

# POLITICS IN AIR MAIL CONTRACTS HIT AT PLANNING MEET

## DEVELOPMENT OF LINES BELIEVED CUT BY CONTROL

### Delegates at Northwest Air Gathering Hear Washington Man Lash Policies

BOISE, Idaho, June 18 (AP)—Delegates to the Northwest Aviation Planning Council here today dove toward what they said would eliminate political control on operation of passenger and mail carriage.

They advocated passage of the McCarran-Lee bill, now pending in both houses of congress, which would give airlines and express divisions of airlines under the interstate commerce commission.

Delegates voiced the opinion that control of airlines solely by the postoffice department, through mail contract, held down development of commercial aviation.

Wayne Parrish, Washington, D. C., said passage of the bill would remove the highly political post office from the business.

Parrish charged that the "narrow attitude of the post office department was keeping behind transportation from hundreds of cities and communities throughout the nation."

### To Hear Talk

In a talk to more than 70 airline officials, aviation association members and private pilots, he said airlines were bound to carry express mail, for which they did not get paid, to the exclusion of passenger travel.

He said airlines were forced by the post office department to cut passenger list "in order to permit shipment of mail over and above the guarantee weight whenever that much mail was ready for handling."

Express shipments were treated the same way, he charged.

Facing of airlines under the ICG would mean that express shipments were handled would eliminate slowing down travel, and would mean general airline facilities throughout the nation, he said.

### No Control

He said presently there was no control over lines which did not carry mail. "The post office department is the only controlling agency in present law," he said.

That may have been okay a few years ago when 70 per cent of the total business was constituted of mail message travel constitutes two-thirds of airline business, and mail only one-third. The ICG should have some measure of control for protection of those people who seek speedy personal transportation," he said.

He charged that a "misleading governmental policy" was holding down airline development.

Delegates to the McCarran-Lee bill, he said, would cause the "greatest boom in aviation history."

#### CLEVELAND, O.—

The federal steel mediation board yesterday sought to prevent recurrence of picket line violence while preparing a "cease fire" agreement to end the strike which has made more than 80,000 steel workers idle. The board began its mediation job today.

#### JOHNSTOWN, Pa.—

Bohemian-Bell corporation officials would be dismissed as to effectiveness of the strike at the huge Cambria mills. One company official said plant operations were "considerably improved." Union leaders contended the plant was "virtually shut down." Picketing was comparatively peaceful.

#### OHIO—

Chicago steel workers in South Union renewed their membership drive after a meeting which heard a telegram from John L. Lewis, C. I. O. chairman, announcing CIO's support for their part in a Memorial day riot in which nine strikers and sympathizers were slain.

#### WASHINGTON—

The federal government decided to provide relief for those made idle by the steel strike—both strikers and non-strikers. Works progress administration officials said relief would be made available to all idle persons on the basis of need. The senate post office committee continued hearings into conduct of steel companies and strikers during the riot.

#### YOUNGSTOWN, O.—

Local officials in strike front danger spots—Youngstown, Canton, Warren and Warren—generally indicated agreement to aid the new mediation board's efforts to prevent any action which might result in violence.

#### PORTLAND, Ore.—

alone, a circus making approximately 20,000 miles during each seven months' season. He has also toured Europe twice and each winter headlines the great indoor shows which are staged in the east. All in all he gets about two weeks' vacation each year.

"I have to laugh about my first time in the ring with a number of tigers and lions," he said. "You see I had a mistake to put a heavy leather belt on me with hook attached. The plan was to have about five husky men on the other end of a rope which would lift me out of the ring should danger threaten. The boss didn't see it that way and I went into the ring as is."

"And those original 10 black-maned, moth-eaten lions I first trained were to me the greatest thrill at that time. I really thought that I was doing something," he said.

### Bluff to Vital

Bluff, Nelson points out, is half the battle with animals just as it is with any other kind of business.

"Make them think that you are about the greatest thing that ever walked and you will be all right. That is, most of the time. They're funny though, and you can't tell what they will do next. One afternoon they will perform fine and then that evening they will be just waiting for a chance to chew off a leg."

