

Weather Forecast

Fair tonight and Thursday. Warmer tonight. High yesterday 87, low 38. Low this morning 47.

VOL. XX, NO. 102—5 CENTS.

IN THE DAY'S PARADE

Gives New Clue

Roy G. Ward, alias Frank Fisher, held in Hollywood for investigation in connection with the unsolved slaying of Albert (Jack) Klinge, Chicago newspaperman. Ward assertedly told police that he was with the gang who shot down Klinge.

Strangled

A penny stick of candy found 8-year-old Paula Magana, above, to her doom in the basement of her Brooklyn, N. Y., home, she was found strangled with 10 feet of saffron, her body stripped and ravaged by an unidentified deranged. The crime occurred only a few blocks from the spot where Elmer Sopper met a similar fate.

'Kidnap' Victim

Little Doris-Elizabeth Anderson was "so sleepy" when Washington, D. C., police took her father into custody on abduction charges filed by the mother, Mrs. H. L. Anderson of Berkeley, Calif. The father was held on a charge of stealing her, whose custody was awarded the mother 18 months ago.

KIDNAPED CHICAGO BABY RETURNED

CATHOLIC CHURCH GIVES INFLUENCE TO SPAIN REBELS

Vatican Severs Relationship With Madrid; Recognizes National Government

ACTION NOT UNEXPECTED

By STEWART BROWN
VATICAN CITY, Aug. 4 (UP)—The Catholic church, openly throwing its world-wide influence behind Generalissimo Francisco Franco's army and Spanish insurgents, definitely ended a year of diplomatic confusion and equivocation today by quietly severing its relations with Madrid and publicly recognizing the nationalist government of Spain.

The Vatican's action was not unexpected because for many months the church has maintained only nominal formal relations with the Madrid government and has privately supported the nationalist cause.

Until this week, the Vatican did not officially recognize Franco's diplomatic representative, Pablo Churruga, with whom, however, it maintained a close and cordial, if unofficial relationship.

Recognized Ambassador
The Vatican officially recognized Luis de Zulueta as ambassador from Madrid, but as his nationalist subordinate had barred him from entering the embassy, he has been carried in the Vatican's diplomatic list as "an absent ambassador."

The new list, to be issued shortly, will omit Zulueta's name and carry Churruga's as official charge d'affaires.

Spanish quarters believed that the Vatican soon would name Monsignor Antonelli as charge d'affaires of the Vatican with the nationalist governing Junta.

Monsignor Antonelli, whose visit to France prepared the way for recognition, arrived in Spain less than a week ago. He is known as one of the most able diplomats of the Vatican.

Ardent Nationalist
Churruga is an ardent nationalist. His brother was killed—he is listed by nationalists as having been assassinated—early in the war.

The recognition was regarded as of tremendous importance to the nationalist cause, because the nationalists, with the vigorous support of Fascist Italy, are bidding for recognition as belligerents by the great powers, and particularly by Great Britain.

The nationalist campaign for recognition was expected to lead to a further important step—formation of a constituted government to take the place of the governing Junta or committee.

CLARK FILES FOR WATER AT BLISS

Requests Asks 5,000 Second Feet of Water to Get 80,000 Horsepower

BOISE, Ida., Aug. 4 (UP)—First step in possible construction of a power plant by the state was completed today when the application to appropriate 5,000 second feet of water at a point six miles below Bliss was officially placed on file. Gov. Barzilla Clark, who made the filing, was rather emphatic in stating that use some 80,000 horsepower in electrical energy could be put to use in processing natural phosphate deposits.

The governor is attempting to secure federal funds for the plant. It is estimated it will cost \$100,000.

The state could probably donate some money, Clark said.

Part of a long-range program to develop phosphate deposits in southeastern Idaho.

H. P. Taylor, phosphate commission engineer, was en route today to Muscle Shoals, Ala., where a contract will be held with representatives of Idaho, Utah, and Wyoming to study latest methods of processing the fertilizer.

Freddie Bartholomew
All Through Acting,
Says Aunt on Coast

HOLLYWOOD, Aug. 4 (UP)—Freddie Bartholomew's work in "Captains Courageous," which won him an award for the best acting of 1936 month, probably was the last he will do in Hollywood, his aunt announced today.

The curly-haired juvenile star has been earning \$11,000 weekly, his aunt said. He has offered \$2,000 weekly, but his aunt said that sum was not worth the price he would have to pay his income taxes, lawyers, and agents fees, contribute to his party and other expenses and still have anything for his future with less than \$2,000.

Japanese Army Moves To Destroy Communism In North China Sector

War Situation Remains Same Along Fronts

By H. R. EKINS
(Copyright, 1937, United Press)

SHANGHAI, Aug. 4 (UP)—The Japanese army moved today to eradicate communism and the Chinese nationalist movement from all areas under its control in north China.

United Press correspondents throughout the north China area reported that detachments of Japanese re-servists and units of the regular army were combing the north China countryside.

Photographs of Generalissimo Chiang Kai-Shek, head of the central Chinese government in Nanking, of Dr. Sun Yat-sen, "father of the Kuomintang" revolution, which led to formation of the present central government, and of other nationalist leaders, were seized and burned.

All centers of the nationalist new life movement, such as Madame Chiang Kai-Shek, American educator wife of the Nanking generalissimo, is leader, were banded, pamphlets and badges of the movement were burned.

Rising Sun Flag
Chinese were ordered to fly the Rising Sun flag of old Japan over their homes and business houses.

"Every vestige of the Communist nationalist movement in north China will be removed," the Japanese announced.

The military situation was unchanged. Chinese armies apparently had halted their advances of the last (Continued on Page 2, Column 4)

Bits of Plane Wreck Found, But No Bodies

Submarines, Air Crafts Search for Fourteen Reported Missing After Panama Crash

CRISTOBAL, C. Z., Aug. 4 (UP)—Submarines, airplanes and surface planes today found more fragments of a Pan-American-Grace Airways liner which plunged into the Caribbean sea 20 miles off Cristobal as they searched in vain for bodies of the plane's 14 occupants.

The plane plunged into the choppy waters of the Caribbean about 10 miles off its destination, off the Atlantic entrance to the Panama canal. Veteran Pilot Stephen S. Dunn's last radio message indicated that he had been maneuvering to get under low-lying heavy clouds.

Sights Wreckage
Lieut. Crutchfield Adair, navy pilot, sighted the wreckage yesterday. He reported no sign of life, but the navy, in the false hope that some had survived, sent submarines, destroyers and a minesweeper to the scene.

Naval officers examined other bits of wreckage, and estimated that the plane had been traveling at approximately 150 miles an hour when it crashed. They believed it would have been impossible for anyone to survive.

14th Man Identified
The 14th victim—over whom there had been controversy between the New York and Cristobal offices of the company—was identified today as P. Wallace Hume, connected with the Natomas company in Sacramento, Calif. The Panama offices had said there were only 10 passengers aboard.

