### Cow-Milkers and Hilarious Spectators Defy Rain for Harvest Event's Feature

#### Crowd Roars at Amateur Antics

#### Latham Protests; Can't Find Cow That 'Udders' Didn't Use

Several hundred persons, undaunted by a downpour which drenched Twin Falls this afternoon, were on hand to witness Idaho's first amateur cow milking exhibition as Twin Falls businessmen tested the strength and power of their fingers in this most ancient of arts.

Antics of the entrants, showing evidence of "not knowing how," brought roars of laughter from the crowd as businessmen tried their best to get the white fluid into their pails. Coaxing the cows by sweet nothings spoken in their ears was uncommon and even a little pleading wasn't out of line, but some of the cows wouldn't give. They were dry—in spite of the rain.

But the widely publicized event, that "stupendous" milking contest between "Snowball" Latham and Frank Magel for the \$100 side bet, ended in a dud and long protest to the judges.

No Cow for Snowball

Magel finished his task, and between the milk and rain, had a creditable showing in his last three minutes of effort. But woe to "Snowball." He drew cow number eight and there were seven of the animals present. He tried them all but without the desired results. They wouldn't give.

So he protested, "I'm not milking a cow, or something of other," he exclaimed, "I'm milking a cow, but it's not a cow, it's a pig." "This is unfair to organized cow milkers, or something of other," he exclaimed, "I'm milking a cow, but it's not a cow, it's a pig." "This is unfair to organized cow milkers, or something of other," he exclaimed, "I'm milking a cow, but it's not a cow, it's a pig."

Wants His Money

Then Magel broke in with the statement that everything had been "fair and square" and wanted his money. At present time the pair was still attempting to decide on another matching act, and the second side bet, the money, according to Magel was Elmer Hollingsworth while Bill Detweiler acted as second for the contest "Snowball."

Contestants were harassed from two sides. One side was the crowd which kept pressing in to get a close view of the dramatic event, and the other was the steam rising from the bodies of the animals. In some instances this made finding a udder almost impossible, except by the sense of touch, which was (Continued on Page 2, Column 4)

### BONES OF SLAIN UTAH MAN FOUND IN WELL BOTTOM

Mrs. Bosshard Fails to See Skeleton; Will Stay With Killer

ST. GEORGE, Utah, Nov. 19 (UP)—Mrs. Charles Bosshard didn't go out to see the skeleton of her first husband when the sheriff brought it up from the bottom of a well near her house today. Instead, she went to the county jail to visit Bosshard, who killed her first husband, threw him in the well, deceived her about it and married her.

For nearly three years she had lived happily with Bosshard, thinking that Spencer Malan had divorced her. She got a divorce from him on the grounds that he had left her on his sheep ranch with a boy 8 years old. Bosshard told her that Malan was dead and lying at the bottom of the 100-foot hole. Just a short way from the house.

Today the woman had to choose whether she would be Spencer Malan's widow or Charles Bosshard's wife. She liked the latter best.

Considerate Husband

"Charlie has atoned for it by being so good to me," she said. "He has always been so considerate, and has done everything possible to make life easy for me and the boy. We've had some trying times but we've lived together happily. Spencer was mean to me and to the boy, too. He would go on drinking sprees and abuse us."

So she went to the jail to console Bosshard, who is charged with murdering Malan.

"I don't care for you, Charlie, right to the end. It doesn't matter," she wept bitterly when she left the jail.

She this took place, Sheriff Antonio H. Prince was still digging (Continued on Page 2, Column 4)

### His Heritage—the Breedline

When a Washington, D. C., mail worker saw James B. Sloan, 61, in a brigade, he was impressed by the lifeline strength and character of Sloan's face that the above picture portrays. Questioned, Sloan revealed that his great grandfather was a member of George Washington's staff, and that during and during his lifetime he had wiped out Sloan's paint business, put him in the breadline. The above picture was made, the living symbol of needy persons—and Sloan was taken out of the breadline.

### STORE MANAGER LASHES BACK AT LIQUOR CHARGES

Putzier Asserts Minors Who Buy Licenses Commit Perjury

Taking exception to statements made by law enforcement officers and court officials that a holdout of license issuance by the liquor control commission are lax in some cases, Albert Putzier, manager of the local liquor store, this afternoon said that any minor signing application for a permit is committing perjury.

Placing a liquor permit on a 17-year-old youth arrested here early Thursday morning and charged by police with driving while intoxicated, caused the liquor store manager to cite other instances where minors are said to have obtained such a permit.

Swear to Age

In pointing out that a minor should sign for a permit, commissionary Mr. Putzier said: "When a person signs for a liquor permit he certifies under oath that he is 21 years of age or over. We have refused many permits when we had reason to believe the applicant was not at or over the required age. In many cases we have refused licenses on a permit and the youth in question has returned with evidence he is over the required age."

"It has been true in a number of cases of boys who were over 21 years of age but who looked much younger than the youth arrested here for intoxicated driving. Shirve for Accuracy

"Thousands of permits have been issued through this store and are in use today. I know the difference in opinion as to a person's age are bound to creep in although we give for accuracy on this point," Putzier said.

The cash on a liquor license application reads as follows: "(I name of town) being of full age of 21 years and over, do hereby certify that I purchase liquor in accordance with the regulations issued thereunder and I am not a member of the commission and I am not disqualified under the terms of said act from receiving a permit."

### Bitter Debates Continue Around Anti-Lynch Law

#### Clark Accused of Using Senate As "Sewer" for Picture Display

WASHINGTON, Nov. 19 (UP)—The subcommittee of the house ways and means committee reported progress today in its plan to grant tax relief to business without seriously impairing the flow of revenue to the treasury.

The senate continued to mark time until Monday, when a farm bill is scheduled to be presented, by bitter debate on the anti-lynching bill. Senator Tom Connally, D., Texas, leading the attack by southern senators on the anti-lynching bill, accused Senator Bennett C. Clark, D., Mo., of using the senate "as a sewer" in the display of Lynch pictures on the senate wall. Clark called the Texan to order.

The house ways and means subcommittee proposed an increase of complete exemption from the undistributed profits tax to include corporations with yearly earnings above \$5,000; the normal corporate tax rates, and grant of three-year exemptions from the undistributed profits tax on corporations emerging from bankruptcy and from reorganization.

