed to Cal Mendonza, alleged operator of the club, and his wife, Mrs. Ellen Mendonza. The complaint first filed by Blawieck, asserted that the club was a "house of ill fame" and operated and used as a place where

COMFORTABLE
FORT BRAGG, Calif., May 14 (UP)—More than anything else, Abe Triplet wanted a comfortable grave. He was after the diggers more than his six-foot bulk into too small a space, so he dug a place for himself to his own specifications. His lined it with redwood and tended it several weeks, cleaning out refuse. Yesterday it looked inviting. He shot himself and died.
LOVE
PLYMOUTH, England, May 14 (UP)—Joseph, a man who loves dogs so much he habitually sleeps with 12 of them, sought a new home today when neighbors acting under a statutory code, forced him to vacate his premises.
PROTEST
ASHINGTON, England, May 14 (UP)—Northumberland women filed a strong protest today against the new mercury vapor street lighting system installed by municipal authorities because of the effect of their glare on the eyes. The women claimed that at a distance of 200 feet, the mercury light gave them blue fire and made them appear sunburned, while at 200 feet they appear pale, and directly under the lights, became ghost-like.
HERO
CAMBRIDGE, O., May 14 (UP)—When a 14-inch snake crawled into the Barchet Run school, the teacher and 24 pupils scrambled to tops of desks and chairs. One small boy, now the school hero, dashed from the room and returned with a mouse-trap. The kid dangled the snake under the trap and the intruder, when the snake struck, the trap snapped neatly around its neck.

SECURITY BOARD APPROVES IDAHO PUBLIC ASSISTANCE PLAN

STATE RECEIVES \$60,861.74 AID FOR MAY, JUNE

Federal Grants Received Total \$1,598,480 For Aged, Blind, Needy

WASHINGTON, May 14 (AP)—Approval of revised plans for public assistance in Idaho was announced today by the social security board. Both states were among the first to program a full public assistance program under the social security act.

Their original plans for aid to the needy aged, needy blind, and dependent children were approved on Feb. 21, 1935, and have been in operation since federal funds became available in February, 1936. The assistance now being given will be continued without interruption.

In addition to approval of these revised plans, the board announced approval of two public assistance grants totaling \$60,861.74 to Idaho for May and June—\$62,238.80 for aid to the blind and \$4,622.94 for aid to dependent children. These grants supplement four quarter allotments previously made to the state for both these forms of assistance.

To attend today's grants, Idaho has received a total of \$1,598,480.15 in federal grants, of which \$1,282,041.15 is for aid to the aged, \$132,202.00 for aid to the blind, and \$184,236.99 for aid to dependent children. It is aiding about 19,800 individuals, including 270 blind and 1,800 children—according to estimates for May based on reports for the past 12 months.

WPA TO AFFECT STREET PROGRAM

Form of Federal Set-Up Is Important to City-Plans, Avants Asserts

(Continued From Page One) C. Wynn Durig, of the city engineering department, a survey is being made of this area in search of a point where the city may obtain "good gravel" at a reasonable cost. The survey is being conducted by Humer Adams, superintendent of streets, John Griffiths, WPA engineer, and Mr. Durig.

It was explained that lower cost gravel would permit more being spent in actual work on the streets, the latter being of the greatest benefit.

Other improvements contemplated during 1937-38 include pouring of curbing on Walnut street, Durig said. A block of this work has been completed at the present time.

North and West side. A WPA project for the north and west side graveling has already been approved. Durig said, but has been held up pending appointment of labor to the work.

Avant said the oiling program dependent primarily on the extent of the gravel survey now being conducted and possibility that sufficient funds would remain after completion of the WPA graveling work to permit putting down of oil mat paving.

Avant this afternoon said that sufficient money for the work had been included in the budget which was adopted at the council meeting last Monday night and that, with WPA labor provided, it was "certain it could be completed before the end of 1938."

GIANT CARNIVAL PLAYING MAY 23

West Coast Shows Run For One Week Here as Only Idaho Representative

The largest carnival of its type in the northwest will definitely play in Twin Falls as its only representative in Idaho. It was announced this afternoon by J. Edward Warner on behalf of the American Legion, which will sponsor appearance of the troupe.

