WESTERNERS LEAD DRIVE TO END FILIBUSTER

Blizzard, Temperature Drop End Flood Threat

Middle-West Storms, Gales Block Traffic

(By United Press)
A swirling blizzard driven by a 40-mile-per-hour gale swept across northern Michigan blocking roads and disrupting communications today while rapidly dropping temperatures averted the threat of serious floods in Wisconsin, Illinois and Iowa.

Gets Letter

ADMIRAL CARY T. GRAYSON
President Roosevelt sends letter asking U. S. citizens to aid Red Cross in \$1,000,000 campaign to aid deprived civilian Chinese.

F. D. R. Sends Letter Asking Red Cross Aid

WASHINGTON, Jan. 25 (AP)—President Roosevelt appealed to the nation today to donate at least \$1,000,000 to the American Red Cross for the relief of Chinese civilians deprived of their livelihood by the Sino-Japanese war.

CHINA SEAMEN ON SIT-DOWN STRIKE

SAN FRANCISCO, Jan. 25 (AP)—Thirty-nine Chinese seamen were on a sit-down strike aboard the British freighter "Fidelity" today, fearing that they would be imprisoned or shot if they sailed with the ship to Japan, and forbidden by U. S. immigration officers to come ashore.

Oddities

ROBE
OAKLAND, Calif., Jan. 25 (AP)—This city's "meanest thief" qualified by stealing the pulpit robe of Rev. C. E. Reynolds and also had received a divorce from a marriage. He told the police to let the thief keep the robe if he would send back the robe.

Levianth Starts On Final Journey

HONOLULU, N. J., Jan. 25 (AP)—The one-pronged steamer Levianth will begin its last crossing of the Atlantic tonight, her British commander, Captain John W. Hinks, announced today.

Ha! Ha! Ha! How Those Windsors Laugh!

The duke and duchess of Windsor, who have been most sedate in their recent public appearances, give way to laughter and informality in the privacy of their car as they just friends outside. The royal couple had just returned to Paris from a visit at the home of Mr. and Mrs. Hermann Rogers at Cannes.

STATE HOSPITAL TERMED AS 'DEAD'

BOISE, Jan. 25 (AP)—F. E. MacKenzie, secretary-treasurer of the Lava Hot Springs foundation, today said he thought question of the state tuberculosis hospital, a "dead issue," a special session of the legislature were called to smooth out the measure creating the hospital.

BUHL SEEKS TO GET MEAT PLANT

BOHEMIA, Jan. 25 (Special)—Approximately 70 farmers, stock raisers and business men of this section of the county were present last evening at the meeting called for those interested in the new cooperative meat packing plant.

Mystery Surrounds Find Of \$13,260 in Pocatello

POCATELLO, Jan. 25 (AP)—Growing money surrounded discovery by police of \$13,260 in bundles of old currency in the basement of a dead woman who had been on relief in Pocatello.

Senate Filibuster Termed Greatest Box Office Flop

WASHINGTON, Jan. 25 (AP)—The senate filibuster against the anti-lynching bill is the biggest "box office flop" since Jack Dempsey fought Jimmy Gilmore at Shelby, Mont.

Idaho Sugar Growers May Receive \$640,000 In Benefit Payments

Idaho sugar beet growers who raised beets for the Amalgamated Sugar Company will receive approximately \$640,000 in benefit payments within two months if the senate passes the sugar benefit act which is now on the docket, according to Harry A. Elcock, Idaho district agriculturist for the company.

The bill, which appropriates \$39,750,000 for paying benefits to beet growers under their 1937 crop agreements, was passed by the house of representatives on Jan. 21. The senate appropriations committee yesterday recommended the payment of the sugar bonus money. The rate of payment will be from \$1.80 to \$1.90 per ton.

Each farmer who produced beets in 1937 must furnish evidence that he has complied with the regulations under the 1937 sugar act, before the government will complete the payments. The act provides that: 1—No child labor other than members of his own family could be employed. 2—"Reasonable wages" as recently determined by the secretary of agriculture, must have been paid. 3—He must prove that he followed soil conserving practices as determined by the secretary of agriculture.

Sign-Up Requested
In the near future each farmer will be requested to sign up for the benefit payment and show that he has complied with the three stipulated conditions.

AAA Criticized
"Absent Minded" United States representative from Utah, recently criticized the AAA on this complicated system," stated Elcock. "Murdoch felt that it might lead to indefinite delay in many instances, and protected the injection of an excess of red tape in making payments already long overdue." Elcock added that the 1935 mines tax was constitutional.

The law imposing a three per cent tax on the net income of corporations produced by Idaho and placer mines throughout the state had been a subject of bitter legal dispute since the passage of the act in 1925. The total for Idaho's eight largest cities that were included in the report was \$30,000,000. Idaho was assessed \$1,417,112 with Idaho taxes following at \$45,000. Pocatello ranked fourth with Sand Point, Lewiston, Nampa and Wallace following in that order.

Money Released
With the decision, that money was released to the state school fund, where the legislature intended it should go, and that money was involved in the suit regularly paid their taxes.

The decision marked the second time the law has been held by the supreme court and found valid. Immediately after its passage, suit was filed against it, and Judge C. B. Winfield of Ada county district court held it unconstitutional on the grounds that it was "unconstitutional as to the determination of the tax."

The supreme court upheld the state's appeal from this decision, and reversed Winfield and dismissed the O'Brien corporation's appeal. Arel Crowley, former assistant attorney general, handled the case for the state both times.

CHINESE, HIPPON ARRIVES LOCK IN VICIOUS BATTLE

By JOHN R. MORRIS
SHANGHAI, Jan. 25 (AP)—A battle between Japanese and Chinese regulars is raging in the vicinity of Wuhu, 50 miles up the Yangtze river from Nanking. It was reported today.

The fighting in progress now for three days, was vicious, hand-to-hand, and the casualties were said to be enormous.

Alphians assisted the Chinese, it was reported, and engaged Japanese gunboats in battle.

The hulls around Wuhu were said to be strewn with dead. The hills changed hands several times during the three-day period, according to the reports, with neither side gaining an advantage.

Heavy Bombardment
In south China a heavy Japanese bombardment of Nantun, north of Deep Bay and about a mile from the border of British leased territory, was reported. Planes and warships participated.

Alphians authority in Hong Kong said that the Chinese long had expected the Japanese to attempt a landing at Nantun and had strongly fortified the area. The Chinese were expected to put up valiant resistance should the Japanese attempt to land. The Chinese source predicted that the Japanese today's bombardment was intended to spread alarm among the defenders. Strength of the Chinese forces could not be determined.

Board Jink
Another report from Hong Kong said Japanese troops had landed at a Chinese junk near the Lintin islands, in the vicinity of British waters, and complicated progress, several battalions of gunpowder and two antiquated cannon. The Chinese crew was pit harmed.

Chinese reports from the fighting front said that the Chinese had captured a British warship in what province, and had scored victories at several northern points.

Chinese planes were reported to have been shot down in the province, and killed 300 Japanese troops attempting to cross a river in motor boats. Later the planes already long overdue. Elcock added that the 1935 mines tax was constitutional.

The law imposing a three per cent tax on the net income of corporations produced by Idaho and placer mines throughout the state had been a subject of bitter legal dispute since the passage of the act in 1925.

The total for Idaho's eight largest cities that were included in the report was \$30,000,000. Idaho was assessed \$1,417,112 with Idaho taxes following at \$45,000. Pocatello ranked fourth with Sand Point, Lewiston, Nampa and Wallace following in that order.

Money Released
With the decision, that money was released to the state school fund, where the legislature intended it should go, and that money was involved in the suit regularly paid their taxes.

The decision marked the second time the law has been held by the supreme court and found valid. Immediately after its passage, suit was filed against it, and Judge C. B. Winfield of Ada county district court held it unconstitutional on the grounds that it was "unconstitutional as to the determination of the tax."

