OFFICIAL COUNTY NEWSPAPER

IN THE DAY'S PARADE

Confesses

Rev. C. E. Newton (above), former pastor of the Baptist church at Paris, Mo., has confessed that he killed Mrs. Dennis Kelly (below), a former parishioner, after he became panic following an accident on an automobile ride.

In Line?

When the matter of naming a successor to Senator Joseph T. Robinson comes up, political experts expect Governor Carl E. Bailey (above) of Arkansas to get the post, although the two men were at odds politically. Bailey is a New Deal supporter.

Lawyer Indicted

Target of searching investigations by Special Prosecutor Dwyer, J. Richard "Dick" Bailey (above), lawyer for the late Dutch Schultz and other underworld characters, has been indicted with 11 others on charges of conspiring to operate the \$100,000,000-a-year numbers racket that impoverished thousands in Harlem. Bail was denied out on "bribe" of the racket.

WIPON ATTACK LOOMS TONIGHT

LOYALISTS REPORT ITALIAN ARMY NEARS MADRID

Troops Total Between 15,000 To 20,000, Defenders Claim

By HENRY T. GORRELL MADRID, July 17 (UP)—Loyalist government observers asserted today that between 15,000 and 20,000 Italian troops had arrived on the central front to reinforce the nationalists in face of a smashing loyalist offensive.

Loyalist leaders said that the nationalists were bringing their crawling vigorously. Their planes swept over the country back of the nationalist lines bombing and machine gunning the troops, and the result was a serious risk of the pick of their army at one point.

2nd Year Opens The second year of the civil war opened today with loyalist driving vigorously. Their planes swept over the country back of the nationalist lines bombing and machine gunning the troops, and the result was a serious risk of the pick of their army at one point.

This new threat meant that the nationalists were encircling the defensive in three zones—north-west of Madrid, west of Madrid, and south of it.

Morale High Morale was high and the loyalist troops were confident of victory.

There was general anger at developments in London. The belief expressed here was that British non-intervention proposals were intended to sound international sentiment preparatory to giving the nationalists belated aid.

But interest centered in the developing campaign which Gen. Jose Miaja, loyalist commander-in-chief on the Madrid front, was expected to announce in an expected nationalist counter-attack.

DRIVER LICENSE CHECKUP STARTS

Drastic Enforcement of Law Will Begin Tonight in This Area

Strict enforcement of the driver's license law will begin in this area tonight. State Traffic Patrolman John Ellis warned motorists this afternoon.

Drivers found using obsolete permits will be "tagged" with a ticket to the justice courts. If they fail to appear, warrants of arrest will be issued, Ellis said.

The check-up will be made at selected but unannounced areas, and motorists will be stopped as requested to allow their new driver's licenses. Twin Falls city police will cooperate with Ellis and E. T. Johnson, special state officer, in enforcing the law. Offending motorists are subject to fines or jail sentences.

Halling of motorists will be carried out in other towns of the county. Enforcement in other counties of the south central area is already underway.

City police at Buhl will cooperate in the move there.

The new license law is on sale in Twin Falls county house every day except Sunday and Monday. Ellis announced on Monday Tomlinson dispenses the permits at Buhl city hall from 9 a. m. to 5 p. m.

ADMINISTRATION FINISHES FIRST UNEMPLOYED AID

Every State in Union Votes For Social Security; Illinois Last

21,000,000 MEN INSURED \$1,000,000 Per Day to Be Paid By Employers Through Tax

WASHINGTON, July 17 (UP)—The administration completed one of the states, bringing last future depression today with the insuring of 21,000,000 workers in every state and territory against the financial hazard of unemployment.

With the addition of Illinois, the social security board has approved 21 states and territory and the District of Columbia to provide workers thrown out of jobs with an income. This income under most state laws will be a maximum of \$15 a week, terminating after several months of unemployment.

\$1,000,000 Per Day Approximately \$1,000,000 a day from the states, through the employers, is swelling a trust fund in the federal treasury for unemployment benefits payments. This fund now totals \$377,475,245.

The state laws insure salaried employees, except agricultural workers, domestic employees and government employes who are not in the force through no fault of their own. In many states, those employers having fewer than eight persons are not included, however.

