OFFICIAL COUNTY NEWSPAPER

EVANS, TAYLOR TESTIFY BEFORE GRAND JURY

SEAPLANES BOMB AND SINK SECOND BRITISH STEAMER

BARCELONA, Feb. 4 (UP)—It was asserted officially today that two seaplanes from the nationalist base in Majorca island, in the Balearics, bombed and sank the British steamship Alcira 20 miles southeast of Barcelona. The attack was made at 6:45 a. m., it was said. Members of the Alcira's crew, arriving here by row-boat, first reported the attack. British received a report, almost obviously genuine, that the Alcira was torpedoed. The position given, off Barcelona, would be in the French "anti-pirate" patrol zone, it was said. (A point 20 miles southeast of Barcelona would be approximately 20 miles from land and thus far outside the three-mile territorial limit of Spanish waters.)

Won by Automobile Heir

High social position and great wealth were limited in society columns upon the announcement of the engagement of Miss Marguerite (Peggy) Bykers, above, to Walter F. Chrysler, Sr., heir to the great automobile fortune. The bride-to-be has been called the "most sought-after girl in New York society."

INQUIRY STARTS TO LEARN CAUSE OF PLANE CRASH

SAN DIEGO, Calif., Feb. 4 (UP)—The navy's war games paused today while a board of inquiry attempted to retrieve some profitable information from Wednesday night's disaster—the collision of two bombing planes that cost 11 lives. "Out of this regrettable and costly accident, we are hoping to learn a great deal," Rear Admiral Charles H. Blakeley said, "we may arrive at a new safety feature in aircraft maneuvers."

Actual Probe of State's Affairs Gets Under Way

Report Says Attorney Holds Letter That Will Clear Gess

BOISE, Ida., Feb. 4 (UP)—Attorney-General J. W. Taylor and Karl B. Evans, chief of the bureau of public accounts, were called before the Ada county grand jury today. The summons marked the first time the two officials, leading figures in the investigation of alleged misconduct on the part of state and prison officials, had been called into the jury's secret sessions. It was said to evidence first steps in the actual investigation of state government by the grand jury. Both men were in the jury room together, accompanied by Prosecuting Attorney Willis C. Moffatt. Mr. Taylor was called first, then Evans. Evans carried the completed report of the preliminary audit into the jury room with him. The attorney-general bore a brief case jammed with legal papers and books. It was revealed that in the prison audit Evans made sweeping accusations alleging corrupt practices on the part of prison officials who formerly administered the institutions' affairs, and "generally lax practices."

Pauper, 77, Runs Amok; 3 Murdered, 2 Wounded

TWEKSBURY, Mass., Feb. 4 (UP)—John Mack, a 77-year-old inmate of the pauper ward of Tewksbury state infirmary, shot three fellow inmates and wounded two others, with a mail-order pistol early today. They were slain by him, he said. All were shot while they slept. Two of the men were shot Mack, a huge giant six feet three inches tall and spry for his years, fled along railroad tracks four miles to Lowell where he was captured. Discards gun He had discarded his gun and surrendered without resistance to officers. "I was running away to Alaska to look for gold," Mack told Patrolmen Thomas Maguire and Thomas Hickey. "The other men in the ward always were mean to me," Mack said.

Young Democrats Name Housing Law Committee

One Buhl resident and two Twin Falls men were appointed on a three-man committee today by the Young Democratic club of Twin Falls county to draft enabling legislation for Idaho participation in low-rent housing and slum clearance projects. Hugh O. Boone, Twin Falls, was named chairman, and his associate members are Paul S. Boyd, Buhl, and George Paulson, Twin Falls. Their selection was announced by Lewis F. Jones, Twin Falls, president of the Young Democratic club. The trio will map a suggested statute for submission to the next Idaho legislature, convening in January of 1939. The committee will draft enabling legislation to permit Idaho municipalities and counties to carry on low-rent housing and slum clearance projects with the aid of the United States housing authority. Jones said. "The housing act of 1937 provides that the federal government may make loans or other annual or capital grants to qualified low-rent housing projects. The federal grant is 20 per cent of the federal grant, the Young Democratic club is contending that out today that this cost would actually prove no burden because it can be relieved through tax exemption on the projects and this would not be a cost to the county or city because the exemptions would be made on improvements which would not otherwise be carried out. No Conflict. The club's move toward drafting Idaho legislation "does not conflict with the low-cost housing program advocated by Mr. Thomas D. Douglass," Jones declared. "An entirely separate type of housing project is contemplated—both programs, however, are working toward a multi-necessity Idaho goal." The type of enabling legislation planned by the three-man committee announced here this afternoon. Loans Or Grants. Summarizing provisions of the housing act, under which the committee will draft its suggested legislation, the Young Democratic president pointed out: "That the government can loan 90

FDR in Conference With 'Little' Leaders

WASHINGTON, Feb. 4 (UP)—President Roosevelt today met in what was described as constructive discussion with small business leaders. He was reported to believe some of their recommendations could be carried into effect. The report on the meeting of the President and 12 representatives of the little business men's conference was made by White House secretary Stephen T. Early. Mr. Roosevelt conferred with the business group more than an hour. The group engaged in a general discussion of the business recommendations—many of which were critical of the New Deal—but did not touch on all of the little business proposals. Mostly Constructive. Mr. Roosevelt was described as feeling that the major share of the proposals were constructive and possible of fulfillment but that some, while sounding well, were impractical. The views of the little business meeting were submitted to Mr. Roosevelt in the form of 23 recommendations, comprising the subject covered in more than 100 resolutions adopted before the conference adjourned yesterday. Suggests Discussion. In reply to a suggestion by the group that a permanent advisory committee be named to discuss little business problems with the administration, Mr. Roosevelt said he did not wish to name such a committee himself. The President suggested that Fred Roth, chairman of the little business conference, discuss the proposal with Secretary of Commerce Daniel C. Hooper. The little business suggestions proposed: That the American banking system be placed on a basis to enable it to make insured loans for necessary business purposes and establish an official government lending agency when financial institutions are unable or unwilling to provide such service. Instead of trying to repeal or amend the Federal Reserve act, the wide field of New Deal acts including the

