FDR CALLS FOR U. S. HOUSING AID

IN THE DAY'S PARADE Laughs Off Jeers

"Hitler Spy! Hitler Spy!" chanted the anti-Nazi pickets who marched about the pier in New York where Capt. Fritz Videmann, the German publisher's personal adjutant, landed for an "unofficial visit." But, as shown above, the Nazi official just laughed.

'Deal' OK

Floyd K. Carlisle, chairman of Consolidated Edison company of New York, is shown above after agreeing to a \$100,000,000 expansion program for his company and to "go along" with President Roosevelt's effort to obtain lower private electric rates in return for increased government competition.

Weights Divorce

Hieronymus, piety and inane thought, blending in the face of Britain's Archbishop of Canterbury above, seems to poetry better than words his uncompromising attitude toward divorce, whether it be a hindrance or a convenience. He is believed to have listened gravely to a Church of England assembly discussion of a proposal to prevent clergy members from performing marriage services for any divorced man or woman.

One-Word Cable Tensely Tells Husband He Acquired Bride in Proxy Ceremony

JEROME, Nov. 29 (Special)—A one-word cablegram today had informed Austin Bouda Clayton, 26, that he is wedded to Elva Anderson, 24. The cable said tersely: "Married."

The brief message was dispatched by Clayton's new wife after the pair was united by proxy at the Presbyterian church here Saturday night—although Clayton was some 8,000 miles away at Lima, Peru.

Sally Jan. 18

And today the new Mrs. Clayton announced that she will sail on the Bokuro Maru, of the N. Y. K. line, from San Francisco to Callao, Peru, on Dec. 10.

She will arrive there Feb. 18 and

will be met by the husband she wed in Spain. But the proxy wedding itself was entirely in English.

Mrs. Clayton will take the original of the power of attorney with her on her South American trip. A copy was filed today with Mrs. Charlotte Robertson, Jerome county recorder.

Witnesses at the ceremony were: Mrs. Stella Winchester, Jerome; Kenneth Platt, Boise, and Vincent Bevis, superintendent of schools at Bellevue. Only the three witnesses and the two ministers were present.

Mrs. Willis and Mrs. Martin were houseless at a wedding reception Saturday evening. About 20 friends attended.

The pair married in the proxy wedding with a two week honeymoon, Mrs. Clayton said to-

day. They will explore the ancient ruins of the Incas and will spend part of the time at the Hotel Bolivar at Lima.

Will Visit Parents

Previous to sailing, Mrs. Clayton will leave Jerome Dec. 13 to spend a month visiting her parents, Mr. and Mrs. Charles Anderson, at Coeur d'Alene. Her husband's parents are Mr. and Mrs. Earl Clayton, Cabinet, Ida.

The proxy marriage culminated a five-year courtship that began at the University of Idaho, where both were graduated, the bride said this afternoon.

The one-word cablegram, "Married" required seven to eight hours to reach Lima, where the bridegroom waited eagerly for news that

his proxy had spoken the words which sealed the marriage.

Mrs. Clayton said she will take "enough clothes for two years. And I'll also take household equipment, a radio, linens and electrical appliances."

Three Year Contract

Because Clayton has completed only one year of a three-year contract at the copper mines of the Cerro de Pasco Mining corporation, Cerro de Pasco, Peru, he was unable to return to claim his bride in an orthodox marriage ceremony. And Mrs. Clayton explained today that by marrying through the proxy wedding, the pair found that they can secure payment of all her expenses on the journey by the mining concern which employs her husband.

WASHINGTON, Nov. 29 (U.P.)—President Roosevelt today submitted a special message to congress calling for revision of present housing legislation to stimulate a \$12,000,000,000 to \$16,000,000,000 construction boom to be financed by private capital over a five year period.

The message was accompanied by specific recommendations for changes in the national housing act. Sen. Robert F. Wagner, D., N. Y., immediately introduced a bill embodying presidential recommendations.

Mr. Roosevelt who blamed the lag in building for a "drag on all industry and trade," said the effectiveness of the stimulus legislation would depend mainly on the cooperation of industry and labor.

Senators Conference

To facilitate this cooperation, he said:

"It is my intention to initiate a series of conferences with representatives of industry, labor, and agriculture, with a view to giving housing construction a fresh start in the coming building year, and averting the possibility of a construction slump that brought about the reverse of the present year."

The President proposed these amendments to the housing act:

1. Expiration date for federal housing administration activities would be extended to July 1, 1937—when present insurance features end—and the limitation of \$2,000,000,000 on the amount of mortgages insurable would be modified.
2. Extension of FHA features to allow increase of small property loans from 50 to 60 per cent and reduction of interest rates from 6 1/2 (Continued on Page 2, Column 4)

Private Capital Asked to Help in Building Plans

Sen. Wagner Introduces Bill Embodying Recommendations

WASHINGTON, Nov. 29 (U.P.)—President Roosevelt today submitted a special message to congress calling for revision of present housing legislation to stimulate a \$12,000,000,000 to \$16,000,000,000 construction boom to be financed by private capital over a five year period.

JAPANESE BREAK THROUGH CHINESE DEFENSIVE LINES

"Second Hindenburg Line" Shattered in Advance on Nanking

BY EDWARD W. BEATTIE

SHANGHAI, Nov. 29 (U.P.)—The Chinese "second Hindenburg line," last important barrier in the path of the Japanese advance on Nanking, was broken today.