Wheeler States Measure is Only "Waste of Time"

Jackson Tells Strength of Current Anti-Monopoly Laws

WASHINGTON, Jan. 25 (AP)—A movement by three western senators was under way in the senate today to lay aside the anti-lynching bill and end the filibuster of southern senators which has caused a stalemate in legislative machinery since the start of this session of congress.

While this impasse appeared about to be liquidated Robert H. Jackson, the assistant attorney general who has been labeled as this administration's trust buster, gave an accounting of the potency of current anti-monopoly laws.

He told the house judiciary committee that the justice department can enforce anti-trust laws only by threat of criminal prosecution and the use of grand juries to obtain evidence. He suggested that the Sherman anti-trust law be amended to provide for "discovery proceedings."

Senator Burton K. Wheeler, D., Mont., seeking to end the filibuster, said that it was "very foolish to waste all this time on the bill which sets a very dangerous precedent." He said that such a law could be amended to have a harmful effect on labor in connection with labor disputes.

Wheeler, Sen. Clyde L. Herring, D., Ia., and Sen. Edward R. Burke, D., Neb., all of whom had been expected to support the anti-lynching bill, announced that they were ready to vote to lay it aside to make way for more pressing business.

Sen. William E. Borah, R., Idaho, and Sen. William H. King, D., Utah—have also sided with filibusters. Sen. George W. Norris, R., Neb., recently expressed concern as to the effect of the filibuster on important legislation.

The senate confirmed this limitation of Stanley Reed as associate justice of the supreme court.

The house ways and means committee continued hearings on the revenue act. William E. Navarro, secretary of the American Iron and Steel Institute, testified that the proposed new tax on closely held corporations.

Sen. Arthur R. Vandenberg, R., Mich., of the U. S. coast guard recommended to the senate commerce committee a plan for stationing coast guard cutters on the coast.

City Achieves Top in State For Building

Twin Falls led all cities in Idaho in the value of building permits issued in November, 1937, according to information in the government bulletin, "Building Construction," published by Herman B. Eyer, chief of the division of construction and public improvement.

"I have sixteen for this goal of being high in the state of Idaho for one month in the value of building permits since 1925," stated City Clerk W. H. Eldridge when he received the government publication today.

The Twin Falls total value in permits was \$282,622, with \$178,750 in new residential buildings, \$280,000 in new non-residential buildings which includes the Lincoln and Elmer schools, and the balance, \$102,872, coming in repairs.

PRESIDENT DETERMINED TO 'STREAM-LINE' ANTI-TRUST LAWS

POSITION OF FDR TO BE CLARIFIED IN JACKSON TALK

By FRANK McNAUGHTON
WASHINGTON, Jan. 25 (UP)—Despite demands by business and labor groups for a compromise on the administration's drive against monopoly, it was learned today that President Roosevelt still is determined to "streamline" the anti-trust laws.

The New Deal's No. 1 trust buster, Assistant Attorney General Robert H. Jackson, was expected to clarify the administration's position when he speaks Wednesday night at Boston before the Harvard club, and Saturday night at Syracuse, N. Y., before the New York publishers meeting.

Jackson and Benjamin Cohen, both members of Mr. Roosevelt's inner council of strategy, conferred with the President for more than an hour yesterday afternoon.

Legislation Considered
Emphasis on the administration's strong policy against holding companies came from another front when Secretary of the Treasury Henry Morgenthau, Jr., disclosed at his press conference that a subcommittee of an interdepartmental committee on banks would meet later this week to discuss bank holding company legislation.

Morgenthau has discussed the situation with Secretary of State C. G. V. Va., heretofore a bitter foe of New Deal monetary policies, but who announced that he was preparing a bill which would impose a "light sentence" on all bank holding companies. Glass' measure would provide for liquidation of existing companies over a five-year period.

Irrespective of the anti-trust drive, Mr. Roosevelt was expected to continue conferences with business leaders in an effort to fight the economic recession with greater cooperation between business and government. However, he probably will delay his expected anti-trust message to congress until after he has had a chance to confer with "little" business men, one administration leader said.

All conferences held to date have been with leaders of large industries.

Reports Misleading
Reports that the administration had "softened" its anti-trust policies were described in high administration circles as "misleading." It was asserted that there "will no doubt be some streamlining of the anti-trust laws."

The details of the legislative program have not yet been determined. It was reported that John L. Lewis, head of the committee for industrial organization, and several business leaders strongly urged President Roosevelt to "pull his punches" in his anti-trust drive.

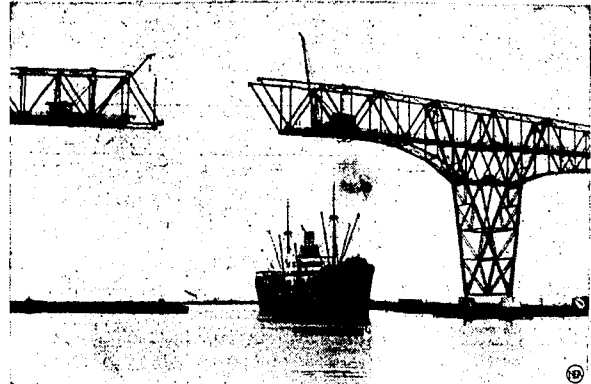

Aluminum Trial
Meanwhile, the department of justice said that it would follow up their victory against 15 oil companies at Madison, Wis., last week, by "going to bat" in another anti-trust suit against the Aluminum Company of America. The trial against that company has been set for April in the New York state southern district court.

The department also has sent out more agents to push an investigation on west coast oil companies, after the first group asked and reported that they had "run into something bigger than we expected."

Other industries under investigation include the cinema, rubber, newspaper and milk marketing. In some instances, preliminary reports have been made to Attorney General Homer Cummings.

The Dromonarius of prehistoric times attained a length of 70 feet and weighed up to 20 tons. It lived on a vegetarian diet.

South's Highest Highway Bridge Nears Completion

Towering 230 feet in the air, the reaching arms of the gigantic structure of the \$2,700,000 Port Arthur, Tex., highway bridge provide a frame in the picture above, for a steamer plying the Neches river. Workers rushed to close the 100-foot gap remaining in the mile-and-a-half-long bridge, highest in the south. Financed by WPA, state and Jefferson county funds, the bridge is expected to be opened to traffic late in March.

Hamilton Blasts New Deal's Policies in Eastern Address

By LYLE C. WILSON
WASHINGTON, Jan. 25 (UP)—The Roosevelt administration was challenged by the Republican high command today to defend itself against the charge that five years of New Deal policies have raised the working man's taxes and failed to protect the nation against serious business declines.

Republican National Committee Chairman John D. Hamilton outlined the G.O.P. congressional campaign strategy last night in a Philadelphia address in which he said: "The business of the country is demoralized and the only reason grass doesn't grow in the streets of the nation is because it is kept down by 12,000,000 unemployed loafers; the streets looking for jobs in vain."

Stream-lined Issue
There was full realization that recession had provided the opposition with a stream-lined issue and one which will be effective in 1940 unless there is a business upturn of some proportions which relieves the government of tremendous expense in caring for the unemployed.

Illinois states the primary election show on April 12.

To be chosen for judgment in November are nominees for 435 seats in the house and 33 in the senate. Thirty-three governors also will be elected on election day in November. 8 in all states except Maine where the polling will take place on Sept. 12.

In Philadelphia last night Hamilton started the campaign for those rich political prizes with a six point challenge to the New Deal, as follows:

1. Sixty per cent of federal revenue this year will be obtained from levies on consumption compared with 40 per cent in the last Hoover year. Other federal revenue is obtained from income taxation.
2. The New Deal regulation of securities markets, the flow of capital into industry is unsatisfactory and the country has just experienced the "quickest" and deepest stock market crash in the history of modern times.
3. Labor troubles have increased despite the Wagner labor relations act which Hamilton said did not protect industry, labor or the public.
4. Government employees have increased by 50 per cent under the

TWO TEAMS OUT IN DO-NUT LOOP

Two teams were eliminated from the running in the junior high school do-nut league as the heavy-weight division went into the second round on Saturday. At the same time a new team composed of 8-B students was admitted to the division and will participate in games a week from Saturday.