### He's a Bachelor

Nelson is married. He writes his mother in California at least once a week—and he likes small towns.

He has written in numerous newspaper pictures, doubling for Johnny Weissmuller in the Tarzan series when the script called for a scene with animals.

Above, here's part of what hundreds near the railroad depot saw this morning as the Al G. Barnes-Sells Floto circus reached Twin Falls. Below, the famed Del Rio trio—featured in the concert after-show—are seen walking with George Raft and Jack Oakie of movie fame. This photo was taken before the circus left the Pacific coast. The Del Rio are the smallest, photo on earth, and are tephrons, not midgets. Others equally noted in their profession are the elephant; the Weber family the Avilons and the Flying Astors in their sensational aerial performance high at the peaks of the big top in dangerous leaps from one trapeze to another, hand to hand catches and "spacovers." Baby Lotus, the only trained hippopotamus on earth, as well as 14 trained zebras that work with 40 trained liberty horses.

## Circus Day Thrills Attract Thousands to Big Tent City

Youngsters and oldsters alike, headed for a "city" under canvas today.

The giant Al G. Barnes and Sells-Floto circus rolled into Twin Falls this morning on two special trains and multitudes crowded the downtown and witnessed the afternoon show under the big tent on Locust street near Kimberly road. A performance expected to reach 8,000 will jam through the gates for tonight's show at 8 p. m.

Thrilling Acts

Heading the circus is Bert Nelson, termed the greatest wild animal trainer in the world.

## IDAHO OFFICERS ATTEND SESSION

### New Post Auxiliary Installed at Meeting by State Leaders

Idaho department officials were in Twin Falls for the institution of the new auxiliary unit of the Veterans of Foreign Wars on Wednesday evening. Also present were nearly 40 members of the veterans' organization in three neighboring towns.

Mrs. Albert R. Nichols, Pocatello, department senior vice president, conducted the ceremonial institution of the new group during a meeting of Twin Falls post, Veterans of Foreign Wars. Afterwards district meetings of the veterans' organization and auxiliary were held with delegates from Gooding, Burley and Twin Falls posts attending.

Veterans heard Albert R. Nichols, Pocatello, Idaho department senior vice commander, Frank Marshall, Nevada department chief of staff, George H. Burdick, Burley, district council member, president.

Also introduced were H. E. Anderson, post Burley post commander, and Arthur M. Peters, Idaho department chaplain and Twin Falls post commander. During the session the post elected A. W. McConnell trustee for an 18-month term to succeed Carl J. Dornpore, whose term has expired.

During the auxiliary session officers named were Mrs. Bertha Peters, president; Mrs. Celia Brennan, secretary; Mrs. Alma Williams, junior vice president; Mrs. Grace McConnell, treasurer; Mrs. William Arnold, secretary; Mrs. Beale Prater, chaplain; Mrs. Dorcas Elster, guard; Mrs. Gloria Pomeroy, historian; Mrs. Gene Summers, Mrs. Wanda Elliott and Mrs. Eleanor Sept, trustees for 18, 12 and six-months terms. During the evening the staff members were installed.

Charter members in addition to the officers are Mrs. Inez Fletcher, Mrs. Estelle Reynolds, Mrs. Allan Wilson and Mrs. Duncan Johnston. Delegates to the department convention are Mrs. McConnell and Mrs. Brennan, and Mrs. Summers and Mrs. Blaker are alternates. Announcement was made that the charter will be held open for 60 days.

# U. S. Strike Epidemic Leaves Idaho Uncatched, Labor Chief Says

## STATE FREE OF WALKOUTS NOW, ROSQVIST FINDS

### Federation Secretary Asserts Unions Gain; Stress Laid On Clerks Here

With strikes of practically every type rocking the nation at the present time, keeping thousands of men and women from their jobs, injuring scores and resulting in the death of others, August Rosqvist, secretary of the Idaho State Federation of Labor, said in Twin Falls this afternoon that Idaho was without a strike of any order at the present time.