A Japanese army spokesman asserted that the advance forces had occupied Nanking in the afternoon which brought the Japanese more than halfway from Shanghai to Nanking.

He added that an attack on Kiangsi, where Chinese forces are located, would be started soon. Airplanes bombed the forts, he said, and they would not be able to hold out long.

Last defense to Nanking

The last vestige of the Chinese defenses, running from Kiangsi to Wushu, would vanish with the occupation of Kiangsi, he said.

Few fortifications between Nanking's outer defenses and Kiangsi, a distance of approximately 70 miles.

Wushu was subjected to a terrific bombardment before it was taken.

Main Arteries

After occupying Wushu, the Japanese advance guard moved on toward Nanking along the Shanghai-Nanking rail line. The remainder of the distance between Wushu and Nanking consisted chiefly of the fruitful Kiangsu plain which is difficult to defend.

The Japanese were in possession of two excellent arteries, the Shanghai-Nanking railroad and the Shanghai-Nanking highway. The advancing forces were expected shortly to open the Kiangsu plain which would enable the Japanese to proceed up the Yangtze river.

Brothers Reply "Tommyrot" at "Tough" Picture of Mrs. Pruett

Two brothers of Mrs. Genevieve Pruett, 32, who is held in the Twin Falls county jail for the asserted killing of her husband, Albert Donald Pruett, 25, came forward in defense of their sister today, replying that she fired in self defense, and that newspaper publicity about her being a "hard" woman, is "tommyrot."

The brothers were E. E. Sherman, route one, Gooding, and George Gooding, route two, Gooding, her half-brothers, and they revealed to the Evening Times that they "did not want to be shielded." In this case, as Mr. Pruett had apparently attempted to do by refusing to reveal to officers and reporters the whereabouts of the rest of her family.

She has steadily referred to herself as a "tough wolf."

"All these stories about Genevieve, picturing her as a 'hard' woman, are untrue," Mr. Petty, spokesman for the pair, told the Evening Times. "Ordinarily she is a quiet, reserved girl, with a clean reputation. This stuff that the newspapers have been printing is all tommyrot."

"Genevieve has just adopted an attitude that she doesn't give a hang and is letting anyone put words in her mouth."

"Her physical condition may have something to do with it. A year ago she had been in bed for a long time. She had just married Pruett, she was a round-faced woman, hale and hearty, weighing in the approximate neighborhood of 140 or 145 pounds. Today she is pale, haggard and thin and probably doesn't weigh over 110 pounds."

\$349,701 READY WEDNESDAY FOR BEET PRODUCERS

New South Central Payment Brings Total For Year to \$1,229,403.39

Sugar beet growers in the Twin Falls, Rupert and Burley districts of the Amalgamated Sugar company Wednesday will receive checks totaling \$349,701, being initial payment for beets delivered during November. It was announced this afternoon by H. H. Tallman, Idaho district manager.

This amount, added to the previous payment for beets delivered during October to the three factories, brings the total for the year to date. Nov. 15 payment totaled \$970,702.

Close in December

Simultaneously today Mr. Tallman announced the Burley and Rupert (Paul) factories of the company will probably start to receive their share about Dec. 15 while the Twin Falls plant will remain open until about Dec. 18. After the factories close the beets will be taken to the plant to clean the machinery and make necessary repairs pointing toward another season in 1933.

Harvest of beets being practically completed at the present time, Tallman said.

The total payment which will be made by the company on Wednesday, the checks being mailed Tuesday evening, just 10 days before they were due according to contract, \$193,682.87 is to go to growers on the north and south Twin Falls tract. North side Twin Falls growers will receive \$60,000 for 1850 tons of beets delivered, while \$99,201.52 is to go to south side growers for 19,840 tons delivered.

In the Rupert (Paul) district the growers will receive \$69,546 for 13,920 tons delivered, while \$56,973 will be paid to growers for 11,500 tons of beets delivered.

Total payment to the Burley and Rupert (Paul) growers amount to \$218,820.39.

The payment is at the rate of \$3 a ton. Any further payments to growers will be participating payments.

Topless Bathing Suits Seen for Women by 1940

COORAL GABLES, Fla., Nov. 29 (U.P.)—American women will be wearing topless bathing suits by 1940, Alcock de Paris, New York beauty culture expert, predicted today.

"They will practically no tops now," he told a convention of the Florida Haldresses and Cosmopolitan association. "In three years you will find them bathing in shorts, the same as men."

GRAHAM STRIKES BACK AT DEALERS

Repeats Assertion Rapping Farm and Consumer

Guy Creston, Idaho commissioner of agriculture, this afternoon informed Twin Falls district potato dealers that he had been "correctly advised" of a proposed deal in which he criticized "those in the farmer and the ultimate consumer" for causing high retail prices.

In the statement he pointed out that the retail price of number one grade Idaho potatoes in Chicago was \$2.40 per hundred, and that the Idaho farmer was only receiving 70 cents a hundred.

"The potato market, as far as possible, the farmer conduct his own business in cooperative manner, getting out the obstacles presented by private handouts who 'take too much for themselves and leave the farmer too little'."

