**JUSTICE VAN DEVANTER**  
Returns to court bench to preside over nine year sentences to Nevada swindlers.

## Program Order Completed Here For Farmers' Congress Friday

### 1,000 Ranchers Expected to Hear Speeches, View Picture

Formal program arrangement for the Farmers' Congress session at 10 a. m. Friday in the Orpheum theater was announced here this afternoon by the businessmen's committee in charge.

Lining up of the program headed last-minute preparations for the agricultural event that is expected to draw at least 1,000 ranchers, who will hear expert speakers, will see free motion pictures and will view the latest in farm implements.

At the Congress gathering at 10 a. m. in the Orpheum, the order of events will be:

1. Music by Rhythm Banders.
2. Feature picture, "The River," showing government battle against floods and erosion.
3. Address by Carl DeLong, secretary-manager of the Idaho Fruit and vegetable advertising commission.
4. Movie shorts from Orpheum program.
5. Address by John L. Toews, superintendent of the Aberdeen experimental farm sub-station.

Although both Mr. Toews and Mr. DeLong will speak on topics of vital importance to south central ranchers, widespread interest throughout this region today indicated that the discussion by Mr. Toews of the need of potatoes to livestock will capture top interest.

**Sheepmen Show Interest**  
Sheepmen operating big herds in the Hagerman country indicated this afternoon that Mr. Toews' authentic facts on the Aberdeen farm's sheep-feeding experiments will prove of high dollar-and-cents value to every potato grower and every sheep producer, whether owner of large flocks or of family herds.

A. H. Bradford, prominent sheep owner, declared today that "this matter of feeding cows to livestock is extremely important." He said that feeding of the potatoes to sheep is "very profitable" and that every stockman and rancher will find value in the expert data to be unfolded by Mr. Toews.

DeLong will discuss the Idaho farm product advertising campaign in its relation to price-boosting for the grower. The campaign now is stalemated because of court tests.

**Entertaining Pictures**  
The feature picture and short subjects in the Congress program, according to Earl Saughman, manager who donated use of the theater, will offer the audience instruction and entertainment. There will be no admission charge.

Chief downtown feature of the Farmers' Congress will be the session at the theater, which will be decorated with three main inter-sections with the latest in farm machinery. Representatives of the Twin Falls farm implement concern will be on hand to explain the machinery.

Restaurants will offer special "farmers' luncheon" at moderate prices. Twin Falls merchants will be invited to the house, with guests invited to "drop in" and get acquainted with store personnel and management.

Mr. Toews, besides talking on the all-important and feeding topic, will also discuss another matter top in the minds of Idaho ranchers, the phosphate fertilizer experiments at the Aberdeen farm.

## INDICTMENTS IN JURY PROBE NEAR

**BOISE, Ida., Feb. 17 (AP)—**In an atmosphere of excitement created by the indictment recently sprung from the powder, the Ada county grand jury settled down for another day of work in its investigation of state government.

The stalemate today was prevented by the whispered remark that the "grand jury is ready to vote—on at least seven or eight indictments."

No source for the information could be found, but it was said not to be unreasonable. The grand jury is in the fifth consecutive day of session and has been working on state prison affairs for 30 days.

Late yesterday the jury asked for instructions as to its rights in requiring testimony from witnesses called, and Judge O. E. Winstead instructed the jurors that the ordinary constitutional rights prevailed. The witness, he informed, the grand jury, could not be forced to testify unwillingly to any matter which might incriminate him. The great majority have come from the business houses to speak concerning the prison situation.

**NEGRS SHOOT OFFICERS**  
LOS ANGELES, Feb. 17 (AP)—George Farley, 40-year-old Negro, today shot and killed two elderly white men, one of whom was a police officer, in a Negro district, but police said he was wounded himself seriously after he fired three shots at close range at two detective lieutenants.

## Rising Sun Over Ruined Tsingtao

Framed by the charred timbers that are the remains of a Japanese-owned cotton mill the picture above shows a Japanese landing party, proudly carrying the flag of the rising sun, inspecting the ruins of Tsingtao left by retreating Chinese. When the Japanese finally captured the north China city, they found that almost all Japanese-owned property had been burned in keeping with the Chinese "scorched earth" policy of destroying what cannot be kept from the invaders.

## Mexican Killer Shot In "Escape Attempt"

**TIJUANA, Mex., Feb. 17 (AP)—**Juan Castillo Morales, 24, confessed rapist-murderer of 8-year-old Olga Comanche, was permitted to "escape" from his captors today then killed in a volley of bullets fired by a squad of fedora troops.

The military prison and loaded into a closed military van and taken to the military cemetery, on a hill overlooking Tijuana.

There he was ordered from the van. Soldiers dragged him, protesting, toward the far edge of the graveyard.

There Morales apparently broke from his guard and fled down a little path.

The military "escort" and another squad, already stationed in the cemetery, leveled their rifles and opened fire on the "fugitive."

Morales staggered, regained his feet, and ran about 25 yards before another volley brought him down. As he attempted to rise, another bullet of his fell him finally.

A soldier then walked forward and with a revolver administered the "shot of mercy."

The "execution" was carried out on orders of Gen. Manuel Contreras, commander of the local military zone. He applied the "Let die Plena" law of the fugitive.

Morales himself was a Mexican citizen. Earlier a mob burned down the (Continued on Page 2, Column 2)

**Oddities**  
**THINKER**  
SAN FRANCISCO, Feb. 17 (AP)—Mrs. Gladys Carriner Cohen, 21, had a complaint of her own in a divorce proceeding brought by her 61-year-old husband.

**FIREMAN**  
MT. VERNON, W. Va., Feb. 17 (AP)—A house was ablaze on the outskirts of town, but the fire truck wouldn't start. Firemen had to push it to the scene of the alarm. When they arrived they were told to fight the flames, so a second volunteer drove a truck to the house. The house was saved.

**HEARD**  
HINDENBURG, Mo., Feb. 17 (AP)—Woodmen have been smothering fire for years, but politicians haven't. Because campaign posters nailed into the trunks have destroyed many a trunk. (First shade makers, an ordinance was submitted to the city council to make it illegal to tack signs on cards on any tree. The city fathers were worried because a law now in effect prohibits decoration of telephones and electric light poles.)

## JAPANESE FORCE TO SWEEPING FLOOR

**By JOHN R. MORRIS**  
SHANGHAI, Feb. 17 (AP)—United States Consul Charles E. Gauss planned today to make representations to the Japanese regarding the complaint of an American that he had been forced to sweep the floor of a room in a Japanese military office.

James Walsh, of Trevor, Wisconsin, reported to consular officials that he was treated from transporting materials across the garden bridge after having secured a permit to do so.

Walsh said that he was taken to a Japanese landing party office where a Japanese interpreter twice "backhanded" him with his fist. He was forced to sweep the floor of the small room before the officers finally approved his permit and allowed him to proceed, he said.

**Hit Attitude**  
A Japanese spokesman said that Walsh's permit provided for the transport of printing equipment from the Hongkong area but that Walsh attempted to take out a sackful of steel building materials.

The Japanese, "who reserve the right of questioning and investigation of persons crossing the garden bridge," the spokesman said, were aroused by Walsh's "offensive attitude" and took him to the landing party office where he was questioned further.

"Reports of manhandling are entirely untrue," the spokesman added.

