Lynch Threatened For White Men Who Attacked Negroes

MEMPHIS, Ala., Oct. 11 (U.P.)—A charge of attempted murder was filed today against Clarence Higginbotham, 30-year-old white farmer, leader, after he shot Albert Turner, Negro, because he thought Turner and three negro companions were "going to try some of that lynch stuff on me."

The abolitionist claimed a night of riotousness in which a mob of Negroes had allegedly threatened to lynch three white men who were accused of assaulting a Negro woman. Higginbotham was one of those accused, but the alleged mob attack occurred near his farm tavern, the "Bloody Blot."

# Marshall Lashes At Potato Pacts

## Noted Grower Says Battle Against Plan is Not Ended

Although Idaho's delegation at Chicago ratified the proposed federal potato marketing program, "the fight against it is far from over," Joe P. Marshall, veteran Twin Falls grower who is vice-president of the National Association of Potato Growers, declared this afternoon in sounding a vigorous battle cry against the government plan.

Marshall, known as Idaho's "potato king," energetically attacked the Idaho delegation's vote of approval. "I haven't given up this fight yet," the gray-haired grower said. "I am going to round up some growers in this area and call a meeting to line up a battle against both the agreement and the AAA spud acreage control plan."

Small Percentage  
"Not more than eight per cent of all Idaho's growers voted either for or against the agreement and the acreage set-up."

"How can they impose the will of eight per cent on 92 per cent of Idaho potato men—especially when all of that eight per cent wasn't in favor?"

The Idaho delegation at the conference called in Chicago by Secretary of Agriculture Henry Wallace voted unanimous approval for the marketing agreement program. Its members, including Wallace, Sonner, Bull, Carl W. Devoe, Jerome; Levin H. Draney, Butley, and

Forecast for Year Shows Two Hundred Million Bushels More Than 1936 Crop

WASHINGTON, Oct. 11 (U.P.)—The department of agriculture today estimated this year's corn crop at 2,501,938,000 bushels and wheat production at 886,895,000 bushels.

The condition of the corn crop on Oct. 1 was 78 per cent of normal indicating an average yield of 28.6 bushels per acre, the department's crop reporting board said.

Wheat production totaled 682,140,000 bushels and spring wheat 198,780,000 bushels, the board reported. The crop was the largest since 1933. Production last year was 620,461,000 bushels.

The estimated corn crop, more than 1,000,000 bushels larger than last year, and the wheat crop 200,000,000 larger than 1936 will result in surplus for the department officials say this year's special session of congress to enact crop control legislation for next year.

Production of oats this year was estimated at 1,162,433,000 bushels, compared with a 1936 crop of 789,100,000 bushels. Barley production was estimated at 232,810,000 bushels and rye at 61,889,000 bushels.

The department said rice production was estimated at 1,448,875,000 pounds and potatoes at 398,788,000 bushels.

# Van Vlack Lynch Talk Dispeled

Attorney-General Taylor Probes Rumors of Seizure in Twin Falls

BOISE, Ida., Oct. 11 (U.P.)—Rumors that Douglas Van Vlack condemned lynch talk were dispelled today when he was taken to Twin Falls for retesting of his execution date were cleared up by Attorney-General J. W. Taylor.

Taylor secretly went to Twin Falls Saturday to investigate what he termed "groundless" rumors that violence would be attempted by a party of citizens when Van Vlack was taken to city for further legal proceedings.

He told United Press that his investigations revealed that the rumors of lynch-sentiment were "distorted."

"I was seriously disturbed by some references to trouble which would occur should Van Vlack be again taken to Twin Falls," he said, "and made a personal investigation. I discovered the rumors were not founded."

The attorney-general said he was "satisfied the citizens of Twin Falls county would not attempt to vindicate justice by violating the law."

Should a petition for rehearing after appeal be granted, the supreme court be denied by the high tribunal, the wife-killer will be returned to Twin Falls, scene of his original trial, to hear sentence of death once more pronounced.

At that time, the date of his execution will be reset.

# Petitions From Levitt and Kelly Are Turned Down

## LACK OF PERSONAL INTEREST TERMED CAUSE OF REJECTION

WASHINGTON, Oct. 11 (U.P.)—The supreme court today dismissed two challenges to the right of Associate Justice Hugo L. Black to sit upon the high bench.

The action of the high court, announced as the tribunal sat for its first business session of the year, put an end for the present to any court action to bar Black from his place upon the bench.

Although it was possible that at some later date a new challenge to Black may be advanced, the court's action today appeared to close the immediate legal phase of the controversy which has raged about Black—a controversy which started with revelation in newspaper dispatches that the former Alabama senator once was a member of the Ku Klux Klan.

