COURT RULES REVOCATION OF DRIVERS' LICENSES ILLEGAL

3-2 DECISION IS HANDED DOWN IN CASE OF YOUTH

BOISE, Jan. 12 (UP)—The state supreme court today held unconstitutional that section of Idaho law which authorizes the commissioner of law enforcement to revoke motor vehicle operators' licenses when the driver has been involved in an accident resulting in death, personal injury or property damage.

The decision was rendered by a three to two majority of the court in the case of Kenneth Kaul, whose license was revoked after he had been involved in a fatal accident in Clearwater county.

Kaul, cleared by a jury of a manslaughter charge, had appealed for reinstatement of his driver's license, since he was an accomplished law enforcement officer. The commissioner of law enforcement refused the request.

Convicted of Charge

Kaul, later drove his car, was apprehended and informed against, and was convicted of the charge of operating a motor vehicle without a license, a bench warrant issued by Judge Gillies D. Hodge of Moscow.

He appealed the case to the supreme court, and Judge Hodge was reversed in his decision. The court held that the law was unconstitutional since it gave the commissioner of law enforcement the power to revoke a driver's license without cause, if it was determined that the driver was incompetent.

Judge Writes Opinion

The majority opinion, written by Justice Alfred E. Bue, held that the law was unconstitutional under article 8, chapter 85 of the 1933 session laws, an abridgment of section 19 of the uniform motor vehicle operators' and chauffeurs' act.

That section of the law declared unconstitutional provided that the commissioner of law enforcement was empowered to suspend with preliminary hearing a license on the ground that the person holding it had been involved in an accident resulting in death, injury, or property damage.

The supreme court pointed out that the section in question did not state a provision of the abridged statute, which provided that the license could be revoked only on the showing that the holder had been unlawfully or recklessly operating the motor vehicle at the time of the accident.

The supreme court held that under this incomplete abridgment of the law, the commissioner of law enforcement could revoke a driver's license, even in the event the driver had been entirely innocent of any wrong doing in events leading up to an accident.

This, the opinion said, was contrary to the constitution of the United States and to the constitution of the state of Idaho.

Such revocation, the supreme court decided, might deny to the owner or operator of an automobile the right to lawful use of his property. Other provisions of the section, where it is provided that upon conviction of unlawful action, or on a showing of incompetency to drive, the license may be revoked, remain valid.

CANDY SALESMAN ADMITS SLAYING

(From Page 1)

Who lives in Denver and works as a salesman for the U. S. department of interior, sent word to the sheriff that he had grave suspicions about his step-mother.

The Everett Hughes lived in Pueblo. The sheriff caught Hughes in Las Vegas still plying his candy route. The husband confessed, and took the sheriff's men to where his wife was buried, beside the road under two feet of frozen earth.

Put in jail at Pueblo, the candy salesman said he killed his wife in self defense, that she had a revolver and had a rifle during their quarrel. He was unnerved by his capture, but said that he was innocent of murder.

It happened Jan. 3 at their home in Pueblo, he said. He is 52, the same age of his dead wife. Their domestic life had been unhappy and both had agreed on a divorce, he said.

sent to the senate today with a \$2,582,000 saving under the amount Mr. Roosevelt had requested. The bill appropriated \$100,000,000 for 39 independent agencies.

The veterans' administration, which got more than \$477,000,000 for 1938, was specifically mentioned in reductions in the bill. Congress would retain power to override the President's cuts by a simple majority vote in both houses, a provision enabling him to send his executive order back to lie over 60 days before becoming effective.

Mr. Roosevelt had recommended such an extension of his veto power in his budget message to congress last week.

SEVEN DEAD IN CLIPPER CRASH

(From Page 1)

crew of the Clipper, which left here at 10:27 a. m. (MST) yesterday.

Men at Pan American Airways base here frankly admitted that they feared the plane had sunk in the sea. They believed it might have exploded when Capt. Musick dumped the gasoline cargo to gain more speed or altitude.

The scene of this mishap was more than 5,000 miles west of the coast of South America, below the equator and ironically, beside the very little island groups from which the Samoan Clipper got its name.

Corpse of Flight

An unconfirmed report, late last night, that the Clipper had been sighted floating in the sea 74 miles west of the island, raised hopes that they feared the plane had sunk in the sea. The fact by radio was traced to a private radio operator who had only seen a plane unloading gasoline in the harbor of Apia, British Samoa.

There were two radio sets on the plane, which was capable of landing at sea, and it was considered significant that nothing had been heard by the emergency radio transmitter. Had Capt. Musick landed safely, there would have been a radio message by radio immediately.

Tutuila island is 17 miles long and five miles wide. It has mountains that rise 1,500 feet.

Facilities Poor

Naval authorities in Washington described the searching facilities as "very poor." In addition to the Avoca, there was only the antiquated private minesweeper Tanager here, a boat that aided in the vain search for Amelia Earhart last summer.

The girls, chosen at the weekly meeting last night, are Thedi Davis, Helen Bailey, Naomi Kirkman, Nellie McBride, Barbara Lockmiller, Maurine Lake and Betty Jarman.

All of the candidates will be presented at the ball Friday evening, Jan. 14, and the reigning queen will be selected. M. I. A. officers said. The party will be held at the L. D. S. recreational hall.

SAFETY COUNCIL SUGGESTED HERE

Twin Falls civic organizations were called on today by the Idaho Safety Council to take steps toward forming a local council as the central goal of Idaho's safety week, which runs from Jan. 17-23 by Gov. Barzille Clark.

D. F. Banks, executive secretary of the Idaho council, urged the American Legion, Elks and other civic groups which sponsor safety week as part of their programs to cooperate in forming the local council. Banks, in a communication to the Evening Times, declared that the Idaho department commander of the Legion has requested each city in a communication to the meetings to organize safety councils in each community should be held during the week of Jan. 17, Banks asserted.

Residents Offer CCC Furniture

Several Twin Falls residents have offered second-hand furniture contributions this week in the Junior Chamber of Commerce effort to assist stock Creek CCC youths in furnishing their recreation hall, officers said today.