**Street Renamed**  
Streets in the Kiangwan area were renamed today by Japanese authorities due to the recent post-bellum situation. Names of prominent Japanese, such as Hasegawa, Iwano, Kono, were adopted as well as those of Japanese towns.

Meanwhile, Chinese reports from the fighting fronts said that their troops had reconquered the southern part of the railway connecting the railway with Tsinan.

A Japanese army spokesman said that Tsinan, north of Chengchow, junction of the east-west Longhai line and the Peiping-Hankow road, and the Hanlin, north of Tsingtao, capital of Honan province, had been occupied.

## \$6,500 Asked For Burns in Shower Bath

A Twin Falls tourist camp shower bath that allegedly became a dangerous trap and pitfall was held for a \$6,500 damage suit today against J. P. Fajen, operator of Fajen's auto court.

The suit was filed in district court by J. O. Moore and Mrs. Edith C. Moore, Seattle, because of asserted injuries Mrs. Moore suffered last Oct. 7.

**Clies "Certain Death"**  
Mrs. Moore's complaint declares that she was "saved from certain death" after she fainted under the night of double murder, and was wrapped a towel around her arm and reached in to shut off the steam.

At the point of the unique act here is claimed by the Moore that (Continued on Page 2, Column 2)

## McNutt En Route To U. S. Capital

**SAN FRANCISCO, Feb. 17 (AP)—**PAUL V. McNUTT, U. S. commissioner to the Philippines, left for Denver in an army bomber at 8:15 a. m. today. Denver will be McNutt's first stop en route to Washington, 11 a. m. where he will confer with President Roosevelt.

Plying with McNutt were Col. Davenport Johnson, commander of the Hawaiian fleet army airplane and Lt. J. G. Armstrong.

McNutt refused to answer questions upon his arrival here yesterday afternoon, but he was expected to announce the Democratic presidential candidate in 1940.

## Only Small Part Of Money to be Spent Next Year

**Pope Moves to Acquire Help On Wheat and Cotton Benefits**

WASHINGTON, Feb. 17 (AP)—The outline of congressional activity for the next fortnight was mapped by legislative leaders today as the house naval affairs committee, nearing completion of hearings on the naval expansion bill, heard from the navy's chief of construction that President Roosevelt's naval expansion program would cost more than one billion dollars.

So extensive will be this vast naval program, Rear Admiral William G. Du Bose testified, that the navy does not have facilities to build the 47 fighting ships and 22 auxiliaries projected in the pending Vinson bill. Committee members explained, however, that although Du Bose's statements indicated a program that ultimately would exceed a billion dollars only a relatively small portion of this figure would be expended during 1939.

Du Bose said that exclusive of the cost of producing 1,000 fighting airplanes, the program would cost \$977,546,000 which is \$177,546,000 above the amount projected in the bill before congress.

**The Bill Likely Ready**  
Chairman Robert L. Doughton of the house ways and means committee said after a White House conference that he had advised President Roosevelt that the tax revision bill would be brought to the house floor for consideration "in a couple of weeks." Chairman Mary T. Norton, D. N. J., said that the house labor committee would undertake consideration next Thursday of a new administration wage bill retaining the essential features of the one rejected last December by the house.

A Street to increase the \$200,000,000 deficiency bill developed in the senate as prepared \$200,000,000 deficit-making. (Continued on Page 2, Column 2)

**Proves Administrator**  
Chairman Norton said that the new wage-hour bill would provide for an administrator as did the defeated version. Board appointed by the administration would make enforcement of the bill more effective by providing for a basic 40-hour minimum hourly wage and 40-hour maximum week. She said that the measure would provide for an increase in collective bargaining to improve standards beyond those set by the bill and industrial boards.

Chairman Doughton of the house ways and means committee said that the President expressed pleasure with the progress the committee is making on the tax bill. Attendees at the conference besides Doughton were Chairman Pat Harrison of the senate finance committee, Vice-President John N. Garner and Secretary of State Cordell Hull. Hull's presence aroused speculation that the U. S. fiscal policies in Mexico and the Mexican tariff were discussed.

**Moves for Aid**  
Spurred by the President's approval of the new farm bill, Sen. James F. Pope, D. Ida., moved to obtain congressional approval of his plan to provide additional wheat and cotton benefit payments through price taxes. The President has said that funds in excess of the \$440,000,000 now available under the soil conservation program would be necessary to make parity payments provided in the bill.

Pope advocated revival of processing taxes to meet the additional cost. He is preparing legislation to raise additional funds by raising taxes as follows: 15 cents a bushel on wheat to raise \$75,000,000; 20 cents a pound on cotton to raise \$40,000,000.

## WRIGHT WINS ON PLEA OF INSANITY

**By ALAN McELWAIN**  
LOS ANGELES, Feb. 17 (AP)—Paul A. Wright, exonerated by the verdict that he was temporarily insane when he killed his wife and John Kimmel, remained in jail today awaiting only a formal sanity examination after which he will be released, probably Friday.

It remained only for him to prove that he is presently sane.

The same jury which decided in four hours last week that he was guilty of manslaughter, agreed yesterday evening after 16 hours of deliberation that he was "not guilty by reason of insanity." Wright had made two pleas against the murder charges, which required two trials. Today, although technically still a prisoner, he was making plans for the future, which had remained uncertain since he walked into the living room of his home at 4 a. m. Nov. 4 and found his wife and Kimmel in an abnormal sexual act, which caused him such an emotional shock that he lost his mind.

He plans to go to Cleveland as soon as he is freed, to his parents' home, and to visit with his 3-year-old daughter, Helen. Then he will go to a desert resort with his father, H. J. Wright, for a rest. When he is ready to resume his career, he has been offered several jobs. He was president of the \$2,000,000 union of terminal.

The jury foreman, Joseph Hoke, said that he felt the case to be an insane plea and that he would announce the verdict and Wright said (Continued on Page 2, Column 2)

## MUMPS CONTINUE GAIN IN COUNTY

Mumps continued to dominate the communicable disease report for Twin Falls county this afternoon and records at the district health unit offices here show 80 new cases were reported in the last seven days. The report was released by Dr. Robert stump, director.

Fifteen of the new cases reported in Bullhead 13 were in Prier and 11 divided between Rogers, Amsterdam and Berger. Six new cases were noted from Hansen two from Twin Falls.

Next most prevalent disease in the county was chicken pox with 74 new cases. Of this number 61 were in Bullhead and one in Prier. Other diseases reported included three cases of scarlet fever, one case of diphtheria, five cases of measles, two being in Twin Falls and one in Prier; two in Bullhead; two whooping cough, one each in Bullhead and Hansen; two cases of impetigo, in Twin Falls; one case of amebiasis in Twin Falls; one in Kimberly and three in Bullhead.

## White Rat Total Slashed by Drive—And Rodents Aren't as Big as Cats

The white rat infesting food stores and homes here is being exterminated by a drive which has been going on for several weeks. The drive is being conducted by the Twin Falls health unit and is being supported by the local business community.

"I want to clear up the rumors you hear around town," he told the press. "These white rats are not as big as cats. Big as a little kitten, maybe—but not as big as a cat." He pulled a dead rat from his coat pocket, startling feminine members of the Evening Times staff.

