

MADDENED CHINESE BREAK JAPANESE LINES

IN THE DAY'S PARADE

Eyes Farmers

John L. Lewis, guiding spirit of the C. I. O., will turn his gaze toward farmers tonight when he appeals for agricultural backing in a nationwide radio address.

Faces Operations

Grace Moore, grand picture star and motion picture prima donna, was in a Hollywood hospital today for a major operation. Her doctor, however, refused to discuss the nature of her ailment.

Bike Trip at 84

Starting off on a 1,000-mile jaunt from Chicago to his home in Underhill, N.Y., was just routine "exercise" for sturdy William O. Hilly, 84, shown above as he rolled out of the city. Hilly took up his bicycle riding for his health when he was 78 and has ridden 11,000 miles the last five years. He took him 18 days to pedal from Underhill to Chicago.

Buhl 'Sinking Canyon' Area Thrown Open to Public Sunday

Chance to View Spectacle Given For First Time

PRECAUTIONS ARRANGED FOR PROTECTION OF SIGHTSEERS

Hundreds of persons are expected to flock Sunday to the famous "sinking canyon," located approximately seven miles northwest of Buhl as that area is thrown open to the general public for the first time.

Announcement that the public will be permitted to view the wonder of nature was made here this afternoon by Emil Bordewick, manager of Griffin ranches of which the H. A. Robertson ranch, scene of the disturbance, is a unit.

One Entrance There will be only one entrance to view the wonder, Mr. Bordewick said in announcing the opening. The public is advised to drive directly west from the Ring center, located west of Buhl on the main Boise highway, and then to continue for approximately one and one-half miles until the gravel road ends. At this point cars will be diverted through fields and may drive safely and comfortably to within a block or two of the canyon. No other point of entry will be available.

Overseer and renter of the land, Mr. Bordewick said, have gone to considerable expense in safeguarding the public, almost a mile of fence has been built around the new canyon and as close as was deemed safe.

In addition to this precaution, irrigation ditches have been bridged and other fences have been torn down and rebuilt.

Reservations will be made for the public. The reservation platform eight feet wide and 15 feet high has been built and is located within 15 feet of the canyon's edge. Guards will be posted on the reservation platform. It is pointed out that in order to re-insure the owner and tenant for the expense involved, a small charge will be made of each individual entering the ranch. The charge will start at 25c per head. If this does not make expenses the charge will have to be increased. It was announced in addition to this each person of legal age must sign a waiver of liability, which protects the owner from any personal injury or property damage while that individual is on the property.

Minors will not be permitted on (Continued on Page 3, Column 4)

CONVICT KIDNAPS PAIR IN ESCAPE

Young Desperado Captures Truck, Flees Although Handcuffed

MCALISTER, Okla., Sept. 3 (U.P.)—Kidnaping of a 29-year-old desperado, today kidnaped two men, commandeered a prison mail truck and escaped from the state penitentiary after a hand-to-hand fight.

He wrestled a revolver from J. C. Hunter, a guard, and forced Hunter and Hunter's partner, Tom Raffin, to drive the driver of the mail truck, to flee from the prison brick yard.

He escaped without a shot being fired.

Kuykendall released his captives at Coalgate, Okla., two hours later, and kidnapped Tom Raffin. He took Raffin's Chrysler sedan and headed north, Raffin was with him.

State highway patrolmen attempted to block that area.

CHAIN GANG ESCAPES APTON, Okla., Sept. 4 (U.P.)—Eight chain gang convicts overpowered two guards and escaped last night. One prisoner fled today that they were heading north-east when last seen—presumably toward Massachusetts.

The break came in Banks county a few hours after Gov. M. D. Rivers announced that four murderers and two burglars had "gone free" for people on the promise that they would "make Massachusetts our home forever."

Rivers and Gov. Charles F. Hurley of Massachusetts have been engaged in a feud resulting from Hurley's refusal to extradite a Negro chain gang fugitive because the chain gang system was "cruel and inhuman."

President Cruises Long Island Sound

NEW YORK, Sept. 4 (U.P.)—President Roosevelt cruised along Long Island sound on the yacht Plover today, on the first day of a five-day (U.P.) vacation. The president sailed today when he was 78 and has ridden 11,000 miles the last five years. He took him 18 days to pedal from Underhill to Chicago.

Crash and Flames Can't Halt Veteran Flier

Flames lick greedily at the speedy plane of Major Alexander F. Severny, who escaped unharmed when the ship crashed in landing at Floyd Bennett field, New York, where he was to have refueled for an assault on the non-stop transcontinental speed record. Severny, chief of the national air races, however, that he will have the ship ready for the Thompson-coppy-abc-abc. Yesterday, left, spared from injury by the same good fortune that has let him emerge from other accidents unscathed, Major de Severny strides hurriedly away from the scene of the crash.

Lone Survivor Has Three "Iron Lungs"

Companion Succumbs to Paralysis As Respirators Arrive in Denver

DENVER, Colo., Sept. 3 (U.P.)—There were three respirators today for Shirley Curry, instead of one for her to share with another little girl whose lungs also had been partially paralyzed.

Maybele Outcall, 14, was dead, and two mechanical lungs that were speeded across the country by airplane and train, were no longer needed.

Shirley, who is two and a half years old, was gaining strength today and it appeared that the race against death was half-won. Until the two extra respirators arrived, there was a 36-hour period when Denver had only one machine and two girls who needed it. At any moment that both girls should have begun to sink at once, the staff at St. Cecilia Memorial hospital would have had to choose between their lives.

Both girls suffered infantile paralysis.

Shirley, who is two and a half years old, was gaining strength today and it appeared that the race against death was half-won. Accident Kills Bride of Day

Curry Girl, Mrs. Helen Hulet McBride, 18, Dies When Car Overtakes

"SALT LAKE CITY, Sept. 3 (U.P.)—Eighteen-year-old Helen Hulet McBride, of Curry, near Twin Falls, Idaho, bride of one day, was killed instantly last yesterday when her husband's automobile overturned on the highway outside Salt Lake City.

Mrs. McBride and her husband, Carl McBride, Twin Falls, were on their honeymoon here. They were bound for a Great Salt Lake resort when Mrs. McBride, who was driving, lost control of the car.

McBride was only slightly injured.

Word received here indicated that the fatal accident occurred when a gust of wind blew Mrs. McBride's hat from her head causing her to lose control of the machine. She and her husband had planned to return here tomorrow to make their honeymoon.

The couple was married here on Wednesday and left at once on the wedding trip. Word of the tragedy which abruptly ended the honeymoon was received here by the sheriff's office from the Salt Lake City force and was communicated to Mrs. McBride's younger brother, Neil Hulet, the youth and his parents, Mr. and Mrs. Walter R. Hulet, who have gone to Salt Lake City.

