LEWIS THROWS SUPPORT BEHIND BLACK-CONNERY WAGE BILL

CIO LEADER SAYS NEW MEASURE IS 'MODEST START'

Chief Urges That Bill Be Made to Specify Maximum Week of 35 Hours

By RUSSELL TURNER
WASHINGTON, June 7 (U.P.)—John L. Lewis today threw the "general support" of his committee for industrial organization behind the pending Black-Connery wages and hours bill but urged against giving the proposed labor standards board wide discretion to set varying minimum wages.

"Resisting before a joint session of house and senate some committee Lewis declared that minimum wage and maximum hour provisions of the bill were a modest beginning of genuine planning towards a better economic order."

"Lewis approval of the measure brought commendation from organized labor's two major combinations, American Federation of Labor President William Green and committee chairman, who said that his organization supported the measure with some reservations."

Four reasons for the United Mine Workers of America and the committee for industrial organization, asserted that the basic reason for enacting prompt enactment of the bill:

"First, it will increase mass purchasing power and thus stimulate recovery and stable prosperity."

"Second, it will, through reduction of hours, mean at least a 50 percent increase in the employment of hundreds of thousands of industrial workers who are now without work or on reduced hours because of unemployment."

"Third, from the viewpoint of industrial democracy, the measure will bring a greater measure of leisure and economic well-being to the masses of workers."

"Fourth, from the viewpoint of industrial democracy, the measure will bring a greater measure of leisure and economic well-being to the masses of workers."

UAW Head Says Recognition Agreed to; Car Officials Deny Any Pact

RICHMOND, Calif., June 7 (AP)—Workers at the Ford Motor company assembly plant here returned to work today with the result of their two-week strike still confused because of counter claims as to whether the United Automobile Workers of America was to be recognized as bargaining agent for Ford employees.

Frank Slaby, local head of the U. A. W. A., who led 1,500 workers out of the plant in a demand for recognition of his union and other concessions, claimed Ford officials agreed to a plan to permit a U. A. W. A. men to represent all workers in bargaining with representatives of Henry Ford.

Mrs. Alice Rossiter, regional director of the national labor relations board, said that recognition of the U. A. W. A. was made verbally by Ford officials.

To Be Considered
Pat Smith, Ford representative who came here from Detroit to deal with the strike, said the matter of union recognition was to be considered at further conferences, and in Detroit, Harry Bennett, Ford personnel director, was quoted as saying that "nobody has any authority to recognize the U. A. W. A. as sole bargaining agent for the Richmond plant."

Informed of the statements made by Smith and Bennett, Slaby replied: "It means only that Henry Ford is recognizing the U. A. W. A. in fact, though refusing to admit it." Approximately 200 men returned to work shortly after 7 a. m. today and plant officials said that all other employees would be back on the job within a week.

It was explained that it was necessary to start only a portion today because there were not sufficient parts at hand to renew full operations.

Decision to end the strike was made yesterday at a mass meeting in Oakland at which the strikers, according to Slaby, agreed to the following eight-point proposal:

1. The company agrees not to discriminate against union members.
2. Seniority will be observed.
3. All other plant organizations will be disbanded.
4. The UAW committee is granted sole bargaining rights for all employees.
5. All men return to their respective positions.
6. No favorites will be given extra work.

The NLRB witness J. The national labor relations board will witness the agreement.

8. The NLRB will sit in as referee on all grievances that caused the strike. Slaby said that conferences between the union, the company and the NLRB would start today.

The present strike began May 18 and affected all the 1,500 employees. It was a walkout. A month earlier the UAWA held a sit-down strike at the plant for 12 hours and called it off with the announcement that

New Livestock Sale Firm Will Hold Wednesday Auctions Here

Scene of Livestock Auctions

Wednesday, June 16, was set this afternoon as the official opening date of the Twin Falls Livestock Commission company, the first livestock concern of this type to be established in Twin Falls.

Constructed at a cost of over \$10,000 for the purpose of creating a market at home where buyers and sellers can do business in Twin Falls, a feature of the new enterprise is the arena building which houses the auction ring and provides seating space for 600 persons.

Unaffected by weather entirely enclosed, it assures the auctions being carried on in any type of weather without discomfort to the buyers and sellers. M. M. Daniels, manager and owner of the concern said this afternoon.

