Loyals, Rebels Clash in Main Battle of War

Nationalists Claim Break in Government Line Near Teruel

By HARRISON LAROCHE HENDAYE, FRENCH-SPANISH FRONTIER, Dec. 30 (UP)—Spanish nationalists and loyalists clashed on a 25-mile front outside Teruel today in what may prove to be the biggest battle of the Civil war. Nationalists asserted that in the opening phase of the battle they broke through loyalist lines northwest of Teruel for a gain of 1 1/2 miles. They said also that the loyalist left wing was threatened with disaster by a nationalist turning movement. Loyalists, admitting that the nationalists started a big scale attack, asserted that two thrusts at their lines were thrown back with heavy losses. Manuel Casares, United Press correspondent with the nationalists, telegraphed from Zaragoza, the great nationalist base in the north-east, that in the battle both sides were using every kind of weapon they possessed. Tanks, Planes Massed Hundreds of tanks, massed artillery, big plane fleets and enormous quantities of machine guns and late-type automatic rifles were involved, Casares reported. The nationalists were trying both to cut through direct to Teruel, to

Panay Films Bear Out Naval Board's Probe

Part of Picture Shows U. S. Flag, Japanese Bombing Plane at Same Time

NEW YORK, Dec. 30 (UP)—The findings of the U. S. naval board of inquiry which investigated the bombing of the gunboat Panay were borne out today by films taken during the raid by Norman Alley, Universal newsreel cameraman. A preview of the film showed that the American flag on the Panay should have been visible to the Japanese planes that bombed it. In one part of the film the diving planes and the American flag at the same spot are shown in the same picture. Alley did not film the alleged machine-gunning of the Panay before it was boarded by Japanese. He explained he had to hide his camera. However, he photographed numerous machine gun bullet holes in the side of the ship. The film shows American sailors taking to their posts and manning machine guns on the planes, the abandoning of the Panay, the death of Sandor Sandri, Italian newspaperman, the trudging survivors, and scenes of the bombing of Nanking. The film arrived here last night. Prints were prepared today for nationwide distribution. They include a sound commentary by Alley. The first print of the film was sent to Washington late last night for preview by government officials. Later, others were shipped to Europe, Australia and South America. A few hours after Alley's arrival, another film of the attack, taken by a United States cameraman, was brought to Newark by a regular air liner. It is now being shown in California theaters.

RUPERT, Dec. 30 (Special)—Leaders in Idaho's Catholic hierarchy joined with hundreds of secular mourners here today to pay last honors to Monsignor Romi S. Keyzer, 71, at funeral services conducted in St. Nicholas church. The church, of which Monsignor Keyzer was pastor for three years after long service in other Catholic parishes including Twin Falls, was crowded to the doors for the impressive ceremonies. The services climaxed an all-night guard of honor maintained about the place in the church by Rupert Knights of Columbia. Body to Boise Following the solemn pontifical high mass and the absolution service, the body of Monsignor Keyzer was sent by hearse at 11 a. m. to Boise, where it will be laid to rest in St. John's cemetery. The Most Rev. Edward J. Kelly, D. D., Boise, bishop of the diocese, was chief officiant at the services today. Bishop Kelly led the office for the dead at 2:30 a. m. and was celebrant of the solemn pontifical high mass, at 9 a. m. He also conducted the absolution service after the mass, and spoke briefly at those rites. Sermon Offers History The sermon eulogizing Monsignor Keyzer was delivered by Rev. M. J. Witzberger, Blackfoot, former pastor of Rupert. He took as his text, "Thou art a Priest Forever" and (Continued on Page 3, Column 3)

