America Backs League in Condemnation of Japan

U. S. Expected to Participate With Powers in Parley

State Department Says Nippon Violated Treaty

WASHINGTON, Oct. 7 (AP)—American participation in consultations with the nations who signed the nine power treaty appeared certain today as the next step by this government, in common case with the League of Nations, toward halting Japan's undeclared war on China.

The United States already had acted once with dispatch to fulfill the implied promise of President Roosevelt that the United States would support concrete and practicable measures by league powers to end international anarchy and treaty destruction. Observers generally assumed that this government would act again with equal promptness and vigor as soon as another opportunity arose.

That opportunity was expected in a formal invitation for this country to participate in consultations with the nine power treaty signatories.

The League of Nations assembly, after condemning Japan for violation of the nine power treaty and the Kellogg-Briand anti-war pact, requested league powers who also are signatories of the nine power treaty to initiate consultations regarding the violation of that pact.

Participation assured

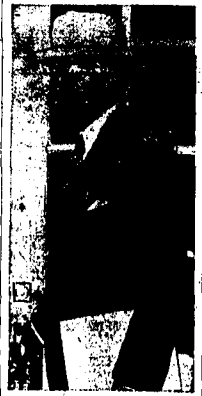

Just who will issue the invitation and how it will be conveyed to the United States government was uncertain.

Observers believed that American participation in the projected consultations was assured because of the pronouncement which the United States followed in the league assembly in declaring Japan guilty of invading China.

The state department made this declaration in a formal statement announcing that "the action of Japan is inconsistent with the principles which should govern relationships between nations and is contrary to the provisions of the nine power treaty of Feb. 1922 regarding principles and policies to be followed in matters concerning"

(Continued on Page 2, Column 2)

Statement Hurts

Japan was reported today as indignantly following the language of the state department, headed by Secretary of State Cordell Hull, that the U. S. sided with the League of Nations in the condemnation of Japanese invasion of China.

JAPAN MAY QUIT 9-POWER TREATY, REPORT STATES

Lone Hand Against the World May Be Course Necessary For Nippon Heads

TOKYO, Oct. 7 (AP)—Japan may denounce the nine-power treaty which is the basis of an international conference called by the League of Nations, well informed quarters said today.

It was suggested that Japan might elect to follow the course of Premier Adolf Hitler of Germany in washing the Locarno pact and the Versailles treaty to obtain liberty of action.

The informants said that Japan now must play a lone hand against the world if necessary, disregarding the theories underlying the entire post-war treaty structure and following her own destiny.

Left League in 1933

Japan left the league, it was reported in 1933 because of efforts to prevent her seizure of Manchuria.

A wave of anger swept the country today at the action of the league and the announcement of the American state department approving the league's condemnation of Japan.

Officials of the government awaited an official report on Ambassador Hiroto Saito, at Washington, on the state department announcement. Foreign office officials said that reports that an "emergency conference" had been summoned was untrue.

Interest Aroused

Predictions that the nine-power treaty might be denounced aroused immediate interest here. The treaty was signed at the Washington naval limitations conference. Signatories pledged themselves to respect the sovereignty, independence and territorial and administrative integrity of China. Nine powers signed the treaty and also their eight others have adhered to it.

There was particular resentment at the American support of the league's action because up to this week the United States neutrality policy had been considered officially "most proper."

Special Session Nears Certainty

PRESIDENT MAY ISSUE CALL FOR CONGRESS ON NOV. 15

WASHINGTON, Oct. 7 (AP)—Official Washington was "almost certain" today that President Roosevelt would call a special session of congress to convene about Nov. 15.

Many sources indicated that the presidential call would be made possibly within a week.

Yesterday Mr. Roosevelt said at a press conference in Hyde Park that he was giving serious consideration to such a session and that there was a distinct possibility that he would call it.

