Unit, Numbering 10 Boys, Formed at Bliss; Carl Albertson Leader

Another Boy Scout troop this afternoon had joined the Snake river area council after approval of the unit was given by local headquarters and also Dr. L. F. Lesser, Gooding, chairman of that district. With headquarters at Bliss the new unit has been designated as troop 46 and consists of a Scoutmaster and 10 members who, with one exception, will receive their first Scout training. Members of the troop are Billy Hamilton, Duhril Hamilton, Dewey Miller, Junior Miller, Curtis Pruet, Jerry Lanchester, Algeroy Fawcouth, Carl Pruet, Freddy Bess and Bud Davis. Davis is the only former Scout of the troop, being rated as a first class member with five merit badges. Scoutmaster is Carl Albertson with the unit being sponsored by the Bliss Grange number 165.

## Flyers' Target

His camera slung over his shoulder, a cigarette in hand, Rudolph Brandt, NEA Service cameraman, grins cheerfully above, in Shanghai where he is covering the Chinese war—and grinned just as cheerfully a few days ago when he was caught in a Japanese air attack and narrowly escaped death. The raiders bombed and machine-gunned Brandt and three other American photographers en route to the front in an auto. They escaped by fleeing under fire to a dugout.

# DEATH SUMMONS JEROME PIONEER

Mrs. Laura B. Summers Succumbs at Home

JEROME, Oct. 6 (Special) — Funeral services for Mrs. Laura Bartholomew Summers, 62, one of the first residents of Jerome, will be held Thursday at 2 p. m. at the Presbyterian church. Rev. W. F. Wilks, pastor will officiate and interment will be by the Wiley funeral home. Mrs. Summers, who died yesterday afternoon at her home, was born June 1, 1865, in Salt Lake City. She came here in 1906 and operated the first boarding house, now the Crystal hotel, with her brother-in-law, the late Don McKay. In 1909 she married James Summers, who had started the first harness shop, first business on the tract, which he still operates. She was active in the Order of the Eastern Star and the Pioneer club. For some time before her death she had been in failing health. Besides her husband she is survived by two nieces, Mrs. I. B. Perrine, Twin Falls, and Mrs. Stella Browne, Salmon.

## CLOVER

Mr. and Mrs. Ernest Reinke and family left Saturday for Byron and Johnson, Neb., where they will visit Mrs. Reinke's parents, Mr. and Mrs. Iden, and other relatives. Mrs. Mary Jagan, formerly ill at the home of her son, Albert. Ardell Dolores, daughter of Mr. and Mrs. Herbert Thilme, was baptized Sunday at Trinity church. Mr. and Mrs. H. Thoms and family and George and Esther Pubanz left Sunday for Davenport, Neb., where they were called by the illness of their mother. Elmer Reinke, Deshler, Neb., who is employed on the Albert Schroeder ranch, cut off the middle and index fingers of his right hand in a circle saw on Saturday. Mrs. Rouben, Klernas accompanied her father, J. Held, home to Iowa on Tuesday. She will remain for two weeks. Trinity Ladies' Aid society will meet Thursday in regular session at the home of Mrs. Henry O. Jaaper. Mrs. Esther Werner has left for San Mateo, Calif., where she has employment for the winter. Mr. and Mrs. Ernest Gihring have left for their home at Luzerne, Ia., after spending the week-end at the Theo Gihring home. Mr. and Mrs. A. List and Tommy and Bobby have returned from their trip to Greenwood, Ore., and other points on the coast.

## KIMBERLY

Denny O'Connor, who underwent an emergency operation for appendicitis last Sunday is rapidly improving. John Pisous is visiting friends and relatives in Nebraska, his former home. Mrs. Colin Campbell and children have returned from Ketchum, where they have spent the past two months. O. R. Peterson, who is in the hospital suffering from an infection in his hand, is somewhat improved. Jim Barr, who was formerly associated with the Zip Way market in Twin Falls, is now working at Slaughter's market. Woodrow Miller and Harold Stauffer of Cicero, Okla., arrived Friday to visit relatives in this vicinity. They plan to remain for some time.

## Members of Burley Group Name Staff

BURLEY, Oct. 6 (Special)—The members of the Presbyterian Christian Endeavor elected Hilda Nelsonman as president for the coming year at a meeting held Sunday. Other officers are Edward Hollenbeck, secretary-treasurer, and Grace Blinckey, vice president. The first social event will be Thursday at 8 p. m. when a party will be held at the home of Mr. and Mrs. M. W. McLaughlin.

## RITES FOR INFANT

RICHFIELD, Oct. 6 (Special) — The infant daughter of Mr. and Mrs. Vern Harvey was buried Sunday in the Richfield cemetery, Fay Manville officiated at the graveside rites. The child died at Bellevue where the family has been living.

