YOUTH'S MUTILATED BODY FOUND BY PAYETTE RIVER

IN THE DAY'S PARADE

Replaces Eden

A personal friend of Adolf Hitler and advocate of an immediate German domination of Europe, Viscount Halifax, above, was believed certain to succeed Anthony Eden as Great Britain's foreign secretary. Observers predicted that Halifax would pursue the British diplomatic policy which prevailed before the World War—to make friends with the strongest nations first.

No. 1 Man

As the world anxiously waited to learn just what course Nazi Germany would take, chief figure in the crisis was Dr. Arthur von Seydewitz, above, minister of interior and public security. No. 1 man in the Austrian Nazi party, Seydewitz was running the show in that country for Reichsfuehrer Adolf Hitler, after a personal conference with the German chancellor in Berlin.

CRAZED CONVICT MURDERS GUARD

FOLSOM PRISON, Calif., Feb. 24 (UP)—Convict William Johnston, 32, struck with a head with a pickaxe wielded by a crazed convict, died today in the prison hospital two hours after the outbreak.
His attacker was Robert Sterling, 50-year-old convict-murderer from Sacramento.
Roy Taylor, secretary to Warden Clyde L. Plummer, said the man evidently "gave him the top," injured another convict working near him then injured the guard when he sought to subdue him.
Sterling, a Negro, by shooting him in the left shoulder. The fighting raged in the lower yard, where Sterling and other convicts were quarantined.
Johnston joined the prison guard corps in 1932, cutting here from stockton. He leaves a widow and six children.

ARMY WILL OPEN INVESTIGATION OF CCC BOY'S DEATH

BOISE, Ida., Feb. 24 (UP)—The death of a CCC youth, whose terribly mutilated body was found last night by a forest ranger in the snow blanketed wilds of the middle fork of the Payette river near Garden Valley, today drew the attention of a U. S. army board of inquiry.
The body, tentatively identified by scraps of clothing as that of Henry Hansen, 22, of Brooklyn, New York, was found by George Palmer, a U. S. army board of inquiry.

Went to Church
On Sunday, Jan. 16, some of the men of the camp went to church in Garden Valley. Supposedly, Hansen followed them, alone. But he did not appear at church services and for seven days after that he was listed as dead.
When the seven days were up he was automatically discharged and presumed forgotten—the way all deserters from CCC camps are treated.

Apparently, no one instituted a search for the boy. Lieutenant George O. Simons, in charge of the camp, was not even sure that Hansen was the boy who had disappeared.
Dead About Six Weeks
But the body had been dead about a month and a half and this coincided with the Hansen disappearance, the boys at the camp pointed out.
The mystery of the affair is that Hansen had wandered off in the wrong way from camp. His body was not found on the road to the church. Instead, it was found behind the camp.

WATER ROTATION DECIDED ON HERE

Citizens of Twin Falls who use city water for sprinkling purposes during the spring and summer months, will go on a rotation basis, probably early in April, it was announced here this afternoon by Leonard Avant, street and water commissioner.
Threatened as being necessary for the past several years, the rotation of sprinkling this year will be an "absolute necessity," Mr. Avant said.

He pointed out that increase of the city population in general has resulted in more taps being installed on the city lines, and that the present filter plant is limited as to production of treated water.
"With spring and summer," he said, "the demand for water is greatly increased, as everyone knows. The time has been reached when we cannot keep keeping the supply of water through the plant."
In the immediate future a plan will be worked out and published regarding the rotation method, Avant said. It will probably either take the city by division, giving each section certain days on which sprinkling will be permitted, or it will let out numbered houses sprinkling at a certain time and even numbered residences at another designated time.

Duce's Position Strengthened

His power in European affairs now greatly strengthened, Italy's Premier Mussolini is shown here, in a picture newly received in America, as he proudly reviewed his own Mauthausen on the fifteenth anniversary of his landing. Moves for a rapprochement of Britain and Italy, following the breakdown of British governmental opposition to Fascism, greatly improved Duce's position on Europe's diplomatic chessboard.