Mrs. McBride was born in April of 1919, near Pio, and attended local schools. Her husband is employed at the Harrier Bank company here.

Aviator's Body Found on Lake

Victim of Utah Plane Crash Discovered Floating Far From Wreck

"SALT LAKE CITY, Sept. 3 (U.P.)—The body of Private Fred Pearson, drowned when the army plane in which he was a passenger crashed in Great Salt Lake, was recovered at 4 p. m. yesterday.

Frank J. Hale, beach resort owner, discovered the body 13 miles north of Black rock, approximately 13 miles from where the plane crashed in a motor boat. The body was badly bruised apparently from battering on reefs.

The aviator's body had apparently abandoned his earlier intention of remaining with the crashed ship after Lt. Lucien Powell, pilot, swam to shore and had begun swimming. His clothing had been partially removed.

Judge J. C. Bryan of Tropic, attorney for the estate, announced Pearson died from a strain.

Shanghai Troops Smash Through Attacking Force

Shells Fall in Anglo-U. S. Concession; Natives Frantic

SHANGHAI, Sept. 3 (U.P.)—Hate-maddened Chinese, charging into the very maws of Japanese cannon, tonight overwhelmed 60,000 Japanese soldiers who were trying to drive them from this bomb-torn city. They broke the Japanese lines in five places.

The Chinese again reached the banks of the Whangpoo river and tried to drive the invaders into the waters of the corpse-littered stream.

It was the bitterest fighting in the war to date.

The Japanese defenses were smashed at two points in the Pootung district, across the Whangpoo from the Shanghai's International Bund, and in three places on the west bank of the stream—just above Woonan, and at the upper and lower ends of the Yangtsoo industrial area.

The statement issued by the Japanese command that a spokesman for Admiral Kiyohide Hasegawa, commander of the Japanese third battle fleet, announced that "the imperial army may have to change its attitude and attack Chinese civilian areas."

The statement issued was made known more than a million Chinese refugees jammed into crowded native quarters around the international concession and the foreign concession. Many of these refugees died in the night.

Shanghai, but for the American and British troops, would have been a "second Berlin."

One ship, a British ship, was on the roof of the U.S. marine second (Continued on Page 3, Column 4)

Large American Banks Help War

Two Firms Extend Credits To Japan; Government Money Backs China

(Copyright, 1937, United Press) WASHINGTON, Sept. 3 (U.P.)—American and British banks are helping to finance Japan's undeclared war on China, even as the American and British governments are bending every effort to halt or minimize the conflict, the United Press was informed today by an unusually reliable source.

Two large American banking corporations, it was revealed, have extended credits to the Japanese government. They are continuing to do so, despite charges that the Japanese government funds have been allocated as secured credits for the Chinese government.

Thus, it was stated, American dollars are helping to finance the slaughter on both sides of the conflict.

It was pointed out that there is no legal prohibition against credits or loans to either the Japanese or the Chinese government at the present time. Neither is affected by the Johnson law prohibiting credits or loans to governments in default on their debts to the United States government.

The American government credits for China were arranged before the present hostilities began.

C. of C. Names Two Directors

Lawrence and Winterholer on Board to Complete Two Unexpired Terms

W. B. Lawrence and J. J. Winterholer this afternoon were appointed to the board of directors of the Twin Falls Chamber of Commerce. Appointments were confirmed at the meeting today.

The two men will complete the unexpired terms of Carl Bergstrom, who has left the city, and S. H. Graves who resigned because of pressing business dealing with the school expansion program now underway.

Members at today's meeting also voted to have a committee attend the Four-Highway conference which will be held at Ely, Nev., on Sept. 18. The highway officially designated as U. S. 92, runs through Twin Falls.

Carl DeLong, secretary of the Idaho fruit and vegetable advertising commission, spoke to members concerning present status of the group and other matters pertaining to the advertising of Idaho's products.

Basque Faces Trial

MURPHY, Idaho, Sept. 3 (U.P.)—Police Prosecutors, Basque who appeared charged with the fatal shooting of Mrs. James Stephenson and her son, Robert, will face preliminary hearing here Sept. 7, County Prosecutor O. V. Boyatt said today.

The Basque is not a resident of this county. He was arrested at the home of Mrs. James Stephenson and her son, Robert, will face preliminary hearing here Sept. 7, County Prosecutor O. V. Boyatt said today.

The U. S. public health service reported 4,000 cases in the first 24 weeks this year, compared to 3,118 in the corresponding period of 1936.

A serum made from the blood of recovered victims is efficient if administered before paralysis sets in. The serum is not a preventive. Ontario city health authorities are experimenting on 8,000 school children with a new and subtle method of prevention.

Epidemic of Deadly Paralysis Sweeping Northeastward Across Center of Nation

(Copyright, 1937, United Press) CHICAGO, Sept. 3 (U.P.)—An epidemic of quick-striking, deadly infantile paralysis, mysterious disease for which science has evolved a partial cure, but not a preventive, spread northeastward across the center of the United States today.

The U. S. public health service announced the epidemic was a "mild one." It reported 621 new cases in the country last week, and 412 the week before.

Public officials pressed police, parents and playgrounds, arrest and prevent their children to loiter in crowds.

Chicago's 300 theaters refused to admit children under 16.

Chicago's 300 theaters refused to admit children under 16. They also refused to admit children under 16. They also refused to admit children under 16.

BRITISH, FRENCH SHIPS SPEED TO WAR ON PIRATE "SUBS"

WAR VESSELS TO SINK ATTACKING UNDERSEA CRAFT

Mighty English Destroyers Go To Mediterranean; Guard Peaceful Commerce

By RICHARD D. McHILLAN LONDON, Sept. 3 (AP)—British and French warships sped into the Mediterranean today to wage war on "pirate" submarines that have been attacking ships in recent weeks.

Drastic Orders

All these ships and the ones already in the area were ordered to sink any submarine that attacked peaceful commerce.

Leave No Trace

It means, presumably, that submarines are to be sunk without trace. British warships were ordered to leave no trace of their presence.

Relatives Visit

Miss Edie Sull, at one time girl secretary of the late Gen. William H. B. Sull, is visiting in Twin Falls.

Company Representative

C. J. Brennan, field representative for Sears, Roebuck company, Chicago, has left after spending several days at the home of Mrs. Brennan.

Had Two Flags, Skipper Asserts

SAN CARLOS, Spain, Sept. 3 (AP)—Capt. Gregorio Dimitry, master of the British steamer Woodford, said today that his ship "pirate" submarines sank his ship the Woodford.

