ACREAGES SET FOR NEW FEDERAL FARM PROGRAM FOR 1938

SHARP CHANGES IN CONSERVATION PLANS ARRANGED

BY FRED BAILEY
 WASHINGTON, Feb. 28 (U.P.)—The department of agriculture announced benefit payment rates and acreage allotments for the new farm program under the new \$440,000,000 farm program for 1938.

Sharp changes were made in the soil conservation program to make it conform to the new farm program which provides for increased benefit payments, establishment of marketing quotas upon a two-thirds vote of growers, high loan rates for storage of supplies, stiff penalties for noncompliance, acreage allotments for principal crops and continuation of soil conservation practices.

Secretary of Agriculture Henry A. Wallace said that the new plan provides in the act will be strictly enforced on farmers failing to comply with the new program of acreage and marketing control.

Provisions of the program by principal commodities include:

WHEAT

1938 acreage allotment of 62,500,000 compared with 51,000,000 acres planted for 1937 harvest.

Farmers who plant within their allotment will receive a benefit of 12 cents a bushel on the normal yield of planted acre. Each acre planted in excess of the allotment will be penalized at the rate of 96 cents a bushel on the normal yield. Penalties will be deducted from benefit payments.

Acreage taken from wheat must not be diverted to other soil depleting crops. Each acre in excess of the allotment planted in another soil depleting crop, such as corn, oats, etc., will be penalized at the same rate as if it were planted in wheat.

Marketing quotas will not be applied for wheat this year. Acreage congress votes money for parity payments. No acreage allotment will be assigned to farms on which the normal production of wheat for market is less than 100 bushels.

POTATOES

1938 allotment 3,100,000 to 3,200,000 acres, compared with 3,228,000 acres seeded last year.

Benefit payments will be three cents a bushel on allotted acreage. The penalty for exceeding allotments will be 30 cents a bushel.

Marijuana Rumors Terminated by U. S. Attorney

BOISE, Feb. 28 (U.P.)—Rumors that high school students throughout the state are indulging in wild marijuana smoking parties, are unfounded, U. S. district attorney for Idaho, said today.

Casterlin reported that as far as narcotics are concerned, the state is "clean."

He said that "except for a few vagrant puffs to see what the weed will do," high school students were remarkably free of the habit.

Eight marijuana cases have been prosecuted during last year, he said, most of them in eastern Idaho where the weed grows wild by the roadside.

Only one federal narcotics case, that involving an aged Chinaman, was prosecuted by Idaho federal authorities in 1937, he said.

Wild Horse Round-Up Will Remove Mustangs in Forest

Receipt of a closing order by forest officials from the United States secretary of agriculture this afternoon signaled the "end of the trail" for scores of wild mustangs which roam the Sublett and Black Pine divisions of the Minidoka national forest.

Plans are already underway, it was learned, to stage what will probably be the last "wild horse" drive to remove the mustangs from the range in the two forest districts.

Grazing Restriction
 The order closes the area to horse grazing until March 31 after which time only such horses as can be handled by permittees will be allowed in the area to "go native" and bring the bands. Some members of the herds carry brands while others, born in the open country, are possessed of long manes and tails and are in some cases are full and drag the ground. Usually of little commercial value, the horses left on the Sublett and Black Pine divisions will be shot.

TUBERCULIN TEST SCHEDULE READY

With the tuberculosis skin testing program in high schools located over three counties underway at the present time, Dr. Robert Stump, director of the district health department, announced a complete vaccination schedule for two of the counties and partially completed schedule for the third.

The program, sponsored by the Idaho Anti-Tuberculosis association, is designed to reach every high school student in Twin Falls, Jerome and Gooding counties.

Offered Each Student
 Although the test, used for detecting early traces of the disease, is not compulsory it will be offered each student. Dr. Stump said.

One high school, that at Hansen, has seen the work completed. At that point 50 took the skin test, representing about 70 per cent of the student body.

Although the vaccination schedule for Twin Falls county is not completed at the present time, arrangements have been made to visit the local high school on March 8.

Completed schedules of calls in Jerome and Gooding counties at the following dates and schools tabulated:

The List
 Jerome county: Hazelton, March 1; Eden, March 1; Jerome, March 1.
 Gooding county: Wendell, March 2; Gooding and Hagerman, March 7; Bliss, March 14.