Agriculture department officials, who have hinted for several days that the session would be called to get an early start on the administration's farm program, hastened work on his recommendation that will make to congress. Secretary of Agriculture Henry A. Wallace, however, denied any official knowledge of the President's plans. At Evans, Mont., Sen. James Murray, D., Mont., told reporters he had been informed by an "authoritative" congressional source that a special session would be convened Nov. 15, and that the same source had advised all members of congress.

However, Sen. Elbert Thomas, D., Utah, chairman of the senate education and labor committee, said here: "There is no source that has forgotten me. I haven't heard anything of the sort, but I hope it's true."

Mr. Roosevelt, in discussing the possibility of a special session, indicated that at least four subjects surely would be considered if the session is called:

1. A comprehensive farm program.
2. The wages and hours bill.

MEN NEEDED FOR WORK ON BEETS IN SOUTH IDAHO

Field Labor Jobs Open For 195 in Counties of This General Area

For field work in connection with topping and loading of the sugar beet crop in this district, 195 men are needed immediately with another 75 to be required before the first of next week. It was announced here this afternoon by Ray Butler, district supervisor of the United States employment service.

A majority of the 195 men needed at once, Butler pointed out, will work in points south of Twin Falls. About 25 men for work in this immediate section will be needed before next Monday, he said.

Factory Opens

Processing of the sugar beet crop started this morning at the Twin Falls plant of the Amalgamated Sugar company, work in two other plants, those at Burley and Rupert, Idaho getting underway during this week. More than 800 men will be employed at the local plant, working both inside and on the beet dumps during the 90 to 100 day anticipated run.

Points at which men are needed for beet topping, and the number asked for in each case, include: Richfield, 50; Shoshone, 20; Gooding, 50; Jerome, 50; Twin Falls, 25.

Mus. Sign Up

Local and transient labor in Twin Falls should register with the office here while those in the other communities listed, Butler points out, should contact the field men of the sugar company.

Men applying at the local office will be routed out of here the supervisor said, and special need is seen for men having sampling equipment and transportation.

In the field the workers are paid at the rate of 75 cents a ton for topping and loading the beets.

Said Sen. Elbert Thomas, D., Utah, regarding rumors that there had been notice sent out of his office that a special session would be called. "That source must have forgotten me. I haven't heard anything of the sort, but I hope it's true."

Rain Floods Fields Of War in Shanghai

SHANGHAI, Oct. 7 (AP)—Torrential rains flooded trenches and roads and made morasses of fields in the Shanghai area today. Many parts of the international settlement were flooded. Water and high winds increased the suffering of thousands of Chinese refugees, sleeping for weeks in doorways and alleysways.

So severe were the rains that they slowed up the war on the Shanghai front during most of the day but at night a furious skirmish broke out in the Chapel sector in the northern part of Shanghai. There was continuous machine gunning and fire of rifles and grenades. Shrapnel shells burst overhead and Chinese batteries shelled the Japanese Hong-tze quarter.

Japanese airplanes were grounded at the time of the shooting, the moment a gigantic air raid program on which the Japanese had embarked coincidentally with President Roosevelt's peace speech and the League of Nations action in the

INJUNCTION MOVE HITS FOUR CLUBS

Babcock Files Complaints and Request For Temporary Closing Orders

Complaints and petitions seeking temporary writs of injunction and abatement to close one Bull, one Kimberly and two Twin Falls establishments assertedly dealing in liquor were filed in district court this afternoon by County Attorney Edward Babcock.

The action was taken on the grounds that the four clubs are public nuisances. Temporary injunctions, if granted, would close the places pending final disposition on the merits.

Named in the complaints are the proprietors for padlocking were proprietors, their establishments and the names of the buildings. They were Henry Thoeny and A. Z. Muttler, Bull, Western Loan and Building Company, Webster Hotel and Casino, Kimberly. The latter two are on Kimberly.

Y. Arzac and O. J. Pickett, Twin Falls.

The Kit-Kat club, Inc., W. R. Cameron and the Twin Falls Hotel.

TEMPTATION

JOLLY, Ill., Oct. 7 (AP)—World airties and beet stew proved too much for the hungry strikers at Staveland prison, Warden Joseph Hagen announced today.