"Bee!" he said. "Not as big as they're painted." The rat, pure white in color, measured nine inches in body length. With the long tail measured in, it was 15 inches from tip to tip. Wilson said that the campaign has

WALLACE ANNOUNCES IMMEDIATE OPERATION OF FARM BILL

ALLOCATIONS TO BE MADE WITHIN NEXT FEW DAYS

WASHINGTON, Feb. 17 (AP)—Secretary of Agriculture Henry A. Wallace announced plans today to place into immediate operation the new farm program designed to stabilize production, protect farmers against low prices and consumers against food shortages.

He said he would make acreage and production allocations and call for a referendum on marketing quotas for cotton and tobacco within the next few days.

Wallace announced a six-point program embodying the "basic principle" of the new farm program as follows:

1. Federalization of the AAA soil conservation program as a part of the permanent farm policy.

2. National acreage allotments for corn, cotton, wheat, tobacco and rice at levels designed to meet domestic requirements and to meet foreign demand and establish reserve supplies.

3. Federal loans to encourage production of surplus crops for use in years of scarcity.

4. Marketing quotas backed by federal control of surplus disposal to insure general participation of farmers in holding surpluses off the market.

5. Federalization of corn supplies from storage under marketing quotas to insure farm surpluses or in the case of national plan.

6. Federalization of the AAA soil conservation program as a part of the permanent farm policy.

NEWS IN BRIEF

At Coeuridale E. J. Ostrander and Fred Wilkinson are in Spokane where they went to attend a lumbermen's convention.

Guardians to Meet Camp Fire Guardians association will meet Monday at 1:30 p. m. at the Camp Fire office.

Return from Denver Mrs. W. L. O'Malley and son Robert, who spent the past two weeks in Denver, have returned here.

Attends Session Mrs. E. Ostrander is in Salt Lake City to attend the Ostrander convention Friday and Saturday.

Visits in Utah Marvin Bond, city patrolman, will leave for Salt Lake City this week for Salt Lake City where he will work for a while.

Returns from Visit Mrs. Maude Wilcox has returned from Idaho Falls where she spent a month with her son, Gurney Wilcox.

Manager Here Mrs. E. Ostrander has moved to show where she is manager of the new Kinney grocery established there by the local firm.

Here from Iowa Mrs. Charles Whitney, Fayette, Ia., is a guest of Mrs. T. Warner and will be here for an indefinite length of time.

Visit in City Mrs. Bertran Newton, Cluster, Mont., are visiting with Mr. and Mrs. R. C. Leonard, Mrs. Newton and Mrs. Leonard are staying at the home of Mrs. Newton.

On Student Ticket Miss Betty Howell was candidate for treasurer of the junior class at the University of Idaho with balloting taking place today, friends are hoping she will be elected.

Gets 30 Days Fred Hayes, Twin Falls, pleaded guilty to a charge of petty larceny as he appeared before Justice of the Peace C. P. Swain late yesterday afternoon and was sentenced to 30 days in the county jail. Hayes is alleged to have stolen coal. The complaint was signed by Sheriff E. Nicholas, night merchant police in the warehouse district.

Bun Valley Trip Members of the Twin Falls Teachers' Educational association will go on a trip to Sun Valley on March 5. This decision was reached by 80 members of the group in session yesterday. The constitution and group insurance were also considered by the teachers. Miss Thelma Tolson presided.

Dealer Certificate Filed State certificate showing that Dr. Alva Agne Boston has fulfilled all requirements and is authorized to practice medicine and surgery in Idaho, was filed today with County Recorder Frank J. Smith. The certificate was signed by L. B. Larson, state law enforcement commission, the examining committee including Dr. Charles R. Scott, was dated Oct. 19, 1937. Boston has already opened downtown office.

CAMPAIN CUTS RAT POPULATION

(From Page One) get rid of it as quick as you can or let it know where they are. He indicated that about 3,000 of the white rats have been killed so far, although that's a rough estimate. It might be even more.

Wilson estimates that the total number of the white rats will be about a quarter-mile above France's fish hatchery in the canyon. Mr. France's revelation of the white rat spread, printed in the Evening Times last year, started the first move for extermination.

Crowd Likes Junior Class Thrill Drama

By JEAN SPRAGUE An evening of honor enhanced by bloodcurdling scenes, shots in the dark, secret chambers and a terrifying maniac provided the background for a mystery drama staged last evening by the junior class that drew every member of the audience on the edge of his seat for two hours.

Although he was visible to the audience only a few moments in the last act, the whole plot of "Mystery in the Library" is based on the machinations of Earl West as the criminally insane and brilliant scientist, Professor Heinrich, and his hysterically terrifying presence is felt at almost every moment during the three acts.

Through a fact the entire cast by its closely integrated action and excellent interpretation of difficult roles and scenes, maintained an atmosphere of overwhelming horror through the play. Although a surprising degree of realism was achieved by almost every member of the cast the other outstanding characteristics of the play were the excellent characterization of male characters presented by both boys and girls.

Both his voice and presence were excellent for his part and he maintained a role in the most difficult situations without marring the effect of an elderly scholar which his role demanded. Leads Girl Performers Of the leading characters, Dee Hepler as Gertrude Harris, who is the first to make her entrance to the accompaniment of horrid shrieks and a limited amount of the parts to portray and in no way did she disappoint her audience with her realistic interpretation.

Inogene Davis as the fickle and sophisticated Dora Shaler presented another type of character girl with a strong personality. Her appearance was made by Anne Perrine as Margaret Allison who is wounded by the maniac before she even arrives on the stage. Convincingly the part of the terrified and injured victim.

An especially good comic interpretation of the ridiculous Annie Goopy was given by Margaret Bate, who annoyed about to such good effect that the lives of four people were saved. Dickey Driscoll, who took the part of Dick Martin, sports editor, presented a convincing characterization of the famous editor. Larson was especially good as the student editor of the college paper.

Donna Peterson and Gerald McBride, who took the parts of the girl and her inseparable pal provided a college atmosphere with their antics and argot. Particularly amusing was the interpretation of the famed archipelago Swenson, "dumb sock" of the police force, by Bill Moon, whose amusing blundering finally provides the key to the entire mystery.

Settings and clever lighting contributed largely to the atmosphere of the drama. The cast was directed by Miss Florence Rose, dramatics instructor and student director, was Theron Knies, assisted by the high school students. The play was given by the high school students.

The night presentation will be at 8 p. m. Friday, with Wilbur Braun, as described as "highly entertaining," by Supt. L. A. Thomas. It is directed by Mr. Tommie Kenna. Players in the cast are Rebecca Nebeker, Murel Stone, Adele Bover, Jia Sudweeks, Lorene Smith, Barbara, Thelma, Betty Olsen, Gertie O'Leary, Robert James, Kenneth Dods, Leonard Fisher, Lester, Maud and Quinn Sandberg.

4 TEAMS WIN IN GOODING TOURNEY

In the 1 p. m. encounter today, Mustangs Savage grabbed the Glenns Perry quint 43-24. GOODING, Feb. 17 (Special)—Four teams hung up rather one-sided victories in the junior class that of the annual Gooding Outlaw tournament here this morning.

The second contest today was the King Hill 41-38 triumph over Wendell in the morning's opener. The count at the half time was 21-10 for the victors. In a quick and furious battle that saw 34 fouls called. Banker of King Hill was high point man with 15 counters.