Defenders Plan City Destruction To Thwart Japan

RESIDENTS IN TERROR AS SHOCKS CONTINUE

By EDWARD W. BEATIE SHANGHAI, Dec. 30 (UP)—Two series of terrific explosions left Tsingtao in terror today as Chinese continued their destruction of utilities in the face of a Japanese drive from the interior. Approximately 20 explosions, starting at 9:50 o'clock last night, roused residents. There were four more, of great intensity, at 4:30 a. m. today, centering at the new electrical sub-station which — paradoxically — is seven times more powerful than the main station. It was expected that at any hour electric service would be stopped. Chester Bardens, United Press correspondent at Tsingtao, toured the factory and harbor districts to find streets deserted but for a few policemen. Lacking Chinese citizens, remaining in the city, appealed to municipal authorities to maintain electric service, Bardens said, but it was believed their appeal would be vain. Crushed at Wooming The United States gunboat Sacramento arrived at Wooming near Shanghai, with refugees from Tsingtao including 37 Americans. There remained at Tsingtao 149 Americans, with 13 more in the Tsinan area, which Japanese have captured on their drive from Tsingtao. Japanese army authorities announced that their casualties in the capture of Tsingtao were 800 killed and 4,000 wounded. Japanese airplanes resumed their bombing raids, with troop concentrations in the area, according to reports from the front. There were no reports of Japanese air attacks on the city today. FRANCE'S STRIKE ENDED ABRUPTLY

Workers Return to Jobs as Government Threatens to Call Out Troops By HAROLD BEXLINGER PARIS, Dec. 30 (UP)—Strike of municipal workers, which stopped subway and bus service and threatened water, gas and electricity supplies, ended today as suddenly as it began. Confronted with a threat by the popular front government to break the strike with the aid of army engineers, the strikers decided to return to work. At 4:30 a. m. after a conference with strike leaders, Minister of Interior Max Dormoy announced that work should be resumed today. "Most services resumed at 6 a. m. as they had been since last week. Walked to Work Yesterday, Parisians left their homes for work to find that there were no subway trains and no buses. They walked to work. This morning the city's workers left home early, eager for the walk to their jobs—to find that everything was normal. The result was that scores of thousands of people arrived at their jobs an hour or more early, and cafes profited heavily in serving breakfast. General agreement The strikers returned to work under a secret agreement, which was understood to include a pledge by the government that their grievances, particularly as to pay, would be considered. It was too early to say whether by its return the government had won a decisive victory over the turbulent strike elements. But there seemed no doubt that strike leaders were overruled by the government's firmness and by the apparent lack of public support. WEDDING OF BOY AND GIRL HALTED

Indiana Law Stops Marriage Of Mother, 12, to Youth, 13 LINTON, Ind., Dec. 30 (UP)—Betty June Lacer, 12, sat beside her doll's cradle today and watched her 13-year-old fiance, who was unhappily the prospect that she and the child's father, Tommy Chapman, 13, will not be permitted to marry. The boy, named Thomas Howard Chapman Lacer, was born Tuesday. Both children said they wanted to marry. Their parents have approved the marriage. Tommy readily admitted his responsibilities when he was brought before Circuit Judge J. Raymond Powell yesterday on a statutory charge. "All I want is a chance to marry her," he said. Judge Powell said the marriage would be impossible because Indiana law forbids any girl under 16 years of age to be married to the father of her child, or to become a bride. He took the case under advisement. The children were neighbors and playmates from their first school days. They were graduated from eighth grade last spring. Their fathers are coal miners and have been friends for many years.

Missouri Youth Succeeds In Attio as Sheriff Ascends Stairs

BONNE TERRE, Mo., Dec. 30 (UP)—Marvin Wright's mother weighed her love for him against her duty to the law, and summoned Sheriff A. A. Hayes. As Hayes mounted the steps of the Wright farmhouse near here, the 24-year-old Marvin killed himself with a shotgun. Mother and son last night had a long talk about the kidnapping Monday of Kelley Robertson, 46-year-old Desper, Mo. real estate dealer. The sheriff had arrested one of Marvin's friends, Everett Cochran, 16, of Palmer, Mo., and it was said that he confessed and named Marvin as his accomplice. Sheriff Hayes for right At first, Mrs. Wright, the mother of four sons and three daughters ranging in age from 18 to 20, learned nothing. PRATER DECISION AWAITING BOARD