Playing at 8:30 a. m. a lightweight team, The Black Angels, took a 10 to 6 decision over a team from St. Edwards parochial school.

In the heavyweight play the Basketers 11 had a 10 to 3 advantage over the Silver Strikers, the Red Terrers took a close tilt from the Grinders by 10 to 8. The Lucky Five quint with six counters bowed to the Wolverines with 17, the Red Devils swamped the Blue Devils 22 to 5 and the Terrific Five stayed in the running with a forfeit victory over the Speed Kings.

Peppery Speaker

It turned out to be a spicy broadcast that Arthur Garfield Hays, famed liberal lawyer, made in New York discussing the opposition of Mayor Frank Hague of Jersey City, N. J., to the CIO. Shouting "It's a lie!" when Hays began his speech in a broadcasting studio, a woman hurled a box of white pepper at him. At top Hays rubs pepper out of his eyes. Below is the pepper strewn table at which he was seated.

CARDINALS SCORE DO-NUT VICTORY

Cardinals held a 21 to 9 win today over the Dashing Devillets as play continued in the girls' do-nut league at the high school.

Paced by high scorer Margaret Gee, the Cardinals swept to an easy victory. Miss Gee accounted for 12 of her team's 21 points. Hazel Terry, captain, was high point scorer for the losers with five counters.

Line-ups were: Cardinals (21), Margaret Gee, Lois Hayden, Edna Ryan, Jane Wylie, Mildred Kinder, Barbara Bradley and Dorothy Eberhardt; Dashing Devillets (9), Barbara Sutcliffe, Hazel Terry, Betty Brainer, Jean Douglas, Alta Frazier, Frances Thompson and Helen Gee.

Personal Hygiene Assembly Theme

Girls of Twin Falls high school met for a special all girls assembly today. Feature of the meeting was a talk by Miss Orayne Mason on personal hygiene and appearance.

Music during the assembly was provided by students of Mrs. E. E. Rihard Hinton. Barbara Sutcliffe, Lucille Tinker, Betty Lyness and Mrs. Ralph Bacon played double piano numbers and Vern Sineman presented a piano solo.

TAX COLLECTING TRAVEL JOB
CARSON CITY, Nev., Jan. 25 (UP)—Liquor tax inspector William Kelly Klaus has revealed that in the two and a half years he has been in office he has traveled in the line of duty 81,000 miles, or a distance equal to more than three times around the world.

Be Extra Careful about STUBBORN COLDS

Relieve Their Misery this PROVED Way

TOO often, the cold that "hangs on" is a result of neglect and neglect is always risky. Be extra careful of a stubborn cold, of course. But the safest course is to be careful of all colds. Don't experiment. Relieve their misery this doubly proved way.

Here's What To Do: It's best to stay in bed and get lots of rest. Eat lightly, drink plenty of water, and keep elimination regular. And use Vicks VapoRub without delay.

VapoRub has been proved by everyday use in more homes than any other medication of its kind... further proved by the largest clinical tests ever made on colds. (Full details in every VapoRub package.) Only Vicks give you proof like this.

No Long Waiting for Relief to Begin... VapoRub is direct relief. No drowsing... no stomach upset. Just massage the steamy vapor on throat, chest, and back. Then... make its long-continued double action last even longer—spread a thick layer on the chest and cover with a warm cloth.

Relief starts almost at once. You begin to feel warm and comfortable as VapoRub goes to work in the pores of the skin like a poultice. At the same time its medicated vapors, released by body warmth, are carried direct to the irritated air-passages with every breath.

This double action loosens phlegm, eases irritation and coughing, helps break local congestion. And long after restful sleep comes, VapoRub keeps right on working.

NOTE: If there is much irritation and coughing or the air-passages feel clogged with heavy mucus or phlegm, even stronger vapor action is helpful. Four boiling water in a bowl, melt a teaspoonful of VapoRub in it, and inhale the steamy vapors for several minutes.

F. F. A. SPEAKERS IN ELIMINATIONS

Class elimination for the Future Farmers of America public speaking contest is now in progress, the instructor, J. V. Briggs said today.

Six boys will be picked from each class then all but six eliminated in the F. F. A. chapter.

Survivors in the Twin Falls chapter are then to compete for school hours at a Grange meeting on Feb. 9. Final arrangements for the meet are to be completed under the direction of Thomas Speedy at a Grange meeting on Jan. 20.

Winners of the speaking tournament at the Grange meeting will represent Twin Falls F. F. A. chapter in the district public speaking contest.

SOUTHWEST DUST STORM SUBSIDES

DODGE CITY, Kan., Jan. 25 (UP)—A layer of powdery dust settled upon the wheat and pasture lands of the southwest today, the aftermath of a raging wind storm which swept in from the Pacific coast.

The wind, which at times reached a velocity of 40 miles an hour, caused considerable damage to winter wheat, the thin stand being completely uprooted in many fields. The area was missed by week-end rain clouds which would have prevented heavy losses by setting the soil.

Crop experts predicted that rains would now be too late to save much of the acreage.

Locomotives

RAVENA, O., (UP)—Whenever Frank W. Brown, manager of a machine shop, has any spare time, he takes a day off and stays right in the shop—building model locomotives.

He has started on a third model—an 1800-pounder model which he has put in about 3,000 hours.

HITCHING POST

PLYMOUTH, Mass. (UP)—Hitching posts are necessary to modern traffic as far as Irvin T. Raymond is concerned. He protested removal of the last hitching post, declaring he used it at least once weekly. Selection voted to install hitching rings in a stone wall.

"CHANT" SPELLS "EXPERT"

Lee Riggs, auctioneer, knows tobacco... he explains why experts prefer Luckies 2 to 1

"THIS SEASON," says Mr. RIGGS, "I've sold tobacco in Georgia, South Carolina, North Carolina, and Tennessee. More than 7,500,000 pounds, I figure, amounting to about \$2,000,000 in money."

"Time after time I've seen Lucky Strike get the prettiest tobacco in the auction. That's one reason I've smoked Luckies ever since I've been an auctioneer."

"Another reason I and so many other tobacco auctioneers prefer Luckies is because we have to watch out for our throats." (Luckies are extra-easy on the throat because the "Toasting" process takes out certain irritants found in even the finest tobacco.)

Mr. RIGGS goes on to say that Luckies are the top cigarette with people who know tobacco. And he is talking facts.

Sworn records show that, among independent tobacco experts, Luckies have twice as many—yes, twice as many exclusive smokers as have all other cigarettes put together.

HAVE YOU HEARD THE CHANT OF THE TOBACCO AUCTIONEER? Listen to "Your Hollywood Parade" with N.C. S. S. "Your Hit Parade" with N.C. S. S. "Your News Parade" with N.C. S. S. "Your Lucky Parade" with N.C. S. S. (All Mountain Time)

Installation of Staff Conducted by Lodge

Installation of officers was conducted last evening by members of the Supreme Forest Woodmen circle at a meeting at Odd Fellows hall and two social events were planned.

The installing officer was Mrs. Marie Guttery and installing marshal was Mrs. Jane Wilson.

The taking office were Mrs. Elizabeth Atkinson, past guardian; Mrs. Anna Lloyd, guardian; Mrs. Jennie Harrel, advisor; Mrs. Owen Lohr, chaplain; Mrs. Sophie Thiemann, inner sentinel; Mrs. Edna Block, attendant; Mrs. Christina Peterson, assistant attendant; and Mrs. Laura Felbush, musician.

During the business session plans were made for a social meeting to be held soon with Mrs. Lohr in charge and for a box social to be held in February with Mrs. Fred Osterloh in charge of the music and Mrs. Wilson directing the social.

Calendar

Sodas Pinechick club will meet Wednesday afternoon at the home of Mrs. L. C. Williams.

Addison Avenue social club will meet Tuesday at 8 p. m. at the home of Mrs. Glyn Smith for a pot-luck luncheon.

Division No. 2 Methodist Ladies' Aid society will meet Thursday at 2 p. m. at the home of Mrs. L. G. Satterlee near the filler plant.