The second contest today was the King Hill 41-38 triumph over Wendell in the morning's opener. The count at the half time was 21-10 for the victors. In a quick and furious battle that saw 34 fouls called. Banker of King Hill was high point man with 15 counters.

\$6,500 Asked For Burns in Shower Bath

(From Page One) the shower bath was built so that the door opened inward only. In event of trouble in turning off the water, it was claimed that occupants of the bath must pass through the water in order to get out.

Mrs. Moore asserts that the faucet was rusted, that when she turned it, the hot water "gushed forth and struck her face and neck." Unable to turn off the water or open the door, she fainted on the floor of the shower.

She claims first, second and third degree burns on head, shoulders, wrists, lower abdomen, thighs, knees and legs. The complaint charged she was in the hospital here from Oct. 17 to 26, then returned to Seattle in the Maynard hospital here for a considerable time, and later was forced to have medical care at home.

The \$6,500 suit declares Mrs. Moore suffered permanent injuries and scars on face and body. Attorneys, Parry and Thomas, Twin Falls, are attorneys for the claimant.

More trouble developed when it was reported that Hollister may be unable to participate, due to a car accident which took place while the team was en route to Gooding. Hollister was supposed to play American Falls at 3 p. m.

Play this afternoon opened with Murray's Big Blue and Outlaw champions, meeting the fact Glenns Perry quint. The Meridian-Emmett game was scheduled to come next, then American Falls and Idaho Falls. At 8 p. m. Link's Business college of Boise was scheduled to tackle the Gooding Legion. At 9 p. m. the Gooding school team was en route to Gooding. King Hill will tackle Boise V. M. D. at 9 p. m. in the junior high school gymnasium. Gooding will meet Shoshone.

In the college gym at 7 p. m. Wendell will meet Boise, Caldwell takes on Burley and the high school basketball team will play Caldwell-Pocatello game tonight.

Kimberly, Feb. 17 (Special)—Third presentation in the series of "great composers" programs was given by Bert Christensen, music director of the Kimball high school music students and music department at the auditorium yesterday.

The program featured Beethoven and Franz Schubert. Review of the life of Beethoven was given by Bert Christensen, music director of the Kimball high school music students and music department at the auditorium yesterday.

WRIGHT WINS ON PLEA OF INSANITY

(From Page One) that when he noticed the smile, he related instinctively, certain that he was to hear good news. "It was like a ray of sunshine," Wright said.

Glacier Soda The defense attorney, Jerry Giesler, slipped to a table and sobbed when he heard the verdict that brought his victory in his greatest murder trial. Wright patred his eyes on the back. Dr. Wright, the father, a gray-haired physician from Milwaukee, sprang to his son's side and the three men clung to each other laughing hysterically.

But he was returned to the county hospital to await removal to the county hospital lunacy ward, where he must remain until his examination. "I'm so happy I can hardly talk," he said. "My heart has been clean from the first."

Mrs. Marjorie Kimmel, wife of the slain man, sat silently when she heard the verdict. After a few minutes she arose and appeared friendly. Mrs. Kimmel formerly was an airplane hostess and her husband was a pilot. Paul Wright said that he would see Mrs. Kimmel any time she wished. "There should be no hard feeling," he said.

Unofficial reports from committee members indicated that dozens of new Jaycees had divided themselves with the organization last night. The city was aligned into zones for the drive.

Final plans for the drive had been announced last night at the regular general meeting of the Jaycee organization, held at the Park hotel.

Reports and Open Forum The other business at the meeting was the report on the Christmas kids party, read by President John B. Anderson in absentia. Chairman Raymond Dunn, report on the Junior Chamber dance by Stanton Hale, chairman of the board of directors, and an open forum presentation of ideas on Jaycee policy and suggestions for projects.

Clairidge H. DeWetter gave a colorful description of his trip to Chile, Mexico, claiming the talk with a spirited tale of a bull-fight exhibition in the Mexico City stadium. Statistics on the Christmas kids party showed that \$187.55 was taken during the turkey derby and the milk bottle collections, and that 4,000 toys (contributed by firms) were given out, and several hundred pounds of candy and nuts were distributed to needy youngsters.

Charge Diminished Diminution of reckless driving charges, on motion of prosecuting attorney, was ordered this afternoon by Paul H. Seavey, 21, Pocatello, by Probate Judge Guy L. Kinney. Seavey was accused yesterday in complaint filed by Bill Grossman.

Seen Today

Out-of-town car driving along Main avenue with heavy fog hanging from fencings. Pedestrian started as power door on Magel car starts going up with lightning noise. Mrs. C. D. Jank showing been Today large U. S. penny, 99 years old and nearly as big as half dollar of today.

Boy and girl seated in car parked near postoffice, eating lunch and taking turns in drinking from quart milk bottle. Walt Williams, amateur skier and walker, walking with aid of cane as result of recent ski trip.

C. A. Hentrich revealing that Julius Englebret, Colorado Springs victim of mowmow traffic crash, was his first cousin. And very large trunk-mounted atop salesman's car from Oregon.

CAMP FIRE GIRLS A party was arranged yesterday afternoon for the members of the Tsalali Camp Fire group at the home of Mrs. N. K. Ricks on Buchanan street. Games were played and a fish pond was conducted with each girl contributing articles. It was voted to give to each of three needy families of children gifts of candy and toys which were to be delivered today. The hostess served refreshments buffet style.

# Momentous Developements Predicted in German-Austrian Conference

## MINISTER MAKES QUICK JAUNT TO BERLIN MEETING

By FREDERICK C. M. JAHN  
 VIENNA, Feb. 17 (UP)—A dramatic dash to Berlin by Dr. Arthur von Seyss-Inquart, new Austrian minister of interior, assumed international importance today in negotiations between Austria and Germany. On his arrival in Berlin it was asserted that he would see Fuehrer Adolf Hitler, Field Marshal Hermann Goering, Hitler's right hand man, and Joachim von Ribbentrop, new German foreign minister.

It was understood here that Baron Franz von Papen, German special ambassador to Austria, intended to leave today to join in the talks and it was reported that on the result hinged momentous developments. It was an open secret here today that something had gone wrong. It was asserted that Fuehrer Adolf Hitler was not satisfied with concessions which the government had made under Austrian Nazis. Sources close to the government said that Hitler insisted on demands of an international nature, such as Austrian admission to the German-Japanese-Italian anti-Communist pact.

Reorganization Seen  
 There were reports that Austria's reorganization cabinet might be dissolved next week—to make room for a more pronounced Nazi administration.

It was even rumored that some moderate elements were considering formation of a sort of minute men organization to attempt to prevent a "Marsch auf Wien"—Austrian-German union.

There were increasing indications of alarm among former Socialists and workers, and among the left wing of the Christian social party of Chancellor Kurt Schuschnigg, especially among peasant members. It was understood that Josef Reither, peasant leader, recently told Schuschnigg that acceptance of all German demands would likely cause unrest among peasants.

Would Include Hungary  
 Nazi sources hinted at developments that would include Hungary. Austria but Hungary in a gigantic diplomatic set-up based on the "Berlin-Rome" axis of cooperation and the "Rome protocol" for cooperation of Italy, Austria and Hungary—a set-up that might involve the equivalent of a military alliance.

There was one bright phase of a situation that brought anxiety to people all over the country.

President Wilhelm Miklas last night signed the bilateral agreement granted Nazi and other political offenders.

