LEWIS TAKES CONTROL OF NON-PARTISAN LABOR LEAGUE

POLITICAL BREAK WITH PRESIDENT ROOSEVELT SEEN

New York Expected to Be Scene of First Work of Organization
By C. L. SULZBERGER
(Copyright 1937, United Press)
WASHINGTON, July 27 (U.P.)—John L. Lewis, through the committee for industrial organization, assumed control today of the non-partisan labor league in a move pointing to new political alignments and suggesting a break with the Roosevelt administration.

There were hints of a third party move. Authoritative sources said the first objective of the league in its new form may be expected in New York City's majority campaign.

It was reported that Governor Roosevelt might run as the candidate of a new labor party along with the Democratic or the Republican nomination.

First Test
The American labor party is the New York state affiliate of the non-partisan league. Thus a first test of the league's strength might be had before the state primary campaign if the Quaid should decide to run without formal sponsorship of either major party.

It was reported that Lewis has decided to run as the candidate of the Democratic and American party.

UNDECLARED WAR RAGES IN CHINA

U. S. Marines Issued Combat Ammunition to Protect American Citizens
(From Page One)
That women and children of their nation's spend the night in the locked quarter. Wealthy Chinese fled into the quarter and all foreign hotels were jammed.

Americans awaited a summons to make for designated concentration points where marines were ready to escort them to the embassy quarter fighting their way through the streets if necessary.

Peiping was cut off from Tientsin and the coast by railroad, bus, telegraph and telephone. By wireless, the sole remaining means of communication. Tientsin reported that the Japanese army hospital there was overflowing with Japanese troops causing a serious emergency that have occurred since the week end.

Three Battles
The first of these was at Langfang, midway along the 60 mile railroad between Peiping and Tientsin. The second occurred when Japanese troops entered the city from the southwest side of Peiping. Chinese troops trapped in a three-way junction way into the Kwang gate at the southwest side of Peiping. Chinese troops fought a three-way junction with and fighting ceased only when a Japanese negotiator and a Chinese official mediated the Japanese withdrawal from the Japanese quarters. It was asserted that the Japanese virtually surrendered.

Chinese troops at Tientsin refused to evacuate or disarm. Japanese this afternoon attacked the Chinese garrison here with airplane and infantry. A Japanese spokesman at Tientsin asserted that the Japanese "annihilated the garrison to the last man."

Urgent Gravely
Japanese emissaries were put at between 15 and 20 in the Tientsin operation and 21 in the fighting at the Kwang gate.

The situation had become one of the most urgent gravely. One of two angry Japanese ultimatum demands issued in the Chinese quarters had expired, apparently blandly ignored by the Chinese.

Chinese sources asserted that China had decided to reject the demands. Chinese troops began sandbagging the streets on the west side of the city and men of the Chinese division—which the Japanese dislike above all others—remained at the western gates.

A Tientsin, 60 miles southeast near the coast, martial law was proclaimed in the native city after the explosion of a bomb in the Japanese concession.

JUDGES SELECTED FOR CASSIA FAIR
Outstanding Men Nominated To Act as Arbiters For Annual Event
MURLEY, July 27 (Special)—An outstanding group of judges has been secured for judge exhibits at the county fair, according to W. W. Spence, chairman of the board of livestock and fair board members.

With addition of a beef cattle department this year, all four livestock and fairs in this section are provided with exhibit classes. The new horse barn now under construction will allow more room in the cattle barn for beef and dairy stock. Also, a board here is being placed in the horse barn to make it possible for avian exhibitors to keep their hogs clean.

Judge Cross
H. L. Spence, executive agent and former and former state seed commissioner, will judge farm crops. E. B. Beaudin is executive horticulturalist will judge fruit, vegetables and flowers.

Definite arrangement has not been procured as judges for the women's department, but two judges will be supplied by the University of Idaho's economics extension department.

It is hoped that Cassia and Minidoka counties will make exhibits from the fair. The fair is the first of the two counties' agriculture, board members said. Block should be secured for the fair before the fair than a few days previous to the fair.

third floor space to left and right of stairways. The space has previously been utilized by the night watchman, at storage room for clothing, and as a teachers' restroom.