Calls may be made at the Chamber of Commerce office, telephone 978, and the camp truck will pick up the furniture this week. Furniture to be accepted, according to camp leaders.

Filer F. F. A. Teams Place at Ogden Show

FILER, Jan. 12 (Special) — The stock judging team representing Filer Future Farmers of America last week at the Ogden show ranked seventh among the 46 competing teams and third among Idaho teams, the instructor H. T. Schodde announced.

Those on the ranking team were Gerald Pickett, Junior Thomas, and Harold Kinas with Pickett receiving a rank of ninth in individual scoring.

Gerald Pickett and Junior Thomas placed eighth with their poultry judging and were fifth among Idaho entries in this division.

The stock judging team of Gerald Pickett, Junior Thomas and Loyd Hartley was low. Thomas was high point man in the contest and Pickett second. Thomas is president of the local F. F. A. chapter.

and no inquest or autopsy will be held, it was announced by Coroner Wiley, Jerome County Attorney Patrick and Sheriff Jarman today. The body was at the Wiley funeral home in Jerome today, awaiting orders from the young widow, Mrs. Simon, who went to Boise Monday. She has been employed in a Twin Falls department store.

Motive for the act was vague, according to authorities, who said that a dependent mood may have been the cause. Mrs. Simon said that her husband was subject such moods. When found his clothing was undisturbed and a diamond ring and bracelet were found on his left hand.

Left Home Jan. 3

Simon was last seen by his wife when he left home Monday morning, Jan. 3, after telling her he would load his truck at the depot and return for breakfast. Instead, friends said, he unloaded the truck and disappeared.

District officials of the R. J. Reynolds Tobacco company had been conducting a search with aid of authorities for the past week. Mrs. Simon felt no alarm until Jan. 5, when she reported her husband's absence to Sheriff E. F. Prater.

Finch's report after finding the body was made to Sheriff Davis, who went to the seagrass scene with Deputy Paul Smith, Mr. Finch, Horace Anderson and Bud Davis. Jarman and Coroner Wiley followed immediately, and Sheriff Prater was also called.

Immediate survivors of the young man include the widow, Mrs. Lavinia Simon, Ontario; his father, Fred Simon, Ontario, Ore., merchant, and five sisters.

SHEARER NAMED BANK PRESIDENT

Guy Shearer, Twin Falls, this afternoon was selected president of the Fidelity National bank as board of directors of the institution met in reorganization meeting.

Musical numbers are also planned for the women's meeting, Miss Hill said. The session will be at 2 p. m. in the Idaho Power auditorium.

Business sessions and banquet will be conducted by the men of the dairy associations Friday and Saturday, with the resolutions committee of the Idaho Dairyman's association convening in advance on Thursday.

JAIL ORDERED IN THEFT, FORGERY

A 19-year-old Twin Falls youth was sentenced to six months in county jail today and a 32-year-old Twin Falls man started a four-month term as a result of sentences imposed in district court yesterday.

Thomas Reeds, 19, entered a plea of guilty to grand larceny charges and received a sentence of one to 14 years in the state prison, committed to six months in jail here. Reeds was accused of taking the 1929 motor car owned by Frank Sabata. The theft was reported to have occurred Dec. 18 and the youth was arrested at Blackfoot Dec. 21.

Erlid P. Hopkins, who pleaded guilty to forgery charges at district court arraignment Monday, also received one to 14 years, with the term commuted to four months in county jail. He had earlier passed a forged check for \$10 at the J. C. Penney store last Dec. 29, using the name "Harry R. Brown" on the check.

Idaho Increases Balance of Cash

BOISE, Ida., Jan. 12 (UP)—Myrtle P. Enking, state treasurer, estimated today that in the two years ending Dec. 31, Idaho had increased its cash balance by almost 60 per cent.

She reported to Gov. Barzille Clark that the cash balance had advanced from \$2,958,897 to \$4,252,154.

The state's indebtedness was reduced by half, standing at \$1,632,844 compared to \$3,265,684 on Dec. 31, 1935.

WOMEN TO HEAR THREE SPEAKERS

Three speakers, all associated with the University of Idaho, will talk at the Saturday meeting for women attending the joint Idaho dairy gathering here this week-end. It was announced today by Miss Margaret Hill, district home demonstration agent who is cooperating in the feminine program.

Dr. Harrison C. Dale, university president, had previously been announced as a speaker at the women's session. The other two are Prof. D. D. Theophilus, head of the university department of animal husbandry, who will speak on new discoveries in milk, and Miss Marie Hepworth, state home demonstration leader with the extension department, who will give a demonstration on marketing of dairy products dishes.

Musical numbers are also planned for the women's meeting, Miss Hill said. The session will be at 2 p. m. in the Idaho Power auditorium.

Business sessions and banquet will be conducted by the men of the dairy associations Friday and Saturday, with the resolutions committee of the Idaho Dairyman's association convening in advance on Thursday.

TRAPPER JAILED

Oral Bagley, Montpelier, was taken to the Canyon county jail at Caldwell this afternoon where he will face charges of alleged taking of muskrats out of season.

Bagley, who is known locally as a government trapper, was arrested in Twin Falls yesterday afternoon. He was held in the county jail here last night. The complaint, according to Grever C. Davis, district deputy game warden, was filed in Caldwell by game department authorities in that section.

IDAHO LEADS NATION IN SILVER PRODUCTION IN 1937

VALUE OF METAL GOES UPWARD TO OVER 38 MILLION

BOISE, Jan. 12 (AP)—Idaho led the nation in the production of silver during 1937, and increased its general metal production value by \$10,000,000 over 1936, a report from the federal bureau of mines showed today.

The report was based on actual production during the first 10 months of the year, and an estimate for November and December. There was no question, however, that Idaho had led the nation in silver production.

Second Year of Lead

It was the second consecutive time that the Gem state had outstripped America's other silver producing states. Led by the set price for newly-mined silver, the vast properties in the Coeur d'Alenes put out 19,500,000 ounces, an increase of 5,000,000 ounces over the record established in 1936.

The total value of gold, silver, copper, lead and zinc produced from mines and placer mines totaled \$38,316,400, compared with \$27,654,472 in 1936.