"There are a few instances in Idaho where certain firms are on the unfair to labor list and as such are not being patrolled by labor men, but at the present time there is not one strike in the state of Idaho," Mr. Rosqvist said.

Talks here in Twin Falls from Weiser and Payette yesterday afternoon. Last night he addressed the local plasterers' union, accompanied by his wife, he left today for his home in Pocatello. At Weiser he attended the Idaho Eagles convention, and at Payette he installed a local of the plasterers' union.

Mr. Rosqvist refused to comment on the CIO with the exception of saying that it "is not an issue in this state at the present time."

During his visit to the ranks of labor during recent weeks, he pointed out that thousands of miners in north Idaho were affiliated with a union, the union recently gained recognition in the Coeur d'Alene mining district after a fight which extended over a period of half a century.

In Idaho Falls, he said, six new locals have been organized in the past few weeks while three have been chartered in Boise and Pocatello and Payette are showing a good increase.

**Twin Falls Bright**  
"In Twin Falls the future looks bright for labor," Rosqvist said. "Organization here is striving for a central labor body and efforts are being carried forward by H. H. Froehlich. I am sure that it will not be long before his efforts along that line will result in the central body."

He laid stress on the fact that organization of store clerks in Twin Falls will be one of the paramount duties. Clerks in Pocatello and Idaho Falls, he said, are both organized 100 per cent and are affiliated with the American Federation of Labor.

"Organization of store clerks in Twin Falls will materially strengthen their position in Twin Falls," Rosqvist said.

## CONTRACT BRIDGE

### SHOWS HIS SHORT SUIT

By WM. E. MCKENNEY

Secretary, American Bridge League

When a bridge player knows that he has a safe suit in some other suit, he sometimes ignores the requirements of either length or strength in bidding another suit. In other words, he has greater freedom of action when he has at least a semi-fit with the suit bid by his partner.

It was this that caused Westley McConkey and Sidney Williams.

hearts. Even if he did not, and the heart bid was doubled, he could re-tract cards, however, suited Williams, and over West's jump to four spades he rightly decided to keep it up to him to defend.

### Solution to Previous Contract Problem

**Today's Contract Problem**  
South's bid is four hearts. Con- operative play by North and East can defeat this apparently ironclad contract, but they must work fast. What should be the leads to the three tricks following the opener?

of East Orange, N. J., sitting South, and North, respectively, to reach the fine contract they did on today's hand.

South's three heart bid, though it appears bold, was really very fine. Although North opened the bidding, East and West had the better cards. McConkey reasoned that with both diamonds and spades bid by East, North had to hold some-

Had West chosen to lead a club, instead of a diamond, he could have defeated the contract, but that lead, while effective in this instance, would have been highly dangerous on the bidding.

The opening lead of the diamond nine was won with the diamond ace. The heart king was led from dummy, forcing West's ace. Now, it was all over.

West returned a club, but McConkey drew the trumps, ruffed one club in his own hand, and the diamond jack produced the 11th trick for a doubled game. (Copyright, 1937, N.E.A. Service, Inc.)

### Rescue Workers Find Over 100 Wounded and 18 Dead After Explosion

By BURDETT BOLTOZEN

VALENCIA, Spain, June 18 (UP)—Loyalist authorities ordered an urgent investigation today of a mysterious explosion which crippled the Jaime Primo, only battleship in the Spanish navy, and caused more than 120 casualties.

The battleship was in harbor at Cartagena, the great southeast-coast naval base, yesterday afternoon when a terrific explosion occurred.

Flames raged through the ship and were put out only after a fight of many hours.

Rescue workers took off more than 100 wounded and found 18 bodies. Loyalist authorities believed there must be more in the ship's interior.

Most of the wounded suffered burns.

It was announced that the explosion was an internal one. An official aboard a control ship of the international neutrality committee was taking a film of the ship at the moment of the explosion and he also took pictures of early rescue work. The film showed the position of the Jaime Primo in relation to other loyalist ships in the harbor.