Located adjacent to the Twin Falls stockyards, the new company's facilities are centrally located so that one head of cattle a minute can be adequately put through the ring. Methods of sale will run from one head to a trainload, Daniels said.

In connection with the selling arena, construction has been completed on 30 corrals which will hold animals to be sold. Combined with the present stockyards, which have a 100-car capacity, the yards form the largest in the entire state of Idaho, Daniels points out.

Daniels also manager of the Twin Falls stockyards, this being a designated feeding and resting station for cattle shipped on the Union Pacific railroad from inland points to the Pacific coast.

For the benefit of those attending the sales, which will be held each Wednesday under the present schedule, a switch will be attended by buyers from all principal livestock concerns in the west, a luncheon will be maintained under separate lease.

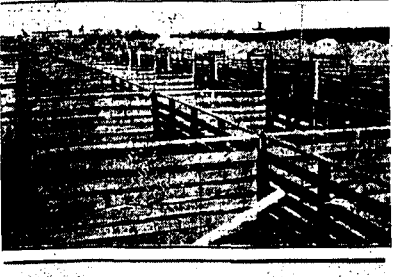

"The completed unit is the most modern in Idaho and is fully equipped with scales and other strictly modern equipment," Daniels said. "During the auctions 15 men will be kept busy including Col. E. O. Walker of Filer and Frank Coffey of Burley who will serve as auctioneers. John D. Fencer has been designated as road man and solicitor."

The arena and yards are located on the south side of the Union Pacific tracks with entrance at the truck lane and Commercial street.

Blaine Board Clears Way for Road Work
KEETCHUM, June 7 (Special)—The board of county commissioners has taken steps to clear up the right-of-way for the highway improvements just north of Keetchum and construction work will start soon.

It is rumored that the highway from Keetchum to Galena is to be opened this summer.

2 MEN HELD FOR COUNTERFEITING

Pair Awaits Action of Grand Jury For Possessing Illegal Quarters.

CALDWELL, Idaho, June 7 (AP)—Floyd Wilson and Ernest Wandry, arraigned on charges of making and possessing counterfeit quarters, awaited action of the federal grand jury.

Both were bound over after charges had been filed before the United States commissioner here. The two, held under \$1,000 bond, were transferred from Caldwell to Mountain Home jail in Blaine county because federal officials had previously condemned the Canyon county jail as unsafe for incarceration of prisoners.

Wandry was arrested by Fayetteville sheriff's officers and Wilson was arrested by Sheriff B. G. Riggs of Emmett at a Union Pacific station 6 miles from Emmett. Wilson had been employed by the

Union Pacific on an extra gang and Wandry was working in the gang's commissary department. Officers said they found rabbit, piglet parts, mercury, and other counterfeiting material in the men's outfit cars.

Railroad and federal secret agents cooperated in the investigation.

ALLIANCE LEADER LASHES INDUSTRY

David Lasser Says Congress Must Provide For Needs Of 40,000,000

Private industry has failed to voluntarily make the necessary readjustments to make possible the absorption of the unemployed and therefore 10,000,000 workers remain jobless, David Lasser, president of the Workers' Alliance of America with headquarters in Washington, D. C., informed the Evening Times in a special communication this afternoon.

"Congress cannot close its eyes to this," the national leader wrote "nor can it legislate out of existence the needs of 40,000,000 men, women and children for decent food, clothing, shelter and the other necessities of civilized life."

Must Provide
"Congress must, for the protection of the lives and liberties of our citizens, provide for the satisfaction of these needs, either by legislation to make possible jobs for the unemployed in private industry or by taxing the owners of our industrial and financial order to provide government jobs or relief," he said.

Lasser carried out the point that the federal government should be responsible for appropriations for relief.

"I wish to emphasize the point that on the federal government's part, it is not a matter of responsibility for unemployment and relief; that because it is a national matter and second because the federal government has the credit and taxing power not possessed by the states or local communities. The latter must in the main draw their revenues from taxation on real estate, which, because such taxation is not progressive, most heavily affects the small home owner."

Warns Nat in Millions of Americans, Lasser said, cannot be expected to submit patiently to an increasingly intolerable situation.

"They have tightened their belts as far as they can. Our national office receives any number of letters from individuals and groups of unemployed and WPA workers revealing, graphically the increasingly desperate situation in which the unemployed masses of this country find themselves."

