Million Germans Give Italian Leader Ovation on Visit To Capital

By FREDERICK C. OSCHNER
BERLIN, Sept. 27 (UP)—Premier Benito Mussolini and Fuehrer Adolf Hitler came triumphantly into Berlin today to the thunderous cheers of more than a million Germans. The two dictators arrived in separate special trains from Essen, where Mussolini was given an intimate view of the mighty armaments being turned out at the Krupp works. The two trains arrived simultaneously at the main station at Heerstrasse station at 5:45 p. m.

BOISE, Ida., Sept. 27 (UP)—President Roosevelt today before an enthusiastic crowd of several thousand persons said he was looking into the future toward a more conservative and better use of national resources, greater prosperity for agriculture and a wider distribution of control of American activities.

POLICE LOOK FOR CLUES IN KIDNAP OF CHICAGO MAN

All Telephone Calls Traced Into Home of Wealthy Charles C. Ross

ABDUCTED ON SATURDAY

CHICAGO, Sept. 27 (UP)—Police traced all telephone calls into the home of wealthy Charles C. Ross, 72, today for a clue to the motive behind his apparent kidnaping. Three professed kidnappers forced Ross from his car on a lonely suburban road Saturday night and drove off with him. Nothing has been heard from him—or about him—since.

Has Weak Heart

The wife of the retired greeting card and valentine manufacturer said Ross suffered from a weak heart and high blood pressure, and shock or undue excitement might jeopardize his life. Otherwise, she said, he probably will "get along" with his abductors.

The kidnappers asked Ross' secretary, who was with him, whether Ross could "stand a touch for \$250,000" but did not make a specific ransom demand.

Worth \$300,000

Gilbert said he believed Ross possessed about \$300,000. The Boston police admitted possible communication from her husband or the abductors. Capt. Dan Gilbert, chief of the city's 10th police district, said the kidnappers were "in the case except the descriptions of the kidnappers and their cars given by Ross' secretary, Miss Florence Prehage, 44."

TIME EXTENDED IN CORN TRADE

Chicago Board Heads Are Allowed Until 4 O'clock to Deliver 'Shorts'

CHICAGO, Sept. 27 (UP)—Directors of the Chicago board of trade today gave "shorts" two additional hours to allow them to signify their intention of settling their contracts in accordance with the fixed price of 41 1/2¢ a bushel.

According to regulations of the board, the contracts were to be settled by 3 p. m. (CST) today. Under the emergency ruling, the deadline was extended to 4 p. m.

Commodity houses which hold "short" contracts were given four extra hours to prepare for settlement by 4 o'clock a. m. today. The 4 p. m. deadline was applied to individual traders.

The measure was announced after an unexpected session of the board of directors, 24 hours in advance of the regular scheduled meeting.

At the start of trading today there were open contracts on the exchange calling for delivery of 8,000,000 bushels of corn with less than 3,000,000 available with which to make delivery.

Japanese Increase Scope Of Drive; Bomb 2 Cities

Nanking, Canton Target of New Attack from Air

By EARL LEAF
SHANGHAI, Sept. 27 (UP)—Japan, relentlessly increasing the scope and intensity of her drive, bombed Nanking and Canton again today and opened a mass assault all along the Shanghai front.

Communication with Nanking was broken twice by mid-afternoon as fleets of Japanese bombers, seeking to terrorize the capital, struck again after a 24-hour respite.

Big fleets rained bombs over the whole Canton area.

Coincidentally with a new drive on the Shanghai front, three great Japanese planes dropped 500-pound bombs in the north railroad station section of Shanghai.

Bombard Island
Japanese warships bombarded Hainan Island, at the southern end of China, one of the most important strategically in the Far East because it dominates Hong Kong and the Philippine Islands.

A regular military landing party stormed Hainan and Hui'an Island, on the coast between the Shanghai and Canton areas, and seized them.

Chinese sources reported that Japanese airplane fleets mercilessly bombed the cities of Kweliang and Shanghai, north of Canton.

High School Seniors Win Talent Contest

Roland Hutchinson and Miss Nellie McBride, both seniors at Twin Falls high school, were named this afternoon as south central Idaho winners in the Bing Crosby film talent contest.

Both winners are 17 years old. The pair, representing this district, will compete at Boise next Sunday night, Oct. 2, in the Idaho finals to pick the state's most likely boy and girl movie prospects. The contest is a central Idaho, was sponsored by the Idaho Evening Times and the Orphan and Idaho Theaters.

Miss McBride and Hutchinson will receive local awards in addition to their trip to Boise, for which all expenses will be paid.

Win in Elimination
The two high school pupils were selected by a committee of three judges after they and five other entrants presented dramatic and humorous selections from the stage of the Orphan Saturday night.

If either or both of the local winners are chosen at Boise to represent Idaho in the Crosby search for film talent, they will be given a free trip to the finals at Spokane, where Crosby, Bob Huron and other celebrities will be present at the selection of the northwest's movie prospects. Final winners will be given a screen test at Hollywood.

WOMEN, CHILD HURT BY CRASH

Bull Residents Injured When Two Cars Ram Head-On In 3-Way Smashup

Four Bull women were in Twin Falls county hospital this afternoon and one two-year-old Bull child was being treated at home after a three-way auto collision that sent two of the cars into a head-on crash at 3:20 p. m. Sunday.

The accident occurred one mile east of the Burley corner at the east end of Bull.

The injured, all of Bull: Mrs. Grace Shriver, Bull; broken jaw and broken arm in hospital here.

Child Injured
Joan Shriver, 7, broken collar bone and intestine shock; released from hospital.

Mrs. Melba Wilkinson, broken leg in hospital here.

Miss Gertrude Paringer, 20, eyelid teeth knocked out; leg broken; in hospital here.

Miss Glennia Cier, 17, leg and chest injured; ribs broken; in hospital here.