The Jaime Primo is a ship of 15,472 tons with normal load and carries a complement of 854 officers and men. How many were aboard when the explosion occurred was not announced.

Mrs. Loretta Foutch, of 1325 Curtis St., Denver, Colo., is publicly endorsing Van-Tage.

"Amazing Mixture of Nature's Roots and Herbs and Other Splendid Ingredients," now being introduced in this city at the Schramm-Johnson Drug Store, 102 N. Main St.

"I had been suffering with stomach and sluggish bowels for 7 years," said Mrs. Foutch. "I couldn't eat a thing without having terrible gas pains all through my stomach and I had attacks of heartburn. The gas pains would torture me so much I couldn't sleep. I was very irregular, too, and had to resort to strong physics. All this suffering made me nervous and irritable. I heard about Van-Tage and decided to try it. I have taken two bottles and I feel like a different person. The gas pains have been wonderfully relieved and I do not have heartburn like I did and I am very regular for the first time in years. Van-Tage has certainly proved to be all that it is represented to be."

VAN-TAGE helps invigorate bowel, stomach and kidney action. It is 21 Great Herbs and Other Splendid Medicinal Agents over 30 ingredients in all have a surprising effect on ailing people. Due to the immense volume in which it sells, Van-Tage is NOT expensive, so get it TODAY—at the Schramm-Johnson Drug Store, 102 N. Main St.

# Buhl Couple United At Informal Rites

BUHL, June 18 (Special)—Miss Bernice Ripley, daughter of Mr. and Mrs. F. C. Ripley, became the bride of Mr. J. Squires at an informal ceremony performed Tuesday morning at the Episcopal church, Mountain Home.

Crat, R. Alman, formerly of Twin Falls, read the impressive single ring ceremony.

The bridal pair entered to the strains of the wedding march from "Lohengrin" and proceeded to the altar which was decorated with tall white tapers in brass candelabra. The church was beautifully decorated with white peonies and longdragons.

The bride wore an afternoon frock of white Irish linen lace. Her flowers were bride's roses and lilies-of-the-valley. The maid of honor, Miss Ada Marie Ripley, sister of the bride, wore a flowered dress and a corsage of white buds. Best man was Norris Westby.

Following the ceremony the bridal party and guests attended wedding breakfast at the home of Mr. and Mrs. Alman. Centering the table was a three-tiered wedding cake topped by a tiny bride and groom.

Mr. and Mrs. Frank Squires left immediately for a 10-day wedding trip which will take them to Seattle where they will visit the groom's mother and to Victoria, B. C. Mrs. Squires' going-away gifts include a beige sport suit with British tan accessories. The couple plan to return by way of Spokane where they will be met by the bride's father, F. C. Ripley and family.

Mrs. Squires is a graduate of the Buhl high school, attended University of Idaho, and branch and University of California.

For the past several years has been a teacher in the Buhl school. Mrs. Squires is a graduate of Bothell, Wash., high school and the University of Washington where he was member of Kappa Psi fraternity.

For the past three years Mr. Squires has been proprietor of the Buhl pharmacy.

The young couple will be at home in Buhl after July 1.

# SUFFERED 40 YEARS FROM CONSTIPATION

"For 40 years, I had been praying for a lasting remedy for constipation and had given up. I had tried Kellogg's All-Iran. Since that time (nearly 10 years ago), I have not taken any medicine. I have been well and contented since 'constipation.'"—Mrs. J. H. Kendig, R. F. D. No. 2, Lancaster, Penna.

Don't let common constipation ruin your life. You can and safely, without using drugs that soon lose their effectiveness.

Just eat two tablespoons of Kellogg's All-Iran every day—with every meal in savory cream. Serve as cereal with milk or fruit, or cook into appetizing recipes. All-Iran absorbs more than twice its weight in water and tanks it away from the wastes that cause headache, tiredness and serious illness.