All hopes of securing FWA funds to supplement the \$350,000 school program is "hopeless." R. P. Parry, attorney for the district, informed the board in a letter read at the meeting. He submitted a copy of the contract received by Chapman and Chapman from R. P. Parry, stating that the city's three projects and the school program cannot receive FWA help.

Diapost of "white elephant" in the form of a large mill machine stored in the high school basement has been arranged by the board today in a deal by which the Kregel Hardware company will furnish two new high-speed lathe machines for the manual training department. The machines of Monarch manufacture are valued at \$200.

The "miller" is not used in school work. It was given to the district as gift over the material by the United States government in 1916, with the district paying only the freight amounting to slightly more than \$200.

The Kregel transaction was approved with the proviso that the lathes be installed by the time the school year starts Sept. 7.

"SNEAK" THIEVES BEING HELD HERE
Youth Confesses, Implicates Companion in Series of Local Burglaries
Twin Falls police today were holding two youths after one of them had confessed to officers he was responsible for much of the "sneak" thieving which had occurred in Twin Falls during recent days, and had also implicated his companion.

The two youths, Thomas R. Mitchell, 17, Salt Lake City, and Darwin O. Hager, 17, of Lyman, Neb., were returned from Rupert by local police last yesterday afternoon. Hager confessed to the officers.

Officers today report much of the stolen property has been recovered although a search is being continued for a considerable amount still missing. The two were arrested by Tupper authorities after an attempted house robbery there Sunday night.

Charge of burglary will be filed against the two youths today. The police indicated although they are waiting the result of the continued investigation before taking such action. Meanwhile the two are being held in city jail.

Police Chief Freed On Kidnap Charges
BANTON, Pa., July 27 (U.P.)—Richard C. Tupper, former chief of police at Tampa, was freed today of complicity in the alleged kidnaping, kidnapping and murder of a Socialist-Labor organizer in Tampa.

Tittsworth, exonerated last year when five other former Tampa policemen were convicted on charges of kidnaping in the foggy case, cleared when the state dismissed second degree murder charges against him.

12 CONVICTS DIE IN PRISON MUTINY
300 Murderers Riot in Deep Salt Mine in Roumania, Report Claims
LONDON, July 27 (U.P.)—Three hundred convicts were killed today when 200 convicted murderers mutinied in a salt mine in Roumania, an Exchange Telegraph dispatch from Bucharest reported.

The convicts attacked guards in the depths of the mine with picks, hammers and shovels. Four guards were injured seriously and several were hurt slightly as they fired on the rioters.

As soon as they became aware of the outbreak, prison authorities on the surface cut off the mine's electric light and water supplies. That became unbearable in the salt diggers and the mutineers soon commandeered elevators and came to the surface. As they reached the surface, guards seized each group and herded them into the prison.

Grievances over food were reported to have been the cause of the disturbance.

PARKER TRIUMPH CLINCHES U. S. CUP WIN

American Youth Defeats Hare to Gain Net Trophy

10,000 SEE YOUNGSTER GET MUCH-NEEDED THIRD POINT

By ROBERT DOWSON
WIMBLEDON, Eng., July 27 (U.P.)—The youngest Davis cup team ever, aboard by the United States won the treasured tennis trophy from Great Britain today when Frankie Parker beat Charley Hare, 6-2, 6-4, 6-2.

Parker's triumph, achieved before 10,000 spectators, gave the United States the needed third point in the challenge round, and reduced the final match between Donald Budge and Bunny Austin to simply an exhibition.

SOLONS TO OPEN CRUCIAL SERIES

Sacramento Club Will Try To Increase Lead With Los Angeles Tilt

(By United Press)
 The Sacramento Senators, Pacific coast baseball league leaders by a slim margin, will open a series of games with the Los Angeles Angels today in an attempt to increase their half-game lead for the banner.

The Seas went back into the lead despite the fact that they took only one run in a double header with the San Francisco Seals.

The Oakland Oaks, meanwhile were expected to continue their winning streak which gave them 12 out of 13 games. The players came to San Francisco via boat and bridge determined to bog down the fog east.

His victory was a great relief to the American non-playing captain, Walter Pate, because Pate feared that Hare would play better than he might have been too tired to stop a rested and inspired Austin in a deciding match.

Nearly Perfect
 But it was soon evident that Buge wouldn't have to work hard today. Parker was well-nigh perfect. Even his forehead, long a miserably weak link in his armor, was a thing of beauty today. Shots made off that side had power and perfect angles.