"We wish to cooperate in every way possible in a solution of the problem of unemployment which will make relief expenditures unnecessary. A start in this direction can be made in my opinion, by congressional action to reduce the hours of labor in private industry and to increase the purchasing power of these unemployed."

"Hundreds of thousands of members of the Workers' Alliance in 45 states are determined, for their part, to demand a decent solution of this

TRIBUTE PAID TO MRS. HUTCHINGS

Friends and relatives attended funeral services on Saturday afternoon at the L. D. S. church honoring Mrs. Amanda Hutchings, 75, who died on Wednesday at the hospital, Mrs. J. W. Richards officiated at the rites.

Music was provided by the L. D. S. choir and malabarers were Kelli Hutchings, Don Hutchings, Eval Hutchings, Lamar Hutchings, John Stinson and Earl Shay. Interment was in Sunset Memorial park.

Mrs. Hutchings is survived by her husband, four sons and three daughters and also leaves 12 grandchildren.

Paralysis Clinic
SALIDA, Colo., (AP)—An infantile paralysis sanitarium, modeled after the nationally famous Warm Springs, Ga., institution, is being considered here as a WPA project.

Water from the Poncha hot springs, said to have therapeutic value, would be used in treating victims of the disease.

Lasser is now on a tour of the country conferring with various officials and the unemployed.

WASHINGTON, June 7—The maverick idea of heavy thinkers dropped a 100-ton idea into the house bill room the other day. Fortunately, it struck congress with the detonation of an alighting feather. No one has considered it worth notice.

Immediately after the war the world managed to build up a system of collective security. It was a sadly imperfect system, but it was all there was, and seemed to be the only available way to restore some sort of order to the brand of international anarchy which we call foreign politics.

Local Couple Weds At Home Ceremony

Miss Dorothy Rohkar, daughter of Mr. and Mrs. E. W. Rohkar, became the bride of Lester Jones, son of Mr. and Mrs. J. A. Jones, Twin Falls, at an attractive home wedding arranged yesterday at 3 o'clock at the bride's home. Rev. R. S. Rees, pastor of the Methodist church, officiated.

The bride was given in marriage by her father and the marriage ceremony was performed before an altar of pink and white peonies and fern and pastel roses. On either side were baskets of flowers in tiers.

Gowned in White
Miss Rohkar, who wore a dainty bridal gown of white silk organza fashioned with a stand-up collar of ruffled organza, a small puffed sleeve and a ruffle of the fabric drooping from the neckline to the hem, carried a shower bouquet of long roses and anemones. Her train was white tulle edged in lace and fastened with a beaded tulle caught with tulle of the valley. Maid of honor was Dorothy Rohkar, her sister, who wore a long yellow tulle dress with a bolero jacket and had a carriage of roses and anemones. Her train was white tulle edged in lace.

After the ceremony the wedding party was served refreshments from a large table centered with a three-tiered pink and white wedding cake topped with a tiny bride and groom and flanked by flowers and white tapers. The bride cut the first slice and Mrs. E. F. Schwartz served the remainder. Guests also received small individual cakes tied with pink ribbon.

Salt Lake Guests
Out-of-town guests were Mrs. Elizabeth Hubert, Mr. and Mrs. George H. Jensen, Mrs. Vera Blingham and two children, Melvin and Beverly, all of Salt Lake City.

Following the ceremony Mr. and Mrs. Jones left on a week's wedding trip which will take them to an announced destination. Mrs. Jones' going-away outfit was a gray flannel suit with which she combined yellow and white accessories. On their return they will make their home at 744 Second avenue west.

Both Mr. and Mrs. Jones are graduates of Twin Falls high school in 1934 and 1935 and Mr. Jones is associated with the Safeway stores.

BRIDGE SUPPER ARRANGED BY HOSTESS
Eleven guests were entertained at supper on Saturday evening by Miss Jean Sprague at her home on Shoshone street north. Tables for supper were centered with small silver vases of American Beauties roses and deep pink peonies trimmed the rooms.

During the evening bridge was played with prizes for high score going to Miss Irene Parrott and Miss Wilma Keene.

Hunt Goes On for Pencil Cap To Match One in Boy's Lung

Los Angeles Youth Swallows Piece Following Completion of Tough Arithmetic Problem

LOS ANGELES, June 7 (UP)—The hunt for a pencil cap to match the one lodged in Andrew Blakely's right lung began all over again today.