First to give in were those who couldn't resist temptation. It was the rest that gave up when they missed the broadcast of the first world series baseball game in New York because the prison radio system had been turned off for duration of the strike.

Conductor Killed In Car Accident

THORNTON, Ida., Oct. 7 (AP)—Charles Wilson, 57, Union Pacific conductor, was dead today as result of an auto crash near here Wednesday night. He was instantly killed when his car was struck broadside by a car driven by Gault, public nuisance. Today's injunction move in district court are civil actions.

Inquest Set into Mysterious "Target Range Shooting" of Pair Near Emmett

Girl Slain, Boy Injured

EMMETT, Ida., Oct. 7 (AP)—Gen county officials scheduled an inquest today into the mysterious "target range shooting" near Ola Truckday in which a 16-year-old girl was killed and a youth shot through the lungs.

Anita Wilson was instantly killed by a bullet through the heart and her companion, Aude Robnett, 21, is in a Boise hospital with a gunshot wound through his

lungs. Doctors said the bullet narrowly missed Robnett's heart.

Conflicting stories told of the shooting by Robnett set up two theories:

1. Robnett was accidentally shot through the lung by the bullet when she turned the gun on herself.
2. The girl shot Robnett, who then shot her.

Officers deferred questioning Robnett until he recovers sufficiently from his wound to tell a coherent story.

Coroner Merle Burkham of Gen county told United Press that both bodies had powder burns around the wounds indicating the shots were fired at close range.

Robnett told officers that he had been shot in the back as he was tugging up a target on a tree, and that the girl had then turned the gun on herself.

But later developments, Coroner Burkham said, indicated that Robnett had been tugging the gun on the tree while the girl was aiming at the target, when he was shot.

He purchased the small caliber gun which fired the fatal shot from the back seat of the car the youth was driving, it was nude.

Her school books and clothing were scattered in the back seat.

"The couple had been drinking from a bottle of gin.

Sheriff Dolco Higgs of Gen county would not fix responsibility for the shooting, pending a report of the coroner's jury and investigation of Miss Wilson.

After the shooting, Robnett drove the car to the ranch house of Mrs. Olive Griffith, five miles from the scene, where she had her home.

The girl said she appeared not fully dressed and that the girl's hair was naked. She told officers Robnett said he and the girl had been drinking together at the time of the shooting.

American League Club Takes 2nd Straight Contest

Red Ruffing Allows Terry Team 7 Hits

YANKEE STADIUM, New York, Oct. 7 (AP)—The Yankees blasted their way to their second straight world series triumph over the Giants today, 8-1, and exploded once more the theory that they can't hit southpaws.

With a crowd of 57,676 looking on, the big Yankee game shelved Cliff Melton, sensational rookie left-hander, off the mound in the fifth inning. Before Melton's successor, Harry Gumbert and Dick Coffman, finally quelled the Yanks, the American league champions had collected 12 hits and scored another one-sided world series triumph.

Melton, a raw-boned rookie from the North Carolina hills, stood the Yanks away until they had the Giants today. He had perfect control, and wasn't afraid to pitch to the famous Yankee hitters. During the first four huge stands and only two singles and one walk. He pitched his way out of a tough spot in the fourth, with two men up and two out, by fanning Bill Dickey.

For four and a half innings Terry's game was a close, tense struggle between Melton and big Red Ruffing. But in the fifth the rookie collapsed just as Carl Hubbell did in the sixth inning of the opener.

Kept Firing Away

Once under way the Yanks kept firing. Oct. 7 also saw the Giants in full retreat again. The bottom end of the Yankee batting order, led by big Red Ruffing himself, and George Selkirk did the big damage to the Giants today.

Ruffing and Selkirk each slacked out a single and double, driving in three runs. The other two runs were driven in by Myrl Hoeg and Bill Dickey.