Arthur J. Altmeyer, chairman of the board, said the fact that every state and territory has voluntarily passed unemployment laws complying with the act is less than two years after enactment was "beyond the scope of the most ardent proponents" of the act.

Pays Benefits Today, one state—Wisconsin—is paying benefits to eligible unemployed persons in 17 states. Payments next year, with the rest following in 1939.

The states automatically participate in the separate old age benefit program under the act. The board has received applications from more than 20,000,000 persons in 31 states. Payments are based upon earnings and will range up to \$6 a month, beginning at the age of 65.

Forty-four states have passed laws enabling them to participate in the old age aid to the aged, needy blind or dependent children. Some under public assistance provisions of the act participate in all three and others in only one or two groups.

TOMORROW FINAL DAY FOR SEARCH

HONOLULU, July 17 (UP)—Miss Amelia Eckhart and Frederick J. Hanley are today the last people being landed in the Pacific on their world air-girdling flight, will be given up as dead by the navy if they are not found today or tomorrow, it was indicated today.

The coast guard cutter Itasca, assigned to naval operations for the search, left Honolulu today for a search of the Hawaiian island area for the Howland island area for the aerial survey, is running low on fuel and probably will abandon the search today or tomorrow. This newspaper's own, also in the hunt, probably will be recalled when the Lexington heads for Pearl Harbor.

Rams Inspected for Woolgrowers' Sale

Annual Event Will Draw Sheepmen To Filer

With entry lists now closed, inspection of stock to be auctioned at the 16th annual ram sale of the Idaho Woolgrowers' association at Filer Aug. 17 is being carried out in south central Idaho today by M. C. Blair, Boise, secretary of the association, and E. P. Rinehart, animal husbandman of the University of Idaho extension service.

Fourteen consignors from Twin Falls county will place rams in the annual auction, which draws exhibitors from all of Idaho and buyers from the intermountain west and the Pacific coast. Mr. Blair announced this afternoon. Inspection was completed today on stock to be entered by the county exhibitors.

33 in South Idaho Consignors within a 50-mile radius of Twin Falls number 33, the secretary said. "Listings are comparable with last year's successful sale," Blair said. Committee in charge of the annual event consists of Robert S. Hinstock, chairman; L. Breckenridge, John W. Filer, Jr., Fred H. Spriggs, Mr. Rinehart and Mr. Blair.

Two other annual events will be held in conjunction with the sale. Mid-year meeting of the Idaho Woolgrowers' association will be staged at the Park hotel here on the night of Aug. 11, following the sale. Merle L. Drake, president, will preside at the dinner. Perry Williams will be host on the night of Aug. 12. The sale will open at 10 a. m. to all exhibitors and buyers at the ram sale.

4 Conversations At Once on Line Being Installed

Boise-Balt Lake "Carrier Repeater" Put Through Local Exchange

First telephone line through Twin Falls capable of carrying four conversations at once was being installed today by Western Electric workers from Salt Lake City.

The workers were installing a "three-channel carrier repeater" through the Twin Falls exchange of the Mountain States Telephone and Telegraph company, according to M. E. Delling, division superintendent.

The copper circuit will permit four-way talks from Salt Lake City to Boise. Delling said. Similar line connects the two capitals by way of Pocatello, but at present only single lines are routed through here.

50,000 Japanese Troops Believed In Peiping Area

TWO ARMIES CLASH IN MINOR FIGHTS AS ZERO HOUR NEARS

By EARL LEAF TIENTSIN, July 17 (UP)—Chinese authorities reported that Chinese and Japanese troops were fighting five miles west of Peiping today and expressed fear that a big scale battle would develop all through the Peiping area.

They said they had definite reason to expect an attack in force from the Japanese tonight or at the latest, tomorrow. The Japanese forces now in the Peiping area at 50,000. But more were pouring in to Tientsin and going on to the old capital. Two troop trains arrived from the Manchukuo frontier last night, two were due late today and railroad men said that 20 trainloads were waiting along the frontier.