Miss Florence Poppewell, 17, sustained a cut knee in the accident, and Max Wilkinson, 3, escaped unhurt except for bruises.

Mrs. Wilkinson and Miss Paringer were drivers of the two machines that smashed head-on, and Wayne W. Norris, 21, Bull, was operating a third car in the three-way accident, according to Earle Wilkins, state traffic policeman.

Mrs. Shriver and Max Wilkinson were in the car with Mrs. Wilkinson, and Miss Cier and Miss Poppewell.

The first discharge ended in a few minutes and, waiting a reasonable length of time, the party entered the cave which is approximately 100 feet long and ranges in height from four to six feet. It extends back into the canyon wall for a distance of probably 20 feet and then comes to an abrupt halt, with the exception of one small hole which is 18 inches long and six inches wide. It is in front this hole, and probably others, that the smoke emerges, coming from deep in the earth.

At various points within the cave the ashes are very deep and give the appearance of having had air

Weird "Burning Cave" Belches Smoke as Party of Four Inspects Blackened Walls

By O. A. REIKER
Smoke, dark blue in color, pouring from a great cave deep in the Little Salmon river canyon and giving off a burning heat, apparently without any sign of open flame.

The writer and three other men saw this weird sight Sunday.

Here in the heart of the canyon, at a point approximately 700 feet down from the top of the west wall, a 75 feet above the water of the Little Salmon, was a "burning cave."

And then was lost in the clear sky. Each discharge of smoke lasted but a few minutes and, after it had stopped, the cave cleared and permitted the party to enter for a closer investigation.

First Noticeable
Heat inside the cave is easily noticeable, even long after the smoking process has been completed. The roof is covered with a kind of sooty substance which crumbles when touched and the floor is covered with ash caused as waste from the bodies of the owls and rock chucks, which evidently live in the cave during the winter to absorb its warmth, burns under the heat.

As for the two miles' journey lay over masses of fallen lava rock and shale. Finally, around a sharp bend in the canyon, the blackened walls which mark the cave could be seen, but not before the party was almost in front of it. A fisherman, traveling down the river, would never notice the cave unless he happened to look up the canyon at a certain point.

400 APPEALS ON FILE FOR COURT

Highest Tribunal Must Hear Case Against Black During Term

WASHINGTON, Sept. 27 (UP)—Approximately 400 appeals from lower court decisions were on file today for supreme court action when the country's highest tribunal convenes next Monday for its 1937-38 term.

In addition to attacks on New Deal legislation and the usual assortment of tax, patent infringement and damage suits, the court just heard a petition by Albert Levitt, former assistant to Attorney General Homer S. Cummings, who seeks to bring suit on the eligibility of newly appointed Justice Hugo L. Black.

Even Black's most bitter critics appeared to be agreed that only unprecedented action by the court in rejecting legal objections to Black's qualifications would keep him off the bench.

Among New Deal acts the court has been asked to rule on are the commodities exchange acts of 1935, the securities exchange act, the civil liability section of the "truth in securities" act under which damage suits may be brought for filing for false registration statements, and the administration's power program.

Sen. Borah and Gov. Earl Warren, Clark spoke briefly before Sen. Pope and the chief executive. Mr. Roosevelt to the crowd. Pope and Borah, and the governor accompanied the President in a drive through the city and drew many cheers from curbstone crowds, as did the chief executive.

SMOKE-BELCHES AT WEIRD CAVE

Party of Four Climbs Into 'Burning' Wonder; Walls Are Blackened

(From Page One) blown through them from underneath.

Even the rocks on the floor of the cave were evidence of having whitened black and brown. They are burned black and brown and many samples gathered by the loiterers were extremely light, being lava cinders.

Wood, probably carried into the cave by the wind, was not so warm in the winter or by humans who have visited it during its quiet stages, shows evidence of not having been burned but a still warmer. Samples of this wood were also brought out by the party for display at a later date.

One interesting find is either a piece of a straw hat or an old Indian basket and will be given to an expert in Twin Falls for identification.

Inside the cave the odor is comparable to that of a much used incense burner or a smoldering brick on smoldering pipe. The soot appears as dry oil. It is possible that the smoke comes from the vein of coal which is buried in the earth, an oil fire or that of gas.

Outside the cave, on the wall of the canyon, the blackened area extends about 100 feet where the fire started to thin out. The wall gives the appearance of having been subjected to heat for a long time.

Because of the direction from which the smoke evidently comes into the cave there seems to be no possibility that this freak of nature and the famous 'inking canyon' which is down the same canyon some 25 miles, are in any way connected.

That the cave has been visited by few persons is probably because the smoke seems to come at staggered intervals. It was possibly while in the cave you would probably walk right by it unless you were fortunate to arrive at a time when it was blowing.

More thorough search of the cave was given up by the party because of the darkness and the fact that the cave is not a simple one but a maze of passages and chambers.

FDR GIVES TALK TO BOISE CROWD

President Urges Conservation of Resources; Takes Trip Through City

(From Page One) The President's speech was preceded by an hour's automobile tour through Boise, showing tree-lined streets and past five schools. The route included the city's business district, residential sections and landscaped parks.

Crowds, bringing the number of people who saw Mr. Roosevelt here to an estimated 20,000, lined the route from the school and most of the homes were draped with American flags and white and blue bunting.

Two of the schools had been built with \$200,000 in free public works administration money from the government. FWA is also financing a new city auditorium to replace the city's antiquated 13-year-old structure.

The President, Mrs. Roosevelt, and Gov. Clark rode in an open car. Mrs. Roosevelt's arms were loaded with bouquets and boxes of candy. She held the reins and her attendant in a top-down roadster. Mrs. Anna Roosevelt's two children by a previous marriage, "Bliss" and "Buster," had accompanied her in the rumble seat.

Sens. Borah and Pope were in car number 4, immediately after the President. The automobile filled with secret service guards. Borah and Pope received a salute with much applause as the President passed.