Van Vlack Hearing Is Set for Friday

Plea for Commutation of Death Sentence to Life Imprisonment Will Be Heard

BOISE, Ida., Nov. 29 (U.P.)—The state board of pardons today set Friday, Dec. 3, at 9 a. m., as date for hearing the appeal of Douglas Van Vlack, convicted slayer, for commutation of his death sentence to life imprisonment.

W. A. BABCOCK, JR., DEFENSE COUNSEL

Young Twin Falls Attorney Selected to Represent Mrs. Pruett

William A. Babcock, Jr., young Twin Falls attorney, was named today as defense counsel for Mrs. Genevieve Agnes Pruett, 32, accused of murdering her husband, Albert Donald Pruett, at Bliss last Wednesday.

Babcock was retained by E. E. Sherman, Gooding, brother of Mrs. Pruett, and George Petty, Gooding, her half-brother.

The case of the Twin Falls Sunday arranging with Babcock the line of defense to be followed when Mrs. Pruett is brought to trial at Gooding. The case will be taken to the county jail here to Gooding Tuesday morning for arraignment there.

Babcock said today that plans for the defense plea have not been completed. Although Mrs. Pruett is expected to have confessed the killing, Gooding attorneys, it was indicated unofficially, she may plead self-defense when brought to trial.

"The accused woman was 'della' in county jail here today, officers said. Previously she had displayed a hippant attitude."

Farmer Confesses Double Slaying After Revealing Weird Plans for Pistol Duel

By WILLIAM FAYETTE

BILLIE, Mont., Nov. 29 (U.P.)—Frank Robbeaux, 55-year-old, West Basin farmer, confessed today to the slaying of Mike Kuntz, 35, and the 29-year-old wife at Columbia, Mont. County Attorney P. H. Helly reported.

Helly said the confession described weird plans for a duel between Robbeaux and Kuntz as the culmination to a quarrel over the ownership of 100 bushels of wheat stored in a grain elevator managed by Kuntz.

The confessed slayer said it was part of the agreement for the duel that "if I won I would kill Kuntz's wife and kid."

The rambling, disjointed confession told of a quarrel at the grain elevator during which Robbeaux and Kuntz, who are both argued over ownership of the wheat. Kuntz drew a gun and ordered Robbeaux away from the premises. The farmer went home to get a gun.

Robbeaux said Kuntz accompanied him to the grain elevator, drove to the Robbeaux farm to argue the matter and during the argument, they agreed to the duel, with the strange provision for the slaying of Kuntz's wife and child in the event of victory for the farmer.

Robbeaux said he climbed in the back seat of the car and they drove out the road toward Columbia. Kuntz "got yellow" and wouldn't go through with the duel, the confession said.

Robbeaux said he then placed the gun against the back of Kuntz's head and fired.

After slaying Mrs. Kuntz, the killing of the 29-year-old wife and the 6-year-old Larry Kuntz and the conceal-

TWO GIRLS HELD ON SEX CHARGES

Philadelphia Pair Arrested As Aftermath of Nancy Glenn Slaying

PHILADELPHIA, Nov. 29 (U.P.)—Margaret Jackson Phillips, 19, discharged, for lack of evidence, Mrs. Marie Phillips, Olympic swimmer, and Mary O'Connor, when they were brought before him for a hearing on warrants charging them with a sex offense.

PHILADELPHIA, Nov. 29 (U.P.)—Mrs. Marie K. Phillips, Olympic swimmer, and Mary K. O'Connor, 19-year-old school-girl, were arrested today on sex charges five minutes after Mayor E. Davis Wilson, at a stormy hearing, had held the Olympic girl on homicide charges in connection with the death of Nancy Glenn.

Both girls were taken to a police station to be booked on the sex charges which were made on the basis of two affidavits sworn to by an employee at Camp Happy, a municipal institution for children, where Mrs. O'Connor and Mrs. Phillips were counselors last summer.

The affidavits were made by John J. Tunney, who was sent to Camp Happy to work out a disciplinary case against Mrs. Phillips. He swore to the incidents which he said he had seen at the camp.

Meanwhile, Mayor Wilson, sitting as a committing magistrate in the Glenn case, refused to grant bail for Mrs. O'Connor in the killing of Nancy. He also continued to hold Mrs. Phillips in \$500 bail as a material witness in the Glenn case.

It was a stormy hearing before the mayor, William A. Grant, when Mrs. O'Connor challenged Wilson's right to sit as a magistrate on the two men about, since he is now.

NEW HOLLYWOOD MURDER PROBED

HOLLYWOOD, Nov. 29 (U.P.)—The police homicide squad in the movie colony had its third case within six weeks today—the shooting of Amelio Rodriguez, 28, a few steps from the Santa Anita movie stars were dining last night.

Rodriguez was shot in the back as he walked along La Palma avenue, a street which the Boulevard has been decorated with Christmas trees and is known as Santa Claus lane, was pressing around the body when police arrived.

Francisco Hernandez, 28, with whom Rodriguez had been quarreling, was booked on suspicion of murder. He denied the shooting. He said that both he and Rodriguez worked as parking attendants in the night club and theater district.

Detectives found no connection between the slaying of Rodriguez, victim of George Brannan, gambler and cafe owner, in recent weeks.

ing of the bodies in a grain elevator followed.