Bank Will Pay Final Dividend

Third Check For Twin Falls National Depositors Sets \$7.9 Per Cent Total

Advisor Sought By School Unit

Employment of an architect for general consultation and advisory services is planned by the Twin Falls school district.

Buhl Man Seeks Estate Handling

A. J. Buhl, is petitioner to the probate court for the estate of his late father, J. Buhl.

Coast Guard Searches Gulf of Mexico for 17 Shipwreck Victims

STEAMER TARPON SINKS IN SQUALL OFF FLA. COAST

Crew Member Swims, Floats 25 Hours to Carry Word of Disaster

PANAMA CITY, Fla., Sept. 3 (AP)—Three coast guard cutters and a coast guard amphibian plane searched today for 17 men missing after the coastwise steamer, Tarpon, sank in a sudden squall in the Gulf of Mexico Wednesday.

The Tarpon, with 31 men aboard, coast guard officials announced. The bodies of two, Captain W. C. Barrow, and First Mate W. H. Russell were recovered by the coast guard cutter Triton near the scene. Nine men were found clinging to bits of wreckage and floating in life belts. Two other survivors were picked up by fishermen.

First news of the sinking of the steamer was received yesterday when Adley Baker, 26, of Mobile, an officer aboard the Tarpon, staggered upon beach near the wreck. He was swimming and floating for 25 hours to reach land. After reaching land he crawled on hands and knees to a highway where he was picked up by a motorist.

The small steamer had no radio facilities, coast guard officials said. Baker said the Tarpon sank a few minutes after the squall developed. He described the squall as a heavy fog that shifted. Then it lunged forward and sank. There was no time to launch lifeboats. The vessel had no time to get into life belts.

U. OF I. BOASTS UNION BUILDING

MOSCOW, Sept. 3 (Special)—Greeting University of Idaho students upon their return to the campus yesterday, U. of I. officials will be the new student union building which is nearing completion. The structure was started in June and will be ready for occupancy at the opening of the university year.

Located in the new wing, which is adjacent to the Blue Bucket Inn will be the office of the graduate manager, student publications, and student executive offices on the first floor. The second floor of the building is to be occupied by a ball room which has been added to the smaller space on the second floor of the Blue Bucket. Also included in the arrangement on the first floor is a lounge for students between classes.

Junior High Will Report at Rooms

List of Assignments Will Be Posted at Entrance

Junior high school students will report directly to their home rooms on Sept. 7, the opening day of school, said Principal Mrs. Vera O'Leary today. The list of home room assignments are to be posted outside the main entrance doors of the school. All students, who last term signed up for the special period class, will report to their home rooms at 8 a. m. Those remaining for the final period of the day will report to home rooms at 8:45 a. m.

One room periods will last until about 9:30, during this time the teachers will make the necessary announcements, complete registrations, assign lockers, and distribute text-book lists. As soon as this is completed students will attend first, second and third hour classes, omitting the special period. The regular schedule of class room program will be followed in the afternoon.

BLISS

Virginia Chapman led the Bliss Christian Endeavor group Sunday evening on the topic "Being a Friend in Need." Plans went forward for the party Thursday given by the Bliss girls. The party was held at Banbury's. A winter road was also part of the event.

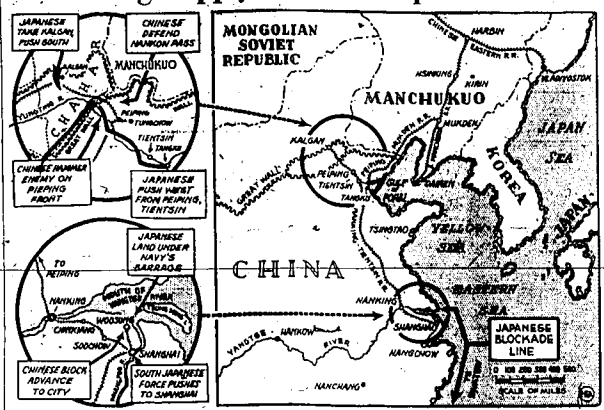

One instructor will act as superintendent Sunday morning and Mrs. Glen Parsons will be the pianist. Eleanor Butler will lead the singing.

Mr. and Mrs. L. H. Taylor of Weiler stopped at the Clingham home Sunday evening to dine. Where Mr. Taylor was judge at the fair. Mr. Taylor is county agent at Weiler.

The opening party for the Benton Pincushion club will be held at the A. Henderson home Saturday evening.

Mr. and Mrs. O. A. Dierblin and family of Spokane, Wash., stopped in Boise Monday. Mrs. John Ayres was taken to the Park Luke hospital in Boise Sunday for treatment. Pomona Orange will meet at Miss Saturday at the school house for an all day meeting and a pot luck lunch. Mr. and Mrs. Bill Stroud are the parents of a son born Tuesday at Gooding. The baby has been named Jordan.

Japan Attempts Isolation of China Through Striking Supply Lines on Separated Fronts

Isolation of China from all sources of munitions and war supplies was the apparent goal of Japanese strategists, as the above map shows, as invaders launched offensives at key communication lines on north and south fronts and severed a 700-mile long blockade of southern China ports, capturing Kiang and control of the railroad and caravan route from Soviet Russia. Japanese forces pushed southward in an attempt to entrap Chinese defenders of Nankow Pass, holding the strategic gateway north from Peking in the face of terrific attacks. British authorities reported Japanese troops had skirted the pass and were steadily forcing Chinese lines extending from the Great Wall to Tangku drove westward from Peking and Tientsin. In the south the invaders encountered stiff resistance in their march on Shanghai from the sea, and bloody battles raged in the city and along the Whangpoo river to Wusung. Chinese planned a strategic retreat toward the Great Wall to Suifu. If effective, would cut off all foreign war supplies from China.

Stalin's New Purge Hits Russia Deeply

(Editor's note: The United Press sent Webb Miller, its famous war correspondent, into the Soviet union to get the story of "Russia Uncensored." Miller has now returned to London and was ready for the press conference in the Communist party and in Soviet industry which began five years ago the workers' "blood purge." Here is the first of six dispatches.)

(Copyright 1937, United Press) MOSCOW, VIA LONDON (Un-censored): Sept. 3 (AP)—During Josef Stalin's historic struggle with Leon Brezhnev and the workers of Leningrad presented plan with a steel broom. The broom was a symbol of the necessity of "cleansing" the Communist party.

Today Dictator Stalin is using it with a vengeance.

The purge which he began in the Soviet union three months ago has extended from generals of the red army to dramatists and writers; from directors of industry to theaters and even the directors of amusement parks.