## Old West Will Live Again in Boy Scout Hike

District Patrols Must Bake Own Bread on Saturday Rook Creek Jaunt

The spirit of the old west, where if you wanted something done the best way was to do it yourself, will get a "working out" Saturday as Boy Scout patrols from the Twin Falls district hike up the west fork of Rook creek. And the things they will do during the hike include such things as baking their own bread or biscuits and planning their own meals. Part of the winter season program, arrangements for the hike were completed here this afternoon under the direction of C. E. Nye, district camping chairman. Nye will be assisted on the hike by Larry Lundin, Chauncey Abbott and Nest Wonnacott, local Scoutmasters. The patrols will meet Saturday at 8 a. m. at the canyon in city park and will provide their own transportation to the point where the hike starts. Awards will be made for the best cooking of the day.

## SCOUTING HEADS MEET AT BURLEY

Plans were completed this afternoon for a sectional meeting which will attract more than 25 Scoutmasters to Burley for a round table discussion. It was announced here by officials. The meeting will be held at the Methodist church at 7 p. m. Friday. Clarence Randall is in charge of arrangements. Cassia and Minidoka Scoutmasters will be present.

The 1179 Catholic high schools in the United States had a total enrollment of 207,767 students in 1936.

BEHIND THE SCENES IN WASHINGTON

By Rodney Dutocher

Evening Times Washington Correspondent
WASHINGTON, Oct. 6.—The current widespread practice of waging war without declaring war is actually just an old-fashioned custom.

In July, 1918, U. S. troops invaded what was then the Spanish territory of Florida and blew up an old fort, killing 70 Indians and Negroes with what would appear to be peace as a motive.

Second War Costly
The second Seminole war, according to records here, was caused by refusal of the Indians to give up peace and was ended by the treaty.

Helping Unions Rout Racketeers

The toughest subject any politician can be asked to handle is the matter of out-and-out racketeers in labor unions.

It's a subject that comes up pretty often, unfortunately. In a good many big cities thugs and musclemen have moved in on certain old established unions and turned them into rackets.

This sort of timidity is just what enables the racketeers to stay in business. It ought to be obvious that the rank and file of any labor union would be tickled to death to have the authorities get the racketeers off their necks.

Somewhat less than two years ago, a special prosecutor named Thomas E. Dewey went into New York City to try to break up assorted rackets.

During the succeeding months Dewey sent the restaurant unions' racketeers to prison and enabled the rank and file in the painters' union to do their own housecleaning.

And on the following day, Dewey appeared before 3,000 members of the painters' union and was cheered to the echo as a true friend of labor.

The point of all this is obvious. When racketeers get control of a labor union, no public official is going to lose labor's friendship by putting the racketeers in prison; on the contrary, he is going to win it.

Edward A. Filene, the Boston merchant who died in Paris the other day, was a useful and distinguished citizen whose active and inquiring mind led him into ways surprisingly unorthodox for a man of his position.

Head of a great department store, he was also an active supporter of the co-operative merchandising movement—which would be about the last thing on a large one would expect a store owner to support.

Just in case England and France can't find a satisfactory way of handling those Mediterranean pirates, Secretary Hull might send them a biography of the U. S. navy's Stephen Decatur.

The Family Doctor

This is the 14th of a series of articles in which Dr. Morris Flaxbein discusses cancers, their causes, and measures for prevention and relief.

By DR. MORRIS FLAXBEIN
Editor, Journal of the American Medical Association, and of Hygiene, the Health Magazine.

More than 6,000 people in the United States die every year from cancers of the intestines and the rectum. About 4,000 people die every year from cancers of the kidney, the bladder and the prostate.

Without attention, the person with a cancer of the prostate gland, the bladder, or the kidney, will die quickly.

Exactly as cancers of the bowels may indicate their presence by the appearance of blood in the excrement, so also will cancers of the kidney, bladder and prostate sometimes indicate that something may be wrong by a reddish appearance of the urine.

Of course, there may be pain which is always a warning signal, but fear too many people are afraid to see a doctor.

Next Diagnosis of cancer.

### JUNIOR CHAMBER PICKS ROBERTSON

Local Group Selects Former State President; Names Other Officers

Guidance of the Twin Falls Junior Chamber of Commerce was in new hands today after election of four new officers and three directors. One officer was re-elected.

John B. Robertson, former state representative and former state head of Junior Chambers, was named president in a unanimous vote after W. R. Reed, the other nominee, withdrew and asked an uncontested ballot for Mr. Robertson.

John Gardner was unanimously elected first vice-president; Eulon Dunn was named second vice-president; Thomas White was chosen unanimously as treasurer, and Voy Hudson was re-elected secretary.

Three Directors  
Walton C. Swain, Stanton Hale and J. J. Muller were named to the three directors' posts.

E. W. McRoberts, retiring president, and Mr. Reed were chosen as national convention delegates, with Mr. Gardner and Mr. Dunn as alternates.

Holdover directors include George Paulson, Stanley Phillips and Tom Wilkins.

Summary of the local Junior Chamber's achievements during the past year was outlined by Mr. McRoberts for more than 40 members who attended the dinner meeting at the Park hotel. These reports showed:

Purchase News  
Purchase of 20 acres adjoining Harmon park for civic recreation center is now in final stages of completion. Price was \$10,000 in addition to \$394.41 taxes. Bank loan may be negotiated to handle the entire price in a single deal.