Taylor Hints Answer Coming Friday When Members All Present HOISE, Ind., Dec. 30 (UP)—Decision of U. S. Prater, Twin Falls county sheriff, whether to accept the position as warden of the state penitentiary was still held in abeyance today. Governor-General J. W. Taylor indicated that the matter would not be decided until all members of the prison board could be present for a holiday session in Indiana, and then, if he declined, could be able to immediately make another appointment. Ira Mastley, secretary of state and a member of the prison board, was expected to return tonight from a holiday vacation in Nebraska, and it was thought that Prater would inform the board of his stand Friday. It was admitted that the decision might be deterred until the next meeting of the prison board, scheduled for January 2 in Nebraska. The attorney general said that he and Governor Barstall Clark had agreed to wait until Mastley's return before taking any action. The prison is under temporary jurisdiction of Rex Smith, deputy warden. Wilson, Valley county sheriff, has been mentioned as candidate for the position in event Prater declines.

POLITICIANS EYE JACKSON AS PRESIDENTIAL TIMBER

YOUNG ATTORNEY SEEN AS LEADER OF NEW DEALERS

Drive to Curb Monopoly Puts New Yorker in Spotlight; Has FDR Backing

By LYLE G. WILSON WASHINGTON, Dec. 30 (UP)—Monopolistic business is under New Deal fire, trial preliminary to a 1938 drive for greater government regulation of large concentrations of industrial-financial power.

Political and economic sparks are flying as Assistant Attorney General Roger H. Jackson, senior presidential Roosevelt's fifth freestone child, denunciation of "private monopolies and financial oligarchies." This strategy may rally some deserting New Deal troops to Mr. Roosevelt's standard and, more delectable, make Jackson a political figure of Presidential aspirations.

Notable deserter was Sen. Joseph O. Easton, D. Wyo., whose bid to curb monopoly by requiring federal license of interstate corporations now is reported to have Mr. Roosevelt's favor. Jackson's monopoly platform is one on which might be reformed some of the progressive leadership which bolted in the presidential election.

Accuses Families On Dec. 26 Jackson let go a radio address that big business preyed on recession by price increases beyond the power of consumers to purchase. He attacked again yesterday.

1948 forecasts Astute politicians long associated with Mr. Roosevelt are inclined to believe Jackson is the 1940 White House candidate.

Hot Cider Puts "Kick" in Any New Year's Eve Punch

By MRS. GAYNOR MADDOX (NEA Service)

It takes more than a tree to make Christmas, more than a bell to inaugurate the New Year. To the holiday cake can be better than the good will that goes into it and no New Year's cup is more potent than the friendship that brewed it.

Hot Cider Punch One-half gallon best cider, 2 sticks cinnamon, 1 tablespoon whole cloves, 1/4 cup granulated brown sugar, 1/2 teaspoon salt, dash of nutmeg, lemon twigs.

The spices in a clean white porous bag. Add to cider, sugar and salt. Slowly bring cider to boiling point. Then remove spices. To serve, reheat and pass in small glass cups. Cream butter, lemon twist them. Place one of the twists in each hot cider cup. A very pleasant cup of kindness, that little cider brew.

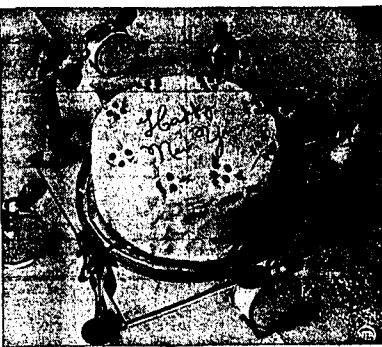

Even a fairly simple cake can dress up properly for the New Year's celebration. Try this recipe and pack it with best wishes for a happy New Year.

New Year's Cake Two and one-quarter cups sifted cake flour, 2/3 teaspoon combination baking powder, 1/2 teaspoon salt, 1/2 cup butter or other shortening, 1 egg, 1/2 cup sugar, 2 eggs, well beaten, 1/4 cup milk, 1 teaspoon vanilla.

Good Luck Frowning Two eggs white, unbeaten, 1 1/2 cups sugar, 1/2 cup shortening, 1/2 teaspoon light corn syrup, 1 teaspoon vanilla.

Combine egg whites, sugar, water and corn syrup in top of double boiler, heating with rotary egg beater until thoroughly mixed. Place over rapidly boiling water, beat constantly with rotary egg beater for 12 to 15 minutes, or until frosting will stand in peaks.