Early this morning prison authorities began the technical preparations to release them.

Releases Start  
 Within a few hours, families of prisoners began gathering at the gates of Vienna's prisons. But it was expected that when releases began, probably this afternoon, prisoners would be taken to police stations nearest their homes and released there singly in order to prevent demonstrations.

Most prominent of all the prisoners was Dr. Anton Rintelen, 62. He was Austrian minister to Rome at the time of the Nazi putsch in 1934. He was supposed to have been the Nazi's choice for chancellor had the putsch succeeded. It failed. He tried to commit suicide and wounded himself gravely. He was sent to prison for life. He never fully recovered from his wounds and recently was brought to a hospital here.

On a peal of eight bells, 40,320 changes can be rung.

## SCREEN OFFERINGS

**ORPHEUM**  
 Now showing—"Submarine D-1" Pat O'Brien and George Brent.

**IDAHO**  
 Now showing—"Old Hutch," Wallace Fri. Sat.—"Thoroughbreds Don't Cry," Mickey Rooney.

**ROXY**  
 Now showing—"Building Drummond at Bay," John Lodge.  
 Fri. Sat.—"Outlaws of the Prairie," Charles Starrett.

## Mickey Rooney in Idaho's Offering

Ronald Sinclair, Hollywood's new discovery in British boy actors, is teamed with Judy Garland and Sophie Tucker, of "Broadway Melody" fame, Mickey Rooney, and other notable players in "Thoroughbreds Don't Cry," new attraction coming to the Idaho theater tomorrow for a two day showing.

Childhood friendships and loyalty in an intensely human story mingle with the thunder of racing hoofs, the excitement of the race-track, and hidden intrigue of turfdom.

Much of the action was filmed at the famous Santa Anita race track where the racing events, the plot in an intensely human story and such details were staged. Many famous jockeys and noted race horses appear in these episodes.

## Opheum Shows "Submarine D-1"

"Submarine D-1" a melodrama dealing with the exploits of Uncle Sam's undersea boats and the gallant lads who man them, thrilled enthusiastic audiences yesterday at the Orpheum theater.

The picture is authentic as well as stirring, for it was made with the complete co-operation of the navy, which turned over to the movie-makers all its facilities at Newport, R. I.

Coos Coo in the Panama Canal Zone, and San Diego, Calif.

Pat O'Brien and George Brent are co-starred, and in a part that seems to be quite as important as young Wayne Morris, the lad who shot to top ranking recently on the strength of a picture "Kid Galahad". Then, too, in the cast are such well-known troupers as Frank McHugh, Doris Weston, Regis Toomey and Henry O'Neill.

## MOSCOW TO BUILD 60 SCHOOLS

MOSCOW (UP)—Sixty new schools, each of which is designed to accommodate 800 pupils, will be built in Moscow in 1938, it has been announced.

## SHOSHONE WATER SUPPLY IS GOOD

SHOSHONE, Feb. 17 (Special)—Water Master Mans Coffin for this district, reports a gratifying condition in regard to the water supply for this farm season, and from all indications it will reach the average for the past 30 years, which it has not done in the past 10.

Snow, according to the report of Feb. 15 had reached 37 inches at Ketchum. The cumulative snow for the season is way up and wet. During the 1937 season, while there was a considerable snowfall, it was dry. This season it has heavy water content.

One of the facts noted during 1937 was that the snow fell on dust and was quickly absorbed. This year the rain and heavy snow will be responsible for a heavy runoff, it being explained that the water already in the ground will hold the moisture up, thus affording decreed rights ample water throughout the irrigation season. Springs that have been dry on the opening grazing area will unquestionably come in again, and while shepherds desire a little dry weather right now because of lambing, the farmers are elated with the prospect of plenty of water. All reservoirs have received a fine inflow to date, Coffin stated.

American Falls and other eastern Idaho impounds show an average snowfall similar to this section. Eastern Oregon and western Idaho do not indicate quite up to the average, though water conditions are far more promising than for many years. From the water standpoint 1937 was not a good year, but this year it is "over the top" and still going, states the water master.

## BOTTLES CAST INTO SEA

LONDON (UP)—Thousands of bottles are being thrown into the sea by the British department of fisheries in an effort to study the movements of currents and fish.

## Eskimo Father Gives Life to Get Wife, Children to Safety

EDMONTON, Alta., Feb. 17 (UP)—The story of an Eskimo father who gave his life in a harrowing two weeks struggle of his family to reach civilization when their food supply became exhausted was related today by Louis Blass, pilot who arrived here from Copper Mine, in the isolated northwest territory.

Blass was stranded for three days in the windward snow-clad wilderness south of Copper Mine after aiding an exhausted trapper, and the partly frozen Eskimo mother and her two children.

He related how the trapper had stumbled into Copper Mine with the woman and children after a battle against blizzards, cold and snow blindness.

The Eskimo father, he said, reduced his own rations to feed the children and then collapsed on the trail after a week. He told the others to go on without him. Residents of Copper Mine retraced the trail with dog teams and found the frozen body days later.

The party attempted the 700-mile trek to Copper Mine after their hunting expedition failed to produce game. Several of the dogs of their famished sled team were killed to provide food for the remaining dogs.

## EXAM LISTED ON 5 FEDERAL JOBS

Five examinations for government positions in various departments were announced this afternoon by officials of the United States civil service commission.

The positions include: senior scientific aide, army medical museum, \$2,000 a year; physiotherapy aide, U. S. public health service and veterans' administration, \$1,800 a year; printer - proofreader, government printing office, \$132 an hour for 40-hour week; custom examiner's aide, treasury department, \$2,300 a year; junior engineer, various optional subjects, \$2,000 a year.

Full information regarding time of examinations and other data can be obtained from the post office in Twin Falls.

## F. F. A. CEREMONY SET FOR FEB. 23

Ceremonial of advancing the Green Hands to Future Farmers of America, originally scheduled for the meeting yesterday, will be conducted on Feb. 23, the chapter members decided.

At the same time Arthur Daniels, formerly of Piler, and Harold McGoffin, will be reinstated in the organization.

Other business transacted at yesterday's meeting included the discussion on transportation to Fumert and Heyburn on Saturday for the F. F. A. basketball games.

## Burley School Head Speaks at Spokane

BURLEY, Feb. 17 (Special)—George E. Denman, superintendent of schools, has accepted an invitation to speak at the annual Inland Empire Education association meetings in Spokane on April 6. He will talk on the use of visual education in teaching social science, as part of a visual instruction program.

The meetings will be attended by educators from the northwest.

## Is This the Reason You Are Constipated?

If you're wondering why your bowels don't work right—stop and think about what you eat. Bread, meat, eggs and potatoes. All good, nourishing foods—but all concentrated, lacking in "bulk." And you need "bulk"! Some food that forms a soft, spongy mass in the bowels—helps them move.

If it's this lack of "bulk" that's causing your constipation, Kellogg's All-Bran is just what you need. It soaks up water and softens like a sponge. And this soft mass helps your bowels move. In addition, All-Bran gives you Nature's great intestinal tonic, vitamin B<sub>1</sub>. Eat this crisp, crunchy cereal every day, drink plenty of water, and enjoy happier days. All-Bran is made by Kellogg in Battle Creek. Sold by every grocer.