The carnival is the West Coast shows, comprising between 30 and 40 trucks. It will play up tents and other attractions on the field adjoining Harmon park and will run here from May 23 to 29th, inclusive. Location was set out by the city limits because the municipal fee of \$50 per unit daily would have been prohibitive for a traveling show at that cost. Mr. Warner said, "The troupe is paying a heavy state license fee for travel on highways in lieu of a license fee of Idaho."

Varied attractions of all types will be offered at the carnival, the Legion spokesman said.

Information Filed On Driving Charges

Information was filed by Prosecutor Edward Hasek today against George Drany, 40, on a charge of driving while intoxicated after a prior conviction for the same offense.

Drany had previously been ordered held for district court after hearing before Probate Judge Guy L. Kinsinger.

The offense cited in the information filed today was said to have occurred last April 12. Drany was arrested at the same location in justice court here Jan. 8, 1935.

NYA ROLLS FACE CUT ON MAY 20

Federal Government Order to Cause 20 Layoffs in This Area

Federal regulations received through the Boise office by Harold A. Salisbury, field representative for the National Youth Administration with headquarters in Twin Falls, ordered a cut in this area's NYA, effective May 20 to 25. It was stated that it was revealed here this afternoon.

The order becomes effective on May 20 at 5 p. m. and will affect 20 of the 120 men working in the NYA setup, Mr. Salisbury said. The layoffs will be spread over the six weeks before the cut takes effect, which Mr. Salisbury has charge.

Today's preparations were being made to notify each of the 20 youths by mail after about 200 the cut will no longer be able to work for the NYA.

Several NYA youth have been given private employment during the last month," Salisbury said, "and if any of the youths who will be affected by the quota cut wish to be aided in finding private employment for them we will be more than glad to do all in our power to assist them."

DOCTOR HITS RELEASE OF FEEBLE-MINDED PATIENTS

PSYCHIATRISTS IN CONVENTION HEAR 26-YEAR EVIDENCE

Johns Hopkins Staff Member Tells of Experience With Former Inmates

PITTSBURGH, May 14 (AP)—Dr. Leo Kanner of Johns Hopkins university told a convention of psychiatrists here yesterday that 109 young women patients were released from a Maryland home for the feeble-minded against the advice of competent medical authorities.

Presenting what he said was documented evidence covering 26 years, Dr. Kanner charged that the girls were released by the Maryland state and that only 13 of them adjusted themselves to the world. The others got into trouble, he said.

Many criminals had been released from the state penitentiary, Dr. Kanner said. Twenty-nine became prostitutes. Six served prison terms. Seventeen acquired communicable diseases.

Fifty-one married criminals, alcoholics, dope fiends and mentally unsound persons, and produced 163 children, 33 of whom were illegitimate and 108 feeble-minded.

"Time alone will tell," he said, "how many more feeble-minded, illegitimate, neglected children will be the future bestow of the commonwealth that can do nothing but look on and pay the penalty for the indiscriminate habes corpus release by its courts of justice."

According to Dr. Kanner, some of the girls were released a second time after commitments to the institution.

THEATERS

In Idaho Comedy

"Night Must Fall"

Something decidedly new comes to the screen of the Grand theater today in Metro-Goldwyn-Mayer's "Night Must Fall" starring Robert Montgomery and Rosalind Russell. Skillfully directed by Richard Thorpe, this daring story presents an entirely new technique for fiction on the screen. "Night Must Fall" is considered by critics to be one of the most promising "great" films of 1937.

They Pulled Up Golden Gate Net—Just in Case

When such a gigantic vessel as the world-touring Empress of Britain makes its first trip under the Golden Gate bridge, there's such a thing as taking all precautions. And to assure plenty of clearance, a section of the safety net under the traffic deck was raised by the bridge authorities. And here we have the Empress entering San Francisco bay, with feet to spare.

