Tension Prevails In Steel Area as Violence Feared

Strikers Ask for Murder Charges Against Police

(By United Press) Nervous tension prevailed in the steel producing areas today as officials strove to prevent repetition of violence that marked the committee for industrial organization's strike against independent companies during the Memorial day week-end.

In Chicago, where five men were killed after a battle with police, strikers asked that murder charges be placed against police who fired on workers marching toward the Republic Steel plant in South Chicago. Gov. Henry Horner of Illinois announced that peaceful picketing would be permitted.

In the smoky Ohio sector, brick-battles and intermittent catting marked increased tension. Republic corporation declared picketing of five major plants still operating had become a "military invasion."

In Detroit, Homer Martin, president of the United Automobile Workers' union announced the C. I. O. had pledged full support in efforts to organize workers in the Ford Motor company's plants. The pledge came in a special telegram from John L. Lewis, C. I. O. leader.

GOOD YEAR PREDICTED WASHINGTON, June 1 (UP)—The bureau of economic analysis predicted a good year for western irrigation projects with 16,250,000 acre-feet of water—enough to cover the entire state of Indiana and 10 inches—wounded behind reclamation dams.

Court Fight Looms On Street Widening

City councilmen today were faced with the possibility of court action should the contemplated Twin Falls street widening program go through and assessments be made against the property owners on the streets affected, especially against several residents of Second avenues south and west in the area slated for improvement.

Threat of court action was made at regular council meeting last night by M. J. Swezey, local attorney who was represented by one of the protesting owners, the group owning property fronting on either Second avenue south or Second avenue west, east night and here set up to hear protests against creation of the district.

As the council waived the first reading of the ordinance creating the district, Mayor Tom A. Chicago explained that the ordinance was based on first reading because it is the will of the people. "The councilmen here to serve the wishes of the majority of the people," he said. "In this case figures show that 95 per cent of the property owners request the improvement and only seven per cent have appeared against it. This will not only lead us to believe that the improvement is wanted and so we will pass it on first reading."

The mayor also pointed out that total footage requesting the total footage amounting to 7,129 feet. This only 470 feet was covered by those protesting against the construction.

In threatening court action should the improvement be made, Mr. Swezey cited a case in Twin Falls 17 years ago in which a similar attempt was made to widen Second avenue east.

"At that time," he said, "suit was filed in court." (Continued on Page 2, Column 3)

Court Adverse to 3 New Deal Pleas

By JOHN A. REICHMANN WASHINGTON, June 1 (UP)—The supreme court concluded its 1030-27 term today by acting adversely to New Deal pleas in three important and power-laden utility cases brought before it.

The utility actions involved court orders rather than written decisions. The court ruled: 1. That it would not, as requested by the government, consider an order of court ruling which ordered the power valley to trial in Tennessee federal district court in an attack brought by the Tennessee Electric Power Co. and other utilities.

2. That it would not, as requested by both the government and the utility, hear the Electric Bond & Share Co. suit on the utility holding company act until the circuit court of appeals has first heard the case.

ROOSEVELT ASKS AID TO CURB TAX EVASION BY RICH

Avoidance of Levy Costs U. S. Between \$200,000,000 And \$400,000,000 LEGISLATION REQUESTED

"Boldness and Ingenuity" of Evaders Hit by FDR in Speech to Congress

By SANDOR S. KLEIN WASHINGTON, June 1 (UP)—President Roosevelt today asked congress for new legislation at this session to halt widespread tax evasion and avoidance by a "minority of very rich individuals."

Mr. Roosevelt requested that the treasury be given "all authority necessary" to expand and complete a preliminary investigation which he said revealed methods employed to escape federal taxes.

Efforts at evasion of tax liability have been so widespread and so amazing both in their boldness and their ingenuity," he said, "that further action without delay seems imperative." The president addressed a special message to congress which was read while he still was in Hyde Park.

Shift Tax Load Methods of tax evasion are many, he said, but all are alike in that they result in shifting the tax load to the shoulders of others less able to pay.

Mr. Roosevelt urged congress to grant the treasury full power to summon witnesses and compel their testimony in an investigation of tax evaders estimated to have cost the government between \$200,000,000 and \$400,000,000 in revenue this fiscal year.

