SAN DIEGO, Calif., March 4 (AP)—Robert P. Scripps, controlling stockholder of Scripps-Howard newspapers, died Thursday morning at his yacht, Nova Del Mar, off Santa Margarita Island in Magdalena Bay, Mexico.

200 Feared Dead In Los Angeles Disaster Region

10,000 Reported Homeless as Damage to Property Mounts. LOS ANGELES, March 4 (AP)—Dwindling food supplies added to the suffering today in water-soaked southern California as officials estimated the death toll of the record-breaking rainstorm and flood would reach 200.

One hundred and four persons were known dead. One hundred fifty persons were reported missing and believed dead. Property damage was estimated at \$25,000,000. Ten thousand persons were homeless.

No Outside Help Needed, Says Red Cross After Flood

LOS ANGELES, March 4 (AP)—The American Red Cross announced today that Los Angeles and southern California "need no outside help of any kind as a result of a recent storm."

Chairman D. M. Max Waters of the Los Angeles organization of the Red Cross said that "while the physical damage is considerable, it is not as serious as it is reported to be. It should be pointed out that conditions in Los Angeles are normal and that some of the worst damage was done in a flood as floods are regarded in eastern river sections. Such a thing is geographically impossible here as the water runs off too fast."

The Red Cross made an immediate survey and found the need for relief was comparatively small. A total of 1,100 families were forced to evacuate their homes in the greater Los Angeles area during the storm. Now, with the storm over, rehabilitation is already under way.

WOMAN AT BURL WINS 2ND PRIZE

A Burl woman won second prize in the first week's electric range contest sponsored by the Electric Equipment Sales association, according to word received here today from Boise headquarters of the organization.

SOUTHERN UTAH HIT BY FLOODS

BALT LAKE CITY, March 4 (AP)—Residents of two Utah communities in the southern part of the state are facing a water shortage today as property damage exceeding \$250,000 was counted in the wake of the year's worst storm in southern Utah.

Only 24 hours water supply is on hand in Hurricane and the future supply is at least temporary. Highway washouts and landslides, it was reported.

Floods carried away 75 feet of bank in south of San Diego. The crisis manager of the yacht sent an emergency radio to the United States coast guard at 8:30 a. m. Thursday, reporting his condition "serious" and requesting that Dr. James Churchill, Scripps' personal physician, be flown to the island.

Dr. Churchill attempted to radio instructions to the yacht for Scripps' care.

Case Closed Clara driven by Mildred Elrod, Twin Falls, and Pat R. Pickett, route one, Burley, crashed at the intersection of Third avenue north and Broadway street, a police report shows.

Rescue workers followed the drifting waters, hunting for bodies in the debris. More than 100 bodies given up for dead were missing. Bodies were washed out to sea in the swirling, yellow streams and were lost.

Food Water Shortage In the aftermath were isolated cases of fooding; food and water shortages; a hazard to health in one area; and a threat of fire in another from a wrecked gasoline tank.

Food sales were restricted in San Bernardino, 80 miles east of Los Angeles, where rain water was collected to drink in some places.

Among those without adequate food and water were the 200 campers at Malibu Beach, an exclusive, residential colony of movie stars. Rain water there was being saved.

Some bodies were found in homes, where the flood trapped them unexpectedly Wednesday night, in the laps of the foothills buried them alive. Others were picked up from the banks of receding streams, or from canoes, where their clothes had caught and held them.

Indicted Guaman The Lewiston grand jury indicted Henry Guzman, a member of the equipment division, on a charge of receiving funds for goods allegedly not delivered to the state.

Alvin Harbour, then, commissioner of the public works department, was removed from office and McKelvey took his place.

Subsequently, McKelvey became a party with J. H. Stiemmer, present head of the highway department, in suits brought by Attorney General J. W. Taylor charging illegal purchase of machinery.

The salaries of both McKelvey and Stiemmer were held up by the Attorney-General's order pending settlement of the suits. Stiemmer has worked a full year without pay and one of the suits seeking recovery of \$15,000 allegedly expended for illegal purchase of a tractor is nearing final settlement by the state superior court.

After his removal and replacement by Ira Taylor, McKelvey returned to the materials and equipment division of the highway department as an accountant, a post he held before his promotion to commissioner.

Action of the grand jury in indicting McKelvey and others yesterday was considered the first chapter in investigation of the highway department. Allegations that the department had "expended enormous sums" of state funds without proper accounting were basic reasons for calling McKelvey to the stand.

The jury yesterday called Stiemmer but excused him subject to further summons. It was believed that until Stiemmer's interview is completed, the jury investigation could not be considered as having finished with the bureau of highways.

Ditch Digger—Opera Tenor

Lady Luck waved her wand and the song of a ditch-digger was wafted to the ears of, among all New York's millions, Maestro Salsaggi, director of the Hippodrome opera. That's why Gerardo Cantadino, above, 23-year-old ditch-digger and amateur prize fighter, gets his picture in the paper, taking time out for lunch in the street trench from which his F above high C lifted him to a successful debut as operatic tenor and, he hopes, his family out of poverty. With his mother and eight brothers and sisters, he lives in a west side tenement.

Tiny Silver Engine Remains Unique; Made from 2 Spoons by Boy in 1849

PHILADELPHIA (UP)—The tiny steam engine which 16-year-old Cyrus Chambers, Jr. built of silver melted from two of his mother's teaspoons back in 1849, occupies an honored place in the Franklin Institute's Hall of Prime Movers.

The engine, which runs so fast that its motions scarcely can be seen, is fashioned of more than 150 pieces, most of them silver but some of gold. The microscope reveals which hold it together are only slightly larger than grains of sand.