While the crowd emptied out of the stadium, Oct. 7 also saw the field, a fire broke out in the left field bleacher seats and a crowd gathered to watch the white-hot

May was released and Davis Green, bishop of the Paul ward for 17 years, was named second councilor to succeed Rorlin F. Hyde, who was named to fill Mr. Widdison's place, at the Sunday session of the quarterly stake conference of the L. D. S. church held at Paul.

Mr. Widdison was released from his office on account of ill health and his business duties. Another bishop will be chosen in the near future to take Mr. Green's place.

Athol School Students Threaten to Strike If Bond Issue is Beat

ATHOL, Idaho, Oct. 7 (SP)—High school students of Athol, determined to obtain an auditorium and gymnasium, threatened today to call their second strike unless voters approved a bond issue of \$6,000 to be used toward construction of the building.

The students struck last September when voters rejected the proposal and refused to return to their classes until they were assured another election would be called.

Today they were waiting a recount of the vote, the outcome of which depended on their decision made concerning a few challenged ballots.

Jerome Agent to Make Seed Bids

JEROME, Oct. 7 (Special)—It has been announced by the Jerome county agent's office here that bids are to be made to all farmers in the surrounding country side for black locust seed.

Royale K. Pierson, Idaho extension forester, announced that all Idaho growers of the seed have been invited to supply 25,000 pounds of the seed to the soil conservation service. "The seed will be used to start farm woodlot plantings and for establishing wind breaks. Black locust seed can be planted in any square corners about the farm where cultivated crops will not grow, yet which is ideal for tree growth," said Pierson.

Black locust is one of the most useful trees, largely because of its rapid growth and high utilization value. In Idaho about 80 per cent of the trees of farms are of this species. The locust seed from the irrigated sections of southern Idaho is superior to in most parts of the country, southern Idaho, with over 3,000 acres of black locust plantings ranging in size from one quarter acre to four or five acres, is capable of producing between 100 to 2,000 pounds of seed annually. It has been estimated.

The county agent's office has information on collecting, threshing and handling this seed properly.

ONTARIO PREMIER RETAINS POSITION

Liberals Pile Up Total of 63 Members in Vote Yesterday

TORONTO, Ont., Oct. 7 (AP)—Premier Mitchell F. Hepburn and his liberal government were returned to power today piling up a wide lead over the conservative party in yesterday's election.

Final standings were: Liberals 63, liberal-progressives, two; independent liberals, one; conservatives, 23; united farmers of Ontario, one. The liberal-progressives, the independent liberal and the U. P. O. members are considered virtual government followers, thus assuring Hepburn of 67 seats in the 90-seat house.

Northern Ontario, which had been expected to go against Hepburn because of his recent stand against the committee for industrial organization, had not done so, according to late returns.

Gordon Conant, a Hepburn follower, appeared to have been elected in Ottawa, scene of the CIO-sponsored strike against the General Motors corporation of Canada last April.

Students Too Early; School Borrows Bell

Shamrock Faced Mighty Job In Carrying It From Amsterdam

Pupils at Shamrock school believe it or not—were getting to school too early.

And so Shamrock has a bell these days—but it was a mighty task to carry it from the now idle Amsterdam school to the bell of the Shamrock building. Amsterdam isn't using the bell because the district is temporarily combined with Holister.

The bell turned out to be considerably larger than instructor Howard Manning had figured on. He went after it in his car after getting Amsterdam's permission to borrow it. But he found the bell entirely too large to be handled by one man.

The second time several others from the Shamrock district accompanied him. But the men found the bell too bulky to carry in a passenger car, so they had to return again with a trailer. After heaving and tugging, they got the bell into the trailer. More heaving and tugging—and they managed to install it at Shamrock.

Which explains why Shamrock students now have a signal-putting an end to that too-early-to-school matter.

The winter of 1929 was the most severe in 100 years in Poland. Sixty per cent of the fruit trees and nursery stock of that country perished in the record cold.

Wendell Publication Second In Contest on Story of Editorial Meeting

SHOSHONE, Ida., Oct. 7 (UP)—First prize for the best weekly newspaper story about the recent state editorial association convention at Sun Valley was awarded today to the Minidoka County News, of Rupert.