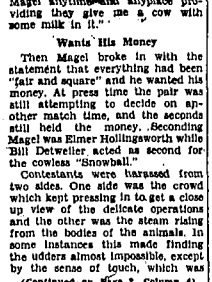

Opposition

Chairman William C. Clegg, D., S. C., of the senate agriculture committee, ordered a confidential copy of the much-spread farm bill printed in order to expedite a report to the senate.

"We go through the list of amendments and accept or reject them as we wish. It has been a Monday if necessary," Smith said.

The full committee will meet for the second time today. The committee rejected proposed amendments for the farm bill and the wheat and cotton price support bill. The wheat price support bill was amended to raise \$100,000,000 toward financing the program. The cotton price support bill was amended to raise \$100,000,000 toward financing the program. Today's action was in line with (Continued on Page 2, Column 4)

### 3RD MEMBER OF GANG CAPTURED

Angel Face Gang Surrenders To End Round-Up of Escaped Trio

SYRACUSE, N. Y., Nov. 19 (UP)—They may be the kidnaping of a man join his pals today in a prison struggle with the one from which he fled them in a spectacular escape.

Geary, captured yesterday about 24 hours after police caught his companions, John Oley and Harold (Red) Crowley, was under heavy guard in the Syracuse courthouse jail pending transfer to the "escape group" and they are serving for Oley and Crowley were sent there yesterday.

The three convicts, convicted of participating in the kidnaping of John J. O'Connell in Albany, N. Y., in 1932, escaped from the Onondaga county penitentiary at nearby Jamestown, which is not equipped with modern devices for guarding inmates.

They will be held in Albany pending their extradition to the state of New York to be tried for their part in the O'Connell kidnaping, and five years to Crowley's 20-year sentence.

Geary, who injured leg suffered when he leaped from the second story window of the rooming house which Oley and Crowley were caught Wednesday, surrendered meekly to Traffic Policeman Thomas Lewis, who found him hiding in a stately only a short distance from the scene of his pals' capture.

### Lincoln School Contract Voted

Board Delays Electric Move; Awards Will Total \$118,581

Two contracts had been awarded today for construction of the new 11-room Lincoln school unit, and a third contract was reserved under consideration by the Twin Falls board of school trustees.

Total of the three contracts would make the price of the Lincoln building \$118,581.

Herb Poynter, Poetelle, was awarded the general contract at \$44,692, was temporarily held up from his original bid of \$92,007. The economy was effected by elimination of brick corridor walls and elimination of roofing insulation.

Loesinger Plumbing and Heating Company, Boise, received the plumbing and heating contract for \$29,237. This firm also won the Ulfeld school job.

Investigate Status

Electrical contract, on which the Bialo Grey Electric Shop, Inc., of Salt Lake City, was low bidder at \$44,692, was temporarily held up pending investigation by H. P. Parry, the board's attorney, as to whether the Utah corporation is qualified to do business in Idaho. If it is not, the low electrical bidder is the American Electric company, Twin Falls, at \$44,872.

The general contract to Poynter was awarded with the option of placing linoleum floors on four of the building's school rooms, at a price of \$240 per room extra.

Because Poynter and V. O. Tolboog, Provo, Utah, were so close together on the general bid—each being low if after a note that credit was considered in various lights, the two men were called in by the board's attorney, H. P. Parry, to discuss the bid. The two men were called in by the board's attorney, H. P. Parry, to discuss the bid. The two men were called in by the board's attorney, H. P. Parry, to discuss the bid.

### LABOR TROUBLES INCREASE AT GMC

Lansing Local of UAW Orders Strike Vote On Saturday

DETROIT, Nov. 19 (UP)—Labor troubles in the plants of General Motors today were at their fiercest as the local of the United Automobile Workers union ordered a strike vote Monday on the plant.

The announcement from the Michigan capital came only a few hours after 500 all-out strikers in the plant at Pontiac had refused to heed the plea of U. A. W. officials that they return to work.

Heartened by a vote of confidence from the rank and file members, the strikers remained inside the plant. General Motors officials said that this newest labor trouble had made 1872 Fisher and Pontiac Motor company workers idle.

The Lansing local of the committee for industrial organization union issued a note that it had cards sent to 3,000 Fisher employees. It officials said the suspension of work on the rank and file market thoroughly investigated was the immediate cause. They added, however, that a strike vote had been underway since the rank and file market charges of speed-up, discrimination, and violation of seniority rules.

### DEATH TOLL ON ISLANDS GROWS

28 Reported Dead Following Typhoon in Philippine Archipelago

MANILA, P. I., Nov. 19 (UP)—Death toll of a typhoon which swept over the Philippine archipelago mounted to 28 tonight as reports of widespread havoc trickled in from the distressed islands.

A state of emergency was decreed on the island of Leyte, faced with the threat of a serious food shortage as a result of crop destruction. Crop damage there alone was reported at \$400,000. Six were reported dead on Leyte.

Weather bureau officials, in contact with their southern outpost for the first time in 48 hours, said the typhoon was proceeding along a northward course running parallel to the western coast of the island of Luzon, en route to the China sea.

Scoury for Cover

Steamers in the path of the blow scurried for cover while fishermen in flimsy "bancas," rafts with little bob-others, raced for harbors.

Coastal towns along the fringe of Luzon, largest island in the Philippine group, were drenched with torrential downpours of rain, raising the threat of floods.

Fear was expressed that the slow (Continued on Page 2, Column 4)

### PLANNERS FAVOR ROAD, UNDERPASS

Group Approves Proposed New Highway 40 Miles West of Buhl

Endorsement of a proposed new road extending for 40 miles west of Buhl, and approval for a suggested bridge over the Twin Falls county existing bridge, the road was approved by the planners today. The road would be a two-lane road, 20 feet wide, and would be a two-lane road, 20 feet wide, and would be a two-lane road, 20 feet wide.

The Buhl road, Chairman A. L. Swain said, would run west from that city and then north to Buhl, and then diagonally northwest down Saylor creek to the bridge between Hammett and Indian Cove.

"There is now an old dirt wagon road along this old distance," Mr. Swain said. "We favor a new road utilizing that old route and having a new trail over the rest of the distance. The country is entirely feasible for such a highway."