He was so good that he had appeared as a third-rater throughout the match. The American justified his perfect shots by flawless strategy and keen anticipation.

Parker was jubilant in the locker room. "I'll never win as that one," he said, "but I think I have a chance to feel tired after you win a match. Do you Billy? Parker said, addressing Hare. "No, sir, you never do." Grant said, "Frankie you never played that well before."

"I'm glad I found by best game at the right time," Parker chuckled. "When I got that final point I hit an all-time high in happiness."

Montanez Scores One-Round Victory Over Wesley Ramey

First Attempt to Promote Outdoor Fight in Hollywood Termed Failure

By JACK GUENTHER
HOLLYWOOD, July 27 (U.P.)—The first attempt to promote an outdoor boxing show in this film city was listed as a disappointment today, but the punching ability of Pedro Montanez, Puerto Rico youth who was the key of the show, will be spoken of in awe for months.

Montanez, a rugged, cruel hitter, Spaniard who hasn't lost a fight in six years, cleared away the last obstacle in his road to a lightweight championship fight last night by knocking out Wesley Ramey of Grand Rapids, Mich. In one round, this feat was the bright spot of a dull triple bill held in Gilmore stadium before a comparatively small crowd of 10,000 persons.

One Punch
 Actually, the usually clever Michigan veteran was smashed unconsolidated with one punch—a dynamic left hook which exploded on his chin after traveling less than a foot. He crumpled, rolled over once and was attempting to struggle to one knee when Referee Jack Dempsey tolled the final count.

Montanez, who weighed 128½ lbs., was ranked number one contender in his division. Wilson weighed 126½, Pontaine 126.

Montanez doubled up his opponent with two ripping left hooks just prior to the knockout.

The other two 16-round features were strictly one-sided encounters. In the first, Alberto Lowell of Buenos Aires won eight rounds from Red Burman of Baltimore, Md., and had him possessed sufficient punch, could have knocked out the easterner at any time. Burman offered nothing but a tough chin and the promise of being managed by Dempsey.

The scar-faced Argentine Negro, who rang up his 23rd consecutive victory, twice rocked the red-head back on his heels. He drove over three punches before the bout was underway a half-minute, and again in the sixth round chopped three times at

Burman's chin with telling effect. Lowell held a 12-pound weight advantage at 107½.

The wind-up bout was a startling upset. A 1-3 underdog, busy little Richie Fontaine of Fairview, Mont., walked into line for a featherweight title bout when he won eight rounds and the decision from Jackie Wilson, Pittsburgh Negro who previously had been ranked number one contender in his division.

Wilson weighed 126½, Pontaine 126.

Twin Falls Glass and Paint club dropped another hard-kug game last night as the speedy Brunswick club scored a 4-3 win by rallying in the last inning to count two runs after trailing from the third place.

Wall Riggert struck out 13 batters in the seven inning fray and allowed only five hits, two less than last night's Brock. Riggert picked up off Joe Atkins.

The win moved the veterans up to within a half game of the league leading Utah Chiefs.

In the American league Christensen Tri-State Lumber club eked out a 3-2 victory over Ford Transfer-Home Lumber in another low scoring game. The Tri-Staters made only four hits to the loser's eight, but three errors by Transfer players and a home run by Bob Peck spelled victory for the lumbermen.

The lineup and score by innings:
 Christensen Tri-State: Perse-sonic, cf; Bob Peck, cf; Hager, cf; Pelt; Peck, lb; Moon, 3b; Keigh, 2b; Mills, lf; Rosen, cf; Bradford, ss.

Home Lumber-Ford Transfer: Wamser, p; Lelchert, 2b; Richardson, 3b; Pariser, 1b; Thomas, cf; Smith, 3b; Berger, cf; Dahl, cf; Glavin, lf; Wagner, cf.

Tri-State 500 000 0 3 0
 Ford Transfer 012 000 3 8 0

BRUNSWICK: Saunders, 3b; Gilchrist, lf; Ballard, 2b; Riggert, p; Wells, cf; Laury, lf; Versteck, ss; Floyd, lb.

Glass and Paint: Abbott, rf; Schifano, 3b; Harrier, ss; Wallace, lf; C. Smith, cf; Walters, 3b; Nicewonger, cf; Dibble, lf; Lundin, lf; E. Tranner, 2b; Atkins, p.