However, the output of gold decreased in 1937 to 78,000 ounces. In 1936, the record mark of 80,201 ounces was established.

Silver Value

The silver output for 1937 was valued at \$15,654,500; gold, \$2,700,000; lead, \$12,541,600; and zinc, \$7,420,900, comprising all 1937 valuations except the output of gold.

The average sales prices of lead and zinc increased from 4 1/2 to 6 1/2 cents and from 5 to 7 cents. Gold and silver prices ran about the same, with a slight variation in the price of silver.

Chief producers of silver in Idaho in 1937 were the Sunshine, Hecuba, Cramer Hill and Sullivan, Morning, Bruner, Polaris, Triumph, Page and Sherman mines all in the Coeur d'Alene region, with the exception of the Triumph properties, which are in Blaine county.

The state produced 4,300,000 pounds of copper, an advancement from the 1936 figure of 2,254,000 pounds.

CATLEMEN HEAR NATIONAL OFFICER

Cattle and dairy breeders of this section will hear C. Conklin, national secretary of the Ayrshire Breeders' association, with headquarters at Brandon, Vt., Jan. 10 at a meeting at the Boise.

A feature will be an illustrated lecture by Mr. Conklin with lantern slides of some of the finest Ayrshires of Scotland, Canada and the United States. A review of the history and characteristics of the Ayrshire breed and a discussion of the most prominent family bloodlines will be given.

During the meeting plans for the reorganization of the Idaho Ayrshire club will be made. Arrangements are under the direction of D. L. Carter, Webster, and all Ayrshire breeders and their friends are invited. It is announced.

BANK TO RECEIVE 3-YEAR CONTRACT

MOSCOW, Idaho, Jan. 12 (AP)—Coach Fred Bank will be offered a renewal of his three year football contract, the Idaho state board of education has decided.

Two institutions had been reported bidding for the Vandal football manager. His present contract will expire Sept. 1.

Expenditures of \$9,907 were authorized for operation of a 10-week summer school at Albion, N. H.

The board voted acceptance of the resignation of Elaine Blaine, registrar at the University of Idaho, southern branch, effective last Jan. 1. No successor was named.

Appointment of Mrs. Jane Shurtliff, Rupert, to succeed the late Mrs. J. H. Ruppert, as president of the Albion training school was approved. President H. O. Dale of the university was authorized to obtain an "outstanding statesman of the nation" to address the university under auspices of the \$50,000 Borah foundation for promotion of peace and outliving of war.

WPA Road Funds Given Twin Falls

WASHINGTON, Jan. 12 (AP)—Twin Falls, Idaho, has received approval of a WPA grant of \$25,000 for road improvements in that area.

Son, James P. Pope, D., Idaho, said today American Y's received \$6,000. Other grants brought the Idaho total to \$23,070.

Game Farm to Get Improved Rearing Pens

Larger and improved homing and rearing pens for pheasants and quail will feature the final phase of the expansion plan at the Jerome state game farm, according to plans which had been outlined last week by Claude Drake, fish and game commissioner.

Speeding up of the program will be made by shipping a "considerable amount" of necessary materials to the Jerome farm at once, Drake said. He praised the work of assistants and WPA men who have been engaged in improvements at the farm for two years.

Drake was here to complete details for a tunnel planned to channel the water supply at the state-leased fish hatchery in Rock Creek canyon.

FARMERS GAIN IN LAND PURCHASES

More real estate was transferred back to farmers in 1937 than ever before in the 20-year history of the cooperative mortgage financing system. It is announced in a report issued by J. W. McDowell, secretary-treasurer for the group of local farm loan associations in this district serving members through a central office in Twin Falls.

That more property was transferred back to the ranchers was revealed in an emergency operation authorized by J. W. McDowell, secretary-treasurer for the group of local farm loan associations in this district serving members through a central office in Twin Falls.

Chief producers of silver in Idaho in 1937 were the Sunshine, Hecuba, Cramer Hill and Sullivan, Morning, Bruner, Polaris, Triumph, Page and Sherman mines all in the Coeur d'Alene region, with the exception of the Triumph properties, which are in Blaine county.

The state produced 4,300,000 pounds of copper, an advancement from the 1936 figure of 2,254,000 pounds.

During the coronation of King Edward VII of England the aged Archbishop of Canterbury placed the crown on the king's head backward. He trembled so from weakness that everyone feared he would drop the crown.

Cash Payments Higher

During the past two years, McDowell points out, cash down payments have advanced from 25 to 35 percent, higher than at anytime during 1937. He said this indicated that the ability to buy has increased.

The local farm loan association and the district bank are continuing to offer acquired farm property on favorable terms to farmers who have qualifications to succeed. Mr. McDowell said. In addition new mortgage loans are being made at the record low 4 per cent interest rate.

OAKLEY BEST ON HOUSING SURVEY

Inadequate housing surveys in Kimberly and Oakley were completed today, it was announced here this afternoon by Thomas McDougall, president of the American Citizens Protective association and also low-cost housing director for Idaho.

Results of the Oakley survey, he said, showed that community to have the "least inadequacy" according to population of any community thus far surveyed.

Thirty-eight inadequate dwellings were found in Oakley, resulting in these structures were 40 adults and 83 children under 16 years of age.

The Kimberly figures show 120 inadequate homes which are housing 224 adults and 164 children under 16. Aside from Kimberly and Oakley the surveys are now completed at Durley, Buhl and Rupert. At the present time Twin Falls and Gooding are being surveyed.

INFANTRYMAN TO ADDRESS SCHOOL

Next session of the troop school of Twin Falls chapter of the Reserve Officers' association will be held Jan. 25 when Lieut. Henry C. Bohmhorst of the 41st Infantry will discuss "Infantry Signal Communications" dealing particularly with cryptograms. Meetings are held weekly at the Union Motor company offices and reserve officers are invited.

Last evening's session included discussion of "Army Administration" by Lieut. Robert Herbolson of the Rock Creek CCG camp. It was the first meeting since the seasons were resumed on the call of Capt. J. O. Rasmussen, director.