Jury Probes Deeply Into State Bureau of Highways

**OLDER BOYS WILL

Group for 3rd Straight Day
Auditor Testifies Before

BOISE, Ida., Feb. 24 (UP)—Ada county's grand jury, lacking five days of having completed a month of investigation into state government, today was apparently deep in inquiry into the state bureau of highways, a branch of the department of public works.
James Munro, director of a group of certified public accountants who compiled an audit of the highway department at a cost of \$25,000, was called by the jury. It was the third consecutive day he had appeared.
Munro was called once before during the early stages of the investigation, presumably to report to the jury as to the status of his audit.
The grand jury took infinite precautions to prevent possible leaks from the jury room. Workmen painting the new but temporary court house which county offices are housed were warned to stay away from the windows behind which the jury's actual hours of investigation.

Meantime, bond had been satisfactorily arranged for both Ira J. Taylor and Tony Phelan, named in indictments returned Monday night by the jury. Both were accused of embezzlement and misuse of prison funds.
Taylor, present commissioner of public works and chairman of the state Democratic party, was warden of the prison during the time Phelan was chief clerk.
Appears March 8
Phelan resigned at the end of his eighth month under Warden William Goss when preliminary examination of the prison books revealed a shortage.
Phelan will appear March 8 for arraignment and Taylor, confined in a hospital, will appear when he is released. Taylor's physician and also penitentiary doctor, showed that the (Continued on Page 2, Column 1)

QIBBISHORE, N. J., Feb. 24 (UP)—The borough council ruled that relief clients who own automobiles should have their license tags in exchange for food orders. "Why should we support persons who have cars?" asked Mayor Lucius W. Parker. "It is true that we don't give any money to relief clients, only food orders. That makes us wonder where they get money for gasoline." The license tags will be kept by the relief director until the car owners go off relief.

FISHERMAN
NEW YORK, Feb. 24 (UP)—Conservation Commissioner Lilliput Governor went fishing in the heart of New York City and landed in a two-pound trout. It was a nice catch, he thought, but there was another catch. He did his fishing in a pool at the National apartment show at Grand Central Palace.

Anxious Millions Wait for Arrival of Fleet Reported On Way to Island Bombing

**100,000 Acres in South
Flooded as Levee Breaks**
**ALARM SOUNDED
THROUGH SOUTH
AND WEST AREA**

FULTON, Ark., Feb. 24 (UP)—Levee breaks along the Red river a few miles south of here eased pressure today against an emergency dike, the only barrier protecting this community from flood waters. The latest break occurred near Bayland, 20 miles south of Fulton. Water poured across thousands of acres of lowlands and caught hundreds of families in their homes. One highway in the section was blocked and loss of livestock was heavy.
C. A. Shepley, planner, estimated 100,000 acres were flooded by the latest break. Townpeople in Garland City put out in floods to rescue farm families who were marooned and army engineers directed that motorboats be sent from here. The area inundated was thickly populated.
Damage to the land was heavy as much of it had been turned under in early spring plowing.
The break, sudden and unexpected, was fortunate for Garland City as it relieved pressure of the water battering against levees protecting that town of about 200 persons.
The river was five miles wide. Normally it is about 250 yards. Population of Fulton was practically doubled by the influx of refugees, they would be in grave danger if the emergency dike crumbled.

Vessels Damaged as Fog Hangs Over Bay

SAN FRANCISCO, Feb. 24 (UP)—A dense fog, which caused six collisions, involving ten vessels, in the past 24 hours, still hung over the San Francisco bay today. Vessels involved ranged from ocean liners and ferryboats to a four-masted steamer schooner.
The fog—thickest of the year—additionally kept transcontinental and coastwise airplanes grounded, forced a transfer of planes to the airport and caused a number of plane crashes and injuries to 10 persons.
All bay craft proceeded at slow speed during the morning.
Neither Vessel Damaged
Neither vessel was damaged seriously when two motorboats, the Balboa and Saxon, crashed as they attempted to pass the Golden Gate during yesterday's fog. Two ferryboats, the Southern Pacific's Santa Clara, and the Key route's San Lorenzo, collided with minor damage near the city shore.
The auto ferry Mendocino and the passenger liner Oakland, both Southern Pacific craft, brushed bows. Swift tidal streams swung the Italian motorship Felia into the San Francisco wharf, the victim of a collision with the Balboa.

