**BREAKFAST AT 7:30 STARTS PROCEEDINGS OF CONVENTION**

Registrations opened here at noon today in preparation for the 33rd annual convention of the Idaho Bankers' association which gets underway here Thursday at 7:30 a. m. with a get acquainted breakfast at the Park hotel.

Registrations were being made at the Park hotel, official headquarters for the convention which will attract many notable speakers including J. F. T. O'Connor, controller of the currency of the United States, with headquarters in Washington, D. C. It was announced this afternoon by Guy H. Shearer, president of the Fidelity National bank of Twin Falls and also president of the bankers association.

Mr. O'Connor will arrive in Twin Falls at approximately 11 a. m. Thursday, reservations having been made for him at the Park hotel. It is possible he will make a brief speech at a banquet which will feature the first day of the two-day convention. He will make his principal address at the Friday morning session which will be held at the Elks' lodge. The banquet Thursday will be held at the Radisson ballroom starting at 7:30 p. m. At the banquet Sam Kiefer (Peter Spraynoze) of Salt Lake City will be principal speaker. The dinner will be followed by a dance.

A featured pre-convention banquet will be held tonight at the Park hotel and will be attended by past presidents of the Idaho organization.

Among past presidents who have indicated they will be present at tonight's banquet are A. F. Keller of El Centro, Calif.; Frank L. Davis of Sugar City; E. M. Ehrhart of Spokane, Wash.; Ross J. Constock of Rexburg; T. J. Hettland of Pocatello; M. Mackey of Lewiston; George McGonigal of Burley; D. P. Richards of Idaho Falls; C. A. Allerton of Coeur d'Alene; W. Kettnerbaugh of Palo Alto, Calif.; J. S. Heckathorn, Moscow.

Past presidents who have indicated they would attend the banquet if possible include Guy E. Bowerman of Beverly Hills, Calif.; F. H. Persons of Boise; J. C. Blackwell of New Plymouth, and J. Blackard of Moscow.

The late Friday afternoon session will be held tonight at the installation of new officers as well as the report of the committee on resolution.

The complete program for the convention was announced this afternoon.

**RITES HELD FOR PLATINUM BLOND**

**Jeon Harlow Laid to Rest in 200 Famed Hollywoodians Attend Services**

HOLLYWOOD, June 9 (UP)—Funeral services for Jeon Harlow, one of the most famous stars in Hollywood history, were held today in the flower bedecked West Kirk O' the Heather chapel at Forest Lawn cemetery.

Two hundred of the most famous persons in Hollywood crowded the tiny chapel. More than a thousand curious fans of the one time "platinum blonde" gathered around the chapel. They were orderly and offered no problem to the scores of stunts and city policemen assigned to guard the iron chapel gates.

The star lay in a silver and bronze coffin covered by a flag. A blizzard of garlands, the final gift tribute of her mother, Mrs. Jean Belle, and William Powell, her husband, also Hollywood great, was to be her fourth husband. A silver man plane on the coffin bore a picture of Miss Harlow's girlish signature and the date "1911-1937."

The tiny chapel was banked with flowers. In many floral strings were sent to the chapel that attendants were forced to bank them when the interlur was jammed.

Reference Services  
Christian Science services, lasting July 21 minutes, were read by Mrs. Genevieve Miller, service practitioner and personal friend of the star.

Men and women, whose names are millionaires, especially in the office of the world, were unannounced as Nelson Kelly sang "Sweet Mystery of Life," and Jeanette MacDonough's golden voice rendered "The Day After Tomorrow."

**ROOSEVELT ASKS HUGE U. S. SHIP BUILDING PLANS**

**President Urges Congress to Start on \$160,000,000 Program Immediately**

By C. L. SULZBERGER  
WASHINGTON, June 9 (UP)—President Roosevelt proposed today that Congress start a new \$160,000,000 shipbuilding program to provide the United States with an adequate merchant marine.