The Twin Falls county schools will be visited during the middle of the month with the completed schedule to be announced later, Dr. Stump said.

Girl Reserves Magic Valley District

One of the most gala affairs of the current school year was the father-daughter banquet given by the Filer Girl Reserves Thursday night. Distinctive types found in the United States, the hill billy, the Indian, the cowboy, and the Negro were grouped into a theme that brought out both a humorous application and sincere appreciation of their contribution to this country's growth and history.

Scenes depicting each of these types in its native environment and pursued were cleverly worked out as table decorations. The cowboy roping cattle among sagebrush and rock-strewn wastes, the Indian braves creeping out of dense pine-tree ambushes by the waters of a lake, the entire replica of "Red Burns" well-known relations sprawled about a log house in an Ozark clearing complete even to the jug of corn and eternal wash-tub. Negro groups about a bonfire below plantation shanties—all were seen as one traversed the length of the tables. As a symbol of their union there were individual favors of the familiar Uncle Sam. Toasts and numbers on the program carried out this theme and included the following:

Toastmaster, Lois Pond. "Howdy, Folks," Jene Jones; "Same to You," Edgar Vincent; "Whoopee Y! Y! Yo," Mary Ellen Davis; "Carolina Moon, Keep Shining," J. M. Jamerson; "Green-up Time," Clyde Musgrave; "Peace-Pipe," Linnos Larson; "Jig-Time," Betty Johnson; "The Garter," Lucy Adelle Dillingham; "Warblin'," Lois Pond and Yvonne Vincent; "Black Magic," R. K. Dillingham; "Curiosity," Jean Fox; "Indian Love Call," LaRtee Williams.

Approximately 105 guests and Girl Reserves were present at the banquet. Miss Frances Pugh is adviser of the club.

Mrs. O. H. Krenzel, district president of the Adult council of the Girl Reserves, was guest speaker at the Friday meeting of the Kimberly Adult council, Mrs. Krenzel

discussed the work and organization of the Y. W. C. A.

Music during the afternoon was provided by a group of the Kimberly Girl Reserves.

At the close of the session the hostesses, Mrs. Joe Laughlin, served refreshments.

The three Twin Falls clubs will hold regular meetings on Tuesday with varied themes in each division. Freshman club is stressing a peace program with a playlet, "The Wooden Soldiers," to be presented. Girls participating will be Verna Lou Bowman and Helma Thomas with music by Melba Holmes.

Continuing the study of vocations started at previous meetings ten members of the Blue Triangle group will give vocational talks. Music will be presented under the direction of Ann Foster, chairman, and Betty Thornton will present a business discussion centering on the Girl Reserve dance will be conducted by the J. O. Y. membership. Trio numbers will be presented by Mickey Pumpfryn, Helen Gee, and Martha Weddie. Flag salutes will be led by Ruth Burdette and Shirley Thornton will conduct posture and exercise tests under the direction of Miss Margaret Egbert. Refreshments have been arranged for this group by Chairman Janet Coleman.

Alumni Plan 50th Birthday Fete for University in '39

MOSCOW, Feb. 28 (Special)—Alumni and friends of the University of Idaho are planning a statewide birthday celebration for the institution on its 50th birthday, Jan. 30, 1939. It was on that date in 1889 that Governor Edward A. Stevenson of the territory of Idaho signed the bill creating the University of Idaho. Established by the legislature of the state territorial government the university has the unique distinction of preceding statehood by nearly a year, Idaho becoming a state on July 3, 1890.

A semi-centennial celebration was suggested to President Harrison C. Dale by university alumni as a fitting means of commemorating the rapid growth of the state of Idaho and its university have experienced during the last half century. Tentative plans call for alumni groups throughout the state to have banquets the evening of Jan. 30, 1939, at which time the university's history and its many contributions to the development of the state will be reviewed.

Because Boise actually is the birth place of the university an important phase of the semi-centennial will be held there. Incidents surrounding the introduction, enactment, and signing by Territorial Governor Stevenson of the organic act which established the university will be reenacted in a brief historical drama. The university history department is making a study of all incidents surrounding the passing of this act as a basis for the reenactment.

The broad program which will commemorate the university's 50th birthday President Dale has appointed the following committees to represent the university faculty and the institution's nearly 5,000 alumni.

