PREMIER RISKS OVERTHROW FOR CONFIDENCE BID

By LOUIS F. KEEMLE

The French government, perturbed by the trend of events in Europe and especially the danger of a strain on the British-French alliance because of Britain's overtures to Italy, went to parliament today to find out where it stood.

The cabinet's existence was in danger. Premier Camille Chautemps risked overthrow in a bid for a vote of confidence giving the cabinet a mandate to shape France's foreign policy.

The government was a bit uncertain as to what line it should pursue and apparently hoped to get a clue from the debate in the chamber of deputies.

Anxiety Eased. Anxiety over middle Europe was eased somewhat by Chancellor Kurt Schuschnigg's defiant speech last night.

Britain Has Troubles. The British government, meanwhile, was having its own troubles.

Overthrow of the Chamberlain government would also bring Britain's foreign policy radically, so that any measures taken now might be cancelled later.

Session Called ON MEAT PLANS

Community meeting to hear full explanation of the program of Associated Meat Producers, Inc., in the proposed meat plant in Twin Falls, was called today for 2 p. m. next Wednesday, March 2, at Chamber of Commerce headquarters.

Call for the meeting was issued this afternoon following the regular session of the board of directors at the Park hotel.

Lanchers Invited. The session, sponsored jointly by the chamber and the Associated Meat Producers, will be chiefly for ranchers of the entire Twin Falls area, although business men are invited to hear the explanation of objectives.

Sign-up of Associated members in the Twin Falls area began this week under John Tremonty, Jerome, field manager.

Central Calendar. New departure in facilitating local organizations in sections of meeting dates to avoid duplication was inaugurated by the chamber with decision to institute a "central calendar."

Revolt Reported In Loyals' Ranks

PARIS, Feb. 25 (UP)—Reports from the French border city of Perpignan said today that part of the loyalist garrison at Barcelona had revolted on the grounds that it would be a useless sacrifice to go to the Terrel camp.

JAPANESE AIR FORCE RETALIATES FOR RAID

By JOHN R. MORRIS

SHANGHAI, Feb. 25 (UP)—Japanese airmen, retaliating for the raid on Formosa, made their attacks against south China airdromes today in an attempt to cripple the Chinese bombing forces.

Twenty Japanese planes raided Nanyang, north of Canton, and shot down eight of 12 Chinese defending aircraft, the Japanese naval spokesman announced. Four or five Chinese bombers on the ground also were destroyed and hangars set afire, he said.

In addition, he said, attacks were carried out against the airdromes at Chihalen, Kwangtung province, and Yushan, Kiangsi province, and the Canton-Hankow railway was bombed at several points.

The Chinese high command has ordered the Chinese forces not to retreat south of the Yellow river but to stay in northern Honan province and engage in guerrilla tactics.

Beet Men Convene; Rupert Bans Split

RUPERT, Feb. 25 (Special)—

Unanimous vote of 50 beet growers of Minidoka county in the Idaho State Beet Growers' association was on record today after the largest meeting of beet men ever held in Rupert.

The decision came as a result of opinion expressed that the best interests of the growers were served by remaining with the state organization. The result of the balloting came as a direct contrast to the action of several groups in this section which decided to break away from the state association.

Chief Speakers. Speakers were George T. Cobbley, Blackfoot, former state association president; Andy Bickel, Rupert, former state association officer, who discussed organization accomplishments; and M. E. Willis, Rupert, who explained the 1938 contract.

Other state officers present were Preston Ellsworth, Lewisville, president of the state organization; Mr. Willis; W. E. Willis, Blackfoot, Idaho Falls, secretary-treasurer; and H. N. Wray, Blackfoot, state director.

Contract Acceptable. The action to remain in the association tacitly carried approval for the 1938 contract, which had received approval of the Idaho organization last Tuesday.

Taylor Undecided in Fight with O'Malley

BOISE, Ida., Feb. 25 (UP)—

Attorney-General J. W. Taylor said today he had not decided whether to carry the case of P. C. O'Malley, former manager of the Idaho state insurance fund, to the state supreme court.

O'Malley was declared entitled to \$27,000 salary withheld by State Auditor Harry Parsons yesterday by Judge Harry Reed in Coeur d'Alene.

The salary was withheld after the attorney general recommended to Gov. Barzilla Clark that the fund manager be discharged because of alleged overdrifts of departmental appropriations during his directorship. The advice was based upon an opinion from the supreme court which, although not mentioning O'Malley, held that a departmental manager was subject to immediate disqualification should overdrifts be incurred during his tenure of office.

O'Malley sued for recovery of the salary and cross suit by the state was instituted to recover approximately \$7,000 in salaries paid him during the period the overdrifts allegedly took place.

Judge Reed held that O'Malley should receive his salary and that the state could not recover other salaries paid him.

Politics, Romance Bring Princesses To U. S.

Princesses Myrthen, Maxhilde and Rubile (left to right, above), unmarried sisters of King Zog of Albania, are shown as they prepared for a visit to the United States. Their program is reported to include: cultural investigation into American manners and customs; a diplomatic mission to secure the return from the custody of Premier Bhuvan Fan Noh, fugitive since his brother's seizure of power; and a quest for romance.

Pershing Given Little Chance Despite Rally

TUCSON, Ariz., Feb. 25 (UP)—General John J. Pershing's medical condition showed "some slight retardation," and his body temperature is above normal, his physician, Dr. Roland Davison, reported at 1 p. m. (MST) today.

His blood pressure and heart action are quite satisfactory, Dr. Davison said.

"We are forced to give a very guarded prognosis but still are encouraged," he said.

Although his physicians gave him little chance to win the battle against a heart ailment, the 77-year-old general was able to attempt a joke with his chauffeur.

General Pershing was roused from a coma when Master Sergeant G. G. Schaeffer, his chauffeur and aide for the last 10 years, leaned over his bedside and asked: "General, do you know who this is?"

Gen. Pershing looked up, smiled and said: "I don't know what you call yourself now, but you used to be Sergeant Schaeffer."

Dr. Roland Davison at 7:30 a. m. (MST) said the general's condition was unchanged since the early hours of the morning when he seemed to rally after being given stimulants.

The war commander was having periods of partial consciousness, the physician said.

"General Pershing's rally continues," Dr. Davison added, "it is now better than since early yesterday afternoon. However, no prediction can be made at this time for his condition still must be regarded as critical."

The general was given a stimulant injected intravenously in the calves of his legs. A nurse said the stimulant was a special preparation called hypodermolysin.

Grouped at his bedside, in a hospital cotage on the fringe of the quiet, wakened Gen. Pershing from his long sleep, were his son, Albert and nephew, and a few old family friends and attendants.

THREE DIE WHEN AIRPLANE FALLS

SAN LUIS OBISPO, Calif., Feb. 25 (UP)—Two titled English guests and the pilot who was flying them died when a biplane crashed into one of the publisher's airplanes in a flaming crash in a fog on Hearst's San Simeon ranch near Hearst.

The dead: Baron Terence Conyngham Plunket, 36, sixth baron of Plunket, member of the Irish parliament, and close friend of King George of England.

Fannie Ward's Daughter. Lady Dorothy Mabel Plunket, 38, daughter of Fanny Ward, the actress, heiress to a \$200,000 fortune, and a lady-in-waiting to Queen Elizabeth.

Pilot P. J. (Tex) Phillips, of San Diego, Calif., a motorcycle policeman who flew for Hearst in his spare time.

A third guest was seriously injured, James Lawrence, son of the late Walter Lawrence, a London contractor, was burned and one of his ankles was fractured.

Overlooked Field. The plane overlooked the private airport of the ranch yesterday afternoon and crashed about four miles from the big hilltop mansion where Hearst and other friends were gathered to welcome them. Clouds rushed down the winding drives from the ranch to the wreck.

Lord and Lady Plunket were trapped in the blinding cabin. The pilot was thrown a short distance from the plane.

ONE KILLED, FOUR INJURED IN CRASH

RENO, Nev., Feb. 25 (UP)—One person was killed and four persons were injured, one seriously, today when a private cabin plane went into a steeply pitched takeoff from the Reno airport early today and crashed from an altitude of 100 feet.

