3 CLUES LEAD OFFICERS IN MISSING BODY MYSTERY

RED-HEADED MAN SOUGHT IN CASE NEAR POGATELLO

Farmer Reports Man Asked For Gas Near Downey; Appeared Nervous

POGATELLO, Idaho, May 26 (UP)—Three definite clues which linked a red-headed man with the mysterious disappearance and probable murder of J. P. McCarthy, Meridian, today led sheriff's officers through two counties on an intensive search for either the body of the missing man, or his companion.

The clues were:
1. A red-headed man, apparently nervous and wrought up, bothered a station attendant and asked for gas near Downey, where he was seen walking away from a parked Chrysler sedan toward Downey. The car, later examined, was bloodstained.
2. A red-headed man accosted a farmer near Downey, shortly before the car was discovered, and asked for gasoline. His request was refused, and he asked where he could find a gas station. The farmer told him the man was either nervous or had been drinking.
McCarthy, who records show to have been a World War veteran, disappeared from sight after he left Boise in the company of at least two companions, one of whom was red-headed.
Thursday, May 20, his abandoned sedan, soaked with blood, was found on a side road near Downey hot springs.
Saturday, May 22, a Pocatello airport attendant reported that he had found bloodstained footprints on the highway near the airport.
Friday, May 23, a Pocatello airport attendant reported that he had found bloodstained footprints on the highway near the airport.
Officers investigated and found a checked cap, later identified as belonging to McCarthy, and underclothing. Both were bloodstained. Bits of paper found nearby showed the men had purchased groceries in Boise before beginning the trip.
Within a few feet of the cap, the clothing was found, there was a blood spot about three feet in diameter.
The case was complicated further by the arrest of a man found wandering near Pocatello in a dazed condition. Three different officers told officers detailed actual start of the hunt for McCarthy.
The person arrested, initially identified as Edward Sears, was released Tuesday after officers were convinced he had nothing to do with the case.
Struggle Seen
Officers said apparently there had been a struggle in the back seat of the car. They said it was probable that McCarthy had pulled hair from the head of his assailant. This, they said, would account for the strands of red hair found stuck to the car with blood.
Blood had splattered the rear window, the left rear window, and the front left door window. Under the rear seat was a pool of blood which had soaked through the cushions. Blood had splattered over the right rear spring, axle housing and brake drum.
When the car was found, the head had not yet cooled.
The last seen of the red-headed man was when he was trying to sell some tools in Downey Thursday morning, at about the same time the abandoned car was first investigated by police.
Been Near Car
He had been seen walking from the car late Wednesday by the oil truck driver.
This led officers to search the Portneuf river near the scene in belief McCarthy's body had been dumped into the stream.
Officers said they felt sure there had been a murder, that J. P. McCarthy had been the victim, and that the red-headed man had done the killing.
"But they can't find a body, the red-headed man, or any traces of the 'other' companion."
The only tangible clues are human bloodstains on the car, a bloody cap identified as McCarthy's, bloody underclothing, and the reports concerning the red-headed man's movements before the car was found.

Federal Men O. K. Importation Of Half Dozen of Chinese Ears

By FREDERICK C. OTHMAN
WASHINGTON, May 26 (UP)—The bureau of customs today authorized importation of half a dozen human ears from China. This meant no relaxation of the immigration laws. The ears can't come along with their owners. They must remain in China while their carefully wrapped and refrigerated ears make the long journey to Indianapolis.
There they will be used by a pharmaceutical house for experiments in plastic surgery techniques, as developed by a Chinese savant. He said he needed six ears of his countrymen to continue his work. He also arranged to get the ears. The customs bureau never did learn how.

An Earful
Whether these ears still are being worn, or whether they already have been unattached and packed for shipment, is something else the customs bureau didn't discover. The bureau is a little weary of the ear problem. It has an ear-ful.
The questions were these: Is it legal to import pairs of Chinese ears without the usual Chinese joined together? If so, how much is the duty?
The collector of customs at San Francisco, to whom these inquiries first went, tugged at his own ears, but the longer he tugged the more confused he became. He couldn't classify ears as antiques, nor medicine, nor household furnishings. He couldn't even call them hearing devices. He was about to get an answer.