Ale Ferry Struck
The Golden Gate auto ferry Tarry was struck a glancing blow by a unidentified boat just as the ferry was entering its local slip. Plates of the motorboat's engine and other debris were seen when the U. S. customs boat Golden Gate collided with it off the Marina.
The McCormick line steamer San Pablo ran aground in the Oakland strait, but was refloated with little difficulty.
Ten persons were injured and 15 cars damaged in a pile-up on the tank farm hill road near San Pablo, Contra Costa county.

SENATE DEBATES FUNDS MEASURE

WASHINGTON, Feb. 24 (UP)—Debate broke out over the national labor relations board today during Senate consideration of the \$142,000,000 independent offices appropriation bill, the first measure on the calendar after passage of the quarter million dollar relief deficiency bill.
Chairman Carl Glass, D. Va., told the senate that some appropriation committee members opposed to abolishing the NLRB and he defended the committee's reduction of the board's appropriation from \$2,850,000 to \$2,150,000. Chairman Robert D. Thomas, D. Utah, of the senate education and labor committee, defended the measure before the senate. He said the measure was a house military affairs committee measure headed by Rep. Bowditch, D. O., made plans for an investigation of the army air corps. The measure will be executive and the purpose was to forward through the senate.

**BOISE GAMBLING
DEVICES RAIDED**
BOISE, Ida., Feb. 24 (UP)—It was generally believed today that the Ada county grand jury had ordered a drive on gambling devices in the city of Boise.
J. Ewer Harris, chief of the city police force, was called before the grand jury for a brief session and immediately after his return to the city hall, officers began a systematic and blanket-like raid of poolrooms, cigar stores, and drug counters.
Using city-owned trucks to haul the equipment away, the men confiscated slot machines, dice tables, roulette wheels, pinball machines, punch boards, and punch-board machines.
A preliminary warning issued by the police force had concerned only pinball machines and slot machines, it was understood.

**7 SQUADRONS IN
RAID ON ISLAND**
SHANGHAI, Feb. 24 (UP)—Chinese air force headquarters said officers today that seven squadrons of Chinese planes took part yesterday in raids on Formosa, Japanese island off the southern coast of China. It was impossible, headquarters said, to determine the extent of damage. Observers speculated widely on the results of the raid, which was completely new development in that it took the war to Japanese soil.
Some suggested that the government wanted to take the mind of people abroad off Europe and bring interest back to China's plight; others thought the government sought to appease authorities of the Canton area, where Japanese have been bombing severely for weeks. Most of the Japanese planes have been sent north to reinforce the national government air force.
No information was available here on the identity of pilots who took part in the raid. Russian sources suggested the possibility that Russian pilots might have participated, and made of the raid a celebration of the anniversary of the founding of the Soviet Russian army.

**Townsend to Fight
Sentence to Finish**
WASHINGTON, Feb. 24 (UP)—Rep. Francis E. Townsend, 71-year-old leader of the old-age pension movement, announced today he will "fight to the finish" to avoid serving a jail sentence for his part in the house of representatives.
Townsend announced his decision after a conference with his attorney, J. Edgar Hoover, who said he did not believe Townsend would be sentenced to jail. He said he would fight to the finish to avoid serving a jail sentence for his part in the house of representatives.

Democratic-New Deal Political Front Split on Half Dozen Sectors

CAMPAIGN GETS UNDERWAY FOR McNUITT BACKING

By LYLE C. WILSON
WASHINGTON, Feb. 24 (AP)—The Democratic-New Deal political front was broken in half a dozen sectors today as statemen maneuvered for political prizes to be won in the 1938 and 1940 elections.

The campaign of Paul V. McNutt, high commissioner to the Philippines and former governor of Indiana, for the 1940 Democratic presidential nomination was judged by observers to be well underway with sponsorship by associates of the candidate-to-be.