Curbing and sidewalk project.  
Softball league and district tournament promoted successfully.

Fingerprinting project.  
Midjet auto races.  
Children's Christmas party.  
State swimming meet.

Tree-planting.  
State Junior Chamber convention.  
National second prize in the contest for civic center projects (won on report covering Harmon swimming pool).

Voted other projects were also listed.

\$920 Balance  
Financial status of the local chamber, as reported by Paul Krefel, retiring treasurer, shows a balance now of \$920.56. Income from all activities and from member dues was \$2,146.13.

### I. O. O. F. Leader

Thomas G. Andrews, former Oklahoma state supreme court justice, whose election as grand sire of the Independent Order of Odd Fellows was assured due to his post as deputy sire, was photographed above at the organization's national convention in Milwaukee, Wis. Judge Andrews is from Oklahoma City.

Expenses were \$1,298.35 exclusive of transferring \$200 to the purchase fund for the 20 acres at Harmon.

Plan for "increased cooperation between members and the board of directors" was voiced by the outgoing president. He urged naming of committees from the general membership to eliminate continual selection of committee men from among the directors.

Appearance of Miss Leona Flood, rapidly rising young American violinist, is being sponsored by the Junior Chamber as one of its first 1937-38 projects. She will play at the Methodist church Oct. 21, as originally announced in the Evening Times.

Plans for a Thanksgiving day football game here between San Francisco Junior college and Ricks college of Rexburg, Ida, are awaiting completion of financial arrangements. Chairman Dan Hale told last night's session. Guarantee of 6,000 must be provided by the Ricks football team and \$100 for the Ricks Vikings.

### ALBERTA PREMIER READY TO RESIGN

Aberhart Believed About to Quit After Governor Denies New Bills

EDMONTON, Alta., Oct. 6 (AP)—Prime Minister William Aberhart was believed ready today to resign and seek a new mandate from the people who elected him as the world's first social credit premier.

Three of his most drastic measures, enacted by the Alberta legislature and designed to give his government control over banks and newspapers, were denied royal assent by Lieut. Governor J. C. Bowen, King George VI's official representative.

Bowen announced that assent would be withheld "until further signification thereon be received from his excellency, the governor-general of Canada." Without assent, Aberhart's measures cannot become law.

Bowen announced that assent would be withheld "until further signification thereon be received from his excellency, the governor-general of Canada." Without assent, Aberhart's measures cannot become law.

It was expected that, should the governor general approve Bowen's action, Aberhart would dissolve the legislature and call an election at which he would seek a new mandate. He declared in a radio speech less than 10 days ago that "within the next 40 days" the people would be given an opportunity to support the government or continue under the oppressive heel of the financiers."

SHOCK FELT

### NATIONALISTS TO OPEN AIR ATTACK

Report Says Scores of New Planes Are Coming From Italy

By STEWART BROWN  
ROME, Oct. 6 (AP)—Usually reliable diplomatic and foreign military sources said today that the Spanish nationalists, aided by several Italian air reinforcements, would launch an offensive soon in hope of isolating Valencia, Madrid and Barcelona.

Success of such a drive would be a disastrous blow to the loyalists. Information was that the offensive would start from the Zaragoza front and point southward and eastward.

Plan Diversions  
The design would be to separate Valencia from Barcelona and if possible to cut off communication also between Valencia and Madrid.

Informants predicted also that the nationalist drive would have as its opening move an intensive bombardment of Valencia, Barcelona and other seacoast towns by "scores" of new fast S-70 bombing planes just received from Italy.

It was asserted that Col. Achille Blase would command one wing—three squadrons—of the fleet and that Bruno Mussolini, son of Premier Benito Mussolini, would command one of these squadrons.

Commander in Spain  
It was understood that Gen. Amadeo Meco, until recently commander of the fifth airplane attack brigade, and Col. Giuseppe Barba, former commander of the ninth air squadron, recently reported for service in Spain.

There were persistent reports that Mussolini intended to send more soldiers to Spain. Italian sources insist that portions of the army classes of 1907, 1908 and 1909—men born in those years—apparently destined for Libya, completed a recently organized army corps.

This afternoon 2,184 soldiers are to leave for Naples, ostensibly on their way to Tripoli.

Visit in Madrid  
Wade Law and Martin Wegener spent the week-end in Madrid while Mrs. Wegener visited her parents, Mr. and Mrs. M. D. Watson, in Bulli.

### Wife of Former Salt Lake City Mayor Dies

WOODRIDGE, Cal., Oct. 6 (AP)—Mrs. Ezra Thompson, 80, Salt Lake City, died here yesterday at the home of her son, Ezra P. Thompson. Mrs. Thompson was the widow of Ezra Thompson, pioneer Utah capitalist and former mayor of Salt Lake City. Thompson was one of the early developers of the Park City mining district.

Massachusetts is the second most densely populated state in the union, with 516 persons to the square mile.