Dean J. G. Eldridge, dean of the university faculty and a member of the university staff since 1901, chairman; Brigadier General E. R. Chrisman, commandant emeritus of the department in making a study of the university in 1889; Dean T. S. Kerr, acting dean of the college of letters and sciences and chairman of the public events committee.

Mrs. Claude Brown was honored over the week-end at a birthday dinner arranged by Mr. and Mrs. George Ward. The motif was patriotic for the event. Mrs. Brown received a cake and each lady was presented a handmade handkerchief made by the hostess as a favor.

An informal talk on their trip abroad was given by Dr. and Mrs. Lloyd E. Oaks and they showed a number of pictures.

Guests were Dr. and Mrs. Oaks, Mr. and Mrs. Brown, Mr. and Mrs. Stanley Cockrell and Mr. and Mrs. Ward.

TRIO PLANS SPRING PARTY

Members of the Trio-C met yesterday afternoon at the home of Miss Joan Jones, president, to hear reports of committees on the spring party. Date for the annual event was set for April and will be held in Radiolandia. Club songs were sung by the group.

At the close of the meeting Miss Jones served refreshments. Mrs. Harry Benoit, sponsor, was present.

TROTH ANNOUNCED FOR LOCAL COUPLE

Miss Alice Jean Glandon's engagement to Robert E. Davis was announced over the week-end at a dinner party given by Miss Glandon's parents, Mr. and Mrs. J. H. Glandon, for the couple.

The prospective bride's birthday was also honored and the centerpiece for the table was a large cake trimmed in pink and white flanked by ivory tapers. Guests were also seated at a small table. The announcement of the nuptials, scheduled for late spring, was found on the place cards.

Games occupied the evening.

GROUP CONSIDERS Y. W. C. A. MEETS

Leaders, advisers and members of the young business girls group and Girl Reserve leaders of Twin Falls and Boise Y. W. C. A. met for a conference in Twin Falls on Saturday.

The group met for dinner at the Park hotel with a green and white St. Patrick's motif featured in the appointments. At the conclusion of dinner the meeting adjourned to the apartment of Miss Ruth McManlinie, Magic Valley Girl Reserve secretary.

Business discussed by the group concerned the Y. W. C. A. conference set for May in Spokane and the national convention of the order to be held at Columbus, O.

Those coming from Boise were: Miss Carrie Reynolds, general Y. W. C. A. secretary; Miss Betty Vincent, Girl Reserve secretary; Miss Beth Jones, Miss Eleanor Tinker and Miss Marie Dittmar, members of the business girls' group of the Boise Y. W. C. A.

Representing Twin Falls in the conference were: Miss McManlinie, Miss Margaret Egbert, sponsor of the Four-L's club, Miss Caroline Dudley, Miss Marie Bush and Miss Charlotte Ryhartz.

Twin Falls Youth Wins New Honor At Swarthmore

Attaining a class presidency for the second time in his college career, John Holt Breckenridge, son of Mr. and Mrs. L. L. Breckenridge, Twin Falls, has just been elected permanent president of his class at Swarthmore college, according to word received here this afternoon.

Young Breckenridge was also president of his class in his freshman year. He is majoring in chemistry and has taken an active part in Swarthmore life, participating in numerous college activities. In his sophomore year, he was elected as a member of Kivnik, the society of managers, and then in his junior year, he was elected president of the Phi Kappa Psi fraternity, and was president of the fraternity in his junior year. Also in his junior year, he ran the college chess fund drive, which is a drive to raise funds for purposes similar to the community fund. He is also a member of the honorary society of the Book and Key.

He has had his hand in dramatics, playing the male lead in a Little Theater club production, "Green Grows the Lilac." In the way of athletics, he has played varsity soccer, and is at the present time manager of basketball.

EACH DAY improves your bargain under "Step-Down" Rates

As you use more electric service, you buy it at decreasing rates. That means that each day's use of electricity added to the others, helps make a bigger bargain of the bill that comes at the end of the month.

And in the same way, if you reduce your use of electric service, with the idea of making a saving, you also sacrifice the best part of your bargain, for the reduction comes at the lowest rate you have earned.

Idaho Power's electric rates are among the lowest anywhere in the nation, and rates have been reduced 21 times since 1927. The people of southern Idaho and eastern Oregon have taken full advantage of the privileges of Cheap Electricity, for they use more electric service than almost any other group.

Use your electric service freely. It's a bargain that grows better as you buy more of it.