Oddities

RETURNED. PROVO, Utah, Feb. 4 (UP)—William Kavachich and his wife today were admiring a photograph of themselves which they lost in Salt Lake, 33 years ago. When they moved from Provo at that time the couple sold a living room sofa to a second-hand store. A few days ago Alexander Westphal, 105, and his wife moved to Provo. He was renovating a living room sofa at a furniture store where he is employed. He found a photograph and recognized it as of his wife's parents. CAPTURE. CHICAGO, Feb. 4 (UP)—Jack McCracken captured a robber last night with the elevator he operates in a hotel. An excited, suspicious-looking youth rang from the 11th floor. "Main floor," he said, stepping into the elevator. McCracken noticed a bulge on the youth's hip and shot the car downward. He fast his passenger lock balance. Before he could regain himself, McCracken pulled up at the basement and shoved him into the arms of a house detective. The youth said he was Joseph Mack, 19, and admitted himself, Roger Blackmer, Worcester, Massachusetts, in a hotel room and taking \$1. WILDMUSTER. WASHINGTON, Feb. 4 (UP)—At 4:29 p. m. yesterday Ben William H. King, D. Utah, was wildmustered. The only other officer in the chamber was the presiding officer, Ben William H. King, D. N. J., who dozed in his chair. (Continued on Page 2, Column 4)

PEACE GROUP OF A.F.L. DISBANDED

MIAMI, Fla., Feb. 4 (UP)—Members of the American Federation of Labor's special peace committee disbanded today as the executive council prepared again to consider expulsion of 10 suspended unions now affiliated with the committee for industrial organization. The special committee of three was organized more than a year ago to negotiate a truce with the C. I. O. No reason was given for the action, announced by C. M. Zugrue, a member of the council and one of the members of the committee. A. F. of L. officials cautioned against interpreting the move as indicative that any or all of the 10 suspended unions would be their revoked. They said the committee was met in a room with sitting around and doing nothing. The peace committee accepted a report by its chairman, George M. Harrison, stating that a truce had been reached by the Federation and C. I. O. special committee, but that John L. Lewis had refused it. The explanation question was in first place on today's agenda of the council meeting.

\$35,000 SUIT IS WON BY ACTRESS

HOLLYWOOD, Feb. 4 (UP)—Constance Bennett had a sweet smile today for the first time since she was awarded her \$35,000 suit for a picture she never made. The judge is Charles B. Burnell, who interrupted the mink coat-clad actress on the witness stand the other day. He reminded her of other movie stars to the court, just garden variety witness, and told her "so just sit there and look beautiful." He brought the warm smile from the blond star with another interruption, this time directed at the steadily arguing lawyer—and his client, Miss Bennett said she hired her for a picture and then never called her to work. Miss Bennett, who said she passed up a chance for the Scarlett O'Hara role in "Gone With the Wind," she was one of other profitable work while waiting around to be called to London, swept from court with a triumphant smile for the Englishman's lawyer—and his sweetest, over her shoulder, for Judge Burnell.

Simone Simon, French Actress, Shows Improvement Following Serious Attack of Bronchial Pneumonia

By FREDERICK C. OTTSMAN. HOLLYWOOD, Feb. 4 (UP)—Blanche Simon, the little French film star who was stricken with bronchial pneumonia, was considerably improved today, hospital attendants described her condition as "fair." They said she spent a comfortable night and that her temperature had dropped considerably. Miss Simon, dimpled French star, collapsed last October on a swim in the sea, and was taken to a hospital with a fever of 101. Her doctors later she apparently had recovered fully. Physicians reported today that her temperature was 103 degrees. For the last three weeks, the 24-year-old girl who has provided Hollywood with more than her share of legends, has been working in "doublets," with a cold which became worse day by day. Wednesday night she went home to bed. Yesterday she felt so much worse that Mrs. M. H. Day and Harry H. Bond were summoned. They removed her to Cedars of Lebanon hospital in an ambulance. Although gravely concerned over her condition, they indicated that her youth and vitality meant much for her favor. They maintained, nevertheless, a constant watch at her bedside. Production of "Jojoette" which co-starred her with Don Ameche, was suspended. The picture virtually was completed, except for recordings of Miss Simon's voice, advertised monthly on billboards, which say: "Blanche Simon sings today." She pronounces her name "Blanche" and "with the studio advertising agents have christened her 'la sauvage tendre.'" Born in Marseilles, reared in the tropics of Madagascar, and star-

BOMBS ROCK U. P. SHANGHAI OFFICE

SHANGHAI, Feb. 4 (UP)—A hand grenade of military type was thrown into the office of the United Press offices today. Exploding, it shattered doors in the hallway, blasted a hole in a footlocker and sent the matter of the hall ceiling with bomb fragments. A Chinese messenger in the office was not injured. The cause for the bombing was not known. It was noted afterward that the initials "UP" had been penciled on the office door, hitherto unmarked. Five Dead in Mine Accident

