Two New York Girls Fall 5 Stories Into Wedge-Shaped Shaft; Both Die

NEW YORK, Aug. 3 (UP)—Marjorie and Lorraine, the two girls who fell 5 stories from the roof of a New York City apartment house today, died.

Four thousand persons watched the rescue efforts of an heroic ambulance surgeon, police and firemen. They cheered when Patrolman William Goodman was lowered into the shaft at the end of a rope held by comrades, and removed Lorraine. She died a few hours later.

Gosman reported that he could not reach Marjorie. Her fall had left her wedged in a cranny from which she could be extricated only by breaking through an eight-inch brick wall.

Police and firemen went to work, and between the blows of clubs and crowbars the rescuers heard Marjorie moaning that her back hurt, that she wanted her mother.

Dr. Philip Zoller, an interne, demanded that police lower him into the shaft. Police protested that the risk was too great.

"I think the girl's back is broken," said Zoller, 180-pound former New York university football player. "If she isn't handled properly, she'll die. I'm going down."

Zoller found Marjorie too seriously injured to be hoisted to the roof, even had he been able to extricate her. He gave her a sedative, told her, "I'm a brave little girl, and by shouting, directed the attack on the wall."

Forty-five minutes after the first sledgehammer had been swung, Marjorie was lifted out through a three-foot hole. A rude plank stretcher and aprons had been prepared. Zoller climbed out after the child and worked on her for a few minutes before placing her in an ambulance.

Marjorie wakened an arm freely, and stammered between sobs "I want my mother."

"I'm not going to cry," she whispered. "I want my mother."

Six hours later she died.

SEC. WALLACE IN China Encouraged By Talk of Russia Military Pressure

Additional Forces Rushed to Front at Yellow River for Showdown Battle

SALT LAKE CITY, Aug. 3 (UP)—Secretary of Agriculture Henry A. Wallace arrived here today for a conference with western agriculture leaders.

Encouraged by widespread reports that Soviet Russia will threaten military pressure unless Japan gives her "satisfaction" for Sunday night's raid on the Russian consulate-general in Tientsin, in which consular inhabitants, were seized, China tonight rushed additional reinforcements to the Yellow river and prepared for a showdown fight.

The Chinese based their hope of Soviet military assistance on these factors:

1. Russia would like to regain her old domain in north Manchuria, now Manchukuo, and regain the vital Chinese eastern railway which the Japanese forced her to surrender to the Chinese.

2. Russian control of outer Mongolia and her penetration of the vast hinterland west of Peking, which has been going steadily for years, would be checked and stopped.

3. Moscow fears that Japan plans eventually to seize Russia's Siberian maritime provinces to complete the Japanese program for domination of northern Asia.

"The Chinese have been goaded to desperation by the series of Russo-Japanese border clashes during the last 16 months which has resulted in a steady increase in size of the Japanese-controlled area of Manchukuo at the expense of the Soviet."

HOUSE COMMITTEE DELAYS ACTION ON LABOR MEASURE

PRESIDENT ASKS NO REPORTS FOR WAGE, HOUR BILL

Members of Group Decline to Comment on Roosevelt's Intervention

By EDWARD W. LEWIS
WASHINGTON, Aug. 3 (U.P.)—The house labor committee, acting according to Rep. William F. Lamberton, R. Kan., today delayed action on a wages and hours bill until tomorrow.

Other members of the committee declined to comment on the sudden decision but indicated that Lamberton's report of presidential intervention was correct.

The move came after President William Green of the American Federation of Labor conferred with committee members and house leaders urging them to stand by the tentative strict house draft of the wages and hours bill instead of substituting the milder bill passed by the senate.

Fearing Stricter Bill
The wages-hour controversy was regarded by house leaders who feared a stricter bill than the senate measure would cause a vigorous fight and possibly delay adjournment plans.

Until the sudden appearance of Green before the committee and the accompanying report of White House intervention, it had been expected that the labor committee would complete its work on the bill today and report a measure to the house.

Standards Differ
Chief difference between the senate and house measures concerns the powers of their proposed labor standards board. The senate bill would not allow the board to fix a minimum wage at more than 40 cents an hour for a maximum work week of less than 40 hours.

The tentative house draft would allow the board to set wages as high as 70 cents an hour and work week as low as 35 hours.