Robert Hancock, 52, San Francisco, described as one of the oldest pilots still in active service, was killed instantly.

77-Year-Old World War Chief Near Death at Tucson, Ariz.

TUCSON, Ariz., Feb. 25 (UP)—General John J. Pershing's medical condition showed "some slight retardation," and his body temperature is above normal, his physician, Dr. Roland Davison, reported at 1 p. m. (MST) today.

His blood pressure and heart action are quite satisfactory, Dr. Davison said.

"We are forced to give a very guarded prognosis but still are encouraged," he said.

Although his physicians gave him little chance to win the battle against a heart ailment, the 77-year-old general was able to attempt a joke with his chauffeur.

General Pershing was roused from a coma when Master Sergeant G. G. Schaeffer, his chauffeur and aide for the last 10 years, leaned over his bedside and asked: "General, do you know who this is?"

Gen. Pershing looked up, smiled and said: "I don't know what you call yourself now, but you used to be Sergeant Schaeffer."

Dr. Roland Davison at 7:30 a. m. (MST) said the general's condition was unchanged since the early hours of the morning when he seemed to rally after being given stimulants.

The war commander was having periods of partial consciousness, the physician said.

"General Pershing's rally continues," Dr. Davison added, "it is now better than since early yesterday afternoon. However, no prediction can be made at this time for his condition still must be regarded as critical."

The general was given a stimulant injected intravenously in the calves of his legs. A nurse said the stimulant was a special preparation called hypodermolysin.

POCATELLO DECORATOR ASKS \$85,000 DAMAGE FOR BANQUET QUONDER

POCATELLO, Ida., Feb. 25 (UP)—

A \$85,000 damage suit on file in fifth district court here today grew out of an incident alleged to have taken place at the Pocatello Democratic Jackson day banquet Jan. 8.

Leo Henkora, an interior decorator, filed suit against Maurice Hinkley, county clerk, and Harold C. Hinkley, city councilman in that amount.

Henkora charged that Puginer and Hinkley forcibly ejected him from the banquet allegedly causing him to fall in the floor of the hotel lobby with such force that he broke his left leg.

DETAILS

BALT LAKE CITY, Feb. 25 (UP)—

A. T. Wilson, 25-year-old California miner, wants to go to jail for his "confessed" theft of \$1,000 worth of gold, he must give additional details of the crime.

Authorities turned him out of jail yesterday because they were unable to find any trace of the crime at the Grass Valley, Calif., mine where Wilson was formerly employed. Wilson's confession alone was not sufficient to bring a case against him, police said.

Wilson surrendered himself a week ago, "because of a troubled conscience and a desire to get square with the law."

FARMER ADMITS THREAT TO GABLE

PONDA, Ia., Feb. 25 (UP)—A lanky, unemployed farm worker admitted to federal agents today that he sent a \$1,000 extortion note to screen actor Gable to "split" a pretty young widow who spurned his love.

Clayton Forsyth, 38, mailed the note in Gable two weeks ago, signaling the end of his "love affair" with Mrs. Gable, 26, member of a respected Iowa family. He said he had no plans for doing anything more than sending the letter.

"I did it for spite," he said, "I fell in love with her, but she wouldn't pay any attention to me. Her father would not let me near his niece."

G-men slipped into the little community yesterday, arrested Forsyth and transferred him to the county jail at Ponda before the town folk, and even the town marshal, learned of the case.

L. M. Chipman, chief of the Des Moines office of the federal bureau of investigation, said Forsyth, who had no criminal record, was traced through his handwriting.

GROUP IN HOUSE LOPS 4 MILLION OFF 1938 FUNDS

WASHINGTON, Feb. 25 (UP)—The appropriations committee today reported to the house a \$125,498,730 interior department supply bill, \$7,447,557 less than the current appropriation and \$1,990,635 less than asked by the administration.

Principal cuts in the bill were in reclamation, education office, bi-luminous coal commission and Indian office funds. The measure would provide funds for a publicly bureau in the interior department but did not give Secretary of Interior Harold I. Ickes the \$50,000 he requested for this purpose.

Chief Reductions. Chief reductions from 1938 fiscal figures were: \$4,017,000 in reclamation project funds; \$2,761,700 in national park funds; \$1,464,950 in education office funds; \$930,000 in coal commission funds and \$1,110,469 in Indian office appropriation.

By combining the publicly item with lesser office salaries, the committee recommended \$55,800 more for those two purposes than was appropriated for this fiscal year. But the bill would require salaries and publicly was \$20,000 less than he requested.

The committee recommended that the department continue studying and begin further studies of mineral and raw materials to find deposits and to study mining and refining methods "looking to their availability domestically in time of war."

Dam Appropriations. The bill included \$3,000,000 to add two generating units at Boulder dam, \$500,000 to continue construction of the All-American canal, \$2,000,000 for California's national valley project, and \$13,000,000 toward completion of the Grand Coulee dam and construction of a power house and foundation for a pumping plant.

The committee recommended a through re-study by the Bituminous Coal Commission of the coal commission to increase efficiency and cut \$300,000 from the appropriation recommended by the administration.

ICES complained that congress has put independent agencies theoretically under his jurisdiction with out actually giving him control over them. He mentioned the Bonneville dam administration, the Bituminous coal commission, and the housing administration.

MUMPS CONTINUE GAIN IN COUNTY

With 69 new cases of mumps reported during the past week, swelling to more than 100 the number tabulated in the last 14 days in Twin Falls county, that disease continued to spread toward epidemic proportions.

Tabulation of the disease was contained in a report of communicable diseases in the county which was released this afternoon through Dr. Robert Stump, director of the district health unit with offices here.

In the report previous to the released today, 60 cases were noted with 10 being in Buhl and 12 in Pier. The balance were scattered.

Today's report shows 26 additional cases in Buhl and also shows the disease spreading to Murtaugh, where 31 cases were noted in seven days. Four new cases are listed in Buhl for the last week and one in Twin Falls.

Other diseases reported were at a minimum and included four cases of impetigo in Twin Falls; one of whooping cough in Kimberly; one scarlet fever in Buhl; three smallpox in Buhl and four chicken pox in Twin Falls.

Pope Asks Air Base in Idaho

WASHINGTON, Feb. 25 (UP)—Sen. James P. Pope today asked Secretary of War Harry Woodring to establish an Idaho state national guard air corps with its base at Boise.

Pope said that the new Boise airport with an 8,800-foot runway, two hangars and an airport in Lewis county last April, was hanged early today.

He dropped through the trap on the state legislature and was proposed dead at 12:18. His hanging was witnessed by approximately 100 persons. A. J. Hinkley, who presided at the meeting of the eastern Washington Sheriffs and Police Officers association.

NEA

PRESIDENT REGARDS BATTLESHIPS SUPREME IN WAR FIELD

NAVAL AIR HEAD BACKS EXECUTIVE IN DEFENSE VIEW

WASHINGTON, Feb. 25 (Special)—President Roosevelt indicated today that he regards the battleship as supreme in the field.

The President, asked about vulnerability of battleships today, pointed to his congressional recommendations to show he is convinced of superiority of the super-battleship.

The President was questioned about the relative strength of the navy's fighting machines.

Admiral Arthur B. Cook, chief of naval operations, took the house naval affairs committee that the ship airplanes contemplated in the program would cost \$10,000,000.

The President illustrated his observations with a story in which he declared that when he was a boy, the torpedo boat was hailed by some people as dooming battleships.

Registration to open on Monday. Registration for the Idaho primary election opens next Monday.

YOUTHS RECEIVE PAROLE DECREES. Two youths had been paroled today under suspended sentence.

FAIRFIELD COPS NORTH SIDE MEET

FAIRFIELD, Feb. 25 (Special)—The powerful band of Fairfield Musters today had become the first Class B segregation to be crowned 1938 sub-district champions.

The Merritt crew earned the right to represent the North side region at the district meet by virtue of scoring their third straight triumph in the tournament last night.

The Shoshone girls became the sub-district champions, an eligible victory being over Shoshone by a score of 30-18.

The boys game the Musters gained a 6-0 lead at the quarter, but Shoshone rallied to bring the count to 11-9 at the half time.

The Fairfield quintet put on the pressure in the third stanza to run the district to 19-11.