In a surprise memorandum message, the sea-going chief executive advised Congress that "the American people want to use American ships" and that they plan to begin work on "the best and most modern ships—and build them right away."

The U. S. maritime commission chairman and the immediate construction of 28 new ocean-going vessels.

Start Work Soon  
Commission Chairman Joseph P. Kennedy announced that "certain definite companies" have informed him that they plan to begin work on that number of ships as soon as feasible. Mr. Roosevelt asked Congress to appropriate \$100,000,000 immediately and authorize the commission to spend \$160,000,000 before 1940.

The entire program, Kennedy said, would add 55 ships to the American merchant fleet. They would include a super-liner of the Manhattan-Washington type to replace the obsolete Leviathan, 60 cargo ships, 24 passenger and cargo ships, and 10 high speed tankers.

The 1936 merchant marine act, private companies would finance 25 per cent of construction costs and the federal government would pay the balance.

See Immediate Boom  
Kennedy said he expected an immediate boom in the nation's shipyards.

Kennedy intimated the only delay in the program—if funds are voted—will be passage of the bill, not type of law. He pointed out that the absence of shipbuilding since the World war had reduced the skilled labor supply.

The President said that over 85 per cent of the American merchant fleet will be obsolete in five years. "In order to carry out our policy this country must build ships immediately," he said.

**Shoe Identified**

SALT LAKE CITY, June 9 (UP)—Mrs. Henry W. Edwards said today that she had identified a man's shoe found at the base of a 1,000-foot cliff where wreckage of a Western Air Lines prop plane lies buried under tons of snow and rock, as belonging to her husband, who was missing since the crash.

Edwards, 21, was a radio technician for Northwest Airlines in Minneapolis.

**Lindbergh Sends \$250 For Crime Prevention**

NEW YORK, June 9 (UP)—The citizens committee on the control of crime in New York received a contribution of \$250 from Col. Charles A. Lindbergh today.

In an address before the committee, Lindbergh said he was "greatly interested" in combating racketeering and would be willing to make a further contribution.

**Game Warden Says Ouster Aims at More 'Smoothness'**

Answering the storm of protest that swirled over replacement of Jim Marshall as director of the Jerome game farm, William R. McIntyre, state game warden, asserted in Twin Falls today that "the action was taken to attain greater smoothness within the game department."

"The change at the farm did not involve politics," McIntyre said in defense of his order. He was in Twin Falls briefly this morning.

Victims' condemnation of south central appointment especially in Jerome game farm, had branded as a political move the appointment of McIntyre to replace Marshall.

Plastine, former Twin Falls and southern branch athletic director, had taken over management of the farm today. Marshall was "informed" that he could live in the game farm residence for another two weeks.

"As the man responsible for securing the highest possible efficiency in the department, I have a right to ask for the best man for the job," McIntyre said. "I found a lack of cooperation in complying with the state purchase order system, and I am asking as the head of the department to have a right to see in seeing that his organization runs smoothly."

Discharge of Marshall, the game warden said, was "based on his qualifications or experience."

"I gather that Mr. Marshall is a good bird man," he declared. "I have actually known him from personal experience, the extent of his qualifications. That was not the basis for the change."

**Find Ends Long Search for Plane**

Emery Andrews, left, and Melvin Dercy, Alphonse, Utah, ranchers, led the searching parties to the wreckage of a transport plane with seven persons aboard in a steep canyon near Alphonse, Utah. All occupants of the plane, missing since Dec. 15, were dead.

**Meeting Called to Settle Steel Crisis**

**"Ominous Chance of Loss of Life," Says Gov. Davey in Calling Conference**

CLEVELAND, June 9 (UP)—Gov. Martin L. Davey of Ohio, declaring the steel strike is laden "with the ominous chance of rioting, bloodshed and loss of life," today asked principals of both sides to meet with him in a joint conference on Friday.