Two officials of the department of commerce, and a woman and her two children were among the passengers. The plane had been en route from Santiago, Chile, to Cristobal, where connections were to have been made with a Clipper ship of Pan-American Airways bound for Miami, Fla.

House Labor Group Favors Wage Bill

Votes of 173 Recorded on Measure Accepting Senate Suggestion

By EDWARD W. LEWIS
WASHINGTON, Aug. 4 (UP)—House labor committee sources reported today that the group voted 173 to 13 in favor of accepting the senate wages and hours bill in place of the more drastic measure previously under consideration by the house group.

The committee, it was reported, decided definitely to shelve the so-called "wage stabilization" bill, which would have permitted the proposed labor standards board to establish minimum wages as high as 75 cents an hour and maximum hours as low as 35 a week.

Works on Amendments
The Black-Connery bill passed by the senate previously establishing minimum wages of 40 cents an hour or a maximum work-week of less than 40 hours.

After determining to report the senate measure favorably to the house, the committee began work on amendments to the measure—some of which had been attached to the house bill and others which had been requested by the American Federation of Labor.

Votes to Amend
The house committee tentatively voted to amend the senate bill to include retail store employees under provisions of the act, to restrict laws against child labor in foreign countries where labor standards are lower than those in this country, to provide for 48-hour administrative leave for the proposed five-man labor standards board made up of representatives from the north, south, east, and west.

House committee action in accepting the senate measure was believed to have eliminated wage and hours legislation as a possible bar to speedy adjustment.

FRANCO'S TROOPS CONTINUE ATTACK

Insurgents Claim Capture of 20 Villages, Advance of 100 Miles

BENIYATE, Franco's headquarters, Monday, Aug. 4 (UP)—Franco's troops continued their advance in the Almeria region today, and reported that they had captured 20 villages and advanced 100 miles.

Nationalists claimed they had captured more than 20 villages, and that the fifth army corps had advanced about 100 miles.

Hispanic attacks by loyalist forces were repulsed yesterday after what was described as a grueling battle.

The main nationalist column continued its advance along the Caceres highway, taking up positions in the mountain which were heavily fortified.

WALLACE LAUDS POPE. PLAN FOR EXTRA SESSION

Secretary of Agriculture in Boise on Tour of Northwest

WHEAT CROP "BAFFLING"

By DAVID N. JOHNSON
BOISE, Idaho, Aug. 4 (UP)—Secretary of Agriculture Henry E. Wallace, here on the last leg of a national tour, today said he favored Sen. James P. Pope's suggestion that the President call a special congressional session this fall to halt falling farm prices.

The secretary earlier in the day said he considered it too late to hope for enactment of this session of his ever-normal granary bill, and said that the measure was necessary to avert "farmers' incomes to the required level."

"I am for anything that will hasten enactment of the ever-normal granary farm bill," he said.

Charges "Old Guard"
The secretary charged that failure of a house agricultural committee to report out the granary bill constituted an "old-guard" attack on the President.

He would not say to whom he was referring.

"Do you mean the Republican party?" he was asked.

He laughed and said, "I mean merely the old guard—I'm not saying who."

He would not comment on reports concerning hearings being held to force the commodity credit corporation to authorize 12-cent loans on the current cotton crop.

A 12-cent loan would exceed present cotton market prices, it was understood.

President Roosevelt had previously said that unless cotton production was curtailed in an effort to bring the price up to the level of the commodity credit corporation, he would not call congress for authorization for loans on this year's crop.

Secretary Wallace praised Senator Pope, Idaho's member of the senate agricultural committee, for his efforts toward passage of farm measures which would tend to lift (Continued on Page 2, Column 5)

JUSTICE NAMING EXPECTED SOON

President Hints That He May Select Man During This Congress Session

WASHINGTON, Aug. 4 (UP)—Senate leaders looked hopefully today for quick action by President Roosevelt to cut short the threat of a new constitutional controversy over the supreme court.

The possibility that the President would nominate a successor to retired Associate Justice Willis Van Devanter at this session, instead of making the appointment during the congressional recess, appeared to be the latest indication of making the appointment during the congressional recess, appeared to be the latest indication of making the appointment during the congressional recess.

The President's press conference yesterday that newspapermen would first learn of his choice through a dispatch indicated that he would not make a recess appointment.

Friends of the administration expressed belief that Mr. Roosevelt would avoid the danger of further senate rebellion and would be acting to foster party harmony if he nominated a man of comparable ability.

It was generally believed that the President was considering a sitting judge of one of the United States circuit courts.

FOOD IS TIED UP IN PHILADELPHIA

Philadelphia, Aug. 4 (UP)—Virtually all sources of food supplies to replenish Philadelphia's retail grocers' diminishing stocks were blocked today when 4000 employees in 32 waterhouses walked out in sympathy with a truck drivers strike.

The walkout was regarded as a move to render useless Mayor S. David Wilson's plan to assign police to guard food trucks operated by owners who hold union contracts.

Edward Harbison, president of the Philadelphia local warehousemen's union, an American Federation of Labor affiliate, said "it is both a sympathy strike and a protest against widespread organization of company unions in the grocery industry."

PLANE FOUND
PANAMA CITY, Aug. 4 (UP)—A missing Bellanca army airplane was found wrecked 50 miles south of Panama today by searching planes which reported the six army men aboard all had escaped unhurt by parachute.

Man Says He is Father of Child; Goes to Officers

TESTIMONY OF MRS. HORST ON CHILD BIRTH CONFLICTS

CHICAGO, Aug. 4 (UP)—Red-haired Martha Horst admitted to police today that the child who had been in her home from babyhood, kidnapped yesterday and later recovered unharmed, was not her son.

She had been questioned by police since the recovery of 31-months-old Donald Horst. Finally breaking into tears, she told Assistant State's Attorney William J. Crowley that her claim to motherhood had been false.

By Wm. F. McILRATH
CHICAGO, Aug. 4 (UP)—A man who said he was the father of kidnapped, 31-months-old Donald Horst, walked into the state's attorney's office today and less than an hour later surrendered the baby unharmed to authorities who had sought him throughout the night.

"My wife and I have the baby," he said, "but we're afraid to take him through the streets."

"We want someone to go with us."

They left the office with Assistant State's Attorney William J. Crowley and surrendered the baby to him on the street.

They were then questioned by the county building where they were questioned.

They gave the names of John and Lydia Regan and said that the child had been born to Mrs. Regan out of wedlock. They said they had played in his sand pile and as Mrs. Horst sat watching him.

"We told her who we were," Regan told Crowley, "and she said we were the baby."

"She wouldn't let us have him so we took him away."

Regan said that Fred Ewert, friend of the Horsts, drove the automobile in which they fled from the quiet far West lake neighborhood after taking the baby.

Ransom Asked
At 5:30 p. m., an hour after the kidnapping, a man telephoned the Horsts that "your baby is safe, but we want \$5,000 ransom."