TRAIN ROLLS TO SOUTH FOR LAST ROBINSON RITES

Large Delegation of Capital Solons Present on Way To Arkansas

By JOE ALEX MORRIS ABOARD ROBINSON FUNERAL TRAIN EN ROUTE TO ARKANSAS, July 17 (UP)—The funeral train for Senator Joseph T. Robinson rolled toward Arkansas today carrying friends and foes of legislative battles who will pay him final tribute in the native state.

The largest and most impressive congressional delegation in history aboard the special train found it impossible to leave behind the bitter controversies in which the fallen Democratic leader was notably engaged until the day of his death.

Battle Continues In the drawing rooms and club cars of the speeding train, 28 members of the senate continued the private conversations which have regularly resulted in the most important developments in six months of wrangling over President Roosevelt's bill for reorganization of the judiciary.

For the first time in its history, one which may be well through out by the time they return to the capitol Tuesday—the selection of successor to the post of majority leader. Both Senator Alben Barkley, Ky., acting leader, and Senator Pat Harrison, D., Miss., the two members most discussed for the post, were on the train.

To Meet Garner Vice-President John N. Garner, who has been at his home in Texas, will meet the party at Little Rock, Ark., for the funeral services. On the train were Postmaster General James A. Farley, two White House aides, Col. Edwin M. Anderson and Captain Paul Haddock, Bernard M. Baruch, Harvey Couch, Joseph B. Keenan and Charles O. West.

Mrs. Robinson, who hurried to Washington for the state funeral in the senate chamber, and several other members of her family completed the train today. It was understood that Garner would return to Washington on the train after the funeral services, but administration leaders on the train said no final word had been received of his plans.

CRACK SHOT

Chief Howell Gillette of the Twin Falls police is a crack shot.

This afternoon he received a stinging cover watch box, emblem of first place among peace officers in the pistol shoot. He won the award at the Idaho Peace Officers' convention held June 22, 1936, at Ketchikan. The award was sent to Gillette after this year's convention, which will hold in Coeur d'Alene this week.

There was no dark corner conversation and a fellow of a small moon hung in the sky no advantage of it was taken. For the rules forbade anyone to be seen in the room, except to visit the barrel of ice water on the porch.

First Party A little 100-year-old school probably had the best time of all. She had been a ward in some state institution and had been in the hospital, and it was her first party. She tried to dance with everyone, but him ran out and at 11:30 o'clock she departed happily "Home Sweet Home."

Goodbye was quickly over. Today she gave up her dress and returned institution routine. Mrs. Brighton Burnham, superintendent, was pleased with the excitement and intends to repeat it next month.

Driver Cleared by Verdict at Inquest

Jules Quero of San Francisco, driver of one of two cars involved in an accident Wednesday night west of Twin Falls which took the life of August Quero, 48, of Kimberly, was a free man today after he was released from the county jail by County Attorney Edward Babcock and Sheriff E. W. Harlow.

The nine-man jury found that Quero's own carelessness was the result of Quero's failing to observe a stop sign which was partially obscured by weeds.

Condition Blamed Because the verdict placed the blame for the mishap more on the condition immediately surrounding the obscured stop sign, and not on Quero, Attorney Babcock and Sheriff Prater released the man.

"The mishap, which put five persons in the local hospital, occurred on highway 30, near highway 33 and highway 30. Ochsner died at the hospital where he was taken approximately 30 minutes after the accident, while Quero was still in the hospital." Dr. Harry Alban, local Kimberly physician, was the first witness called by Babcock, who handed the proceeding to County Coroner Dr. George C. Halley presided.

Dr. Alban testified that the Kimberly man died as the result of a heart fracture. He said he saw the man at the time of his death, and he was bleeding from the ears, mouth, under the eye and under the arm.

An inquest was held at the home of Grand Jadge, local auto dealer, testified he was "within 300 feet" of the mishap when it occurred. He testified that he was traveling 50 miles an hour and apparently did not slacken his speed as he neared the intersection. That the crash occurred was first reported by the witness, he said. The crash of the two cars hit he tried to attract Ochsner's attention by sounding his horn, but this failing, he pulled to the side of the road and was standing still as the other two cars came together.