Shoshone girls had gained the final round by edging the district crew in the afternoon 24-23, with a free throw in the final seconds.

FAIRFIELD SHOSHONE. Spratt F., Borden F., Martin F., McNett F., Bardette F., Croser G., Durfee G., Maxwell G., O'Neiga G.

Substitutions: Fairfield—Turner; Shoshone—Crawthorn and Bennett.

Y. W. C. A. GIRLS MEET SATURDAY

A meeting of young business girls of the Y. W. C. A. of Boise and Twin Falls and their leaders will be held in Twin Falls tomorrow to discuss plans for a conference to be held in Boise.

The meeting will be held at the apartment of Miss Ruth McManis, Magic Valley secretary of the Girl Scouts.

Members of the Twin Falls group designated as the Four-U's, who will be present for the discussion are Miss Caroline Dudley, Miss Marie Sush and Miss Charlotte Rutzart.

Chorus Students Present Concert

The second in a series of Friday afternoon musical programs was held today by chorus students of the high school.

Today's concert was provided by Anita Woodhead, Kay Jordan and Lee O'Malley.

Girl Reserves Magic Valley District

Alpha chapter girls of the Twin Falls Girl Reserves met Wednesday evening with Miss Caroline Dudley.

Mrs. Pearl McKean, sponsor; Miss Bernice Dabcock, Blue Triangle, adviser; and Miss Ruth McManis, district secretary, were present for the meeting.

CONDIE EMPHASIZES NEED TO BOOST STATE SCHOOL FUNDS

Need for Idaho legislative action to raise additional state funds for schools, and ease the load on individual counties, had been outlined here today by John W. Condie, state superintendent of public instruction.

Mr. Condie spoke at the high school auditorium yesterday to approximately 60 district trustees, superintendents, principals and P-T-A. representatives.

He stressed the need for action in the series on his current tour of south central Idaho.

Urges Action. "Deprived of the removal by referendum seriously hit the school equalization fund— from which comes cash to districts on the basis of classroom units—Condie urged that educational leaders press for action at the next legislature.

Alternatives, he pointed out, included sales tax for school usage only, such as in elementary schools and \$1.40 in high schools.

He explained that the classroom unit method consists of state guarantee of \$180 annually for each child in elementary schools and \$1,440 in high schools.

4 MORE REQUEST DIVORCE DECREES

Four more petitioners had sought divorce today after a two-day spurge of district court filings that brought to seven the number of requests for matrimonial freedom within that period.

Latest applications included one from a husband and one from a wife who had previously filed, and two withdrawn, two other divorce suits against her husband.

Persons were: Mrs. Geneva St. John, who had withdrawn two other divorce suits against Harry St. John.

Mrs. Gladys Rarick, who cited non-support in asking divorce from Piner Rarick.

Mrs. Gladys Rarick, who cited non-support in asking divorce from Piner Rarick.

Seen Today

Troupe of small children having good time riding carousel elevator. Overcast disappearing as belmy spring weather comes in advance of calendar date.

Mr. Condie cited the equalization law as being exactly what his name implies—a method of equalizing the school burden between districts varying in assessed valuation.

"In one well-to-do district in Twin Falls county," he said, "the minimum three-mill levy produced \$180 or 73 per cent of the funds required for each classroom unit."

As a result, the county needed only to pay 19.6 per cent and the state about nine per cent. In a less prosperous district, however, the three-mill levy raised only \$80.95 per classroom unit, or 7.5 per cent.

The county had to produce 61.2 per cent and the state 32.2 per cent.

"In that manner, the district's load was equalized."

Woodbury County. If the state fund in the latter case had been sufficient to pay more, the county's burden at that instance would have been eased, the superintendent asserted.

Condie cited the Twin Falls school levy of 6.81 mills as a boost of 1.44 mills from 2027 to 2041.

The superintendent spoke in Mindok county Wednesday. Either he or his assistant was to speak at Jerome high school today.

FEDERATION VOTE SET BY LEAGUE

Vote will be taken on the plan of the national Republican committee for a permanent national federation of all women's Republican clubs at a session of the local group at the Idaho Power auditorium.

Other business will be the election of officers following a report by the nominating committee.

Members are urged to attend and to bring guests, officers have announced.

Oranges Distributed To Clients on Relief

BOISE, Idaho, Feb. 25 (Special)—California oranges, purchased by the federal relief committee, are being distributed in Boise and plans in Idaho, the public assistance department said today.

The federal commission has promised the state 300,000 pounds of fruit. Albert Lee, director of relief, said.

Death Splits Noted Stage Partnership

Death today had definitely broken a Twin Falls theatrical partnership that won fame in Europe and America.

George Meigs, 44, formerly of Twin Falls, died yesterday at Fort Collins, Colo., according to word received here last night by C. O. Meigs, his uncle, and W. R. Amundson, his stage partner who earned renown with Meigs under the billing of "Rath Brothers, George and Dick."

22 Years. Meigs and Cameron presented an acrobatic act together for 22 years, appearing throughout the U. S. and playing one season in England and France.

They made their first appearance here in 1910 at the Old Orchard theater owned by A. R. Anderson, and in 1911 went on the road. They had worked up their act in long practice sessions and improved it as they toured.

The pair was with Ziegfeld for three and a half years, played on the Century roof at the Winter Garden theater owned by Harry and Berlin, and on other New York gardens. In all, the Twin Falls men were in 16 shows on Broadway.

Their last performance was in 1922 at Denver, prior to that they had made their final appearance in Twin Falls at the New Opera.

Born in Nebraska. Meigs was born in Coleridge, Neb. He came to Twin Falls in 1908 and lived at the home of his uncle, C. O. Meigs, until he became associated with Cameron. After dropping vaudeville in 1922, he and Cameron returned here. Meigs later took up mining in Colorado, and at time of his death had shifted to directorship of a WPA recreational program at Fort Collins. Under his program were 2,000 children.

Direct survivors are his wife and a son, Gregory, of Fort Collins. Funeral services are planned for 2 p. m. Saturday at Fort Collins.

FOUL PLAY THEORY ENDED IN CCC DEATH

MUTILATED BODY IS IDENTIFIED AS BROOKLYN YOUTH

By DAVID N. JOHNSON
BOISE, Ida., Feb. 25 (AP)—The body of a CCC youth, found mutilated by wild beasts and frozen in the snow near the Snake creek camp in the wilds of the Middle Fork of the Payette river, today was positively identified as that of Henry Hansen, 22, Brooklyn, New York.

An army board of inquiry returning from an investigation of the scene and an inquiry into circumstances surrounding disappearance of the boy from his camp reported that there were no signs of foul play in the boy's death.

The board made its identification from the personal effects found on the body and among those in the camp when the youth disappeared on Sunday, January 16, after he had supposedly left for church services in Garden Valley.

Parents notified in Brooklyn.

The boy's parents in Brooklyn were notified and the body will be sent to Boise until word as to its disposition has been received at army headquarters here.

The board of inquiry reconstructed a tale of a city lad, "just a queer"—bashful, susceptible to the merciless kidding that a group of youngsters will inflict on another who for the first time in his life had been thrown into a semi-wilderness, away from the pavements which formed his background.

His name to the camp on Feb. 13, carrying his belongings in a bundle. He dismounted from the truck which shunted him from railhead at Boise into a winterland heavy with snow and looked for companionship.

Fright Atmosphere

Instead, he found a somewhat frigid atmosphere. He drew into himself and the first thing he knew a group of the fellows were poking fun at him.

This went on for three days. Then came Sunday and a bunch of the boys prepared to start church services in Garden Valley. But there was more kidding and Henry did not appear in the truck which he had decided to ride to Boise. He knew nothing of wandering through deep snows in a forest land and he knew nothing of the swift exhaustion which can strike an improperly clothed tenderfoot in the dead of winter.

He turned from the camp and struck out along an unused trail, dimly noticeable beneath a covering of three feet of snow. He had on his khaki drill and civilian shoes.

Blogs Through Snow

For more than a mile, he slugged through the snow in below-freezing temperatures.

Another half-mile and Henry was worn out. He was sleepy. He sat down on a boulder projecting above the snow and decided to bring his feet over his head. He rubbed them, trying to start the circulation.