Three caps, found in an old stationery store in New York and shipped here by airplane, were not suitable.

The 12-year-old boy lay under observation in a hospital and surgeons could not draw the cap from his lung until they had another one like it to aid them in designing special forceps that would catch on its smooth metal surface.

Andrew's condition was not considered serious. He inhaled the cap during a sigh of relief after solving a poser in arithmetic at his school desk Thursday. He had the pencil in his mouth and the cap was sucked down his windpipe. It is small and bullet-shaped.

His mother, Mrs. Vera Ferguson, searched the stores here for an identical pencil and found none. She says she was once a mystic performer on the stage, billed as Madame Vera. Her appeals by radio and telegrams to New York police brought a reply that three identical pencil caps had been found in New York. They were placed aboard a United Airlines plane, which landed here last night. Stewardess Claire Malone leaped out and handed them to the boy's step-father, Roy Ferguson.

The caps were tried in Andrew's

FAMOUS PASTOR DISCUSSES JEWS

Dr. A. U. Michelson Addresses Three Audiences in Twin Falls

Several hundred persons heard Dr. A. U. Michelson, noted pastor of the First Christian Hebrew synagogue of Los Angeles, speak here yesterday at three meetings, and an audience of 300 heard him discuss the relations of Jews and Christians last evening at the Christian church, his concluding address.

"The Jewish race gave to the world Jesus Christ and the Christian church," he said, "and Jews of today are rejecting Christ—because they do not know him. In the synagogue they are not taught anything about Christ and the New Testament."

Pointing out that there are 20 million Jews in the world and five million in the United States, he said there are only one million Christian Jews and regretted that there are no Christian missionaries to the Jews.

"The Jews," he stated, "are the leading business men of the world but are the most restless and unhappy people in the world. They need Jesus Christ, who alone can make both Jews and Gentiles happy. Faithful Jews are rapidly returning about Christ and the second time there will be a great Christian revival among them."

Dr. Michelson and his party including Frank Du Free and Bruno Stoppowak have left for Boise where they will fill engagements and where Dr. Michelson will speak over KJDO daily at 2 p. m. for the next 10 days. He is a former judge and was at one time a prominent attorney of Berlin. For 24 years he studied in colleges and universities in Europe. His first address here was at the Church of the Brethren and in the afternoon and evening he spoke at the Christian church.

Today's Contract Problem

South has the contract for four spades. Should he win the first trick, draw trumps and then try to guess the diamond finesse to avoid the possibility of losing two clubs?

A little luck in the location of the cards.

South, who had a very fine hand, was fully justified in jumping to game, even after partner's bare raise. He needed very little from North to make the contract but when he saw the dummy he realized that he would have to make every play count.

The opening lead was won in dummy with the ace of clubs, and a diamond was led up to his king-queen combination in his own hand. The queen held and the king of spades was taken by West's ace.

East won the next trick with the club king, and returned a trump which South won with the 10. Declarer now led the eight of trumps and overtook with dummy's nine.

The next play was the queen of hearts from dummy. East properly refused to play the king, but South, in order to get another

NEW YORK TEAMS TOP BIG LEAGUE CIRCUITS

Giants Cop Victory From Pirates, 9-5

Tommy Bridges Singles in Ninth to Give Tigers Win Over Yankees

NEW YORK, June 7 (UP)—Both New York teams were perched atop the standings of their respective baseball circuits today, but only three and a half games separated them from fourth place.

The Giants dislodged the Yankees from the lead after the Bucs had held sway for more than a month, but the Yankees found their throne tottering after losing three out of their last four games.

Besides New York and Pittsburgh the National league fight involves the Chicago Cubs who are virtually tied with the Pirates, having won two more games and lost two more, the St. Louis Cardinals, two and a half games behind the Cubs.

The Chicago White Sox is the surprise leader in the American circuit. They have eight straight victories under their belt and are virtually tied with Cleveland for second place.

Fourth Straight

The Giants handed the Pirates their fourth straight defeat yesterday when they won 9-5. The Pirates, who had won six of their last eight games, had collected 13 off Blanton Watter and Hoyt. The Cubs held a 1-0 lead in the eighth when they were held by dividing a twin bill with the Boston Reds. Falling 7-1 in the opener, Chicago came back to win the eighth, 7-2.