Information about the true extent of the current "blood purge" is hard to get. The latest news indicates that about 500 persons have been executed by firing squads. Tens of thousands have been arrested, exiled or dismissed from their posts.

The charges against them varied widely but they had one common focus—that the accused, in thought or deed, opposed the Stalinist leadership of the Soviet regime.

Casualties in the present purge have been especially heavy among officials who deal with foreigners and officials who had been long abroad.

Periodical "cleansings" of the Communist party by Stalin's steel broom, or in other words, in the past they have resulted in the expulsion of hundreds of thousands of members. It is indicated by more expulsions, there are now widespread executions, arrests, exiles and dismissals. The extent of the purge provides clear evidence that Stalin regards this crisis as far more critical than the trouble with Trotsky in which only a few thousand were expelled or recanted their opposition.

Stelkes Deeper This purge strikes deeper and wider than any previous party cleanup. It ranges from the inner circles of the government—the central committee of the Communist party, which embraces the real ruling of the country—through the navy, the red army, through every department of the government, to schools, universities, the Communist youth organization and directors of theaters.

Reliable information about the extent and reasons for this purge, however, has been hard to obtain. It is now more than ordinarily difficult to get. Officials are frightened half out of their wits. The man in the street knows no more than is told in the heavily censored press, which carries

BE WISE—

September is here, ushering in the Fall season that will give way, all too soon, to old man Winter.

Protect your home with a coat of good paint. We carry a complete supply.

JAPAN WILL KEEP MANDATED ISLES

Nippon Holds Land Against Rules Laid Down by Versailles Treaty

SAN FRANCISCO (AP)—Japan's intention to keep permanently its mandated islands in the Pacific have been manifested again by the financial organization of the New South Sea Co. to develop them, according to the Institute of Pacific Relations.

In the same manner that Formosa was developed by the Formosa Development company, Japan has proceeded to the organization and financing of the New South Sea company, which will colonize and develop the resources of the mandated islands.

Under Mandate The essential difference between the two enterprises, however, is the fact that under the Treaty of Versailles Japan does not possess the islands. It was granted a mandate on all former German colony islands living north of the equator to be administered under the guidance of the League of Nations. Even the League's mandates are not supposed to be permanent, much less than to confer the sovereignty of the territories in question on the mandatory power.

At the time Japan withdrew from the League it would ordinarily have forfeited the mandate, but Tokyo openly announced the intention of retaining the islands.

Develops Islands Japan's next step was to proceed to colonization and development of the islands. Many of them lie near the metropolitan area. Since there are islands in the Pacific and afford possibilities for naval and sea-borne trade.

The development company which has been organized for the mandated islands, according to the Institute of Pacific Relations, is the Island Development Co., of which 10,546,000 yen will be furnished by the government and one remainder taken up by the people. This was the system employed in the development of Formosa.

The main industries to be developed are mining, forestry, fishing, shipping and agriculture. At the start 1,500 families will be sent to the islands.

Phosphate Ore On Angua Island the company will undertake the development of phosphate ores. On Puaia Island, it is estimated that a production of 50,000 tons a year can be attained. Japan will emulate the United States' experience in the Hawaiian Islands by endeavoring to create a pineapple industry, a special company have been organized for this purpose.

Financial affairs of all the mandated islands which will be organized under what is known as the South Seas government.

STATE BORROWS NOTED CANADIAN

AMES, Ia. (AP)—Agricultural experts who have been breeding bees for disease resistance at Iowa State college for the past two years have appointed an international authority on bee-keeping, Gaston Lamarre, Quebec, to assist them in their research studies.

Lamarre, extension specialist of the Quebec Provincial department of agriculture, has enrolled at Iowa State as graduate student.

In addition to the scientist at the college, the U. S. Bureau of Entomology and the experiment stations of Texas, Wyoming and Wisconsin are participating in the experiments.

Zoologists and plant pathologists are working to develop a strain of bees resistant to the American foul brood disease.

FREE 20 YEARS. BACK TO PRISON

Man Returned to Complete Sentence For Stealing Sheepskin Coat

ANAMOSA, Ia. (AP)—After 20 years of freedom, Arthur Knight is back in the state reformatory to complete a 10-year sentence imposed for stealing a sheepskin coat. The Matison Kidnapping case at Everett, Wash., was responsible for Knight's return to prison. He was held as a suspect in Camas, Wash., and identified through fingerprints.

MONDAY SET AS SCHOOL OPENING

Castelford System's Officials Prepare For New Term Starting Sept. 6

CASTLEFORD, Sept. 3 (Special)—Castelford schools will open Monday morning Sept. 6. The buildings having been painted, renovated and polished are in the best condition that they have ever been in. The football field has been graded and prepared for a seeding of grass; loading places for the buses have been graded, it is announced by officials.

Some changes in books will be made. In high school literature books in the senior and junior years will be changed; composition book in the sophomore year will be changed from "Writing Craft" to "Treasury in Action," course two. Short-hand books will be sold at the school and will take the place of chemistry for this year and books are now on sale for that course. Freshmen will use English in Action Course 'one instead of Sentence and Theme, but they will use the same literature books as last year. Objectives for the first semester all books will be the same as last year.

A class in solid geometry will be offered. French will replace Spanish, but second year Spanish will be offered. In the grades all language books will be changed to the new state course. In acquiring these books it is necessary to get the work books as well as text. Required courses in literature will be given in the junior high school.

Exchange Arranged

Book exchange day will be held Saturday and it is strongly recommended that all books be purchased before Monday. For this service an enlarged school are evident, and there likely will be a shortage of books.

In last year all supplies for beginners are to be furnished by the school. This beginner does not need to bring anything. For this service a flat rate of two dollars per pupil will be charged. This will be payable to Miss Ezzell, who should be notified before the child is enrolled. Pupils will not be taken in the first grade whose sixth birthday has not passed and in the second grade those whose sixth birthday has not passed which closes on Oct. 5.

All last year all reading books will be furnished by the school. This service will be charged for this service. This makes it possible for each pupil to use six books for the year for the price of one. This fee should be paid to the teacher in charge on the date of enrollment.

Teachers Hired

Teacher assignments are tentatively made as follows: A. Elliott teaches the first grade at the Elm high school and the University of Nebraska, two years teaching experience in Nebraska, biology, physics, and chemistry at the University of Nebraska, and plans and band, and band.

Miss Karen Davis, graduate of the University of Idaho, teaches second grade, the University of Oregon, English, French, public speaking and vocal music.

At last year, Howard, book-keeping and grammar will be taught by Miss Esther Braly, a graduate of the University of Idaho, who has two years teaching experience. Miss Braly attended the summer school at Minnesota as did Mr. McDermid while Mrs. Davis attended the summer school at Greeley, Colo.