Captain R. E. Leighton of the national guard will discuss "Brigade Supply" on Jan. 25, the final meeting of the month. During December Capt. J. H. Beaver, Jr., also of the national guard, spoke on "Use of Gas in Modern Warfare," and Capt. Rasmussen on "Infantry Signal Communications from the Division Down."

Submits to Operation

KIMBELEY, Jan. 12 (Special)—Upon the return trip from a visit to the home of his parents here last week, Emory Herridon, Pocatello, underwent an emergency operation for an ulcer. He is recovering satisfactorily, it is reported.

During the coronation of King Edward VII of England the aged Archbishop of Canterbury placed the crown on the king's head backward. He trembled so from weakness that everyone feared he would drop the crown.

Cash Payments Higher

During the past two years, McDowell points out, cash down payments have advanced from 25 to 35 percent, higher than at anytime during 1937. He said this indicated that the ability to buy has increased.

The local farm loan association and the district bank are continuing to offer acquired farm property on favorable terms to farmers who have qualifications to succeed. Mr. McDowell said. In addition new mortgage loans are being made at the record low 4 per cent interest rate.

Historic Money Joins Parade of Old-Time Coins

Coins with a colorful history that is known and that brings to mind colorful pictures of a more ancient past have been added to the procession revealed by south Idahoans.

A 12-cent piece of Ceylon money which Al Hacker obtained 20 years ago from an old soldier of fortune in Missouri is probably one of the most interesting displayed here. It is of copper and brass and is one-eighth of an inch thick. On one side is an elephant with the date 1817. Hacker offered \$200 for the piece when it was offered by a coin collector in Texas. Also in his possession is a very thin copper piece, a penny issued in 1711, one of the first minted in what later became the United States.

RANGES OPEN

BOISE, Jan. 12 (Special)—The weather during December continued mild with good rains in the lower elevations and snow in the higher areas. Ranges are practically all open, a few inches of snow reported in some sections of eastern Idaho on Jan. 1.

The range condition was reported as 88 per cent of normal the same as a month ago and six per cent higher than the 10-year (1928-1937) average for this period, according to Richard S. Ross, U. S. agricultural statistician.

Cattle and sheep have both continued in very good condition with few losses reported. Hay supplies are expected to be adequate for normal demands. Light feeding requirements in southwestern Idaho have helped conserve hay supplies in that area.

FARM LOAN UNIT REFLECTS CHIEFS

Destinies of the Southern Idaho Production Credit association today had been placed for 1938 in the hands of the same directors and officers who guided the organization into an impressive record in 1937.

A. L. Hanks, Burley, was re-elected president at the board reorganization which followed the P. C. A. fourth annual meeting here Tuesday. Other officials, all of whom were re-elected, are J. W. Stoddard, Shoshone, vice-president; C. C. Haynie, Twin Falls, secretary-treasurer and manager; Hugh Faulkner, Twin Falls, assistant secretary; and Mr. Hanks, Mr. Stoddard, George Watt, Buhl; Zan Atwell, Gooding and W. L. Adamson, Carey, board of directors.

Mr. Adamson was unanimously re-elected at the annual session. His expiring post was the only one up for election. He receives a new three-year term.

Approximately 275 stockholders and visitors attended the session from the eight south central counties.

Stock Men Benefit From Packing Firm

More than \$3,000,000 is distributed annually by the American Packing and Provision company, Ogden, to livestock men, railroad and transportation men and others connected with the stock industry, according to reports received here by local distributors of Mountain Brand goods.

The Ogden firm has announced plans for an aggressive advertising and sales promotion campaign, including newspaper advertisements and a total of 50,000 recipe folders available for meat markets each month.

GARMENT LEADER ATTACKS LEWIS

NEW YORK, Jan. 12 (AP)—David Dubinsky, president of the International Ladies' Garment Workers union, today called upon 250,000 followers comprising the third largest affiliate of the committee for industrial organization, to promote peace with the American Federation of Labor because it "will ultimately have to be established in the labor movement."

Speaking before a special meeting of 1,200 members of executive boards of his local unions last night, Dubinsky attacked the policies of the C. I. O. and held it responsible for the breakdown of peace negotiations.

He criticized the C. I. O. chairman, John L. Lewis, for refusing to accept what he said was the acceptable basis for ending the labor conflict, when the negotiations were broken off last month.

KETCHUM SNOW DEPTH DECLINES

Snow depth declined at Ketchum during the past week, although the amount on the ground Monday, Jan. 10, was still fractionally above the 1937 amount, according to the report of F. S. Moore, Sawtooth national forest supervisor.

Total at Ketchum Jan. 10 was 11 inches, as compared with 15 inches Jan. 3. No measurable fall occurred during that week, Moore's summary explained.

Depth at Halley was four inches Monday, unchanged from a week previous.

Other measurements in the Big Wood river drainage area Jan. 10 showed 21 inches at Graham's ranch, 30 inches at Galena, 22 inches at Masco mine, 14 inches at Old Baldy No. 1, 20 inches at Old Baldy No. 2 and 24 inches at Old Baldy No. 3. On the Malad watershed,

Solder ranger station had 19 inches and Paifield seven inches. Cumulative snowfall in the general Halley sector has now fallen below average but is still double that of one year ago, Supervisor Moore reported. Total now is 36.25 inches. Average is 35.84, but the cumulative figure for one year ago was only 17.35 inches.

BEHIND THE SCENES IN WASHINGTON
By Rodney Outcher
Evening Times Washington Correspondent

What's This Monopoly Talk?
Apparently we are entering into another era of trust-busting—or at least talk of trust-busting. "Playing monopoly" seems about to become more popular as a political game than it ever was as a parlor game.

What is this fundamental idea? The general thought is very simple: If all goods are made by individuals who sell them in free competition with the goods of any other individuals aiming at the same market, the consumer will get the break. He will get his goods at the lowest possible prices, because the competition between sellers will constantly tend to force all prices down to the lowest point where the lowest-cost producer can make a profit.

That is the theory, and up to now it is certainly true that it has caused a greater variety and quantity of goods to be distributed here among more people than any other system in any other country. Periodically there are great waves of protest that monopolies have sprung up, destroying the competitive principle that is the heart of our manner of doing things.