For Experimentation
He forwarded the query to Washington, which in turn inquired for more information about ears. The reply told how the Chinese physician needed them and how they were to be used for legitimate experimentation.
The customs bureau phoned Dr. Thomas Parzan, chief of the bureau of public health, and asked him if he had any objections to six Chinese ears (minus Chinese) being imported. He said he didn't.

The post office department said it didn't mind, either, but if all the ears went to him, he wasn't going to carry any ears in the mails. It said it didn't have any refrigerators cars in which

GUARDS WILL AID MEMORIAL RITES

Company E Ordered By Clark To Take Part in Day's Ceremonies

Participation in Memorial day observance was ordered today for Company E, 116th engineers, Idaho national guard.
The Twin Falls company, under command of Joseph H. Sawyer, received direct orders from Gov. Barzilla W. Clark. The orders said:
Monday, the 31st instant, having been designated as Memorial day, all officers and enlisted men of the national guard of Idaho are requested to assist in every possible manner in the fitting celebration of the day. Whenever possible the companies of the guard should participate as such in the ceremonies arranged by the local communities; and when this is not practicable they should be prompt to take part as individuals.
The national flag will be displayed on all armories and public buildings of the state, at half mast from sunrise until noon. When raised to the top of the staff and remain until sunset.
It is hoped that throughout the state the proper observance of this sacred day will be considered a matter of duty, to the end that the lessons of valor and patriotism which the proper observance of this day will be a fitting tribute to the brave men of our nation in any hour of trial that may come to it in the future."

The bureau decided that there was nothing prohibiting importation of ears. It has to list ears. It flipped its list to the "Es" and read a couple of hundred times beginning with "E."
There wasn't an ear in the book, except elephant ears, and they turned out to be a kind of leafy bush. That left the customs bureau with only one possible decision. It has to list ears. Chinese, unattached, as merchandise, undutiable.

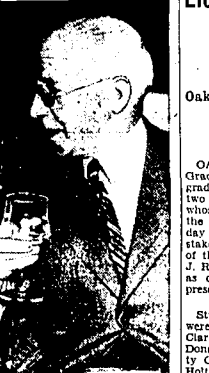

NURSES ARRANGE CONVENTION HERE

Final arrangements were being made today for the annual state convention of the Idaho Nurses Association to be held here Friday and Saturday. Headquarters will be at the Hotel Idaho.
Special speakers will include Miss Anna Filmore, assistant director of American Nurses' association; New York's General M. G. McDonald, consultant of the U. S. public health service.
Friday's session will include reports and talks and will be featured by a banquet at 6:30 p. m. with Miss Filmore addressing the delegates.
On Saturday officers will be elected and round table discussions held. A Red Cross luncheon will be held at noon and the final session will be conducted in the afternoon when new officers are to be introduced.

ADMINISTRATION HEADS TO REJECT SUGAR PROGRAM

LEADERS INSIST ON ENACTMENT OF QUOTA PLAN

Idea of Agriculture Secretary Wallace Will Be Asked In Congress

WASHINGTON, May 26 (U.P.)—Administration officials will reject the sugar program as formulated by a house agriculture sub-committee even if the result is to kill all sugar legislation at the present session of congress, authoritative sources indicated today.

The administration will insist upon the marketing quota program recommended by Secretary of Agriculture Henry A. Wallace which recognized the appeals of all producing groups for equitable treatment. It has not been reported by the house agriculture committee, Chairman Marvin Jones, D., Texas, of the agriculture committee, has been informed, it was said, that the administration will not accept the pending sub-committee draft. Jones was said to be seeking a basis for a compromise agreement acceptable to both the administration and the sugar sub-committee.

May Extend System

Reports from Capitol hill that the administration might attempt to solve the present deadlock by a one-year extension of the Jones-Jones marketing quota system, together with an excise tax of one-half cent per pound, were described in administration quarters as "foolish."