The underpass suggested by the planners would remove a serious road hazard on U. S. 30 between Buhl and Buhl. The structure would be a concrete bridge, 100 feet long, and would be a concrete bridge, 100 feet long, and would be a concrete bridge, 100 feet long.

### MURPHY MURDER TRIAL NEAR END

Attorney Says Bayona Shot Fair Because 'Dead Men Tell No Tales'

MURPHY, Ida., Nov. 19 (UP)—The jury today in the trial of the murder of Felo Arcouringna, Bayona shepherd, shot a woman and her son to death in his lonely cabin because "dead men tell no tales."

The charge came as the trial approached its climax. The case was due to go to the jury late today as both defense and prosecution summed up their cases.

A silent crowd of 250 persons jammed the small courtroom and overflowed into the corridor as Earl Garrity, prosecution assistant from Moscow and his wife, the state demanded the extreme penalty for Arcouringna.

Garrity, standing up and down before the jury box, charged the Arcouringna's story of self defense in the shooting of Mrs. James Cleveland and her son, Robert, was not the "dead men tell no tales."

"He has not told us the true story of what went on in that cabin before he shot a rifle and fired it into that woman and her son," Garrity said. "His purpose in making sure of their deaths was obviously because dead men tell no tales."

### EXPLANATION DEMANDED

WASHINGTON, Nov. 19 (UP)—Ambassador Joseph P. Kamp today demanded explanation of report that William C. Bullitt, American ambassador to France, had been ordered to advise the country against joining the anti-Communist pact of Germany, Italy and Japan.

### Oddities

MIEN MARSHALL, Tex., Nov. 19 (UP)—Neighbors and police searched hours for Herald McClure, 7, who strayed from home. The boy's mother was frantic. "If Herald is in town and the fire whistle blows he'll run out to see the excitement. He always does," Chief Lindsay obligingly turned on the siren.

Old came Herald, from a house three blocks from home. A neighbor yanked him home and Mrs. McClure told the chief he could turn off the siren.

AMBASSADOR WASHINGTON, Nov. 19 (UP)—Joseph M. Hines, assistant secretary, was appointed ambassador to the south pole today but remained in Washington.

President Roosevelt gave Hines a note under a note that Hines' appointment the first to the region—when Hines was asked for the President's approval. "I hereby appoint Herbert M. Hines to be ambassador to the south pole." The President's note was signed by Hines and substituted "south," they signed his initials.

PROOF HOLLYWOOD, Nov. 19 (UP)—The case of Maxine Lindwell, young actress, was proof today that coming to Hollywood is often the poorest approach to the movies.

Miss Lindwell spent six years trying to break into the film business and finally joined a Hollywood agent. "I'm a greater movie star," she said. "I'm a greater movie star," she said. "I'm a greater movie star," she said.

### Eyston Travels 311 Miles Per Hour to Set New Record

BONNEVILLE SALT FLATS, Utah, Nov. 19 (UP)—Capt. George T. Eyston, 40-year-old British sportsman, today twice drove seven miles an hour faster than the world record set by a Buick across those barren salt beds faster than any other man has travelled on land and set a new world's record of 311.4 miles per hour.

He simultaneously set a new record for the kilometer at 312.20 M.P.H.

Eyston hit the tremendous speed of 310 miles an hour on the return trip. "The Buick travels more than himself had travelled on his best previous one-way run."

"I knew I was going faster than usual because my goggles were fluttering and I had to put up my hand to keep them from flying off my face," Eyston said.

Eyston was jubilant. "Nothing could have been accomplished without my American friends and their splendid cooperation," he said.

He said the Buick "travels that better after a high speed."

Reached Goal

After seven weeks of preparation, the tiny town of Wendover, Utah, today reached the goal of a new world record. "I'm a greater movie star," she said. "I'm a greater movie star," she said.

# JAPAN CLAIMS CHINA GETS AID THROUGH HONG KONG

## PROTEST MAY BE MADE TO BRITAIN IN NEAR FUTURE

Recognition of Spain Rebel Government Admitted to Be Announced Soon

By RAY MARSHALL  
TOKYO, Nov. 18 (AP)—China is receiving important quantities of war munitions through Hong Kong, British strategic base off the south China coast, Japanese authorities asserted today.

Both the war office and the foreign office possess definite information that the shipments have been made, it was said. It was indicated that shipments were going direct to Hong Kong, and thence to China, from Great Britain and other countries. In addition some were reaching Hong Kong by way of French Indo-China.

A foreign office spokesman, intimating that the Japanese government was keeping a record of such shipments as were reported to it by its agents, seemed to say "at present" whether there was a likelihood of representations to Britain.

Blockade Effective  
The spokesman intimated that the Japanese blockade of the Chinese coast was effective, so far as shipments directly to China were concerned. He commented also that the government understood some shipments of arms were based on contracts concluded before the hostilities started between Japan and China last July 7.

An American, arriving here from Hong Kong, said it was common knowledge among informed persons that shipments in large quantities, from many sources, were reaching the Chinese forces through Hong Kong. These arms, the informant said, were sent on from Hong Kong to Canton and thence along the railroad to Hankow.

Recognition Seen  
The Japanese navy and air force, the informant said, were doing all they could to limit the amount of supplies as were liable to seizure under international law.

Commenting on reports from Europe that Japan would soon recognize the Spanish nationalist regime, the spokesman said that though such recognition was likely, no date had been set for it. He said that the government regarded such recognition as natural and logical on the ground that the greater part of Spanish territory.

## Fifth Street Found Safest Thoroughfare

Judge Pumphrey Finds Fewer Accidents There; Main Most Dangerous

So far as the motorist is concerned, the safest street in Twin Falls is Fifth street north and west the entire distance. Only two auto mishaps, it was disclosed by Judge J. O. Pumphrey this afternoon, have been recorded along its entire length since the first of the year. Pumphrey has just completed a study of local accidents and where they happen.

More accidents, the study shows, happened in the 100 block on Main avenue south and east than in any other block in Twin Falls. No intersection "stood out" so far as mishaps are concerned.

Most "Popular"  
But the more "popular" intersections for motorists were noted by Judge Pumphrey as Fourth avenue and Shoshone west, Third avenue and Shoshone north and sixth avenue north and Shoshone.