LOUISETTI NEARS ALL-TIME SCORING RECORD

Jesse Owens to Appear at Murtaugh, Gooding This Week

Star of Stanford Cage Team Needs Only Three Points

Byron Nelson, Patty Berg Cop Golf Meets; Cunningham Sets New-Track Mark

BASKETBALL—Han Luissett, Stanford, set a southern division scoring record of 215 points and came within three points of the 1831-point national four-year record by getting 16 points against U. C. L. A. Saturday. Stanford defeated U. C. L. A. to move into first place in the southern division. California dropped to second in losing to U. S. C. Whittier won the southern California conference title by defeating Occidental college. University of Nevada won the far western conference championship by beating California Aggie.

Needs 3 Points

HORSE RACING—Aneroid, eastern horse, won the San Antonio stakes at Santa Anita, beating Sea-Biscuit by a neck over the mile and one-eighth distance. Indian Brown was third. The Woolford Farms' Laverne won the 1920 Farmington stakes at Hialeah park, Florida, with Bourbon King second and Norman Church's Laverne out of the money.

Cunningham Sets Record—Clayton Cunningham, Kansas, ran the second fastest 1,500-meter race in history in the national A. A. U. championships in New York. He set a world record of 3:49.4, one and five-tenths faster than the Gene Venke's old mark and within six-tenths of the second of Jack Lennox's outdoor record. Jimmy Herbert, New York university Negro, ran the 600-meters in 1:20.3 for a world record. Don Leahy, Indiana, won the 100-yard sprint in 3:49.4, one and five-tenths faster than the Gene Venke's old mark and within six-tenths of the second of Jack Lennox's outdoor record.

Walt Riggert Climbs to 198 Average

Displaying the most impressive sustained average of recent years, sharp-shooting Walt Riggert tops all Twin Falls bowlers with an average of 198 for the second half pin season to date. Director Fred Stone announced today. Riggert is 10 pins ahead of his nearest competitor, W. J. Johnson. He is 21 pins in advance of leaders in City league—Mrs. Ruth Rogers and Harper, each with 176. First 10 bowlers in each loop: COMMERCIAL—Riggert 198; Johnson 188; Neal McIntyre 187; Fred Stone, Louis Pughano and Jack Ford 185; Rolly Jones 183; Roy Coleman and Ray Fretwell 180; Ed Bringer 179.

Burley Set for M-Men Meet

BURLEY, Feb. 28 (Special)—The Young Men's Mutual Improvement association of the L. D. S. church has scheduled a district basketball tournament to be held March 10-12 in the high school gym, according to E. J. Budge, district supervisor. Teams must enter competition by March 1 and each stake supervisor must verify the eligibility of his players. Winners of the tournament will represent this district in the church finals at Salt Lake City later in the spring.

Fight Fans Start Feeling Sorry for Max Schmeling in Next Bout with Joe Louis

NEW YORK, Feb. 28 (AP)—Since our heavyweight champion Joe Louis sneered on Nathan Mann last week he's been subjected to an incessant barrage of condolence for Max Schmeling. Schmeling is being beaten. He knocked Louis colder than a luring one 20 months back. And now folks are beginning to feel sorry for him because he has to fight Louis again this June. Just how much sympathy should be wasted on Mr. Schmeling is more than a mystery to me. It is idiotic and a slight abuse of those tender sentiments usually reserved until at least 10 minutes after rigor mortis has set in. The last to belittle the wallop that Joe carries in either mitten, I question whether the time is right to begin slinging a requiem for Max Schmeling. Of course Louis' third-round knockout over the Connecticut Yankee was more impressive than his decisions over Pastor and Parr. In both of these

SENATORS HAVE CLASS—We see the look at Coach "Ap" Berg's Gooding court aggression on Friday night, and we don't think it's an over-statement when we say they are the oldest bunch of ball handlers we've seen perform in high school circles this year. Of course we may be looking on when the Senators were particularly hot, for it doesn't seem reasonable that any high school club in the state could hope to bring in 12 points. But they did it—and it wasn't because the Jones crew was missing more shots than usual, either. They have one of the shiftest men we've looked at this season (and we've seen some 25 different teams in action) in Cliff Merritt. Webb. He's really clever, and although he might have a hard time getting along with an average bunch of players he has the perfect men to go with him in George Proctor and Bob Vaught, veteran Gooding athletes. The three of them make a heady combination that is going to be hard to beat in tournament play. As a matter of fact we think it would be safe to offer odds of about 10 to 1 right now that they will be one of the two teams to represent this district at the state meet in Boise.