History, culture, sociology and civics will be under Lucy Smith of Hansen, who has had two years teaching and coaching and is a graduate of the Albion Normal and the University of Idaho.

D. D. Gibbs, principal, will teach history, agriculture and economics. At last year, Mrs. school Mr. Brandy will teach mathematics, science and geography; Miss Dorothy Gilman will teach a second grade in English will teach English, reading and spelling.

H. G. O'Connell will teach sixth grade science, music, Miss Evelyn Braly will teach fifth grade and grade school art. The fourth grade and grade school education will be taught by Miss Lois Fletcher.

Third grade, Miss Marie Holstad; second grade, Miss Agnes Houk; first grade by Miss Ruby Havel.

COMPLETION OF SCHOOL LOOMS

New Building at Jerome Will Be Ready For Use By Sept. 13

JEROME, Sept. 3 (Special)—Now in its final stages of completion, the new Washington school building in Jerome will be ready for use by Sept. 13. From ventilated class rooms, every detail of the building will be modern, officials state.

New furniture costing \$1000 has been purchased and moved into the new building.

New Equipment

For art and nature study departments and the central library, portable table armed chairs equipped with shavers under the seats are being installed. For seating children in playroom and basement, 120 folding chairs are being provided.

Other features include dual-roof shades on 71 main windows, automatic heating and ventilation system, steel sash windows, and an electric clock to control the automatic signal system.

To provide the child with a more balanced program of development and an opportunity to test his knowledge in activities is the aim of the new system to be tried out during the coming term at Washington school, according to H. Maine Shoun, superintendent.

Varied Subjects

Groups of children will be shifted alternately between the subjects of English, language and spelling, taught in the conventional manner, to "actively subjects," taught in informal discussion and laboratory groups in which the children are given a good deal of initiative.

Four divisions of such activity subjects are hygiene and physical education, art and nature study, music and auditorium, and social studies.

Hygiene and physical education will be conducted both as discussions and in the laboratory. The lives of the children and of organized physical activities, such as games and sports.

Appreciative Taught

In art and nature study the children will examine pieces of art and products of nature, such as plants and animals and be taught to appreciate them.

The course in music and auditorium will give the child a chance to hear and evaluate music as well as learn about it.

Social studies will incorporate such subjects as geography and history into an integrated outlook on life. These studies were planned to give the child an introduction to the development of society and some of the problems to be solved.

American Vessel Becomes Target for Aerial Bombs

Photograph-artist drawing of the Dolger liner President Hoover, which became a target for bombs from fighting aircraft, reportedly Chinese, two miles off the entrance to the Whangpoo river, near Shanghai. Three bombs struck the vessel, seriously injuring several members of the crew.

DECLO RESIDENT REELECTED PRESIDENT OF '79ERS GROUP

ABELSON, Sept. 3 (Special)—Hyrum S. Lewis, Declo, is now starting his 14th consecutive term as president of the "79ers" following his unopposed election at the 16th annual meeting attended by members of 600 south central Idaho pioneer families.

The early residents looked back Wednesday on the building of the prosperous Twin Falls, Blaine and Cassia counties from the desert section they found in the past century. They also paid tribute to those of their number who have died during the past year.

Justice Speaks

Two guests of honor were Chief Justice William M. Morgan and Associate Justice Edwin M. Holden of the state supreme court. Gov. Basil Clark was unable to attend. Both justices spoke on the early days of Idaho when it entered statehood.

An address of welcome was presented by J. Earl Powers, professor at Albion Normal school, with a response given by President Lewis. Other officers elected during the session were Willis Seals, Albion, and Jim Handy, Rupert, vice president; Mrs. Lulu Sears, secretary; Miss Rachel Lewis, Declo, assistant secretary; J. Y. Haight, Oakley, historian, and Ben Chaburn, Albion, treasurer.

In an impressive ceremony lighted candles were extinguished for 44 members of the pioneer group who died since the 1888 meeting.

Honor Deceased

Those honored were Frank Riblett, first president of the association in 1922; John McClurkey, Sol W. Huntington, Ben Coxeter, Charles Louisa Matthews, William Davidson, William John Lloyd, Edmund F. Homer, William J. Ward, Maxine Smith Segers, Margaret Ann Chaburn, Maggie Shangle, Andrew George Shangle, William A. Curtis, Otto Olson, Sven Howard Jacobsen, Ira Curtis Guile, Thelma Hill Hutchinson.

Matilda Lewis Deiner, Earl Durfee, LeRoy Durfee, Raymond Curtis, James Gallagher, Charles Shirley Walgamott, Mrs. Joseph Day, Ben Wright, Charles O. Workman, Leonard G. Bennett, Donald Govers, Joseph B. Alexander, Melvin E. Elson, Zella May Harding, William A. Martindale, Stephen H. Jones, Fannie A. Guldumundsen, Iva Wilson Trade.

Bliss Man Wins High Fair Honor

A. H. Butler's horses take eleven prizes

BLISS, Sept. 3 (Special)—At the Western Idaho State fair held at Boise last week A. H. Butler won all but two firsts in the 11 entries he had. Here is his record for 18 days of horse:

Second on senior stallion; second on three-year-old stallion; first and grand champion on the two-year-old stallion, Colypso; first and third on stallion colt; first and grand champion on senior mare, Carnon, and also second and third on senior mare; first on four-year-old mare; first and second on yearling mare; first on mare colt; first, and second on stallion and three mares; first and second on get of sire; first and second on product of dam.

"The stallion spoke defeated the horse that had taken the state grand champion prize of Utah two times in succession.

The horses are now shown at the fair at Burley.

High winds carry dust from Australia to New Zealand, a distance of 1300 miles.

JEROME CHOOSES 6 NEW TEACHERS

School Staffs Completed For Opening By Addition Of Instructors

JEROME, Sept. 3 (Special)—When schools of Jerome and surrounding districts open Sept. 13, six new teachers will replace those who have resigned. H. Maine Shoun, superintendent, has announced.

Three new teachers will fill positions in the high school.

Miss Dorothy Wilson of Trent, Pa., will replace Miss Alberta Frankowski in teaching Latin and Spanish. Miss Wilson holds a B. A. degree from the Iowa State Teachers' college, Cedar Rapids, and has had teaching experience of 12 years, eight of which were spent in the American Falls schools.

Miss Marnetta Jones, a graduate of Jerome high school and Williamsburg university, will replace Miss Virginia Williams, who resigned last spring to be married. In teaching public speaking and literature, Miss Jones taught last year at Burley.