Abandonment of the quota system, established to protect American sugar producers from ruinously low world prices, would not, it is argued, create a crisis. World prices have risen from \$1.20 to \$1.40 a hundred pounds since the recent signing of the London sugar agreement.

Seeks Excise Tax

President Roosevelt recommended establishment of a 75 cents a hundred pounds, raw value, excise tax and continuation of the quota system, as in the Jones-Costigan act. Half of the \$100,000,000 which it is estimated the tax would yield annually would be paid in benefits to domestic producers.

The agriculture sub-committee voted to substitute a bill calling for reduction of off-shore quotas, especially Louisiana and Florida cane sugar.

The point now blocking sugar legislation is said to be the insistence of refined sugar from Hawaii and Puerto Rico be continued and that further restrictions be placed on Cuba refined.

CONTRACT BRIDGE

By William E. McKenney

GOOD WORK ON HIGH BID

By WM. E. MCKENNEY
Secretary, American Bridge League

Bridge players and writers have discovered that many of the most interesting hands in play come as a result of rather enthusiastic bidding by the declaring side. That is certainly the case in today's hand, but the way in which the problem

of play which resulted from the optimistic bidding was solved makes the hand worth more than passing attention.

West continued with the ace of clubs, after cashing the king, and South ruffed. He then returned a diamond, which East won with the ace. The queen of clubs was returned, and South ruffed.

As South had lost two tricks, he could not afford to give up another diamond and a spade as well. Hoping to drop the diamond jack, he led to dummy's queen, but the jack did not fall.

Now, with only three trumps left, he returned dummy's fourth club and ruffed in his own hand. He then laid down the ace and queen of trump, and entered the dummy with the king of spades to lead another round of trump. On this he discarded a low spade.

Declarer had taken his one chance to make the contract. He led dummy's last diamond, and, as East held the jack and no more clubs, the contract was fulfilled.

BOISE SCHEDULES THREE-DAY SHOW

Celebration to Include Varied Events With Historical Displays

BOISE, May 26 (Special)—Visitors to "Idaho Marbles On" celebration here June 17, 18 and 19 may choose their entertainment, both free and otherwise, from among a group of varied and sensational shows and features. Boise's celebration committee announced this week.

There is for instance, "Chinatown." Built as a composite replica of chinatowns over the nation, it will offer their mystery and allure.

Central Stockade

Only a short distance away—all features of the celebration except the mammoth spectacle, "Under the Stars," portraying Idaho's transportation history, will be grouped together in a central location—will be the "Stockade" offering all the luscious amusements afforded men and women of the days of 50.

Covering a third of a block, the "Stockade" will be an exact reproduction of an old northwestern fort and Indian village. Included in its confines will be exhibits and shows for everyone—men, women and children.

Historic Exhibits

Exhibits of great historical value to children will be on display. Free shows and free amusements on schedule. An entire tribe of Indians from one of Idaho's reservations will add color.

Other features of the festival include a huge carnival, three parades, including a "pet" procession of six divisions with large money prizes for best entries, band concerts and other free attractions.

SPRINGDALE POPPIES ARRIVE FOR SALE HERE

Twin Falls Legion Auxiliary Plans Distribution of Memorial Blooms

Poppies which will be worn here in memory of the World War dead on Poppy day next Saturday, have been received by Twin Falls post No. 7 of the American Legion Auxiliary from Boise Veterans' hospital where they have been made by disabled war veterans. The flowers are crepe paper replicas of the famous poppies of France and Flanders. They are being arranged for city-wide distribution on Poppy day.

"Each flower has been made with pains and care by some disabled World War veteran," Mrs. G. E. Kunkle, poppy chairman of the Auxiliary, explained. "They are made to represent as closely as possible the little red flowers that these men saw in the fields of France where so many of their comrades still lie. Their significance comes from the sacrifices of these thousands of young Americans who died in the country's service on the battle fields of France. Making the poppies has provided employment for many hundreds of disabled men through the winter and spring months. The work not

12 INSTRUCTORS AT WASHINGTON SCHOOL FETED

Twelve Washington school instructors were special guests last evening at a dinner arranged for 22 at the Park hotel by members of the executive committee and room mothers of the Parent-Teacher Association.