Twin Falls chapter, No. 29, Order of the Eastern Star, will meet Tuesday at 8 p. m. in stated session at Masonic temple. Masonic degrees will be conferred.

Sunshine Circle club will meet Wednesday at 2:30 p. m. at the home of Mrs. Fern White, 412 Fifth avenue east. All members are asked to be present and to answer roll call with current events.

Emmon club will meet Friday at 7 p. m. at the home of Mrs. E. L. Rayborn for a pot-luck luncheon. Members are to provide table service, sandwiches and covered dishes, and hostesses will serve dessert. Annual election of officers will be held.

Guests Entertained by Delphin Society

Guests were entertained yesterday afternoon by members of the Delphin society, 224 1/2 fifth avenue east. A luncheon arranged at the Park hotel. A wine and blue color scheme made the table setting as attractive as the reception room in the McFarland home.

Study Group Hears Discussion

Mrs. Tom Hicks, leader of the Dickel Parent-Teacher association study group, reviewed "The Place of the Family in the Modern Community" by Dorothy Canfield Fisher, a selection from the group's study book "Our Homes," edited by Ada Hart Arlitt, at yesterday's meeting at the home of Mrs. H. Burkhardt. General discussion followed the review.

Book Review Heard by Group

Mrs. J. H. Barnes presented a review of Hudson Strode's "Thunder Blind" last evening at the meeting of the International Relations study group at the home of Mrs. H. A. Bell. The discussion was illustrated with a map of South America brought by Mrs. Emma Jones.

Annual Dinner Attended by Club

Simson Social club's annual dinner arranged on Sunday at the Robert Rayl home was attended by over 50 members and their families.

Striped Frock Pattern 9588

Here's how to achieve new slenderness with the aid of stripes. Choose this simple, easy-to-follow pattern and see how cleverly the vertical stripes add height to your figure and how smartly the diagonal stripes form the yoke. Ric-rac outlining the yoke adds nice emphasis. Pointed patches in the front skirt are a touch of flattery and freedom. The row of buttons from the neck to the skirt panels creates a line that does grand things to your figure "antidote." Rippled collar, wash silk, sweater or pique should be your first choice, but if you wish you may also choose any of the other prints for equal flattery. Complete Marian Martin Diagrammed Sew Chart Included.

Pattern 9588 may be ordered only in women's sizes 36, 38, 40, 42, 44, 46 and 48. Size 36 requires 4 1/2 yards 36 inch fabric and 1 yard ric-rac.

Send FIFTEEN CENTS in color for EACH MARIAN MARTIN pattern. Be sure to write clearly your NAME, ADDRESS, and STYLE NUMBER.

Marian's NEW SPRING PATTERN BOOK IS READY FOR YOU... ORDER IT TODAY! Helpful hints on styles, party clothes, everyday clothes, lovely dresses, styles... and a glorious tressure for the Spring Bride... plenty of things for everyone from baby to grandmother. All easy-to-follow patterns that make home sewing a delight. ORDER TODAY. PRICE: BOOK FIFTEEN CENTS. PRICE OF PATTERN FIFTEEN CENTS. BOOK AND PATTERN TOGETHER TWENTY-FIVE CENTS.

Send your order to Idaho Evening Times, Pattern Department, Twin Falls, Idaho.

Prints From Noon Till Night

Prints for streetwear, prints on the tennis court, prints under her silver fox cape in the evening. Mrs. Al Davis of New York sets the style for Palm Beach, Fla., society women. Her street dress has an elaborately handbeaded pattern, the one-piece play suit is covered with gray Mexican sombrero, and the evening gown is a modish wall-paper design.

Vacation Delight

A charming white evening gown that will be among the smartest at any southern resort will be right in style next spring and summer for dancing and dining. Of soft crown tulle crepe, it has a mesh with colorful embroidered on the ends and a new square shouldered bolero, trimmed with matching embroidery.

Zoo Guarded

LONDON (UP)—Men armed with sticks, rattles and clappers are patrolling the 600-acre zoo at Whippsnade scaring away flocks of starlings, crows or any birds which show an inclination to rest in the grounds. This is one of the preliminary steps being taken to prevent the zoo's animals from being attacked by loaf-and-mouth disease.

SOMETHING SPECIAL!

Flamingo's legs are specially made for birds who specially love to wade! And CALVERT is specially made for you—A blend that's smooth, and tasty too!

CALL FOR CALVERT'S "RESERVE" FIFTEEN CENTS PER BOTTLE. CALVERT'S "SPECIAL" FIFTEEN CENTS PER BOTTLE.

COOK, BAKERY, BUTCHERY, RESTAURANT, MEAT MARKET, DELI, AND GROCERIES. MARKET—N. 10th—TWIN FALLS, IDAHO.

INTERCITY MEET DRAWS ROTARY

JEROME, Jan. 25 (Special)—Two hundred and fifty Rotary club members from south central and western Idaho clubs will flock here this evening for the annual "Intercity" meeting and banquet.

Raymond H. Snyder, Albion State Normal school president, will be principal speaker at the 7 p. m. banquet and his topic will be "Youth." Henry C. Dworshak, Burley, U. S. Idaho district governor, will be given by past heads of the district.

Sewer Work Starts Again

The covering of an open sewer line and the completion of a sewer line in the Five Points district to connect the area to the main city trunk lines started Monday with 30 WPA workers active on the project.

SERVICES HONOR WEST END YOUTH

BUHL, Jan. 25 (Special)—An unusually large number of friends, neighbors and relatives crowded the Clover Trinity Lutheran church yesterday afternoon to pay final tribute to Norman Lutz, son of pioneer Clover residents, who was killed Thursday when the truck in which he was riding overturned.

Before the services the Evans and Johnson chapel was filled to capacity when Rev. W. H. Dannenfeldt read scripture and offered prayer. He also conducted the rites at the Clover church.

An octet including Lois Henke, Helen Meyer, Dorothy and Ella Kemp, Art Meyer, Richard Henke, Wilbur Boehlke and Orville Henke sang "Open Jesus," accompanied by Mr. Westerkamp.

pallbearers were Vernon Ahrens, Elder Ulrich, Arnold Ahrens, Ralph Lierman, Elmer Fischer, and Alvin Lutz. Interment was in Clover cemetery.

There are 10,000 skills and 1000 motorbikes on the Thames river, for the pleasure of London visitors.

... AND WEARING OUT CLOTHES

Hard water stiffens threads, makes them break. Soft water protects your clothes.

... AND CAUSING STOCKING RUNS

Hard-water curd makes stockings stiff, increases runs. Soft water leaves them soft, elastic.

... AND WASTING SOAP MONEY

Hard water "eats up" soap, won't cut grass. Soft water gives rich suds with half the soap.

THE same thing THAT'S RUINING YOUR PLUMBING is RUINING YOUR SHAVE!

THE CULPRIT'S NAME IS HARD WATER... BANISH HIM!

You know how pipes and faucets choke up... so that the water trickles and drips. Hard water is to blame! It's the minerals in hard water which combine with soap to form a gummy curd... a curd that coats your beard, toughens it... so that your razor pulls. Why not do away with these and all the hundred other troubles that hard water causes? Install Permutit Water Softening Equipment and have fresh, clean, completely softened water flowing from every faucet! What a lot of money Permutit saves you! It cuts soap bills in half. It washes clothes clean and helps them wear longer. It keeps pipes free of scale, and so greatly reduces your plumbing bills.

Call our office. We'll give you a FREE 3-DAY DEMONSTRATION of Permutit's soft water in your home.

NEW STARS LOOM ON BIG LEAGUE HORIZON

Feller, DiMaggio, Medwick, Bell Take Headlines

Famed Names of Cochrane, Lazzeri, Haas, Cuyler, Fade With Passing Years

NEW YORK, Jan. 25 (U.P.)—Baseball's never ending cycle of new heroes to replace old stars who are fading out of the picture has lined up an interesting case of possibilities for the 1938 season.