"Too many individuals," the president said, "want the civilization at a discount." "The president sought to forestall any attempt by congress to revise the entire tax structure when it considered the Government Needs Power."

"It seems to me," Mr. Roosevelt said, "that the first duty of the congress is to stop these evil practices, and that legislation to this end should not be confused with legislation to reform the tax system."

FALK PLANS ON LOCAL BUILDING

Agent For Sears, Roebuck Will Erect Structure; Bids Received

Bids were received today at offices of Frank H. Pencillo, architect, for a new two-story Twin Falls building which will be erected here on the Boise meridian, according to information received here this afternoon.

The bids will be opened when Falk reaches Pocatello, it was understood.

The Falk Mercantile company of Boise is Idaho representative for Sears, Roebuck and company, about here handling and mail store here.

The building to be erected here, Falk officials said in Twin Falls yesterday, will probably be of factory brick construction, with a full basement for store use. It will be located on two vacant lots on Main avenue east between Second and Third streets east. It was noted immediately here today that the lots have already been purchased and complete announcement of the project is to be made soon.

The two lots provide 60 feet by 120 feet space for the proposed structure.

Depends on Estimate "Estimates of costs submitted by contractors, at Mr. Pencillo's office in Pocatello will be the basis in deciding whether or not we start construction," he said.

Parade set to be held here on the 10th of this month, according to details are to be revealed by Falk, whose concern was formally in business here, occupying the site of the J. P. Peony company.

At Finish of Strike Battle

Chicago police are here shown taking wounded and dead steel workers, who were victims of police weapons, patrol wagons after battle as the strikers marched on the Republic Steel plant on Sunday.

Burley Probes Mystery Death

BURLEY, June 1 (Special)—An unidentified Mexican, apparently a laborer, whose body was found Monday afternoon "from an unknown source," a coroner's jury under the direction of Coroner Joseph Payne found here this morning.

The body, badly decomposed, was found by Willard Kinzy, a sheepman who was driving a band of sheep in that vicinity. The body was located approximately 50 yards from the highway in a clump of sagebrush.

From meager information afforded the jury it was decided, however, that the man had been dead for two weeks. All identifying features had been removed by decomposition.

The body was taken to the Payne mortuary where the coroner's jury met.

One Killed, 17 Injured In Bus Crash on Coast

DELMONT, Calif., June 1 (UP)—One man was killed and 17 others were injured when a Greyhound bus, en route from Los Angeles to San Francisco, crashed into the rear of a continental oil truck and trailer here today.

L. H. Stanford, 20, chief petty officer in the U. S. navy, was killed instantly in the crash.

Laverne Keller, 42, driver of the truck was taken to the La Jolla hospital. His neck was broken.

Owner Hits at Canyon Claims

Statements made by Luke Francis, leader in Worker's Alliance number 8 and resident of Rock creek in the area recently purchased by M. M. Daniels and William Hoops for conversion into a grazing area, were termed as "not a true picture of the situation" by Mr. Daniels this afternoon.

Mr. Daniels pointed out that Francis had made the statement "50 per cent of Shannyns backs up in this claim that they will not move unless court orders are served."

Francis' statement appeared in the paper, Daniels said, this afternoon, "many of the families residing in the area which Mr. Hoops and I purchased have visited me personally and announced they were not backing Mr. Francis."

Ready to Show "Some of the families were ready to move Monday but very disagreeable weather caused them to wait. They have already found new homes and told me that they understood the situation perfectly and appreciated the aid and time we were extending them."

The date of June 8 has been set as the final day for residents to show up to vacate the property they occupy.

Believe Action In Spain Fight May Start War

European Nations Propose to Set Blame for Ship Bombing

(By RALPH HEINZEN (Copyright, 1937, United Press)) PARIS, June 1 (UP)—France and Great Britain have given Italy and Germany clear intimations that continued direct action in the Spanish civil war may have disastrous consequences for all Europe, it was understood today.

The situation resulting from the German naval bombardment of Almeria was one in which a misplaced bomb or shell, fired by some excitable aviator or naval officer, might provide Europe with the spark needed to set off the war for which all continental powers are arming.