Then, something happened to Henry. His laboring heart, driven safe. No, we can curb, if not stop the drinking drivers now.

Our problems concern ourselves, you and me. Haven't you, who, with the best intentions in the world, or unconscious of any intentions at all, driven along thinking about junior's report card, or the price of wheat, when suddenly you discover you are on the wrong side of the road and

Public Forum

"KANGAROO COURT"
Editor, Evening Times:

I was quite interested in an editorial in your paper Feb. 23 on the courts in Germany compared with the United States.

The article stated such things could not happen in our country. The political speakers who used to always start out by telling the audience how intelligent they looked. No, I am not a Fascist.

What I want to bring out is that probably whoever wrote that article had not heard of 90 or 100 thousand dollars congress appropriated for the purpose of finding out the plan Dr. Townsend proposed for a two per cent transaction tax, to be used as an old-age pension with a forced spending clause so as to bring the country out of the depression, was feasible. Or whether Dr. Townsend was a fake and a grater.

Rep. Bell along with others conducted the hearing. And if Germany or any other country ever put off a bigger farce or more of a kangaroo court than they conducted, I have faith to hear of it.

They got so abusive that most American citizens would have had a rough house and spoiled some faces. The old doctor simply walked out on them. Now he is preparing to spend 30 days in jail for his act of contempt of court.

The fact happened in the U. S.—not Fascist Germany or Italy.

AN AMERICAN.
Twin Falls, Feb. 24.

ARE WE MURDERERS?
Editor, Evening Times:

I am enclosing a copy of the public appeal printed at Caldwell and written by L. H. Wulstein, state traffic officer.

This applies directly to the traffic situation in Twin Falls county and the other counties of south central Idaho. I have secured Officer Wulstein's permission for its use in your public forum column as a step to assist in reducing our traffic toll.

Sincerely,
F. M. KINGSBURY,
State Traffic Officer.
Twin Falls, Feb. 24.

Death in Our Hands
With the winter, when he came on our highways too often. Canyon county's death rate is comparable to the worst. You live here, so do I. What is the matter? Are we vicious murderers here; are we drunks or too foolish and selfish as to mix whiskey with our driving? Or are we morons who have no idea how to handle cars?

The answer to every one of these questions is no. We are average respectable people. We have no intention of harming anyone in the world. We are not fools either, nor are we drunks. Our recent deaths have not been the result of drinking and driving. It is not that easy. There is now a sure, scientific but simple test, which only recently has been put into the hands of Idaho police. This test will show, not only whether a driver is drunk, but whether he or she has had enough liquor to affect the reflexes which make a car drive safe. No, we can curb, if not stop the drinking drivers now.

Our problems concern ourselves, you and me. Haven't you, who, with the best intentions in the world, or unconscious of any intentions at all, driven along thinking about junior's report card, or the price of wheat, when suddenly you discover you are on the wrong side of the road and

NORTHSIDE MEET HELD BY ORDER

JEROME, Feb. 25 (Special)—Representatives from the Wendell, Shoshone, Jerome, Gooding and Hagerman lodges of both the Rebekahs and the I. O. O. F. chapters convened at the Rotary club rooms and the I. O. O. F. hall in Gooding Monday for the district meeting.

The address of welcome of the I. O. O. F. members was given by W. G. Bissell, with response given by Earl F. Kennedy of Jerome.

After the regular business session the next place for meeting was chosen, followed by the reports of the north side towns' district lodges.

R. W. Burroughs, Jerome, addressed the gathering on "The Good of Our Order," followed by several other talks by members of the other lodges of the north side.

The Rebekahs heard an address of welcome by Delena Alban, Gooding lodge, with response being given by a member of the Wendell chapter. Senting of the assembly officers was presented by the Hagerman lodge.

After the Wendell chapter put on the floor work, and was followed by a talk on the presenting of a veteran jewel by Jessie Baker of the Jerome chapter.

Talks were given by several of the assembly officers and group singing followed. An election of officers was held and the Shoshone chapter was presented with the prize for this year.

A largely attended banquet was enjoyed later in the evening at the Legion hall by the ladies of the Christian church, with over 250 present. Music was furnished by the orchestra of the state school for the deaf and blind. Folk dances were given by fourth grade school pupils, and several musical numbers were played by the deaf and blind school orchestra, followed by a soldier drill by the 11th grade pupils, a tap dance by Jewel Felton, an address by W. G. Bissell, an accordion solo by Lois Potter of Shoshone, a tap dance by Beverly Burdett of Shoshone, and a reading from the Jerome chapter.

H. S. BOYS FORM SPECIAL CHORUS

A special boys' chorus to participate in the district music festival was organized at Twin Falls high school last week under the direction of Loyd E. Thompson.

Membership of the group is practicing three nights a week and the first public appearance is scheduled for March 1 at the high school assembly.

Boys singing in the glee club are: Art Frank, Gerald Foss, Walter Connor, Ted Lake, Abe Wiebe, Milo Pearson, Kay Jordan, Jack Thomas, Ken Miller, Bob Wilson, Roland Hutchinson, Amos Anderson, Bert Sweet, Edwin Beck, Paul O'Leary, Myron Dossett, LeRoy Perry, Merle Orchard, Ed Bennett, Charles Larsen, Ray Mills, Harry Smith and Asher Wilson.

Harold Connor will be the accompanist and Edwin Beck was chosen manager.

FARMERS SETTLE FEDERAL LANDS

SHOSHONE, Feb. 25 (Special)—Eighteen locators have settled on new government lands under the Milner-Shoshone canal in Lincoln county, it is stated in a report from the district to the assessor.

The homesteads include 1,800 acres, 1,463 acres being irrigable.

Most of the locators come from eastern Idaho, as follows: H. W. Goff, Sam Danmer, Elmer Lewis, H. Braun, Guy N. Metcalf, E. A. Braun, C. E. Jones, Leslie M. Cook, John C. Stutenmeger, E. F. Braun, Rollen F. Bateman, William P. Bell, Leonard A. Jones, Willard B. Jones, O. K. Jones, Arley H. Hahn, Arley F. Henderson, Wilford F. Nebeker.

Burley Grange Hears Milk Products Talk

BURLEY, Feb. 25 (Special)—Burley Grangers heard discussions on the production of milk products Tuesday when Thomas Speedy of Twin Falls and O. W. Ross of Burley spoke.

Speedy and Ross represented the Jerome Cooperative association and used motion pictures to illustrate their talks. The creamery furnished refreshments for the Grange also. Cassia county Pomona Grange will meet March 5 at Claremont Grange hall.

Behind the Scenes in Washington
By Rodney Dutcher
(Washington Times Washington Correspondent)
WASHINGTON, Feb. 25.—Roosevelt's order that the federal trade commission investigate monopolistic practices "and other matters" and methods of competition will bear fruit—but not very much—about March 1.

Now for an Epigram, Adolf
Some years back there was a play running on Broadway and then touring the smaller cities of the United States. It had a catchy line at the end of the first act, a line that became the play's title and became also a well-known by-phrase throughout the country.

TO VARDIS FISHER
(After reading his article on Boise in "Globe")
Mr. Vardis Fisher,
Betwixt wash yer
face and wash yer
pockets...

When black night had fallen
Polly dragged her trunk to the wharf and sat down to wait. It seemed as if there were no stars in the sky and the hills were certainly better. This was the same starless sky, she reminded herself, that had covered her at home, and these waves were but a part of the same restless Atlantic that broke in white foam on the coast of Connecticut.

Suburban Churches
FILER NAZARENE
James Barr, pastor.
10 a. m. Sunday school. P. R. Kahlbitter, superintendent.
7:30 p. m. Morning worship. 6:30 p. m. N. Y. P. E. Miss Marjorie Dexter, president.

Herr Hitler has finished the first act of his sudden drama of taking over Austria. A sudden coup, backed by a display of armed force at the border, put him in control of the Austrian cabinet. From that position he moved on to seek dominance of the military, and of Austria's fatherland "Front," the only legal political organization since 1934.

OH, WHAT A SILLY OLD DEAR POT, ANYWAY?
Dear Pot:
Before we go into this thing, I want you to understand that I've got no opinion on Hitler. I love him, God bless 'em—or, at least, I love all kinds of 'em.