McNutt was honor guest yesterday at one of the capital's biggest parties, a hotel reception arranged by Sen. Sherman H. Hays, D., Ind. The high commissioner denied that he was a candidate for anything. But observers were content to base their judgment on the fact that McNutt was here for the occasion, to see Paul V. McNutt as President of the United States.

Barkeley Oppositionists
Perhaps the most important politically was last night's announcement by Gov. A. B. (Happy) Chandler of Kentucky that he would oppose McNutt. Alben W. Barkley for the Democratic senatorial nomination this year despite White House support of Barkley's candidacy. Kentucky is one of the states in which Mr. Roosevelt has intervened with preliminary indications of his favorite candidate.

Barkeley was chosen Democratic leader of the senate last summer because Mr. Roosevelt insisted that he get the job. New Deal prestige would suffer considerably if Kentucky Democrats refused to renominate Barkley.

Lewis Cloud
Chairman John L. Lewis of the committee for industrial organization has clouded bright New Deal skies in Pennsylvania by backing at state Democratic plans to nominate A. J. Jones, of Pittsburgh, for governor and Gov. George H. Earle for the senate. Lewis, claiming 800,000 labor votes in Pennsylvania, wants Lieut. Gov. Thomas Kennedy, a CIO colleague, to have the gubernatorial nomination.

Conservative Democratic factions
The New York state politics is stirred by reports that Mr. Roosevelt favors Assistant Attorney General Robert H. Jackson, No. 1 on the state ticket, for Democratic gubernatorial nomination this year. There are reports that Gov. Herbert H. Lehman, long a personal and political ally of Mr. Roosevelt, may buck the White House by seeking a fourth term in the hands of the conservative Democratic factions.

CASSIA SECURITY TOTAL AT \$6,381
BURLEY, Feb. 24 (Special)—The social security payroll for Cassia county during February amounted to \$6,381, according to the local office of the department of public assistance. The money was divided among the various classes as follows: 10 old age cases drew \$4,361; six blind recipients got \$68; 78 families of dependent children were given \$1,952.

The county paid \$1,385.82 of the total amount, the remainder came from the state. Direct relief cases were given \$1,321 by the state. State cash assistance came to \$7,712 disbursed among 353 families in the county.

The office announces also that any person drawing social security funds who desires to leave this county permanently is urged to call at the office for information.

SERVICES HONOR BURLEY WOMAN
BURLEY, Feb. 24 (Special)—Funeral services were conducted Monday at 2 p. m. for Julia V. Nelson, wife of D. H. Nelson, who died Feb. 17 at her home here. The rites took place at the Methodist Episcopal church with Rev. Mr. Neuenmuller of Payette officiating.

Interment was made in the Burley cemetery under the direction of the Johnson mortuary.

Country Teacher's Not Stick-in-Mud Nowadays

Contrary to general belief the so-called "country school teacher" is not a stick-in-mud. Otherwise he, or she, as the case may be, is probably more active in community enterprise and more "up on the current events" than his city counterparts.

At least this was what an Evening Times reporter found out yesterday afternoon when visiting the Pleasant View school, southeast of Twin Falls on the highway to Nevada. And what he found was in fact a typical one of rural teachers all over south central Idaho.

Knocking on the door the reporter was admitted to one of the two-class rooms by Herbert Burgess, 28-year-old Idaho Normal school graduate who hails from Castleford and who is in his first year of teaching. He handles fifty to eighty grade students ranging in age from 10 to 14 years. Miss Ada Marie Ripley teaches the lower grades.

National, state and local as well as foreign events find an important place in classes under Mr. Burgess, the reporter discovered, and source of most of the information comes from this newspaper.

"We believe that the students should take an interest in what is going on in the world around them," the teacher said, "and because of this we have a brief discussion on current topics each school day."

"The students are urged to discuss activities among themselves and no matter the discussion topic, the teacher is always divided. We try to select items which we know will be down in history in times to come. And, I might say, this division among the class tends to bring out points which otherwise would not be discovered," he said.

And the reporter found out that on the average, the country school youngster knows more about his father's occupation than a majority of the city students.