Immediately after disposing of the Black petitions, the court announced its action in more than 300 petitions for review of cases filed with it during the summer months.

Accepts New Tests  
It accepted a group of new tests of administration statutes and in one action of the reaching significance, refused to review the decision whereby it held the New Deal municipal bankruptcy law unconstitutional. This denial was thought to close the door to reconsideration of previous anti-New Deal decisions despite an apparent change in the court's line-up from conservative to liberal.

Chief Justice Charles Evans Hughes, with Black present on the bench, announced the decision. He first rejected the motion proposed by Albert Levitt, resigned justice department employee. Levitt, he declared, had failed to establish as required by law a personal interest in the case.

Levitt's motion was without merit, the court said, for he had announced that the motion of Patrick Henry Kelly, Boston attorney, seeking a hearing on Black's case, had been denied on the same grounds.

Speaking first of the Levitt motion, Hughes said: "The ground of this motion is that the appointment of Mr. Justice Black by the President and the confirmation of his appointment by the United States senate were null and void by reason of his ineligibility under (Continued on Page 2, Column 8)

# Stage is Set For Jerome's Dog Festival

JEROME, Oct. 11 (Special)—The stage was all set today for opening of the Western States trials and Jerome's "Dog Day" festival.

The field trials and the gala celebration will open Tuesday and extend through Thursday.

Scores of the field trial dogs and their owners were on the scene today, and many more were present in the afternoon at the entry desk. Officials of the Idaho Black Field Trial association have finished the laying out of the courses for the various classes which will be run during the three-day program.

Various committees of the Rod and Gun club and the Junior Chamber of Commerce were extremely busy in lining up their respective games or booths at the fair grounds, and a day of 'set-up' here prevails throughout the game room.

The Night Hawks orchestra will furnish the music for the five dances during the three nights of the trials.

There is to be a bench show for all dogs appearing in the field trials and the Western States trials and Jerome's "Dog Day" festival. The field trials will be Thursday. Prizes consisting of cash, cups and ribbons will be awarded to the winners of the various classes which will include the crowning of the grand champion Western States pleasant dog.

## NIPPON PREMIER DENIES BREAKING OF POWERS' PACT

Country Resorts to Force To Get Cooperation, Says Prince

By H. R. EKINS  
(Copyright, 1937, United Press)

TOKYO, Oct. 11 (U.P.)—Japan reiterated today that she has no territorial ambitions in China and denied again that she had violated the nine-power and Kellogg-Briand treaties.

Prime Minister was presented in an exclusive interview with the scholarly Prince Purnanoro Honoye, Japan's prime minister, who conceded that the conflict is by no means one-sided; that China also has grievances against Japan.

Konoye recognized a statement by the United States stating that Japan violates the Kellogg-Briand and nine-power treaties.

"Japan does not think she is breaking the Kellogg or nine-power treaties," he said. "Japan is resorting to force only for the purpose of making China abandon her mistaken policy."

The premier was told that many observers in China and abroad feared Japan planned to restore the former to the status of a Chinese province.

"I say solemnly that I never think of that," he replied. "We never think of damaging foreign interests in China nor of establishing any regime in China which would have such status as a second Manchuria."

Konoye was asked whether Japan would participate in a conference of the nine-power treaty signatories.

"Japan's policy on that has not been decided," he said. "It must point out that no invitations have been issued for any conference."

"Friendship Japan" accepts an effort by one or more third powers to bring Japan and China together to a peace label.

"I never wish Japan, China and America to be in a state of war," he said. "In principle," he replied. "It is the established policy of the Japanese government to establish friendly relations with all nations."

Konoye was asked whether the United States action likely would jeopardize Japan's relations with the American states.

"There has been no competition between Japan and America," he said. "We have no competition with the United States."

No Fighting

Clear weather, the first in many days, failed to bring the opening of either Chinese or Japanese mass charges of disturbing the peace when they appeared before Judge J. O. Pumphrey in municipal court.

There was savage fighting on the fronts north of Shanghai, extending all the way northward from the Chapei-North railroad station sector.

Japanese were on the attack, countering Chinese attacks yesterday. It was reported that by advancing about 1/2 mile on the line between Lihang and Tsangpi, the Japanese had impeded again thousands of Chinese troops in the Ki-angwan salient.

Gen. Iwano Matsui, Japanese commander-in-chief, told Japanese newspaper men today that his plans for a final drive were nearly complete.

## No Lynch Rumors, Prosecutor Says

### Babcock Hasn't Heard Them, He Says in Commenting on Taylor 'Probe'

If there have been any rumors here to the effect that Douglas Van Vlack might be lynched when he is returned to Twin Falls for re-sentencing to the gallows, County Attorney Edward Babcock hasn't heard them. That was the prosecutor's reaction today to the Babcock statement by Atty.-Gen. J. W. Taylor, who said he had been in Twin Falls Saturday and personally investigated the reports. Taylor found the rumors groundless.