The cylinder is 1-16th of an inch in diameter and the stroke 3-16ths. Weight of the engine, boiler, stack and the plate on which the engine is mounted is less than a half ounce.

Operated now with compressed air, the tiny mechanism will run at a speed of 3,000 revolutions a minute. Chambers was said to have refused a fabulous offer for the engine from a representative of P. B. Barnum.

Before he made the steam engine which later was exhibited at the Centennial Exposition here in 1876, Chambers had built a miniature telegraph set, a delicate model of a paddle-wheel boat and a threshing machine that would thresh a single grain.

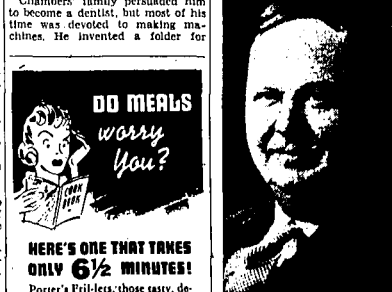

Chambers' family persuaded him to become a dentist, but most of his time was devoted to making machines. He invented a folder for

Potato Growers Give Crop Facts

BURLEY, March 4 (Special)—Potato growers of Cassia county are being asked this week to furnish the agriculture conservation office with information on Irish potato crops for 1938 and 1939 as part of the work to establish farm acreage allotments for potatoes for the 1938 program.

According to W. N. Fairmer, county agent, post cards were mailed to all commercial growers.

DATES SHIFT FOR OLDER BOY MEET

Dates for the Older Boys conference to be held here have been shifted from April 1, 2 and 3 to April 29, 30 and May 1. Dale Wakem, sponsor of the Twin Falls Hi-Y club, announced today after attending an executive conference at Pocatello.

The shift in dates was made necessary by the conflict with the P-T-A convention to be held here on April 1, 2 and 3.

Area Director Hoisting, with headquarters in St. Louis and territory including Kansas, Missouri, Nebraska and Iowa, will be the chief speaker at the sessions. Other details and speakers will be decided on later, Mr. Wakem said.

"TOO KEEN AN EDGE DOES NOT CUT... TOO FINE A POINT DOES NOT PIERCE"

—AN OLD PROVERB

This proverb can be fittingly applied to the "grind" of coffee. If coffee is ground too fine it will fall to produce its true flavor. Hills Bros. has proved this in countless tests during their sixty years in the coffee business. Hills Bros. Coffee—the Correct Grind—is guaranteed to produce the finest-tasting beverage by any method of coffee-making. Millions of people have proved for themselves that Hills Bros. Correct Grind gives the utmost in flavor in every cup... again and again.

For Love of Polly. By RACHEL MACK. A story snippet about a man named Jerry and a woman named Polly.

Behind the Scenes in Washington. By RODNEY FUTCHER. A news article about political events in Washington, D.C., mentioning President Roosevelt and various cabinet members.

Will England Throttle Her Press? Either Great Britain's ambassador to Rome is engaging in some fanciful diplomatic skirmishings with the Italian foreign minister or else the British empire is prepared to go much further than any one has anticipated in negotiating a truce with Italy.

Sort of a Hop, Skip and Jump Game. The score seems to be two for the eyes and one for the nose. First the governor says he's gonna run a second term; then says he wasn't kidding. Which reminds me of something that Sir Walter Scott didn't write.

CHAPTER XXIII. At the arrival of the week Cabell A Banks craved at the hotel and asked of "Monsieur Jeremiah Whitehead." "The voice!" said the innkeeper, and he pointed out Jerry just coming in at the door with his wife.

By Rodney Fitcher. WASHINGTON, March 4.—Business men may still believe it's too good to be true, but they have not forgotten that they ought not to do or say anything which might cause him to be accused of robbing the boat.

It is easy enough for Italy to promise her end of that kind of an agreement. But it comes as considerable of a shock to think of England contemplating "cessation of anti-Italian propaganda in the British press."

A GOOD REASON. Pot Shots: Recently one individual over here in Idaho was sentenced to a short time in jail on a drunken charge. Later a pot larceny charge was filed against him before one of the local judges.

"A Baltimore clipper's not safe, Banks. Those Marylanders are mean to build them. Too flimsy. Too fast..." "Too flimsy, I grant you. But not too fast. Nothing could be too fast for us."

AVOIDING DISTURBANCE. For some time it has been observed by writers that P. J. doesn't seek to monopolize conversations as he once did. And lately they have reported that he is as keen as a razor to reform, even of the mildest nature, with the objection that they might cause him to be accused of "grabbing business."

Freedom of the press is an actual liberty in Great Britain, just as it has always been in the United States. The government exercises no censorship, official or otherwise, over the news or editorial policies of English newspapers.

FDR REAFFIRMS FAITH IN PRINCIPLES OF NEW DEAL

'SHIP OF STATE ON SAME ROUTE,' SAYS PRESIDENT

By LYLE G. WILSON
WASHINGTON, March 4 (AP)—On the fifth anniversary of his inauguration President Roosevelt today reaffirmed his determination to carry forward with principles and program of the New Deal.

Mr. Roosevelt took occasion to make the start of his eighth year of the White House with a declaration to 100 newspapermen who crowded his oval executive office that: "After five years the ship of state still is on the same course."

Mr. Roosevelt presented his statement after he returned to the White House from St. John's church where, as on inauguration day five years ago, he had attended brief services.

Same Objectives
The President emphasized that through his years in office the administration has clung to the same objectives and the same ideal. However, said Mr. Roosevelt, it is worth while to draw a distinction between those objectives and the policies carried out in order to attain them.

He warned plainly that the administration would go ahead with its war on special privileges and declared that he felt encouraged, too, that so-called pressure groups were being eliminated.

Today, said the President, the main New Deal objective is increasing the purchasing power of the people as a whole.