Table trim was in orchid and white with illumination provided by circular tapers in crystal holders and mixed flowers for floral decoration. Guests of honor had their places marked with a single iris in lavender.

Feature of the evening was a clever knowledge quiz which was conducted with the teachers taking the part of pupils. Mrs. Myrtle Beach, principal, presented a gift by Mrs. C. O. Lowe on behalf of the association.

Members of the faculty attending the event were Mrs. Beach, Mrs. Nora Fritcher, Mrs. Jean Dickerson, Mrs. Grace Johnson, Miss Ethel Hault, Miss Ruth Darling, Miss Margaret Corker, Miss Ruth Penter, Miss Reva Derrington, Miss Maxine Smith, Miss Mildred Bowles and Miss Cecelia Beckwith.

Arrangements for the affair were made by Mrs. Alpha DeAtley, Mrs. D. P. Groves and Mrs. Duncan Mann.

PARTIES GIVEN FOR OUT-OF-TOWN GUEST
Mrs. Uarda Watson, Tacoma, Wash., house guest of Mrs. DeAtley, was guest of honor yesterday afternoon at a smart bridge luncheon arranged by Mrs. Ernest White at her home on Eighth avenue east. Fourteen guests were seated at quartet tables which were trimmed in a Chinese theme.

The afternoon was spent at bridge with prizes for high scores going to Mrs. R. K. McComb and a guest favor was presented to Mrs. Watson.

TWO INITIATED AT CHAPTER MEETING
Initiatory work was conducted for two candidates by Twin Falls chapter, Order of the Eastern Star, at last evening's meeting held at the Masonic temple.

"Afterwards" a buffet supper was served from a lace-covered table lighted by red tapers in crystal holders. Centering the table was a birthday cake honoring Mrs. Minnie Showell, worthy matron. The room was trimmed with baskets of crimson peonies and Mrs. White, as guest, at play during the evening, a guest favor and high score prize were received by Mrs. Watson.

SOCIAL MEETINGS PLANNED BY LODGE
Members of the Supreme Forest Woodmen circle who met last evening at Legion Memorial hall arranged for two social sessions each month. The first is to be held on June 3 with the date to be decided later and "The Feast of Seven Tables" will be observed at the first meeting in September. It was decided. All members and friends are invited to attend the June meeting.

Members who attended the district convention in Boise last month gave reports on the session. Mrs. T. J. Lloyd conducted the meeting.

JUNIOR HI HOLDS GROUP ASSEMBLY

All-School Gathering Takes Place of Eighth Grade Graduation Event
Chorus numbers, dramatic skits and readings featured the annual all-school assembly held this afternoon at Twin Falls Junior High school.

The assembly took the place of the regular eighth grade graduation, since readjustment of school engagements will be carried out with completion of the building program approved in the \$350,000 bond issue.

Miss Eunice Ewer was general chairman in charge of the arrangements for the program in which each department of the junior high school participated. Betty Jane Nelson, student body president, presided.

The assembly was opened with a group of songs and rounds sung by a picked chorus of sixth graders, 80 in number, who were directed by Harley B. Smith and Miss Ewer.

Students from the public speaking classes of Miss Marjorie Wursner's classes then appeared and presented a group of two plays and two readings. The dramatic offerings were followed by groups of songs by girls' choruses under the direction of Miss Ewer.

The entertainment was concluded with numbers by the boys' chorus directed by Mr. Smith. Miss Ruth Hanson sang the soloistic part in two of the numbers presented by the boys.

LIVING PICTURES
Living pictures illustrating the songs during presentations by both the boys and girls were arranged under the supervision of the art department with Miss Wilma Worthington and Mrs. Florence Benson in charge.