YOUR MILEAGE MERCHANT ADVISES

# THUMB YOUR CRANK LIKE THIS [OR ELSE MAKE SURE YOU'LL NEVER NEED IT!]

Too bad, but cranking still makes thousands of martyrs every winter. Official figures prove that one insurance company alone pays doctor bills for more than 200 cranking victims every year.

Here is what you can do about it: If you must crank, always retard your spark (unless there is no spark lever). And then hold your crank as illustrated, with your thumb over on the same side as your fingers . . . never curled around opposite. This will help your hand to get out of danger if the engine "kicks back."

Or put your crank in your collection of antiques, and string along with all the users of Special Winter Blend Conoco Bronze gasoline. It's winter-blended to start so fast in the coldest weather known here, that it won't get your battery winded. Neither will it overwork the choke, so as to poison your oil and endanger your engine.

In all your glee over the disappearance of rotten starting, don't overlook the high mileage that comes right along with sure-firing Conoco Bronze. That's why the townsman who has Conoco for you certainly is YOUR MILEAGE MERCHANT. And his simple, helpful, Complete Winter Care Card is FREE. Just ask him. Continental Oil Company.

### POSTING STARTS ON OLD-AGE ACT

Posting of wage accounts for the 37 million persons in the U. S. who are now covered by federal old-age insurance provisions is now under way, according to word received here from Charles H. Cannon, associate manager of the southern Idaho field office of the social security board.

**Awaited Reports**  
Posting of wage accounts to social security accounts could not be undertaken until the board had received from the United States treasury the wage reports of employers showing amounts paid their workers, Cannon pointed out.

The first reports, covering the first half of 1937, were submitted to the bureau of internal revenue by July 31, last, and were received by the board from the treasury during the final months of 1937. The second showing wages paid through Dec. 31, 1937, were in the hands of the collectors of internal revenue on Jan. 31 of this year, but will not be available for posting for several weeks.

**Depends Upon Employers**  
The speed with which posting of individual wage accounts can proceed will depend upon the flow of wage information furnished by employers, as certified to the social security board by the treasury. By the end of February, Cannon said, posting will cover workers in every state, and by the end of June the board expects to be able to answer inquiries of workers as to the status of their wage accounts.

The speed with which posting of individual wage accounts can proceed will depend upon the flow of wage information furnished by employers, as certified to the social security board by the treasury. By the end of February, Cannon said, posting will cover workers in every state, and by the end of June the board expects to be able to answer inquiries of workers as to the status of their wage accounts.

**LICENSED AT SHOSHONE**  
SHOSHONE, Feb. 17 (Special)—Rex O'Reil, 22, of Gooding, and Arzella Cox, 18, Fairfield, were granted a license to wed, in a filing at the clerk's office here.

### Here's a Real Light Motor

A new type airplane motor, designed especially for lightweight 'Silver planes' is demonstrated by Al Menasco, Los Angeles designer. The motor weighs so little it can be carried easily by one man.

### Hagerman Camp Projects Inspected

HAGERMAN, Feb. 17 (Special)—G. E. Tucker, division of grazing, CCC inspector, has been inspecting the work projects of the Hagerman CCC camp during the past week and he states that he has found that work on the various range improvement projects of this camp are progressing very satisfactorily. He also expressed approval of the manner in which the equipment was maintained. His inventory of tools and equipment, he says, reveals that proper care has been exercised in guarding against loss of government property.

Harvey O. Hoff, project superintendent of the Hagerman camp, has been in Salt Lake City this past week on official business.

### Burley Students Select Officers

BURLEY, Feb. 17 (Special)—Second semester officers of the junior high school were recently elected, according to William Beck, principal. Blanche Bowen defeated Joey Aalaturri and Monroe Adams to become president, and Kathryn Gramer was chosen vice president.

Senate representatives were also elected as follows: Jay Evans, Leonard Jones, Gordon Roberts, Richard Unander, seventh grade; Lee Dudley, Beulah Hanks, Albert Klink and Robert Trout, eighth grade, and Monroe Adams, Golden Humphries, Keith Blimmons and Jean Wolf, ninth grade.

### LATE GAIN SEEN FOR EGG PRICES

BOISE, Feb. 17 (Special)—Outlook until mid-spring is for egg prices below that of 1937, but during remainder of the year a gradual price advance above 1937 is likely, according to Richard G. Ross, federal agricultural statistician.

An outstanding factor in the current poultry and egg situation, the bureau of agricultural economics expert said, is the small flock size with which farmers have started out the new year. The effect of this situation on egg prices is at present offset by lower consumer incomes than in 1937, by large holdings of frozen eggs, by a high rate of egg production per bird, and by the completion of a very profitable storage year. Hence, the outlook until mid-spring is for egg prices below those of 1937.

During the remainder of the year, reduced production resulting from the smaller flock size is likely to bring a gradual price advance above the corresponding prices of 1937. The more favorable feed-egg price conditions this year will tend to stimulate hatchings above those of 1937. The outlook, therefore, is for lower chicken prices in the last half of the year than in 1937. During the next few months, however, low poultry supplies, both on the farm and in storage, will tend to keep prices above those in the first half of 1937. But the non-seasonal advance of last fall may prevent a full seasonal advance this spring.

**BURLEY BOARD MEETS**

### HAGERMAN CAMP DISMANTLES UNIT

HAGERMAN, Feb. 17 (Special)—Work was started this week by the division of grading CCC camp at Hagerman to dismantle the buildings of an abandoned CCC camp at Springfield, which was formerly under the supervision of the technical staff now in charge of the range improvement work being done by the

Hagerman camp and was operated during the summer of 1935. The purpose of the camp was accomplished during that period when extensive range improvements were completed on the range north of American Falls and east of Arco. It has been arranged to move the buildings of this camp in sections to Clover Flat. This new site is in the center of a vast undeveloped part of the Bureau desert. The buildings will be erected on ground devoted for this purpose by the owners of the Clover Flat ranch, who are prominent stockmen operating out of Cas-tleford.

der the supervision of those in charge at Hagerman and about half of the enrollees from the Hagerman camp will be stationed at Clover Flat during the summer months.  
Roy Whitcomb has been placed in charge of the moving of the Springfield camp buildings. He has been stationed at camp S. O. S-6 near Pocatello, for the period necessary to accomplish this task. It is expected that the new camp will be ready for occupancy April 1.

### LINCOLN OPPOSES DISTRICT EVENT

SHOSHONE, Feb. 17 (Special)—Following a conference between the board of county commissioners and representatives of the Shoshone Chamber of Commerce, it appears that neither the business interests nor the commissioners approve holding a district fair, especially in face of fact that the county body has already made up the levy for 1938.

What sentiment prevailed was to the extent that a county fair only would be endorsed, President Harry Pulizer of the chamber reported to the club at Monday's session.

At the same time the question of a levy for the 1938 San Francisco exposition was discussed. Over \$300 would be required from this county, but the commissioners cited again that the levy had already been made. It was shown that the cost of Idaho something over \$100,000 for Idaho to be represented at the Chicago World's fair, and inasmuch as the San Francisco fair provides state allotments in buildings, the cost would approximate \$30,000. The commissioners did not approve the levy but qualified it to the extent that they would favor representation subject to the will of the people expressed at a meeting to be held later in the month. The terms of two of the committees for the year. A proposed levy would be about one-tenth of one mill.