Hours later another message was delivered.

"The right father and the right mother have the baby now," it said.

Police meanwhile studied these startling coincidences.

The about of the woman in the escaping automobile that "this baby is mine, not yours."

The statement of a sister of Mrs. Horst, Mrs. Bernice Parker, that Mrs. Horst had shown no signs of expectant motherhood a month before Donald's birth.

Statements Conflict
3 Mrs. Horst's conflicting statements regarding whereabouts of the baby's first birth.

1 The identification of Ewert by Arthur Humberg, 24, an automobile salesman, who said he had loaned a car to Ewert. It was Humberg's car that was traced from the kidnapping.

all this despite reports that the Horsts and Ewert were friendly.

"It is my baby," Mrs. Horst told Police Capt. Herbert Burns when he informed her that the baby had been found.

"Why should they ask \$5,000 ransom if the child isn't mine?"

At Crowley's office Regan and his wife denied they had any ransom calls.

"We knew it was our baby," Regan said, "ever though Mrs. Horst did have a birth certificate. We didn't think she'd dare do anything about it."

Looking hale and hearty despite a long automobile ride, Herbert Hoover, ex-President of the United States, left his Twin Falls last night just long enough to permit his automobile to be "gassed up" and then left for Pocatello and fishing near Yellowstone national park.

Hoover, in a car driven by a private chauffeur, had left his home at Palo Alto, Calif., the same day. He did not indicate, however, where he would stop last night although it was probable that the point would have been Pocatello.

The ex-President, dressed in a light grey business suit, was in high spirits although he wouldn't talk for publication, and would not discuss politics.

In appearance, he was slightly thinner than when he was President.

HERBERT HOOVER

Hale and Hearty, Hoover "Drops in"

\$200,000 BLAZE AT WINNEMUCCA

Fire Destroys Bunkhouses, Mill at Famous Old Buckskin Mine

WINNEMUCCA, Nev., Aug. 4 (UP)—Damage was estimated at almost \$200,000 today from fire which destroyed the mill, bunkhouses and other buildings at the famous Buckskin mine, 80 miles south of Winnemucca near the Oregon line.

Starting from an unknown cause, the fire spread rapidly through the buildings, housing newly-purchased machinery, and surrounding sagebrush and scrub growth. Huge black clouds of smoke from oil tanks and engines were visible for miles. The mine has been a steady producer of gold and silver for 40 years.

ORGANIZER CLERKS FEAR BLOCKS UNION FOR CLERKS HERE

WARNS THAT CIO MIGHT COME IN TO TAKE ACTION

Freedheim, A. F. L. Worker, Says 'I Have Not Given Up Fight Yet'

Charges that the "sentiment of fear" among local store clerks is keeping them from forming a union for their "mutual benefit" were hurled this afternoon by F. H. Freedheim, Idaho organizer for the American Federation of Labor.

Attention of organization among clerks in local stores have been made during the past several weeks by Freedheim.

"But I have not given up the fight yet," Freedheim said.

"It is a sorry situation when a private citizen is afraid to do what it is his right to do," Freedheim emphatically said, "if the facts were known, I believe it would be found that the merchants in general would gladly accept an organization under the American Federation of Labor banner in preference to the CIO."

NEWS IN BRIEF

Owner Here
R. C. Hadley, Portland, owner of the Cingler's shop, is in Twin Falls for a few days.

Conclusion
Mrs. C. L. Blodgett and son, Boise, who spent a week here at the home of her sister-in-law, Mrs. A. F. Osund, have returned to their home.

Return after Program
Mrs. Nellie Osund and Miss Marjorie Driscoll returned today from Garden Valley where they presented a musical program.

California Here
Mr. and Mrs. Dan Theobald, Inglewood, Calif., are in Twin Falls, their former home, visiting friends and transacting business.

Former Resident
Mrs. Dean Haggard, Boise, is critically ill at a Burley hospital following an operation. She was formerly Miss Lucille Kirkman.

Meeting Announced
Past President's club, Ladies of the G. A. R., will meet Friday at 2 p. m. at Mrs. Mary Joseph Blake, 200 Adams avenue west.

Nebraska Visit
Dr. L. C. Brown and family, North Platte, Neb., are visiting at the home of his brother, J. M. Lovelace, and his niece, Mrs. J. R. Seaton.

Held for Investigation
H. D. Hippie, Salt Lake City, was being held in county jail this afternoon pending investigation of alleged fraudulent check charges.

Visit Parents
Louis Miller of Twin Falls has been in Oakland, Calif., to visit his parents, Mr. and Mrs. F. R. Miller, who are guests of Mrs. F. R. Miller's parents, Mr. and Mrs. Henry Van Engelen, and Mr. and Mrs. W. Van Engelen.

Taken to Specialists
Louis Miller of Twin Falls has been taken to specialists for medical treatment by specialists here. He was accompanied by his sister, Miss Margaret Meigs.

Returns Here
L. L. Walter, Oakland, Calif., who has been at the hospital, is returning to his home in Twin Falls.

Chicago Visitor
Mr. and Mrs. William Pyle, Chicago, were guests yesterday at the home of Mr. and Mrs. R. W. Dink-shaker. They were on their way to Seattle.

Returns from North
Mr. and Mrs. C. H. Krueger and daughter, Mrs. Doretha, have returned here after visiting the west coast, Vancouver, Lake Louise and other Canadian points and Glacier national park.

Back from Outing
Mr. and Mrs. F. M. Erod and Mrs. and Mrs. Joseph Blake have returned from a three week vacation trip on which they visited Vancouver, Seattle, Portland, Washington, Diamond Lake and Spokane, Wash., and Coeur d'Alene, and Odessa, Wash.

At Hagerman Trips
State Traffic Patrolman Karl B. Williams and Patrolman Ellis, state patrolman at Pocatello, have been stationed in this county until last Saturday, went to Hagerman today. The patrolman at Pocatello is there. They will return here tonight.

Board Building Accusation
Harry McLean was in county jail today facing probable charges of fraudulent procurement of a room at a fire. He was arrested at Hagerman by D. J. Hovey. McLean county clerk, Justice H. M. Hovey set bond at \$50, which was not furnished.

Visit Here
Mr. and Mrs. C. F. Price and son, Chas. Frederick, Spokane, and Mrs. J. M. Price, Boise, are in Twin Falls, their former home, visiting friends and transacting business.

Reports Here
Ralph Carpenter, president, and Dr. C. R. Scott, secretary of the Rotary club, presented reports of the president and secretary meeting they attended Monday and Tuesday at Logan today's session of the club here. Visitors were Walter Brunner, Boise, and George Baleman, Ogden.

Go to Chicago
Miss Mabel Fortfield has gone to Chicago to visit her mother, Mrs. J. C. Fortfield, who is visiting at her daughter, Mrs. John Drysdale. Miss Mabel Fortfield, Williams, Miss, also a daughter and formerly of Twin Falls, is also in Chicago.