Announcement of the award was made by D. R. Maxwell, secretary of the association. The award carried a cash prize of \$20.

The contest was open only to weekly newspapers. Second place was won by the Wendell Irrigator, and the Parma Review and the Teton Peak Chronicle of St. Anthony tied for third place.

Anniversary Party Arranged at Bliss

BLISS, Oct. 7 (Special)—In honor of their 40th wedding anniversary a group of friends made a surprise visit to the P. R. Lancheater home Monday.

A dinner program was given with Mr. Lancheater giving a reading and Mrs. Middleton and Mrs. Willa Justice giving talks on the settlement of Hagerman valley. A poem was given by Mrs. Martin. A potluck luncheon was served by the ladies. A pink crystal service and many other gifts were presented to Mr. and Mrs. Lancheater.

The affair was first intended to be a postal shower and the couple received over 70 cards and letters, some of them by air mail.

Windsors May Sail to U. S. Nov. 3

Couple Plans For Visit in Germany First; Then Back To Paris For Gowns

By EDWARD DE FURY

PARIS, Oct. 7 (UP)—The duke and duchess of Windsor are likely to sail for the United States on the liner Normandie Nov. 3, usually reliable sources said today.

The duke and duchess announced yesterday that they would leave for Germany by train Sunday to study housing conditions there, and it was learned that they had decided to curtail their stay in Germany so that they might remain longer in the United States.

Today it was understood that the duchess had told an intimate friend: "We leave for the United States early in November after returning from Germany Oct. 23 to prepare for the voyage."

The Queen Mary sails Nov. 10 but it was understood that the duchess was particularly eager to sail in the Normandie, which leaves a week earlier. The greatest secrecy was maintained about the trip.

Friends understood that in a 13-day visit to Germany the duke and duchess were likely to meet Fuehrer Adolf Hitler and Col. Gen. Herman Goerring, air minister. Then they planned to spend the rest of the time before the Normandie sailed in Paris. It was said, so that the duchess could collect the latest Paris model gowns after finishing touches were put on them for her during her German trip.

HAGERMAN, Oct. 7 (Special)—The road from the Hagerman valley to the Crow's Nest begun by the

COO camp at Hagerman in October 1935 has been completed. This road has been worked upon whenever soil conditions have been favorable and good packing of the material has resulted.

The Crow's Nest road, 28 miles in length serves the stockman as a

trunk supply road and also facilitates administration of the range. It is surfaced with gravel making it an all-weather road.

A small side camp for caterpillar and grader operators has been established at the Crow's Nest for the purpose of connecting the road

from Hagerman with the road built last summer from Castleford crossing towards the Crow's Nest. When this road is finished this fall, the Castleford, Buhl and Twin Falls stockmen will have the same access to the range that the stock men of

Gooding, Hagerman, Wendell and Bliss have.

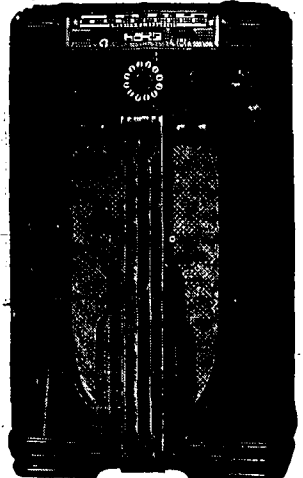

A crew will work out of the Crow's Nest camp on a program for extermination of coyotes which heavily infest this isolated region.

WASHINGTON MAY BE SCENE OF INTERNATIONAL MEET

BRITAIN, FRANCE SOUND F. D. R. ON PEACE SESSIONS

Two Nations Agree to Reject Any Italian Proposal on Spanish Crisis

LONDON, Oct. 7 (AP)—Great Britain and France have agreed to reject any Italian proposal on the Spanish crisis, it was understood today.

Simultaneously it was learned that Britain and France had agreed to reject any Italian proposal, in a note expected today, to discuss the problem of withdrawing foreign volunteers from Spain.