Green said that his major objection to the senate bill was "its lack of protection for collective bargaining gains of organized workers." It was understood from committee members that the hour and wage levels of the senate bill were not acceptable to the federation.

GRADE IS RAISED ON LOCAL DAIRY

Requirements For 'A' Rating Met After Re-Test of Milk Samples

Re-testing of milk distributed by the D. V. Kinder dairy of Twin Falls today had raised rating of that dairy from "B" to "A." It was announced by Dr. E. R. Price, city meat and dairy inspector.

"In order to give each dairyman of Twin Falls an opportunity to meet the requirements of the Twin Falls milk ordinance," Price said, "milk coming from all dairies receiving lower than the 'A' rating is being re-tested. This re-testing places the Kinder dairy in the class 'A' rating."

Tests of the remaining dairies will be completed in the near future and the results will be announced, Price pointed out.

Price also pointed out that in the future, when milk is graded by the city, the classification received will remain until the next grading period and re-tests will not be made.

CITY SEEKS NEW SEWER PROJECT

WPA Application Pointing to Completion of West End Work is Asked

Twin Falls today had made application for a \$5,525 WPA project pointing toward completion of a sewer project already started in the west end of the city.

Application for the project was signed last night by Mayor Lem A. Chapin and was forwarded today to the Boise WPA office. The project originally started was slowed down because of an abnormal amount of rock blasting and other unseasonable delays. The city's share of the new project will be \$450 to which has been included in the budget.

At the suggestion of Councilman C. E. Ritchey, Hamer Adams, street superintendent, was instructed not to permit moving of buildings through local streets unless trucks are used in the process.

"This practice of using logs and other moving methods is serving to tear up the streets," Ritchey said. "I am in favor of not permitting the moving of any structure unless trucks are used under it."

The entire council was in agreement with Mr. Ritchey and indications were today that the practice would be halted.

Gas, Oil Taxes To Pay Alberta Provincial Debt

CALGARY, Alta., Aug. 3 (U.P.)—Gas and oil from the McMurray Tar Sands in northern Alberta will provide the provincial government with funds to pay off its provincial debt and establish social credit dividends of \$25 a month for all citizens, Prime Minister William Aberhart told a social credit rally here last night.

By charging 10 per cent royalty on the gas and oil, Aberhart said, the treasury expected to net \$3,000,000, nearly 25 times the total provincial debt, he said.

In the face of this, Aberhart said, he could not understand why the holders of the Alberta defaulted bonds asked where the money would come from. The government had no intention of borrowing from the banks, the premier said.

MEET POINTS TO UNION OF CLERKS

Group States Organization For Higher Wage, Shorter Work Hour Quest

Arrangements were complete this afternoon for the meeting tonight which will mark organization of a store clerks' union in Twin Falls. It was announced by A. H. Fredeheim, state organizer, that the union, located at 314½ Second avenue east, will open at 7:30 p. m. with the meeting set to start at 8 p. m.

A preliminary meeting, held two weeks ago, showed neighborhood stores for remaining open nights, Sundays and holidays. Later, however, a representative of these stores termed the long store hours in that case "absolutely necessary."

Unions of clerks are already functioning in Pocatello, Idaho Falls and Boise, Fredeheim points out. He also said stenographers are welcome to attend tonight's meeting. Local clerks seek higher wages, shorter hours and a closed shop.

A TRUE STORY BY ZANE GREY

ZANE GREY
Famous Author of Popular Western Thrillers

HE WAS RIDING ON DYNAMITE AND NEVER KNEW IT UNTIL...

"This Close Shave," says Zane Grey, "Should Make Every Motorist Think Twice Before Gambling on Tires."

THERE is one motoring mishap that the best of drivers cannot forecast. And it caught Edward Zachary of Hartford, Connecticut, completely off guard. He was whizzing along at a good clip. He had the Northford Road practically to himself when BANG—the right front tire blew out. An uncontrollable drag yanked the car smack alongside of a guard-rail. Flying wheels mowed down fence posts before Mr. Zachary came to a sudden stop.

Special Goodrich Tire

Today's faster driving conditions call for a special tire. The Goodrich Safety Silvertown is just that kind of a tire. It's the only tire with the Life-Saver Golden Ply. This life-saving invention is a layer of special rubber and full-length cords, scientifically treated to resist the internal tire heat that causes many of today's high-speed blow-outs. By reinforcing this heat inside the tire, those Golden Ply Silvertowns give you, and everyone that rides with you, real protection against those high-speed blow-outs.