# UNION AGENT FLAYS BOARD, C. I. O., LOCAL BUILDERS

## Calls for Fence to Block 'Cut-Throats'

### Dowler Says Dust Bowl Carpenters Get Jobs In Twin Falls

Denouncing the national labor relations board, the C. I. O., and the practice of local builders "in hiring dust bowl carpenters" for jobs which should be filled by established residents, P. W. Dowler, international representative of the United Brotherhood of Carpenters and Joiners of America, last night addressed members of the local carpenters union and guests at a special meeting held at the Twin Falls labor headquarters.

He urged carpenters here to "build a fence" which would "keep out this cut-throat competition."

Dowler, who is a pioneer carpenter, has been in Twin Falls for several days. The United Brotherhood is the largest organization of skilled tradesmen in the world and its origin dates back before the Revolutionary war.

**Leases at Board**

The representative termed the national relations board as a group of men who "don't know what they are doing."

"I don't like the national relations board," the speaker said. "Men sit on that board who do not know what they are doing. Their actions are much the same as when a slight misunderstanding comes up between two families. It can usually be settled between them but if taken to the police or to court it becomes a city scandal."

"The same applies to labor differences. Take them to this board and they immediately become a national scandal because of the way they are handled."

**Urges Employers' Rights**

"Also, the board does not give the employers any rights at all and being a true laboring man, I cannot be for something which fails to give the employer a voice in what they are trying to do to him," Dowler said.

Dowler compared the C. I. O. to a political party which demands only "one church, one school, one judge and one train of thought."

"The C. I. O. is the whim of a few men and a dictatorship which is dragging good, honest people down in the mud. It is an unholy organization of men who do not want to serve the people but rather want to serve themselves," Dowler said.

He pointed out that the C. I. O. was not the first such organization to attempt a start in the United States.

"We have had the Knights of

## WPA's Enigma

Labor, the Social Labor party and the I. W. W. groups. Each has fallen out of its own weight. They were not put out of business by the American Federation of Labor which has grown stronger all the while but rather they have put themselves out of business because they do not serve the people," he stressed.

Says C. I. O. Un-American

He termed the C. I. O. an "un-American" organization which "in many instances is led by Communists."

Turning to conditions in Twin Falls, Dowler urged local carpenters to organize more closely to protect themselves against what he termed "cut-throat labor."

"You should go to your local merchants and reason with them regarding the hiring of this outside labor which is far inferior to that obtainable in Twin Falls. You should tell your merchant that money he spends with you stays here and soon returns to him. While on the other hand, the money he spends with these travelers never returns to him nor the community. When these people get enough money ahead they move on to another field."

"You men live here, pay taxes here, and raise your children here. You help the merchants so it is their duty to help you and I beg of you to see that this very thing is done."

**'Fence' Against Outsiders**

"A farmer builds a fence to keep some things in and some things out. Therefore you carpenters should build a fence around this city to keep this cheap and unreliable labor out and the jobs for your members in," Dowler said.

Turning to national affairs the speaker deplored the idea that "everybody should run to the federal government for aid."

"You should not carry your differences to the government," he said. "Rather you should settle them yourselves. The brainstorms and spasms which are happening now cannot go on forever. They will have to end and will end when people wake up to the fact that they

## JAPANESE STUNG BY FDR SPEECH

### Foreign Office Spokesman Says Nippons Demand Place For People

By EDWARD W. BEATTIE, Jr.

TOKYO, Oct. 6 (UP)—Japan, stung by President Roosevelt's speech on peace disturbers, reported today with a statement made through a foreign office spokesman:

"We hear lately heated arguments on the question of unequal distribution of resources between the 'have' and the 'have not' countries. If the 'haves' refuse to concede the rightful demands of the 'have not' peace will be very difficult to maintain."

The spokesman added quickly:

No Demands

"But Japan does not make demands on this point as her right is Japan's only demand is that her people be permitted to enjoy freedom of movement and happiness which is rightly hers."

"If the President of the United States had the present Chinese-Japanese affair in mind in making his speech, the remarks I have just made are equally applicable in the present issue."

The foreign office spokesman spoke somewhat bitterly of the attitude the United States had shown in excluding people of crowded Japan from her great territories.

It was notable that the spokesman was commenting for American newspapers, and that Japanese newspapers published only the milder versions of the President's speech.

**Attack Great Britain**

Instead, newspapers attacked Great Britain because of the pressure being put on the government by the labor party and other elements to boycott Japan.

"The world was created for mankind," said the spokesman. "Therefore all honest, industrious people have the right to live anywhere in their pursuit of life, liberty and happiness."

"The population of Japan has doubled in the past 50 years and is crammed in a limited space. If Japan wants to send its people abroad all outlets are denied by other countries everywhere. The American exclusion act of 1924 was one which was against the natural law, and its enactment was greatly deplored by the Japanese people."

## "Baby Purchase"

The fact that a \$50 gift was left for the mothers who gave up their babies for adoption by her sister led to the detention of Alice Karnick, above, in Philadelphia, for investigation of a possible "baby traffic." She is alleged to have "purchased" the infant daughter of Mrs. Ethel Clayton in Hillford, Del.

## Famed Violinist Hurt

### In Crash of Airliner

BANDEONG, Java, Oct. 6 (UP)—Bronislaw Huberman, one of the greatest living masters of the violin, a pupil of Joseph Joachim, and a familiar of the musical great, including Johannes Brahms, was injured today when an airliner crashed near Palembang, Sumatra.