Recently we had the NRA, which permitted suspension of competition if certain other conditions were met. Still more recently we had the Guffey-Vinson law suspending competition in soft coal, and the Miller-Tydings law permitting price-fixing by agreement in certain fields.

Perennial Passes
It seems almost too bad to see the Baker syndicate finally exposed. For that hardy perennial has been fooling hundreds of Americans for 35 years. It is almost like an old friend, even though a false one.

The President commented: "That was telling them!" after delivering his message to Congress. It will remain to be seen whether Congress was in a mood to be "told."

"Then how would you like to be me—for a little while?" asked Connie.

Formal Tea Given to Honor State Officer

Mrs. Audrey Farnum, Ketchum, assembly president of the Idaho Rebekah order, was guest of honor yesterday afternoon at a formal tea arranged by her hostess, Mrs. W. R. Chase, whose house guest she has been for several days.

With her honor guest Mrs. Chase received more than 50 guests, members of the Rebekah lodge in this section. Tea was served from a table attractive with a lace cover and centered with an amber bowl of sweet peas placed on a large mirror plaque. Tall yellow tapers in amber holders provided illumination. The rooms were also trimmed with bouquets of sweet peas and other flowers.

During the first hour Mrs. Lionel A. Dean and Mrs. W. O. Watts presided and for the final period of the affair those presiding at the services were Mrs. O. E. Weldon, Burley, and Mrs. Dorothy Kama, also of Burley, assembly outside, guardian.

Last evening Mrs. Farnum attended a banquet arranged by the Filer order. She addressed the group and was presented a gift. She left this afternoon going from here to Hagerman on an official visit.

FRIENDS HONOR HOSTESS' BIRTHDAY

Mrs. Amelia Prothero was feted with a surprise birthday party Monday evening at her home by a group of friends. The evening was spent at monopoly and pinocch with prizes going to Mrs. Prothero, Mrs. Ross Moore, Mrs. Saul Moore and Dr. Floyd Ham. Mrs. A. S. Nielson received the traveling award.

At the close of the evening refreshments were served. Those present were Mr. and Mrs. Saul Moore, Mr. and Mrs. Thomas Hodder, Mr. and Mrs. Ralph Moore, Mrs. Wellhausen, Mr. and Mrs. A. S. Nielson, Miss Stella Elton, Dr. Ham and Kenneth Hodder.

PARENTS ANNOUNCE DAUGHTER'S ENGAGEMENT

At an informal dinner over the week-end arranged by Mr. and Mrs. J. H. Cooke, the engagement of their daughter, Virginia, to Cloyd Elton was announced.

Mr. Elton is the son of Mrs. Frank Elton and a graduate of Oakley high school. Miss Cooke completed her studies at Twin Falls high school.

CARD CLUB MEETS FOR GAMES

Last evening's meeting of the Mon Con bridge club was held at the home of Mrs. Walter Doss and Mrs. Leonard Shurtiff, San Bernardino, Calif., was a guest.

Honors at the evening's games went to Mrs. Shurtiff and Mrs. Jack Carson. Refreshments were served by the hostess at the end of the evening.

GROUP HEARS REVIEW OF VOLUME

"Midnight on the Desert," J. B. Priestly's description of his visit to America, was reviewed by Mrs. E. J. Step-ken, guest speaker as the feature of the meeting of the drama and literature department of the Twentieth Century club yesterday afternoon.

Forty members of the department met at the home of Mrs. Roy Paltier. It was announced during the business session conducted by Mrs. M. E. Shotwell, chairman, that a special speaker from the University of Idaho will be heard Tuesday at the meeting of the home and garden department.

Mrs. William Baker, general club president, and Mrs. Shotwell poured when tea was served. The lace-covered table was lighted with silver tapers and centered with pink blossoms in a silver bowl.

Mrs. Painter, Mrs. J. H. Barnes, Mrs. H. J. Wall, Mrs. R. A. Shurtiff, Mrs. G. G. Klugbury and Mrs. Guy Hyman were hostesses.

MISS HILL SPEAKS ON CARE OF CLOTHING

Mrs. George Swetsliger entertained members of the Blue Lake Boulevard club yesterday afternoon when the meeting was featured by a talk by Miss Margaret Hill, home demonstration agent, on the "Preserving and Care of Clothing." Mrs. H. E. Dean, president, introduced her.

Twenty members answered roll call with poems and anecdotes. Guests were Mrs. Hays, Mrs. Hoon and Mrs. William Leeds. During the afternoon the white elephant was won by Miss Virginia Francis and afterwards refreshments were served by the hostess with Mrs. Dean assisting.

A tiny snowman favor was given each guest.

CATHEDRAL STUDENTS BY GROUP

Members of the Mary-Martin class of the Baptist church heard a discussion of "Cathedrals" given by Mrs. A. B. Marty at yesterday's meeting at the home of Mrs. G. O. Olson. Devotionals were led by Mrs. F. G. Hallbury and Mrs. M. O. Kuykendall presided.

After the meeting refreshments were served by Mrs. Olson, assisted by Mrs. J. L. Hodges, Mrs. B. O. Klott and Mrs. Hoytes.

THOUSANDS EXPECTED AT RESORT CARNIVAL

Sportsman's Fair "Staggering" of Open Pheasant Season

Sun Valley Will Attract Top Ranking Skiers

Casper Oimen, Alf Engen Headline List Entered in Events

SUN VALLEY, Jan. 12 (Special)—Thousands of people from scattered points through the United States are expected to converge on this new, but now world-famous winter resort for the mid-winter sports carnival, set to be held Jan. 15 and 16.

With the construction of the new Challenger Inn, and its low-priced scale, attendance at the various special events is expected to take a big leap over the amount present at any other winter sporting carnival ever held in this region.

Top event will be the Tri-State race with six-man teams from Utah, Montana and Idaho taking part. Results of this competition will be compiled from records set in the slalom and sliding events.