Among the big names which faded from the box score last season were Mickey Cochrane, Tony Lazzeri, Mule Haas, Rogers Hornsby, Kiki Cuyler, Jess Haines, Bill Terry, Charlie Grimm and Waite Hoyt. Other one-time greats nearing the end of their careers include Al Simmons, Buddy Myer, Chuck Klein, Gabby Hartnett, Lefty Grove, Heinie Manush and others.

There are a host of new stars coming over the horizon to replace those heroes of yesterday. Brightest of the new constellation are Joe DiMaggio, Yankees' outfielder who as a sophomore became the American League No. 1 star, and Joe Medwick, Cardinals' outfielder who won both the National league's batting title and most valuable player award.

Coming Stars Behind DiMaggio and Medwick are such up-and-coming youngsters as Rudy York, Bob Feller, Ed Kevernik, Monte Stratton, Beau Bell, Cliff Melton, Russ Bauers, Buddy Lewis, Leo Otterson. All of these could make the headlines, along with many others, during the coming season.

And then there's the 1938 rookie crop to be seen from the headlines in this group appear to be the Yankees' second baseman, Joe Gordon from Newark; the Cardinals' outfielder, Enzo Angileri from Columbus; the Reds' catcher, Willard Hershberger, from Newark; the Cubs' outfielder, Conker Triplet from Memphis; the Browns' 19-year-old outfielder, Ted Williams from San Diego, and the Pirates' outfielder, Johnny Rizzo from Columbus.

Already three of these rookies are being hailed as future stars. Gordon, Williams and Rizzo, who are on the campus, is expected to be the fellow who'll make Yankee stadium fans forget all about Tony Lazzeri. Williams, who is the best prospect, comes up as the Coast League outstanding prospect since Joe DiMaggio. Star pitcher, Alton Williams, is being hailed as the Red Sox' second baseman because they had first call on the San Diego club. Slaughter, who is being hailed as the best pitcher in the league, is built along Medwick line, being five feet, nine inches in height and weighs 165.

With all of these—Gordon, Williams, Slaughter and the other recruits—have to prove their worth under major league fire. DiMaggio and Medwick have argued. They are two of the biggest box office names in the game in 1938. DiMaggio will draw down a salary of \$20,000, and Medwick will hit \$20,000 or thereabouts.

Break Reported in Pitt-Notre Dame Sports Relations PITTSBURGH, Jan. 25 (U.P.)—University of Pittsburgh athletic officials eroded direct comment to say they had broken the long-standing relations between Pitt and Notre Dame would terminate after a Pitt-Notre Dame basketball game on Feb. 5.

An article printed in the South Bend, Ind., Tribune, said that all athletic relations between the two schools would end on Feb. 5. It appeared the basis for the rumors was a reported "request" by Coach Kogon of Notre Dame that Dr. C. C. Carson, Pitt basketball manager, abandon the same defense in last week's game against the Irish Tive. Kogon has flatly denied making such a demand but Dr. Carson has stated he was asked to refrain from the defensive style which enabled Pitt to break even in two games with Notre Dame last year.

Mac Seeks City of Homely, Fat or Thin People As Antidote for 2 Months Hollywood Stay By HENRY McLEMORE HOLLYWOOD, Calif., Jan. 25 (U.P.)—I am leaving Hollywood in a few days for a two-month stay, and if I knew of a town whose inhabitants all were homely, fat or too thin, and wore ill-fitting garments, I would go to that town and stay at least a month. With an unattractive municipality such as that, the antidote I need after having been surrounded by a most beautiful, good looking, and well-dressed people during the last two months of my stay in Hollywood has been to see that town and stay at least a month. I am leaving Hollywood in a few days for a two-month stay, and if I knew of a town whose inhabitants all were homely, fat or too thin, and wore ill-fitting garments, I would go to that town and stay at least a month.

Star C. of I. Cager Performer

One of the star members of Coach Pat Page's College of Idaho team this year is Bill Thomson, expert goal shooter who hails from Shoshone. Bill is a fast talker, weighs the 170 pounds and is rated one of the fastest and cleverest men on his squad. He will be in the lineup when the collegians take the floor during the winter against fast traveling teams.

C. of I. Schedules Touring Quintets

CALDWELL, Jan. 25 (Special)—The College of Idaho coach, Pat Page, plans two fine basketball attractions for southern Idaho sport fans this winter. Coming to Caldwell during February will be two of the finest professional organizations ever seen. Matched against Coach Page's Coyotes on Feb. 7, will be the famous Harlem Globe Trotters, the champion colored all-star team out of New York and Chicago. These experts are now touring the northwest—going farther than ever, is the report from Washington state. Last year these giants gave a finished exhibition tour of ball handling and baffling antics, when the C. of I. ambitious youngsters led into them for a 25 to 38 score.

Another most colorful attraction will be seen on Washington's birthday, February 22nd, when the All-American Red Heads—out of Missouri and other southern states—will be the guests of the College of Idaho. These Red Heads are famous grid athletes, four of them six footers, who match the best of men's teams playing regular rules—handling that ball with all the cleverness and shooting long-range baskets the same as the best professional men's players.

Christy Defeated HOLLYWOOD, Calif., Jan. 25 (U.P.)—Wild Red Berry, Hollywood, defeated Ted Christy, Gilchrist; Len Blackie, New Mexico, tossed Pat Jackson, Hollywood; Yukon Jack Jackson, Juneau, Alaska, slugged Tom Ward, Philadelphia; and the Dragon, Leo Angeles, plumed Red Lyons, Beaumont, Texas.

GERMAN VICTORIOUS ST. LOUIS, Jan. 25 (U.P.)—Eric Seelig, 161, Germany, debeat Ed Lewis, 160, St. Louis, (10); Allen Matthew, 150, St. Louis, debeat Bob Turner, 150, Richmond, Va.; (10); Al Pittman, 172, St. Louis, debeat Jess Kayser, 172, St. Louis, (10); and Jimmie Lee, 170, Omaha, Neb., (8).

SEARS WINS NEWARK, N. J., Jan. 25 (U.P.)—Wally Bears, 1734, Philadelphia, kayped Freddie Zitelka, 186, Newark, (10); Joe Wagner, 170, Newark, slugged Chester Patrick, 170, Scranton, Pa., (7).

Then Johnny Wellsmann, playing without a shirt, stroked up. I never felt flatter and more dejected in my life. This next rival was Dick Hertz and his outfit yielded nothing to Menjou's. The same thing happened to me at the race followed up and feel fairly deating until I find myself leading against the rail and taking it. Joe Hartz, Edmond Lowe and Cary Grant. My profile seems to recede. I can feel my freckles enlarging, and my No. 1 suit is a chubbo. In the breeze. There's a moral to this story, and this is it: If you're stayed with the way you look, stay away from Hollywood. It's better to be a Beau Drummel in your own home town than a wart hog in Hollywood. (Copyright, 1938, United Press)

Keen Rivalry Seen for Outlaw Meet

GOODINO, Jan. 25 (Special)—The "outlaw" tournament sponsored by the Gooding college athletic department promises to be one of keen competition for the participating teams this year, as the result of plans formulated last week. According to Coach Clem Farber, the tourney will be staged February 17-19, with at least 24 of southern Idaho's outstanding outlaw teams to be extended invitations.

Games will be played in two gymnasiums this year, the daytime battles on the college floor, while the evening tilts will be played in the new junior high school gym, which will afford seating capacity for the crowds here-tofore turned away.

The Shoshone Indians will be present to defend their last year's championship. In addition, the tourney will climax the season for the seven teams in the Snake Valley conference.

Invitations are to be extended by the two host camps, Gooding college and the Gooding Legion, to the following: Caldwell Frooly's, Boise Nampa Pirates, Pocatello, Paulding, American Falls, Burley Elks, Jerome Jaycees, Rupert Boosters, Paul Elkers, Murtaugh Savages and the Shoshone Indians.

Strikes to Spare

Race again in a two-team race, the Schilters took second place. Those Barnard Auto players were too long for us. At that, the pin boys and I got away with the high three-game total of 863.