The vitamin B in All-Iran helps tone up the entire digestive tract. Buy All-Iran from your grocer. Guaranteed by Kellogg in Battle Creek.

# Jerome Civic Club Has Annual Event

JEROME, June 18 (Special)—Approximately 50 persons attended the annual rose luncheon of the Jerome Civic club, the final session of the year.

The rooms were decorated with red and yellow roses and a Peter Pan motif was observed. Thirty effigies graced the table. Each program was decorated with a miniature rose.

Club members were entertained by Mrs. Lloyd E. Oaks, Twin Falls, who read the play, "Friend Hannah," recently revived because of its similarity to the recent romantic picture of the same name.

Two solos were sung by Miss Lila Mae Callen, who presented "Glenn Miller" by Ethel and "My Lover Is a Fisherman," Strickland. Two piano numbers, "Malaguena" by Ernesto Lecuena and "Tango in D" by Albinus, were played by Miss Wilfred Zeller, an accomplished pianist.

As the close of the program the club sang "The Star Spangled Banner."

### FOR HOPES FOR BUDGET BALANCE

#### Seeks No Increase in Public Debt by 1938; New Taxes If Necessary

WASHINGTON, June 18 (AP)—President Roosevelt, seeking to block legislation to continue low interest rates on federal land bank loans to farmers, reiterated his hope of balancing the budget in the fiscal year 1938.

Mr. Roosevelt made his views in a letter to Chairman Marvin Jones, D-Tex., of the House agriculture committee. The letter, dated June 8, was made public coincident with an overnight rise in the national debt of \$1,322,033,000 due to new financing and a treasury bookkeeping transfer of funds resulting from payment of the soldier bonus a year ago.

The President wrote Jones that "if the budget is thrown out of balance through extra appropriations or obligations, new taxes alone will bring the budget into balance."

"The letter was written immediately after passage by the house of a bill to continue the present 3 1/2 per cent interest rate on federal land bank loans for one year. Interest on land bank loans will revert to 4 per cent on June 30 if the bill does not pass.

The President said the enactment of the bill would cost the government more than \$40,000,000 a year.

"It seems to me that the congress should be definitely advised of this fact before taking action on this bill," the President wrote. "As you know, I am definitely seeking the balancing of the budget."

## Strawberry Time—Yum! Yum!

### Here's Crunchy, Crumbly Variant Of Shortcake

Strawberry Blizz torte is a magic combination of crunchiness, brittleness, smoothness and May strawberries—a feast for the eyes as well as the palate.

By MRS. GAYNOR MADDOX (NEA Service)

Kindly advise to women who live alone and don't like to learn how to make a strawberry blizz torte. It tastes as sweet as wedding bells in June.

**Strawberry Blizz Torte**  
(6 servings)

One and one-half cups sifted cake flour, 1/4 teaspoon combination baking powder, 1/4 cup butter, 1/2 cup sugar, 4 egg yolks, unbeaten, 5 tablespoons milk, 4 egg whites, 1 cup sugar, 1 quart perfect May strawberries, crushed and sweetened.

Sift flour once, measure, add baking powder and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together until light and

fluffy. Add egg yolks, one at a time, beating very thoroughly after adding each. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Spread in two 9-inch greased layer pans.

Beat egg whites until foamy throughout. Add sugar, 2 tablespoons at a time, beating after each addition until sugar is thoroughly blended. After all sugar is added, continue beating until mixture will stand in peaks. Spread in equal amounts on top of each layer. Bake layers in slow oven (325 degrees F.) for 25 minutes; then increase the heat to moderate (350 degrees F.) and bake 30 minutes longer. When cool, spread with crushed sweetened strawberries. Cut in wedges for servings.

Gather up rosebuds while you may and make jelly while strawberries are cheap in the market. Summer will fade but breakfast toast goes on forever.