For instance, Mr. Burgess pointed out, there is not a student in his class who doesn't know how the crops are coming along this year. They

know planting and they know harvesting to any notion of the latest methods in irrigation. They can tell you how many bushels a certain crop should give to the acre and also how much their father's farm is producing. They know what the government is doing for the farmers and what it isn't doing.

Confide in Teacher
Then, too, they confide more in their teacher than does the city student who usually attends school in more or less crowded classes. For instance Burgess knows how many of the dads and mothers get along, what they say at the breakfast table, how hard it is for mother to get father to put on his Sunday suit, how she tries to stop him from smoking and how he, in turn, tries to discourage her social activities. But one thing is certain—Mr. Burgess never discloses anything which his students confide to him. Just to see what constituted an "average" week for this young teacher, the reporter asked what he did each school night and also each day when there was no school. Here it is:

Monday: plays basketball; Tuesday: goes to school; Wednesday: goes to school; Thursday: at home again with reading; Friday: date night; Saturday: usually goes home to Castleford to visit with his folks; Sunday: goes to church in the morning and evening.

He's Coach, Too
Aside from regular school duties, which includes sweeping and cleaning his room each evening, he sometimes has to have a "heart to heart" talk with some pupil who gets off "on the wrong foot." And he finds that a good talk is worth several "lickings." He coaches the boys and girls in sports and is starting track practice at the present time.

His twin brother, Robert, teaches at the Lost River school at Moore, near Arco. It is his first year also.

And regarding whether or not he will stay in teaching—that all depends, although he's "completely satisfied" right now.

LIBRARY NAMES ADDED VOLUMES

Librarians have announced the addition of 34 new books and two new magazines, Iron Age and World Horizons, to the shelves of the public library. The second publication is a magazine for young people.

The new volumes:

HAGERMAN GROUP OPPOSES \$5 FEE

HAGERMAN, Feb. 24 (Special)—Opposition to the proposed \$5 auto license fee was voiced by a resolution adopted at the regular session of the Hagerman Valley Grange on Monday.

No-host dinner opened the meeting and a program was presented with a discussion of "Why More People Don't Vote at the Primary" by P. C. Mariner and R. Kennelott and a reading by Mrs. Roy Vree and a talk, "Specializing on the Raising of Watermelons," by Sen. W. Glaumer.

Twenty members were present.

MOTOR CAR HITS ACEQUIA WOMAN

RUPERT, Feb. 24 (Special)—Mrs. L. Allen Acequia is suffering from shock, bruises and a broken collar bone sustained when she was struck Sunday by a car driven by Will Hansen, daughter of Will Hansen.

Both women were departing from church services. Mrs. Allen, 40, and Miss Hansen in a car. It is thought that Miss Hansen became confused and could not turn or apply brake soon enough to avoid striking Mrs. Allen, who is recovering at her home.

Former Valley Boy Given Appointment

HAGERMAN, Feb. 24 (Special)—J. D. Hayes, director of Idaho state employment service, Boise, was calling on friends in Hagerman Tuesday. Mr. Hayes, former superintendent of the schools here, stated while here that his oldest son, Sam Hayes, a junior this year in the Boise Junior college, had received an appointment for West Point and would enter in July, at the age of 18 if the physical examination which he had to take the first of March was accepted. His son's scholastic examination for entrance to West Point had been waived. Mr. Hayes stated, because of his scholastic average for the past four years.

ORPHEUM
Now showing—"Thrill of a Lifetime," Dorothy Lamour.

Fri., Sat.—"County Chairman," Will Rogers.

Rogers Returns In Orpheum Film

Will Rogers will be happily seen again at the small-town political firebrand of George Ade's uproarious classic of American humor, "The County Chairman," which opens a two day engagement at the Orpheum theater Thursday.

Warm in friendship, but too hot to handle in a fight, yet willing to surrender victory when it threatens to break-up young love, "The County Chairman" is the perfect vehicle for America's beloved humorist, rivaling his endearing performances in such characteristic roles as "David Harum" and "Judge Priest." The homespun humor is rich in real American flavor, and a highlight of the film is one of the famous election-night torch-light processions which made campaigning at the close of the century periods of gaiety and celebration.