Fogel said the California machine struck the Kimberly car near the front end, did a complete somersault and landed on its side in the ditch running near the scene. His wife returned to a nearby farmhouse and he proceeded to assist the injured. He said Ochsner was traveling "about 30 miles an hour." Mrs. Fogel, the next witness, said she saw the same as was testified by her husband and that the crash was inevitable.

At Parker, deputy sheriff, told how he was called and rushed to the scene. He said he was accompanied by his daughter. He said after the crash the persons were injured he returned to the nearest farm house and called a physician. This was about 15 minutes after the accident happened.

Shows Pictures

At this point the questioning Babcock submitted a series of pictures of both cars as well as the accident scene and gave them to the jury. He also gave the jury a diagram of the accident which was drawn by Mr. Parker.

Parker stressed that because of the weather it was impossible to see from either road would not have a good view of each other.

"The stop sign on highway 32," he said, "was within 300 feet of the accident scene. It was partially obscured by weeds and I could not see it." Babcock asked the jury a question which was "Do you believe the driver of the Kimberly car was negligent?" Mrs. Dorothy Thomas, who resides within a quarter of a mile of the intersection, testified she saw the cars.

PARLEY TRIES TO BOOST SOIL BASE

Allotment Committee Confers With Stafford in Move For Increase

Seeking increase in the country's soil-depleting base in order to boost federal payments to growers in this area, the allotment committee of the Twin Falls County Agricultural Convention association met here today afternoon with H. J. Stafford, executive secretary of the state board in charge of the program.

Committee told Stafford that the base should be established at normal, which it considered to be the allotment chief points. The figure would give the county a soil-depleting base of 76 per cent of the total crop acreage. Present quota is 130,000 acres, or only 67 per cent. Results of a thorough farm check-up were brought out at the meeting.

The 130,000-acre base is infeasible, the allotment chief pointed out. Stafford, after his conference here, will make recommendations to the state board.

Party Honors Two Visitors, Club Guests

Mrs. Newell S. Wight and daughter, Miss Ehyllis Ann Wight, who are here visiting from Portland, were entertained yesterday afternoon at the home of Mrs. J. D. Simpson by members of the Tilticum club.

Refreshments were served by the hostesses and games were played during the latter part of the afternoon. A business meeting preceded the social affair.

Those present besides the guests of honor were Misses Loren and Helen Thomas, Adda Mae Bickel, Betty Babcock, Virginia Hopkins, Judy Jones, Mary Lou Diffeffantz, Phyllis Adams, Dorothy Vasquez, Melba Holmes and Lillian Laubenhilf.

W. C. T. U. Hears Reports on Convention

Members of the Women's Christian Temperance Union who met yesterday afternoon at the home of Mrs. Ida Vandenberg heard reports of the national convention held at Washington, D. C., in May. The fact that Idaho was one of the few states to fill its quota towards the organization's education fund was stressed.

The program was presented by Mrs. S. E. Klotz, who was assisted by Mrs. I. G. Gooding, Mrs. Lulu Cecil and Mrs. G. A. Goodynck, who all presented reports of the session. Devotionals were led by Mrs. Theodora Coxen and Mrs. Gooding accompanied the group singing.

After the business session a picnic luncheon was served on the lawn. Five guests were present.

Time and place of the next meeting will be announced later.

Picnic For Store Employees Scheduled

Approximately 50 employees of the local Golden Rule store are planned to attend a picnic to be held tomorrow at Nat-Soo-Park. The event is the result of a sales contest conducted last month where the employees and winners are to be guests at the picnic.

In charge of arrangements are Mrs. Lois Overlie, Miss Lois Vasquez and H. F. Logue.

Managers of the store announced that the local establishment led all stores in the district in increased business during June when the contest was underway.

Eagles Planning Twin Falls Unit

Junior State Organizer Here To Help Form Eyrice in Fraternal Group

Plans for formation of a Twin Falls Eagles are underway here today under direction of A. R. Renner, Klamath Falls, Ore., junior state organizer.

The Twin Falls organization would include members from this city, Kimberly and Piler. Membership of approximately 400 is forecast within a few months, Renner said.