From now on you'll find Edward Zachary's car equipped with Silvertowns. For your own peace of mind—for the protection of your family and friends make your next set of tires Golden Ply Silvertowns.

LIVESTOCK WHEAT DECLINES IN DAY'S TRADE N. Y. STOCKS IRREGULAR TONE IN STOCK TRADE

NEW YORK, Aug. 3 (U.P.)—The market closed irregular.

WHEAT—Chicago, Aug. 3 (U.P.)—Wheat prices edged upward for a while on the Chicago board of trade today, but turned down again in the last half of the session.

At the close wheat was 2 1/2 cents lower, and oats 1/4 cent lower. Weakness in the foreign market caused a decline at the opening and the market felt the weight of selling brought out by bearish private crop estimates. The average of the estimates showed a smaller decline in wheat prospects than was expected, which discouraged many speculators and resulted in fairly heavy liquidation.

September corn displayed a relatively firm tone but the two new crop deliveries were off more than a cent a bushel each. The bearish private crop estimates predicting the best crop crop since 1933 coupled with favorable weather conditions induced selling.

MORE THAN 2 BILLION LBS. OF COFFEE ARE CONSUMED ANNUALLY THROUGHOUT THE WORLD.

IT IS ESTIMATED THAT... RODENTS, INSECTS, AND OTHER WILD LIFE LEAVE ONLY TWENTY-FIVE PER CENT OF THE RANGE GRASS FOR LIVE STOCK.

Giant clams often attain a weight of several hundred pounds and have a diameter of several feet. Lying in the water, with shells slightly ajar, the creature presents a most formidable trap, and more than one man has been held in the vice-like grip to drown in the returning tide.

PRESIDENT EXPECTED TO SEEK 1938 COURT SHOWDOWN

SOLONS BELIEVE FDR TO TRY FOR REORGANIZATION

Washington, Sizzles With Talk Of Effort to Expand Court In Next Campaign

By LYLE C. WILSON
WASHINGTON, Aug. 3 (UP)—President Roosevelt will demand a showdown in 1938 on his "youthful blood" injection for the supreme court in the opinion of some parties court in the opinion of some parties court in the opinion of some parties

A senate Democratic bloc now challenges Mr. Roosevelt's presumed intention to delay until congress adjourns the nomination of a successor to Justice Willis Van Devanter who retired from the supreme court June 2.

Washington sizzles with reports that Mr. Roosevelt would renew his effort to expand the court with a constitutional amendment or, at least, with a restatement of his "objectives" in judiciary reorganization.

Such a program could be advanced now or in the next session of congress, according to some parties court in the opinion of some parties court in the opinion of some parties

Announcement that Attorney General Homer E. Cummings rejected a recess appointment of a constitutional, raised stormy senate protest. The White House revealed the Cummings opinion which Mr. Roosevelt requested last month.

Has Power
The constitution covers in the following language the question when the president may fill vacancies:

"The President shall have power to fill up all vacancies that may happen during the recess of the senate by granting commissions, which shall expire at the end of their next session."

Some of Mr. Roosevelt's advisers believe he will go on the air in one or two weeks to explain the reasons of his second term and to restate and reaffirm the objectives of the second New Deal.

Under the direction of the Maritime Police of the Pacific, ship and dock workers left their work from 2 to 2:30 p. m. to parade and about their hatred for things German and Italian.

In front of the German consulate here, 100 persons shouted "Keep Germany out of Spain!" Members of the ladies auxiliary of the International Longshoremen's association, a federation unit, picketed the Italian consulate.

Identical scenes were enacted at other ports from Seattle to San Diego. Federation officials said the demonstration was timed to coincide with the anniversary of the first political executions in Germany.

Dishwashing Hint
May Prevent Colds
FARGO, N. D. (UP)—The way the housewife washes dishes may have something to do with the number of common colds in the family each year, in the opinion of Dr. O. L. Nelson, professor of bacteriology at the North Dakota agricultural college.

Forks, spoons and the rims of cups and glasses have been found to transmit bacteria, which may be responsible for common colds or other diseases.

To protect against this danger, Dr. Nelson advised, dishes should be washed in good live soda, as hot as the hands can stand comfortably, and the water should be changed as they are the strongest.