This objective, he said, should not be confused by methods undertaken to attain it. A good many people, he said, continue methods and objectives and consequently maintain-keep moves by the administration to keep the ship of state on its course.

Fared Inflationary Boom
As an illustration he cited the experience of the administration was fearful that its efforts to stabilize values were being threatened by an inflationary boom.

Today, he said, continuing his marriage analogies, he is presenting fluctuating economic winds from blowing the ship off her course.

In the autumn of 1937, he said, the ship sailed on a course that was threatened with a deflationary movement. Likewise, he said, to maintain the course, the helm was put to starboard.

When you shift the helm in order to keep the ship on its course that does not mean a change of policy, he said, although some people suppose it is such.

Proving Streamliners Can 'Take It'

Gliding along at 75 to 80 miles an hour the new streamlined train got you there in a hurry. But can they "take it"? Judging from the answer in "Yes." The top photo shows a streamliner, under full throttle, after smashing and splintering a heavy truck loaded with logs, lower photo. The 85 passengers stepped from the train uninjured, and all they felt was a "jolt." After hitting the truck the streamliner, traveling between Houston, Tex., and Dallas, ripped up the track for more than 600 feet. Two Negroes riding on the truck jumped before the crash.

RAIL TAX LOWER, MASTERS CLAIMS

Refuting statements attributed to railroad officials that rate increases are necessary "because of the increase in the tax burden upon the property of the carriers throughout the nation," H. Masters, secretary of state, this afternoon pointed out that the Union Pacific has had taxes reduced in Idaho.

"The state board of equalization, voting three to two, lowered the valuation of the Union Pacific main line in Idaho by 10 per cent," Masters said, "and thus reduced the tax burden of the road by \$150,000. Therefore they cannot give this as an excuse for rate increases in the rates of 15 per cent."

Says He Was Outvoted
"During the deliberations of the state board of equalization I voted against this decrease in valuation, because I knew it would raise the ad valorem tax on the farms and homes of Idaho, but when the vote was taken the attorney general and myself voted no and the other three members of the board voted yes."

He proposed a 15 per cent increase in freight rates will cost the shippers of Idaho more than \$3,500,000 and the Idaho public utilities commission are lobbying for that increase in transporting our crops to market will run between five and six million dollars.

Only the additional increase will suffice every industry in Idaho. In order to put this in, another way, this increase, if granted, will virtually be the same as moving Idaho 500 miles further away from its markets. It would strike fruit and vegetable growers the hardest because 95 per cent of their products find markets outside of Idaho.

Stock Market Beasts?
"It appears to me that the real reason back of this proposed increase is that the railroad companies are lobbying for that passage of the Pettengill bill at the present time. The bill would repeal the long and short haul clause of the transportation act."

"It would make shippers in such states as Idaho pay the additional cost for the long and short haul from coast to coast and in moving Idaho goods virtually to away with the Interstate Commerce commission in the intermountain states."

"This is indeed a vicious bill and should not be foisted upon the people of Idaho and the western states again," Mr. Masters concluded.

U. S. Takes Official Notice Of "Beaver Battle" in Idaho

By FRED BAILEY
WASHINGTON, March 4 (AP)—The government took official cognizance today of Forest Ranger Andrew McCorkle's troubles, admitting that he has lost the first round of an "openly declared war" with a colony of beavers.

The beavers, it seems, have built a dam on Panther creek in the Salmon national forest in Idaho, against the wishes of Secretary of Agriculture Henry A. Wallace.

McCorkle has torn up their dam repeatedly and each time the beavers built a better dam than before. When the beavers carried the battle to his own front yard and cut down his shade trees in retaliation, that was too much.

Official Report
The department of agriculture issued an official report criticizing the beavers. It said the beavers failed to observe reasonable hours "by working nights, holidays and Sundays."

About three years ago the beavers began a work program involving an increase in the size of their dam. That caused water to flood about two acres of pasture belonging to the Cooper creek ranger station.

McCorkle wanted that pasture land for his horse. So he bought a high-powered tractor and tore out the dam.

"But," the department reported, "the beavers definitely rebuilt as much of the dam as was torn out during the day. They worked nights, holidays and Sundays rebuilding the 40-foot dam every time it was destroyed by McCorkle."

Work and Learn
"Also the beavers apparently learned better construction methods with more experience and practice, for after the dam had been torn down several times they began to weight down their new structures with rocks weighing up to 40 pounds. In one instance they even tied the logs together with 80 feet of the rancher's emergency telephone wire."

"Not satisfied with merely reconstructing the dam, the beavers dug a canal 500 feet across the pasture to a group of Aspen chosen for winter food. The canal was four feet wide and plastered with mud to make it easier to slide the logs to the pond."

McCorkle admitted "temporary defeat" and called for a truce when his shade trees were destroyed. The beavers didn't want the trees, they simply were cutting them for spite. He asked the department for instructions.

He was authorized to create a "beaver resettlement administration" to remove the beavers to a happier dam-site. Now all McCorkle has to do is to catch the beavers.

UTAH GOVERNOR'S BROTHER KILLED

GOODYEN, Utah, March 4 (AP)—George H. Blood, 58, prominent financier and brother of Governor Henry H. Blood, was killed when his automobile swerved from the highway and overturned in an irrigation ditch eight miles north of here last night.

Blood was secretary-treasurer of the Royalty Securities company of Salt Lake City.

Authorities believed he fell asleep while driving. He was killed instantly.

A passing farmer, Parley Shaw, found the automobile overturned in two feet of water and Blood's body inside.

O. J. Sullivan, 64, one of the founders of the Ogden chamber of commerce and a former banker died last night of injuries received when he was struck by an automobile Saturday night.