Meeting Thursday

Tentative formulation of the bylaws will be carried out at an open meeting next Thursday at 8 p. m. in the C.O.F. hall, with D. D. Hill, Portland, deputy grand worthy president, coming to Twin Falls to address the gathering. Temporary secretary will be named at that time. Permanent officers are to be elected at a later meeting, Renner said.

Cable Program Underway Here

Telephone Company's Crows Start on Underground Project in City

Work on the extensive Twin Falls underground cable program of the Mountain States Telephone and Telegraph company was started today under the supervision of Curt Neyman, construction foreman.

First phase of the work began by the manhole in front of the company's office and will run south through the business district, officials announced. Next will come the underground cable work out Shoshone street to the Washington school, with branch cables down alleysways being installed as the project progresses.

More Than Mile

The cable program, consisting of approximately 1,200 feet of underground cable laid during the next three months. The cable is three and one-half inches in diameter.

Fully a dozen men are working on the job, Neyman said. Headquarters for the construction crew is at 315 Shoshone street, east.

Installation of 200 additional lines, handling about 300 new telephones on the basis of a two-pair line, will be carried out soon as part of the company's summer expansion program. M. K. Dunning, manager of the Twin Falls exchange, said this afternoon. The new lines will be put in by Western electric wires.

Larger Power Plant

Enlargement of the power plant at the exchange was completed this week, Dunning said.

The capacity of the plant was increased to handle the 200 new lines and to care for the additional lines to be caused by installing of additional carrier equipment for Salt Lake City-Biose long distance lines.

Air Mail Meet Called July 29

Post Office Solicitor Will Seek to Determine Lines' Legality

WASHINGTON, July 17 (AP)—Post Office Solicitor Karl A. Crowley today called a hearing on mail contractors for July 29 to determine the legality of airline operations under which two lines enter into mutual lease agreements to operate portions of each other's routes.

A specific case which will be considered involves the United Air Lines Transport Corp. and the Western Air Express Corp.

According to the solicitor, the United Air Lines proposes to west-bound through planes to Western Air Express Corp. upon their arrival from Los Angeles, and double the leasee take charge of the plane from that point until it reaches Los Angeles. A reverse procedure, according to Crowley, is proposed with respect to East-bound planes.

SENATOR URGES PENSIONS FIGHT

Glauner Tells Townsend Unit To Keep Battling; Raps Foes of Plan

Because they have "something to give the nation," approximately 150 Townsend club members were urged by Senator William Glauner of Hagerman to "continue fighting" at a meeting held last evening in the city park.

"We expected that the plan would meet, with serious opposition when it was introduced," the senator said, "and that opposition is here now. But there should be no lessening in our work. We should make it harder because we have something to give the nation."

Hits at Foes

Senator Glauner hit at those who claimed the pension tax would raise prices in general.

"The transactions tax will do none of the awful things it is said it will," he said, "it will raise the price of a loaf of bread possibly one-half of one per cent, and that is all."

He pointed out the benefits under the act by stating that "that tax was effective business, wages and prices rose. It is not reasonable to believe that a tax of 10 percent would do more damage in the past. The plan will put the country on a cash basis again. It is something that nobody ever thought we can get our just returns for the labor we have done."

Cites Justice's Pension

He stressed the fact that when Justice Brandeis was appointed supreme court justice he took his \$20,000 a year for the rest of his life.

"It is too much then," he asked, "to give \$200 a month to other people for the rest of their lives? In a brief summary he stressed his own faith in the act.

"Townsend club number one of Twin Falls sponsored the gathering."

Crows Buy at New Covey Shop

De Luxe Drive-in For Food and Ice Cream Draws Many Patrons

Crowds of patrons today thronged Covesy's new Quality Food and Ice Cream shop located on the corner of Shoshone street and the truck lane.

Formal opening was held today, although long lines of cars have visited the de luxe drive-in establishment during the past few days.

Specializing in a curb service, a special public address system has been installed to notify the girls serving car patrons when it is their turn. When not in use for this purpose the system is connected with a radio and provides entertainment for the guests.

"Today, to help handle the large number visiting this new food shop, an attendant was on duty to assist in the parking of cars and to direct the girls in order to maintain efficiency and public safety."

Free balloons were distributed with each purchase.