SUDBURY, Ont., Feb. 4 (UP)—Five men were killed today and 10 injured when the elevator in which they were being lowered down No. 5 shaft of the Lovell Nickel mine, seven miles north of Sudbury, hit loose rock 850 feet underground. Blasting operations in the shaft shortly before the men descended apparently jammed the shaft with rock. Three of the men killed were reported to have been named as assistant mine foreman, and the other two fell to the shaft bottom. Leviathan Anchors Near Britain Coast LONDON, Feb. 4 (UP)—The great Leviathan, on her "dog voyage" to the scrap heap in Scotland, anchored a mile east of the Fort of North Bridge, Lloyd's reported today from Dunmurry. The Leviathan, which was the pre-war German battleship and for many years the pride of the American merchant marine, crossed the Atlantic under her own power, manned by a British crew. She was said to be broken up for the metal she contains. (Continued on Page 2, Column 1)

Attorney Opens RE-EXAMINATION OF PSYCHIATRIST

LOS ANGELES, Feb. 4 (UP)—Dr. Samuel M. Marcus, who gave a psychiatric explanation of how Paul A. Wright could have slain his wife and John B. Kimmel while he was unconscious from shock, today was returned to court for cross-examination. Three specialists in the motives and reactions of human relations; Prosecutor Ernest Roll, Delano; Attorney Jerry Greiner, and the psychiatrist witness, were reviewing the entire life history of Wright, as a subject to argue whether he, or any part of his emotional stability who Wright did, would be responsible for his act. Wright said that he found his wife and Kimmel in an obscene pose on a piano bench, that "everything exploded" in his mind, and that he shot his wife but he cannot recall the act. It took almost two hours to frame the question yesterday; the doctor said he had never seen the photographs, misfortunes and frailties before he reached the point, which was: "... could that man have received such a mental shock that he was thrown into a state of unconsciousness?" "Yes," Dr. Marcus replied, "he could."

LAST MEETING OF BEAN MEN HELD

Last in a series of growth meetings, called for the purpose of explaining the present bean market situation and the recent national bean price situation, was held at the hotel here today. The meeting was held in the presence of the stabilization committee in charge. In the series of meetings the growers were urged to observe orderly marketing rules for the next 60 days which will tend to assure them of a price as high as possible. The efforts of the surplus commission corporation to aid the bean growers were also cited at the meeting. Last night at Buhl the growers heard George Tucker, Boise, in charge of public agricultural activities for Idaho. Frank L. Atkins, chairman of the stabilization committee, presided. At the Jerome party yesterday afternoon, growers heard John Phillips, Twin Falls, also an executive committee member.

RELIEF EXPENSE SHOWS INCREASE

Climbing steadily toward a new all-time high, total relief disbursements in Twin Falls county during the month of January amounted to \$14,385.50, a report for that period compiled by Frank L. Read, chief clerk, and released by R. W. Hampton, supervisor, of the department of public assistance, shows today.

The total disbursements went to 664 cases comprised of 1,507 persons, the report shows.

Social security disbursements for January amounted to \$12,883, going to 567 cases numbering 1,285 persons. Of the total amount, \$740 went for old age benefits; \$407 to the blind and \$4,736 to dependent children. Cost for the county was \$2,690; to the state \$4,211.93 and to the federal government, \$5,532.17.

Direct relief for the period, paid either by state funds, came to \$1,705.50, going to 97 cases of 217 persons.

Tangerines Here for Short Run

Tangerine jam makes February breakfast nicer, and tangerine salad makes ladies at tea time positively gay.

By MRS. GAYNOR MADDOX (NEA Service)

The tangerine peels as easily as it cuts, and that is far from all. It has the bright color needed for the party season, and like the last rose of summer, it won't be here long. Better make the most of it now.

Tangerine Jam
Two cups tangerine, pulp and juice, 1 teaspoon grated tangerine rind, 1 lemon, pulp and juice, 1 1/2 cups sugar.

Peel tangerines, separate into sections and remove seeds. Cut sections into halves, working over a bowl in order to catch all juice. Measure two cups (pulp and juice) and combine with other ingredients. Boil rapidly in enamel or glass saucepan for about 10 minutes, until clear and syrupy. Pour hot into sterilized jars and seal with paraffin.

The above never made a meat course unhappy, and as filling for nut bread sandwiches, it's a riot. For ladies at tea, however, better serve a salad—a very ladylike salad, of course.

Tangerine Salad
(Serves 4 to 6)
One pear, fresh or canned, 1 cup seeded grapes, 1/2 grapefruit, 2 tangerines, 4 tablespoons olive oil, 1 tablespoon lemon juice, 1 tablespoon lime juice, 1/2 teaspoon salt, pinch of cayenne, shake of paprika, and honey cream dressing.

Die pears, seed grapes, peel tangerines and tear into sections. Remove sections from grapefruit. Combine oil, lemon juice, lime juice, salt and spices. Pour over mixed fruit and stand in refrigerator until chilled. Arrange a bed of pale green chicory and dark green watercress. Place the marinated fruit on this garden. Serve with the honey cream dressing and listen to the ladies "Ahi!"

Honey Cream Dressing
Two egg yolks, 1/4 cup strained honey, 2 tablespoons olive oil, 2 tablespoons lime juice, shake paprika, pinch salt, 1/2 cup slightly sour cream.

Beat yolks. Heat honey over hot water. Combine honey and yolks in top of double boiler. Beat until thickened, then slowly fold in oil, juices and seasoning. Beat sour cream stiff, then fold into other mixture. Chill, then serve.

Lambing Starts In Lincoln Area

SHOSHONE, Feb. 4 (Special)—While not fully under way, lambing has started with most of the big sheep outfits of this part of Idaho, and as they are well equipped the weather which has been more wet than cold has not materially interfered.