Accidents along the entire length of Main avenue west, Shoshone streets stacked up just about even, every block being the scene of at least one.

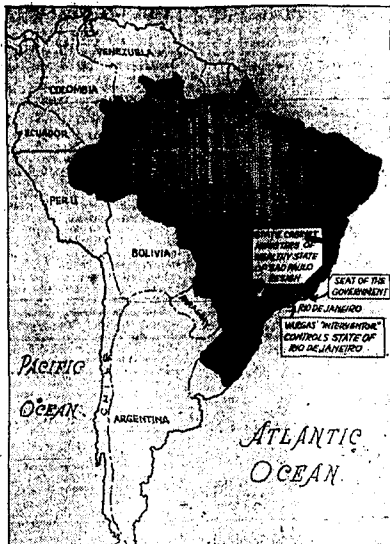

Five Points east and also Five Points west came in for their share of crashes, despite precautions of signs and other traffic aids.

Only one death has been recorded in Twin Falls this year as the result of a traffic mishap. A 13-year-old youth was killed recently when the bicycle he was riding in the 200 block on Second street east was struck by a machine. A coroner's jury found the driver was not at fault.

## LARABY CLEARED BY JURY VERDICT

Not guilty verdict in favor of George L. Laraby, 25, Twin Falls, for 27 years, was returned yesterday afternoon in probable court by a six-man jury deliberated four hours. The decree cleared Laraby of misdemeanor charges of contributing to the delinquency of a minor.

## U. S. FINDS A DICTATOR IN ITS OWN BACKYARD

Although President Getulio Vargas, who is pictured in a characteristic pose, has been virtually in control of Brazil since revolutionary trouble in 1935, his recent action in setting up a new 'authoritarian' government, started the United States because of its close resemblance to Fascist dictatorship. The map shows how large a block of South America is covered by Brazil and indicates the influence Brazil wields over the entire continent. Sao Paulo, Brazil's richest state and famed for its coffee and cotton, is virtually under Vargas' federal control. The state of Rio de Janeiro, which surrounds the federal district, is also Vargas-controlled. The new constitution gives Vargas right to declare Brazil in a 'state of war' at any time, thus nullifying civil authority.

## RAND, BERGOFF FREED BY JURY

Government Loses in First Test of Byrnes Act on Strike-Breakers

NEW HAVEN, Conn., Nov. 18 (AP)—The federal government was the loser today in its first court test of the Byrnes act, which prohibits the transporting of strike-breakers across state lines with the intention of interfering with peaceful picketing.

James H. Rand, president of Remington Rand, Inc., and Pearl L. Bergoff, former head of an industrial service agency in New York City, were acquitted by a jury of 10 men and two women of charges of violating the act during a strike at the corporation's Middletown, Conn., plant last year.

The verdict was hailed by Rand as of vital importance to American business because the fact brought out before a federal judge and jury absolutely disproved the charges made by the national labor relations board against Remington Rand.

The jury deliberated for two and a half hours after hearing Judge Carroll Hincks vigorously condemn the tactics of Federal Prosecutor Charles H. Carr. He charged Carr with an unwarranted attempt to create an "atmosphere" prejudicial to the defendant, and accused him of making charges of suppression of evidence which he had failed to prove.

## Turkeys Battle Crows; Four Birds Finish Race

The crowd, rather than the jockeys, proved capable of taking the most punishment and only four birds out of 18 were able to "finish" their way through the multitudes crowding Main avenue Thursday afternoon as the featured gobbler race, which turned out to be more on a steepchase style, was held.

The event was the first of one-day features, running through Saturday, as Twin Falls and surrounding communities celebrate the completion of the harvest. A businessmen's cow milking contest was slated this afternoon and tomorrow morning, at 10 a. m., special toy shows will be held at the Roxy and Idaho theaters.

People Close Route  
Not being confined to earth as are horses, the turkeys found it to their advantage to take to the air in their quest for the finish line. Season was the main obstacle thrown in their path and all but smothering the young jockeys.

But clever piloting by Tommy McDonald, making the Royal Mace entry for all it was worth, proved the spark needed and the jockey and Gallant Fox swept aside human opposition to find the finish line first down at the Rogeron hotel corner.

Close at the winner's tail came Corcoran's "Tip," sponsored by the C. Penny company and jockeyed by Kenneth Husted, for second position. Third award went to Phat Lap with Jim Williams "up," sponsoring organization being the Bertha Campbell shop while fourth position was "captured" by Eun Beau, piloted by Gerald Painter with the Fidelity National bank as sponsoring organization.

## LIST BARED FOR LABOR KILLINGS

Six Men Believed Slated to Die in Minneapolis Union War

MINNEAPOLIS, Nov. 18 (AP)—Another person who had advance news of the violent death that caught up with Patrick J. Corcoran, labor leader, came forward today as police took precautions to prevent Corcoran's assassins from meeting out the same fate to six other labor leaders.

Alderman A. C. Bastis announced that several weeks ago he obtained a list of five men scheduled for assassination which he turned over to police, asking them to "keep a close watch on everything." Corcoran's name was on the list.

Bastis was the third person revealed so far as having known about the assassination well in advance of its perpetration. The others were Cedric Adams, gossip columnist, who

## BUSINESS STAFF NAMED FOR PLAY

Warden Mills, Wayne Annis Manage Work For 'Death Takes a Holiday'

Business arrangements for the senior class drama, "Death Takes a Holiday," which will be presented at the high school auditorium on Dec. 8 and 10, have been delegated to a staff headed by Warden Mills as business manager and Wayne Annis as assistant business manager.

Other business details will be handled by: Properties, Anne Peavy; Clara Mae West; Make Up, Ed and Edwin Woods; advertising manager, Merle Orchard, chairman, with assistants, Lucile Thicker, Rosemary Sinsler, Ernest Ostrom, Len O'Malley, Theora Belle Burns, Ruth Bruce and Harriette Stansberry; tickets, Art Tramer, Tim Priebe, John Waters, Bob Wilson, Art Francis, Paul Hanson, Margaret Love, Shirley Smith, Naomi Kirkman, Marie Brennan, Bob Sotloff, Sherwood Nicewonger; prompter, Marjorie Jane Halpin; electrician, Eugene Husted; curtain, Willis Helm and Doc Alinowich.