The authorities were unable to get from Robbeaux an explanation of why the shooting occurred there were two assailants who killed his parents. They believed that either Robbeaux was attempting to shield someone or the child had made a mistake. Robbeaux has a wife.

The slayer, which occurred Friday night, was discovered Saturday when the child, left for dead, recovered consciousness, said George Brannan, gambler where the car was hidden, and dual authorities of the tragedy.

NEPOTISM MAY BE CHARGED WHEN GRAND JURY CONVENES

ADMINISTRATION OF HOSPITALS IN STATE SCANNED

BOISE, Ida., Nov. 22 (UP)—A 22-labour source said today that the grand jury called for Dec. 10 to investigate state affairs, would probably consider charges of nepotism made in connection with the administration of Idaho's charitable institutions.

The charges allege that directors of the state hospitals have permitted relatives to be placed on the payroll. One of these instances, it was said, was the public administration by Dr. Charles R. Lowe, director of the Nampa school and colony, that he had put his wife on the payroll as matron.

Lowe said he did so at the written request of Lewis Williams, director of state charitable institutions. Williams said he had told Lowe that it would be "perfectly all right" to put Mrs. Lowe on the payroll. Williams had been the practice there for the last 20 years.

Lowe's check had been withheld for two periods by the auditing board, he said he was "investigating" the conditions at the three state hospitals.

Attorney-General T. W. Taylor said today that Lowe's check was still being held, and that the situation was in "status quo" pending receipt of final report.

It was pointed out that such matters necessarily come under the supervision of a grand jury if the law is interpreted during such a controversy.

Lowe has said he did not "know" why his check should be suspended. He said that in giving Lowe permission to add his wife to the payroll he was simply following an old practice.

D. O. Coyner, former head of the institution, also put his wife on the payroll, Williams said.

GRAHAM STRIKES BACK AT DEALERS

Reports of a fight between Graham and dealers in Twin Falls district, Idaho, were carried in a press dispatch, were "unfortunate and misleading," the message reads in part.

"We the undersigned licensed potato dealers of the Twin Falls district hereby state that we have no quarrel with Graham and his associates. We are sorry to see some very ungrateful, uncalculated and malicious remarks stated by the conspirator of agriculture in a dispatch (Nov. 22) according to this report (by Graham) is full of misleading statements. Among other things he said that good grade Idaho potatoes sell in Chicago for \$2.40 per hundred. It is a well known fact that never once has Idaho potatoes sold in Chicago at such a price. According to the government market report today's sales (Nov. 22) in the best grades of Idaho potatoes ran from \$1.60 to \$1.85. And a high grade Idaho potato brought to Chicago is 75 cents per hundred pounds.

"We further declare that those who have been accused of gouging the farmer and the ultimate consumer take too much for themselves and leave the farmer too little and the consumer too high. If the farmer, insofar as possible, conduct his own business in cooperative manner."

Clare Dismason

"Such a statement cannot tend but to create considerable discomfiture between the growers of our state and the dealers in the market. The growers are depending to move their crop at the best possible prices.

"Through you we demand the same courtesy clearly his remarks and correct any errors which were released under his name."

to 5½ or 6½ percent, depending on the property evaluated.

Expansion of FHA

4. Expansion of FHA to cover loans up to \$200,000 on large scale building projects instead of the present \$100,000 limitation. This extension would be contingent upon the requirement that the mortgage rates not exceed \$1,000 a room on the structure or structures.

5. Liberalization of existing limited dividend requirements of the act, releasing dwellings in this category from blanket mortgages where the mortgage does not exceed \$1,200 around the value of the dwelling is not in excess of \$5,000,000.

Insurance Provision

6. Revival of insurance provisions for maintenance and modernization similar to those provided by FHA up to last April 5, Eccles, chairman of the board of governors of the federal reserve system and chairman of the informally constituted housing committee, said today that the President emphasized the program will not require any additional appropriation.

He said the plan did not contemplate any competition with private enterprise except in the case of very large loans and that business would be given a fair chance to avail itself of opportunity in this field.

STATE PRESENTS FORGERY CLAIMS

Edward Hassler on Trial in District Court in Case Over \$10,000 Check

Juryman this afternoon heard witnesses for the state in forgery charges against Edward Hassler, Twin Falls transient, on trial in district court.

Hassler is accused of forging the name of George Johnson to a \$10,000 check allegedly belonging to Johnson. The state contends he then cashed the check.

First Witness

Johnson was the first witness called today by County Attorney Edward Babcock. W. L. Dunn is defense counsel.

Juryman who are hearing the evidence were chosen "this morning." They are J. O. Hutchinson, W. C. Griffin, R. C. Henstock, A. O. Stillman, E. P. Messner, A. P. Rouch, Carl G. Leonard, C. G. Galien, Paul Schnell, H. H. Thome, Sam Fairall and Bert Atwood. Judge J. W. Porter is presiding.

The case opens the criminal docket of the November term. Next trial is that of Virgil Tadiack, accused of attempted burglary.