FARMERS' PRICES DROP 1 PER CENT

BOISE, March 4 (Special)—Prices received by Idaho farmers for their products declined one per cent between Jan. 15 and Feb. 15 this year, it was announced today by Richard C. Ross, U. S. agricultural statistician here.

The index on Feb. 15 stood at 91 per cent of the pre-war level last month and 134 per cent a year ago.

The "all crop" index remained the same, as last month, with prices of grains, feed crops, and fruits all fairly steady.

The prices of dairy and poultry products along with meat animals on Feb. 15 were all lower than on the 15th of the preceding month. As a result the "all livestock and products" index declined from 109 per cent on Jan. 15 to 106 per cent of the pre-war level on Feb. 15.

\$25.00 REWARD

WANTED: Sealed unopened bottles of blended whiskies, bottled before Jan. 1, 1938.

WE PAID \$25.00 PER BOTTLE!

—for the finest whiskies of the old days... to prove that Crowns taste finer than even the rarest of the old blends

Segram advertised for rare old whiskies... paid \$25 for each sealed bottle of a bona fide blend bottled before June, 1919.

Armed with these famous premium whiskies of the old days, Segram then called in qualified tasters—men whose judgment could be relied on—and asked them to compare these old whiskies... side by side with Segram's Crowns.

The whiskies were served in plain glasses. No one knew which was which. And unannounced these men chose Crowns—as "finer tasting, smoother."

Men everywhere are choosing Crowns—for their finer taste. Since 1934, over 129 million bottles have been sold—quarts, pints, all sizes.

Blending skill explains it. Segram has searched the world to single out the few master blenders capable of producing that exquisite Crown taste.

Think before you drink... say Segram's—and be sure.

Does Mrs. Stokowski Live Here?

Whether or not the palm-bordered porch seen in the above photo of the quaint Villa Cimbrone at Ravello, Italy, is a lovers' lane leading to a honeymoon retreat is the question agitating the world of fans interested in the possible confirmation of long-standing rumors of marriage between Greta Garbo and Leopold Stokowski, the famed conductor.

Two Artists Delight Concert Group Here

By STELLA LOFF WOOD

In the final offering of this season's program of the Twin Falls Community Concert Association, Mildred Dilling, harpist, and Marcel Hubert, cellist, in joint recital at the Methodist church last evening scored a distinct success. Together these two artists formed a combination of delightful contrast and charm.

Mr. Hubert opened this unusual program with the two movements of Boccherini's "Sonata in A Major." Immediately he impressed his listeners as an artist of the first order. The warm, smooth quality of his tone, the beautiful, fluent bowing, an unflinching technical skill and a rare sensitive understanding of his music made his whole performance a fine musical treat to his audience. Excelled with Schubert.

The ever-beautiful "Ave Maria" by Schubert, opening with the second group. Played with a passionate sincerity and sympathy, this was probably one of the most beautiful numbers on his program. "Ficc" by Boulanger and "La Source" by Davidoff completed the group. Inspiring and exciting in rhythm and striking harmony, the former was more a piano and harp duet, and real credit is due Collins Smith at the piano for his especially fine work in this composition. Mr. Hubert's work was, as usual, impeccable. "La Source" was most effectively, exhibiting the artist's really amazing bowing, full of fire and brilliance and yet with a strain of sadness running throughout.

Mr. Hubert's final group, "Melo-dy" by Chuk-Krester, "Bicentennial" by Paure and Oudartre" by Moszkowski, showed again the versatility of the artist's work. In "Melo-dy" he played with clarity and restraint and with fine regard for classic form and feeling. "Bicentennial" more modern, was a charming example of a pastoral dance. "Mozzkowski's Oudartre" in no sense descriptive music, was beautifully done, displaying a fine command of tone gradation and quality and a tone of stinging beauty.

Harpist an Artist

Miss Dilling, no less an artist, in a program particularly well chosen for her instrument, offered Beethoven's "Bourree," "Air with Variations (The Harmonious Blacksmith)" by Handel and "Impromptu Caprice" by Fiori as her first group.

The Bach and Handel numbers were two of the outstanding numbers in her entire program—three complete hours composed for the harp and clavier, and the tone of which, of course, resembles that of the harp far more closely than the other instruments. Her excellent interpretation of Miss Dilling's playing in these numbers brought out much of the original beauty and gave them a new significance. The final number written

INDIGNANT AT PERSONAL ATTACKS ON F. D. R.

Editor, Evening Times:

As an average American citizen, I beg leave through your columns, to voice by indignation at the vicious personal attacks being made on our President, Franklin Delano Roosevelt.

Constructive criticism is always in order, and is welcomed by men of the calibre of Mr. Roosevelt; but inventive harangue and diatribe is quite another thing, and is scorned as the coward's tool.

Were some of the scurrilous accusations brought against Mr. Roosevelt by some of our pseudo-statement makers, he could be cited before a tribunal for judgment of gross official misconduct, which is tantamount to impeachment.

As an older people, we remember the day, when in viciously assailed, or impugn the motives of the President of the United States, to treat on dangerous ground, and this was as it should have been, and should be today.

Fairness and justice is the guiding spirit of true Americanism at all times, and under all circumstances, and especially under such conditions as have confronted us during the past year. A fair and equitable procedure from fairness and justice, constitutes the abandonment of TRUE AMERICANISM.

Speech is a blessing when rightly directed, but in the hands of the unscrupulous, it often becomes a menace to this nation of free people. The unbridled license allowed the abusers of free speech, opens the way to some of the six millions of unauthorized aliens in the United States to breed discontent and by preaching their various lies to an already disturbed people, which if allowed to continue uncontrolled, will eventually become a serious menace to our glorious peaceful democracy.