**Strawberry Jelly**  
(16-ounce glasses)

Four cups strawberry juice, 2 tablespoons lemon juice, 2 cups sugar, 1 bottle fruit pectin. Use fully ripened strawberries. Grind or crush about 3 quarts berries thoroughly. Place fruit in jelly bag and squeeze out juice. Measure. Add lemon juice. Measure sugar and fruit juices into large saucepan. Mix. Bring to boil over hottest fire and immediately add pectin, stirring constantly. Then bring to a full rolling boil and boil hard for 1 1/2 minute. Remove from fire, skim, pour quickly into glasses. Paraffin hot filler at once.

### ARMY HEAD SEES HUGE AIR CORPS

#### Gen. Westover Says U. S. Will Have 2,320 War Planes by 1940

BOISE, June 18 (AP)—General Oscar Westover, chief of the U. S. Army air corps, said today that the Northwest Aviation Planning conference here that America would have 2,320 fighting planes in service by 1940.

Westover frankly detailed the limitations of aircraft as a means of national defense.

He said planes were limited in ability to seize and hold ground, in cruising radius, and transportation of men.

He said, however, that mere numbers in building an air corps was folly.

A world power must have a well-balanced air corps, with proper equipment, well-trained pilots, and adequate air bases.

"Number of planes is not nearly so important as the efficiency and balance of the entire corps," General Westover said.

He had high praise for private air industry. He said private companies worked well with the United States in development of military and commercial aviation projects.

General Westover said the government's military air policy was one entirely of defense, and not aggression. To that end, he said exhaustive studies of topography and natural territories was being carried on.

and Percy K. Hudson, former member of the New York stock exchange...

Lied Under Oath
This happened a day after he had received \$200,000 commission, which he deposited in a personal holding corporation which he had named the Schick Shaver, Inc.

Taxes Saved
As a result of this, taxes were saved, they said. "Apparently he was not satisfied with this saving, for in 1935 three corporations were formed in the Bahamas—Schick Industries, Ltd., Schick Shaver, Ltd., and Schick International, Ltd."

No Full Details
"We are working on our investigation but have not full details," Magill said.
For example, there is the case of George Washington, who formed a \$4,000,000 corporation in the Bahamas. He reports one year from British Columbia, another from the Bahamas, and after from Jamaica so there is no catching up with him.

BASQUE RETREAT NEARLY CUT OFF

Curtain of Bombs Drops Behind Lyons Along Nervion River

(Continued From Page One)
threw up barricades along the bank and began exchanging a hot fire with loyalists along the west bank.

Delay Seen
Packard's report showed that many loyalists remain in the country on the east side of the river, and made plain the necessity for the nationalists to delay their occupation of Bilbao until they have cleaned out all loyalists from the hills controlling the city on the east side.

John De Gandt, of the United Press staff, accompanying another force of nationalists, which the capture of the important Arcañeta hill just north of Bilbao—some miles from the nearest town. This hill is the high point along the east bank of the Nervion. It is 875 feet high and it dominates Bilbao so that the city is caught under direct fire from it.

Dweller Amazed

(SAN FRANCISCO, U.P.)—Mrs. Frank Knapp, 20, born in Kaul, Hawaii Territory, and reared in the islands, arrived in San Francisco recently to pay her first visit to the mainland. She said she was frightened by the city's size and afraid she would get lost.

THIS CURIOUS WORLD By William Ferguson

The SEA-OTTER is believed to have the most VALUABLE FUR in the world.

IN GERMANY, WORDS OF FOREIGN DERIVATION ARE TO BE CHANGED TO TELONIC FORMS, IN ORDER TO PURIFY THE LANGUAGE. FOR EXAMPLE: THE WORD 'RELATIVITAETS THEORIE' (THEORY OF RELATIVITY) WILL BE CHANGED TO 'BEZUEGLICHKEITSAN-SCHAUNUNGSGESETZ'.

A LINE DRAWN ACROSS THE POINTS OF THE CRESCENT MOON ALWAYS IS PERPENDICULAR TO A LINE DRAWN FROM THE MOON TO THE SUN.