The governor, in telegrams from Columbus, told executives of two of the steel companies involved and leaders of the two-week strike that:

"In the interest of public peace and safety, you cannot refrain from fair discussion of the problem around the conference table. Nothing should be done in the meantime to incite anger and retaliation."

Davey called the conference a critical test in the seven-state strike impeded in Monroe, Mich., where Republic Steel Corp. planned to reopen a subsidiary plant tomorrow.

Mayor Daniel A. Knaggs of Monroe said he had been informed that the C. I. O. planned to need outside supporters into the city from Erosas and River House, Mich., to aid steel plants in efforts to prevent reopening of the mill.

Monroe authorities swore in a large force of special officers, including World War veterans, to protect those who desired to return to work. Nearly two-thirds of the employees had voted to return.

Davey previously had had individual conferences with each side.

In the National Valley strike Monday night, Davey said he had established that a crowd which manhandled a number of his deputies in a disturbing order yesterday was composed largely of strikers or strike sympathizers.

**OFFICIALS CLOSE MURDER PROBE**

POCAHONTO, Idaho, June 9 (UP)—Bannock county sheriff's officers announced today they had dropped the murder probe of the slaying of J. P. McCarthy. McCarthy's mutilated body was found 15 miles east of Hager on June 1.

Part of this evidence he described as an unfired bullet. Identified with the slug that killed Taylor.

Taylor, who looted Miss Miller in 1935 and the husband of the slaying film, was shot in the back of his bachelor bungalow in Hollywood the night of Feb. 1, 1932. Miss Miller rushed to his home and collapsed in hysterics.

A month ago, when she appeared before the county grand jury in the latest of a long series of reviews of the case, Miss Miller said: "He was the only man I ever loved."

400 DIE IN REVOLT  
PARIS, June 9 (UP)—The Spanish news agency reported today that at least 400 persons were killed in a national troops revolt, fighting for three days and killing 100 of their own opponents until they were completely wiped out, making a total death toll of 400.

**Flint Area Dark As Strikers Quit Power Plant Jobs**

**Industrial Factories and Newspapers Closed Down**

By WILLIAM H. LAWRENCE  
FLINT, Mich., June 9 (UP)—Gov. Frank Murphy today ordered the United Automobile Workers union to "get those lights back on" in the Consumers Power company strike that crippled electric power to cities of the Saginaw valley area.

Paralyzed industries were Flint, Bay City, Saginaw, Midland and a score of other cities in the valley served by the utility. Strikers, turning down power switches in Flint before dawn, shut off current later at the main power plant in Milwaukee.

Their strike efforts they ignored a settlement reached at Washington last night between Dan E. Karn, vice president of the utility and United Automobile workers union, represented by its first vice president, Wyndham Mortimer.

Telephone Men  
Murphy's order to Homer Martin, president of the UAW and to Robert Travis, organizing director for the Flint area, followed closely his statement at Pittsburgh that "all power facilities must be in operation before nightfall."

"I will personally see to it that," Murphy added, "the government's laws are enforced."

Spokane, Idaho, June 9 (UP)—The governor's strike efforts were met with a telephone conversation with Martin, the union president had predicted early settlement of the strike.

This will be settled in an hour or so," Bill quoted Martin as saying. "This is another of these unauthorized strikes."

Less than a month ago, Murphy said he had ordered a consumer strike with the terse warning that both company and union that "this strike must not happen again."

**TAYLOR TO ASK PERMANENT JOB FOR DR. HAWKINS**

**Twin Falls Man May Receive Appointment as Regular Health Head**

BOISE, June 9 (UP)—Attorney General J. W. Taylor today said he would ask Governor Barlow to sign a commission giving Dr. James Hawkins, Twin Falls, command of state public health work for the next biennium.

The attorney general, in announcing that he would make the request, said that he had convinced Dunshie had filed office illegally because of his state citizenship status at the time he took office.