Civil Cases

Civil cases have been interrupted with criminal trials for the present short docket. Set for Wednesday is the civil case of Marshall G. Cole and others vs. Bert W. Scott. The trial in the case of Orlan Nelson vs. Josh Wardell will follow. On next Monday the calendar swings back to criminal cases when E. D. Van Diezel and J. A. Van Diezel face the court on embezzlement charges. Three more civil cases are then scheduled to conclude the calendar as now outlined. One will be on Dec. 9 and the others are set for Dec. 13.

EARLY RESIDENT TAKEN BY DEATH

Mrs. Jas. Brown, Kimberly, Active Ochorch Worker, Succumbs

Death today had closed the long life of Mrs. James Brown, 84, resident of Kimberly for the past 20 years. She died at her home, 1115 S. 2nd street, Saturday night at her home.

Born near Bearshaba Springs, Oregon, Sept. 9, 1853, and married in 1878 to James Brown, who died for 70 years. The Sunday school class she started in Kimberly a number of years ago was a factor in the organization of the church of the Nazarene in Twin Falls and later in Kimberly.

She taught the pioneer class last Nov. 14.

Preceded in death in 1918 by her husband and by eight of her 13 children and eight grandchildren. She is survived by Mrs. Frank Gross, Mrs. Henry Olivens, Mrs. Lawrence Ward and Albert Brown, Kimberly, and Rev. Mackey J. Brown, Kimberly.

Funeral services will be held Wednesday at 2:30 p. m. at the new Nazarene church at Kimberly. Rev. J. O. O'Brien will officiate. Burial will be at Twin Falls. Other Nazarene pastors and officials are also expected to take part.

Interment will be in Twin Falls cemetery under the direction of the Twin Falls mortuary. Pallbearers will be Mrs. Brown's grandsons, Mackey E. Brown, Frank Brown, Jess Brown, Henry Olivens, Earl Olivens and Charles Gross.

Tribute Paid to Filer Resident

Relatives and friends gathered at the West Nazarene church of Filer Saturday to pay final tribute to Harry Richard Bean, 80, who died Wednesday at the hospital, Rev. T. R. O'Brien officiated and was assisted by Rev. J. E. Herr, of the Filer Baptist church.

"Jesus Lover of My Soul" "It Is Well With My Soul" and "God Will Take Care of You" sung by Mrs. E. S. Moke, Mrs. A. O. Johnson, Mrs. W. A. Crozier, Mrs. T. D. Walker, E. J. Eberole, E. H. Ferral, Rev. Mr. Herr and Rev. W. E. Cox.

Pallbearers were Gene Rich, S. Y. Lancaster, A. Osborn, O. H. Say, D. N. Engbright and Christ Orteser. Interment was in the I. O. O. F. cemetery under the direction of the Twin Falls mortuary.

The bride's parents were somewhat skeptical concerning the "power of attorney" wedding but Mrs. Clayton asserted they "finally got accustomed to the idea."

And the bride herself remarked today that she expects "a very romantic time" when she reaches Peru.

4 CARS DAMAGED IN TWO CRASHES

Four cars were slightly damaged in two motor accidents recorded in Twin Falls this morning, records at the police station show this afternoon.

At 9:00 a. m. cars driven by Isaac Pace of Kimberly and L. W. Buchanan of Twin Falls collided at the intersection of Third street south and Second avenue. Shortly after that at 10 a. m., a truck driven by Delbert Bartlett, route one, and a car driven by H. J. Weeks crashed at the intersection of Highland avenue and Locust street.

No personal injuries resulted in either crash, records show.

SOVEREIGNTY OF MANCHUKUO RECOGNIZED BY ITALY

THIRD NATION TO ACCEPT JAPAN'S NORTH CONQUEST

Announcement Appears to Draw Nippons Further From League

ROME, Nov. 23 (UP)—Italy today became the third nation to recognize the sovereignty of Manchukuo, the nation Japan carved out of the former Chinese province of Manchuria. The other two were Japan herself and San Salvador.

The action followed by only a few weeks Italy's adherence to the anti-Communist pact of Japan and Germany. German recognition of Manchukuo has never been forthcoming. Japan already has secured recognition to Ethiopia, as have Germany, Austria, Hungary, Switzerland, Albania and the Spanish insurgent government.

The official communique issued by the foreign office said: "The Fascist government today has formally recognized Manchukuo and will create a 'legation in that state'."

"The recognition appeared to draw Italy further from the orbit of the League of Nations, whose members, after their failure to stop the Japanese conquest of Manchuria, abided by the doctrine of Henry L. Stimson, then American secretary of state, against the recognition of any territory obtained through military aggression."

Quest For Local "Big Shot" Goes Out Over State

City Park 300-Pound Cannon, Stolen From Mounting, Still Missing

Statewide cooperation was urged this afternoon in Twin Falls search for a "big shot." This particular "big shot" for which local police were looking this afternoon, weighs about 300 pounds. It was formerly mounted in city park and is commonly known as a cannon.

Saturday afternoon it was found to be missing and a widespread hunt followed but with no success. The cannon literally vanished into "thin air."

This afternoon cooperation of state police was asked after Judge J. O. Pumphrey messaged Boise of the loss, discovered by Park Superintendent S. Claud Stewart.

It was a relic of the Spanish-American war, having been made up of scraps melted from the battleship Maine. The companion cannon is kept in the band shell basement, since it was removed previously because the foundation became loose.