Text of FDR Speech

BOISE, Ida., Sept. 27 (U.S.)—Here with the text of President Roosevelt's speech to the Boise crowd.

Friends and neighbors: I shall never forget this morning and when I look back on today's visit to Boise I shall think chiefly of two things. First, of your beautiful tree-lined streets and secondly of your children. And I take it, being a Roosevelt, that you are following the Rooseveltian creed and that the population is going to die of you know, there's something about children and trees that makes me think of permanency and the future. I think by any means one of the tasks of the presidency, the sole task, to think about the presidency. One of the chief objects of it is to think about the future.

We have been, in our 100 years of constitution, the greatest of a successful nation that has wasted its natural resources and often its human resources. And one reason why a President of the United States should travel throughout the country and become familiar with every state is that he should have a collection on him to think about the days when he is no longer President. I think about the next generation. I think there is one reason why I should go on this trip to see a part of Idaho that I have not seen before. I think about the future of this part of the state and now I am seeing something new that makes me think about the future of the state. I am trying to forget the petty problems of the day, the quarrels, the disputes of the moment and to think about the bigger objective of American life, to think about planning. Roosevelt is the great man of our time. There is no better one; to think about how we are going to make a better America for the future. I passed this morning. To think about the preservation of our natural resources. To think about the savings of our timber. To think about the better coordination of our industrial activities—that sounds like Senator Borah. To think about the influence that the United States can have on the rest of the world in behalf of peace—and that sounds like Senator Borah. To think about the time to spend more days and more weeks going around the country.

There was an old mythological character by the name of Antaeus, who was supposed, every time his foot touched the ground, to redouble his strength. When I go around the country trying to get up in Washington, which, incidentally, is one of the narrowest places in the world, I feel that I am getting up in Antaeus. I feel that I am getting up in Antaeus. I feel that I am getting up in Antaeus. I feel that I am getting up in Antaeus. I feel that I am getting up in Antaeus.

JAPANESE SHELL NANKING, CANTON

Invaders Increase Scope of Drives With New Attacks From Air

(From Page One) Japanese sources asserted that planes bombed the Gopwith (British) airplane plant outside Nanking in a morning raid.

United States fourth marine headquarters here received reports that the Japanese planes blew up a sulphuric acid plant at Nanking. The bombing of the airfield railroad station here caused panic. Bombs were used the largest ever dropped for foreign attacks. They shook buildings all through the central business district of the international settlement.

At dawn the Japanese aircraft went over—except at one point. There, at the "international peace" bridge linking Chai-chow and Hsiao-chung, Chinese troops, armored and captured the bridge. This attack was ordered by Gen. Chu Shao-Liang, new Chinese commander in chief.

During the week-end, he, former warlord of Kiang province, succeeded Gen. Chiang Kai-shek in the left for Nanking last Sunday afternoon. Gen. Chu said the United States had believed as many as 40,000 Japanese reinforcements had landed in the Shanghai area within the last week.

There was hope of partial relief of the long existing food shortage here. Japanese had persistently refused permission for foreign supplies to take food from their gigantic storehouses in the Japanese-controlled Hongkong area. Yesterday, without warning, foreign supplies were allowed to enter. Authorities that for 48 hours a total of 870 trucks might enter and take food—anything but rice, which is the staple.

Foreign authorities vainly protested at the lack of notice and the long duration of the removal period. Vainly also they protested against the Japanese refusal to permit them to remove foreign owned rice to feed the scores of thousands hungry, homeless non-combatant refugees.

THEFT OF AUTO LEADS TO PRISON

Embodiment of a motor car from a Twin Falls concern brought a sentence of one to 14 years in the Idaho penitentiary today for Joe Smith, alias Joe Lang.

The prison term was imposed by Judge J. W. Porter today as Smith was brought into district court for sentencing.

The prisoner was convicted of taking a car from the Granary Motor company in Delton, a western Idaho town and keeping it for eight days before he was apprehended.

FREY SUMMONS LABOR FEDERATION TO CRUSH CIO

LEADER CLAIMS LEWIS GROUP IS ON DOWN GRADE

Says Communists Now Have Control of Opponent's Organization

By JOE ALEX MORRIS
DENVER, Colo., Sept. 27 (UP)—John P. Frey, American Federation of Labor department leader, summoned his unitless to crush the Communist for Industrial Organization, which he said had resorted to terrorism that threatened to cost workers the legal right to bargain collectively.

He said the C. I. O. was "Communist."

Frey told the 29th annual convention of the metal trades department that the John L. Lewis union had "forfeited" much of administrative support in the last year and that they were on the downgrade because of public condemnation of their tactics.

"I am convinced," he said, "that this convention will take action which will make your department an inspiration. Let us prepare in the coming convention of the American Federation of Labor we will be the constructive factor who have been in the past."

Frey's speech opened the A. F. of L. convention campaign to expel the Lewis union and disintegrate groups on which that campaign will be fought.

Frey criticized the national labor relations board for favoring the C. I. O. in some cases and said that the Wagner act should be changed to curb the board's powers.

Years Unfair Handicap
Allegedly irresponsible and terrorist methods of the C. I. O. have created the threat that state and federal legislation will be enacted to curb union activity and put labor under an "unfair and unjustified" handicap, he said.

He charged that the Communist party and its affiliates in the Lewis factory was plotting to gain control of A. F. of L. unions; that the C. I. O. had "succeeded" to Communist influence and that Lewis plans to extend his efforts to a definite political field by launching a third party next year.

Report Claims Japanese Sub Sank Chinese Fishing Junks

HONG KONG, Sept. 27 (UP)—Ten survivors of a Chinese fishing fleet, arrived here today in the German liner Scharnhorst after clinging for five days to wreckage.

They said that a Japanese submarine fired into the defenseless fleet, sank 11 of its 12 ships, and killed more than 300 men, women and children.