Health Unit's Members Join National "Not Over 50 Club"

Every member of the Twin Falls county health unit this afternoon had decided that in order to "put over" a safety campaign it is not only necessary to "preach" but also to "act" and so each joined the "Not Over 50 Club," an organization whose members, among other things, never exceed the 50 miles an hour speed limit on the highways.

The club, with headquarters at 4700 Sheridan Road, Chicago, is spreading over the nation with units in all principal cities of all of the 48 states.

No Cost

There are no dues in connection with joining. Dr. J. W. Hawkins, director of the county health unit, said this afternoon. A rear window sticker is furnished each member as is a small red arrow which is pasted over the speedometer at the 50 mile an hour reading. This serves to tell the driver "you can't go any faster."

In joining the unique organization each member of the health unit signed the club creed which follows:

Driving at a safe speed on all times. Forty to 45 but never over 50 miles an hour on the open road.

Knowing and observing the traffic laws of my city and state.

Reducing my speed in bad weather, at night, in congested areas and where road conditions warrant.

Keep to Right

Observing the right of way and driving on the right side of the road.

Using hand signals when turning or stopping.

Passing other cars only on straight, level stretches when I have ample room.

Never "jumping" the light.

Watching out for children.

Always remembering that drinking and driving do not mix and that slow reaction due to one or two drinks may mean someone's death.

Being courteous to the other fellow.

The health unit, under Dr. Hawkins' direction, has instigated a county wide safety drive which will reach all parents and guardians through school students in all schools.

Literature dealing with safety on the highway, among pedestrians and in the home has been and will continue to be circulated among the students until the close of school.

The unit also sponsored a safety meeting which was held in the Chamber of Commerce meeting rooms in Twin Falls last Tuesday night.

Speed Relationship

"Tests indicate that the speed of a driver on residential streets and at intersections bears a distinct relationship to the speed at which he drives on the open highway," Dr. Hawkins commented this afternoon. "The average motorist does not gauge his speed in city or urban areas by his speedometer but rather by mental estimate."

"The man who drives 70 miles an hour on the open highway will tend to cross intersections at 35 or 40 miles an hour although at the time

GRANGERS PLAN FOR RALLY DAY

Twin Falls Group Arranges Activities For Visit By National Master

Plans for the Grange rally day for southern Idaho, on June 7 at which National Master L. J. Taber will be present were made at this week's meeting of the Twin Falls county Grange at Murtaugh. During the session memorial services were conducted for J. T. Anderson.

Ir. H. Masters, secretary of state, presided at the meeting. Refreshments were served by the hostesses Granges, Murtaugh and Mountain Rock.

he feels that he is going slowly. On the other hand the man who drives between 40 and 50 miles hour on the open highway automatically slows down to a safe rate of speed when danger is greater," he said.

BRITISHERS RESENT CUTTING OF CORONATION PICTURE

CENSORS REDUCE RUNNING TIME OF HISTORIC EVENT

Crowning of King George Less Space Than Donald Duck In Theaters

By MARY FENTRESS
LONDON, May 14 (AP)—Much resentment was expressed by London theater goers today when they learned that the Archbishop of Canterbury and the duke of Norfolk, official coronation censors, had eliminated so many scenes of the historic event that King George reigned only nine minutes longer—less than was given Donald Duck.

Large crowds which had waited for hours outside theaters to see the films did not hesitate to express their disapproval when they saw only the brief scenes of the seven-hour procession and ceremony.

Much of the splendor of the military procession was eliminated by the censors. Close-ups of royalists in their carriages were poor due to the dark rainy weather which made their faces almost indistinguishable from the background.

The best scenes were those taken inside Westminster Abbey. They were heartily applauded when the Archbishop of Canterbury was shown minutely examining the crown and state robes. He was denied the archbishop and another prelate.

The final scene shows King George and Queen Elizabeth, and their mother, on the balcony of Buckingham palace. Cheers of the theater audiences turned to roars of approval when the small princesses stepped out and Queen Mary turned Mrs. Margaret Rose toward the camera, obviously saying, "smile and wave, my dear."

HANSEN

Mrs. Stricker was honored with a Mothers' day dinner when of her children and relatives living near gathered at her home Sunday in honor of the occasion.