Gooding and Smith, the largest sheep concern in the district, is lambing a considerable flock, while Ben Darrah, Thomas Gooding, Jr., and Thomas Gooding and Arthur Silva are also busy with all forces required.

Many small herds, usually on farm hands, and generally pooled, have been lambing for a week or 10 days.

ROOSEVELT WILL ADDRESS SCOUTS

Boy Scouts and Scouters of the Snake river area council and of the United States were looking forward this afternoon to next Monday when they will hear a nationwide broadcast featuring President Roosevelt, Walter W. Head, president of the Scouts, and Dr. James E. West, chief Scout executive.

The trio of high officials will be heard over the Columbia, National and Mutual broadcasting systems at 4:45 p. m. (M.S.T.) Monday as a part of anniversary week celebration.

At the present time and throughout next week scores of major programs are presenting facts concerning the Boy Scouts, local officials have been informed.

All three United States service bands will play special marches during the week, each to be dedicated to the Scouts.

Storage Increase Seen at Jackson

BURLEY, Feb. 4 (Special)—Storage water is gaining consistently, although storage has slowed down during the cold weather, according to Dana Temple, superintendent of the local bureau of reclamation.

Reports received Saturday from Jackson lake say that the week's precipitation amounted to 24 inches of snow at Moran and 44 inches at Snake river station at the entrance to Yellowstone park. Jackson lake contains 322,400 acre feet of storage water.

The American Falls reservoir held 1,198,860 acre feet of water, according to Tuesday's measurements.

NEW DEAL FINANCING UNDER FIRE

Editor, Evening Times:

Is there no limit to these New Deal champions' capacity for self deception?

William Weaver, and Leslie Williams can stack Twin Falls improvements sky high—swimming pools, street improvements, parks, noxious weed control work and all, but even that high a stack can't hide the unpleasant fact that the Washington, D. C. dollars that entered Twin Falls money system came in as debt dollars with strings on them—no two-inch ropes—through the focus of the New Deal and the federal reserve bankers go through when the U. S. government makes the system (federal reserve) a virtual gift of government bonds. This is the borrowing policy brought up to date by the enlightened New Deal.

Isn't that rich, a country as rich as this is, borrowing from a banking system that never saw the day it had a microscopic fraction of the money it's going to collect when it starts heaving on those ropes.

Perhaps it is unfair to spring this argument for the New Deal apostates seem to be blissfully unaware that a colored man of gigantic proportions is buried in the public works wood pile. Maybe those public improvements will lose lustre when those under the New Deal's spell wake up to the fact that they will be paid for twice, the extra once plus interest to the iniquitous international banking ring whose American bank, the federal reserve system, "loans" money to the New Deal.

That is, unless F. D. R. should be stricken with remorse and repudiate the usurious debt, which is exacting quite a lot from him, considering his original sell-out.

Very truly yours,
PATRICK FINN.

A WINNING COMBINATION... to bring YOU a better, more delicious BUTTER-KRUST

Butter-Krust is a better loaf of bread... tastier... more consistent in quality than ever before. Here's the reason we can make this statement. We have bought and installed the finest in modern baking equipment and machinery... and it's in the hands of our capable, experienced staff.

We invite you to visit the ROYAL BAKERY, the home of BUTTER-KRUST BREAD. See for yourself why BUTTER-KRUST is destined to become the favorite of south-central Idaho.

MODERN MACHINERY... SKILLED, CAPABLE HANDS

Our newly installed machinery, now in use, assures you of a consistent quality in BUTTER-KRUST... there are no "hit-and-miss" baking methods. Skilled bakers make sure that formulas are correct... huge dough mixers assure you of consistently textured bread... even-temperatures assure you of an always smooth, evenly crusted loaf. We're proud of the consistent quality of BUTTER-KRUST... you'll learn to depend upon it.

Above is shown the huge mechanical dough mixer and kneader, the air conditioning unit, the thermal-controlled water system and weight gauges. To the right is the mechanical slicer, wrapper and scaler.

Fortune Still Favors Far-Sighted. For 25 years Colonel Lewis Walker begged his friends and neighbors to put their money into an invention he had bought.

HE AND BRON MUNCHHAUSEN SHOULD GO TOGETHER! HE POT SHOTS. Glimped around town: Patrons at local barber shop (kale) looking handsome while "Pat" Congratiate all surfaces.

"I KNOW," Connie said. She took her hand on his sleeve; her eyes were full of a sort of pity, her smile sweet and sorrowful. "I don't blame you, Rodney, for taking my money away. But at least, at least, I didn't run away again. You see I'm not going to divorce Bret. That wouldn't do any good."

After studying short sales for two sample years, the figures show the stock exchange made a statement which appeared designed to dress up facts and figures to make them prettier than they really were.

Today's versions of the "hookless fastener" are commonly called zippers, and under various trade names you find them on every kind of garment from overcoats to scuffs. During the last 10 years the contrivance found the place Colonel Walker had envisioned all down through those discouraging years.

WE HOPE HE GOT THE SKI PUT OUT OF HIS EAR! POT SHOTS. Poy Hudson admits that up on Dollar mountain last Sunday he found himself cleaning his ears with his ski.

"I'm sorry," she said, in a voice that sounded weary and tired, "I have kept you waiting. I couldn't tell you, I really, I can't believe it now. He caught her arm, held her off, as though he would tear the sweater eyes upon the reality of her presence.

Whether she would find him or not was never a question. She had found him long ago, that still, as she had said, unanswered. She did not believe that Bret loved her any more, that he had worked out of the room, out of her life. He could not have relinquished all that he held to be so important to her.