Replacing Miss Mary Ackerman in departmental work at Lincoln school, Miss Madelyn Russell of Enderby, N. D., will teach art and nature study in the new Washington school. She has a degree from the Valpa State Agricultural college, N. D., record of graduate work at the University of Minnesota, and ten years' teaching experience.

Miss Louise Brown of Gooding has been hired to teach first and second grades at Pleasant Plains, replacing Dorothy Stafford, who will teach the first grade at Lincoln school. Miss Brown, a graduate of Northwest Nazarene college, taught at Kimberly for three years.

Miss June Lawson will move to Lincoln school, and Miss Geraldine Langer, a graduate of Jerome high school and of Albion normal, will replace her in the third and fourth grades of Pleasant Plains.

Fifth and sixth grades of the school will be taught by Miss Thos Thomas, Peck, Ida., replacing Miss Murel Johnson, who resigned. Miss Thomas was graduated from Lewiston normal and took graduate work at the College of Puget Sound. She taught for two years at Orofino.

TEA SPONSORED BY AID SOCIETY FETES MEMBER

Mrs. Robert Rogerson, who expects to leave shortly for her new home in Phoenix, Ariz., was guest of honor yesterday afternoon at an informal tea entertaining 35 members of the Presbyterian Ladies' Aid Society at the home of Mrs. H. W. Clouchek.

The tea was served from a table attractive with a lace cover and a bowl of various fall blossoms. Mrs. C. L. Clark and Mrs. L. O. Evans presided at the service during the tea hour. Hostesses were Mrs. Charles Dolner, Mrs. J. H. Glendon, Mrs. Florence McAnulty, Mrs. O. M. McEwan and Mrs. G. S. Resner.

A program was presented by Mrs. W. H. Eldridge. Two vocal numbers were presented by Miss Dorothy Campbell and "American Lullaby" and "Snake River" and Miss Mary Hoover played a selection by Strauss and a Chopin waltz.

The affair followed the regular business session of the society.

PARTY TO HONOR FAYETTE BROTHERS

Rev. and Mrs. R. E. Rees, who expect to leave shortly for Idaho Falls to make their home, are to be honored by a party to be held next week. It was decided at the September meeting of the Ladies Aid society of the Methodist church held yesterday afternoon.

During the session new officers were installed with Mrs. A. R. Campbell assuming the post of president. Mrs. M. M. Moore, vice president; Mrs. Ben Eldred, secretary, and Katherine Potter, treasurer.

The program was presented by Mrs. Roy Haverland and included two piano solos by Lucille Tucker and readings by Mrs. Edith Kingsbury and refreshments were served by Mrs. W. M. Fisher's dinner.

HOME MISSIONS MEETING

Mrs. Emma Gibson discussed "Home Missions" at yesterday's meeting of the Christian Women's Society at the home of Mrs. D. M. Terry. In her talk she included a discussion of the John C. Fremont Home in the south. Mrs. B. T. A. Gott presented a talk on "Towards a New Day," and Miss Katherine Gott gave a report of the play, "Bringing College to the Farmer," and gave the missionary highlights of the Christian conference held at Boise this summer.

The devotions were conducted by Mrs. B. C. Reames, who also had charge of the program.

Refreshments were served by the hostesses to the 25 members and guests attending.

SHOWER GIVEN BY CLUB MEMBERS

Mrs. Ida Swanson was honored at a shower given yesterday afternoon during the social hour of the Sunshine Valley club meeting held at the home of Mrs. Eula Paulk. Ten members were present and answered roll call with "Labor Saving Devices."

Chatting-prises went to Mrs. Elda Swanson and Mrs. Violet Herrick and Mrs. Edna Jakeway won the property gift. A guest was Mrs. Olfertson.

The next meeting will be held Sept. 23 at the home of Mrs. Edna Herrick, Kimberly.

ENGAGEMENT OF COUPLE ANNOUNCED

The engagement of Miss Theo Hendricks, daughter of Mrs. George Hendricks, and William Drake, son of Mr. J. B. Drake, was announced today by the bride-elect's mother. The wedding is planned for the near future.

SESSION ATTENDED BY SALMON SOCIAL CLUB

Mrs. Lena Brooks was hostess yesterday afternoon to members of the Salmon Social club and four guests, Miss Laura Edwells, Cincinnati; Miss Lina Womack, Georgetown, O.; Miss Betty Jane Allred and Miss Helen Fuller.

Members answered roll call with verses or stories with Mrs. Pearl Flay's answer voted best. During the social hour refreshments were served by the hostesses. The next meeting will be Oct. 7.

MEETING HELD BY LADIES AID SOCIETY

Twenty-four members of the Ladies Aid society of the Lutheran church met yesterday afternoon at the church parlors. Three guests were also present.

The meeting was opened by devotionals led by Mrs. A. Lis, president. After the business session this afternoon was spent in listening to Mrs. Probert refreshments.

CROPS PUBLICITY PLAN ABANDONED

Prune and Apple Campaigns Dropped; Potato 'Ads' May Go Next

National advertising campaigns on two of Idaho's crops had been canceled today and that on a third, potatoes, was expected to be abandoned because of refusal of state officials to honor claims of the Idaho fruit and vegetable commission and also because of an anticipated test case in the Idaho supreme court. It was announced here by Carl DeLong, secretary of the commission.

Cancelled are the campaigns on prunes and apples. Unless drastic steps are taken immediately, DeLong points out, participation in a planned national Idaho potato week will have to be dropped.

WON'T PAY CLAIMS

With \$20,000 appropriated by the state legislature for use of the commission in "getting started," State Auditor Harry C. Parsons has refused to honor claims drawn on the funds. The controversy first started when Attorney General W. Taylor "questioned" whether or not the act was constitutional.

Immediately after claims presented were refused, Guy Orphan, commission secretary, announced he would start immediate steps for a test case before the state supreme court.

The commission, DeLong said, finds it impossible to supply 25,000 requested banners to be used throughout the United States in a store window Idaho prune campaign. He also announced the state will not participate in a planned national Idaho potato week on independent merchants throughout the United States to advertise apples, a \$20,000 program.

Spuds in Danger

And, he pointed out, plans to participate in a national Idaho "spud" week of agriculture announced and to be dropped unless the suit is quickly terminated and payments on claims presented the state made immediately.

A mass meeting to discuss the situation and to attempt some form of voluntary agreement to carry on the work will be held at the American Legion hall in Twin Falls Sunday at 2:30 p. m. A protest against the legal suit is also planned for adoption at that time.

The Mataponi river in New York, gets its name from its four small tributaries: Mat, Ta, Po and Ny.