I do not feel that we as Americans should allow these accusations, which pass without the closest investigation; I feel that the American public should stand on their constitutional right by demanding proof in some of the allegations made by some of our citizens, and if Mr. Roosevelt is proven guilty as charged, he should be promptly impeached in accordance with the law of the land—and on the other hand, should it be shown that the charges thus made are without foundation in fact, then punishment swift and sure, should be meted out to his un-American accusers.

FINAL CHECK-UP NEAR ON SOILS

Action toward agricultural conservation payments under the 1937 soil program moved nearer the final step today after adjustment sheets for Twin Falls county farmers were dispatched to the state committee at Moscow.

Final check-up will be made later, and the sheets will then be returned for filling of application forms and signatures of participating ranchers. Checks may reach local farmers within a month, it was indicated by H. O. Lauterbach, chairman of the county conservation association. Lauterbach headed the adjustment work which made acreages conform to serial maps of Twin Falls county farmers. His aides have been Luke V. Sommer, Hubert; Walter Reese, Castelford, and Kenyon Green, Twin Falls.

Hazelton Council Discusses Typhoid

HAZELTON, March 4 (Special)—The health council met Thursday at the grade school with Mrs. Agnes Dickinson, chairman, presiding. Mrs. William Oster gave a paper on typhoid, tracing its origin to impure food, contaminated milk supply, food supply and typhoid carriers and other sources that might be eliminated. She stressed inoculation in communities where there was danger of acute infection from these sources. Miss Harriet Russell conducted a question box concerning water and milk supply, typhoid and other diseases. It was agreed that a joint meeting would be held with the Eden council sometime in April when Dr. Robert Stump of Twin Falls will be present to discuss typhoid.

The women teachers of the grade school presented a program as follows:

Song, Miss McClellan's music activity class; "Methods of Health Inspection," Miss Foote; "Necessary Adjustments for First Graders," Miss Reay.

The teachers served tea to the guests following the program. Miss McClellan and Miss Foote pouring coffee were assisted by Mrs. R. R. Reid.

PLAY ADVANCES IN FOUR SUB-DISTRICT MEETS

Tourneys at Hailey, King Hill, Eden and Declo See Hot Tilts

Grizzlies Win In South Side

EDEN, March 4 (Special)—Play progressed in the South Side Class B sub-district tournament here today the home-town Eden Grizzlies apparently having the edge in games played yesterday.

To start the day, Kimberly's Bulldogs nose out the Castletford club 25-19, and then the Murtaugh boys down the Hamilton team by the score of 25-22, with Savage leading the scoring with 18 runners.

In the first event of the game the Hamilton club sprang an upset to nose out the Murtaugh outfit by a count of 28-21. Hollister then took the measure of the Grizzlies with a score of 17-13. In the final game of the evening, the Eden Grizzlies, who drew a bye in the first round of the game, defeated the Kimberly club which defeated Castletford earlier in the draw, by a score of 31-24. This game was termed the best of the day, with the lead changing hands several times before the Grizzlies finally got a substantial lead in the final frame. The Eden was high point man with 12 runners.

In this morning's tilt Hazelton boys met Hollister boys at 9 a. m. and the latter boys met Hazen boys in an elimination tilt at 10 a. m., and Castletford and Kimberly boys tangled in another elimination contest at 11 a. m.

This afternoon Eden girls play Castletford girls at 2:30 p. m., and Hazelton girls tangle with Hazen misses at 3:30, with the winners of the two games to meet on Saturday night for the championship.

4 Clubs Score Declo Wins

DECLO, March 4 (Special)—Midget-Osada Class B sub-district round-robin tournament was under way here today with Albion, Heyburn, Declo and Hayden boys competing for the standings after yesterday's play in the boys' section.

In the girls' half, the Ratt River and Hayden teams were the winners with the Matia crew opening tournament play with a 41-20 victory over Aegoula and the Albion misses downed the Declo sextet by a count of 25-11.

Albion boys won over Paul 20-14, Heyburn banged the Ratt River boys 25-17 and the Hayden team beat Paul team 28-24 in a thriller and Aegoula downed Albion 10-7 in a non-scoring dual.

This morning Albion girls met Aegoula girls, Declo misses took on Ratt River misses and Ratt River boys tangled with Albion boys in a thriller afternoon.

Albion girls met Paul girls and Aegoula and Heyburn boys tangled.

The night the girls opened with a contest between Declo and Albion girls at 7:30. A Declo-Ratt River boys game follows and Albion boys tangle on Heyburn in the evening finale.

Olympians Play At Buhl

Jose Owens and his touring band of Olympians, Negro basketball quintet, will invade Buhl tonight for the second time in the week with the Murtaugh Savages.

The game is scheduled to be played after the Jerome-Buhl Class A high school contest, and in turn follows a girls' tilt between Buhl and Aberdeen.

Owens, noted Olympic champion, will make a talk before the meeting of the Olympian-Savage Unit, and will demonstrate springing technique and his experiences in the 1936 Olympic games.

Last night the Olympians played on the Gooding high school floor and the team won the game over the Gooding college quintet in an exhibition tilt by a score of 44-30.

Some 800 fans packed into the gymnasium to see the fine passing exhibition put on by the visitors. Outside of the first basket, the invaders were in the lead from the start. Sonny Howell, in scoring forward, rated one of the best shots in the land, collected 16 points for top offensive honors.

Hardwick Stays As Navy Coach

ANAPOLIS, March 4 (UP)—Lieut. Harry Hardwick has been named as head coach of football at the Naval academy, it was announced today. Commanding Ward Davis, now in command of the destroyer Dewey at San Pedro, Calif., will become graduate manager of athletics in the succeeding Commander A. O. McFall.