Strikers Blamed By Photographer For Chicago Riot

CHICAGO, July 16 (AP)—Orlando Lippert, news photographer whose newsreel of the Memorial day riot at the Republic cinema here is shown yesterday to the coroners jury investigating the deaths of 10 men in the riot, testified "the riot was caused by rocks thrown into police lines by strikers."

Lippert's widely publicized film, which showed a riotous crowd of 100 investigating committee in Washington, does not show the beginning of the battle between strikers and police.

"The strikers came directly up to the police lines," Lippert testified, "I did not get a picture of that because I was changing a lens."

"At the same time a group of strikers in the rear pushed those in front into the police lines."

STATE CANCELS LEASE OF LAND

Sub-Letting of 320 Acres Near Rexburg Cause For Probe

BOISE, July 17 (AP)—The state land board today cancelled a 320-acre lease on farm land near Rexburg and began an investigation of what may prove to be a widespread violation of statutes governing state land leases.

Original lease of J. W. Webster, Rexburg, on 320 acres of wheat bearing land was declared void when evidence was presented which indicated that Webster had sublet to Guy H. Griffin, Rexburg, for a third of his wheat crop, delivered at the elevator.

Webster paid the state 50 cents per acre for the land. Griffin said his crop would probably average 30 bushels to the acre, at about 95 cents per bushel. Under terms of his sublease, he would be forced to deliver a third of this to Webster.

The land board considered copies of the written agreement between Webster and Griffin, an affidavit certifying the lease, and ordered Webster's lease cancelled.

PAY \$150 CLAIM, BUHL FIRM TOLD

Payment of \$150 for machinery must be paid by the Buhl Milling corporation to M. E. Bruffer, Judge Guy L. Kinney had decreed today following trial of a civil suit in county court Friday. Payment is to be made either in cash or stock since the company exhibited an agreement by which the claimant agreed to buy not less than five shares in the corporation.

Bruffer's attorneys were Walker and Witham, Twin Falls. Harold Yeaman, Buhl, represented the defendants.

Desertion Brings Divorce Decree

Claim of desertion had won a divorce today for Mrs. Stella Miller from Scott Miller, who defaulted in appearance at the hearing before Judge J. W. Porter Friday. The pair married June 6, 1935 at Midland, Tex.

Cruelty and intemperance were cited in a divorce petition which had been placed on file in district court today by not less than three children, ranging in age from 11 to 17, and seeks \$75 monthly for their support. O. C. Hall is her attorney.

"Sub" Pursues Ship Carrying Local Teacher

Chased by a submarine in the war torn Spanish coastal area, a U. S. liner carrying a twin flag instructor to Europe was forced to raise its American flag to escape possible torpedoes.

That's the exciting tale told briefly in a letter from Gerald Wallace, high school debate coach here, to his parents, Mr. and Mrs. Harry W. Wallace.

The instructor is en route to Oxford university, England, to attend summer session after an extensive cruise on the B. S. Exochorda of the American Export lines. He is accompanied by Dr. James Miller, College of Idaho.

Warships Lurk

War vessels of Great Britain, France and Germany were congregated at Gibraltar, watching and waiting, young Wallace found.

His letter describes the submarine incident:

"Then on Thursday, we came to Gibraltar. At last across the Atlantic I took pictures of the rock. We saw battleships of Germany, England and France. We are now sailing up the Spanish coast."

"But now for the excitement. We have been flying our flag now around Spain. Yesterday, just after we passed Gibraltar for

about an hour, we noticed a white streak in the calm blue Mediterranean. It was pursuing our ship."

"It was a submarine."

Boise U. S. Flag

"Our flag was raised and the ship stood still. Every man was excited. It (the sub) saw us as U. S. A. I guess, because it pulled away then to the side and we went on. Then in the afternoon we had lifeboat drill as a protection in case of necessity."

The letter was mailed aboard ship July 3.

350,000 Killed in First Year of Spanish War

REBEL SOLDIERS WIN EVERY BIG FIGHT BUT ONE

Insurgents Hold Two-Thirds Of Spain; 400,000 Men Under Arms

PARIS, July 17 (AP)—Just a year ago, several hours before dawn, a small group of Spanish army officers stationed in the hot posts of Spanish Morocco revolted against the left wing government of Madrid, which had been elected by popular vote only a few weeks before.