GOOD CLASS B OUTFIT

Speaking of good high school basketball teams, a club of which we have heard written up in this district is the Halley quintet, coached by Bill Briggs. The Wolverines, we believe, have the highest percentage of games won in south central Idaho, with a record of 11 wins and one loss. They have defeated such clubs as Pocatello, Richfield, Gooding, State High, Bellevue, Carey, Shoshone and Fairfield.

Their only loss was an early season tilt to the powerful Fairfield Maulers, North Side's sub-20-tick champions, by a score of 25-20. Later they turned the tables and defeated Coach C. D. Merrill's outfit 35-20. The Wolverines still have to win their Wood River tournament title, but we expect to see them with that case. And then they will head for the district championship at Shoshone.

NO SAVAGE QUINT

We thought to hear that John Savage isn't taking his championship Murtaugh quint to the Idaho amateur tournament in Boise. But the Savage crew has a reputation in the last few weeks that is the talk of the state in basketball circles and have become one of the best drawing cards in the court game. Financially speaking, the Savages have done exceedingly well the last three weeks. They topped the \$100 first prize money at Burley, the \$55 first prize at Gooding, and then took 40 per cent of a \$500 prize at Burley. The All-American Red-heads played their last week. All that plus medals and trophies. Not bad for just a bunch of amateurs!

Patty Berg Seeks Fifth Straight

ST. AUGUSTINE, Fla., Feb. 28 (AP)—Patty Berg, Minneapolis, will seek her fifth straight winter golf title tomorrow against a field that includes Louie Schmelming and Kathie Hopkins. Berg is defending her title won by Hermy Hill in the 14th annual Florida state golf championship. Patty, fresh from her triumph in the women's south slotted event at Ormond beach, warmed with a practice round of 74, six under women's par, over the St. Augustine links yesterday.

He Scouted Him

It is estimated that the average life of an automobile is 2,100 hours. If the car is driven at an average speed of 30 miles an hour its life may be figured, in miles, at 63,000. To a casual observer this probably means that Louis is a bit old. But the Brown Bomber who waded through Carriers, Bear and Paulino, but it also means that Joe still is a sucker for a right hand punch. Louis has no natural defense against a right hand, his neck is

Bulldog Boxers Prepare for Blackfoot Tilt

KIMBERLY, Feb. 28 (Special)—Coach Louis Denton's Kimberly Bulldog men of the squared circle today were preparing for their third inter-city match in 10 days. Opposition this time will be the Blackfoot team in a series of two bouts. The invaders, with boxing an established sport in their school for several years, are expected to give the Kimberly team its hardest battle of the year. In three matches this year, the Denton team has won four out of six twice from Boise, and then on Saturday night trounced the Gooding team six to one.

Largest Crowd

Saturday night's crowd at the Kimberly gym for the Gooding bouts was the biggest in the history of boxing at a high school sport. The Denton manager suggests the going not too tough as they copied six decisions from the Senator mild slingers.

In the opener, Frank Blinger, Kimberly easily dispatched Ray Weaver, Gooding, both 95 pounders. Richard Quenell, 114, Kimberly, won over Fulton Bird, 114, Gooding, in a close bout for the second Bulldog victory.

Bob Scott, the Kimberly boxer who was the victim of a knock out in the first Boise matches, made his come-back good, with a decision over Glenn Brown of Gooding. Both weighed 145 lbs. Eddie Quenell, 116, Kimberly, "buzz-saw," took a decision from Albert Weaver, 121, Gooding, in a slow bout, marred by much clinching.

CARNERA RECOVERS

PADUA, Italy, Feb. 28 (AP)—Former Heavyweight Champion Primo Carnera, completely recovered from a recent kidney operation, returned to his home in Seguela today.

Complex Situation

In the northern division a more complex situation existed. Washington State topped the group with 12 wins and one defeat. Oregon was next with 13 victories and 6 setbacks. Washington was third with a record of 11 conquests and 7 defeats.

Washington State must win all three of its games to clinch the title and retain its divisional championship. Oregon can tie for first by beating Oregon State while Washington State is losing at least one of its remaining games.