MALAD ATTORNEY ON STATE STAFF

Darwin Thomas Will Replace Crowley, Taylor Decides After Meeting Here

Appointment of Darwin W. Thomas, Malad, as assistant attorney general to succeed Ardel Crowley, was announced here Sunday by Atty. Gen. J. W. Taylor before the state legal chief returned to Boise.

Taylor and Thomas conferred here previous to announcement of the appointment. Speculation in Twin Falls Saturday had looked for selection of the Twin Falls or Buhl attorney as Crowley's successor. Crowley resigned last week to enter private practice at Boise.

Thomas was formerly prosecuting attorney of Oneida county for three times. He resumed private practice in 1935 after ending his terms as prosecutor. The new assistant will take office Dec. 1.

He is a graduate of the University of Idaho law school. He is married and the father of two children. The average Venetian gondola is about 30 feet long and four feet wide.

POSTAL ROUTES OPEN FOR BIDS

Idaho Contracts Available Total 156; Phosphate Discussed

By RALPH W. OLMSTEAD
WASHINGTON, (Special)—The post office department has issued an invitation for bids on carrying the mails on star routes in the state of Idaho. There are 156 routes in Idaho now open for bids. Proposals will be received until 4:30 p. m. Jan. 25, 1938.

The decisions of the department will be announced on or before March 8, 1938. Bidders must be citizens of the United States and must reside near enough to the route to allow the bidder to personally supervise the performance of service.

There has been some speculation as to the probable price to farmers of phosphate fertilizers to be manufactured in southeastern Idaho. The Tennessee valley authority has recently issued a publication called "Super-phosphate by the Electric Furnace Method." T. V. A. operations in manufacturing concentrated super-phosphates have not been economical as they could be, because the work is still in an experimental stage.

For annual operation, however, making allowances for all industrial expenses, including taxes, insurance, and electricity, the T. V. A. makes concentrated super-phosphates for \$27.78 per ton, if the Idaho plant, when established, is to sell phosphate fertilizers cheaply, there would be no need for the government to add taxes in its cost, nor power. If government power is used. Consequently, a figure well below T. V. A.'s \$27.78 might be established for western farmers.

A fully equipped electric furnace plant will cost about \$1,577,500.

EGGS

The eggs which laid the golden egg had little on the Filer goose. Not content with being winner in its class at the Twin Falls county fair, the goose in question, the property of Mrs. Frank Clark of Filer, laid an egg Thanksgiving day. It followed up with another one yesterday.

What makes the situation unique is the fact that, as a general rule, don't lay eggs until around the month of February. But today the Filer goose has two eggs to go with her blue ribbon.

BEET HARVESTING ENDS AT JEROME

Outstanding Yields Reported By Sugar Company's Fieldmen

JEROME, Nov. 23 (Special)—The sugar beet harvest in Jerome is about completed and while many yields were under what was expected early in the season, many outstanding crops were delivered, according to D. E. Smith, fieldman, for the Amalgamated Sugar company.

While the yield in general was reduced by adverse weather conditions and insect pests, most of the poorer crops had other adverse conditions with which to contend. In almost every instance where satisfactory yields were not produced, it has been found that some important factor in beet production has been overlooked, either soil was not in the proper state of fertility, the seed bed was not properly prepared, the crop was not properly planted or thinned early enough, irrigation was not sufficient or weeds were not controlled, he reported.

It is not too early to begin planting for next year's sugar beet crops and the proper ground may now be selected, fertilized and fall plowed. The north side has an excellent opportunity to show that this coming season sufficient acreage can and will be produced to justify the building of a sugar beet factory to serve this area. With the sugar beet law in effect a satisfactory price for

the grower of sugar beets here can be expected. Company officials have recently announced that the terms of the present contract can be carried into next season and as soon as the Beet Growers' association can make final acceptance, the Amalgamated Sugar company will be ready to offer contracts. In the meantime those who intend to grow beets next season, may list their intention with W. A. Becker, or Fieldman D. E. Smith, both of Jerome, they state.

Announcing TWO NEW FORD V-8 CARS FOR 1938

THE DE LUXE

85 HORSEPOWER

DE LUXE FORD V-8 . . . 112" wheelbase; 85-hp. engine; Improved Easy-Action Safety Brakes; Mohair or Broadcloth upholstery; Twin horns, tail lights, sun visors; Clock; 6.00" tires, white side-calls are extra; 8 body types; 6 colors.

THE STANDARD

60 OR 85 HORSEPOWER

STANDARD FORD V-8 . . . 112" wheelbase; 65 or 80 hp. engine; Improved Easy-Action Safety Brakes; Broadcloth or Mohair upholstery; Mohair extra on "60"; One tall light, one sun visor; Twin horns; 3 body types; 3 colors.

Ford offers two new cars for 1938—the Standard Ford V-8 and the De Luxe Ford V-8. They are different in appearance—but built to the same high standard of mechanical excellence—on the same chassis.

Because people liked our 1937 car so well, they bought more than of any other make. They liked its looks, its smooth, economical performance, and the way it handled. We have improved on that car in the newly styled Standard Ford V-8.

But some folks wanted still more size and style, with the same Ford advantages. For them, we designed a new De Luxe line.