Marian Martin Pattern

MARIAN MARTIN APRON PATTERN 9462

Bring all the gay color you possibly can into your kitchen with plenty of bright-hued, busy-on aprons. The two in Pattern 9462 will make an ideal pair! Apron "A" is perfect in dainty dotted Swiss, with an organdy ruffle, bright buttons, and bib-like yoke. Wear this bit of charm when you serve tea or preside at the dinner table. For peeling the potatoes and stringing the beans, apron "B" will be appropriate in a sturdy cotton. There's no fuss or fiddle to hinder you when you must get dinner together in a hurry! Just a bit of se-rice trim, while the button-back prevents slipping-strap annoyances. Complete Diagrammed Marian Martin Sew Chart included.

Pattern 9462 may be ordered only in sizes small, medium and large. Small size Apron A requires 2 1/2 yards 56 inch fabric and 2 1/2 yards ruffling. Apron B, 2 yards and 3/4 yards ruffle.

Send FIFTEEN CENTS in coin or stamps (coin preferred) FOR EACH MARIAN MARTIN PATTERN. Be sure to write plainly your NAME, ADDRESS, and SIZE NUMBER.

Send for the NEW MARIAN MARTIN PATTERN BOOK, and receive 100 NEW PATTERNS, including the most limited of budget! Each simple pattern points the way to clever clothes—economy—Glamour for parties... Chic for everyday... Every member of the family will welcome this fascinating, practical guide to fashion! Learn "what's new" in fabrics, fashions, accessories! Order your copy now! PRICE OF BOOK FIFTEEN CENTS. BOOK AND PATTERN TOGETHER TWENTY-FIVE CENTS.

Send your order to Evening Times pattern department.

9 p. m. Thursday. Re-organization of the choir and choir practice at the church, under the direction of Richard R. Smith. All who have a talent for singing will be cordially welcome.

MIDGET AUTON WINDOW DISPLAY

Built around the midget racer constructed and operated by Ray Schwartz of Twin Falls, local offices of the Idaho Power company today completed a window display announcing the annual lamp sale at that organization.

The display presents a complete trail of the midget machine to indicate speed. Those seeing the display are told that "speed requires good lights—economy and good eyesight requires good light."

The racer will be "driven" by "Reddy Kilowatt" while in the window.

Asia's non-Christian Confucianist-Taoist sect had 350,000,000 believers, the latest religious following in the world.

P.T.A. SELECTS THEME FOR YEAR

"Our Schools" Will Be Main Topic of Program For Coming Season

The program for the coming Parent-Teacher association year today has been designated as "Our Schools" following the completion of a P.T.A. combined program and executive-committee meeting held yesterday afternoon.

Committee members, while deciding on any one definite meeting, determining the general trend of the program would follow keeping in mind the purpose, "to interpret the program of the school to the parents and all citizens interested in a member of the committee and national first vice president."

Forum Discussion

Meetings this year will consist of a forum discussion on questions of public concern and informal discussions at school and home relationships. It is planned to hold two open house sessions, spring and fall, at which time the parents will meet their children's instructors in the class rooms.

As a feature of each monthly meeting an item titled, "the pulse of the school," will be given by a member of the school administration on current problems.

Second Thursday

With the exception of the first meeting which will fall on Sept. 23 it is planned to hold regular P.T.A. meetings on the second Thursday of every month beginning at 8 p. m. in the high school building.

Members of the committees present at yesterday's session were: H. D. Reigher, high school principal, Craig Wallace, Mrs. Roy Evans, Mrs. Hayes, Mrs. R. L. Reed, Mrs. Ray Sheppard, Mrs. W. L. Goodman, and Mrs. J. R. Nelson.

Another meeting of the same group is scheduled for next week to complete definite programs.

Crippled Children Fly

BOISE, Idaho, Sept. 3 (UP)—Crippled children of Boise will soar through the skies today. A Western Airplane Distributor ship from Kansas City, Mo., will take the children for a long flight around the city. Each child will receive a toy.

HOST TO DEAF

POCATELLO, Sept. 3 (UP)—Foster will be host to the Idaho Association for the Deaf for three days commencing tomorrow. The occasion will be the third biennial convention of the association.

TRAGEDY MARS OPENING OF NATIONAL AIR RACES

CHAMPION FLIER FALLS TO DEATH AS PLANE FAILS

Lee Miles Plummets to Tree Grove as Wings Tear Off At Terrific Speed

CLEVELAND, Sept. 8 (AP)—Tragedy marred today's opening of the national air races, aviation's annual "big show" as a crowd gathered at the Municipal airport to cheer participants in the Bendix trophy race from Los Angeles to Cleveland.

Lee Miles, 37-year-old veteran speed flier from Fort Worth, Tex., was killed last night when his 100-hp racer shed its wings during a qualifying run and plunged into a clump of woods near the airport. He had no chance to use his parachute.

Witnesses estimated that his ship was making approximately 270 miles an hour. The wings parted from the fuselage with almost explosive force. The plane clipped off the tops of trees as it fell.

Miles won the title of American champion in 1934 by taking seven first places in 11 events in the national air races. One of his flying partners was Ann Harding, motion picture star.

The tragedy was the second to occur during preparations for the four-day air carnival. Mrs. Genevieve Savare, of San Diego, Calif., was killed a week ago while testing her 100-hp Amelia Earhart memorial race plane. Several other planes have been wrecked, but their pilots escaped injury.

Severely Injured Maj. Alexander P. de Sevsky, veteran flier and airplane manufacturer, whose 400-mile-an-hour military racer was slightly damaged when it caught fire while landing at Floyd Bennett field, N. Y., telegraphed reports that he would participate in the Thompson trophy race on Labor day. He was expected to finish this afternoon.

Today's program, in addition to the inaugural ceremonies, the meeting of the first spectators, and the opening of the qualifying races, included mass flights by army, navy and marine pilots, a series of parachute jumps, an aerial acrobatic demonstration by Count Otto Haggenburg, German pilot, and Amelia Earhart memorial race for women—a 25-mile dash.

Qualifying races today and tomorrow will start in the 10:00 a. m. 10:00 race for planes of less than 200 cubic inches engine displacement tomorrow, in the 11:00 a. m. Thompson trophy competition, climax of the Labor day program.

WATER AND MILK TESTS TOTAL 86

During the month of August a total of 86 water examinations and 11 milk examinations were made by Ed Beaudry, bacteriologist in charge of the laboratory at the Twin Falls county health unit. It was announced this afternoon on completion of a report for that period.