Returns from California
Mrs. Henry G. Owens and daughter, Louise, and son, Kinney and Billy Paul, have returned from a three week visit with relatives and friends in Maryland, Virginia and Burbank, Calif. Mrs. Owens accompanied them from Boise and Mrs. Sinner Owens, Burbank.

File to New York
Ben J. Tillery, local agent for W. F. Hutton, May 1st, was to arrive in New York City by airplane today after taking off from Salt Lake City yesterday afternoon. He will confer with officials of the Western Union telegraph company, in connection with a shipment of tungsten from the time mine.

CAMP FIRE TOPS BAND'S PROGRAM

Girls Will Take Over Last Half of Concert Here Thursday Night

Camp Fire girls will take over the second half of Thursday night's municipal band concert program, Dr. Orrin A. Fuller, band director, announced this afternoon.

The girls will take part in group singing and were asked today by sponsors to wear their service uniform. Lamp portions of the concert program will find the band playing Camp Fire songs.

The program, opening at 8 p. m., includes "Thunder and Blazes," "Puck," "Atlantic," "Soprano," "Soprano," "Rose Marie," "Characteristic," "On the War-path," "King," "Intermission."

Second half:
March, "Illinois,"
Camp Fire songs, played by band, "March," "Pop Goes the Weasel," "Perfect Day," "Aloha,"
Group singing of Camp Fire songs by Camp Fire girls led by Miss Eugene Ever.

Star Spangled Banner.
Taps.

Seen Today

Motorist running his motor while parked, trying to build up battery and occasionally glancing anxiously at dashboard ammeter to see if said battery is charging any. Ringing bell on horse pulling a wagon, attracting not only the children but a small army of barking dogs.

Suit of long underwear worn by a man drying on washline in back yard.

Police officers discussing various types of guns and telling "experiences" they've seen.

Group of about 10 little girls being led down Addition avenue by two adult women.

Revival meeting tent in vacant lot. "Big feet" advertisement on sidewalk before department store.

Arm and woman busy laying red cement sidewalk near Five Points.

WALLACE AUDS SEN. POPE PLAN

Secretary of Agriculture in Boise on Tour of Northwest

(From Page One)

The farmer's per capita income above the present 10.8 per cent of the national income.

Wallace said the farm income which he had just received, which level, he declared, should be maintained for the good of the nation.

Wallace said a new sense of solidarity was creeping into the farm problem. "The farmer means business," he said, "and he is going to get what he wants."

Wallace said he hoped President Roosevelt would make clear that the crop insurance bill is "must" legislation for this session of congress.

Concerning the Pacific northwest's wheat crop, he said the problem was a "baffling one."

"The export crop cannot bring a fair return unless Americans be come export minded," he said.

Attitude Hurts
"We have developed an attitude toward international trade that handicaps our export crops," he said. "Our trade attitude toward other nations is hurt because of our barrier on imports and our expectation to export our surplus crops."

Wallace said production could not be controlled until granaries were filled. Then, he said, farmers, assured of a steady income based on a level supply, could take time out to regulate production.

He said the over-normal granary bill would have extensive effect on the nation's wheat market.

U. S. TO HELP IN SHIP'S BUILDING

Federal Government Will Give \$2,000,000 "Trade-In" on Old Leviathan

WASHINGTON, Aug. 4 (AP)—The federal government plans to pay the United States Lines approximately \$2,000,000 for the laid-up steamship "Leviathan" as a "trade-in" allowance on the cost of a new merchant vessel, it was learned today.

The sum will be allotted against the price of building the new ship to replace the "Leviathan," officials of the U. S. maritime commission disclosed. The new vessel is expected to cost \$10,000,000.

Under commission regulations, the United States lines must pay 25 percent of the building cost and the rest may be furnished by the treasury. The rebate allowance would pay the construction cost to the line of about \$2,000,000.

The "Leviathan," 23 years old, was built in Germany and sailed during the world war. After the war, the government allowed Germany \$12,000,000 for her and later sent \$12,000,000 in reconditioning her.

Ex-Resident Sees City Progressing

Plenty of changes, all of them progressive, have been made in Twin Falls in late years, a former resident of the city said today after surveying his former home town during a visit.

He is Emil Strobek, Portland, who visited his mother, Mrs. O. F. Strobek, and was scheduled to leave for the coast today or tomorrow. Strobek, now associated with the American Heeole Corp., makers of dental supplies and equipment, is finishing a six weeks tour which included the company's convention and visits to dealers. He lived in Twin Falls from 1908, four years after the tract opened, until 1922. He was employed on the old Twin Falls Daily Times and in several mercantile establishments.

Committee Inspects Filer Boy's Project

Shoop project undertaken by Raymond Joellin, Filer, F. A. youth, was included in the group inspected yesterday by the committee. The project will decide on the 1937 Union Pacific scholarship, according to Mrs. Doris Bradley, county superintendent of schools, who is a member of the committee.

Joellin's project was unintentionally announced when the committee announced its published list yesterday. Others who made the inspection were Harvey S. Hale, county agent, and Carl Howard of the University of Idaho at Moscow.

JAPANESE MOVE TO HALT DRIVE

Abolishment of Communism in North China Plan of Invaders

(From Page One)

24 hours and were digging in to await developments.

The Chinese controlled the Peking-Suiyuan railway from the walls of Peking through Nankai to Kaiguan and Tientsin.

On the Peking-Hankow railway they had advanced to within cannon range of the Japanese advance post, about 24 miles southwest of Peking.

Japanese bombers continued sporadic operations along all the railways but the Chinese Central News agency reported they were doing little damage.

"Our secretariat artillery" (most of German make) has proved extremely effective," the agency said.

Disensions Reported
The Chinese continued to await eagerly news from Moscow, they hoped the Soviet government would decide on some sort of anti-Japanese action.

The Japanese demand for further attacks on Soviet institutions in the north such as Sunday night attacks on the Soviet consulate general in Tientsin during which the building was wrecked and its archives destroyed.

The Japanese Domei news agency reported from Tientsin that disensions were increasing among the divisions of the Chinese central government in the Peking-Fu area.

"A strong group of Chinese regular commandants wants to continue the advance towards Peking and attack the Japanese," the agency said. "Another group, equally strong, wants to new efforts to reach a peaceful settlement arguing that the Chinese army is no match for the Japanese because of lack of standardized equipment."

WOMEN JOIN MINE PICKETING

250 Wallace Miners Continue Strike as 330 Report For Work

WALLACE, Idaho, Aug. 4 (AP)—Women joined their striking husbands in the picket lines at the Sunshine mine property today, leaving the mine closed for the third day since the "strike role" was sounded Sunday.

There had been no violence, but leaders held themselves ready to appeal for martial law at a moment's notice.