WIDE COMPETITION

ANAPOLIS, March 4 (UP)—The Naval Academy will increase their athletic competition in the future years under a program announced today. From now on the service academy athletes will meet in 12 branches of sports instead of six.

Events added sports are swimming, basketball, soccer, polo, professional sports to be continued.

Baseball, basketball and soccer, however, have not been included in the program.

KING HILL, March 4 (Special)—Halley and Bellevue scored victories in the first day's play of the Wood River tournament here last night, as four teams saw action in the boys' division. In the first section the Carey girls won over Bellevue.

After leading the entire first three quarters, the State school team slipped up in the last quarter to let the Bellevue aggregation annex a 38-33 victory. Anderson of the Gooding club was high scorer for the contest with 12 points.

The powerful Halley Wolverines defeated only once this season. Led by Carey boys in a count of 47-23, Bonin led the way for the victors with 20 points, with the outcome never in doubt from the start of the game.

Tonight the Gooding State school comes on Carey at 7:30 in an elimination game. At 8:30 the Halley and Carey girls do battle and at 9:30 Bellevue meets Halley in an "undefeated" team contest.

Jinx Seen for Seabiscuit in Race Handicap

By JACK QUENTHER

SANTA ANITA RACE TRACK, March 4 (UP)—To every notable sporting event there is attached some form of jinx, so today the rail birds gathered around and saddled Seabiscuit with the superstition that a top-weight horse can't win the \$100,000 Santa Anita handicap.

The Blucit, solid favorite to capture Saturday's mile-and-a-quarter classic, is the third horse in Santa Anita's four-year historic jinx. The failures of both were weighed with 130 pounds. Equiptoise tried it in 1935, and finished seventh. Discovery also failed to make the grade. The failures of both were blamed on a combination of the weight and the horse that it beat them both—Time Supply.

Santa Anita Jinx

This combination constitutes the Santa Anita jinx.

The superstition first appeared with Equiptoise. He sprang from the gate with a lead of 170 feet. For half the race he struggled in the lead. When the time came to bid the lead was too much and an eccentric sleep-charger, name Azucar, flashed by and won. Time Supply finished third.

In 1936 it was Discovery. The red ribbon of Sagamore, another prohibitive favorite at 150-1, charged away carrying half the dollars at the track on his shoulders. Dismay set in when he was overtaken by the wildcat at the post. Discovery was out of the contest when little Top Row winged under the wire. Time Supply finished second.

Only 154 Founde

Last year Rosemont was the favorite and Rosemont won, but he was 390-1 and carried only 124 pounds. Not given a chance because of a leg injury. Time Supply ambled home fifth for the most consistent record of the race's history.

Next Saturday, Seabiscuit must take up the seemingly insurmountable task of the Santa Anita jinx. The son of Hard Tack is the form player's choice, and with good reason.

He lost to Rosemont a year ago by just a nose. He is the defending American handicap champion and, along with War Admiral, one of the two best horses in the nation. His condition was proven a year ago when, in his winter debut, unbraced for four months, he came within inches of capturing a mile and one-eighth semi-windup to the Santa Anita.

Two Strikes Already

Final Class A Games Set for Tonight

Final scheduled Class A games of the year are set for tonight in three cities as six quintet end their regular season.

Coach Jimmy O'Brien and his Flier Wildcats, a rejuvenated team if there ever was one, will find just how far they can expect to go in their previous and in such excellent physical condition that he was satisfied to hold his form. He had done no practicing for several days and did none until a hour before the race.

When the first quarter was announced as 58-5, the crowd of several thousand spectators and townspeople roared their approval.

The cheerers of the throng grew louder as 2:32 was announced at the half mile post. The three-quarters clocking was given out as 3:04. Just as Cunningham came driving down the straightaway to start the final lap, the big gun was fired, the entire audience arose as a unit to help the modest runner to finish his greatest race.

War Admiral Reopens Bid For Fame Tomorrow

By H. J. ARONSTAM

MIAMI FLA., March 4 (UP)—War Admiral, by far the most notable chip off the Man 'O' War block, reopens his bid tomorrow for a place beside his famous sire in turfdom's hall of fame.

The mighty little son of "Big Red" sees in the hands of the rich Widener challenge cup race at Hialeah park which not only will be his first important contest as a four-year-old, but will boost him into the select list of thoroughbred athletes who have earned more than \$200,000.

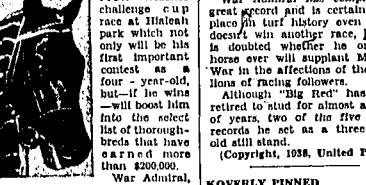

WAR ADMIRAL, a proud, sleek, dark brown colt, which first saw the light of day on May 2, 1924, at Samuel D. Riddle's Paraway farm near Kentucky, already has a good start along the road to turf immortality.

After a brief two-year-old campaign, he went on in the fashion of "Big Red" to win everything in sight last year. He triumphed in eight straight starts and topped his three-year-old accomplishments with the Kentucky Derby, Pimlico, Breckinridge and Belmont stakes.

Placed sparingly as a two-year-old, War Admiral brought his wealthy Philadelphia owner \$14,800 as compared with \$83,325 won by Man 'O' War. He came into his own last year, however, and although he made two less starts, netted Riddle \$108,000 compared to his sire's \$105,140 as a three-year-old.

With one win as a four-year-old, in the Heather purple, a Widener tune-up which increased his wins to 47, and a triumph in tomorrow's big race would bring him at least \$38,000 and give him a running start in the chase for all-time money-winning honors laid by the Kilmer stable's Sun Beat with \$378,764.