If the governor signs a definite term commission for Hawkins, Dunshie will be automatically dropped from the roll of state officers, terminating a dispute that has raged since the attorney general first made known his opinion concerning Dunshie's status.

A similar procedure resulted in the discharge of E. E. McKevey, former director of public works, and the appointment of Taylor as head of that department.

ADULT, Confines  
Meanwhile, an audit of Dunshie's book was continuing. State officers called preparation of the state's \$212,000 public health program for presentation to federal authorities for approval.

The attorney general said the audit was not out of the ordinary. "Whenever an officer leaves the office," he said, "we check up on his accounts."

CRITICISM  
Speaking of Hawkins' temporary appointment in a prepared statement, Taylor said: "I congratulate Governor Barlow on the appointment."

**ARRESTS NEAR IN TAYLOR MYSTERY**

15-Year Murder Case Moves To New Climax In Movie Surroundings

LOS ANGELES, June 9 (UP)—Capt. Bert Wallis of the police homicide squad said authorities are preparing to make several arrests today or tomorrow in the 15-year-old mystery slaying of William Desmond Taylor, movie director and sweetheart of silent film stars.

One person under suspicion has never been mentioned in the case before, he said.

Capt. Wallis said new evidence has been discovered which virtually solves the case. In his opinion of the police.

Part of this evidence he described as an unfired bullet. Identified with the slug that killed Taylor.

Taylor, who looted Miss Miller in 1935 and the husband of the slaying film, was shot in the back of his bachelor bungalow in Hollywood the night of Feb. 1, 1932. Miss Miller rushed to his home and collapsed in hysterics.

**FIRMS CONSIDER POSTAL ACTIONS**

**Formal Announcement of 'Next Step' to Be Made By Steel Company**

WASHINGTON, June 9 (UP)—The Republic Steel corporation today considered "several actions" against the postoffice department if full mail deliveries into the corporation's strike-bound plants are not resumed.

John B. Brookes, Jr., Republic counsel, said that the corporation would make formal announcement of its next step "in a day or so."

President Roosevelt has said in a press conference that he is following closely attempts by senate Democrats and Republicans to set up a committee to investigate alleged interference by steel strikers with mail addressed to beached Republic plants at Warren and Niles, O.

Sen. H. Styles Warren, R., N. H., who started the move for the inquiry, said he had no objection to expanding his resolution to include "any repeated violations of federal law."

He made the statement in answer to a demand from Philip Murray, chairman of the steel workers organizing committee, to begin sponsoring the strike, that the investigation be broadened to include "usual conduct of both parties" possession of firearms, "murder" of strikers in Chicago, May 30, and use of airplanes.

DUTCH HOPE FOR SUCCESS  
AMSTERDAM, June 9 (UP)—The Dutch nation appeared increasingly hopeful today that unconfirmed reports that Crown Prince Juliana is expecting a baby would soon be confirmed officially. She and her husband cancelled a drive through the city today because the princess was fatigued.

STALIN'S MOTHER DIES  
MOSCOW, June 9 (UP)—Katherine Stalin, mother of Joseph V. Stalin, died in Tiflis on June 4 of pneumonia and heart disease. It was disclosed today that she was not buried in Moscow and several other reports here of a Tiflis newspaper.

# NORTH SIDE OPENS LICENSE SELLING

## Schedules For Distribution in Jerome and Gooding Counties Given

**JEROME, June 9 (Special)**—John Nobby is stationed here for the remainder of the week making out driver's licenses in the court house.

His schedule for next week is: Monday, Gooding; Tuesday, Eden; Wednesday, Gooding; Thursday, Gooding; Friday and Saturday, Jerome.

In Gooding county Ed Eacy will be head of the driver's license bureau. He will be stationed in Gooding on Friday and Saturday; on Monday at Wendell; Tuesday, Hagerman; Wednesday, Gooding; Thursday, Bliss; Friday and Saturday, Gooding.