Approximately 250 men were in the picket line today, the company reporting 330 men back on the job. The company, through Manager R. D. Leish, claimed 27 more men returned to work Tuesday than had appeared Monday.

J. L. Balderson, state law enforcement commissioner of Idaho, was to open an investigation into the situation today, acting on orders of Gov. B. W. Clark.

The C. I. O. group asked that the mining industry and the company of a collective bargaining agent. Leish contended the company was not participating in industry-wide action and that it also claimed the majority of men wanted to continue work and that the situation developed into a question of work if men who refused to go to work to do so without interference.

CHANGE MADE IN W. O. W. STAFF

Rena M. Robertson, clerk of Twin Falls camp No. 558, Woodmen of the World, and assistant district manager, has been promoted and given supervision over the junior work in the extension department.

The western territory, which covers all southeastern territory, it has been announced by the Denver headquarters.

Duncan McD. Johnston, former mayor, has been named assistant clerk for Twin Falls camp making it content for all members to pay their insurance at his store, 127 Main avenue east, it is stated. Daniel H. Hull, consul commander of Twin Falls camp, has been appointed full time assistant district manager to work in Twin Falls.

Bull camp No. 454 has named Thomas Norstrom clerk and assistant district manager.

J. H. Gross, state manager of Boise, has discontinued the office in the Smith-Rice building and the new headquarters here will be at the Johnson jewelry store.

Appeal Hits at Payment Decree

Appeal against a probate court decree calling for payment of \$150 plus interest and costs was filed in district court today by the T. H. Milling corporation, which had been ordered to pay the sum to M. E. Bruffey or to settle by delivering \$150 into the court within 30 days from last July 19.

The probate court judgment was made in a suit brought by Bruffey on seeking payment for milling equipment.

Rayborn and Rayborn filed the appeal today for the purpose of staying the original suit. Walker and Witham are attorneys for Bruffey.

Greater London's luxury trades, including millinery, jewelry, and clothing, now find employment for 15,000 persons.

DAFTER TO SPEAK

California Author Arranges Three Lectures Here

Francis M. Darter, California, a civil engineer and author of various works confirming Mormonism, will deliver a series of three lectures at the American Legion Memorial hall beginning at 8 p. m. on Thursday, Friday and Sunday.

For these free lectures Mr. Darter will use as his subjects the following topics: "The Great Pyramid," "Christ's Second Coming," and "John's Revelation" (the fifth and last world's empire).

Mr. Darter stated that these lectures are highly educational as well as spiritual.

Rites Arranged for Dorothy Arbogast

BURLEY, Aug. 4 (Special)—Funeral services for Dorothy Arbogast, 19, are planned for Thursday at 1 p. m. in the Payne Mortuary chapel. Rev. J. F. Nelson of the Christian church will officiate.

Following the services the body will be shipped to Fremont, Neb., for burial in the family plot.

Miss Arbogast, daughter of Mr. and Mrs. C. E. Arbogast, died Sunday at Jupiter, Ore.

Girls' Groups Offer Pageant at Concert

BUIH, Aug. 4 (Special)—As a special added feature a group of Camp Fire girls will present a pageant at the weekly band concert tomorrow evening.

The pageant depicting various phases of Camp Fire girl craft will be presented by a group of 30 from the Akiya and Redash organizations. The girls have been rehearsing under the direction of their sponsors Mrs. John Smith and Mrs. W. M. Cantlon.

Their offering will be presented in two acts, one before the opening number by the band and the last act during the intermission.

LIGHTS AT CITY PARK INSTALLED

Group Arrangement Finished to Illuminate Rock Garden and Flower Beds

Mr. Good lights, illuminating the rock garden and flower beds at city park, will be in operation tonight and throughout the balance of the summer. It was announced by J. A. Stewart, superintendent of parks.

The lights have been in the process of installation during the past few days and were tested last night. They are located in trees surrounding the rock garden.

Development of the rock garden and flower beds started last year when the director of the city, Mr. H. H. Stewart, was in charge. Development this summer has been carried on by Mr. Stewart.

Connected to an automatic switch, the lights will be on each evening from 8 p. m. to midnight.

Walther Society to Sponsor New Class

An adult Sunday school class will be sponsored by the Walther League society with the help of the Ladies Aid society. It was decided at the monthly meeting of the young people's group held last evening.

The class will be held on the first and third Sundays of each month. The class will be held in the Walther League building, 127 Main avenue east, at 8 p. m.

The class will be held in the Walther League building, 127 Main avenue east, at 8 p. m.

REMODELING DUE AT ALBION DORM

Bids for remodeling of the dormitory building at Albion State Normal will be received at Boise until 11 a. m. Aug. 21, according to Arthur J. Byrd, member of the state board of education.

The bids are to be sent to the office of Ira J. Taylor, commissioner of public works. They will be opened at the time the deadline expires.

Plans for the remodeling of the dormitory were drawn by Sundberg and Sundberg, architects of Idaho Falls, and are available at Mr. Taylor's office.

Revised Plans
Harold W. Merritt, local engineer, has returned from Boise during which time he spent four days in work at the state reclamation office.

Lodge Meeting
Odd Fellows lodge will meet Thursday at 8 p. m. at the hall on Third avenue east. There will be preparation for degree work and all members are urged to be present. The meeting is announced. Visiting members will be welcome.

POPE CALLS FOR SPECIAL FARM AID CONGRESS SESSION

PRICE DEFLATION CAUSE OF ALARM, CLAIMS SENATOR

Thinks Group Should Start
Immediate Hearings on
Land Problems

By RUSSELL TURNER
(Copyright, 1937, United Press)
WASHINGTON, Aug. 4 (U.P.)—Sen. James P. Pope, D. Idaho, today called for a special session of congress this fall to consider general farm legislation "if prices continue going down."

Pope, usually regarded as an authoritative administration spokesman on farm matters and a member of the senate agriculture committee, advocated calling of the special session after President Roosevelt told a press conference that federal crop production control was inevitable if the economic structure of the nation was not to be wrecked.

Mr. Roosevelt said he had no intention of asking congress for authorization for loans on this year's cotton crop unless production is curtailed.

"Good," Pope said when informed of the President's remarks, "now maybe we'll have some action."

Favors Session
"I would definitely favor a special session of congress this fall to consider farm legislation if prices continue going down and showing the definite signs of weakness that are evident now."

"In anticipation of that possibility, I believe the agriculture committee should start its hearings at the earliest possible date—immediately following adjournment of congress or before adjournment if possible."

"Thus, we would secure the opinion of farmers themselves, complete all the background work of drawing up a comprehensive farm program by October and have it in shape for action by congress then."

Urges Pressure
The President's press conference statement was made while Sen. Ellison D. Smith, D. S. C., chairman of the agriculture committee, was urging senators to "apply pressure" to the commodity credit corporation in behalf of 12-cent a pound loans on the current cotton crop.