Some German warships have left for the Mediterranean to reinforce the fleet there. Others are loading with war quotas of munitions ready to leave. All have orders to fire on any Spanish loyalist airplane or ship that seems to present a threat.

Despite the admitted danger of the situation, tension was eased if only for a moment, today.

Admission Firm First, the French-British admissions to the Nazi-Fascist powers, though temperate, seem to have been firm and plain as to the danger of a European war.

Secondly, Great Britain has undertaken to warn the Spanish government that if only out of self protection, must avoid making open antagonists of Germany and Italy.

Thirdly, Germany has advised Great Britain and France that she considers the bombardment of Almeria by a German war fleet to have given her the satisfaction she desired.

Local Unit Awaits Signing of Budget Before Extending County Services

Action of Atty.-Gen. J. W. Taylor in blocking the budget appropriation for the state department of public health is holding up an extension program of the Twin Falls county health unit. Dr. J. W. Hawkins, director of the unit, said here this afternoon.

Three adjoining counties, Dr. Hawkins said, including Jerome, Cassia and Gooding, have applied for state and federal assistance in the establishment of a health program which would be worked out of the local offices, serving as district headquarters. The counties would cooperate with Twin Falls county under the planned setup.

The state health budget, Hawkins said, must be presented to the United States public health service during the month of June. The county will comply with issuance of federal funds to match state funds for the next fiscal year.

At the present time, it is pointed out, the budget has been completed but cannot be sent to the federal agency without the approval of the attorney general of the state. In this case the attorney general has not approved the budget, Hawkins points out.

Recent press dispatches carried the fact that Taylor declared Dr. J. W. Hawkins head of the health department, ineligible to hold office because the doctor has not conformed to Idaho's residence requirements.

Answer Charge To this charge Dr. Dunshoe is quoted as saying: "Idaho's health budget of \$203,000 for 1938 must be in the hands of federal officials early in June. There must be also in the hands of the director who meets the qualifications of the public health service and then must be passed upon by the attorney general's office."

"I am a rather old man but the attorney general should take the possibility he has at this late date."

Dunshoe was appointed in December of 1933 by former Gov. C. Ben Ross and was reappointed by Gov. Harvilla Clark.

Situation at Mines Revealed as 'Quiet' HOHE, Idaho, June 1 (UP)—J. L. Haderstein, commissioner of law enforcement, reported today from a visit to Mullan and Kellogg, and reported the situation was "quiet."

BEFORE noon on Friday, Sybil drove out to the airport to meet Bob. She had wired him about the cruel murder of her uncle, sparing the details, and begging him to return at once.

BOB'S face became instantly discolored with a terrible anger, and he grasped Sybil's shoulder in a cruel grip. "You don't mean it, Sybil!" he protested, searching her face for a denial.

"Where is she?" "I don't know, Bob. She disappeared!" "Yes, that's why."

27 YEARS AGO June 1, 1910 Memorial day was observed in a fitting manner Monday afternoon with public exercises at 2 o'clock at the Methodist church.

SYBIL did not answer immediately. "Tell me, Sybil," he insisted. "Who did it? My God, I could tear the fellow apart with my bare hands."

"What is she doing at it?" "What are you driving at?" He frowned as he tried to read her thoughts. Sybil looked up into his eyes with a plea for understanding.

"I'm sure I don't know, Bob," she said bravely. "If I supply the police have ways of finding out."

Golden Wedding Circle Observes Anniversary

Over 70 members of the Golden Wedding circle attended the 10th anniversary party held yesterday afternoon at the Roxy theater where couples married over 50 years ago were guests of Mr. and Mrs. Joe Koehler. Feature of the theater party was the showing of "The Soldier and the Lady" taken from the Jules Verne novel, "Michael Strogoff."

Following the picture 56 members of the group attended the program at the Catholic recreation hall where they were taken by cars waiting at the theater. Refreshments were served by members of the Catholic Women's league. The room was trimmed with a profusion of garden flowers provided by Mrs. A. C. Rutherford.