Engen, Oimen Tops

Two of the world's most famous skiers, Alf Engen of Utah, and Casper Oimen, a member of the Anaconda club and representing Utah, will be the biggest attractions. Engen holds the world championship ski jump, with a leap of 285 feet. He also won the national amateur contests last year with a jump of 245 feet.

Oimen is a veteran ski rider who has been captain of the United States Olympic ski teams, and who has held the national jumping title several times.

The Idaho delegation will be headed by Kaare Engen, younger brother of Alf, who competed in the McCall try-outs, and finished first.

Another big event of the week is the dog derby, featuring some of the world's best drivers, including many who have secured the American Dog Derby, held annually at Ashton, Idaho.

Star Drivers

Included in the race will be Don Cording and his son, the Sun Valley banner; Coley Baum, who raced for Salt Lake City last year, and holds a late position in the Sun Valley race; Jackson Hole, Wyo.; Lee Lewis for Boise, Mont.; Harry Whitford for Idaho Falls; Bill Hays for West Yellowstone; Tom Rogers for Ashton, and Lloyd Van Sickle for St. Anthony.

The local touch will be added by George Gattling and Fred Herring, who will represent the West Coast Power and Light company, Thula Geelan, the veteran feminine skier, and the veteran slalom skier, McColl. Originally a limit of eight teams was set, but the number of starters has now been increased to 10.

Wildcats Lose To Rupert

RUPERT, Jan. 12 (Special)—The Flier Wildcats lost their fourth successive A basketball game here last night as the Rupert Pirates stopped a last quarter rally to nose them out by the sharp-shooting Wayne Centry, who scored 16 points, the invaders put on a burst of speed in the final stanza, but by only two baskets to tie the Pirate score. Rupert led all the way, 7-3 at the quarter, 12-7 at the half and 18-13 at the end of the third.

Wilson topped the scoring for the Pirates with nine counts.

Lineups:

RUPERT: Pos. FILET (Henry Wilson), F. Craner, Gibson, C. Coughtry, Page, G. Harding, Brown.

Murtaugh Wins Hollister Tilts

HOLLISTER, Jan. 12 (Special)—Invading hoop team from Murtaugh scored a double win over the home club here tonight, in the preliminary tilt the Hollister boys won the Hollister 35-20 and in the finale the Murtaugh boys edged Hollister 24-21, in an over-time contest.

Lineups for the boys' game:

Murtaugh: Pos. Mertzach, B. Schall, F. Earl, Carl, G. D. Earl, J. Schall, G. Perkins, G. Hollister, G. Bradley, G. Hollister, G. Schall.

Bruins Ready For Burley Following Win

The Twin Falls Bruins were looking forward to their week-end engagement with Burley Friday following their convincing 29-17 victory over a strong Wendell aggregation last night on the Trojans' home floor.

Burley Bobcats, after a slow start, last night blossomed out as one of the strongest teams in the district with a convincing 29-17 victory over American Falls. The contest will be the second home tilt of the year for the Bruins.

In the game at Wendell last night the Jones first-string defense clicked to perfection, although the offense was held somewhat in check. The veteran Bruin mentor, in an attempt to find a combination that could both score and hold the opposition down, revamped his starting lineup for the third time this season.

The Bruin club ran up a 6-1 advantage at the early first stanza and were ahead 12-0 at the intermission. The offense really clicked in the third period as the Jones quartet boosted the advantage to 41-11 before the Twin Falls mentor ran in a string of substitutes in the final period.

Jerome Scores Triple Win

JEROME, Jan. 12 (Special)—Jerome basketball teams scored a triple victory over the Shoshone court squads here last night.

In the main tilt of the evening, the Jerome Tigers came from behind to score the victory over the invading Indians. The Jerome girls won 31-22 over the visiting muses, and the freshman club took a lopsided 17-7 victory from the newcomers.

In the Tiger-Indian clash, Coach Leonard Dolphin's club ran up a 7-0 lead in the first quarter, but the home team came back to tie the count 10-10 at the intermission. The Nurby quintet made a run-away victory over the Indians in the third quarter to bring the score to 22-13, but the visitors rallied in the fourth to tie the score at 22-22. The home team, Hollister, topped the scoring for the game with 10 points, while Crowthers collected nine for the invaders.

Burley Club Wins Over American Falls

BURLEY, Jan. 12 (Special)—Burley turned back the invading American Falls Danvers in a fast basketball game here last night by a score of 38-22.

Coach Pete Taylor's club allowed the best form it has displayed all season to turn back the Power county club. The Bobcats led at the end of the first quarter by a narrow 5-3 margin. A scoring spurt in the second stanza brought the count to 20-7. Third quarter score was 28-15.

Leon Acatur led the scoring for Burley with 11 points, while the veteran all-around athlete, Fred Aguirre, collected the same number for the losers.

Lineups:

Vines Wins in Long Battle

LOS ANGELES, Jan. 12 (UP)—A lingering doubt about the sincerity of purpose with which Ellsworth Vines and Fred Perry regard their annual professional tennis tour was dispelled last night and early today when they battled through three and a half hours and 59 games before settling the first contest of the 75-match series.

A year ago the two young professionals split even in their first professional tennis tour at 37 matches each, and experts greeted the outcome with some skepticism. There was little doubt evidence today as the same experts watched the 4-6, 13-11, 8-10, 6-2, 6-3 victory hammered out by Vines in the initial encounter.

The program inaugurated a swing which will carry the troupe through the northwest, the south, the east and finally the midwest. The next match is scheduled for San Francisco Thursday.

Eden Quintets Down Kimberly

KIMBERLY, Jan. 12 (Special)—Eden basketball teams capped a half of wins from Kimberly last night—both close, hard-fought battles that were in doubt until the final whistle.

OPERATION COST FOUND \$9 ACRE

SHOSHONE, Jan. 12 (Special)—According to compilation of figures and estimates for the operation of the Shoshone Water Users' association, it appears that the cost per acre for the construction of the dam, close to \$40 per acre, based upon these figures: Mortgage, \$4.35; maintenance and operation, 25; 150; water user's fee, upkeep, 25; \$130.