Smith said the committee would prepare general farm legislation "as soon as possible" and assured the senate that a general farm bill would be ready for action next session.

He expressed displeasure over the fact that "boots and spurs" had been applied to his committee in an effort to force it to act on general farm legislation. He gave no indication, however, as to who was responsible for the "boots and spurs."

Youth Killed In Monoplane Crash

PALM SPRINGS, Calif., Aug. 4 (U.P.)—A rented monoplane plunged 200 feet to the desert floor and fatally injured 18-year-old Charles Graham, Jr., near Palm Springs airport last night.

Rescuers worked an hour removing the youth from the wreckage. He died en route to Banner hospital. Graham was the son of a wealthy Montebello, Calif., real estate and oil man.

Ohio Marshal's "Whipping Barrel"

The whipping post in another form has returned to Poyahatan, O., as the picture above proves. In the last five years Marshal Edward Carpenter has laid approximately 200 boys across a barrel and soundly whipped or paddled them, and as a result, juvenile misdemeanors have been greatly minimized. Although Judge Harry L. Albright, county juvenile agent, has "heard reports" of the "barrel justice" whippings, he knows only that Poyahatan juvenile delinquency somehow has become less of a problem.

Carpenter Albright

Congressional Box Score

(U.S. United Press)
Status of major legislation:
\$100,000,000 Wagner housing bill: Senate expected to approve today; house hearings continue before banking and currency committee which may report a bill to the house Friday.
Tax loophole closing: Joint congressional committee expected to report to house ways and means committee and senate finance committee today; ways and means hearings Thursday or Friday.
Wages and hours: Senate passed; house labor committee may report revised bill today.

POPE ARRANGES TRI-STATE MEET

Solon Calls Conference of
Idaho, Wyoming, Utah Men
And TVA Officials

WASHINGTON, Aug. 4 (U.P.)—Sen. James P. Pope, D. Ida., has arranged a conference between TVA officials and Idaho, Utah and Wyoming state representatives to discuss technological processes developed in Tennessee for obtaining phosphate, he said today.
The meeting at Muscle Shoals, Ala., Thursday and Friday will be attended by Pope, H. P. Taylor, Idaho phosphate commission engineer; Dr. E. O. Peterson, president of the Utah state agricultural college; Dr. A. O. Crane, president of the University of Wyoming; Charles B. Stafford, manager of the Wyoming state department of commerce and industry, as well as TVA executives.

Pope said that phosphate deposits in the three states are the largest in the world and TVA methods should be studied as to their adaptability to western mining.

"Most of the great deposits in the west are on the public domain and if we can make these economically available to the soils of this country, we will be well on our way to permanent and successful agriculture," Pope said.

There are more than a half million buildings in New York City.

PEACE THEME OF PICTURE TONIGHT

Summary of "The Way to World Peace," talking picture to be shown today at 8 p. m. at the Christian church, is "a powerful, significant and timely in its appeal for tolerance in a world gone mad with bigotry and despotism," according to Rev. Mark C. Cronenberg, pastor.
The picture calls from the past those characters who have left their impress on civilization and humanity. The producers applied a new technique in creating the drama and covered man's struggle towards a better civilization from the time of the Pharaohs to the present day.
This presentation of an appropriate subject is being brought here by the national bureau for religious and educational films, New York City, with its aim quoted as arousing the thinking people of the community to the futility and horror of warfare and to point the scientific through the principles of Christianity. There is no admission charge but a silver offering will be taken.

BOISE BUSY WITH PLANS FOR FAIR

BOISE, Aug. 4 (Special)—"Let's go, Idaho!" is the battle cry in Boise as doctor, lawyer, merchant, fair officials and fair workers combine efforts in preparing for the western Idaho state fair to be held in Boise from Aug. 25 to 29.
Harry Bigham, chairman of the fair board, states that the cooperation shown by all groups assures the 1937 fair being the finest ever.
"Doc" J. C. Sorenson, of Colburn and Sorenson, who supply the stock and many of the performers for the world famous rodeo held in Madison Square Garden each year, recently made a flying trip to Boise to make final arrangements for the program of afternoon races and the nightly rodeo to be presented in connection with the fair.

CASTLEFORD

Mr. and Mrs. A. T. Horsman and son, Wichita, Kan., and O. N. Horsman, Kirwin, Kan., were visitors last week at the home of their sisters, Mrs. E. E. Ulrich and Mrs. A. R. McQueen.

J. W. Head and son of Fort Collins, Colo., are visiting friends at Castleford.

Mr. and Mrs. Cortes Hall, Monterey, Tenn., is here looking for a location and at the same time visiting relatives. He is a brother of Mrs. Isaac Zepf.

Miss Ida Pinkston is in the Twin Falls hospital. She submitted to an operation on Saturday.

HEARING SET ON \$21,000 ESTATE

Hearing on an estate valued at \$21,000 had been set today for Aug. 14 by Probate Judge Guy L. Kinney.

The estate is that of Stephen A. and Jessie M. Scully, and petition for letters of administration was filed by Frances Scully, daughter of the late residents. Mr. Scully died last July 25; Mrs. Scully on Aug. 2, 1932.

Major items in the estate are ranch land valued at \$18,200 and stock and equipment at \$714.99. Ryborn and Ryborn are acting for the petitioner.

Previewing an Exciting New Collection of FOOTWEAR for FALL

Complete assortment of styles now on display—full range of sizes to assure you perfect fit.

YANKS PURSUE BACK WHITE SOX CHALLENGE

Home Run Blasts Spell Defeat For Chicago Club as New York Takes 7-Game Lead; Cubs Win

Gehrig, Dickey, Lazzeri And DiMaggio Top Hitting Assault

NEW YORK, Aug. 4 (AP)—Is there anybody else in the house who wants to challenge the Yankees?

The bold and defiant White Sox, who've been hanging on with bulldog tenacity, were in complete retreat today before their murderous bats.

After the shattering they took yesterday, they may be too punch-drunk to hang onto second place in the face of the rising Boston Red Sox.

With 66,781 fans—one of the largest week-day crowds in all baseball history—looking on, the Yanks gave the White Sox a home-run party they never forget.

After the shattering they took yesterday, they may be too punch-drunk to hang onto second place in the face of the rising Boston Red Sox.

Visiting Fisherman Uses "Soft Peeler" As Bait; Gets Limit

Rev. J. B. Wakem, former Twin Falls man, now located at Kellogg in the northern part of the state, doesn't claim to be the best fisherman in the world.

But he does state that a soft peeler, sometimes used, and in the build-up of an angler's ability.

Here visiting his son and daughter-in-law, Mr. and Mrs. Dale Wakem, Mr. Wakem Monday went fishing in Billingsley Creek at Hagerman.

The first thing he caught was a small crawfish, known as a "soft peeler," and a crawfish very seldom hooked. He used this for the rest of the day and caught the limit.