The De Luxe Ford V-8 Sedans are longer with more room, larger luggage space, and finer appointments. De Luxe cars are equipped with the 85-horsepower engine only.

The Standard is even lower priced than the De Luxe. It has graceful new lines and well-tailored interiors. It gives you again a choice of V-8 engine sizes—85 horsepower or 60 horsepower.

Before Ford made V-type 8-cylinder engines available to every one, they were used only in expensive cars. Since then, four million Ford owners have learned the genuine enjoyment of driving an eight-cylinder car with "all-around economy." The thrifty "60" engine, especially, makes possible in Standard models a very low first cost and equally low operating cost.

BOTH LINES LOW PRICED

With two distinct designs, two engine sizes and two price ranges, you'll find a 1938 Ford car to fit your needs exactly. Whichever one you choose you get the same proved Ford features.

PRICES FOR CARS DELIVERED IN DETROIT—TAXES EXTRA
Standard Ford V-8 (60 hp.)—Coupe, \$699; Tudor, \$644; Fordor, \$689; Standard Ford V-8 (85 hp.)—Coupe, \$639; Tudor, \$669; Fordor, \$714. De Luxe Ford V-8 (85 hp. only)—Coupe, \$889; Tudor, \$729; Fordor, \$774; Convertible Coupe, \$114; Club Coupe, \$749; Convertible Club Coupe, \$884; Phaeton, \$824; Convertible Sedan, \$904.

Standard and De Luxe cars equipped with bumpers, bumper guards, spare wheel, tire tube, tire lock and band, cigar lighter, twin horns, and headlight beam indicator on instrument panel, at no extra charge.

In addition, De Luxe cars are equipped with extra tall light, windshield wiper, sun visors also de luxe steering wheel, glove compartment lock, and chrome wheel bands, at no extra charge.

Organization Begun By Eagles Auxiliary

Seventeen wives, daughters and sisters of members of the Fraternal Order of Eagles had today completed the first steps for the formation of a Ladies' Auxiliary. A meeting was held yesterday afternoon at Legion Memorial hall.

The session was conducted by D. D. Hall, deputy grand worthy president and state organizer for Idaho and Oregon, and Mrs. Hall, past madame president of the Portland auxiliary, presided and addressed the group.

During the session Mrs. Eva Valentine was appointed acting president and plans were made for a session to be held some time this week or next at her home for the election of officers. The next regular meeting will be held on Dec. 10, it was decided by the 13 eligible members at the session yesterday.

Arrangements for the organization were made at the fortnightly social event of the Eagles chapter held on Friday evening. A brief business session preceded the entertainment.

The social hour at that time included a program by students of Marie Heim. A Christmas theme was followed and numbers were presented by Gerene Worley, who gave a rhythm dance; Nola Jean Minchey, song and dance; Muriel Pughano and Billy Watts, song and dance; Barbara Johnson, musical skit; Barbara Johnson, musical skit; Merle Nelson, solo; shoe dance; and Betty Bradley and June Morrison, song and dance.

Club Plans Christmas Party Arrangements were carried forward for the annual Christmas dance of the Mott club at yesterday's meeting at the home of Miss Shirley Smith. The event will be held on Dec. 27.

Miss Rosemary Sinclair, president, conducted the session and named the following members to take charge of the affair: Miss Smith, general chairman; decorations, Miss Jeanne Schwendman, chairman; Miss Jean Lowe, Miss Olivia Chapman, Miss Esther Lee, Nichols, Miss Maxjorie Salisbury, Miss Mary Frances Bates; programs, Miss Virginia Taber, Miss Dohr Green; punch, Miss Doris Reed, Miss Dorothy Sawyer; intermission program, Miss Jeanne Robinson, Miss Faye Sluiter; invitations, Miss Ruth Brose.

Parents Tell Daughters' Truth Mr. and Mrs. J. M. Baguley, Twin Falls, have announced the engagement of their daughter, Ruth, to Carl L. Lovdahl, son of Mrs. Hilma Lovdahl, Sandy, Utah.

Huge-Bore Old Rifle Startles Spectators

A rifle with a bore large enough to drop a 30-cent piece into? You wouldn't believe it unless you saw it, and then you would probably think it was a huge shotgun of some sort or another.

But that's the truth about a 90-year-old gun that was held in the hands of many an amazed Twin Falls man on Saturday night.

The piece of "artillery" is owned by Major Gustav Schoof, the soldier of fortune who is lecturing in south central Idaho this week and was picked up by him in Africa when he was fighting with British troops in Rhodesia around 1900.

"The gun could only talk," Major Schoof lamented. "When I found it, it was lying beside the skeleton of a man, a horse, and an elephant. The three had lain there many years and the butt of the gun was rotted away. I was in... Majesty's army in Africa at that time and hid the gun away in an old building that happened to stand in that section."

A year ago a half after our company passed by the spot and I remembered hiding the elephant gun. So I went and got it and loaded it. I was very nervous and brought it back to civilization.

"Putting two and two together came to the conclusion that the man who had fired the gun had been close to the elephant, that he had wounded the huge animal, but before he could get away that elephant had swung his trunk and with one swipe had crushed the man's head."

