437-FOOT TOWER ORDERED BY KTFI FOR CURRY SITE

Huge Structure, Largest in Intermountain Area, Tops Series of Changes

Highest self-supporting steel tower in the intermountain country was ordered today by the Radio Broadcasting corporation, operators of KTFI, Twin Falls.

The tower will be 437 feet in height and will be erected one-half mile this side of Curry, three and one-half miles from Twin Falls, it was announced by O. P. Soule, president of the corporation. Mr. Soule awarded contract for the giant tower this afternoon after receiving approval today from the federal communications commission for extensive changes in the KTFI broadcasting set-up.

Lehigh Structural Steel company, Allentown, Penna., was granted contract for the tower, which will be installed by a staff of structural steel experts from Salt Lake City. Steel for the big structure is expected to arrive within two weeks, Mr. Soule said.

Trio Gambled—and Lost—in Bid for Freedom

ED DAVIS BENNY KUCHARSKI CLYDE STEVENS

In one of the most abortive prison break attempts in the history of Folsom penitentiary, these three felons gambled their lives and lost on the theory that prison-made guns and knives would cow Warden Clarence Larkin and gain them freedom. Stevens and Kucharski were killed, Davis reported fatally injured. A guard was killed and seven other prisoners hurt.

Crudely fashioned and prison-made, these "guns" and more efficient knives figured in the abortive break. With the array is Jack Whelan, secretary to the warden, who flashed news of the attempted break to wall guards. The knives are real; the pistols made of wood.

Supreme Bench Denies Claims Of Legal Error

Idaho Tribunal Doooms Final Move by Killer

BOISE, Ida., Sept. 22 (UP)—Idaho's supreme court today ruled that Douglas Van Vlack, condemned wife-slayer, must die on the gallows at the state penitentiary here for his crime.

The court, making what will apparently be final ruling in the desperately fought attempt to save Van Vlack from execution, denied 13 assignments of error arising from resentencing proceedings at Twin Falls June 22.

At that time, Van Vlack was sentenced to hang July 27, but a certificate of probable cause was granted, staying execution.

The court affirmed an order for execution of the death sentence issued by Judge T. Bailey Lee, Twin Falls county, and said, "we are convinced that there is no merit in any of the assignments of error on this appeal, and that the action of the trial court should be affirmed. It is so ordered."

Van Vlack will be returned to Twin Falls to have a new execution date set, unless unseen legal efforts further stay execution.

It was doubted if any other legal action which would again stay execution of the death sentence could be taken.

Nanking, Canton Objective of New Japanese Attack

GREATEST SLAUGHTER OF NEW WAR EXPECTED FROM BOMBING

By EARL LEAF (Copyright, 1937, United Press)

SHANGHAI, Sept. 22 (UP)—Japan loosed the full force of her anger on China today.

A series of air raids on Nanking, the national capital, and Canton, capital of the south, was timed to coincide with a general offensive on all fronts.

Nanking survived the bombings with spirit high, and with little damage. Unconfirmed reports of the Canton raids told of frightful casualties and severe fires.

Americans were in great danger in the Nanking bombing. A Chinese anti-aircraft shell fell in the United States embassy grounds.

Claim Big Gains

In the north, Japanese armies fighting down the Peiping-Hankow and Tientsin-Pukow railroads, claimed big gains.

Fighting here, in its sixth week, reached the peak of slaughter as the Japanese attack opened.

Fighting centered between Lotien and Lichow.

Eight times, at one point, Japanese infantry attacked in face of direct machine gun fire, marching in ordered waves, as one wave killed another advanced. The Chinese, unable to contain themselves, went over the top themselves and killed those who got through the barbed wire. Then, led by an officer who had been wounded in arm and leg, the Chinese counter-attacked and were mown down in turn.

Communication with Nanking was broken twice during the day. A Japanese navy spokesman asserted that four Chinese planes were shot down in the Nanking raids. (Continued on Page 2, Column 3)

French, British and Italian Naval Experts Meet to Work Out Program

PARIS, Sept. 22 (UP)—French, British and Italian experts will meet here soon to work out details for Italian participation in the nine-power Mediterranean "pirate" patrol, it was understood today.

Italy broke the deadlock by making "practical observations" on terms which might induce her to participate. An agreement in principle apparently was reached at Rome yesterday between Count Galeazzo Ciano, Italian foreign minister, and the British and French chiefs of staff.

As the result, Premier Benito Mussolini is expected to leave for Berlin Friday with the anxiety of a dangerous situation removed from his mind.