One year has passed. Those insurgent officers are today masters of the rest of Spain, the war is still being fought by 400,000 men under arms. 350,000 lives have been sacrificed and the insurgents have cost Spain no less than 30,000,000 pesetas (about \$1,725,000,000) in destruction and lost national energy.

AL BUI ONE

Every major battle but one—the rout of Guadalupe—wherein seven whole battalions of Italian and German volunteers had joined the Franco army, and the insurgents were provided with the foreign pilots to fly them; 300 pieces of field artillery and the foreign troops to handle with the foreign leaders and armoured cars and foreign drivers.

Foreign Equipment
On the other side, there were 74 hundred French and Russian bombers and pursuit planes, sold by the French government to the government buying missions. Russia provided the loyalists with several hundred tanks and the loyalists captured French, British, Czech and Russian machine guns, rifles and artillery.

Much of their sanitary equipment and field ambulances came from the United States, as well as their thousands of auto trucks.

Twin Falls Far Outranks Pocatello in Construction

With tabulations of building activities in Twin Falls and Pocatello, the latter's second largest city, coming at the same time, the Evening Times today prepared a detailed report of the two cities and compared one against the other.

The fact revealed was rather startling in that Twin Falls far outranks Pocatello in total amount expended, both for new buildings and for remodeling and also both in private new buildings and new business buildings constructed.

Nearly Double

During the first six months, the two reports show, Pocatello's building total came to \$240,070 which includes both new and remodeling jobs. During the same period the Twin Falls reports show \$417,559 expended during the same period. In Pocatello, during the first six months, new construction totaled \$123,690 against \$223,374 for Twin Falls and remodeling jobs in Twin Falls represented a total expenditure of \$192,185 against a figure of \$114,389 for Pocatello.

Indications that Twin Falls is fast becoming a city of fine homes is found in the fact that during the first six months of this year there were 89 homes built within the city limits. In Pocatello new homes for the same period totaled 35.

Leads in Remodeling

Twin Falls was also far ahead in remodeling jobs during the period, including both business and residential. In this section Twin Falls had 30 jobs which ranged better than \$500

or approximately 50 at any cost. Pocatello total 47.

In Pocatello's business bracket the new Safeway store, which costs \$14,000, leads. In Twin Falls at least four business buildings range over that figure. They include the new three-story Rogers hotel annex at \$125,000; the Falk-Sears, Roebuck store at \$29,000; the Globe elevator and warehouse at \$20,000 and the Twin Falls Mortuary improvement at \$15,000.

Others locally near the \$14,000

"top" business figure for Pocatello include the addition to the Safeway store on Main avenue at \$10,000 and an apartment house at \$11,000. 89 New Homes Here Detailed figures for the first six months of the year in Twin Falls include 89 new homes, 30 remodeling jobs running above \$500 and 40 new structures of all types, not including homes, but including service stations, garages, stores and other related structures. Several of the service station projects are of impressive proportions, notably the one of the Cogswell company, Harry Severn's Westcott station and the H. C. Foster station at Five corners.

In short, records show conclusively that Twin Falls far outranks the second city of Idaho, Pocatello, in amount spent for new construction, remodeling jobs, new homes, new buildings of all types and, highest cost, for a business building. And Twin Falls has the \$300,000 meat processing plant of the Associated Meat Producers, the \$300,000 Ambassador hotel, and the \$200,000 (at least) improvements slated for the school system yet to come.

NLRB COMPLAINT HITS STEEL FIRM

Republic Company Named For Violation of Wagner Relations Act

WASHINGTON, July 17 (AP)—The national labor relations board today issued a formal complaint against the Republic Steel corporation charging violations of the Wagner labor relations act on eight counts.

The board ordered the company to appear for formal hearing here next Wednesday.

Republic Steel was one of four steel firms against which the steel workers organizing committee subsidiary of the committee for industrial organization called a strike last May 26.

The board complaint specifically charged the corporation with maintaining "extensive arsenals," with interference with peaceful picketing stimulation of a "back-to-work" movement and "domination at five plants of company labor organizations."