"I haven't heard any such reports," Babcock said.

Other courthous attaches, surprised that Taylor issued a formal statement on the matter, said they had not heard lynching threats voiced here against Van Vlack since early indignation in November and December of 1935.

that much culms shipped out of Idaho in the past 10 years.

"There has never been a cartload of culms shipped under one and one-half inches spuds out of Idaho," Marshall charged. He said the Idaho vote on the agreement—conducted at south central key potato points—was "virtually stuffed" because "I thought the matter had really been killed after the first meetings in Twin Falls and Idaho Falls."

Some Notified

He notified that "those men favored by me" had been notified by somebody connected with the department of agriculture, and were urged to get out and vote—but those against the idea were not reminded to turn out.

"I'm not in the time to vote for it because farmers are against it."

"That's a false ground for advising approval," he charged. "What would the farmer do with his potatoes if he didn't have the dealer closing the country and seeking an advantageous market for him?"

Marshall is a member of the Idaho fruit and vegetable advertising committee.

## CANYON 'MAYOR' CONVICTED FOR TAKING PRUNES

### Verdict of guilty in theft of four bags of prunes was brought in today by a jury in the case of the 'Mayor' of Shantytown, and Perry Wimmer.

Francis argued the defense case for himself and Wimmer, refusing services of an attorney. The jury, however, rejected his arguments in favor of evidence submitted by Edward Babcock, county prosecutor. Judge Guy L. Kinney set 9:30 a. m. Wednesday as time for sentencing the convicted pair.

The prune-theft charge was brought against Francis and Wimmer by R. E. Duncan, manager of the Hart West prunes orchard near Kimberly.

Duncan was the first witness for the state. He testified that he saw John Deacon, and Deputy Sheriff W. W. Lowery, Francis and Wimmer were the only witnesses for the defense.

Jurymen were A. L. Knight, foreman; M. M. Cannon, Jack Burgess, Lawrence Cannon, R. E. Bobler and E. F. Stoddard.

Both defendants are free under bond.

The guilty verdict today marked the second defeat within three days suffered by Francis in court jousts. Last Friday he and associated defendants lost their district court plea for acquittal from a previous creek canyon.

## MURTAUGH FAVORS SCHOOL PROJECT

### MURTAUGH, Oct. 11 (Special)—MURTAUGH is assured a new school house and larger playground as the result of Friday's special school bond election, it was announced today. Tabulation of ballots showed 5 to 11 in favor of the project.

Selection of a jury to try W. S. Meader, deputy charges progressed slowly in district court today. Both the state and defense scanned veniremen carefully.

The state had used two of their six peremptory challenges as court reconvened at 2 p. m.

The perjury accusation against Meader resulted from a previous case, tried June 20, 1936, in which Meader was plaintiff and H. S. Francis was defendant. The case centered foreclosure of a mortgage on Rock creek property.

The state is represented by a special prosecutor and an associate counsel, Ray D. Agee is the prosecutor and E. L. Rayburn is his associate. Both were named by the court after County Attorney Edward Babcock disqualified himself because of previous connection as counsel for Meader's attorney, Chapman and Chapman are defending Mr. Meader.

## STREET MARKING PROJECT STARTS

### Operations Underway on 2nd Street North; Seven Men Employed on Job

Seven WPA workmen today started operations which, 60 days from now, will end with the designating of all local streets either in lettering placed on the curbing at each corner or, where no curbing exists, with posted signs. It was announced by A. C. Crane, street superintendent.

The workmen started operations on Second street north, Crane said, and will then take Third street north after which other streets and avenues in the northern section of the city will be completed in order. Marking of local streets has long been a project sponsored by both the junior and senior chambers of Commerce and other civic clubs. With the exception of Shoshone street, very few intersections in the city have been clearly marked.

## BILLFOLDS TAKEN AS 3 MEN SLEEP

### \$120 Stolen From Rooms of Local Hotels; Police Warn Citizens

Theft of three billfolds, each containing from \$35 to \$40 in cash, from as many as men as they slept behind unlocked doors in local hotels caused police officials today to urge local residents and hotel guests to be sure their doors are securely locked before they retire.

The billfolds, all reported to police Sunday night, occurred at three different local hotels.

R. L. Robinson, registered at the American hotel, reported loss of approximately \$35 as did Glenn Johnson, residing at the Catalina hotel. Earl Goodwin of Charleston, Nev., reported loss of a billfold containing \$40. In each case, police said, the men had returned without locking their doors. When they discovered their loss.