War of Words. Just before dawn, a strange automobile filled with soldiers has been seen to approach as near Madrid as the fighting lines permit. Picking a position where the wind is favorable, this unit shoots huge skyrockets over the city.

QUICK! CALL THE FIRE FIGHTERS! POT SHOTS. You never saw such a sheepish grin as Wilp Drippe wore.

SHOSHONE SCANS WORLD FAIR AID

SHOSHONE, Feb. 4 (Special)—At the weekly session of the Shoshone Chamber of Commerce Monday considerable discussion was given a communication from the Idaho World Fair Commission, of which Gov. Barzilla W. Clark is chairman. The letter related to project of raising money in the various counties to defray the expenses of exhibits and other items at the coming San Francisco fair.

The quota asked of Lincoln county is \$200, and has time has elapsed it is figured that the only method of raising the money this year is by paying it up and including it in next year's budget. No further action was taken than to refer the matter to the committee, H. F. Wilmoth, Ed Crissman and A. W. Hanson, for consideration.

Monday evening coming before the session was the annual banquet of the chamber. The fiscal year of the body starts March 1 and the banquet will be held the latter part of February. A committee consisting of L. E. Erpelding, chairman; Henry Steiner, Charles Mastin, Clifford Mink and Mr. Harrison was appointed on general arrangements, and will appoint sub-committees to select speakers and entertainment for the session.

Volunteer Group Mends 80 Chairs

A group of volunteer workers met at the Methodist church on Tuesday to mend and paint the chairs in the kindergarten department. Repairs were completed on about 80 chairs. Men working were Harry Wilcox, Ben Elder, Scott Ellsworth, George Beer and Mr. Floyd.

Lunch was served to the group by Mrs. Clarence Deane, Mrs. David Fox and Mrs. Carl Cedberg, who also was in charge of the work.

Puppeteers Work On Feb. 23 Offer

Practice on "Jack and the Beanstalk" went forward at yesterday's meeting of the Junior high school Marionette club.

The finishing touches on the manipulation of the figures and the proper voice inflections are being made in preparation for the assembly program on Feb. 23.

CANTON GRIPPED BY FEARS OF PRO-NIPPON UPRISING

SOLDIERS PATROL CITY STREETS AS INVASION LOOMS

CANTON, China, Feb. 4 (AP)—(By telephone to Hong Kong)—Canton was gripped today by fears of a pro-Japanese uprising to coincide with a mass air raid on the city and an attempt by Japanese warships to penetrate a protective boom across the Canton river and the Bocca Tigris forts below the city.

Every precaution was taken against an attempt at disorder. Soldiers patrolled all streets. One foreign diplomat was stopped five times within 10 blocks.

Rumors of every sort flashed through the city—the most tangible one that there had been an attempt to assassinate Mayor Chung Yuen. Shots were heard in the Tung-shan district and a bullet penetrated the steel-shuttered window of a Japanese resident's home. It was generally believed that the shots were fired by men involved in a plot to rise against Canton authorities.

An urgent air raid alarm started at 1 a. m. At 7 a. m. there was a series of alarms. Several groups of Japanese planes were sighted to the south and west suburbs and bomb detonations were so severe that they rocked gunboats in the river and three British ships and one Portuguese river steamer left the city this morning after the deadline for evacuation of Canton by foreign ships. They had almost reached the mouth of the river when a Chinese government launch informed them that the new protection boom already had been built across the river and that it was impassable.

The ships returned to Canton and discharged their passengers. One said that they had observed numerous groups of planes bombing both sides of the river and proceeding towards Canton and the railways.

The Portuguese consul general radioed Macao advising steamships not to try to proceed up river.

Guests Moved

A number of foreigners, including members of the Italian consulate staff, moved their quarters today to what they regarded as safer areas of the city.

Anxiety grew for the fate of the Hankow express, carrying many refugees of Canton by foreign ship. Many foreigners, including Americans are aboard it.

HONG KONG, Feb. 4 (AP)—Five Japanese warships were sighted at the mouth of the Canton river this morning and heavy firing from the Bocca Tigris forts.

Expenses Approved By Cassis Council

BURLEY, Feb. 4 (Special)—The Cassis Health council met Tuesday at the court house to authorize the payment of January expenses incurred for free distribution of medicine, needles and clothing for the underprivileged. A sum of \$60 was authorized for February expenses, and the council announced that more funds are needed to continue work after this month.

Mrs. G. W. England of Twin Falls, who is conducting adult classes at the Overland school, two days a week, told the council of her work and recommended the establishment of a community nursery for children of pre-school age.

OIL WORKERS IN MANILA STRIKE

MANILA, P. I., Feb. 4 (AP)—One thousand employes in distributing plants of four major oil companies went out on strike today in "deliberate defiance" of the advice of Commonwealth President Manuel L. Quezon.

Companies affected by the walk-out included the Standard Oil company, the Texas Oil company, the Associated Oil company and the Asiatic Petroleum company.

President Quezon denounced the strike as "unwise and untimely."

"It has the appearance of deliberate defiance of my advice," the commonwealth's chief executive said.

Quezon's anger was stirred because the court of industrial relations has been studying demands of the laborers involved for five to 20 per cent increases from their present 70 cent daily wage rate.

He thought the workers should have awaited the result of the study.