Winning their first game against the Philadelphia Phillies, 7-2, the St. Louis Cardinals were the victors in the nightcap when Umpire Jimmy Seals decided that Jimmy Wilson's pitchers were giving up the game from going into the regulation limit before the Philadelphia curfew rang. The Cards held an 8-2 lead with two men out in the fifth when Seals stopped the alleged dirty play.

Seven Hit Ball

Johnny Vandenberg pitched seven hit balls and the Cincinnati Reds easily downed Brooklyn 9-2. Alex Kampouris smacked a homer with two men on base, a five run third inning.

In the American the Yankees were bested, 5-4, by Detroit when relief pitcher Red Evers pitched the winning run in the ninth to give Red Ruffing his first defeat of the year. The Washington Senators also broke even, with the Indians, 8-7, in the ten inning opener, but rain halted the finale after two innings when the Reds turned in straight wins No. 7 and a over the Philadelphia Athletics. Ted Lyons hurled four hit balls and the Reds had to squelch a late rally to win the second, 8-0. Boston and St. Louis divided, the Red Sox taking the second place and the Cardinals winning in the windup, 9-2.

San Francisco Splits Double-Header With Solons Before 26,000 Fans

(By United Press)

The San Francisco Seals were still on top in the Pacific Coast league today after a dog-fight series with Sacramento which reached its climax in a four-pitcher game. The largest of the season, stormed Seals stadium to see the doubleheader completing the series.

By winning the second game, 4-3, Sacramento won the series by a 3-0 to three margin, but the Seals led into first place by a one-game lead over the Athletics.

San Diego won its way back to third place, six games below Sacramento and half a game ahead of Los Angeles, by beating Portland twice. Lefty Herbert had an easy time of the opener, won by the Padres by a 1-0 count. Portland's second score until the ninth. In the second game San Diego hit hard in the last four innings to overcome Portland's early lead and win, 8-5.

Los Angeles and Oakland divided in a double bill featured by the return to action of Willie Randolph, leading pitcher in the league last year. Los Angeles won the first game, 6-4, with a 1-2 count. Portland's second score until the ninth. In the second game San Diego hit hard in the last four innings to overcome Portland's early lead and win, 8-5.

COOPER, SMITH WIN AT TOLEDO

Fair Copps Best-Ball Title On Inverness Course; Gets \$1,000 First Prize

TOLEDO, June 7 (UP)—Light-horse Harry Cooper and Horton Smith today held the 1937 Inverness best-ball golf championship, and its accompanying \$1,000 first prize.

The veteran team finished in front among 16 of the nation's top teams. Proficiency was ended four days of play at the third annual meet on the Inverness club links yesterday afternoon. Thirty-five hundred dollars went to other high finishers.

The new champions saw the chances of Tommy Armour and Horton Smith. They were tied for the lead on the 18th green in the last round, when Armour's 20-foot putt slipped past the cup.

Armour and Thomson had needed a win on the hole to the Cooper and Smith with seven points. They got only a half-point and finished with a two-point victory over Dennis Shute and Lawson Little.

Freighters Slug Out Jerome Win

Consolidated Freighters found the Junction Sport Shop softball team not too tough here yesterday and pounded out a 20-4 win as Norm Brown held the invaders to eight hits.

Midland Edwards led the local club's attack with a homer in the second inning with the bases loaded. The Freighters with two on in the third inning.

The hard-working Freighters will have their second victory today by playing the Coes club.

McLemore "Falls" for Horses as War Admiral Cops Belmont Stakes

By HENRY McLEMORE

NEW YORK, June 7 (UP)—Until late Saturday afternoon the nation's horse men had held a very low position in my book of "likes."

He was down on the list, in a spot somewhere between the carrier pigeon and the yak, because I had never considered him pretty or smart, and he was always costing me money.

But no more. Today the horse was smacked on top, boosted there to the top of the list, as War Admiral, in two minutes and 28 and 3-5 seconds on Saturday he showed me more class, more gameness, than I have seen in 10 years of watching sports. That was the time it took him to cover the mile and half journey of the 400,000 Belmont stakes, and those of us who saw him do it, never will forget it.

Wyn Derby, Freekness

Wyn Derby was against his will. To start with he already had won the Derby and the Freekness, and the books will show you that usually comes up to the Belmont won to a frazzle and ready for a licking.