Washington State is losing to Oregon in the third round before Max Thrax took the championship by beating Oregon State, or can tie for first even though losing to the Beavers at Corvallis.

Famed Olympic Track Star Brings Noted Troupe of Cage Aces

By HAROLD J. WOOD Evening Times Sports Editor

Jesse Owens, the world's most widely known star of the cinders, will make two south central Idaho appearances this week, it was announced here today as arrangements were completed for basketball games with his Negro Olympians at Murtaugh on Wednesday, March 2, and at Gooding on Thursday, March 3.

Sets Record

Glenn Cunningham, the veteran Kansas Miller, set a new mark for the 1,500 meter race Saturday night when he ran the event in 3:48.4, in the national A. A. U. meet in New York.

Record Recommendation

Owens, attempting to regain his amateur status, made the world's sports pages again yesterday when the International Amateur Athletic association decided to recommend for adoption his mark of 169.3 seconds for the 100 meters. The pleasant Negro will show just how he has set his Olympic race in floor demonstrations at Gooding and Murtaugh.

WELL, SIR, THERE WAS ONE OF TWIN FALLS BUSINESS MEN OUT HERE GETTING AN OIL DRILL IN A V-8 FORD.

Well, sir, there was one of Twin Falls business men out here getting an oil drill in a V-8 Ford. He and I had a big hearty laugh together. The first motor oil he ever bought of us was about a year ago and we forgot to tell him how that our people in the Arkansas motor oil is doing a good job of keeping his motor free from carbon in the pistons, valves and even the spark-plugs. We advise you to make a change to our oil to drain their oil the first time in about 600 miles as the carbon removal is so rapid that it can be done in about 10 minutes. Then the second drain should be in about 800 miles and the third drain and thereafter in 1000 miles because after this much use and oil for about 3 fills your motor will be carbon free and then you'll get the most marvelous results. The more people understand the value of Pratt's motor oil, the better they like it. It is the safest oil that Claud Pratt knows for cars, trucks, tractors, airplanes, motorcycles, Maytag washers, cream separators, and diesel. A well known Twin Falls business man brought his 1937 Chrysler down for an oil change and he was using a Pennsylvania, high priced oil and he wanted us to put his car on the hoist and take it up until the wheels were off and he wanted to see so he could get his gas throttle himself at 30 miles per hour. We did so and he set his own gas throttle in about 20 minutes and he felt then about his car and we refilled with our wonderful Arkansas motor oil and the speed jumped 7 miles per hour. This was not a surprise and he was extremely pleased. He figured out his saving in gasoline alone would buy him all the oil he would use for the next year and he would need and give him money to spare providing he uses this Arkansas motor oil. I have the name of this Twin Falls business man and if you want to inquire about it I will gladly give you his name. One of our customers came in and bought 50 gallons of our motor oil. He said, "Pratt, my mechanic tells me that your oil will not stand up under heat. I told my customer to fill his motor with 20 miles per hour. He then said he could prove that our oil would not stand up under heat. We also offering this \$20 to anyone else who can do this. I want to know if our motor oil doesn't stand up under heat. I just as well add that it removes carbon and it cleans to the bottom of the oil pan. It burns in gasoline and give you greater life-climbing ability. Pratt's Arkansas motor oil is the safest, most reliable, Maytag washers and diesels. We don't guess at this statement, we know it is true and we can prove it and we do sell our oil at very reasonable prices. One day last week we sold two little two-room houses and we have ordered out another carload of hard-wood flooring (hold your orders, the price is going to be lower than ever) and we were in for another carload of cedar shingles. Another carload of motor oil has arrived. Our building material department is full of lumber and Arkansas mosquitoes. Hope you are the same.

THIS CURIOUS WORLD

By William Ferguson

IN PARADISE VALLEY, MT. RAINIER NAT'L. PARK, ANNUAL SNOWFALLS OF 100 FEET ARE COMMON.

MANY NATURALISTS NOW ARE OF THE OPINION THAT THE LOWER ANIMALS ARE CAPABLE OF THINKING!

NOT ALL FLIES ARE PESTS! THE DRONE FLIES DO MUCH GOOD IN DEVOURING PLANT-LICE.

Instinct plays a great part in the lives of the so-called lower animals, but experiments have convinced most naturalists that they do have limited capacities for thinking. The fact that dogs dream indicates the possession of imagination.