Jack Ford was hot as a pistol. He smacked the maples for a 560, and got a 210 middle game. Lee McCracken, Capt. Jennings and Walker Berch had a battle for low position; Berch was waker by four plus under McCracken. Walker will rest next week. Fargo was out this time.

That mighty motor, O. L. Clark, led the Electric Motor team to two out of three over Kimberly. Mr. Clark got 544 for his last and had a first game of 204.

Leo Sterling got the high single game for both leagues with 321 his opener. Four strikes in a row two different times that game.

Frank Voelka was best for Kimberly with 485 his total, just nosing out Roy Weller by four pins. Frank's last two games were 177 each. Roy got their best game, 182, his first.

Nine Clashes Set for High School Clubs

Only nine games are on the schedule for southern Idaho basketball fans tonight and three of these are in the Class A conference.

Highlight of the evening will probably be the Burley-Buhl engagement in an upset. Coach Pete Combs' Lunt crew is rated near the top in southern Idaho competition, but the Burley club is just the club to tip in an upset. Coach Pete Taylor has a group of youngsters that have been showing improvement with every game and they are looking for a victory.

In Twin Falls the Bruins of the ups-and-downs will take on John Norby's Tiger quint from Jerome. If they are on the "upper" side, they ought to have no trouble winning. On the other hand, if they are off-form, the visitors could very conceivably walk off the floor with a victory.

Third Class A contest will find Coach "Dode" Drannay and his Ouley club on the Rupert field. The Ouley club, the Hornets have also played in-and-out basketball this year. They have downed some of the best clubs, including Twin Falls and Burley, and have lost to two of the other "best" teams—Buhl and Gooding.

Only five boy games are scheduled in Class B competition. Eden will visit Murtaugh for a tough battle with Coach Bill Powers' crew, and Acquia is scheduled to play host to the Hazelton crew, Kimberly entertains Eden while Richfield will invade Shoshone in the northern area.

In the girls' section, the speedy Glens Ferry sextet will perform on the Buhl floor.

Snake Valley Standings Team W. L. Pct. Burley Elks 2 0 1.000 Jerome Jaycees 5 2 .714 Murtaugh Savages 3 3 .500 Gooding Legion 3 3 .500 Shoshone Redskins 2 3 .400 Rupert Boosters 2 6 .250 Paul Eilers 0 5 .000

DUNDEE KAYOED MIAMI, Fla., Jan. 25 (U.P.)—Ben Brown, 165, Atlanta, knocked out Joe Dundee, 165lb., Houston, Tex., in second of scheduled 10. Phil Hayes, 118, Miami, knocked out Eddy Koller, 123, Cleveland, in fifth of scheduled six.

ARMSTRONG ILL SAN FRANCISCO, Jan. 25 (U.P.)—Illness of Henry Armstrong, strikers' champion, postponed a fight with Al Citrulli. The featherweights were to have met Wednesday night at Civic auditorium.

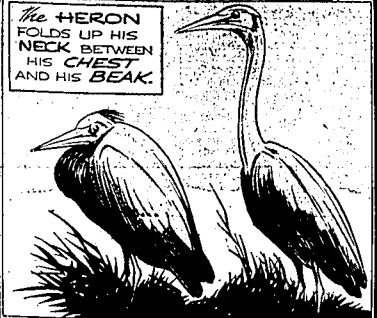

Pastor Scores K. O. NEW YORK, Jan. 25 (U.P.)—Bob Pastor, 154½, New York, kayped Buck Tracy, 180, Everett, Mass., (7); Vic Delicourt, 148, New York, kayped Adam Kon, 161, New York, (1); Jim Williams, 142, Savannah, Ga., stopped Don Colin, 143, New York, (3).

WASH TUBS

LET ME GET THIS STRAIGHT, SISTER. ARE YOU PROPOSING THAT WE GET MARRIED?

WELL, WHY NOT? I'M NOT SO BAD LOOKING, AM I? BESIDES, I'M WILLING TO SACRIFICE MY CAREER FOR YOU.

THE CAREER OF A THIEF! WHAT IF I AM A THIEF?

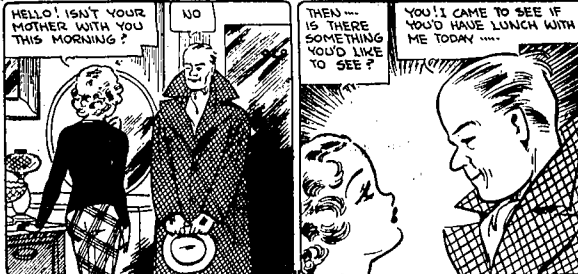

LISTEN, HONEY, I'VE BEEN SMART. I'VE SAVED MY LOOT. I'VE GOT OVER A MILLION BUCKS HIDDEN AWAY. WHY, WELL -- BE RICH.

AND WHAT IF MY ANSWER IS NO?

HA HA! DON'T BE SILLY, SUREHEART. YOU AREN'T THAT BIG A FOOL. MARRY ME AND YOU'LL LIVE LIKE A KING -- REFUSE AND YOU AND YOUR KIDS WILL STARVE TO DEATH IN A CISTERN.

BOOTS AND HER BUDDIES

HELLO! ISN'T YOUR MOTHER WITH YOU THIS MORNING?

NO

THEN -- IS THERE SOMETHING YOU'D LIKE TO SEE?

YOU! I CAME TO SEE IF YOU'D HAVE LUNCH WITH ME TODAY . . .

BUT -- WHY, I DON'T EVEN KNOW YOUR NAME

THEN IT'S TIME WE WERE GETTING ACQUAINTED! MY NAME IS CECIL LIVINGSTON

AND YOURS?

YOU MAY JUST CALL ME BOOTS! EVERYONE ELSE DOES! IT'S NICE OF YOU TO ASK ME TO LUNCH, BUT --

SWELL! LET'S GO!

GOODING SURVEY REVEALS SHACKS

Results of the recent survey of inadequate housing in Gooding which shows 437 people living under extremely poor conditions in 122 deficient dwellings, were submitted today to Gooding officials by Thomas D. McDougall, state director of low-cost housing.

McDougall's survey lists 92 inadequate shacks existing within the city with 27 trailer houses and 12 tents also sheltering citizens. Each tent serves as homes in seven instances and a single inadequate cabin camp is listed.

BOARD LOOKS TO INSURANCE PLAN

Preliminary action toward a probable realignment of school fire insurance into an integrated "blanket coverage" five-year plan had been taken today by the board of trustees of the Twin Falls school district.

He's White Youth

Fung Kwok Keung, above, was born on Long Island as Joseph Rabinhart, but he's unable to speak any English on his first visit to the United States since he fled to New York to visit his foster father, elderly Chinese restaurant owner who took the boy to China when he was five years old to be reared as a Chinese. His parents were white.

JEW HEADS ASK ROUMANIAN HELP

GENEVA, Jan. 25 (AP)—The world Jewish congress circulated a 106-page petition among members of the League of Nations council today urging the league to take action in behalf of 75,000 Jews threatened by the anti-semitic program of the new government of Roumania.

The petition contained photographs reproducing "offensive pictures published in the Roumanian governmental press" and testimony of ill treatment of Jews. The document charged that the Roumanian government put into practice anti-semitic doctrines designed to remove Jews entirely from the national Roumanian life.

Migration Disclaimed Concerning the Roumanian government's allegation that many Jews had fraudulently entered the country, the petition said it also given preparation for what they have suffered.

MURDER CHARGE

SALT LAKE CITY, Jan. 25 (AP)—Police authorities were considering placing a formal charge of murder against Peter Beauprey, 32, today after John Arnold Smith, known in sporting circles as Jack Tomard, died of gunshot wounds ascribedly afflicted by Beauprey.

Smith was shot early Sunday morning when he attempted to interfere for a friend, H. L. Stuard, 39, Beauprey, having previously quarreled with Stuard, allegedly announced his intentions to "get a rap and be back." Held in the city jail, Beauprey told officers he shot Smith in self defense.