Next day he went fishing at the same spot, caught the "soft peeler" on the first cast and proceeded to catch the limit of Idaho's famous trout—the exact procedure followed on the day before.

All to do tomorrow. Chris, playing in 1900th consecutive game, hitting a 400-foot homer with two on.

Joe DiMaggio, hot on the trail of Babe Ruth's 60-homer record, hitting No. 32 of the season with two on. This was one about 415 feet.

—one in each game—and one of them traveled over 400 feet.

Bill Dickey crashing a 440-foot homer into the right field stands with the bases loaded in the eighth inning and the Yankees trailing by two runs.

Get 17 Hits Cold type can't describe the scene as the Yanks routed their nemesis, Thornton Lee, in the first game and head of the heart in the second.

Altogether the Yanks got only 17 hits in 9 innings, but they were Red Ruffing won the first game for the Yanks, No. 14 for him, and Johnny Murphy, who relieved Lefty.

There is any in the house who wants to challenge the Yankees? From afar, there's a weak nod.

Give an October date for me. Cubs Win

It's the Chicago Cubs. And on the very day when the Cubs beat the daylights out of their hometown rivals, the Cubs rose to win the National league to emulate the Yankees.

They slammed down 160 flies, 4-1, and no runs could unless they were homers. Frank Demaree hit one with a run on.

And the only run made off Lee was a homer by Herchel Martin.

Both clubs had a weak nod. Red Ruffing won the first game for the Yanks, No. 14 for him, and Johnny Murphy, who relieved Lefty.

CITY TOURNEY IS SET AUG. 10, 11

Invitational Competition Will Be Aug. 12 and 13 at Harmon Pool

Plans were completed today and registrations were opened for Twin Falls swimming championships, which will be held Aug. 10 and 11, and the invitational south central Idaho championship meet which will be held Aug. 12 and 13.

Both events will be staged at the city pool at Harmon Park, which will be under the direction of Larry Lundin, superintendent of recreation, assisted by Frank Carpenter, Kermitt Allison and Howard Ward, life guards, as well as Don Spang, assistant state recreation director.

Registrations for both meets, which are expected to attract the leading swimmers of the city as well as this entire section, can be made by mail or in person at the Harmon park pool up to noon the day of the individual meet starts.

Winners of the local meets are expected to enter the state trials which will be held at Nampa, Aug. 24 and 25, Lundin said. Winners of first and second places in the local invitational meet will receive medals while third-place finishers will receive ribbons.

Winners of first and second places in the local invitational meet will receive medals while third-place finishers will receive ribbons.

Endeavour II Meets Ranger Third Time In Cup Race Today

Sopwith to See Battle Through Despite Two Humiliating Defeats Already Suffered

By HENRY McLEMORE NEWPORT, R. I., Aug. 4 (AP)—Mr. Sopwith will see it through.

Whipped in two of weather and on two kinds of courses, the stubborn Briton sailed Endeavour II out through East Passage today to keep a date with a boat that has proved too good for him, and a skipper that has beaten him six times in eight starts.

Endeavour II was a "two down" to Harold Vanderbilt's Ranger in the 16th British effort to wrest the 80-year-old America's cup, and there were straight and booted the series.

But that time it was a clever sailor against a faster boat.

Endeavour II slipped out through the straits after a day of rest, carrying all the medicine the doctor could give her. Sopwith and Charlie Nicholson, Endeavour II's designer, spent the day of rest, which the British challenger asked after Monday's race, working over the boat.

Full Hulled The hull was polished, sails tested, keel lightened by three tons of lead, and a new sail added to Endeavour II's locker. The halyards were tightened, the crew greased and the bottom scraped.

But as far as most of the seafaring folks in Newport were concerned, you could throw out the wind lifts, the double-slowed Genoa jib and the lobster pot, and the race would still be the same. The Ranger is the swiftest Class J boat that ever beat to windward from Brenton's reef lightship.

Ranger needed only two more victories in the seven-race series to keep the \$50 cup in America, where it was remained since 1881.

Ranger needed only two more victories in the seven-race series to keep the \$50 cup in America, where it was remained since 1881.

SOLONS HOLD TO SECOND POSITION

Beat Seals; Bonham Hurls 1-Hit Ball to Down Los Angeles 1-0

Sacramento's Solons held on to second place in the Pacific Coast league chase today by virtue of a great upthrust which saw them trimming their rivals for the runner-up berth, the San Francisco Seals.

Trailing at one time by 7-1 in the opening of the series between the two first division rivals, Sacramento won out, 8-7.

The winning runs poured over in the ninth when the Sacramento tallied three times to clinch their uphill climb. The Seals had gone far ahead in the fifth inning when Ernie Bonham, slugging at an infield post, hit a homer.

The victory placed the Solons three games ahead of the Seals in their rivalry for the second berth.

In another contest on Tuesday's all-starlight game, San Diego batters produced 16 hits for an 11-3 win over fourth-place Portland.

Ernie Bonham, Oakland right-hander, turned in a one-hit performance against Los Angeles in win, 1-0, over Joe Terry in a tight duel. Berry yielded five hits.

The Seals, victors over Portland last week, continued a successful northwestern invasion with a 2-0 conquest of the Seattle Indians.

The victory placed the Solons three games ahead of the Seals in their rivalry for the second berth.

In another contest on Tuesday's all-starlight game, San Diego batters produced 16 hits for an 11-3 win over fourth-place Portland.

MONROE, Wis. (U.P.) — Dr. Roub has been the sole veterinarian in Green county for more than 90 years. Dr. J. F. Roub, 80, who retired 15 years ago, said his father was the first man qualified as a "horse doctor" in the county. Dr. J. A. Roub, the third generation is now practicing.

POOL FIGURATIVELY "DRY"
AMARILLO, Texas (U.P.) — The municipal swimming pool at Throckmorton park will be figuratively "dry" this summer. The city council ordered that pool officials prohibit anyone from bringing intoxicants with them.

Charged with violation of a section of the city milk ordinance, Donald Madsen, owner of the Sun milk dairy, today had Thursday's 2:30 p. m. set as the time for trial in the court of Police Judge J. C. Humphrey.

Madsen appeared before the judge this morning after a warrant had been signed by Dr. E. R. Price, city meat and dairy inspector, charging him with selling milk under labels which were stamped a higher grade than the grade assigned to him at the time re-grading of local dairies was completed last week.

"I notified Mr. Madsen both by registered mail and by telephone that he was to appear in court on his bottles until he received the grade 'C' pasteurized stamps to which he was entitled," Dr. Price

Price said he purchased a bottle of milk, distributed by Madsen, at noon yesterday and that it was stamped grade "A" pasteurized in violation of the law.

Madsen declared he was not notified until Friday, July 30, that the caps should be changed. Dr. Price, however, produced a registered, mail receipt of the letter sent Madsen, which was signed for on July 28.