Boasting a modernistic front and unusual arrangement of interior display space, this building on Second avenue north will soon become the new home of Detweiler Brothers, Inc., now located at 123 Main avenue east. It is expected to be ready for occupancy by Aug. 20.

DETWEILER FIRM PLANS FACILITIES

Unusual Showroom Set-Up, Modernistic Front Mark New Headquarters

Unusual showroom arrangements and an attractive modernistic front feature the new home of Detweiler Brothers, Inc., in the 100-block Second avenue north near the city hall. It was revealed today with announcement of specific plans for remodeling work now underway.

The building comprises those formerly occupied by American Electric company and the John E. White company. It will be ready about August 20 for occupancy by the Detweiler firm, now located at 123 Main avenue east. The present Detweiler quarters will be taken over by the Bertha E. Campbell shop, which will expand to double its present facilities.

Modern Front
Modernistic front will be the most striking outside feature of the building. Plate glass will form a large portion of the 78-foot front, with stucco finish over the remainder. The structure will be 125 feet in depth.

Four neon signs are planned on the front, according to Claude H. and George E. Detweiler. Interior display space will be divided into two sections. One of these will provide a 48 by 48 showroom with offices. The other will offer a 24 by 48 chamber for display of used equipment. Behind the large display room will be the shop and storage space, and in the rear of the used equipment showroom will be the stock metal works.

Heating Displayed
Novel heating display to show actual working conditions will be arranged by placing the heating plant of the building on the showroom floor. The bin-type stoker will have a glass front on the coal bin to permit spectators to view operations. The building's hot water heater also will be on the showroom floor.

A bin in which the electric dishwasher, range and similar appliances hooked up, will be another feature. Small stands with lighting effects will be set up alongside of the showrooms to display the company's products.

The remodeling is being done by A. L. Schureman. The structure was purchased from R. E. Boller to take the place of the Lafferty building on Snodgrass street, originally acquired by Detweiler as new headquarters but now scheduled to form part of the Ambassador hotel location.

SHOP OWNER TO PUT UP BUILDING

RUPERT, Aug. 3 (Special)—Miss Lillian Robertson, owner and manager of the Stylcraft dress shop here, has announced that work commenced Monday on her new modern building to house the rapidly growing business which began its career here less than three years ago.

The new structure to be located just west of the Caledonian hotel, will be 25 by 60 feet and will have a modernistic front of black glass. All fixtures and decorations will be of the latest type.

Miss Robertson, when interviewed, said: "I believe in Idaho and Rupert, and I believe that future business will warrant the time and money invested in a new building."

Jack Murphy, Eldred Nelson, and Oliver Hannel are in Salt Lake City for a week's vacation. Members of the congregation of the Catholic church held a picnic at Minidoka dam Sunday after services. Troop 51 of Boy Scouts returned Sunday from a week's outing at the Sawtooth camp.

EHLERS AWARDED U.P. SCHOLARSHIP

Twin Falls Boy Wins \$100 For Projects in Steers, Sheep and Beets

Melvin Ehlers of Twin Falls this afternoon was announced winner of the 1937 United Pacific scholarship award for Future Farmer projects. The scholarship is \$100 for use in the college of agriculture at the University of Idaho, Moscow.

Announcement of Ehlers' winning was made by Carl B. Howard, associate professor of agricultural education at the university. Howard, Miss Doris Straley, county superintendent of schools and Harvey B. Hale, county agent, form the county judging group for the award.

At the same time Howard announced that alternate award was made to Maurice Capps, also of Twin Falls. Ehlers won the scholarship on the basis of his showing on guinea, sheep and beet projects which were inspected by Clyde Goodmum of Murtaugh; Meryl Glenn of Kimberly; Maurice Capps and Gordon Cathey of Twin Falls; Kenneth Tucker and Wesley Van Zante of Piler. The inspections are in preparation for judging of the winners of the 1937 award. Prof. Howard said.

Dog Escorts Postman

MINNEAPOLIS (UP)—Serving under his own appointment and acting without compensation, Laddie, a young collie dog, takes personal charge of mail deliveries in the district in which his owner lives. For years the dog has met the district postman twice daily at the point where the mail carrier goes off the street car and escorts him around the entire route.

SINGAPORE (UP)—Stamp dealers from all over the world held the Singapore postoffice with huge orders for the colony's three Coronation stamps. About 100,000 of the stamps were ordered days before they were issued.