Fairbanks, Jr., in Idaho's Offering

"When Thiel Meets Thiel," the thrilling story of a "human fly" burglar, brings Douglas Fairbanks, Jr. to the Idaho theater for two days beginning Thursday in his most romantic role to date.

This third offering of the recently-formed Criterion Film Productions, headed by Fairbanks, Jr., and Marcel Hellman, casts the personable young producer-star as Ricky Morgan, a young college man who drifts into the bootlegging racket with the brutal Jim Dill.

Lovely Valerie Hobson, who scored in a number of Hollywood hits, appears opposite Doug, Jr., as Gloria, and the veteran Alan Hale plays Jim Dill.

Annual Winter Picnic Staged by Federation

The annual winter picnic of the Rural Federation of Women's clubs was held yesterday afternoon at Odd Fellows hall as the highlight of the season's club activities. Two hundred members of the various affiliated clubs were present.

Corsages were presented to Mrs. Stuart Severens, president of the first district, and Mrs. Ray Treadwell, president of the Rural Federation, by the Mrs. Lee Smith on behalf of the clubs.

Following the corsage hour a program was presented with Mrs. Severens as principal speaker. Miss Pearl Stokesberry, accompanied by Miss Barbara Sutcliffe, played a violin solo.

Several readings were given by Mrs. Ruth Johnson, followed by guitar and harmonica numbers by Clifford Pratt and Arthur Molyneux. Mr. Swartziger gave a reading and the clubs joined in community singing and song solos.

Chairmen of the committees in charge of the arrangements were Mrs. W. A. Poe, kitchen; Mrs. T. C. Bucklin and Mrs. Walter Stivers, dining room; Mrs. Chris Sills, decorations; Mrs. E. B. Hopkins, reception; Mrs. D. R. Johnston and Mrs. Albert Puttler, music and dancing.

The 14 clubs belonging to the Federation and represented yesterday were Gem State Study, Kinsley Road, Mountain View, Sunshine Circle, Blue Lakes Boulevard, Wayside, Unity, Emission, Country Woman's, Lend-a-Hand, M. S. and S. Mentor, Semper Fidelis and the Morningglade club.

DINNER GIVEN BY CLUB FOR HUSBANDS

Members of the Thalia club were hostesses last evening to their husbands at a pot-luck dinner arranged at the home of Mr. and Mrs. J. E. Tomlin. Sweet peas centered the buffet table.

After the dinner a short business session was held and five tables of cards were at play. Prizes were received by Mr. and Mrs. Morris Moore and Mr. and Mrs. Carl Weaver. Mrs. Alphonse Dealey's birthday was honored.

The next meeting of the club will be held on March 9 with Mrs. Orville Gray.

SHOWER ARRANGED FOR AUTUMN BRIDE

Mrs. Vernon Personette, Jr., whose marriage was recently announced, was guest of honor on Tuesday evening at a shower given at the home of Miss Helenia Smith. The evening was spent at games with prizes going to Miss Erva Balmer and Miss Rosemary Clark and at a late hour refreshments were served.

Guests were Mrs. Personette, Jr., her mother, Mrs. Ralph E. Leighton, and her mother-in-law, Mrs. Vernon Personette; Miss Clark, Miss Balmer, Mrs. Merle Wylie, Mrs. Lee Smith, Miss Marion Kloppenburg, Miss Leone Fisher, Miss Mari Lang and Miss Evelyn Guest.

Remodeling Finished By Bliss Grangers

BLISS, Feb. 23 (Special).—The remodeling of the Grange hall was finished Friday after a week's work. Partitions were torn out of the east wing of the building which was formerly a rooming house and were used to make tables, benches and other accessories and repairs. A more convenient lighting system was installed.

The men of the Grange, under the leadership of Warren Farnsworth, did all the work and the Grange ladies took in a pot-luck dinner which was served to the men. The ladies washed windows, scrubbed and cleaned.

The hall now has a lodge room and a care-taker's apartment on the ground floor and kitchen and dining room in the basement.

BETTER ENGLISH CLIMAX PLANNED

Local observance of American Better English Week will culminate with the presentation of an assembly program next Monday at the high school auditorium sponsored by the English department, Mrs. Rose M. North, department head, announced last evening.