**BRUNSWICK: 002 000 2-4 7 1

MEXICO 'QUAKE' DEATH TOLL 40

MEXICO CITY, July 27 (U.P.)—Casualties in Sunday's earthquake mounted today as reports were received from isolated areas. Some 40 deaths were recorded.

Clubs from Two Cities Hold Two Top Positions

By GEORGE KIRKSEY
NEW YORK, July 27 (U.P.)—Intercity rivalry between New York and Chicago flamed anew today as those two cities vied for a monopoly on the world series in October.

Their representatives run one-two in the major league pennant races. In the American league the Yankees top the White Sox by five games.

New York has the best chance to stage a revival of the "nickel" series of last fall, but Chicago is all hopped up over its opportunity to stage the first all-Windy City world series since 1906 as a result of the White Sox winning three out of four from the Yanks in their final series in the west.

Yankees Climb
 The New York club badly defeated the Chicago Cubs and Slick Caserman, who was hit by and lost 5, and Catcher Guy Mancuso. Shortstop Dick Barrett still is illing badly. The Yankees triple list includes outfielder George Selkirk, shoulder injury; Catcher Bill Dickey, injured ankle; Pitcher Monte Pearson and Bump Hadley, sore backs; Outfielder Myril Hoag, swollen knee; Second Baseman Tony Lassar, severe cold.

But the Yanks keep going as long as Joe DiMaggio and Lou Gehrig keep hitting .470 and .378, respectively.

Team's Best
 The Cubs' triumphant tour of the east, during which they won nine games and lost four, labeled them as the team to beat. Their two-game lead believes their marked superiority. With a 20-game home stand ahead of them the Cubs are likely to build up a commanding lead. The Giants' six games win against the White Sox. They must break even to stay in the race.

So Chicago and New York probably will compromise for a 90-90 world series—Cubs and Yankees.

Moody Admits Wife Is Seeking Divorce

SAN FRANCISCO, July 27 (U.P.)—Frederick B. Moody, jr., husband of Helen Willis Moody, former national and international women's tennis champion, confirmed today that his wife was in Nevada for the purpose of establishing residence to obtain a divorce.

"Helen is a sweet girl but we just couldn't make a go of it," Moody said on his return here from a vacation.

BOOKER WINS
CHICAGO, July 27 (U.P.)—Harry Booker, 136, Chicago, declared Johnny Duro, 137, Los Angeles (4); Tony Zale, 150, Gary, Ind., declared Eddy Johnson, 150, Chicago (4); George Pelek, 132, Grand Rapids, Mich., technically knocked out Henry Cullen, 117, Chicago (3); Jack Fargo, 160, Winnetka, Ill., declared Eddie Bowman, 226, Chicago (5); Davey Day, 137, Chicago, technically knocked out Johnny Duro, 141, Louisville (6).

A Holstein bull weighing 2450 pounds was the record animal to go through the stockyards at St. Paul, Minn.

This LEAVES US A BIT DAZED!

Suppose you want to adjust the carburetor on the old bus some morning, and find that you can't do it without first applying for permission of the garage-mechanics' union...

But there is something else involved here. It is the right of a man to do what he likes with his own. Unions will best serve themselves and their members by remembering those rights.

The right to paint your own house, to decide for yourself whether you can afford to hire painters, is symbolic, perhaps, of the kind of rights that must be fought for in detail and preserved if we are to have anything worth while left of our diminishing personal liberties.

You may never want to paint your house yourself. Few people do. But everyone ought to be interested in the right to do it. For it is by little infringements, little encroachments like this, always with a reasonable argument behind them, that personal freedom is chipped away.

Britain Back to Normal. Now that the coronation honeymoon is over, George VI, the British ministers and the British people are back at their old three-cornered game of catch-as-catch-can.

In customary fashion, the cabinet attempts to prevent the king from overstepping the royal prerogatives of conferring, suggesting and advising on matters of state. Meanwhile, the king himself dashes off to Wales to crack the forbidden hot chestnut of economic distress there.

And all the while the British public, at the rate of 100,000 a week, holds forth at the Royal School of Needlework in London, viewing robes worn by dignitaries at the coronation. It must be comforting for these loyal subjects to know that out of the pageantry of pomp and circumstance, they acquired at least one illusion that is all wool, more than a yard wide, and guaranteed not to fade.