By winning the second game, 4-3, Sacramento won the series by a 3-0 to three margin, but the Seals led into first place by a one-game lead over the Athletics.

Largest Crowd Sees Contest

Moon Shepard Holds Invaders To Six Hits as Commercial Collect Fifteen

KIMBERLY, June 7 (Special)—Kimberly's war-clubs beat a steady tattoo against two Pocatello pitchers here yesterday as the home club pounded out a 13-6 victory over the invading club representing the UISB, before the largest crowd in two years. Estimated attendance was set at 500.

The local club made 16 hits for a total of 24 bases with five doubles and a home run. Moon Shepard, on the mound for Kimberly limited the collegians to six hits, one a homer in the seventh inning by Dalphin. The Commercialists set to work in the first inning scoring after two were out with a single by Hoobier, double by Griffen and then a single by the aging Charlie Minut driving in both runners. Kenny Snelton hit a home run in the fifth after Minut had singled to add two more to the Commercial count.

The locals came from behind in the third inning after the visitors had scored three runs on a combination of hits and errors. The UISB team had scored three tallies and Kimberly counted two to make the count 4-3.

Pocatello took the lead again in the fifth with two runners, but the home team rallied again to score the same number of runs to gain a 6-3 advantage. From there on Kimberly was never headed, counting three in the sixth and four more in the lucky seventh.

BETTY JAMESON WINS GOLF TITLE

Texas Youngster Victorious Over Patty Berg in Finals Of Trans-Mississippi

SAN ANTONIO, Tex., June 7 (UP)—Another youngster—18-year-old Betty Jameson—entered the top notch ranks of women golfers today with her strongest victory—a trans-Mississippi championship won against a host of stars.

She won in finals yesterday from Patty Berg, of Minneapolis, only a year her senior, who was hit during most of the match and continued playing only after a doctor's examination.

Nevertheless, Miss Jameson's victory was sparkling. Miss Berg led the Texas champion and once Southern Association titleholder on the first nine holes but in the 13th hole she was never regained it, to be beaten 4 and 3.

STARS TUNE UP FOR OPEN MEET

Harry Cooper, Horton Smith, Toledo Winners, Ready For National Tourney

BIRMINGHAM, Mich., June 7 (UP)—Stars of the golfing world ventured out across the treacherous Oakland Hills Country club course today to tune up for the sport's greatest attraction, the national open, which opens here Thursday for three days.

The course was closed to all but the 170 professional and amateur competitors' cream of the nation's pill chasers.

In the delegation of pros testing the renowned Oakland Hills layout this morning were 16 veterans who competed in the Inverness four-ball matches at Toledo. Heading them were Lighthouse Harry Cooper of Chicago and Horton Smith, two crack shots who took top money in the Inverness.

GOODING SCORES WIN OVER BUHL

GOODING, June 7 (Special)—Gooding's fast baseball team swept into first place in the south central Idaho league here Sunday by annexing a hard fought 5 to 4 victory over the Strong Buhl entry.

McGuire on the mound for Gooding pitched stellar ball allowing only seven well-scattered hits. McGuire fanned 13 batters and didn't see a runner reach first base on 5 and passed out 5 walks.

Hollenbeck, Gooding's backstop, led the hitting attack for the day by generating a triple and double out of three trips to the plate. D. Adkins paced the Buhl leads by hitting Gooding's first runner slants out of 4 trips to bat.

Next Sunday the Gooding team will engage the strong Blackfoot team on the local circuit with indications point to a real battle. This game was scheduled to take the place of the Wendell field which was cancelled. Wendell drawing out of the league.

YESTERDAY'S HERO

Tommy Bridges, Detroit Tiger relief pitcher, who won his own game with a ninth inning single that drove home the deciding run.

Others in the entourage were Tommy Armour and Jimmy Thomson, second money winners; Sam Seikwitz, Ralph Guidici, Paul Runyan, Fred Fox, Henry Picard, Johnny Revolta, Denny Shute, Lawson Little, Ray Mangrum, Jimmy Hines, Olin Dutra and Gene Satchell.

What these veterans found upon drilling their first practice shots around Oakland Hills was a back-breaking 7,537 yards of trouble. The course, longest ever used for the national open, has been given a stretching and a face-lifting at the same tournament was staged here in 1924.