**Officer Explains**

Concerning the sale of licenses State Traffic Officer Earl Williams said today: "All those operating a motor vehicle without a driver's license will be fined regardless of ignorance or any other excuse. The maximum penalty is \$500 fine and six months in jail although any fine may be imposed. No previous warning will be given."

"Although no one is permitted to drive under 14 years of age there is a restricted license which is issued to the day driver only for those between 14 and 16. Anyone operating a motor vehicle and hauling either passengers or property for commercial compensation or other reasons must have a chauffeur's license."

**Temporary Permit**

"To any person never having driven a motor vehicle and wishing to obtain a license will be issued a temporary driver's license good for 60 days with an examination following given by the local traffic motor station head."

Stringent measures will be taken from now on, he stated, to eliminate the heavy toll of traffic fatalities by local officers. He announced that the regular schedule for sale of licenses will rotate in the respective counties in the order given.

## B. and H. Club Has Session for Group

**BROOKER, June 9 (Special)**—Mrs. Anna Matby was hostess to the B. and H. club at her home Friday with Miss Nellie Matby assisting. Fifteen members responded to roll call with items of interest about the club. During the business session the secretary read a letter from Mrs. Carse, matron of the Children's home at Boise, asking the club to help fill fruit jars for the home. The club voted to send a barrel of jars and Mrs. Gertrude Douglas was appointed chairman of a committee to look after getting the barrel and distributing the jars.

Mrs. Hazel Mills as program leader gave some about the first flag of the United States and how the present flag came into existence. She also displayed souvenirs from Honolulu and papers printed on board the battleship, on which her son, James Able is stationed. Mrs. Maude Morse and Mrs. Nora Pierce gave readings.

The hostesses served refreshments assisted by Lois Scholte. Guests of the club were Misses Goldie Dobbs, Emma Larsen and Lois McCordie. The next meeting of the club will be at Hermon park June 16 for the annual club day picnic. All members of the club and their families are invited.

## JEROME LICENSES ISSUED

**JEROME, June 9 (Special)**—Marriage licenses were issued Saturday to W. L. Icard and Margaret Hamuff, both of Jerome; Richard Harthorn, Jerome, and Ann Comstock, Wendell; Fred Postman, 23, and Mabel Terptrina, 17, were married by Probate Judge Heber N. Postman.

## Jerome Program Shows Progress

**JEROME, June 9 (Special)**—With a large number of the applications for payment already mailed, satisfactory progress in the soil conservation program is noted by county commissioners in charge. Announcement is made by the county agent in charge. The remainder of the 1937 program in charge will be cleared up as quickly as signatures of distant applicants can be obtained by mail.

Applications are checked in the state office at Moscow and forwarded to Portland for payment.

Upon completion of the 1937 phase of the program the committee will immediately begin the adjustment of all bases for 1937. Latest word on the compliance measurement program is that this work will be done by airplane providing acceptable bids are made by companies engaged in this work.

## JEROME SHIPPING DAYS ANNOUNCED

### County Agent Schedules Hog Pools for North Side Farmers

**JEROME, June 9 (Special)**—Dates for the day driving only for the Jerome County Agent for the next three hog pools are June 11, June 25, and July 2, and he states hog producers should note that the pools of June 25 and July 2 are only one week apart and that pool shipments after the latter date will again be made at intervals of two weeks.

"The change of date was approved by the pool committee and the manager upon request of packer buyers. Under the old arrangement pool dates conflicted with pooling dates in the upper Snake river valley."

Hog men have been lax in limiting their hogs for shipment by the proper date according to the pool committee and the manager. Many hogs have been brought to the pool with notice to either the county agent's office or to the manager. This may result in smaller returns to the shippers as proper arrangements and car facilities cannot always be arranged on short notice.

Shippers are requested to get their hogs to the station by the following Friday on which shipment is to be made. These Saturdays prior to the next three shipping dates mentioned above are June 5, past, June 10 and June 26.