Mr. and Mrs. E. Garber have returned from a several weeks' visit with relatives in Alabama, Ark.

Mr. and Mrs. Olli Ackerlund, Minnneapolis, and Mrs. Minnie Smith, Chicago, arrived Monday to visit at the home of Mr. and Mrs. Charles Sherwood. Mr. and Mrs. Ackersland plan to make their home here.

The Hansen group sponsored the P.-T. A. program broadcast Tuesday from KTF. Mr. and Mrs. Harold Hult played a piano duo. Warren Robison sang. Superintendent Nyberg gave a short talk. Miss Fawn MacLellan sang and Helen Feltz-nberg gave a musical reading. The members of the girls' society completed the program by singing.

The members of the Kimberley Epworth league were surprise visitors to the Hansen group Sunday evening.

The members of the Hansen eighth grade and surrounding schools met Monday at the Hansen school to take final county examinations.

Rock Creek Camp

R. E. Hartwell, foreman USFS, and five enrolled men of camp Rock Creek moved to Forquihine Springs, Rock camp's summer location near Rogers, Wednesday. These men, equipped with two bulldozers, will engage in opening roads to the camp and repairing and shaping buildings in preparation for a resident-control camp, consisting of approximately 18 men, which will be established within the next few days.

Captain Alva H. Wilson, commanding officer, and O. L. Barnard, assistant project superintendent, visited the camp's summer location at Forquihine Springs Wednesday to get a check on possible damage and necessary repairs in view of the prospective move there this summer.

Willa Zimmerman, mechanic at Rock Creek camp, left Rock Creek Tuesday to accept the position of mechanic operator at French Creek CCC camp on the Idaho national forest.

Major E. Malone, Pocatello district commandant and Capt. Holley, district surgeon, visited Camp Rock Creek camp Tuesday.

Alfred Appleby, camp educational adviser, spent Wednesday to the work projects supervising vocational instruction on the job.

Captain William D. Lewis Dent, resident D. M., arrived at Camp Rock Creek May 5, and will remain until the latter part of the week when he will continue his duties extracting and filling teeth.

SCOUTS RECEIVE VARIOUS AWARDS

Twelve Second Class and 4 First Class Rankings Among Approvals.

Twelve second class rankings, four first class and one Life Scout award, two merit badges and one Eagle Palm award, were approved by local Scout officials this afternoon among applications received from Boy Scouts in Twin Falls and Rupert and will be awarded at subsequent courts of honor.

Among Rupert Scouts eight were advanced to second class rankings by reason of the approval. Those earning this rank were: Harold Gerald Stoller, Floyd Peterson, Wesley Stoller and William Platts. All of troop 80 of Rupert, and Leslie Doane, Eldon Garner, Darwin Goff and Owen Weedop, members of troop 52 of Rupert.

In the Twin Falls district William Fisher and Ralph Olmstead of troop 64; Walter Hankins of troop 66; Kenneth Balgentyne of troop 68 were awarded second class rank advancements.

First class applications of Ralph Campbell and Carl Garner, both members of Rupert troop 83 as well as Dale Stoller and Glen Thomas, both members of Rupert troop 80 were approved.

Merit badge applications of Field Falls member of Rupert troop 83 in aviation and that of Leslie Jones, member of Twin Falls troop 61 in safety were approved. The Life Scout application of Jones was also approved and the bronze Eagle Palm application of Elmer Robert of troop 83 of Rupert was also approved.

Trust Garner is scoutmaster of troop 52; J. O. Colbert, troop 61; John Miller, troop 64; Walter O. Williams, troop 66; Leelan Troop 68; Keith C. Merrill, troop 60, and LaVerne Hughes, troop 53.

CONTRACT BRIDGE

By William E. McKenny

By WM. E. MCKENNEY
Secretary, American Bridge League

Bridge is a game which requires accurate reasoning because a decision once made cannot be changed. Playing in the quarter finals of the National Master's team of four championship in New York, recently, Weidman was the third, one of the world's greatest contract players, was faced by two difficult decisions, and the manner in which he found the right answer.