Buhl Kiwanis Hears Address on Orient

BURL, Feb. 4 (Special)—O. F. Bennett, Buhl, who spent several years in China and the Orient, was guest speaker at the Kiwanis luncheon Wednesday noon. Mr. Bennett, who has made a thorough study of Japanese and Chinese history outlined the events which led up to the present trouble and also talked on the social and economic life of Japan and China. In his opinion, Japan represents the scholar who has surpassed its instructor, China and Japan is aggressively seeking more territory for its expansion. Japan has caused all the Caucasian nations "face" in the eyes of China. Japan has only done what other nations have tried to do with the Chinese empire and he cited the French, Russian, German and English attempts to establish colonies in China.

Bill Frances accompanied by Miss Mary Reiland at the piano sang two selections. Mitchell W. Hunt won the attendance prize for the month of January. Winston Gray was introduced as a new member of the club.

Salt Lake City Elks Will Visit at Burley

BURLEY, Feb. 4 (Special)—Burley Elks will observe Washington's birthday and the 70th anniversary of the founding of the order with ceremonies here Feb. 22, when Salt Lake City Elks will come via special train for the occasion.

Salt Lake City Elks charter a train and visit another lodge annually on Washington's birthday. They are coming here at Burley's invitation and will present the local lodge with a flag pole to be dedicated on the anniversary day.

Dedication ceremonies will take place in front of the new Elks home, and officers and committeemen of the lodge are already preparing the program for the day.

B. F. Mahoney is general chairman, and his committee met with Exalted Ruler J. C. Plinton and Sec. R. L. Pence Sunday to outline the following program:

8 a. m. Firing of a cannon as a salute to Salt Lake City Elks, who arrive at this hour by special train. Music by Ogden Union Pacific band and by Albion State Normal pep band.

10:30 a. m. Assembly at Burley Elks home.

11:30 a. m. Parade in front of Elks home, Jack Davis in charge. Announce parade with fire sirens. Various visiting Elks lodges will participate and also the following bands: Albion State Normal, Burley high school, Paul high school, Heyburn high school, Rupert high school and Union Pacific band of Ogden.

The parade will start and stop at the Elks home, and dedication ceremonies will immediately follow, including addresses of welcome by Exalted Ruler J. C. Plinton, Mayor E. L. Harper and Gov. Barzilla W. Clark. Responses will be made by Exalted Ruler Kelly of the Salt Lake City and Gov. Henry W. Blood of Utah. Included in the program will also be presentation of Washington's farewell address by a man yet to be chosen, who will appear in appropriate costume.

The afternoon program has been scheduled as follows:

1 p. m. Buffet lunch in Elks club rooms.

2 p. m. Sightseeing trips and trap shooting.

8 p. m. Banquet with H. E. Welsel as toastmaster. Music by Albion Normal band, entertainment by Albion Normal band, tap dancing team and musical numbers under the direction of Ed Schroeder.

7 p. m. Games and fun-feat in Elks club rooms.

11 p. m. Salt Lake City Elks depart on special train for the Utah City, where they will arrive for breakfast the next morning.

Local lodgesmen are spring no pains to make the parade a colorful and outstanding event. Dedication ceremonies will be held on a specially built platform in front of the Elks home and will be open to the public.

\$5,000,000 YEARLY SPENT ON CONSERVATION

1,500,000 Acre Region Made Sanctuaries

By FRED BAILEY
WASHINGTON, Feb. 4 (UP)—America is being restored to the hunters' paradise of a hundred years ago under an expanded federal wildlife conservation program, according to department of agriculture officials.

The described program, calling for expenditure of approximately \$5,000,000 a year, "epoch making in the history of wildlife conservation," says animals, fish and fowl are being afforded refuge and protection.

The program was begun on an expanded scale in 1933 and is not yet half complete. Hundreds of new game and fish refuges have been established in every part of the country. The biological survey and the soil conservation service are cooperating in the program.

West Acres Set Aside
Since July, 1931, the biological survey has purchased 1,500,000 acres to be converted into wildlife sanctuaries. In the same period more than 4,000,000 acres of public land were reserved by executive orders as refuges.

The survey has established about 250 refuges comprising 11,000,000 acres. Of that total, 1,000,000 acres are in the United States and 4,500,000 acres in Alaska, Hawaii and Puerto Rico. When completed the program will include about 20,000,000 acres.

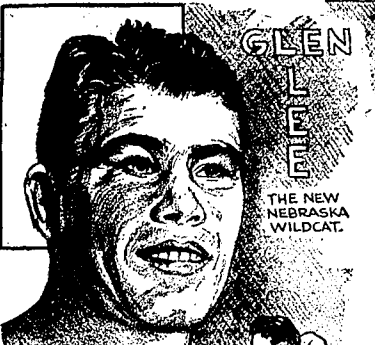

Public cooperation and more stringent game laws are necessary if the wider restoration program is to succeed. Dr. Ira N. Gabrielson, chief of the survey, said. Private as well as public lands must be made attractive for wildlife, he believes.

Feeding Stations Set Up
The Civilian Conservation Corps has established 10,813 feeding stations in 1,000,000 acres. These make wildlife survival difficult. Hundreds of water-conserving and covering structures have been built and trails and buildings improved.

Department of Agriculture officials estimate much of the increase in interest in wildlife conservation is the work of J. N. "Ding" Darling, the cartoonist, as chief of the Bureau of Biological Survey in 1933 and 1935.

Others have carried on the fight begun by Darling. He urged broadening of federal conservation and the 1936 agriculture budget provides \$1,000,000 added Federal aid to states for wildlife restoration.

NEW NEBRASKA WILDCAT

THE NEW NEBRASKA WILDCAT.
ACE HUDKINS SAYS HE CAN BEAT ANYONE HE FIGHTS—AND THAT GOES FOR THE FREDDIES—STEELE AND APOSTOLU.