Chairman Lambert Expelling reported on arrangements for the annual banquet and election of the Chamber to be held September 23, announcing that committees would be named. At that time six directors will be selected, and with the six holding over, will later meet and select a president. No director is permitted to succeed himself. The matter of the high school annual came up for consideration and will receive the support of the Chamber and business community.

### Grangers Vote for Jerome County Fair

JEROME, Feb. 17 (Special)—At the Jerome Grange meeting held Friday evening the subject concerning a fair for Jerome county this fall was again brought up and Mrs. Charlotte Roberson, Jerome county auditor and recorder, who presided over the proceedings, stated that it would be necessary for this county to have a fair.

It was stated that \$2,000 would be appropriated for a county fair and that \$1,000 would be appropriated for repairs on the buildings at the fairgrounds.

The Grange members voted in favor of a fair. Valentine card party was held later in the evening and both bridge and pinocchle were in play with prizes being won by Mr. and Mrs. Jack Webster, Mr. and Mrs. Gustav Fichtner, Sam Eakin and Jean Overfield, and Mr. and Mrs. Gus Cahen.

### Jerome Man is Sent To State Hospital

JEROME, Feb. 17 (Special)—After a hearing before Probate Judge Heber N. Folkman Tuesday O'Dell Kimball, Jerome, 32, will be admitted to the state hospital at Blackfoot.

The hearing was held after Kimball's brothers had filed a complaint that he was taken with spells of deep despondency. It was feared that he might become violent.

### BACKACHE, NIGHT RISING RELIEVED

Sluggish Kidneys Got Him Up at Night; Back Was Sore and Achy; Relieved by Van-Tage!

Remarkable Statements, praising and endorsing the Amazing New

MR. FRED J. HUNT

Medicine, known as VAN-TAGE, continue to pour in daily. For instance, the following statement was just received from Mr. Fred J. Hunt, 327 W. 7th St., Seattle, Wash.

Like a Different Person Since Taking Van-Tage

"I had to get up 4 or 5 times a night to relieve my sluggish kidneys, and my back was so stiff and sore and achy that I could hardly bend over. Poisons in my sluggish organs caused rheumatic pains in my legs and joints. Van-Tage made me feel like a different person. It flushed my kidneys and now I sleep fine all night, and the cleansing action of this medicine helped to dispose of so much poison and waste that my backaches and rheumatic pains are relieved. Van-Tage is one of the finest medicines I ever used."

SUFFERERS! The Amazing VAN-TAGE Formula has been tested by the sale of over 20,000,000 bottles! Thousands praise it. You can take the Great Compound, with 21 Coptic Herbs, for just a few cents a day. Get it—NOW—at the Schramm-Johnson Drug Store, 102 N. Main St.

### Filmland Styles Designed for Filmland Star

Joan Crawford appears in the most stunning of Adrian creations in her latest picture, "Marnie," in which she co-stars with Spencer Tracy. At left, the star wears a luxurious evening gown of silver brocade. The dress is of black velvet with lavin for trimmings. As dramatic as the actress herself is the stunning negligee on the right, with a drape trim of red fox.

### Farm Account Contest Open To 4-H Clubs

Four-H boys and girls should start their farm account books at once to put them in line for an award in the fifth national 4-H farm account contest, according to word which had been dispatched today to all club leaders.

The contest offers \$50 prizes totaling \$8,000 in cash and merchandise. It is conducted through state and federal extension departments.

March 1 is the last date on which the books may be opened. They are required to cover 12 consecutive months and may also be started as of Jan. 1 and Feb. 1. Club members interested in enrolling may secure blank books and rules and the prize list through their local leader or the county agent.

Prizes will be awarded on the basis of individual accomplishment alone, and all material in the records will be held confidential and returned to the owners after the judging. Contestants must also submit an analysis of their record in 1,000 words or less, showing the principal sources of profit and loss and suggesting how to make the farm pay better.

Parents were urged to cooperate in keeping the records, which have proved of such value in the last four contests that they have been continued. Any bona fide clubber is eligible and many fine south Idaho records in the past have been submitted by both boys and girls in their early teens.

### Hailey Students Question Famous Woman Novelist

HAILEY, Feb. 17 (Special)—The Hailey high school students had a "Valentine" surprise in store for them Monday. Faith Baldwin, who has been staying at Sun Valley for some time, visited them and entertained the pupils and teachers by answering their various questions, which were many.

It transpired that she is very fond of animals, especially dogs, the cocker spaniel being her favorite; she doesn't like to ski or skate; likes to swim and is an ardent movie fan. She was greatly impressed by Idaho and said she would like to be here in the summer.

She told the English class that studying American literature should be a pleasure because it gave them a clearer knowledge of people. Everyone was impressed by her personality and charm. She is planning to leave Sun Valley Friday and go to her home to spend a couple of weeks before going to the Hawaiian islands.

Lorelei was a beautiful strem of German legend who lived on a rock in the Rhine river and lured sailors to their destruction on nearby reefs.

### Burley Holds Adult Carpentry Classes

BURLEY, Feb. 17 (Special)—A. V. Dayley, local carpenter, is conducting adult education classes in carpentry at the corner of Albion avenue and Second street. As a WPA project, Dayley is instructing three classes of 10 men with the aim toward giving practical instruction to men who will probably in the future take advantage of a low-cost housing project and be able to furnish their own labor.

The members will work cooperatively in remodeling their homes as soon as sufficient training is had.

Burley Suit Granted BURLEY, Feb. 17 (Special)—L. J. Neddo, jr., and George W. Neddo were granted a judgment this week against Eshraim H. Nielson to the extent of \$1,561.80. Suit was brought against Nielson for collection of a note.

### BURLEY ENGAGES NEW INSTRUCTOR

BURLEY, Feb. 17 (Special)—Paul Jones was elected to fill a vacancy on the junior high school faculty at the regular meeting of the school board Monday. Jones, now teaching at Declo for the third year, is a graduate of the University of Idaho. He is also athletic coach at Declo. He will fill the vacancy left by the death of Philip Hirschler. Mrs. Ross Barney has been teaching in his stead temporarily.

M. W. Crouch, clerk of the board, reported that bus drivers have taken physical examinations as a safety precaution. Examinations will be completed this week.

A committee representing the Burley Education association, composed of Elmo Parish, president, Helen Werner and Mrs. Ruth Marshall, met with the board to discuss the improvement of the salary schedule and its regulations. The committee asked that the schedule be extended and a committee was appointed to investigate the matter. Action will be taken at the March meeting of the board.

## Three Men, Entombed in Snow Slide, Tunnel Way to Safety

**BOISE, Ida., Feb. 17 (AP)—**The story of how three men caught in a roaring slide of snow, earth and timber at the Vre-Non mine 12 miles east of Atlanta in the heart of the rugged Sawtooth range fought through to safety filtered out to the mountain wilderness today.

Kenneth Talman, John May and Roland Witt were buried in the slide which thundered down on the mine's main level Sunday, entombing them for three days.

But Witt didn't follow. The men then dug back through the slide to the main level and found Witt on the floor, unconscious from lack of air from the slide. The snow had shut off all circulation of air.

## FOUR KILLED IN WRECK OF TRAINS

**TRINIDAD, Colo., Feb. 17 (AP)—**An emergency train was on route here today bearing the bodies of four trainmen killed in a head-on collision between a freight and passenger train near Polson, N. M. late last night.