Program Given
A program was presented including an original poem written for the occasion by J. D. DeKloster, fliter, president of the group. Three "When I Grow Too Old to Dream," "Little Old Lady" and "The Voice in the Old Village" were sung by Mrs. J. A. Dwyer, playing her own accompaniment. Rowland Egbert sang "King Arthur's March," Miss Virginia Rose Francis played two violin selections, "Annie Laurie" and "Oh Believe Me If All Those Evening Young Champs." A trumpet solo was played by Keith Egbert and Mrs. Francis accompanied Rowland Egbert and Miss Francis on the organ. In conclusion Junior Hanson sang "That Silver Haired Daddy of Mine," with guitar accompaniment by Mrs. Goldie Ross, who also sang "Old Rocking Chair," playing her own accompaniment.

Officers Re-elected
During the afternoon all former officers were re-elected and Mrs. David Egbert, Murtough, was named to the new office of vice president. Re-elected officers are Mrs. DeKloster, president; Mrs. G. H. Perry, secretary-treasurer; and Mrs. Rutherford, corresponding secretary. New members of the circle joining yesterday were Mr. and Mrs. W. M. Craig, Kayville, Mo.; Mr. and Mrs. Adolph Johnson, Buhl; Mrs. J. E. Newby, Edger, and Mr. and Mrs. J. F. Grace, Rupert.

ANNIVERSARIES
OBSERVED AT EVENT
The 40th wedding anniversary of Mr. and Mrs. P. C. Ehlers, the 18th birthday of Ernest Theate and the second anniversary of Rodney and Ronald Ehlers, two sons of Mr. and Mrs. Edgar Ehlers, were celebrated at a no-host dinner held Sunday at the Lutheran church parlors.

Centering the table was a large heart-shaped wedding cake and three birthday cakes.
Those present besides the honorees were: Rev. and Mrs. M. H. Zager and family; Mr. and Mrs. G. H. Knigge and family; Mr. and Mrs. Edwin Ehlers and family; Mr. and Mrs. Otto Ehlers and family; Mr. and Mrs. Edgar Ehlers and family; Otto Oetjen and family; Mr. and Mrs. H. P. CURFEW LAW IN CITY ENFORCED

Report Shows Seven Boys, Two Girls Cited For Neglect In May

Children who believe there is no curfew law in Twin Falls received a shock today in the May report of activities of the police department which discloses that during that period seven boys and two girls were cited for violations of the law.

The monthly report, compiled by Chief of Police Howard Gillette, was submitted to the council last night, approved and filed.

The report also disclosed that during May there were 157 traffic violations in the city; 18 were arrested for drunkenness; 278 complaints were investigated; 37 dogs were killed; five cars were stolen and six recovered; 14 bicycles were stolen and 11 recovered; 88 meals were served in the city jail.

The report of Police Judge J. C. Pumphrey shows that during May traffic fines collected totaled \$170 and total fines, bonds and costs assessed and collected came to \$387, a grand total of \$557 for the month.

Pts. Chief Fred Perry reported six fire alarms answered during May while the report of L. H. Benton, weighmaster, shows \$49.80 collected in fees. Both reports were accepted by the council and filed.

RUPERT

Mrs. Albert Aasen and baby were dismissed from Rupert general hospital last week.

Mrs. M. S. Rasmussen, manager of Rupert general hospital, left Friday for Twin Falls to attend the two-day convention of the Idaho Nurses' association of which she is president.

Miss Annice Nisbet, who has been teaching in Salmon, returned to Rupert last week to spend the summer.

The R. club of the high school enjoyed a three-course dinner on Friday morning from Denver where the club members were served by the Catholic Women's league. Guests of the club were Coach Ed Lacy and Principal R. D. Armstrong.

The Minidoka county lamb pool shipped five cars of lambs last week to Chicago according to an official, S. W. Beck. The average weight of the lambs was 80 pounds.

Miss Virginia Judd, daughter of Mr. and Mrs. H. H. Judd, arrived Sunday morning from Denver where she has been attending Colorado Women's college.

Mrs. M. A. Burson submitted to her appointment at Rupert general hospital Friday evening.

Miss Pauline Clare, science teacher in the high school, left Friday for Cambridge, Ida., for a visit with her parents before taking up summer employment in the Teton basin.