The Scharnhorst was steaming 30 miles from Hong Kong when lookouts sighted floating wreckage, and human heads protruding out of the sea, the liner stopped. Eight fishermen, one woman and a boy of 13 were picked up, nearly famished. Three had suffered gunshot wounds from the shells of the Japanese submarine.

Survivors said that five days ago the 12 junks with their entire families comprising the crews were fishing off the coast when a Japanese submarine appeared. They said that, without warning the submarine opened fire with its deck guns. Whole families were wiped out, they said.

Even of the junks sank. The 12th, the survivors reported, is limping toward Shanghai with a hand-full of additional survivors.

ABERHART WILL SEEK NEW LAWS

Social Credit Premier of Alberta Prepares For Another 'Orisist'

EDMONTON, Alta., Sept. 27 (UP)—William C. Aberhart, former school teacher and evangelist, placed in office in 1935 as the world's first social credit premier, was reported today to be preparing to seek a new mandate from the people.

Observers believed that a crisis was near in the conflict between the hard-headed premier and the domineering government over his efforts to enact drastic "reform" legislation in defiance of the dominion constitution.

Aberhart replied in a radio speech yesterday to a group of electors in his own constituency, who started a movement last week to oust him from his seat in the provincial legislature. He denounced the campaign as "unfair" and "low down party political tactics."

The premier, who was elected on a promise to establish a social credit system under which 425-per-month would be paid to each citizen of Alberta, has been harassed continually by the dominion government, which has used a variety of drastic measures as unconstitutional.

Plans Re-Enactment
His government announced at a special session of the legislature Friday that it planned to re-enact three measures calling for rigid government control over banks and the courts, despite the fact that the dominion government had vetoed them.

Should they be re-enacted, the king's representative, Lieutenant-governor J. C. Bowen, would have had no course—to refuse royal assent, to demand the resignation of the Aberhart cabinet, or to ground that he had no confidence in it.

Guests Present at Buhl Rotary Meet

BUHL, Sept. 27 (Special)—C. O. Hany and J. C. Deering of Twin Falls and W. O. L. Kendall of Jeneau, Alaska, were out of town guests at the Rotary luncheon Thursday noon at the Royal cafe.

Idaho Wilderness Attracting Beery And Clark Gable

BIG CREEK, Ida., Sept. 27 (Special)—Clark Gable and Bette Beery movie actors, are planning a hunting trip this fall into the wilderness section of Idaho known as the primitive area.

Beery discovered the fine hunting and fishing in the primitive area several years ago and has been returning almost annually. He purchased a small ranch in the Cold Meadows country in the heart of the Idaho national forest, which is one of the finest big game sections in the nation, and turned it over to the forest service for the development of an emergency landing field for airplanes.

It is expected that the two actors will arrive by plane and land at Beery's ranch, Merle Wallace, Big Creek packer, states that he has had word from Beery requesting that saddle horses and guides be available to Beery's ranch on Oct. 1. It is understood that the actors plan to spend a week of longer hunting in this vicinity.

Bus Firm Charged With Underselling Tickets

SALT LAKE CITY, Sept. 27 (UP)—First criminal case in Utah under the federal motor carrier act of 1935, was on file today against the interstate transit line, charging sale of tickets at prices below those in the tariff approved for the company.

Four tickets were sold at American Fork for \$21.00 each instead of the approved price of \$24.45, the complaint filed by Bert L. Penn, district interstate commerce commission motor carriers' division director, said.

The average enlisted strength of the U. S. marine corps is about 16,000.

SMALLPOX CASE NOTED AT FILER

Continued Spread Result of Contacts Before General Vaccinations

Another case of smallpox, one of several to be reported among Filer school children, within the past few weeks, was announced here this afternoon through Dr. H. L. McMarlin, director of the district health unit.

An outbreak of the disease in that community resulted in a drive to have each child vaccinated against the ailment, the work being done by private physicians as well as by health unit workers.

The case reported today, Dr. McMarlin said, is the result of a contact made in some manner probably before the general vaccinations were resorted to.

THE ARTIST WOULD RATHER BE HEARD THROUGH A Stromberg-Carlson

The musician knows that a Stromberg-Carlson will reproduce every tone for you exactly as he plays it without adding false tone or taking anything from the brilliance of his artistry. Foremost of the features of the new style-casting Stromberg-Carlson is the exclusive Acoustical Labyrinth that makes perfect Natural Tone possible. Tri-Focal Tuning gives the most accurate reproduction of every note. Acoustic Sealant Control prevents a powerful station from blotting out the others. These features and many others uphold the saying:

There is nothing finer than a Stromberg-Carlson

The long, winding passage-way of the Acoustical Labyrinth takes the place of the usual box-like cavity in the cabinet which is the source of the exaggerated boom in low tones. It gives you deeper bass notes, with a new richness, and increases the volume capacity and accuracy of the loud speaker.

WE'RE HOLDING anybody you, Sergeant Dolan told Cilly as he and Martin were leaving.

BEHIND THE SCENES IN WASHINGTON By Rodney Dutcher. Evening Times Washington correspondent.

Tammany's Fadeout? It begins to look as if the golden age of Tammany Hall had gone never to return.

Toward Penal Reform Gov. E. D. Rivers of Georgia announces that his state's famous chain gang system is to be abolished and replaced by a more modern penal system.

A COWPUNCHER RAFF BACK AT SHEPHERD'S Dear Pot Shots: Hey, what did that Evel-Bain Bernard and Earl mean by writing to the Evening Star last week?

WE ARE STILL groggy and aren't sure but what Dolan's column may come out under down. Yeah, Idaho licked a Pacific coast conference for the first time since the one in 1910.

IF AMY and Jim had known each other previously, as Jim's note would seem to indicate, why hadn't Amy mentioned it to Cilly?

THEY WERE NO MYSTERY to Jim Cilly when he was told that Harvey Ames had been living here always, as had her parents.

MR. AMES gaped. He stared, "open-mouthed, at Cilly. "You don't mean—the woman—that girl?" His words were jerky, nervous.