Today's Contract Problem

South is playing the contract at four spades. West has won the first two tricks with the king and queen of hearts. He has led the ace to the third round. Should South ruff and then draw trumps?

DECLO OPENS NEW RECREATION HALL

DECLO, May 14 (Special)—Declo recreation hall was opened today evening with a special program following six months endeavor by the community, the L. D. B. church in Salt Lake City, and the Declo ward. The completed building has cost \$15,000.

Serving on the finance committee were Lawrence A. Gillette, Voevo Parke and George Mathews. On the building committee were Mr. Parke, Lawrence A. Gillette and Eldon Garner.

Proceeds from the event Tuesday amounted to \$125 and will be used to help furnish the hall. Prayer was offered by John C. Darrington; Mrs. Louise Richardson and Mrs. Ethel Timmer, song; Stake President Langlois, talk; William Novasol, songs; B. R. Fyfe, talk; girls' chorus, directed and assisted by Mrs. Don Wilcox and Miss Fern Boynton, song; violin solo; Theron Jacobs, talk.

MISSING REPORT CALLED 'SLIGHTLY INACCURATE'

RYE, N. Y., May 14 (AP)—Maude Ballard would have been the first to report that she was missing as "slightly inaccurate."

The reports grew out of the findings of an abandoned automobile, registered to Miss Ballard's father.

Miss Ballard said she had driven the automobile to Los Angeles and traded it in on a new machine. She offered the theory that the old automobile had been stolen from a used car lot in Los Angeles and driven to Salt Lake City.

Miss Ballard lives here with her father, Benjamin H. Ballard.

HE FOUND ALL-BRAN BROUGHT REGULAR, DAILY ELIMINATION

Get rid of half-sick days—with the headaches, the listlessness, the "always tired feeling." Frequently, they come from common constipation... due to meals low in "bulk."

All you have to do is eat a delicious cereal regularly: "Every morning, for years, I have had good helping of your ALL-BRAN, and it means regular, daily elimination." —Mr. E. N. Krings, 312 E. Hickory St., Fairbury, Illinois.

Kellogg's ALL-BRAN is so much better than drugging yourself with patent medicines.

Within the body, ALL-BRAN absorbs twice its weight in water, forms a soft mass, gently cleanses the system.

Eat two tablespoons daily, either with a cereal, or with milk or cream or in recipes. Three times daily in severe cases. Sold by all grocers. Made and guaranteed by Kellogg in Battle Creek.

MANY TO ATTEND MEDICAL CLINIC

Registrations were pouring in today from Twin Falls, Piler and surrounding territory from parents and guardians of children from four to six years of age who will go through the diagnostic clinic which will be held at the new county office building at Second street and Third avenue east, across from American Legion hall, Monday, Tuesday and Wednesday of next week.

It was originally planned to stage the Twin Falls clinic at the high school building but officials announced this afternoon that lack of available room at that point forced a last minute change to the ground floor of the county office building, the future home of the county health unit.

The clinic is conducted by members of the Twin Falls County Medical society and local dentists and is sponsored by the various Teacher associations of the various city schools.

Schedule Arranged

A schedule has been drawn up whereby local physicians and dentists will be on hand at appointed hours to examine the children. All examinations for which there is no charge, will be made by appointment and the child must be accompanied by parent or guardian. Appointments can be made by communications to the county health unit.

LOCAL DAIRYMEN ATTEND MEETING

Local dairymen yesterday afternoon heard Dr. W. Clark, associate milk specialist of the United States public health service, Washington, D. C. discuss problems of dairymen, milk production and diseases of cattle.

The meeting addressed by Dr. Clark was held at the county health unit headquarters in the basement of the nurse's home at the county general hospital. Dr. J. W. Hawkins, unit director, and Dr. H. L. McMartindale, assistant director, were in attendance.

Date of examinations at that point will also be announced later. The Bull clinic will be held at Bull on Thursday, May 20. It was announced.