Polly went outside and stooped to give Nuisance a reassuring pat, for the little dog was looking uneasy and restive.
The skipper, who had just come ashore from an ugly two-masted lugger with patched brown sails, was large and forbidding. He had heavy handsome features, coal black hair that he wore in a queue, and bold prominent eyes.

WHAT DID REILLY SAY?
The committee carried its Bridges "red hunt" right into the department of labor files, despite protests that the information was incomplete.
Most remarkable of all was the course of comment and was leaked to newspapers the story that Labor Department Solicitor Garard D. Reilly had been in an executive session that Bridges was a deportable Communist.

Now England and France turn to Germany and with the utmost seriousness inquire: "What are your intentions?"
And it all comes back, just as clearly! The baritone in the play turned to the bartender and the judge with a whole-hearted, enthusiastic smirk, and replied: "Strictly dishonorable."

VIGOROUS-DENYING-OF-RUMORS DEPT.
Pot Shots smacks his fist on his desk and denials the other day rumor about his falling down 85 times on his first skiing trip.
It was 107 times.

HE MUST HAVE IT PRETTY WELL COVERED!
Dear Third Row Chap:
You've done it. You've had about enough of it, and he's about ready to swear off for good.
He gave his kind (40 plus 2, no less) to Earl G. Swenson, agent his European tour. That one was to the A.A.U.V. of Burley, Albion and Rupert. And Tuesday he gave his to the 50th Century club in Twin Falls.

Why Delinquency?
Shocked by the increase of juvenile crime, Great Britain has begun an intensive investigation to find the causes underlying the arrest of 25,543 boys and girls under 17 years for indictable offenses during the past year.
In its investigations England will probe into aspects of these children's backgrounds not usually associated with reasons for crime, juvenile or otherwise.

UNCONSCIOUS HUMAN IS GOOD, TOOD!
Pot Shots:
Just a note to Mr. J. K. K.-L.-R. Why waste money on comedies when you can have those exciting advertising burles to offer? Still, one does need incentive to go to sleep, doesn't one? —I. Elspet

HISTORY Of Twin Falls City & County
By DR. MORRIS FISHER
Editor, Journal of the American Medical Association, and Editor of Hygiene, the Health Magazine
Every time the subject of quackery and extraordinary diets is discussed a lot of people want to find out what normal diet is. It ought to eat anyway. A certain list of foods has been classified as "the protective diet" because it supplies all of the necessary essentials in the form of proteins, carbohydrates and fats.
Meat substitutes—cheese, egg legumes, nuts or milk (the addition to the regular requirement of milk).

You May Not Know That
Idaho has the highest-mineralized springs in the United States—only one in the world with a higher mineral content. That the state owns and operates a health resort at Lava Hot Springs. That some of the springs are 140 degrees. And that 95 per cent of the people using them get good results. —Ed Vance

Referees Go to School
In Asia the natives make a drug from hemp and call it hashish, and from this word is derived the English "assassin," because observers learned long ago that hashish put its addicts into precisely the correct emotional and mental state to commit murder and other crimes.
In Mexico the natives do things simpler, after the Mexican fashion, and just smoke, the leaves of the hemp plant, which is known in that country and this as marijuana. And in Mexico City when the police come upon a particularly atrocious crime, a throat-cutting or an ax murder, they look at each other wisely and murmur: "Marijuana."

BETTER GET IN PRACTICE, JAWG!
Dear Pot:
What I want to know is this: Just where in hades would George begetter have been that meanie old wrestler had taken a notion to turn on HIM?
Can you wrestle, George?
It was really a picnic, Folios, to see him reach up through the ropes and grab that guy's leg in the air at the wrestling matches the other night. George is a leg-puller when he's fighting for the right and against the unjust opponent. —Hilz Pal

RITES IN HONOR TO JEROME MAN
JEROME, Feb. 25 (Special)—Federal services were conducted Wednesday from the Jerome Mining Chapel by Chaas Edwin King, 70, who accompanied after a heart attack Sunday evening.
Music was furnished by a quartet composed of Robert Rice, Urban Fort, John McClure, Ralph Fort, and John Wagner. "Honor, Thou fought, who sang, "Honor My God to Thee" and "Trust Only in His Love," with accompaniment by Mrs. Esther Russell.

27,000 BOWLEERS ENTER IN ANNUAL ABC MEET

38th Show Will Open March 3 At Chicago

Experts Travel From Far Away Places to Seek Glory and Gold on Hardwood

By HARRY GRAYSON
Sports Editor, NEA Service

CHICAGO, Feb. 25.—Any youngster who tastes success in the American Bowling Congress tournament will follow it as long as he can roll a ball.

That is why more than 27,000 keglers will step to the starter's mark in the 38th annual show at the Chicago Coliseum, commencing March 3 and continuing through April 18.

It is with the gigantic production in view that old and young stars are now drilling the strike gaps on alleys from Herkimer, N. Y., to Honolulu.

Mentimeter Lindsey is a striking example. For 34 years, this staunch booster of bowling has fired at the stubborn wooden bottles in national meets.

The long search for recognition and gold in this roving competition has not staided Lindsey considerable cash, but only once did he take home a title. The noble resident of Stamford, Conn., won the all-event in 1914, through the long stretch of years, he has belted the pins for an average of a bit more than 200, which is the greatest sustained scoring on record.

Four Crowns at Stake

There are four crowns at stake—team, doubles, singles, and all-event.

Carl Menzinger hasn't captured a championship thus far, but only three others have equaled the achievement of the Scranton pin chucker.

Young Johnny Murphy sampled the fruits of victory when he captured the title before a home crowd of Indianapolis folk, he trounced the stars for 2,000 pins to take the all-event in 1937.

Wally Ward of Cleveland stole the spotlight in New York a year ago in bagging the all-events, but the genuinity has made mauler in the Forest City is Skang Mercurio, who set what is recognized as an all-time league average for a season by cracking the setup 239.

Until Gene Cagliardi, a Mount Vernon, N. Y., barber, came booming through the title in New York last year, Ernie Soost of Santa Monica, Calif., had the crown in his eager clasp with a 129.

Two seasons back the name of a San Francisco flamed across the bowling firmament. Ott Mayer, who had no part of a national reputation but who was a crack shot in his own part of the country, parted the pins for a 2,000 winning count in the all-event in the 1935 tournament in Indianapolis.

Genz for Record

They will be gunning for Larry Shotwell's all-time singles record of 774. Shotwell had indeed he did establish his heavy count in 1935. He is out of Covington, Ky.

Nelson Burton of Dallas and Virgil Gibbs of Kansas City combined their skill in New York a year ago to fasten a stranglehold on the doubles with 1,359.

In the approaching meet, Burton, whose youth gives him many more years in which to achieve the match title, will pair with Ray Newton, long an outstanding figure in St. Louis bowling. Gibbs has agreed to share his power with Z. Pucci, who also is an expert pocket whacker of Kansas City.

Title Bout Set for John Henry Lewis Against Al Gainer

PITTSBURGH, Feb. 25 (AP)—A title bout some time ago will be between John Henry Lewis, lightweight champion, and Al Gainer, hard-hitting New Haven Negro, was announced today by Mike Mink, Pittsburgh promoter, and Barney McInally, a partner.

In a fight on July 30, 1936, Lewis outpointed the methodical Gainer.

Christie Wins

TORONTO, Feb. 25 (AP)—Viv Christie, Glendale, Calif., tossed Bob Wagner, Texas; Everett Macsenberg, Colorado; pinned Marvin Westlund, Tacoma, Wash.; Cliff Olsen, Minnesota; threw Jack Hader, St. Louis.

CITY LEAGUE (Alley 1 and 2)

Feb. 25—Brookfield vs. Log Tavern.