Students appearing in the two plays, "The Boy Who Was Silenced" and "The Mystery Was Solved," were Leona Rae Hughes, Anelda Barrell, Thomas Carney, Lloyd Halldaman, Lois Loudon, Robert Ewing, Erna Lee Skinner, Peggy Serpa, Tom Coughlin, Helen Bagley, Bob Blandford, Earl Hayes, Ted Lake, Fred Keech, Florence Ramey, LaDean Stokes, James Powell and Mickey Humphrey. Adda Mae Bracken and Virginia Hopkin gave the readings.

Campbell's selection was announced at a court of honor and rally held at Bellevue Monday evening. The committee making the selection from all Scouts in Blaine county consisted of W. E. Nixon, Roy Painter and Milton Powell, all of Twin Falls, who represented the council.

The selection was based on past records and advancement and the opinion of the judges in the case of Campbell, after scanning past records, was unanimous.

During the evening Campbell was also awarded the Eagle rank in Scouting. Fifty or 60 Scouts and parents present heard Mr. Powell outline the trip. The meeting was in charge of V. P. Bevis. Mothers of Scouts served a late supper at conclusion of the rally and court of honor.

Flowers and lawn plants should be watered thoroughly enough that the water will reach their roots.

Grange Arranges Exercises For 8th Graders, Seniors Of Pleasant Valley

PLEASANT VALLEY, May 26 (Special)—Members of the Grange arranged a banquet on May 20 at the home of Mrs. E. B. Johnson, who were held for 10 guests at two tables which were trimmed with nasturtiums.

During the afternoon contract was at play by the group.

CLUB MEMBERS ENTERTAINED AT CARDS
Mrs. B. Watkins entertained the Sun-R-Set bridge club at her home on Blue Lake boulevard yesterday at dessert luncheon. Guests were served at two quartet tables and the remainder of the afternoon was spent at bridge.

Prizes at bridge were received by Mrs. W. J. Hollenbeck and the traveling award by Mrs. C. Paris.

A guest of the group was Mrs. W. R. Chace.

European bridge builders of ancient times covered their bridges to protect the roadway from weather and to prevent warriors with primitive weapons from fighting effectively on them.

OFFICERS NAMED BY JUNIOR AUXILIARY

GRADE STUDENTS ATTEND PICNICS

Washington-Lincoln Units Frolic Today; Bickel Completes Program
Climaxing the school year, pupils of the first, second and fourth grades of the Lincoln school and all pupils of the Washington school attended a picnic this morning and afternoon which was held at Harmon park.

Lincoln students were under the supervision of Miss Eulalia Way, principal, and Mrs. Myrtle Nelson Beach, principal of the Washington school supervised that group. In both cases room mothers and playground supervisors assisted.

Yesterday students of the third and fifth grades of Lincoln school were forced to hold their picnic indoors as rain prevailed.

Pupils of the Bickel school have completed their picnic. It is anticipated by Mrs. Ethel Gray, principal, who said the second and third grades visited city park Monday while the balance of the students visited Harmon park the same day.

School buses were used in transporting pupils to the parks.

Texas in 1938 broke all its records by terracing, contouring and listing on the contour 3,976,244 acres of land.

DECLO JUNIOR CLASS ENTERTAINS SENIORS
DECLO, MAY 26 (Special)—The junior class of the Declo high school entertained the graduating class of a banquet at the L. D. S. church Thursday evening. The tables were decorated with spring flowers. Ladies of the Relief society served the banquet. Places were set for seventy five. The high school faculty, all grade school teachers, and members of the school board and their partners were special guests. The junior prom was held at the new recreation hall Friday evening. The march took place at nine o'clock after which dancing was enjoyed. The hall was decorated in the class colors.

Build with LUMBER...

A Lifetime of security at amazingly little cost

Thousands of American families are today realizing their hopes for better homes. There is nothing like lumber for solid comfort in house building. It is durable, easy to handle and inexpensive.