STATES TO SIGN

PROBATION PAC

**Invitations Sent Out to Attend
Annual Commission on**

Crime Meet

NEWARK, N. J. (AP)—The governors of 20 states are expected to sign an interstate uniform parole and compact at the annual sessions of the interstate commission on criminal justice to be held in Kansas City, Mo. Sept. 24-25. Judge Richard Hart, chief justice of the New Jersey supreme court, is chairman of the commission.

Invitations to attend the conference were received this week by the governors of these states, the legislatures of which have authorized the compact to regulate parolees: Arizona, California, Delaware, Illinois, Indiana, Maryland, Massachusetts

Minnesota, Montana, Nebraska,
New Hampshire, New Jersey, New
Mexico, New York, Ohio, Oregon,
Pennsylvania, Rhode Island, Utah,
Vermont, and West Virginia.

Prepared by Commission

A statement prepared by the
commission in connection with the
uniform act states:

"The prime purpose of probation
and parole is to aid in the rehabili-
tation of those convicted of crime."

Cases constantly arise, where, due to the existence of their family in another state, better opportunity for employment there, or similar reasons, such rehabilitation would be facilitated by transfer to such other state. But supervision in such other state is essential for the safety of not only the individual, but society as well.

Supervises Parolees
 "The proposed uniform act, which is reciprocal in character, authorizes the states adopting it to enter into compact whereby under certain circumstances each agrees to supervise parolees from the other."
 "The act is endorsed by the Central States Probation and Parole conference, which has done much

Strike Voted

THIS CURIOUS WORLD

By William Ferguson

The diameter of the sun is 864,400 miles, while the moon's average distance from the earth is about 240,000 miles. Thus, it may be seen that the moon could stray away almost twice its present distance and still make its monthly journey inside a sphere the size of the sun.

G. O. P. OUTLINES CREED OF PARTY

Hits 'Karl' Marx Doctrines
Encouraged by New Deal
Propaganda

NEW YORK, Aug. 4. (AP)—The national affairs committee of the national Republican committee was on record today with a statement of principles for guidance of the party, including condemnation of what is called the "doctrines of Karl Marx and of Moscow now being encouraged in this country by the New Deal."

A resolution, embracing a program for the party and practices which it disapproves, was adopted by the committee last night.

"For the first time in our history," the statement said, "we have witnessed attempts against the constitution, against our form of government and against the very integrity of the nation, each led by the President of the United States."

"We have seen class consciousness created and aroused; capital and labor which should be cooperative (and largely have been) openly arrayed as antagonists, until in some of our greatest states virtual civil war arose and the resulting unrest pervaded the whole country."

The resolution set forth as a program the following:

"We believe that unless the New Deal realize experimentation and waywardness is stopped, our form of government cannot continue. Our party principles are never hidden. We believe in the support of the constitution and of the supreme court; a balanced budget; sound currency, based on gold; national economy; enlightened, constructive, far-seeing programs (sound, workable, carefully tested) for agricultural, industrial and social progress; definite protection of the rights of labor and equal protection to those who provide opportunity for work; a protective tariff; opposition to class distinctions; the protection of minorities; the preservation of the rights of the states; encouragement to individual initiative and the minimum of government in business."

DUCE REQUESTS HELP OF HITLER

Report Published in Paper
Says Italy Wants Support
In Case of Attack

LONDON, Aug. 4. (AP)—A report that Premier Benito Mussolini tried recently to obtain from Führer Adolf Hitler a declaration of support in event of an attack by Great Britain has been published today by conservative Daily Telegraph.

The story was advanced as a report to which foreign diplomatic circles attached importance. If true, it would explain the apparently urgent haste with which Prime Minister Neville Chamberlain last week wrote a personal letter to Mussolini, seeking better relations.

According to the report, Mussolini about six weeks ago wrote a personal letter to Hitler. In it, the story is, he expressed the view that Britain was preparing to attack Italy by means of direct action to check Italian aspirations in the Mediterranean, Asia Minor, and elsewhere.

The report continued that Hitler replied, saying he thought such a declaration would be imprudent, at least until the Spanish non-intervention position was made clearer.

YOUTH HELD FOR SISTER'S MURDER

Wisconsin Boy Confesses and
Then Denies Killing With
Smile on Face

FRAIRIE DU CHIEN, Wis., Aug. 4. (AP)—A 15-year-old boy accused of murdering his younger sister placed a jig-saw puzzle together in the jail cell today, while his attorney sought an order to exhumate the body of an uncle from a month-old grave.

Defense Attorney Carl N. Hill sought the order from Judge Jeremiah J. O'Neill because he said he believed Orla Shaw died of arsenic poisoning two weeks after his niece, Mildred Best, 11, was shot to death in her bed.

Mildred and her brother, Harold, lived with Shaw and his wife. Their own parents have separated.

It is for Mildred's slaying—which he twice has confessed and both times denied—that Harold is held. When Mildred's name is mentioned to him, Robert smiles.

Physicists said they were convinced he was not telling the truth in his "confessions." They said he may be "shielding" someone.

Selected to represent her city in the Venice Mardi Gras, Claire James, dancer, has been named "Miss Los Angeles" in a talent and beauty contest.

BRIDGE WINNERS DECIDED TODAY

Pair Championship For Men
And Women Reaches
Finals

ABURY PARK, N. J., Aug. 4. (AP)—Two major national bridge championships will be decided today in the 11th annual summer tournament of the American Bridge League.

In the men's pair championship, the original field of 50 pairs had been cut to 25, while in the women's pair event, 20 of the original 34 pairs remained after the final elimination round last night.

Dr. L. W. Lord, one of Maryland's outstanding contract stars, and John R. McPherran, of Philadelphia, were eliminated before the final round, despite the fact that they bid one of the two grand slams reached thus far in this tournament.

SPRINGDALE

Miss Beverly Luke has gone to Tremonton to visit her grandmother. Jim Braden has returned to his home here from Fort Scott, Calif., where he has been attending West Point preparatory school.

Primary state board honored Mrs. Joe Pixton and Mrs. James Bronson with a handkerchief shower at the home of Mrs. Bronson last week. The afternoon was spent socially. Pearl Rasmussen entertained the Bee Hive girls Thursday. Following an afternoon spent at swimming and games refreshments were served.

RIDE ON SILVERTOWNS

— the only tires in the world with
Golden Ply Blow-out Protection

Right now is the most dangerous time of year to be riding on tired, worn, unsafe tires. Because with long week-end trips and evening drives, you'll be piling up more mileage, putting a greater strain on your tires than at any other time of year.

Be sure of your tires this summer. Come in and let us equip your car with Goodrich Safety Silvertowns. Remember, Silvertowns are the only tires in the world with the Life-Saver Golden Ply. This amazing invention is a layer of special rubber and full-floating cords, scientifically treated to resist the terrific blow-out-causing heat generated inside all tires at today's high speeds. And don't forget Goodrich Golden Ply Silvertowns actually cost much less than other super-quality tires.