Costumes will again be ordered from the Brockline Costume, Inc., at Seattle. Miss Florence M. Rees, director, announced today. As for "The Taming of the Shrew," unusual and attractive array for the characters will be assured," she said.

Charles Darwin was born on the same day of the same year as Abraham Lincoln.

Police believed that Corcoran's assassination found its root in a bitter struggle for supremacy of the labor movement of Minneapolis and four other states.

Bastis said that the names on the "death-list" he had turned over to police were those of the Dunn brothers—Grant, Vince, and Miles—leaders of the 1932 trucking strikes, William Brown, official of the drivers' union, and Corcoran, who among a number of other labor jobs held, was secretary-treasurer of the teamsters' union.

NOTICE!  
All washroom and truck drivers are requested to attend an open union meeting to be held at the Ferrine Hotel at 8:30 Friday evening, Nov. 19th, by R. D. Stevenson, Sec. Local 481, affiliated with the American Federation of Labor.

## CLUB MEMBERS HOLD HOLIDAY DINNER EVENT

The annual Thanksgiving dinner of the Good Will club was arranged yesterday afternoon at the home of Mrs. C. D. Thompson with Mrs. G. A. Bates as hostesses.

Seven small tables were marked for the group and were trimmed with evergreen, the flowers, Mrs. J. D. Comer, assisted by Mrs. Harry Wilson and Mrs. L. G. Gilkey, gave the invocation. During the affair impromptu songs were given by the president and past presidents, Mrs. Harry Wilson, Mrs. W. A. Minnick, Mrs. James Personette, Mrs. Laura Whitney and Mrs. Earl Johnson.

The afternoon was spent at cards and prizes were received by Mrs. A. C. Johnson, Mrs. John Rodman, Mrs. Lawson Lockhart and Mrs. Bertina Wode.

## FRENCH CLUB OPENS ACTIVITIES WITH DINNER

A dinner arranged in the Idaho Power auditorium inaugurated the year's activities of the Twin Falls high school French club last evening. Miss Margaret Seethoff is sponsor for the group and also for the dinner.

Dinner, which was served at small tables arranged in the manner of a sidewalk cafe with each guest provided with a French menu card, was arranged by Miss Clarel Caldwell as general chairman. Miss Jean Lovell, Miss Edna Painter supervised food preparation and Miss Mary E. Wright, Miss Mona Hulbert, Miss Dorothy David, Miss Helen Elliott, Miss Mary E. Milgram, Miss Phyllis Hoover and Miss Phoebe Jane Franz planned the decorations.

At the brief business session presided over by last term's president, Bert Tolbert, Miss Lucille Tinker was elected president, Miss Gloria Mae West, vice president and Miss Burns, secretary-treasurer.

During the program four French songs were sung with the leadership of Miss Caroline Dudley. Other numbers were: A reading "Down With Me" by Miss Martha Asbury; a French reading by Miss Charles Graves, presented by Mrs. Marie P. Letzen; a rhythmic play by Miss Mary Lou Gih, and a short skit in English and French by Miss Burns and Lee O'Malley.

## SPEAKER HEARD IN MOSLEM TALK

Members of the Presbyterian Missionary society which met yesterday afternoon at the church parlors, heard a desert luncheon heard Gerald Wallace discuss his trip abroad last summer. He stressed the customs of the Moslems in his talk.

The program also included musical numbers including two piano selections by Mrs. E. F. Hinton and a vocal solo by Miss Enid Richards, accompanied by Mrs. O. P. Duval.

The business session was conducted by Mrs. E. F. Bracken and devotions led by Mrs. M. F. Gamble were on the theme, "Light."

During the luncheon hour Mrs. O. M. Hall and Mrs. E. F. Wall poured at a lace covered table. The hostesses were Mrs. L. L. Breckenridge, Mrs. H. W. Wallace, Mrs. W. D. Reynolds, Mrs. J. A. Brauchamp and Mrs. A. J. Green.

## REVIEW GIVEN FOR RELIEF SOCIETY

Mrs. Blanche Blazius spoke on "Star of the West" by Ethel Hueson at yesterday's meeting of the first ward Relief society, L. D. B. church, held at the tabernacle. Seventeen members were present for the literary lesson.

During the session it was announced that the next meeting will be Thursday at 2 p. m. for the social service session. Song practice was under the direction of Mrs. C. L. Luke.

## BOY'S BIRTHDAY MARKED AT PARTY

The fifth birthday of Floyd Lee Sharp was celebrated recently with a party given by his mother, Mrs. Floyd Sharp. After games were conducted refreshments were served by Mrs. Sharp and Mrs. Gail Montgomerie.

The guests were Shirley Jean and Leon Hartley, Jimmie, Jackie, Billy and Joe Smith, Edna Day, Darlene Pearson, Layton and Leatrice Montgomery, Ronald Sharp and Martha May, Frieda and Reba Hartley.

## Auto Fatalities in State Show Decline

BOISE, Nov. 19 (UP)—Auto fatalities in Idaho declined during the month of October 14, said the number of persons killed in October, 1937, the bureau of vital statistics reported today.

However, the general highway death list will equal, if not exceed, the toll taken during the entire year of 1936, the bureau indicated. Reported deaths to Oct. 31 this year totaled 152. The entire year of 1936 claimed 163 deaths.

### President Cancels All His Engagements For Fourth Consecutive Day

WASHINGTON, Nov. 19 (UP)—President Roosevelt, on advice of his physician, today cancelled all White House appointments for the fourth day, as he reported suffering from an infected tooth and a slight intestinal disorder.

Although Dr. Ross T. McIntyre, White House physician, said Mr. Roosevelt's condition is entirely satisfactory, he advised the President to remain in his bed for a few days as a precautionary measure.

McIntyre said that extraction of the abscessed lower molar yesterday left the President's gum in a very sensitive condition.

He said Mr. Roosevelt's intestinal trouble had entirely cleared up, and that he was suffering no ill effects from that.

The President's tooth began bothering him last Monday night and he first received treatment Tuesday morning.

Today's cancelled schedule of office appointments included the regular Friday morning press conference.