The last shipment of hogs was sold to the Union Pacific at \$10.00 per hundred for the tops, netting \$10.20 to the shippers.

# BOULDERS, SNOW, MAY HIDE BODIES OF AIR VICTIMS

## HUNTERS BARELY AVOID AVALANCHE OF ROCK AND ICE

### Worker Knocked Unconscious By Lightning as Search On Peak Continues

ALPINE, Utah, June 9 (AP)—Tons of boulders, snow and ice may hide bodies of seven persons missing in the Western Air Express plane which crashed on Lake Hardy peak last December, it appeared today.

Melting snow, occasioned by a hot sun, started avalanches which narrowly missed burying rescuers who had left their posts for the night.

Rek Meyer was knocked unconscious by lightning when he went after a doctor for Raymond Walter, a fellow-worker who was injured by a flying rock.

### Steps Obstructed

Belief that boulders carried into the area where the plane is thought to have been buried under 25 feet of snow, would sink into the deep snow and possibly cover the wreckage was expressed by officials.

Steps cut into the snow drifts were obliterated by the avalanche. Overhanging banks of snow at the top of the mountain ridge, 3,000 feet above the workers, added other hazards to the search.

Postponement of the search for the bodies was suggested by prominent chairman of the Utah aeronautics commission.

"Efforts to dig into the snow-beds where the bodies are believed to be, might start an avalanche that would wipe out the lives of the rescue workers," he said.

### May Leave Bodies

Edward Edwards, Chicago, father of Henry W. Edwards, Minneapolis, who was a passenger of the ill-fated ship said that it might be as well to leave the bodies there.

"I'll wait until my boy's body is found," said 90-year-old Ed Hamilton of Grand Canyon, Ariz., who has taken an active part in the search.

Inspectors on the scene complimented Western Air officials for their unceasing efforts to recover the bodies of which none have been found.

"We will continue to do our best and will expend every effort and resource as much as is humanly possible," Allan Barrie, vice president of Western Air said.

## LOCAL BOY WINS SECOND AT SHOW

### Twin Falls F. F. A. Member Ranks Second in Class At Salt Lake

Allen Edwards, Twin Falls, placed second with a pen of three lambs at the first annual junior fat stock show now being held at Salt Lake City, according to word today from Mr. V. Briggs, high school agricultural instructor. Edwards was fifth in the individual classes.

Members of 11 clubs and Future Farmer of America clubs from Idaho, Utah, Montana, and Wyoming entered hundreds of fat lambs and pigs in the show which opened yesterday.

William Burkhardt, Bliss, had the 4-H grand champion fat barrow and Stanley Hackett, Declo, the best 4-H club pen of three lambs.

Speakers at the show yesterday included Dr. John T. Dallas, Fred W. Merrill, Los Angeles, and the secretary of the National Livestock association, R. E. Mallin.

In his speech Mallin urged the enforcement of the sanitary pact which would bar entry of cattle afflicted with hoof and mouth disease.

He also criticized the alleged dumping of surplus from Canadian stock in the United States. Cattlemen were urged not to oppose the use of olomargarine as the cattle industry in need of a means of distributing fat from marketted animals.

## PWA LOANS WILL ASSIST SCHOOLS

### Numerous Idaho Institutions Slated For Aid Through Senate Resolution

BY RALPH W. OLMSTEAD WASHINGTON (Special)—The enactment of Senate concurrent resolution 11 by Senator Schwelb, which of Washington means \$1,950,815 to Idaho. The resolution provides that the PWA make available grants on all school projects heretofore approved and where funds exist.

Within this classification are one building at the University of Idaho, two at the southern branch, and school buildings or additions at Plummer, Heyburn, Sugar City, New Plymouth, Idaho Falls, Bonners Ferry, Deary, Pocatello, Murtaugh, Clifton, Bannock and Marsing. The amount to be granted by PWA totals \$877,865.

Some of the finest fruit the U. S. secretary of commerce has ever eaten was some he obtained in the state of Idaho, he said today.