Eighth Graders On Picnic Today

Eighth grade students of the Twin Falls junior high school left today at 9 a. m. for Nat-Soo-Pah on their annual surprise picnic. Approximately 230 students left in the school buses this morning and were to return about 6 p. m.

Miss Laura Robinson, Miss Marjorie Wurster, M. B. Throckmorton, LeRoy Hughes and Mrs. Vera C. O'Leary, junior high school principal, acted as sponsors on the trip and supervised the picnic. The picnic was a day filled with swimming, softball, hikes and various other activities.

A picnic lunch was held at noon with each student furnishing his own and the class funds providing ice cream for all.

BLISS

"Harmony in the Home" was the Christian endeavor topic for the church for the regular meeting.

Twenty-two members were present and Violet Hiesler led the discussion. Next Sunday the group is to leave at 2 p. m. from the church for a baseball game with Gooding in Gooding. The group will attend their services to the entire group being played (thru) by Mr. and Mrs. Elmer Palmer.

CLOVER

Mr. and Mrs. W. P. Lutz have returned from Sherwood, Ore. where they were accompanied by their mother, Mrs. Gertrude Lutz, who remained in Oregon for a longer visit with her son, Rev. Edward Lutz and family.

TECHNOLOGY OFFERS

Dr. Charles H. Hays, one of the few courses of his kind in the United States, a medical technology course will be offered at Manchester college starting next fall. Requiring three years preparatory work in general college, the course will be open only to a selected group of students.

STOCKS RISE ON STRIKE REPORTS

NEW YORK, May 14 (U.P.)—Announcement of strike settlements in the Jones & Laughlin Steel Corp. Body plants pushing advancing prices to the stock market today, but traders were cautious pending Washington developments.
 Many feared some change in 100-per-cent requirements being instituted.
 Commodities were mixed, grains showing the best strength. Cotton strengthened. Bonds followed the stock market with steel and railroad issues strengthening after early irregularity.
 U. S. Steel climbed above 96 for more than 2 points gain. Republic was extremely active, breaking sharply at the opening and then coming back to a point advance, while Bethlehem was almost 2 points higher above 80.
 Buying demand appeared for railroad shares despite the fact that cancellations had been made in a call for the year at 54 1/2, but after settlement of the strike at the Pittsburgh plant the stock rallied to a fractional gain.
 Metal shares were strong under lead of American Smelting which gained 1 1/2 points.
 Amusements strengthened on news of settlement of the strike in Hollywood. The stock of Paramount Pictures rose 1/2 point.
 Dow Jones closing stock averages: Industrials 189.15 up 1.80; railroad 57.76 up 0.49; utilities 77.56 up 0.39.

WHEAT STRONGER IN DAYS' TRADE

CHICAGO, May 14 (U.P.)—Wheat and corn were strong on the Chicago board of trade today in response to a rise in commodities, strength at Winnipeg and a rally at Liverpool.
 At the wheat market, 1 1/2 to 2 1/2 cents higher, new corn 1/4 to 3/8 cents higher, old corn 1 cent to up 3/4 cents and oats up 1/2 to 2 cents.
 Stocks covered in wheat on buying by commission houses and as the trend of the market rose, stop-loss buying orders appeared. Offerings were relatively light.
 Liverpool at the opening was off 1/4 to 1/2 but reports that Germany was adding for three cargoes of Australian wheat stimulated buying.
 Corn was carried higher by wheat.

AGRICULTURE

Washington, May 14 (U.P.)—The agriculture department today was reported to have received \$500,000 or \$450,000 in taxes from every citizen to spend in 1938 on activities ranging from the study of food habits of birds to supervision of the planting of about 80 per cent of the nation's crop land.
 The department probably will receive \$440,000,000 to pay out in benefits to farmers participating in the soil conservation program. The Senate in the congressional economy drive cut \$80,000,000 from the soil conservation program in the house bill.
 Secretary of Agriculture Henry A. Wallace estimated the reduction in conservation funds would cut the average soil payment to each farmer by about 40 cents.
 Funds available for the department in the next fiscal year will depend on the outcome of an impending house-senate conference to work out an agreement of differences.