DIRECTOR NAMES JUNIOR HIGH CAST

Tentative parts for the junior high school opera, "The Torsador," were announced today by Director Harley B. Smith. Featuring a double cast, the principal parts number five for the boys and four for the girls.

Ski Togs are Serious Matter to the Ladies

By JEAN SPRAGUE

You expect to find on the task of privilege of selecting feminine ski togs these days. It's a serious business and one that requires thought and first of all you must decide on your status. If you are a rank amateur likely to spend most of your time ascending steep grades in the snow of the nursery slopes instead of the fine Christmas to which you may aspire, don't waste your time admiring the natty professional garbards suits but go straight to the counters piled high with cozy flannel outfits.

Wool Points

Don't mistake our meaning here. We aren't arbitrarily dividing skiers into the sheep and goat classification but because of the nature of the skiing, when it's the flannel article, is warm work and is hampered by the heavier clothing necessary if you are just beginning and have to fend off the winter blasts while picking yourself out of a snow drift.

You will find waterproof flannel nubby styles that will warm your heart. We saw one made by a house famous for its knitted goods that had a top of creamy flannel with a yoke slightly gathered and above the bust and outlined with a deep U around the zipper fastening by belt stitching in three rows, green color and simplicity. The collar, narrow belt and pants were in navy.

Tailored Types

Some are more tailored as the dark green one with three-inch-wide bands of tan and red across the top parallel to the shoulders and extending across the back in a slight V. Even more tailored was the mustard top with a single row of black folding back from the opening. Buttons and pants were also black.

For the more sophisticated sportsman who ranks in an almost semi-professional class are the gabardine and tweed models that are the ultimate in tailored simplicity and elegant styling. They come from an eastern house that puts out the sportswear demanded by professionals.

One which would take your eye

on any ski run is in white with the back of the short jacket boasting laces to give all the freedom needed and yet prevent any bulkiness which might interfere with the perfection of your skiing form.

The jacket is lined with navy printed with tiny skiers figures. A feature is the shoulder strap and you slip your arms through and that the jacket can be slipped off as the day grows warmer. Trousers come in navy blue or lighter blue and are perfected by those who know in ankle length with elastic straps under the instep.

Can Use Parks

The outfit comes with regulation caps in poplin and gabardine which resemble a jockey's cap or you can obtain a parka which leaves no chance for cold breezes. Canvas mittens lined with downy wool are included in the accessories shown at the same shop and are to be worn over the more colorful wool mittens with their gay peacock patterns.

A regulation ski boot is also sold here which has a steel Shank from toe to heel to give the wearer a firm support. An added touch may be the gaiters also on display, but that is optional.

And if you are going in for the sport for its gadgetry, don't forget the tasche. That's its name but it looks for all the world like one of the zippered traveling cases for the poplin. You fasten it on your belt and may find it handy for goggles, cigarettes or what have you.

Many Zippers

Models that have zippers in every conceivable spot have been featured at another shop. Some have zippered linings which are removable and may be worn as a separate sweater or taken out for cleaning. Others have a zipper joining at the waist so that your trousers and top are practically welded together. This last was shown in brown and white, brown pants and white top that looks almost like a sweat shirt but is lined with soft jersey.

So decide on the class you belong to and your favorite color, and you're off.

Thousands Thrilled at Ski Jump

A leap of 173 feet gave Birger Ruud, of Norway, left above, the class A title in the International Ski tournament held at Cary Hill, Fox River Grove, Ill., as a crowd of 25,000 winter sports enthusiasts, shown at right, gathered to see the world's best ski jumpers in action. Ruud was Olympic champion in 1932 and 1936.

EUROPEAN JEWRY HELP IS SOUGHT

PITTSBURGH, Jan. 25 (UP)—American aid for European Jewry and a policy of peaceful cooperation by the United States with other countries were today urged in speeches at the 13th triennial convention of the national council of Jewish women.

Urging American aid for its European Jewry, Dr. Joseph Dunner, exiled German sociologist and novelist, declared there were six million victims of governmental anti-Semitism and persecution in Germany, Poland, Rumania, and elsewhere in Europe.

Convenient Scapegoat

"The Jew, convenient scapegoat in time of hatred and dictatorship, has become an outcast; he is not allowed to practice his profession or vocations any single part of life in Germany," Dunner said.

"The persecution of little children is perhaps the most revolting feature of all in Nazi Germany," he added, in describing the ostracism of Jewish children in German schools.

While the German Jew is being liquidated, the Jews in Poland and Rumania are fighting against the persecution in those countries and "such people deserve the help of American Jewry," Dunner said.

Peaceful Cooperation

The report of the council's committee on peace, under the chairmanship of Mrs. Maurice H. Wept, of Philadelphia, advocated peaceful cooperation by the United States with other countries as the best means of promoting world peace.

The report expressed support of the principle of the recently defeated Ludlow constitutional amendment which would provide for a popular referendum about this country could go to war.

Funeral Planned For Burley Child

BURLEY, Jan. 25 (Special)—Funeral services for Jeanine Draney, nine-year-old daughter of Mr. and Mrs. Harold Draney, will be held Wednesday at the View ward church in Burley. Services will convene at 2:00 p. m.

The child, who died Saturday afternoon, is survived by her parents, a sister, and her grandparents, Mr. and Mrs. Levi H. Draney and Arthur Empe.

Interment will be in the Burley cemetery under the direction of the Johnson mortuary.

LARGER PLANT

RUPERT, Jan. 25 (Special)—According to word received by Project Superintendent Dana Temple, an appropriation of \$400,000 has been made for the purpose of enlarging the Minidoka dam power plant. This plant, which now develops 10,000 kilowatts of electrical energy, will be increased 50 per cent.

This additional power will greatly benefit the north side gravity and south side pumping units of the Minidoka project, and the Miller Low Lift project near Burleigh which has long been low on power in summer and which has many times presented plans whereby this might be remedied.

Sun Valley Bound?

Sun-Valley becomes a popular mecca for recreation minded families—it's an easy drive up and back Sunday. But be sure your car is prepared for the rigors of a winter trip!

COUNCIL ACCEPTS 3 GRAVEL CLAIMS

City councilmen in their regular weekly meeting Monday night accepted three gravel claims located by A. C. Crane, superintendent of streets and sewers, and authorized him by a resolution to execute and record the placer mining location notices pursuant to the act.

Crane had previously been authorized to locate gravel claims for use of the city in surfacing roads and curbs along the main thoroughfare in the city and now must record the same in the same manner as a gold mining claim would be registered.

The pits will open 50 acres of excellent gravel for the city's use. From 18 to 36 inches of overburden covers the gravel which is in a layer three to eight feet deep. A crew of 40 laborers has been constructing a road to the pits and opening them for immediate use.

Three truckloads of gravel were brought from the new pits Monday and spread on Twin Falls streets and alleys.

Philip Leary was granted water connections outside the city limits in a routine order. No other business faced the council meeting which was presided over by Paul H. Taber, commissioner of finance, in the absence of Mayor Lem A. Chappin, who is in Denver on business.

Double Feature

Looking into the future from their San Francisco hotel, winners were James Dunn, film star and amateur airplane pilot, and his actress bride, Frances Gifford, as this picture of them was taken on their honeymoon after an stopover from Hollywood. They were married in Yuma, planned to return to film work.

LAST OF STOLEN CARS RECOVERED

The only stolen automobile the police department had not recovered in the past five years was located in Emmett according to information received Monday from Boise G. Riggs, sheriff of Gapi county.

"The automobile was stolen from Twin Falls Nov. 11, 1932 and was the property of Alexander Wells, 1440 Eighth avenue east. It had been abandoned in Emmett and when found it was discovered that the license plates had been changed.

The police department now has a clean slate in the matter of stolen automobiles, every machine reported stolen having been recovered.

In reviewing the case police stated that Wells reported his automobile stolen at 4 a. m. Nov. 11. He parked the machine at midnight and missed it four hours later. It was a 1935 Chevrolet sedan. Sheriff Riggs did not report the condition of the automobile.