Mrs. D. B. Hardin, Paul, underwent a major operation at Rupert general hospital Thursday evening.

Mrs. Mable Hollinger underwent a minor operation at Rupert general hospital Friday.

Puppy sales in Rupert Saturday netted \$61.85, according to Mrs. Chester Feterman, who was in charge of the sale. Schoolgirls were salespeople, and the prize for the largest number sold by an individual went to Roberta Gully.

ANNIVERSARIES

OBSERVED AT EVENT
The 40th wedding anniversary of Mr. and Mrs. P. C. Ehlers, the 18th birthday of Ernest Theate and the second anniversary of Rodney and Ronald Ehlers, two sons of Mr. and Mrs. Edgar Ehlers, were celebrated at a no-host dinner held Sunday at the Lutheran church parlors.

GIVEN EVENT

SUPPER BY HOSTESS
Twenty-eight guests were entertained at a smartly-appointed bridge supper arranged last evening at the Park Hotel by Mrs. Frank Howman, hostess, formerly of Twin Falls. The tables were superbly served and trimmed with painted daisies and place cards repeated the floral design. The room was decorated with large baskets of peonies and iris.

COUPLE WED AT METHODIST PARSONAGE

Miss Evelyn Christine McDonald and W. Ray Denning, both of Twin Falls, were united in matrimony at the Methodist church parsonage with Rev. R. S. Rees officiating during the ceremony. The bride was served as matron of honor. Mrs. McDonald was also dressed in blue. The groom was attended by W. K. C. McDonald, brother of the bride. The bride party adjourned to the Park hotel immediately following the ceremony where a wedding breakfast was served. Other attendants were: Mrs. McDonald, Mrs. Denning, Mr. and Mrs. W. R. Hixbaugh, Mrs. Mae Jones and Mrs. Claudine Greasy. A bouquet of honeysuckle and spruce centered the breakfast table.

LEAVE FOR EAST

Dr. and Mrs. Robert K. Maddock and son, Bobby, who spent the last two weeks at the home of Mrs. Maddock's parents, Mr. and Mrs. John E. Hayes, have left for Boston where they will make their home. They will visit in Denver and with Mrs. Maddock's brother, John Hayes, at Niagara Falls, N. Y., and with Mr. Hayes, who is in Washington, D. C., on their way.

DEAR?

One of the tragic things of life is the fact that so many die of heart disease. It is a mistake with the mistaken idea that nothing can be done to help them. This is absolutely not true; as a matter of fact, there are very few cases of disease that do not satisfactorily respond to the NEW MONOTONE AUDIOL. We will never give this medicine without cost, to any diseased person who will take the trouble to investigate. If you want to live, today and we will do the rest.

SPRINKLER UNIT
DRAWS 11 BIDS

Councilmen Study Figures on New Street Equipment Before Purchase

Councilmen today were studying the bids of 11 concerns with a view toward purchase of a new sprinkler and flusher unit which will see service on the streets and alleys of Twin Falls.

The bids from the firms, one bid being for tank only, were opened at regular council meeting last night. No action was taken on them at that time, however, because the appropriation bill for the fiscal year has not yet been approved. This bill will be approved Friday night in a continuance of the meeting last night and, although the accepted bid can be announced at that time, it cannot be contracted for until the following Monday, councilmen said.

Bids submitted, including chassis and 1,200 gallon tank, were as follows:

Balsch Motor company, Twin Falls; Federal, combination flusher and sprinkler, \$4,950.

McVey's, Twin Falls; International complete, \$3,313.

Magei Auto company, Twin Falls; Dodge, complete, \$4,685.

Howard-Cooper corporation, Twin Falls; Buick complete, six cylinder, \$3,050; four cyl. \$2,525.

Harry A. Oswald, distributor, Portland, Ore.; Sterling truck complete, \$5,605 and \$6,373.50.

Olson Mfg. company, Boise; tank alone, \$2,200.

Schwartz Auto Repair shop, Twin Falls; Diamond "T" truck complete, \$5,200.

Bernard Auto company, Twin Falls; Kenworth truck, complete, \$3,382 and \$4,365.