Only a pitiful remnant of the once glorious ranks of sea-otters is left today. The coastline of the west, from California to Kamchatka, was the home of millions of these animals, but their fur was too beautiful. In 1783 a sea-otter fur sold for seven dollars. Today, when they can be had at all, they command prices of several thousand dollars apiece.

# DEATH TAKES DOUMERGUE, FORMER FRENCH PRESIDENT

## SALVATION HEAD OF GOVERNMENT DIES SUDDENLY

Aged Political Leader Was Leader of Country After Swindle Scandal

PARIS, June 15 (AP)—Gaston Doumergue, who at 70 years of age took charge of the government when the Stavisky financial scandal rocked the nation in 1934, died suddenly today of heart disease.

Doumergue died at his birthplace at Alquevires, near the Mediterranean coast. He had just returned from a short walk in his garden when he suffered a heart attack. He was France's first Protestant president.

Became President "Gastoumet" as he was fondly called, reached what seemed the climax of a long, honorable political career when in 1924 he went from the presidency of the senate to the Elysee palace as president of the republic.

He smiled his way through 15 cabinet crises during his seven years as president. Two weeks before his term ended, Doumergue, an apparently firm bachelor, married at the Elysee palace Mme. Jeanne Graves, his childhood sweetheart. She was wealthy. Happy to be out of office, Doumergue said as he retired: "They won't get me out again."

Went down to his beloved province to live, near his birth house, at his bride's chateau on a great estate. Three years later Sacha Alexandrov Stavisky, a mysterious financier, committed suicide. Stavisky had defrauded hundreds of thousands of people of many millions of dollars by fake bond issues and other devices.

Soon mobs were raging through the streets of Paris, threatening the government and parliament. Police shot into them and many were wounded or killed. "The government fell. Reluctantly, after several refusals to be drawn away from his books and his tree, Doumergue consented to form a national 'salvation' government.

He lasted for 18 months under a political truce. There was a fight over the budget in November, 1934, that led up to Doumergue's fall.

## LOYALS FORTIFY FOR NEW STAND

Basques Prepare Country to West of Bilbao For Battle After City Falls

BORDEAUX, France, June 15 (AP)—Basque loyalists are fortifying the country west of Bilbao for another stand against the nationalists when the city falls, it was understood today.

They were expected to establish a line about 16 miles west of Bilbao, running from Castro-Urdiales on the coast down into the hills. Reports from the front were, however, that there were more than 15,000 men still in Bilbao ready for a house to house defense in addition to hundreds of unorganized Asturian miners with their dynamite bombs.

There are 120,000 men altogether in the Basque loyalist army and their leaders believe that they can keep the nationalists so busy that Gen. Francisco Franco, commander in chief of the nationalists, will be unable to withdraw the thousands of men he hopes to use in a new attack on Madrid.

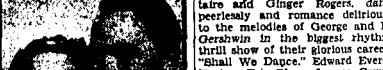

## THEATERS

"Romeo and Juliet"

The classic of the ages, and the giant road show attraction shown here early in the year, "Romeo and Juliet," starring Norma Shearer and Leslie Howard with John Barrymore, will return Sunday to the Orpheum for the first time at popular prices.

## In Idaho Hit

Beginning today at the Idaho theater is "Off to the Races." In this picture Red Prooby and Spring Byington are again seen as the heads of the Jones family, whose life is complicated when the film shows them and his orphan horse turn up.

## Chicken Price Hits High Eggs Are Low

BOISE, Idaho, June 15 (AP)—The farm price of chickens has hit the peak for 1937, while eggs have dropped to the low point for June, according to Richard Ross, agricultural statistician. Smaller hatchings may keep the price of chickens up, while continued increase of storage eggs may keep egg prices down, he said.

## "Purge" in Russia Continues With Denunciation of 1,170

MOSCOW, June 15 (AP)—The extent of the current "purge" in Soviet Russia was emphasized today when the June 15 issue of the Mining newspaper "The Worker" carried here, containing a denunciation of 1,170 persons on charges ranging from being enemies of the people to being "hostile elements." Of those accused, 141 were classed as enemies of the people, which is equivalent to arrest. It was revealed that 908 were expelled from the Communist party for being "hostile elements," and 31 agitators were expelled for spreading Trotskyist propaganda.