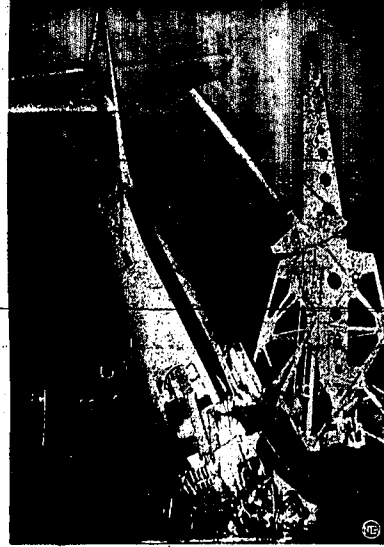

Largest number of tests taken during the month, the report shows, was 308 for syphilis. Second greatest was "widala" for typhoid and paratyphoid fever with 200.

Other tests and examinations made include: undulant fever, 11; gonorrhea, 18; tuberculosis, 9; throat cultures, 37; and diphtheria cultures, 2.

Blackfoot Indians Plan Redmen Rodeo

POINT HALL, Sept. 8 (AP)—Indians of the Point Hall reservation here prepared today for the "War Whoop rodeo," which will be operated entirely by redmen with Indian riders. The rodeo is scheduled for Labor day. Indians from all parts of the reservation will assemble for the festival.

After Bomber's Fatal Dive

After six out of eight members of the crew of a U. S. navy bomber were killed in San Diego bay, when the plane crashed during a routine night practice flight, a ship's crane hooked the tragic wreckage and hauled it out of water.

ADDITION OF NEW VOLUMES GIVEN

Librarian Announces Books Added to Shelves in Three Groups

Hunt Holds the Center, Barbour; Sachin Bird, Dobinson; Working With Electricity, Keeler; Days Before House, Mahy; My Little Farm Friends, Couland; The Master of Mt. Vernon, Moses; Sweet Medicine, (Indian Stories), Randolph; Buckaroo, Hoar.

Mother Asks U. S. Intervention For Condemned Flier
CHAMPAIGN, Ill., Sept. 8 (AP)—A mother whose aviator son, Harold E. Dahl, reportedly has been sentenced to die by Gen. Francisco Franco's insurgent forces in Spain, today appealed to Secretary of State Cordell Hull to intercede for his release.

Mrs. Ida Dahl said she last heard from her son three months ago when he wrote that he was leaving Franco to return to the war zone.

He was captured by the rebel forces July 12 when his government airplane was shot down near the Madrid front. A military court martial in Salamanca sentenced him to death.

INCREASE LOOMS AT HIGH SCHOOL

Boost in Registration Seems Certain Here; Oondie Sees Idaho Gain

Completed enrollment of the Twin Falls high school this year will probably find a greater number of students registered than were signed up at this time last year, if figures compiled on the junior and senior class pre-school registration are indicative of the general trend.

Following the completion of the first day's pre-school registration it was found that 185 seniors and 198 juniors had filled out enrollment cards. Seniors enrolling at the same period last year numbered 178 with 183 juniors signing up, an increase of 22 students.

Total pre-school registration for 1939-40 was 902 with the final figure on Sept. 16 being 1,026. If the sophomore and freshmen registration, to be completed this afternoon, shows the same percentage of increase in students entering as the junior and senior classes, the entire high school student body will be marginally increased.

BOSS IDAHO INCREASE
BOISE, Sept. 8 (Special)—Condic, state superintendent of public instruction, today forecast a 5 per cent increase in Idaho public enrollment this year.

He said the biggest increase would come in high schools and higher elementary grades. Many new families, he said, have come to Idaho.

Last year, the state's 1,413 elementary schools and 200 high schools claimed an enrollment of 119,730 children.

The mud-skipper fish can remain exposed for long periods, so long as its tail is kept in water.

Inspection Tour of Farms Completed

JEROME, Sept. 8 (Special)—Harold J. Broadhead, agriculture instructor of the Kimberly high school, accompanied Virgil Rippe, agriculture instructor of the Jerome high school, Mrs. N. B. Roberts, county superintendent, and E. W. Whitman, county agent, on an inspection tour Wednesday.

The group visited at the homes of Delmer Nicholson and Calvin Grandall, both agriculture students, and viewed the boys' farm projects.

The purpose of the inspection was to judge the projects for the Union Pacific railway scholarship, which is an annual event.

Headquarters for Ins Mines will now be maintained in Mackay, formerly Salmon was designated as head concentration point.

APPLES PLENTIFUL
ST. JOSEPH, Mo., (AP)—Apple growers in northwest Missouri are predicting the largest crop in years. Picking and marketing of early maturing varieties already has started. The retail price varies from \$1 to \$1.50 a bushel.

READ THE TIMES WANT ADS.

TUNGSTEN MINES TO DOUBLE SHIFT

MACKAY, Sept. 8 (Special)—Doubling of the capacity of the Ins Mines at Patterson was announced here today by W. P. Barton, mine manager, who said the increase will give 70 men at work on the property, listed as the second largest producer of tungsten in the United States.

Within the next 90 days, Barton said, the capacity of the mill will also be doubled, order for new machinery having been made and delivery expected for installation next week.

Barton also announced he was taking steps to obtain road improvement in the Pahsimeroi valley to connect with the forest road. At the present time the road from the mine to the forest road on Double Springs is termed "little more than a cow trail."

Headquarters for Ins Mines will now be maintained in Mackay, formerly Salmon was designated as head concentration point.

APPLES PLENTIFUL
ST. JOSEPH, Mo., (AP)—Apple growers in northwest Missouri are predicting the largest crop in years. Picking and marketing of early maturing varieties already has started. The retail price varies from \$1 to \$1.50 a bushel.

Heyburn Students Enroll for Term

HEYBURN, Sept. 8 (Special)—One hundred and twenty high school students and 112 grade school students registered in the Heyburn schools Monday morning.

The high school faculty is as follows: Superintendent, J. M. Whiting; Shirley Jackson, coach; Miss Carman Webb, English; Mrs. Ann Miller, home economics and drama; Miss Wilma White, music; Virgil Cross, agriculture.

The grade school faculty includes Mr. O'Connor, principal; Miss Florence Rooker, Lund Christensen, Miss Myrtle Beck, Miss Nadia Dal Olla and Mrs. Gertrude Lanthorn.

The rhododendron received more votes for the state flower of West Virginia than all other flowers combined.

LABOR DAY TOLL FORECAST 1,000

CHICAGO, Sept. 3 (AP)—Approximately 1,000 persons will meet violent death in the United States during the three day Labor Day week-end, the national safety council predicted today.

Based on records over the last six years, R. L. Forney, chief statistician for the safety council, said approximately 50 persons will die in automobile accidents, around 100 will be drowned, and miscellaneous accidents, including burns, falls, poisoning and cuts, will claim between 400 and 500 lives.