## Ruddy-Faced Irishman Helps Cubs to Victory In Crucial Series, 7-5

SPORT SQUIBS  
(By H. J. W.)

He had a chat yesterday with John Norby, the Jerome mentor, who by the way, is expected to take a football team to the Tiger Institution this fall.

Bill Morgan, tackle of the Giants, Nagurski of course, and the Chicago Bears, Mel Hunt, great center, Hewett of the Chicago Bears, and Dutch Clark of the Detroit Lions were the best men he can remember playing against.

There is nothing in this talk about \$12,000 per year for a player. Norby stated, "Outside of Red Grange, the highest salary I ever heard of being paid to a player was that drawn by Ken Strong (the Yankee home run king) who was once down around the \$7,000 mark."

Starting this week, this column is again going out of its way to put the proverbial "foot" on the monthly column which has been of being paid to a player was that drawn by Ken Strong (the Yankee home run king) who was once down around the \$7,000 mark.

### Play Second Game Today

By GEORGE HIRKSEY  
NEW YORK, Sept. 22 (AP)—The picture of a ruddy-checked Irishman shaking his fist above his head and yelling, "we won't lose another game," had Chicago aflame today with the possibility of the aroused Cubs and landing in the world series.

Behind the leadership of fist-shaking Gabby Hartnett, the Cubs bettered down the Giants yesterday, 7-5, and trimmed New York's lead to a game and a half.

Hartnett's mighty bat alone almost conquered the Giants in the opening game of the series. He drove in 34.807 at Wright field, Chicago. He hit a triple with the bases loaded in the first inning, slammed a single to fifth center in the eighth to drive in a total of four runs and scored two, figuring in enough runs to beat the Giants.

The winning runs came off Dick Coffman when Hack doubled to left, Herman tripled to right and Hartnett doubled to left center.

The Cubs and Giants go back into action today with Tex Carleton, who has won 14 and lost 7, opposed by Cliff Melton, with a record of 17 and 9.

Yesterday's game was a slugging match in which the Giants racked three Cub pitchers, French, Root and Lee, for 15 hits, and the Cubs collected 14 off Gumbert, Coffman and Smith while the Detroit team hit the Giants hitless for 15 innings, and Coffman was the loser.

The American league pennant today by taking a double-header from the Red Sox. The Yankees have a 1 1/2 game lead.

Detroit divided a double-header with Boston yesterday, losing the first, 7-12, and winning the second, 4-1. The Red Sox scored 10 runs and two out in the winning of the first game. Ben Chapman hit a homer with the bases loaded.

Hal Trosky's fluke homer with the bases loaded gave Cleveland a 6-3 victory over Washington and enabled the Indians to move into fourth place.

### MRS. MOODY IN COAST NET TIFF

Von Gramm Refuses to Play In Mixed Doubles; Woman Star Quits Meeting

LOS ANGELES, Sept. 22 (AP)—Officials of the Pacific Southwest Tennis championships stocked up on aspirin today as Helen Willis Moody left for her home in a huff. Henner Henkel of Germany nursed a swollen ankle and all but four seeded foreign stars had been cut from singles competition.

The withdrawal of Mrs. Moody from mixed doubles capped a series of mixed doubles which dogged the tournament since Ludwig Jodez-jowaka of Poland broke her toe stepping from a train, and ended a day of minor upset and minor visiting challengers removed from the singles competition.

The tournament committee apparently neglected to consult the Baron. Von Gramm indicated on arriving that men's singles and doubles would provide all the matches he could handle, and he stood firm on the decision.

### Kicker Holds Key Spot for 1937 Success at Stanford

STANFORD UNIVERSITY, Calif. (Sept. 21)—Bill Paulman and 44 others constitute the starry football squad with which Stanford University's Claude (Thorn) Thornhill expects to lift the Cardinals out of the second division into which they fell in Pacific Coast conference play last year.

Paulman is the all-important lad on the "farm" this year. With Paulman in there at quarterback, Thornhill expects to go places.

The youth from Oxnard, Cal., is all-important because he can kick. Last year Stanford suffered from lack of punter and had to rely on them out of deep holes their own mistakes and enemy craft dropped their punting average.

Backfield Refashioned  
The backfield is being refashioned, with Jimmy Coffey the only hold-over. Considered the best punting man on the coast, the midget has been assigned, his old left half-back, Ed Greiner, who played almost every backfield post last year, is down for the right half-back job.

Stanford starts its season Sept. 25 against the strong Santa Clara eleven. The Broncos, however, have been hard hit by graduation, and Stanford is favored to win.