The tow is toothless, but frogs have teeth.

BOND FURNISHED TO JEROME MAN

JEROME, Jan. 25 (Special)—Carl Steiner, 20, Jerome, facing manslaughter charges for the death of Jess Loney, is free on bond of \$500 furnished here Monday afternoon by Martin T. Larsen and A. E. Thompson, both residents of Pleasant Plains district.

Steiner will appear before Probate Judge Heber N. Folkman, Friday morning for preliminary hearing, when Judge Folkman will decide whether there is sufficient evidence against Steiner to bind him over to the grand jury to be held here here for Feb. 14. Steiner appeared before Folkman Monday afternoon after he was served papers charging him with the death of Loney, a 20-year-old man, who was killed at Wendell hospital, early Sunday morning, where he had been taken a week ago after being injured by a car driven by Steiner.

Loney had lived alone in the Barrymore district here since the death of his wife in September, 1933. He is survived by a nephew in Detroit, Mich., and another relative in Kansas. Loney came here about 20 years ago and had been employed several years ago by the Idaho Power company, doing construction work.

Indian Work

During the earlier years of his life he had been associated with the Nez Perce Indians in the northern part of the state. He managed a city farm here in Barrymore.

When he was struck down, he was ailing with rheumatism and other complications and was going to Boise for treatment the next week.

Pending word from relatives the body rests at the Wiley funeral home here.

Loney was born AUG. 1, 1862.

Stern Action By SEC Seen On Exchange

WASHINGTON, Jan. 25 (UP)—A securities and exchange commission study showing that New York exchange members were among the most active "bears" during the fall shock market slump, today foreshadowed stern action by the SEC to curtail activities of Wall street's "insiders."

The commission's announcement of new rules said that the SEC was awaiting completion of a study of short sales being made by the Twentieth Century Fund for the New York stock exchange.

"If, as the result of these studies and the experience under these new rules alterations in them prove necessary or desirable, the commission is prepared to make them," the statement said.

New Rules

The new rules, which go into effect by Feb. 1, provide that short sales must be made at least one-eighth of a point above the price at which the last transaction in which the security took place.

A detailed report of the commission's study of short selling is expected within two weeks.

The SEC claimed its study pro-

vided proof that in certain cases floor traders went so far as to offset public support for stocks during periods of decline. The commission cited the destructive influence of short selling on the stability of United States steel common on Oct. 5, one of the days covered by the survey. U. S. Steel opened at 76 on a volume of 5,900 shares, and then sold down in eighths and quarters until 200 shares were traded in at 75 1/2 at about 11 a. m.

Leveling at 75

The market in steel showed signs of leveling off at 75. Examination of the records showed, the SEC said, that there were orders to buy approximately 5,000 shares at that price. Practically all of which were for the account of the general public.

"But at the price of 75," the SEC charged, "floor traders entered the market with sales of 3,200 shares, of which 2,700 shares were short sales. Public support of U. S. Steel at this level could not withstand this concerted assault and the next price recorded was 74 1/2, from which price it dropped steadily to about 72."

FEW CHEMICALS PUT TO USE

NEW YORK (UP)—Although chemical industry now produces about 10,000 different substances, scientists know definitely of no additional half million substances for which there is no present use, according to a report made to the American Chemical society.

MAGPIE BASIN IS NEARBY SKI SITE

Around the hills and mountain sides of the Ketchum and Sun Valley area rank as No. 1 attractions for southern Idaho ski enthusiasts, the Magpie basin course sponsored by the Junior Chamber of Commerce was providing ideal facilities today for those wishing a nearer location.

The ski site at the basin has been in use for approximately a week, and completed and awaiting snow for two weeks prior to that, according to President John B. Robertson of the Junior Chamber. Skiers driving out to the site, however, are advised to phone Rock Creek CCC camp (Kimberly 47) to make sure sudden thaws haven't cut down the snow depth.

Enrollees at the camp provided the labor for building of the ski run, and the Minidoka national forest supervisor, Curtis E. Price, made the go ahead signal. His force men supervised the work.

Anticipating that the Magpie basin site these: Four cleared runways, down the four sides of the ideal "saucer" of the basin. Shelter cabin, built by the CCC youths with lumber provided by the Junior Chamber. Heating stove to be installed by donation of Detweiler Brothers, Inc.

Skating varying from varying heights, suitable both for beginners and experts. Prepared trail up the 500 foot edges of the "saucer." Sufficient parking space along road.

Magpie basin is eight miles above Rock Creek camp, and the camp itself is 22 miles from Twin Falls. Since the final eight miles of road is new, motorists are advised to bring chains in case needed. Those skiing from Mondays to Fridays are urged to watch for work trucks on the road.

Entertainment Aids Paul School Band

PAUL, Jan. 24 (Special)—Punds to aid in the purchase of uniforms for the high school band were raised Wednesday at a special card party given by the Legion post and auxiliary.

Finch, bridge, monopoly and five hundred were at play and refreshments were served by Mrs. U. U. Leander and Mrs. F. Belten, refreshment committee.

Ray Clark and U. U. Leander served on the general committee for the Legion post and Mrs. Jack Martin and Mrs. Ray Clark were on the auxiliary committee. Fifteen dollars was turned over to Superintendent Friday.

For your next ski trip. You'll enjoy it more. Your Twin Falls merchants carry a fine line of ski togs and you're dressed correctly and warmly whether you ski at Magpie basin, Snake river canyon, Halley, Ketchum or Sun Valley.

Joan's Daughter Grows Up

Almost as tall and flashing the same smile and twinkling eyes as her actress mother, Diana Markey, nine-year-old daughter of Joan Bennett and her first husband, John Fox, is shown above enjoying a ski run with her mother near Quebec. Not as adept on the waxed boards as Joan, Diana has obviously tumbled into the snow. Diana joined her mother for the holidays during her vacation from an eastern school. Miss Bennett recently divorced Diana's foster father, Gene Markey, writer.

CANYON SKI RUN READY FOR SNOW

A storm that would bring a three-inch snowfall in the Twin Falls area is all that's needed to make perfect three recently constructed ski runs on two hills in the Snake river canyon, according to Roy Painter, local ski enthusiast.

The ski grounds are located at the foot of Blue Lakes grade on the right side of the road about five miles from the city. Rocks have been cleaned in fan-shaped runways in three places.

Painter reported good skiing at Halley Sunday with only five inches of snow and he states that three inches would insure good skiing in the Snake river canyon.

Not Club's Work "Although credit for the clearing work has been attributed to the Twin Falls Ski club, it is erroneous," said Painter. "To the best of my knowledge," he continued, "there isn't such a club in existence, although a group of enthusiasts did meet several times in an effort to promote a nearby ski course."

Work on the ski hills have been done by winter sports enthusiasts and has received considerable help from the WPA under Don Spang, director of the local recreational program, assisted by John Holland and Clem Painter. The rocks have been cleared from runways about 300 feet in length. One hill is excellent for beginners while the other offers more possibilities for advanced skiing and "hoopla." This runway, bounded by a sheer cliff, and huge rocks on opposite sides, and a culch at the bottom would be "tough" for even the best skiers in the local fraternity.

Not Exclusive The course is in no manner exclusive. As there actually is no Twin Falls Ski club, according to Painter, it is entirely at the disposal of the public. It is planned that a slight toll of 10 cents per person may be charged by the land owners for use of the property.

"We hope to have at some time a real ski club in Twin Falls," said Painter.

FARMERS' INCOME SHOWS ADVANCE

WASHINGTON, Jan. 25 (U.P.)—Farmers last year had a total cash income of \$8,521,000,000, the department of agriculture reported today. This was \$600,000,000 above 1936 cash income of \$7,920,000,000 and \$21,000,000 above the estimate of Jan. 1 for last year.

Government payments to farmers in 1937 totaled \$297,000,000 compared with \$287,000,000 in 1936. A unique feature of Japanese wedding ceremonies is that requiring bride and groom to drink three times out of each of three cups of different sizes.