### Building of an addition on the Bep-Len Auto Parts company building, located across from the city hall in Twin Falls, was announced this afternoon by company officials after application for building permit had been made with City Clerk W. H. Eldridge. The new addition, the permit shows, will be of brick construction and will be 80 feet long and 50 feet in width. It will be one story in height. Estimated cost of the addition was placed at \$1,500 with A. D. Bobler as contractor.

## JURY NAMED IN PERJURY ACTION

### Choice of Panel Goes Slowly As State and Defense Scan Veniremen

Selection of a jury to try W. S. Meader, deputy charges progressed slowly in district court today. Both the state and defense scanned veniremen carefully.

The state had used two of their six peremptory challenges as court reconvened at 2 p. m.

The perjury accusation against Meader resulted from a previous case, tried June 20, 1936, in which Meader was plaintiff and H. S. Francis was defendant. The case centered foreclosure of a mortgage on Rock creek property.

The state is represented by a special prosecutor and an associate counsel, Ray D. Agee is the prosecutor and E. L. Rayburn is his associate. Both were named by the court after County Attorney Edward Babcock disqualified himself because of previous connection as counsel for Meader's attorney, Chapman and Chapman are defending Mr. Meader.

## AFL FLEX CLAIMS STATE AIDED CIO

### DENVER, Oct. 11 (U.P.)—The American Federation of Labor convention today heard charges that federal and state agencies had aided in building up the rival committee for industrial organization.

Chairman Matthew Wolf and Secretary John P. Frey of the resolution committee, united in a stinging attack on the rival John L. Lewis union and called upon American political leaders—without mentioning President Roosevelt—to choose between the A. F. of L. and the C. I. O.

# Permanent 4-State Group Works for Development of Phosphate Beds

## IDAHO, WYOMING, UTAH, MONTANA TO SEEK PLANT

### 11 Billion Tons of Mineral Believed in Gem State Alone, Report Says

POCAHELLO, Oct. 11 (AP)—A permanent four-state organization for the development of a great industry second to none in world importance for agriculture today pushed toward establishment of a huge intermountain phosphate complex as delegates to a two-day conference returned here today.

The organization, composed of representatives from Idaho, Idaho, Montana and Wyoming, was instructed by the conference to increasingly pursue a course which may bring to Idaho an industry worth ultimate billions of dollars.

In the state of Idaho principally and in the other three states forming the conference held here last week, scientists estimated that more than half of the world's supply of phosphates was deposited.

**11 Billion Tons**

Idaho alone, said engineers, has a probable 11,000,000,000 tons of the mineral, worth when processed an estimated \$125,000,000,000.

It was the purpose of the conference to put down a groundwork for building up this potential giant phosphate industry, with principal plants located in the Gem state.

A final report of conference participants that a "total phosphate plant" be established at the richest point of deposit to carry on further experimentation with this region's store of phosphates.

Permanent working of the great store of mineral wealth in the intermountain region would rest upon rights produced by this "Little T. V. A."

The conference studiously avoided any mention of possible sites for a permanent processing plant, but it was indicated that unofficial sentiment favored a site near Montpelier, in Idaho.

Experts told the conference that the future of agriculture, both here and abroad, rested upon development of a concentrated phosphate fertilizer. Both of the states, it was said, have been depleted of their natural stores of phosphate, a powerful stimulant to growing crops.

**Must Use Phosphate**

H. P. Taylor, consulting engineer for the Idaho phosphate commission, told the conference that the nation must use phosphates in its agricultural scheme, or fold up and take the count.

The entire conference was conducted on the idea that phosphates were a benefactor to mankind.

Speakers referred to the great need of humanity for phosphorus in foods, decided the use of lands in agriculture unless the phosphate store was renewed each year, and urged that fertilizer be made more cheaply available through opening up of new stores of the mineral.

The permanent organization committee members are: Sen. James F. Pope, chairman; Harry P. Taylor, consulting engineer for Idaho; Dr. E. G. Peterson, president Utah State Agricultural college; Dan Greenberg, Wyoming state phosphate board; Dr. A. L. Strand, Montana university president.

## Full Might of Boulder Dam

With thousands of tons of water pouring from all outlets, this unusual photo shows the full might and magnificence of Boulder dam, in a display that may never happen again, at least until the lake should fill. In the background is the dam and the vast lake it has created stretching far into the distance. Arizona forms the right bank of the Colorado river here and Nevada the left bank.

## APPLE GROWERS DISCUSS OUTLET

**Special Meeting Tonight Will Point Toward Purchase of Local Vinegar Mill**

Eventual formation of an apple-growers' cooperative, and steps necessary to purchase the mill of the Twin Falls Vinegar company, located on Rock creek, will be discussed at 8 p. m. today during a special meeting of orchardists planned for the Chamber of Commerce rooms.