## RICHFIELD

The seventh and eighth grades had a class party Friday at the gymnasium, under the supervision of Miss Hammond and Mr. Hawk. The regular committee included Douglas Uphaw, Billy Reynolds and Mary Crowther. Those on the refreshment committee included Johnny Byrne, Charlotte Hurffington and Veta Cooper.

Under the auspices of the W. C. T. U., a program was given in the L. D. B. church at the home of Mrs. Edna Armstrong. Readings were given by Shirley Hand, Nell Marie Fridmore and John Stevens, and the L. D. B. Women's chorus sang a number at the close. Joy Lansing gave a lecture illustrated with colored lantern slides. Rev. Trefen was chairman and Bishop Orin Johnson spoke.

## How to Be a "Reg'lar" Fellow—Without Pills

There's a better way to get on the "regular" side than by overstimulating your intestines with cathartics. Give up the weak-potter cures and eat a healthy laxative food—Kellors' All-Bran.

Instead of abusing your intestines, All-Bran supplies TWO things they need. First, it's a good source of vitamin "B," the vitamin that tones up your intestinal tract. Second, All-Bran provides "bulk"—it absorbs water and swells like a sponge. This water-soaked mass aids elimination.

Eat this crunchy, coated cereal with milk or cream and drink plenty of water. But however you eat it, use it regularly. It's the best way to get on the "regular" side. You can avoid common constipation and heartache. Too! Made by Kellogg in Battle Creek. At every grocery.

## Writers Expect Bears to Take Stanford Game

### YALE LOOMS AS VICTOR IN ANNUAL TILT WITH HARVARD

NEW YORK, Nov. 19 (AP)—Tomorrow's football games will run true to form with all perfect record elevators that see action winning their assignments, United Press sports writers predicted today.

In the main line No. 9 game—Stanford-California—the Lafayette and Montana, unbeaten and untied, were chosen to preserve their clean slates while six teams which have been undefeated—but tied—Yale, Dartmouth, Fordham, Pittsburgh, Villanova and Holy Cross—were picked to win.

**THE SELECTIONS:**  
**EAST**  
Fordham over St. Mary's—Rams take this one with ease.  
Yale over Harvard—Clint Frank is the margin.  
Dartmouth over Columbia—Green Dimes too powerful.  
Yale over Princeton; Boston College over Boston U.; Manhattan over Niagara; Lafayette over Tulane; Pittsburgh over Penn State; Syracuse over Colgate; Villanova over Temple; Army over St. John's; Holy Cross over Carnegie, and Tufts over Massachusetts.

**MIDWEST**  
Iowa State over Northwestern—Iowa State looked too good to pass up.  
Iowa State over North Carolina—Bobcats lay big gun down.  
Ohio State over Michigan; Indiana over Purdue; Illinois over Wisconsin; Minnesota over Iowa; Kansas State over Iowa State; Oklahoma over Oklahoma A. and M.; Missouri over Washington of St. Louis.

**SOUTH**  
Auburn over Georgia—Carolina Tar too powerful.  
Clemson over North Carolina—Clemson college over Georgia; Georgia Tech over Georgia; Georgia Tech over Georgia.

**TOWNSHIP**  
Ohio over Texas Christian—Rice looks like a 4-1 favorite to beat.  
Alabama over Georgia; Washington State over Loyola of Los Angeles; and Centenary over Texas Christian.

**MOUNTAIN**  
Colorado college over Colorado State; Colorado over Colorado State; Montana over Idaho; and Kansas over Arizona.

**PACIFIC COAST**  
California over Stanford—Golden Bears in a very close one.  
Also: Washington over Oregon; Oregon State over Washington State; Southern Methodist over U. C. L. A. and Gonzaga over Portland.

**Carnera Loses To Frenchman In Test Bout**  
PARIS, Nov. 19 (AP)—Primo Carnera, former heavyweight champion of the world, was defeated today in a test bout with a Frenchman in a comeback attempt after dropping a 10-round decision to Max Baer.

**Veterans' Leader Presents Goals**  
The three aims of the American Legion, V. F. W. and O. E. S. were stated by Capt. D. F. Hogan, Portland, in a radio address to the members of the three organizations last evening at an address before 100 members of the three organizations.

**WALTER OFF FOOT**  
Walter, at anchor, got a double as catcher in the third game of the series between the American Legion, V. F. W. and O. E. S. He was introduced by Capt. D. A. Y. de Groot, who presided over the game.

## 'Whizzer' White Tops All-Rocky Mountain Grid Club

### COLORADO STAR 'FINEST' PLAYER

Coaches Say Youngster Is Greatest in Section Since Dutch Clark

By IRE ARMSTRONG  
Head Coach, University of Utah  
SALT LAKE CITY, Nov. 19—All-Rocky Mountain winners in grid classics were seen in the 'Whizzer' White, a young player from Colorado who is being hailed as the finest player since Dutch Clark.

I am proud to present the All-Rocky Mountain team of 1937. They are not of my own selection. Colorado writers have been notified, and the two teams appearing on this page are the result of their observations. If the club here, there would not have entered a protest.

Overhauling everything and everyone else is Byron White, the University of Utah's phenom, an excellent young player who absolutely, and without qualification, is the finest back developed in our territory since Dutch Clark, the famous professional coach and player.

To give you an accurate description of White, president of Colorado U.'s athletic body, Phil Beta Kappa, was a strong candidate for a Rhodes scholarship, and a triple-threat All-American, if there are such things, he is a player from Rex Sutherland, a veteran coach.

For three quarters of the game, White's rushing was the main feature. He was able to overcome their usual lack of confidence in operating, such as the one or two plays that he called it, when they reached scoring territory, they might have been able to score more points than the 11 points made by White.

**NEGRO CHAMPION BATTLES TONIGHT**  
Henry Armstrong to Tackle Unbeaten Beaubien at Madison Square

NEW YORK, Nov. 19 (AP)—Armstrong, Negro knockout artist from Los Angeles, will make his first start since lifting the feather crown off the brow of Patsy Beaubien, who was a perfect unbeaten in 44 fights since turning professional. A capacity crowd of 19,000, paying about \$60,000, is expected.