Tiger Pitching Staff Looms as Strongest in League

Races Tight in Both Halves Of Coast Loop

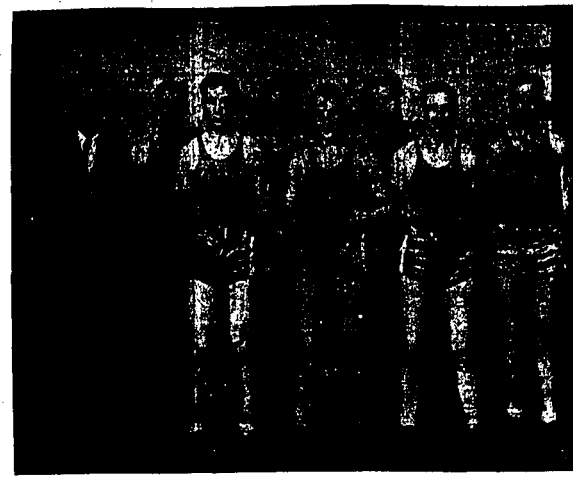

(By United Press)

Northern and southern divisions of the Pacific Coast basketball conference today entered the closing days of the regular schedule, with virtual ties for division championships in both leagues.

In the southern division, Stanford and California were tied in standings. Stanford was favored to take the lead in the game tonight and Saturday night against U.C.L.A., while California faced stiffer opposition from University of Southern California. Stanford's Hank Daulton, with 1,400 points in his college career, needed only 41 more points in four remaining games to equal the all-time four-year collegiate scoring record.

The northern division scramble was just as close. Washington State, with 21 percentage points over Oregon, held a bare technical lead but had to meet the strong Washington and Idaho squads in four remaining games. Oregon has only two games left—both with fifth-place Oregon State. W.S.C. has won 11 and lost five, while the Beavers are 12 and lost six. Laddie Gale, Oregon forward, tops the scorers with 227 for 18 games—an average of 12.6 per game and a new division record.

Idaho's Outlaw Champions from Murtaugh

One of the most powerful Outlaw outfits ever to represent an Idaho city is the prize handed the Murtagh Savages, winner of the Boney and Gooding tournament. Left to right, they are: John Savage, manager, Ed Powell, George Campbell, Willard Lattimer, Gail Green, Jerry Martin, Monte Shepard and Bob Corliss.

Louis to Meet Thomas Next

NEW YORK, Feb. 25 (AP)—Heavyweight Champion Joe Louis was en route to Chicago today where he will meet Harry Thomas of Eagle Bend, Minn., in the second of a series of "tune-up" bouts for a title defense against Max Schmeling in June.

After a few days in Chicago with his wife, Joe will go to Detroit for a week with his mother, then stay on Manager Jimmy Brannigan's ship to meet Schmeling in the Chicago stadium April 1.

Thomas, knocked out by Max Schmeling and outpointed by Jimmy Adams in his only two New York starts, is considered only a trial horse for Louis and the bout is scheduled for 15 rounds and Joe's title will be at stake.

Optimistic Grimm Opens Spring Camp for Cubs

AVALON, Calif., Feb. 25 (AP)—Charlie Grimm, optimistic over his 1938 Chicago Cubs, opened spring training today at Santa Catalina island with more than half his team.

He arrived yesterday with 10 players, mostly pitchers and catchers, and hurriedly bunched them together in the island owned by P. K. Wrigley, proprietor of the Cubs. They were joined by several infielders who have been wintering on the coast.

SHOSHONE

Twin daughters were born at the home of Mr. and Mrs. Claude Wilson Monday of this week.

Thermometer has been at a lower figure during the middle of the week, though there is no snow of which to figure unless the country roads are attempted. The main road is in good shape and is kept open both north and south.

The condition of P. T. Sutphen, secretary for the American Falls Irrigation district No. 2, shows little sign of improvement, so it is reported. He suffered a collapse last week. His brother, Judge Doran P. Sutphen, has called the district physician for Monday, after the term was postponed for two weeks.

Tom Warfield, interested in the Warfield hot springs, is to visit above Ketchikan, and likewise in the projected Bavarian village incorporating much of his land, was in town Wednesday on his way from Twin Falls to his camp. He stated he would probably be able to make it as far as Clifton, Idaho lake, after which he will be able to return to the remaining six or eight miles. He states there is about six feet of snow in Warm Springs canyon.

Chamber of Commerce will meet in annual session next Monday at 7:30 p. m. to select from a list of 12 candidates six to act as additional directors for the ensuing two years.

The annual banquet will also be held at the Boston cafe and an outside speaker will doubtless be procured for this event. Tax matters, affecting an assessment of one-third of the land, will be taken up at this time to provide for Lincoln's share in the Price exposition.

Kimberly Boxers to Meet Gooding: Win Over Boise Mitt-Men

South central Idaho fight fans will get another chance to see the undefeated Kimberly boxing team in action Saturday night in the Bulldog ring when the powerful Gooding Senators invade for an eight bout.

With an eight man team, Coach Floyd Elson of the Senators, will present a veteran outfit that handed the Bulldogs their only severe beating of the season last year.

The same score that the Bulldogs defeated Boise a couple of weeks ago at Kimberly.

Take First Four

The invading Kimberly team took the first four of the matches against Boise, then dropped the final two on very close decisions.

To open the evening's entertainment, Richard Quenell won a decision over Nat Adams. Bob Scott gave a seven-round advantage to Paul Jacobs and scored a decision in their previous bout at Kimberly. The Boise youth won on a knock out, Eddie Quenell, star of Coach Denton's crew, out-bouted the Boise boys in a bruising battle, and Peris Freestone, husky Kimberly slugger pounded out a decision over Gaylord Jacobs of Boise.

Loss Final Two

In the final two bouts, Clark McDrummond lost to Ellis of Boise and James Bartek was edged out by Mike Adams. Both bouts were very close and the decision could have easily gone either way.

The card Saturday night at Kimberly is scheduled to start at 8 o'clock, with additional seats being installed to take care of the extra large crowd expected, according to Supt. L. A. Thomas.

Bruin Has Comics

A full page of comics drawn by the staff club, Carl Dosselt, featured this week's issue of the high school Bruin distributed to the students yesterday.

MURPHY IN DREW

NEW YORK, Feb. 25 (AP)—Dropkick Murphy, Boston, and Kimon Kudo, Japan, drew Tony Martinielli, Italy, stretched John Bogner, Hungary; Hans Schwarz, Germany, dethroned Juan Olaguivel, Spain.

Tunney Skis—But Lands on Shoulder Blades

SUN VALLEY, Ida., Feb. 25 (AP)—Gene Tunney, boxing world's heavyweight boxing champion, stuck to his skis today and landed on his shoulder blades—and other portions of his anatomy.

He was a better fighter than he is skian, but his Austrian instructor said that Tunney was mauling the beginner's technique.

None of the rest of Tunney's party would ski. The ex-champ skayed on the gentle slopes at the foot of Dollar mountain.

Even umpires are subjected to the rigors of spring training. George Magerkorb, National league umpire from Moline, Ill., is shown getting in some road work at Black Hawk State park, in an effort to get his weight down to 200 pounds. He scaled 232 when this picture was taken.

OMAHONEY VICTORIOUS

CAMDEN, N. J., Feb. 25 (AP)—Danno O'Mahoney, Ireland, defeated Jack League, San Antonio, Texas; Mike Mansur, New York, dethroned Jim Coffield, Kansas City; Joe Cox, Kansas City, threw Len Macasuso, New York.

White Favorite In Golf Meet

HOUSTON, Tex., Feb. 25 (AP)—White carried the hopes of his home town supporters into the second round of the Houston country club's annual invitational golf tournament today.

The Houston youth, who formerly held the intercollegiate championship of Texas, stroked out a 4 and 3 victory over M. C. Kelley, Baytown, Tex., yesterday.

Walter Emery, a second Houstoner, also became a front runner contender when he upset Reynolds Smith, Dallas, a member of the United States Walker cup team, 1 and 2.

Emery, himself a former Walker cup player, had been given little chance against Smith, a sports-writer golfer.

Johnny Goodman, Omaha, Neb., the national amateur champion and the only member of the Walker team left in the brackets, was a victor over young Bobby Riegel, Beaumont, 6 and 3.

Johnny Dawson, Chicago, two-time winner of the Houston event, kept in front of W. T. Sietema, Dallas, all the way to win his match 5 and 4.

The defending champion, Edwin McClure, Shreveport, La., incurred trouble in eliminating Jack Chambers, Houston, 2 and 1. In a tight match, Don Schumacher, Dallas, trans-Mississippi title holder, was a victor over Nelson Munger, Austin, a University of Texas golfer, 2 and 1.