These items have been assembled as necessary data for submission to the reorganization commission and will be forwarded to Denver, says Secretary Howard Adkins. The figures are being studied closely by the water users and based on the average acreage returns for 1935 a close margin is evident. In that year the average return was \$108 per acre leaving less than \$10 for help and living expenses, and last year showed a loss on sugar beets, and apples and wheat were down.

The supplemental figures, which must be in the hands of the commission by the 15th, are for the purpose of securing a reduction in some of the items, if possible, and it is considered likely that reclamation repayments will receive a readjustment at the next session.

PLAN IS BUILT ON NORTH SIDE

JEROME, Jan. 12 (Special)—Jerome is acquiring a new establishment which is arousing considerable interest as completion of the temporary establishment of the Pyramid company nears. It will manufacture building materials. The frame structure is located on West Main adjoining the real estate commission garage, and includes an office 24 by 30, a warehouse, 30 by 36, a steam room 40 by 45, and a machinery plant 20 by 30, together with a crushing plant and material grading room 52 by 58. This temporary structure will serve until a sufficient amount of steel is made for a better building.

The plant will employ only 15 or 18 men, including the chief engineer, local contractor, as manager, J. G. Sargent, fieldman for the company, will remain a few more weeks in Jerome until the plant is well under way and will leave for Pocatello where he will begin the construction of a similar plant.

The chief engineer of the new works of the Moon are excellent for this type of manufacture and are practically inexperience, according to authorities.

In making of these brick which will weigh half that of an ordinary clay brick, the cinders will go through a flotation process where they will be separated from the water and any other solid formation, are completely removed leaving nothing but a featherweight formation similar to a sponge with hundreds of tiny holes hardly discernible to the naked eye. Because of its insulating property, the finished brick is an excellent non-conductor. Despite the fact that one third of the volume is hollow it possesses tensile weight of 22,000 pounds.

An indestructible all-weather glazed available in any color is fixed on the bricks and is of the tile.

Varied construction and triple construction, these bricks may be used in building a wall which will eliminate the old fashioned symmetrical line of brick laying and any design may be made. With their hollow construction it is possible to give a 4-inch hollow wall, a perfect bond construction, and the hollow air-space construction "produces a double insulating value."

By using these insulating products for homes, it is feasible to obtain a difference of from 14 to 18 degrees between outside and inside temperatures without the necessity of air-conditioning. This same construction during winter will lower the fuel consumption from 40 per cent to 60 per cent. All other products manufactured are fireproof, it is stated.

Foundation brick, a by-product using all waste material, will be manufactured.

Massachusetts has an annual catch of 375,000,000 pounds of fish, valued at \$6,500,000, and leads all other states in the union in this respect.

Hilltop Dining Grows as Fad At Sun Valley

SUN VALLEY, Jan. 12 (Special)—The hilltop cafe at nearby mountains are acquiring quite a reputation for their grub lately. W. A. Harriman of Union Pacific here, and some talk again for luncheon, says Ray Mark.

He'll Be Chilly

Gene Van Guilder, publicity dispenser, embarked on the train for Boise, planning to return the same afternoon, so did not encumber himself with any baggage. All he took for warmth was a new Tyrolean jacket he had acquired the night before. And that night came a wire for him in Boise and won't be back for a couple of days, says Van Guilder.

Mrs. George Victor Lansell of Benito, Australia, broke the large bond in her left wrist when she fell from a cliff at the new Sun Valley Lodge. She will be in the bandages for at least four weeks, according to the ultimatum of the doctor. It was a break, and nothing coming.

Mrs. Lansell's husband is the general and publisher of the Benito Advertiser, and is a member of the house of parliament. She arrived with her two daughters on New Year's day for an extended stay at Sun Valley, and they are staying at the Challenger Inn, though they commenced their visit at the Lodge.

She's a Diver

Harewood built to the name of Lansell, this girl, who is a member of the core team union, revealed the fact that she is quite a diver, doing half-gainers, back jumps and other stunts during the usual evening pool activity session, a time every day when quite a large group spontaneously decides to take advantage of the warm plunge. One of the most regular customers is Ruth Mesay of Greenwich, Conn. Ruth is the younger sister of Helen Mesay who was four times the world's champion fancy diver, and she is no mean (no diver) intended diver herself. In fact she was a champion fancy diver while a member of the Smith college team. One thing about the Sun Valley pool is that it is the only one in the world that is open in as many pools as the dip net, as the fact that they were perfectly good. By the way, Miss Mesay is the girl who has packed up four different times to leave, but at the final time of departure, just can't seem to tear herself away from Sun Valley.

Smoking pipes are made of special grades of clay tough and close grained wood, which do not crack or burn easily.

OPERATION COST FOUND \$9 ACRE

SHOSHONE, Jan. 12 (Special)—According to compilation of figures and estimates for the operation of the Shoshone Water Users' association, it appears that the cost per acre for the construction of the dam, close to \$40 per acre, based upon these figures: Mortgage, \$4.35; maintenance and operation, 25; 150; water user's fee, upkeep, 25; \$130.

These items have been assembled as necessary data for submission to the reorganization commission and will be forwarded to Denver, says Secretary Howard Adkins. The figures are being studied closely by the water users and based on the average acreage returns for 1935 a close margin is evident. In that year the average return was \$108 per acre leaving less than \$10 for help and living expenses, and last year showed a loss on sugar beets, and apples and wheat were down.

The supplemental figures, which must be in the hands of the commission by the 15th, are for the purpose of securing a reduction in some of the items, if possible, and it is considered likely that reclamation repayments will receive a readjustment at the next session.

STANWYCK LOSES SUIT AGAINST FAY

(From Page 1)
divorce from Fay, her actor-husband. She charged assorted cruelty. The divorce arrangement stipulated that Fay could visit his son each Tuesday and Thursday afternoon from two to five, and take him to school shopping every other Saturday morning at 10.

This aggravated Miss Stanwyck. She said Fay was not fit person to care for his child. She sued to keep him away from her door, charging among other things that he drank too much whisky; that he was proud of his store teeth that he asked strangers to admire them, that he hit her once on the chin, that he fell into Dion's crib one night, and that:

While driving his motor car, he takes his hands off the wheel to light his cigarettes, proving in the meantime, "God help us, amen," while his passengers' hearts leap into their throats.