He traveled along the Snake river and still retains a vivid impression of the quality and quantity of southern Idaho, agricultural production. From his census bureau we learned that in addition to having the lowest death rate, Idaho has the least illiteracy of any state in the union.

On display in the department of commerce are samples of ore from the mines of Idaho and in the bureau of fisheries' aquarium is a home-sickening sight—rainbow trout.

# HOUSE-SENATE GROUP GETS TAX EVASION PROPOSAL

## COMMITTEES TO IRON TROUBLES OUT AT MEETING

### Measure Sets Up Commission Of 6 Senators and 6 Representatives

WASHINGTON, June 9 (AP)—An administration proposal to institute a congressional investigation of tax evasion was sent to a house-senate conference committee today for adjustment of differences between the two chambers.

Some sources predicted that senate conferees would accept the changes which the house made in the resolution. They pointed out that house administration leaders had agreed to them as a compromise in the controversy over form of the inquiry.

The measure sets up a committee of six senators and six representatives to conduct the investigation and to recommend legislation to plug loopholes in the tax law.

President Roosevelt charged that certain wealthy persons have used the loopholes to evade payments to the government, aggregating up to an estimated \$400,000,000 annually.

Three changes which the house made in the senate measure were:

1. The joint committee was ordered to report to the house ways and means committee and the senate finance committee on its findings.
2. Subcommittees were prohibited from making public tax evasion information except on approval of the entire committee.
3. Treasury agents were authorized to aid in the investigation but not to hold public hearings of their own.

J. P. Morgan, international banker, was criticized for his tax philosophy during house debate on the proposal and the administration was accused for its "dictatorship" methods.

**Employe Taxation**

Meanwhile, President Roosevelt said at a press conference that he believed all government employes should pay income taxes but pointed out that the question raised constitutional problems that made legislation for such payments improbable.

It is estimated that more than 4,500,000 federal, state and municipal employes are escaping taxation because federal employes are not subject to state taxation and state employes are not subject to federal taxation.

The President also said that the exemption should be raised from tax exempt securities but that here again a constitutional amendment would be necessary to make the levies legal.

Mr. and Mrs. Thomas Gates and family, Los Angeles, are visiting relatives and friends here.

## Massachusetts Man Elected Christian Science President

BOSTON, Mass., June 9 (Special)—Progress of Christian Science expressed in the organization and recognition of 59 new churches and societies; in sales increase of 86 per cent for the writing of Mary Baker Eddy, discoverer and founder of Christian Science; in an increasingly friendly public thought as reflected by legislative bodies when handling measures involving medical and religious freedom; and in much good healing work; featured reports by church officers at the annual meeting of the Mother Church, the First Church of Christ, Scientist.

**Judge Is President**

The election of Judge Clifford P. Smith of Newton, Mass., as church president for the coming year, and of Edward L. Ripley of Brookline as treasurer, and Ezra W. Palmer of Mansfield as clerk, was announced. The president is elected by the Christian Science board of directors to serve for one year. His duty is to preside over the church at the annual meeting.

Clifford P. Smith, C. S. B., LL. B., became interested in Christian Science at Mason City, Iowa, in 1896, where he practiced law before becoming judge of the district court of Iowa, the superior court of that state. He has been a member of the Mother Church since 1902, and was one of its executive members. He had class instruction from an authorized teacher in 1901, primary instruction from the Christian Science board of education in 1903, and normal instruction from this board in 1910.

Judge Smith has been in the service of the Mother church occasionally since 1928 and continually since 1928. The positions he has held include the following: member of a committee to define and preserve the legal rights of Christian Scientists; first reader of the Mother Church, trustee of the Christian Science Publishing Society, president of the Mother Church, member of the Christian Science board of lecture-ship, teacher in the Christian Science board of Education, manager of committees on publication, editor of the Christian Science Journal, Sentinel, and Herald. Since 1932 he has been editor of the Mother Church's bureau of history and records. He also had the privilege of rendering particular services under the direction of our leader, Mary Baker Eddy.