UNDER THE circumstances, however, there was nothing for it. Tomorrow she would have to be at Amy's funeral. And during the next few days, there would be a series of conferences with Sergeant Dolan, or summons from him to appear at police headquarters.

ALL CONCERNED—the New Deal crowd, the Lewis group and C. I. O. leaders—again believe that it was Roosevelt who had made the first compulsory gesture to Lewis—in the form of an invitation to the White House.

ROLEY club met at Wood cafe Tuesday noon for its regular meeting. Guests included J. N. Roberts, J. H. Handy, J. Brewer, Beverly Burk, J. T. Stelle, D. Sidney Smith.

EVERYONE'S HAPPY NOW Lewis partisans make the most of the fact that it was Roosevelt who had made the first compulsory gesture to Lewis—in the form of an invitation to the White House.

Under such a system, Georgia could retain the advantages of her old system and do away with its disadvantages. Convict labor would continue to do useful work for the state, but the abuses which made the old chain gang notorious would be abolished.

GIANTS GAIN LEF GAME AS CHICAGO SPLITS

New Yorkers Defeat Brooklyn 4-3; Cards Divide 2 With Cubs

Johnny Allen Wins 14th Straight Contest as Cleveland Beats Detroit Tigers

NEW YORK, Sept. 27 (AP)—The New York Giants were in a position today to coast to the National league pennant and give New York its second straight "subway series" and its fifth in history.

With a four game lead, "Memphis" Bill Terry's gang only has to play a little better than .500 ball and win six out of their last 11 to clinch the flag even should the second place Chicago Cubs triumph in all of their remaining seven.

An immediate obstacle in the Giants' path is a schedule calling for four consecutive double-headers beginning today. Terry plans to send Hubell and Smith against the Boston Beas today. They play another pair with the Bees tomorrow and win-bills with Philadelphia Wednesday and Thursday.

Increase Margin

The Giants increased their margin in a half game by losing out the Brooklyn Dodgers while the Cubs divided a twin-bill with St. Louis yesterday. Lou Chiozza rapped out a ninth inning homer to give New York a 4-3 decision. A four run rally in the ninth sent Chicago to a 6-5 defeat in the opening game against St. Louis. A ten run assault in the second game saved the Cubs an 8-5 decision although they were out 13-12.

Pittsburgh scored its 12th and 13th straight victories over Cincinnati, 8-4, and 2-1.

Boston, weakest hitting club in the circuit, came to life and smashed out three for a total of 37 bases to overwhelm Philadelphia 17-3.

Red Sox Win

The New York Yankees, with the American league pennant already in their grasp, lost to the Boston Red Sox, but their leading margin was increased a half game to 14 as Detroit dropped a pair to Cleveland.

Johnny Allen, who hasn't lost a game all season, scored his 14th consecutive win for Cleveland, besting Detroit 9-3 the opener. Bob Feller outpitched Tommy Bridges in the nightcap, limiting the Tigers to five hits while his mates raked Tennessee Tommy for 12.

Chicago pulled within 2 1/2 games of the second place Tigers by taking two from St. Louis, 4-3 and 4-1.

Bids Issued by Girls' Club Following Party

Bids had been issued today to prospective members of the Tri-C club following the gala rush party on Saturday evening and the business session held by members yesterday afternoon. Next event on the club calendar is the acceptance party to be held Wednesday evening.

The home of Miss Margaret Troxel was the scene of the fireside dinner complementing the guests. The table was centered with a crystal bowl of fall flowers emphasizing the club colors of green and gold, which were repeated in the menu.

The evening was spent in the recreation room where fortune telling and games of chance were featured. Tripp, dancing and group singing also enjoyed.

Guests were Misses Doris Reed, Becky Victor, Edna McCarthy, Mary Frances Bates, Frances Thompson, Jane Douglas, Barbara Sulliff, Betty Lynes, Helen Gee, Arlene Smith, Joyce Miller, Louise Campbell, Debra Jones, Campbell, Harriet Hill, Madeline Bracken, Margaret Van Engelen, Dahl, Green, Hazel Terry, Anita Hardesty, Betty Rae Harvey, Mary Hanes, Effie Hutchinson, Betty Painter, Ann Peterson, West, Bernice McKay, and Dorothy Elmer.

Dinner was served by a committee of the members and Miss Alice Reed was general chairman, who was in charge of arrangements with Jean Jones, president of the club. Dinner, Miss Reed, Miss Dorothy Margaret Smith, Miss Betty Wagner and Miss Elizabeth Jones, entertained. Miss Edna Richards, Miss Marilyn Brise and Miss Marjorie Black; Invitations, Miss Edna Richards, Miss Edna Jones; transportation, Miss Billie Mae White, Miss Jean Lynes and Miss Edna Richards.

Yesterday's meeting was held at the home of Miss Marilyn Brise with Miss Jones presiding. Invitations were given by Miss Edna Richards and Mrs. Harry Bennett, who were present at the dinner and business session.

RUPERT STUDENT PAID LAST HONOR

Impressive Services Held For University Accident Victim

RUPERT, Sept. 27 (Special)—One of the largest and most impressive funerals ever held in Rupert was that of Rupert Baker, conducted Friday afternoon in the Methodist Episcopal church with Rev. George C. Roseberry reading the service. Every available foot of space in the church was occupied by sorrowing friends. Hundreds of beautiful floral tributes were silent tributes to the departed.
With Mrs. Edna Sinclair of Burley at the piano the funeral procession entered to the strains of soft music. Six fraternity brothers of the student came from Moscow to serve as pallbearers. They were: Brooks Landon, Fayette Miraloni, Severin and John Hahn, Twin Falls; Noble Palmer and Sherman Bellwood, Kimberly; and Jack Faggersstad, Wister. Honorary pallbearers were: Henry Creason, Bill Shillington, Clyde Isenberg, Hugh Redford, Albert Lee, Fay Kenney, Rodney Goodman, local friends and J. H. Blandford of Twin Falls.