The Shots Blind

These shots are bling on six holes, fairways and rough and rough are deep and full of trouble.

A field of 143 professionals and 17 amateurs will begin their 72-hole medal grind in quest of the title held by Tony Manero at 8:15 a. m. Thursday.

The schedule calls for 18 holes Thursday, another 18 on Friday and 36-hole final on Saturday.

The world's tallest school building—the University of Pittsburgh's 42-story Cathedral of Learning—rises to a height of 535 feet.

THE FOLLOW-THROUGH IS THE SHORT DISTANCE THE CLUB HEAD TRAVELS AFTER THE BALL IS STRUCK.

By ART KRENZ
(NEA Service Golf Writer)

Charles Smalley, one of the founders of the Olympia Field country club, Chicago, was playing the 11th hole at the Miami country club when his spoon teed shot hit the bank and disappeared into a crab hole just short of the green.

His caddy looked into the hole and saw the ball and when he reached for it, he jumped a big frog with the ball in his mouth.

Follow-through is often mistaken for that part of the swing that is known as the finish. Follow-through is really only the short distance the clubhead follows along the line of flight after the ball is struck. Concentration on a correct follow-through will aid that part of the swing which precedes it.

Your stance has much to do with the ease and comfort of your follow-through. If you are having trouble with it, why not try the open stance which allows the player to swing the clubhead more freely.

SPORT SQUIBS

While there are many who will argue that Dixie Dean is getting a bad rap, the fact is that he is a Ford Frick of the National league in his "pop-off" attitude attempt, we are strictly of the opinion that Frick is absolutely in the right.

The foundation upon which league baseball is constructed is such that there can never be any hint or allusion to anything on the crooked side. While there may be games out of the professional set-up that are not strictly in the spirit of the game, one case on record where a game was reportedly donated to the opposing team and that record, in the mind of the writer, is the Chicago Black Sox and the Cincinnati Reds, "as so great that it nearly wrecked the structure of the big league national league."

The branding of such men as Umpire George Barr and President Frick as "the worst crooks" in the game is a bit of a stretch. In a statement by a man whose tongue was too freely and who has done more to hurt the game than to help it, Dickie Frick is called a "nasty" every body in the National circuit, one time or another and appear from all press reports to be what is termed a "big name."

We know this last statement to be true, for when the St. Louis Cardinal team was engaged in the series with the Chicago couple of years ago on an off date, thousands of Twin City fans flocked to Nicoletti park to see just to see Dickie Frick. Instead of coming out and at least taking a few bows, Mr. Dean suddenly remained inside the dug-out, refusing even to come up and take a few practice swings at the ball during batting practice.

Such a thing as that sour the average fan on the game, and the incident just closed wherein Frick suspended Dean for going to bring just a few more verbal brick-bats on the star hurler's head.

Of course, there is always the possibility that Dean's dirt and Frick's "crooked" behavior was as much as he refused to sign a paper saying he didn't, there is a good chance that the real story is that Frick, as reported in the Bellville, Ill. paper, where he spoke at a church banquet.

It is true that Frick is a "pop-off" club in their contempt that Frick's attitude is a thing to be ashamed of. It is a thing to be ashamed of the next time Dixie Dean is in trouble he will find himself in the boots that Babe Ruth did in the case of the Chicago White Sox. Higgins, fined him \$5,000 and suspended him indefinitely.

Though it was good after that Frick is going to take a good score to pound some sense into Mr. Dean's noggin.

Read S. S. VAN DINE'S description of Sgt. McCabe's thrilling man hunt! . . .

"There they are! Not more than a quarter mile ahead of us. We'll overhaul these criminals before they reach the Bad Lands." Sergeant McCabe's voice was triumphant.

"Just then a sharp explosion rent the air, and the police car leaped from the narrow road at a sharp angle and lurched crazily to a sudden stop in a rock-strewn sandy field.

"No chance now," the Sergeant complained. "They've escaped. We've been by blow-out." The criminals did escape that time. But, thanks to Sergeant McCabe and his men, they were later captured. It was just this blow-out that caused by blow-outs has seemed to me to depend on the manufacture of a safer tire. That's why the invention of the Life-Saver Golden Ply by Goodrich should be "good news" to every American motorist. As one of the Goodrich engineers explained,

"This Golden Ply, which is now found in every Silverton Tire, is a layer of special rubber and full-floating cords, scientifically treated to resist the terrific blow-out-causing heat generated by a high speed, high speed. By treating this heat, the Golden Ply provides motorists with real protection against high-speed blow-outs."