Bad Year for Bridges

The slender veteran, Tommy Bridges, and Vernon Kennedy, former ranking eighthander of the Chicago White Sox, complete the Big Four. In 1937 Bridges had one of his poorest seasons in his eight years with the Tigers. He won 15 and lost 12 and finished 18th in league earned run ratings.

Kennedy, for whom Cochrane and subsequently weatheread a storm of abuse from irate Detroit fans, should easily be one of the best pitchers in the loop. In his freshman year with the White Sox, he won 11 games and during the next season—1936—was a sensation. He won 21 and lost nine, to finish second to Bridges in the "games won" column.

Not grouped as established veterans but nevertheless among the more experienced hurlers are George Coffman, George Gill, Cletus Foltzberger and Jake Wade.

Gill turned in 11 victories to top the group and should be a potent factor in the Tiger drive. Foltzberger, who is already listed among the Tiger holdovers, won 10 and lost five after joining the club in June. His admittedly good work last year made him certain of a starting position.

Wade upset Johnny Allen, Wade and Coffman each won seven games. Wade's chief claim to fame is his one-hit, 1-0 victory over Johnny Allen in the last game of the season in 1937. Allen had won 16 straight and was attempting to break the league's consecutive victory record when he was halted by Wade's brilliant effort.

Stanley Corbett, Woodrow Davis, Carl Doyle, Harry Eversall, who finished second in the Brooklyn Dodgers, Robert Harris, John Johnson, Edward Selby and Paul Trout are other recruits who will get a chance to earn regular berths.

Although the Island of Jersey is part of England, its official language is French.

Armstrong Heavy Favorite in Bout at Chicago

CHICAGO, Feb. 25 (AP)—Featherweight Champion Henry Armstrong makes his Chicago debut tonight in a scheduled 10-round bout with Everett Rightmire of Sioux City, Ia.

Odds ranged as high as 10 to 1 that Armstrong would produce his 33rd knockout in 34 fights.

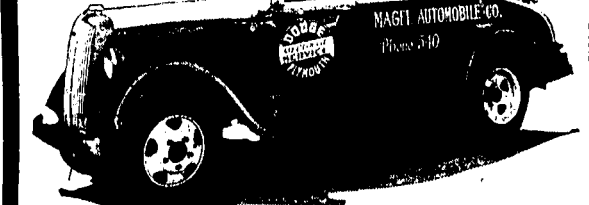

Both fighters expected to weigh in at 130 pounds and Armstrong's title will not be at stake.

Patty Berg Seen as Next Woman Golf Champ

By H. J. ARONSTAM

CORAL GABLE, Fla., Feb. 25 (AP)—Ralph Guldahl, the husky, nose-shouldered national open champion, who has seen enough of the national title fight, has given a high note today for little Patty Berg, the "Tarry Goddard" who has been the national champion for the past two years.

"She has knocked at the door of the national title three times," the old Texas drawl, "and I think she is going to be Patty's year. She is the most optimistic woman golfer in the country today and the greatest girl golfer from tee to green."

Guldahl has seen that all except Canada's Colleen Vary, the former national champion, who no longer is thought of as a golfer, the participants in the game. The participants are expected by the 32-year-old over-golf, which she thinks may have caused her downfall in the national foreplay. The shrewd lass is picking her spots, but it's the easy tournaments she is passing up.

The national open title first came to Patty play when he teamed with her in an exhibition at Ft. Paul two years ago. And after watching her during the current winter campaign, he was convinced she would be unstoppable in the top women's tournament at Wilmette, Ill., in September.

Patty, who made her first bid for the national title while still a girl in short skirts, at present is barnstorming through Florida. But she is not playing every tournament that comes along, as in former years. She is afraid of becoming over-golfed, which she thinks may

Even umpires are subjected to the rigors of spring training. George Magerkorb, National league umpire from Moline, Ill., is shown getting in some road work at Black Hawk State park, in an effort to get his weight down to 200 pounds. He scaled 232 when this picture was taken.

Notice is hereby directed to appear and plead to the said complaint within twenty days of the service of this summons; and you are further notified that unless you so appear and plead to said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint, and you are hereby notified that by plaintiffs' complaint plaintiffs seek judgment and decree of the above Court declaring and adjudging that said plaintiffs are the owners of the real estate in said complaint and hereinafter described, and that the defendants, or any or other of them, have no estate or interest whatever in or to said land or premises or any part thereof; and that the said defendants and each and every of them be forever debarred and enjoined from asserting any claim whatever in or to said land or premises unless you so appear and plead to said complaint; and the plaintiff; the said land and premises being particularly described as follows, to-wit:

Lot Eight (8) in Block Ninety-five (95) as the same is platted in the official plat of Twin Falls Township in Twin Falls County, Idaho, of record in the office of the County Recorder of said Twin Falls County, State of Idaho, together with the tenements, hereditaments and appurtenances thereto belonging or in any way pertaining.

WITNESS My hand and the Seal of the said District Court this 23rd day of February, 1938.

FRANK J. SMITH, (Seal) Clerk of the District Court, Idaho, by H. COORDON, Deputy, CHAPMAN & CHAPMAN, LIONEL T. CAMPBELL, Attorneys for Plaintiffs, Residing at Twin Falls, Idaho.

NOTICE
Notice is hereby given that I, Chas. E. Collins, with the regular meeting of the Idaho State Board of Pardon, to be held at the State House, Boise, Idaho, on the 23rd day of April, 1938, make application for a Pardon and/or commutation of sentence from that certain judgment of conviction of Receding Shovel Property made and entered in the Court of the 11th Judicial District of the State of Idaho, in and for the County of Twin Falls on or about February 4th, 1937.

(Signed) CHAS. E. COLLINS, Applicant Reg. No. 5453.

Dated at Boise, Idaho, February 17th, 1938.

HUNTER CUTS CRUTCHES
WALSENBERG, Colo. QUD—Two rough tree branches furnished improved crutches for County Assessor of Teton to hobble over the prairie for help after he shot himself in the leg while hunting.

LEGAL ADVERTISEMENTS
the unknown devisees of Bert L. Rathbun, deceased; and to all unknown heirs, claimants and legatees of Lot Eight (8) in Block Ninety-five (95) as the same is platted in the official plat of Twin Falls Township in Twin Falls County, Idaho, of record in the office of the County Recorder of said Twin Falls County, State of Idaho, together with the tenements, hereditaments and appurtenances thereto belonging or in any way pertaining, some of the defendants in the above entitled action:

YOU AND EACH OF YOU are hereby notified that a complaint has been filed against you in the District Court declaring and adjudging that said plaintiffs are the owners of the real estate in said complaint and hereinafter described, and that the defendants, or any or other of them, have no estate or interest whatever in or to said land or premises or any part thereof; and that the said defendants and each and every of them be forever debarred and enjoined from asserting any claim whatever in or to said land or premises unless you so appear and plead to said complaint; and the plaintiff; the said land and premises being particularly described as follows, to-wit:

Lot Eight (8) in Block Ninety-five (95) as the same is platted in the official plat of Twin Falls Township in Twin Falls County, Idaho, of record in the office of the County Recorder of said Twin Falls County, State of Idaho, together with the tenements, hereditaments and appurtenances thereto belonging or in any way pertaining.

THIS CURIOUS WORLD By William Ferguson

SQUIDS WITH THE AID OF THEIR TENTACLE SUCTION CUPS, CAN LIFT ABOUT 1900 TIMES THEIR OWN WEIGHT.

IN 1936 THE UNITED STATES HAD 226, 285 FOREST FIRES, WITH DAMAGE ESTIMATED AT \$54,000,000

CARELESS SMOKERS WERE RESPONSIBLE FOR 73 PER CENT OF THE FIRES AND 10 PER CENT OF THE DAMAGE.

Reports of the U. S. Forest Service for the year 1936 show that about 80 per cent of the acreage burned over by forest fires is unprotected land.

Hitler Presses Ahead with Campaign of Propaganda

SEEKS TO BUILD 'HOMELANDS' IN FOREIGN NATIONS

By WERE MILLER
(Copyright, 1938, United Press)
TWIN FALLS, Feb. 25 (U.P.)—Adolf Hitler is pressing ahead with a world-wide propaganda campaign to build "little homelands" among the 25,000 Germans or persons of German descent living in North America, South America, Africa and Asia. He seeks to bind them to Germany by cultural and economic ties.