Consolidated Wagon and Machine company, Twin Falls; Mack truck, complete, \$4,410.16; \$4,874.41; \$4,825.66 and \$5,059.68.

April saw a rather sharp reaction in buying, widely constructed as a needed corrective to a heavy increase in both purchasing and production of finished goods during the preceding three months. How much of this was purely speculative remains to be seen. Differences in commodity price movements are perhaps best reflected in wheat and corn. The former declined but the latter held earlier gains because of

THE BAROMETER

The barometer chart line showed only a slight rise in April in contrast with the rather sharp upward movement of March.

NEW HUNT STARTS FOR MISSING AIRLINER IN UTAH

CLUES TO CRAFT LOST IN WINTER RESTART SEARCH

CCC Men, WAE Executives, Private Parties Take to Wasatch Hills

SALT LAKE CITY, June 1 (AP)—A new search of Utah's rugged Wasatch mountains began in earnest today, in the air and on the ground, for the Western Air Express transport plane that disappeared the morning of Dec. 16 with seven persons aboard.

A two-wing Waco searching plane, with Allan Barrie, WAE vice president in charge of operations at the controls, roared out of the Salt Lake City airport at 7:30 a. m. (MST) to study the desolate mountain country for Alpine where the finding of two weathered letters has led the search.

WAE ground party in charge of Frank Eastman, local operations chief, went into the mountain from headquarters at Alpine early this morning.

The CCC men were detailed by Capt. Alvin Sessions of the Provo CCC camp to establish a base in the mountainous area.

Private Parties
In addition many private searching parties were in the hills, each intent on being the first to reach the lost ship and claim a \$1,000 reward offered by Western Air for its recovery.

The CCC party is to give what assistance it can to the company searching party and other searchers in the area.

The weather today in the Wasatch mountain area was clear, with only light clouds obscuring the sky, in contrast to "heavy" weather that hung low over the mountains yesterday. The weather bureau reported visibility as "generally good."

Barrie's plane was equipped with two-way radio, but airport attaches said he could not use it to record progress of the serial search because of possibility that private searchers would tune in and gain an advantage over others.

Fuel for six hours.
The plane carried enough fuel for six hours in the air.

Meanwhile postal inspectors studied the two weather-beaten letters for possible clues as to how they happened to be separated from the plane if they were part of the ship's cargo.

One theory was that mail bags were burst in the crash and that melting snows carried the letters down from higher elevations.

Exact spot where the new evidence was found was not made known. Will Healy and Sam Bateman, credited with discovery of the two letters, were high in the hills, apparently making every effort to safeguard their headstart and exclusive information in the search.

BEEB WEBWORM OUTBREAK SEEN

Crops Should Be Inspected Frequently, Says Dr. Claude Wakeland

MOSCOW, June 1 (Special)—An outbreak of beeb webworms appears imminent in southern and eastern Idaho, reports Dr. Claude Wakeland, entomologist with the University of Idaho agriculture experiment station. Bee webworms caused very heavy damage to alfalfa, sugar beets, and practically all vegetable crops throughout the same area in 1933 and Dr. Wakeland says the present prospect is that damage this year may be even greater.

Webworms are not difficult to control if steps are taken while the larvae are small. When they become larger and form webs they are often very difficult to combat.

Crop inspection
Crops should be inspected frequently, Dr. Wakeland says, and as soon as the tiny larvae (they vary from light to dark green in color) are found, have a characteristic dark line down the middle of the back with a row of dark circles on either side) are found on the under surface of the leaves in early June control may be obtained readily and economically by spraying the plants thoroughly with lead arsenate or calcium arsenate at the rate of one pound per acre, using the insecticide at the rate of 4 pounds to 100 gallons of water plus 1 pound of kerosene power.

They may also be controlled by dusting with a mixture of lead arsenate or calcium arsenate, containing 10 percent of the arsenate to 2 pounds of hydrated lead. The dust mixture should be applied at the rate of from 15 to 20 pounds per acre.

Sprays should be applied at reasonably high pressure so that the insecticide will penetrate the leaves. Dust should be applied with a nozzle of blower dust gun which will insure a uniform distribution among the leaves.