When the Union Pacific was under construction seventy years ago, lumber was scarce in mid-continental America. Methods of logging were tedious and wasteful. Transportation was difficult.

Today, modern methods of logging and lumber manufacture, coupled with fast, dependable railroad transportation, make the choicest lumber available in all markets of America at amazingly low prices. In a frame house of average size the cost of the lumber is only about 15% of the total construction expense—and this includes freight charges to average destinations.

Union Pacific has played a leading part in development of the lumber industry. Steadily through the years, it has bettered its schedules, improved its equipment, to facilitate fast, low cost, dependable delivery of this important commodity. It has recently added 4,500 specially designed cars to its lumber fleet. Progressive steps in pace with a progressive industry.

For best home—at minimum cost—consult your local lumber dealer.

The sun and the moon appear about the same size to observers on earth, but the sun actually has a diameter 400 times that of the moon. Since the moon is only about 238,000 miles away, the sun is about 220,000,000, the enormous difference in size is not readily apparent.

Vacancies Exist In Army Service
Young men seeking employment, adventure and travel are being given an opportunity of getting all three at the United States army recruiting station in Twin Falls, Corp. J. P. Houston in charge of the station, said this afternoon.
For foreign service men will be admitted for service in Hawaii, Panama and the Philippines Islands. Telephone operators, radio operators, clerks, telegraph operators, telephone linemen and mailmen will be enlisted in the signal corps for service in Panama. In the Philippine Islands vacancies are available for cooks, clerks, carpenters, mechanics and storekeeper, Houston said.
High school graduates or men with experience as automobile, airplane or radio mechanics, radio operator or typist will be called for service with the air corps at Michfield, Calif., and at Hamilton field, San Rafael, Calif.
Applicants must be between the ages of 18 and 35, single, without dependent, of good character and physically fit.

COURT OF HONOR FEATURES HIKE
A special court of honor to which parents, guardians and friends of Boy Scouts are invited, will be held Friday evening at the Blue Lakes camp in connection with a campfire program, highlight of an overnight hike of Twin Falls district Scouts, W. E. Nixon, chairman of the court of honor, announced this afternoon.
Boys who will receive awards during the campfire ceremony include: Troop 20, Howard Arrington, second class and Harvey Blingham, second class and a merit badge in carpentry; troop 88: Bruce Stansberry, second class; troop 82: Kenneth Ballantyne, second class; troop 64: William Fisher, second class and Ralph Stansberry, second class; troop 86: Walter Hawkins, second class; troop 61: Carl Dosselt, aviation merit badge and Leslie Jones, life award and safety merit badge.
Clarence H. Nye will be in charge of plans for the hike. Participants will meet Friday at 4 p. m. at the high school. Transportation will be furnished.

SOIL PAY RATES SET FOR COUNTY
Payments of \$12.50, \$8.35, \$1.67 Per Acre Decried For This Area

Soil-building allowance rates for diversion farms under the 1937 agricultural conservation program will bring \$1250 per acre in Twin Falls county, according to word received here today from Dean E. J. Idings, Moscow, director of the Idaho extension division for the AAA.
Average payments rates for both diversion and non-diversion farms were listed by Dean Idings.
For each acre diverted for a diversion payment, an average soil-building allowance rate (for diversion farms only) is

THIS CURIOUS WORLD By William Ferguson

APPLE PEELINGS ARE SEVERAL TIMES RICHER IN VITAMIN C THAN IS THE PULP NEAR THE CORE.

There is more **UNEXPLORED TERRITORY** IN SOUTH AMERICA THAN IN AFRICA.

CROCODILE BECOMES HELPLESS, AND DROWNS, IN WATER, AS COLD AS 45 DEGREES FAHRENHEIT! AN ALLIGATOR BECOMES BENUMBED, BUT DOES NOT LOSE THE ABILITY TO TAKE CARE OF ITSELF.

When an alligator grows numb from cold, he thoroughly aerates his lungs, regulates his breathing so as to sink, and drops to the bottom of the stream, where he awaits the return of warmer temperatures.