Three members of the ship's crew were killed and seven others, including Huberman, were injured. Huberman was en route to Amsterdam from Batavia. The plane was of the Dutch K. L. M. line.

The first game law recorded in the United States called for a closed season on deer, in Massachusetts, in 1694.

## JUNIORS LEAD IN BUYING TICKETS

Thermometers, erected in the Twin Falls high school showing the pulse of student body ticket sales, rate the junior class high with 23 per cent of the membership of 231 purchasing tickets. Total tickets purchased by the juniors number 123.

With a class membership of 231 the sophomore group was running the junior class a close race as the total sale of 120 tickets raised its percentage to 51. Trailing were the seniors and freshmen, the upper class having purchased 90 tickets for a 43 per cent out of 210 members. Members of the freshman class have purchased 126 tickets to equal the number bought by the juniors, but having a membership of 251, the percentage on the thermometer has only reached the 35 mark.

## FAIRFIELD

Mrs. A. E. Bringer was hostess on Thursday at a buffet luncheon followed by contract bridge at eight tables. Prizes went to Mrs. R. F. Baldwin, Mrs. L. Lamson, Mrs. Durrall, Mrs. E. Wilson, Mrs. Kramer and Mrs. Cunningham. Out-of-town guests were Mrs. W. L. Papper, Richfield; Mrs. Rose Clark, Pennsylvania; Mrs. Ed Sawyer, St. Paul; Mrs. Margaret Lumsden, Los Angeles; and Miss Sadie Sawyer, Long Beach.

High school students of Camas high school held their annual election last week. Don Packman was named president; Richard Turner, vice president; Clara Roe Jones, secretary-treasurer; Ray Wolfe, senior council member; Eileen McCarter, junior; Irving Spratt, sophomore; and Donald Turner, freshman.

## Man Drowns in State Natatorium at Lava

POCAHELLO, Idaho, Oct. 6 (UP)—Fred Muir, 31, Wayan, Idaho, drowned in the Lava state natatorium late yesterday.

Muir fell or leaped from rings over the pool and sank immediately, his wife only witness to the drowning.

Two pool attendants, attracted by Mrs. Muir's screams, recovered the body almost immediately, but artificial respiration failed to revive Muir.

"Remember how high the cost of living was in 1928 and 1929?"

"But electric rates were reduced in both those years."

"Remember, too, that everything took a nosedive from 1930 to 1934?"

"Electric rates were steadily reduced all that time."

"And then prosperity began to show itself in 1935, 1936 and 1937. Prices began to climb. The cost of living began to go up—as it always does in times of returning prosperity."

"Still electric rates continued to go down. They were reduced \$96,000 a year in 1935, \$86,000 a year in 1936, and in 1937 they were slashed \$128,000 a year, the largest reduction in the history of the Idaho Power Company!"

"My wages—your electric rates—are the only item in the family budget that's cheaper, and a bigger bargain than ever before."

# Giants, Yanks Deadlocked in All-Time World Series

## Opponents Have Each Won Two Encounters In Clashes for Title

### Ruppert Club Favorites to Take Crown

By GEORGE KIRKBY  
NEW YORK, Oct. 6 (U.P.)—

Baseball's biggest show opens today with the Yankees, a crew of murderous sluggers who dominated the American league, battling the Giants, a gang of specialists who snatched the National league pennant from the Cubs by a dramatic comeback, for the world's championship.

It will be the fifth time New York has held a monopoly on the world series. The Yankees and Giants were world series rivals in 1901, 1902, 1922 and 1936. They are all square in the big series, the Giants winning in 1921 and 1922 and the Yankees in 1923 and last year.

From a financial standpoint the 1937 series rivals in 1921, 1922, 1923 and 1936. They are all square in the big series, the Giants winning in 1921 and 1922 and the Yankees in 1923 and last year.

The Yankees have an opportunity to win their sixth world championship—a new record—on one team. With five world titles (1921, 1927, 1928, 1932 and 1936) and the Giants (1922, 1923) are now tied with the Boston Red Sox and Philadelphia Athletics for the top honor.

The Giants have a chance to tie the Yankees, Red Sox and Athletics by winning the series which would give them five world championships. They won the world series under John J. McGraw in 1900, 1901 and 1922 and under Bill Terry in 1955.

From almost every standpoint the Yankees are rated a superior team to the Giants. They are a heavy betting favorite again this year and many experts feel that they'll do a more thorough job of their craft than the Giants than they did a year ago when it took them six games to do the job.

Giants May Surprise  
One of the reasons why the Yankees undoubtedly would prove a better team than the Giants, but in a close, win-or-lose game series, the breaks play such an important part that the Giants' cause is far from hopeless.

Indeed, some of the gamblers rate the Giants the best short-handed in world series history. They rate the Giants team a better balanced club than last year and a calm survey at this time of last year's world series reveals how the Yankees came to the seventh game in 1936.

The Giants have a chance to tie the Yankees, Red Sox and Athletics by winning the series which would give them five world championships.