The possibility of the Man 'O' War colt betting the Kilmer stable's great loss is not remote. For Sun Beat's greatest winnings came in 1935, when he won five and six year olds. At the end of his third year,

Kansan Clips 2 Seconds Off Mile Record

By ROBERT WEBB

HANOVER, N. H., March 4 (UP)—A soft spoken midwesterner, who some 20 years ago was carried from a burning Kansas school house and was told that he would never walk again, was hailed today as the greatest mile runner in the history of competitive sports.

He is Glenn Cunningham. Driving around the fast Dartmouth track last night he clipped two full seconds from Sydney Wooderson's world's record mark of 4:06.4 for the mile. The remarkable performance also took four seconds off his own official world mark of 4:08.4 for the indoor mile.

Supreme Effort

It was Cunningham's supreme effort in an ultimate defiant challenge to the fates which had once cast him as a cripple.

The several thousand fans who cheered him through the record-smashing performance last night will remember it as one of the greatest thrills in sports in the world's history. The track of smokes, who were handicapped to assist Cunningham, the neck of the barrel-chested runner that smashed the record.

Perfect Condition

Cunningham said he was never in better shape during his running career. He had smashed the world's 1,500 meter record in New York five days previous and was in such excellent physical condition that he was satisfied to hold his form. He had done no practicing for several days and did none until a hour before the race.

When the first quarter was announced as 58-5, the crowd of several thousand spectators and townspeople roared their approval.

Ray Richards May Get Line Coach Position at UCLA

LOS ANGELES, March 4 (UP)—The famous Ray Richards, former all-American tackle at Nebraska, was brought forward today as a possible head line coach at University of California at Los Angeles.

Under present plans, it was believed Richards, currently line coach of the Los Angeles Bulldogs, American league champion, would join the staff of Coach William H. Spaulding immediately, remaining under the new head coach, as yet unnamed, when Spaulding retires at the close of the 1938 season.

Barlund, Baer Clash Tonight

NEW YORK, March 4 (UP)—Typo of boxing's most promising youngsters—Buddy Baer, brother of the former heavyweight champion, and Gunnar Barlund of Finland—will clash tonight in a ten-rounder at Madison Square Garden.

Young Baer, whose brother moves into the Garden in a "comeback" attempt against Tommy Farr of Wales next Friday, was an 8-5 favorite to defeat the hard-hitting Finn.

The winner, if he wants it, probably can have a shot at Joe Louis' heavyweight crown on April 29. Promoter Mike Jacobs is reported considering the winner as a "tune-up" opponent for the brown bomb-er in his conditioning for a title defense in June against Max Schmeling.

Barlund, who fought on the 1932 Finnish Olympic team, will be the once again the toughest man "under the ropes" in his four-year ring career.

The 17 scheduled airlines operating in continental United States during November, 1937, carried 81,654 passengers, and flew 5,311,978 miles.

Frey Remains Still Unsigned

TAMPA, Fla., March 4 (UP)—The second contingent of the Cincinnati Reds baseball squad started spring-training here today. Linus Frey, infielder, was unsigned but was expected to come into line after talking terms with General Manager Warren Goff.

SARASOTA, Fla., March 4 (UP)—The Boston Red Sox holdouts numbered three today after Roger Cramer, veteran outfielder, signed his 1938 contract.

DICKEY ON SIDELINES

ST. PETERSBURG, Fla., March 4 (UP)—Catcher Bill Dickey was on the sidelines today as the Yankees went through an extensive practice session. The first string Yankee backstop was suffering with a wrenched side and expected to stay out of action for several days.

Farmers Urged to Investigate Fertilizing Methods

IDAHO PHOSPHATE EXPERT TELLS OF SUPPLY IN STATE

Buhl, March 4 (Special)—Urging farmers to investigate fertilizer methods to produce best results, Harry P. Taylor, technical consultant of the Idaho state phosphate commission, told a gathering of 200 persons here tonight that Idaho holds 75 per cent of U. S. phosphates and 50 per cent of the world's supply.

"There are over five and a half billion tons of high grade phosphate rock in southeastern Idaho," he said. "This has a potential value of \$25,000,000,000."

The engineering expert indicated that Idaho's phosphate supply would be adequate to fertilize farms of this country for hundreds of years.

DeNeal Presides
Residents of the Twin Falls, Piler and west end areas attended the session, held in Buhl high school auditorium. Sen. H. A. DeNeal presided and introduced Chas. E. Thompson, Buhl mayor, and the members of the phosphate commission who were present.

Twelve new directors for the Twin Falls County Municipal Ownership League, which called the phosphate meeting, was postponed until Tuesday, March 8, when officers for 1938 will be chosen and a state group planned. The election meeting will be held at Buhl city hall.

The league held a meeting at the Royal cafe before the phosphate gathering. President Lake V. Thompson presided. Out-of-town guests included Harry P. Taylor and Guy Graham, commissioner of agriculture. W. S. Brown, county treasurer; Joe Day, Jerome representative. Each gave short talks.

Senator Thoms
At the general meeting in the auditorium, Sen. C. W. Larson, Ada, discussed public and private power, touched on the Taylor granting act, which he condemned, and urged municipal ownership holding companies.

Taylor gave a history of the development of phosphate, beginning with the first discovery by a German chemist, Brant, in the 17th century. He stated that the people were just beginning to realize the importance of phosphate which is most intimately associated with the growth and reproduction of plant and animal life. He said that some of the most serious problems and processes in procuring a product which can be used to fertilize the soil are being solved by the use of the methods of the fertilizer which would produce the best results. "By helping the farmer other industries will prosper," he said. "As goes agriculture so goes industry."

Sen. Larson followed Mr. Taylor on the program and discussed several phases of the electric industry. Larson, a strong advocate of municipal ownership, denounced public utility holding companies and referred frequently to the federal power commission's report for 1933, Moody's Manual, and also the congressional record, quoting Senator Hiram Bingham and Representative Frank P. Rowan, Eugene and Los Angeles, making a comparison of the cost of service in these localities as compared to the private owned plant of Susequahanna, Pa.