The "Fuehrer's eyes may be on Austria and Czechoslovakia for the present, but his officialdom never for a moment forgets the "long view" and never abates its efforts to create sympathy on other continents for the swastika.

Special Department
A special department in the foreign office began this work and with Hitler's announcement of a "protectorate" over Germans living in other European nations, the campaign has been intensified. It seeks to control the lives and thoughts of Germans abroad by telling them what stockholders they are, what professions they are, forbidding them to retain Jewish lawyers or physicians.

Compelling German citizens to register with Nazi consulates and report any change in their address or personal status.
Appointing regional leaders, under direct supervision of Berlin, to inculcate Nazi principles in Germans living abroad.
Establishing clubs at which Germans meet.
Providing those clubs with films, newspapers and books that reflect Nazi ideology.
Encouraging the club members to give the Nazi salute and observe Nazi holidays.
Discouraging Germans from marrying Jews or even mingling with Jews.

Any German citizen—there are about 2,000,000 of them in the 25,000,000 persons of German descent living abroad—who fails to keep in close touch with the local consuls is subject to loss of citizenship.

Film Notables to Pick Beauty Queen
At Vandal School
MOBOW, Feb. 25 (Special).—Hollywood will have a part in the 1938 Gem of the Mountains, University of Idaho yearbook, Editor James Yoder, Nampa, announces. Three notables from the film capital will select an Idaho beauty queen for the publication, which is due for distribution the first week in May. Pictures will be judged by Edward Everett Horton, Raoul Walsh, and LeRoy Prinz.

Work Relief Benefits Cited for Twin Falls

The benefits of work relief to this community, rather than direct relief, and also the quality of workmanship found on projects completed and in operation at the present time under the WPA or previous similar organizations were pointed out here this afternoon in a report of such activities prepared for Mayor Lem A. Chapin.

The report, requested by Leo Hood, state WPA administrator, tells of the "relative worth-whileness of the program to the city in the light of present and future needs" and also the "relative worth-whileness of the program to the needy unemployed people who were given work relief by these projects."

Cost Not Stressed
Cost of the projects was not stressed in the report as suggested by Mr. Hood but rather the benefits and the projects completed and underway at the present time were treated.

Similar reports are being prepared by each city and county in Idaho as well as the state as a whole for the purpose of gathering information from the opinions of Idaho citizens as a part of the United States community improvement project.

Slaves Serve Olympians at Latin Banquet

Advanced Latin students, Miss Eva Dunagan, their instructor, and a number of special guests attended the colorful Latin club banquet held last evening in the high school auditorium.

Carrying out a Mt. Olympus theme, those partaking of the Roman feast were garbed in costumes representing the mythological gods and goddesses said to have occupied the famed halls of Mt. Olympus.

The food was served to the guests, who reclined on couches at long tables, by the first year Latin pupils garbed as slaves and commanded by Wilton Hovorka, serving as the druid.

Program during the repeat consisted of a verve repeated by each student, a Grecian dance by Merle Nelson, dance of the Thracians performed by Margaret Van Engelen, Dorothy Stayer and Doris Reed, and skills portraying the story of Prometheus, the race for the golden apple and the courtship and chase of Daphne by Apollo.

Guests were Mrs. J. D. Barnhart, Gerald Wallace and Principal H. D. Hechter.

Food for the banquet was prepared by Mrs. R. L. Reed, Mrs. R. A. Sutcliffe and Mrs. U. N. Terry.

SOCIAL SECURITY REMINDER GIVEN

BOISE, Feb. 25 (Special)—John R. Viley, collector of internal revenue the director of Idaho office, said that many employers who have paid the taxes under the social security act have failed to forward to his office the informational return for the period July to December, 1937.

This returns show the social security number, name and amount each employe has earned during this six months. Without such information these employers are depriving their employes of the correct amount set up to their credit by the social security board. The collector urges all those who have not filed the information return to do so at once.

Marauers Rob Rupert Station

RUPERT, Feb. 25 (Special)—Approximately \$20 in cash was the loot sustained by the Cret Maughn service station on highway 30 Wednesday, according to the sheriff's office. The tenant in charge of the establishment reported that he was awakened by the marauders breaking a window and was held up by a party believed to include four persons, one of whom trained a gun on him during the transaction.

The thieves left in a car.

March 9 Set as Date For Tumbling Display

March 9 has been set as the day for the junior high school tumbling assembly, Coach Larry Lundin, said today. With a squad of about 40 boys announced this week, he says a varied program in tumbling stunts is in view.

4H CLUB By EARL R. STANSELL District Club Agent

GOODING, Feb. 25 (Special)—With 31 members enrolled in a variety of five livestock projects, the Gooding Livestock club, organized Feb. 21, is one of the largest 4-H boys' clubs ever enrolled in the south central district. Local leaders of the club are Clarence Wells and Ray Harding, Gooding, who, in 1937, acted as leaders of the Happy Workers 4-H Livestock and the North Side club which have merged to form the new club with several new members.

John Korner was elected president of the club for 1938, other officers being Charles Luther, vice-president; Bobby Bolte, secretary, and Watt Prather.

Club members and their projects are: Lewis Kester, Donald Ewans, Robert Carrico, Bill Varin, Bobby Carter, Charles Luther, John Korner, Kenneth Jones, Wesley Fields, Fred Bliss, beef; Donald Ewans, William Smith, Vernon Shurts, Jack Higgins, Ken Dixon, dairy; Howard Singer, Gene Graves, Vern French, Keith Bird, Martin Luther, Clifton Brown, Harold Huyser, sheep; James Leboard, Freddie Putnam, Clarence Bloodgood, Bobby Ryan, Dale Butler, swine; Elmer Johnson, colt; Watt Prather, beef and swine; Roy Bolte, sheep and swine; Roy Lindley, no project selected.

Several members of the club have selected beef, sheep and swine projects to feed out for the Intermountain Junior Fat Stock show to be held in Salt Lake in June.

BURLEY MAN ENTERS PLEA
BURLEY, Feb. 25 (Special)—William H. Phillips entered a plea of guilty to charges of forgery Monday and is being held to the district court with bond set at \$1,500. The claim was brought by George Kester, to whom Phillips passed a bogus check for \$40 in payment for tires.

SAWTOOTH SNOW DEPTH DECLINES

Snow depths showed a general decline in the Sawtooth country as of Monday, but totals were still heavily above those of 1937, according to the report announced here today by F. S. Moore, Halley, supervisor of the Sawtooth national forest.

Ketchum had 46 inches Monday, a drop of 11 from a week ago. Halley had 28 inches, and Galena 72. Other figures in the Big Wood river drainage area: Graham's ranch, 50 inches; Old Baldy stations from 64 to 80 inches.

In the Salmon river watershed, Williams' ranch had 33 inches, same as a week before; Stanley had 20, a drop of three inches.

Fairfield's 22 inches of snow Monday was one inch more than the preceding week.

In cumulative figures since Oct. 1, the Halley territory showed 93.25 inches, well above last year's 88.50 inches and considerably more than the average of 69.80 inches, Mr. Moore's report shows.

Let's Talk About the TEXTURE of Butter-Krust

IDEAL FOR TOAST

Because it is thoroughly baked with the proper proportions of sugar and pure leaf lard, BUTTER-KRUST Bread makes the finest toast imaginable. Try it tomorrow morning. Notice the difference.

Strange as it may sound to one not wholly familiar with the relative qualities of bread, we never sacrifice goodness or flavor for anything "unusual" in texture. In other words, we pride ourselves in BUTTER-KRUST's texture because it is proof in itself that all of the flavor and nutritiousness has been retained.

BUTTER-KRUST has neither that misleading "velvety" texture which can be attained only at the expense of more important bread qualities, including digestibility, nor too coarse a texture which would indicate other imperfections.

BUTTER-KRUST has that even, "in-between" texture which is highly significant. Study that texture carefully. It's the trademark of bread perfection.

Butter-Krust

BUY IT AT YOUR GROCERS