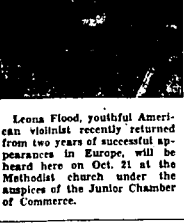

Flower bearers were Dorothy Hanzel of Burley, Helen Schoenhals, Margaret Stevenson, Ida Elmore, Mrs. Edna Lewis, Catherine Leah McMiller of Rupert.
A male quartet consisting of Laurence Frank, Frank Watson, Herman Hendrick and Harry Colewell, accompanied by Mrs. Sinclair, sang "Nearer My God to Thee," Edith G. Sinclair, sang "Beautiful Life of Somewhere," and George Catmull, accompanied by Mrs. Catmull, sang "One Sweetly Sounded Thought."

Robert H. Baker, oldest son of Mr. and Mrs. Hugh A. Baker, was born in Halsey, Dec. 11, 1914. When but a small child he came to Rupert with his parents where they have since made their home and where he received his common school education. He graduated from the local high school in the spring of 1932 and received his B. A. degree from the University of Idaho in June 1937 and had returned there to complete his work in law school this year. His career was cut short by an auto accident near Moscow Sept. 19, when a car, reputed to have been without lights, crashed into the car in which young Baker, his sister and two companions, Gilbert and Kathryn St. Clair of Idaho Falls were riding.

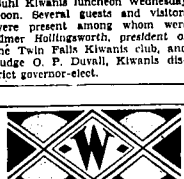

Sister's Leg Fractured
The St. Clairs received minor injuries. Miss Jane Baker sustained a compound fracture of the leg and Robert Baker received injuries which caused his death within an hour after the collision.
He was buried in the Rupert cemetery Friday afternoon. Besides his parents and his sister, Jane, he leaves a brother, Jack.
Tribute was paid to young Baker by the dean of the University at Moscow who said: "Robert's influence for good will be felt as long as there is one who knew him left on the campus."

Violinist Coming

Leona Flood, youthful American violinist recently returned from two years of successful appearances in Europe, will be heard here on Oct. 21 at the Methodist church under the auspices of the Junior Chamber of Commerce.

Addresses Buhl Club
BUHL, Sept. 27 (Special)—Captain Elmer Jones, commanding officer of Company D, Idaho national guard, gave an account of the fourth army maneuvers at the annual national guard encampment which was held at Fort Lewis in August, at the Buhl Kiwanis luncheon Wednesday noon. Several guests and visitors were present among whom were: Elmer Hoffmuller, president of the Twin Falls Kiwanis club, and Judge O. P. Duval, Kiwanis district governor-elect.

RUPERT

Miss Ethel Harpat of Cedarown, Ga., missionary and field worker of the Methodist church, will be in Rupert Tuesday, Sept. 28 and will speak in the local M. E. church at the regular meeting of the Women's Home Missionary society. This will be an open meeting and the public is cordially invited. Miss Harpat is on her way to Seattle to attend the national convention of Methodist churches.

Mrs. and Mrs. Melvin Alfred and granddaughter, Maxine Blinnom, who were guests in the home of Mrs. Alfred's sister-in-law, Mrs. H. C. Christensen, have returned to their home in San Francisco.
Leaving last week to enter colleges are the following Rupert young people: Miss June Eastman, Provo, U. to reenter Brigham Young university; Miss Phyllis Taylor to Lo-

gan to resume her studies in the Utah Agricultural college, where she is majoring in history and sociology; Ferrell Elmore to Chicago to continue his work in Northwestern Medical college and Jack Murphy to Chicago to enter Northwestern.
Mr. and Mrs. H. V. Hockaday, former residents of Rupert, who have been visiting friends here last Wednesday for Twin Falls to visit at the home of Mrs. Hockaday's brother, J. E. White before returning to their home in Nampa.

HAZELTON
Mrs. George Wyllie entertained the Ladies Aid society at her home Wednesday with 21 guests present. Mrs. Claud Brooks presided and the members decided to have a rummage sale Sept. 29 to help defray expenses of church repairs. Luncheon was served by the hostess.
Mrs. Olive Lindsay entertained the Gama club at a hob party last week.

The members came dressed as hoboes and the prize for the best representative hob was won by popular vote to Mrs. George Thompson. Prizes at bridge were received by Mrs. Emma Lou Andrews and Mrs. Van Emerson. Hand-outs were given at refreshment time.

Sunny Side Club Discusses Fairs
BURL, Sept. 27 (Special)—Fifteen members and six guests of the Sunny Side Social club were entertained Wednesday afternoon at the home of Mrs. Wilfred Wingington. The guests were: Mrs. Lester Sumner, Mrs. George Watt, Mrs. Chester Wingington and Miss Marjorie Pritchard.
 "What I Like Best at the County Fair," was given in response to roll call. At the close of the business meeting, Mrs. L. Thurman read an article on the state fair at Boise. Mrs. Don Sumner, a recent bride, was given a shower of gifts for her birthday. The roll call was conducted, the first radio announcing contest won by Miss Pritchard, and the second a hit and word contest won by Mrs. Sumner.
 Arrangements were made to have the canned fruit packed soon to send to the Children's Home Finding society at Boise.
 The next meeting will be held at the home of Mrs. Frank Strawser, Oct. 6.

CHINA-RUSSIAN PACT IS FEARED

Japanese Declare They Have 'Reason to Believe' Agreement is Set
TOKYO, Sept. 27 (AP)—Japan "has much reason to believe" that a Chinese-Russian military agreement exists, foreign office spokesmen said today.
 "But this is not the time to disclose it," he said.
 The spokesman revealed that details of the purported Chinese-Russian pact, as alleged recently in newspaper reports, were not based on official reports.
 The Domei News agency has reported several times that Russia has been supplying airplanes, tanks and munitions to the Chinese. It also reported that Soviet tank experts were assisting Chinese forces.
 The spokesman was asked how Russia could export such equipment to China inasmuch as Japan has blocked the Chinese coast.
 "Outer Mongolia is not far from some points in China when they could be carried by railway," he replied.
 (Asked to comment on reports that China has ordered dum-dum bullets (soft nosed) from a third power, the spokesman replied:
 "We have such reports from official sources. Furthermore, lots of dum-dum were found in the Shanghai city hall."
 Japan's reply to the latest United States protest against the bombing of thickly-populated cities can be expected soon, he announced.