Prime Minister Neville Chamberlain, in a speech on foreign affairs tomorrow, is expected to give Britain's answer to the speech of President Roosevelt on peace disturbing nations and the state department's approval of League of Nations action in the Chinese-Japanese war.

It is believed here that the state department announcement would stiffen Britain's attitude in the far eastern situation. But there is every indication that the British government is opposed to any boycott or penalties unless assured of air tight United States cooperation.

The state department announcement reached London too late for morning newspaper comment or for official reaction. But the story itself was blazoned on main news pages as a major development in international affairs.

Hagerman Grangers Hear Local Speaker

HAGERMAN, Oct. 7 (Special)—F. E. Speedy, Twin Falls, was the principal speaker at the annual "Booster" night meeting of the Hagerman Valley Grange held at the Re-Organized L. D. B. church here Friday night. Mr. Speedy gave an illustrated lecture on "dairying."

Also included in the evening's program was a reading by Mrs. A. Dennis, and a talk on "Orange Work" by Dr. P. A. Kennicott. A large crowd was present.

The obligation for membership in the Hagerman Valley Grange was assumed by Mr. and Mrs. Roy Lovell, Mrs. Sadie Rider, Mrs. Francis Roberts and Mrs. Minnie Williams at the regular meeting of the Grange held at the Methodist church Monday. Ralph Kennicott, Grange fire insurance agent, resigned, and Dr. P. A. Kennicott was chosen to take his place. Ralph Kennicott, Grange master, was elected delegate to attend the State Grange meeting to be held in Lewiston. He was given the privilege of choosing his alternate.

'Battle Lines' Drawn For Chest Campaign

Battle lines were drawn this afternoon as 102 local men girded themselves for the drive toward the \$10,000 goal set by the Community Chest as the quota for the year 1937-38.

With "generals" Ralph Carpenter and Elmer Hollingsworth leading the opposing camps, 100 "captains" had been appointed to lead the drive which will reach every business house and most individuals in Twin Falls.

Each captain will be responsible for the contributions from ten of the business houses. Daily results will be posted on a great board which will be erected at the corner of Main avenue and Shoshone street in the form of two thermometers, each of which will be "filled" by replicas of the two generals. Names of the firms contributing will be listed as those who have not contributed.

Opens Tuesday The drive, which starts next Tuesday, Oct. 12, is expected to be one of the most thorough ever staged locally. R. P. Robinson, drive chairman, said this afternoon.

Even now some institutions are making their contributions. Robinson reports, and many have indicated their quota will be cared for prior to the date the actual drive opens.

So far as employees of local stores are concerned, each will be asked to give one per cent of their salary for a period of six months.

The two opposing teams, as announced by Robinson, are as follows:

Red—Elmer Hollingsworth, general; captains, Sol Kaplan, T. C. Bacon, A. G. Benoit, L. L. Breckenridge, Miles Browning, J. J. Wine, Mrs. Bertha Campbell, L. C. Beach, A. S. Gilbert, Carl Jungel, O. T. TRAFFIC DEATHS MOUNT IN IDAHO

State Leads All Others of Nation in Per Cent Of Increase

Idaho leads all states of the union in a record of which no citizen is proud, it was revealed today. That record is the percentage of increase in number of auto fatalities this year as compared to the 1936 total.

Latest information from the national safety council today showed that Idaho, this year to date, has shown an increase in auto deaths of 69 per cent, being the greatest increase in the nation. Second is New Hampshire with 68 per cent increase and third is Delaware with 49 per cent.

Twelve states have reduced their traffic tolls over last year. They are Kansas, with a 20 per cent decrease, and Maine, Arizona, Washington, Oklahoma, West Virginia, South Carolina, Virginia, Florida, Nevada, Georgia and Iowa.

Deaths throughout the nation during August numbered 2,850 against 3,740 for the same period last year, latest records show.

JEROME GIRLS' FAIR IS SECOND LARGEST

JEROME, Oct. 7 (Special)—From reports received here at the county agent's office, Jerome county had the second largest girls' 4-H club fair of the six counties in the district. A total of 123 exhibits of girls' work was surpassed only by Twin Falls county which had 173 entries.