In Oakland, Cal., a 24-passenger Greyhound bus was stolen. We hope no one decides to steal the Portland Rose, because our readers would just think it was "another newspaper story."

'Tain't fair. A west coast bandit was shot in the back. It's just like some of these thugs to do a trick of that kind. The poor fellow didn't have a chance.

A bias was Stalin's reward for one of the North Pole pioneers, who wasn't given the alternative of the usual firing squad.

BEHIND THE SCENES IN WASHINGTON. By Rodney Datcher. Evening Times Washington Correspondent. WASHINGTON, July 27.—The President telephoned the vice president and said, in effect: 'Jack, you come on back here and help me settle some of this mess you made. A lot of these...'

Needs His Help. But every Indian, Roosevelt and Garner advised, agreed that Roosevelt desperately needed Garner's help at a tight point in the court fight.

Somehow in the contact between the White House and Garner arose the suggestion that Roosevelt would be willing to make a deal with Garner on certain points in return for the vice president's support.

Recall of Garner, who had walked out from his post while Roosevelt, in effect, had elevated his hope and suggested that the vice president would never be missed if that was the way he felt about it, indicated the personal basis on which the administration fight, felt themselves to be after Majority Leader Robinson's death. The fact that Roosevelt's court fight with Garner became obvious at once.

The late Joe Robinson had operated in the past as though there was no administration machine in the senate. He had exchanged favors for favors, but these personal favors and this became obvious after his death to the great demoralization of the administration's court fight. The real Garner had been left to the department of justice, which meant, in effect, only Assistant Attorney General Joe Keenan.

HIS LUCK HOLDS GOOD. Some of Roosevelt's closest friends and most influential advisers would never be missed if that was the way he felt about it, indicated the personal basis on which the administration fight, felt themselves to be after Majority Leader Robinson's death. The fact that Roosevelt's court fight with Garner became obvious at once.

Roosevelt's unjustly celebrated victory seemed to hold, however, when complaints as to his failure to go along became dulled by unvarnished news reports which showed the loss of a grandstand play for a continuous political campaign. Voice canvassing on the senate floor led to a grandstand play compromise talk which the outstanding features.

The contractors in charge of the excavation of the new high school building will be up against some hard fighting in the matter of blasting out the rock. During the past 10 days the whole neighborhood about the school has been shaken by the charges and the court house structure standing in the background stands in danger of being wrecked by the shocks.

Men suffer more with kidney stones than women. Here again there seems to be no real reason for this variation. A stone in the kidney appears quite often after a person has been kept in bed at rest for a long time, such as when he has a fracture of the leg. Ordinarily, it is believed that this may be due to the fact that the kidneys do not drain well when the patient has been kept on his back for a long period.

There also seems to be no doubt that kidney stones are associated with the formation of stones. Any obstruction to the flow of urine in the kidney will tend to form a stone. In a damming back of the materials and a deposit of crystals.

BEET OFFICIALS ASK LEGISLATION. By RALPH W. OLMSTEAD.

WASHINGTON (Special)—Rex Ellsworth of Lewistown, Pa., president of the Beet Growers' Association, and vice president respectively of the Idaho Sugar Beet Growers' Association, are in Washington urging congress to pass legislation which would allow the industry to pay a tariff of 1.25 cents a pound.

Beet growers, frankly are in need of protection because the industry has been abandoned, and the tariff of 1.25 cents a pound becomes effective, they see nothing but distress and disaster so long as the tariff is in effect.

The best argument for sugar legislation is that it costs more to raise sugar in the U. S. than in tropical areas. This is the result of tariff protection given manufacturers of sugar.

A CHANGE OF TEN PER CENT IN THE HEAT OF THE SUN WOULD BE SUFFICIENT TO DESTROY ALL LIFE UPON THE EARTH.

As may be seen by the enormous sun spots, the head of the solar system is subject to mighty disturbances, but, fortunately for the inhabitants on our planet, it continues to exist in a most stable manner. Geologic history shows evidence that the sun has undergone little change in two billion years.

CITY SEEKS TWO SEWER PROJECTS

Extension of Irrigating Units Contemplated; Work Cost \$10,443

City officials today have approved two sewer projects totaling \$42,440, and application for their issuance, will be made to state WPA headquarters at once, it was announced today.