Judge Smith declared in his address that "To insure its strength and success, an organized movement requires (1) a good purpose clearly stated, (2) an intelligent plan for achieving this purpose, (3) active co-operation in accordance with the plan by the persons who compose the movement.

"The Christian Science movement has the first of these essentials in

### Norman Nogle Gets Fracture Of Right Leg and Outs in Scooter-Truck Mishap

Condition of Norman Nogle, 14, injured yesterday evening in a scooter-truck accident on Kimberly road was reported this afternoon as improving at the county general hospital where he was taken following the mishap.

The youth suffered a fractured right leg, a cut on the right knee and lacerations on the right elbow as the motor scooter he was riding suddenly swerved directly in front of a small truck being driven

our leader's writings on the nature and purpose of our Church. The second of these essentials (a practical plan conceived in wisdom) we have in our Church Manual. The third essential can be restated for our movement as active and united efforts to communicate, demonstrate, and propagate the Science of Mind-healing. For this essential, the responsibility rests on all Christian Scientists collectively and individually.

by J. A. Campbell of the Home Plating company, according to the reports of investigating police. The boy, officers said, apparently was thrown from his scooter by the force of the impact in such a manner that only his right leg was caught under the wheels of the truck. The mishap occurred in front of the Hills tourist park on Kimberly road.

## VACATION CAMP SET AT EASLEY

### Southern Idaho Women Will Attend Session From Aug. 10 to 12

MOSCOW, June 9 (Special)—A schedule of six women's vacation camps, one more than last year, has been arranged for this summer under the direction of Mrs. Marion M. Hepworth, state home demonstration leader with the University of Idaho agricultural extension division. Approximately 1,500 women attended the five camps held last year. New attendance records are being forecast for this year.

First camp on the 1937 program is the northern district gathering at Hauser lake, June 22-25. The other camps come in the following order: southeastern district, Bear lake, July 7-8; eastern district, Lava hot springs, July 11-13; northern district, Fonda's lodge, July 28-30; western district, Payette lakes, August 4-6; southern district, Easley hot springs, August 10-12.

Miss Hepworth is planning to add two older girls' camps to the schedule this summer. Programs at these two camps, dates and places for which are now being arranged, will appeal to girls who have "graduated" from 4-4 club work.

## And the Greatest of These Is Character!

# CHARACTER

Just as The Twig Is Bent - So Is The Tree Inclined!

### A Message to Parents and Educators on The Need of Character-Forming as a Part of Every Child's Training

CHARACTER, Capacity and Capital are the standards by which business men judge applicants for credit. And Character comes first. For, a man may have Capital—plenty of money. He may have Capacity—the ability to earn money. But without Character—the willingness to pay promptly according to agreement—his promises are worthless. The man with Character can be depended upon to keep his promises and meet his obligations.

Character is a child's heritage, strengthened by the example of the parent and the precept of the teacher during the early years—the formative period. Character is honor—a high sense of personal responsibility and respect for one's obligations. And every child has the right to be trained in the tenets of honesty and fairness in meeting his obligation. Otherwise his education is incomplete—his chance for success impaired! Set the example.

THIS CURIOUS WORLD

By William Ferguson

RIO DE JANEIRO IS NEARER TO BOSTON THAN TO NEW YORK. THE MOST BEAUTIFUL BIRDS OF THE WORLD HAVE HARSH, UGLY VOICES.

THE LARGER WHALES, IN THE PRIME OF LIFE, INCREASE MORE THAN 100 POUNDS IN WEIGHT EVERY DAY.

Although there are some exceptions to the rule, beautiful birds seldom have beautiful songs. This, of course, is only reasonable, since gayly colored birds would be made more conspicuous by song. Most of the world's most brilliantly colored birds content themselves with a few raucous notes.