WHITE RATS OFFER THREAT TO FARMS AND TWIN FALLS

Spread of Rodents In Rock Creek Area Points Future Peril

A potential threat not only to residents of Twin Falls but also to farmers in this entire tract was revealed here this afternoon with disclosure of a plague of large white rats which is infesting a two mile length of Rock creek canyon and already spreading to surrounding farm lands.

The rats, carnivorous in nature, have been reported as far away as the Twin Falls-Jerome inter-county bridge and are known to take readily to water in traveling from one point to another. They devour chickens or other farm fowl.

It was approximately two years ago that the rats were first introduced into the Rock creek section, observers said. At that time a rat was moved into the section with a quantity of animals and planned to offer them for sale around Twin Falls.

Liberated Two Dozen

Their venture failing, the family moved, but before they left they liberated approximately two dozen of the white, tame rats. Since that time they have grown in numbers until today they are estimated in the thousands. They have also reverted back to their wild state and are no longer classified as tame.

Some idea of how numerous the rats are in the area can be gained by taking into consideration the fact that one man, H. S. Frame, owner of Frame's fish hatchery, has killed over 400 of them in the two year span.

Will Seek Aid
Frame has taken the lead in their extermination but the numbers are so great it has reached a point where it is no longer possible for one man to control them. It was indicated this afternoon that Frame would ask County Agent Harvey E. Hale for some form of aid in combating the pest.

The 400 were killed through the use of poison, guns, traps and dogs. Frame said. He pointed out that, although they take to water they have failed to bother fish ponds. They do, however, burrow around head gates and through their diggings destroy property in general.

An interesting thing about the rats that I noted," Frame said, "was the fact they take to water. I have seen them chased by log jump into Rock creek and swim under water to the other bank."

"I have also shot them as they were standing by a hole and no sooner had they dropped than another rat would reach out of the hole and pull the tail of the former one down and start feasting. My dog has killed as high as nine rats in one hole," Frame said.

The fact that the rats are thriving may be gained by the fact that some of those killed have measured 10 inches in length of the body (not including the tail) and have weighed over a pound.

The threat the rats, if left to increase, present farmers is that they would cut out headgates and ruin ditches should they leave the canyon in sufficient numbers and take to the irrigation ditches. They also will invade chicken yards.

In the city they threaten to invade homes and other structures. Because of the rapidly with which they multiply, observers point out that if another effort is made before a general effort is made to kill them off, they will no doubt spread to live over than the canyon in numbers sufficient to cause general concern.

Every School In Idaho Should Have A Band

BOYS and GIRLS of Southern Idaho,

You should join a band or orchestra, if for no other reason than to be able to understand and enjoy good music when you hear it.

Do You Have A Band In Your School?

Summer School Bands are being organized in a great many of the schools now. Others will be organized later.

WOULD YOU LIKE TO HAVE A BAND? If you do not have a band, and would like one just let us know. We will furnish the instruments, also we can furnish the teacher if necessary. Just call at our store—we can give you full information about bands and orchestras.

We are distributors in eight counties for Conn, Pan-American and Cavalier Band instruments. We always have a nice stock on hand, as well as used and re-conditioned instruments.

IT'S SWELL TO FEEL SWELL!

To guard your health demand FRESH cigarettes

YOU CAN'T BUY A STALE OLD GOLD
EXTREMES of climate, dampness, dryness... all radically affect cigarettes. Make them unpleasant and flat to your taste. Harsh and irritating to your throat! Upsetting and tiring to your nerves.

IT'S THE EXTRA JACKETS! Every pack of Double-Mellow Old Golds is wrapped in two jackets—double Cellophane. That extra jacket keeps Old Golds in prime condition in any climate. You can't buy a stale Old Gold.

"Fresh as a Maine Meringue"... We're getting nice weather up here now. Hot, of course, we have damp and foggy spells in the woods when a mackinaw feels good. And that EXTRA jacket on Old Golds certainly comes in real handy, too. Keeps Old Golds as fresh as a sunny Maine morning, never soggy or stale.