Attempting to find additional outlet for apples, especially culls, the growers are looking toward vinegar production, according to Joe H. Day of Eden, president of the Twin Falls County Horticultural society. If a cooperative can be formed and an agreement reached toward purchase of the mill, it is possible the buying of the mill will be partly covered by a federal loan.

## Pope Fears No Invalidation of His 1937 AAA

BOISE, Ida., Oct. 11 (AP)—Sen. James F. Pope, D., Idaho, co-author of the Pope-McGill bill providing for an ever-normal granary and crop control, said today that he did not fear invalidation of the measure by the U. S. supreme court should it become a law and be submitted to court test.

Pope said he felt the "court had experienced a change of attitude." The Idaho senator said that while "invalidated other New Deal legislation his own farm measure might be ruled unconstitutional" he thought such would not be the case.

Asked if he thought President Roosevelt had won his court fight, the senator said, "he lost a battle and won a war."

Pope's bill has been called the "A. A. A. of 1937."

## STATE TO BUILD FISH HATCHERY

**Unit at McCall Will Be One Of Largest, Most Modern In Idaho**

BOISE, Oct. 11 (Special)—Through the donation of land and road right-of-way, by S. G. Moon, president of the Boise Payette Lumber company, together with the cooperation of the United States and the state forestry services, and the fish and game department, Idaho will have one of its largest modern fish hatcheries upon the shores of the north fork of the Payette river at McCall, according to W. R. McIntyre, state fish and game warden.

The hatchery, with a capacity of from one to two million fish, will be completed in time for operation in the early spring. The structure will be built of the shiplap log siding and will be rustic in design to conform with the adjoining timbered country.

The hatchery at McCall is one of the several being planned by the fish and game department to give greater facilities to fish culture in the state and to provide more fish for Idaho's streams and lakes, McIntyre announced. He added that providing more fish and game was one of the policies of Governor Barzilla W. Clark, and in order to do this, his department had planned an extensive program for the building of more hatcheries in various sections of the state.

## Teachers Guests at Club's Reception

JEROME, Oct. 11 (Special)—A reception was given Thursday evening in the Pleasant Plains grange hall in honor of the teachers by the ladies of the Pleasant Plains Neighborhood club.

Greeting of the new teachers was given by Maude Hawley, president of the club, and was followed by the introduction of the teachers for the new school year. After brief talks by the superintendent of schools, H. Maine Shoun, a program was presented. Refreshments were served at the close of the evening.

BUHL, Oct. 11 (Special)—Final tributes were paid this afternoon to J. Edward Leighow, 84, Buhl resident for 20 years, at services held at the Methodist church, Rev. Leroy Walker, pastor, officiated.

Interment was in Buhl cemetery under the direction of the Evans and Johnson funeral home.

Mr. Leighow died Friday at the Buhl hospital. He had lived on a farm southeast of Buhl since coming here from Philadelphia in 1917. He was born Sept. 13, 1872, in Danville, Pa., and is survived by his wife, Mrs. Anna Leighow.

## Burley Announces Harvest Vacation

BURLEY, Oct. 11 (Special)—Local schools closed Friday for the annual harvest vacation to last for two weeks—until Oct. 25. Only the junior and senior high schools will close, while the grade school classes continue as usual. School buses plan to run for the benefit of the elementary pupils.

A plan is being used at the high school, whereby students desiring to take courses in agriculture, the superintendent and farmers' district school year will call at that office. This scheme was evolved to remedy the shortage of labor in this vicinity.

## LAVA IS CHOSEN SITE OF HOSPITAL

**State Tuberculosis Building Will Be Constructed at Cost of \$208,000**

BOISE, Ida., Oct. 11 (AP)—Governor Barzilla Clark today received formal notification that Lava Hot Springs had been chosen as site for the state's new tuberculosis hospital, to be constructed at a cost of \$208,000.

Work on the hospital will begin before Dec. 10, since under federal requirements a government grant of \$94,000 will not be available unless construction is started before that time.

A five-man committee voted three to two to establish the plant at the health resort.

Construction will be under supervision of the state department of public health. The hospital will accommodate 80 patients.

Dr. Alexander Barclay, chairman of the committee which picked the site, said that the selected location was "most magnificent."

The city of Lava donated a modern, 25-bed brick hospital which cost \$25,000, and this will be added to state-owned hospitalization facilities, Barclay reported.

Other sites considered were Boise, Caldwell, Nampa, Weiser, and Payette.