Where alfalfa or field crops are attacked probably the most practical procedure to following preventing excessive damage is to cut the crop and put it up for hay. Cutting should be done when it becomes evident that webworms are destroying the crop faster than it can stand out new foliage. On irrigated crops the hay should be irrigated as soon after the hay is off as possible. On non-irrigated land most of the worms would be destroyed by brushing the fields as soon as possible after the removal of the hay.

Lazy Days Ahead of Justice

Amiable, smiling and chatty was Supreme Court Justice Willis Van Devanter as this picture was taken shortly after he had retired his place on the nation's highest bench. No longer erect and stern, Justice Van Devanter had a sparkle in his eyes and a quirky humor in his expression. He was looking ahead, he told interviewers, to June and his Maryland farm and to long, lazy, irresponsible, non-political days in the sun.

Death Valley Scotty Offers to Bet Plane Can't Beat His Train Record

DEATH VALLEY, Calif., June 1 (UP)—Drawing \$5,000 bills from his boots for emphasis, Death Valley Scotty dickered with an airline executive today on the proposition of betting \$200 an hour that an airplane cannot beat a train to Chicago.

Scotty and George Cussen of TWA went into their second day of negotiations at the desert hermit's \$2,000,000 cattle herd, with nothing to show except that Scotty perhaps has \$100,000 cached in his boot heels, as he says.

The desert Croesus wants to pay TWA \$200 an hour for every hour a giant airliner, with Scotty and joyriding party of desert miners, should beat the record he set 32 years ago

in a chartered Santa Fe train. The train made it from Los Angeles to Chicago in 44 hours and 54 minutes.

"I'm a bettin' man," Scotty urged. "They say you can get to Chicago in 10 hours. Under my terms you can make \$7,000 on the trip. If you don't beat the train I don't pay."

Cussen mopped his brow in the 110-degree Death Valley spring, and countered with a \$1,500 flat offer for use of a plane. Scotty snorted.

"Pikers," he snuffed. "Pikers. I'll gamble for it, but I won't pay no flat rate. I've got 12,000 ounces of gold, and I'll give this airplane company 100 ounces of it as a bonus if you'll take my bet. My terms or the show is over."

CREWS PLAN FOR CAMP SITE WORK

Extensive Improvements Are Slated For Rock Creek Area This Summer

In order to make camp grounds in the Rock Creek area "a most enjoyable place for summer visitors," CCC workers are ready for extensive improvements to camp sites in that vicinity. C. H. Ramo, project superintendent of the Rock Creek CCC camp, said this afternoon.

At the present time a few stoves and campground tables have been installed on the Harrington creek campground for the summer. This site is located on lower Rock creek.

More stoves and tables are to be placed in this and other campgrounds along with pipe lined water hydrants, playground swings and numerous other facilities which will make for the enjoyment of campers, Ramo said.

He also announced that one of the main work projects for the Shoshone camp this summer will be continued construction of the Rock Creek road, with the crews working down the creek to make connection with the road being constructed from the Rock Creek camp.

Other plans which are slated include maintenance work on the road between Boundary line and the Shoshone camp. This work will get underway Thursday, according

A cadre of 13 men with forest foreman Jack Evans and Wendell Selwicks, Jr. in charge, is working at the Porcupine springs camp, summer headquarters in that area, in order that the Rock Creek camp members may move to the new location about June 1.

The camp will present the appearance of a tent city, Ramo said, and visitors are welcome although automobiles cannot drive from Rock Creek camp to the new site. A detour through Rogerson must be made.

Pupils May Earn Library Awards

School children may earn credit for the first fall school reports by completing summer reading booklets and receiving special library awards, Miss Edith Dwyer of the Twin Falls library has announced.

This year the children are to have the privilege of choosing their own books.

During the closing week of school students of the three grade schools from the first to the fifth grades inclusive prepared the booklets.

Requirements for first and second grade pins will be reading of four

books during the summer and registering each in the booklets. Third, fourth and fifth grade students will receive reading certificates which will be printed with their names, name of their school and the titles of the books read. It is necessary to read and enter a short report of five books.