Taylor Stays Far Away
For two solid days Judge Knight listened to this testimony, while Miss Stanwyck wrinkled her pretty brow. Fay displayed his beautiful teeth in a broad smile, he-man Taylor stayed far, far away and the lawyers argued about love.

Fay's attorneys tried to prove that Miss Stanwyck spent so much time with her 50 race horses and Taylor that maybe she had more right to visit Dion than did Fay. Judge Knight shushed them. He said he believed Dion would receive tender care no matter how many times Miss Stanwyck owned. He said further he didn't think it was anybody's business if she chose to entertain Taylor at her home.

Drunk Only 15 Times
Miss Stanwyck then sat in the witness chair, pulled her hair and said she was drunk over her two-headed chiffon stockings and said her principal objection to Fay was that he was all-time drunk. "Why," she spluttered Fay when his turn came, "I have not been drunk more than 15 times in my whole life! Now I don't even touch any stuff, not a drop."

He admitted that he prayed, but only in church, and never over his automobile passengers. Furthermore, he said, he loved Dion. Then he looked at Miss Stanwyck, she looked at the floor, and Judge Knight ruled that Fay, if he had no liquor within or without, could see his son on Tuesdays, Thursdays and alternating Saturdays, so long as the eagle-eyed guardian remained in breath-sufficing distance.

Fay was grateful. Miss Stanwyck went. She told her lawyer to appeal. Judge Knight wearily mopped his brow and adjourned court.

CHAPTER PLANS STAFF ELECTION

Nomination of officers to be elected at the next meeting took place last evening when Straley chapter, Disabled American Veterans, met in Legion Memorial hall. Election will be Feb. 1.

During the session Robert O'Reilly, Buhl, past commander, spoke on membership and William Miller, Twin Falls, discussed "the good of the order."

List of nominees is: Senior vice commander, William C. Stone, Twin Falls; Junior vice commander, Roy Gordon, Eden, and Jake Reiman, Twin Falls.

Treasurer, Leonard Nelson, Filer, and Vernon Lawson, Twin Falls. Chaplain, Robert E. O'Reilly, Buhl, Jack Graybill, Twin Falls, and Ernest Tule, Kimberly.

Seagrants-at-arms, B. C. VanAuden, Twin Falls, E. L. Rayburn, Twin Falls, Thomas M. Knight, Twin Falls.

Regular business session of the auxiliary was held at the same time with Mrs. Nell VanAuden, commander, presiding. Application for three new members, Mrs. Corine Paul, Mrs. Louise Jensen and Mrs. Martha Betman, was heard. Plans were made for a pot-luck luncheon on Friday at the home of Mrs. Paul Harmon, 327 Fourth avenue east.

The group will make two city and laundry bags for the Veterans hospital. Mrs. E. L. Rayburn, Mrs. W. C. Stone and Mrs. T. M. Knight are in charge.

Refreshments were served during a joint social hour by Mrs. Harmon and Mrs. Stone.

Hazelton Man's Riles Arranged

HAZELTON, Jan. 12 (Special)—Funeral arrangements are being made for Clifford Boden, 42, resident of Hazelton for a number of years, who died suddenly yesterday. He was born Oct. 10, 1895, at Brigham City, Utah. He is survived by his wife, Mrs. Ella Mae Hughes Boden; three children, Lois, James and Elsa, Hazelton; his mother, Mrs. Beulah Boden; seven brothers and sisters, Roscoe Boden, Salt Lake City; Glen Boden, Brigham City; Fred Boden, Jensen, Wendell Boden, California; Ella Boden, Burley; Mrs. Stella Southworth, Mrs. Ray Gale, Hazelton, and an uncle, Eph Nichols, Burley.

He was a World War veteran. The body rests at the Payne mortuary.

MODIFICATION OF FDR PLANS SEEN

(From Page 1)
came in a hotbed mood and with some general ideas for improving business conditions. But it is understood that nothing specific was discussed or any specific program outlined. It was emphasized that neither side had sought a quick remedy for business ills.

Psychological Reason
There was a feeling in the conference that the current recession is largely psychological but that it has been aggravated by apparent economic belt-tightening-business-and-government.

Mr. Roosevelt explained his general philosophy and attitude and it is understood the industrialists made no major complaint against those objectives. But on some points, they contended that some government undertakings, while aimed in the right direction, were not hitting the mark.

A sixth conferee was Donald R. Richberg, former head of MIA and now head of a top flight Washington law firm. Richberg's presence was taken to mean that Mr. Roosevelt may have been trying out on the assembled industrialists his idea for joint industry-government planning of production.

Counteract Overproduction
A plan advanced last week by Mr. Roosevelt was to counteract overproduction, over-buying and high pressure salesmanship tendencies by infusing industrialists and government representatives to round robin conferences to regularize activity.

These conferences would figure probable purchases, inventories and consumer demand and chart the course of industry accordingly.

They would seek to avoid great surges of overproduction and government action by temporary high profits but followed—as at the present moment—by business recession and no profit at all.

Gain Reported in Jerome Licenses
JEROME, Jan. 12 (Special)—A gain of \$6,127 in license collections in Jerome county over 1937, was made in 1938 according to William K. Harwick, Jerome county assessor.

The license sale of plates as compared against last year's sales follows: 1937-2,228, 1938-2,123, farm truck plates, 1937-395; 1938-441. Private truck plates, 1937-132; 1938-107. Commercial trucks, 1937-21, 1938-29. Commercial trailers, 1937-11, 1938-8. Private trailers, 1937-559, 1938-404. Motorcycles, 1937-17, 1938-4. Total number of plates, 1937-3,523, 1938-3,687, a gain of 438 in the number of plates of all kinds.

The 1938 license plates arrived Friday, a week or more and the first day the plates were on sale, 36 were issued. Among this number 4 plates were mailed to residents of Jerome county who were visiting in other states.

The number of passenger plates received for 1938 totaled, 2,500; farm truck plates, 428; private trucks, 150; trailers, 47; commercial trailers, 10, and motorcycles, 25.