Jerome county figures show 87 clothing exhibits, 29 baking exhibits, 12 canning and 5 room improvement. Ten clubs entered demonstration teams, while 68 girls styled dresses of their own making in the dress style revue. Both these figures were

H. S. CLUBS MOVE ON SCHEDULE

BIG TRADES COME ON WINTER HORIZON OF BASEBALL

Burley to Play Filer; Bruins Battle Braves

Buhl Club Attempts to Stop Oakley, While Rupert Meets Blackfoot in Big Ten Test

South central Idaho high school football teams move back on a full schedule tomorrow as every team in the district sees action with the exception of John Norby's Jerome Tigers and John Platt's Twin Falls Cubs.

Headlining the games will be the clash at Lincoln field between the high-scoring Braves of Boise high school and Hank Powers' Twin Falls Bruins.

The Filer Wildcats smarted under a 40-0 lopping received at Boise, while the Blackfoot club has swamped Little Albion and was held to a draw by Oakley's fighting Hornets last week-end.

Coach Fred Powers was the rather unenviable task of taking his club to tangle with the Oakley Hornets, a Class A team already boasting a win and a draw with Big opponents.

Wendell should display a 3-1 favorite to trim the Kimberly Bulldogs in other Class A games.

One or two tentative for Friday, after late scheduling.

NEW YORK, Oct. 7 (AP)—Dots and dashes: World series no. 1 optimism—Johnny McCarthy, Giant first baseman. He says: "The Yanks lost the opener last season but won the series. We lost the first game this time and we'll win the series."

Most disgusted man after the opening game: Lefty Gomez, who had pitched five innings in the opener and who was relieved by the pitcher of the day.

Goofy one made the best crack of the series when he was asked how he would like to pitch in the big game. "I never make predictions," he said. "Dizzy's Jimmy Zippola of the Giants broke the first bat of the series in the second inning—and he's probably still explaining it to the missus."

Dizzy Dean, Mungo Expected to Move To Other Outfits

Zeke Bonura, Al Simmons and Joe Kuhel Also Expected to Change Homes

NEW YORK, Oct. 7 (AP)—As always at the close of the baseball season indications point to brisk activity in the player marketplace during the coming winter.

Some of the game's biggest stars may play elsewhere in 1938. Among those who may change scenery are Dizzy Dean, Van Mungo, Gabby Hartnett, Zeke Bonura, Al Simmons, and Joe Kuhel to mention a few.

Part of the work on the trading floor got under way as the Brooklyn Dodgers gave nearly a whole ball club for little Lou Durocher's light-hitting shortstop of the Cardinals.

Included in the trade were Second baseman Jimmy Bucher, Outfielder Johnny Cooney, Joe Grant, veteran third baseman and pitcher Roy Hendrix, obtained last year from the Cubs.

Disappointed fans in many cities are howling for new deals. The howling is the loudest for Anaheim in the Los Angeles area.

Big fans are quick to forgive and forget. In October they may be so disgusted they threaten never to see another game and so play by December they are trying to pick an All-American team or studying the hope that they are the best.

Magnates, like the fans, get cooled off after a few months. They get the idea of the season by the time the major league meetings roll around in December.

Best indication that there will be big business in player deals this year is furnished by the fact that the New York Yankees claim to be engaged in several swaps.

The Cardinals may finally drop Zeke Bonura, who may wish to sacrifice him at bargain rates.

Van Mungo is definitely through with Brooklyn. He is in Burlington, Wis., and is expected to be out in a few days before the re-signing of Burleigh meant that the Brooklyn directors were backing him to go along with Red Ruffing and Lefty Gomez.

Manager Jimmy Dykes has charged Zeke Bonura with the direction of the day today at Twin Falls. Which reminds us—why hasn't Gene Van Zandt, the publicity man for Sun Valley lodge, blossomed out with a new book, "The Sun Valley story?"