Accidents Mar Racing Performance, But 16 New Marks Are Set at Bonneville

At Bonneville, Salt Plains, Utah, Sept. 22 (AP)—Ab Jenkins continued his 48-hour race against time in his Mormon Motor today with his left arm bandaged and practically useless, the result of an accident yesterday while he was speeding across the flats at more than 140 m.p.h.

The car struck a rough spot and both rear tires were pulled loose. The left tire exploded and rebounded, ricocheted and tore two inches deep into his arm. He slipped the steering wheel with his right hand and brought the truck machine under control, then continued to the pits where he relinquished his seat to Lindstrom, now first winner of the Indianapolis motorcycle classic, who is Jenkins' relief driver.

Red and White Groups to Battle For Junior Hi Tennis Title

Boys totaling 16 and girls 6 in number answered the tennis call at the junior high school yesterday as the group met for drawing of matches and instructions from the sponsor, George Sprague.

Boys matches will begin Thursday at noon with those in the White division to play the first round. Pairings drawn at the meeting were: Olin Olin, last year's title winner, and Ted Becker, James Saver and Billy Salberg. Two matches will begin at 12:30 and pair Melvern Hubert with Billy Lake and Donald Koltraba with Olen Terry.

Scheduled girls matches are: Reda, Virginia, Walter against Nyle Tyler, Whites, Olin, Fern, Secord and Ruby Phillips and Ruthann Hayes against Anna Laura Pabat.

THIS CURIOUS WORLD

By William Ferguson

RATS ARE ONE OF MAN'S WORST ANIMAL PESTS, YET HE HAS MADE THEM TO POPULATE NEARLY THE ENTIRE WORLD, BY CARRYING THEM IN HIS SHIPS.

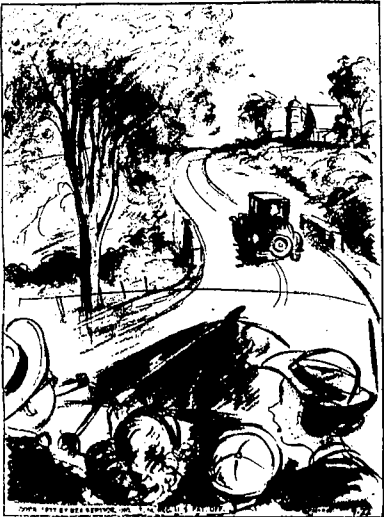

IN 1841, WHEN THE DISSECTED SKELETON OF A MASTODON WAS UNCOVERED, IT WAS SUGGESTED THAT THE BONES WERE THOSE OF AN EXTINCT TORTOISE, AND SHOULD BE RECONSTRUCTED AS ABOVE.

The brown house rat is believed to have invaded Europe from Asia in 1827, by swimming the Volga river. Since then, it has invaded the rest of the world, traveling on man's ships. In the United States, they cause an estimated annual loss of \$200,000,000, not to mention the disease they spread.

### FINAL PLANS FOR 4-H FAIR MADE

Night Football Game, Parade, Prizes Arranged For Gooding Event

**GOODING, Sept. 22 (Special)**—Final plans for the Gooding county 4-H club fair have been drawn up for the big show to be held on the county fair grounds, Gooding, Friday and Saturday of this week. With the schedule completed, radio advertising contracts have been let, and posters printed and distributed throughout southern Idaho.

Among the latest developments are the plans for an extensive street parade Saturday morning. In addition to the fair exhibit, it was announced that a large number of the local business houses have agreed to prepare floats. One firm is sponsoring a section for children, giving prizes to the best decorated bicycles and banners.

**Football Game Stated**—The fair program includes two afternoons of racing, a night football game on the newly lighted rodeo field between Gooding college and Southern Branch, Friday, a car race on the track, and a big dance both nights, the parade Saturday morning, and the exhibits.

In addition to the afternoon racing events, Troop A of the 116th Cavalry has agreed to put on its most attractive series of athletic events scheduled in between the races.

The receipts justify same, a big derby and other extra events will be staged the final day of the fair.

Friday afternoon the Gooding business houses will be closed from 1:30 to 4 p. m., staying open then until 7:30 p. m. The high school football city scheduled to take place Friday afternoon between Gooding and Twin Falls, is now to be played on the Twin Falls field, giving the fair an open date.

**Prizes Offered**—Very little outside talent is being employed, money spent in that way being allotted as cash awards for local displays contests. Sixty-nine cash prizes are being offered, making it one of the largest fairs of the kind in the state this season.