"I hope you won't, Miss Pierce," he said, apologetically. "I never spoke to anybody about this before. I don't want to get around when my wife gets better, it won't help any to have it known that she's been away all these years."

BEHIND THE SCENES IN WASHINGTON By Rodney Dutocher Evening Times Washington WASHINGTON, Oct. 11—Life gets to seem terribly complicated when you sit and listen to lawyers discuss the merits of a bill.

Economic Issues and the Church's Role

One of the most interesting experiments of recent years is about to be undertaken by the Congregational and Christian Churches of the United States. They are going to hold a plebiscite of their members on economic issues, including: unemployment and relief, agricultural prices, labor organization, tariffs and other trade barriers, public utilities, consumers' co-operatives—and capitalism.

It will be interesting to see what conclusions are reached; even more interesting, however, is the fact that the vote is being taken at all. For these churches have agreed to debate and vote on the most vitally controversial issues of the day.

An excellent answer is contained in the current issue of Advance, the Congregationalist's monthly magazine.

OH, DEER!

Perhaps the woman was a deer in offering an Evelina reporter some deer meat taken out of the Mindoka forest but when the deer woman called up and said she had the deer meat, she was a deer.

It all happened when the reporter was out for a walk in a certain local hotel where a certain Mrs. Jones had some deer meat for him.

And today he is wondering just who the fellow who has the deer meat with the local hotel is. (Who didn't get the deer meat?)

JOHNSON held up his hand in alarm.

"I haven't anything to do with the murder, Miss Pierce. I swear it. You can check up for yourself. I don't want to get around when my wife gets better, it won't help any to have it known that she's been away all these years."

"She's been away. It's almost 10 years now. We had a baby, and she had the child. Then it was like something snapped in my wife's mind... she's never gotten over it. The doctors don't seem to know how to help her."

"I've nothing to tell you," the woman cried in terror. "You should be ashamed of yourself, making trouble for recent people. You've no right in my apartment. I'll talk to my husband..."

RETIREMENT IS OPTIONAL

The supreme court itself has held that in a circuit or district federal judge retains increased responsibility, under a similar law, does not lose his status as a judge.

Most of the other justices are old enough to retire but still retain. If Black had been called more than a "hypothetical instance."

Another answer to the Levitt suit is the contention that the supreme court has no power to call more to the qualifications or eligibility of its own members.

EDEN

Work is progressing on the high school play to be given by the all school under the direction of Miss Cacer, oral expression instructor. The three act comedy, "Safety First" has its cast as play with Mrs. Cacer, Ernest Wastendorf, Mildred Ehlers, Howard Mathey, Franklin Barnett, Virginia Grant, LaVera Hayes and Carl Edith Zinggold, Eberhart Hamilton.

The Just-A-Mere bridge club met at the home of Mrs. E. Hayes Tuesday afternoon. The first meeting of the fall series, Mrs. Beattie Cooper was the hostess.

One group of french music was reported in the grade school and the school nurse was called to treat a student. No other cases were reported.

And lastly: "The questions of deep import are always those on which there is the most vigorous difference of opinion. And a religion which is realistic and which goes deeply into the perplexity of any generation must of necessity deal with those questions."

Transplanted Europe

It probably is an astute move that the motion picture high command is making, in planning to hold its gaudy, semi-hysterical "world premieres" of motion pictures in other cities than Hollywood.

Problem for Educators

Running a public school system in the future may be an entirely different job than it has been in the past. Until now, the steadily expanding population meant that the school population likewise was steadily expanding.

Problem for Educators

The decrease reflects a decline in the birth rate, which began around 1920. It also reflects the passing of the depression—reflects it in reverse, for the depression boosted high school enrollment when boys and girls who could not get jobs decided to stay in school.

## Knights of Columbus Dance Features Day

Twin Falls will observe Columbus day tomorrow with the Knights of Columbus ball as the principal feature and a large attendance is expected by the committee in charge. The affair will be held at Radio-land at 9 p. m.

Music for dancing will be provided by the Ambassadors orchestra. John Day is chairman of the event.

The dance committee, in addition to Mr. Day, includes Harry O'Halloran, Lyons Smith, Paul Krefl, George Seidel and Harvey Quenell.

Also in honor of the day two radio broadcasts are scheduled, the first being at 8:15 p. m. over station KFTI by Mr. Krefl, grand knight, on Christopher Columbus, and another by Mr. Seidel over the same station at 9 p. m. Mr. Seidel is the recently appointed council lecturer of the local Knights of Columbus order and will give a 10-minute address.

Favors in the patriotic theme will be given to all those attending the Columbus day dance. Chairman Day announced.

Other observance of Columbus day in Twin Falls includes closing of the county courthouse and the banks to mark the legal holiday.