NOTE: To cover tops and sides of three 10-inch loaves, prepare this simple recipe twice.

### KERCHIEFS GO IN AUSTRALIAN CHAIN LETTER

MELBOURNE (UP)—Taking a leaf from the experiences of originators of the chain letter system, Australian women have launched a "Handkerchief Chain" which has the country almost agog for the moment.

The idea differs only in two respects from that of the chain letters—first, it is limited to women and handkerchiefs are sent instead of money.

When a woman receives a letter containing the names and addresses of three persons, together with instructions on how to proceed, she crosses off the name at the top and writes her own at the bottom.

She then makes three copies of the amended letter and within three days posts one copy each to three of her friends.

At the same time she mails a handkerchief to the person whose name she crossed off.

If everything goes well she receives 27 handkerchiefs in 12 days.

### Mississippi May Lift Stress on Textbooks

MEMPHIS, Tenn. (UP)—The textbook method of education in which the student's record is based entirely on the number of pages he can recite is obsolete, R. D. Patterson, head of the Mississippi department of education, told a school conference here.

"We are introducing several important curriculum changes in the lower grades," Patterson said. "Instead of merely assigning so many pages and letting the lesson go at that, we are trying to take some problem of living and organizing our study around that."

### HATCHERY WORK STARTING JAN. 9

Five Hundred Feet of Tunnel Will Add Facilities for Securing Water

Construction of an additional 500 feet of tunnel, an extension of the present 300 foot length which taps seepage water to supply the state fish hatchery in Rock creek canyon south of the city, will get underway Jan. 9 under a contract with the WPA project. It was announced here this afternoon by officials of the Southern Idaho Fish and Game association.

The WPA project, which has already been approved, was secured by game association in cooperation with the state game department, officials said.

Six Feet High

The 500 foot tunnel, not shaft, will be six feet high and four feet wide. It will bore into almost solid lava rock, following a route previously designated after test wells were drilled in the vicinity.

This afternoon WPA headquarters announced between 25 and 30 men would be detailed to the job which will see extensive use of dynamite. The debris taken from the excavation will be hauled to the tunnel mouth on tracks which will support small dump cars.

Calculations kept on the test wells show an abundance of underground seepage water which will assure an increase in the water supply, sorely needed at the present time. More water will mean more fish plants per season, sportsmen said.

Boosts Production

In the past the hatchery has produced about 1,250,000 fish in one year. Greater production will prove an asset to both the sportsmen and the general public. The hatchery is owned by the game association but leased to the state.

Completion of the improvement is expected by March 15, 1938, officials said. At the present time the fish in the rearing ponds have all been planted in open water.

### Newsreel Ace At Sun Valley

BY J. P. GALLAGHER  
SUN VALLEY, Dec. 30 (Special)—There are many interesting citizens come to Sun Valley, but one of the most interesting now present is none other than Ariel L. Varga, camera man for Fox Movietone. He only returned from an eight-month stay in Spain shooting the civil war there.

The film he has done a bit of everything, from the peace conference pictures in 1919 Germany to filming Pope Benedict the thirteenth. He has taken Zeppelin flights, spent two years in Russia during the famine of '21 and '22, shot the American riots in India, covered North Africa during the Egyptian revolt of 1924, covered the whole of Ethiopia war, the Chinese-British conflict in 1925, lived through the siege of Chockow outside Peking that lasted 89 days in 1928. Having had several cameras shot to pieces in his hands his hair is somewhat grey, but he must have kept on friendly terms with all the mess- sergeants, for he is just plummy as he is grey.

Upon returning to New York from his present assignment, he hopes to be sent to China for the rest of the business over there. When he leaves Sun Valley, he will have a legendary title to carry with him.

# BRITAIN GIVEN SAME JAPANESE ASSURANCES AS U. S.

## MISTAKE CAUSED ATTACK ON BOAT, APOLOGY STATES

### British Orders Again Given to Officers Regarding Any Future Bombardments

LONDON, Dec. 30 (AP)—Japan in a note to Great Britain regarding an attack on the gunboat Ladybird, gave assurances similar to those she offered regarding an attack on the United States gunboat Panay, publication of the text disclosed today.