Following is the complete two-day program:

**Friday:**

- 8 a. m. Entering of all exhibits and contestants.
- 10 a. m. Livestock judging contest.
- 4 p. m. Official placings on livestock exhibits, 1st, swine; 2nd, sheep; 3rd, beef cattle; 4th, dairy cattle; 5th, horses; 6th, poultry.

**Saturday:**

- 9 a. m. Fitting and showing contests.
- 9 a. m. Judging of girls' exhibits.

### TWIN FALLS TAX RISES 73.1 CENTS

Combined Total Shows That Amount Gain Per \$100 Within City

Tax increase for property owners in Twin Falls city this year is 73.1 cents on each \$100 valuation, it is disclosed this afternoon after survey of taxes as definitely fixed for 1937.

Combined rate for city residents on the rolls is \$4.489 on each \$100 for 1937 as compared with \$3.758 for 1936. This aggregate includes the

### levies fixed for the state, county, highway district, independent school district No. 1 and the city government

The city's municipal levy increased 30 cents per \$100, but this was offset by the reduction of 39 cents on the part of the highway district. The school levy is up 16 cents per \$100. State levy climbed 25 cents above last year, largely because of need for relief funds after nullification of the sales tax which formerly carried that burden.

The county levy (including current fund, general school, agricultural fair and poor fund) is higher by 22.1 cents per \$100 valuation.

### BOARD FEATURES RED CROSS DATA

First Decoration For Junior High School Emphasizes Younger Unit's Work

Initial bulletin board decoration at the junior high school features the work of the Junior Red Cross. Red Cross posters and the calendar for the current year form the entire decoration. Various activities and the aims of the Junior work in the Red Cross order are pictured on these posters.

In carrying out the theme of

### progress a map of America is shown with the dates of the important discoveries and their location, the others picture the work of Junior Red Cross members in all parts of the globe. The remaining placard is the current poster and features the history of communication throughout the world.

Following the organization of the student council a committee will meet to select the dates and assign rooms for the decoration of the bulletin board weekly. The initial effort was held of room 213 with Garth Field as sponsor.

### \$505 Fine Paid By U. P. for Operating Bus Without Permit

BOISE, Idaho, Sept. 22 (AP)—The Union Pacific railroad today paid a federal fine of \$505 after admitting its guilt Tuesday in U. S. district court to a charge of operating a stage line without a certificate of public necessity from the interstate commerce commission.

The stage line was operated from Shoshone to Sun Valley, Idaho.

### Turkey Crop Seen 23 Per Cent Less

SALT LAKE CITY, Sept. 22 (AP)—The 1937 turkey crop of inter-mountain states will be 23 per cent less than that of last year, A. R. Larsen, federal agriculture department statistician, estimated today.

Utah turkey growers will produce a crop of 10 per cent below their last year's production, he said.

## Canned Foods are Nature.

*America's contribution to fine living...*

Today's housewives appreciate the amazing short-cuts that canned foods bring to the kitchen—thanks to modern canning methods and the fertile lands of the Golden West. Delicious fruits and vegetables, picked at the peak of their natural goodness, packed in containers by methods which retain their flavor and freshness—tasty tuna and salmon straight from the ocean or rivers—flavorful preserved meats prepared under government supervision—rich condensed or evaporated milk from cows pastured on the west's abundant fields!

All these splendid foods—and many more—are available the year round at your neighborhood store as nature-fresh as the day they were sealed, in tin or glass, because modern methods of preservation keep them so!

The progressive Union Pacific Railroad plays an important part in serving western canners and eastern consumers. Cans and jars are sturdy containers, but Union Pacific treats them with the same care it gives to fragile commodities. In winter months, shipments are protected by heater service, and by refrigeration in hot summer weather. Prompt, safe, dependable transportation every day, every year. Last year Union Pacific moved nearly a half million tons of canned food products to America's markets.

Ask your neighborhood grocer for nature-fresh canned foods!

## Hands Clean... Faces Clean...

and it takes lots of **HOT WATER**

● School time means more hot water used. There's the bathroom rush in the morning, to get hands and face clean; baths in the evening to be spic and span for tomorrow. And more little dresses to keep clean and fresh for school.

An automatic electric water heater pays its own way and more, in convenience and saving of time. So many little odd jobs can be done quickly if there's a constant supply of hot water—incidental laundry, a grimy window cleaned, a table top scrubbed.

And hot water service is cheap, with Idaho Power's exceptionally low water heating rates.