Weights 25 Pounds The gun has been carried by the major since many years on his lecture tours and has been on display in most of the places of the United States. He estimates that it has been fired in elephant hunts for 70 years. It weighs in the neighborhood of 25 pounds and was supposed to be shot from the shoulder.

At the present time it is decidedly damaged—the result of an attempt made to fire it in Iowa a few years ago.

While the major was exhibiting it with the hundreds of other trophies of war that he has gathered while fighting under four flags, some of the local youths talked him into letting them fire it.

"They Got Cold Feet He finally consented and the men loaded it with powder (it is a muzzle loader) and shot. But when the time came for one of them to hold it to his shoulder they all got 'cold feet' the major relates.

The weapon will be on display, along with the other trophies, at the L.B.S. church here on Wednesday evening. The major will speak at the church on that evening. He addressed L. D. S. audiences here twice on Sunday.

Ceremony at Buhl Solemnizes Bridal

Buhl, Nov. 29 (Special)—Miss Grace Waud, daughter of H. F. Waud and Norman Smith of Kellogg, were united in marriage at a pretty ceremony at the Waud home Nov. 21. The single ring service was read by the Rev. Leroy Walker of the Methodist church.

The bridal party took their places in front of the arch of entwining chrysanthemums, flanked on either side by tall tapers as Mrs. O. R. Overbaugh played softly the strains of Mendelssohn's Wedding March.

Wears White Entering on her father's arm the bride was gowned in white mair tafetta trimmed in white velvet. Her veil flowed from a coronet of white flowers to elbow length and her bouquet was of tallies roses and button chrysanthemums. In the center of her bouquet was a corsage of rose buds which she wore later on her going away outfit.

Miss Barbara West, dressed in green satin, was the bridesmaid. She carried yellow chrysanthemums. Robert Waud, brother of the bride, was the best man.

Following the reception and the wedding dinner the bridal couple left for a honeymoon on the Pacific coast. They will make their home at Kellogg where the groom is employed as mining engineer.

The bride's going away outfit was a black dress trimmed in deep blue and wine, red with gray accessories.

Chesterfield

Notice the pure white cigarette paper... notice how every Chesterfield is like every other Chesterfield—the same size and every one round, firm and well-filled.

Notice when you smoke one how Chesterfields are milder and how different they taste. That's 'due to the careful way Chesterfield tobaccos are aged and blended.

Mild ripe tobaccos and pure cigarette paper... that's why they're Milder why they TASTE BITTER

“STRAIGHT” BOURBON

(4 years 6 months old) This whiskey was an instant success from the first day it came on the market. And no wonder! When you get Bourbon quality such as this at these low prices, it's a rare "buy." Rich, full-ripened mellowness and flavor. Distilled to UDL's high standards under Canadian Government supervision and aged in charred oak casks for 4 years 6 months. 85 proof.

Pint 248 CODE NO. Quart 247

CANADIAN WHISKEY

The rich, full-bodied RYE FLAVOR of this finely-distilled whiskey has won it a host of friends. So many, in fact, that we can now sell you this quality whiskey at a remarkably low price. You can always depend on UDL's high standard to give you the best whiskey for the least money. Aged in wood 4 years 6 months. 85 proof.

IN GEORGIA A WATERMELON IS BOTH A FRUIT AND A VEGETABLE.

The Affenpinscher dog is of the toy type, and resembles a monkey more than it does a dog. Even its screaming is monkey-like. The breed is of German origin, and is little known in America, with only a few individuals to be found here.

WOODRING URGES STRENGTHENING OF U. S. ARMY

SAYS CONFLICTS ENDANGER PEACE OF ALL NATIONS

Asks Increasing of Officers, Enlisted Men, Training Of Reserves

WASHINGTON, Nov. 29 (Special)—A general strengthening of American military forces was recommended today by Secretary of War Harry H. Woodring as a precautionary measure required by "actual and threatened conflicts menacing the endangering the peace of at least one-fourth of the people of the world."

The American army is now more efficient than at any time in its peacetime history, Woodring said in his annual report to the President, but requires some strengthening to fill up deficiencies and to assure adequate national defense.

He pointed out the great additions being made to the military machines of most other large nations, and said that in comparison the United States is "relatively weak."

Would Increase Regulars
Summing up his report, Woodring recommended that:

"The number of commissioned officers of the regular army should be increased by about 2,500 to approximately 10,000. This should be done by adding about 500 officers each year for four or five years."

"The enlisted strength of the regular army should be increased by about 100,000 to approximately 1,000,000. This should be done by adding about 500 officers each year for four or five years."

"The authorized strength of 183,000 and maintained at that strength during the next year."

"The national guard should be recruited up to 210,000 officers and men."

Should Get Training
Woodring also recommended that:

"At least 30,000 reserve officers should be given two weeks' active duty training each year."

"The number of youths receiving training at military training camps each year should be increased from 50,000 to 100,000."

"There should be at least 100,000 reserve officers available for assignment. This strength may be best obtained through the increase of the number of reserve officers training corps units in our colleges."

Asks War Building
"A reserve of 100,000 enlisted specialists should be recruited to this strength over a period of years should be authorized."

"The present policy of aircraft procurement should be continued in order that we may reach and maintain a strength of 2,500 modern serviceable planes by 1940."

"A new war department building should be begun if at all possible within the next year and completed as soon as possible."