It was understood that the government sought to assure public opinion of the entire note in Japanese newspapers. This was desired particularly because Japan did not publish the Panay note in full, notably the disclosure that men responsible had been punished.

The Ladybird was attacked by Japanese warplanes in the Yangtze river above Hanking on Dec. 12, the same day as the airplane attack which sank the Panay.

"Essential Release"

(A Tokyo dispatch to the United Press said that the foreign office released a statement "essentially" of the note to Great Britain tonight.)

Japan's note said that though the Ladybird attack was due entirely to a mistake, the Japanese government intended to insure against possible similar mistakes "in the most proper manner" according to law with the commander and other officers concerned.

As regards guarantees for the future, the Japanese note said:

"We intend to assure public opinion again by the issue of the greatest possible care, that attacks are not to be made on the property of British or other nationals."

As regards an apology for the Ladybird attack, the Japanese note said, and the matter of compensation, the government could add nothing to a previous note of December 24.

Punishment of the commanding officer and other officers, the note stated, was undertaken "on the ground that it failed to take full precautions."

"There is no room for doubt," the note added, "that the Japanese officers did not intentionally attack vessels known to be British."

As soon as two Japanese navy bombers attacked the Ladybird, the note disclosed that the vessels were British. They were firing and the Japanese military unit attacked and sank the Japanese vessel.

"The Ladybird was fired on by Japanese warplanes," the note stated, "and the Japanese government is protesting against an attack on other British vessels nearby."

**WEALTHY CHINA MAN MURDERED**

Loh Poh-Hong, prominent in Catholic circles, is assassinated.

SHANGHAI, Dec. 30 (AP)—Loh Poh-Hong, Chinese Catholic leader and one of the country's richest men, was assassinated today as he walked to his home in the French concession.

Loh was regarded by many Chinese as pro-Japanese and it was to this belief that his death was attributed.

Loh was general manager of the Chinese Electric Power company, among many interests. Chu Chung-fu, secretary of the company, accompanied him this morning as he was walking to his home.

Two Chinese orange peddlers approached and without warning began firing pistols at him. Three bullet wounds were inflicted and Loh died on his way to hospital. The assassins escaped.

Loh was a member of a civilian committee formed to facilitate a return to "normal" conditions in Shanghai and he had been mentioned as a possible new mayor, presumably a supporter of Chiang Kai-shek.

He was a director of many big corporations including public utilities and shipping lines. He was president of one hospital and chairman of another, both Catholic institutions.

It was known for his philanthropy. Loh had been decorated not only by the pope but by the French and Italian governments. In 1927 he visited the United States as Chinese delegate to the international Catholic congress at Chicago.

## 'Texas Trail' is Idaho's Feature

"Texas Trail," latest in the series of popular Clarence E. Mulford's Hopalong Cassidy Western adventure films, which opens tomorrow at the Idaho theater, was adapted for the screen from Mulford's latest best-selling novel, "Tex."

This year, as in the past, the Idaho theater will host the New Year's Eve frolic. Doors will open at 11:15 and immediately the fun will start. A sack of favors containing a hat, worn and balloon will be given to each person as he enters the theater.

A special program consisting of several feature films and comedy has been arranged. To complete the evening of merriment, a special preview of the second of the Saturday Evening Post's thrilling adventures with Mr. Moto will be shown. The title is "Thank You, Mr. Moto," featuring the famous character, Peter Lorre.

**"Wells-Fargo" on Orpheum Screen**

The story of America's "life-line of the empire," the Wells Fargo trail, first highway to connect the east and far west, forms the background for "Wells Fargo," the screen romance with Joel McCrea, Frances Dee and Bob Burns, which will open a four-day run with the New Year's Eve frolic at the Orpheum tomorrow night.

In addition to the feature, there will be special entertainment for the occasion, song fests, Popover cartoon and the "Wells Fargo" show.

The doors will open at 11:15 p. m. Following the last showing of "Wells-Fargo-Round of 1938," the current Orpheum offering.