## Eyes of Sport World On Bear-Indian Game

### Four Other Conference Tilts on Pacific Coast Overshadowed by "Big" Contest

By JAMES A. SULLIVAN  
SAN FRANCISCO, Nov. 19 (AP)—There are four conference and two important interconference games on the far western football program for tomorrow, but somehow five of them are getting lost in the shuffle of 80,000 fans of feet pointed toward the scene of the Stanford-California clash in Stanford University's huge stadium.

It's the game that is to decide the Pacific Coast conference championship and the western Rose Bowl 1937 crew.

California boasts an undefeated record with just one against its season, and odds were three to one for the Bears to whip the Stanford in the game which is drawing western football's greatest 1937 crew.

**Coast Fans Go 'Overboard' for Stub Allison's Gridiron Club**  
By HENRY McLEMORE  
SAN FRANCISCO, Nov. 19 (AP)—Those two outstanding characteristics of Californians—conservatism and modesty—today were in grave danger, all because of 11 young men who each Saturday afternoon during the fall months dispel themselves at football.

One could walk down San Francisco's streets today and hear citizens glorify in the name of the outstanding men in this section.

Frank Barnhardt, of Denver, tackle, Dreher, end, and Stringham, center, who formerly was a wide receiver, usually given to underestimation in describing anything Californian, came right out and glorified many of the usually lofty superlatives.

To a visitor who, since childhood, has heard of this state's fame, or the spirit of its own glories, it was as unbelievable as would be the sight of a suspender salesman in a nudging camp, or the spirit of its own glories, it was as unbelievable as would be the sight of a suspender salesman in a nudging camp, or the spirit of its own glories, it was as unbelievable as would be the sight of a suspender salesman in a nudging camp.

## 6 Deadlock in Bowling Race

Six bowlers were tied today in the race for the Twin Falls bowling alley.

T. Gilchrist, Fritz Brennan, Hancock, Carl Clark, Raymond and Merland Edwards, all of the City league, each has an exact score of 147.

## BROWNS RELEASE JIM BOTTOMLEY

Veteran First Baseman and Manager Fired After Half Year at Helm

ST. LOUIS, Nov. 19 (AP)—Jim Bottomley was released today as manager and first baseman of the St. Louis Browns of the American League.

Bottomley became manager of the Browns last June 21, after Rogers Hornsby was dismissed because Hornsby explained later, the management objected to his practice of betting on horse races.

The veteran first baseman had been in baseball 17 years, spending 10 seasons—1922 to 1932—with the Cardinals. Thereafter he played three seasons with the Cincinnati Reds and came to the Browns in a deal for Johnny Burnett in 1936.

## RACE WIDE OPEN IN GOLF TOURNEY

PINHEURST, N. C., Nov. 19 (AP)—The mid-south open golf championship was a wide-open race today as the final 18-hole round started with three players tied for the lead.

Pinheurst were a strike ahead of Tommy Armour, veteran Chicago pro. E. J. Harrison of Little Rock and Leon Pettigrew, Flushing, L. I.

Minnesota Favored For Big Ten Title  
CHICAGO, Nov. 19 (AP)—When the sun sets Saturday, any one of three teams may have a claim to the Big Ten football title.

Apparently only a miracle can stop Minnesota, although both Ohio State and Indiana will be fighting for the championship.

The NASTURTIUM IS NAMED FROM THE LATIN WORDS "NASUS," MEANING NOSE, AND "TORQUERE," TO TWIST... DUE TO THE PLANT'S PUNGENT ODOR.

November is one of the best months for observing meteors, since each year, during this month, we pass through several swarms of these particles. As they come in contact with our atmosphere, the friction burns most of them up. Others slow down and cool off before striking the earth.

## 11,800 WORKERS IDLE AS STRIKERS HALT PRODUCTION

### 1,000 Estimated as Inside Building Staging Sit-Down

AKRON, O., Nov. 18 (AP)—The Goodrich Tire & Rubber company's two plants were closed and 11,800 workers were made idle today by sit-down strikes called by the Akron unit of the United Rubber Workers of America, a C.I.O. affiliate.

Union officials estimated that 1,000 strikers were in the plants. Company executives did not comment.

The strike was the result of dissatisfaction of the union with the company's recent policy of layoffs. It began in the tire production rooms shortly after the midnight shift of workers entered the plants, and spread quickly.

The strikers were assigned to guard each plant. They said there was no disorder.

The company had announced that because of a business recession, between 1,500 and 2,000 workers would be laid off in addition to 1,400 dismissed recently. The men who were to be dismissed had been working 12 to 18 hours per week, and the company explained that its layoff plan would benefit the community.

The union contended that any layoffs should be made on the basis of seniority and that the men with 10 years' service were being dismissed while men with only two or three years' service were being retained.

## Idaho Potatoes 5 Cents Apiece To New Yorkers

### Letter Tells High Price Is Consumer's But Farmers 'Get Left'

New York housewives are paying five cents each for Idaho potatoes which means about \$12.50 per sack of 100 pounds.

Many Central Idaho farmers are getting only 40 cents a sack here. That was the startling discrepancy pointed out here today by A. H. Hunsaker, secretary of a letter from New York City.

The letter, from Mrs. J. Don Alexander, wife of the president of the Idaho Potato Packers Association, says that the price of Idaho potatoes is so high that the farmers who raise them get less than a cent, it says.

Mrs. Alexander's complaint, that Idaho farmers "get less than a cent" is optimistic, Hunsaker pointed out, since there are 500 potatoes on an average in the 100-pound sacks shipped from here.

The wrappers used on the sack on the Idaho spuds weigh half for five cents and the Idaho brand, "Idaho Baking Potatoes, Nonpareil Brand." And the trade-mark is registered with the U. S. patent office.

## District Officer Talks on Safety

The highway safety program sponsored by the Hills Bros. was discussed by Milton Zenger, Pocatello, district deputy grand marshal, at a meeting held by 100 members. He was here on an official visit to the local group.

Key members of the group, who were present, were P. G. Anderson, Carl N. Anderson, Robert F. Minshew, Oswald R. O'Neil, Charles W. Pulpan, Murray E. Rose and Edgar W. Smith.

Guests were officers of the Burley lodge who accepted a lamp from the Twin Falls group to be installed in their new lodge home. Burley members issued an invitation to the Twin Falls officers to exemplify industry ceremonial on Dec. 1 at Burley.

The meeting was presided by a birthday dinner served in the lodge dining room.