A NATION-WIDE CENSUS OF NESTING BIRDS IS TO BE TAKEN SOON BY THE NATIONAL ASSOCIATION OF AUDUBON SOCIETIES.

MOST "SHOOTING STARS" (METEORITES) ARE NO LARGER THAN GRAINS OF SAND OR GRAVEL.

In the forthcoming nesting-bird census, each census taker will be assigned an area of from 15 to 150 acres, in which he will be expected to locate every nest and record the kind of bird, as well as other details. The workers will consist of volunteer nature lovers.

Southern Idaho Aces Wait Opener May 23

Special built motors, which "wind up" with approximately 5,000 revolutions a minute and are capable of "kicking" between 800 and 1,000 pounds around 70 miles an hour feature the latest racing midget cars which enthusiasts of Twin Falls, Nampa, Rupert and Minidoka are whipping into shape at the present time in anticipation of a busy summer racing season.

JUNIOR HI MAPS STUDY PROGRAM

Mrs. O'Leary Issues Informal Scholastic Schedule For 1937-38 Year

Tentative program of studies for the 1937-1938 school year in the Junior high school was announced this afternoon by Mrs. Vera O. O'Leary, Junior high school principal. Studies are divided into two classes, constants and variables. Constants are recited and must be completed satisfactorily before the student can be advanced. Variables offer a selection of subjects and are divided into four groups with one being required in the first three groups which are fine arts, science and practical art. The other variable group includes general subjects.

Requirements for the 7B are English, mathematics, social studies, physical education, literature or science, penmanship or a practical art. In the 7A subjects are English, mathematics, social studies, physical education, literature or science, and a variable or practical art. Special arrangement may be made for music.

Eight Grade
In the 8B and 8A courses required are: English, mathematics, social studies, physical education and two variables. It is recommended by Mrs. O'Leary that pupils who did not take two semesters of home-making or shop in grade seven select a second semester in grade eight.

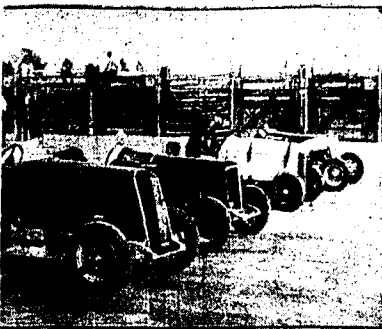

In group I (fine arts) variables offered are: Art appreciation I, Art I, speech I and II, beginners' band, junior band, beginners' orchestra, junior orchestra, outside music (private teacher), boys' chorus, and girls' chorus. In the second group which includes science, general science I is offered as is nature study I.

Group III (practical art) takes in homemaking I and II and general abt I and II.

Female Group
Variable group IV offers general courses in required penmanship, advanced penmanship, Junior business training I and II, special spelling, special reading, and literature. Special provision in the lining up of courses for ninth grade students has also been done although no definite decision will be made as to whether the ninth grade will be in the Junior high school until after the bond election May 23.

Treatments Threatened Man on Lie-Down Strike in Hospital

SAN ANTONIO, Tex., May 14 (AP)—A. F. Chauncey watched his doctors with grave misgivings today as he continued his lie-down strike for free bed and board at the Robert B. Green hospital.

The doctors are going to give him arthritis treatments unless he comes to terms and moves out. They will include inoculations to produce severe chills, and the scent, but customary arthritis diet.

Monday Chauncey was struck by an automobile and taken to the hospital for treatment. He liked it there. By the time his injuries were repaired he had decided to stay. He began to stall. The automobile had broken

in his crutches so he couldn't go. He said. Doctors brought him some new crutches. "I think I'll stay anyway. I'll stay for the summer," he declared. "I'll be crying constitutionally rights. Besides I've got arthritis."

The police would not interfere when the doctors admitted Chauncey did have arthritis. The hospital is a charitable institution. "Then we will treat him for arthritis," the doctors said.

They described the treatment to Chauncey in excruciating detail. The patient squirmed but refused to rise. Treatments were to start to-day. Doctors hoped to make them as unpleasant as possible.