## Marion Martin Pattern

**DRESS FOR FALL.**  
You'll be delighted with this slim Marion Martin design that will give you a flying start toward a smart Fall wardrobe. For Pattern 9479 possesses a knowing chic that is a welcome change after casual vacation clothes. While the new silhouette calls for long, lallered sleeves you may have short full sleeves if you prefer. Up-to-the-minute set the center-front seam, collar, button or bow trim. See how the youthful yoke affords fabric alliances. As likely as not, you'll prefer crepe-back satin, but for greater occasion, crepe with all-over lace or an embroidered sheer would be perfect. The Complete Dress includes Pattern, Marion Sew Chart calls for but eight pieces.

Pattern 9479 may be ordered only in sizes and waist sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 18 requires 3 1/2 yards 39 inch fabric.

### HEYBURN WARNS ON BUS-PASSING

HEYBURN, Oct. 11 (Special)—Because drivers of school buses report that drivers are passing the buses while these are stopped, loading or unloading children, school authorities said today it may be necessary to take legal action against these offenders unless the violations are halted.

A statement issued today said: "Danger arising from this practice is evident to any thoughtful driver. Children getting on had off school buses are not careful and no amount of advice and instruction will make them so. For this reason people driving cars near school buses should be on the alert continually as the buses are likely to stop at any time."

If these careless actions continue it will be necessary for school authorities to take legal action against those offenders. The state law is very emphatic in its statement that automobiles must not pass school buses while they are loading or unloading students.

### Buhl Girl Bride at Morning Services

BUIHL, Oct. 11 (Special)—A simple ceremony read at eight o'clock Wednesday morning by Father J. C. Dolan united in marriage Miss Virginia Glodowski, daughter of Mr. and Mrs. M. C. Glodowski and Fred Cutts of Buhl City, Utah.

Miss Helen Glodowski, sister of the bride and Harold Johnson attended the couple. The bride wore a dark traveling suit with matching accessories.

Immediately following the wedding breakfast which was served at the Glodowski home the couple left for their new home in Salt Lake City where Mr. Cutts is in the government service.

### PROGRAM DRAWN FOR AIR EVENTS

Races, Feature Jumps, Stunts And Dance Scheduled at Burley Show

Plans were practically complete this afternoon for the first annual air meet of the Idaho Pilot's association to be held at the Burley airport Oct. 22 and 23 and officials of the group announced a tentative program for the two-day event.

Featuring the meet will be the daredevil antics of "Tommy" Thompson, who aside from regulation parachute jumping will also jump from a plane a mile above the canyon and glide to the ground on a pair of specially constructed wings strapped to his arms. He is the second man in history successfully to perform this feat. Another man, also from the United States, was killed recently in France during such a stunt.

Aside from jumping, Thompson will also thrill the crowd by driving a motorcycle through an inch-thick wooden wall while traveling at high speed.

Tentative program for the meet, the same to be followed each of the two days, is:

- 10 a. m.—Delayed parachute jump by Thompson.
- 11 p. m.—Light plane air race over the mile course.
- 1:30 p. m.—Spot landing contest (hitting a plane closest to a designated spot).
- 2 p. m.—Stunt flying contest.
- 2:30 p. m.—Bombing contest.
- 3 p. m.—Balloon busting contest from planes.
- 3:30 p. m.—Thompson's jump with the use of wings strapped to his arms.

Feature social attraction of the meet will come Saturday night, Oct. 22 at which time an aviators' ball will be held at the new Y-Dell ballroom in Burley. Contest winners and visiting pilots will be introduced during the evening.

TONY LEADS BATTERS FOR 5 GAMES WITH MARK OF .400

NEW YORK, Oct. 11 (UP)—Age before beauty, they always say, so today Tony Lazzeri, a homely, wrinkled hombra...

Hero—1937

"Poosh" em up Tony! stood on the peaks today, one of the most glamorous and valuable players of all time.

His teammates collected approximately 45,836 pieces for winning their second straight "subby" series, which was the fourth in a row.

He led the New York Yankees to their sixth world title more than any club ever has won. He led them by his hitting, his fielding and his dashing play around second base that stood out in every game.

VANDALS LOOKING TO UTAH'S AGGIES

Idaho Hopes to Win Second In Row Over Neighbors; Takes Utes, 9-7

SALT LAKE CITY, Oct. 11 (UP)—A stalwart University of Idaho Vandal crew that pulled the fat out of the fire in the fourth quarter against Utah's Redskins Saturday, was looking ahead today to the Farmers of Utah State college.

A husky halfback carried the Vandals to victory when Steve Belko kicked a perfect field goal. He had tossed a long pass to Mickey Stoddard, who went down on the 10-yard line.