Numbers were presented by one of the members of the Glee Club, also accompanied by the band.

More than 100 people were present for the program.

## Carving Takes Edge-ication

To make carving easier and more graceful, try these improvements. Center rear, a clamp in chromium to hold the roast, poultry scissors and a knife sharpener. Both sets of carvers

shown in the photograph were made for duty. The set at the right was designed for small fowl or small turkeys; the other set, for larger birds. (Culinary from Hammacher Schlemmer, New York.)

### By MRS. GAYNOR MADDOX (NEA Service)

The first thing is a plump tender turkey. The next most important feature of the Thanksgiving feast is a sharp knife. And how shall one wield that knife to make slices of breast and hunk of rich dark meat fall to the platter in perfect form?

I set out to get the best possible instructions. First I took a lesson from Oscar of the Waldorf. "It's easy," he said, sharpening the long beautiful blade a waiter had just laid before him, "but not unless the knife is perfectly sharp. If the first stroke of the carving knife is made right, it will cut the most good; the carving from then on is an easy matter."

Leg Comes Off First "Cut the leg off first," he said, moving the knife with his world-famous skill. "Cut it off at the second joint, then disjoint the drumstick. The next step in the carving operation is cutting off the wing. Now the carver is ready to slice the breast—Buck or thin, according to the custom of the household. Slice the breast downward."

Before me lay perfectly cut slices of turkey, and the genial Oscar smiled as he turned the bird around. "Now we start on the other side and do the same thing. Didn't I tell you it was easy?" Oscar of the Waldorf is generally regarded as the field marshal of all birds, and is not inclined any more to spend time carving turkeys. Therefore the favor he granted me is deeply appreciated, and I pass along his instructions with his good wishes for a wonderful Thanksgiving dinner.

Another wise friend of mine is Billy Ockendon, better known as Billy the Oysterman. His talents with food have made him famous with food lovers. He's a big man, well dressed always, and ruddy. "No matter how well your knife has been sharpened, and I pass along his instructions with his good wishes for a wonderful Thanksgiving dinner."

"Place the turkey on its back on a large platter—don't crowd it onto a small platter—with its legs to the right of the carver. The carving fork is then inserted into the breast to hold the bird firmly and to insure no mishap along the way. I prefer to use a roast clamp or carver's assistant with prongs. Now you are ready to cut. Push the leg gently with the knife to pull the meat. Then cut through the thigh joint, which, when served should be placed on a service platter which is at hand. Separate the drumstick from the thigh. The wing comes next and is removed by cut-

## ELK-CREEK MINE OWNERS TO MEET

First general stockholders' meeting of the Elk Creek Spanishtown Mines, Inc., will be held Saturday at 2 p. m. at the Park hotel in Twin Falls. It was announced here this afternoon by O. J. Johnson, member of the board of directors.

Complete hydraulic machinery has been installed at the mine site, about 10 miles from Twin Falls, and extensive operations will get underway next spring, Johnson said. About two feet of snow now

blankets the area surrounding the property.

One-hundred pounds concentrate under test yielded approximately \$25 in gold, a report shows.

President of the mining company is Harry Parsons, state auditor, with Dr. H. W. Hill, Twin Falls, secretary-treasurer.

## CONTROL WASHINGTON, Nov. 18 (AP)

The question of when and what a weather has been considered by the internal revenue bureau without any startling success. The bureau accepted unwilling promoters from social security laws on grounds the bureau has no control over the skill of a writer or over the instrument-

tools, and place of work.

## LOCAL WOMEN TO ATTEND MEETING

### Three Will Take Part in Boise Conference on Girl Reserve

Miss Ruth McManis, Mrs. C. H. Krugson and Mrs. William Baker will go to Boise on Saturday to attend two meetings in connection with the Girl Reserve work in Idaho.

Miss McManis, as secretary of Magic valley district, and Mrs. Baker as official delegate from the Twin Falls adult council will attend a meeting of the Idaho Y. W. C. A. conference board called for 8 p. m. Saturday by the secretary, Miss Betty Jensen, Boise.

The board conference was called as the annual meeting to consider reports on the summer conference, discuss the grounds and pick a site, and make-up the budget. At the conclusion of this meeting officers will announce whether the summer conference will be held as usual at Payette lakes or a site in the Sawtooths.

The other meeting which will confer at the same time is of the Idaho town and country board and was called by the president, Mrs. Betty Jensen, Boise.

Mrs. Baker is treasurer of this group and Mrs. Krugson is vice president. Matters for discussion here will include plans for the promotion of Girl Reserve clubs and women's work in Idaho. Miss Helen Place, national Y. W. C. A. secretary of New York will be guest leader at this event.

Joint meeting will be concluded on Sunday and delegates from Pocatello, southwest and southern Idaho will then begin the trek homeward.

## Return Of Census Cards Important

### Unemployment Blanks Due at Postoffice Saturday

Unemployed persons of Twin Falls and vicinity were reminded this afternoon by Postmaster M. A. Stronk that Saturday midnight is the deadline for return of census cards distributed by postmen last Tuesday.

Stronk said many cards were already in, although official number cannot be announced from the local office but must be made from Washington at a later date.

"I wish to thank all those persons who participated in this undertaking," Stronk said, "and I also want to remind those eligible to fill out the cards that they must have them returned to us before midnight on Saturday."

## Wire Grabs Man In Freak Mishap

### It Coils Around His Leg and Drags Him; 'Felt Like Octopus,' He Says

When a wire reaches out from a truck, grabs you by the leg and drags

you five feet on the street, it's quite a surprise.

That's how Frank Carson, of Missouri, described today a freak accident that befell him Thursday afternoon at the intersection of Kimberly road and Blue Lakes boulevard.

Carson, now a Twin Falls resident, said he was walking across the intersection when a trash-collecting truck passed. He stopped until the truck cleared him, and then started across. A piece of wire, dragging behind the vehicle, coiled itself around

his foot, yanked him to the ground and dragged him a short distance before it loosened. He suffered only a cut hand.

"But it felt like an octopus grabbing me around the ankle," he said, "I thought I was a 'groser' and no fooling!"

Forgetful of his pictures may be detected by photography, which reveals many differences of brushwork and medium between old and modern paintings.