Modern-Style Apartment May be Model For Series of FHA Homes

WASHINGTON, July 17 (AP)—A modern-style apartment house on the outside of the national capital may be the birthplace of a federal attempt to reduce monthly rent bills for middle-income wage-earners throughout the country.

President Roosevelt has taken a personal interest in the \$2,500,000 project, which he would inspect it soon as part of his new survey of national housing conditions and costs.

The apartment house with three to six-room quarters for 178 families at \$22 to \$24 a month—comparatively low in this crowded city of high rents—was built by the Union Central Life Insurance company.

The federal housing administration insured a mortgage for 80 per cent of the building's value with the contractual understanding that the owner would charge just enough to produce a six per cent income on its investment.

The building is of brick, two stories high to save elevator costs.

"Similar developments look like the coming thing to me in the way of reasonable-renting apartments for middle-income wage earners," said Stewart McDonald, federal housing administrator.

AUTO DEATHS IN IDAHO SHOW GAIN

74 Killed During First Seven Months of Year, State Survey Shows

BOISE, Idaho, July 17 (AP)—Automobile deaths in Idaho for the first half of 1937 total 74 during June, compared to 46 for the same period last year, the bureau of vital statistics reported today.

Seventeen auto fatalities were recorded during the month of June, the department report showing. The report showed total deaths during June were 426, 168 of them female. There were 940 births, 441 of them female.

There were nine drownings, raising total of deaths by drowning for the year to 29 compared to 23 for the same period in 1936.

Three persons died of Rocky Mountain spotted fever, bringing the total of such deaths for 1937 to 7.

There were four 15 year old mothers, and a 21 year old mother and a 40 year old father had their first child.

Camp Fire Girls

Wyandala Camp Fire Girls in session Thursday at the home of Juliette Warner discussed plans for the Council Fire and summer party including both business and recreation at the home of Lou and Jean Hargraves.

After a discussion of camp arrangements for August, refreshments were served and the meeting adjourned.

Members of the Edohaw group of Camp Fire Girls held a meeting Wednesday at the home of Theora Belle Burns, Betty Colbert, president, presiding over the meeting.

On Wednesday afternoon Murtaugh had the heaviest rain it has had for a long time. It was almost a cloud burst, falling about an hour and Wednesday afternoon part of the community had another rain storm while the other part had hail.

The hail was hit the town where the boys belonging to Clide Perkins, Lee Vinning, Jack Stevens, Jewel Neumann, E. Wright, Edgar Stewart, John White, Mrs. Joe Cummins, Elv and Cleve Egbert, Earl Wood, Ray Jackson, Sears, Danieli, Wolke, and others.

Some of the farms up the Slovering were hit slightly. Mr. Vinning had 75 acres of beans which are entirely ruined. Wheat, corn, and beans and corn and gardens were all hurt and in some places stripped from the ground.

Mrs. Don Kirkman returned from Logan Wednesday where she accompanied a group of Twin Falls young people to the temple excursion.

"Death Valley" Scotty Accepts Invite to Ogden

OGDEN, Utah, July 17 (AP)—"Death Valley" Scotty, who lives in luxury in a palace in California's Death valley, today had accepted an invitation to attend Ogden's annual pioneer days celebration and had the assurance of Mayor Peery that he could "lead the parade or even be the whole show."

In response to Mayor Peery's invitation Scotty, whose real name is Walter Scott, wired: "Your letter received. Myself and partner will be there twenty-four hours. Glad to be accepted. Came through Ogden in 12 with lunch basket in immigrant car pulled on freight train."

The eccentric desert rat reportedly once left a similar California celebration in a huff because the officials in charge would not let him walk at the head of the parade.

Mayor Peery guaranteed he would not be inhibited at Ogden's show.

Alleged Cattle Thieves Are Held in Pocatello

POCATELLO, Idaho, July 17 (AP)—Two alleged cattle thieves, J. C. Woods, 33, McCannan, and Cal Newland, 40, Preston, will be charged with grand larceny here today, officials said. The two were arrested in Ogden, Utah, where they had fled after committing the alleged thefts.