Mac Lauds Bravery of Fighters at Alamo

By HENRY MELEMORE
SAN ANTONIO, Tex., Feb. 4 (UP)—As a sports writer, I deal in courage of a sort.
For most of the men I write about are brave, like they wouldn't be if they weren't. If you're a fighter and you're yelling you quit after the first time you get beaten, if you're cowardly and you're a stricker is enough. A baseball player who stays in the majors is sure to have had a fast one right at his head.
There's no place for the white feather in any sport, be it the ones I have mentioned or any of the others you can name.

Herro, Steadfast, Gallant
In my 10 years of sports reporting I have written, many times, of the bravery I have seen. I have employed time and again such words as heroic, steadfast, gallant, heart, courage, and sacrifice. I meant them, because as a sports writer I have seen fine displays of courage in arena, bowl, stadium, and all the other places that men combat at sport.

Because today I stood in the Alamo.
Davy Crockett looked down at me from the walls—O' Davy, who died with his cockle hat and his finger on the trigger of old "Betsy." So did Captain William Travis, who, 102 years ago, drew a line on the sand floor of the Alamo and asked those of his men who were ready to fight to the end, to step across it.

Who's Fighting
Also looking down at me was James Bowie, who when he heard Travis' request propped himself up on his sick bed and said:
"Boy, you're a helluva lot better and move me across that line and hand me my bowie knife."

It is historical fact that when the Alamo—this cradle of Texas liberty—was reached by friendly forces, not a man was alive, and James Bowie's cot was heaped with the dead of the enemy. Like all the others, he had died shooting and awing his blade.
Here was raw courage. Knowing that he would die and his quarters, he preferred to stay on his feet the adobe walls of the little building that overnight was transformed from a mission into a slaughter house.

Play Game to Hill
When I walked out of the Alamo into the bright sunshine of a fine Antonio winter day, I asked myself if I had been here, would I credit athletes with such unselfish courage. My first answer was yes, and then I got to thinking about it and far-fetched, or not, I came to the conclusion that such bravery as was shown in the Alamo has become a part of the national character, so to speak, of the American youth. He plays the game to the hilt.
And any foreign athlete who respects more his American competitor and he will tell you this:
"It's absolute refusal to give in or to pull it all over."
So up until you Davey Crockett, and to you Bill Travis, and to you James Bowie, and to you all the others, I, for one, like to believe that your gallantry and courage is still alive on the sports fields of America.

Apostoli, Lee Tangle in Garden Tonight

Championship Bout Will Go to Winner

By LESLIE AVERY
NEW YORK, Feb. 4 (UP)—Freddy Apostoli and Glenn Lee tangle tonight in 12-round bout at Madison Square Garden that may determine the next middleweight champion of the world.
With its significance, this fight carries the promise of being a real old-fashioned pie six brawl between two guys who don't know how to back up. Apostoli, "belting bellhop" from San Francisco, who has been called uncrowned king of the division since he knocked out Champion Freddie Steele in a 15-round favorite to tame the Edison, Neb., "Wildcat."
The winner is virtually assured of a title shot at Steele this summer, and the champion will be the underdog regardless of which one he faces.

Fight Similarly
Apostoli and Lee fight similarly. Both are notorious "crowders." Both are in-fighters, and are on the front line in starting a fight. They are hitting tonight when they collide in mid-ring should prove interesting unless it develops into a prolonged clinching match.
Apostoli is the better boxer. He has a good left jab that he uses to get his man off balance before he swings in with his right. He has a short jolting uppercut—the kind that had Steele so helpless that the referee stopped the bout in the ninth. He also has a powerful left hook that he sweeps around when he finds his uppercut blocked.

Lee, a former naval guardsmen, believes he can lick any man who will swap punches with him. Apostoli will pitch enough leather to satisfy him. Lee usually likes all the other man can dish out just to get in his own punches. He wields a knockout hook from a right wing, and is a savage brawler. He would rather not have a referee in the ring to break the clinches because in them he does most of his damage.

Lee is still light for a middleweight, having just outgrown the welter division. He will weigh about 155 tonight, five pounds less than Apostoli, but he doesn't consider this a handicap.
Regardless of the outcome Apostoli leaves right after the fight for San Francisco where he will meet Young Corbett III on Feb. 22.

Two Laundry Clubs Win

Louie Pugliano showed the way with a 601 series and National Laundry bowlers scored on Schiltz in three straight games last night. The match was close, however, and could have gone either way.
Parishian Laundry squeaked through a 2-1 verdict over Kimberly in City League, although the Kimberly crew was tops in total pins.
Louie Pugliano's 601 was high total for the night, and his 224 was the best single game. Bob Warner's 516 was high in Oily loop. His 204 was individual score honors.

Strikes to Spare

Goob, did that National Laundry put it on a Schlitz? They never did let up—they look every thing on Beer Creek. Louie Pugliano especially—he took high single with 224 his second game, and 601 for total. He was hot.

Neal McIntyre got three games good enough for a 533 total. William Ford cashed in a total of 543.
Al Pugliano just sneaked over the top with one pin to spare. Sprouts stayed all three games.

Brooks had his night with a nice 345 to check in with.
Kunkle got him a snappy 545, and Kirchner got 534 despite a very uncontrollable spare ball. Who were the other two bowlers? Oh, yes—Rolly Hoising and I. Also bowled!

In a comedy of errors, Parishian Laundry won the odd game from Kimberly.
Bob Warner was tops for both teams with 516, winning out over Roy Weller, anchor man for Kimberly, by 18 pins. Bob's last game of 204 was also top single; again he nosed out Weller by a few pins.

Spits and errors—boy, what a night!