Sen. Larson stated that domestic rates charged in the municipal owned plants mentioned above averaged 2.45 cents as compared to the national average rate of 4.89 cents. He did not make a comparison of average Idaho rates but cited rates charged in Cascade, Arco, Challis and other isolated communities, where the average price per kilowatt hour ranged from 12 to 17 cents. He received a round of applause when he condemned the Taylor grant act and expressed his belief that it should be removed from the statutes.

Use the Old Noodle On Menus for Lent

A brilliant Lenten feast of fresh shrimp, a la Newburg in a ring of cheese soufflé. The red and green garnish of broiled tomatoes with fresh asparagus makes a complete luncheon in itself.

By MRS. GAYNOR MADDOX (NEA Service)

Lenten abstinence is a personal matter. But special Lenten dishes are almost of public interest during this ecclesiastical season. To prove the point, try a brilliant combination of noodles, cheese and shrimp with tomatoes and fresh asparagus—all ingredients being canonically correct.

Noodle Cheese Ring
(Serves six)
Two cups hot noodles, 1/2 cup melted butter, 3 beaten eggs, 1/2 cup grated sharp cheese, 1/2 cup milk, 1 teaspoon Worcestershire sauce, 1 tablespoon chopped parsley, 1/2 teaspoon finely grated onion. Salt to taste.

Mix above ingredients together being sure that the mixture is well seasoned. Butter a one-quart ring mold and fill with noodle mixture. Place in pan of hot water and bake in a moderate oven (350 degrees F.) until done (about 45 minutes). Loosen noodle ring around edges with a silver knife before turning out.

Fresh Shrimp a la Newburg
Three-fourths quart cooked and cleaned whole fresh shrimp (or quick-frozen shrimp) sprinkled with teaspoon onion juice, 1/2 teaspoon paprika, salt, pepper.

Melt 1/2 cup butter in pan. Add seasoned shrimp and sauce. Remove shrimp and sprinkle with 1-1/2 teaspoons lemon juice.

Sauce
One-half cup butter (from sautéed shrimp), 2-3 cup flour, 1/2 cup concentrated shrimp stock, 1 cup light cream, 1/2 cup milk, 2 egg yolks, 1-1/2 cup sherry.

Melt butter. Add flour and cook well. Heat together the shrimp stock, the cream and the milk, and then add these to the first two, blending all well together. Cook for 10 minutes. Remove from stove. Add egg yolks, slightly beaten, and sherry. Add sautéed shrimp and more seasoning if desired.

Service
Place noodle ring in center of large platter. Fill the center of the ring with shrimp a la Newburg, allowing some to run over two sides, as in the photograph. At each end of the platter place three grilled tomato halves. On top of each tomato place three small cooked asparagus tips, cut the same length as the width of the tomato. Garnish the platter with fresh watercress.

AMATEUR TALENT WILL BE SOUGHT

A "search for talent" show will be inaugurated by KTFI at Radio-land ballroom next Tuesday at 8:30 p. m. for the purpose of selecting the best performers to appear over the initial program planned for the day the station joins the National Broadcasting company. It was announced this afternoon by John Gardner, general manager.

The Tuesday program, which will be broadcast each week, will also mark inauguration of Tuesday night dances instead of those formerly held on Wednesday, Gardner said.

The show will be under the direction of Charles "Chic" Crabtree, of the production department, who will also serve as master of ceremonies, Gardner said. "All types of amateur artists will be welcome and the best ones will be selected to take part in our initial broadcast over the national network."

"Good talent is not only welcomed from Twin Falls but also from Burley, Kimberly, Rupert, Jerome, Piler, Buhl, Gooding, Shoshone and other communities."

Chuck Heim and his Continentalists will provide music for the Tuesday dances.

CONFERENCE SET BY RUPERT L. D. S.

RUPERT, March 4—The regular quarterly conference of the Methodist Stake L. D. S. church will be held Saturday and Sunday, March 5 and 6. Special sessions will be held in the first ward with general sessions in the Wilson theater at 10 a. m. and at 2 p. m. Sunday.

The first session will be at 7:30 Saturday in the first ward church and will be a priesthood conference. At 8:45 a. m. Sunday a church security meeting will be held in the first ward meeting house with a representative from Salt Lake City.

The Mutual session will be held Sunday evening at 7:30 o'clock in the first ward church.

No Clash Looms With U. S., Says Japan Minister

TOKYO, March 4 (AP)—Relations between Japan and Russia are "delicate," Foreign Minister Koki Hirota told the diet today.

As between the United States and Japan, he said, there is "no chance for a clash" if each maintains its separate sphere of influence.

Replying to questions regarding foreign and naval policy, Hirota so hinted that Japan would welcome a disarmament conference. He said that if such a conference developed, Japan would propose to the powers the abolition of capital ships and airplane carriers.

Another interpellation regarding Soviet-Japanese relations, Hirota said that a "delicate situation exists," diplomatically speaking, but that "scrupulous patience" and hopes relations will return to normal.

The situation was created, he said, by the dispute over fishing rights in the Saghalien oil controversy and Soviet Russia's alleged help to

China by supplying arms and ammunition.

RESIDENTS IN HOSPITAL HAZELTON, March 4 (Special)—A number of Hazelton residents are patients in the Twin Falls hospital. Those taking treatment are: Mrs. Claiborne and Mrs. Nulp, pneumonia; Mrs. G. B. McMurtry and Mrs. Vera Peterson, operations.

Bret Harte, the writer, was U. S. consul at Glasgow for five years.