Pepp rallies feature Preparation for Game With Boise's Braves

Pepp rallies were the order of the day today at Twin Falls high school as the preparation for the annual football clash with the Boise Braves tomorrow.

Those appearing were 11 Dick Hechtner, principal; "Daw" Powers, coach; and the following members in Twin Falls: starting lineups; Frank Carpentier, Ken Cherrill, Bierwood Nierwanger, Herb Gooding.

Members of the freshmen squad were in the direction of Hugh Janyan playing a number of school songs and the high school chorus was prepared to sing to a number.

School yells led by Cheerleader Ed Benoit, and music by the Pep band are expected to arouse the enthusiasm of the occasion.

They are going to be sent to the stadium to play for the first time in over 20 years.

CUBS LOOK FOR 2ND WIN TODAY

Put End to 9-Game Losing - Struck to Best Box Yesterday, 7-3

CHICAGO, Oct. 7 (AP)—The Chicago Cubs, who broke the White Sox city series streak after it reached nine in a row, looked for another victory today, from solemn Curt Davis, most effectively. Cub pitcher during the closing days of the National League pennant race.

Right-handed Vern Kennedy will pitch for the American leaguers in today's game at Comiskey park.

The Cubs won yesterday's series opener, 7 to 3. Three-run cluster in the sixth and eighth innings routed the Sox after they had nicked Jim (Tex) Carter for two runs in the seventh.

RUPERT

The regular monthly meeting of the Missionary society of the Christian church met Tuesday at the home of Mrs. Roy Cunningham with about 75 members present.

Mrs. L. A. French was in charge of the program. Under Tuesday's topic, "Rural Life Seeks a New Day," four papers, followed by discussion, were given on various phases of rural life by Mrs. D. L. Carlson, Mrs. A. E. Johnson, Mrs. J. L. Treichel and Mrs. Floyd Britt. The next meeting will be held with Mrs. Fred Schuppach, Nov. 2 with Mrs. W. N. Pindexter in charge of the devotional service and Mrs. M. Christen program leader.

The members of the official board of the Christian church, with their companions were entertained at the home of Mr. and Mrs. Charles Goff Monday. After a brief business session and Mrs. E. C. Rasmussen and Mrs. A. French, and at which further plans were made for the revival which is to be conducted from Nov. 7 to 28 by the Cole Evangelistic company of Des Moines, Ia., a social hour was enjoyed. At the close of the evening refreshments were served by the hostess, who was assisted by Mrs. Clyde Rindolph, Mrs. Roy Cunningham and Mrs. E. C. Rasmussen.

The Rupert chapter of P. E. O. met in regular session Monday evening at the home of Mrs. J. B. Kenagy. A discussion of points of interest in Idaho, led by Mrs. E. H. Elmore, constituted the program.

Mrs. Thomas Beech left Wednesday for Griswold, Ia., for an extended visit with her parents, Mr. and Mrs. Nelson.

Rice Prices Soaring

SINGAPORE, Oct. 13.—The fluctuation in rice prices in the Far East has caused a 30 per cent rise in the price of rice sold on the Singapore market, one of the largest in the Far East. Millions will suffer, because rice is the staple foodstuff of countless Asiatics and forms the largest item in most family budgets.

THIS CURIOUS WORLD By William Ferguson

IN CHINA, CATCHING FIREFLIES IS AN INDUSTRY. THE INSECTS ARE USED IN THE MANUFACTURE OF CHINESE DRUGS AND MEDICINES.

COPY, 1937 BY NEA SERVICE, INC.

THE UNICORN FISH CARRIES A SINGLE HORN ON ITS HEAD.

A PACK RAT IN YOSEMITE PARK CARRIED OFF HIS COMES FROM THE PARK HOTEL, AND CACHED THEM AWAY IN HIS NEST.

Chinese merchants employ firefly catchers, who do nothing else during the summer months. Experts catch as many as three thousand of the insects in a single night. Besides being used in medicine, fireflies also furnish a grease, which is used by oriental woodworkers, for hardening bamboo.