Burley Elks Capture Snake Valley League Title

Freckles First

Burley's powerful Elks today had clinched the Snake Valley league basketball title and remaining battles in the loop were expected to be played out next week without any appreciable change in the standings.
The Cassia county outfit assured themselves of the pennant last night as they drubbed the hapless Paul Ellers by a count of 41-24 after trailing the first half.
Grooding Legion moved into third place by trimming the Murtaugh Savages, while the Murtaugh outfit dropped back to fourth. In a third independent team clash last night the second-place Jerome Jaycees trounced a Wendell team by the count of 31-14-40 in a non-conference affair.

Kovacs Downs Bitsy Grant

MIAMI BEACH, Fla., Feb. 4 (UP)—Frank Kovacs of Oakland, Calif., who defeated Bryan "Bitsy" Grant of Atlanta yesterday, meets Wilbur Hines of Hollywood, Calif., in the semi-finals of the Surf club invitation tennis tournament today.
Kovacs provided the tournament's major upset when he eliminated Grant 6-3, 3-6, 6-4 in the quarter-finals. He overpowered the pint-sized Georgian with a hard baseline game that Bitsy could not handle.
Hines, formerly one of the nation's 10 leading players, gained the semi-finals with a 6-2, 6-2 triumph over George Pero of Miami.
The other semi-finalists, Bobby Riggs of Los Angeles and Elwood Cooke of Portland, Ore., will meet tomorrow. Riggs beat Charley Harris of West Palm Beach, Fla., 6-2, 6-1 in the quarter-finals, and Cooke eliminated Gardner Mulloy of Miami 7-5, 3-6, 6-0.

Grant teams with Hines in a quarter-finals doubles match today against George Pero and Bill Hardie of Miami. Mulloy and George Tooley of Los Angeles will play Riggs and Wayne Sabin of Los Angeles.

Adamick Seeks Important New York Bout

NEW YORK, Feb. 4 (UP)—Jack Kearns, former manager of Jack Dempsey, arrived today with Adamick latest heavyweight "find." Jimmy Adamick of Detroit.
Adamick has earned the description "rocket artist," and Kearns hopes promoter Mike Jacobs will accept him as a title contender.
The abrupt about-face of Tommy Farr in signing to fight Max Baer on March 11, cut Adamick out of a test with Baer. Farr, who lost to Jimmy Braddock two weeks ago, had previously refused to meet Maxie on the grounds—"It is going backward; I've already beaten him once." But Jacobs' promise to match the victor with the winner of the Joe Louis-Kearns fight has won Adamick, however, may not be willing to accept either of these. He said if Jacobs refused to recognize Adamick as the leading heavyweight challenger he would "claim the world heavyweight title for my boy and bring him back to Michigan to fight it out with all comers."

'Whizzer' May Accept Offer

SPRINGFIELD, Feb. 4 (UP)—Indiana's "Whizzer" may accept \$100,000 to play professional football next season were carried out in better times. The offer was made by the Pittsburgh Pirates professional football team.
The offer was made by White in a letter dated Jan. 27 by the Pirates. In it White asked "time to consider" the offer.
White wrote that he didn't want to act hastily in the matter, and asked that he be advised how long the offer of \$100,000 for the 1938 season would last.

Boise Defeats Burley Club

BURLEY, Feb. 4 (Special)—The invading Boise Braves, touted as one of the best basketball teams in the state, defeated the Burley Bolts in the first game of a south Idaho tour here last night by a score of 20-17.
The Braves gained a 15-0 advantage at the half time and continued the same pace in the final two quarters. Gabrieth of Boise was high point man for the Braves with 14 points, while G. Accatturi scored six of Burley's points.
Lineup:

Stanford Meets California

STANFORD UNIVERSITY, Calif., Feb. 4 (UP)—Stanford university's defending champions were favored today to defeat University of California's division leader basketball team when the two clash tonight in the Stanford gymnasium.
Stanford, California, won all five of its state in the western division of the Pacific Coast conference. Stanford's high-powered scoring offense against U.C.L.A. and the home-floor advantage made the Cardinals favorites.
Stanford has a record of three wins and two defeats in conference play. One of the setbacks came in the first California-Stanford game, played at Berkeley.
Blakley, considered the player of the year nationally, was announced in lineup today to lead Stanford's attack.

Jaycees Run Up Score Of 114 to 40

WENDELL, Feb. 4 (Special)—The Jaycees tumbled up for the Burley outling tournament as a game with Wendell team here last night and they grew hotter and hotter as the game progressed—ending up with a total of 114 points. The Wendell club scored 40 to make the game one of the highest scoring frays in the history of the state of Idaho.
Strengthened by the addition of lanky Jimmy O'Brien, pillar coach, the victors made unanny shots, scoring at will throughout the game. The count at the half time was 62-30, but in the final stanza the home club scored only 10 points.

THIS CURIOUS WORLD By William Ferguson

THE MYNAH BIRD, OF INDIA, IS ONE OF THE MOST PROFICIENT TALKERS OF ALL BIRD SPECIES. THE TERMS "LONGITUDE AND LATITUDE" CAME FROM ANCIENT DAYS WHEN THE STARS WAS BELIEVED TO BE GROUPED AROUND THE MEDITERRANEAN SEA! SINCE THE SEA WAS LONGER EAST AND WEST, THE WORD "LONGITUDE" WAS USED TO DENOTE EAST-WEST DIRECTIONS.

The gray parrot of Africa is probably the most gifted of all speaking birds, but the mynah is much more proficient than many parrot species that are famous for their human-like speech. Other birds that can be taught to talk are the piping crows of Australia, some species of jays, macaws, and even starlings.