MEMPHIS COUNTRY CLUB  
MEMPHIS, Tenn., Oct. 6 (U.P.)—Thirty-two survivors in the 41st annual women's national golf championship faced elimination today with two 18-hole rounds scheduled that will cut the field to eight.

The third round is scheduled for 1:30 p. m. with the Page-Brantley winner ending the victor of the second round match between Charlotte Gilpin of West Orange, N. J., and the champion of East Providence, R. I. The latter is expected to be one of the best lifts of the day as both girls turned in convincing victories yesterday. Gilpin won 9 and 7 and Miss Bauer 6 and 4.

Vandals Work on Muddy Field Plays  
MORGOWN, Ida., Oct. 6 (U.P.)—Coach Ted Bank of the University of Idaho football squad was taking advantage of drizzling weather this morning to play which he hopes his team will be able to use to advantage in any game played on the field.

Harold Rose and Sara Malco, athletes who were put on the new team, were in the news again, again. The new team was again put on the field at Sali Lake City on Oct. 6.

### McEMORE SEES YANKS WINNING 1937 WORLD SERIES IN SIX GAMES

By HENRY McEMORE  
NEW YORK, Oct. 6 (U.P.)—

SEMO 'XIS NI BEEKKAY KHT! No, that isn't Scandinavian, Welsh, or Gaelic, or the college yell or some mysterious code. It's just the backwoods scoring system of the Yankees in six games. I wrote it backwards on purpose. If past performances mean anything my selection will turn out to be a reverse one. So I thought I might just as well put it in reverse English to start with.

(There will be a 10 minute recess at this point to allow readers to run out and place bets on the "ants—Ed.)

Mac's Reasons  
I'll give you my reasons for selecting the Yankees to triumph. In the first place, the American leaguers have a habit of scoring more runs than the Giants. And nowhere in the records, no matter how far back your research carries you, do you find any evidence that scoring lots of runs impairs a team's chances of victory. In fact, from what I've seen of baseball, and from what I have learned by talking to critics and players of the game, I would almost be willing to flatly state that it is impossible for the team scoring the most runs to lose. That may seem a bit technical, a first glance, but I sincerely believe it's true.

What do you readers think about it? I'd appreciate you writing me care of somebody else and letting me know. In the second place—and I really believe it is the most important of all reasons—there are many more married men on the Yankees than on the Giants. There is nothing like a little woman when it comes to the business of giving a man that will win, that fighting spirit. Single players will have nothing more than a desire for glory.

### Dangerous Hitter

Baseball men have told me that there is nothing more dangerous up at that plate than a player whose wife has set her heart on a silver fox cape and a trip to Bermuda. I would much rather face a 300 hitter who is unmarried, a well known pitcher once told me, "than a married 250 hitter whose wife has become dissatisfied with the living room furniture. He has a look in his eyes, a certain set to his jaw, that is most alarming. I have made it a rule to always walk these married men unless the bases are loaded."

### GIBB TAKES 2ND TITLE IN TENNIS

Boys' tennis champion of the Junior high school play for the second year, is Glen Gibb from the Red division. To earn the crown this year Gibb yesterday defeated Wallace Brown, White, 6-1.

Doubles matches in both boys and girls divisions were inaugurated yesterday as Anna Laura Paust and Gail Ann Ott defeated Ruthann Hayes and Ruby Phillips, 6-4. First round game in the boys doubles was captured by Oliver Balmer and Gibb as they defeated Glen Terry and Melvaine Hubbert.

Bill Ford Leads Squad to Win Over Studebaker; Kimberly Victor

Placed by Bill Ford, National Laundry bowlers today had turned back the challenge of Studebaker regis in the Twin Falls Commercial league. The Laundrymen swept the first two games and then slumped to drop the finale. Kimberly Teachers took a 2-1 verdict over Twin Falls Flour Mills in the City League.

Ford's 553 topped the Laundry-Studebaker clash, and his 200 was high game. L. R. Weller had 54 to lead the City loop encounter but Chet Clark's 188 was tops for single games.

### Girl Reserves

#### Magic Valley District

Cabinet members of the Burley Girl Reserve group met Tuesday to discuss the part they are to fulfill in arranging for the annual fall conference to be held there on Nov. 8. Discussion centered around the Junonson man and program which the Burley girls are to supervise.

Adult council of the Burley chapter held an evening meeting yesterday at the home of the president, Mrs. George Deenan. The discussion in this group also centered around the part it was to play in preparing the luncheon for the conference. During the social hour Miss Ruth McManis, district secretary, gave an account of the training school at Standish at Oberlin during the past season.

Girl Reserve girls in Twin Falls high school held meetings simultaneously Tuesday to conduct various business confronting each group. O. Y. sophomore club, met with the sponsor Miss Violet Adams, and the business session was presided over by Barbara Bultoff, president. Cabinet officers selected recently were introduced to the assembled membership and all girls signified which committees they desired to work on. Miss Ruth McManis, district secretary, explained the Girl Reserve line and what it means to wear one.