Stevens Forced To Think Again In Flight Stunt

Commerce Department Puts 'Thumbs Down' on Crash Of House and Plane.
 Lamorne Stevens would be permitted to fly an airplane through a house during the Burling attempt on Oct. 23 and 24, but officials of the Idaho State Fair association, sponsoring the stunt, said this afternoon a stunt just as spectacular will be figured and conducted by the competition.
 Stevens, Twin Falls transport pilot, applied to the department of commerce to fly a biplane through a house through a wooden structure which it was planned to erect on the Burling field. The object was to break both the house and the plane and then walk away from it all.
 But the department of commerce, in a letter which was received this afternoon, has turned "thumbs down" on the proposal because of the personal danger involved.
 So this afternoon Stevens announced another stunt would be planned—just as good as the first, one would have to say.

Matters' decision to visit the Middle Fork of the Salmon river wilderness after big game came about in his mind. Marshall had known a man named Matters in the army in Honolulu and suspected that it was his friend who had become the famous flyer, but he was not certain, however, until he saw Matters in a news-reel. Recalling the flyer to be his old army buddy, Marshall wrote Matters and in his letter told him something of the Idaho wilderness. Matters was overjoyed and invited him to come and look it over.

McEMORE FINDS FIELD JUDGES ARE RUINING TOO MANY FOOTBALL TILTS

BY HENRY McEMORE
NEW YORK, Sept. 27 (AP)—Some of my best friends are football fans and they are very nice fellows.
 Your composite field judge is about 40 years in age, fairly sober, looks well in knickerbockers and has two kids, and is a sound if not a sensational provider. And he's very honest.
 Yet we must do something about the field judge. He is ruining too many football games. The field judge is ruining football games by unscrupulously upholding the rule which deals with interference with the forward pass.
 Two years ago a field judge ruled interference against Army on a pass and handed Notre Dame a win. The penalty was unfair—the movies showed that neither clearly interfered with the forward pass.
 Last year he spotted a Princeton-Dartmouth game with a decision which cost people wiggling Raconoc discontented, bringing this thing up to date, I sat in Ohio stadium in Columbus two days ago and saw a field judge render decisions so cock-eyed that Ben Turpin has a case for plagiarism.
 Early in the first period an Ohio State back threw a pass to one of his comrades and the comrade sailed into the air to get it. A Texas Christian University man also sailed into the air to get it. Under the rule and maybe it's the rule and not the field judge that are wrong—both defender and receiver have the same right to go for the ball.
 In this case both went up for the ball with marvelous pique and abandon. Tweek-tweek went the whistle as the ball fell on the ground. The pass was incomplete, but interference was called on the TCU man and the way for Ohio State's first touchdown was paved—the field judge said it was paved with bad intentions; those of us in the press box saw nothing deliberate in the roughness of the Horned Frog, as a girl, Edna St. Vincent Millay, has to aptly name The Texasan.
 A period later a TCU man was waiting for a pass—arms outstretched, aim a mater's red coruscates flying through his veins. One second before the ball arrived, an Ohio State player did him much bodily harm, knocking him to the ground and stunning him for three full minutes. We all listened for the whistle's tweet-tweet. There was none. It was ruled an incomplete pass and nothing more.
 The fault with the forward pass rule is that it leaves everything up to the judgment of the official. It is taken for granted that he

is always in proper position to see the play and nobody can do that unless he is an octopus with a perch on each leg. My understanding is that a football player is opaque and has a periscope on his back. See through a man's back in case he is caught in that position.
Who's Right?
 Every play has eight or ten facts to go to. You on the cast side see one; I on the west side see another; the field judge sees another. Who's right? And who's the solution?
 I don't know.
 But some day in one of our stadium's we're going to have a big riot and then everybody will know.
 Don't miss tomorrow's lecture to the flying weight as compared to the Tinker-to-Lozano to Chance theory of how to play a nifty shot when your ball is smushed in a sticky cellophane candy wrapper. (Copyright, 1937, United Press)

ENGLAND, FRANCE TO INVITE MUSSOLINI TO CONFERENCE

ONLY 3 NATIONS WILL TAKE PART AT NEW PARLEY

Agreement to Withdrawal of Spanish Volunteers Will Be Requested

LONDON, Sept. 27 (AP)—Great Britain and France are exchanging views on the contents of a note to be sent to Rome inviting Premier Benito Mussolini to attend a three-power conference, it was learned today.

The conference will be limited to representatives of Britain, France and Italy, it was learned authoritatively.

The note inviting Mussolini's participation probably will be dispatched to Rome on Wednesday evening after a meeting of the British cabinet. Mussolini ends his visit with Fuehrer Adolf Hitler that day and returns to Rome.

It was understood that the chief point of the three-power discussions would be the withdrawal of "volunteers" from the Spanish Civil war. Informed sources said that the conference, if convened, probably would discuss these points:

1. Withdrawal of volunteers from both Spanish armies.

2. A written pledge from Mussolini that no more volunteers will be sent to Spain.

3. Reaffirmation of the general principles of non-intervention including France's guarantee not to reopen her frontier for the free flow of munitions into Spain if all other aspects of the agreement are carried out.

Man Sentenced for Bumping Ride Aboard President's Special

POCAHELLO, Idaho, Sept. 27 (AP)—Clayton Treat, 34, former Union Pacific railroad employe, was sentenced to 10 days in Bannock county jail here today for riding the roads on President Roosevelt's special train.