## TRIBUTE PAID TO FILER RESIDENT

Henry B. Tucker, Filer, was paid final tribute at rites held yesterday afternoon at the Presbyterian church with Rev. R. B. Hess, Methodist pastor, officiating. Music included "Some Sweet Day" and "Going Down the Valley" sung by a male quartet including C. H. Grievie, C. E. Morgan, John Soden and W. R. Westcott, accompanied by Mrs. Maude Dygert.

## Coast Man Held For Axe Killing

LOS ANGELES, June 15 (AP)—Arthur Arlikian, 50, faced a murder charge today for the axe slaying of the pretty wife he bought for \$50 in Armenia 13 years ago. Arlikian insisted he only meant to punish Annie Arlikian, 27, for going out with younger men. He bashed in her head with a hand axe and chopped off three of her fingers.

## FUNDS ASKED BY RECREATION UNIT

Appeal Will Be Made to City Council Monday; Needs at Harmon Pool Cited

An appeal for additional funds as well as additional facilities at the swimming pool at Harmon park was voiced last night at representatives of various civic, fraternal, social and church organizations, all a part of the Twin Falls Recreation association, met at the Chamber of Commerce.

Seeking additional funds from the city with which to carry on the summer program, a committee of three will meet with members of the city council Monday evening at which time a formal request for additional funds will be made. The committee, selected last night, is composed of Mrs. E. L. Price, Mrs. H. L. Piemeisel and R. L. Graves.

To benefit the Harmon pool, officials of the Red Cross announced they will supply a first aid kit for use at that point in the near future. Loren Bader, state recreation director with headquarters at Boise, also assured the group of assistance in obtaining additional certified WPA workers for added lifeguards.

Tom Gill, Red Cross field representative of Boise, told members of the association of the need for adequate toilet and dressing room facilities at Harmon park, such to be located a short distance from the water. He pointed out the pool lacks sufficient showers, has no telephone in case of emergency and noted other deficiencies.

Don Spouty, recreation supervisor for this district, told of work accomplished with limited funds to date and Larry Lundin, local director, pointed out that from 600 to 700 children have attended play centers at Harmon and Drury parks daily since the program opened.

Washington and Lee University was founded in 1749.

## PROUD?

KANSAS CITY, Mo., June 15 (AP)—The University of Kansas chapter of the Delta Upsilon fraternity was proud of the fact Stephen Crane, American author, was listed among its members. John C. Hovevard, Jr., a sophomore from Kansas City, wrote Crane asking that he send his picture so that it could be included in a "prominent alumni" gallery. There was no reply to the request. The fraternity learned today that Crane died in 1900.

## PLANNING MEET IN SECOND DAY

Committee to Be Named to Shape Policy of Council

BOISE, Idaho, June 15 (AP)—The northwest aviation planning conference went into its second day's session here today with naming a committee to shape policy of the council.

Both General Ocea Westover, chief of the army air corps, and Commander C. E. Rogstad of the naval air station at Trenton, N. J., left the council Thursday after discussing army and naval aviation. Today's sessions will be taken up with commercial operations and community help in development of air resources.

Those named on the resolutions committee were J. A. Ford, Spokane, Wash.; Dr. J. L. Wortham, Billings, Mont.; Dr. Raymond Staub, Harry Caffey, Portland, Ore.; C. N. Monteth, Seattle, Wash.; J. D. Wood, Boise, Idaho; Fred B. Sherriff, Helena, Mont.; Frank Walsh, Tacoma, Wash.; and Harry Yost, Boise.

## Freak Storm Causes Damage in Oregon

BAKER, Ore., June 15 (AP)—Farmers reported today that thousands of dollars damage was caused by a freak storm which swept this area yesterday. Farm buildings were blown over, trees uprooted, shingles ripped from buildings and windows broken. The storm was followed by a heavy barrage of hail.