MILITARY HONORS PAID JACK SMITH

Legion Ritual Conducted For World War Veteran At Cemetery

Military honors were paid Jack Smith, son of Idaho pioneers and a World War veteran, at rites held yesterday at the Twin Falls cemetery.

A large number of friends and relatives attended the rites which were conducted by Rev. Mark C. Cronenberg, pastor of the Christian church. Music included two

numbers, "In the Garden" and "Just As I Am," sung by Fred W. Rudolph, accompanied by Mrs. U. N. Terry.

Graveside rites were conducted by the local American Legion post with John Harvey, post commander, and Wilton Peck, chaplain of the post, in charge. Members of the firing squad, commanded by Lt. Ralph E. Leighton, were Paul Leighton, Robert Haggard, Dale J. Adamson, Warren M. Adamson, William Bell, Emmett Gibb, Clayton Toler and Herbert Edwards. Bugler was Frederick Beecher.

Palbearers were Otto Koster, J. A. McCree, K. W. Hamilton, R. D. Smith, L. Selby and G. W. Gerlich. Interment was in Twin Falls cemetery.

Saltwater rains have often been reported during tropical cyclones. This is explained by the fact that spray from waves which the storms generate is frequently carried far inland by the winds.

GOODING SELECTS TEACHING STAFF

Instructors for Grade School, Advanced Classes Named By Board

GOODING, May 14. (Special)—Two high school teachers and two grade school teachers were hired by the Gooding school board at a meeting Monday night. It is announced by M. W. Tatro, superintendent of schools.

Richard Terry, who has taught in the Richfield high school for the past two years, was hired to teach bookkeeping and other commercial subjects in the high school. He is a graduate of Gooding college, has taken post-graduate work at the University of Washington and has attended Behenke-Walker business college in Portland.

J. C. Perry, a graduate of the College of Idaho, who has attended summer school at Moscow and taught the past three years at Hagerman, was hired to have charge of instrumental and vocal training in the high school and vocal training in the grade school, and also teach subjects in the high school. Miss Louise Poust was elected to teach one of the third grade rooms. She received her normal training at the College of Idaho and is Normal and has taught at Minidoka for two years. Miss Goldie Nelson of Firth was named as a teacher for the primary department, where three teachers will be employed instead of the usual two. She attended University of Idaho, branch, and has taught at Firth the past four years.

Mountain View

The Mountain View Parent-Teacher association held its final meeting of the season Monday night at the school house. Officers for the coming season were elected as follows: Mrs. Alton Williams, president; Mrs. J. W. McDowell, secretary; Mrs. Estes Greene, treasurer. Arrangements were made for the schools closing day picnic to be held Thursday at Artesian. Officers urged the patrons who promised transportation for the pupils to attend the music festival, at Twin Falls on Monday to be at the Mountain View school house at 9 a. m. After the business session the pupils of school entertained the group with vocal and guitar selections. They were accompanied at the piano by Mrs. Howard Manning. At the close of the evening refreshments were served to about 60 persons. The group will meet again the second Monday in September.

Mrs. Lucy Kello is improving after a recent illness. J. W. McDowell is recovering at his home after a recent operation. Mountain View school is in receipt of a new six-unit sewing club was secured through the efforts of the local P. T. A. The apparatus is being erected this week by the school boys and their teacher, Howard Manning.

It's Our Family's Whiskey, Neighbor

A LITTLE OLD-FASHIONED PLEASURE FOR THE OLD TIMES... Every once in a while, Tim Stiles trots that old talking machine up to our house and gets us to playing it. He'd sit all night listening, if he had his way!

Our Family's Whiskey brings you sweet memories of the good old days!

Of all the folks making whiskey, I don't suppose there's a one that believes in the modern way of doing things more than us Wilkens. I mean to say the modern way of keeping every thing just as it was—and all that. But in other things, like good old Family Recipes, we got a feeling the grand old-fashioned way of doing things can't be beat. Our family has been distilling since the year 1880, and this is our own Family's Recipe thing just as it was—and all that. But in other things, like good old Family Recipes,