Party Oct. 31  
The all-school party for Oct. 31 was announced by club coordinator Miss Bernice Babcock.

At the conclusion of the business session the meeting was turned over to the program chairman, Mrs. Kelly, who introduced the following numbers:

Two tap dances by Mary Lou Hughes accompanied by Leona Hee. "One Alone," sang by Helen Cole with Mary Wright playing the piano accompaniment with Wilma Parker concluding the program playing, "Will You Remember This" by the "Red" no-stand band. "Down" and "Me and the Moon."

Immediately following the cabinet meetings the J. D. Y. the general members met for a short business session to appoint committees for the all school party and selected Miss Campbell and Miss Jones as permanent inter-club council members.

At the meeting of the senior-junior girls club, Blue Triangle, an announcement concerning the all school party to take the form of a story-book costume ball, was made by the president, Maxine Doas and the committee on the committee on

### WHEAT DECLINES ON HEAVY TRADE

CHICAGO, Oct. 3 (U.P.)—Heavy selling knocked wheat prices down 1/2 to 1 1/2 cents a bushel on the board today. The decline was brief and futures recovered after July had set a new low for the year.

This contract touched bottom at 99 1/2 in the first few minutes of trade when the pit was heavily covered with weakness at Liverpool and Winnipeg. On the setback good buying developed.

At the close wheat was 1/2 to 1 1/2 cents higher, corn 1/2 to 1 cent higher, and oats 1/2 cent lower to 1 cent higher.

### BONDS

NEW YORK—A brisk rally in rails featured fairly active trading on the list today. Street and utilities continued easier. U. S. government bonds declined 1/32 to 6-22 points.

### Tractor Farmers Boost Price for Rented Land

DALLAS, Tex. (U.P.)—It has been estimated that 7,000 tractor farmers this year will be unable to rent land.

Premiums offered by large tractor farmers for land has made it difficult for small farmers in the south to obtain fertile farms. It has been reported that a tractor farmer in many instances pays a premium of \$1 an acre above the usual half or three-fourths of a crop for rent. In order to contract large acreages.

Texas last year saw 6,685 of its farm families cross the plains to California. California reported 7,871 home seekers from Arizona and Oklahoma families led the migration for all states with 13,884 crossing the California line in automobiles.

The Woodrow Wilson foundation annually awards medals and cash grants in the cause of peace.

which they desired to serve. Each member of the club works on a committee of her own choosing being able to select either social, program, music, camp, entertainment, service or publicity. Slips denoting the preference were then turned in to the adviser, Mrs. Pearl McKean.

### STOCKS ADVANCE AFTER SET-BACK

NEW YORK, Oct. 3 (U.P.)—Stocks rallied today after another sharp setback in the opening brought the market into new low ground since 1925.

Led by steel issues, stocks in all sections recovered and the market averages recorded gains in early afternoon trading.

Steel stocks made broad recoveries from the lows. Farm equipment issues rallied featured by Deere which reached 100, up 2 points net, from its early low of 95 1/2.

Testimony was underway in district court this afternoon in a suit over a \$5,000 contract to purchase a 40-acre farm south of the sugar mill. The action was brought by John G. Brassfield and his wife against Robert H. Schuster and Mrs. Schuster.

Juryman selected this morning are E. J. Colbert, J. H. Shewmaker, B. J. Diller, Oscar Carlson, A. M. Baxter, C. Bruce Requa, John A. O'Brien, William T. Higginbotham, D. N. Englebright, G. E. Byard, H. E. Harger and Cecil W. Pomeroy.

### COUNTRIES GIVE CHINA SYMPATHY

#### League of Nations Resolution Calls For Conference to Settle Crisis

GENEVA, Oct. 3 (U.P.)—The League of Nations assembly approved a resolution today expressing sympathy with China and calling for an international conference to attempt to settle the far eastern conflict.

The resolution was supported by 50 nations. Poland and Spain abstained from voting.

The Aga Khan, president of the assembly, announced that in accordance with the resolution, league members signatory to the nine-power treaty guaranteeing the political and territorial sovereignty of China would be asked to convene a Pacific conference.

The United States would be invited to participate.

The assembly adjourned but the session remains open.

Some 23,000 persons enroll in evening classes and 275,000 in part-time and continuation classes in the public schools of the United States.

### Thief Fails to Show up During 16-Hour Ambush

#### Chickens, Bedroll Awaitting Owners at Oily Police Headquarters

After waiting 16 hours for someone to show up and attract to a dozen chickens in a pen located in the auto repair shop.

The chickens were found by police early yesterday, but were not disturbed in the hope that the person who had left them there would return and try to carry them away. For 16 hours the spot was watched by officers with no success. Then the stolen goods were brought into the station where the chickens are having a swell time in a pen located in the auto repair shop.

### HUNTSMEN VIE IN RACE FOR PRIZES

#### Lead Changes in One Phase As Lyle Murphy Bags Deer With Record Speed

Lyle Murphy of Twin Falls this afternoon assumed the lead in one contest for bringing back the buck deer with the greatest horn spread while Floyd Henderson held his lead in a similar local competition.