A one-act play, "Sauce for the Goolinga," by Warren Ivan, will be presented under the direction of Miss Josephine Throckmorton. All members of the cast and the production staff are students in the English department.

Better English
"This year English is being taught as an integral part of the student's personality, a determining factor in his success or failure in the business, professional or social world," Mrs. North said. "The 10 instructors in the English department are making a concerted effort to present English as a 'core' subject, not just something to be 'recited' on a period each day and passed or failed at the end of the semester."

"To speak simply but well; to develop the art of writing correctly; to cultivate a love of good reading, as broad as the field of books, and to develop the art of listening," she gave as objectives toward better written and spoken English.

Special emphasis on enunciation and pronunciation have comprised English class assignments this week and bulletin board displays have called attention to the observance.

Members of Cast
Appearing in the play next Monday will be: Fred Latham, as Robert Taylor; Jane Douglas, Elizabeth Taylor; Frances Thompson, Margaret Taylor; Dee Jenkins, Richard Taylor; Madeline Bracken, Martha Lee; Don Thorpe, James Ward; Doris Reed, the maid.

Production staff will include: General chairman, Betty Rae Harvey; publicity through posters, Becky Victor and Mary Hance; properties, Joyce Miller, Margaret Van Engelen and Hazel Terry; make-up, Mary Frances Baker and Arlene Smith; programs, Virginia Newell; stage manager, Colleen Goodyear; music, Ebel McCleary and Barbara Butch; doorman, Willie McBride; Arlene Porter and Patsy Warner; waiters, Janet Coleman, Marie Lockhart, Mildred Richmond, Dorothy Mayner, Irene Spencer and Irene Villa.

Idaho's Spuds Win Fame in New England

Idaho invaded the stronghold of its chief potato competitor today and emerged with lavish praise for choice Idaho spuds.

The prize came from Boston, Mass., right in the heart of the Maine potato marketing area. It was contained in a letter to Truman Greenleaf, Twin Falls rancher, from O. E. Young, of Wellesley, Mass., and son, representatives in Boston for house furnishings, toys and electric appliances.

And here's what it said:
"We just received some Idaho potatoes from Mr. Hinkle of the Salt Lake Hardware company, and words cannot express our appreciation for receiving such wonderful potatoes which to the writer's knowledge no one in the east, and we mean the New England territory, has ever seen."
"We brought these potatoes to our home, and we do not believe that our family enjoyed anything better than these delicious potatoes."
"We realize that you are quite some distance from us and that it is quite possible that once in a while we would like to get some more of these potatoes, and we would appreciate your advising us if you have any method of packing these for shipment and what the cost of potatoes the same as we received would be."

Mr. Greenleaf said today that he's sending the requested data, and expects some more of Idaho's finest to invade one of Maine's choicest markets.

DECLO

Tom Smith has returned home from Salt Lake where he had been for medical treatment.

Mr. and Mrs. Lyman Penrod announced the birth of a baby boy on Feb. 11.

Chester Parks left last week for Mayo Brothers hospital where he will receive treatment. This is his second trip there.

Wayne O. Lewis was kicked by a horse Saturday and sustained two broken ribs.

Plans are being made for the Ward reunion which will be held Friday. The program and lunch will be held in the meeting house and a dance will be held in the recreation hall. The children will be entertained Saturday.

John L. Hunsaker returned to his home Saturday after spending the week visiting his sister, Mrs. Hyrum G. Lewis, who has been ill.

Maybe This Is Why You're Constipated

Perhaps the kind of food you eat doesn't give your bowels anything to work on. Meat, potatoes and bread don't help. You need a lot of soft, bulky mass that will help move your bowels. It's a dish of cereal, especially Kellogg's All-Bran for breakfast. It's not just the kind of food you eat, but the way you eat it. And in addition, it contains the intestinal tonic, vitamin B, which helps to keep the bowels moving. It's a healthy habit to eat a bowl of All-Bran every day. It's a healthy habit to eat a bowl of All-Bran every day. It's a healthy habit to eat a bowl of All-Bran every day.