Chief among the two projects is that which calls for an expenditure of \$22,500 of which the federal government would put up \$20,275 and the city government \$2,225. It is estimated that the project would improve the present municipal sewer system in the city of Twin Falls and other surrounding areas.

PRODUCE JUDGING CHANGED AT FAIR

Exhibitors Will Have Chance To Use Own Tastes in Booth Displays

FILER, July 27 (Special)—Change will be made in the method of judging in the produce department at the Twin Falls county fair this year.

Instead of the usual method of exhibiting in which each booth was composed of a certain amount of required products, the exhibitors will be given an opportunity to use their own tastes in making up their booth.

Interest Runs High in the various departments of the fair, with a huge exhibition of agricultural products and livestock.

The "good will tour" to the surrounding towns, which proved so successful last year, will be repeated the last of August.

Those placing in the stock-judging contest were Grace, Shelby, Irwin, second, and Bull, third.

The best contest was captured by Blackfoot with Rupert winning in the sheep judging contest.

Other members of the subcommittee are George McGill, D. Kan., John H. Bankhead, D. Ala.; James P. Pope, D. Idaho; A. Harry Moore, D. N. Y., and Lynn J. Fraser, R. N. D.

300 Boy Scouts Given Chance To Camp in Summer Program

Heading the call of the outdoor week, and following the trails of the pioneers who carved civilization out of a wilderness of mountains, rivers and desert, more than 300 Boy Scouts of the Snake River Area council will have their summer camp week in the mountains above Hazelton, Idaho.

With the Scouts many adult leaders will also spend at least one week in the open country, local officials said today.

Camping in the Snake River council is unique inasmuch as no definite "principal" camps exist.

BOISE, July 27 (Special)—Stocks of wheat in Idaho interior mills, elevators and warehouses were about 300,000 bushels on July 1 this year, according to Richard C. Ross, agricultural statistician for the U. S. D. A.

This combined warehouse and farm stocks in Idaho were indicated to be 2,035,000 bushels July 1 this year and 3,185,000 bushels at this time last year.

Ice-Water Lines Installed in Mine

BIGBEE, Ariz., July 27 (UP)—Miners, working in the hot depths of the Campbell shaft here, had kept drinking water today.

Water pipe lines were installed from 1,300 to the 2,300-foot levels to carry electrically refrigerated drinking water to the miners at 10 stations in the shaft.

The refrigeration system was similar to that used in electrical refrigerators in homes.

Supt. I. H. Barkdoll of the mines division of the Copper Queen branch of the Phelps Dodge corporation said the system may not be in full operation for another week.

Receipts of Wheat Set New High Mark

CHICAGO, July 27 (UP)—A six-year high was set when 1,168 cars of wheat moved into the Chicago market for inspection and sale yesterday.

The enormous receipts were the largest one-day total since 1931 and 450 carloads greater than any previous day this season.

Total grain receipts were 1,697 cars and included 84 cars of corn, 269 oats and 77 carloads of rye.

Five Boy Scouts from two communities, Burley and Murrough, this afternoon had five rank advancement applications and two merit badge applications approved by officials at the local office.

Pherry Pife of Burley troop 19 received approval on applications for first class rank advancement and also a merit badge in pioneering.

Robert Day received approval of his second class rank application and Lynn Slight, star rank application. Both are members of troop 11, Keith Bohm, troop 12 of Burley, received approval of a merit badge in cooking.

Second class rank applications were approved for Sherman Peck and Herbert Reese, both members of troop 101, Murrough.

Interior Appropriation Bill To Go Back to Senate For Adjustment

WASHINGTON, July 27 (UP)—Ending a long deadlock, the house today adopted the conference report on the \$130,000,000 interior department appropriations bill.

The measure now goes back to the senate for final adjustment of minor differences.

The bill, last regular appropriation bill of the session, had been in disagreement between senate and house conferees for many weeks after the senate had added about \$10,000,000 to the original house bill.

By its action today, the house agreed by a vote of 160 to 147, to appropriate \$700,000 for the Gila project, Arizona, principal item of disagreement.

The bill also provides \$600,000 for the Colorado-Big Thompson project in Colorado.

Approval of the Gila "compromise" came after Rep. John Taber, R. N. Y., accused the house conferees of "surrendering" and demanded that it continue its fight against the project.