The dead: Gus Diemer, engineer of the passenger train; R. E. Sellers, fireman of the passenger train; C. E. Hampton, engineer of the freight train; and C. H. Cook, brakeman of the freight, all of Trinidad.

**REPORTS** reaching here from Polson were that two other trainmen and six passengers were injured.

The trains were operated by the Colorado and Northern Railway. The passenger was northbound, scheduled to arrive in Denver at 8 a. m. The other train was a regular southbound.

**Members of P.E.O. held a B.I.L.L. party at the hotel Monday.** Hundreds of guests of honor, Polson, were at the dinner. Mrs. J. R. Wiggins and Mrs. Harry Metcalf of Twin Falls.

TICKET SERUM IS RECEIVED HERE

Rocky mountain spotted fever vaccine, produced at the United States public health service station at Hamilton, Mont., was made available to physicians of this district this afternoon through Dr. Robert Stump, unit director.

The vaccine is distributed each year in an effort to cut the annual strength in commodities brought in through purchases of stocks, only moderate demand for sufficient to present this market to bring substantial gains in the afternoon. In an attempt to prove by President Roosevelt at his press conference in Washington, D. C., that the domestic corporation bonds advanced in price, the market for a regular decline. Austrian bonds declined in London.

Copper shows signs of demand, with a point, Kennecott rose more than 2 points in the afternoon. Stock market advanced 600,000 shares, with 14,000,000 shares, compared with 11,000,000 shares. Dow Jones closing stock average: 11,000,000, up 10.25 at 2:30 p. m. U. S. yield 10.25 at 4:30 p. m.

Injection justified. He also pointed out that past records show that physicians are justified to vaccinate immediately any person who has been bitten.

In pointing out the infection given by the vaccine, Dr. Stump said both the degree and duration of protection vary widely.

Dr. Stump suggested that nearly full protection is conferred against the milder strains of the disease and a degree sufficient to markedly reduce the severity of the disease.

Youth Too Shy To Approach a Stranger; Dies

WACO, Mo., Feb. 17 (UP)—Bert Lee Walker, 12 years old, was courageous enough to venture into a strange countryside in search of help for his little sister who was lost with him, but was too shy to approach a stranger when he found her, she died.

The boy's body was found late yesterday near the old playboy mine mill. More than 200 men had been searching for him, since his 5-year-old sister, Vivian, was found in a sheltered cave in which he left her with his bicycle while he went for help.

Dr. A. N. Winchester, Jasper county coroner, said the boy had been dead 18 to 24 hours, and had died of exposure sometime during the cold rains and sleet Tuesday.

The mine mill in the vicinity were to take up possession of the logs, the boy was only 100 feet from the mill road where miners passed to and from their work.

Dr. A. N. Winchester, Jasper county coroner, said the boy had been dead 18 to 24 hours, and had died of exposure sometime during the cold rains and sleet Tuesday.

EXPERT AIDS ON U. S. TAX RETURN

For the convenience of those who are required by law to file federal tax returns, D. D. Daniels, deputy collector of internal revenue, will be at the Bull Hotel in Bull on March 1, 2 and 3 and at the postoffice building in Twin Falls from March 7 to 15, both dates inclusive.

The matter of filing your income tax return should be given immediate attention in order to avoid penalty and interest. Mr. Daniels said this afternoon. Citizens are required to file return if net income is \$1,000 or over or gross income is \$2,000 or over. If the taxpayer is single or married and not living with husband or wife.

If the taxpayer is married and living with husband or wife, and their net income is \$2,000 or over or their gross income is \$4,000 or over, they will be required to file, he said.

He pointed out that returns must be filed not later than March 15. A penalty of not more than \$10,000 or imprisonment for not more than one year or both is imposed by statute for willful failure to make return on time and, in addition, five to 25 percent of the amount of the tax, Daniels said.

Night Crawler 'Industry' Due For Revival

It's a dormant "industry" but it will thrive again, come the spring. The "industry" is that of searching for night crawlers, a large worm for use of local fishermen. At least a few local persons, a boy and a girl, sell them to fishermen when obtainable.

This work of selling the large worms, which are used by anglers, is a dormant "industry" but it will thrive again, come the spring. The "industry" is that of searching for night crawlers, a large worm for use of local fishermen. At least a few local persons, a boy and a girl, sell them to fishermen when obtainable.

BRITAIN OFFERS NO AUSTRIAN AID

LONDON, Feb. 17 (UP)—Great Britain will make no attempt to interfere with Adolf Hitler's moves against Austria, it was declared today, stating that the government "do not think it lies with them to take any further steps."

Replying to a question by Winston Churchill, Eden said that the league of nations had "some duties in respect of Austria" but that the British government is not willing to make the first move.

He also said that the British minister at Vienna only knew of the meeting of Chancellor Kurt Schuschnigg and Adolf Hitler at Berchtesgarden on the 12th of the meeting and neither the views nor attitude of the British government had been invited.

He also said that the British minister at Berlin has been instructed to communicate to the German government the interest in his majesty's government in Austria and to urge the Austrian government, "Eden told Churchill.

CHRISTIE HEADS LIND'S SERVICE

The Lind garage building, formerly the home of the Balsch Motor company, was opened Friday afternoon under the name of Lind Motor service and will be managed by Glen Christie, it was announced this afternoon by Mrs. C. E. Lind.

Christie came to Twin Falls from Dodge City, Kan., where he had been engaged in the automobile business for 20 years as a service operator. He and his wife will make their home in Twin Falls.

A full force of expert service men and mechanics will be maintained at the new establishment, Christie said. It will be run as a straight garage and motor service firm.

Christie came to Twin Falls from Dodge City, Kan., where he had been engaged in the automobile business for 20 years as a service operator. He and his wife will make their home in Twin Falls.

Novelist Writing To 'Odd' as News Of Death Arrives

When plagues of the ungrounded dead the electricity is strong enough in the most ground that it irritates the worms who come to the surface, the surface of the earth is not the earth again before the hunter is successful in his or her quest.

By some queer coincidental quick, when this news was phoned from the Christiana to her suite in Sun Valley lodge, Faith Baldwin was busy penning a note on a picture of Sun Valley's abundant snows, to the beloved columnist who had stated in his column several weeks ago that he possessed a special method for snow and winter time.

Miss Baldwin was greatly affected by the news of the death of her friend, New York chronicler, for the novelist and he were very good friends.

THIS CURIOUS WORLD By William Ferguson

SNAKES HAVE NO TRUE VOICE! HAVING NO VOCAL CORDS THEIR ONLY VOICE IS A HISS, CAUSED BY AIR RUSHING FROM THE THROAT WHEN THE LUNGS ARE DEFLATED.

IT IS UNLAWFUL TO WRITE CHECKS FOR LESS THAN ONE DOLLAR.

The CHARACTERS

NOTE IN STUDYING TREES ARE: LEAVES, FLOWERS, FRUITS, BARK, BUDS, BUD ARRANGEMENT, LEAF SCARS AND TREE FORM.

Copyright 1938 by NEA Service, Inc. 2-17

Contrary to fanciful tales of snakes that bleat like deer, or purr like kittens, no species is known that can utter more than the commonly known hissing sound. Of course, rattlers can rattle their tail rattles, and some species can make a swishing sound with their scales.

SIDE GLANCES By George Clark