Murphy displaced A. J. Prior as leader for the rifle offered by the diamond hardware company when measurements showed the horns of the deer he shot had a spread of 37 and one-half inches against that of 34 and one-quarter inches for Prior's buck.

Henderson continued in the lead for the rifle offered by the Gerlich sporting goods store with a deer head having a spread of 38 and three-quarter inches.

In both instances, owners of the stores said, the spread were the greatest ever to be reported in a local contest.

At the same time another woman hunter, Mrs. Lynn Stewart, reported her "kill," the third in as many weeks. The woman here to report bagging her deer this season was Mrs. Jim Ballard, who used only one shell to turn the trick.

### BRITISH DISCUSS ROOSEVELT TALK

#### League Assembly Votes to Call Meeting to Consider Action on China

LONDON, Oct. 3 (U.P.)—The British cabinet discussed President Roosevelt's recent speech today and was understood to have decided to make further inquiries in Washington with a view to ascertaining what definite action the United States might be prepared to take in the Far East.

This British government, it was stated, is not prepared to take any special initiative towards a boycott of Japan, but is awaiting the outcome of proposals made at Geneva.

At Geneva, the league assembly, frankly spurred by the speech, prepared to vote late today to call a conference action to end the Chinese-Japanese war, and leave no doubt of the feeling of league members that Japan is the aggressor.

### GERMANS SKEPTIC

BERLIN, Oct. 3 (U.P.)—The German government through a spokesman, expressed skepticism today over the proposal to peace of President Roosevelt's Chicago speech.

"There probably will be some reaction in the press," the spokesman said, "but we have suffered so many disappointments thus far in the world's failure to grasp the constructive suggestions made by the Fuehrer in at least five big speeches that we now are somewhat skeptical of peace speeches in general."

The German press virtually ignored the Roosevelt speech.

### NO COMMENT

MOSCOW, Oct. 3 (U.P.)—Neither press nor official comment on President Roosevelt's Chicago speech on foreign affairs was offered in Moscow today.

The newspaper, Izvestia, official organ of the central executive committee of the Soviet union, carried a complete account of the speech. Other newspapers displayed it prominently and carried diplomatic comment from Washington.

### FRENCH FATES PRAISE

PARIS, Oct. 3 (U.P.)—French newspapers praised President Roosevelt's Chicago speech today as an important factor in the maintenance of world peace.

Popular, Socialist party organ, said the speech was "the most important of his presidential career." The Independent Jour said "the speech ends the (United States) policy of integral neutrality."

It is the woman's privilege to choose the seat she prefers in a public dining room.

### Program Presented By P. E. O. Chapter

"Modern Architecture" was the topic of the program presented last evening by Mrs. T. F. Warner at a meeting of Chapter A. P. E. O. Sisterhood, which met at the home of Mrs. Susan H. Taylor and Miss Alice Taylor.

Guests were Mrs. Dean Affleck and her mother, Mrs. Harriet M. Frederic Sanger, Mrs. Guy H. Shearer and Miss Norrell. Refreshments were served by the hostesses.

### SHANGHAI DEATHS

SHANGHAI, Oct. 3 (U.P.)—The municipal council announced today that 1,958 persons were killed and 2,455 wounded in the airplane bombings of the international settlement during August.

In setting the table, the sharp edge of a knife should be turned toward the plate.

Floors always stay warm

... if you have an IRON FIREMAN AUTOMATIC COAL BURNER

The most comfortable heating any home can have is the kind that saturates the entire building with a steady continuous flow of mellow warmth—that warms all the way through. That is the kind of heating job an Iron Fireman does—plenty of heat all the time all the way through. Floors are warm and stay warm. Coal gives off its heat in a steady, continuous flow. The fire is never suddenly blazing hot one minute and dead as a mackerel the next. It is always there—always giving off heat. It regulates itself automatically. And when full on makes a bright, clear flame like oil or gas. When it shuts down it does so gradually, always leaving a bed of coals which continue to give off heat and prevents the house from cooling off.

That is why we say that Iron Fireman heating is the most wholesome and comfortable, as well as the most economical, Iron Fireman heating costs far less than any other form—even less than hand-ironing.

Have you thought of installing an Iron Fireman in your present heating plant and having at low cost and on easy terms the finest, most economical heating that money can buy?

Ask an authorized Iron Fireman dealer to quote you.

### JAILOR ABSOLVED IN PRISON DEATH

#### Driggs Man Suffocates After Setting Fire to Mattress in Own Cell

DRIGGS, Ida., Oct. 8 (AP)— Sheriff Joe Williams today had absolved the night jail keeper here of blame in the death of Joe Mize, head mechanic for a construction company, who suffocated Sunday from smoke of a burning cell mattress. Williams said Mize had ignited three mattresses as a protest against arrest on a drunk charge, then went into an adjoining cell without closing the door. He was found dead two hours after incarceration. Williams said Mize had objected to arrest, and warned "you have your fun tonight, but I'll have mine to-morrow." Despite claims of a brother-in-law that Mize was murdered there will be no inquest. Dr. L. R. Redner reported that no marks of violence were on Mize's body.

### Fairfield District Court Concludes