Treat, who said he didn't know it was the President's special, rode beneath one of the cars from Idaho Falls to Pocatello.

He was arrested by G. E. Hanson, railroad detective.

Treat was dismissed from Union Pacific service at Blufford, Utah, two months ago. He said he was en route to Salt Lake City to collect money due him from the railroad.

The population of Reno, Nev., has been swelled by the addition of the wives of two of New York's most married millionaires, the third Mrs. Robert Guggenheim, left, and the fourth Mrs. Tommy Manville, better known as Marcello Edwards, seen at right arriving at the divorce capital. Mrs. Guggenheim is reported to seek \$5,000 weekly alimony, while the lovely Marcelle is said to have cut \$200,000 into the Manville fortune.

BROKERS BOUND OVER TO COURT

Embezzlement Charges Lead To District Trial After Hearing Here

J. A. Van Dassel of Spokane and E. D. Van Dassel of Twin Falls today had been bound over to district court to answer charges of embezzlement after a hearing before Justice of the Peace Guy T. Swope was concluded here Saturday evening.

Arrested on a complaint signed by C. C. Tarping of Gooding, the two men, who were incorporated as the Standard Securities company with offices in Twin Falls, are being held in the county jail in lieu of \$2,000 bonds each.

Four witnesses offered testimony at the hearing proceeded Saturday. They were, aside from the complaining witness, Edith Denning and Marjorie Sweet, firm bookkeepers, and E. F. Stettler, assistant cashier of the Fidelity National bank of Twin Falls.

No witnesses were called for the defense by O. C. Hall, local attorney. The state was represented by Edward Babcock, county prosecuting attorney.

Tarping, in his complaint, asserted that the two brothers "fraudulently" appropriated \$1,100 in lawful money which was his property.

The \$2,000 bonds in each case were set at a preliminary hearing and were continued after the men were bound over Saturday.

FILER

Mr. and Mrs. C. L. Luke and family who have made their home here for the past three years, have moved to Twin Falls.

The garden department of the Filer Woman's club met last week at the home of Mrs. D. H. Showers.

The Ladies' Aid society of the Methodist church gave a reception Thursday in the lower auditorium of the church for David Earl Johnson, Rev. and Mrs. I. S. Mott and the teachers of the grade and high schools. A program was followed by refreshments.

Mr. and Mrs. Charles Orm have bought and moved into their new home on North Yakima avenue.

The Entre Nous club met last week at the home of Mrs. Kenneth Henderson. Officers elected were Mrs. Henderson, president; Miss May Davenport, vice president; Miss Leona DeMoss, secretary-treasurer.

Louisiana has 4,794 miles of navigable waterways.

DEATH SUMMONS CASSIA CORONER

D. E. Johnson, Burley Funeral Director For 15 Years, Succumbs

BURLEY, Sept. 27 (Special)—Burley rites are to be conducted Thursday at 1 p. m. in the Burley L. D. S. tabernacle for David Earl Johnson, 46, funeral director here for 15 years and county coroner since 1925, who died Saturday night after being ill for several months.

During his residence here since 1922 he had been active in civic affairs of all kinds, was prominent in the Elks lodge and the Rotary club. He also took an active part in the L. D. S. church.

He was born Aug. 18, 1891, at Ogden, Utah, the son of J. David and Marion E. Johnson.

YOUTH SENT BACK TO KANSAS HOME

John Miller, 20, transient Kansas youth, had been sent back to Ottawa, Kan., today under custody of Deputy Sheriff A. C. Parker.

The youth, who underwent an operation here four weeks ago, has been in the hospital since that time and county authorities decided to return him to his parents at Ottawa.

Claiming non-support and desertion, Mrs. Neoma Mosler filed suit for divorce in district court today against Floyd Mosler.

The couple wed May 6, 1935, at Tulsa, Okla. Mrs. Mosler informed the court that her husband deserted her Aug. 15, 1936. She asks return of her maiden name, Neoma Scott. O. C. Hall is attorney for the petitioner.

ASSAULT TRIAL OCCUPIES COURT

Testimony was under way in district court this afternoon in trial of Floyd Miller, accused of assault with intent to commit rape.

Selection of jurors and presentation of opening statements by Prosecutor Edward Babcock and E. J. Rayborn, defense counsel, occupied the court until the mid-day recess. Judge J. W. Porter is presiding.

Members of the jury are Ray Clayton, D. N. Englebright, Cecil W. Pomeroy, E. J. Colbert, Clarence O. Case, C. Bruce Requa, C. E. Eward, John A. Olsen, Homer Huddleston, A. E. Gray, Oscar Carlson and W. E. Harger.

Fraternity Youth Kills Self While Frightening Roommate

COLUMBIA, Mo., Sept. 27 (AP)—Fraternity brothers believed today that Albert R. Waters, Jr., killed himself accidentally in the Sigma Alpha Epsilon house early Sunday morning while holding a revolver to his head to frighten a fellow university of Missouri student.

Waters and Jack Kilpatrick, 19, of Oklahoma City, a philosophical youth who was a pledge to the fraternity, had been lounging in Waters' room. The talk had turned to religion.

"I feel a sudden urge to commune with my maker," Waters said. A few minutes later he put a bullet through his brain, while Kilpatrick stood a few feet away holding his fingers in his ears, grimacing a feigned terror that became reality in an instant.

Coroner W. R. Tolson withheld judgment pending an inquest. Kilpatrick was taken to the university hospital on the verge of a nervous

HEARING SET FOR ALLEGED FORGER

Charged with attempting to pass a forged check in Twin Falls, Carl F. Moore, 27, this afternoon was scheduled to have a preliminary hearing before Justice of the Peace Guy T. Swope.

According to local police, who made the arrest Saturday night, Moore had two checks on his person, one signed George S. Moore and the other Albert Sturgis. Records show the man has served 14 months in the Idaho prison on a similar charge, having been released a year ago.