Neither club could gain consistently through each other's line, with Idaho making only four first downs and Utah five.

Only 22 Major Undeclared, Untied Grid Outfits Left

6 Will Have Good Records End Saturday

NEW YORK, Oct. 11 (UP)—Major undeclared and untied football teams numbered but 22 today as the season moved toward its third big week-end.

At least six—five in the east and one in the southwest—will have their perfect records spoiled this week-end because six games bring together 12 of the 22 teams.

Runs to be Staged On Three Days for West's Bird Dogs

Purse of \$300, Plus Championship Cups, Will Be Divided Among Winners

JEROME, Oct. 11 (Special)—Dog days will come to Jerome tomorrow, and differing from the part of the year generally termed as such, will last exactly three days, during which the four Idaho state champions will be crowned and one western states title will be awarded.

The Dog days, in more specific language, are the Idaho State Field Trial Association's annual runs, scheduled for Tuesday, Wednesday and Thursday, Oct. 12, 13 and 14.

The tentative program will see Pappy and Derby stakes on Tuesday. All-Age and Short-Cut dog stakes on Wednesday and the Championship stake, conferring the title of Western States Plusan Dog champion on Thursday.

Derby Class: For Pointers and Setters two years of age or under on the day of the running. These dogs are sometimes classified as Junior all-age and the contenders are expected to show good speed, range, and stamina.

DRIVERS URGED TO USE CAUTION Chief of Police would Have Each Motorist Read 'Open Letter'

As a part of Twin Falls' drive against careless and reckless drivers, Chief of Police Howard Gillette this afternoon urged motorists to read an article printed in the Evening Times by Gregory Malcolm Smith for a national publication.

The article was given to Gillette by Joe Mack of Twin Falls. "I wish everyone who drives a car would read this article," the chief said, "and then do a little thinking."

"I saw you barely miss a little boy on a tricycle this afternoon and heard you yell. Get the hell out of the way! Don't you know any better than to ride in the street? He didn't answer because he hadn't learned to ride yet. So I'm going to answer for him."

"No, the little boy doesn't know any better than to ride his tricycle in the street. He's a little boy, not a little boy's driver. He's a little boy's driver, not a little boy's driver."

TRANSMISSION IS NEW GDS LURE Automatic Gear Shifter Now Offered on Both Eights And Sixes

With the presentation of its new model for 1938 Oldsmobile the company announced that the automatic safety transmission—offered for the first time a few months ago as optional equipment on the Oldsmobile eight—only is now optional at extra cost on both the six and eight. Sunbelt Motor Co. is Oldsmobile distributor here.

Oldsmobile's automatic safety transmission is said to be unlike any other ever before offered to the public. It is a new kind of transmission which does away with the ordinary routine of gear shifting and yet gives the driver control of economy of gear selection, car control and all-around performance.

With winter weather approaching, Dr. H. L. McMartin, director of the district health unit, this afternoon urged all parents to have their children immunized against diphtheria. The disease, the director said, usually spreads in the winter and spring months and for this reason immunization now is urged as a step in preventing diphtheria from becoming general.

Don't Delay! Parents should never delay this protection to their children just because there are no cases of the disease noted at the present time. McMartin said, "We are constantly in danger of contacting the disease through the transient population which is so high in this section. No child should be sent to school unless first immunized, he said. "The number of cases of diphtheria during the last decade has greatly decreased, but especially true among small children where the death rate has, in the past, been the highest. Check of the disease has been credited to toxic or toxin-antitoxin injections.

**Abundant MELLOW WARMTH**

... with IRON FIREMAN Automatic Coal Heating

An Iron Fireman is clean. Dustless processing has placed coal among the cleanest of fuels. Iron Fireman firing makes it a smokeless fuel. Indoors and out an Iron Fireman is clean.

Have you thought about installing an Iron Fireman in your present furnace? You can do it at small expense and on easy payments, making your present heating plant modern, efficient, automatic. Ask an authorized Iron Fireman dealer for quotes, prices and terms and estimate your fuel cost savings.

The most important feature any heating plant can have is the ability to give plenty of heat. That is exactly what you get with Iron Fireman heating—PLENTY OF HEAT—ALL THE TIME. And you get it at the lowest fuel cost of any fuel or firing method offered.

But it is not only the abundance of heat which makes an Iron Fireman-fired home so comfortable. The manner in which coal gives off its heat is a factor, too. A steady, continuous flow of warmth permeates the whole house—giving a degree of comfort not to be found with fuels which are "on-and-off".

An Iron Fireman fire is never suddenly blazing hot one minute and completely out the next. It is automatic and self-regulating, but is always giving off a certain amount of heat so that floors stay warm and the whole house stays comfortable.
